

The Power 31

Chapter 31 Zhou Xuan

Mr. Chen couldn't help sighing in his heart, this girl looks young, but she is an extremely intelligent person, she actually understood his intentions and was unwilling to take the bait.

The kindness he sent to the door, but the other party refused to accept it, there is no way.

After the medicinal materials were prepared, the little guy was about to wrap them up. Xie Zhiwei said "Wait a minute", and she came forward to check them one by one.

The boys waited aside, seeing such meticulous people for the first time, although they were admirable, but in the end it was because they didn't trust their work, they looked at each other in dismay, and they were all a little worried.

Although the medicated diet recipe is brilliant, no one would think that it was written by Xie Zhiwei. A ten-year-old girl, even if she studied medicine in her mother's womb, at this age, it is already very important to be able to prescribe a prescription for diarrhea and cold.

Only Doctor Chen can see the brilliance of this medicinal recipe, and these little fellows can't understand it.

Xie Zhiwei twisted out a "lobelia" from one of the packs of medicine, held it up and looked carefully, "Is this medicine wrong?"

Lobelia is used as medicine with dried whole herb, which does not need to be processed. It is pungent and flat in nature, and has the heart, small intestine and lung meridians.

"This is Lobelia, girl, don't worry, we have opened Chuntang for 10 or 20 years, and we have never sold fake medicines." Dr. Chen leaned up to take a look at Lobelia, wishing to pat his chest to assure him.

"Then can you add another lobelia for me?"

"That's no problem, but you can't add or subtract medicines in a pack."

"That's okay, I'll just take this plant out." Xie Zhiwei asked for a piece of paper by the way, and carefully wrapped the lobelia plant.

In the room, Xu Liang heard the commotion outside, he saw Xiao Xun's complexion getting worse and worse, couldn't help it, moved his lips, and asked in a breathy voice, "What's wrong?"

Xiao Xun didn't speak, outside, Xie Zhiwei had already ordered the maid to pay the bill.

After the settlement was completed, Xiao Chen didn't notice anything, Xiao Xun couldn't help it. Although he didn't deal with this girl many times, he knew that she was not a random person, on the contrary, she was smart and cunning.

Xiao Xun came out from inside, he glanced at the Banbianlian in Xie Zhiwei's hand, and asked, "Miss Xie, do you dare to ask what's wrong with this medicine?"

Xie Zhiwei glanced at him, like a cat stealing fish, smiled happily, but also with malicious intentions, "It's better for the county prince not to know, if you know, I'm afraid you will be so angry that you won't be able to sleep well."

"Smelly girl, what's going on? I haven't settled with you yet. What did you say when you checked my pulse just now? You said I have a slippery pulse. Hmph, how can a man be pregnant?"

When Xu Liang saw Xie Zhiwei, he was so angry that smoke came out of his seven orifices, how could he remember how he promised Xiao Xun just now.

"There is no man in the world who goes to a girl's house to touch porcelain. Oh, so you are a man. My eldest sister misread it and thought you were a woman. She saw you lying on the ground when she didn't agree with you, so I gave you a doctor." I have a happy pulse." Xie Zhihui rushed forward, stopped Xie Zhiwei behind her, and prevented Xu Liang from bumping into the eldest sister.

Xu Liang is like a fighting cock, he wants to argue with Xie Zhihui, Xiao Xun raised his hand to stop him, "If you say one more word, I will get the **** out of here!"

"Gah!" Xu Liang swallowed the words that came to his lips.

He dare not!

Xiao Xun continued to stare at the medicinal materials in Xie Zhiwei's hands, Xie Zhiwei only felt that God has such eyes, she held up a lobelia, and shook it in front of Xiao Xun, "Unfortunately, the prince of the county, this is actually a golden green ice lotus ."

Jinqing ice lotus and lobelia are similar when they are not dried, but ordinary doctors can distinguish them because the leaves of Jinqing ice lotus have a golden outline. But after drying, the color turned dark brown, and the gold border also changed color, hidden in the brown, and it was extremely difficult to distinguish it again.

But it is not impossible, the original golden outline is darker in color than the leaf surface, and it cannot be seen unless you look closely.

At this time, after Xie Zhiwei's reminder, Dr. Chen had already seen that this was indeed a golden green ice lotus. His face suddenly became ugly, and beads of sweat ooze from the corner of his forehead.

Golden Green Ice Lotus detoxifies hundreds of poisons, and most importantly, Golden Green Ice Lotus is the main medicine for treating Seven Star Gu poison.

If the father knew that he sold the Jinqing Binglian as lobelia, and the buyer repeatedly reminded him that he was not vigilant, he would be beaten to death by his father.

Xie Zhiwei smiled. She obviously didn't intend to return it. She put away the medicinal materials, wiped her hands with a handkerchief, and was about to leave when Xiao Xun asked, "Miss, can you tell me what poison Jinqingbinglian can detoxify?"

Xie Zhiwei is alert again, if she says she can detoxify the seven-star poison, will Xiao Xun kill her to silence her?

And with Xie Zhiwei's flash of effort, Xiao Xun's eyes sank. Not many people know about the seven-star Gu poison in his body, but Xie Zhiwei actually knows!

So, how could she know about the seven-star Gu poison in Xiao Xun's body? Threatening Xiao Xun with this incident made Xie Zhiwei want to die.

In fact, if this happened to anyone other than Xiao Xun, Xie Zhiwei could easily handle it, or, if Xie Zhiwei hadn't cooperated with Xiao Xun in the previous life and didn't know Xiao Xun's character, she wouldn't be like this nervous.

Who is Xiao Xun? Counting exhaustive strategies, wisdom is close to demon.

Is it too late to return it to Xiao Xun?

Although she had no intention of occupying this Jinqing ice lotus, she was even ecstatic when she found this Jinqing ice lotus.

Golden Green Ice Lotus grows on the top of snow-capped alpine peaks. It is an annual herbaceous plant.

In the previous life, it was because of the lack of such a blind medicine that Xiao Xun couldn't get rid of the seven-star Gu poison until the end.

And she once asked God silently in her heart, if there is an afterlife, how should she repay Xiao Xun?

It was Xiao Xun who avenged her, and Xie's family was destroyed.

Perhaps it was her silent prayer that moved the heavens, Xie Zhiwei never expected that she would get the golden green ice lotus so easily.

Xiao Xun's poison has been cured. If she can help Xiao Xun detoxify the Seven Star Gu poison, she will not owe Xiao Xun anything.

From then on, this young man who "runs proudly on a steed, tramples on falling flowers, and whips his whip straight on a chariot of clouds" can live unscrupulously. He is still a young man when he returns from a thousand sails with a sword and wine.

Facing Xiao Xun's eyes, Xie Zhiwei realized that he was still too naive, thinking everything too simply.

Xiao Xun is not a human being.

Xiao Xun smiled slightly, watching Xie Zhiwei's dilemma with great interest.

Xie Zhiwei took a deep breath, now, she has no choice but to deal with Xiao Xun.

Now that the Jinqing Binglian is in his hands, unless Xiao Xun doesn't want this life anymore, he shouldn't dare to take a shot at him easily.

Xiao Xun didn't want others to know that he had been poisoned by the seven-star poison, and if he lost his life because of the golden green ice lotus, once he was traced, the seven-star poison would not be concealed.

Save your life for the time being, and for the rest, you can only plan slowly later.

"Golden Green Ice Lotus detoxes hundreds of poisons." Xie Zhi smiled, "Of course, it doesn't have to be the Golden Green Ice Lotus. As far as I know, Huang Jingzhi has such effects."

Although Huang Jingzhi was less effective in detoxifying the seven-star Gu poison than Jinqingbinglian, Huang Jingzhi had no problem at all in detoxifying other common poisons. There is one.

Xiao Xun smiled, now, he is really sure that Xie Zhiwei should know that he was poisoned by the seven-star poison, he is also curious, how did she know?

As far as he knows, Cui Sangpu has not been to Beijing in recent years.

Even if he goes to Beijing, with Cui Sangpu's character, he will never tell Xie Zhiwei about his being poisoned by the seven-star poison.

She is too young, only ten years old.

She is smart, and she knows how to use Huang Jingzhi to divert people's attention, but this little trick is really not enough for him.

Xie Zhiwei also knows that it's not enough to watch, right now, it's wrong to say too much. After the boys of Huichun Hall wrapped up the medicinal materials, she asked Zi Mo to pick up the medicinal materials and leave quickly.

Seeing Xie Zhiwei leave, Little Doctor Chen became anxious and wanted to catch up, but Xiao Xun raised his hand to stop him, "No problem!"

He was sure that Xie Zhiwei knew that he wanted Jinqing Binglian, so Xie Zhiwei would definitely preserve this herb for him.
