

The Power 351

Chapter 351 Pregnant

But at this time, only two eyes could be seen on Cui Nanwan's face, her skin was as white as paper, and her eyes were dull. When she saw the three sisters who came in, she shed tears before she could speak, "You guys finally came, I'm so worried that I won't see you one last time."

"Big sister!" Sister Cui Nanjia hurriedly rushed over, holding Cui Nanwan's hand in both hands, shedding tears first.

Xie Zhiwei came over, sat down by the bed, and put his hand on Cui Nanjia's shoulder, "Third sister, sixth sister, the eldest sister has no energy in the first place, and this crying will be more exhausting, so I better stop crying."

After saying this, Cui Nanjia and Cui Nankou hurriedly stopped their tears. Xie Zhiwei saw Cui Nanwan take a deep look at Cui Nankou, and a dim light flashed in his eyes.

The Cui family in Xilou must have sent a letter to Cui Nanwan, explaining the purpose of Cui Nankou's visit.

"Sister Wei, you're here too!" Cui Nanwan stretched out her hand to Xie Zhiwei, Xie Zhiwei hurriedly took it, she clasped Cui Nanwan's wrist calmly, couldn't help being startled and furious, but her face remained calm, " Don't blame Big Sister for not telling you about your illness, you are a child, Big Sister is afraid that you will see Big Sister's appearance, so she scares herself first."

Xie Zhiwei was not an eleven-year-old girl who had never seen the world. Although she was inevitably sad when she saw Cui Nanwan like this, she still said calmly, "Big sister, who doesn't get sick when people eat whole grains? The Cui family has produced miraculous doctors for generations, and I have also learned three tricks and two styles from my uncle, so don't worry about elder sister, I will help her diagnose pulse and treat illnesses."

"You child, how long have I been sick, and I know some medical principles myself, and I know that this person may not be able to cure the disease if he is cured!"

While talking, Xin Yi came in again, and said, "Second, Grandma, there is someone from the eldest lady, saying that the eldest lady invites the girls to come over and talk."

When the three of Xie Zhiwei came out of the house, Cui Tingzhan was still waiting alone in the bright room, she couldn't help frowning, and asked, "Xin Yi, where is your second master? Are you so busy that you don't have time to entertain your second brother? "

Xin Yi pursed her lips. She looked around and saw that there was no outsider in the room, so she said in a low voice, "Biao girl, Jin Tong in the second master's room is pregnant. Just now he said that he was a little popular, so the second master went to see her." ."

Xie Zhiwei walked under the eaves of the corridor, and couldn't help but glanced at the west wing. In the middle room, there was a red curtain hanging with five blessings holding birthdays. She couldn't help asking, "Why can a concubine in this mansion Use bright red? No rules at all?"

Xin Yi sighed, "Second. Grandma has never cared much about matters in Second Master's house."

Now is not the time to talk about these things. The person sent by the eldest wife is still waiting, so Xie Zhiwei doesn't ask any more questions, and follows the girl who came to the eldest wife's house.

Princess Taiping is the younger sister of the late emperor, and now there is only one princess left in the older generation. The consort is Zhang Wen, Marquis of Xuande.

Xuandehou's Mansion is adjacent to Taichang Princess' Mansion. People in the world are used to calling both the Taiping Princess's Mansion. In fact, Zhang Wen's children and grandchildren live in Xuandehou's Mansion. After all, once Dachang Princess passes away, the imperial court must take back the Princess Mansion.

The eldest wife, Mrs. Han, led her two daughters-in-law, Mrs. Lu and Mrs. Wang, while they were talking in the hall, while waiting, seeing Xie Zhiwei coming in, Mrs. Han winked at the two daughters-in-law, and they got up to greet each other.

"Oh, this is Princess Duanxian, come and have a look, she is really lovely, I have never seen such a smart girl in the capital." Wang stepped forward and held Xie Zhiwei's hand.

Xie Zhi frowned slightly, dodged calmly, looked towards Han Shi, and happened to meet Han Shi's pair of deeply probing eyes.

Who praises others like this? It's not about boasting about the girls in the yard.

"I've seen my wife!" Xie Zhiwei slightly bowed her knees as a salute. Seeing a trace of displeasure flashing in Han's eyes, she couldn't help but sneered inwardly. This second-rank Mrs. Hou Shizi is still of a high rank, what is the Han family doing in front of her?

Xie Zhiwei took the first seat to the left of Mrs. Han, opposite Mrs. Lu and Mrs. Wang. Because Xie Zhiwei didn't take Wang Shi seriously just now, she had a bad complexion at this moment, and she kept thanking Zhiwei with a pair of eyes, obviously she didn't take Xie Zhiwei seriously.

"The princess has made great contributions to this epidemic, and the court has also rewarded her. Both Hou Ye and Shizi said after returning that it is thanks to the princess this time."

Xie Zhiwei looked into Han's eyes, she said these words, but in fact, she didn't have the slightest sincerity, and she was probably still skeptical. Only Xie Zhiwei, an eleven-year-old girl, could have this ability?

It could be that the Cui family is acting as a front for Xie Zhiwei, Han said with a smile, "I heard that the princess is excellent in medicine, this time, my poor second daughter-in-law must have saved her life, the princess, Cui is not someone else, It's the princess's cousin, the princess shouldn't stand by and watch, right?"

Mr. Lu took a deep look at Mrs. Han. She really didn't expect that her mother-in-law would say such a thing.

Mrs. Han is in her fifties and is in very good condition. She looks like she is in her early thirties. She wears an apricot-colored engraved golden hundred butterfly and flower collar gown, and a maroon-colored five-blessing birthday stone green ermine jacket on the outside. Ginger-colored crepe skirt, with a forehead on the head, and two triangular phoenix eyes, very majestic.

Before Xie Zhiwei could speak, Wang glanced at Cui Nankou and said, "Mother, the six girls of the Cui family are also beauties, and this time the second uncle is blessed."

Han glanced lightly at Cui Nanjia, brushed off the non-existing dust on her skirt, noncommittal.

Xie Zhiwei cast a sharp glance at Wang Shi, and said with a sneer, "The third grandma is really good at complimenting people, and she keeps saying that she is lovely and beautiful. The third wife should be a male fetus in this life."

Mr. Lu couldn't help but snort, she quickly covered her face with a veil, and coughed to cover it up.

Wang's face became more and more bad after being squeezed by Xie Zhiwei, "Which girl doesn't want to be praised? What is the princess talking about?"

"Third grandma, women pay attention to virtue, appearance, speech, and workmanship. Even I know this truth at a young age. Fortunately, the third wife does not have a daughter under her knees. If not, wouldn't it be a joke in the future?"

Ms. Wang was furious, and was about to refute, when Mrs. Han coughed lightly, she opened her mouth, but she didn't dare to speak, so she just gave Xie Zhiwei a hard look.

"Princess, my second daughter-in-law..."

Xie Zhiwei held her skirt and smiled, "Of course Duan Xian will not ignore my cousin's illness, and I should try my best, but I still have to tell my grandfather's family what I have to say. Here, I also let me make a condition, in the Cui family, if the mistress has no children and the concubine is pregnant, the mother has always been left to keep the child."

As soon as a leaf falls, you know the arrival of autumn. Whether it is her or the Cui family siblings, although they have only been in the Hou's residence for an hour, they already understand what kind of life Cui Nanwan lived in this house, and why she couldn't afford to fall ill. up.

Chapter 352 Continuation

"Presumptuous!"

Mrs. Han slammed the table, glared at Xie Zhiwei, and said, "Princess, don't say you are just a little girl, even if you are married today, you still can't control your cousin's house, and can't control my Xuande Hou Mansion." in the back house."

Xie Zhiwei was unmoved at all, and sneered, "Mrs. Han, do you dare to ask if there are concubines and concubines in Lord Hou's house? In this capital city, no one knows that Mrs. Han is blessed to marry a good husband's family. For many years, Master Hou didn't even have a pregnant concubine in his house, and they all said that you should not do to others what you don't want to do to others. Today, I would like to say something for my cousin. Why not? If not, the world will ask her relatives to do it to her. What?"

"Mrs. Han also has relatives from her natal family? Isn't she a lonely family?"

Han's chest was heaving with anger, she stood up and pointed to the door, "Princess, since you have talked about this, don't blame me for not keeping guests. My Xuandehou's mansion is no match for the empress's Phoenix-toed palace." , I really can't afford to enshrine the great Buddha of the princess!"

Xie Zhiwei also stood up, and said with a smile, "It's not speculative, and it just so happens that the princess doesn't plan to stay. Mrs. Han, today we want to take my cousin back to Cui's house to recuperate. Is it possible?"

"no!"

"It seems that Mrs. Han is planning to torture my cousin to death in the Xuandehou mansion. Then the princess is always qualified to ask, which imperial doctor Mrs. Han hired for Duanxian's cousin, and whether she is capable of treating her cousin? Heal. Duan Xian's advice, if you don't have this ability, let Duan Xian take your cousin back, otherwise, if someone dies, the Cui family and the Xie family will not be soft persimmons!"

Han was stunned, she didn't expect Xie Zhiwei to be so aggressive, she stared at Xie Zhiwei with dark eyes, Xie Zhiwei raised his chin slightly, and confronted her, refusing to give in!

"Mother!" Mrs. Lu had no choice but to step forward, and said in a low voice, "Mother, several imperial physicians have already said that the second sibling may not be able to survive last winter. It can't be delayed until now, yesterday the imperial physician came to see him again, he shook his head and refused to even prescribe the medicine, mother..."

Lu's voice almost begged, Wang pulled the corners of his lips, and sneered, "Duanxian Princess is named the princess because of this mouth?"

"Third Grandma, are you scolding the emperor for being stupid and blind?"

"When did I say that?"

"The imperial court's first-rank title can be obtained with just one mouth? The third grandma is so good at boasting, why didn't she see a conferment? After all, she is also a relative of the emperor, and she doesn't even have the qualifications to enter the palace?"

Han was completely irritated by Xie Zhiwei, she pointed at the door and shouted, "Get out, take your cousin out, take them all away!"

"Thank you, Ma'am!" Xie Zhi smiled slightly, blessed Fushen perfunctorily, and walked out with his two cousins.

Half an hour later, Mrs. Han heard that Xie Zhiwei led three brothers and sisters from the Cui family to take Cui Nanwan out of the Hou Mansion. Some valuable items were taken away, and those who closed the warehouse were so angry that they threw the teacups up.

"Mother, what do you think Princess Duanxian wants to do?" Mrs. Wang was really puzzled, "Isn't she afraid that Erbo will divorce Mrs. Cui with a letter of divorce? Didn't it say that the Cui family sent the sixth girl to her?" Come here to serve as a continuation for the second uncle?"

Mrs. Lu glanced at Mrs. Wang, and scolded her as an idiot in her heart. She lowered her eyes and didn't bother to answer.

Coming out of Hou's Mansion, Cui Nanwan seemed to let out a long breath. She asked Xin Yi to lift the curtain of the carriage. She wanted to look outside, but Xin Yi didn't dare, "Second. Not good."

"It's nothing, my cousin will cure me." Cui Nanwan's eyes were clear, she looked at a corner of the blue sky, and slightly bent her lips. Xin Yi was almost stunned, as if she saw three years ago The girl who hadn't left the pavilion suddenly burst into tears.

In Xie Zhiwei's carriage, Cui Nankou nervously grabbed Xie Zhiwei's hand, "Cousin, is this okay? What if Princess Taiping gives the eldest sister a divorce letter, what should I do?"

Xie Zhiwei patted her hand lightly, "Don't be afraid, this marriage was originally requested by Princess Taiping. Back then when my cousin got married, she was dressed in red makeup and made a big splash. It was said that the family finally got married with a powerful person. The reason why the cousin got married Today, it is all thanks to Han's mother and son, if I don't take my cousin out, even if my uncle comes, I won't be able to save my cousin."

Sister Cui Nanjia is not a fool. Hearing this, she was very surprised.

"The cousin means that the elder sister doesn't want to live anymore? But why?"

"Ms. Han can't tolerate my cousin. You have also seen the backyard of the second room. The mistress has been ill for so long, and there is still a concubine who is pregnant in a grandiose manner. I just gave my cousin a pulse. I am afraid that it will be difficult for her to conceive in this life. She I had a baby before, and there was an accident, which hurt the uterus."

"Ah, how could this be?" Cui Nanjia and the sisters gasped, feeling unbelievable, and didn't dare to think about what kind of life the eldest sister lived in Xuande Mansion?

After returning to Cui's house, Xie Zhiwei did not delay. After placing Cui Nanwan first, she quickly gave her an injection and prescribed a prescription. After the medicine was ready, the three sisters came out of her room after watching Cui Nanwan drink it.

Cui Tingzhan waited in the outside room full of anger, Xin Yi knelt on the ground, and didn't know what to say, Cui Tingzhan turned around in the room furiously, and when he saw the three of Xie Zhiwei coming, he pointed Xin Yi said, "Listen to what she said?"

Xin Yi cried, "Girl, son, the second master is really not human! When the eldest girl married into the Hou's mansion, there were already three or four house maids in the second master's house. Not long after, the two maids in front of the girl were all killed. Second Master..., the girl had a big fight with Second Master, and seeing that Second Master is really not a proper person, she no longer cares about Second Master."

"The eldest wife is always teasing the girl here, and there is no shortage of harsh words. The year before last, the girl was pregnant with a child, and she was popular after meeting the rules, but she didn't keep it. Not long after that, she became pregnant again. This time it was the eldest. The wife sent someone to bring abortion drugs, saying that the girl did not obey the rules and was slandered by other men, and the girl was drugged."

Xie Zhiwei closed his eyes, "What's going on?"

"It's the second master. He always brings some dubious people home. The second master is friendly with the eldest son of Nan'anbo Mansion, and there are always contacts. Once the second master brought people in again without telling the girl, so he brought it back to the yard, Er. Grandma was bumped into by the prince accidentally, the man was not in good manners, the girl was almost treated lightly by the man. This matter was well known in the mansion, not only did the eldest wife not punish the second master, instead scolded the girl for not being a woman."

Xin Yi returned to Cui's house, and stopped calling Cui Nanwan the second grandma, and used the old name.

Chapter 353 Encounter

"Big sister lived such a life in Xuandehou Mansion, I don't know anything about it." Cui Tingzhan looked up at the roof, but didn't stop the tears from falling.

Cui Nanjia and the sisters covered their faces and wept bitterly.

"Why didn't Big Sister ask someone to bring the letter back?" Xie Zhiwei asked puzzled.

"It's not that the eldest girl didn't tell her family at the beginning, but the eldest wife always asked people to tell the girl, how can a married person compare with when she was a girl at home? Or that the girl has no wrists and can't stand up, girl. The first time she lost a child, the eldest wife even sent a nun to scold the girl, saying how stupid the girl is, she can't use the methods taught to the girl before, and the girl stopped talking about it later."

The eldest wife is the eldest wife of the Cui family in Xilou.

Xin Yi glanced at Cui Nankou, and couldn't help but said, "This time, the girl really couldn't bear it any longer, so the eldest wife said that she would send the sixth girl here and ask the girl to help. It is not easy for the Cui family to raise a girl. It should be for the mother's family. Do it, girl, don't forget to do it, the girl has lost all hope, and gradually refuses to use medicine."

"Woooooo!" Cui Nankou couldn't help it, and burst into tears.

Cui Tingzhan was very irritable. He said to Xie Zhiwei, "I went to the Xuande Hou Mansion to bring the elder sister back today. If Xilou asked, she would just push it on me. Cousin, go back, this is from the Cui family. thing."

Xie Zhi smiled, "Second Cousin, do you think I will be afraid? Since I dared to do it, I never thought about being afraid. What can Xilou do to me? Xie's family is not Xilou, but the old man of Xilou himself. Come to Xie's family to inquire about crimes, and Xie's family is not afraid."

Cui Nanjia also said angrily, "Cousin is right. Are we going to watch our eldest sister die in Xuandehou's mansion today? If so, the west building can just be the eldest sister. From now on, the eldest sister will be the east building." girl."

"Yes, if the Xuande Hou Mansion can accumulate virtue and blessings, and the eldest cousin will be divorced with a divorce letter, the eldest cousin will not have to go back in the future. So, what do we have to be afraid of?"

Cui Tingzhan also clenched his fists, "Well, just right, the west building has been forcing us to make a stand in the east building, either to help send the sixth sister here, or ask the uncle to come back to treat the eldest sister, it is rare for us not to bring the eldest sister back now It's cured, let's see what Xilou says, it's Xilou who is in trouble."

While talking, Du Yuan walked in and said to Xie Zhiwei, "Girl, Cousin is awake, call the girl over."

Xie Zhiwei hurriedly got up and came to Cui Nanwan's room. Seeing that she was feeling a little better, she sat down and took her pulse. The pulse was better than before. "As long as you are willing to recuperate and take medicine, you will be fine."

Xie Zhiwei shook Cui Nanwan's hand, "I don't cherish my body, who would?"

"Did Xin Yi tell you all?" Cui Nanwan cheered up and smiled, "Sister Wei, look at me, am I quite worthless?"

"Big cousin, you used to be the smartest person in Cui's family. We went to school together. Whenever the younger sisters didn't understand, they would ask you, and you could always give us a clear answer. Why did things come to my own? body, but can't figure it out?"

"I know, today, you are willing to take medicine because I am the one who treats you. After I leave, you will definitely refuse to take medicine again. Cousin, you must know that if you are gone, you will lose your medicine." Nothing."

"Sister Wei, am I the one who gives up so easily? It's like a war. The two armies are facing each other. The enemy's food, grass, strategy, soldiers and weapons are abundant, and my side is also under attack from the rear. Follow up!"

Cui Nanwan smiled wryly, "There were more than 30 people who married into the Hou's mansion with me back then. Now, there is only one Xin Yi who can stay by my side. They were sent outside by me, after all, I was incapable of protecting them."

Xie Zhiwei also knows about the situation in the West Building. Raising a daughter is like raising a gu. If the married daughter cannot support her husband's family, the Cui family will give up. If she can build a house, the Cui family will pay attention and support her.

However, Xilou didn't expect that without the support of her natal family, how would a weak woman be able to fight against her in-law's family like the Xuandehou Mansion?

"Don't be afraid, you can always find a solution to the problem. Don't think about it for now. Take care of your body first. Do you remember the poem we read before? 'There is another village in the shadow of the willow', sometimes it seems to be walking in the dark But if you stick to it one step at a time, you can step over the darkness and walk into the light."

"yes!"

Cui Tingzhan came in with his two younger sisters. He sat down on the stool in front of the bed, looked at the elder sister on the bed with distress, his eyes were red, "Eldest sister, don't worry, my father and mother will be able to enter soon." It's Beijing, and they will definitely not ignore it. If there is no big sister in the west building, the big sister will be our daughter in the east building, it's no big deal."

Cui Nanwan's eyes lit up, and she laughed. She pursed her lips, but she still couldn't hold back the tears, which slipped gently and dripped on the pillow, "Okay!"

"Yeah, there's no reason for the Cui family's daughter to be bullied like this." Cui Nanjia stepped forward and held Cui Nanwan's hand, "Eldest sister, don't be afraid! Later, I will send my mother to count the dowry of eldest sister, if the Xuandehou Mansion divorces Eldest Sister, that's just right, Eldest Sister will come back to Cui's house."

"Big Sister!" Cui Nankou knelt in front of the bed, "Big Sister, I really don't know, and I can't help it, I dare not not come! I never thought of doing this."

"I know! Silly sister, can I not know?" Cui Nanwan burst into tears, "Even I can't help it, let alone you, it's okay, I won't die, I can't helplessly drag my sister into the fire pit! "

As long as she doesn't die, the sixth younger sister doesn't need to enter the mansion to be Zhang Hongqian's successor.

"Okay, let's go out first, wait for big sister to rest more."

When the doctor Xie Zhiwei spoke, no one dared to speak. They all got up and left reluctantly, as if they were parting from each other.

Now Cui Nanwan has Xin Yi as a reliable servant girl, and Cui Nanjia and her sisters each ask their personal maids to serve her. For Cui Nanwan's affairs, the two of them try their best to do their best to serve her attentively.

Time passed quickly, and before you knew it, the sun was about to set. After Xie Zhiwei had dinner at Cui's house, Cui Tingzhan sent Xie Zhiwei back.

"No need, second cousin, I have a capable person in front of me, and there will be a curfew soon, and you don't have enough time to go back and forth."

Cui Tingzhan would not let her go alone, insisted, "I'll come back, just run faster."

The two brothers and sisters came out of Yulin Lane, and as soon as they entered Dongmiao Street, a group of people greeted them from the opposite side. The leader was Chu Tianyou, the eldest son of Nan'anbo, and he patted his horse and shouted, "Chu Yining, if you have the kindness, give it to me!" Your Majesty, stop!"

Chapter 354 Impulse

Cui Tingzhan didn't know Chu Tianyou at first, but who knows, a voice came from Qianming Temple, "Chu Tianyou, you have the guts to catch up with the third son, they are all horse races, look, they have thrown you three blocks away, maybe it's already at Nanxunmen now, who are you scolding for?"

Xie Zhiwei heard the voice, she opened the curtain of the carriage to see, who is it not Little Prince Mu?

"Stop!"

Uncle Zhu stopped the car, and Xie Zhiwei was about to get out of the car, when he heard someone outside say, "Who, who are you, you dare to hit me, do you know who this son is? Hit me, give this son a hard hit Hit, kill this bastard!"

Mu Guihong was passing by at first, but when he saw that Chu Tianyou was looking for trouble for Chu Yining again, he said something more, who knows, this is the same person who passed by him, rushed up and rushed towards Chu Tianyou The horsewhip stunned him all of a sudden.

Xie Zhiwei got off the carriage and saw a welt mark on Chu Tianyou's shoulder, his clothes were torn, and the followers behind him surrounded Cui Tingzhan one after another, squeezing their sleeves in a fierce posture.

"Presumptuous!" Xie Zhiwei stood on the carriage and yelled angrily, "Hurry up and beat these people up, seeing that the princess's carriage not only does not give way, but even deliberately rams it!"

Ever since Du Yuan and sisters followed Xie Zhiwei, there was no use for heroes, and they felt that this day was about to fade away, and they rolled up their sleeves to rush over. Counting people by foot, in the blink of an eye, all ten of Chu Tianyou's subordinates were kicked away, and they became arhats.

Du Yuan and Du Yan looked at those two people and blinked. Why didn't they know that there were such masters lurking beside the girl.

Xie Zhiwei got off the carriage, walked up to Mu Guihong, and greeted him, "Young Lord Mu, thanks to you today, if not, I might be injured, thank you for saving my life..."

"Ah, don't dare!" Mu Guihong took two steps back in fright. If he didn't know Xiao Xun's thoughts on Xie Zhiwei, he would have to threaten to repay his kindness today. Wouldn't it be a dilemma for him to "promise with his body"?

"Princess, Chu Shizi really lost his mind today. If there is such a distance, the carriage of the princess will be overturned. It is too scary!" After finishing speaking, Mu Guihong went to Chu Tianyou Standing in front of him, "Chu Shizi, I suggest that since Chu Shizi can't ride a horse, he should not ride a horse in the future. It's okay if he falls to his death, but it's bad if he hurts innocent people."

Chu Tianyou looked at his horse skeptically. He was sure that he had no possibility of disturbing Xie Zhiwei's horse. He and Xie Zhiwei's carriage were almost half a mile away. How could they be surprised?

He was riding an ordinary horse, could it be possible to surprise Xie Zhiwei's horse from a distance?

"You are deceiving people too much!" Chu Tianyou said angrily.

"So what if you bully you? You were the one who hit you!" Xie Zhiwei took two steps closer, his twinkling peach blossom eyes seemed to be covered with a layer of ice, "I want you to know that the second young lady of the Xuande Hou Mansion is my cousin. The whip is what makes you a human being!"

Although Chu Tianyou is good-natured, and Xie Zhiwei is alluring, but she is too young. Right now, Chu Tianyou only thinks that this little girl is extremely hateful. He ground his teeth and said, "That's how it is, hehe, I heard that the girl's cousin is all Snow skin has no time, sooner or later, this son will have to learn a lesson!"

Xie Zhiwei bit her lower lip, and took another step forward. Chu Tianyou was about to make a move when Zhu Ying kicked him to the ground. He took a step back and sneered, "I don't know how to live or die!"

No one saw her make a move, but Chu Tianyou only felt a chill coming down his body, he covered his chest, pointed at Xie Zhiwei and said, "Well, you domineering girl from the Xie family, how dare you repeat it again and again?" Hit me hard! Good, good, good, this son will remember today!"

The opponent had many tricks, and Chu Tianyou didn't dare to love the fight, so he backed away, walked not far, turned around and ran away, not even asking for a horse.

Mu Guihong was also stunned when he saw it. He touched his nose, not daring to play tricks, and cupped his hands at Xie Zhiwei, "It's getting late, princess, just leave now!"

"Master Mu, walk slowly!"

After Cui Tingzhan whipped him down, he regretted it, and he also made up his mind, no matter what, he must carry his impulse down today, so as not to implicate his cousin. Who knows, Xie Zhiwei has such a master by his side, and she put the matter in a few words. It was turned to his own head.

"Cousin, I'm sorry, I was reckless today!" Cui Tingzhan felt guilty, but if he was asked to choose again, he also felt that he might not be able to restrain the impulse after knowing the identity of the other party.

"It's okay, if my cousin doesn't make a move today, I will." Xie Zhiwei said calmly, without caring, waved his hand and got into the car.

Mu Guihong didn't go home, so he turned around and went to Yuelu Street, entered Prince Xiang's Mansion through the black painted gate on the east, and went directly into Xiao Xun's study room, before he entered, he yelled, "Ah Xun, get up quickly, Don't sleep, let me tell you what I encountered today?"

Xiao Xun was leaning on the couch reading a military book without raising his head, "What are you doing?"

He glared at Mu Guihong who came uninvited, "Running into a man's room in the middle of the night, what are you talking about? Get out, I'm not interested in men!"

"I know!" Mu Guihong didn't bother to answer Xiao Xun's mouth cramps from time to time, "Ah Xun, on the way I came just now, ah, no, I just met Princess Duanxian, so I came here to tell you."

Xiao Xun straightened up like a carp, got up from the couch, and asked, "Is she back?"

"What do you mean? You didn't go to Xie's house to find her, did you?"

"What did I go to Xie's house to find her? She has no name or assignment, so tell me, what's wrong?"

Mu Guihong told what happened on the road and expressed his opinion, "Ah Xun, I don't think Princess Duanxian is as dignified, gentle, generous and virtuous as we usually see. She, how should I put it, I think it's a bit cruel!"

"It's cruel to be cruel, and it's not like spending a lifetime with you. Don't you like the kind of woman who is submissive, submissive, has no opinion, listens to men, and dares not go west? You don't call it marrying a wife, that's called slavery!"

"Where did you say it was? Didn't I think that Duanxian played with us a little too much, so I want to express my opinion a little bit? Oh, by the way, I saw Zhuying and Songfeng following her, Ah Xun, you won't sell them both to Duan Xian?"

Xiao Xun only came back from Xie's house half an hour ago, he ran away, now he heard that Xie Zhiwei had gone back, he was in a hurry to find Xie Zhiwei, impatient to talk to Mu Guihong who was not enlightened, and said perfunctorily, " Well, I sold a lot of money, do you have money? If I have money, I will sell two of them to you!"

Chapter 355 Maintenance

"In the middle of the night, you come in and out of my room. You might cause criticism. Get out, I'm going to sleep." Xiao Xun yawned pretentiously, waved his hand, and wanted to drive Mu Guihong away.

Mu Guihong was extremely surprised, not because Xiao Xun was going to sleep as a night owl before the first watch, but... Mu Guihong licked his lips, "Ah Xun, when did you care so much?" What do other people think of you? We have been buddies for so many years, we have always advanced and retreated together, didn't you say that you are not afraid of gossip?"

"I'm not a fool, so I'm not afraid of gossip?" Xiao Xun glanced at him, "Aren't I afraid of people saying that I don't like women and men? What should my future wife do if she finds out?"

Mu Guihong took a deep breath, unable to hide the pain in his heart, he took a deep look at Xiao Xun, turned his head and walked out.

Xiao Xun didn't bother to talk about what this long-time friend was thinking. He changed his clothes, went out, climbed over the eaves and walls all the way to Xie's house, and then huddled under the big begonia tree in Xie Zhiwei's yard. At this moment, he had to wait. The man, for some reason, has not returned.

In Qijianzhai, Xie Zhiwei sat in front of Xie Tiao, she lowered her head, a little guilty, "Grandfather, granddaughter is a little impulsive today..."

She told what happened before she started, and Xie Tiao waved her hand, "You are still young, and there are some truths I didn't tell you. In this life, even if you want to be safe and stable, and your wife is average, you must depend on what price to pay. If you want to exchange dignity, servile obsequiousness, then forget it, it is better not to live than to live."

Xie Tiao also felt a little sad, "Your eldest cousin, I still remember her appearance when she was a child, Yuxue is cute, not inferior to you. When she married and came to Beijing, I went to drink a glass of wedding wine. I really didn't expect that Xuandehou The Second Young Master of the mansion is like this."

"It's my granddaughter's fault. The two families are so close, I didn't pay much attention to my cousin, and I didn't know Mrs. Han was such a person."

"You are still young and ignorant. This matter has nothing to do with Mrs. Han. When a woman marries into her in-law's house, it seems that she has to set rules in front of her mother-in-law every day, go around in the backyard, and deal with her sister-in-law. In the end, it all depends on your husband."

Xie Zhiwei raised his head in surprise and looked at his grandfather.

Xie Tiao touched his granddaughter's head across a table, and smiled kindly, "If a husband-in-law respects his wife and protects her everywhere, even if his mother-in-law doesn't like it, he won't dare to talk about it. On the contrary, no matter how good a woman can stand in this family unless..."

"Unless the west wind overwhelms the east wind!" Xie Zhiwei thought so, and she cupped her hands mischievously at Xie Tiao, "Grandfather is so popular in the backyard, and granddaughter admires it!"

"Hahaha!" Xie Tiao looked at his granddaughter with a look of pride, not out of arrogance, but proud of having such an extremely intelligent granddaughter, it was rare for him to sit and talk with his granddaughter, and he didn't want to talk too much about other people's affairs, "Don't worry about this matter, it should not be your cousin Cui's family who is anxious now, it should be Xuandehou's mansion."

"Yeah!" Xie Zhiwei nodded, "Back then, although the eldest princess asked for the marriage, it should have been the emperor's will. The emperor personally issued the marriage decree. Marriage between a family and a powerful person is a beautiful story, but if people in the world know that the daughters of aristocratic families have suffered all these hardships in powerful families, and they don't know how to lose face of the powerful, in the future, which noble family would like to marry a noble family? The emperor wants to blend the two rivers that are clearly separated, it may be difficult to weaken the influence of the family."

"Besides, grandfather, do you think the palace will think too much? Do you think Mrs. Xuande Hou Shizi is dissatisfied with the marriage bestowed by the emperor?"

Xie Tiao took a deep breath, and looked at his granddaughter in horror. These truths, which were unclear to many scholars in the court, were said so clearly from his eleven-year-old granddaughter.

Xie Tiao once again felt extremely regretful, if the person in front of him was the eldest grandson, in the future, he might climb out of the grave with a smile one day.

Alas, Xie Tiao's only dissatisfaction with the Cui family is that he turned a good eldest grandson into a first-in-law granddaughter. In this family, whether it is brother Cheng or brother Xi, they are far worse than sister Wei. One and a half stars.

Fortunately, the granddaughter has always cared for the younger brothers in the family. Under her leadership, the brothers and sisters in the family are harmonious and friendly. They will support each other in the future and will not lose the reputation of the Xie family.

"That's it. How is your eldest cousin's health?"

"There is no danger of life for the time being, but if you want to give birth in the future, it may be difficult. However, if you can't make peace with the Xuande Hou Mansion, will the eldest cousin still have a child with Zhang Ergong?" Xie Zhiwei shook his head violently when he thought of this. Shaking his head, "There's nothing wrong with that."

"Yeah!" Xie Tiao also agreed, "Grandpa knows this matter well, it's late at night, let Shen Shuang take you back to the yard."

When this incident happened, Xie Tiao had to make a plan first, but imagine how the Xuande Hou Mansion will launch a disaster at the court meeting tomorrow morning. Although this matter involved a girl from the Cui family, it was her granddaughter who made the trouble. Don't say that the granddaughter has done things righteously, even if she is wrong, Xie Tiao has to defend her.

Correcting mistakes and punishing them is their own business. As long as they don't rebel, it's not up to others to make irresponsible remarks.

After letting Shen Shuang send Xie Zhiwei away, Xie Tiao asked the second child to come over, told the story again, and asked the second child, "What do you think about this matter?"

Xie Zhongbai frowned and said, "When Cui's Xilou was in the previous dynasty, he was used to speculation, and he didn't think about what he thought about it today. He didn't take his daughter seriously, and he really lost the face of the aristocratic family. In other words, Xilou is no longer qualified to be a It's called a family."

"It's just a saying that the family is not. We live our own lives, and it doesn't matter what people outside think of us. Now, how to solve this matter?"

"It's not a big deal. My son still has a few close censors. If the soldiers from Xuandehou's mansion come, we will block them; When Sister Wei encounters this, if she doesn't take it seriously, her son will still feel chilled, but fortunately, she is a righteous girl, so how can my son let her suffer?"

Xie Tiao nodded, his sons are still good, "You go to arrange it in advance, and say hello to those who should say hello, if the Xuande Hou Mansion refuses to let it go, then we don't have to be polite."

Xie Zhiwei returned to the yard. After taking a bath, he was about to go to bed. His ears perked up when he heard the sound, and said to Zi Mo, "You go out first. I'll read a book first and then go to sleep."

"It's almost two o'clock. Girl, you've been busy all day today, don't you feel tired? Go to bed early, wake up early tomorrow, what books can't you read?"

"That's fine, I won't read it, you leave a lamp, and I will blow it myself later. There is no need to arrange people to be on duty outside."

Chapter 356 Boudoir

After Zi Mo left, he closed the door.

Xie Zhiwei then heard the sound of knocking on the window, she pushed open the window, and as expected, she met Xiao Xun's picturesque handsome face, and said angrily, "It's so late, you're still here!"

Xiao Xun was really not used to it. When they were in Juzhou City, the two lived in the same courtyard, ate three meals a day together, were inseparable during the day, and even saw each other before going to bed at night. I haven't seen Xie Zhiwei all day, and Xiao Xun's soul is almost gone.

Xiao Xun gave her a sad look, pushed her aside, and walked in through the window on his own.

This is not the first time he has entered Xie Zhiwei's fragrant boudoir, but the scent of his daughter's scent came from his nose, Xiao Xun was still unavoidably worried, did not dare to look directly at Xie Zhiwei, forced himself to be calm, and lay on the couch in front of the west window Up and down.

Xie Zhiwei saw that he had no intention of leaving for a while, so he closed the window temporarily, put on a dress, sat down on the edge of the bed, and waited for Xiao Xun to speak.

"Come here!" Xiao Xun pointed to the place beside him, and then pointed outward. The two talked so far away that they were carefully heard by people outside.

Xie Zhiwei glared at him, had to come over, and asked in a low voice, "Say something quickly!"

"Mei Mei, why did you treat me so fiercely after you came back?" Xiao Xun said aggrievedly.

Xie Zhiwei's heart softened all of a sudden, she turned her face away, "It's so late, if someone sees it, I won't be able to clean it up by jumping into the Yellow River."

Xiao Xun said in his heart, what to wash, if you can't wash it well. But he only dared to think in his heart, if someone really saw it, he would be the first to gouge out that person's eyes, cut off his tongue, and never allow anyone to pour dirty water on Xie Zhiwei's body.

"Guihong went to my place just now and told me about the conflict between you and Chu Tianyou on the road. Leave this matter alone, I will deal with it." Xiao Xun gritted his teeth. People who provoke him.

Xie Zhiwei knew that Chu Yining belonged to Xiao Xun.

In the previous life, when Xiao Xun was the king of Yanbei, Chu Yining was Xiao Xun's left general.

Chu Tianyou is the eldest son of Nan'anbo Mansion, and Chu Yining is the third son of a concubine in Nan'anbo Mansion.

Speaking of which, Chu Yining, the third son of a concubine, should have been the first son. Chu Yining's mother, Cheng Shi, was originally the cousin of Nan'an Bo's childhood sweetheart. Before Cheng Shi came out of the cabinet, the Cheng family had already fallen. Both of her parents died, so she lived in Han's house. The wedding date has been set, and she just waited for the day to get married. .

Who knows, Han Jinmao, who was still the eldest son of Nan'anbo at that time, went to the banquet and accidentally rescued Xiao Han, the second daughter of Han Jinyi, the Duke of Wei, who fell into the water.

Naturally, the second daughter of Duke Wei's mansion cannot be a concubine, so Chu Yining's mother, Cheng, had to give up her fiancé. A year later, Xiao Han gave birth to her first son, Chu Tianyou. Do not commit yourself to concubine.

Xie Zhiwei thought to himself, he found a good opportunity for Xiao Xun to deal with Chu Tianyou, Xiao Xun protected his shortcomings, since Chu Yining is his, it is not a day or two to be bullied in Nan'anbo Mansion, when he met Chu Tianyou today, isn't this son of the world looking for Chu Yining's trouble? Can Xiao Xun bear it?

"What are you going to do? Break his leg?" Xie Zhiwei tilted his head and asked, "I've already done something to him, so don't worry about it."

"How did you do it?"

"Hmph, isn't he coveting my eldest cousin's beauty? I want him to never..." Xie Zhiwei quickly stopped talking when she said this, she covered her lips and lowered her eyes, not daring to look at Xiao Xun.

When she was in Juzhou City, she and Xiao Xun lived and died in the plague, and they lived and died together. She forgot that Xiao Xun was a man, so she handed him over as a handkerchief, and there was no taboo on speaking.

"In short, don't worry about it, I will take care of it."

Xiao Xun's eyes widened in horror. He suddenly found that the girl he likes knows medicine, and it's not a completely good thing. If Mei Mei has doubts about him, will he also let him, uh, in this life, so what? ?

Although he is not interested in other women, it doesn't mean that he doesn't want to have a future with Meimei and have children. As long as he thinks of two little Doudings like Meimei calling him daddy, Xiao Xun feels that life Not without beauty!

"Mei Mei, Chu Tianyou is very hateful. I have long disliked him. If you don't understand, I'll help you hang him on the city wall, okay?"

Xie Zhiwei pursed his lips, "That Chu Tianyou is not the culprit, but your cousin Zhang Ergong is."

Thinking of what the Xuandehou Mansion did, Xie Zhiwei gritted his teeth with hatred, "My grandfather said that if a man can't respect his wife, everyone in this world can step on that woman. My life is like nothing, what a virtuous and tenacious person my eldest cousin was originally!"

I am definitely not such a man, I will definitely defend you!

The words rolled on the tip of Xiao Xun's tongue for several times, but he finally swallowed it down. What's the use of saying this? It will only scare Meimei away, and make her think of herself as the kind of man who can only talk sweetly.

"Well, it's too much! Mei Mei, although Mr. Zhang Er is the grandson of the eldest aunt, and he is my cousin in terms of relationship, but I have no relationship with him at all, and we have never even had contact with him."

Although Princess Taiping and Marquis Xuande are husband and wife, she has been living alone in Princess Dachang's mansion. She is not close to her husband and cares about her children and grandchildren. However, her energy is limited, and she can't control her grandchildren no matter what room.

The two talked for a while, Xie Zhiwei was really tired, yawned, and crawled towards the bed, "When you go out, help me close the window."

Xiao Xun twitched the corners of his mouth, seeing that Xie Zhiwei trusted him so much and did not avoid suspicion, and he didn't know whether it was good or bad, he couldn't help thinking that in Xie Zhiwei's eyes, he was not a man?

Before Xiao Xun went out, Xie Zhiwei had already climbed onto the bed and pulled up the quilt. When he saw that the curtains were still closed, if Xiao Xun hadn't been there, Zi Mo would have taken care of him by now, and Xie Zhiwei closed his eyes. He ordered, "Help me close the tent, the candle is out!"

This..., Xiao Xun couldn't laugh or cry, he had to go over and help her close the tent first, and then under her guidance, put the tent under the quilt, and after blowing out the candle, before going out, Xiao Xun couldn't help asking, "Princess, have you forgotten that I am a man?"

"Well!"

Xie Zhiwei didn't know whether he heard clearly or not, he had already turned over and fell asleep with his back to Xiao Xun.

Xiao Xun was a little depressed. When he went out the window, he was about to cry. He closed the window, flew over the eaves and walked away. He didn't go back to Prince Xiang's Mansion, but came to Xuandehou Mansion.

Jin Tong is the maid in Mrs. Han's house, she is very charming and considerate, first she wants to climb into the bed of Xuande Hou Shizi. He flirted with Zhang Hongqian.

Chapter 357 Ah Yan

After Cui Nanwan fell ill, Jintong came to Cui Nanwan's yard several times at the order of Mrs. Han, and every time he happened to run into Zhang Hongqian. After holding hands a few times, on a sunny day, the two achieved Good thing happened.

On the second day, Zhang Hongqian went to Mrs. Han's room and asked Jin Tong to come over. On the same day, he opened his face, offered a bowl of tea in front of Cui Nanwan, and became Zhang Hongqian's roommate.

At this time, Jin Tong was leaning in Zhang Hongqian's arms, weeping sadly, and said, "Second Master, is it because of my concubine that Second Grandma will be like this? Woohoo, if I can leave a little bit of time for Second Master Son and half daughter, even if I let the concubine die, the concubine is willing, I am afraid that if the concubine dies, the children left by the concubine will also die!"

Zhang Hongqian has had enough of Cui Nanwan's cold and lonely temperament. He is a dude who doesn't know a single word. Of course, he has never been in the eyes of Cui Nanwan, who is well-versed

in poetry and books. Patiently pampering Cui Nanwan, when the novelty wears off, she secretly hates Cui Nanwan for not taking him as her husband seriously.

Zhang Hongqian felt pain to the bone for Jin Tong, who was so careless.

"Don't worry, she doesn't dare, if she dares, I will divorce her!"

Xiao Xun was on the roof, lifted a tile, looked down, and immediately blushed. He threw a tile into the hole, and with a bang, it shattered into several pieces, two of which fell, and a small piece just hit the top of the tent, made a hole, and landed on Jintong's head. Go up, smash your head right away.

The two of them were in deep affection, Jin Tong fainted with a cry of fright, Zhang Hongqian jumped up in fright, and yelled like a cat, "Who?"

The Marquis of Xuande's mansion started with martial arts, but it didn't survive two generations. Today's Xuande Marquis Zhang Wen, if he hadn't followed the current emperor and won the game more than ten years ago, he might not be able to keep his title.

Had it not been for the conflict between Xie Zhiwei and the Xuande Hou Mansion, Xiao Xun would not have remembered that he still had this relative. He didn't pay much attention to Xuandehou Mansion, and said to the people who followed him, "Tie up Zhang Hongqian, strip him naked, and hang him on the tower."

Liu Zhengzhong took a deep look at Xiao Xun, said "No", then jumped down, slipped out Zhang Hongqian who was only wearing a pair of obscene trousers, and ran across the high wall and roof all the way towards Nanxunmen go.

After Cui Nanwan moved to her mother's house, the people in this yard became more and more leaderless. In the middle of the night, who wants to meddle in the outside business? Even if someone heard something, they wouldn't bother to watch it without the master's order.

As a result, Zhang Hongqian disappeared in place, and his concubine had a blood hole in his head, bleeding most of the night, and the seed in his stomach that hadn't had time to germinate disappeared, and no one knew.

"ah!"

The next day, the little girl serving Jintong called "Auntie" several times, but no one answered, and there was a faint smell of blood coming out from the crack of the door. She opened the door anxiously, and saw Auntie lying in a pool of blood. , let out a cry.

It's just a servant, even if he dies, no one cares about it.

After Mrs. Han finished her breakfast, someone reported the incident in the yard. Mrs. Han didn't take it seriously. It wasn't until half an hour later, when she heard that the second master had gone somewhere, that Mrs. Han was shocked. Get up, "Second Master stayed at home last night, where can I go this early in the morning? Hurry up and look for it!"

Yesterday, Mrs. Han told her husband and natal family about Xie Zhiwei's domineering. In the court meeting early this morning, someone will definitely impeach Xie Zhiwei. She wants to see if a woman is impeached every three days. She has no face.

In order not to cause any accidents, Mrs. Han specifically told Zhang Hongqian not to go out and to stay at home for two days.

My son has always listened to her. Besides, what good are the goblins outside, and there are not beautiful girls at home. With their family background, whoever his son takes a fancy to is her blessing.

The Han family has raised three sons, logically speaking, the youngest son should be the most loved by her, but the youngest son was born with dystocia, and she doesn't like it, and the eldest son doesn't agree with her, so she doesn't like it either. Fortunately, there is a second son, extremely filial piety, how could she not like it?

The Han family didn't take it seriously, so after eating too early, they asked people to inquire about the news in the palace, to see how the emperor punished Xie Zhiwei, a little hoof, in today's court.

Lu Yan hurried back from Chaoyangmen and walked Xinsongmen Street, perfectly missing the excitement outside Nanxunmen.

He was dressed in a scarlet embroidered unicorn robe. Although he was walking in a hurry, his temples were not messed up. His brows and eyes were restrained from evil spirits, and he looked extraordinarily deserted. If it weren't for the Dongchang gangsters behind him who were whipping their horses, who would have thought that this The stunningly beautiful young man is the fearsome governor of the East Factory.

In less than three quarters, Lu Yan went up Yujie like a gust of wind. The vendors and pedestrians along the way gave way one after another. When they reached Dongye Gate, the Dongchang fans reined in their horses one after another. Lu Yan jumped in and rushed in. In front of the door, he got off his horse, threw the reins to the little **** who came to serve, and walked in quickly.

Tang Yuan had already received the news, so she hurried over, took the cloak that the governor had torn off, and said, "Master, yesterday the princess and Xuandehou's mansion had a conflict, and at the meeting today, the censors of the two sides almost fought Woke up."

"What happened?"

Xie Zhiwei is the only one who can call the Twenty-Fourth Yamen only titles but not titles. Lu Yan's eyebrows and eyes are slightly lowered, and his whole body is full of murderous aura, unlike in the past.

Tangyuan explained what happened in a concise and concise manner, and was about to inquire, when a fan from Dongchang walked quickly behind him, and came over with his ear, and told Lu Yan what happened outside Nanxun's gate.

Lu Yanburan and Zhu's lips curled up slightly, and he said to Tang Yuan, "Go in and report!"

In the court hall, the censor who participated in Xie Zhiwei and the censor who impeached Xuandehou's mansion almost wrestled together. The emperor sat on the dragon chair and looked at everything underground with cold eyes. His face became darker and darker, almost dripping water.

Lu Yan is not here, what happened yesterday, until today, the emperor does not know, one side is the Xuandehou Mansion, the other is Duanxian Princess, the other is the Xuandehou Mansion, and the Xie Family and Wu'anhou Mansion are allied, the emperor does not know how to judge good.

A young **** hurried over and shouted, "Report to the emperor, Lu Yan, the governor of the East Factory, begs to see you!"

"Quick, hurry up!" the emperor said repeatedly, he breathed a sigh of relief, A Yan came out of Beijing for the few dignitaries of the Lou Kingdom who secretly came to Dayong, the emperor did not eat well, and slept well not good.

Lu Yan walked in quickly. The young man was tall and tall, walking like a dragon and a tiger. His steps were not fast or slow. His handsome and coquettish face was reflected in the morning sun slanting in through the window lattice, and it became more eye-catching. The brilliant paintings in Linde Hall The murals are therefore overshadowed and reduced to his foil.

"I see the emperor!" Lu Yan saluted, and the emperor quickly called out, "Ah Yan, you are finally back, how are you doing?"

Today's update!

Xiao Xun: Bullying my daughter-in-law, everyone is getting impatient!

Lu Yan: I am not in Beijing for a few days, and some people bully the princess, what about the ticket?

Chapter 358 Scared

"Fortunately, the holy order is not disgraceful!" The young man's soft voice sounded, and the emperor finally showed his first smile this morning, and hurriedly said, "That's good, Ah Yan, come to me!"

Lu Yan returned to his position, and Li Baozhen stepped down from the steps with a sigh of relief.

"Your Majesty, the Empress Dowager has returned to Beijing, and a little accident happened outside Nanxun Gate."

When the emperor heard this, he almost jumped up in shock. He knew that the empress dowager came back from Mount Wutai in a hurry when she learned that Xiao Xun had returned from Juzhou City. "What did you say? What happened?"

Your Majesty, the two sides fought fiercely, swords and swords, not giving an inch, when they heard this, they all kept silent and worried, the empress dowager is old and has arrived at the gate of the city, what can happen Accident?

"The Empress Dowager was frightened!" Lu Yan's bewitching eyes slightly raised, and he glanced at His Majesty Xuandehou's son, "The second son of Xuandehou's mansion scared the Empress Dowager!"

"You're talking nonsense!" Xuande Hou Shizi was furious, and pointed at Lu Yan rudely, "Lu Yan, you eunuch, don't spit blood, my son is in the mansion well, early in the morning, what is he doing at Nanxunmen?"

The emperor said angrily, "Zhang Yanqing, in front of me, you have spoken so shamelessly and conveyed my will. Zhang Yanqing will be fined for three years!"

If it weren't for the merits of the event fifteen years ago, the title of Marquis Xuande might not be able to keep today.

A glint of light flashed in Lu Yan's bewitching eyes, and as soon as he raised his hand, two servants, one on the left and the other on the right, lifted Xuan Dehou up and pushed him out of the palace gate.

After arguing for a whole morning, the young Li Li beat Xuande Hou back to his original form with a few words, and the courtiers had to re-examine the young palm seal envoy.

The emperor stood up, "The civil and military officials of the second rank and above will come out of the palace with me to welcome the empress dowager."

Outside the Nanxun Gate, the Empress Dowager's Luanjia had only reached a place less than a mile away from the city gate, when it was stopped by a sea of people, and Luanjia had to stop.

The empress dowager was over 60 years old, and she was in good spirits. She rushed back from Mount Wutai in a hurry. At this time, she couldn't get in at the gate of the city, and she couldn't help being annoyed, "What happened?"

In Liu Zhengzhong's heart, the word "naked" casts a large shadow area, thinking that day, he was almost forced by Xiao Xun to run naked, so Xiao Xun asked him to strip Zhang Hongqian naked and hang it on the city gate. Out of some mentality, he hung Zhang Hongqian with a "big" character, which happened to be on the city gate, and everyone who entered or exited had to pass under his crotch.

Who is willing to be humiliated by others?

Han Xin is an extraordinary person, not everyone can afford to be Han Xin.

The first person to enter the city today was happy to see the first person to leave the city. He pointed to Zhang Hongqian who was still awake from a coma and smiled, "Oh, big brother, look up!"

The elder brother in a brocade robe waved his fan and looked in the direction the man was pointing at. He was furious and swung his fan up, trying to get rid of Zhang Hongqian's troublemaker, but unfortunately, his accuracy was too poor.

In this way, this place will be lively.

The empress dowager just lifted the curtain of the car. The old man had sharp eyes and ears, and at a glance, he happened to see Zhang Hongqian's place. He covered his eyes with an ouch, and said angrily, "It's a bright day, what's going on!"

Jin Yiwei Qianhu Mu Jianfeng was in charge of the empress dowager's defense. He hurriedly arranged for someone to rush over to ask clearly, and came back to report, "Empress dowager, the second son of Xuandehou's mansion is hanging on the city gate. It was the holidays, so it was hung up."

Just as he was talking, Xiao Xun came over quickly, and shouted from afar, "Grandmother, you want to kill your grandson!"

"Hey, empress dowager, it's the king of Chenjun who is here!" Hu Momo smiled at the empress dowager, and said in her heart, it's great that the king of Chenjun came, otherwise what should I do now!

"Quick, please come in!"

With the situation outside, how could the Empress Dowager dare to open the curtain and go out? She was stopped here today, and she is not sure how people outside will spread the news.

Xiao Xun came up and knelt down to the Empress Dowager, "Grandmother, the grandson is apologizing to the Empress Dowager!"

"What crime do you pay for? What crime do you have, what nonsense are you talking about, come in quickly, and let grandma see if my grandson has grown taller in the past two months?"

Xiao Xun hurried in, and was hugged by the Empress Dowager, just like holding a gold ingot. The anger just now was thrown out of the sky by her, and she only held Xiao Xun's face and looked at it, and then her whole body After checking up and down, he asked with a smile, "Good grandson, Juzhou City is so dangerous, all the civil and military ministers are dead, your uncle sent you there?"

"No!" Xiao Xun said coyly, "Not all grandsons are there to fight the epidemic."

Sure enough, the Empress Dowager said pleasantly, "Is it true that, as your father said, you went with Miss Xie?"

"Grandmother, keep your voice down, it's not good to be overheard!" Xiao Xun was really shy, and only felt that his father's big mouth was really real, and he wanted to yell about something for everyone to know.

This is also the purpose of the Empress Dowager's return this time. Firstly, to confirm that her grandson is really good, and secondly, to decide on her grandson's lifelong event.

"Hahaha, what's so embarrassing about marrying a male college and a female college?" However, after all, the empress dowager still respected her grandson's wishes, and said in a low voice, "Miss Xie family? This time, you have made great achievements, and you were named princess by your imperial uncle? Hello girl from the Xie family, girls from the generation of the Xie family are right, when will grandma call you into the palace to have a look?"

Xiao Xun made the empress dowager laugh, while the emperor rushed over to the city gate.

Mu Jianfeng had someone put Zhang Hongqian down and wrapped him in a piece of cloth. From the beginning to the end, Mu Jianfeng didn't know whether Zhang Hongqian was really dizzy or pretended to be dizzy. Anyway, he never opened his eyes during the whole process.

At this time, the emperor came over. Lu Yan rode on a big red horse in a red embroidered unicorn robe, and followed the emperor.

Mu Jianfeng stepped forward quickly and explained the matter roughly, "The king of Chenjun has rushed over, and he is accompanying the empress dowager right now."

The emperor breathed a sigh of relief, he reined in his horse and stood under the city tower, got off his horse, led all the civil and military officials, and hurriedly walked towards the Empress Dowager's Luanjia, and saluted in front of the Empress Dowager, "Please forgive my son for his late welcome!" Sin, my son, give my mother peace!"

There was no sound for a long time inside Luanjia, and after a while, the Empress Dowager heard a faint voice, "This spring is very unpredictable, what are you doing out of the city? Are you okay in the court?"

"Isn't it natural for the mother to return to the palace and the son to pick her up!"

"Forget it, let's go back!"

The emperor rode on a horse and walked on the side of Luanjia, and Lu Yan followed him. Hearing the laughter of the Empress Dowager from inside the Luanjia, the emperor couldn't help but look at the Xiao Changxuan brothers who were following behind him. At a glance, he has raised so many sons, and they are not as good as the fourth son, a concubine.

Almost at the gate of the palace, Xiao Yu hurried over, stopped the empress dowager's car, and shouted, "Mother, my son is late!"

The first update!

Chapter 359 Wives and concubines

The empress dowager quickly opened the curtain, looked at her son kneeling on the ground, and felt distressed, "What are you doing kneeling on the ground in such a cold day, why don't you get up quickly!"

The emperor looked up at the sky, and was speechless for a while. He was just at the gate of the city, and he didn't see the empress dowager feeling sorry for his son. However, the emperor was used to it. For him, it was not bad for the empress dowager not to pay attention to him and to focus on the fourth father and son.

After arriving here, all civil and military officials can go back. The emperor's brothers and several grandsons sent the empress dowager back to the palace, and a shoulder chariot carried the empress dowager to the gate of the Qingshou Palace. The empress has already led the concubines to greet her .

"What are you doing here?"

Seeing the queen's pregnant belly, the empress dowager was startled, "Aren't you trying to make me uneasy? Emperor, you go back with your daughter-in-law, let the fourth son and ah Xun talk with me, and come back later to say hello !"

Naturally, the emperor would not refuse to agree, and he came in a hurry after sending the queen back in person, and happened to be talking about what happened in front of Nanxun's gate today, Xiao Xun said, "Grandmother, if grandson wants to make amends to grandma, he must pay for this. That's Zhang Hongqian. The grandson hung it up and hit the emperor's grandmother."

The emperor suddenly said angrily, "Ah Xun, how old are you, and if you have any trouble with Zhang Hongqian, you can't do such a thing. You offended your imperial grandmother, and it's useless for your imperial grandmother to love you."

The empress dowager was not happy, "What does this have to do with my axun? Emperor, although the eldest princess is your aunt and your elder, but Zhang Yanqing is your courtier. Let's see how he teaches his son. Do not do business at night, dote on concubines and kill wives at home, sleep in flowers and willows all day long, and lose the face of the royal family, if you can't control Zhang Yanqing, the Ai family will help you!"

The emperor hurriedly knelt on the ground, Xiao Xun didn't want to follow him, moved his **** on the stool, faced the palace gate, pretended not to see Xiao Xun was held in the arms of the empress dowager, and the empress dowager stroked him Naturally, he would not be willing to let him kneel on his back. In the whole hall, only the emperor led a group of palace people to kneel.

The Empress Dowager is really angry this time. She is over 60 years old, and there are no restrictions.

"Your aunt is a majestic eldest princess. Fortunately, she is still a princess of the royal family. She can't control her own man. She can't establish rules in front of her daughter-in-law. What's the use of her?"

The Empress Dowager became fierce and extremely majestic, "Get up, isn't she the Han family powerful? Now that the Empress is pregnant, ask Concubine Yun Gui how she manages her husband and children?"

"Yes, my son will do it now!"

Coming out of the Qingshou Palace, the emperor didn't notice Xiao Jue's resentful gaze sticking to his back. He and his daughter Linghua were choosing the headgear when they saw the emperor coming, they hurriedly pushed away the jewelry box, and led their daughter to pay respects.

"See the emperor!"

"See Father!"

"Get up!"

The emperor leaned over, trying to pull his daughter and concubine up one by one. Concubine Yun Gui was already one step ahead, avoiding the emperor's hand without a trace, and asked, "Why is the emperor here?"

The emperor looked at Concubine Yun's cold and bright face, and couldn't help laughing, "Can't I come?"

Concubine Yun twitched the corners of her lips, and said with a half-smile, "Look at what the emperor said, sure enough, the concubine is not favored, and even the words of concern are not heard by the emperor. Do the concubine dare to question the emperor? Is the concubine concerned? The emperor just said something more."

"You!" The emperor had no choice but to take Concubine Yun Gui, "I also made a joke with you, and you just made such a big deal."

"Hmph!" Concubine Yun Gui picked up the cup of tea, took a sip by herself, and didn't care if anyone served tea to the emperor, she simply shut up.

The emperor had no choice but to say, "I came here at the order of my mother. The queen is pregnant, and you should take care of the matters in the harem. There is an urgent matter right now. You can recruit Mrs. Han into the palace and talk about it. If you can't do the job of husband and son, I will help Xuande Hou Shizi choose another one who can do it."

"The concubine can't do this. His Majesty is too partial. Let the concubine do all the work of offending people."

"Why did I arrange this? It was ordered by the Empress Dowager."

"Who knows what the emperor said in front of the empress dowager, the empress dowager assigned this hard work to the concubine." The more Concubine Yun said, the angrier she became, "The concubine has always been at odds with the Han family, doesn't the emperor know? The Zhang family This kind of matter is just kept from the emperor, and she doesn't know that the Han family can't care for their husbands and children? It's just dissatisfaction with the emperor for letting her son marry a girl from the Cui family."

The emperor really didn't know about these things in the backyard. When he heard this, he became angry, "What's going on? Is there anything wrong with the girl from the Cui family who is not worthy of her son?"

"Look at what the emperor said, what mother in the world doesn't think that her son is invincible in the world, in the eyes of those foolish women in the countryside, they might think that the emperor is not as good as her son who can't read a single word."

Concubine Yun Gui took another sip of tea and sneered, "Ms. Cui's family was talented and virtuous. She was famous in Boling. She was born beautiful and beautiful. She was decent and polite. She entered the Xuande Marquis Mansion for three years, and her first child was established by the Han family. The rules and regulations are gone, and I finally got a second child, and I almost lost my life by a bowl of tiger wolf medicine from the Han family. Yesterday, the brothers and sisters of the Cui family and the eldest daughter of the Xie family went to Zhang's house to visit their sister. It's almost impossible to point someone's nose at Princess Duanxian and scold him, Princess Duanxian is also a straight tempered person, and the brothers and sisters of the Cui family also have backbone, so they picked up my sister."

"I heard that the Marquis of Xuande's mansion even asked the censor to read a copy of Princess Duanxian. Why does the Han family still have such a face? If it were a concubine, he would be ashamed to death, but the concubine didn't Son, I don't have a daughter-in-law to talk to. Your majesty, tell me, the Dahan family is not dissatisfied with this marriage, or what, if you want your concubine to say it, the emperor might as well show you a favor and order the Zhang family and Cui Shi and Li forget it."

"How can this be possible!" The emperor's impression of the Zhang family was extremely bad, but he must not go back on his word, after all, he also made the imperial decree of the marriage back then.

At this moment, the emperor also felt that what the empress dowager said made sense, and his aunt was really useless.

"That's what the concubine is talking too much. As long as the concubine thinks that Linghua, the concubine, will meet such an in-law's family in the future, the concubine will want to keep Linghua in the palace for the rest of her life." Yun Guifei said while wiping her face. tears.

The emperor had no choice but to come out of Concubine Yun's palace, went to Fengzhi Palace, and told the Empress Dowager's will, "Although the Empress Dowager understands you, it's not right for the Concubine to reprimand the married woman, so I just need to trouble the Empress. "

The second update!

Chapter 360 Female Precepts

The queen also heard about the impeachment of Duan Xian by the Xuande Hou Mansion this morning, and she was also willing to support Xie Zhiwei, and said with a smile, "The emperor's words are outrageous. These things should be taken care of by the emperor. Even though she is pregnant, the child is quite well-behaved, and some things can still be handled."

"That's good!"

When the emperor left, the empress's face darkened, and she ordered Madam Xi, "Mother Xi, send two people to the Dachang Princess' mansion, send "The Commandments of Women" over there, and tell the Dachang Princess about it. That is to say, if it is inconvenient for the aunt to teach the daughter-in-law a lesson, then this Palace will have to obey the Queen Mother's order, after all, this Palace is not easy to resist the order."

Although the empress dowager hates the eldest princess very much, the pair of sisters-in-law have always been ungrateful. In addition, in recent years, the eldest princess's mansion has not had much contact with the palace.

In the Dachang Princess' mansion, Nanny Xi was welcomed in, presented the "Women's Commandment" with both hands, and said to the Dachang Princess, "I have seen the Dachang Princess, I came here at the order of the Empress, and the eldest concubine." It's really inappropriate. The empress dowager has issued such an order, and the queen can't resist the order. If she really complies with the order, it will be disrespectful to the eldest princess, the aunt."

The Eldest Princess didn't wait for Mammy Xi to finish her sentence, her face turned dark, she forced a smile on her face and after listening, she asked people to send Mammy Xi out of the door respectfully, then turned her head and told the mammy beside her, "Go tell Mrs. Han , I mean, let her go into the palace and kneel in front of the Qingshou Palace, when will she finish copying the "Women's Commandments" a hundred times, and when will she come to see me!"

She didn't know about the Xuandehou's mansion before, but when something like this happened, even the queen mother was alarmed. Could the eldest princess not know about it?

Seeing that the eldest princess was so angry, the nanny in front of her had no choice but to comfort her, "Eldest princess, the girl from the Cui family must be really not very nice..."

"Don't tell me, I still don't know what's on her mind? I was wrong in the past and chose this stupid woman for the son. I thought that the eldest daughter of Duke Wei's mansion would be reluctant to match my son. Who can tell me?" I know, it's because the mud on my legs hasn't been washed off, how do I know what it means to be knowledgeable, and how shallow your eyelids are all day long?"

The Eldest Princess sneered, "She, on the one hand, hates me for going to propose this marriage to her son, and on the other hand hates that the girl from the Cui family surpasses her in demeanor. Seeing that Bengong likes the girl from the Cui family, she just Grinding people to death."

After Zhang Hongqian was carried back, he searched for life and death. He lost such a big man, how can he move around in the capital from now on? Do you still have a face to face?

Da Han heard his son suffered such a crime, hugged his son and cried hoarsely, "My poor son, when did you offend that demon king? Who is it wrong for you to offend, what do you do to offend him?"

If Zhang Hongqian hadn't come back, it would be Xie Zhiwei that Da Han hated. Now, Xie Zhiwei is no longer a big deal. If she could, she would like to eat Xiao Xun's meat and drink his blood.

"Mother, Xiao Xun is too deceitful. My son admits that he has never offended him. My son hasn't seen him for half a year. Where can I offend him?" Zhang Hongqian turned red and pushed his mother, "I and Xiao Xun and power are incompatible, I can't live, and I won't let him live!"

He struggled to get the sword that was used to decorate the wall, but he didn't see his father coming in, only heard a cold snort, Zhang Hongqian burst into tears, looked in horror, saw his father, and suddenly saw the savior, "Father, my son is suffering!"

Zhang Yanqing glanced coldly at his wife who was holding his son, and saw that the son was still in a hurry, "You go to Xiao Xun for revenge, I won't stop you, but I can tell you that Xiao Xun captured the tiger with his bare hands at the age of ten, and at the age of twelve Picking Sanzhuang and Eighteen Villages, last year he shot the number one general under King Ning, captured King Ning alive, defeated Liu Xingjun's son last autumn, and famously used Liu Zhengzhong, who was so ashamed that he almost committed suicide. Why go all out with Xiao Xun?"

Zhang Hongqian didn't know who Liu Zhengzhong was, but it didn't prevent him from knowing Xiao Xun's strength. Zhang Hongqian was stunned for a moment, his face was covered with tears and snot, and he said aggrievedly, "Could it be that my son can only suffer this loss for nothing?"

Zhang Yanqing couldn't swallow this breath, but what can he do now? Everyone is saying that the Marquis of Xuande's Mansion doesn't take Cui's daughter seriously because they are dissatisfied with the marriage bestowed by the emperor. Now the capital is full of rumors and gossip, Zhang Yanqing has no choice but to burn his anger to the Dahan family. body.

"If you want to blame it, you have to blame your mother. I heard that this time Xiao Xun went to fight the epidemic and caught the plague. If it weren't for Miss Xie's family, he would have lost his life in Juzhou City. How could he have any chance of making meritorious deeds? You Since Xiao Xun is not offended on weekdays, it is Xiao Xun who is fighting for Miss Xie."

After Zhang Yanqing finished speaking, he looked at Da Han coldly, "Mother sent someone to send an order, you go to Qingshou Palace to plead guilty!"

"What did the concubine do wrong?" Da Han was stunned and indignant.

"What did you do wrong? Stupid woman, you still can't see the situation clearly? It's not a trivial matter for Qian'er to disturb the Empress Dowager this time. Do you think it's still the Hou's family business?"

"Qian'er was put up by Xiao Xun, and the palace can't be partial to this. Is the concubine not filial enough to the eldest princess? At this moment, not only will she not say that she feels sorry for Qian'er, but also Willing to say something for my concubine..."

"Snapped!"

Zhang Yanqing slapped Da Han on the face, he had never felt that Da Han was so stupid for a moment, and said angrily, "I told you a long time ago, don't meddle in the affairs of the sons' room, You never listen. I told you that although the west building of the Cui family is a bit miserable, the east building is still there. The four major families are united. ."

"You still dare to question your mother, believe it or not, I dare to divorce you!"

"Shut up, give up if you have the ability!" Da Han cried, "Qian'er is like this, he will have no face to face others in the future, and I don't want to live anymore as a concubine. The Xuandehou Mansion will lose face anyway."

"If it weren't for you, a stupid woman, why would Xuandehou's mansion be like this? The palace said that you don't know how to care for your husband and raise your children. You really are like this!"

No matter how much Da Han resisted, two nuns came to the palace, and finally Da Han had to enter the palace. She put on a lot of make-up, got out of the carriage, and knelt down in front of Xuanyou's gate under the eyes of everyone, with her face spread out in front of her. A copy of "Women's Commandments".

On this day, the Xuande Hou Mansion has become the talk of the rich and powerful after dinner.

Xie Zhiwei came to Cui's house early in the morning. After taking Cui Nanwan's pulse, he applied acupuncture and adjusted the prescription. After resting for a while, Bailing hurried in and told the gossip he had heard on the street, "The talented servant is on the street. When I met Eunuch Zhima who was in front of the governor, the servants asked, all of these are true."
