

The Power 371

Chapter 371 Brother

Xiao Xun came over, opened the curtain, and looked inward at the siblings, "Get out of the car, rest for an hour, drink some water and eat some dry food before leaving."

Xie Mingxi was almost moldy in the carriage. Upon hearing this, he quickly climbed down from the carriage, stretched his muscles and bones on the ground, saw a large apricot tree on the hillside in front of him, and immediately shouted joyfully, "Sister, Look!"

Xie Zhiwei just got out of the car, and looked in the direction of Xie Mingxi's finger, and saw a large expanse of apricot blossoms like snow, among which there were thousands of rouge spots, and the flowers were delicate and beautiful, taking up the spring breeze, just when a gust of wind blew over, they were like rain, and they were pleasantly surprised, "What a nice view!"

"Go and have a look?" Xiao Xun asked.

"OK!"

The three sisters Xie Zhihui also came over, and they all intended to go to the front to see Xinghua. When they passed by, they happened to invite Mu Xiaowang, Xu Liang and Cao's brothers and sisters, and the group climbed up the hillside in a mighty manner.

When I went up, I heard a voice, "Fortunately, I came out this time, otherwise I would have missed the good spring. This time, if Xie Aiqing's granddaughter was not coming out, my brother would not know the spring outside. So good!"

It was King Xiang's voice, Xie Zhiwei hurriedly stamped his feet, Xiao Xun also stopped and looked at her, Xie Zhi smiled, thinking, since he was accompanying the driver, he must meet the emperor, so he took his younger brother's hand hands, stepped forward generously, met the emperor and others and saluted.

Beside the emperor, besides Xie Tiao, Zeng Shiyi and other civil servants, Yang Zhenlin, the master of the South Study Room, and the princes were also accompanying him. When his son and Xie Zhiwei came over, he hurriedly waved, "Son, princess, come quickly, the emperor is talking about you!"

Where did the emperor mutter, the emperor himself felt that he had hallucinated just now, did he really mutter?

However, the emperor naturally would not demolish his brother in front of everyone, and he was willing to show Xie Zhiwei face. Seeing her holding her brother and waiting for everyone to salute, he asked Xie Zhiwei, "Is this your brother?"

"Yes, if you go back to the emperor, this is the fifth younger brother, this is the eldest brother, and this is the second, third, and fourth younger sisters!"

Xie Zhiwei was a little embarrassed when he said that, and smiled mischievously at the emperor, "Because I invited my younger brothers and sisters to play with the Zhuangzi given by the emperor, since the emperor is going this time, Duanxian is not good at breaking his promise, so I have to take him with me. Drive with your younger siblings!"

This time it was not a spring hunting or autumn hunting event. The emperor also went on a tour in a micro-clothes, and as Prince Xiang said, if Xie Zhiwei hadn't mentioned it, they wouldn't have thought of going out to play.

"You get along very well with your younger brothers and sisters." The emperor waved at Xie Mingxi, "Come, come here, let me see, this is Xie Yuanbai's legitimate son, right?"

Xie Zhiwei let go, Xie Mingxi walked over to salute the emperor generously, "I see the emperor!"

"Puff ha ha ha!"

Even the mature and prudent civil and Confucian ministers in front of the emperor couldn't help laughing. Xiao Xun couldn't help but walked over and picked him up, "What kind of minister are you?"

Xie Zhiwei held back his smile, looked at his younger brother in a daze, and reminded, "Brother Xi, you haven't got any fame yet, so you should call yourself a grassroots."

Xie Mingxi was frightened by the word "grass people", a little wronged, looking at the emperor with watery eyes, as if he could speak.

The emperor laughed out loud, thinking that this kid was so much fun, seeing the sweat on Xie Tiao's forehead, he became more and more kind, Xie Tiao, Xie Tiao, you also have today's schadenfreude, "Brother Xi, I will test you today, If you answer well, I will reward you as an official!"

When Xie Mingxi heard this, he was overjoyed, and stood upright, "Your Majesty, the grassroots will recite the Book of Songs."

"Oh, you are only five or six years old, and you can memorize the "Book of Songs"? Who enlightened you?"

"It's my sister, my sister is amazing!"

"Oh, then you can choose a chapter from "The Book of Songs" and recite it to me?"

"Yes, the grassroots obey the order!" After Xie Mingxi bowed and saluted, he began to recite:

"Looking at the Qi Ao, the green bamboo and the Yi. There are bandits and gentlemen, who are as sharp as a grinder... Broad and generous, and heavy and heavy. Good at joking, not cruel."

The voice full of childishness is as clear as a yellow warbler, resounding by the Qushui River where the rain of apricot blossoms is dancing, the childish voice is light, cadenced, and extremely fluent, which makes people feel happy physically and mentally.

Zeng Shiyi and others even closed their eyes when they heard it. After a long time, they could only hear the sound of apricot blossom rain drifting by in their ears, and only the lingering fragrance in their noses. wake.

"Your Majesty, it is "The Book of Songs·Wei Feng·Qi Ao"."

The emperor came back to his senses, looked at Xie Mingxi with a little love, and asked the child who was looking up at him softly, "How did you think of memorizing this?"

I thought that Xie Mingxi would say that this article is the most familiar, but who knows, the little guy said, "If you are poor and happy, you are also rich and polite. Your Majesty, Caomin wants to be a gentleman in the future. This is Caomin's favorite article." , the first article my sister taught the grassroots."

Xie Zhiwei's eyes couldn't help getting wet. Through the hazy eyes of tears, she saw Xie Mingxi, as if she saw the idiot in her previous life. Every time she saw her, she would hold a bouquet of wild flowers picked from nowhere in her hand, and wanted to give it to her. Give it to her, muttering, "Sister, Xiang, the flowers are so fragrant! Sister is happy!"

At that time, she didn't know that a bouquet of wild flowers was the only thing that Xie Mingxi in his previous life could afford, just to give it to her and make her happy.

At this moment, she really wanted to rush forward and hug her brother.

The emperor was also very shocked, and couldn't help but look at Xie Tiao. Is this the court instruction of the aristocratic family? If so, it is really scary.

It's no wonder that Xie's family has been able to pass on for hundreds of years. Almost without hesitation, the emperor said, "I have ordered Xie Mingxi to be the companion of the ninth rank. After returning to Beijing, he will go to the South Study to accompany the princes to study."

The princes who are still studying in the South Study Room, apart from a few adult princes who have not listened to the government, are the underage princes and the eldest sons of the clan. Xie Tiao was taken aback, and hurried forward to kneel and resign, "Your Majesty, my grandson is young and ignorant, and he hasn't read his own books well.

"Needless to say, I've made up my mind!"

"The emperor..."

"I know what you mean. In the future, your grandson will be sent to Cui's family to be raised. If I can bring one of my emperor's sons in, I'm not afraid."

The matter has come to this point, Xie Tiao can't say anything more, so he has to pull his grandson to kneel down, "Thank you, Lord Long En!"

The emperor said, "Ah Yan, Duan Xian's brothers and sisters all have rewards!"

"yes!"

Lu Yan made a gesture, and the eunuchs came in a file. The boys of the Xie family each had a heart-breaking paper, and the girls each had a red gold nine-section plate chi and Yingluo circle. Xie Tiao led the grandchildren to kneel again Come down and give thanks.

The first update!

Seeing that the emperor rewarded the girls and young masters of Xie's family, everyone couldn't help casting envious glances at Xie Tiao. It's not enough to have a big girl who can save people from fire and water. God actually rewarded such a good grandson to thank him. Overlook.

God is too unfair.

The emperor still needs to go shopping, so Xie Zhiwei and others have to accompany him.

Prince Xiang also seemed to be interested in Xie Mingxi, so he called Xie Mingxi over, tore off a Chilong jade pendant from his waist, and handed it to Xie Mingxi, "Come on, call uncle to listen."

This is a bit amusing to children, and it is only the younger generation who loves him very much. The emperor couldn't help but look over when he heard it, and saw that the Chilong jade pendant was actually given to their brothers by his father. He didn't leave his body, and this time he actually took it out to reward someone, and the reward was still a child.

It is obvious what it is for!

The emperor couldn't help looking at Xiao Xun, and saw him standing not far from Xie Zhiwei, in a protective posture, the two of them didn't know what they were talking about, Xie Zhiwei listened attentively, and when Xiao Xun finished speaking, she smiled gently, her eyes wide open. Like a lake in spring, the sun shines on the water, sparkling and extremely bright.

The emperor has four princes under his knees, and Xie Zhiwei is enough to match any one of them. It is not that the emperor himself has tried Xie Tiao, but the Xie family has always refused to marry their daughter into the royal family.

The emperor can also understand that the Xie family has survived in the court for so many years. In addition to their ability to judge the situation and be cautious in everything, another reason is their position. The Xie family never stands in line, only loyal to the emperor.

It's just that the emperor is really unwilling to give up such a good girl.

Concubine Wan also felt unwilling. She was pregnant, so she could no longer serve the emperor, who knows, Xue Wanqing said, after three months, as long as she is more careful, it doesn't matter.

After teaching her several poses, the emperor took more interest in her than before.

And she didn't know if it was because she was pregnant, and she couldn't stand the teasing, but fortunately, she always satisfied the emperor every time.

Last night, there was a lot of trouble, and Concubine Wan was a little tired. In addition, she was a pregnant concubine after all, so it was not good to come out with such a big fanfare. During the break, she did not accompany the emperor, but hid in the carriage.

Hearing that the young masters and girls from Xie's family had fallen into the emperor's favor, how could Concubine Wan be happy when she thought of what Xie Zhiwei had done to her?

"When it comes to currying favor with the emperor, Miss Xie is really the number one in the dynasty!" Concubine Wan sneered, "Where is there a bit of character from a noble family?"

Xue Wanqing originally came here to serve Concubine Wan, so naturally she couldn't leave Concubine Wan and go to enjoy the flowers by herself. After hearing this, she opened the curtain and glanced at Xingshulin, "If you talk about guessing people's hearts, , the eldest cousin is indeed very talented. This kind of, I am not saying that I can't, it's not that I don't have this ability, there are some things that I can't do, and I don't bother to do them. If she wants to, let her do it!"

The two talked about Xie Zhiwei for a while, then put the words aside and talked about making money.

"I still feel that money can turn ghosts around. With my status, I also have a certain influence in the court. I believe that as long as poetry and songs are mentioned, no one dares not to mention my name Xue Wanqing. With fame, now The main thing is to make money, tell me, how about I open a brothel in the capital?"

Xue Wanqing thought of so many time-traveling women. In ancient times, everyone would kill all over the world. Everyone should realize the freedom of wealth first. She thought that when she went out, she would have to **** jewelry to have money to spend. Why not worry?

She was going to make a lot of money with Xiangyunjian before, but she was cut off by Xie Zhiwei. Thinking of this, Xue Wanqing couldn't help sitting up, opened the curtain and looked outside, but she didn't see Xie Zhiwei, but her eyes seemed to be piercing. Through the apricot blossom forest, I saw Xie Zhiwei.

"What's wrong with you?"

Seeing Xue Wangling lose his composure, Li Wanfen asked in surprise.

"Could it be that Xie Zhiwei..." is reborn? Or is God warning me not to steal the props in the book to get rich?

Rebirth? Xue Wanqing felt that it was impossible. If she was reborn, Xie Zhiwei should know that Li Wanfen would not let a talent like Lu Zhonglian go, and would offend Lu Zhonglian by refusing to treat Lu Zhonglian.

It seems that the plot in the book has changed because of my time travel.

A melodious song floated from above the river, the water was gurgling, and the wind raised the petals of the apricot blossoms, which fell on the water, reflecting the sparkling waves, which was so beautiful.

"...Hey, a little phoenix with gold hairpins, I will take pity on my heart.

[illegible]

The singing was beautiful and melodious, and accompanied by the creaking sound of the oars, everyone raised their heads and looked up the river. They saw a small boat going down the river. The boat was rocked by a girl. , sang a song while rocking the boat, probably felt that the atmosphere was abnormal, glanced this way, saw that there were so many people, and hurriedly shut up.

"Go and see!"

This girl has a good voice, and the songs she sings are quite provocative. The emperor became interested and ordered Lu Yan.

Xie Zhiwei looked at Lu Yan, and saw that he was standing under an apricot tree, a flower branch poked out quietly, and the petals were about to touch his cheeks, his face was like a plum in the shadow of the apricot blossoms. The pistil is average, but it is even more delicate and beautiful than this apricot flower.

"yes!"

Lu Yan responded quickly, and behind him, a person from Dongchang stepped forward, stood by the river and shouted, "Girl, come closer and talk!"

The girl saw that there were many people here, and everyone was dressed in brocade clothes. She was so frightened that she forgot to steer the oar for a moment. The girl quickly supported the bow of the boat. On this side, the man from Dongchang swung a pawl-like weapon in his hand and swung it several times. Seeing that the girl's boat was unstable, he quickly pushed the pawl and moved towards the boat. Throw it over.

Seeing that the girl was not looking good, she plunged into the water, Xie Zhiwei's heart suddenly rose to her throat, at this moment, she felt her sleeves being pulled, she hurriedly turned her head, Xiao Xun glanced out, Xie Zhiwei hurriedly greeted her younger siblings we leave.

After getting into the carriage, they each drank some snacks and tea in the carriage, and waited for about an hour before they said they were leaving.

After Xie Mingxi got into the carriage, he shook twice and then fell asleep. Xie Zhiwei held his younger brother in his arms, looked at his younger brother Yuxue's cute face, and secretly made up his mind that no matter what, she would keep his younger brother safe in this life. The Xie family will belong to her younger brother in the future, and she also wants to protect the foundation of the Xie family for her younger brother.

The second update!

Chapter 373 Marriage

At the end of the unitary hour, a group of people arrived at the foot of Yanshan Mountain. The sun sinking in the west was blocked by Yanshan Mountain, and the glow of the sky seemed to shine from the back of Yanshan Mountain. a painting.

"Good view!"

The emperor got out of the carriage, and he was no longer wearing the same clothes as before. He wandered around with his hands behind his back, and then got into the carriage again, and walked out of the palace.

Immediately afterwards, Lu Yan arranged for someone to issue an imperial decree that the girls and young masters of the Xie family live in Huangzhuang with Xie Zhiwei, and the others live in the palace.

Xie Zhiwei breathed a sigh of relief. If she and her younger siblings lived in the palace, they would inevitably be separated. In this way, she would not be able to take care of her younger siblings.

Xue Wanqing also breathed a sigh of relief, she doesn't want to see Xie Zhiwei now, she hasn't figured out how to fight Xie Zhiwei yet.

Qiu Hong, the maid of honor serving Concubine Wan, came in. She asked all the servants in the room to retreat, and said to Xue Wanqing and Concubine Wan in a low voice, "Miss Concubine Wan, Miss Xue, I heard that today you are here at Xinghua In the forest, the emperor rewarded several girls and young masters of the Xie family, and King Xiang alone rewarded the fifth young master of the Xie family with a chilong jade pendant bestowed by the late emperor!"

Who the fifth young master of the Xie family is, the two of them probably don't know. Xue Wanqing squinted her eyes and thought for a while, "That means that the Prince Xiang's mansion is very different from the fifth young master of the Xie family?"

But why do you treat the fifth young master of the Xie family differently? How about highlighting this point in front of the emperor and everyone?

Concubine Wan thought for a while, "Prince Xiang's residence wants Miss Xie to be a daughter-in-law?"

Concubine Wan only now knows that the noble girls in Beijing start to discuss marriage at the age of ten, and it takes a year or two to meet each other for a marriage. It will take another year or two to go through the three books and six rituals. At that time, the girls are all old and just waiting to be released from the pavilion.

Prince Chen is fourteen years old, and the marriage has not yet been decided. There are many noble girls in Beijing who want to be King Chen, but after Miss Hong has no face in front of King Chen, the noble ladies in Beijing are very fond of King Chen. It can only be seen from a distance and not played with.

Prince Xiang loves Prince Chen so much that even the stars in the sky know it. Xue Wanqing and Concubine Wan wouldn't believe it if Prince Chen didn't approve of this marriage.

What's more, Xue Wanqing knows that the setting in the book is that Xiao Xun lives in a corner, guarding Yanyun and not rebelling because of Xie Zhiwei, and later becoming a traitor and traitor is also for Xie Zhiwei. It is quite normal for Xiao Xun to seek to marry Xie Zhiwei.

It's a pity that she is the heroine, and she has a halo of a heroine on her head. Since Xiao Xun is her favorite, I'm sorry, she can't give it to Xie Zhiwei.

Xue Wanqing didn't take the fact that Xiao Xun didn't like her to heart, she firmly believed in the saying that men chase women across mountains, and women chase men with layers of gauze.

What does Xiao Xun know? He is just a kid who hasn't grown up now. He is fourteen years old. In modern times, he is still in junior high school.

Some precocious ones will have a good impression of girls, while those who are not sensible will hate girls very much.

When he really understands what love = love, he will know how ridiculous it is to be young at this time, and he will also understand what it feels like to truly love someone.

She can guide Li Wanfen to dazzle the emperor. Could it be that she can't subdue a Xiao Xun by herself? He was born not bad, and it is not an exaggeration to describe it as "a fish sinks into a wild goose". Once Xiao Xun finds out about his skills, he will have to give his life to himself.

However, they are still very young now, and Xiao Xun doesn't understand human affairs, so these things can't be rushed. The most important thing right now is to stop the emperor from granting a marriage.

While Xue Wanqing was thinking about how to act, someone from Li Wanfen came to report again, saying that the emperor had recruited a new beauty, who had already obtained a title and was named a servant.

Concubine Wan was still very uncomfortable, Xue Wanqing glanced at her coldly, and reminded, "To survive in this palace, the most important thing is not to keep favors but to give birth to sons. Concubine Yang was favored by Xuanzong, and it remained unchanged for twenty years. What happened?"

Concubine Wan also calmed down. She took a deep breath and kept Xue Wanqing's usual teachings to her in her heart. Months, the emperor will get tired of her.

Although she is capable, there will always be a day when someone gets old and faded, and the son is the most important thing. If you have a son, you will have hope, so she hurriedly said, "Go and pick out two expensive gifts and send them to the chosen attendant. Oh, by the way, what's her last name? Where did she come from?"

"I heard that the emperor met her at the edge of the apricot blossom forest today. She is a boat girl with a good voice. The emperor loves to hear it very much. What is the last name and what is the name? This servant will go and find out."

After about two cups of tea, Concubine Wan knew that the new servant named Yu was serving the emperor in the apricot blossom forest by the river.

Lu Yan was very knowledgeable and interesting, and kept Yu Xuanshi in Leshou Hall.

Yanshan Palace is located at the southern foot of Yanshan Mountain. It is a royal palace second only to Shangluo Palace. It was built in the 10th year of Jianyuan and was named Taohua Villa.

Emperor Xian did not live here for a day, and Emperor Pseudo-Emperor did not visit once, but Emperor Shoukang came several times.

Peach Blossom Villa is divided into the front hall and the back palace, eight inner and outer eight sceneries, a total of three routes and nine entrances, and the Leshou Palace is the main hall in the harem. Every time Emperor Shoukang came, he lived in the Leshou Palace. Placed in the Hall of Leshou, it can be seen that the emperor loves this boat girl. I am afraid that he will be promoted to the concubine just like her when the boat girl is pregnant.

Concubine Wan was a little bit unwilling, but she also knew that it was useless to be unwilling. Now her main task is to give birth to the prince with peace of mind.

Suddenly there was noise outside.

Concubine Wan lived in Feicui Pavilion, which was still a certain distance from Leshou Hall, and she still heard the noise from there, so she couldn't help asking, "What happened?"

Soon, a little servant ran in, "Returning to your mother, I heard that the commander-in-chief of the Lou Kingdom brought the third princess and the fourth prince to meet the emperor and thank the princess for saving his life.

Following the emperor's reward, Lu Yan announced the decree at the gate of Juzhou City in front of the officials and people. Today, everyone knows that the people in the people are saved from fire and water. The person who defeated the epidemic was not the third young master of the Cui family. She is the granddaughter of the Cui family, Princess Duanxian.

Xue Wanqing couldn't help laughing secretly. To her, it was true that when she fell asleep, someone would hand her a pillow. It's just that she needed to collude with others. With her current status and right to speak, she was simply not enough to plan such a big event. .

Xue Wanqing called Cuixiang to come, and whispered something to her, and Cuixiang left soon.

Not long after, Xiao Changxuan got the news, and Xue Wanqing asked him to meet. Xiao Changxuan couldn't help being very pleasantly surprised, he took out all the clothes he brought, put them on the bed, put them on the standing screen, and asked Su Shou, "Which one should I wear?"

The third update!

Chapter 374 Private meeting

In the Yanshang Hall, Xiao Xun was a little absent-minded, and didn't know how Xie Zhiwei was doing. This time, she didn't accompany her, but lived in her own villa. The yard with five rooms and seven entrances was so big. He didn't know how the guards were doing, so far, he had no chance to ask Zhuying or Matsukaze.

Speaking of Zhuying and Songfeng, Xie Zhiwei now knows that he has sent someone beside her, but she never said anything. Is this acquiescence, or does she just not care?

Xiao Xun was distracted when he heard someone asking him, he hurriedly looked over, it was Wanyan Zongwang who was thanking him, "If there is no Prince Chen this time, I'm afraid this commander will lose his life here, as a soldier, this commander didn't die in battle, he couldn't wrap his body in horse leather, but died on the bed, I'm afraid he will die with regret!"

After speaking, Wanyan Zongwang stood up and saluted Xiao Xun.

Xiao Xun sat upright and accepted his gift, "Since your country is here as an envoy, instead of submitting the letter of credence openly, but secretly, it must be because God can't stand it anymore, so that you will suffer this crime." !"

The fourth prince turned green with anger, and was about to refute, Wanyan Zongwang smiled and raised his hand to stop him, and cupped his hands to the emperor, "Your Majesty, I really have

something important to discuss when I come here this time, if our king is not sincere , we must provoke Shangguo, so that this commander will not let the prince and princess come to serve us."

The emperor naturally believed these words, but he didn't show it on his face, "I don't know why you have to be so evasive, let's talk about it!"

Wanyan Zongwang said proudly, "Your Majesty must have known that the king of our country has already ruled Dalou. Since last year, our country has fought against Beiqi, and there have been six matches without a single defeat. Therefore, this time, we will be sent from the east. They came across the sea via Silla in order to avoid people's eyes and ears."

The "person" here refers to Beiqi.

"In the first year of Tianfu, after the emperor of the late Jin Dynasty ceded the Sixteen States of Yanyun to Beiqi, more than a hundred years have passed. Until today, the sixteen states of Yanyun have always been a heart problem for the emperor. If the Sixteen States of Yanyun If it is recovered in the hands of the emperor, His Majesty can be called an emperor through the ages!"

"Dayong is now at peace in the world, and all nations come to court. After I came ashore from Dengzhou, I walked all the way. I didn't pick up anything left on the road. The people are rich. There are endless carriages and horses on the post road. The people are rich. It is really amazing. Although in Juzhou Encountering the plague also allowed me to see Dayong's control over emergencies, and this plague, in the eyes of His Majesty, is probably like a sudden lice falling on his body. Although it is disgusting, it is insignificant, right?"

Wanyan Zongwang was obviously boasting about the emperor, and no one would believe it except the emperor.

But the emperor believed it, and was elated by Wanyan Zongwang's words, and a touch of color inevitably appeared on his expression.

As Wanyan Zongwang said, the plague has always been fierce. If you change to any country, you may be at a loss. However, although the plague in Juzhou City is dangerous, it is not thrilling because of the proper management and control.

Even if the plague happened right at the gate of the capital, it did not cause any disturbance.

Wanyan Zongwang praised with ulterior motives, and Emperor Shoukang was also uncontrollably proud.

"Speaking of which, this plague is still thanks to Prince Chen and Princess Duanxian. I heard that Princess Duanxian is only eleven years old, but she is so amazing in medicine. This commander has not yet confronted him in person. Princess Duanxian would like to thank you!"

Wanyan Zongwang had never seen Princess Duanxian before, but only heard from his niece and nephew that they had bright eyes and white teeth, a good temperament, and extraordinary intelligence. He could tell their identities at a glance. Although they were young, their vision and knowledge were outstanding. It is not to be underestimated.

Wanyan Zongwang has always wanted to meet Princess Duanxian, so he deliberately brought up the plague today.

"Hahaha, Second Marshal, this is nothing. As the Second Marshal said, Princess Duanxian is just a child. Even if he has developed a prescription to restrain the plague this time, this child is very lucky and lucky. I, Da Yong, have strict etiquette, men and women have different seats when they are seven years old, and the Xie family is the most respectful of etiquette, since we are talking about state affairs today, I will not talk about such unlucky things as the plague. , What do you want to discuss with us?"

King Xiang laughed a few times, and directly rejected the request to call Duan Xian over to show these Lou people.

"Uncle Wang, when we met Princess Duanxian in the Tea Lao, she said that she has a national enmity with us. Is it because of this reason that she doesn't want to see us?" The third princess Wanyan Baoxian said bluntly, When she said this, she looked very ignorant, but a gleam flashed in her eyes, which made it obvious at a glance that she was clearly complaining.

Dayong is like a piece of high-quality pork belly, and those squatting nearby are all stepping on wolves, tigers and leopards. If you want to talk about national hatred and family hatred, whether it is Xiliang, Beiqi, Huihe or Lou, which one has no national hatred and family hatred with Dayong Woolen cloth?

Princess Duanxian is a woman after all, so she is not afraid of being ashamed if she says such a thing.

"Hey!" Xiao Xun laughed, and Yan Baoxian's eyes were full of disdain after seeing it, "The Princess is just telling a fact, is it worth mentioning it on the table? I heard that if a person is ungrateful, he is like a jackal , Third Princess, if I remember correctly, you are still saying that Princess Duanxian has saved your life, right?"

"That's right, but we didn't catch the plague until we came to your country." Wanyan Bao found that she was frightened this time. She thought that going to the battlefield to kill the enemy was already a very scary thing, but she didn't expect There is a more terrifying place in this world than the battlefield, which can be called the Shura field.

The emperor became a little impatient, "Since you are here, let's play for two days first. If there is anything, we will talk about it after returning to Beijing!"

Said for a long time without saying what's going on!

The emperor was thinking about the new beauty. Although he couldn't play all kinds of novel and exciting games with him like Concubine Wan, he was fresh and pleasant, and he was the first to accept rain and dew. His shy appearance was also interesting.

Lu Yan asked the servants to send Yan Zongwang and others out, and at the same time personally served the emperor to the apse. When the emperor stepped into the threshold of the Hall of Leshou, Yu came out with great eyesight, and then Lu Yan stopped. After walking in, the emperor walked in with Yu's arms in his arms, and then he left.

Xiao Changxuan set the meeting place at Zhuoyun Pavilion. The pavilion is located by the water and built on the highest point of the entire villa. You can see the east, west, north, south, and north scenery in all directions, which is clear at a glance.

The current weather on March 3rd, although it is still a bit chilly at night, but if you add an extra cloak, it will not be so cold.

Xiao Changxuan was doing everything for the sake of Xue Wanqing's reputation. He didn't want people to accidentally find out that he had a private meeting with Xue Wanqing, which would ruin Xue Wanqing's reputation. But meeting here, if people really found out, it could be said to be When enjoying the scenery, they happened to run into each other. They were originally out to play.

Today's update!

Xiao Xun: Great, I will have a wife soon! Girls, vote if you have a vote!

Chapter 375 Affection

Su Shou took out the refreshments from the food box, and lit a small red clay stove on the table. The pine cones crackled inside, and the fragrance came out after a while.

Xue Wanqing approved a pink cloak, and came here under the service of Cuixiang. She didn't care at all that she had an appointment with a man. She had something important to discuss with Xiao Changxuan.

"Your Highness the Fourth Prince!" Xue Wanqing saluted, Xiao Changxuan hurriedly stood up and took a step back, then thought that the ceremony was inevitable, so he had no choice but to accept it. Seeing Xue Wanqing's calm face, he blushed with embarrassment.

He is a prince. In the past, when his mother and concubine were favored, whoever saw him dared to be rude, he cared too much about Xue Wanqing, so he couldn't bear to see her bowing her head in front of him.

"Miss Xue, you and I are not outsiders, so don't be so polite!"

Xue Wanqing didn't have much time to chat nonsense with him, after sitting down with each other, Xiao Changxuan poured tea, Xue Wanqing thought that these ancient people were really troublesome, and lived his life in a leisurely way, if she said no to drink, they would give in to each other , more time-consuming.

After Xiao Changxuan handed her the tea, she said, "Your Highness, it is not very convenient for you and me to meet each other, so I will make a long story short. I heard that at the Xinghualin River today, Prince Xiang sent a jade pei to Xie Jiawu." My son, I wonder how His Highness thinks about this matter?"

Xiao Changxuan didn't think much about this matter, there was a rumor in the palace that the Empress Dowager had taken a fancy to Princess Duanxian and wanted to point Princess Duanxian to Xiao Xun.

Xue Wanqing knew what was going on at a glance, and couldn't help scolding "idiot" in her heart. She took a sip of tea and suppressed her displeasure, "Your Highness, the Xie family is a great help, even if His Highness doesn't care about Princess Duanxian. If you are interested, you can't let Princess Duanxian marry Prince Chen, has your Highness forgotten the 'Change of Zhaoyang'?"

Xiao Changxuan took a deep breath, he wished he could cover Xue Wanqing's mouth, looked around, and saw no one around, so he was relieved, "Girl, be careful!"

However, Xiao Changxuan also understood Xue Wanqing's meaning, and couldn't help saying, "The king of Chenjun and this palace are cousins, which is different from before."

Xue Wanqing said in her heart, with this IQ, it is no wonder that she lost her country in her previous life, "Yes, it is indeed different from before, but, Your Highness, it is not an exaggeration to plan ahead. According to Wanqing, His Highness, please ask the emperor for a marriage. If you can marry Princess Duanxian, Your Highness, think about it, the Xie family is the leader of scholars, and now it is a peaceful and prosperous age, one day in the future, when the Xie family raises their arms, why should Your Highness worry about the position?"

Xiao Changxuan could hardly restrain the blood boiling all over his body, but seeing Xue Wanqing's beautiful face, he couldn't hide his disappointment. He asked himself to marry Xie Zhiwei. Could it be that she has no affection for him at all?

Xiao Changxuan couldn't utter a word with the corners of his lips fluttering.

However, Xue Wanqing sighed and persuaded, "His Royal Highness, big things are achieved without regard to trivial matters, and good opportunities are fleeting. Let's not talk about anything else. Your Highness just said, is Miss Xie a suitable person when it comes to marriage?" Candidates?"

"But..." Xiao Changxuan was very sad, he grabbed Xue Wanqing's hand, his eyes were half sad and half angry, "Miss Xue, how can you give me someone I don't like? I love you heart of..."

Xue Wanqing looked at the hand held by Xiao Changxuan, and then at Xiao Changxuan, she smiled softly, "But Your Highness, you are also a descendant of a dragon, the older the emperor is, there will always be an heir in the future, such an opportunity, you Are you willing to give up?"

She didn't take back her hand. If it was an ancient woman who was offended by Xiao Changxuan like this, she would be ashamed to death, but Xue Wanqing is a modern person, holding a small hand, she can't lose a little flesh. What should she care about?

They also hugged each other. Although Xiao Changxuan is not suitable to be a husband, he is a very good male best friend. It is not an exaggeration for her to give a little.

But Xue Wanqing still has to face, she slowly and almost reluctantly pulled out her hand, with a little tear in her eyes, it seemed that she had paid a lot for Xiao Changxuan, "I know His Highness's intentions, but Your Highness, what else does the Xue family have now? Without the title, my father is still in prison. The family spent a lot of money to get my father out. The dowry left by my biological mother is now very small. Those who belong to him are only fit to be concubines for His Highness."

And she is absolutely impossible to be someone else's concubine.

"No, Qing'er, how can I make you a concubine, I won't, if I can have you, I would rather only have you!"

The latter sentence is sincere, but the voice is also very low.

There is no moon in the sky, so Xue Wanqing believed that what Xiao Changxuan said was true. In "Pearl in the Palm", Xiao Changxuan's love for Xue Wanqing was really shocking~www.mtlnovel.com~, she couldn't help but think However, if Xue Wanqing in the book is her, it would be really enviable!

"Your Highness, this matter can only be taken care of slowly. The most important thing for Your Highness right now is to gather more strength. Only when Your Highness has the strength can you achieve what you want."

"But..." Xiao Changxuan turned his head, "Ms. Xue is also the granddaughter of the Xie family. Could it be that there is really no way out?"

The current Xue family really wants nothing. Even if there is still a title, a down-and-out concubine of the uncle's house is not enough to match the prince, not to mention, now that the title is gone and the house has been confiscated, Xue Wanqing is no match for the prince.

Not to mention Xiao Xun!

Neither Prince Xiang nor Concubine Shun had ever looked at her directly, and Concubine Shun even showed her face in public.

Thinking of this, Xue Wanqing felt displeased. She thought with some evil humor, if one day in the future, she really became Xiao Changxuan's wife, how wonderful would Concubine Shun's face be?

"Can't you go back to Xie's family? Xie's family has raised you for five years, so how about raising you for a few more years?"

Xue Wanqing couldn't help thinking about Xiao Changxuan's idea. If she wanted to plan a marriage with Xiao Xun, she also needed a good identity background, and the Xue family would definitely not be enough.

"You have known my relationship with the Xie family several times. The Xie family regards me as a burden. I am also a person who wants face. How can I put my hot face on it for a little vanity?"

Xue Wanqing sighed, "Others don't know what the Xie family is like, but I know it. My grandfather looks like a gentleman, but in reality, he is also unavoidably snobbish. Princess Duanxian and I have been at odds since we were young. She used to be jealous of my grandmother's love. Me, but you think, after all, I am blood relative to my grandmother, and it is human nature for my grandmother to love me more, she can't figure it out, and I can't help it."

Xiao Changxuan knew that it was inappropriate to say bad things about girls behind their backs, but he still wanted to comfort Xue Wanqing, "I didn't expect Princess Duanxian to be so small-hearted and heartless. I'll go back and ask Master Xie about this matter. "

The first update!

Chapter 376 Marriage

Xue Wanqing shook her head, "It's because I don't want to go back to Xie's house. Grandmother is not here now. I heard that Xie's family locked her in the family temple. For the sake of Duanxian princess, the family almost broke up. But it is precisely because, grandfather With so much importance attached to Princess Duanxian, I hope the prince can borrow strength from Princess Duanxian."

She looked at Xiao Changxuan, took the initiative to hold Xiao Changxuan's hand, and stared at him affectionately, "Your Highness, you are kind to me, if you spend your life as a bosom friend, no matter what happens in the future, you will have no regrets. Your Highness is not a child." The love is long, and the big thing is missed."

How could his Qing'er understand justice so well?

In his life, besides his mother and concubine, who else has worked so hard for him?

He gave Qing'er nothing, never helped her, but she planned this for herself.

Their life is just for the word "love"!

"Qing'er, how could you treat me like this?" With tears in Xiao Changxuan's eyes, he shook his head violently, "No, I can't, I can't marry Xie Zhiwei, I can't live up to my own desires, let me down..., Qing'er, Let's think of another way."

Sure enough!

Xue Wanqing breathed a sigh of relief, she turned her head to look at the lake, a few stars fell on the lake, like a few diamonds inlaid on the mirror surface, the shadows of the trees by the water were reflected in it, a few candles flickered, the dim yellow light, in the The surface of the water was swaying, and it was so quiet that it seemed that there were only two of them in the world.

It's not that Xue Wanqing didn't know that Xiao Changxuan had a deep affection for her, but she just didn't expect that it would move her so much.

At this moment, she couldn't bear it, let alone let Xiao Changxuan marry Xie Zhiwei. Xie Zhiwei, a calm, rational and self-restraining woman from aristocratic family, has lived in etiquette all her life, and doesn't know what love is, what is love, such a person will Even if Xiao Changxuan is ruined, she is not worthy of marrying Xiao Changxuan.

"I heard that there are envoys from Lou Kingdom? Does Your Highness know what their purpose is?"

Today in the Danhuai Palace, the father summoned the envoys of the Lou State, but because of Xiao Xun's bad deeds, the father and the envoys of the Lou State did not talk about anything at all.

Xiao Changxuan himself didn't know.

"If I'm not mistaken, the envoys from the Kingdom of Lou came here just now, and they must be discussing cooperation with Dayong." Xue Wanqing knew this, she raised her chin slightly, and said confidently, " It stands to reason that for exchanges between the two countries, the letter of credence

should be submitted first, and the envoys would be escorted by local officials all the way when they crossed the border, but this time, when the envoys arrived in Juzhou, Dayong only knew about it."

"This is because Lou Guo has bad intentions. All these people who came here should be dealt with."

"No!" Like a general, Xue Wanqing raised her hand to stop Xiao Changxuan's words, "His Royal Highness thinks carefully, if Lou Guo really has bad intentions, why did Wanyan Zongwang, Lou Guo's second commander, personally lead the princess and the princess? The prince is here? It can be seen that they came here with a cooperative attitude."

Xiao Changxuan was inevitably curious, "Then what is the purpose of their coming?"

"If I'm not wrong, they want to unite with Da Yong to swallow Beiqi. Lou State borders Beiqi to the north, and was once enslaved by Beiqi until Wanyan Qianhao unified Lou State, raised troops against Beiqi, and wiped out Beiqi in one fell swoop. They kicked out Lou State and occupied a large amount of land in Beiqi."

Xiao Changxuan had to admire Xue Wanqing's scheme, how could he be willing to give up such a woman? Although Xie Zhiwei is from the Xie family, if she is not willing to help herself sincerely, what is the use?

In Xiao Changxuan's eyes, a woman like Xie Zhiwei is no different from those ordinary women who want to find a good husband to maintain their dignity in their natal family. If it was changed before, he would definitely find a way to marry him, but Xue Wanqing made him reunite. Met a woman.

In this world, there are really women who do not give in to women. Xue Wanqing is like the bright moon in the sky, illuminating his path, and he wants to embrace this bright moon in his arms.

"For more than a hundred years, no emperor has wanted to recover the sixteen prefectures of Yanyun, which is the land left by his ancestors. The emperor will definitely not let this opportunity go. Beiqi's cavalry is very powerful. It may be difficult for Yong himself to recover, but it will be different with Lou Guo."

Xiao Changxuan's eyes lit up, and he understood Xue Wanqing's meaning, "If you form an alliance, you must have sincerity, and there is no more sincerity than marriage."

He hesitated again, "It's just that the emperor also has a princess under his knees, so I'm afraid that Xie Zhiwei's status is not enough."

"The emperor will definitely not be willing to marry a princess, and neither will the ladies in the palace. Since Xie Zhiwei is the princess and has a fief, he enjoys the support of the people. At this time, shouldn't he try to repay the country's favor?"

Xue Wanqing's eyes sparkle, once the news of the marriage gets out, she is not afraid that the women in the palace will not contribute to the flames. In this way, Xie Zhiwei will go to make a kiss if he doesn't go to make a kiss.

It was almost the second watch. In Buyun Tower, candles were lit, and a silhouette was cast on the window. The tall and tall man was writing at the desk for a while, and reading the memorial for a while.

Tangyuan came in tiptoeing, walked to the edge of the red sandalwood and mother-of-pearl book case, poured some tea for Lu Yan, and said in a low voice, "Master, His Royal Highness Fourth Prince and Miss Xue are discussing matters in the Zhuoyun Pavilion."

Inside and outside the palace, wherever the emperor stays, there will be the twenty-four yamen of the Supervisor of Rituals, and there will be no shortage of people from Lu Yan, almost Xiao Changxuan and Xue Wanqing. After arriving at the pavilion, Mituan knew it.

Lu Yan knew that if it wasn't for something crucial, Mituan wouldn't bother him at this time. He had driven all day today, and there were piles of memorials on the case for him to review. Before the third watch, he would definitely not want to sleep.

If he was in the palace, that would be fine, but now that he is so close to Xie Zhiwei, if he goes to bed late, he will inevitably feel uneasy.

His own body, he actually doesn't care about it, but Xie Zhiwei always thinks about it, and he has no other choice, so he doesn't want to ruin it casually.

Thinking of this, Lu Yan only felt warm in his heart, and his bewitching and cold eyebrows became softer.

Mi Tuan then told about the plan of the two, "His Royal Highness the Fourth Prince seems to have affection for Miss Xue and said that she would not marry the princess. Miss Xue then analyzed the purpose of the envoy from the Kingdom of Lou this time, and thought that sending Princess Marriage is the best choice."

A good Langhao pen in Lu Yan's hand was snapped into two pieces. There seemed to be a knife light flashing in the corner of his bewitching eyes, and his soft voice sneered, making the three spring nights as cold as winter. Tuan's legs also trembled.

"I really didn't expect Miss Xue to have such ability." He asked, "Is the emperor still with Yu Xuanshi?"

"yes!"

In this world, if someone asks about the emperor's whereabouts, it is inevitable to spy on the holy will, but Lu Yan's question is justified, "Send that person here, after all, they are also unmarried couples, they can't die without asking people to meet each other! "

The second update!

Chapter 377 Selection of son-in-law

Mi Tuan took the order to go, and after leaving Buyunlou, he met the little servant in Wanpin's palace, and flatteringly called "Mi Tuan Gonggong", Mi Tuan laughed twice, shook his head pityingly, and did not let him. The little servant found out.

In the same night, Dongchang sent more than a dozen people to the capital.

Tingtao Mountain Villa is very close to Taohua Mountain Villa. If you ride a horse, you will arrive in less than half an hour. Although Xie Tiao came with the car, but in order to take care of his grandchildren, he lived in Tingtao Mountain Villa.

When Xie Zhiwei brought his younger brothers and sisters over, Tang Jing'an had already led Zhuangzi's people out to welcome Xie Zhiwei into the main house. There were five big rooms in total. Xie Zhiwei asked his younger brother to live with him. , settled the three younger sisters, and Xie Mingcheng lived in the outer courtyard with Xie Tiao.

Xie Zhiwei washed and changed her clothes before tidying up. When she heard that Xie Tiao was coming, she hurriedly went out to greet him. Seeing that Xie Tiao had already passed through the courtyard, she welcomed Xie Tiao to the study in Dongshaojian.

"Grandfather, is something going on?"

"Go and show me the jade pei that brother Xi got today."

Xie Zhiwei nodded to Xuanta, Xuanta went out, and soon brought the jade pei, Xie Zhiwei took it and handed it to his grandfather.

Xie Tiao looked at the front and back, sighed, and returned the jade pei to Xie Zhiwei, "Do you know the origin of this jade pei?"

Xie Zhiwei gave Yu Pei to Xuanta, "Go and return it to Brother Xi, look at him, I don't need anyone to serve me here."

Xuanta knew that the old lady had something to say to the girl. After she went out, she beckoned and took away the two maids at the door, far away from Xie Zhiwei. with.

"The granddaughter doesn't know, is there something wrong with this jade pei?"

Today, on the riverside, Prince Xiang involuntarily tore off the Chilong jade pendant he was wearing and gave it to Brother Xi. Xie Zhiwei was shocked to realize that there was a mystery in this matter, but the identity of Prince Xiang was there. The gift is irresistible, and the grandfather didn't say anything, so it wasn't her turn to make irresponsible remarks.

In this way, this jade pei is really wrong.

"At that time, a piece of fine jade was offered as a tribute in Yunnan. The late emperor asked the Yinzuo Bureau to dig out a total of thirteen jade pendants from this piece of jade, all of which were carved with dragons. The late emperor gave these thirteen pieces of jade pendants to the princes respectively. , its intention is very obvious, it is to tell them that the princes are all brothers, born of the same father. Although later, the jade pei was lost in various places, but after all, it was a reward from the first emperor. A piece of jade pei never left him, and today he suddenly gave it to brother Xi, and grandfather was thinking, why?"

Xie Zhiwei had an answer in her heart, but she couldn't say this, so she lowered her head.

Xie Tiao heaved a sigh of relief, his granddaughter is smart, and it doesn't take much effort to talk to smart people.

"Sister Wei, what do you think?"

What does she think? She has been avoiding this question, and she doesn't want to spend her mind on this kind of thing. In her previous life, it was better to have no husband than to have a husband. A husband and wife are not like a husband and wife. In the end, her family was ruined and her family was ransacked.

But it is impossible for her not to marry in this life. There are three younger sisters behind her. If she stays at home as an old girl, won't she ruin the reputation of the Xie family and tarnish the lintel of the Xie family. There will be people who say anything.

She can't give up eating because of choking, if she must take this step, she thinks, she must have more experience than in her previous life, and she must hold the initiative in her own hands. His whole life has been explained.

If it was another girl, I am afraid that at this time, I will say "the parents ordered the matchmaker to say, I will listen to the grandfather", this sentence, Xie Zhiwei will never say it again.

"Grandfather, my granddaughter thinks, as long as I don't enter the royal family, no matter what kind of marriage I choose in the future, with my current status and the Xie family, I will be honored for the rest of my life and have no worries about food and clothing."

Xie Tiao didn't expect his granddaughter to be so transparent, so he breathed a sigh of relief and said, "Grandfather understands."

The next day, Xie Zhiwei took his younger brothers and sisters to visit Zhuxian Lake. They went to the largest island. Taohuawu was full of peach trees. It was the spring season, and the peach blossoms were in full bloom. People are intoxicated.

Xie Tiao took a big boat to serve the emperor and came to Taohuawu. The two groups met in the largest restaurant. Xie Zhiwei led his younger brothers and sisters to salute. Seeing Wanyan Zongwang and others, he couldn't help being surprised.

"Princess, we met again. Yesterday I was still saying that we owe the princess a life. We will never forget the great kindness of the princess!" Wanyan Zongwang saluted Xie Zhiwei.

Xiao Changxuan smiled and said, "The Second Marshal is really astute, and now everyone outside says that Princess Duanxian is a pearl of my Dayong, the supreme treasure!"

Xie Zhiwei was vigilant, what did Xiao Changxuan mean by that?

She couldn't help laughing, "Your Highness is joking, there are so many princesses in the palace, how could it be Duan Xian's turn for the Dayong Pearl. Everything Duan Xian did was just to repay the emperor and empress."

Xie Zhiwei was extremely humble, the emperor was very satisfied, and glanced at Xiao Changxuan in dissatisfaction, but Wanyan Zongwang seemed to understand something, and took a deep look at Xie Zhiwei.

Lu Yan stood in the peach blossom forest, like the emperor of Yaochi, with charming eyebrows and picturesque face, even more beautiful than the peach blossoms in these three springs.

Seeing the emperor walking towards the restaurant, he hurriedly followed, but no one noticed him, like an invisible person.

"oops!"

With an exclamation, the emperor quickly turned around, only to see Wanyan Baoxian, who was following behind, tilted his body and fell down the steps. At this moment, a hand stretched out to help Wanyan Baoxian. a handful.

Wan Yanbao saw that it was Xiao Changxuan, and thanked him hurriedly.

"Efforts without raising one's hand are nothing to worry about. When the third princess is walking, be careful. If she really falls, it will be a disaster." Xiao Changxuan bowed his hands dignifiedly and politely.

He saw with his own eyes that Xiao Xun's toes lightly touched Wanyan Baoxian's calf, and Wanyan Baoxian suddenly lost his balance and fell over. Xiao Changxuan didn't want to make a move at first, but thought that this was someone who had made friends with Lou Guo Good opportunity, why not seize it?

Wanyan Baoxian also felt that there was something wrong with her calves, which made her unsteady for a while, but just now, the people walking beside her were Uncle Wang and Brother Wang. Could it be that they accidentally touched her?

Wanyan Baoxian didn't think much, followed the crowd into the restaurant, but what she didn't know was that this scene was in the eyes of everyone.

In the restaurant, because there were too many people, they sat separately. Since the emperor was visiting in private, he tried not to pay attention to pomp and circumstance. He only found a seat by the window in the lobby on the second floor and sat down, talking and admiring the lake. scenery.

The third update!

Chapter 378 Tire Sliding

At the emperor's table, accompanied by Prince Xiang, Xie Tiao and other powerful officials, as well as Wanyan Zongwang, Xiao Changxuan and other princes sat at another table with Wanyan Zancheng. The princess squeezed into the table of Xie Zhiwei's siblings, each ordered their favorite food and drink, and ate.

Suddenly, in the private room near the emperor's table, a dispute broke out for some reason, and the scolding sound was very familiar. Xie Zhiwei and Xiao Xun looked at each other, and saw the door of the private room opened, and a man was pushed out. The door slammed shut.

The man was wearing a stone-blue Taoist robe with patches on his shoulders, a square scarf on his head, and his hair at the sideburns was a bit messy. He looked at the closed door in pain and said sadly, "Wan Niang, I'm looking for you." It's so hard for you, even if you refuse to fulfill the marriage contract, you still have to tell me!"

After finishing speaking, the man went up to knock on the door again, "Wan Niang, I don't want to hurt you, but you always have to tell me, how are you doing right now?"

There was no sound in the room, so the man was very persistent, as if he was afraid of disturbing others, the door finally opened, and Xue Wanqing's maid came out, and said to the man arrogantly, "Who are you? We don't know each other at all. You! If you make trouble again, we will report to the police!"

"This eldest sister, my name is Zheng Changdong, I am Wan Niang's cousin, I don't want to make trouble, I just want to ask Wan Niang, is my marriage contract with her still counting?"

Who knows, before he finished speaking, Cuixiang slammed the door hard.

The man's nose almost hit our class.

Xie Zhiwei was taken aback, and regretted bringing his younger siblings here, but unexpectedly ran into this scene.

Concubine Wan actually had a fiancé before entering the palace, so what is the emperor? Take your wife from the people?

Xue Wanqing did not expect to encounter such a thing, the emperor did not plan to bring Concubine Wan over, since Concubine Wan came, it is impossible to just stay in the villa, so she was accompanied by Xue Wanqing to Taohuawu to play, originally there was a large group of guards and The palace servants followed, but they were entangled by this scoundrel.

The emperor's face was so dark that it was about to drip water. If there were no envoys from the Lou Kingdom, he might have made the king angry at this time.

The emperor glanced at Lu Yan, and Lu Yan gestured outward, and soon someone from Dongchang went up and took the man named Zheng Changdong away.

The emperor's interest was not high, and he ate the meal hastily. When Xue Wanqing and Xue Wanqing came out of the private room, the emperor had already led the people away.

Xie Zhiwei was worried that he would run into the emperor again, so he simply sat for a while after sending the emperor away, and was about to go downstairs when he ran into Xue Wanqing and the others.

Only then did Xie Zhiwei know that Xue Wanqing had also come, and they had nothing to say when they met each other.

When Li Wanfen came out, her legs were swinging. When she went downstairs, her foot slipped, and the maid behind her didn't support her. When she slipped, she rolled down the stairs.

Screams sounded, Xue Wanqing and the palace people around Li Wanfen rushed to grab it, but it was too late, Li Wanfen clutched her stomach, her face was pale, and wailed, "Save my child!".

Li Wanfen felt a burst of heat coming from under her body, the fishy smell was pungent, and her belly was like a knife. She couldn't help but looked back, but she couldn't see Xie Zhiwei's face. In a hurry, she said sharply, "Hurry up and ask for it." Princess Xian gave me a diagnosis and treatment."

Seeing that the situation was wrong, Xue Wanqing hurried up, not in time to greet Xie Zhiwei, "Princess Duanxian, Madam Wan, she is very bad, you should go and treat her quickly."

If just now, without Zheng Changdong making a scene here, Xie Zhiwei might have to act because of the majesty of the royal family, but right now, how dare she, who knows what the emperor is planning?

Xie Zhiwei looked at Xiao Xun almost involuntarily. Xiao Xun hehe'd twice, raised his eyebrows and looked at Xue Wanqing, "Where is the imperial physician? Didn't the imperial physician follow?"

"Isn't it too late for the imperial doctor to come over now?" Xue Wanqing couldn't understand what the two men were hesitating about, and couldn't help but turn cold, "Big cousin, life is at stake, I advise you not to put on airs, you also know that Concubine Wan is pregnant. The one inside is Long Zi, if the emperor blames it, no one can afford it!"

"Longzi? Hehe!" Xiao Xun sneered twice, and what else to say, Xie Zhiwei glanced at him, got up and said, "I'll go and see!"

Concubine Wan has already been laid flat, and the shopkeepers and waiters of the restaurant gathered downstairs. Seeing this scene, their legs trembled with fright, and the palace servants who came with Concubine Wan were also shivering at this moment, seeing Xie Zhiwei approaching, hurriedly parted ways so that she could get closer to Concubine Wan.

Xie Zhiwei held Concubine Wan's hand to feel the pulse. After about five breaths, she turned her head and said to Xue Wanqing, "Miss Xue, I'm sorry, I don't have a silver needle at hand, so I can't use it."

In critical moments, only the use of acupuncture can temporarily alleviate the condition and buy time for medication.

"Why didn't you bring the needle? Don't you always carry the needle with you? I don't believe it, do you not want to save people at all? Just because she is not the empress, you don't need to curry favor?"

Xue Wanqing is also in a hurry. The child in Concubine Wan's stomach is the hope of the Xue family. As long as Concubine Wan can give birth to a child, no matter whether it is a prince or a princess, she will have a way to get the emperor to pardon her father's crimes and restore the Xue family's title.

"What do you mean?" Yuan Jia couldn't stand it, and rushed over, "Xue Wanqing, don't talk nonsense here, make people laugh, hurry up and take Concubine Wan back, and send the imperial physician to come for diagnosis and treatment."

For Yuan Jia, it is best not to protect Concubine Wan's child.

But Xie Zhiwei couldn't do this, the power of the dragon is unpredictable, she was afraid of being angered, so she pulled out a golden hairpin from Concubine Wan's sideburns and stabbed it on her Yangchi acupoint, Concubine Wan immediately felt the pain in her lower abdomen relieved. A lot, and the blood below seemed to slow down.

"Move the concubine Wan away, see if there is a medicine shop here, and go buy a pair of silver needles."

Fortunately, this restaurant also accommodated them, and the guest rooms were all ready-made. Soon, Concubine Wan was moved to a guest room, and the silver needle was also bought.

Xie Zhiwei hurriedly administered needles to Concubine Wan, barely saving the child in her womb.

At this time, the emperor heard about it and sent someone over.

When Xie Zhiwei came out, she met Tangyuan at the door. Seeing that Xie Zhiwei was sweating, Tangyuan asked Xie Zhiwei to go to the next room to rest for a while, "Although the patient is important, the princess still needs to take care of himself."

"Thank you, father-in-law, for your concern. Although Concubine Wan is safe for the time being, she is bleeding too much after all, so she needs to take good care of her."

Hearing the servant's voice, Concubine Wan struggled to get up, Xue Wanqing hurriedly held her down, "What are you in a hurry for now? Keep the baby in your stomach before you say anything else."

Concubine Wan is really worried about Zheng Changdong. What should I do if the emperor misunderstood me?

Xue Wanqing also understood her thoughts, they thought that Zheng Changdong had retreated in spite of the difficulties, but they didn't know, after they came out, they realized that the emperor was actually beside him when the dispute happened just now.

Today's update!

Xiao Xun: I just showed my face? What's wrong with me?

Lu Yan: With my seat here, daring to plot against Mae-Mei is simply reckless, please ask for a vote!

Chapter 379 Into the Bone

That is to say, the emperor witnessed Zheng Changdong harassing Concubine Wan throughout the whole process, and it was precisely because of this thought that Concubine Wan's legs became weak and she sat down on the ground.

The emperor didn't come in person, let's just say that it wasn't Lu Yan who came, but just a face-to-face eunuch. What does this mean?

Xue Wanqing also became a little uneasy. For the current plan, the only hope is to force Xie Zhiwei to keep the child in Concubine Wan's womb.

Thinking of this, Xue Wanqing came out, just as Xie Zhiwei was about to go downstairs, she hurriedly called Xie Zhiwei, "Big cousin, Concubine Wan is my cousin, please help Concubine Wan keep the baby in my stomach for my sake, This child is a dragon, and you know that the matter is of great importance, so please take care of me!"

Xue Wanqing bowed her head reservedly towards Xie Zhiwei. She has already given Xie Zhiwei enough face. If an idiot like Xie Zhiwei can understand the general situation, she might as well give her a few words, so as not to repeat the mistakes of her previous life.

"The imperial physician will come here. I'm not a doctor, and I'm not good at gynecology." After Xie Zhiwei finished speaking, he didn't intend to talk to Xue Wanqing, and walked downstairs.

Xie's younger brother and sister are still downstairs, Brother Xi is still young, if he doesn't see her for a long time, he might be afraid.

"Big cousin!" Xue Wanqing's voice couldn't help but raised an octave, she was a little displeased, and raised her chin slightly, "Do you think you can ignore anyone and everything because you have a title of title? Make it clear that Concubine Wan is carrying dragon seeds."

"Hey, what's the matter? Isn't Madam Wan all right? It's customary for the nobles to stay with the imperial doctor if they are sick. It doesn't make sense to keep the princess here. Who is this girl? How dare you order me Is the princess here?"

Tangyuan really laughed angrily, this Miss Xue really takes herself seriously!

Since she was an **** who had never met before, Xue Wanqing naturally didn't pay attention to Tangyuan, besides, she never paid attention to these eunuchs who were neither male nor female, and ignored Tangyuan, only staring at Xie Zhiwei, looking at her How to say?

Xie Zhiwei looked at Tangyuan, "Father Tangyuan, who is the doctor from the Taiyuan Hospital accompanying you this time?"

"If you go back to the princess, it's Wang Shipu."

Xue Wanqing saw some clues now, and after thinking about it, he quickly figured it out, who is Lu Yan? The supervisor of the East Factory was originally the **** who was the chief inspector of ceremonies, but the emperor specially appointed him as the **** of the palm seal in order to speak nicely. With Lu Yan here, the eunuchs in the inner palace could not curry favor with Xie Zhiwei.

It's ridiculous, a **** actually has such thoughts.

When looking at Xie Zhiwei again, Xue Wanqing sneered as if looking at a monster, "Big cousin, you claim to be a descendant of the Cui family and learned good medical skills from the ancestors of the Cui family. I don't know if the Cui family values the benevolence of doctors? Are you still Are you ready to die?"

Only then did Xie Zhiwei cast Xue Wanqing a sideways glance, "You don't have to use aggressive methods with me, as I said, I don't understand gynecology. Even if I did, I still remember when I was in the palace, I felt the pulse of Concubine Wan, Concubine Wan In the face of the emperor, framed me for attacking her. It would be fine if the child in her womb can be kept, but if not, as you said, she is pregnant with a dragon son. Slander me for murdering Longzi."

Xue Wanqing scolded Concubine Wan in her heart, she is such an idiot, she has no grievances with Xie Zhiwei, why bother to offend Xie Zhiwei?

"I can assure you that as long as you are willing to heal Concubine Wan, no matter what the outcome is, you will not be implicated, but you must know that if you refuse, it will be difficult to say."

Xie Zhiwei didn't intend to stay. Today, if Xiao Xun hadn't been making trouble nearby, she was afraid that Xiao Xun would be implicated, so she didn't plan to make a move.

"Grandpa Mituan, please ask Wang Shipu to heal Concubine Wan!"

After finishing speaking, Xie Zhiwei still turned around and went downstairs. When he reached the corner, he saw Xiao Xun standing sideways in front of the window, looking out, motionless, and he didn't know why he was in a daze.

"What's wrong with you?"

Xiao Xun heard the voice, turned around, saw Xie Zhiwei, and frowned, "What are you dawdling about, let's go, we have to swim in the lake, the sun is almost setting."

After this episode, although the good mood was disrupted, they are all children after all, facing the warm sun of three springs, passing through the dense and dense peach blossom forest, smelling the sweet fragrance of peach blossoms, blossoming peach blossoms by their side Flying with the wind, everyone's mood improved, even Xie Zhiwei had a smile on his face.

The cruise ship has three floors, resplendent and beautiful, and the layout on the ship is also very elegant. The punters are all boat maids, and the servants on the boat are also maidservants.

After Xie Zhiwei boarded the boat, he went to change his clothes under the service of Xuan Tao. When he came down, he met Xiao Xun at the stairs. He heard the movement, turned his head, and stared at Xie Zhiwei.

"What's the matter? Are you not feeling well?" Xie Zhi smiled.

Last night, Xiao Xun also got the news that Xiao Changxuan hooked up with Lou Guo's envoys and asked Lou Guo to make a marriage request. If Xie Zhiwei is willing to marry, Yanyun Sixteen States, they can find a way to let Dayong cede Tan State and Jizhou.

When Xiao Xun heard the news, he was so impulsive that he directly picked up the gun, ready to shoot Xiao Changxuan to death.

Yanyun Sixteen Prefectures is the land that every generation of emperors wants to take back. As a child of the royal family, Xiao Changxuan actually betrayed the interests of the country. He used to look down on Xiao Changxuan, only thinking that he was ambitious and talented, but now he looks down on him from the bottom of his heart.

These people actually came up with the idea of Meimei, Xiao Xun laughed angrily, although these people were dreaming, but Xiao Xun couldn't restrain himself when he thought of pushing Meimei to the cusp of the wind and waves The anger in my heart.

What should he do? Let the emperor give the marriage directly, if Meimei doesn't have him in her heart, will she be angry? Will you hate him for the rest of your life? But if not, is it true that Mei-Mei's name is really going to be sung at the Great Court Assembly?

"It's nothing." Xiao Xun lowered his eyes. He hasn't figured out what to do, but one thing will never change. He wants to tie her to his side, make her smaller, and put her in his pocket. Take her with you wherever you go.

"Mei Mei!" Xiao Xun hesitated to speak, he had never been so embarrassed, he wanted to say it, but he was afraid of being rude, even if he often mentioned her baby name, it was actually a shocking thing, but how could he Can you hide your thoughts?

Xie Zhiwei saw his entanglement in his eyes, and had a vague guess in his heart, but he didn't dare to think deeply about it. Could it be that Xiao Xun regarded himself as his brother? Also, when did he start calling his nickname?

Xie Zhiwei's cheeks and ears blushed uncontrollably, or did Prince Xiang have an idea, told him, and he agreed?

The first update!

Chapter 380 Delicate and charming

The two stood facing each other, you guessed my mind, I guessed yours, and didn't say a word for a long time.

Xuan Tao was also puzzled. One thing, she didn't understand, why did the county prince know the girl's baby name? And he yelled so smoothly?

"Sister Wei, have you come down? Come quickly, I'm going to lose this game of chess!"

Yuan Jia's voice pulled Xie Zhiwei back from her reverie, she pushed Xiao Xun away, and ran down.

There was a game of chess by the window, Yuan Jia and Xie Zhihui were sitting on the left and right, each of them had placed half of the chess pieces, and they were in a stalemate at this moment, it was hard to tell the winner, Xie Zhiwei watched for a while, took the black stone held by Xie Zhihui, and placed it in the middle With one move, Xie Zhihui's chess came alive.

"Okay, you two sisters bullied me, third sister, come here quickly!"

Sisters Linghua and Xie Zhiqian were leaning on the railing to look at the scenery. The boat happened to pass by a narrow waterway, and the peach blossoms on both sides of the river stretched towards the water.

Hearing Yuan Jia's shout, the three of them looked at each other and walked around the chessboard with a smile.

Xie Zhiwei backed out slowly and walked to the deck. Brother Xi followed the elder brother. He set up targets on the boat and was shooting arrows. Xiao Xun was pointing at the side. Brother Xi was so happy that he surrounded Xiao Xun He kept shouting "Brother Junwang", fawning on him endlessly.

The wind blew over gently, sending bursts of sweet fragrance of peach blossoms. Xie Zhiwei had an idea in his heart that he could collect some peach blossoms in the villa tomorrow and make peach blossom soup.

At this moment, the hull of the boat shook for a while, Xie Zhiwei couldn't stand still, and his body shook for a while.

"Girl!" Xuantao screamed.

Du Yun hurried over to support Xie Zhiwei. The ruby bead flower on her head was not tied tightly, and she swayed and fell into the water.

"Oops!" Du Yan stretched out his hand to fish, but in the end it didn't come first, the bead flower dangled in the water and sank to the bottom of the water, and the boat slid across the water, completely burying the bead flower.

"It's my wife's thought for the girl!" Xuantao regretted it all, and it was all her fault that she didn't help the girl to fasten the bead flower. The bead flower was prepared by the wife for the girl back then. My favorite is this pair of ruby beads.

"What's the matter?" Xiao Xun heard the movement and came over, and saw Xie Zhiwei's head at a glance. She combed a pair of double buns. On the left bun, there was still a ruby bead flower, and on the right bun Then it is empty.

Seeing him staring at her, Xie Zhiwei touched her hair uncomfortably, and said embarrassingly, "The bead flower fell."

For a family like the Xie family, no matter how good the ruby is, Xiao Xun also heard the servant girl say that Mrs. Cui left Xie Zhiwei with a thought. Seeing that Xie Zhiwei was still looking at the water surface reluctantly, Xiao Xun came over, "It's okay, I'll help you get it."

"No, no need!" Xie Zhiwei was taken aback, the water in Taohuawu is quite deep, if it is for a bead flower, it would not be worthwhile to kill someone, she was afraid that Xiao Xun would be impulsive and would not listen to persuasion, so she was anxious to catch her Grabbing his wrist, "My mother left me with so many thoughts, not just this pearl flower, don't do anything stupid!"

You know, I will definitely do stupid things for you? Xiao Xun really wanted to ask, but he didn't dare, the words swirled on the tip of his tongue, and he swallowed them down again.

Xie Zhiwei only saw Xiao Xun's pair of painted-like phoenix eyes, deep and deep, the spring on both sides of the strait is picturesque, and the three springs are bright and sunny, but they can't shine in his eyes, only a small person is reflected in his eyes, So bright, so clear, it was clearly herself.

Xie Zhiwei turned her face away, but forgot to let go of her hands. She pursed her lips and watched the water in front of her be separated by the bow of the boat and rush towards the two banks. Peach blossom petals were piled up on the top of the waves like snow.

In the Danhuai Palace, after the emperor came back, he summoned Zhang Minghe, Shangshu of the Ministry of War, Han Zhen, Marquis of Huaiyuan, and Hong Jizhong, Marquis of Yiwu, to discuss matters, and Lu Yan served on the side.

Even though the incident with Concubine Wan happened, it didn't affect the emperor's mood. He said happily, "The second commander of Lou Kingdom has brought the third princess and the fourth prince here, and he is willing to attack Beiqi with me, Dayong. Since then, We need to conclude a covenant, fortunately this time the Lou State sent people here, you need to discuss how to negotiate with the Lou State envoy?"

Hearing this, Hong Jizhong was overjoyed. If he sent troops, the general would be his. Although he was more familiar with the battle with Xiliang, he knew everything. If he could regain Yanyun sixteen prefectures, Based on his merits and the teachings left by Emperor Taizu, even if he dared not get the title of a king with a different surname, he would not be able to escape the title of Shangzhu Kingdom.

Looking at the current Chaotang, there are only three princes.

Han Zhen was also very excited, but he was calmer. After thinking for a while, he said, "If there is a war with Beiqi, soldiers, horses, food and grass are one aspect. Xiliang, Nanzhao and Huihe must be guarded. Speaking of which, it's a misfortune rather than a blessing."

The south side has been guarded by Mu Wang Mansion for generations. The first generation of Nanping King was the adopted son of Emperor Taizu. Now Mu Guihong is the third generation. The descendants of all generations will be held as hostages in the capital. They will return to Yunnan after marrying wives and having children.

Nanzhao needn't worry, but right now, the emperor knows that the King of Nanping vaguely expressed his intention to abolish the son and establish a second son. In the future, there will inevitably be a situation where brothers Xiaoqiang will appear in the Mu Palace. This will be of great benefit to the emperor's control of the southern front.

Hong Jizhong continued Han Zhen's words, "Your Majesty, I think that the most urgent thing right now is to recover the Sixteen States of Yanyun. Not to mention, the Sixteen States of Yanyun have been the top priority of the emperors of all dynasties. After six prefectures, Dayong formed a swooping trend. Dayong lost Gubeikou. After such a natural danger as Juyongguan, Beiqi even harassed the capital from time to time. If it can be regained in one fell swoop this time, the wish of many years will be fulfilled. willing."

If the Sixteen States of Yanyun can be regained, from then on, Emperor Shoukang can close his eyes while sleeping, and there is no natural danger in the north, just like sleeping at night with the door open, who can rest assured?

The emperor also agreed deeply, nodded and said, "It just so happens that people from Lou Kingdom are here this time, and the regulations should be finalized as soon as possible."

Wanyan Zongwang and others were placed in Zhongyinyuan, a courtyard with five rooms and three entrances. Wanyan Zongwang led the four princes to live in the front yard, and the three princesses entered the second. At this time, they all gathered in Wanyan Zongwang's room. It was all held by people from Beiqi, and no flies could fly in.

Wanyan Zongwang looked at the fourth prince and asked, "What do you think of Princess Duanxian?"

The fourth prince has met Duan Xian several times. At the beginning, Duan Xian appeared in men's clothing. He also deeply lamented that there is such a handsome young man in the world. , what can he feel?
