

The Power 401

Chapter 401 Holding hands

Xiao Xun is naturally what Xie Zhiwei says, so he hurriedly responded, "Okay, I also think this is very good. I will ask someone to measure the size later. If it is not enough, we will expand it later."

"I took a look, and there is no need to expand. There are three halls in front, so just change these three halls."

In this way, the changes are actually not very big. Only then did Xiao Xun realize Xie Zhiwei's thoughts. After all, she is still not picky enough. He thought that she would make a big effort to make a good renovation according to his own wishes.

"Then the five rooms we use for living are arranged according to the one in your house, how about it?"

"Um!"

Xie Zhiwei asked him with a smile, "You just came back, aren't you tired? I heard that you caught a carload of wild geese, what did you catch so many? In such a cold day, you wouldn't go to the lake to catch them yourself, would you? Where did you catch it?"

"I originally thought of catching them by the waterside of the Xinghua Forest where we rested last time. I heard that there were no ones there, so I walked south for a while. I caught them at Zhuxian Lake. At first I planned to catch two pairs, just in case. One, as soon as I was happy, I caught a few more."

As soon as he mentioned this, he was very excited, and pulled Xie Zhiwei to sit beside him, "On the way back, someone asked me to buy it. You said it was annoying, is this something that can be sold?"

Xie Zhiwei was so teased by him that he covered his mouth and smiled, "No one else knows. Now it's a pair of wooden geese to make a decision. Who is like you? If you go to catch it yourself, you still catch so many. Then where do you raise it?"

"Isn't there a lake in the middle of Qiyun Garden? It's not big, only about ten acres, and it's raised in the lake. I'll go to the palace tomorrow and ask for an **** who can raise poultry to come back and raise these geese for me. Meimei, we Set Xiaoding date on March 22, okay?"

"Why do you ask me this? Do you want me to tell my father and mother about this day? How should I answer when they ask?" Xie Zhiwei looked at him with a smile, and his voice was as soft as the wind of these three springs.

Xiao Xun accidentally held Xie Zhiwei's hand, Xie Zhiwei's heart trembled slightly, after all she didn't dare to pull it out, Xiao Xun was extremely embarrassed, pretending to be indifferent, coughed lightly, looked at Ahead, I dare not look at Xie Zhiwei again.

"Girl, are you still awake? Do you want a servant to come in and serve?"

Outside, Zi Mo's voice came, Xie Zhiwei jumped up in shock, and hurriedly walked towards the bed, "I'll just fall asleep, no need!"

She was terrified, her voice trembling uncontrollably, Zi Mo felt suspicious, and pushed open the door, "Girl, what's wrong?"

The door of the Nuan Pavilion slammed shut, Xie Zhiwei glanced in horror, and quickly covered his head with the quilt. Zi Mo was also taken aback, and quickly walked to the Nuan Pavilion, opened the door and saw that there was nothing inside, only the window was open.

"Why didn't you close the window?" Zi Mo muttered, and hurriedly closed the window.

Xie Zhiwei took a deep breath, closed her eyes, she panicked, and secretly cursed Xiao Xun in her heart, next time, never spoil her like this again.

Early the next morning, someone came from the palace to take Xie Zhiwei into the palace, saying that the eldest princess wanted to be the princess.

Xie Zhiwei thought that something happened to the queen, so she hurriedly followed the **** who came to pick her up into the palace. When she arrived at Fengzhi Palace, she checked the queen's pulse and was relieved when she saw that the queen was fine.

"How is my mother?" Yuan Jia asked.

"The empress is fine. Now that the month is old, I can't sit or lie down all the time. I still need to move more. Before, the pregnancy scene that Duanxian taught the empress, the empress should persist in doing it. It will be smoother." Xie Zhiwei suggested.

The queen rubbed her swollen belly and stood up quickly, "I'll show you, do you think it's the case?"

Xie Zhiwei then stayed in the palace to teach the empress to play the pregnancy scene for a long time, and took lunch by the way. Feeling warm, the two of them went to the imperial garden to fly a kite.

The east wind raised the kite high, and the two little girls ran along with the kite holding the string. After a while, Linghua came over after hearing the news. She brought her own butterfly kite, but she couldn't fly it for a long time. .

Xie Zhiwei had no choice but to give Linghua the kite in her hand, and she helped Linghua fly it. After flying for a long time, the kite flew up a little, then fell headfirst, and rushed towards a camphor tree.

"Oops!" Xie Zhiwei exclaimed with a bag in his hand, "Sister Linghua, what should I do?"

"Don't worry about it! This is a kite that came in this year. We each got one, and theirs could fly in it. I thought it was because I couldn't fly it. It turned out to be the problem with this kite."

Linghua waved at Xie Zhiwei, "Sister Wei, don't worry about it, come over here, we'll cut this kite, let it fly away, let go of all the bad luck!"

Xie Zhiwei looked at the kite that flew up the tree. The colorful butterfly was so lifelike and exquisite that she couldn't bear it so she threw it away, and said, "Maybe the top thread is not good, just find a craftsman to re-beat the top thread. Sister Linghua doesn't want it, just give it to me!"

Linghua handed the bag to the maid, walked over by herself, glanced at the camphor tree about two people high, and geared up, "I'll go up and get it, you wait!"

"Ah?" Xie Zhiwei saw Linghua tie her skirt around her waist, and she hugged the tree trunk and climbed up. Unexpectedly, her arms were weak, and she was afraid that she would be less than a foot high, so she slid down. I can't read it.

Xie Zhiwei couldn't stand it anymore, Sister Linghua was not as good as her, she looked at the people around her, her heart was itchy, so she pulled Sister Linghua back, "Why don't you stay here and watch, I'll go up. "

"Can you still climb trees?" Linghua was amused when she heard it, "Okay, you go up quickly, and I will help you watch. If someone comes, I will call you down."

A branch taller than a person protruded obliquely. Xie Zhiwei jumped up and grabbed the branch with both hands. Clinging to a higher branch, one stepped on the lower branch and went up.

The servants who followed the three of them had no time to stop them, and they were all stunned.

"Oh, it's amazing, Big Sister, come and see, Sister Wei is so amazing!"

When Yuan Jia heard this, he hurried over, seeing Xie Zhiwei stepping on the branch with one hand holding the trunk, and the other hand reaching for the kite on the top of the tree, he was stunned, "Sister Wei, you really Able to write and use martial arts!"

Only the palace servants and servants who followed Xie Zhiwei were so frightened that they nearly lost their souls. One of them winked at a young eunuch, who trembled twice, turned around and ran away.

The third update!

Chapter 402 Hug

Lu Yan was coming out of Jingfu Hall, and ordered Mi Tuan, "Send these papers back to the cabinet, and let the elders discuss it again..."

"Supervisor!" The little **** who came to report the news was about to cry, pointing to the back garden, "Princess, the princess has climbed a tree..."

As soon as Lu Yan's face changed, he walked back, with an indescribable panic in his expression and steps.

Mi Tuan held the booklet and looked at the Du Lord's back. He had never seen the Du Lord so flustered.

The little **** led Lu Yan to the front of the camphor tree with seven turns and eight turns. When Lu Yan saw Xie Zhiwei standing on the tree, whose skirt was caught by the branches and unable to get down, he was stunned.

Xie Zhiwei got the kite, she was reluctant to throw the kite down, so she let it go bit by bit, Yuan Jia and Linghua picked it up from below, and when they received the kite, they heard a "click", the three of them were stunned, Xie Zhiwei The branches under my feet are about to break.

"Sister Wei, don't move!"

Yuan Jia quickly handed the kite to Ling Hua, and was about to find someone, when Lu Yan stepped forward, stood under the tree, and looked up.

Seeing Lu Yan, Xie Zhiwei was overjoyed, and her panicked eyes lit up immediately. She was condescending, and saw Lu Yan's eyebrows were like distant blacks, and her temples were like knives; Eyes, well angled.

Xie Zhiwei couldn't help imitating this pair of charming eyes in his heart, only thinking that these must be the eyes touched by God himself, and then saw Lu Yan's eyes slightly raised, and her heart skipped a beat.

Behind him is a large piece of Xifu Begonia, the flowers are blooming like a brocade, and the country is beautiful and fragrant, but it is still not as bright and beautiful as the face in front of him. It is gorgeous and elegant, and the red jade and green are not as dazzling as him.

"Princess!"

A feminine voice sounded, Xie Zhiwei let out an "ah" and came back to her senses. At this moment, the branch under her feet made a "click" sound again, and her hand holding the branch above her head tightened a little bit, but she was not affected by it. What a shock, but Lu Yan's beautiful face turned pale in an instant.

"Sister Wei!" Linghua and Yuan Jia screamed from below, and they couldn't help covering their mouths.

The little servant who was following Lu Yan was a little speechless. Just now, Princess Duanxian was clearly distracted by looking at the face of the governor. He couldn't help shaking a cold sweat for Princess Duanxian. It is too courageous.

However, the next moment, the little servant opened his mouth wide in shock, enough to stuff an egg.

Lu Yan stretched out his hand towards Xie Zhiwei, his usual unhurried voice trembled a little, "Step on my shoulder, come down slowly!"

Xie Zhiwei didn't dare to be brave anymore, she glanced at the embroidered unicorn on Lu Yan's shoulder, and pulled the corner of her lips, "I'll jump down and see if you can catch me!"

Lu Yan laughed angrily, why did he never know that she still has such an uneasy side?

"What if I can't handle it?"

Yuan Jia and Ling Hua were also extremely panicked, if something happened to Wei sister in the palace, let alone the Xie family, they would not be able to pass their own test.

Especially Linghua, she was originally going to climb the tree, if she was not too stupid to climb the tree, sister Wei would not be in such a dangerous situation.

Both persuaded Xie Zhiwei.

"Sister Wei, you should listen to Master Lu!"

Lu Yan's forehead was sweating, Xie Zhiwei tried her feet forward, but she still couldn't bear to step on it, Lu Yan couldn't help it, grabbed her ankle, pulled it down, let her step on her shoulder .

At this moment, the branch was finally overwhelmed and broke with a crack. Xie Zhiwei let out an "Aww", before the other foot had time to step on it, the whole body fell down.

Lu Yan had quick eyes and quick hands, and hugged her like a princess, and hugged her in his arms.

Xie Zhiwei first looked at Lu Yan's face from top to bottom, and now she looked at Lu Yan's face from bottom to top. She tilted her head, and after a moment of panic, she was pleasing to the eye. From any angle, she is impeccable. She smiled so much that her eyes became crescent moons.

Lu Yan was not as big-hearted as she was. He tightened his grip on the person in his arms, slowly put her down, brushed his shoulders as if nothing had happened, and his voice returned to his former calmness, "Princess, the trees in the palace are not tall. , the branches are also slender, so don't do such risky things in the future."

After warning Xie Zhiwei, Lu Yan was still angry, and ordered the little eunuch, "Someone come and cut down this tree."

Xie Zhiwei shrank her shoulders slightly, and looked at Lu Yan cautiously, just in time to meet Lu Yan's eyes, she pursed her lips, took two steps forward, and begged, "Lord Lu, this tree didn't do anything wrong. Wrong, it's a pity to cut it off, or just cut off the few branches that I broke off, and punish them a little, okay?"

Lu Yan raised his hand lightly, his fair and slender skin was more intoxicating than the petals of a crabapple petal that fluttered past his hand, Xie Zhiwei couldn't look back, and was about to say something when Ling Hua and Yuan Jia pulled her back from left to right.

"Lord Lu, this tree is quite an eyesore. If you want to cut it down, you can do it!" Linghua laughed, and said to please Lu Yan, she turned around and warned Xie Zhiwei, "Do whatever Master Lu says, let's go, let's find it." People go to hit the top line of this kite."

After walking almost a mile, Yuan Jia covered his heart and said, "Sister Wei, you are really too courageous, how can you talk back to Master Lu?"

"Yeah, how can you stare at Mr. Lu? Do you know that Mr. Lu hates others looking at his face?"

Yuan Jia and Ling Hua were still admonishing Xie Zhiwei, but Xie Zhiwei's thoughts flew far away. Did she scare Lu Yan just now? He also despises himself too much. It's just such a tall tree, even if the branch breaks and she jumps down, it won't matter.

Lu Yan withdrew her hand, holding a petal from Xie Zhiwei's head with her fingertips, stood under the tree, and looked up. She was too courageous, how did she climb up such a tall tree? of?

The little **** bowed beside Lu Yan and asked, "Master, should this tree be cut down or not?"

"Cut off all the trees in the palace, all the branches about one person's height, without leaving a single one."

"Yes!" The little **** didn't know why the tree in the palace was angered, but the governor had spoken, and there was no reason not to obey.

After Lu Yan finished speaking, he turned and left. He took two steps, glanced sideways, and saw not far away, under the weeping willow tree by the lake, a corner of the orange skirt floated out. The man clearly saw him looking over, hurriedly shrunk inward.

"Go and see, who is there?" Lu Yan ordered.

The little **** was also clever. He walked around from the other side and saw Concubine Wan and maid Qihong from the Palace of Funing. He thought for a while, walked over, and greeted with a smile, "I pay my respects to Concubine Wan."

Concubine Wan trembled in fright, quickly looked away, and nodded at the little eunuch, but she didn't recognize that the little **** was the person in front of Lu Yan just now.

Xie Zhiwei followed Linghua and Yuan Jia into the Fengzhi Palace, and the queen sitting on the Phoenix seat waved to Xie Zhiwei, "Good boy, come quickly, I will teach you how to recognize people!"

Xie Zhiwei hurriedly stepped forward to greet her, the queen took her hand, pointed to the person on the chair on the left hand side of the ground, "This is Princess Xiang!"

Today's update!

Lu Yan: Help Meimei ask for a ticket, the monthly ticket list is 58th, hold on!

Chapter 403 Concubine

Xie Zhiwei naturally knew Princess Xiang, but she didn't expect to meet her in the queen's palace today. She stepped forward to salute Princess Xiang graciously. Princess Xiang took off a white jade inlaid gold bracelet from her wrist and put it on Xie Zhiwei's wrist, and said to the queen, "As soon as I heard that it was this child, I was overjoyed. It can be seen that marriage in this world is all about fate. It is all thanks to the emperor and the queen, who have discerning eyes and pearls, and gave it to Ah Xun." Picking such a good wife."

The queen was also overjoyed, "How can I say this? It's not that the whole family doesn't come into the house. Ah Xun is likable, and Wei girl is also a good and sensible child. This marriage is perfect."

Linghua and Yuan Jia were joking aside, and quietly said to Xie Zhiwei, "Sister Wei, should we call you fifth sister-in-law instead?"

Xie Zhiwei blushed with embarrassment, but did not dare to relax at all. She always felt that it was not that simple for Princess Xiang to enter the palace today.

Sure enough, after saying a few words on the scene, Princess Xiang said, "I just came from the Qingshou Palace, and I was going to ask my mother to show me, but my mother said that it was at a critical moment in my practice, so I didn't see anyone Please show me what is the matter, the empress."

When the empress heard this, she knew that the empress dowager didn't want to see her, so she sent people here, brought tea, took a sip, and asked, "What's the matter?"

"That's right!" Concubine Xiang glanced at Xie Zhiwei provocatively, "Ah Xun's position as the concubine is determined, but the princess is too young, and it will take three or four years before Jiji, at that time Ah Xun How old I am, I can't wait like this all the time, there is always someone waiting in his room, so I thought, by the way, I also decided on the candidates for the two side concubines for Ah Xun. Anyway, there are still people taking care of things."

The queen thought about this, and it was not unreasonable. Xie Zhiwei was indeed too young, and Xiao Xun was fourteen years old. At this age, who doesn't have one or two roommates in the house of the rich and powerful in Beijing?

However, she couldn't help worrying, she glanced at Xie Zhiwei, and seeing Xie Zhiwei as motionless as a mountain, she couldn't help sighing that she was younger than her Yuan Jia, but she was able to take on things.

The queen asked, "Wei girl, what do you think?"

Xie Zhiwei stood up and bowed to the queen, "Empress, I don't know who this side concubine will be, who is appointed by Prince Xiang's Mansion?"

After all, the person who will call Sister Xie Zhiwei in the future, it is reasonable for Xie Zhiwei to intervene, so the queen asked Princess Xiang, "Who are the candidates for this side concubine?"

Princess Xiang put half of her heart in her stomach, moved her buttocks forward, and hurriedly said, "They are all people who know the basics, and now I have a niece from my natal family, who is one year older than Ah Xun. When you get older, it will not be so difficult to have an heir, after all, it is too young, even if you have a child, it will be difficult to sit still."

The queen knew it in her mind, but Xiao Xun was not her son anyway. Although the candidate for the side concubine came from a merchant, it had nothing to do with her, so she looked at Xie Zhiwei.

Xie Zhiwei pondered for a moment, then raised his head and said to Princess Xiang, "Princess, if I remember correctly, the dealer is from an imperial merchant?"

Zhuang's face turned livid, she didn't expect Xie Zhiwei to be so straightforward, so she asked coldly, "What does the Princess want to say?"

"Although the side concubine is also a concubine, but the side concubine is going to be on the imperial jade certificate. Even if the Prince Xiang's mansion wants to give a concubine to the county prince, according to the rules of the emperor Taizu, he must choose the daughter of an official of the fifth rank or above. It's a little too low."

"You!" Zhuang's chest heaved with anger, "Are you accusing me?"

Xie Zhiwei shook his head very sincerely and said, "Duan Xian dare not, Duan Xian is just telling the truth, besides, Emperor Taizu did have such rules. As for why Prince Xiang insisted on marrying the concubine back then, that is an old story. Besides, the juniors dare not comment on the matters of the elders, but if Duan Xian and a merchant's daughter are called sisters, Duan Xian will be hard to obey!"

After she finished speaking, she stood up and bowed to the queen, "I also ask the empress to be the master!"

The queen pondered for a moment, and said to Princess Xiang, "Sister and sister, why don't you go back and discuss this matter with the prince first? Turning around, I will also go to ask the queen mother for instructions. You also know that what happened to Ah Xun is extraordinary. Moreover, Emperor Taizu did have this will."

Princess Xiang couldn't understand the Queen's protection of Xie Zhiwei. She was very angry, but she didn't dare to make a mistake in Fengzhi Palace. She only gave Xie Zhiwei a hard look, and then got up to leave.

When Princess Xiang left, the queen took Xie Zhiwei's hand and patted it lightly, "You are a smart child, and I don't worry about you, but if there is anything, you must tell me, and I can do it for you." You call the shots, and they will still call the shots for you."

"Thank you, empress!" Xie Zhiwei thanked her.

It was getting late, Xie Zhiwei bid farewell to the queen, took the kite, and was accompanied by Madam Xi and walked out. In the alley next to the Palace of Imperial Instruments, she was stopped by Concubine Wan, "Princess, I have something to say to you." Say it!" As she spoke, she glanced at Nanny Xi.

Xie Zhiwei glanced at Concubine Wan and smiled, "No matter what you ask of me, I can't help you. If you want to say something, you can say it now. If you feel it is inconvenient to say it, then don't say it."

"I am Miss Xue's cousin. Xue's family and Xie's family are relatives with broken bones and tendons. Today I saw Mr. Lu and the princess... Princess Duanxian, please give me the side medicine, If I can take good care of my body, I can give birth to a dragon son for the emperor in the future, and he will continue to have an heir."

Nanny Xi pursed her lips and turned her face away. Those who came out of the yard were indeed shameless.

Xie Zhiwei looked at Concubine Wan, a little strange, "Concubine Wan can say what she wants to say, and besides, there are so many imperial physicians in the imperial hospital, Madam Wan's health is not in serious condition, if it is to take care of her body, they can all prescribe medicine , Why should Empress Wan concubine look far away?"

After finishing speaking, she walked away, not wanting to have more involvement with Concubine Wan, and she was not at all afraid of what Concubine Wan would say.

Concubine Wan wanted to block Xie Zhiwei's way, but was pushed away by Nanny Xi, she stumbled back two steps, leaning against the palace wall, her heart ashamed.

Could it be that she really has no hope?

She finally delivered the letter out of the palace and asked Xue Wanqing to help her again. Xue Wanqing only told her that the only person who could help her now was Lu Yan, and Princess Duanxian once saved Lu Yan's life. If Lu Yan knew Duan Xian If the princess is on good terms with her, he will definitely take good care of her.

In the palace, as long as Lu Yan is willing to take care of her, she will not worry about not having the opportunity to serve the emperor.

But Princess Duanxian dared not help her! Li Wanfen was so angry that she clenched her fists. Don't they, these high-ranking noble daughters, just look down on her origin?

Although Princess Duanxian got a good marriage, who knows if she will be able to gain a foothold in Prince Xiang's Mansion after getting married in the future.

Xue Wanqing also said that after marrying into her husband's family, how many princesses can't stand upright, are despised by her husband's family, and are not favored by her husband, let alone a mere princess.

Besides, isn't Xie Zhiwei afraid that he might hold her back? She believed that Xie Zhiwei understood what she said, but remained indifferent.

The first update!

Chapter 404 Death Date

In the side hall of the Funing Hall, there was darkness, Concubine Wan didn't know what happened, she was taken aback, and asked Qiu Hong to ask, only then did the maid slowly come out and light the lamp.

"I'm about to die, but the master hasn't come back yet. What are you doing with the lights out? Look at the brightly lit place of the concubine Jing across the street. Don't you learn from it?"

A little court lady pursed her mouth, full of disapproval, Concubine Wan was so angry that she had nowhere to vent, she pointed at the little palace lady angrily and said, "Slap your mouth, give me a slap!"

Qiu Hong slapped her backhand, who knew that the little palace lady avoided it, she backed up a few steps, shrank in the corner, and looked this way with a pair of eyes full of resentment.

Concubine Wan was stunned. Ever since she entered the palace, has she ever seen anyone in the palace disrespect her? A little court lady dared to treat her like this, what happened?

For no reason, Concubine Wan was frightened for a while, Qiu Hong wanted to go forward to teach the little maid, but she stopped her, "Let her come here, I have something to ask."

Concubine Wan sat down on the Arhat bed, and the little palace maid walked over, shrugging her shoulders, to prevent Qiu Hong from hitting her.

Kneeling down with a plop, the little palace maid hurriedly said, "Master, please spare me, please don't hit the servant girl in the face when Sister Qiu Hong hits the servant girl."

"Why?" Concubine Wan asked.

After hearing this, Qiu Hong's face turned pale, she trembled all over, she glanced at Concubine Wan in panic, and secretly blamed herself for being such a big person, how many things she had gone through, she was not even as good as a little palace maid, clearly saw that Concubine Wan had lost power, and they were all looking for a way out, but she was the only one who foolishly followed Concubine Wan to offend Princess Duanxian to death.

"The servant girl has been transferred to the Qingshou Palace as an errand. If the master asks someone to smash the servant girl's face, the servant girl is afraid that she will offend the nobleman."

Qingshou Palace? Where is the empress dowager?

Concubine Wan glanced away and saw that there was no one in the empty hall, so she stood up in a panic, "Where are people? Where have they gone?"

The little maid shivered and backed away, and finally she was so frightened that she cried, "All, all, were, transferred away, master, please forgive me!"

"Turned away by who? Don't I need someone to serve me? They are all low-minded things. I'm going to see the emperor!" After finishing speaking, Concubine Wan rushed forward recklessly, and Qiu Hong rushed forward in fright, holding her back.

"Mother, don't be impulsive, you are still in confinement, how can you not care about your body?"

Concubine Wan looked at the night outside. It was night, and the emperor didn't know which concubine's palace she was in. She bumped into her at this time, and the lochia on her body was still not clean. Sleep, what can she do?

Although the emperor has no will, but looking at the scene in front of the palace, there is something that Concubine Wan doesn't understand, she has fallen out of favor.

It's all Xie Zhiwei's fault!

Concubine Wan hated Xie Zhiwei so much at this time, she knew that as long as Xie Zhiwei told Lu Yan, Lu Yan would be able to make her fall into favor again, but judging by Xie Zhiwei's appearance, she had no intention of helping her at all.

Easy to do!

But Xie Zhiwei just didn't want to stretch out his hand. Sure enough, as Xue Wanqing said, these noble ladies from aristocratic families all pretend to be noble, but what is the difference between people?

Not all are raised by their biological parents, if she is placed on Xie Zhiwei's platform, she will definitely be able to do better than Xie Zhiwei.

She is just not as lucky as Xie Zhiwei, who wants to curry favor with an old man who can be her own father? But who doesn't want to be superior and admired by others?

Xue Wanqing said that the child she was carrying was originally destined to be Deng Dabao, and at worst was also a prince. Now, it is gone, and it is all Xie Zhiwei. She failed to keep the child in her womb, and it was all Xie Zhiwei's fault!

At night, lying on the cold bed, the resentment in Concubine Wan's heart spread like weeds, filling her heart to its fullest, she couldn't help crying, I don't know, if Xie Zhiwei knew, the palace, what would happen if an **** had unreasonable thoughts about her?

Concubine Wan sneered, the eldest daughter of a high-ranking family was liked by an eunuch, she couldn't help calling Qiu Hong, and asked, "Tell me, if I think Mrs. Lu has unreasonable thoughts about Princess Duanxian?" What will happen if the matter is revealed? Today, you also saw it. Everyone in the palace said how vicious and domineering Lord Lu is, who has ever seen that Lord Lu has such a tender side?"

Qiu Hong's legs are like sifting chaff, she never dreamed that Concubine Wan was so stupid, she didn't want to disobey Concubine Wan, let alone die in front of her eyes, she forced a smile and said, "Madam, Princess Duanxian is in the palace. Li has always been favored, presumably this is the reason why Mr. Lu will curry favor with Princess Duanxian."

"Favoured? She is a girl, and if she is favored again, the eldest princess is favored? But you haven't seen, when did Master Lu give the eldest princess face?"

Qiu Hong stepped forward and tucked Concubine Yewan's quilt, "Mother, it's late at night, even if you want to do something, you have to wait until tomorrow. People in confinement can't stay up late."

After she sent Concubine Wan to sleep, she turned around and left the side hall of Funing Hall. She stood at the door for a while, then found an **** guarding the door along the veranda, leaned forward and said, "Elder-in-law, please find a way to get there." Let me tell you, our family is going to spread some bad words about the princess."

The father-in-law was always old and deaf, but when he heard this, a bright light flashed in his eyes, and he got up and left without saying a word.

After about a cup of tea, Mi Tuan got the letter and hurried to Lu Yan's study.

Lu Yan did not go out of the palace today, and he had handed in the second drum. He put away the last memorial and was about to get up when he saw the rice ball coming in and asked, "What happened?"

The candlelight was flickering, the young man had a stunning face, hard to describe with pen and ink, a streamer flashed from the corner of his bewitching eyes, and the brightness overwhelmed the red apricot branches outside the window.

"Master, when the Lord rescued the princess today, it was Concubine Wan from the Palace of Funing who was peeping under the weeping willow tree by the lake, and the people over there came to report that it was Concubine Wan who wanted to pass on some bad things about the princess. words come out."

Lu Yan's fingertips caressed the slightly raised texture on the body of the landscape chicken cup, and the candlelight lightly licked his unstained and vermilion lips, and his feminine voice seemed to come out of hell, "Wan Concubine also It's time to hit the road, let Zheng Changdong collect her body!"

The old deaf **** guarding the back gate of Funing Hall moved with heavy steps, and slowly approached the side hall of Funing Hall. Qiu Hong opened the door for her, and the two of them tiptoed into the inner hall and came to Wan In front of my concubine's bed, I shouted, "Your Majesty, Your Majesty, it's time to get on the road!"

Concubine Wan's eyes widened and she struggled. Qiu Hong, who was helping the old **** pretending to be deaf and dumb, couldn't understand why she betrayed herself.

Qiu Hong was a little flustered by Concubine Wan's stare, and couldn't help saying, "Master, if you want to blame, you can only blame you for insisting on having trouble with Princess Duanxian..."

The second update!

Chapter 405 Ancestor

The old **** thought Qiu Hong was too wordy, he shouldn't be talking so much nonsense to a dead man, so he gave Qiu Hong a hard look, and hung the white silk on the roof beam with his hand. I don't know where a lot of strength came from, and with a sudden pull, Concubine Wan was hung up, and her two legs kicked straight in the air.

Naturally, the movement here cannot be concealed from the neighbors. Concubine Wan's shadow hanging from the roof beams is cast on Qian's screen window. Concubine Jing's side is fine. She has been used to such things in these years in the palace. The people in the palace were restrained from speaking out, but Yu Xuan entered the palace as a servant, and was so frightened that he shivered all night and dared not sleep.

Early the next morning, she asked the palace servants to inquire about the news, and the news they got was that Concubine Wan committed suicide in fear of crime. As for the crime, it was naturally the crime of deceiving the emperor.

Last night, the emperor stayed in the boudoir of the newly selected oiran in the Peony Building. On the fourth watch, when he came out of the oiran's room, he was still yawning. At that time, Lu Yan said, "Your Majesty, Concubine Wan committed suicide in fear of crime last night."

The emperor had forgotten who Concubine Wan was, and muttered, "If you kill yourself, then kill yourself! Oh, what is she guilty of? The fiancé? Hmph, if I had known that she had a marriage contract, would I have been the kind of person who forcibly took over civilian wives?" Faint Lord?"

The carriage rumbled out from the back door and walked on the bluestone road in the capital. The emperor coughed a few times, and Lu Yan hurriedly rode the horse over, leaning against the wall of the carriage, and asked in a low voice, "Your Majesty, do you want to call the imperial doctor in for the emperor?" see?"

"No need, it must have caught a bit of wind and cold last night. If the imperial doctor is called, it will cause earth-shattering disturbances."

Immediately afterwards, the emperor couldn't suppress the itchiness in his throat, and coughed again. This coughing continued until he entered the palace, and the emperor said, "I have passed a promise to come in and have a look!"

Today is the end of the early dynasty, and the emperor caught wind and cold.

In the East Nuan Pavilion, after Xu Yi took the emperor's pulse, he was prescribing a prescription, when the emperor suddenly coughed so hard that he couldn't breathe, his face turned blue.

Lu Yan hurriedly stepped forward and patted the emperor's junior, and asked in a soft voice, "Can't you use needles?"

Before Xu Yi could speak, the emperor said intermittently, "Go, go and invite Princess Duanxian in!"

Lu Yan hurriedly made a gesture, Li Baozhen hurriedly retreated, and went out of the palace to invite Xie Zhiwei.

In the Fuyun Courtyard, Mrs. Xiao gave Xie Sanniang a sideways look, and said to Mrs. Yuan, "If you want to say, our eldest girl has the ability. First, she has earned a first-class seal. Seeing that it has been a year, the girls in the family We're going to discuss marriage so that we won't be able to get married in the future, and stay at my mother's house without leaving a word, and the emperor bestows a marriage again, isn't this a great happy event?"

Even Xie Zhiwei couldn't help but look at Xie Sanniang. Seeing her drinking tea steadily, he only raised his eyebrows and glanced at Xiao Shi, and said bluntly, "Second sister-in-law said it was me who stayed at her mother's house? Second sister-in-law's words, do you dare to tell Uncle?"

The uncle Xie Sanniang was referring to was "Xie Tiao", and Xiao became angry when she heard it, "Third sister is really telling the truth, what did I say, go tell the old man? Dare to ask me which sentence is not right?" gone?"

"The Xie family has never had the reason to drive aunt out. I really dare not listen to Second Sister-in-law who is so smug, but I want to tell Uncle what Second Sister-in-law said. Why wouldn't I dare? "

Ms. Yuan was in a dilemma and didn't know what to do. Madam Tian walked over quickly, "Ma'am, someone is coming from the palace, and they are here to pick up the young lady into the palace."

Yuan couldn't care about the two of Xiao, and got up quickly, "What's going on in the palace?"

She was a little flustered, but Xie Zhiwei calmly asked, "Who is here?"

"It's Eunuch Li. He said he was with the emperor. Let the girl not worry, and slowly pack up the things and bring them into the palace."

Xie Zhiwei ordered Zi Modao, "Go and get my needle, hurry to the front, we will enter the palace as soon as possible."

Xie Zhiwei left here, and the people in Yuan's house also dispersed, and finally calmed down. She didn't have the energy to think about anything else at the moment, only worried about her daughter.

It was Li Baozhen who came to pick up Xie Zhiwei. He didn't dare to let others come to pick up this ancestor. The carriage stopped in front of Donghua Gate. The back of the hall enters the sleeping hall.

Just arrived at the door, when he heard the emperor coughing violently. Hearing the movement, Lu Yan opened the curtain himself, nodded slightly to Xie Zhi, and a streamer flashed in the corner of his eyes.

Lu Yan's face could fascinate his soul anytime and anywhere, but Xie Zhiwei didn't dare to be distracted at this time, and walked in. The doors and windows of the room were closed tightly, and there was no ventilation at all.

Xu Yi was sitting on the side of the bed, when he saw Xie Zhiwei coming in, he hurriedly gave up his seat, Xie Zhiwei was not polite, walked over and sat down, felt the emperor's pulse, and pulled down the quilt on his chest for the emperor, "Your Majesty, please be patient." Xian used needles for the emperor."

"What's wrong with me?" The emperor coughed three times before finishing his sentence.

"Don't worry, Your Majesty, it's just an ordinary wind and cold, and it's just that it's more uncomfortable when the attack is more violent."

Xie Zhiwei's voice was soft, with a soothing power, the emperor felt that the tightness in his chest was getting better, he nodded slightly, and closed his eyes.

It's just an ordinary wind and cold, and it's not that difficult, but the emperor's body is like a piece of wood eaten away by termites, it can't stand a little wind and rain, and it will fall apart if you don't pay attention.

After Xie Zhiwei used the needle, the emperor fell into a deep sleep.

Xu Yi has already prepared the prescription, and showed Xie Zhiwei the prescription, which is nothing more than Fangfeng, Astragalus, Atractylodes macrocephala, ginger, and perilla. Xie Zhiwei pondered for a moment, and asked Xu Yi in a low voice, "Doctor Xu just thinks how the emperor got this cold?"

Xu Yi was stunned for a moment, and looked at Xie Zhiwei in puzzlement. Xie Zhiwei didn't say much, just picked up a pen and wrote a new prescription: Radix Pseudostellariae, Bupleurum, Peppermint, Perilla Leaves, Campanulaceae, Licorice. Qi, solid form.

Lu Yan placed Xie Zhiwei in the palace and re-lived in the Changqiu Palace. He gave the emperor acupuncture and medicine every day. Fortunately, the emperor's illness was getting better day by day, until five days later, he got better.

The emperor woke up and saw the sunshine outside the window, and called Lu Yan to come in, "Ah Yan, Princess Duanxian really has good medical skills. Today, not only my body has improved, but my spirit has also improved a lot."

Lu Yan handed a cup of herbal tea to the emperor, with a smile on his face, "I congratulate the emperor for the safety of the dragon body!"

The emperor's health improved, and his mood naturally improved a lot. He asked about the marriage between Xie Zhiwei and Xiao Xun, and learned that Prince Xiang's mansion would be settled soon, so he ordered Lu Yan, "Go to my storeroom to pick some gifts. Send it to Prince Xiang's Mansion for a small ceremony."

The emperor's health is much better, so he doesn't want to keep Xie Zhiwei any more. After he came out of the palace, he arrived home, and the emperor's rewards also arrived. Needless to say, a large amount of gold, silver, jade and silk, among them, five bright red haze brocades were placed in Yuan's house. When Xiao Shi came over to watch the fun, he couldn't help but feel jealous, "I don't know how beautiful this fabric is for making wedding dresses."

The third update!

Chapter 406 Passing the ceremony

Yanxia Yunjin is very rare, and there are only two or three pieces of tribute from the south every year. In the royal family, only the crown prince will be rewarded when he is married.

It's just the fabric, but it's not suitable for wedding dresses. Instead, it's used as bedding and pillows on the new bed. Dragon, Phoenix and mandarin ducks are embroidered with gold thread, which looks resplendent and resplendent.

Xie Zhiwei didn't bother to explain to Xiao Shi, so she just ordered Madam Qiu to arrange for someone to put away these misty brocades. Seeing that Xiao Ding's day is only a few days away, she hasn't finished the clothes for Xiao Xun yet.

In the next few days, Xie Zhiwei quietly made clothes in the Yizhao Courtyard. Because of the extremely short time, Xie Zhiwei only used silver thread to embroider simple bamboo branches or folded flowers on the cuffs of the robe along the colors of the designs. embellishment.

The clothes are well cut, a gown with arrow sleeves and a straight gown with wide sleeves, matching the colors and patterns properly, and the embroidery is brilliant. Once the clothes are finished, all the maids in the room agree.

Mother Qiu wanted to help Xie Zhiwei make this dress several times. She was afraid that the girl would not be able to pick it up by herself. Now, looking at the dress, tears of joy filled her eyes, "The girl has not picked up the needle and thread for a long time, and the servant is very worried. Even the embroiderers in the palace dare not say 'no' if the clothes are taken out."

Xie Zhiwei folded the clothes. She was running out of time for the shoes and socks. They were made by Nanny Qiu herself. They were packed in a box and given to Du Yuan to give to Yuan Shi as a return gift for the small engagement ceremony.

March 22nd is the day when Prince Xiang's Mansion gave a small ceremony to Miss Xie's family.

The palace has already rewarded the silk jewelry, and it has been filled with four boxes, decorated with red silk, and placed in the main hall. A pair of live geese are placed in a cage, jumping around happily.

The auspicious time has come, Mrs. Zhuang dressed up carefully, got into the carriage, followed by a mighty convoy loaded with rich gifts, and left Yuelu Street, but when they reached the intersection, the carriage soldiers divided into two groups and followed Zhuang all the way. Shi went to Xiaotianshuijing Street, and the other way went straight to Baokangmen Street.

In Jiulin Courtyard, Xiao Xun was sitting on the kang in front of the south window drinking tea, Mo Hen came in hurriedly, "Master, I really guessed right, the princess sent someone to Baokangmen Street, and gave Xie Half of the small ceremony prepared by the family was distributed, and the live geese in the cage were sent to the farmer."

Xiao Xun stood up and ordered, "Pack up the two live geese I picked, and I will send them there myself!"

"yes!"

Mr. Zhuang got off the car at the east corner gate of Xie's house. Mrs. Qian was already waiting at the door and hurriedly welcomed Mrs. Zhuang into the main hall. Mrs. Yuan and Mrs. Xiao were already waiting, and Mrs. Xie was beside her.

Xie Zhiwei raised his eyes to look at Mrs. Zhuang, and saw that she was combing a double-knife bun. In the middle of the bun was a gold distraction inlaid with gemstones and a phoenix pattern, and on both sides of the bun was a gold-embellished heart with gemstones, and on the ears were long emerald disks inlaid with gold jewels. Earrings, wearing a phoenix peony satin skirt, and a red crepe skirt sprinkled with flowers, the whole person is golden and sparkling.

Mrs. Yuan was stunned for a while before she came back to her senses, and hurriedly greeted her, "I have seen Princess Xiang!"

"Hey, this is my mother-in-law. She looks so young. She is standing with Sister Wei. I don't know, but I thought they were sisters!" Mrs. Zhuang hurriedly helped Mrs. Yuan up, holding her arms, and told everyone not to be too polite, they sat at the top with Yuan Shi.

"Sister Wei, come here quickly and let me have a look!" When Xie Zhiwei had no choice but to come over, Princess Xiang took Xie Zhiwei's hand and said to Yuan Shi, "My mother-in-law doesn't know. I was overjoyed when I gave us Ah Xun to be the princess of the county. I wished I could wait a day to welcome people in. I said a long time ago that this small order should be made sooner, who knows, that child Ah Xun insisted on dragging at this time."

When Yuan Shi heard this, she didn't understand what it meant. It meant that the son-in-law was dissatisfied with his daughter and didn't want this marriage?

Naturally, it was difficult for her to ask, and the words that followed Princess Xiang came again.

"I'm dissatisfied with my mother-in-law, saying that today I have to do two more weddings." After finishing speaking, she deliberately put off the trick, and ordered Madam Ji, "Hurry up and let someone bring Xiao Dingli up!"

A box of silk and satin, a box of gold ornaments, a box of gems such as jade and agate, and a box of clothes made in the palace.

Mr. Xiao and the others stared straight at the eyes, but Mrs. Yuan was all focused on the "two happy events" mentioned by Mrs. Zhuang. When she saw that there were no live geese, she couldn't help feeling flustered and didn't know what to do?

"Oh, my concubine, did they send those live geese to the dealer?" Nanny Ji slapped her thigh, and said loudly, regardless of the occasion.

"This, isn't it?" Zhuang glanced at Xie Zhi from the corner of his eyes, seeing that she was still extremely calm at this time, she couldn't help but sneered in her heart, pretending, pretending, it's this time, and she can still pretend, Xiao Xiao Age, scheming is quite deep.

In front of the empress, Xie Zhiwei said that the Zhuang family was a merchant, and there was indescribable contempt in his eyes, so the Zhuang family held a grudge against Xie Zhiwei. She just wanted to use her natal niece as Xiao Xun's concubine. Is this too much? ?

If it wasn't for the emperor's sudden move to bestow the marriage, Xiao Xun's concubine position would have been Xie Zhiwei's turn?

The eldest daughter of a bereaved wife is still the princess of Xiao Xiangjun, she is simply ignorant! Yuan Shi almost passed out. This is Meimei's small Ding Ceremony. Sure enough, the mother-in-law did not treat the concubine well. If Mei Mei is married, how will her life be?

Mrs. Yuan really wanted to say that since there were no live geese in the small ceremony, this small ceremony would not count and the marriage would be ignored. However, this matter was so important that she really could not decide it.

Mrs. Zhuang saw the expressions of everyone in the Xie family, and she was extremely proud, but she was very displeased on the face, and blamed, "Didn't the prince of the county catch several pairs of geese and come back, knowing that he will leave two families today, why don't you prepare more?" A couple, when was this, and how did such a mistake happen?"

Xiao couldn't listen anymore, and couldn't help asking, "Princess, what do you mean by leaving the two families? Is it possible that Prince Xiang's Mansion will make a small settlement with someone today?"

Finally someone asked, and Mrs. Zhuang also trembled, and said with a smile, "The second wife is right. If you want to say, how did our county prince catch so many live geese back? Today is really not just a small order for the Xie family. , I have to go to the farmer when the business here is over. Originally, I made a small order with the two families at the same time, but the slaves in the mansion are too insecure. I forgot about the geese on Xie's side, tell me how these people work as errands, there are quite a few of these geese in the house."

Mrs. Zhuang sighed, "Although the prince of the county is not young, the owner of the princess is too young. The prince wants to have a grandson, which is something he can't do. My niece and daughter of the Zhuang family are old enough to pass through the door. Bearing, this is also for the sake of the heirs."

Today's update!

Xiao Xun: Today is the official day for the small ceremony, please ask for a ticket!

The list ranking is dropping, please contribute if you have votes, and help stabilize it, thank you!

Chapter 407 Zhengfei

Yuan almost fainted.

Xiao's heart was overjoyed, he picked up the teacup and pretended to drink tea, and covered the corners of his lips that couldn't help but curl up high.

She thought that the long house would get a good marriage, but she didn't expect that there would be a turning point.

That's right, how could God be so eccentric, and all the good things go to the long house?

Let's see where Xie Zhiwei puts his face?

Xie Zhiwei looked at Mrs. Zhuang coldly, Mrs. Zhuang made a good plan and wanted to give her niece to Xiao Xun. Before she was old enough to pass through the door, she first carried her niece in, and in the future she would pass by herself Time, can't reach out to Xiao Xun's backyard?

She admired Mrs. Zhuang a little. I really don't know who gave her such confidence?

Ms. Zhuang sighed, "Mother-in-law, I'm really sorry, there are still live geese in the house, I'll go back and get someone to bring them over!"

What's going on?

At the same time, I made a small decision to the two families that I would send the live geese for Xie's family to the dealer, and then make up a pair for Xie's family. If this matter got out, Xie Zhiwei would have no face, and he would not be able to hold his head up for the rest of his life. The Xie family will also become a joke in the capital.

Qian's face is not good-looking anymore. If this is the case, can the girl from Xie's family be able to leave the house in the future?

However, this marriage was appointed by the emperor, even if the Xie family wanted to call off the engagement!

She was about to speak, but Mrs. Zhuang had already stood up, and at this moment, a little servant girl walked in quickly and saluted Mrs. Yuan, "Madam, eldest lady, princess, Prince Chen is here!"

Ms. Zhuang was startled, her legs softened, and she sat down. The chair also made a harsh sound on the ground because of her too much force.

Ms. Yuan was very uncomfortable, but if she had an attack at this time, how could her daughter have any face? No matter what, she had to get over today's affairs first, and then make plans after the old man and the master came back, and said, "Please come in!"

Only Xie Zhiwei lowered his head slightly, thinking of the ruby bead flower, the corners of his lips slowly curled up, revealing a smile, she thought, Xiao Xun never let her down in the previous life, and he shouldn't let her down in this life either.

Xiao Xun walked in quickly. He was wearing a black-bottomed phoenix peony tapestry collar and arrow sleeves. His hair like a crow's feather was **** in a ponytail and thrown behind his head. , Wherever you pass, there are thousands of trees and flowers blooming.

What a young man!

The elders present all had to praise him in their hearts.

Brocade clothes, jade, snow color, looking back and smiling, the world is falling!

The maids couldn't help exchanging glances with each other, and some even couldn't help but secretly look at the county prince. Who would have thought that the eldest son-in-law is so good-looking, and the eldest girl is really lucky. The emperor canonized her as the princess, and she has such a good marriage.

Mohen followed behind, holding a cage decorated with red silk in his hand. Inside the cage was a pair of live geese, quacking and jumping around.

"Princess, since the second younger brother is going to give a small ceremony to the farmer today, why don't you bring a pair of wild geese? There are so many wild geese in Qiyun Garden, and there are quite a few of them. Why should the princess be polite?"

Xiao Xun glanced at Mrs. Zhuang, the sarcasm in his eyes was undisguised, don't think he didn't know what Mrs. Zhuang was up to, he heard that Mrs. Zhuang forced Mei Mei to agree to accept Mrs. Zhuang's niece in Fengzhi Palace As a side concubine, he was furious, but for the sake of the smooth progress of the small ceremony, he endured and endured until this morning, when he learned that the Zhuang family had made another small move, he sent an official matchmaker to the Zhuang family to propose marriage for Xiao Ke.

The Zhuang family wholeheartedly wanted to marry their daughter into Prince Xiang's Mansion. To put it nicely, it was a marriage marriage, not because they wanted to cling to the lintel of Prince Xiang's Mansion.

He doesn't care how Prince Xiang's mansion gets married to the Zhuang family, but he can't get his ideas on him, let alone make his Mei Mei angry.

After hearing this, Mrs. Yuan breathed a sigh of relief, and felt that her brain was much easier, so she hurriedly got up and congratulated Mrs. Zhuang, "It's really gratifying, so today, the Prince Xiang's Mansion is a double happiness?"

If the Zhuang family was struck by lightning, what does Xiao Xun mean? She hoped that Xiao Xun would be wrong, but seeing the cold killing intent in Xiao Xun's eyes, she knew that the matter might not be that simple, "I, I made a small order with the dealer to give you..."

"The son has already reported to the father and king. Since the princess intends to marry the Zhuang family, it is a good thing. The Zhuang family is the mother's family of the princess. It is not good to wrong

the girl of the Zhuang family, so he sent a matchmaker to propose a marriage to the Zhuang family, and hired the girl of the Zhuang family as the second wife. My brother's concubine."

"You..." Zhuang stood up abruptly, her face was pale, and her whole body was on the verge of falling. She pointed at Xiao Xun, wanting to curse out loudly, but she was still a little rational, but her eyes went dark, and she fell down on the chair, frightened. Everyone in the room looked at each other in blank dismay, fearing that something might happen to the Zhuang family.

Xiao Xun didn't pay attention to Mrs. Zhuang at all, and turned around to salute Mrs. Yuan, "My son-in-law has seen his mother-in-law and his two aunts!"

After finishing speaking, he took a deep look at Xie Zhiwei, and saw that she dressed with rare care today, wearing gemstone tourmaline bead flowers on her head, gold ring inlaid oriental pearl earrings on her ears, and a lotus-colored silk tapestry all over her body. The silk skirt with butterfly pattern, and the rose red silk skirt with peony pattern underneath, the whole person is dignified and bright, and looks like a peach or plum.

This is his Mei Mei, whenever he sees her, he is as sweet as drinking honey, and he is very happy.

Yuan Shi had sent someone to inquire about Xiao Xun long ago. Although this kid was a bit arrogant, he was literary, martial, and accomplished in battle.

Xiao Xun is only fourteen years old, and he can lead five thousand soldiers, so he is promising.

And the most important point is that there are no messy people around this child, and there are only servants serving inside and outside, and they are extremely clean.

As the saying goes, when a mother-in-law looks at her son-in-law, the more she looks at her, the happier she is, not to mention Xiao Xun's stunning appearance, Yuan Shi likes it very much, so she hurriedly asked him to get up, and gave Tian Nanny a wink, Tian Nanny took Xiao Xun The return gift of the fixed ceremony was brought out, a box of pens, ink, paper and inkstone, a box of silk and satin, a box of clothes, hats, shoes and socks, and the last box contained Xie Zhiwei's Geng Tie.

Because the two were a marriage bestowed by the emperor, there was no ceremony of asking the matchmaker to accept and ask for their names, so they went directly to Xiao Ding Li. Xiao Xun's Geng Post was only carried over during this Xiao Ding Li. At this time, Xiao Xun Can't wait to hold Xie Zhiwei's Geng Tie in his hand, not daring to fake Zhuang's hand.

At this point, Xiao Dingli was completed, Xiao Xun heaved a sigh of relief, and glanced at Zhuang Shi, the implication was very obvious, no matter what methods Zhuang Shi used, it was useless.

Zhuang-shi didn't have much interest in fighting Xiao Xun at this moment, she had to hurry to her natal family, in case her natal family really wanted to send Zhuang Fengzhi to her as a daughter-in-law, that would be impossible, her son would inherit Xiangxiang in the future. How can someone who is on the throne of the palace marry a merchant woman?

The first update!

Mrs. Zhuang said goodbye, and Mrs. Yuan couldn't ask for more, so she hurriedly got up and sent Mrs. Zhuang out, but Xiao Xun didn't leave when she reached the door, and said to Mrs. Yuan, "Mother-in-law, Brother Xi has always said that I should teach him how to ride a horse. I don't know if Brother Xi is free right now?"

Yuan Shi hesitated a bit, she looked at her son-in-law, then at her daughter, seeing Xie Zhi smiling at Xiao Xun, she said, "Then please trouble my aunt, today is the day of the Mei-Mei Xiaoding Ceremony, all the children in the family are invited I was on vacation and didn't go to school, my uncle stayed for lunch later, and happened to meet Mei-Mei's brothers."

This is really in Xiao Xun's arms. He doesn't have much interest in getting to know Xie Zhiwei's younger brothers, but he is still very happy to be able to stay in Xie's house and have the opportunity to see Mei Mei.

Mrs. Yuan asked someone to lead Xiao Xun to the study in the outer courtyard. Before leaving, Xiao Xun and Xie Zhiwei brushed past each other, gently shook her hand, winked, as if to say, look at me for being alert, I didn't let the bad guys succeed.

Xie Zhiwei couldn't help laughing. When she turned around, she saw Yuan Shi looking at her worriedly. She hurried forward and hugged Yuan Shi's arm, "Mother, what are you worried about?"

At this moment, Yuan's heart fell into his stomach, "Mei Mei, I only knew that it was difficult for concubines and concubines to make a living in the hands of their aunts. I never dreamed that aunts were so difficult to deal with. After you After going to Prince Xiang's Mansion, how will I live my life!"

Yuan Shi was worried, but Xie Zhiwei thought that if Dayong and Lou Guo really formed an alliance this time, Dayong and Beiqi would definitely have a tough battle to fight, and Xiao Xun would definitely go out, and he would defeat Yanbei and be named Yan King of the North.

In the previous life, Xiao Xun was a fan and built a mansion in Yanjing. I don't know what he thinks in this life. If she finds a chance, she has to ask him what he thinks. Since they are people who want to live together in the future, and advance and retreat together, some things still start. It's better to talk openly and honestly.

So, she had to make plans early.

"Mother, who knows what will happen in the future? Don't worry, even if I live in the hands of my aunt in the future, it will not trouble me. Don't you believe me?"

Yuan Shi felt the same, her daughter was not as useless as herself, so she felt relieved a little and asked, "What's going on with this Prince Xiang's mansion? Princess Xiang couldn't speak clearly, she just scared me Datiao, I thought that the girl from the Zhuang family would also be hired by the uncle, but it really scared me out of my wits."

Xie Zhiwei sneered in his heart. I'm afraid that the Zhuang family made a trick and wanted to step on her Xie's family to get in the position, but he didn't think about it. pitted.

The Zhuang family was in great trouble at this time. Early in the morning, Prince Xiang's Mansion sent Xiao Ke's Geng Tie. The wife of the Zhuang family was overjoyed, but Zhuang Fengzhi was the only one

who cried to tears. Tell her the pros and cons of being Xiao Ke's main concubine and Xiao Xun's side concubine.

The daughter refused to agree, and Mrs. Zhuang was at a loss as to what to do. The little Dingli came, which was comparable to the little Dingli Xiao Xun gave to Xie's family, except that the one sent to the Zhuang family was taken from the warehouse of Prince Xiang's Mansion. Yes, and the one sent to Xie's family was given by the emperor.

Zhuang Fengzhi looked at these little ceremonies and wept into tears, but it was Bai Meizhi who stood up and said, "Miss, the matter has come to this, why don't you accept it first? After passing the door, the eldest girl and the county prince are under the same roof. Excuse me, servant girl is watching, the prince of the county is not a person who abides by the old rules, if the eldest girl can fall into the eyes of the prince of the county, with the ability of the prince of the county, will the eldest girl still worry about having no future?"

Zhuang Fengzhi finally calmed down, but who knows, when Zhuang Shi arrived, Zhuang Shi actually wanted her to be Xiao Ke's side concubine.

"Auntie, why can't I be a concubine for my second cousin? Does my aunt look down on the dealer, or do you think I am not worthy of being a concubine for my cousin?"

The Zhuang family loves this niece, but her son is the foundation of her life. If the eldest son of the concubine can marry the eldest daughter of the Xie family, why should her son only marry the niece of the natal family?

"Your second cousin is the eldest son of Prince Xiang's mansion. His marriage is not up to me." The Zhuang family glanced at Uncle Zhuang, and the corner of his eyes did not give Bai Meizhi, who was standing behind Uncle Zhuang, his words. He threatened, "Brother, I've already said that this is Xiao Xun plotting against me. If my brother thinks that I can make decisions about Ke'er's marriage, I have nothing to say."

Mrs. Zhuang was impolite, and sneered, "The lintel of the Zhuang family is not high, but isn't grandma's surname Zhuang? Back then, the prince didn't despise the lintel of the Zhuang family, but now the aunt does. If you think your family is poor, don't forget, aunt, this is my aunt's family."

But no matter what, Princess Xiang would not give in at all, at most she could only give the eldest daughter of the Zhuang family a side concubine position, Mrs. Zhuang was angry and wanted to throw Xiao Dingli out, but at this moment, Zhuang Fengzhi agreed again, "Mother, I am willing to be my second cousin's side concubine."

She had listened to Bai Meizhi's words. If she couldn't marry her eldest cousin, who would she marry? What does the main concubine and side concubine have to do with her? God was really mean to her. From the moment she saw her cousin, her heart belonged to him. After so many years, couldn't he feel it?

Since this is the case, they will live under the same roof in the future, but she wants to see if he can see her in his eyes.

Things were settled, Zhuang Shi breathed a sigh of relief, and when he returned to Prince Xiang's Mansion, Zhuang Shi smashed the things in the house to pieces.

Her son has decided on a side concubine before he is appointed as the main concubine. Will there be any good girls to marry him in the future? However, this side concubine was what she wanted to give to the eldest son of the concubine, but in the end, it stuck to her own son like a brown candy.

"Tell me, how could he do such a thing? Have I been kind to him all these years? Am I like other aunts in the family, who tortured him? Or let him lack clothes and clothes?"

Nanny Ji could only comfort her, "Princess, don't be angry. The county prince is a tyrant and lives in the outer courtyard. We can't do anything about him in the distance. Isn't there Miss Xie in the future? She will live in the backyard. Besides, according to my servant's opinion, the eldest son is not young anymore, how about taking this opportunity to settle the marriage of the eldest son?"

Concubine Xiang thought about it, and also felt that this was the best way, and said, "I entered the palace the day before yesterday, and I heard that there will be a flower party in the palace, and the princes are all grown up, so it's time to choose a concubine. Look, choose a good one for Ke'er."

It's just that in the whole capital, there is no other prostitute daughter as outstanding as Xie Zhiwei.

Xie Zhiwei sent Xiao Xun out, walked to the door of the instrument, and then went out to the courtyard. Xie Zhiwei didn't want to go so far, so he stopped and looked up at Xiao Xun.

Xiao Xun was very reluctant to give up, and helped her pull the collar of the cloak, hesitant to speak, he was afraid that if he said it, Mei Mei would dislike his background.

Xie Zhiwei is so smart, he guessed it just by looking at his expression, "Is it your mother who wants to see me? Did you say where to meet?"

The second update!

Chapter 409 Weng-in-law

"Mei Mei!" Xiao Xun's eyes seemed to be filled with two small suns, and they lit up instantly. He lost his composure with excitement, and almost grabbed Xie Zhiwei's hands, when a soft cough came from beside him, The son brought him back to his senses, and a man wearing a green cloth straight gown approached him, it was Xie Yuanbai.

Xie Yuanbai felt that something was wrong very early on. Xiao Xun was the son of King Xiang. He was crowned king of the county with his military achievements at a young age, and he was better than the emperor's own sons.

However, when dealing with him several times, Xiao Xun was extremely attentive to himself.

When the news of his daughter being given a marriage came to his ears, Xie Yuanbo suddenly lost his temper and said, Xie's family was afraid that their daughter would be married to Lou Guo, so they went to ask the emperor to give him a marriage. coveted first.

"Stinky boy, is that Mei Mei your name?" Xie Yuanbai rushed forward and was about to hit Xiao Xun, Xiao Xun was shocked, fearing that Xie Yuanbai would pick up Xie Zhiwei, he pulled Xie Zhiwei into his arms Hug, turned around, and faced Xie Yuanbai with his back.

Xie Yuanbai was so angry that he didn't spit out a mouthful of old blood. He punched Xiao Xun's fist and changed his claws halfway, grabbed Xiao Xun, grabbed Xiao Xun's shoulder, threw him back, and snatched his daughter.

Xiao Xun's foot was stable enough, he only took a step away, then stood still, stepped forward to bow to Xie Yuanbai and said, "My son-in-law has seen your father-in-law!"

"Who is..." Xie Yuanbai didn't want to give up his daughter anymore. This is also a marriage bestowed by the emperor, and after the small ceremony, he saw that his daughter was smiling like a flower at Xiao Xun just now. He must not be so disgusted. After the sentence "Who is your father-in-law" I couldn't say it anymore, and changed my words, "Is it you who was hiding in the tree in Meimei's yard last time?"

Xie Yuanbai was talking about the time when the old man gave Chunlei to his daughter. He went to his daughter's yard to try the piano, and found someone in the tree, but he didn't see it for a long time. He always suspected that there was indeed someone at that time. Xun was so frightened that his face turned pale, and he said angrily, "Well, you brat, you are young, you don't learn well, and you do all kinds of crooked things, how dare I marry my daughter to you?"

Xiao Xun has always done things aboveboard. If he denies it at this time, Xie Yuanbai can't say it. After all, there is no real evidence, but he did it. Xie Yuanbai kicked him over. The force was so great that he endured it abruptly, his knees fell to the ground, and they slammed heavily on the bluestone floor tiles, making a bang.

"Ah Xun!" Xie Zhiwei was afraid that his knee would be damaged, but he didn't dare to step forward, so he turned to look at Xie Yuanbai.

Xie Yuanbai didn't expect that Xiao Xun didn't dodge it. With Xiao Xun's ability to defeat Dian Cangqiang, it was easy to avoid his leg.

"You, why didn't you hide?"

"My son-in-law pays homage to my father-in-law!" Xiao Xun stood up after bowing, endured the severe pain and took two steps forward, and bowed to Xie Yuanbai again, "My son-in-law sincerely asks to marry the princess, and I hope my father-in-law will make it happen!"

Xie Zhiwei couldn't help staring at Xiao Xun's knees, seeing his legs trembling, her heart ached beyond measure, she regretted not explaining her thoughts clearly to her father in time, but thinking about it again, she didn't know what to say about this kind of thing That's right.

Fortunately, Xie Yuanbai lost most of his anger after such a commotion, and ordered the boy, "Help the county prince to my study, and ask the doctor to come and have a look."

"Father, why ask the doctor, my daughter helps him..."

"Nonsense, although you are an unmarried couple, you are not married after all, how can you help him see?"

Xie Zhiwei also wanted to say that Xiao Xun gave her a wink, so she had no choice but to swallow her insistence, and watched Xiao Xun being helped into the study, and she retreated to Yimen under Xie Yuanbai's watch.

As soon as he returned to the yard, Xie Zhiwei asked Bai Ling to inquire, "See how the county prince's knee is doing?"

She thought about it, and then went to the small pharmacy to give Bailing a bottle of ointment in a jade bottle, "Take it to the prince of the county, and tell him that no matter what your knees are, you should apply them in the morning and evening. Besides, take more rest these days. Don't use your knees too much, for fear of injury, those quack doctors won't be able to diagnose it."

The former doctor of the Xie family has been expelled by Yuan Shi, and the Cui family recommended an old doctor. This old doctor was in the army when he was young, and he is also very good at pediatrics and gynecology. After consulting Xiao Xun, he said it was a bone. With some injuries, force cannot be used within a month.

Xie Yuanbai felt regretful when he heard this, he thought that Xiao Xun was a son of the royal family, he had some prestige in the army, he must be a young man with high spirits, and he was unwilling to suffer no matter what, who knows, he is so resilient.

It's no wonder that she has a long-standing reputation at a young age.

"Old man, can you prescribe some medicine for the county prince? Is his injury serious? Will there be any sequelae?"

After all, he is the one who wants to be his son-in-law, Xie Yuanbai can't help but care about it, and Xiao Xun is a general, if he has sequelae, when he goes to the battlefield, he doesn't know when it will happen, and he will lose his life if he is not careful. Want to be widowed lightly?

This is also the reason why Xie Yuanbai was very dissatisfied when he heard that the emperor gave his daughter to the king of Chenjun. With the Xie family's lintel and daughter's title, what kind of son-in-law can't be chosen? All the talents in the world are left for him to choose, so why settle for a military general and a concubine.

But now, it's too late to say anything.

"I don't have any useful medicine here for the prince of the county. Cui's Qingbi ointment is a holy product for treating bruises. The eldest girl should have it. The prince of the county can ask the eldest girl for some. If there is Qingbi ointment Bi Ointment will reduce the swelling within a day, the bones will heal in three days, and the bones will be back to normal in ten days."

Xie Yuanbai felt relieved, and asked the young man to talk to the woman at the door, and let the woman go to the eldest girl.

Bai Ling was waiting, so he came quickly and gave Xiao Xun the ointment.

Xiao Xun took the ointment, feeling very embarrassed on his face, Xie Yuanbai didn't understand why, so he asked Xiao Xun, "But what's the problem?"

"Father-in-law, you must have heard that my father-in-law loves me very much, and the emperor's grandmother also holds me dear. I came to Xiaoding today. I originally came in straight, but now I want to go out sideways. I asked for it myself, but my imperial grandmother and my father are often unreasonable, so it would be bad if I misunderstood my father-in-law."

Xie Yuanbai looked at Xiao Xun's two legs, wishing to break his own leg and pay him for it. What's the matter? The next small wedding ceremony, the Xie family will leave their son-in-law at home for two days. Does this mean that the daughter cannot get married?

It happened that Mrs. Yuan got the news and came in regardless. When she heard this, she hurriedly said, "Master, why don't you let Xun stay at home, and say that I drank too much with the master, so I won't go back today, and raise him first." Let's talk tonight!"

Are you kidding me? If the empress dowager finds out, can the master still do the fourth-rank command? If Xie's family were to be hacked, wouldn't it be a big loss?

The third update!

Chapter 410 Premeditated

Xiao Xun hurriedly wanted to get up and salute to thank him, but who knows, before he got up in time, he yelled "Aw" in pain, and quickly sat down on the chair, with a miserable smile on his handsome face, "Mother-in-law, I'm really sorry, my son-in-law can't stand up for the time being, so my son-in-law has no choice but to be rude, thank you, mother-in-law, for taking care of me!"

As he spoke, he cupped his hands to thank Yuan Shi.

What else can Xie Yuanbai say? Anyway, it was said that Xiao Xun was drunk and was left behind, and it was Xiao Xun who lost face.

Before a cup of tea, he wished to kick Xiao Xun out of the capital, but now he had to take him in at home, "Then tidy up a guest room and let him live in it for now!"

"It doesn't need to be so troublesome, I'll just live in Brother Xi's yard, anyway, it's just a temporary stay, tidying up a guest room alone, what a trouble!"

He is really a considerate and good boy. Yuan Shi looked at Xiao Xun more kindly than his son, and said softly, "It's fine to live with brother Xi, just because I'm afraid he will disturb you."

"How could it be? Brother Xi is so obedient, and I also have two younger brothers. Compared with Brother Xi, it is really far behind. If they are as weird as Brother Xi, I will wake up laughing."

Yuan loved to hear these words more and more, so she hurriedly asked the women to carry the spring stool, and carried Xiao Xun to Xie Mingxi's yard.

Xie Mingxi has already received the news. He was reciting the book, but he stopped reciting the book. He ran out and shouted when they met, "Brother-in-law, does your leg hurt?"

Xie Yuanbai was crossing the threshold, his legs softened in fright, and he rushed to the ground. Yuan's sharp eyes quickly pulled him back, "Master, what's wrong with you?"

"fine."

Xie Yuanbai didn't dare to make further troubles, he regretted it to death, if he hadn't kicked so hard, now he wouldn't have to keep Xiao Xun at home for the night, as soon as he thought of Xiao Xun once peeping on the big tree behind his daughter's boudoir, Xie Yuanbai thought He had the idea of hacking Xiao Xun to death with a big knife.

My daughter is only eleven years old!

Ah, no, my daughter was only ten years old at the time, so what on earth did Xiao Xun want to do? In the capital city, are there not many noble ladies who are Jiji? Really not, are all the girls in the Qin Lou Chu Pavilion used to look good?

After Xiao Xun was settled, Xie Mingxi was still running around Xiao Xun like a puppy, with a small mouth chattering non-stop:

"Brother-in-law, you can sleep with me!"

"Brother-in-law, forget it, I'm afraid I'll touch your leg, I'll give you the bed, you can move into my room."

Xiao Xun declined his kindness, "I'll just stay here. My legs are healed, and I'm going back. Why bother you so you can't sleep well at night?"

Xie Mingxi still insisted, Xie Yuanbai carried him into the yard, and warned in a low voice, "Your sister hasn't passed the door yet, so it's not suitable to call the prince of the county your brother-in-law now. Don't call him like that for now, so as not to make people laugh."

Xie Mingxi was puzzled, "Father, I've been yelling like this all the time, and I haven't seen anyone laughing at me. Father, my brother-in-law is very powerful. I heard from my classmates that there is no one in the capital who is not afraid of him. He used to be my master. No one is afraid of him." People dare to bully me, now people hear that he has become my brother-in-law, and they dare not bully me even more, they all flatter me."

It means, this brother-in-law, he has decided.

Xie Mingxi was over excited, and now he thought that his father had just come back from outside, so he asked with concern, "Father, you just came back? You haven't returned to the yard to freshen up, you go, I will help you put the prince My brother entertained me well."

After finishing speaking, he turned his head and left, a little impatient.

Xie Yuanbai did not expect that his youngest son would have been bought by Xiao Xun a long time ago. He couldn't help but think of how eager Xiao Xun was to him when he first met Xiao Xun in Baishi Town. At that time, he was still thinking that King Xiang was a He is not stingy, but he has raised an excellent son.

As expected of being a son of the royal family, this method of buying people's hearts is really proficient in use.

Even when Xiao Xun mentioned that he was teaching his son how to ride and shoot, he was very grateful.

If it were said that Xiao Xun had no premeditation, Xie Yuanbai would not believe it even if he killed him.

Xie Yuanbai forgot that when he was young, he was youthful and ignorant, didn't he just like to toss some moths and hang around in front of Cui Ruohua, sometimes Cui Ruohua's eyes can make him so excited that he can't sleep for several nights.

When Yuan Shi came out of the house and went back to the courtyard with Xie Yuanbai, she couldn't help but said, "I know what the master thinks, Mei Mei is engaged at such a young age, and it's such a marriage, even though the old master said something outside I want to keep Meimei for a few more years, but if the royal family speaks out, how dare we not give it to someone? Now, they are all married, and it is useless if the master objects again. , the young couple can't get along together, the master won't feel sorry for him to death?"

This is why the mother-in-law looks at her son-in-law, and the more she looks at her, the more delighted she is. It's not that the son-in-law is really likable, but for the daughter's sake, she wants to curry favor with the son-in-law, and the son-in-law treats her daughter better.

Xie Yuanbai thought that Xiao Xun had more eyes than a sieve, and he didn't know whether his daughter was lucky or unlucky to be with such a person, "Why don't I understand this truth, when I think about it..., well, there are some things you don't know."

Xie Yuanbai told him about his suspicion that Xiao Xun often came to Xie's house, and then instructed, "This matter will rot in your stomach, and you can't tell anyone. If it gets out, Mei Mei's reputation will be gone, thank you." What good reputation does the daughter of the family have?"

Yuan was stunned for a long time, then smiled again, "Master, even if you are angry with my uncle, you should trust Meimei. After the master said this, I am more at ease about this marriage. I think Meimei also has some good feelings for my uncle. I will wait for the future." If you become a husband and wife, you won't know each other's temper."

Xie Zhiwei wandered around the room anxiously, when Bai Ling came back, she hurriedly asked, "How is the prince?"

"The prince of the county said that if he came to give a small ceremony this time, if he was carried back, he was worried that the empress dowager and the prince would be dissatisfied with the Xie family, so the master asked the prince of the county to stay and live and wait for the injury to heal before going back. County The prince is now placed in the courtyard of the fifth young master."

"Go and call Dr. Chang over and I'll ask."

Doctor Chang is the current doctor of Xie's family. Bai Ling was about to go, but Xie Zhiwei stopped her again, "Forget it, I'll go and see for myself. I have to see for myself to know how it is?"

Zi Mo took the cloak and put it on for her, and she took Du Yuan and Du Jun to the front yard together, and only then went out the door of Yizhao Courtyard. Xie Yuanbai already knew about this, and told Nanny Tian, "Go Tell the eldest girl, just say what I said, the county prince's injury is a bit serious, let the girl go to the county prince for a follow-up consultation, and it is easy to use medicine."

Xie Zhiwei met Nanny Tian who came to pass on the message at the door of the ceremony. Even though he knew that his father was doing it for her own good, so as not to fall into the ground of giving and receiving privately, he was still so ashamed that he couldn't lift his head, and said, "Please go back and talk to your father Say, just say that my daughter obeys."
