

## The Power 34

### Chapter 34 Slap

"Second sister, no matter what the truth of the matter is, this matter has nothing to do with you."

In the carriage, Xie Zhiwei held Xie Zhihui's hand and said calmly, her eyes were full of pity.

However, in this world, if a person can decide what kind of person he is, it is already very remarkable, but he cannot decide what kind of person the people around him are.

"Big sister..." Xie Zhihui held Xie Zhiwei's hand tightly. She looked into the eyes of the big sister, and wanted to ask if the big sister knew it, and wanted to ask if her mother had one, but she didn't dare. , The words came to his lips, and finally swallowed them.

Xie Zhiwei also knew what Xie Zhihui wanted to ask, even if Xie Zhihui asked, she couldn't say anything.

The carriage entered the gate of Yi, and the maids and maids in the sisters' room were already waiting to welcome the sisters back to the yard.

Xie Zhiwei went to Fuyunyuan first, and her mother and younger brother must be waiting for her when she goes out this time.

"Mei Mei, come quickly, your father has sent a letter."

When Xie Zhiwei heard this, he was overjoyed, hurried over, took the letter in his mother's hand, looked at his father's familiar handwriting, Xie Zhiwei's hands were shaking, and tears rolled in his eyes.

In the letter, Dad said that he had received the letter from his mother last time, saying that everything was fine in the frontier, and asked how she and her brother were doing? Although the letter was very short, his father's longing for her and her younger brother was clearly on the paper.

Xie Zhiwei read the letter back and forth three times before returning it to her mother. She saw her mother folded the letter carefully and put it away. She cherished it most of all. Thinking of her father's betrayal of her mother in the future, her heart felt like a stabbing knife. pain.

"Sister, sister, you are finally back!"

In the room, Xie Mingxi, who hoped that his sister would go in and see him, couldn't bear it anymore, ran out of the room in a hurry, hugged Xie Zhiwei's waist, and started jumping, "Sister, where did you buy me?"

Xie Zhiwei's mood jumped for joy in an instant, and she hugged her brother's soft body with her arms around her, "Brother Xi, my sister taught you how to write, when you can write, write a letter to Daddy and ask Daddy to come back soon, okay? "

"Okay, my sister taught me riding and archery. When I'm done with riding and archery, I'm going to the frontier to fight bad guys with my father!"

Xie Zhiwei thought, in the previous life, Dad would not come back until next year. It's almost the end of the new year, and Bai Meizhi is coming to join the old lady soon!

"Okay!" Xie Zhiwei gestured, asking Zi Mo to bring over the pens, inks, papers and inkstones she bought for her younger brother, as well as food, and immediately the room was filled with the smell of sweet and fragrant snacks.

Xie Zhiwei was hungry, and Xie Mingxi had already climbed onto the kang to fiddle with presents. Yuan Shi hurriedly ordered the maids to start preparing meals, "Is Mei Mei hungry? Why didn't you come back from eating outside? I heard that Pan Lou pushed me away again There are quite a few dishes."

Speaking of Pan Lou's dishes, Yuan's mouth is almost watering, "There are eight-treasure bamboo fungus with crab meat, gourd abalone, and lotus meat pie...I've never eaten them. Pan Lou's fried meat is very delicious. , cut the mutton into thin slices, stir-fry in hot oil, after smelling the aroma of the meat, add wine, pepper, and green onions and stir-fry until fragrant. This season, it is the best to eat Boxia Gong! Never tire of eating."

Xie Zhi Xiaoguang was drooling as she listened, thinking to herself, she is such a wonderful stepmother.

If it wasn't for being in Xie's house and having no control over many things, my mother must be a big eater who eats all over the capital!

Although Mrs. Yuan is in the inner house, she knows all about the newly opened silver shop and the new dishes in the restaurant.

"If you have time, my mother will take me and my brother to eat together. What's the point of eating alone?"

Yuan's eyes lit up, "Mei Mei can go whenever she wants, I'm always free."

Xie Zhi smiled slightly.

"Okay, okay!" Xie Mingxi clapped his hands and said, "Sister, when can I go out?"

"Since you have already started studying, naturally you have to wait for Xiu Mu before you can go out."

Xie Mingxi's face collapsed in an instant, Xie Zhiwei couldn't help laughing, "Brother Xi doesn't want my sister to be the happiest sister in the capital so soon?"

"Of course not, I must study hard and make all the older sisters envious of my older sister."

"Well, my sister is looking forward to it." Xie Zhiwei stroked his younger brother's hair and asked, "Did you drink your medicine today?"

"Drink well, if you don't believe me, ask Zhu Niang."

After Lianniang and Qiuhen were sold, Yuan Shi reselected Xie Mingxi's nanny and maid.

Zhuniang is about twenty years old, wearing a blue satin toothpick, a lotus-colored satin skirt, a square face, her hair \*\*\*\* in a bun at the back of her head, and a silver-gilt chiseled flower flat square, looking simple and honest. , Xie Zhiwei took a look at her, seeing her pure eyes, he also felt relieved.

"Miss, the fifth young master didn't complain of suffering after drinking the medicine today." Zhu Niang laughed.

Xie Zhiwei hugged his younger brother, "That's great, after dinner, let's take a nap, and my sister will teach you how to write, okay?"

"Okay!" Xie Mingxi tasted a bit of the dim sum brought back by Xie Zhiwei, and then pinched a piece of lion candy and stuffed it into Yuan's mouth, "Mother, is it delicious? My sister bought it for me."

He was so loud.

"Delicious!" Yuan Shi looked at the siblings with joy in her heart.

The dishes on the table were all Xie Zhiwei's favorites. During the dinner, Yuan kept picking up dishes for the siblings. After a meal, she herself didn't eat much.

Fuyun Courtyard was full of fun, and in Chunhui Hall, Nanny Yu was telling the old lady what she had heard outside, "Second Miss personally pulled the red hairpin from Second Miss Xue's head, and many girls came to see it at that time. , there is indeed a word 'Cui' on it. The girl from Zhao Yuanwailang's family, the girl from Xu Yushi's family, and the girl from Jian Hanlin's family have all seen it with their own eyes. Now it is rumored that the first wife Why did my dowry go to Xue's house?"

Although Nanny Yu didn't say it, Mrs. Feng could also imagine, how else could she get to Xue's house? Xue Wanshuang said that the red hairpin was given by Miss Xue.

"Pick some jewelry from my jewelry box, and go to Xue's house quickly." Feng Shi was shaking with anger, but at this time, it was not the time for her to settle accounts with Xie Zhiwei, "My sister Qing doesn't know yet." She was willing to take out this Zhuchai as a gift after suffering at Xue's house. Before thinking about it, she liked this jewelry the most."

Feng's heart was broken when she said this, she wiped the corners of her eyes with a handkerchief, "The Xie family has raised her for so many years, she is a wolf-hearted thing, and her mother has a little dowry, and she thinks about it all day long, and even makes a fuss outside Go, I don't think I'll lose the Xie family's face."

Nurse Yu also felt angry, "Young lady is really confused."

"That's not it!" Feng urged, "Choose a few more things, I can't let the Xue family take this anger out on my sister Qing. This day is too slow, and only one day has passed."

When the time comes, she will ask Mrs. Xiao to bring Sister Qing back. The Xue family's mother and daughter are like wolves, tigers and leopards. Xue Shipeng is unreliable. , will eat her sister Qing.

Just after noon, Xue Wanqing straightened up from the ground. In less than a day and a night, the rosiness on Xue Wanqing's face had faded away. The bleak autumn wind in the afternoon blew in through the dilapidated window, and she suddenly felt a chill all over her body.

The door of the ancestral hall was pushed open from the outside, Xue Wanqing turned her head quickly, the light from outside penetrated in, her eyes were pierced so that she couldn't see clearly, before she had time to see the person clearly, her face was severely slapped Slapped.
