

The Power 171

Chapter 171 Good Words

Unknowingly, Bai Meizhi had a sense of superiority.

She is a girl from a remote place like Yun Township in Junzhou. In the future, if she wants to gain a foothold in this big capital city where "it is not easy to live in the capital", she wants to let everyone in the Bai family see that her aunt gave birth to her. She was born to return to the capital, and she was born to be a nobleman in the capital.

If she can't be a noble lady, she can also be a noble lady.

There were shouts and shouts one after another. There were peddlers peddling around selling goods, making clay figurines, drawing sugar paintings, juggling with monkeys on their shoulders asking for money, and merchants from foreign lands driving camels. Shouting and neighing mixed together, forming a lively scene.

Bai Meizhi looked at this prosperous market all the way, and her blood was already boiling, but at this time, when she arrived at the gate of Changqing Building, she was extremely excited when she saw the colorful building made of flowers, which looked like Qiongtai Yuyu.

She supported Biyou's hand to get out of the car, her eyes were dazzled, and she didn't know where to put her eyes.

Xie Zhiying was helped out of the car by the nanny, and asked, "Where are the big sisters?"

"The eldest girl and the second girl have already got out of the car, and are waiting for the girl at the door, girl, hurry up!" the nanny urged, and cast a gloomy glance at Bai Meizhi.

This white girl, really, she shouldn't be like this if she hasn't seen the world. It's really embarrassing for the eldest girl to stand at the door of this restaurant and keep looking.

"Big Sister, Second Sister!" Xie Zhiying saw the two sisters, Xie Zhiwei, hurried over and asked, "Where's Uncle?"

"Mother's carriage left the backyard, and my father and younger brother also passed by. From there, I took my mother to the second floor. Our private room is on the second floor. Let's go!" Xie Zhiwei said briefly, and then led a group of younger brothers and sisters go upstairs.

Seeing this, Bai Meizhi hurriedly followed.

After going up the stairs and about to turn left, he heard a loud voice, "Xu Liang, you are looking for death!" Immediately afterwards, a person like a cannonball rushed towards this side, looking at Xie Zhiwei and others, hurriedly He hurriedly stopped, blinking his dark eyes twice, "Are you here?"

Who is not Xiao Xun!

Xie Zhiwei stared at him with staring eyes, and it took him a long time to come back to his senses, and hurriedly saluted, "Duanxian has seen the prince of the county!"

Xie Zhiwei saluted, and the crowd behind her followed suit.

Bai Meizhi followed at the end, secretly raised her head and glanced at Xiao Xun, seeing the young man with curled eyelashes and picturesque eyebrows, standing against the wind under the palace lantern above his head, like Yushu Lanzhi, she couldn't help being dumbfounded for a moment.

That day in front of the inn in Baishi Town, she clearly saw Xiao Xun, only Xiao Xun had just come down from the mountain at that time, untidy and a little unkempt, and she was all focused on Xie Yuanbai, but she didn't pay much attention to Xiao Xun.

At this time, the young man was wearing arrow sleeves with double dragons playing with pearls on a blue background, and a jade belt bound the young man's slender waist. On one side of his waist hung a small seal of Tianhuang frozen double phoenix buttons, and on the other side hung an old sapphire jade pendant with a vermilion bird pattern. The powder-soled soap boots carry green bamboo under the moon, with a dragon and a phoenix, like jade and jade.

Xiao Xun raised his hand to let Xie Zhiwei and others get up, glanced at the people behind her, and when his eyes touched the last girl in white, he frowned fiercely, walked over at a leisurely pace, and stood on the floor with his hands behind his back, looking condescendingly at Bai Meizhi, and asked Xie Zhiwei, "What kind of relative is this in your family?"

The word "again" made all the children of Xie's family blush. Xie Mingcheng led his younger brothers upstairs, stood in the corridor, glanced down the stairs, then lowered his head, feeling ashamed.

They also saw Bai Meizhi's demented eyes, and felt that this cousin really humiliated the Xie family.

How can anyone look at a foreigner like this?

Xie Zhiying was so angry that she wanted to stomp her feet, what happened to this white cousin? Staring at the uncle's back for a while, and staring at a foreigner for a while, the eldest sister said that this is the county prince, and she is so rude!

Xie Zhiwei cast her knife-like eyes towards Bai Meizhi, and soon she regained her composure and introduced Bai Meizhi to Xiao Xun, "Your Majesty, this is the girl raised by the second aunt of the Yongchang uncle's house in the Bai family. My second aunt died of illness, so she went to Xie's house, this time, my siblings came out to watch the lights, and Aunt Bai also came out to watch the fun!"

"Oh, it seems that this king has become a lively scene in the eyes of Miss Bai!" Xiao Xun smiled evilly, and his originally handsome face suddenly bloomed like an epiphyllum.

Bai Meizhi was dazzled by his smile, her legs gave way, and she almost fell downstairs.

Bi You hastily supported the girl, Bai Meizhi had just collected herself and went upstairs, forcing Xiao Xunchao to take two steps back, "The daughter of the people, Bai Meizhi, pays homage to the prince of the county!"

Xiao Xun has never been a person who would wrong himself. After being smelled by the scent of Bai Meizhi, he hurriedly took two steps back, hid behind Xie Zhiwei, and asked, "Why didn't you learn the etiquette well, so you pulled it out for a walk?" gone?"

Bai Meizhi learned the etiquette of Xie Zhiwei just now, but she didn't expect that she was a little at a loss when she got Xiao Xun's words, so Mother Qiu stood up and said, "Miss Baibiao, you are different from the county lord, who has a title This is the first time you see the prince of the county, if you don't have the special grace of the prince of the county, you should kneel down and worship him."

In a large audience, she was actually asked to bow down?

Bai Meizhi's resentment was not on Xiao Xun's head, but on the contrary, she hated Mother Qiu for making trouble, she looked at Xie Zhiwei dissatisfied, and asked, "Sister Wei, it's the first time for my cousin to come to the capital. How should the nobleman socialize, please take care of me."

Bai Meizhi thought, isn't Xie Zhiwei on good terms with this county prince? Why didn't she want to speak a few words of kindness for her in front of the county prince? However, let this young county prince shame her?

If she bowed down to the county prince today in front of everyone, the Xie family would be ashamed!

Xie Zhihui was very dissatisfied, and stepped forward and said, "Aunt Baibiao, etiquette is etiquette, what does it have to do with big sister?"

Xiao Xun sneered and waved his hands, "Forget it, there are too many people who want to kneel to me, including many relatives of your family." He looked at Xie Zhiwei, "You guys are the only ones here? Where is General Xie? Didn't you say you were here?" Yet?"

Before he finished speaking, he heard a cheerful voice, "Brother Junwang, you are here too, that's great!"

As he spoke, Xie Mingxi jumped over, stopped three steps away from Xiao Xun, and saluted Xiao Xun, Xiao Xun didn't wait for him to arrive, so he grabbed him, "Go, follow me Let's drink together!"

Xie Zhiwei suddenly felt a headache, but fortunately soon, her father and mother came. After greeting each other again, Xie Mingxi was held by Xiao Xun with one hand, and waved the other hand, "Father, mother, I and the county king brother Let's go play together."

Chapter 172 Figure of

Xiao Xun looked at Xie Mingcheng again, "Why don't you all come along, we're in No. 1 between heaven and earth, it's more fun for everyone to be together."

"Let's go, let's go!" Xie Mingxi followed and yelled, not forgetting to pull Xie Zhiwei up, "Sister, you come too!"

"Go or not? Yuan Jia and Ling Hua are also here." Xiao Xun threw two baits and came out.

Xie Zhiwei's eyes lit up, she nodded, "I'll go to our private room with my father and mother first, and I'll look for you later."

Xiao Xun bid farewell to Xie Yuanbai and his wife, took Xie Mingxi by the hand, and led Xie Zhiwei's younger brothers to Tiandijian No. 1.

That is the largest private room in Changqing Building, about the size of three ordinary private rooms. There are three rooms separated by two screens, one of which is full of noble ladies, and the other two are full of dudes from the capital.

It was noisy inside, and before it was time to appreciate the lanterns, two groups of people were throwing pots. In the compartment to the east, a sand table made of millet was placed. Just now Xiao Xun and Mu Guihong were practicing the sand table. Xiao Xun is about to win. After winning, the table was hit by Xu Liang, the millet was scattered into a pile, and Xiao Xun's good situation was destroyed by Xu Liang.

Xiao Xun went to chase Xu Liang, and happened to meet Xie Zhiwei and others coming up.

"Hey, you brought so many people here, come here, so many people, regroup!" Cao Yunci's team was about to lose, and when they saw the opportunity, they frantically regrouped, I can move back to the scene later, and ask Xie Mingcheng and others, "Do you know how to throw pots?"

"Know a thing or two!" Xie Mingcheng said.

Xu Liang hurriedly intervened, "I understand, people from the Xie family, right? Generally, if people from the Xie family say they know a little bit, it means they are very good!"

Xie Mingcheng was stunned and looked at Xu Liang in confusion. Xu Liang explained with a smile, "This is the experience I gained from dealing with Sister Ling."

Xie Mingcheng rubbed his nose embarrassingly, "Big sister said that she knows a little bit is indeed modest, but we are different, we really know a little bit."

"Is it okay, don't you know if you try it?"

The four brothers Xie Mingcheng soon played with Xu Liang and the others, while Xie Mingxi followed Xiao Xun like a small tail. A young master who didn't know Xie Mingxi asked, "Your Majesty, who is this little guy? Could it be the younger brother born to you by the side concubine?"

Brother? Xiao Xun touched his bare chin and looked at Xie Mingxi. When the little guy looked at him, there was undisguised admiration in his eyes, and he smiled without answering.

"Brother Jun Wang, what is this? You teach me how to play, and I will ask my sister to make you some snacks. Is the Gulachi delicious last time?"

Xiao Xun's face turned red when he thought of that Gu Lachi.

That Gulachi really caused a lot of trouble, he rubbed Xie Mingxi's head, "This is a sand table drill, these millets are not easy to use, I will take you to my county prince's mansion later, there is a serious sand table there."

"Okay!" Xie Mingxi happily agreed, he held Xiao Xun's hand tightly, chirped and chattered non-stop, and then said that the cat raised by her sister sneaked into her bed every day, For a while, he said that the parrot he raised often steals snacks to eat Yunyun.

Xiao Xun glanced at the door from time to time, but Xie Zhiwei never came, so he was a little impatient.

Originally, he thought, Xie Zhiwei cherished her brother very much, and she had abducted her brother himself, so she should be worried that he would come soon, but the time for a cup of tea has passed, and she hasn't come yet.

Does this mean that she is very assured of herself?

Thinking of this, Xiao Xun ordered Mohen, "Go and tell the eldest princess, and tell the princess Duanxian County is here too, in the private room next door."

Mohen is a little confused, Duanxian County Lord is here, what does it have to do with the eldest princess? It's not an appointment before.

However, he didn't dare to question the order given by the master, so he passed by, called Mu Xiang over at the screen, and told the command of the prince of the county, "Master Duanxian is here, just next door."

The eldest princess and the third princess led a group of noble ladies and were having fun, but they always felt that something was missing in this lively day. When she heard the word "Duan Xian", she hurriedly threw the bamboo arrow in her hand and threw a Finally, he clapped his hands and said, "Duan Xian is here, Mu Xiang, please go and invite Duan Xian's county magistrate and the girls of Xie's family to come and play together."

Third Princess Linghua said, "Second Miss Xie should be here too, I haven't played with Second Miss Xie for a long time, Mu Xiang, go quickly!"

Mu Xiang responded and went.

In the private room between mountains and seas, the waiter served a table of dim sum and tea. Xie Yuanbai pushed Yuan Shi to the window. The two of them were looking at the street scene through the window. Xie Yuanbai said, "I will push you down to have a look later."

"It's so troublesome. If you move up and down, I will say that I am really not suitable to come today."

"Why isn't it suitable? Could it be that if you don't come, I'll just wait here alone?" Xie Yuanbai said with a smile.

Bai Meizhi's soul is not guarding the house, just now, the scene where King Chen made things difficult for her, my cousin should have seen it, and I don't know what my cousin will think? Would he think that Prince Chen was too rude? Still feel like a nympho, staring at Prince Chen?

Bai Meizhi felt that she should explain to her cousin no matter what, so that he could not misunderstand her, so she smiled, "Miss Wei, just now my cousin didn't do it on purpose, the last time my cousin met Chen Chen with your father in Baishi town. On the side of the county king, I didn't feel it at the time, but when I saw it today, the male and female faces of the county king..."

Xie Zhi frowned slightly, and interrupted her, "Auntie Baibiao, Prince Chen is the Emperor's nephew, and the Empress Dowager loves him very much. At this time, Prince Chen is next door. Auntie Baibiao should not hold back her words."

Just as he was talking, Zi Mo came in, and thanked Xie Zhiwei, "Elder Miss, Sister Muxiang is here, and she said that she was ordered by the Eldest Princess and the Third Princess, please invite the Eldest Miss, the Second Miss and the Fourth Miss to play together , Said it was crowded with people."

Bai Meizhi breathed a sigh of relief, and then said to send sister Xie Zhiwei there, Xie Zhiwei smiled and said to her, "Biao Biao, today the old lady also asked me to bring my cousin out to see more, and talk to the eldest princess and the three Those who are with the princess are all noble girls in the capital, so Aunt Baibiao might as well be with us."

Bai Meizhi glanced at Xie Yuanbai with some reluctance, and got up. She didn't need to worry, she first established a solid foundation in the capital, and everything else was easy to figure out.

Anyway, my cousin is here, and the opportunity to meet noble girls in Beijing is not always there. After tonight, Xie Zhiwei will have no face to go out to meet people, she has to seize this last chance.

Bai Meizhi stood up, held the skirt on her body, and walked forward with her head held high. Although she came from a small place like Yunxiang, with her appearance, temperament, and the blood of Uncle Yongchang's mansion, she believed , soon, she will be able to create a world in the capital and gain the admiration of others.

Chapter 173 Competition

"Big sister, do we really want to go and play with the princesses? If I go, is it appropriate?" Xie Zhiying was a little uneasy. She remembered her identity as a concubine and was a little stage frightened.

"Don't be afraid!" Xie Zhiwei shook her hand, "Just follow me and your second sister."

Xie Zhihui also cheered her up, "Everyone will play together, if you are kind to others, everyone will like you, don't be afraid!"

A few steps away, they arrived at the door, Mu Xiang and Wan Xiang were waiting, and when they saw Xie Zhiwei approaching, they recognized Xie Zhiwei and Xie Zhihui, and saw Xie Zhiying following them closely, so they also guessed Xie Zhiying's identity. I just don't know, who is the girl who is behind with a gentle smile.

"Sister Muxiang, sister Wanxiang, this is my fourth younger sister, and this is the cousin of the Xie family." Xie Zhiwei introduced the person he brought to Muxiang and Wanxiang. After Muxiang went in to report, come out, please Xie Zhiwei Wait for someone to go in.

There are about a dozen noble daughters in it, including prostitutes and concubines.

Although there is a difference between the concubine and concubine, when the concubine goes out, the elders in the family often let the concubine daughter who is favored by the concubine or the concubine who is about to discuss marriage be brought out to meet the world.

"This is my fourth younger sister, and this is the white cousin of the Xie family!" Xie Zhiwei introduced the younger sister to the noble ladies present. She supported the younger sister's shoulders, and everyone could see that Xie Zhiwei was very fond of this younger sister. Immediately, Cao Yunluo, a

concubine from the Marquis of Wu'an's mansion, waved to Xie Zhiying at the gesture of her sister-in-law, "Miss Xie Si, come and play with us!"

A few little girls turned flower ropes together, but Bai Meizhi ignored her, and she didn't feel embarrassed, so she found a seat by the window and sat down, watching these noble girls play with cold eyes, thinking to herself, this noble girl in the capital Ladies, relying on their high status, they will definitely win the position of matriarch of the family in the future, but they never think of the depth of the back house. Who can win and who will not be the last, who can say clearly?

In the private room, the Eldest Princess, the Third Princess, the two girls Cao Yunhua and Cao Yunluo from Wu'an Hou's Mansion, the two girls from the Prince's Mansion Xiao Lingyi and the concubine Xiao Lingsu, the county lord Huihe, and the two girls from the Taichang Princess' Mansion. Girls Zhang Qinghan and Zhang Qingrong, plus three girls from the Xie family and a cousin girl, the number of people increased.

"If we play pot throwing, let's add some prizes?" The eldest princess suggested.

"What kind of prize!" A playful voice laughed from the cubicle, "Princess, why don't we tear down the screen in the middle, and let's compete internally to decide the first place, and then let the second place on both sides A competition, as for winning or losing..."

It was Mu Guihong who was talking, and when he was thinking about what lottery to bet on, Xiao Xun said with a smile, "This is easy, the loser invites everyone to play for a day, how about it?"

"That's good!" The eldest prince's voice came.

The eldest princess saw that the girls were all eager to try, and she was also very interested, so she suggested, "What do you think? Why don't you remove all the screens?"

Everyone had no objections, so the screen was quickly removed, and there were five swing pots in the center. As soon as Huihe saw the swing pots, Huihe cried out, "Who wants the swing pot? It's so difficult, why? Can it go in?"

The eldest prince also felt that the difficulty was a bit more difficult, and suggested, "Why don't you change it?"

Xiao Xun's eyes always glanced at Xie Zhiwei, seeing that she didn't seem to be very interested, so it was all right, "Change it!"

The waiter hurriedly brought up five double-eared copper throwing pots, which are the most used throwing pots at present, with embossed patterns all over the body, the main body of the head is a lion pattern, and the two sides are decorated with fretwork. There are three fretwork on each ear, which are commonly seen. Compared with the ancestral swing pot brought out by the Xie family, this kind of pot is a must-have in almost every family.

Although throwing pots is a game, the etiquette is cumbersome, so the first prince stood up and said, "I won't participate, I will be the master, who will be the shooter?"

"Me!" Xiao Xun raised his hand and said.

"That's it! I'm still going to have a showdown with you." Mu Guihong pushed Xiao Xun to exclude him.

"Let me be the archer!" The eldest princess stood up, "We will not take advantage of you, brother Dahuang is the master, I will be the archer, Mu Xiang, Wan Xiang, Zi Mo you all will be envoys." People, Tongzheng and Mohen, you two are the ones who will take the lead."

Tong Zheng is Mu Guihong's servant, because Mu Guihong, a young prince, has always been close to the princesses and princes in the palace, so he is quite respectable in front of the masters in the palace as a current person.

Several people stood up, saluted the eldest princess, and each took orders.

As the ceremony started, the drums and chime sounded, and the emotions of the boys and girls also skyrocketed.

Xie Zhiwei glanced at Xiao Xun, just in time to meet the smiling eyes of the young man who were shining like stars, he cast a provocative look at her, which made Xie Zhiwei dumbfounded, silently moved his eyes away, and decided not to care about the same as the young him .

Xiao Xun bent down, not knowing what to say to Xie Mingxi, Xie Mingxi's eyes lit up, he quickly let go of Xiao Xun's hand, and ran towards Xie Zhiwei.

He took Xie Zhiwei's hand and pulled down Xie Zhiwei's waist, "Sister, sister, let me whisper to you!"

Xie Zhiwei had no choice but to squat down slightly, and the little guy lay in her ear and said, "Brother Jun Wang said that he got half of the "Book of the Green Bag", and if my sister wins him, he will hand over the half of the "Book of the Green Bag" Give in!"

Xie Zhiwei could hardly stand still, she looked at Xiao Xun in disbelief, and saw the interest in Xiao Xun's eyes, it's not that she didn't believe Xiao Xun, she was just curious, half of the "Book of Green Bags", where did he come from? Where did you get it?

Everyone in the world thinks that "The Book of Green Bags" is just a legend. Back then, Hua Tuo cured Cao Cao's headache, but Cao Cao misunderstood that Hua Tuo wanted to murder him, so Hua Tuo was thrown into prison by Cao Cao. He wrote a book of his life experience and handed it to the prison head, saying, "I am about to die now, and I hate that there is a green bag book, which has not been handed down to the world. Now I will give the green bag book to the public to follow my technique."

According to the legend, "The Book of Green Bags" was burned by the prison chief's wife. The reason was that even if he learned Hua Tuo's medical skills, he would not be able to escape the tragic death in prison?

That makes sense!

In fact, Xie Zhiwei knew that Cui's dowry contained half of the "Book of the Green Bag". Although it was only a handwritten copy, it was copied by the ancestors of the Cui family. , spent ten years in the cold palace.

And later, Xiao Xun learned that she had nothing to love in life, so he sent her the second half. She never opened the package.

The two exchanged glances, there was no need for the little guy to pass on a message, Xiao Xun had already understood the imminent victory in Xie Zhiwei's eyes, he was so excited that he pulled off the jade pei with the vermilion bird pattern from his waist, "What's the fun in playing pot throwing without winning prizes? This king's jade pei is a property of the Northern and Southern Dynasties royal family. It was only rewarded by the emperor the day before yesterday. Whoever wins this king will take it!"

Chapter 174 Bad

This jade pei with the vermilion bird pattern, not to mention the children of the rich and powerful, even the clan will inevitably be envious, the eldest prince laughed, "If I had known that Ah Xun would use such a jade pei as a prize, I would not have taken the initiative to be the master."

After finishing speaking, he also tore off the chilong jade pendant on his body, and raised it, "Although this is not from the previous dynasty, it is also a built-in thing. Let me take it out as a prestige!"

This is the case for the sons, but for the noble daughters, the eldest princess is very generous. She took off the red gold nine-section plate Chi Yingluo ring worn around her neck, "This palace is only given by the empress today, take it out too. Make a lottery, and whoever wins in a while, if you can win against their side, I will reward you with the three princesses!"

Seeing this red gold nine-section plate chi Yingluo ring, many people's eyes are hot, and Bai Meizhi's breathing is even a little tight.

She is older than the girls, so she is already very unsuitable to participate in the pot throwing. However, seeing these prizes are treasures that she will never encounter in her life, how can she let it go?

In the future, it will be decent as a dowry.

In addition, no one said that she could not participate, so when queuing up to throw, Bai Meizhi stood quietly behind Xie Zhiying, and when Xie Zhiying made a good throw, she took a bamboo arrow and saw The girls all looked at her, and she said embarrassedly, "It's been a long time since I played, I'll try it too."

Although the girls felt that it was not good to play with Ji's girls when they were already old, because they were cousins of Xie's family, no one said much, after all, it was not good for people to sit on the sidelines.

The third princess was going to cast both ears, but she was a little nervous and missed, so she passed two bamboo arrows to Xie Zhiwei, "Sister Wei, it will be up to you later!"

On the other side, there was already a burst of applause, and the Eldest Princess shouted, "Brother Wuhuang has won, scoring twenty chips."

Toss a round of pots, if you hit twelve arrows in a row, keep throwing. If you can hit twelve arrows in a row, you will win.

That is to say, Xiao Xun didn't give the people behind a chance, he had already won his own jade pei, and the jade pei that the eldest prince took out as a lottery.

"Did you make a mistake? Did you take the wrong medicine today?" Mu Guihong threw the bamboo arrow into the pot, "Why are you still playing?"

On the girls' side, it was Bai Meizhi's turn. She made a first shot, and seeing that the victory was in sight, she couldn't help being overjoyed. She took an arrow by herself, and the next thing was to hit the arrow in succession. After several times in succession, everyone became restless, Could it be said that the cousin of Xie's family will be the one who will face off against Prince Chen today?

Xiao Xun's complexion was very bad, he stared at Xie Zhiwei unhappily, and gave her a bad look.

Xie Zhiwei couldn't help laughing, and blinked at Xiao Xun, as if to say, "Isn't half of 'The Book of the Green Bag' too little?"

Xiao Xun helplessly raised the jade pei in his hand, the meaning was obvious, if Xie Zhiwei could win, the jade pei would be hers too, Xie Zhiwei dismissed it and turned his eyes away.

"Hey!" Mu Guihong gloated, clapped his hands and said, "Come on, girl Baibiao, come on, try to win the Duke of Chen in a while!"

Bai Meizhi was also very excited. She had limited talents in piano, chess, calligraphy and painting. In order to stand out among the girls in the village, she deliberately practiced throwing pots. Unexpectedly, when she came to the capital, this skill would come in handy.

She believes that her performance today will definitely be spread among the noble ladies in the capital, and within a day, her name, Bai Meizhi, will be known in the imperial capital.

Seeing that the vote was about to end, seeing Xiao Xun's face so dark that it was dripping water, the eldest prince couldn't help jokingly said, "I didn't expect that it would be the cousin girl of the Xie family who will compete with Ah Xun!"

Xiao Xun was so angry that at this moment, he had no other choice but to pin his hopes on Xie Zhiwei, with a pair of sad eyes, looking at Xie Zhiwei, with twinkling phoenix eyes, as pitiful as a little milk cat who was neglected by Xie Zhiwei.

Xie Zhiwei held two arrows in her hand, she suppressed her smile, and turned her face away.

At this moment, there was a burst of laughter, Xie Zhiwei hurriedly looked over, Bai Meizhi had already made a final shot, I have to say that Bai Meizhi's ability to throw pots is really strong.

Xiao Xun couldn't stand anymore. While everyone was applauding Bai Meizhi, he walked behind Xie Zhiwei, leaned into her ear and whispered, "Little fox, if you lose to her, you owe me Yes, pay it back ten times over!"

Xie Zhiwei was taken aback, and quickly turned his head to look at him, the two of them were too close, when he turned his head, Xie Zhiwei's lips gently slid across Xiao Xun's cheek, his whole body was shocked as if struck by lightning I don't know why, it's like being immobilized by someone, and I dare not move!

It was like a feather passing through his heart, and it seemed that a bare hand gently touched his heartstrings. The sound of flowers blooming sounded in his ears, and raindrops fell on his heart.

Xiao Xun's face turned red instantly, and he moved his fingers hanging by his side, and finally, rationally restrained his urge to reach out and stroke his cheek.

At this moment, Xiao Xun regretted it very much. He didn't dare to find out that Xie's family had booked a private room in Changqinglou, and he shouldn't have taken the initiative to go to the palace to reconcile with Yuan Jia and persuade her to leave the palace, and he shouldn't have called friends to invite her. So many unsightly people came to accompany him to spend the Fengxi Festival.

He planned so much, but in the end he was only trapped in a cocoon.

If there were not so many people around at this time, would he be able to have a good talk with Xie Zhiwei?

Xie Zhiwei was completely unaware that her inadvertent action had brought such a shocking effect, she was still shocked, the word "debt" sounded like a bell in her heart, she stared blankly at Xiao Xun, Could it be that he also has memories of his previous life?

If this is the case, then it can be explained clearly, Xiao Xun's class teacher glanced at the gate of the city when he returned to court; in the imperial garden, he saw that after he had attacked Xiao Changxuan, he intentionally took her to the South Study Room to watch the follow-up; He put the golden green ice lotus in his hands, which is a matter of life and death; in the palace, when the Baihu incident happened, he made jokes to defend him in every possible way...

Xie Zhiwei only felt a sense of relief and emotion welling up in his heart, which was beyond words. His eyes fell on his calm face. Xie Zhiwei really wanted to ask, but he knew that such weird things were not possible. After pronouncing it, they feel that they have a tacit understanding between each other just like after forming an alliance in the previous life.

"Go!" Xiao Xun tried his best to pretend to be calm, except for Bai Meizhi who had been paying attention to the two of them, no one could see the difference between them.

Xie Zhiwei stood in front of the pot with two bamboo arrows in her hand. She couldn't help but look at Xiao Xun, wanting to confirm whether her guess was nonsense?

The meaning in Xiao Xun's eyes made her heart beat like a drum.

Chapter 175 Seduce

"Master, don't miss it. If you miss it, we'll see Ah Xun and Miss Bai fight it out! Hahaha!" Mu Guihong, who knew Xiao Xun well, gloated.

If Xiao Xun were to compare with this white girl, wouldn't he, who has always hated women, go crazy?

This white girl is still a nympho, just now when she was at the stairs, she looked at Ah Xun's eyes, wishing to tear him apart, Mu Guihong can assure you, if it wasn't for the face of Duanxian county magistrate, Ah Xun would definitely eat him directly. Kicked the white girl downstairs.

Bai Meizhi was amazed. Sure enough, the relationship between Prince Chen and Xie Zhiwei was unusual. She never expected that Xie Zhiwei's seduction skills were so high at such a young age. She couldn't help but sneered. But so, I don't know why it's unusual to grow up?

Xie Zhiwei gave Xiao Xun a hint with his eyes, and said loudly, "Your Majesty, if Duan Xian can make a bad shot in this round, what will happen?"

Inverted rod?

Inverting the pole is much more difficult than leaning on the pole. If you can cast the pole backward, you are truly a master among masters!

Everyone exclaimed, and there was a lot of discussion. It is inevitable that some people will think that Xie Zhiwei is talking big.

"Duan Xian, Duan Xian, don't be a sensationalist here, just throw a down shot!" Hui He had re-examined his affection for Xiao Xun under Xue Wanqing's reminder, since Xiao Xun didn't put himself in the right place at all. In my eyes, why don't I respect and love myself?

However, even so, Huihe still can't understand how special Xiao Xun is to Xie Zhiwei.

He obviously hates women, but that's not the case with Xie Zhiwei.

"Inverted? Sister Wei, if you cast an invert, I'll put the lottery head here!" Linghua pulled a red gold ring and beaded nine-turn exquisite bracelet from her wrist, and put it on the red lacquer gold peacock and peony pattern on the lottery head. On the plate, she seemed even more nervous than Xie Zhiwei, and told her, "Sister Wei, you have to fight hard, this is the bracelet that I got after pestering my concubine for a long time."

When Bai Meizhi saw the bracelet, she couldn't help feeling jealous. According to the rules, if Xie Zhiwei couldn't throw the reverse shot, then she would win the group of girls, and today's prize would belong to her.

These things are perfect to be used as dowry when you leave the cabinet in the future. No matter how many girls put them in the bottom of the box, they are not as good as these. Not to mention the priceless items, they still represent glory.

Xie Zhiwei looked at Xiao Xun, Xiao Xun showed a smile uglier than crying, and made a promise, "Okay, if you win, I owe you!"

Xie Zhiwei burst into a smile all of a sudden, with a smile like a bright sun on her exquisite little face, she pursed her lips slightly, with a calm mind, and finally she could pay off her debts, and she was not far away from being light.

Thinking of this, Xie Zhiwei's hand was extraordinarily steady, she turned her back, and raised her hand in full view of everyone.

Everyone's eyes were chasing after the bamboo arrow, and saw that it drew a beautiful arc in the air, and fell into the pot almost without any suspense, making a crisp, straight-to-heart-sounding sound, and the arrow pointed upwards.

Inverted pole!

bingo!

"No way!"

After a long time, a voice came out from Yajian, which woke everyone up. Everyone rushed forward and looked at the arrow in the pot. Everyone's eyes were wide open, they couldn't believe it, but they couldn't believe it.

"Blind casting?"

Mu Guihong looked at Xie Zhiwei, and saw her turn around slowly. Just now, he saw Xie Zhiwei turn around and cast blindly. There was nothing wrong. Not to mention the blind cast, it was still a shot!

Inverting the pole is much more difficult than leaning on the pole. Therefore, if the pole is inverted, the score is always 100 chips.

Xie Zhiwei looked at Xiao Xun, and saw that he had a pair of dark eyes. He was young, pretending to be deep, his eyes were deep and quiet, and he didn't know what he was thinking about.

She stepped forward and blessed Xiao Xun, "Your Majesty, you mean what you say. From now on, you owe me!"

"Well, you mean what you say!" Xiao Xun didn't dare to look Xie Zhiwei in the eyes, and didn't understand her words.

He has never owed anyone anything in his life, but it doesn't matter, he doesn't mind owing little fox something.

"What are you talking about?" Mu Guihong squeezed in and bowed to Xie Zhiwei, "County Lord, where did you learn how to throw a pot? It's really amazing."

"Shooting ceremony is the etiquette that the descendants of the Xie family must learn. It is nothing. The Xie family must practice it since childhood. As long as you practice hard, familiarity makes perfect." Xie Zhiwei said lightly.

Practice makes perfect!

Bai Meizhi looked at Xie Zhiwei, all her dreams had come to nothing, were her previous achievements just to step up for Xie Zhiwei?

She practiced hard for many years, and all her hard work and hard work disappeared in front of the words Xie Zhiwei?

The eldest prince saw that it was getting late, and stood up and said, "Ah Xun, according to our previous rules, you have to compete with Duanxian County Lord, and see if you are sure of blind throwing a down shot?"

Xiao Xun's deep eyes fell on Xie Zhiwei's face, her cheeks were ruddy, and she was looking at him with great interest.

What is the little fox thinking?

Xiao Xun waved his hand, "It's not that I can't make a shot, but I'm still lacking in her ability to point and hit."

After Xiao Xun finished speaking, he bowed his hands to Xie Zhiwei with a smile and saluted, "Master, I admit defeat!"

"Oh!" Xu Liang jumped up, "Mother, I actually saw Ah Xun concede defeat in my lifetime, I thought I couldn't wait in this life!"

"What's this called? One thing conquers one thing!" The eldest prince said with emotion in his heart.

The eldest princess and the third princess surrounded her with a smile, "Sister Wei, congratulations, you actually made Brother Wuhuang admit defeat, this is really not easy!"

"What's the matter, he's not as good as me in talking with hands!" Xie Zhiwei Wushang sighed, not without arrogance.

This is really big news. Hearing this, Mu Guihong stared wide-eyed, "Master, are you serious? Did you talk to Ah Xunshou? When, why don't I know?"

Xie Zhiwei was excited for a while, and said it casually, completely forgetting what was going on during the hand-to-hand conversation that day.

Outside the building, the sound of gongs and drums had already sounded, and fireworks were set off in front of the Wufeng Building. The fireworks soared into the sky, and the atmosphere in the entire capital was already extremely high.

"Let's go, the emperor has come out to have fun with the people, let's go out too, the lanterns are all lit!" Xiao Xun smiled and glanced at Xie Zhiwei, and walked ahead first, still holding Xie Mingxi by the hand.

"Sister, let's go!" Xie Mingxi turned his head and called Xie Zhiwei, and happily followed Xiao Xun out.

Xie Zhiwei ordered Zi Mo to put away all the prizes he had won, called his two younger sisters, and walked out together with the eldest princess and other ladies.

This time the two princesses went out of the palace, accompanied by the eldest prince. As soon as the three of them moved out, the guards surrounded them.

When going downstairs, Xiao Xun cast a glance towards the dark place, only to see a flash of light and shadow, and behind Xie Zhiwei there was a person silently.

Chapter 176 Lesson

There were a lot of people on the street, rubbing shoulders against each other, and it was hard to get through. Xie Mingcheng took his three brothers and three sisters together, while the eldest prince arranged people to protect the eldest princess and the third princess. He would greet Xiao Xun from time to time. Xun, but he could only watch helplessly as Xiao Xun got farther and farther away from his own team, and closer to Xie's team.

"You two, follow the prince of the county in the past, and don't let the prince of the county make any mistakes." Xiao Changyuan arranged four guards to let people go over to watch Xiao Xun, so that he couldn't make any mistakes.

This was passed on by my father and emperor diplomatically before leaving the palace today.

Sometimes, Xiao Changyuan would wonder whether the fifth brother was an illegitimate son raised by the emperor outside? Otherwise, in terms of favorability, he, the eldest son of the emperor, could not compare to the fifth younger brother.

Although the uncle of the emperor and the emperor are brothers of the same mother, but Dayong has never had a nephew discussing seniority with the princes, and the father has set a precedent.

Prince Xiang's mansion still has prostitutes, but whether in front of the emperor's grandmother or in front of the father, ten prostitutes can't compare with Xiao Xun, the eldest son.

"Big sister, there are pearl flowers over there, let's go and have a look!" Xie Zhiying was younger and her temper had not yet calmed down. Seeing several girls gathered in front of a stall, she wanted to go there.

Since he was out shopping, he didn't mind buying something, Xie Zhiwei had nothing to do, so he walked forward with the flow of people, paying attention to Bai Meizhi, and saw that she made eye contact with a woman who passed by, and the other party didn't know what to do. Something fell into her hand, she put on a sleeve to cover up the movement.

Xie Zhiwei withdrew his gaze, walked around intently, and was dragged by Xie Zhiying to the booth. Xie Zhiying took a fancy to two silk flowers, one made of light purple silk and the other made of light pink silk gauze. After making Zhao Fan, Xie Zhiying put two silk flowers on both sides of her bun and compared them for the two sisters to see, "Big sister, second sister, which one looks better?"

Small vendors yelled at the side, "Girls, take a walk and have a look, there are three silk flowers for one penny, the silk flowers made inside are hard to come by!"

It is impossible to build inside, but it is just a means for small vendors to attract customers.

Bai Meizhi squeezed in, took a look at the silk flower, and said critically, "This silk cloth is not the best silk cloth, why is it so expensive?"

"My girl, what day is it today? If you don't buy a silk flower, how can you be worthy of today's Fengxi Festival? If you buy a small silk flower, you will definitely be able to hold hands with Mr. Ruyi today!"

Bai Meizhi felt as if a scorpion on the silk flower had pricked her hand, she quickly threw the silk flower on the stall, and said angrily, "If you sell silk flowers, just sell silk flowers, what nonsense are you talking about?"

Xie Zhiying was in good spirits, and she didn't know whether to buy it or not after Bai Meizhi was so serious. Two silk flowers covered her head, which looked very funny.

Xie Zhiwei couldn't help laughing, and took off the two silk flowers on top of her head, "You are still young, Wei Zi and Zhao Fan can't hold back, why don't you pick this imperial yellow, this Cymbidium is also pretty good , very suitable for little girls to wear."

Xie Zhiwei picked and picked, picked a Dendrobium orchid, a Cymbidium, and a Yuyihuang, and asked for two each.

When Xie Zhiying came out, she brought five taels of silver with her. Seeing that her eldest sister had bought so much in total, she was about to cut the meat with pain, but Xuan Tao had already rushed forward and paid the silver.

In Xie Zhiying's impression, the eldest sister has always been quite aloof. She is the eldest daughter of the Xie family. She has a high status, and she has a good word and deed. She usually has no disputes with brothers and sisters like them, but they are not close. Not far, even a little alienated.

Never been so close as today.

"Big sister, are you buying this for your younger sisters?" Xie Zhiying couldn't believe it.

Xie Zhihui smiled and said, "Yes, big sister is rich. Last time I went out with big sister, she bought me a lot of things and spent more than ten taels of silver."

Xie Zhiying stuffed her two taels of silver back into her purse, and said with a smile, "We can't always take advantage of Big Sister, Big Sister, there is something delicious to buy ahead, shall I buy some for Big Sister?"

There are quite a lot of food stalls in front, and the three of them are walking, and they will buy some when they see what they like. There are too many people, and they walk forward for about a cup of tea, before they can't reach it. Two booths.

One is a stall selling wontons. The crystal-clear wontons are floating in the golden chicken soup, which makes people's index fingers twitch when they look at them. It's just a group of noble girls sitting on the side of the road eating wontons. Just thinking about it makes them feel indecent.

Xie Zhiwei and the others naturally wouldn't think about it like this.

The other one sells Gulachi. A small chopping board is filled with Gulachi of various flavors. There is a stove next to it with a cage on it.

The one who sold Gulachi was a couple. The wife wrapped her head in a piece of blue cotton cloth. On a cold day, she used a fan to spread it towards the cage, so that the fragrance would spread faster, which indeed attracted many people to buy it. .

Last time, when Xie Zhiwei was doing Gulachi, he sent some to the second room and the third room respectively. At that time, Xie Zhiying happened to be in Xiao's house and ate some too. At this time, when Chong heard the smell, he moved I stopped moving.

The fireworks on the top of the head are blooming brightly. There are big and big flowers, some are like golden chrysanthemums, some are like immortals, and some are blooming into pavilions, beautiful and magnificent.

Brilliant light illuminated the night sky, the fireworks spread in all directions, and the excited crowd began to surge.

Bai Meizhi walked along the crowd at first, when she saw an old man wearing a bamboo hat by the side of the road, the man glanced at him quickly, she was overjoyed, took two quick steps, approached Xie Zhiwei, and said kindly, "Miss Wei It wasn't my cousin who said that I really shouldn't have bought that hawker's silk flowers just now."

Xie Zhiwei glanced at her strangely, seeing her eyes flickering, Xie Zhiwei caught a glimpse of a slightly familiar figure hurried past from the corner of his eyes, turned around and entered a small alley, and disappeared.

"Oh, why?" Xie Zhiwei asked.

Xie Zhihui and Xie Zhiying were also curious, "Aunt Baibiao, aren't those silk flowers pretty?"

"Good-looking is good-looking, but you don't even think about it. Is that decent person? People like us, heirs of poetry and rites, have read a lot of books. Naturally, we should listen to the words of the sages and do not listen to indecent words. This person is full of muddleheaded words." If it's too late for us to avoid it, how can we still do business with him?"

The two sisters Xie Zhihui also heard Bai Meizhi's words, and felt that the fragrance of Gulachi was no longer fragrant. The two of them looked at Bai Meizhi blankly, not understanding why she had such an idea.

"A family like us?" Xie Zhiwei smiled mockingly, "I don't know what kind of family Aunt Bai Biao said about us? What kind of family is my Xie family in Aunt Bai Biao's eyes? I have to say something, What kind of family my Xie family is has nothing to do with Aunt Bai. My sisters did something wrong, and they were taught and punished by their grandparents, so my sisters dare not bother Aunt Bai!"

Chapter 177 Hands-on

Bai Meizhi endured the shame in her heart, she smiled embarrassingly, and there was no hesitation in her eyes.

Originally, she prepared three strategies to deal with Xie Zhiwei. The best strategy is that Xie Zhiwei can understand current affairs and join hands with her to deal with Yuan Shi. Once she enters the long room, she will naturally find a marriage for her in the future and give Xie Zhiwei a copy. A decent dowry, but Xie Zhiwei thought she had something to do with Prince Chen, so he didn't take her seriously.

That being the case, if Xie Zhiwei can ignore the disputes between her and Yuan Shi, or the affairs in her father's house, it will be her best policy, and she will also be willing to plan something for Xie Zhiwei in the future. Drinking, if she had to choose a bad strategy, she would have to make Xie Zhiwei suffer a bit.

The original plan, to damage Xie Zhiwei's reputation, is no longer suitable. Fortunately, she has already prepared for it. Now that she has made a move, it is natural to make Xie Zhiwei irreparable. In the future, she will not be able to jump around in Xie's house, so she can only rely on her breath live.

"Auntie Biao is ignorant of current affairs. Sister Wei is right. What am I? I came out of a poor village. I just worry about it for nothing. If Sister Wei thinks that my worries are superfluous, don't bother." ."

Xie Zhiwei didn't bother to pay attention to it. With such an interruption, several people didn't want to buy Gulachi and try it.

Xie Zhiwei walked to Xie Mingcheng's side and told him, "Brother, you must let the guards follow you closely. You are boys, so take good care of the second and fourth sisters, and don't let them make any mistakes."

Xie Zhiwei's instructions sounded weird, but because Bai Meizhi was thinking, when a person passed her by, she glanced at her fiercely, this was urging her, she was flustered for a while, so she didn't take it to heart.

"Yes, big sister, I will." Xie Mingcheng thought that Xie Zhiwei was afraid that there would be too many people, and the group of people would disperse, so he gave this order.

"Well, everyone agreed, if you really get separated, don't go far away, it's near here, wait for people to pass by, and go back to Changqing Building." Xie Zhiwei was worried that they would be anxious if they couldn't see her for a while, so she made a reminder.

"Okay, big sister, don't worry!"

Xiao Xun took Xie Mingxi's hand and followed behind the Xie family members. His eyes never left Xie Zhiwei's left and right. When he saw a few people stop in front of Gulachi's booth, he couldn't help but think that Xie Zhiwei still lacked a plate of Gulachi. It's red.

He lost today's round, or would he be able to reach Nagurachi? So she doesn't owe him anything?

Xie Mingxi naturally didn't know what was going on in Xiao Xun's mind, he was only talking about something, and the two of them accidentally brought up the topic of their sister.

"Brother Junwang, my sister is amazing. Ever since my grandmother was ill, my mother fell down, and my second aunt said that the housekeeper was very tired after a long illness, so the family feeder was handed over to my sister. I heard the nuns at home secretly said that at the beginning, they all said they were not afraid of my sister, who knew that my sister was so domineering, and they were all convinced at once. Same."

Xiao Xun's heart was pounding, beating a little fast. He was like a thief, knowing that he shouldn't tell a child's words, but he couldn't admonish him sternly and not let him say more.

"You can only tell me about your sister, and you can't tell anyone else about your sister except me, otherwise, they will be against your sister."

"Ah, really?" Xie Mingxi shrank his neck in fright, and looked at Xiao Xun eagerly, "Brother Jun Wang, you won't be unfavorable to my sister, right?"

"Of course, if I treat you badly, I will promise to teach you riding and archery?"

"By the way, Brother Junwang, my sister said that she sent someone to ask you when you will be free to teach me how to ride and shoot, but Brother Junwang, don't you want to continue teaching me? Otherwise, my sister said no. You didn't answer?"

"How could it be? You are so smart, and your sister likes you so much, who doesn't like you? I was just thinking that we are going to meet today? Why don't I tell you face to face, and let your sister Take you to Chenwang Mansion to find me, and I will take you to the barracks, where I will help you find a reliable martial arts master and give you a good enlightenment."

"Really? Can I go to the military camp?" Xie Mingxi was so happy that he jumped three feet high, he waved his hands and shouted forward, "Sister, sister, I'm going..."

The crowd was crazily surging, Xie Mingxi saw his sister and Aunt Bai were being squeezed by the crowd, getting farther and farther away from them, seeing that he couldn't see his sister, he couldn't help crying, "Brother Jun Wang, where is my sister?" , my sister is almost gone!"

Xiao Xun could only see the back of Xie Zhiwei's head, he was also anxious, pushed Xie Mingxi into Mohen's arms, and said, "Look at him carefully, take him back to Changqing Building and wait for me!"

Xie Mingxi was still crying, Mo Hen hurriedly said, "Fifth young master, stop crying, the county prince will not let sister Ling have an accident, with the county prince watching, who dares to bully sister Ling!"

"Yes, did Brother Jun Wang find my sister?" He was small and short, and he jumped several times, but he could only look at the person's ass. Mo Hen had no choice but to lead him to the side of the road, only then did he vaguely see Xiao Xun chasing after his sister, and felt relieved.

Brother Jun Wang is a general with five thousand troops!

Xie Zhiwei's wrist was clasped by Bai Meizhi, and she held a silver needle in her hand. It's not like she didn't have the opportunity to attack Bai Meizhi. She could even let Bai Meizhi collapse on the ground at will, and be trampled to death by this crazy flow of people.

However, as long as she thinks that in her previous life, her father fell into the hands of Bai Meizhi and Feng Shi, and she didn't know what suffering she had suffered, so she would not be able to see Bai Meizhi die like this.

When a person dies like a lamp goes out, he will know nothing after he dies!

Bai Meizhi has never cultivated virtue in her past and present lives, so how can she die so peacefully?

The silver needle shone coldly in the crowd, Xie Zhiwei slowly retracted the silver needle into his sleeve, only pretending to follow Bai Meizhi's footsteps in a panic, and gradually deviated from the direction of Xie's brothers and sisters.

The two finally stopped at the entrance of a small alley, and there were no familiar people around. When Bai Meizhi saw a figure flashing by at the entrance of the alley, she breathed a sigh of relief, but she seemed anxious, but comforted Xie Zhiwei, "Weiwei Sister, we got separated from Brother Cheng and the others, but don't worry, we can always find our way back."

"En." Xie Zhiwei lowered his eyes, hiding the look in his eyes, and let Bai Meizhi pull her, turn left and right, and turned into a small alley.

Xie Zhiwei has an impression of this place. It should be a small alley on the side of Guozi Street. Chenwang Mansion is located on Guozi Street. She has seen the direction. If those people are waiting in that alley, if she gets it, then Go directly through the alley and you can reach Fruit Street from the north.

Chapter 178 stay

Although Xiao Xun is weird, if she reports her identity to Chenwang Mansion, presumably based on her friendship that she went to Chenwang Mansion to congratulate her housewarming, the people of Chenwang Mansion should not refuse to **** her back to Changqing Tower.

Even if it is to help to report a letter to Changqing Building.

After some calculations, Xie Zhiwei had already been led into the alley by Bai Meizhi.

"Miss Wei, I don't know if you can walk inside, are you afraid?" Bai Meizhi looked very worried, and was really afraid that Xie Zhiwei would not want to follow her, so she hurriedly said, "But if it's now We went out from there, and there were too many people, so we couldn't return to Changqing Building in a while."

"Aunt Baibiao, you are the elder, you have the final say!"

"That's good!" Bai Meizhi breathed a sigh of relief, thinking to herself, even though Xie Zhiwei is domineering, she is only a ten-year-old child. There are a lot of maids and women around her on weekdays, which gives her confidence. They were all separated by people, and there was no one around her, so naturally she couldn't be domineering anymore.

The two of them entered the alley within a few steps, four burly men appeared at the entrance of the alley, with rough faces, hehe smiled lewdly and forced them towards them.

Bai Meizhi looked terrified, but as long as she thought about it, she would succeed, her heart jumped for joy.

As soon as Xie Zhiwei had a problem, Xie Yuanbai recalled that he shouldn't have brought Yuan Shi out today, as long as he didn't bring Yuan Shi out, he could take care of Xie Zhiwei personally, and Xie Zhiwei would be fine.

People, when they are most powerless, will inevitably blame others.

From now on, Yuan Shi might be ashamed to appear in front of Xie Yuanbai again, and her chance came.

Take a step back and think, if there is no Yuan Shi today, why would she not have a chance? Xie Yuanbai will definitely take care of his daughter personally. With so many people on the street, it is very likely that she will be squeezed into Xie Yuanbai's arms.

Once the two had a skin-to-skin relationship, Xie Yuanbai had no choice but to give her an explanation.

"What are you doing? Don't come here!"

Bai Meizhi dragged Xie Zhiwei straight into the alley, and when they got deeper, four ugly men appeared at the other end of the alley, blocking their way.

It turned out to be this trick, Xie Zhiwei sneered in his heart, wondering how she, the white cousin, planned to get out?

Bai Meizhi seemed to be frightened. When she leaned her back against the wall on the side of the alley, she seemed frightened. Her eyes darkened, her body softened, and she lay down on the ground.

Bai Meizhi raised her hand, and the cartilage fragrance in her hand flew towards Xie Zhiwei's nose and mouth. Xie Zhiwei raised her head and held her breath, the tip of her tongue had already reached an antidote pill.

"Aunt Baibiao, what's wrong with you? How could you faint? What should I do if you faint?"

Xie Zhiwei looked very worried, she said with a mournful face.

However, when Bai Meizhi let go of her hand, she quickly took out a little Shixiang powder from her purse and threw it on Bai Meizhi's mouth and nose.

"Little lady, can you play with your brothers? Play a fun game, I'm sure you will cry and say yes!" A man with a scar on his face hooked his finger at Xie Zhiwei.

Xie Zhiwei clasped the silver needle in one hand and a handful of Shixiangsan in the other, looked at these people coldly, stepped on Bai Meizhi's cheek with one foot, and crushed it fiercely, but unfortunately, Bai Meizhi had lost consciousness.

"Brother, let me go first. I've never met such a juicy girl. Let me try something new. I'd be willing to die." A man laughed lewdly, and rushed towards Xie Zhiwei. He wanted to scare Xie Zhiwei, but Xie Zhiwei didn't even move his eyelids.

"Boss, is this girl out of fright? Seeing that she is like a puppet, she is really blind for nothing. If she doesn't bark for a while, how can she add to the fun?"

"If you don't like it, you'll be fine in the end!" The one-eyed man in the lead waved his hand, "It's still the old rule, whoever snatches it first is really unlucky, this place is full of people, how can you have fun?"

"Brother, I gave you an extra twenty taels of silver. What I want is this stimulation..."

Xie Zhiwei asked coldly, "Who gave you an extra twenty taels of silver? Is it this girl from the ground?"

Xie Zhiwei can only guess that this matter is due to Bai Meizhi, the old lady, and Jinmao and his wife. As for who contributed to what, she really doesn't know.

"Yes!" The leading man replied casually, his face was flushed with blood, and he stroked his sleeves, "Girl, don't be afraid, brother will be gentle..."

Saying that, these men couldn't wait to rush towards Xie Zhiwei. At this moment, she raised her hand, and Shixiangsan, which can poison a cow with just a little bit, scattered towards these men, as these people breathed, it was sucked into their lungs.

These people only felt that they had a wonderful dream in front of them, and the flowers in the dream were fragrant, so they didn't know anything and fell to the ground.

Xie Zhiwei tightly squeezed the silver needle in his hand, pursed his lips, glanced at the nine people on the ground tenaciously, raised his feet and stepped out.

She turned around with difficulty and was about to walk towards the entrance of the alley. She felt something and turned her head to see that there were two people standing one behind the other at the other end.

Lu Yan was dressed in a moon-white silk round-neck gown with rising dragon dark pattern, a jade belt around his waist, and a black satin cape fluttering in the wind. He walked towards her slowly stepping on a pair of powder-soled soap boots.

Narrow alleys, dirty ground, mottled walls on both sides, can't hold back his stunning colors.

The young man's sword eyebrows are picturesque, his eyes are like morning stars, a small figure is reflected in his warm eyes, his unstained and vermilion lips are slightly curved, and there is a touch of a soothing smile on the corners of his lips.

It seems that Xie Zhiwei's murder and arson are also a very pleasing thing in his eyes.

Xie Zhiwei's flustered heart calmed down at this moment. She gently pulled the corners of her lips, and took a step forward. Her legs were a little weak, and she staggered and almost fell.

A slender hand that was as white as a bamboo knot supported her in time, and a faint light flashed in Lu Yan's eyes, "Master, be careful!"

"Lu, Lord Lu, I... these people want to treat me... I have no choice but to do it."

Lu Yan let go of her arm, lowered her hand, opened and closed her five fingers calmly, and said, "County Lord, it is Dongchang who is incompetent and let these young people run amok."

He raised his hand, and Eunuch Tang Yuan bowed his body and hurried forward, "Master, it's not suitable to stay here for a long time, let me take you back!"

Xie Zhiwei nodded, took a step forward, but heard Lu Yan say, "Master, please stay!"

Xie Zhiwei was at a loss, Lu Yan was already standing in front of her, raised his hand to lift the hem of his robe, and knelt down on one knee, the snow-white knee pants touched the dark and dirty ground.

Lu Yan Ruyu's hands gently brushed her skirt, revealing the embroidered shoes, and at some point there was a piece of mud on the upper. Lu Yan took a handkerchief embroidered with bamboo branches on a blue background and gently wiped off the dust.

Chapter 179 is you

Lu Yan's movements are so light and full of respect, even through a layer of shoes and socks, Xie Zhiwei seems to feel the temperature of his fingertips.

Xie Zhiwei's eyes were filled with tears, and her thoughts drifted far away.

In the previous life, she was canonized as a princess, and Lu Yan brought her a gold seal and gold book. She knelt down to thank the emperor and got up to leave. Lu Yan stopped her behind, "Princess, please stay!"

On that day, he was wearing a scarlet embroidered unicorn robe and knelt down on one knee, just like today. When he brushed off her skirt, a pearl came loose on her shoe, and he tore it off and sent it to her. He said in front of him, "A bead is worth nothing, if the princess accidentally slips, it will be worth the loss!"

At this moment, Xie Zhiwei had to think, in her previous life, without the great help of the Xie family, could she really send Xiao Changxuan to the crown prince with her own strength, and finally ascend the throne smoothly?

is that you?

Xie Zhiwei really wanted to ask, but the question was too nonsensical, she muttered a few times with her lips, and finally could only swallow it with tears.

Xiao Xun stood far away, looking at Lu Yan's back, his eyes filled with deep sorrow.

Lu Yan glanced at him, smiled slightly, and nodded, "Your Majesty, I have important matters to deal with, can I ask your Majesty to send the Lord back?"

The sound of "Big Brother" escaped from his lips and scattered in the wind. Xiao Xun clenched his fists tightly, and he walked over steppingly, and stretched out his hand to Xie Zhiwei, "County Lord, let's go!"

Looking at the two of them, Lu Yan smiled slightly, and he walked away from them calmly, walking towards the depths of the alley.

On the black cloak, the eagle spread its wings and soared, and the hem of the robe lightly patted the back of Xie Zhiwei's hanging hand. She retracted her hand, lowered her head, and left behind Xiao Xun.

Walking out of the alley, Xiao Xun stopped suddenly, Xie Zhiwei couldn't stop his foot in time, and bumped into his back. Although it didn't hurt too much, it also made Xie Zhiwei's nose sour, and tears flowed down his eyes.

She covered her nose, tears came down like rain, and looked at Xiao Xun tearfully.

Xiao Xun moved his fingers, but in the end he couldn't hold back, he raised his hand and touched Xie Zhiwei's head lightly, and asked in a rare and clear voice, "Does it hurt?"

Xie Zhiwei shook his head, tears flew out, his voice choked up, "It's okay, it doesn't hurt."

"Do you know how to be afraid now?"

Fear? Xie Zhiwei's mind was still a little numb, she looked at Xiao Xun blankly, and it took a long time to understand what he said, "Aren't you all here?"

"Dare you know that both of us are there, so you are so confident. One person knocks down nine people, amazing! If one of them escapes by chance, have you ever thought about what the consequences will be?"

Xie Zhiwei raised her hand, there were a total of ten silver needles between her five fingers, she pointed to Xiao Xun's chest, Xiao Xun looked down and saw a silver needle on his chest, which was touching his heart, he couldn't help laughing angrily, "Okay, stronger than me!"

He stood with his hands behind his back, only glanced at it, and didn't care that if the needle went a little deeper, he might die!

Xie Zhiwei raised his hand, pulled out the needle that was only on his skin, put it away, and didn't speak again, she was just relying on Xiao Xun's lack of defense against her.

On the street, the last firework bloomed in the night sky, a brief light appeared in the sky above the capital, and then fell into darkness again.

People from Wucheng Bingmasi have already taken to the streets, and all the spectators have been evacuated, and all the small businesses and vendors have been driven away. Most of the Yujie and Zhouqiao Streets are empty, and all kinds of passers-by are rushing home.

A figure flashed, clasped his fists in front of Xiao Xun, and said, "Master, this subordinate has notified the people of the Xie family. After the county lord separated from the brothers and sisters of the Xie family, he was with the governor and is being sent back by the county lord."

Xiao Xun looked at Xie Zhiwei. These words were clearly telling Xie Zhiwei not to miss something after reuniting with his family.

About an hour before and after, if the news of Xie Zhiwei's disappearance spread, her reputation would be ruined.

Xie Zhiwei looked at Xiao Xun gratefully, and Xiao Xun was amused, "You know me? But, I didn't call Mr. Lu here. When you were brought here by that relative of your family, Mr. Lu and I just watched arrive."

"I just said, you are all here, what am I afraid of? I believe that the county prince and Mr. Lu are both kind-hearted people, and they will never see me being wronged by a weak little girl."

"The heart of the house is kind?" Xiao Xun's face was very strange, as if he had been humiliated, he stared at Xie Zhiwei for a long time, and found that he had nothing to do with her, so he had to turn around angrily.

The two walked towards Changqing Building one after the other, separated at the stairs on the second floor, and entered the private room each.

In the mountains and seas, sisters Yuan and Xie Zhihui were very anxious. In just one hour, Yuan seemed to be ten years older. Both sisters Xie Zhihui's eyes were swollen from crying, and they were both blaming themselves. where now.

"The big girl is back!" The maid at the door, seeing Xie Zhiwei appearing at the corner of the corridor, was so excited that she almost jumped up, quickly opened the door, and shouted again inside.

"Mei Mei!" Yuan stood up with a limp, she took a step, one leg was weak, and almost fell to the ground, Xie Zhihui helped her, "Auntie, sit down, my fourth sister and I are going to meet you." big sister."

Xie Zhiwei had already appeared at the door. Seeing Yuan Shi and others, she was filled with guilt. She took a step forward and threw herself in front of Yuan Shi. She wanted to kneel down, but Yuan Shi hugged her into her arms and cried, "You Where have you been, kid? Do you know how anxious your mother is? What should I do if something happens to you? "

"It's the daughter who is not good, and the daughter worries the mother!"

At this time, the door was pushed open, and Xie Yuanbai, several young masters of the Xie family, and servants all came back.

Others are okay, Xie Zhiwei's maidservants all have disheveled hair and red eyes from crying, as if they have gone through a catastrophe and narrowly escaped death.

The moment they saw Xie Zhiwei, these talents came to life.

Xie Yuanbai came over, patted Xie Zhiwei's head, resisting the soreness of his nose, his voice was a little hoarse, "It's fine!"

"Daughter is fine! My daughter is worrying my father, mother, brothers and sisters!" Xie Zhiwei took a deep breath, "When the crowd was surging, Aunt Bai Biao dragged her daughter towards the side of the road for some reason. My daughter was afraid at the time. Terrible, when she came to her senses, Aunt Baibiao didn't know where she was. Fortunately, Lord Governor Lu was by her side at that time. After seeing her daughter, she took her there. He fell and was trampled on."

Everyone was terrified, and Yuan Shi was even more angry, "What's wrong with Baibiao girl? I'm such an adult, and I can't calm down after encountering things. Does she know that it is very dangerous to walk around at that time? "

Chapter 180 Good guy

Yuan was afraid of getting angry and scaring her daughter again, so she stroked Xie Zhiwei's back and comforted her, "Don't be afraid, Meimei, it's all over, fortunately, Meimei is fine, Lord Lu is really a good man, master, we will prepare for tomorrow I would like to thank you very much!"

Xie Yuanbai didn't answer, and said in his heart, there are a lot of people who want to give generous gifts to Governor Lu in this imperial capital, so who can send gifts in?

Xie Zhiwei didn't think too much about it, thanking Lu Yan is definitely something to be grateful for, but there are more important things right now, "Dad, mother, and Aunt Bai Biao have not been found yet, Master Lu has already helped to find them, and there is no result yet , my daughter is afraid to go back, so it's not easy to explain to the old lady!"

This thing is tricky!

Calculated, Bai Meizhi has been lost for an hour. If it is a noble girl in the capital, if she is lost for an hour, even if she is found, her reputation will not be good.

Xie Yuanbai frowned and thought for a while, "Leave a few guards to continue searching. We'll go back first. It's getting late, and if it's later, the family members will be worried. As for the girl Baibiao, we'll find a way after we go back. "

Everyone packed up their things and was about to leave when Xie Zhiwei remembered that her younger brother hadn't come back yet. She thought in her heart that his younger brother was so happy to leave. If he didn't pick him up today, would he still go back with Xiao Xun for the night?

"Mother, Daddy, I'll go to the Prince Chen next door and bring my younger brother back!" Xie Zhiwei felt very embarrassed when he said this.

Ms. Yuan pressed her forehead and said nothing. Obviously, she also felt very embarrassed. This son, it was so late, he didn't know how to go home.

Xie Yuanbai didn't know whether to laugh or cry, and said, "Mei Mei, take a break first, daddy will pick it up!"

In any case, as a father, I have to thank the king of Chenjun. What's the matter with my daughter picking him up? Besides, Xie Yuanbai always felt a sense of crisis inexplicably whenever Prince Chen was mentioned.

Here between heaven and earth, because Xiao Xun did not come back, the eldest prince did not dare to return to the palace, and he could not explain to his father after returning to the palace. Fortunately, the emperor wants to have fun with the people today, and the gate of the palace will be closed later. The two princesses have been waiting between heaven and earth. If they don't leave, the people who play with them must not leave first.

No one here is worried that Xiao Xun will get lost, and whoever gets lost, the little overlord of the capital will not get lost. They all think that Xiao Xun is very happy to play, he is too happy to think about it, and Xie Zhiwei's accident is also hidden from the truth. Some time later, I was hungry and ordered three tables of noodles. When Xie Yuanbai came over, a group of noble children were eating and drinking vigorously.

I don't know who it was, dipped Xie Mingxi in some fruit wine. The five-year-old was too strong to drink, her cheeks were blushing, as if stained with rouge, and she was kneeling on a chair, eating a piece of fish with two chopsticks.

"General Xie is here!"

Mohen saw Xie Yuanbai coming, and hurriedly informed him, Xiao Xun stood up, and mentioned Xie Mingxi, "Don't eat, your father is here, I will take you out!"

Xie Yuanbai was about to go in, when the door opened, Xie Mingxi was thrown out, Xiao Xun squeezed out through the crack of the door, and gave a junior salute to Xie Yuanbai, "General Xie, there is a lot of noise inside, it's not proper, juniors don't invite General Xie in! "

Xie Yuanbai always felt that something was wrong, but he didn't think about it for a while, but his sense of crisis was even stronger. He caught a glimpse of Xie Mingxi and felt a headache, so he didn't have time to think too much, and bowed his hands, "Thank you very much, the prince of the county today. Thank you very much!"

Xie Zhiwei was sent back by Xiao Xun, and Xie Yuanbai also knew about it, but felt that he owed favors to the two most important figures in the capital all of a sudden, and he was under great pressure.

Xiao Xun waved his hand, "General Xie is so out of touch, it's really unnecessary."

Xie Mingxi also felt that it was unnecessary, he, his sister, and the county king's brother, who should be with whom?

Xie Mingxi shook Xie Yuanbai's hand, "Father, my sister and I will give Gu La Chi to Brother Junwang some other day. Brother Jun Wang likes to eat Gu La Chi made by sister!"

The smile on Xie Yuanbai's face froze for a moment, he was a little suspicious, is it what he thought it was? Just seeing the indifferent look on Xiao Xun's face, without any embarrassment, he was relieved, maybe he was thinking too much!

Xiao Xun's heart is far less calm than it looks on the surface. Seeing Xie Yuanbai's vigilance, he trembled with fright. He thought to himself, this little fat man, he doesn't keep his mouth open, he can say anything, and find him a serious person later. The master who ordered it chuckled, "Brother Xi, let's forget about Gulachi. Later, your sister made other dim sum, and you can send me some. I'm allergic to Gulachi. I ate it all night last time." Stomach, it cost me half my life."

Xie Yuanbai almost ran away.

This night, I had a lot of fun playing, and I was so frightened that I was terrified. Now, the worst thing has not happened, and everyone in the Xie family was relieved, and hurried back.

The carriage stopped in front of the east corner gate of Xie's house on Tianshuijing Street. The gate was only half opened. Mrs. Feng leaned on a cane and stood at the gate with Nanny Jin's hand, looking coldly at the people at the gate. Xie Zhiwei had already getting used to it, Xie Zhihui and the grandchildren of the old lady's direct relatives were a little at a loss.

"Boss, where is your Cousin Mei?" Feng Shi looked at Xie Yuanbai on horseback with a pair of ferocious eyes like a fierce general, and his voice resounded!

Before Xie Zhiwei was found, the members of the Xie family naturally couldn't remember Bai Meizhi. After Xie Zhiwei was found, Xie Yuanbai sent someone back as soon as possible to inform Chunhui Hall of Bai Meizhi's loss.

Biyou jumped down from the carriage at the back, scrambled and crawled to the old lady, crying, "Old lady, the girl hasn't been found yet, woo woo woo, I'm so worried!"

Tonight, in order to attack Xie Zhiwei, Bai Meizhi deliberately did not ask Biyou to serve her personally, but temporarily sent her to buy pastries for the old lady. She thought it would go well, but unexpectedly, it was her own girl who had the accident.

The old lady's eyes shifted from Xie Yuanbai to Xie Zhiwei who got off the car with An Zhiruosu. Her eyes were about to burst into flames. She didn't throw away those who should be thrown away, but instead threw away those who shouldn't.

"Old lady, Auntie Baibiao is a woman. You ask my father where Auntie Baibiao has gone. It's a joke!" Xie Zhiwei glanced lightly at Biyou, who was kneeling on the ground crying, and said coldly, "Come on." Man, take this girl who doesn't serve the master well, and the master will humiliate the maidservant to death!"

Biyou was dumbfounded when she heard that, she suddenly turned her head to look at Xie Zhiwei, never dreaming that this matter would affect herself.

Immediately, the four wives behind Xie Zhiwei walked towards Biyou aggressively. When Biyou saw it, she panicked, and quickly hugged Feng's leg, "Old lady, slaves and girls grew up together, and there is only a servant beside the girl. Anyone who knows how to use it, I beg the old lady to save the life of this servant!"
