

The Power 211

Chapter 211 Breakthrough

"It's me..." Before Xie Mingcheng's words came out, Xie Zhiwei pulled him behind him and said, "Auntie Bai, you also said that we are juniors, and fifth cousin is uncle, how can we play watch?" What about Uncle? Cousin accidentally slipped and fell, Auntie Bai, you better quickly help Uncle Fifth up and find a doctor to take care of him."

Xu Liang rolled his eyes and saw blood on Xie Mingcheng's fist. He laughed and stepped forward, kicking Feng Congtao, "No way, you can still be beaten like this by your nephew? Don't you want to lose face? Huh? Get up early, let's go, let's play!"

"Sister Wei, you..."

Before Bai Meizhi finished speaking, Feng Congtao waved his hand, spit out the broken teeth in his mouth, and said inarticulately, "I'm fine, I just lost my feet and fell."

Feng Congtao got up with his hands on the ground, Bai Meizhi felt very distressed when he saw it, "Cousin, it's all like this, and you still say it's okay."

Tears rolled in her eyes. Feng Congtao could be said to be the best person to her besides Feng Shi. She still wanted to blame Xie Zhiwei. Biyou came up from behind, helped her, and looked at Xie Zhiwei fearfully. , persuaded in a low voice, "Girl, for the sake of relatives."

Biyou was brought here by the old lady for Bai Meizhi. Just like what the old lady said, Biyou is from the Bai family no matter what, and has nothing to do with the Xie family. She is in the hands of Bai Meizhi, and Xie Zhiwei really has nothing to do with this maid.

However, it's just a servant, if the master can't please her, what good can a maid do?

Therefore, Xie Zhiwei is not in a hurry.

Feng Congtao walked up to Xie Zhiwei, looked at her, and said earnestly, "Sister Wei, I'm also doing it for your own good. We are all relatives, and I don't want to make trouble."

"Thank you, cousin!" Xie Zhiwei raised his head and smiled, and said to himself, they are all relatives, so it would be nice to have a fight.

Her gaze slid around Feng Congtao and Bai Meizhi's body with special meaning. If Feng Zan hadn't stepped in the middle, this would be a good marriage between cousins and cousins. I don't know, Feng Zan If he knew that his son was going to marry Bai Meizhi, would he be so angry that he would go to see the King of Hades? I don't know if Sun knew that Bai Meizhi followed her father and gave it to her son, what would happen?

If Feng Congtao hadn't come to talk to her about this matter, she would have hesitated for a while, but now, she wouldn't hesitate at all.

As a reborn person, she is not afraid of retribution, only that the Xie family will be doomed.

The matter of the purple bamboo forest here quickly spread to the main hall. Today the eldest wife is celebrating her birthday, her eldest daughter-in-law Wang is helping Zhang Luo, and the second and third wives are assisting from the sidelines, but Sun has become an old lord, sitting on the Arhat bed and talking with the guests, waiting for someone to come to say hello to her .

The people who came here were all relatives. Feng Yan didn't even hold an idle position in the court, and he didn't have any contacts in the court.

The precious son was knocked out with two front teeth. Sun's face was very ugly, and she couldn't help being angry with Feng, "Didn't the eldest girl's father crawl out of your stomach, this second child should be your own, right? I really don't know you How did you become that family, look at the good deeds Brother Cheng has done!"

"Brother Cheng is young, and the fifth uncle is an uncle, why bother with him? Didn't I get angry today? I just thought of getting rid of today's matter, and it will be over in the future. Sooner or later, she will be a member of the Feng family. Are you afraid that you haven't given her a chance to set the rules?"

"Tell me, what can you do?"

"Isn't that a few methods? She is young, and that method is useless. If the Xie family finds out that they will go crazy, they are afraid of ruining the reputation of the fifth brother and saying that he is with a young girl. In my opinion, Today, I simply ask my fifth elder brother to suffer a little bit and bring a hero to save the beauty. Since then, the Xie family can't say anything, but can only endure this marriage." After thinking about it for a while, Feng thinks that this method is the safest up.

"Only in this winter, I can't swim in the lake. Where can I find such a good opportunity?" Sun was very puzzled. "Otherwise, just find an opportunity and let the fifth brother break something? There is no need to do anything. After all, she is the eldest daughter of the Xie family, if she wants to save face, she has to cover it up with us."

Feng Shi nodded, "We have to find a proper person to do this matter, don't leak the slightest bit of information, otherwise, I would rather let Wu Geer suffer a bit and act according to the rules of the hero who saves the beauty, otherwise, thank you If the family members know about it, they will be relentless, and even I will follow suit."

In this cold weather, what beauty can a hero save?

As long as Mrs. Sun thought that her son was freezing in the water and might fall ill, she would shake her head, "I'm sure no one will notice this matter, but when the time comes, I have to ask my aunt to come forward, are you The elders, and her grandmother, reasoned with her, at that time, the little girl's family only cared about her reputation, so I'm afraid she would listen to it."

Feng naturally agreed.

The guests had almost arrived, Mrs. Wang came in and said that it was time to start the banquet.

The banquet hall is opened in the big flower hall. This is the face of Yongchang Bo's mansion. It is more decent. In front is the main hall, where male guests sit. In this flower hall, a screen separates the passage from the main hall, and there are three tables of mat noodles. Sit female guests.

The Feng family sat at the same table with the family members of the eldest wife, the second wife and the third wife, the two sisters-in-law of the Xiao family sat at the same table with the family members of the Feng family's young wives, and Xie Zhiwei and other girls, led by Bai Meizhi, sat at the same table. a table.

The eldest wife's natal family came later, and it was already past noon before the banquet was held to wait for these people.

When the Yongchang uncle's mansion came to Feng Yan's generation, because of the birth of a concubine who was favored by the late emperor, he had a short time to return to the light, and married Sun, the daughter of the same prefect whose grandfather had been a feudal official.

Two years ago, Sun Guozhi didn't know whose way he got through, and was transferred to the capital, where he was appointed as the governor of Shuntian Prefecture. Coincidentally, Li Zi's old lady died of illness, and Li Zi reported to Ding You. Seeing that the emperor had no intention of seizing love, Sun Guozhi felt that the opportunity had come.

If he can get the support of Xie's family, it is not impossible for Sun Guozhi to move up. At any rate, Sun Guozhi's father was once the Minister of Political Affairs of Shaanxi Chengxuan. Mentioning the name of Sun Guozhi's father, it can be said that Sun Guozhi can easily capture the position of Shuntian Fu Yin.

So what if Lu Qiling is Shaoyin? Young and ignorant, with no hair on his mouth, besides, who in the world doesn't know what the Lu family is like? The emperor may wish to exterminate the Lu family!

Can Lu Qiling be made a young minister, just to stop the world's talk, and let him be the governor alone?

Sun Guozhi expected that Mrs. Feng would definitely come, so he asked his mother to come too. At this time, he sat with Mrs. Feng on the table and said with a smile, "I heard that my aunt came back, so I said I haven't seen my aunt for many years. We've met, such a good opportunity can't be missed, I told them, you have to bring me here, otherwise, how can a mother come to celebrate a daughter's birthday?"

Chapter 212 Toast

Mrs. Sun smiled and said, "Our aunt has always been close to her mother's family. Why is mother afraid of her making fun of her? Today, there are no big invitations at home, and all the relatives and friends who came here are purely having fun together. "

Feng Shi said, "The old lady is really polite. If I had known that the old lady was coming, I would have picked her up."

"Are all the girls from the Xie family here? I haven't seen them yet. The table will be set up later. Let me meet the girls from the Xie family."

The three tables were all placed together. Xie Zhiwei and the others heard Mrs. Sun's words, as did the two sisters-in-law of the Xiao family. They looked at each other, and they both saw displeasure in each other's eyes.

It was late, and by this time everyone was hungry and sat on the table, and even said that they wanted to recognize someone. This is not considered rude, what else is rude?

It's not that this kind of thing can't be done, but that one's words and deeds must match one's status and status. Even if the Sun family's ancestors had been a feudal official, it was out of luck. Going back one generation, he would be a merchant .

What is the identity of the Xie family? What's more, Xie Zhiwei, the second-rank county lord, is there, and the Xie family has no face when sitting at the table, and Xie Zhiwei didn't plan to argue with the grandmother of Feng's name outside. What kind of trouble is the Sun family going to do?

"Go and call the girls over!" Feng ordered Lan Yuan, who glanced at Xie Zhiwei and the others.

Mrs. Qian was about to stand up to speak, but Mrs. Xiao couldn't sit still. She turned her head and looked at the old lady's table, and said with a smile, "Old lady, old lady Sun, we're all sitting down here, and the girls are hungry too. Wait a minute." After finishing the rice noodles, I went back to the main hall, and my daughter-in-law sent Hui and Qian to greet Mrs. Sun!"

Mrs. Feng understood, but her complexion was not good, but Mrs. Sun didn't understand. Naturally, she couldn't get angry. She looked at Xie Zhiwei and said, "I heard that your eldest girl has been made the county head, who is it? I Look!"

Xie Zhiqian was so angry that she muttered, "Big sister, let's go back, it's so annoying, who are they?"

Xie Zhihui said, "What is this? It's even more annoying that you haven't seen it yet."

The two were still talking, Xie Zhiwei raised her hand to stop them, she picked up the teacup, took a sip of tea, and said with a smile, "Old Madam Sun, when the old lady was still alive, the second-rank official residence was just like me. The county head is generally high or low. What's more, when the old man was in the chief envoy, he didn't ask the old lady to ask for a letter. You are a person, let me go to pay you a visit. Old lady, I am not a junior. I don't give you face, but the court's law is in place, and etiquette cannot be broken!"

The atmosphere was very embarrassing, and the natal families of the second wife and the third wife were also surprised. Mrs. Sun couldn't bear it anymore, and was about to explode, Mrs. Feng coughed lightly twice, and apologized to Mrs. Sun, "My granddaughter , because she was spoiled by her grandfather, she has a bad temper, you must always look at it for my sake, take it easy, don't take it to heart."

If you worry about it again, you will not be able to get off the stage. Mrs. Sun also accepts it as soon as she sees it, so she hurriedly called Mrs. Sun, "Hurry up and start the banquet, don't starve the children."

Mr Feng winked at Mrs Sun, Mrs Sun nodded, holding back her breath, "It's my fault, it's really neglectful."

Mrs. Wang hurriedly served the dishes. First, there were eight cold dishes, followed by hot dishes. Although they were not very special, they were better than sumptuous. They are all popular dishes nowadays, but they can also arouse people's appetite.

Xie Zhiwei sat at the top of the table, Xie Zhihui sat on the left, Bai Meizhi sat on the right, and Xie Zhiqian sat beside Xie Zhihui.

Bai Meizhi was the host, and after the maids served the wine, she raised the wine glass and said with a smile, "Nieces and sisters, let's drink this glass together!"

After drinking for three rounds, everyone was starving, so they buried their heads in eating.

Xie Zhihui gave Xie Zhiwei a piece of bamboo shoot tip, "Big sister, you have a taste, this taste is not bad."

Feng Ruoyu smiled and said, "Sister Hui, I don't see you serving me."

Xie Zhiwei raised his eyelids and glanced at her, and before she could speak, he heard Xie Zhiqian say, "Aunt Biao, we are guests at your house, but you want us to serve you as guests, it shouldn't be like this!"

A girl from the Yang family looked at Feng Ruoyu and Bai Meizhi, frowned, raised her wine glass and said to Xie Zhiwei, "Master Duanxian, my name is Yang Yufei, my father is the county magistrate of Wanping County, I respect the county magistrate A cup."

The magistrate of Wanping County? Xie Zhiwei hooked her lips into a meaningful smile. She picked up the wine glass, brought it to her lips for a moment of meaning, and then put down the glass.

Xie Zhiwei, as the eldest daughter of the Xie family, the second-rank county magistrate personally decreed by the emperor, did not refuse a drink from the daughter of a seventh-rank county magistrate in person. Yang Yufei was already very happy, and asked Xie Zhiwei, "County Duanxian, I heard that there will be a Youlan Festival in Youlan Residence a few days ago. This time, the Youlan Festival will mainly compete in calligraphy and painting. I heard that whoever wins the first prize will get a stack of scented paper. There are peach blossoms printed on the paper, called Peach Blossoms Jian, it is fragrant and beautiful. County lord, will you go?"

Yang Yufei's face was full of excitement when she talked about the Youlan Society. It was lucky to say that when she went shopping, she met the eldest girl from Uncle Ningyuan's residence in an ink shop, and the other party gave her a Youlan sticker.

This Youlan post is really rare, every time Youlan meeting, no more than 30 Youlan posts are sent out, there are so many noble ladies in the capital, not everyone can get their turn, and you can only take two people with a Youlan post, Can Yang Yufei not be excited?

Youlan Society?

Bai Meizhi's eyes burst into light, and then dimmed again in an instant. If it wasn't for this incident, she could also participate in the Orchid Club like an ordinary daughter in the boudoir, increase her popularity in the capital, slowly accumulate a good reputation, and slowly enter the heart of her big cousin .

What about now?

Bai Meizhi's hand holding the chopsticks slowly tightened, her heart felt sour, and her hatred gradually surged up. Her mother is also a daughter of the Uncle Yongchang's mansion, what happened to her in the end? It also brought her a humble background, no matter how hard she tried, she couldn't see a good scene.

Yesterday, Nanny and Biyou knelt in front of her bed and persuaded her for a long time, telling her to beg the old lady. Now only the old lady can give her a good future.

"The girl has no other ambitions, she just wants to be a concubine. The girl didn't fall into this situation by herself. It's because she thanked her family for being unkind. We came to join our relatives, and we didn't say that we should be treated as more. It's one thing, it's just for a bite to eat and a piece of clothes to wear, but what is the old lady? Leaving the girl in this Yongchang uncle's mansion, the uncles and wives don't take the girl seriously, and now there is still the fifth young master who can rely on her. What about the future? This is not a long-term solution."

Chapter 213 Thin Horse

Bai Meizhi's ears were buzzing. Last night, the words of Nanny and Biyou echoed in her ears over and over again.

"Usually it's just a concubine. If Mr. Xie is willing to put the girl in his heart, he shouldn't care about it. The girl is at least the granddaughter of the Yongchang uncle's mansion. I heard that the aunt of many high officials in the capital is still in Yangzhou. Born as a skinny horse, why should the girl belittle herself?"

Gradually, Bai Meizhi's heart became alive. All night, her sweetheart Yushulinfeng was in her mind, with a suave appearance, every frown and smile seemed to be right in front of her eyes. In her dream, Xie Yuanbai waved to her and asked her, "Mei Er, why do you seem to have something on your mind?" One sentence touched her heart, and all the grievances came together, and she woke up crying.

Just as Xie Zhiwei picked up the wine glass, Bai Meizhi's left elbow turned for some reason, and the wine in Xie Zhiwei's wine glass accidentally spilled on her lap.

"Oh, it's mine!" Bai Meizhi came to her senses, and hurriedly wiped Xie Zhiwei's body with a handkerchief, and swam a big puddle of fruit wine juice on a red peony, hibiscus, and plum blossom gauze skirt.

Bai Ling stepped up, and when he saw it, he cursed inwardly, and quickly pulled up the girl's skirt, "Girl, I have to change it, this skirt is only worn today, I'm afraid I won't be able to wear it."

The girl from the Yang family asked inexplicably, "Why can't I wear it, and why can't it be fine after washing?"

Xie Zhihui was also very regretful, "This material is a gift from the palace. It looks good. It doesn't matter if it gets wet, but the most fearful thing is getting it in wine. Once it gets wet, the color of this piece will be different from other places after washing off. Same."

Xie Zhiwei's eyes flashed a little light, and said, "It's okay, you let Du Yuan go to the car to get the skirt, and you and Du Yan help me change my clothes!"

Feng Ruoyu was in a dilemma at first, there were two people between her and Xie Zhiwei, how to give Xie Zhiwei a reason to change clothes, now she has to thank her cousin.

She hurriedly stood up, "Miss Wei, let me take you to change clothes!"

Xie Zhiwei looked at her, feeling pity in his heart, "This is not good, it will delay your seat."

If it were Feng Ruoyu, it would be too ugly to have brothers and sisters. Moreover, although Feng Ruoyu is hateful, she hasn't reached that point yet. Although Xie Zhiwei wanted to do something, he didn't want to do anything too damaging.

However, if Feng Ruoyu insisted on bumping into her, she would be disrespectful.

Fortunately, Bai Meizhi took the lead, "Cousin, I was the one who was careless, I'll take Miss Wei there, everyone, sit down, use as you like, you're welcome."

This fell right into Xie Zhiwei's arms, and she didn't refuse.

As soon as I left the living room, I met Feng Congtao, standing under the eaves of the corridor with Xu Liang to sober up.

"Cousin, what's the matter?" Feng Congtao saw the eye-catching wine stain on Xie Zhiwei's skirt, not only did not avoid it, but his eyes suddenly lit up.

Xie Zhiwei took a deep look at Xu Liang.

Du Yun protected the girl, glanced at Feng Congtao vigilantly, covered the skirt of the girl with Bai Ling, and walked quickly towards a building not far away.

Xu Liang glanced at Feng Congtao thoughtfully, pretending he didn't know anything, and asked, "Why did County Lord Duanxian come to your house?"

"Hehe, not only come to our house now, but in the future, maybe he will be a member of our family." Feng Congtao couldn't help the joy in his heart, he said proudly, and pushed Xu Liang, "Let's go, go in, Have two more glasses."

"If you don't make it clear, I won't go in. Tell me, what's the happy event? I heard that the county magistrate Duanxian hasn't discussed marriage yet, so I don't know who will be so lucky?" Xu Liang followed Feng Congtao into the main hall with half-push and half-push. Dendrobium chips are staggered and lively.

"Soon you will know who has this blessing. However, speaking of Sister Wei, she has a lot of wealth. Not to mention anything else, that feudal city can't be eaten up in a few lifetimes."

"That's right, I also want to ask my mother to go to the Xie family to propose marriage. However, since she is the magistrate appointed by the emperor, the Xie family may not be able to be the master of her marriage. There is also the Cui family. The granddaughter is very important."

"It depends on each person's means. Have you heard a saying? Near water and land first get the moon, raw rice and cooked rice?"

Xu Liang's heart rang an alarm bell, and he said in his heart, is the Yongchang uncle's mansion desperate? He couldn't help but think of a certain person. Before he left, he had to confess to him and asked him to look after him. It was originally just to prevent Duanxian County Lord from being bullied for no reason. Your own end is also coming.

I'm afraid the emperor won't be able to keep him.

Xu Liang didn't drink much alcohol at first, but now he is completely sober.

He couldn't help but think of Xie Zhiwei's meaningful glance before, hated that he and her didn't have a tacit understanding at all, and didn't know what she meant?

After returning to the main hall, Xu Liang pretended to exchange glasses with someone, but in fact, he kept staring at Feng Congtao, seeing Feng Congtao having two drinks with someone perfunctorily, he said that he was going to have a urinate, and when he left the main hall, Xu Liang was nervous. Extremely, this is more nervous than the other party trying to attack him.

When Feng Congtao left the hall, Xu Liang hurriedly got up and followed. Seeing that Feng Congtao was heading towards the backyard, he felt bad and hurriedly followed.

After turning around the big flower hall, Xu Liang saw Xie Zhiwei's servant girl coming to greet him, and he hurried forward, "Miss, where is your county head? I am Xu Liang, the eldest son of Yongxin Bofu, and I will meet your county head." If you have something to say to her, could you please inform her?"

Bai Ling had been waiting here, "My lord, my county lord has something to do right now, and I can't get away for the time being. I'll invite my lord to watch a big play. If my lord is interested, I'll go to watch with others later. What's the matter with the son, let's talk about it another day."

Xu Liang understood what he said. It turned out that the eyes of Duanxian County Lord meant this. He breathed a sigh of relief, thinking that Duanxian County Lord is a black sesame glutinous rice ball, so why should he worry about her?

"Okay, I'll go to watch in a while, I don't know where it is?"

"Over there!" Bai Ling pointed to the two-storey attic and showed Xu Liang.

This is quite close to the front, run fast, and you will be there in a few breaths. Xu Liang remembered the direction and was about to go back to his seat, but he was still a little worried, "Is there anything wrong?"

"Who is my county head? The person who can harm my county head hasn't been born yet." Bai Ling said proudly.

Xu Liang felt that there was nothing wrong with him. He had suffered under Xie Zhiwei's hands, "Okay, I get it, I'll join in the fun later!"

For this day, Xie Zhiwei has been looking forward to it for a long time, and he has carefully planned it. The reason why he brought Du Yuan and Du Yun here is to protect himself. Naturally, Xie Zhiwei would not do something like hitting a mouse and hurting the jade bottle. As for Bai Ling, she has always been good at inquiring about news, she is also very good at observing words and expressions, and she is flexible in her actions. It can be said that it is best to cooperate with her.

When in the broken pavilion, Xu Liang gave Xie Zhiwei a "five" sign, no matter whether she thought it was Xiao Xun who asked him to come, in case this guy messed up and spoiled her good deeds, Xie Zhiwei still let Bai Ling run away. trip.

Sure enough, Xu Liang was really prepared to be troublesome. Bai Ling watched Xu Liang return to the flower hall, and she also breathed a sigh of relief. If the girl's good deed was ruined, she didn't know when the next time would be. of?

This Yingchun building was built right next to the flower hall. When this building was originally built, it was about the time when Yongchangbo Mansion was most prosperous. The materials and paint work were very good. Separated by walls.

Xie Zhiwei entered the Dongji room, and the two waited inside. It took about a cup of tea, Bai Meizhi heard footsteps from outside, and asked Xie Zhiwei, "Miss Wei, your maid, the footsteps are fast, so Coming soon."

Du Yun stood beside her, and Bai Meizhi said, "Go out to meet her and see if she's here. Your girl is served by me. I'm a cousin, so I'm afraid I won't be able to serve her?"

Du Yan pretended to be embarrassed, glanced at Xie Zhiwei's skirt, and asked, "Girl, are you uncomfortable?"

"Well, why don't you go and see?" Xie Zhiwei heard that the footsteps seemed to have disappeared, and asked deliberately, "Why hasn't Du Yuan come yet?"

Du Yun had no choice but to look at the girl worriedly, "Girl, I'll go and see, if it doesn't work, let Sister Bailing go to meet you, I'll be outside, if something happens, the girl will call."

Bai Meizhi waited for Du Yuan to go out, frowned and said, "I see that you are usually very disciplined, this girl, why does she keep saying 'I' in front of you, it's because she has no rules."

Xie Zhi smiled, "She's new here, and hasn't learned the rules yet."

Bai Meizhi saw that Xie Zhiwei's attitude was very good at the moment, thinking, it's rare that Xie Zhiwei cooperated so much, thinking that it was almost time, and said, "Miss Wei, why don't you wait here first, there are others at the table over there." Girls, you can't leave people alone, it's too rude. I'll go and have a look."

When Bai Meizhi saw Feng Ruoyu at the table, she hesitated again and again, so she pretended to accidentally knock over Xie Zhiwei's wine glass, and she was afraid that Feng Ruoyu, a girl who had never experienced anything, would show something wrong on the way with Xie Zhiwei. She will be so proactive when something bad happens.

At this point, what happens or doesn't happen later has nothing to do with her.

Xie Zhiwei seemed very nervous, "Auntie Bai, I don't have a maid by my side right now, just wait a little longer, my maid is here, you go before you go."

There was another sound of footsteps, Bai Meizhi was very familiar with the footsteps, she couldn't help but smiled, "Look, your servant girl is here."

In the east room, near the corner, a blue and white milk foot burner incense burner was lit at some time. At this time, the incense was lit, and the smoke was curling up, and a sweet fragrance penetrated into the nose.

Bai Meizhi glanced at the incense burner calmly, without any doubts, this was exactly what the Feng family had arranged for Xie Zhiwei, she couldn't wait to leave, and was about to go out, when someone slashed at the back of her neck with a knife, Her eyes went dark and she didn't know anything.

"Girl, you go out first, Du Yan is outside to meet you, leave this to me." Du Yuan sneaked in without knowing when, just now, she was the one who brought down Bai Meizhi.

There is a back door in this east room, at this time, someone came in through the back door, Du Yuan hurriedly sent the girl out, and handed it to Du Yun, who hurriedly took Xie Zhiwei into the west room.

Eastern room was very quiet. Feng Congtao, who had already been tipped off by the maid of the Feng family, came in from the back door. He crept in, but because he was too excited, he couldn't help rubbing his hands.

Of course, Feng Congtao has no interest in Xie Zhiwei, a young girl. As long as he thinks of the assets under Xie Zhiwei's name, not to mention anything else, only the silver taels frequently given by Xie's parents, which are no less than one hundred thousand taels, Feng Congtao can't suppress his excitement.

The money he gets from his father every month is not much. The Feng family has a lot of money, but they dare not spend it. At the foot of the imperial city, if someone impeaches a book, the family's title will not be able to be maintained.

This is also what my aunt repeatedly told me.

Fortunately, there is Xie Zhiwei, as long as she gets married and the family's money is cleared, what else is there to be afraid of?

As his cousin, he will keep his promise. As long as she can get rid of some bad habits, he will give her the dignity that a first wife should have.

Du Yuan was hiding behind the back door. When she saw Feng Congtao coming in, she was so disgusted by this man that she felt like throwing up. What kind of thing is this? She still dares to miss her girl. If the son finds out, he will be punished. Too angry to sleep?

Feng Congtao just went in, and Du Yuan closed the door and locked it from the outside.

In the censer, spices were added. As soon as Feng Congtao entered, he felt a rush of energy and blood.

On the bed, Bai Meizhi, who was in a coma, was covered with a thin brocade quilt, writhing and humming softly because of the discomfort.

The red brocade was pulled down a little by her, revealing a piece of snow-white.

Her eyes are closed and her face is stained with rouge.

The boiling scene and the incense that made people's blood surge, shocked Feng Congtao, who had already tasted the fragrance of his daughter, to his mind. Without thinking, he rushed forward and shouted, "Cousin, I will love you very much!"

Hearing the movement, Du Yuan curled his lips and walked out through the back door unhurriedly.

The girl said that the effect of the medicine will last at least an hour, which is enough for them.

In the Xici room, Bai Ling had already returned, and she quickly helped Xie Zhiwei change into the same dress. When girls go out, if conditions permit, they will naturally go out with exactly the same skirt. If conditions do not permit, they will try to bring out the same color and the same style of skirt that is not easy to detect, just to avoid any situation.

Since Xie Zhiwei came prepared, he would naturally not make any mistakes in such details and cause criticism.

"Du Yun, you put the skirt back in the car and try to attract people here."

At the table, seeing that Xie Zhiwei didn't have enough time for a cup of tea, Xie Zhihui couldn't sit still anymore, she stood up abruptly, "I'm going to see big sister!"

Xie Zhiqian also stood up, "Second Sister, I'll go with you."

Feng Ruoyu is very nervous. She knows about today's arrangement. Although it is a bit out of character, the family situation does not allow her to be arrogant.

Although she didn't put in too much effort, she couldn't hold back, so she hurriedly said, "Sister Hui, Sister Qian, please sit down first, I'll let the servant girl go and have a look."

"Mingyue, go and have a look with Aunt Feng's maid." After speaking, Xie Zhihui gave Xie Zhiqian a look, Xie Zhiqian understood, and asked her maid to follow her secretly.

At this moment, there was a commotion in the front yard, and everyone in the flower hall became nervous. They only heard a woman running in front of them. When someone arrived, the woman rushed forward to report, "Ma'am, the supervisor of the East Factory!" Master Lu is here."

Ms. Sun stood up in shock when she heard this, and the stool behind her was knocked to the ground. She didn't care about it, "Hurry up, arrange someone to meet you."

Chapter 215 Father and Son

The gate of Uncle Yongchang's mansion was opened today, no matter if it was male guests or female guests, everyone stood up at this time, the female guests stood waiting at the Yimen, and the male guests stood in the big hall under the leadership of the host. the door.

The little **** who came to report the news got off his horse, threw the reins to the long follower of the Yongchang uncle's mansion, stood at the bottom of the steps, and waited for the governor's carriage to drive slowly.

After a while, a black-topped and green-roofed carriage stopped at the gate of Yongchangbo Mansion. Everyone's expressions became more respectful when they saw this carriage.

Who would have thought that when you come to Yongchangbo Mansion for a banquet today, you can still see Lu Yan?

Really blessed by the Buddha!

Lu Yan wore a white jade crown on his head, a blue jade rich makeup brocade robe with round collar and arrow sleeves, a jade belt around his waist, a moon white embroidered plum blossom purse hanging on his waist, powder-soled soap boots, and slowly got out of the car.

"Your Majesty waits to meet Mr. Lu!"

Lu Yan smiled at the corners of his lips, showing the aristocratic demeanor of an aristocratic son. He swept across the crowd, glanced at Du Yun, and said in a soft voice, "Get up!"

"Lord Lu, please come inside!" With the support of the housekeeper, Uncle Yongchang led the way ahead. He felt full of energy and complacent. How could his wife surprise the governor after celebrating her birthday?

No matter what Lu Yan likes about his family, as long as he can invite the great **** Governor Lu, it is enough to give him his life.

Lu Yan just walked into the main hall when he heard a scream from behind. He stopped quickly, looked at Uncle Yongchang meaningfully, and asked, "Uncle, what happened?"

Uncle Yongchang fought with each other, and scolded the eldest lady in his heart. When did such a moth come out? If he dared to spoil his good deed, he would have to divorce this stupid woman.

"Go and see, who is so ignorant?" Uncle had no choice but to order and invite Lu Yan to take a seat, "Lord Lu, the so-called coming early is worse than a coincidence. Today I am celebrating my birthday, and I have prepared some thin wine at home. Master Lu, you are welcome."

Naturally, Lu Yan did not come here for the banquet. He stood in the center of the main hall with his hands behind his back. If he did not sit, no one would dare to sit.

Not long after, a little **** ran over quickly and told Eunuch Tangyuan, and Eunuch Tangyuan came over and said, "Supervisor, something happened to the county lord!"

As soon as Lu Yan's face changed, he walked towards the backyard.

Behind him, a large group of people followed, all of whom were guests of the Feng family.

In the flower hall at the back, Mrs. Sun also heard that something happened to Xie Zhiwei. She was overjoyed. When she heard that Lu Yan had come and Lu Yan went back, she suddenly felt that the heavens were helping the Feng family. Seeing this matter, what else can the Xie family say?

"Hurry up, I heard that sister Wei had an accident, everyone hurry up and see what's going on?"

When Xiao Shi and Qian Shi heard that something happened to Xie Zhiwei, their hearts suddenly accelerated. Without the help of the maid, they lifted their skirts and ran forward.

Seeing that the two daughters-in-law of the Xie family ran up without regard for their dignity, for fear that they would go and cover up something, the second and third wives of the Feng family also rushed to the Yingchun Building, saying, "Hurry up, Didn't you say Miss Xie was changing clothes in the building? What happened, you should hurry over and serve her."

In the Yingchun building, Lu Yan had already brought his people there. He was standing alone under the eaves with his hands behind his back.

Du Yun was about to go there, but was grabbed by Feng Shi, "You are the new maid bought by the big girl, what's the matter with the big girl? Who is she in there with?"

Du Yun threw Feng away, "Who said my girl is inside? How do I know who is in there? I was sent by my girl to watch the fun, and I still want to know what's going on inside."

Lu Yan's violently heaving chest calmed down slowly. He closed his eyes, adjusted his emotions of wanting to destroy everything just now, and turned around with a cold expression. Charm cold.

When Yang Yufei saw this man, she felt her soul was gone. She stared blankly at the young man, lamenting that her fifteen years had been wasted.

He alone has surpassed countless people in the world.

After hearing Du Yun's words, Mrs. Sun, Mrs. Feng and others were stunned, while Mrs. Xiao and Mrs. Qian breathed a sigh of relief. Their hearts were relieved, and they were a little dazed. Straight to the ground.

Today, if something happened to the eldest girl in Feng's family, the two of them might face the end of being divorced.

Thinking of it at this moment, both of them have lingering fears. They thought that they came to a relative's house, but they didn't expect that this was also the old lady's mother's house.

Lu Yan walked down the steps slowly, walked up to the bewildered Uncle Yongchang, and asked nonchalantly, "Uncle, if it is inconvenient, let the people in this seat go in and have a look. In broad daylight, It doesn't match the etiquette!"

The voices coming from the room, except for a few little girls, even the older girls who have not left the cabinet can understand what is going on inside after listening for a long time?

Mrs. Xiao came to his senses, and was about to ask his mother-in-law to take away the girl from the Xie family. At some point, neither of the two girls followed, but the brothers were very excited and talking about it.

Even if the brother of the Xie family is married, no maid is allowed around him, let alone the fourth young master Xie Mingqian, who is only in the prime of life, and asked Xie Mingcheng ignorantly, "Big brother, what is that voice?"

"Pfft!" Xu Liang couldn't help laughing, and teased, "You ask me, your big brother may not know, I know, I'll tell you!"

Many people couldn't help laughing.

Xiao's face was flushed with shame, and she said to Xu Liang, "The child is ignorant, so why should the elder son tease him?"

After finishing speaking, she reprimanded her son, "Take your younger brothers away quickly, don't listen to evil, don't look at evil, be careful, I will go back and tell your father, and punish you severely."

When Xie Mingxi heard this, his expression straightened, and he ran away with a few younger brothers.

Grandpa Tangyuan brought several people from Dongchang in. The door was kicked open, and the windows were all opened. The sweet smell inside floated out from the wide open window. A refreshing scene to be inside.

"This, this, what's going on here?" Mrs. Sun couldn't stand still, she looked over her son's smooth shoulders inside, and saw a face that was pressed against the wall, who is it not Bai Meizhi?

"Heaven!" Sun screamed, closed his eyes, and passed out.

"Hey, this really dirty our eyes!"

Eunuch Tangyuan took a look, quickly raised his sleeves to cover his eyes, turned his head and walked out, "Sin, didn't this girl serve uncle in Peony Building the day before yesterday? Why isn't this a father and son..."

Chapter 216 Peerless

Eunuch Tangyuan didn't say the last two words, but everyone present understood them.

"Uncle, what's wrong with you?"

There was a scream, and everyone hurriedly looked around, seeing that Feng Yan also passed out.

"Master, how good is this? Uncle Yongchang hasn't received the order yet." Father Tangyuan was so embarrassed.

Lu Yan casually stroked his sleeves, his fingers were as long as green bamboo, his sleeves were as white as jade, and his neatly trimmed nails shone like pearls, as beautiful as shells.

Yang Yufei stared at his fingers without blinking, Lu Yan raised her head with a slight sense, her eyes swept over Yang Yufei like an arrow, she suddenly panicked, and quickly lowered her head, her back was already covered with a layer of pain. cold sweat.

Eunuch Tangyuan also glanced at Yang Yufei, with a sneer on the corner of his mouth, and said to himself, another girl who is not afraid of death, do you think everyone can be as lucky as the county lord?

Lu Yan walked away without saying anything, but Eunuch Tangyuan had already understood the governor's arrangement, and made a gesture to leave the two young eunuchs behind.

"Big sister, as long as you are fine!"

By the purple bamboo forest, Xie Zhihui and Xie Zhiqian wiped away their tears and wept with joy.

"I'm fine, it's impossible." Xie Zhiwei comforted the younger sisters. At this time, Du Yun came and gestured to Xie Zhiwei. She quickly asked Bailing to serve the two younger sisters to the car, and told Du Yuan, "Go and talk to the two sisters." The second wife and the third wife said that something like this happened in the house, it is not good for us to stay anymore, I will take my two younger sisters back first.

and others left, Xie Zhiwei and Du Yan stood by the bamboo forest and waited. After a while, they saw Lu Yan's figure appearing on the path.

Lu Yan also happened to see Xie Zhiwei, his footsteps paused slightly, and the coldness like a knife's edge dissipated from his body instantly. The warm sun of early winter shone in from the branches and leaves, covering his body, making him radiate warmth and elegance, The temperament is as noble as jade.

Yaoyao peach and plum blossoms, scorching and glowing.

If there is such a man in this world, it is the one in front of him.

He walked over step by step, his beautiful face became somewhat blurred in the mottled light and shadow, but it did not damage his unparalleled grace.

When the person in front of him approached, Xie Zhiwei finally saw his face clearly, it was so bright that it was impossible to look directly at it, and when he realized that his mind was distracted for a moment, Xie Zhiwei was so embarrassed that he quickly turned his face away, not looking at him, Fushen said, "Lu My lord, we meet again."

"Well, we meet again!" Lu Yan saw Xie Zhiwei's embarrassment in his eyes, and there was a small light in his eyes, shining brightly.

The years were so peaceful, and a kind of happiness for the rest of his life welled up in his heart, which made his heart become compassionate.

"Is it time for the county master to go home?" Lu Yan asked.

"I'm ready to go back, Mr. Lu please!" Xie Zhiwei stretched out his hand.

Lu Yan took a step forward, Xie Zhiwei walked beside him, Tang Yuan and Du Yan followed behind, the two fell to the ground silently, turning into two shadows.

The purple bamboo forest is not far away from Yimen, and it arrived after a short walk. Xie Zhiwei's carriage stopped at the door, she stopped, looked at Lu Yan, her eyes were full of joy, "Lord Lu, I'm getting into the carriage."

Lu Yan stood with his arms folded and nodded slightly.

The carriage gradually went away, and when it was out of sight, all the warm aura on Lu Yan's body was gone, his eyes as beautiful as Fang Fei showed a demonic charm again, and the corners of his lips curled into a cold and soul-inducing light. Laughing, said, "Hui Gong" strode out.

In front of the Yingchun Tower, everything was in a mess, and Feng Shi shouted "Sin!" She couldn't hold it anymore, but right now there is no one who can stand up and take charge, don't look at the second

and third wives shouting fiercely in front of Feng Shi on weekdays , At this time, I was just in a daze, not knowing what to do.

Naturally, Feng couldn't control the members of the Feng family. She saw that Xiao and Qian were also standing still, and she had no intention of making any effort. At this time, her dissatisfaction with Xiao reached the extreme. She rushed forward and slapped On Xiao's face, "Idiot, what are you still standing there looking at, and don't let people go up and pull them away."

Xiao was stunned by the slap in the face. She covered her face and looked around. Everyone was shocked and looked at herself with strange eyes. She was extremely sad, but calmed down, "I don't know what my wife did wrong. What? The old lady treats her daughter-in-law like this?"

"I called you wrong? Are you also watching the fun of Feng's family?"

Ms. Xiao took a deep breath. The woman beside her wanted to pull her away, but she shook off her hand, "Didn't you hear what the old lady said? Hurry up and pull the young master and the young lady away!"

The sweet smell in the room has dissipated, Feng Congtao and Bai Meizhi also slowly woke up, feeling cold for a while, the two looked at the window together, and naturally saw the crowd outside.

"Ah!" A scream came from Bai Meizhi's mouth, and Feng Congtao quickly grabbed the big red brocade quilt and covered himself.

Ms. Qian was afraid that Mrs. Feng would also slap her in the face, so she hurriedly asked Uncle Yongchang and Mrs. Sun to pinch him, poured ginseng soup, and managed to wake them up.

The one who stayed here was Mr. Mi Tuan. I don't know whether it was intentional or not. Seeing that the two people in the uncle's mansion were awake, he took out the imperial edict calmly and said, "Feng Yan, accept the edict!"

Hearing this, Feng's heart had a bad feeling, but the angel was here, so she couldn't help thinking about it.

In the uncle's mansion, at this time, the two leading actors in it could no longer take care of them, and they were busy going to the main hall to set up the incense table, and a group of people went forward in a mighty way.

The incense table was set up, Yongchangbo and his wife knelt down with the support of the servants, the people in the second room and the third room knelt behind, and a large group of people knelt on the ground, only to hear Father Mi Tuan's shrill voice echoing in the hall, "...Guo Duo The title of Earl of the Yongchang House, hereby!"

Others are acceptable, Feng Shi was the first to pass out, Xiao Shi and Qian Shi supported her without changing expressions, and they looked at each other with a trace of happiness in their hearts.

A wedding banquet that ends in tragedy.

The guests took their leave without waiting for the host to wake up, and they left almost instantly.

Xiao Shi and Qian Shi asked people to lift the old lady into the carriage, and the two stood by the side, one on the left and one on the right, and the carriage drove towards the inner city at a leisurely pace.

Ms. Qian is okay, but Mrs. Xiao is kneeling on the carriage, her body swaying with the speed of the carriage, she is like a tumbler, with a dark face, half of which is swollen like a steamed bun, like a wooden figure.

Qian didn't know how to comfort her. If she met her today, she would vomit so badly that she didn't want to live.

The only thing she is fortunate about is that in these years, she has never been valued by Feng Shi, nor has she been entrusted with important tasks. No matter how bad Feng Shi treats her, she can still be at ease.

The carriage finally arrived at Xie's house, entered the west corner gate, and stopped in front of the vertical flower gate. Mrs. Qian opened the curtain, and Mrs. Yuan came to greet him inside the gate with a group of children. Xie Zhiwei stood beside Mrs. Yuan, watching with interest. The old lady's carriage.

Chapter 217 Exploration

"Mother, what's wrong with your face?" Xie Zhihui didn't care about the old lady who was being carried out of the car, but saw Xiao's half-swollen face at a glance.

After Feng slapped Xiao, the maid next to her wanted to help her get hot water for her face, but she refused, so she went from Uncle Yongchang's mansion to Xie's house with her face on her face.

"Who beat this?" Xie Zhihui thought of something when she asked this sentence, and couldn't help but look at Feng Shi who was being carried on the spring stool. Seeing Feng Shi's tightly closed eyes, you can see the eyeballs inside turning.

Thinking that the old lady was going to use such a despicable means to marry her eldest sister to her natal nephew, regardless of her seniority, and now she beat her mother again, still at a relative's house, disregarding her mother's face at all, Xie Zhihui was full of anger, She was about to rush forward to question her, but Xiao grabbed her.

The daughter is different from the big girl, the status of the big girl is more precious, and the title of Duanxian county lord is in front of her. As long as the big girl doesn't kill her relatives, the Cui family can protect her for the rest of her life. The old lady is not a big girl after all. For so many years, there is no old man to help cover it up. The old lady's stupid name is out there. The big girl and the old lady don't get along. The world has its own comments.

But the daughter can't do it, the old lady is the daughter's direct grandmother, and even though the father is the governor of Hubei, how can the foundation of the Xiao family compare with that of the Cui family?

Otherwise, the old lady would not have taken a fancy to herself back then.

Xie Zhiwei went up to meet her, she pretended to be very concerned about the old lady, leaned over the spring stool, approached the old lady, and saw the old lady's eyeballs rolling, she couldn't help but chuckled, and said in a low voice, "Old lady, I dreamed about my mother at night, and she said that she died so badly!"

Xie Zhiwei didn't mean to say this, it was purely impromptu.

She just remembered that in her previous life, she heard Mother Qiu say that her mother gave birth to her, and she died of bleeding after her confinement was full. This is very strange.

When she was seven years old, she was taken to the Cui family, and the Cui family kept her for two years. At that time, the Cui family had added a new family rule, all the girls were not required to study medicine, but they had to be knowledgeable about drugs. The dead don't know.

At that time, she had already been sent to the cold palace. Even if she had doubts in her heart, she could do nothing. After a while, Mother Qiu disappeared, and everyone around her disappeared, leaving only her alone. She is full of revenge, and she doesn't even care about herself, so naturally she can't go over some old issues.

Today, Xie Zhiwei wants to try it. The Feng family suffered such a catastrophe, and the Feng family, who had always regarded the Feng family as their lifeblood, was in a state of confusion. Now is a good time to test it out.

Feng's face suddenly turned pale, and her body shook violently. She turned over and fell off the spring stool.

The two women carrying the spring stool were so frightened that they dropped the spring stool, knelt down quickly, and dared not even say a word of begging for mercy.

Feng's case, the answer is self-evident.

Xie Zhiwei closed her eyes, her hands were tightly clenched into fists, her whole body was trembling, and a mouthful of blood spurted out from her heart.

"Mae Mae!"

"big sister!"

"Big girl!"

All the people were stunned. Seeing Xie Zhiwei swaying, a group of people rushed up. Yuan held Xie Zhiwei in his arms and was very anxious, "Mei Mei, what's wrong with you? Don't scare your mother!"

"Mother, I'm fine!" Xie Zhiwei cried with two lines of clear tears in his eyes, "Although my father was not born by the old lady, everyone still has a place. For no reason, the old lady actually blamed us, and I should have known that I should not have gone to Feng's house today."

No one heard what Xie Zhiwei said to the old lady. Hearing what Xie Zhiwei said at this time, everyone thought that Xie Zhiwei had just stepped forward to check on the old lady, and was scolded by the old lady, and thought of the slap mark on Xiao's face. What is there to doubt?

The old lady is out of her mind, right?

Everyone went around Xie Zhiwei, Yuan hurriedly asked a woman to come over and carry Xie Zhiwei in, regretting to death, she should have stopped Xie Zhiwei from coming to greet the old lady.

Even Xiao's most favored daughter-in-law was slapped. My own daughter has always been disliked by the old lady, so why not bully her to death?

Still don't know what the old lady said to her daughter, she was so angry that she vomited blood.

Thinking of the fact that her daughter vomited blood and would not live to be a mature man, Yuan Shi was frightened for a while, her legs were not good enough, she limped and followed behind, and the women wanted to help her, but she threw it away and trotted two steps to keep up, while asking, "Be careful, don't drop the big girl."

Xiao Shi and Qian Shi also panicked. Although Xie Zhiwei is a girl's family, he has a much higher status in the old man's mind than the sons they raised. The old lady was so angry that he vomited blood today. They are all in front of him. When the time comes, the old man will punish him. When you get up, you have to be hanged down.

"Did you invite a doctor?"

When it came to the gate of Yizhaoyuan, Xiao remembered it, and quickly ordered, "Go to Huichun Hall and invite Old Doctor Li?"

Xiao Shi, who has been a family doctor for more than ten years, knows the root of it better than anyone else.

Ms. Yuan hurriedly said, "Yes, yes, yes, hurry up, Nanny Tian, you should go there yourself, and be sure to invite Old Doctor Li."

Old Doctor Li is seventy years old, and Xie Zhiwei is a girl, so there is no need to shy away from it.

In the Yizhao courtyard, still so exquisite, Xiao and Qian were invited by Zimo to sit and drink tea in the open room, and Xie Zhihui and his sisters.

In the Xishao Room, Xie Zhiwei was put on the bed, Mother Qiu asked someone to bring hot water, Yuan Shi sat on the side of the bed, and wiped her hands and face with her own hands, seeing her daughter who was usually like a flower bone, she felt like She loved the withered flowers in early autumn to death.

He didn't dare to ask what the old lady had said to her.

"No matter what happens, no matter what, you and your father and me, don't take anything to heart.

Yuan stroking her daughter's temples, "You are still young, you don't understand some truths, in this world, there is no hurdle that cannot be crossed, and now seeing something very serious, after waiting for ten days and a half months, After a year and a half, you go to see it again, and you will find that there is actually nothing serious."

"You have read so many books, you should understand this truth better than your mother. Look at you, you can't get along with yourself for no reason. If your body hurts at the root, what should you do?"

Xie Zhiwei vomited out that mouthful of blood, which looked very dangerous, but in fact, she knew it in her heart, it was better than not spitting it out. If she doesn't vomit this blood, and she can't take a knife to kill the old lady right now, she has to figure it out slowly, how aggrieved!

However, Xie Zhiwei was also very sorry to see that the family members were all worried, "Mother, I'm fine, you go out and say hello to Second Aunt and Third Aunt, don't make them worry."

Chapter 218 Cui Shi

Mrs. Qian heard it from outside, came in, stood at the door, raised the curtain and smiled inwardly, "You child, you spend too much time on your mind, what do we care about at this time?"

Just as he was talking, the doctor came, Qian hurriedly asked Xiao to avoid him, and went out to the yard to greet him, "I am really sorry for your inconvenience, you are so old, it is really a shame for you to make such a trip." We are children, and we are afraid of falling into the root of the disease."

The room is filled with a faint fragrance, and the fragrance is elegant.

Old Doctor Li didn't look sideways, and was invited in. Yuan Shi waited beside him without evading, and politely invited Old Doctor Li to sit down.

The curtain was lowered, and Xie Zhiwei stretched out one hand, covering his head with a piece of silk cloth.

Old Doctor Li sat down on the stool, and calmed down for a moment, then raised his sleeves and stretched out three fingers to rest on Xie Zhiwei's arm.

After about ten breaths of effort, Old Doctor Li just retracted his fingers.

"How?" Yuan asked impatiently.

"It's caused by rage. Fortunately, the girl has a strong foundation. If she takes good care of her, she should be fine. You just can't be too emotional in the future. Otherwise, if you do it twice, you will hurt the root. If you want to raise it again, you will be afraid." Difficult."

Everyone inside and outside the room breathed a sigh of relief.

Someone had notified Xie Yuanbai of the movement here, and he rushed over. After the old doctor Li prescribed the prescription, he checked it himself before sending the old doctor Li out of the house.

Xie Zhiwei's side is fine for the time being, and Xiao's and Qian's concerns were finally relieved. They just came back, and there were a lot of things to deal with in the yard, so they went back for the time being, and said they would come to see it tomorrow. Xie Zhiwei.

Only Xie Zhiwei and Xie Yuanbai and his wife were left in the room. Yuan Shi sat on the side, with tears in his eyes, wanting to give up but not daring to give up, let alone complaining.

Xie Yuanbai asked, "Mei Mei, what did the old lady tell you?"

"I didn't say anything." Xie Zhi smiled, looked at Xie Yuanbai and said, "Father, you don't know what happened in Yongchang Uncle's Mansion today. The title of Uncle Yongchang's Mansion is gone, and the old lady must be feeling bad now, she said something, my daughter doesn't want to argue with her."

She knows how much her father loves her mother. Once she tells her guess, her father will definitely not be able to bear it. If her father goes to kill the old lady with a sword, how will her father reconcile with the second uncle in the future? Four uncles get along?

What about the future of the father? With a father who killed his stepmother, what will happen to his younger brother in the future? However, if he told his father and refused to let his father take revenge, how cruel would it be to his father!

For such a bad old woman, Xie's family was destroyed, and the jade bottle was injured by beating a mouse. No matter how Xie Zhiwei thought about it, it was not worth it.

She is not the little girl who didn't care about everything in her previous life. In this life, she was reborn for revenge, and she wants to tear these people apart with her own hands.

Feng fell to the ground and accidentally knocked out two front teeth. Her mouth was covered in ashes and blood. She lay on the ground for a long time, but no one cared about her.

Everyone followed Xie Zhiwei.

It was still Nanny Chang, who came back to her senses after a long time, saw the old lady lying on the ground and no one paid attention to her, so she stepped forward and kicked the two kneeling women who were frightened by the spring stool to wake up, and cursed, "Everyone Dead, hurry up and lift up the old lady."

Together with Nanny Chang, the two women carried the old lady into the Chunhui Hall. Nanny Chang hurriedly cleaned the face of the old lady, and saw that the old lady's two neat front teeth, which had always been well-raised, were gone. , a big hole was cut, and there was a bruise on her forehead. When she looked again, the old lady's eyes were straightened, her eyes were also dumbfounded, and she didn't know what to say. She suddenly panicked, "Old lady, don't you Frighten me, what's going on?"

"Pearl, do you remember Choi Shi? When Choi Shi died, wasn't it scary?"

Pearl is Nanny Chang's boudoir name. When she heard this, she was so frightened that she almost flew out of her wits. She covered the old lady's mouth and scolded the two wives, "Get back quickly, Are you waiting for a reward?"

The two women looked at each other, twitched the corners of their mouths, they looked respectful, and hurriedly backed away, only to leave the courtyard of Chunhui Hall, muttering, "What's the matter, it's true."

"Did you hear that? The old lady said that she is the eldest lady, and her face..."

The two talked at the same time, and didn't notice Xie Zhongbai who was hurrying in front of him. He suddenly turned his head and stared at the two women. The two women were stunned for a long time before going up He bowed before him, "Second Master!"

"What did the old lady say about the eldest lady first?"

The two women took a deep breath, knelt down quickly, and kowtowed violently, "Slaves talk too much, slaves got it wrong, slaves deserve to die!"

After finishing speaking, they rushed to slap themselves in the face.

Xie Zhongbai didn't know what the two women were doing, so he took a look and walked away.

In the Fuhe courtyard, Xiao's face was still swollen. Madam Tang wanted to cover her face, but she pushed Madam Tang away, and sat on the chair in the open room, with her head down, not knowing what she was thinking. What?

Xie Zhihui sat on the side, endured and endured, "Mother, did grandma beat you?"

She just finished asking this question, when Xie Zhongbai came in, saw the redness and swelling on Xiao's face, and was taken aback for a moment.

"Hui'er, you can go back to your room first, or go to see your big sister."

Xie Zhihui bit her lips unwillingly, but when she saw her mother's tearful face, she didn't dare to embarrass her mother anymore, so she got up, saluted her father, and left.

Xie Zhongbai and Xiao Shi sat down at a table across the table. He glanced at Xiao Shi's face again, feeling a little unbearable, and asked, "What happened?"

Today, what happened in Yongchangbo's Mansion is obvious to all. It took less than a cup of tea to spread throughout the capital. If it hadn't been for Xie Tiao's leaving Xie's family and Uncle Yongchang's mansion aside during the Great Court Meeting before that, today, Xie's family would be tied to the pillar of shame.

This is also the original intention of the late emperor to bestow this marriage, in order to let the **** and blood leeches in the Yongchang uncle's mansion stick on the lintel of Xie's house.

For so many years, although Xie Tiao never said anything in front of his sons, how could this blood leech in Uncle Yongchang's mansion absorb Xie's family, all he sucked was his sister-in-law's dowry, Xie Zhongbai and the fourth child still have eyes.

He also mentioned his wife many times, but Xiao never listened to the money. One side is his wife, the other side is his mother, what can Xie Zhongbai do?

Today, only a few brothers from the Xie family went, and none of the old men went. Xie Zhongbai wanted to know what was going on, so he could only come back and ask. The old man is still waiting for him to go back and answer.

Mrs. Xiao knew this very well, and did not quarrel with Xie Zhongbai. She cried and told what happened. In the end, she couldn't help it anymore, "The old lady just slapped me in the face, in front of so many people. In front of me, I was stunned at the time, and I didn't even know what I did wrong?"

Today's update!

Ask for votes and comments, thank you everyone!

Xiao Xun: Let me come back, I want to go back, Mei Mei vomits blood, I want to go back and hack that old woman to death.

Lu Yan: I can cook by myself, don't worry about the county prince!

Xiao Xun cried, "You have already taken care of everything, what do you want me to do?"

Chapter 219 Homecoming

Ms. Xiao covered her face with a handkerchief, crying so hard that she couldn't breathe.

If it was different from the past, Xiao Shi would definitely have a quarrel with Xie Zhongbai, but now, she is disgusted by Xie Zhongbai, and there are so many things happening at home, she dare not make a scene.

Mother Tang was the only one left in the room. She was Xiao's wet nurse. Now she came forward and saluted Xie Zhongbai. , Pillow to persuade his wife, the master feels that the wife is doing something wrong, if you talk more, the wife can still listen to it. These days, the wife has been thinking about it. Today, the old lady is in the public, and she is ashamed of the wife. If the master If you don't cherish your wife more, how can your wife survive?"

While talking, Nanny Tang winked at Xiao Shi, allowing Xiao Shi to take the opportunity to give in to Xie Zhongbai.

Mrs. Xiao is not stupid. Seeing that Xie Zhongbai's eyes softened, she hurriedly knelt down in front of Xie Zhongbai and cried, "Master, I am not the kind of person who can't tolerate others. I think Aunt Yu's two children are better than you. How much younger can the concubine Cheng be? The master said that he would bring in another one, and the concubine did not stop him, but the master could not ignore the concubine. How could the concubine have any face now? People in the capital only I'm afraid I'm making fun of my concubine."

This is the truth. Seeing the end of the year, Xiao Chenglie will also go to Beijing to report on his duties. Knowing this, he will definitely not let it go. Just now my father also said that he was hesitant to talk about the widowed girl in Lin Jijiu's family. , and have not given the other party permission so far, it doesn't matter if this marriage is not done now.

Xie Zhongbai abides by the rules of a gentleman. At the beginning, it was his father who said that he would bring in a good concubine to beat Xiao Shi. He is not a good-looking person. If Xiao Shi is willing to keep his own place and not follow the old lady to help the tyrant, he will not be able to make troubles in the backyard.

Xie Zhongbai helped Xiao Shi up with his own hands, raised his finger, and wiped away the tears on Xiao Shi's face, "You have been wronged today, father, I will go back to carry the concubine, my knees are already Three brothers, it's not impossible for you and Mrs. Yu to have children. You don't need people to come in and spread your branches. Only you should know from now on, what can and can't be done. The reason why I agreed to this marriage back then was because of my father-in-law My lord is a Jinshi on the second list, a person who has read poetry and books, and has a clean reputation. Thinking of the girl under his knees, she should also be sensible and general."

Mrs. Xiao understood what she said. The reason why she wanted to raise her concubine was to beat her up.

She was overjoyed, she naturally agreed to everything Xie Zhongbai said, lowered her head and said, "Master, I know I made a mistake, and I will correct myself. If I did something wrong, the master said that I am wrong." will be kept in mind."

Xie Zhongbai got up and helped her up with both hands, "You and I are married, I understand your thoughts, and I have told you again and again that the future head of this family will only be the eldest brother, the eldest brother is literary and military, distinguished, regardless of his status. His temperament and talent are beyond my comparability, he was selected as a Tanhua at the age of sixteen, and everyone said that he has the talent of the number one scholar, and his writing is beautiful, how many people are there in the past and present?"

Speaking of elder brother, Xie Zhongbai was full of distress, and his expression was bleak, "Later, elder brother suffered the pain of losing his wife, he had no intention of official career, traveled abroad for a year, left many legends about him in the rivers and lakes, went to the frontier, five years, the Xie family did not Give him any help, he has made great military exploits, and was appointed by the emperor as the commander of the Shenji Battalion. The elder brother is only 30 years old, and he is already a fourth rank. I think I am not as good as him!"

Xie Zhongbai is also a young man who is proud of his talents when he was admitted to the imperial examinations. But if we say, who is worthy of his admiration in his life, one is his father and the other is his elder brother.

The old lady has brainwashed him for so many years. He has never shaken his belief, let alone Xiao.

The old lady had the idea of arguing, and he had no choice but to do so, but the Xiao family had it, and he absolutely couldn't tolerate it.

Xiao Shi had already realized this, and with lingering fear in his heart, he lowered his head and admitted his mistake, "It's my concubine who is short-sighted."

The old man was still waiting for Xie Zhongbai to reply in Qijianzhai, Xie Zhongbai didn't stay in Fuhe Courtyard any longer, and only asked Xiao to apply some medicine on his face so as not to hurt his face.

The goal was achieved, and Xiao Shi was really afraid of hurting her face, so she hurriedly asked Mammy Tang to boil eggs to apply to her face, and then found some medicine to apply.

"What about my sister? Will she not be discovered?" Xiao asked.

She got this slap, which was more uncomfortable than killing her, and the guilt of revenge for the old lady was gone.

"Is that possible?" Tang Momo glanced out of the window and said in a low voice, "The princess of the county is doing things, what else does the wife have to worry about? Now, the master's heart has finally come back, and the wife should not twist with the master in the future." Now, this husband and wife are of one mind, their profits cut through gold, and the girls and buddies will be successful in the future, which is better than anything else."

"I've seen through it a long time ago." Mrs. Xiao didn't want to mention the previous incident anymore, and the loss was almost exhausted. If I think about it, I can't get along with myself. What's going on? I always feel that this is wrong. Looking at Uncle Yongchang's mansion, it means that she doesn't take sister Mei seriously. If this marriage is really going to happen, it's best if they are cousins in the first place. Yes, could it be said that the Yongchang uncle's mansion was plotted by sister Mei?"

Nurse Tang didn't know, she was deep in thought, when Hongyu walked in quickly outside the door, and said in a hurry, "Madam, the master said to let the wife go to Chunhui Hall quickly, uncles and wives are calling."

Ms. Xiao covered her face, and said to herself, she hadn't found the Yongchang uncle's mansion yet, but the Yongchang uncle's mansion actually came to her door. This is really great.

Chunhui Hall was in a mess.

The vertical screen at the door was knocked down to the ground. There were several pots of narcissus in glass pots, pots of fire-burned flower bonsai and pine red plums.

Mr. Xiao, Mr. Qian, and Mr. Yuan who came after hearing the news stood in the yard, looking at each other, listening to the sharp quarrels and insults coming from inside, no one wanted to go in.

"Report to Tianfu!"

Xie Zhiwei's voice sounded at the door, and the third sister-in-law hurriedly turned her head away, seeing Xie Zhiwei standing at the door wearing a red cloak with a pale face, she couldn't help being startled.

"What are you doing here, kid?" Yuan Shi hurriedly asked, asking someone to send Xie Zhiwei back.

"Mother, Second Aunt, Third Aunt, everyone is calling at the door, what are you waiting for? Report to the yamen!" Xie Zhi said coldly, looking at the main hall of Chunhui Hall.

There was a moment of silence in the room, and after a while, Mrs. Sun and the two sisters-in-law rushed to the door, and cursed at the third sister-in-law of the Yuan family, "I thought the Xie family's poems are polite, how can you make sense? My aunt has been married to the Xie family for thirty years, right?" It's a dog that has learned to read and write, why doesn't it make any sense at all? The junk that can't be accommodated in my own house is stuffed into my Feng's house, not only hurting my father, but also hurting my son! "

Chapter 220 Stupid

The old lady sobbed in the room.

Xie Zhi sneered slightly, and was about to step forward, but was pulled by Yuan Shi, Xiao Shi stepped forward and saluted, "Uncle and Madam, if you say this, don't know how to do it? Say something that shouldn't be said, Bai Cousin accidentally fell into that kind of place, there are so many men in the capital, how come Cousin didn't serve others, but uncle and master?"

"Leaving aside these things, Miss Baibiao is a hard-working girl, and the Feng family is Miss Baibiao's natal family. This is an indisputable fact, right? The Feng family not only ignores Miss Baibiao when she

is in trouble, but also the uncle and wife don't let anyone Entering the door, it's so cold, my Xie family can't afford to be a relative of my uncle and wife's family!"

"Second wife, it's not up to the second wife whether you can climb up or not. Now that the Feng family's title is gone, even making a living is difficult. Now that the Xie family wants to get rid of the relatives of the Feng family, they are not afraid of being poked by people in the capital. The spine." Yang said in support.

"What's there to be afraid of?" Qian shook her handkerchief, took a step forward, and said imposingly, "Uncle and Madam, if the Feng family treats the white cousin like this, why can't the Xie family get rid of the Feng family's marriage? Uncle and Madam They all came to the door, why didn't they just eat up the old lady, who is no longer a relative? Our old man has always said that the serious in-laws of the Xie family are not the Feng family, but the Lu family. ."

"So, your Xie family doesn't recognize me as a relative of the Feng family?"

Seeing that Bai Meizhi could not be discussed, Sun couldn't help feeling flustered. Before there was an old lady in front, Mrs. Sun never knew that the two sisters-in-law of the Xie family were so sharp-tongued.

It seems that Feng's slap completely broke Xiao's heart, and she couldn't help scolding the old lady in her heart, she is really an idiot.

"Whether you recognize it or not depends on what the uncles and wives say?" Xiao looked at the three shabby households with disdain, "How much has the Xie family subsidized your Feng family over the years? Now if there is any trouble, you will come to your house. How can there be relatives like this in the world? Who dares to have relatives like uncles and wives?"

"Oh, hello! This is really terrible!" Sun sat down on the ground and began to play tricks, "Where did this come from? I came to the door as an elder, and was pointed at by a group of nieces and daughters-in-law. Which rule is this?"

"Second Aunt, report to the government office!" After Xie Zhiwei finished speaking, he turned around and walked out, ordering, "Let the steward come in and take stock of what has been lost? Report to Shuntian Mansion, is it possible that you still have to pay for these things tonight?" You are a lunatic, and the entire family will not be at peace?"

Because the people who came to make trouble were the female relatives, none of the young and old of the Xie family dared to come forward, and they would suffer a great loss if they were raped.

The Feng family is just a pile of shit.

If it doesn't stink to the extreme, the first emperor would not have mentioned marriage back then.

Because it was Xie's family who reported the case, Shuntian Mansion came very quickly. Lu Qiling led the team and rushed directly to Chunhui Hall, restrained the three wives of Feng's family, and was about to take them to the yamen.

"I see who dares!" Feng pointed a pair of scissors at his neck.

It is a matter of human life. If the law is enforced, once the censor is involved, Lu Qiling's bright future, not to mention ruined, will be a stain to some extent.

Xie Zhiwei glanced at Du Yuan. Du Yuan was clasping a pearl in his hand. With a light flick, Feng's wrist suddenly went numb, and the scissors fell to the ground. It was too late for her to pick it up.

Du Yuan rushed forward, kicked the scissors away, controlled the old lady, and threw it into the arms of the stunned Nanny Chang.

Mrs. Xiao hurriedly said, "Nurse Chang, you have to protect the old lady. If the old lady does something stupid again, and there is something wrong, your family will follow and serve the old lady!"

Nanny Chang was frightened to death, she quickly hugged the old lady, and said in a low voice, "Let them go first, and get them out later. There are too many of them right now, and Lu Shaoyin is from the Lu family. If people are of the same mind as the old lady, the old lady should not be tough with them."

Moreover, Chunhui Hall was smashed upside down by uncles and wives. This is a slap in the face of Xie's family. It's no wonder that Xie's family can hold back.

Chunhui Hall is the place where old ladies of all ages live, and the Xie family has never encountered such a thing in hundreds of years.

The old lady knew she was in the wrong, and wanted to be rude, so she had to calm down at this time.

Since ancient times, the people will not sue the officials and will not investigate, and it is only a matter of saying that Xie's family will go to Shuntian Mansion to release them.

Sun and the others wanted to scold them, but Feng Man asked them to be taken away without saying a word, which is simply unreasonable.

The yamen servants thought these women were talking too loudly, so they grabbed a piece of cloth and blocked their mouths. This cloth is like a water and fire stick, and it is a tool for them to enforce the law, which also means that it has been stuffed into the mouths of countless people, and the smell is so strong that people can spit out the overnight meal.

The decency of the Sun family and others disappeared in front of these yamen servants.

Xie Zhiwei went forward, saluted Lu Qiling, and said, "Your Majesty Lu, you've worked hard, so I'll go there myself! My father is at the front, and I'll let the servant girl take my uncle there for a cup of tea and talk."

The first sentence is official Chinese, and the latter sentence is a relationship.

Looking at the little girl, Lu Qiling couldn't help but smile. Her character not only has the intelligence and stability of the Xie family, but also the flexibility of the Cui family, as well as the determination of the Lu family.

"You're welcome!"

Xie Zhiwei walked out with Lu Qiling, "Cousin, the Feng family broke a lot of things in my Xie family, and my mother's dowry list, I remember there was a file in Shuntian Mansion back then, and I'm about to discuss marriage Now, I have to save up some dowry for myself!"

Lu Qiling naturally understood what she meant, the corners of her lips could not help but curl up, and she really wanted to reach out and touch the two little cockroaches on her head, after all, she was not a girl under seven years old, he held back, and said, "Cousin knows!"

Xie Zhiwei led him not through the Hanging Flower Gate, but through the hall behind, and entered the main hall of Xie's house. Xie Yuanbai was waiting here, and hurriedly came forward to salute Lu Qiling.

Although Lu Qiling is not the nephew of the Lu family, after the accident more than ten years ago, the Lu family has withered, and only Lu Qiling is left. Fortunately, it is not impossible for the Lu family to recover in the future.

Cousins haven't seen each other for many years, so meeting each other is naturally very affectionate.

Xie Yuanbai looked at his daughter's pale face, and said angrily, "You are not in good health, why are you getting up to join in the fun? Hurry up and go back to lie down, I will talk to your cousin."

Lu Qiling was invited by Xie Yuanbai to Qijianzhai, Xie Tiao was waiting, and after seeing Li, Xie Tiao pointed to the chair in front of him, "Sit down!"

Lu Qiling was afraid that Xie Tiao would speak for Uncle Yongchang's mansion, so he acted in a business-like manner, "Cai's family has already given the official a list of the things lost in Chunhui Hall. According to the law, the official will file a case on the spot. This case can be said to be big or not. Well, it's not too small to say the least, the lower officials saw that there were still several good items in the list, and after doing the math, there was also twenty to thirty thousand taels of silver, and it would take a long time to settle the matter."
