

## The Power 191

### Chapter 191 Help

Everyone burst into laughter, the old bustard was so angry that he waved his hands to make people quiet, and asked, "Who did this good thing? Today is a good day for Miss Jinlian. If you miss this auspicious day, you will have to wait until Go tomorrow. Hurry up and help him down, please ask the doctor of Qianjin Hall to come and see, gentlemen, what should we do?"

The old bustard said neatly, she has a big task to complete today, and she was delayed, who can agree?

Following beside Lu Yan, Qu Chengyu looked at Uncle Yongchang who was being carried down like a dead dog, and said in embarrassment, "Master, I am afraid that Uncle Yongchang will be in trouble tonight. What should we do?"

"It doesn't have to be Uncle Yongchang, he can have him, he can't, no matter who it is, after tonight, notify Xie's family that someone has been found."

Qu Chengyu breathed a sigh of relief, "Yes, this subordinate understands!"

Uncle Yongchang was placed in a secluded small room. Half an hour later, the doctor from Qianjintang came and first looked at Uncle Yongchang's teeth, which were all in pieces. He couldn't help sighing, "Uncle, this tooth filling, Small ones won't work, you wait until the wound in your mouth heals, and then think of a way to insert your teeth."

When Uncle Yongchang heard it, he said that there was nothing wrong, and he hadn't seen the key parts, so he hurriedly asked the doctor to show him the wound.

The doctor in Qianjintang is an old man in his sixties. He squeezed him, fiddled with him, and finally shook his head. , the little one can't see anything, but the little one suggests that it might be useful to find a girl to help take a look."

Uncle Yongchang asked the servant next to him, "Has Miss Jinlian been bought?"

That young man has been with Uncle Yongchang for many years, and he knows him very well. He also eats the leftovers that Uncle Yongchang can't finish eating on weekdays. I was injured in the Peony Tower, could it be said that the Peony Tower is unwilling to exert any strength? If this is the case, who will dare to come here in the future?"

This is the reason, Uncle Yongchang asked the boy to call the old bustard to discuss this matter, the doctor of Qianjintang saw that there was nothing wrong with him, ordered the fragrant soup to wash his hands, and left with a sigh.

The old bustard came with a smile, and saw that Uncle Yongchang had good teeth and now he has lost all appearance, so he sighed twice, "Uncle, you said you want Miss Jinlian to serve you, but Miss Jinlian has something important to do today, after today, come here Even if you say you want Miss Jinlian to stay with you for ten days and half a month, I have no objection, Mom."

The young servant said what the doctor said, "Isn't it time yet? The sun has just set, let the other girls entertain the guests first, and let Miss Jinlian come and show my uncle. It's okay, if uncle also participates in the bidding, mother won't lose anything anyway?"

When the madam heard this was the reason, she thought about it, called someone in, and asked, "Miss Jinlian still refuses to follow?"

The tortoise laughed and said, "How can that be? Even a chaste lady would have to cry if Master Poison appeared on the stage. This Jinlian girl is also very open-minded. Master Poison will scream with joy when he strikes. Calling Da Lang, I must have a lover in my heart, this kind of ah, it's best to teach."

The Poison Lord is capable, comparable to the man who served Qin Shihuang's mother, so he got the title of Poison Lord.

The old bustard was very satisfied, and said to Uncle Yongchang with a smile, "Look at Uncle, even though he was beaten up, it was a blessing in disguise. Uncle knows best how the poison master teaches girls. Miss Jinlian is sent in, this hot girl, the uncle must hurry up, but, it is agreed, if the uncle can't help but break Miss Jinlian, talk first, that's the number!"

The bustard stretched out two fingers, and Uncle Yongchang was already itching, "Two thousand taels of silver depends on whether it's worth it or not!"

"Uncle, use it first, whether it's worth it or not, you just have to know it in your heart."

Bai Meizhi's whole body was exhausted, that feeling gradually disappeared from her body, but she felt a bit of emptiness in her body, and she was a little more awake.

Seeing the man smiling and wiping his hands with a handkerchief, he realized what had just happened, and his shame surged like a tide.

"Girl, don't be afraid, the young one is specialized in this business. Which girl doesn't go through this experience? The girl is calling Da Lang, so it's better to treat the young one as a big man. Perhaps, your big man is not as good as your master." Woolen cloth."

Bai Meizhi trembled all over, she couldn't help shouting out that the big man was naturally Xie Yuanbai, if it was Xie Yuanbai, she would be extremely happy, but it turned out to be this person in front of her.

If Bai Meizhi was so excited before, she would be ashamed now, but she didn't even dare to scold.

Bai Meizhi was quickly sent to Uncle Yongchang's room. Uncle Yongchang lay on the bed, groaning, smelled a strange fragrance, opened his eyes slightly, and suddenly saw a girl like a white plum blossom standing beside the bed, shy. Looking at him timidly, he immediately became interested.

The bustard let out a laugh, "Jin Lian, take good care of uncle, your kindness will be indispensable later."

Before she left, she lowered her voice and told Bai Meizhi, "You have to be more vigilant, don't take it seriously, mom bought you for money, if you spoil mom's good deed, you can't sell for a good price, be careful about your skin !"

Bai Meizhi trembled all over, she bit her lips in humiliation, tears rolled in her eyes.

Out of the corner of her eye, she caught sight of the uncle. Although this man could be her father, he was still an uncle. She had to find a way to escape, and no matter what, she couldn't let the Xie family know that she had fallen into such a trap. place, otherwise, everything will be ruined.

Thinking of this, she made up her mind.

After there was no one in the room, Bai Meizhi relieved Luo Shan, walked to the side of the bed gracefully, and knelt down in front of the bed.

After all, she has never served a man. Although she was taught a little bit just now, she is not facing the man she wants, and she really can't do anything if she doesn't want to take the initiative.

The first time Xiao Xun made a move, it was probably because he considered that the other party was an uncle anyway, and he didn't really want to offend him, so he didn't make a big effort.

Uncle Yongchang is in good health, but Bai Meizhi dreams of escaping, so that he can have a confession on the wedding night in the future, she is unwilling in every possible way, and Uncle Yongchang dare not really force her.

This girl looks like a cash cow at first glance. If this falls into his hands for the first time, and he is about to pay two thousand taels of silver, he still feels a little distressed.

Holding Bai Meizhi's shoulders, Yongchang Berg was unhappy, and could only plan for the future, "Benbo will wait patiently for two days..."

Bai Meizhi saw that this person was so easy to talk, she felt lucky, got up and knelt on the ground, crying, "Uncle, please help!"

"What's the matter?" Uncle Yongchang was used to seeing so many things in this world, and he knew what was going on at a glance, so he deliberately asked, "What happened?"

## Chapter 192 Despair

"I was originally the cousin girl of the Xie family, Yongchangbo's mansion is my natal family, I..."

Before Bai Meizhi finished speaking, Uncle Yongchang fell headlong from the bed. The servant outside heard the movement, and quickly pushed the door in. Seeing this scene, he didn't know what happened.

The girl was wearing a gauze dress, she could see what she should see, and she could see what she shouldn't. He immediately stared at Bai Meizhi with bright eyes, "Uncle, what's wrong with you?"

"You, you, who did you say you are?" Uncle Yongchang asked.

At this moment, the gods and Buddhas of the gods floated over the Peony Tower, Bai Meizhi pursed her lips, and looked at Uncle Yongchang's face that resembled her mother, despair crept into her heart little by little.

Uncle Yongchang also came to his senses, even if Bai Meizhi was not wearing clothes at this time, he didn't want to look at it, but stared at Bai Meizhi's face, as if he saw the second sister from back then.

Uncle Yongchang's mind was muddled, although he hadn't entered Hong Kong just now, but he usually has a lot of tricks, and there are many ways, but it doesn't have to be that way.

As for Bai Meizhi, as long as the other party is willing to leave her intact, she is very cooperative, and the two are also compatible.

"You, you, you are Sister Mei?" Uncle Yongchang stammered, so annoyed that he wished a thunderbolt would strike him to death, he couldn't help crying, "Oh, my God, what a crime! This is for me Fate!"

Bai Meizhi knelt on the ground and kept sobbing. She was sober at the moment, and she could see that Uncle Yongchang didn't want anyone to know about it, so she said with tears in her eyes, "I beg you to give me a way out, if you can Get me out, God knows what happened today, there will never be a fourth person to know!"

The boy was also confused, what's going on? What sister Mei?

Uncle Yongchang raised a hand, and the servant hurriedly stepped forward to help the old man, and asked, "Uncle, is there any problem with you?"

Uncle Yongchang burst into a burst of anger and blood. Before he could hold onto the boy, his hand slipped, and he fell headfirst to the ground. This time, he didn't open his eyes.

"Ah!" Bai Meizhi exclaimed, blood oozes from Uncle Yongchang's nose, the face of a normal person at this moment is pale, and there is more air intake and less air output!

"Hurry up, call the doctor, get out, someone is dead!" shouted the boy.

The doctor from Qianjintang had just returned to the medical clinic, and before he could sit still and take a sip of tea, he was invited back again, and the patient was still Uncle Yongchang.

At this time, in the lobby of the Peony Building, Bai Meizhi was covered with heavy makeup, wearing a thin red gauze skirt, her clear and exquisite body was displayed in front of everyone, her lips were trembling, full of humiliation, she walked to the stage with lowered eyebrows In the middle, two tears rolled down her cheeks.

The old bastard gave her a sideways glance, walked up to the edge of the stage, clapped his hands and laughed, "Don't underestimate this girl, just now, this girl has served Uncle Yongchang so much that he can't even get out of bed. What are you trying to do!"

With that said, the donors who bid for the bid began to bid one after another.

In the best private room on the third floor of the Peony Building, Lu Yan handed a cup of tea to the man sitting on the couch. The man was wearing a Song brocade robe with the dragon ball pattern of descendants and a gold scarf on his head. He took it Cha, asked Lu Yan puzzled, "Didn't you say that today is the first time for this girl? Why do you still think that you have served Uncle Yongchang? This Uncle Yongchang is too careless!"

Lu Yan smiled and said, "What the master said is that Uncle Yongchang has lost some maintenance over the years."

"Ah Yan, how do you look at the girl?" asked the emperor known as the master.

Lu Yan's eyes flickered slightly, and he said, "My lord, I see this girl, how do you know her so well?"

"Oh, where else have you seen it?"

Tang Yuan hurriedly came forward, "Master Du has good eyesight, isn't this girl the cousin who went shopping with Mrs. Xie's girls on the Fengxi Festival? Oh, speaking of it, why is this white cousin? Have you come to this stage? This, this, this, doesn't it mean that Miss Baibiao is Uncle Yongchang's niece?"

When the emperor heard this, he stood up suddenly, lost all interest, and said, "Absurd!" He didn't even stay, turned around and left.

Lu Yan hurriedly followed behind him and exited the back door of the Peony Building. The emperor didn't get in the car and was about to walk, when he heard an exclamation, the woman's cowardly voice swept away the irritability in the emperor's heart, and without hesitation, he followed Walk in the direction of the sound.

Not far away, a girl was crooked on the ground, with two lines of crystal clear teardrops hanging on her face the size of a palm, she opened her mouth, and her voice was like a yellow warbler coming out of the valley, "This brother, my slave's house lives opposite, and the bright light The house of the lamp is the home of the slave, and the slave lives with the nanny, can you please help the master to call the slave's nanny and help the slave back?"

The girl moved her feet, and said in embarrassment, "I've sprained my ankle, and I can't use my strength."

The sound of "brother" is really heart-wrenching, the emperor's whole body is softened, especially this girl is as beautiful as a flower, and the emperor can be regarded as the most beautiful woman in the world, and there has never been a woman who can make his heart move so much.

"I don't know what to call the girl?"

"My family's surname is Li, my boudoir's name, and my boudoir's name is Wanfen." After the girl finished speaking, she turned her face away in shame, and exposed half of her face as delicate as tofu and earlobes like pearls in front of the emperor. Resisting the urge to rush up and take a bite, he cleared his throat and told Lu Yan, "Send someone to help call Miss Wanfen's mother!"

"Yes, master!" Lu Yan winked, and Father Tangyuan retreated calmly. A young \*\*\*\* went up and knocked on the door. After a while, a lame old woman came and saw Wan who was crooked on the ground. Fen said in embarrassment, "Oh, why is the girl so careless? How can I get the girl in if you call me an old lady?"

Li Wanfen held the woman's hand and couldn't do it for a long time. She looked at the emperor for help. Lu Yan was about to go up to check, but was stopped by the emperor. He glanced at the single clothes on the girl, stepped forward, and squatted down, Stretching out her hands, the girl lowered her head and let herself lean into the emperor's arms.

The room was very simple, and as the king of a country, the emperor naturally couldn't compromise so much. He looked around the narrow, dark and musty room, which didn't even have a decent bed, and asked, "You just live in Here? Did you ever agree to it?"

Li Wanfen shyly shook her head in the emperor's arms, "I never did."

"Your leg also needs to be healed, why don't you go back with me and find a good doctor to help you look at it, and I will send you back when your leg is cured?"

Li Wanfen raised her head, seemingly surprised, "My family came to the capital to visit relatives, and I only found relatives today, and they will come to pick up my family tomorrow."

#### Chapter 193 Encounter

"Oh, whose family is it?"

"It's Uncle Ningyuan's mansion. Miss Xue will send someone to pick up the slave's house tomorrow." Li Wanfen shyly slid her fingers over the emperor's chin unintentionally. She exclaimed, and looked at the emperor with watery eyes, full of tears worship.

The emperor's heart fluttered, and he lowered his head, biting the girl's lips.

As soon as Lu Yan raised his hand, a group of young eunuchs came in, pulled up the curtain as high as a person, and a soft bed was carried in. The emperor put the \*\*\*\* it, and pressed it impatiently.

Xue Wanqing's carriage was parked at the end of the alley, and when she saw the eunuchs carrying the one-meter-wide soft bag in, she let out a breath and knew that the matter was over.

She is also not afraid that Li Wanfen will not recognize her relatives in Uncle Ningyuan's house. Li Wanfen is an orphan girl with a crippled old mother. If she wants to enter the palace, she needs to have no background, no identity, and no dignity to stand firm. , that is almost impossible.

Although Ning Yuanbo's mansion doesn't have any real power now, the wrecked ship still has three catties of iron, which is better than her working hard in the palace alone.

Sometimes the alliance of friends is much stronger than the so-called family relationship.

After about a quarter of an hour, the emperor came out of the broken house refreshed. Behind him, two eunuchs carried Li Wanfen, who was wrapped like a rice dumpling, and stuffed her into the emperor's carriage.

The carriage left towards one end of the alley. Lu Yan rode on the horse and walked on the side of the carriage. The starlight at night shone on the young man's stunning face, like a \*\*\*\* and Buddha walking in the world.

He turned his head suddenly, looked at the carriage parked in a side alley, and cast a fierce glance.

Xie Zhiwei hurriedly drew his head back, feeling a little uneasy, when Grandpa Tangyuan came, stood outside the car, and said in a low voice, "Your Majesty, the Lord of the County, you should go back sooner!"

Xie Zhiwei shivered for a moment, and she couldn't help asking, "Grandpa Tangyuan, is the carriage in front of the Xue family's carriage? Does the girl today have something to do with the eldest daughter of the Xue family?"

Xiao Xun glanced at Xie Zhiwei with weird eyes, but he didn't expect that Tangyuan, who always had a mouth like a clamshell, knew everything, "Master Li, originally Miss Li was an orphan, after tonight, she will be the cousin of the Xue family." gone."

Xie Zhiwei understood, and said, "Thank you, Eunuch!"

After the glutinous rice \*\*\*\* left, Xie Zhiwei looked at Xiao Xun, it was really thrilling tonight.

Xiao Xun held her all the way, rushed out from behind the Peony Building, and ran for three streets before stopping. Xiao Xun was so tired that he was about to lose his strength, and Xie Zhiwei was so knocked that he almost vomited.

As soon as they got into the carriage, they saw Xue Wanqing mysteriously bring someone out from the Peony Building, and acted out the scene of encountering the emperor.

Xie Zhiwei is not a real ten-year-old girl either, she is ignorant, so she naturally knows that the girl has already served the emperor at that moment, and the emperor wants to bring her into the palace.

Needless to say, Xue Wanqing, before time travel, there was a good thing in that world called the Internet, what world has Danmei Lily N never seen?

This is the result she wants today, but she can't help but slander, the emperor doesn't seem to be able to do it, he can solve the problem in minutes, isn't it that men usually start in an hour or two?

Also said seven times a night.

Could it be that they are all lies?

Xie Zhiwei didn't know what Xue Wanqing was thinking, but she couldn't help thinking, how did Xue Wanqing know that Li Wanfen was in Peony Tower?

She did remember that in her previous life, there was a concubine Wan in the palace, who was extremely favored. It took less than five years from beauty to concubine to concubine, and later she gave birth to a son. , but made Xiao Changxuan nervous.

It was Lu Yan who said, "The son is weak and the mother is strong, not the blessing of the country", which dispelled the emperor's thoughts. When he made Xiao Changxuan the prince, he also made Li Wanfen's son the king of Ningjun.

Xiao Changxuan lost his temper in the East Palace, saying that a five-year-old child whose mother was a prostitute from a brothel was actually conferred on the same day as the crown prince, which is a shame!

The carriage staggered back to Tianshuijing Street, stopped at the old place, and the two got off the carriage. Xie Zhiwei saw the nearly ten-foot-high courtyard wall, and her hair was trembling. She pulled the corners of her lips and let Xiao Xun grabbed her waist.

The girl's waist was like water plants, Xiao Xun was almost discouraged, he stepped on the carriage, turned over on the courtyard wall, and landed easily.

Xie Zhiwei was so scared that she closed her eyes, suddenly there was no movement, she quickly opened her eyes and met Xiao Xun's smiling eyes, she didn't understand what he meant, she just thought about the thrilling night tonight, Immediately, I was ashamed and annoyed, "Do you often go to that kind of place?"

"Which kind of place?" Xiao Xun asked knowingly.

Xie Zhiwei twisted his waist and let go from his palm, and said with a half-smile, "Don't think I don't know, it's a brothel, a place for men to have fun, hum, tomorrow I'm going to the palace and tell the empress, You took me to the brothel."

Xiao Xun's legs softened and he almost knelt on the ground. Naturally, he was not afraid of the queen, but he couldn't help being afraid of this matter, so he followed closely and grabbed Xie Zhiwei's arm, "No one can do this matter." explain."

"What's the use if I don't say it? Didn't Uncle Yongchang see us there today?"

"He only saw me and didn't see you, Mei Mei, listen to me, if you tell me, I..." Xiao Xun slapped his forehead violently, "Damn me, is it okay? When I take you there, I didn't think about it that much at all!"

This sentence is true, Xie Zhiwei did not believe him, she stood in the dark, her eyes were bright, like a little elf, she pulled the clothes on her body, "You still let me wear men's clothes, you are clearly I've thought about it."

"Didn't I just want you to see what happened to your cousin?" Xiao Xun said this now, and he couldn't forgive himself. For the first time, he hated himself for being muddled, so he had to humbly beg Zhiwei, "Mei Mei, as long as you don't tell me about it, you can ask me to do anything, isn't that all right?"

"Are you serious?"

"Really, it's more real than the tip of a needle."

"Okay, then you go back first, I have thought about it, and I will let you know what I want you to do."

"I'd better take you back to the yard!"

Yizhao Courtyard is next to a wall on the east side, Xiao Xun wanted to avoid Xie's guards, it couldn't be easier, he put his arms around Xie Zhiwei with one hand, and climbed a branch of a crabapple tree with the other, swinging up the wall like a swing, turned over and jumped, and landed on the ground.

Looking at the lights in his room, Xie Zhiwei heaved a sigh of relief, only feeling that this night was like a nightmare.

She has run out of energy.

Chapter 194 Stroke

Zi Mo has been guarding by the window, anxious and restless, when she heard the movement, she hastily turned on the lamp and came out, just as a patrolling mother outside saw the candle flame, she

asked, "Miss Zi Mo, it's so late, why haven't the lights been turned off yet? Has the girl not gone to bed yet?"

Zi Mo was about to cry, "Nurse, I'm in a hurry, I'm going to the latrine, the girl is already asleep!"

"Go to bed early, pay attention to the lights, the wind is strong, don't take the water."

"I know, what about Liuli Deng, I can't leave."

Zi Mo just pushed open the back door, and seeing the county prince standing under the crabapple tree, she couldn't explain it all, and she didn't have time to say hello, so she hurriedly invited the girl in.

Xie Zhiwei took two steps forward, then remembered Xiao Xun, turned his head and said, "I won't invite you in either, I'll go in first."

She was a little incoherent.

Xiao Xun waved his hand, "Go in, I should go back and rest."

He twirled his fingers, and the warmth and softness remained on his fingertips, lingering.

Xie Zhiwei was lying on the bed after taking a bath. It was almost four o'clock, and he went to sleep, tossing and turning on the bed, thinking for a while what Xue Wanqing was going to do? For a while, I thought about what would happen after Bai Meizhi's incident? After a while, I thought again, this time Li Wanfen entered the palace with the help of the Xue family and formed an alliance with the Xue family. Is Ning Yuanbo's mansion about to rise?

She fell asleep in a daze, and she didn't know how long it had been, when she heard the noise outside, she rang the bell, Xuanta came in quickly, rolled up the curtain, and hung it on the silver hook beside the bed, "Girl, Zi Mo My sister hasn't gotten up yet, the girl went to bed late last night, why don't you sleep more?"

"What time is it?"

"It's early, it's only three quarters."

Xie Zhiwei had never gotten up so late before. She just sat up and felt a little dizzy. Mother Qiu heard the movement in the room, and when she came in, she saw Xie Zhiwei like this, and hurriedly said, "Don't get up so fast, last night Sleeping late, why don't you sleep more?"

"What happened outside?" Xie Zhiwei was curious.

"Don't mention it, girl. It's the wives from Uncle Yongchang's mansion who are making a fuss in Chunhui Hall. They say that since our old lady has brought Baibiao girl here, she will take a good look at it. It's not easy to lose her. Looking for it, not to mention losing someone, but actually killing my uncle."

Bai Meizhi was sold to Mudanlou. Xie Zhiwei knew that she had nothing to do with Yongchang Bo.

Nurse Qiu led the maids to help Xie Zhiwei get dressed, and then served breakfast, and Bai Ling came in, and got the big news to report to the girl.

"Girl, I heard that Uncle Yongchang had a stroke and was unable to get up in bed. Uncle Yongchang's mansion invited several famous doctors in the capital, saying that only the magic needle from the Cui family could save uncle's life. Yongchang The eldest wife of the uncle's mansion is now leading people to make trouble in Chunhui hall, forcing the old lady to invite the Cui family's genius doctor to treat Yongchang uncle, saying that these are all caused by the old lady."

Xie Zhiwei ate a few mouthfuls, dipped her mouth with a handkerchief, asked for tea to rinse her mouth, and asked someone to bring the food down, so that the women and maids below could share it. What's the matter with the wife? How did the Baibiao girl kill the uncle?"

Bailing was about to speak, but he dared not speak when he saw Mother Qiu.

Xie Zhiwei sent out Aunt Qiu, "Auntie, I don't know what's going on with mother? Go and see!"

Mommy Qiu knew that Bailing was going to say something she shouldn't have said, so she gave the little hoof a sideways glance, not daring not to listen to Xie Zhiwei, and went out.

As soon as Mother Qiu went out, the girls gathered around, waiting for Bai Ling to reveal the secret.

"I heard that Bai Biao girl was sold to that kind of place. It just so happened that Uncle Yongchang went there last night. As a result, this uncle and niece..." Bai Ling felt like vomiting.

Xie Zhiwei was also shocked. With a cup of tea in her hand, she was so stunned for a moment that she lost her shape.

"No, isn't it?" Xie Zhiwei couldn't believe it either. If it were a real ten-year-old girl, she would definitely not understand this, but Xie Zhiwei didn't.

Besides, last night, she went to the Peony Building again, knowing where it was, Bai Meizhi was there, could it be that after this uncle and nephew were so and so, the Yongchang uncle's mansion knew Bai Meizhi's identity, and in a fit of rage, had a stroke ?

Xie Zhiwei didn't know that he had guessed the truth, but the girls in Yizhaoyuan didn't understand what Bai Ling said, and they were asking Bai Ling one by one.

"What is that place?"

"Could it be that when Uncle Yongchang saw Miss Baibiao, a niece whom he had never met, he was so excited that he had a stroke?"

"However, before the white cousin girl came to our house, didn't the old lady ask someone to go to the Yongchang uncle's mansion to inform her, and she didn't say that she would take the white cousin girl over to play. Why are you so excited now?"

...

In the Chunhui Hall, there is now a mess, and the old lady asked Jin Momo to dismiss all the people in the underground. I heard the eldest lady of the Yongchang Mansion crying and saying in the room, "I heard that there are several emperors in the court this morning. Shi Du interviewed the uncle, saying that the uncle is so unrestrained and how he is with his niece, God knows, how did the uncle know that his niece was sold to such a place."

The eldest lady rushed towards the old lady, "Auntie, you can save your own brother's life. Uncle, he is not sixty years old, so he can't just spend the rest of his life in bed. If something happens to uncle, we will How is this house going!"

The second wife is pungent, "My aunt can't live a good life on her own, and her children and grandchildren are all promising, so she doesn't care about her natal family. I heard that my uncle is quite disrespectful to my aunt. Don't you want your natal family to help you out?"

The old lady was so angry that her heart, liver and lungs were hurting, she couldn't help swallowing her anger, "Sisters-in-law, sister Mei was lost on the night of Fengxi Festival. These days, people are looking for her inside and outside the house. If I had known it was in Didn't we bring back such a place a long time ago?"

Nanny Yu was dismissed, and Nanny Jin was locked in the firewood room. Now there is no news, and there is only Nanny Chang next to the old lady. Now she can't help but stand up and say, "Ladies, please be more considerate of our old lady.", the old lady has taken care of her natal family all these years, and this matter is not what the old lady is willing to do. One side is her own brother, and the other side is her niece and niece. The palms and backs of the hands are all fleshy. Is it possible that the old lady is still willing?"

The eldest wife wiped her tears and said, "I don't have to blame my aunt, but if my aunt refuses to come forward about this matter, the life of Uncle Yongchang will be difficult."

"That's right. Uncle has handed over the brochure for the crown prince three times. Every time, nothing has come of it. No one knows better than my aunt what the situation at home is and what kind of livelihood is there. Now when the uncle lies down, my aunt Say, there are more than one hundred people in the whole family, how will they live this day?" The third wife spoke eloquently, and she explained it in detail, which made sense.

## Chapter 195 Beginning and end

The old lady felt sorry for her natal family, and also blamed Xie Yuanbai, hating Xie Yuanbai so much.

If Xie Yuanbai hadn't escorted them out to play that day, if the youngest son had escorted them, would these things have happened?

There is also Yuan Shi, that shameless bitch, who has a limped leg, but still follows her out, and is not afraid of being laughed at, causing her sister Mei to lose her, and this embarrassing thing happened.

"But right now, the old lady treats me with a nose that is not a nose, and a face that is not a face. If the Cui family is invited to come forward, it must be the old lady. I definitely don't have such a big face." The old lady was so embarrassed.

"The Cui family is invited to come forward, but the old man is not obliged to come forward."

The third wife took a deep look at the eldest lady, "If the eldest lady is willing to invite the Cui family's genius doctor for uncle, what can I do? Back then, the old lady Cui had a lot of trouble with the old lady

because of this eldest girl. I heard that the Cui family will send gifts to the eldest girl every new year and festival, and the car is full of them. When there are few, there are three or five cars, and when there are many, there are ten cars. The richest girl."

The third wife said with stares in her eyes and kept on talking, "The day before yesterday, I also heard that the eldest girl went to the horse market. It was really a big deal. She bought ten good horses in one go, and sold one to each of the brothers in the house. ."

The eldest wife cried, "I have pity on my brother Tao, what happened to his father, how will he find a wife in the future?"

The second wife came in handy at this moment, "I'm not saying that, although the eldest aunt usually supports her mother's family, she must support her family in real ways. Brother Tao is not too young now, and he is also a tall-eyed man." Yes, this is up to my aunt. The eldest girl in the family doesn't have a good reputation now, and she will be eleven years old in the next year, right? I don't know if she agreed?"

The third wife clapped her hands, "Oh, it's the second sister-in-law who is more thoughtful, old lady, if it's a big girl, she really can't find a good family. Isn't our brother Tao and Hao a good candidate? Cousins, cousins, plus kisses Darling, isn't this just right?"

The old lady's eyelids twitched, and she really didn't expect that the sisters-in-law of her natal family could put their ideas on the eldest girl's head, "The eldest girl's marriage is not something I can say, and the old man can't do it. "

"What are you afraid of? No matter how capable the Cui family is, they have to show some shame, right? I don't believe it. The eldest girl and our brother have a relationship, and the Cui family can still hold on to it. They are willing to let their son marry a ruined woman. ."

The third wife said disapprovingly, "Besides, what's wrong with our brother? Tao and Hao are good boys, don't aunts know?"

The old lady agreed with this point, nodded and said, "I know this, the two children are very sensible, and treat people with sincerity. In the capital city, which rich and powerful children don't have a lot of people in the house. These two children are now only two roommates. Girl, it's really aggrieved to match up with a big girl."

"No, don't look at the fact that the eldest girl has been appointed as the head of the county. She is not a member of the royal family. It's better to say it. Auntie, let me see that the sixth day of the new year is a good day. On that day, we will plan and plan. Let's see what the Cui family has to say if we get this matter right."

The Feng family has an unforgettable hatred for the Cui family. If the Cui family hadn't been in the middle of everything, would the Xie family be in the situation they are today?

Xie Yuanbai didn't have any feelings for her, not to mention that he usually didn't even show it on the surface. Yuan Shi was fine a few years ago, but ever since the eldest girl started to ignore her, Yuan Shi was like a fool, not being filial to her mother-in-law anymore.

If the Cui family was gone back then, and Xie Yuanbai could marry his natal niece as a sequel, how could such things happen today?

The long room is not easily in his hands.

Feng thought for a while, if Xie Zhiwei could marry to Uncle Yongchang's mansion, even though Brother Tao was wronged a little, Xie Zhiwei was rich, not only was he a county lord with a feudal city, half of the dowry left by Cui would be lost. Now that she is in Xie Zhiwei's hands, if she leaves the court in the future, are you afraid that the Cui family and the Yuan family will not prepare a generous dowry for her?

The Xie family will also pay a large sum of money.

In this way, I can also subsidize Yongchang Bofu less. She still has Sister Qing to take care of, Sister Qing is a poor child, and now that the son is in prison, Ningyuan Bofu doesn't know how to torture her vigorously, if she doesn't care, this child is the worst in the world. Poor kid.

"What about Sister Mei?" It was the old lady's turn to raise conditions.

"Heh!" The eldest lady laughed angrily, "Grandma thinks that sister Mei should be brought back to Uncle Yongchang's mansion or something? She is a woman who stayed in Fireworks and Willow Lane, grandma would not want to send her back to Uncle Yongchang's mansion, would she??"

Although the old lady was angry, she was from her mother's family anyway, "Sister Mei is just a sister, and she can't stay at home for two days..."

"She is like this, aunt, just tell me the truth. Is aunt optimistic about her? If that's the case, then I will do good deeds in Uncle Ningyuan's house and accumulate virtue for the children."

Nanny Chang wiped her tears from the side, "I'm sorry for the cousin girl, the old lady is going to turn over the new year, so she will give her to the old man as a roommate, and we will kiss her better. The old lady also has someone in the long room, so I can take care of her." Who knows, after such a thing happened, I am afraid that this marriage will be planned slowly."

The eldest wife, Sun, heard that dealing with the eldest house is the key. The Xie family has a deep heritage. After being married to the Xie family for so many years, the eldest wife knows the background of the Xie family. If the Xie family falls into the hands of the aunt in the future, she is afraid. Can the Yongchang uncle's mansion fail to please?

However, as soon as she thought of that \*\*\*\* Bai Meizhi doing such a scandal, Mrs. Sun felt nauseated and shook her head violently, "No, with me here, she, Bai Meizhi, will never enter the gate of Uncle Yongchang's mansion." ."

Nanny Chang sent away the three wives from Uncle Yongchang's residence, returned to Chunhui Hall, and handed the old lady a cup of tea, "The slave also ordered the kitchen to make a table of noodles, and none of the wives said they would stay for dinner. "

The old lady took a sip of tea, and it took her a lot of time to deal with the sisters-in-law of her natal family. She pondered for a moment, "Is Sister Mei still in the Peony Building?"

"Yeah, what should I do?" Aunt Chang was very worried, "If you stay there, the cousin girl's reputation will be ruined. What if the old master finds out and refuses to agree in the future?"

"Sister Mei is only serving as his concubine, not his official wife. How many people have bought concubines from brothels, aren't they all human beings?" Feng dismissed it, "Right now, the old master will definitely not agree with Sister Mei. My son came into this house, you can go to the second wife and ask her to help you think of a way, even if you put sister Mei outside, you can't ignore it."

Ms. Xiao is being a good wife and mother. She doesn't care about anything now, she only wants to win over her husband's heart, and she hates the old lady to the bottom of her heart.

## Chapter 196 Flip

At this moment, when she heard that Nanny Chang was coming, Mrs. Xiao frowned, and glanced at Nanny Tang. Nanny Tang hurried out, and didn't say anything about welcoming Nanny Chang. She only asked what was the matter?

Nurse Tang was in a hurry, and didn't notice the change in Erfang's attitude, "I have something to do with the second wife, and the old lady ordered me to come."

Moving the old lady out, Mammy Tang had no choice but to bring Nanny Chang in.

Mrs. Xiao sat under the south window making a piece of clothing. Looking at the color and pattern, Nanny Chang saw that it should be made for the second master. The corners of her eyes twitched and she saluted Mrs. Xiao.

Mrs. Xiao ordered the spectator, she sat on half of her buttocks, and said, "The old lady said that she hasn't seen the second wife for a long time, and she said that she was in poor health before, so I don't know if she's all right?"

Mrs. Xiao knew that the uncles and wives of Uncle Yongchang's mansion had just come, so she left. She didn't know what happened in Chunhui Hall. I passed my sickness to my uncles and wives, so I didn't go."

Nurse Chang was worried that the topic could not be changed to this topic. Xiao Shi took the initiative to mention it. It was great. She hurriedly said, "Oh, talking about this, the old lady is so worried."

She sold Bai Meizhi to the Peony Tower, and was discovered by Yongchang Bo. When Yongchang Bo saw that his niece had ended up living in the brothel, he was out of breath and told him about his stroke.

"My uncle and wife came to beg the old lady to see if I could let the Xie family come forward and let the Cui family's genius doctor come to show my uncle. They are all in-laws anyway, so we can't just leave them alone."

Looking for Dr. Cui to save Yongchangbo?

It is impossible for Ren Xiao to break his head to think that Uncle Yongchang and Bai Meizhi almost accomplished a good deed. Although Uncle Yongchang didn't know the depth of Baimeizhi, Bai Meizhi knew the length of Uncle Yongchang completely, so he was lucky enough to measure it. After a while, it was precisely because of this that Uncle Yongchang became so anxious that he had a stroke.

If it gets out, not only will he be unable to be a man, but everyone in Uncle Yongchang's house will be implicated.

Mrs. Xiao listened and smiled, "The old lady and the old lady of the Cui family are in-laws after all. If the old lady speaks up about this matter, the old lady of the Cui family will not be able to save face. Uncle Yongchang is not someone else, but the old lady's relatives." Brother, this relationship is not fake."

"That's not what you said!" After all, Nanny Chang was short-sighted and didn't understand the sarcasm in Xiao's words. She said happily, "Although there are some difficulties now, it's nothing to have the second wife to help. Biao girl is still alive today. Peony Building, at the Uncle Yongchang's Mansion, the eldest wife is celebrating her birthday, and even the invitations have been issued, so she must treat guests. At this juncture, it can't be said that all the guests will be dismissed. Originally, it was said that the cousin would be taken back to the Uncle Yongchang's mansion. If this happened, we have to wait for a few days until the birthday banquet at Uncle Yongchang's mansion is over."

Nurse Chang licked her face, moved closer to Mrs. Xiao, and said with an apologetic smile, "I must ask the second wife for help, and see how to arrange the cousin girl."

Xiao took a deep breath, put down her needle and thread, picked up the tea, and took a sip. Seeing that Nanny Chang had no intention of leaving, she also knew that this old man was hard to get rid of, so she said with a smile, "Nurse Chang is the mother The old man in front of me is old, I am young, how many times have I seen the world? How can I know what to do, I have to remind you old mothers a little bit more."

"Second wife is too polite. What is a servant, dare to say something in front of the second wife?" Mother Chang said modestly, and then she said, "It's not impossible, the second wife can talk to the second master, let the second master Come forward and ask the old man for mercy, and this matter will be over."

Mrs. Xiao glanced at Nanny Chang, and snorted coldly in her heart. The old lady had a good idea. How stupid have I been for so many years to be limped by the old lady?

"I will mention this matter to the second master. When there is news, I will ask Mammy Tang to tell you, Mammy."

Nanny Chang stood up in satisfaction, patted off the dust that didn't exist on her body, blessed Xiao Shi, and walked out with her head held high.

Xiao threw the teacup in his hand on the ground and smashed it to pieces. He was trembling with anger, but he didn't dare to say a word.

Madam Tang knew what his wife was thinking, so she sent out all the maids in the room, served her a cup of tea again, and advised, "Madam, don't be sad about these things, it's not worth it to get angry. "

"She is dedicated to her natal family all day long. I have been saddled for her all these years. When did she take me to heart? Before, I endured it for the reward, but for more than ten years, I have been doing it for her." Someone else made the wedding dress. Now, I don't want to please the master, did she come forward and say a word for me?"

Xiao's anger rose from her heart, she sneered, and ordered, "Go find a carriage, send a few irrelevant people to pick up the white cousin girl from there, and send it to Ningyuan uncle's mansion, just say, Since Uncle Yongchang became the benefactor of the cousin girl yesterday and redeemed her body, she has no choice but to follow Uncle Yongchang and is willing to serve him with \*\*\*\* and piss."

Nurse Tang was taken aback, and stammered, "This, this, this, can this work?"

"Is there anything you can't do?" Xiao Shi didn't think so, "You go to Zhongjing Prince's Mansion, my sister has always loved me, if she knew that the old lady was plotting against me like this, she would definitely help me, and she would do it when the time comes, let's order Nothing to touch."

In Linde Hall, several censors stood up at the same time. As a nobleman, Uncle Yongchang lingered in the Qinlou and Chu Pavilion day and night, and because of this, he got the wind and lost the face of the court. Without an inch of merit, he used the rice grain of the court for nothing, and suggested that the court seize the title of Yongchang Bo.

Last night, the emperor was also at the scene. The emperor also knew what happened, but he had to pretend not to know, and asked Xie Tiao, "Xie Aiqing, Uncle Yongchang is your brother-in-law, do you know what happened?"

Uncle Yongchang was paralyzed on the bed and couldn't get up, so the emperor naturally didn't bother to announce Uncle Yongchang to the palace, so he asked Xie Tiao.

Xie Tiao didn't have anything to do today, but because of this kind of thing, Xie Tiao only felt that his body smelled like feces and urine. Fortunately, he has a good self-cultivation skill, and he walked out without changing his face, and said, "Your Majesty, I haven't been to Yongchang for many years. Uncle's mansion, a few days ago, was bestowed by the emperor, the granddaughter was granted the title of county lord, and the family had a grand banquet for the granddaughter. The Yongchang uncle's mansion never sent anyone to congratulate, not even a congratulatory gift. I don't know anything about the Yongchang uncle's mansion. "

Xie Tiao just said that Xie's family and Yongchangbo's mansion have been dead, don't ask him what's the matter!

The emperor saw that Xie Tiao didn't want to answer this question, so he had no choice. Seeing that the time was almost up, he gave Lu Yan a wink, and Lu Yan followed. Write a note to me."

When he returned to Dongnuange, the emperor asked the little \*\*\*\* to take off his boots and lay on the couch.

## Chapter 197 Seize the title

Last night, Miss Wan did her best to serve the emperor very comfortably; only last night was comfortable, and just now on the dragon chair, his back was sore and he was very uncomfortable.

Lu Yan saw the emperor's fatigue, and asked someone to serve the emperor a bowl of health-preserving porridge, and suggested, "Your majesty, why don't you let imperial doctor Wen enter the palace to ask the emperor for a peace pulse?"

The emperor took a sip of the porridge, felt better, and waved his hand, "It will be fine after two days of rest, and then I will talk about Uncle Yongchang, and the matter of you proposing the title of Uncle Ningyuan, Ah Yan, you How do you see it?"

With a smile on Lu Yan's face, he put away the few memorials on the couch and said, "Your Majesty, the treasury is now empty, and besides, the titles of the two prefectures were not hereditary. It has been passed down for five generations. Uncle Yongchang did a little too much this time, and the common people have a very bad reputation. Uncle Ningyuan's mansion..."

Lu Yan pondered for a moment, cautiously not daring to continue.

"What are you afraid to say? If Ah Yan, you dare not tell the truth in front of me, who would dare to tell the truth to me?"

"Your Majesty, I think that now is the time to use the Xie family. These two families are in-laws of the Xie family. Although Xie Tiao is a gentleman, he is not a person who is arrogant because of his talent, but by taking this opportunity to beat him, he will be a suitable ruler and minister in the future. It's also a great story."

The emperor was stunned, his eyes revealing a pensive look, and his fingers tapped lightly on his bent knees.

Lu Yan stood aside, lowered his eyebrows and lowered his eyes, just waiting quietly.

The emperor suddenly raised his head and looked at him, examining Lu Yan with straight eyes, the eyes were so sharp that they seemed to go straight into his heart.

Lu Yan's complexion was soft, his brows and eyes were slightly drawn, and his expression remained motionless, as if he didn't notice anything.

The emperor suddenly smiled, and said, "Ah Yan, you are still smart, Xie Tiao is just an old fox, and he thinks a lot on weekdays, if I cut the titles of these two families, he will definitely think too much, and I am afraid that he will be careless. I do my best to do my best!"

"The emperor's award!" Lu Yan also smiled, and thoughtfully put a cup of warm tea on the couch, "I only know that Xie Tiao is a person with a lot of thoughts, and he will weigh things up and down, which is a good thing, but It would be inappropriate to use this thought to serve the emperor."

"Well, you are right. These literati have more minds than sieves. What are the slogans they shouted? Set up your heart for the world, set up your words for the sage, and set up your life for the people. Everyone has a mouth full of tongues. , but when doing things, he always looks forward and backward, and when it comes time to contribute, he refuses to contribute."

"The emperor said so!"

"This time, I'm not afraid that Xie Tiao won't be able to write that letter of congratulations for me." The emperor laughed, thinking that Xie Tiao's two in-laws had lost their titles, he didn't know what he would think, even the civil and military officials in the court How the officials would think of him, as long as he thought of this, the emperor was very proud.

In Prince Zhongjing's mansion, Nanny Tang came to see Da Xiao in person. In Da Xiao's room, after stepping away from the screen, Nanny Tang told what had happened to Xie's family in the past few days.

"Speaking of which, I can't blame the long house, it's all the old lady's fault for treating our second wife as a fool, saying that she wants to tell the old man that the second master will inherit the Xie family in the future, and so on. This is clearly hanging a carrot on the donkey's mouth, I can eat it, but I can't eat it, so I have been coaxing the second wife for more than ten years, but the second wife is so tired, and I lost a brother the year before last."

Princess Zhongjing was furious when she heard this, and she couldn't blame her younger sister, so she just asked, "You just said that the second master is going to hire a girl from Jijiu's house as a good concubine? Is it true? The Xie family is not a scholarly family. Why, why do you want to hire a good concubine? Your wife just agreed?"

"Princess, what can my wife do about this matter? The second master has not been in the wife's yard for almost half a month." Speaking of it, Tang Momo burst into tears, "Madam went to the old lady for this matter." Two or three times, the old lady kept pretending to be deaf and dumb, saying that husband and wife fight at the head of the bed and at the end of the bed, seeing that even Aunt Yu is going to bully the wife, what can the wife do?"

"The Xie family is really deceiving people too much." Princess Zhongjing said angrily, "I just said, the most hateful thing in the Xie family is this old godly woman. Go back and tell your wife to tell her to avoid dealing with this old thing in the future. You didn't. Did you see how the long room did it? I didn't mean to tell your wife to fight this old thing, just ignore it anyway."

"Princess, you must vent your anger on my wife about this matter. The wife said, didn't the old lady always love these two cousin girls? This time, gouge out a piece of meat for her, otherwise, my wife really can't bear it." Don't take this bad breath."

"I see, what a big deal, it's worth her doing this, you go back, I'll take care of it myself."

This matter is neither murder nor arson, Princess Zhongjing rolled her eyes, she took it to heart, and she recruited her confidant mother, and after doing this, the old mother smiled like a chrysanthemum, and accepted the order and go.

Bai Meizhi woke up, her whole body seemed to be run over by a carriage, and there was a person lying on top of her. Seeing this person with gorgeous hair, she was shocked, pushed him away, and got up.

"Hey hey hey!"

Uncle Zhuang got up from Bai Meizhi's body, and he was not angry when he saw the girl pulling the quilt to cover her beautiful spring. Unexpectedly, Miss Jinlian was still a young girl, except she shed two tears when she was in pain, her profligacy was comparable to that of a widow.

What a lovely person!

Uncle Zhuang put on his trousers. Seeing Bai Meizhi turn his head away, he smiled and said, "Why are you so shy? It's not like you haven't seen it last night!"

Bai Meizhi felt nauseous for a while. Last night, someone drugged the tea she drank.

When Uncle Zhuang went out, she couldn't help it anymore, and burst into tears. She was thinking, does the eldest cousin know that she has fallen into such a situation? Although her body was defiled, her love for him was only stronger than before.

As long as he has a heart, he should pity himself and give himself a guarantee for his future.

"Quick, put on your clothes, you should go!"

Mama Jin kicked the door open, followed by four burly men. The four came in, staring at Bai Meizhi without blinking, without any evasion.

Bai Meizhi wiped away her tears and couldn't care about anything else, "Did my cousin come to pick me up?"

"I don't know if it's your cousin or not. I only know that the other party has given you enough money and wants to take you away!" The old bastard's attitude is not too bad. Not daring to offend, "Of course, if you don't want to leave, mom won't kick you out either!"

The other party did not allow her to reveal her identity, so the old bastard naturally wouldn't give away the details of Prince Zhongjing's mansion, thinking that it was Prince Zhongjing who fell in love with Bai Meizhi, and thought that Miss Jinlian was really lucky!

## Chapter 198 Redemption

It's only been a day, and he was redeemed by someone.

The bastard didn't dare to ask for more money, she only wanted one thousand taels. However, last night, Uncle Zhuang paid out three thousand taels, and she earned four thousand taels from Bai Meizhi in one night. What is there to be dissatisfied with?

Bai Meizhi came out of the Peony Building, she was relieved, she just felt that today's sun is much brighter than in the past. Sitting in the carriage, her heart came alive and she had the energy to think about what happened on the night of Fengxi Festival. She obviously pretended to be unconscious, but why did she really become unconscious later?

Bai Meizhi didn't believe it, she made herself dizzy.

It's Xie Zhiwei!

Yes, where did Xie Zhiwei go? If it is said that he has been reduced to a brothel, what about Xie Zhiwei? Bai Meizhi grabbed Jin's mother and asked, "Mom, when I was sold in, was I the only one? Is there a girl in her teens who was born well?"

The bastard didn't know why Bai Meizhi was going crazy, so she pushed Bai Meizhi forward, "Hurry up and go, if you get rich in the future, don't forget how kind your mother is to you today!"

Bai Meizhi got into the carriage, and the carriage drove out of Killing Pig Alley, onto Gaodianqian Street, and passed Chongming Gate. When passing Zhuque Gate, Bai Meizhi opened the curtain of the carriage

and looked out. When she first entered Beijing, she With what kind of mood, in just a few days, she fell to this point, and the hatred in her heart was overwhelming.

At this moment, a group of boys and girls rushed out from the Suzaku Gate with whips on their horses. The girls were all covered with veils. The boys were high-spirited, as if they were racing horses, and the pedestrians on the road gave way one after another.

The one rushing to the front was a girl wearing a goose-yellow riding suit. She turned her head and smiled sweetly. What was exposed outside the purple veil was a pair of charming peach blossom eyes. Seeing these eyes, Bai Meizhi's mind shuddered. ring.

She heard a girl laughing, "County Duan Xian's horsemanship is good enough for the battlefield."

Duanxian? Isn't Duan Xian Xie Zhiwei?

Bai Meizhi watched the goose-yellow figure go away, her whole body was trembling, she was still thinking that maybe they missed on Fengxi Festival, although she didn't get any good, but Xie Zhiwei, a teenager in her teens, Girl, I'm afraid it's worse than her.

But what about today?

Aunt? Does aunt know? She was killed by Xie Zhiwei, did my aunt know about it?

"I'm going to Xie's house, I'm going to Xie's house, Dali Temple Minister Xie's house, please take me to Xie's house!"

A nanny sat in the carriage, pretending to be deaf and dumb, and walked the journey for half a day. At this moment, she slowly opened her eyes and said slowly, "Girl, my master redeemed you for a thousand taels of silver. It's not a small amount, and you don't just go to whoever you say you want!"

"I was originally a good citizen, but I was trafficked into...there".

After Bai Meizhi finished speaking, tears streaming down her face, she knelt down in front of the nanny and begged, "Please send me to the Xie family. My aunt is the old lady of the Xie family. I will ask my aunt to return it to your master. Even two thousand taels will do!"

Mammy sneered, "Old lady from the Xie family? What kind of money can she have? Oh, I have such a good memory, but I forgot. The old lady from the Xie family is good at ignoring her daughter-in-law's dowry. The girl who dares to love thinks that my master is short of these two dollars." A thousand taels of silver? My master said that since Uncle Yongchang takes pity on the girl and is willing to give her a place to live, the girl should stop picking and choosing."

The old nanny took a meaningful look at Bai Meizhi, "Girl, don't embarrass the old lady of the Xie family. Uncle Yongchang's mansion is your natal home, okay?"

"Just now, was it Miss Xie's family who passed by?" Bai Meizhi still refused to give up.

"I don't know about this servant girl. I heard that the emperor and empress in the palace like Princess Duanxian very much. The young masters of the palace just passed by. It is not unusual for County Lord Duanxian to ride horses with them."

Bai Meizhi's heart is ashamed. If she still thinks that she has fallen into this situation by accident, she has been dead for eight hundred years. She never dreamed that she would be defeated by a ten-year-old little girl. girl's hands.

No, would a real ten-year-old girl be favored more than a group of clan girls?

Xie Zhiwei felt a sharp arrow-like gaze on her body. She turned her head and saw a carriage passing by the Suzaku Gate and heading towards Baokang Gate. There was no emblem on the carriage. She didn't know whose carriage it was. .

"Girl, what's the matter?" It was Bai Ling who waited for the girl to go out today.

"Follow that carriage to see, whose family it belongs to?" Xie Zhiwei instructed, "Stay away, and run if you are in danger."

"Yes!" Bai Ling wore a blue riding outfit, turned his horse's head and chased Bai Meizhi's carriage.

"Sister Wei, what's wrong?"

Today, the eldest princess asked Xie Zhiwei to go out. She heard that Xie Zhiwei bought some good horses, so she came here to look at them. She picked one of them and wanted to compete with Xie Zhiwei.

Seeing that Xie Zhiwei's horse speed gradually slowed down, the eldest princess hurriedly rode over to ask.

"It's nothing!" Xie Zhiwei grabbed the reins of the horse, further forward is Nanxun Gate, and after passing through Nanxun Gate, it is outside the city. They didn't bring many people, Xie Zhiwei said, "Why don't we go back, what will happen now?" It's still early, how about going to the teahouse to listen to the music?"

"Okay!" Without the consent of the emperor, the eldest princess did not dare to leave the city.

The two walked side by side, and behind them, the brothers of the Xie family slowly followed. When they re-entered the Suzaku Gate and went to Nanmen Street, Xie Zhiwei let the brothers of the Xie family leave, and she accompanied them. The eldest princess strolled slowly on the street.

"Sister Wei, I remember you have a tea house under your name, where is it? Let's go and have a look?"

Qingle Tea House is opened on Zhouqiao East Street, not far from Tianshuijing Lane, Changqing Building is not far in front, Pan Building is not far behind, and there are many lacquerware shops on this street, the famous Tang Family Gold and Silver Shop right next door.

The bell of Daxiangguo Temple rings from the south, and it is very suitable to sit in the tea house and listen to the morning bell and evening drum.

The location of the tea house is good, the environment is elegant, and most of the best-selling teas are from the south. They are warm and very popular.

The shop faces south and occupies two fronts. The interior is very grandly decorated, and there are some current flowers by the window. As soon as you enter the door, the smell of tea mixed with elegant incense and natural floral fragrance comes out, which makes you feel refreshed.

A rockery blocks the back door, like a shadow wall, covering the backyard. A few clumps of green bamboo protrude from the slope, looking elegant and tight.

"You have a good place here!" The eldest princess stepped into the threshold, looked around, and then boasted, "The location is so good, and the business is also good, why is your mother willing to give it to you?"

"My mother now has to take care of the middle class at home. She is too lazy to manage these shops. She always says she wants to give me the shops under her name. I don't want it. How tiring it is to manage so many shops!"

## Chapter 199 Fancy

"But rich!" The eldest princess was envious, and said to herself, why didn't her mother tell her to give it to some shops?

"My mother would give me money every now and then. If you don't want it, you can't do it. If you have money to spend, what do you want for a shop? I didn't want this shop at first, but I wanted to refuse, and I was afraid that she would think too much, so I had to take it. "Xie Zhiwei sighed, she was actually very embarrassed.

The eldest princess was envious and jealous, "Okay, if I run out of money in the future, I'll ask you to borrow it."

"Yeah!" Xie Zhiwei nodded seriously.

"The girl is here?" The shopkeeper saw the two people coming in from the door, and quickly greeted them, leading them to the private room. The eldest princess waved her hand, "No, let's sit in this lobby for a while, it's lively!"

The shopkeeper cleared out a location facing the street. There are tall tables in the front and back, and a pot of flowers is placed on the tables, which blocks the eyes of people in the front and back.

Xie Zhiwei and the Eldest Princess were seated, and the Eldest Princess said, "Sister Wei, although I am the elder, but who made you a little rich woman, please invite me today!"

"Okay!" Xie Zhi said with a smile, "Then today, I will let you have a taste of my craft!"

Xie Zhiwei ordered the shopkeeper to come over with the tea stove, teapot, and tea leaves, so that the servants in the shop did not need to come over to serve them.

The two looked at the scenery on the street, and Xie Zhiwei poured tea casually. After drinking about half a cup of tea, the eldest princess sighed faintly, and said in a low voice, "Sister Wei, actually, it's not all because I came out today. Because of riding a horse, my mother was in a bad mood, and she didn't even eat breakfast this morning, so I was worried."

Isn't the eldest princess's mother the queen?

Xie Zhiwei couldn't help but think of the woman at the entrance of Killing Pig Alley who was wrapped in a quilt by the eunuch, stuffed into the emperor's car, and taken into the palace. , even though the queen is backed by the Marquis of Wu'an, she is suppressed by her because she has no children.

If Lu Yan hadn't said that "the son is weak and the mother is strong", perhaps the son who was established as the prince would be the son of Concubine Wan.

She still remembers that young but extremely intelligent child.

"Sister Yuanjia, you have to tell the empress that no matter what happens, you must first put the dragon in your stomach first."

Yuan Jia breathed a sigh of relief and nodded, "What you said is, sister Wei, the queen mother likes you very much. When you are free, you can pass the sign into the palace. I am very worried about the queen mother's health now."

"Well, okay, when I have a chance, I will pass the sign and enter the palace. I am also very worried about the empress."

Yuan Jia then talked to Xie Zhiwei about the affairs in the palace, "It is said that it is the cousin girl of Ningyuan uncle's mansion, hmph, look at who doesn't know who's details, I heard that it is the eldest girl of Ningyuan uncle's mansion brought out from that kind of place With that kind of status, my father just..."

Yuan Jia bit her lip, unable to speak ill of her father, so she poured out her anger on Xue Wanqing, "Tell me, how could she think of doing such a thing as a girl? It's really unbelievable."

No matter what, Xue Wanqing's goal has been achieved.

What makes Xie Zhiwei puzzled is that Xue Wanqing seems to have the ability to predict the future, how could she know Lu Zhonglian? She also wanted to recommend Lu Zhonglian to Xiao Xun. Did she know that Xiao Xun had the kindness to Lu Zhonglian in his previous life?

How did she know that Li Wanfen was in the Peony Tower, and that the emperor would be obsessed with Li Wanfen?

The more Xie Zhiwei thought about it, the more creepy he felt.

She shook Yuan Jia's hand, "Sister Yuan Jia, it's useless to say these things now, the dragon seed in the Queen's belly is the key."

Women in the palace have hope only when they give birth to a son, otherwise, everything will end up being like a dream in the mirror.

"I see, Sister Wei, after I told you, I feel much better."

The red lanterns in Yongchangbo Mansion have been hung up, the two stone lions in front of the door are also covered with red silk, and the front and back of the house are all cleaned up.

Early this morning, after Uncle Yongchang woke up, although his eyes were slanted and his mouth was crooked, he was able to get up and move a few steps. No one in the mansion dared to tell him about the impeachment of Uncle Yongchang by the censors this morning.

The eldest wife, Mrs. Sun, also continued to excuse Yongchang Bo, "Who knew that my aunt could not even look down on her own niece and nephew? Who knew that Sister Mei was willing to degenerate. Since she has fallen into that kind of place, she knows a little bit of shame." Yes, even if you wipe your neck, you dare not submit, can you blame Uncle for this?"

Uncle Yongchang thought about it, this is the reason, he was in a good mood, and ate a bowl of bird's nest porridge.

Mrs. Sun looked at the man lying on the couch in her room, and breathed a sigh of relief, "I said that this birthday banquet will not be held if something like this happened at home, but the second and third siblings said that last time, the Xie family for the wine, we listened to my aunt's advice and didn't go, but in the end, did I offend someone? I just took advantage of this opportunity to invite all the ladies over there, so that relatives can move around more to be intimate."

Yongchang Bo was noncommittal.

Sun took the opportunity to say, "Brother Tao is sixteen this year, and he has seen several marriages over the years. His eyes are high. I don't want anyone from a bad family background, or someone who is not beautiful. I always scold him. It's impossible to be a fairy, uncle guess what, it turns out, he already has someone in his heart."

"Who is it?" Uncle Yongchang spit now as soon as he spoke, and the two words sprayed Sun's face.

Mrs. Sun wiped her face clean with a handkerchief, and said, "So it's the eldest daughter of the Xie family, the county magistrate of Duanxian, I just said that this child is real, but I still refused to say it, and kept it secret for so many years, this cousin What's wrong with adding a nephew to a nephew? Although sister Wei is a little younger, if she marries in, it's great to wait a few more years before consummating the house."

Uncle Yongchang's eyes lit up, "The Xie family... agree?"

"What's there not to agree to? What's wrong with Brother Tao? Even if Mr. Xie doesn't agree, if Sister Wei takes a fancy to Brother Tao and the two of them love each other, does Xie Tiao still want to beat him up?" Can the mandarin ducks be separated?"

Uncle Yongchang nodded, and couldn't help but think that if anyone in the capital is said to have the richest girl, it would undoubtedly be Xie Zhiwei. And Yuan Shi, the dowry left by Lu Shi back then, if Xie Zhiwei left the cabinet, wouldn't Xie Yuanbai give it to this precious daughter?

Not to mention that Xie Zhiwei still has a fief, this girl is really a walking golden mountain!

"Then you...well...prepare!"

Ms. Sun was very excited. She saw her mother-in-law swaying in the yard. Now try to keep everything at home from her uncle as much as possible, so as not to irritate her again.

Mrs. Sun stood up, "I'll go and see, it's only two days away, since I want to invite my aunt and grandma's family, I can't be too casual."

## Chapter 200 Entering the Mansion

Mrs. Sun had just left the door, and the mother-in-law greeted her, and leaned into Sun's ear, "Madam, something is wrong!"

"What's wrong?" The eldest wife's heart skipped a beat, and her passionate emotions seemed to be extinguished instantly by pouring cold water on her head. For a while, she couldn't even stand on her legs.

"Fifth Young Master let Miss Bai into the house."

"What did you say?" Sun Shiwan didn't expect this to happen, she didn't have time to think, and walked out like flying steps.

Just after leaving the gate of the courtyard, I saw the screen wall. The youngest son Feng Congtao was walking in with a slim girl in white clothes. Looking at Shen Xiao's second aunt's grandmother, Sun's eyes darkened and she turned to the ground. Fell headlong.

"Mother!" Feng Congtao rushed up quickly, grabbing Mrs. Sun.

Mrs. Sun woke up and turned around, and saw Bai Meizhi kneeling on the ground. She was furious, "How did you come in? Who let you in?"

"Auntie!" Bai Meizhi cried loudly, "my cousin let me in. Auntie, Meier has no mother. The Bai family doesn't want Meier, and the Xie family doesn't want Meier anymore. What did Meier do wrong? The world is so big that there is no place for Mei Er to live long ago, so what is Mei Er still doing alive?"

Bai Meizhi got up and rushed towards the screen wall next to her.

"Cousin!" Feng Congtao yelled hissing, he hurried over and hugged Bai Meizhi's willow waist. Although Bai Meizhi's head hit the screen wall, she didn't intend to die at first, but Feng Congtao pulled her, her head was cut and blood flowed out, she looked very scary.

Bai Meizhi also took advantage of the situation and closed her eyes, falling into Feng Congtao's arms.

Feng Congtao hugged his cousin, very dissatisfied, and said to Sun, "Mother, the cousin is an orphan, why should the mother be aggressive?"

Mrs. Sun was left speechless by the questioning. She sat on the ground and stared at her son in a daze. She really wanted to bump into her son too, but thinking about her current plan, if something good or bad happens, the birthday banquet will be put on hold. It can't be done.

Thinking of how hard he has worked so hard to plan for his son, and thinking that if he marries Xie Zhiwei, Uncle Yongchang's mansion will be guaranteed in the future, but what is he doing with this evil?

"God, why am I so miserable!" Sun beat her chest and stamped her feet in grief, pointing at Feng Congtao, "You, you, you bastard!"

Feng Congtao was also very annoyed, "Mother, did you know that Cousin Bai was stopped outside the door just now, and her son happened to be with the fifth son of Prince Zhongjing's mansion, did he lose his son? Playing with my son."

The Fifth Young Master of Prince Zhongjing's Mansion?

Although King Zhongjing and the current emperor are just uncles and brothers, his surname is Xiao anyway!

Mrs. Sun was about to say something, but Feng Congtao had already walked in with Bai Meizhi in his arms.

Mrs. Sun hurriedly got up from the ground and said angrily, "Where are you taking her?"

"Naturally, we need to find a place to resettle. The cousin is the blood of the second aunt. Is it possible that the mother doesn't want to take care of it?" Feng Congtao felt incredible. "Shouldn't relatives support each other? How much has the eldest aunt helped us?" Didn't mother say that the eldest aunt is still planning to give me the little cousin's niece?"

Bai Meizhi rolled her eyeballs, and she slightly opened a gap, looking at the cousin in front of her. Although she was not as good as the big cousin, she was still pretty and talented!

Why should such a good boy be given to Xie Zhiwei?

Thinking of this, Bai Meizhi suddenly became ill. Following Feng Congtao's pace, her head tilted towards his arms, and a faint scent of body fragrance penetrated into Feng Congtao's nose along with her breathing.

"Hurry up and follow up, and put that \*\*\*\* somewhere, don't let that little \*\*\*\* put her in his yard." Sun couldn't do her son, so she had to compromise.

She quickly got up from the ground, and at the same time called the boy at the door to ask, what happened just now?

"Returning to the wife, the younger one heard that she was a cousin girl in the mansion, and said in his heart that he had never heard of such a cousin girl. Just as he was about to enter the mansion to report to his wife, the young master came back, and the one with the young master was Zhong Jing. The fifth son of the palace, I heard that I met today when I was playing polo, and I was going to come to the mansion to play, when I saw a carriage at the second door, I said that since there are guests in the mansion, I will go back first, and we will meet again another day."

"When the fifth young master heard this, he felt that the fifth young master had read a joke, punished the younger one, kicked the younger one, and fell to the ground for a while, the fifth young master hugged... took the cousin girl Come in." The boy was aggrieved.

Ms. Sun was full of anger, and felt that this boy was suing his son in front of him, so he said angrily, "You are a current person, so what if the young master takes your anger out on you twice?"

The young man bit his tongue and quickly apologized, "The little one talks too much, the little one talks too much!"

He hastily slapped himself a few times.

Only then did Mrs. Sun look away, and with the support of the maid who rushed over, she rushed towards her son.

After all, she was one step too late. Her son had already placed Bai Meizhi in a small courtyard. The courtyard was where the family's aunt lived before leaving the court. For the time being, the young girls were temporarily empty before they were ready to be sorted. .

This small courtyard is next to the hospital, and it is close to the second gate. Normally only girls from the first wife are eligible to live in this courtyard, but now it is occupied by a cousin girl, Bai Meizhi, who was redeemed from a brothel. , why is the face so big?

Thinking of "redemption", Mrs. Sun had a flash of inspiration. Who is behind this scene today?

Why did Bai Meizhi run to her door for no reason?

Mrs. Sun didn't think too much about why the fifth son of Prince Zhongjing's mansion suddenly got better with his old man. After all, his son is so outstanding, both in character and talent, so he is not worthy to play with the clan's children. ?

She only thought about who redeemed Bai Meizhi? And who sent her to his door?

Who else? Just think about it with your knees and you'll know who it is!

Okay, Feng Man, you are really a good person. You dare not send this scourge over in the open, so you use such insidious means!

Mrs. Sun saw Bai Meizhi standing at the gate of the small courtyard, and said to his son with a smile, "I live in such a nice courtyard, is it suitable?"

"What's inappropriate? From now on, you can treat Uncle Mansion as your own home!" Feng Congtao looked at this cousin, who had experienced so many setbacks and tribulations at such a young age. The key is that no matter what setbacks she encountered, she He didn't complain about himself, instead he was always thinking of others. Thinking of the younger sisters in his family, Feng Congtao felt that such a cousin is really rare.

Watching his son instructing the maidservants to clean the yard for Bai Meizhi.

This yard was originally prepared by the second wife Yang for her daughter Feng Ruoyu. Now, if her son takes this yard for Bai Meizhi, another quarrel will inevitably occur. Sun suddenly felt a headache.
