

The Power 421

Chapter 421 Love

Xue Wanqing felt that her eyesight wasn't too bad. Even though Xiao Xun was very talented, it was unavoidable that he was too affectionate.

Nowadays, many things are different from the plot setting in the book, but no matter how it changes, she is the heroine, and the iron law of the heroine halo will not change.

With her here, maybe Xiao Xun will only be reduced to cannon fodder in the end?

She really wanted to see Xiao Xun's remorse for missing her!

Xie Zhiwei and Cui Nanjia had only finished watching the eighteen bachelors under the leadership of Xiao Xun, and the emperor had a decree to let Xiao Xun pass by. Xiao Xun was very worried, fearing that Xie Zhiwei would be wronged in the palace, he walked away step by step. Before leaving, he asked, "Wait for me to pick you up and send you out of the palace!"

Xiao Xun just left, Cao Yunhua and others gathered around to tease Xie Zhiwei, Xie Zhiwei and them made a fuss, only Zhang Qinghan stood aside awkwardly.

"Sister Qinghan, why are you unhappy?" Xie Zhiwei asked knowingly, she and Zhang Qinghan were originally good handkerchief friends, but now because of the Zhang family and the Cui family's affairs, Zhang Qinghan was very uncomfortable seeing her.

She wanted to talk things over with Zhang Qinghan.

"Sister Wei, I'm really sorry about the second aunt." Zhang Qinghan found it hard to say, but she had to say, "Before I came, my grandmother told me that I had to apologize to Sister Wei for meeting me. He also said that he wanted to take Second Aunt back."

Zhang Qinghan is the daughter of Mrs. Lu, and Cui Nanwan is her second aunt.

Xie Zhiwei glanced at Cui Nanjia, and there were only Cao Yunhua and Zheng Jingshuang around, so she didn't hide anything, "To be honest, my eldest cousin's health has suffered a lot, and I really want to ask Mrs. Shizi to let my eldest cousin survive."

Zhang Qinghan's face was flushed with embarrassment, she wished there was a crack in the ground, she just got into it, lowered her head and muttered, "But, what should we do now? Could it be that the second aunt and second uncle reconcile?"

"What's wrong?" Xie Zhiwei looked at this former boudoir friend, "Sister Qinghan, people have to cherish themselves before others will cherish you, right? This time, if we didn't pick up the big cousin, the big cousin would Your life can be regarded as being thrown at the house, so why not treat Mrs. Shizi as the eldest cousin and have already disappeared?"

Zhang Qinghan thought of her grandmother's instructions, and she raised her head, "Sister Wei, I didn't say these words myself, I just changed the words, and it was wrong, please don't blame me."

Xie Zhi smiled and nodded, "I know what kind of person Qinghan sister is. No matter what sister Qinghan says, I don't blame you."

Zhang Qinghan burst into tears, and she had no other choice. If she didn't say anything, it would be her mother's turn to be tortured. She couldn't bear it, so she said, "I heard that the master and wife of the West Building will come to Beijing soon. Grandma said, I don't know. What will the Cui family do when the time comes? If we don't send it back now, I'm afraid it won't be easy to bring up this matter in the future."

This is naked threat!

Cui Nanjia took a step forward and said, "Miss Zhang Er, please go home and tell Grandma Ling, the Cui family will not be so unbearable."

The old man in the family has already sent a letter, saying that the uncle sent a message, if Xilou still wants to send people to the Zhang family this time, from now on, all the people in Xilou will get terminally ill and die, and he will not be able to treat them.

Xilou did not dare to live with his own fate, not to mention that the old man in Xilou has not been in good health in recent years, and his uncle has been prescribing the medicine, so he dare not make mistakes. This time the Elder over there came, firstly because the Xie family had a happy event to celebrate, and secondly because he wanted to seek justice for Cui Nanwan from the Zhang family.

Someone from the Cui family has already become an official, and the Xie family has been involved in this matter again this time. The West Building has made up their minds. Do not carry.

This time, when this incident happened, the depth of the Prince Taiping Palace was also known at a glance. The West Tower has always been the most able to judge the situation, and naturally it is also the most able to change course.

Cui Nanwan suffered a lot, and a lifetime of happiness was involved.

"Sorry, I made my sisters laugh at me!" Zhang Qinghan saluted, wiped away tears, turned around and left, she was really embarrassed to stay any longer.

On the Queen's side, someone had already reported the movement of the Qianqiu Pavilion just now, and when Concubine Yun, Concubine Zheng Rong and Concubine Jing came together, she already had an idea in mind, and said with a smile, "I think you sisters already have a candidate in your mind, turn back to my palace I have to discuss it with the emperor."

While talking, Cui Yuan came in and reported, "Empress Empress, ladies and gentlemen, Your Royal Highness Fourth Prince please see me!"

The empress sneered inwardly, nodded and said, "Should the Fourth Emperor come in and talk about it, his mother and concubine didn't come today, and I'm not there, so I don't know what's going on in his mind?"

Xiao Changxuan walked in with a smile on his face. He first saluted the queen, then knelt down, "The queen mother, my son wants to marry Miss Xue, and please let the queen do it!"

"Miss Xue? I don't know who it is?" The queen smiled and looked at Concubine Yun.

Concubine Yun picked up the teacup with a smile, and took a sip slowly, "I don't know, Empress Dowager, that Miss Xue is the grandniece of Concubine Liang's natal family, her father is still in prison, and her family's title is gone. Status, how can you be worthy of the prince?"

Upon hearing this, Concubine Zheng Rong hurriedly said, "Sister Concubine, are you referring to the girl who performed the sword dance before? Sister looked at her, both in appearance and temperament, she is very good. I heard that she lived in Xie's house for five years before, and she also no wonder she has excellent temper and talent, no wonder the fourth prince would like it, she really is a fair lady, a gentleman is so good!"

After Zheng Rongfei finished speaking, she covered her lips with a handkerchief, and she was very grateful. If not for Shun's concubine being demoted and living in a cold palace, she would have let her son marry such a poor and settled person?

Should she pass this news to Concubine Shun?

The queen pondered for a moment, and said to Xiao Changxuan, "Get up, your marriage requires your father's nod. Although the girl is a good girl, her status is too low. You are a dignified prince. It's too reluctant to be a concubine, and it's too unsuitable for a concubine."

This is Xue Wanqing's fault, and Xiao Changxuan is well aware of it. Today he proposed that if the queen agrees, he might think it over again, but the queen did not agree, and she sincerely persuaded him, so Xiao Changxuan felt relieved. "Mother, just as Concubine Rong said, although Miss Xue's identity is a bit humble, she was brought up in Xie's family. She grew up just like Princess Duanxian, and she is not inferior to Duanxian in terms of bearing and talent. As for the princess, please ask your mother to make it happen!"

He raised his head and looked at the queen pleadingly, "I want to ask Miss Xue to be my concubine."

He also wants to fight for his love!

Chapter 422 Lu Yan

The empress was stunned. She actually asked to marry her as a concubine. How could the eldest daughter of the Xue family be so good?

Xiao Changxuan didn't crawl out of the empress's belly, even if he married a prostitute, the empress would be happy to see him succeed, and the empress wished that he would not marry a noble daughter.

However, people in the palace are like this, unless they are high-ranking and powerful, covering the sky with one hand, and no one else can do anything about it, otherwise, no one will allow you to get what you want.

The queen said sharply, "Fourth emperor, do you know what you are talking about? What is the identity and background of the Xue family? Besides, the eldest daughter of the Xue family is the eldest daughter of a widow. She is not qualified to be your side concubine. She is also the main concubine. This palace sees that you have lost your mind and gone crazy!"

Xue Wanqing is the person Xiao Changxuan puts on the top of his heart. When the queen said this, it was like gouging out Xiao Changxuan's heart with a knife. He was immediately displeased, stiffened his neck, and said, "Mother, if you talk about the death of a wife and eldest daughter, is it right? Isn't the princess? Besides, when it comes to knowledge and virtuousness, how does Princess Duanxian compare with Miss Xue?"

The queen naturally refused to hear others say Xie Zhiwei like that, so she couldn't help laughing angrily, and said to Concubine Yun and the others, "It's true, the benevolent sees the benevolent and the wise sees wisdom, I don't know that Miss Xue is so outstanding, even Wei Wei No girl or child can compare."

Concubine Yun Gui smiled and said, "Empress Empress, since this matter still needs to be discussed with the emperor, my concubine thinks it's better for the emperor to decide."

The empress also felt that it was reasonable, and said to Xiao Chang, "You go back, the marriage of your brothers will eventually require your father to nod. This palace will inform your father of your wishes."

Xiao Changxuan hurriedly thanked him, turned his head and left, he was not afraid of the empress stumbling him at all, no matter how much the world misunderstood his Qing'er, there was nothing wrong with it, Qing'er's status was really not enough for people to pay attention to, he chose With such a concubine, what else are they not satisfied with?

No one spoke in the main hall for a long time. Concubine Jing is not a talkative person. Concubine Zheng Rong is thinking about the benefits of marrying the Cui family. Should she send two nuns to teach Cui Nanjia some rules in the palace?

Firstly, it seemed that she valued it, and the Cui family had face; secondly, to make this matter a certainty, Cui Nanjia was her chosen daughter-in-law, and she could only marry her son.

After not sitting for a long time, the queen served tea. After Yun Guifei led the people out, the queen ordered people to go to the front to see if the emperor was free?

Here, after Zhang Qinghan finished asking, and was about to leave sadly, Xie Zhiwei, Cao Yunhua and others winked, they stayed here, and Xie Zhiwei chased after them, "Sister Qinghan?"

Zhang Qinghan was a little surprised, she wiped away her tears, and said to Xie Zhiwei, "Sister Wei, I'm really sorry!"

"Sister Qinghan, this matter has nothing to do with you, it's all about the elders, how can there be any reason for the niece and daughter to manage the uncle's yard?"

"However, my grandmother asked me to ask, but I didn't dare not to ask. I clearly knew that I shouldn't ask. Sister Wei, I think we should stop dating in the future!"

Xie Zhiwei knew that Zhang Qinghan was like this because she was afraid that in the future, Mrs. Han would force her to do something she didn't want to do. If that happened, sooner or later, the relationship between them would run out. There will be a good impression between them.

Xie Zhiwei didn't object either, she already knew that Sister Qinghan was a wise girl, and sure enough, she was right. In her previous life, Mrs. Lu married her into her natal family. I heard that her husband was very kind to her, and her parents-in-law loved her very much. .

Although Xie Zhiwei was very reluctant to let go of this friendship, he also knew that Zhang Qinghan was doing it for her own good, and she also wanted to think of Zhang Qinghan, so she let go of her hand and watched her go away.

Xie Zhiwei stood there for a while, and was about to leave when Xue Wanqing called to stop him.

When Xue Wanqing left Yangxingzhai, she was in an unprecedentedly good mood. Although she did not seek the position of Xiao Xun's wife, but this opportunity should not be missed anyway, otherwise she will only be able to marry a certain dignitary or civil servant in the future, that kind of situation is a bit too low.

She travels through a field and cannot be excluded from the C position on the stage. No matter what kind of hero, he needs a good platform, otherwise, no matter how talented he is, there is no room for him to show off.

She hadn't planned to talk to Xie Zhiwei at first. Xie Zhiwei said that he was trained in the court at a young age, read poetry and books, and learned good medical skills. In fact, he was able to win today's reputation entirely because of his family. This is like, in modern society, Those so-called child prodigies who became famous by relying on their parents' resources are all actors, and their lives depend entirely on their acting skills.

She is so good at pretending!

But when she saw Xie Zhiwei, she still couldn't hold back, and shouted to Xie Zhiwei faster than her brain. At that moment, she realized how unwilling she was in her heart. The so-called rationality, trade-offs and choices are all Fake.

People, the moment they are slashed by a knife, there will be no pain. The longer the pain comes, the more painful it will be.

"Big cousin!" Xue Wanqing's voice was choked up, she approached step by step, only three steps away from Xie Zhiwei, and then said. "Big cousin, do you know that what you think is right is wrong in the eyes of others, and your self-righteous glamor is as dirty as dog **** in the eyes of others."

Xie Zhiwei was stunned and didn't understand what she said, so he couldn't help laughing and said, "I don't understand what you said."

"The Xie family claims to be a famous family, but they do things like destroying their wives and being unfilial. Does the world know? Just because of your mother's dowry, you forced your grandmother into the family temple, just to protect you, the so-called county head, oh, No, now that he is the princess, my grandfather almost forced my grandmother to death regardless of human relations and etiquette."

Xie Zhiwei became angry immediately. She clenched her fists tightly, resisting the urge to slap Xue Wanqing to death, her willow eyebrows bristling, "Xue Wanqing, do you know what you're talking about?"

"I know, you have got a good marriage now, but, big cousin, what is your relationship with Lu Yan? Xiao Xun, does he know how Lu Yan treats you well? The dignified eldest daughter of the Xie family, Princess Duanxian, You have nothing to do with a eunuch..."

Xie Zhiwei raised her hand violently, and slapped Xue Wanqing on the face. She approached Xue Wanqing and said, "If I were you, I wouldn't say anything, even if it's the truth, don't say a word."

"Don't you feel ashamed? Do you know how Concubine Wan died and why she died?"

Xie Zhiwei grabbed Xue Wanqing's collar, "It's just an ant, why do I want to know how she died? I know she is the ladder for you, Xue Wanqing, to advance. When she died, you became angry from embarrassment? But in this world, only the dead If you want to die, you can talk nonsense outside."

The second update!

Chapter 423 Little Niang

Xue Wanqing wiped her face and sneered, "Princess Duanxian, you are really shameless. You are not disgusted by an **** thinking about it and wanting to be obscene?"

Xie Zhiwei gritted his teeth, and restrained the urge to kill her, "Xue Wanqing, I believe you have never heard the phrase "knowing your heart and seeing your sex." , you should be damned!"

"Xie Zhiwei, what are you doing?"

Xiao Changxuan yelled suddenly, and he ran towards this side quickly, startling the people around, and they all looked over.

Xie Zhiwei glanced at Xiao Changxuan, with disgust in her eyes, she let go of Xue Wanqing, and stretched out her hand to Du Yuan, asking her to wipe her fingers carefully, as if she had just touched something dirty.

Xue Wanqing burst into tears. She covered her face and was about to turn around and leave when she met Xiao Changxuan. Her left face was exposed in front of Xiao Changxuan. The five bright finger prints were already swollen. Very obvious.

"Xie Zhiwei, you..." Xiao Changxuan was so distressed, he grabbed Xue Wanqing's wrist, pulled her in front of Xie Zhiwei, pointed at Xue Wanqing's face, "Xie Zhiwei, you are a noble girl in vain, this is how you treat you Cousin? She provoked you, and you dare to hit someone, do you know that this is in the palace, not your Xie family! "

Seeing Xiao Changxuan's menace, Du Yun hurriedly took a step forward to protect his own girl behind her. When she and Du Yuan heard what Xue Wanqing said just now, they were so angry that they wanted to do something, but they didn't dare.

At this time, Xiao Changxuan scolded the girl without asking indiscriminately, and the two of them were so angry that their whole bodies trembled.

Xie Zhiwei pulled the two of them behind her, she twirled her fingers, and didn't pay attention to Xiao Changxuan at all. In her previous life, Xiao Changxuan did all the more egregious things, she was used to it long ago, not to mention, in this life, she and Xiao Changxuan is at odds with each other!

"Cousin, do you dare to repeat what you just said?"

Xie Zhiwei knows that if a woman is able to show weakness, she may get twice the result with half the effort. In her previous life, Xue Wanqing would cry, and she would cry at every turn, and Xiao Changxuan was especially fond of this, but she couldn't do it, not only because she was the wife at that time reason.

Before Xue Wanqing could speak, Xiao Changxuan defended, "Miss Xue is polite and gentle, she knows how to read and obey the rules, even if she said something that displeased you, there must be a reason for it, if you don't say something well, hit someone with your hands, Xie Zhiwei, you apologize to Miss Xue right now, and then we will go to the empress to judge!"

Apologize first, and then ask the queen to sue her?

With a slightly cold face, Xie Zhi took a step forward and forced Xiao Changxuan to say, "Your Highness the Fourth Prince, you want me to apologize to Miss Xue, but I can't do it. If you want to go to the empress to comment, then go! "

"Go!" Xiao Changxuan pulled Xue Wanqing and was about to leave, but Xue Wanqing broke free from her wrist, looked at him softly, shook his head and said, "Your Highness, what happened today was my fault, and it was the same for my cousin who hit me. It should be, I know she is doing it for my own good. My eldest cousin and I are cousins, this is our family matter, please don't interfere, Your Highness."

One is too strong to be unreasonable, and the other is obsessive and considerate of the overall situation. In the eyes of many people, Xie Zhiwei is really domineering and unreasonable, which really damages the Xie family's demeanor.

It's a pity that the ladies who entered the palace today are all noble daughters of fourth-rank civil and military officials. Where is the capital? In the most snobbish place in the world, who has two snobbish eyes and a rich heart?

Cao Yunhua sneered from the side, "I don't know who Miss Xue learned these things from? I remember that Miss Xue's mother was originally married. Why do you act like a young lady?"

As soon as Cao Yunhua opened his mouth, the fathers of these daughters-in-law didn't have a concubine, and it wasn't the usual means of competing with their mothers, so they couldn't help talking about it.

"I said, why is this scene so familiar? My father's favorite concubine is crying all day long, and my father just likes it."

"Hahaha, you are not afraid that your father will hear these words, so be careful when you go back and do your homework."

"Our family also has this kind of thing. My mother has never bothered to talk to her. There is nothing to argue with this kind of person. My mother said that it is just my father's plaything. To care about her is to flatter her."

...

Xiao Changxuan listened to the discussions of all the noble ladies, and he immediately felt that all these ladies were hideous. If it wasn't for Xie Zhiwei, how could he be humiliated?

If before, Xue Wanqing cried on purpose to show Xiao Changxuan, at this moment, she really couldn't help crying.

She hated the injustice of the sky, hated the downfall of the Xue family, and hated Xie Zhiwei even more. If Xie Zhiwei hadn't pushed her original body into the water and killed her, she wouldn't have passed through. Now that she had passed through, she didn't give her any golden fingers.

She must make a career in this time and space, she must stand at the pinnacle of this time and space, and in the future, those who have mocked her and ignored her will be trampled underfoot.

At this moment, her eyes burst out with fiery hatred, and she pursed her lips. In Xiao Changxuan's eyes, she pursed her lips, as if someone was poking his heart with a knife.

"Xie Zhiwei, since you have beaten someone, I will come to claim justice today!"

Xiao Changxuan didn't want to drag Xie Zhiwei to Fengzhi Palace, he didn't want to bear it for a moment, since Xie Zhiwei wanted to lose Xue Wanqing's face in front of everyone, why should he save Xie Zhiwei's face?

Xiao Changxuan stretched out his hand and slapped Xie Zhiwei's face. Du Yuan and Du Yun were taken aback. Just as they were about to make a move, they saw a kick from behind the flowers. Xiao Xun kicked Xiao Changxuan aside like a big harrier, only to hear "Crack", Xiao Changxuan's wrist felt a sharp pain, and the cold sweat on his forehead was like rain.

"Xiao Xun, do you dare to attack Bengong?"

Xiao Xun pulled Xie Zhiwei behind him, turned sideways to protect Xiao Changxuan in a protective posture, and squinted, "You dare to touch my fiancée!"

The three words "fiancée" really gave Xiao Xun a great sense of superiority. He fell in love with these three words instantly. Thinking that he was Xie Zhiwei's fiancée, he was overjoyed and had lingering fears. If he came later, even though Xiao Changxuan It won't really hit the fiancée, but why should the fiancée be angry?

Du Yuan and Du Yun breathed a sigh of relief. With them here, the girl must not be beaten, but after all, they were brought into the palace by the girl. If they really clashed with the prince and made a mess of Xiao Changxuan, the Xie family would not be good either. confess.

"Your Highness, what's wrong with you?" Although Xue Wanqing was angry that Xiao Xun was helping Xie Zhiwei, but she couldn't help but watch Xiao Changxuan get hurt, so she couldn't help but angrily said to Xiao Xun, "You don't know anything, Prince Chen. If you do it indiscriminately, where is the justice? Where is the justice?"

The third update!

Chapter 424 Hand pain

Xue Wanqing pointed her face to Xiao Xun, "Your Highness the Fourth Prince stood up to uphold justice for me because my eldest cousin beat me. You don't even ask me. If you are such a person, I really don't know how to lead the army. How to convince the public?"

Xiao Xun patted the non-existent dust on the running hem, then brushed his shoulders, chuckled, "My king's fiancée hits you, that's how I look down on you, anyone who dares to bully this king's fiancée will have trouble with me. How does this king lead his troops, how does he subdue the crowd, what does it have to do with you? A mere ant, the daughter of a criminal minister, who dares to question this king, who gave you courage? Is it the fourth emperor brother?"

Xiao Xun was too lazy to talk to a woman like Xue Wanqing, and looked at Xiao Changxuan with a half-smile, "Brother Sihuang, take care of your dog, don't let it out and bark wildly all the time, if this king's fiancée is surprised, this king Don't blame my younger brother for not giving you the face of being the master at that time, but it will ruin the brotherhood!"

The anger in Xiao Changxuan's heart was burning like fire, filling his chest to the brim, he didn't even care about the pain of the broken wrist bone, and said angrily, "Xiao Xun, the emperor's grandmother loves you, the emperor's uncle loves you, you There is no distinction between elder and younger? Since you don't pay attention to me, who is the emperor's brother, are you afraid of breaking the brotherhood?"

Xiao Xun's contemptuous gaze swept over Xue Wanqing's face. If gazes could kill, Xue Wanqing was already riddled with wounds. Thinking of how this woman might **** off his Mei Mei, he didn't want to let her go at all. Xiao Chang dazzled, and smiled evilly, "Since the fourth brother said so, then I will not be polite. If this king knows that you dare to be unkind to this king's fiancée, next time you will not break a wrist."

At the end, a cold light flashed in Xiao Xun's eyes, which shocked Xiao Changxuan. Could it be that Xiao Xun's return is really not possible?

In any case, he is the prince, so Xiao Xun dares to do something to him? However, the sharp pain from his wrist reminded him that Xiao Xun was not kidding.

Who is Xiao Xun? Although he is a concubine, who made him the life and root of King Xiang? Since he was a child, he has dominated the palace, and none of the princes dared to take advantage of him. If he confronted him head-on, it was self-evident who would suffer.

Xiao Xun snorted coldly, trying to be good while taking advantage, Xiao Changxuan lowered his eyes and said no more, then Xiao Xun turned around and protected Xie Zhiwei, "Princess, are you okay?"

Xue Wanqing almost passed out with a mouthful of old blood clogged in his chest. Xie Zhiwei was the one who beat the person, and it was Xie Zhiwei who took advantage. Now Xiao Xun is still asking if Xie Zhiwei has been wronged?

Xie Zhi blinked slightly, squeezed out some tears, and when he raised his eyes, he also looked at Xiao Xun with tears in his eyes, as pitiful as a kitten, "Your Majesty, I didn't mean to beat someone, really, really Yes...some words are so unbearable, I can't say them!"

Cry, who wouldn't cry? Only when someone feels distressed, is it worth crying.

Xie Zhiwei felt that she only understood this truth now, and also understood why she couldn't cry in her previous life.

Xiao Xun couldn't see that Xie Zhiwei was pretending at all, he was very distressed, he greeted Xiao Changxuan's father in his heart, and quickly comforted him, "I know, I know, you are not the kind of unreasonable person, others say If it doesn't sound good, don't tell me you're just as bad as others? However, you've got something wrong today, do you know that?"

Even though she is acting, Xie Zhiwei still feels very heartwarming. This is probably the feeling of being held in the palm of someone's hand and trusted with all her heart!

Xie Zhiwei shook his head, and then heard Xiao Xun say in a lecturing tone, "You have to know, there are not many people in this world who are qualified to let you take action. Next time you want to hit someone, let the nanny or the maid take action, you two What do maidservants do? If you want to do it, can't they do it?"

After finishing speaking, he asked again with concern, "Does your hand hurt?"

He looked like he really wanted to hold Xie Zhiwei's hand and take good care of it. Everyone's eyes almost dropped from seeing it. Is there anyone who bullies others like this?

Except for Xie Zhiwei, all the noble ladies who came into the palace this time were unmarried. The girls couldn't help covering their hearts. This was an indiscriminate attack. Bullying them for not having a fiancé?

It is said that the king of Chenjun is rebellious, ruthless and ruthless. Everyone didn't understand it deeply before, but this moment can be regarded as personal experience. It is ruthless to strike ruthlessly, and it is even more powerful to kill without seeing blood!

Xie Zhiwei was stunned immediately, she looked at Xiao Xun in disbelief, this person protected his shortcomings, he was truly unprecedented, she couldn't help blinking, feeling a sense of comfort in her heart.

"Let's go!" Xiao Changxuan held his fractured wrist, his face was livid, while Xue Wanqing covered his face. Even if he left in embarrassment, Xue Wanqing also behaved very courageously, never admitting that he was the one who was rude.

The conflict here was not only known by the queen, but also by the emperor.

After all, Xiao Changxuan was injured.

The emperor was looking at the brochure handed over by Xie Tiao. Xie Tiao stated the pros and cons of opening the sea ban very clearly, and even estimated that it would add at least one million taels of silver to the national treasury every year. The emperor was already a little moved, but after all, it was a

matter of state affairs. Emperor Shoukang put the booklet on the table and asked Lu Yan, "Ah Yan, what do you think of this matter?"

Lu Yan thought for a while, and replied, "Your Majesty, Yuan Yi, the general soldier of Fujian, has not returned to Beijing to report on his duties for three years. I think this matter is related to the family law of the ancestors and the current state affairs; it is better to let Yuan Yi make a decision, or let him go to Beijing. Debrief, listen to Yuan Yi's opinion."

The emperor felt that it was appropriate, and immediately said, "Then let Yuan Yi come to the capital!"

"Yes!" Lu Yan hesitated for a moment, and said to the emperor, "Your Majesty, the Tai Tai Hospital reported that His Royal Highness's wrist is a bit out of place, but it's not a serious problem. You just need to take care of it for ten days and a half. That's it."

"Isn't the queen holding a flower party today? How could he hurt his wrist?" The emperor suddenly thought of something, and said, "It's Xiao Xun again? Could it be that he fought with Xiao Xun? What's the reason? They Cousins, haven't you done anything for many years?"

Xiao Xun beat his son a lot when he was young, and none of the four brothers who were close to Xiao Xun's age could beat Xiao Xun. His son was bullied all the year round, and then he grew up slowly, but some brothers respected him. stand up.

What is it for today?

"I heard that Miss Xue and Princess Duanxian had a conflict. His Royal Highness the Fourth Prince defended Miss Xue and wanted to beat Princess Duanxian. King Chenjun defended his shortcomings, so he fought with His Royal Highness the Fourth Prince."

The emperor turned his back angrily, "Miss Xue and Princess Duanxian had a conflict, why does the fourth brother join in the fun? What does it have to do with him?"

"During the flower festival today, the imperial concubine proposed a talent contest. Miss Xue wanted to do a sword dance, and Princess Duanxian would accompany her. Princess Duanxian didn't agree, but His Royal Highness the fourth prince accompanied her with a flute. I heard it was very good. Harmony. Afterwards, His Royal Highness the Fourth Prince asked the Queen Mother for an order, saying that he fell in love with Miss Xue and wanted to hire her as the main concubine."

Chapter 425 Shu concubine

boom!

The emperor directly smashed the teacup in his hand on the ground, and was so angry that he forgot to ask Xue Wanqing and Xie Zhiwei why they had a conflict, and said angrily, "Ridiculous! Brothers turned against each other for the sake of a woman. Is the fourth brother crazy?"

Lu Yan bowed slightly, his eyelids drooped, and a cold light flashed in his enchanting eyes.

There is nothing in the palace that can hide him. He has already heard the report of the reason for the conflict between Princess Duanxian and Xue Wanqing. Although the details are not very clear, it involves him.

He can guess what Xue Wanqing said?

Lu Yan's expression remained unchanged, and he poured another cup of herbal tea into the hands of the emperor, saying, "The emperor calms down, the ancients said that if you are young, you will admire your parents, if you are good, you will admire Shaoai, your highness, the fourth prince, is old. , I think it is not a bad thing."

"I know he is old, so I asked the queen to hold this flower party, ordering all the daughters of civil and military officials of the fourth rank and above to come to the palace. Why did he choose this girl from the Xue family? Xue What is the situation at home now, he doesn't know?"

When the emperor said this, he suddenly remembered Xue Shipeng and asked, "Is Xue Shipeng still alive?"

"Without the emperor's will, I dare not let him die. If this time, His Royal Highness the fourth prince chooses Miss Xue as his concubine, I am afraid that I will kneel down and ask Xue Shipeng to be released from prison. I dare not do whatever I want for the emperor. ."

The emperor was very satisfied with Lu Yan, waved his hand, and comforted him, "Don't worry, how can you use Xue's lintel as my in-laws?"

In the end, it is his own son. Even if the emperor dislikes it, he will not let Xiao Changxuan lose face in front of the courtiers, but let Xue Wanqing be the main concubine, how is this possible? Even the side concubine praised him.

Lu Yan is worthy of being a loyal person to the emperor. He saw the embarrassment of the emperor and suggested, "Your Majesty, since His Royal Highness the Fourth Prince refuses to make Miss Xue a concubine, Miss Xue is really not worthy of being a concubine. , I think that if you don't reward her as the concubine of His Highness the Fourth Prince, it is also right to protect the face of His Highness the Fourth Prince."

"Concubine concubine?" The emperor was stunned for a moment, and then he understood that this is below the side concubine and above the concubine. Although he didn't have this rank before, as a ninety-five venerable, it doesn't matter whether he has it or not. one word? "

"This is also a grade that I specially set up for this girl from the Xue family. Just do as you say, it's simply embarrassing."

Said it was a rank, since the emperor didn't say anything about her dignity, she was no different from a concubine, it just sounds nice.

At the end of Shenshi, Xie Zhiwei and others bid farewell to the empress and left the palace. The carriage still came out from Xihuamen. Xie Zhiwei sent Cui Nanjia home first. On the way, Cui Nanjia was worried. Your majesty will also consider many things. His majesty's idea of marrying the Cui family was

years ago. At that time, I was not accused of marrying the king of Chen County. This is not what it used to be. The majesty has to reconsider this matter. Look, things will turn around."

Although, no matter which prince Cui Nanjia marries, the Xie family and the Cui family will not participate in the succession, but the emperor does not think so.

Cui Nanjia couldn't help but suddenly realized. She looked at her cousin who was three or four years younger than herself, and felt very ashamed.

"Cousin, thank you. It's getting late today, so I won't invite you in. You have time. Let's go to Famen Temple to offer incense together."

"Well, after fourth uncle's marriage is over, let's go out to play."

After Cui Nanjia got off the carriage, Xie Zhiwei returned. Her carriage entered the Dongjiao Gate. Yuan Shi had already led the people waiting. Seeing her, she looked up and down, "I heard that you were in the palace with Miss Xue's Biao. If there is a conflict, she didn't do anything to you, did she?"

"What can she do to me? Mother, don't worry, I won't be bullied."

"That's good, Mei Mei, it's not your mother who taught you to be bad, people are outside, if someone bullies you, you must not pay attention to some false names and swallow your anger, at least find your place first, and you can't be bullied by others, everything else Imaginary."

"Mother and daughter know it!" Xie Zhiwei said coquettishly, holding Yuan's arm.

"Sister, sister!"

Just after entering the yard, Xie Mingxi rushed out of the house, threw the general in his arms on the ground, and threw himself into Xie Zhiwei's arms, "Sister, you are finally back, I brought you tofu skin buns, but It's delicious."

Xie Mingxi's lips still had grease on them. Xie Zhiwei smiled and nodded his nose, "If you want to eat, eat it, just leave one for my sister."

Xie Mingxi's mind was punctured, a little embarrassed, buried her head in her sister's arms, and was pushed away by Xie Zhiwei.

Xie Yuanbai was dressed in a green cloth straight suit, standing at the door and looking at their mother and son. Xie Zhiwei hurriedly led his younger brother to salute his father. Xie Yuanbai nodded, "Your mother is waiting for you to come back for dinner!"

In the palace, Xue Wanqing knelt on the blue brick floor, her mind was buzzing, and she couldn't believe what she heard, until the **** who came to deliver the decree asked in a thin voice, "Miss Xue, what are you doing?" , do you still want to resist the decree?"

Xue Wanqing swallowed a mouthful of old blood, she closed her eyes, and raised her hands in humiliation, "Minister Xue Wanqing accepts the order!"

The **** stuffed the imperial decree into her hand, laughed mockingly, and said, "Miss Xue is famous now, even the emperor said, this concubine, but the emperor specially set it up for you, What an honor it is!"

Xue Wanqing pursed her lips, two lines of tears rolled down her face, she clenched her roots tightly, holding the imperial decree tightly in her hands, for the humiliation today, she will definitely repay it a hundred times and a thousand times in the future.

She knew that the emperor's imperial decree came so quickly, if there was no help from Lu Yan, her surname would not be Xue. Lu Yan, a treacherous and miserly villain, would only hide in a dark corner and do these treacherous things.

Eunuchs are eunuchs after all, with twisted minds and dirty thoughts.

When Xue Wanqing received the imperial decree, Xiao Changxuan was also receiving the imperial decree. He couldn't tell what it was like in his heart. He was ecstatic but also worried. Will his Qing'er be sad?

Qing'er is such a proud person. He is in the mud but looks up at the bright moon. His father actually gave her to him as a concubine, and he can only accept Qing'er after his concubine passes through the door. Isn't that right? Qing'er's humiliation?

What should he do? All of this is Xie Zhiwei's fault. If Xie Zhiwei and Qing'er had a conflict today, how could the father suddenly make such an order?

Xie Zhiwei is a lady from a famous family, the eldest daughter of the Zanying family, she is clearly a scourge.

When Xie Zhiwei heard the news, she was very surprised. How could such a high-minded person like Xue Wanqing be willing to commit herself to being a concubine? But thinking of her previous life, she still relied on climbing Xiao Changxuan's bed, being a concubine was nothing to her.

The first update!

Chapter 426 Visiting the sick

Xie Zhiwei thought about what Xue Wanqing said to her today, she couldn't help thinking too much. Compared with her previous life, Xue Wanqing had indeed changed a lot. In her previous life, she never dared to provoke herself so blatantly. It will only make trouble secretly.

Just like that time in Famen Temple, Xue Wanqing secretly pushed herself into the water because she wanted to die, but she didn't dare to admit it, and only framed herself, saying that she fell into the water.

Now, Xie Zhiwei thinks about it, Xue Wanqing's changes started from the time she was injured in Famen Temple, Xie Zhiwei broke out in a cold sweat, could it be that Xue Wanqing was reborn just like herself?

Not impossible!

Xie Zhiwei thought of Lu Zhonglian and Li Wanfen, the two were found by Xue Wanqing in advance, one of them offered a helping hand, and the other tried his best to send them to the emperor.

However, even if a person is reborn, he can be a prophet, but he should never change his personality drastically. In his previous life, Xue Wanqing could never think of using a fake white tiger to deceive the emperor.

"Girl, it's time to sleep!"

After finishing talking, Xuantaο reminded Xie Zhiwei, "It's already the third quarter of Xu."

Xie Zhiwei thought for a while, and ordered Xuantaο, "Go and call Du Yuan over."

When Du Yuan came in, he didn't see Xie Zhiwei in the inner room. Seeing that the light in the small medicine room to the east was on, she came over and asked, "Girl, what are your orders?"

Xie Zhiwei had already packed a pack of herbal tea and handed it to Du Yuan, "You send these herbal teas to Mr. Lu, this is herbal tea, and you need to drink it three times a day. This herbal tea is imported. Hand it over to Mr. Lu personally, if it's about today, if Mr. Lu has anything to ask, don't hide anything."

Du Yuan was about to leave after receiving the order, when Xie Zhiwei asked again, "By the way, help me see, Master Lu's hand injury has healed, is there any scar left? You take that bottle of plaster, if you leave If you have a scar, let Tang Yuan apply the medicine to Mr. Lu."

Du Yuan is a rivers and lakes person, who fights and kills, and only feels that there is a scar on his body, as long as it is not on the face, isn't it a normal thing? She didn't understand why the princess should care whether there was a scar on the governor's palm?

However, since the master ordered it, she just did it.

In Lu's residence on Old Caomen Street, the lights in Lu Yan's study room were still on, and the room was tidy and clean. Lu Yan was sitting straight behind the desk in a royal blue cloud-patterned tufted flower lake silk, and was using a vermilion pen. Approve a memorial.

Mi Tuan gently opened the door, came in from the outside, brewed a cup of herbal tea, and brought it to the desk. After Lu Yan finished approving a memorial, he whispered, "Master Du, Du Yuan is here."

Lu Yan stopped, put down the pen, and ordered, "Let her in!"

Zhima outside the door heard the order and opened the door. Du Yuan stooped and tiptoed in. When she looked up, she saw Lu Yan. She hurriedly lowered her head, came over, knelt on the ground and saluted, and heard Lu Yan ask Said, "Is the princess okay?"

Lu Yan's tone was a little anxious, Du Yuan hurriedly took out the medicinal materials from his arms, and raised his hands above his head, "My lord, the princess is very good. The princess said that the herbal tea should be finished, so I asked my subordinates to send some more." come over."

Lu Yan looked at Mi Tuan, and Mi Tuan hurriedly leaned over and smiled, "Master, the princess has a really good memory. Today's bowl of herbal tea is the last one. The little one also said that it will be gone tomorrow, so don't worry." Just stopped?"

A stream of light flashed in Lu Yan's bewitching eyes, he nodded, and Mi Tuan quickly took the herbal tea from Du Yuan's hand, knowing that the governor had something to ask, he hurried out.

Lu Yan lowered his eyes and asked, "She asked you to come here, what instructions do you have?"

"The girl said, if the young master has anything to ask, let the subordinates know everything and say everything."

"I have nothing to ask."

Du Yuan then stood up, took two steps forward, and said, "Young master, before I come down, the girl ordered my subordinate to help her see if the wound on the master's hand has healed or left any scars?"

Lu Yan spread out his right hand and took a look. When he was stabbed by the pen, the wound was not deep.

Xie Zhiwei's medicines are naturally good medicines, and he recovered on the second day, so he didn't pay attention at all; Tang Yuan, on the other hand, was staring at the medicine on his hand every day, and seeing only a shallow scar on his hand at this time, Lu Yan thought Get up, your hand hurt.

Du Yuan glanced at it from afar, only to feel that the Lord Governor's hand is really like a jade carving, with well-proportioned finger bones and well-defined joints. It is as white as a scallion and as slender as a bamboo joint. It is no wonder that the princess cares about the Lord Governor's hand Is there any scar left? If there is a scar, it is indeed a pity.

Du Yuan naturally also saw the shallow scar, and she took out a bottle of green plaster from her arms and put it on the table, "My lord, the princess ordered me to let the father-in-law Tangyuan help you wipe it every day." medicine."

Lu Yan thought that his ears had misheard, and the injuries on his hands were healed, so what medicine should he apply?

Lu Yan looked up at Du Yuan, but Du Yuan didn't realize it, and said to himself, "My lord, the reason why the princess and Miss Xue had a conflict today is because Miss Xue said bad things about you, and the princess also said , Just say that to Miss Xue, young master, she deserves to die, my subordinates will see, if it is not in the palace, the Princess probably wants to kill Miss Xue."

"Young master, this hand, the young master himself feels nothing. If the princess sees such a big scar later, he will definitely not be happy. The young master should apply the medicine well and get rid of the scar as soon as possible, lest the princess always thinking about it."

After Du Yuan left, Lu Yan never called anyone to come in to serve him. He stared at his palm for a long time. When the pen was stabbed, he didn't feel any pain. Even if there was a scar, he didn't care, but this only Hand, someone still cares about it.

He couldn't help thinking that every time she looked at him, it was as if admiring a peerless treasure. Since she missed him, he cherished himself for her.

Lu Yan called Mi Tuan to come in, and ordered, "Give me medicine!"

Mi Tuan thought he heard it wrong, so he asked tremblingly, "Master, where are you hurt?"

Lu Yan spread out his palms and pointed to the medicine bottle on the table, "The princess ordered Du Yuan to send it to remove scars."

Mi Tuan froze for a moment, opened his eyes wide and glanced at the slight scar on the palm of the governor, and said with emotion, "The princess has such a good memory, even the servants have forgotten it, the governor's palm has been hurt. hurt."

After Mi Tuan left, Lu Yan spread out his left hand. In his palm lay an old purse embroidered with broken peonies. It seemed that the childish voice of "Big Brother" came from his ear, unconsciously. Suddenly, the tails of Lu Yan's eyes turned red, and the charms bloomed like red lotuses.

The next day, Xue Shipeng came out of the imperial prison, with no good flesh in his body, his eyes were dull, like a living dead.

When the Xue family arranged for someone to pick up Xue Shipeng, Dongchang fanzi said to the Xue family, "Since he is the father of the concubine concubine of His Highness the Fourth Prince, and he has explained what should be done, why can't he live?"

Pang arranged for someone to place Xue Shipeng in the wing room, and she asked, "Where is the eldest girl? Haven't you come out of the palace yet? She has already been accused of marriage. If you don't stay at home and wait for marriage, you will be married all day long." What are you running outside?"

The second update!

Chapter 427 Secret

In the palace, the empress was very surprised when she heard the imperial decree. She asked Nanny Xi, "At that time, when the emperor issued the decree, who was there to serve?"

Inquiring about the emperor's affairs is taboo no matter inside or outside the palace, how could Nanny Xi not know?

She leaned close to the queen's ear and whispered, "I heard that the emperor said how a lintel like the Xue family could be in-laws with the royal family. That's why Mr. Lu came up with the idea of concubine concubine."

The queen nodded, "It's hard for Mrs. Lu. Did you find out clearly, why did Princess Duanxian conflict with Miss Xue?"

It's really hard to inquire. At that time, there was no one else around the two of them. If they rashly inquired about the two maids around Xie Zhiwei, it would be unavoidable to startle the snake.

Nanny Xi murmured, "I think it's because of Princess Duanxian's refusal to accompany Miss Xue. If you want to say, this Miss Xue is really too. Today's Xue family is not the Ningyuan uncle's house that used to be, and they still treat it as their own. She is a daughter of the uncle's mansion, and she always wants to compete with Princess Duanxian every day, how can she compare to Princess Duanxian?"

The queen also felt that there would be no other reasons, "You are talking about this reason, but it's not about Miss Xue, and you don't even look, who is she relying on? That one, as long as she lives for a day, The emperor still has to take care of his feelings."

Nanny Xi naturally knew about this matter, and it was of great importance, so the two of them stopped talking about it. The queen only ordered Nanny Xi, "Tomorrow, you should ask someone to go to that palace to say something. Miss Xue is now Now that the emperor has given you a marriage, it's better to go back and wait for marriage, it's really not suitable for you to be in the palace, so you should leave the palace earlier."

In the early morning of the next day, Xue Wanqing had to go out of the palace. Although Concubine Liang liked this grand-nephew very much, she now had no trump card in her hands. How long she could live depended entirely on the emperor. Concubine Liang was naturally very fond of Xue Wanqing. I can't take care of it.

"Remember what I said, the road to the palace is unpredictable and the ending is unpredictable. It is completely different from marrying an ordinary person and living in the backyard. I never thought that the Xue family is like this. Don't look down on the concubine who is the fourth prince and concubine yourself. First, you are the person in the fourth prince's heart. Second, if you can help him get the big position? In the future, you are afraid that you will not be able to reach the top Feng position?"

When Xue Wanqing came out of the palace, she thought about Concubine Liang's instructions carefully, and had to admit that Jiang was still hot, and these words of Concubine Liang were good advice. She was only sad these two days, complaining about herself, and it was inevitable A little too narrow.

The carriage was stopped on Huangjianyuan Street, Xue Wanqing heard someone outside calling His Highness the Fourth Prince, she opened the curtain, saw Xiao Changxuan got off the horse, walked over, and said to her, "Qing'er, I will take you back. "

Since the emperor has granted the marriage, now the two of them can be regarded as having status, so naturally there are not so many taboos.

After Xiao Changxuan got into the carriage, the carriage continued to move forward. Even though Xue Wanqing wanted to drive away, there was still a lot of reluctance in her heart, she only lowered her eyes and twisted her handkerchief.

Xiao Changxuan looked at Xue Wanqing, feeling both happy and sad, he stretched out his hand to hold Xue Wanqing's hand, but she broke free, Xiao Changxuan continued to hold, Xue Wanqing broke free again, after doing this three times, Xiao Changxuan firmly held Xue Wanqing's hand , not allowing her to break free.

"Qing'er, I know you're not feeling well, but why am I feeling at ease? I originally wanted to marry you as my concubine, although Xue's family background is not high, but for me, as long as it's you, that's enough. I didn't expect that the emperor's decree would be so fast!"

Things have come to this point, Xue Wanqing also knew that Xiao Changxuan could not be blamed, she shed tears, "What will others think of me? Will they think that I have no bones at all, and I would rather be your concubine?"

In two lifetimes, she has never fallen into such a fall.

Xiao Changxuan immediately thought of the conflict between Xue Wanqing and Xie Zhiwei, and immediately became furious, "Did Princess Duanxian say something? Did she say that about you?"

Xue Wanqing shook her head, "No, she didn't say that!"

"Qing'er, you are still talking good things about her. Although she was designated by the emperor as Xiao Xun as the concubine, but what is Xiao Xun? He just occupied the title of the eldest son of Prince Xiang's mansion, and was the emperor's uncle's first concubine. Only a son can be favored like this, what right does Duanxian Princess have to say about you?"

It seems that Xiao Changxuan really doesn't like Xie Zhiwei very much, Xue Wanqing feels a lot better immediately, no matter how good Xie Zhiwei is, Xiao Changxuan doesn't like her either.

No matter how good Xie Zhiwei is, in Xiao Changxuan's eyes, even a strand of her hair can't compare.

There is also Xiao Xun. Sooner or later, she will let Xiao Xun see that choosing Xie Zhiwei and abandoning her is such a great loss to Xiao Xun.

A cold light flashed in Xue Wanqing's eyes, she was gently held in Xiao Changxuan's arms, smelling Xiao Changxuan's unique masculine breath, Xue Wanqing closed her eyes, and said, "Xiao Xun has a secret, a deadly secret."

"What is it?"

Xiao Changxuan also had to believe that this time, the reason why his father ordered Qing'er to be his side concubine must have something to do with Xiao Xun. He didn't expect that Xiao Xun would take revenge so quickly, it was him I'm sorry Qing'er.

"Have you ever heard of the Seven Stars?"

The charm in Xiao Changxuan's heart disappeared when he was shocked by the word "Seven Stars". He was also frightened out of his wits, looked around, and covered Xue Wanqing's mouth in horror, "Qing'er, you can't just say that casually."

Others don't know, how could Xiao Changxuan not know that today's world was snatched by the father from his brother Zhaoyang Emperor, and it was the father who took advantage of Zhaoyang Emperor's trust in him and overthrew Emperor Zhaoyang's plan. Jiangshan, snatched.

Emperor Taizu had seven stars on his feet and had the fate of an emperor. The reason why Emperor Zhaoyang was able to be established as a prince and inherit the throne was not only because he was born after the Yuan Dynasty, but also because Emperor Zhaoyang also had seven stars on his feet.

If Emperor Zhaoyang hadn't committed suicide in front of the palace gate, the central palace would have been completely burned down, and the empress would have been burned to death in the central palace. No matter what reason the emperor had, even if he held the will, he wouldn't be able to sit still.

For so many years, no one dared to mention the false emperor in front of his father, let alone the word "Seven Stars". Xiao Changxuan also knew that another reason why his mother and concubine was rejected by his father was that he used Seven Stars. Grass.

It is said that the reason why Emperor Taizu stepped on the seven stars was not born, but was poisoned by the seven stars poison, and this poison has been passed down from generation to generation, and there is no solution.

Xue Wanqing didn't like Xiao Changxuan's timidity very much, she pulled Xiao Changxuan's hand suddenly, and said, "What I want to tell you is that Xiao Xun is a man with seven stars."

"It's impossible!" Xiao Changxuan's eyes were red, "Doesn't that mean that Xiao Xun is actually the son of the false emperor? The empress was burned to death in a fire."

The third update!

Chapter 428 Do not forget

There are still such stupid people in this world!

Xue Wanqing looked at Xiao Changxuan in disbelief, but unfortunately, Xiao Changxuan was in a state of confusion at this time, he let go of Xue Wanqing, "No, it's impossible, what you said is not true. No, no, I'm going to tell Father, let Father Cut Xiao Xun's corpse into thousands of pieces!"

After finishing speaking, Xiao Changxuan was about to get out of the car, but Xue Wanqing grabbed him, "Go and tell me now, have you thought about the consequences?"

"What could be the consequences? Could it be that what you said was false?" Xiao Changxuan was taken aback, Xue Wanqing shook her head, "It's true, of course, but I don't know when his seven stars will show up. , I think, as long as the emperor still remembers the false emperor, even if you are princes, the children of other princes, he must send someone to look at the soles of everyone's feet."

Xiao Changxuan calmed down now, he had no doubts about what Qinger said, even, he would feel that the father might not even let them sons off.

"Could it be that the Gu poison will be controlled?"

"Not bad!" Xue Wanqing looked at the car window with deep eyes, "If I'm not mistaken, the genius doctor of the Cui family should be used by Xiao Xun."

The Cui family? If the Cui family could be pulled down, wouldn't the Xie family also be unlucky?

In Xiao Changxuan's eyes, a gleam flashed involuntarily, and he could not help but hug Xue Wanqing tightly, "Qing'er, you said that if I can help Royal Father get rid of all the Cui and Xie families, will Royal Father seal me off?" For the crown prince?"

He couldn't help but excitedly said, "Qing'er, if there is such a day in the future, I only want to have you by my side, only you, and my queen will only be you!"

Xue Wanqing felt relieved, she finally believed that what Concubine Liang said was not without reason.

She couldn't help but sighed in her heart, Xiao Xun, I'm sorry, since you don't love me, then you can hate me, hate is also a deep feeling, more unforgettable than love!

This day will come soon.

"You can't do this. Xie Jia and Cui Jiafei are the seeds of the world's scholars. Once something happens, it will definitely make the world's scholars furious. At that time, for the sake of the anger of the common people, I fear that the emperor will kill you." Push it out to thank the world, you must always remember that you are not the only son of the emperor!"

"Qing'er, in this world, you are the only one who thinks about me everywhere!"

Xue Wanqing was indifferent, and just continued, "As for Xiao Xun, I think King Xiang should know his identity and what his purpose is, and treat him like his own. I am afraid that only King Xiang will know. Once the person who exposes Xiao Xun It's you, King Xiang will be fine after Xiao Xun dies, and behind King Xiang is the Empress Dowager, the word filial piety is greater than the sky, do you think you still have a chance to inherit the throne?"

This is not just making wedding clothes for the opponent, but also destroying oneself for the opponent.

Xiao Changxuan broke out in a cold sweat. With lingering fear in his heart, he held Xue Wanqing's hands, "Qing'er, don't worry, even if my father points me to the concubine in the future, I will definitely not touch her, I will only want you!"

Xue Wanqing looked at Xiao Changxuan affectionately, "Your Highness, I am an upright person, I will not beat around the bush, and I will not use some bad thoughts to figure out others. You told me these words today, and I will keep them in my heart forever. Will never forget."

"I can't forget, how can I forget? You won't forget, and I won't forget either. I will do what I have done!"

"Okay, Your Highness, no matter what kind of concubine the emperor will point out to you in the future, there can only be us between us. If His Highness can't control himself in the future, although I can't resist and refuse to obey, I think His Highness will definitely You can look at today's love, give me the status of a counselor, and His Highness will rule the world in the future, and let me have a way out, okay?"

"No, I won't be unable to control myself, and I can't do it without you, Qing'er, can't you see my heart for you?"

Xue Wanqing was embraced by Xiao Changxuan, she thought in her heart, according to the plot in the book, she should trust Xiao Changxuan, he will never betray her in this life.

Xiao Changxuan personally sent Xue Wanqing back to Xue's house. The door of Xue's house was opened. Xue Pan led the whole family and stood on both sides of the door, waiting for Xiao Changxuan to get off the car holding Xue Wanqing's hand.

Xue Pan hurriedly greeted him, "His Royal Highness, the fourth prince, came to the humble house, full of brilliance!"

Xiao Changxuan came this time not only to send Xue Wanqing back, but also to make a face for Xue Wanqing. Naturally, he would not leave as soon as he came. He humbly gave way to Xue Pan and entered the main hall of Xue's house.

Pang led the female relatives to follow behind, beside her, the second daughter Xue Wanshuang looked at Xiao Changxuan's back obsessively, her eyes could not be torn away from his body for a long time.

When the group of people sat in the hall, Xue Wanshuang became more gentle and sensible than before. She lowered her head slightly, as if she didn't look at anyone, but the corner of her eyes couldn't leave Xiao Changxuan, she just felt that men in the world were not as good as this one half point.

Xiao Changxuan stayed at Xue's house until noon before leaving. Naturally, he also had lunch at Xue's house and drank a couple of drinks with Xue Pan. The host and guest were very happy.

After seeing off Xiao Changxuan, Xue Pan hummed a song when he came back and asked, "Where's the big girl?"

The humanity below said, "The eldest girl has returned to Guanju Courtyard, and the eldest wife has also followed."

When Pang came to Guanju Courtyard, Xue Wanqing was sitting in the main seat drinking tea. She didn't even get up, but looked at Pang with a half-smile, "What's the big lady doing here?"

Pang couldn't help being extremely annoyed. She stood at the door and said to Xue Wanqing angrily and angrily, "Young lady thinks that she has a good future today, so she doesn't take me seriously?"

She looked around the room, and saw the old decorations today, one out of ten out of ten, she couldn't help sighing, "The title of Uncle Ningyuan's mansion has only been gone for a few days, and the world has changed in this family, big girl, you Willing to fall. Falling and being a concubine, have you ever thought about what will happen to the younger brothers and sisters in the family?"

Xue Wanqing held the hem of her skirt and said with a sneer, "What the eldest lady said is really unreasonable. I am a daughter's family, and my father and brother are helpless. The emperor pointed me to someone else as a concubine. What can I do? Otherwise, I will resist the order." how?"

If you resist the decree, you will be executed all over the house!

Pang said, "I didn't come here today to argue with the eldest girl. Your father has already been brought back. He is not yet forty years old, so he can't just live like this for the rest of his life. I heard that Princess Duanxian's medical skills Fanfan, the eldest girl and Princess Duanxian have no other relationship. The eldest girl will go to Xie's house tomorrow, and ask Princess Duanxian to come over to the mansion to give your father a medical treatment. In the future, your sisters will leave the cabinet, and it will look good some."

Today's update!

Girls, vote once a day, get up!

Chapter 429 Governor

Seeing Xue Wanqing's indifference, Pang couldn't help cursing inwardly, but on the surface, she didn't dare to show any surprises, but continued to persuade, "I also understand what Eldest Miss means, and now Eldest Miss feels that she has a bright future. However, I would like to advise the elder girl that a single tree cannot grow into a forest, without the help of her family, what does the elder girl think she can do in the future? If the elder girl wants to be a concubine for the rest of her life, Just treat my words as redundant."

Xue Wanqing's expression finally became a little loose. Pang Zi saw it and said in his heart, sure enough, this big girl is a ignorant, incompetent, and dissatisfied person. This is also a good thing.

"Miss, I don't want to talk about anything else. I just want to talk about the affairs of the family of the grandparents of the eldest girl. Think about it for yourself, if Princess Duanxian is short-lived or incompetent, will the Feng family fall to where it is today?" The man was exiled for three thousand miles, and the woman was fined and confiscated from the Jiaofang Secretary, isn't it all for the dowry!"

"When Mrs. Cui was gone, Princess Duanxian was a little older? If there was no Cui family, she would be where she is today? Why does she have enough energy to dare to fight with Xuandehou's mansion now? It stands to reason that the Cui family protects her. Isn't it a matter of course for her? She thinks of the Cui family's kindness to her, who in the capital doesn't praise her for her deep love and righteousness?"

Xue Wanqing knew that what Pang said was just to get her to agree to help the Xue family. It could be said that it was deliberate, but she also had to admit that what Pang said made sense.

It's just that it's not easy to get Xie Zhiwei to take action. She couldn't help but think of Concubine Wan. If Concubine Wan is gone, Xie Zhiwei should be blamed for the heavy loss she suffered.

"If I go to ask her, she won't help me. If I want her to make a move, I have to ask the eldest wife to do it in person. I go to the thatched cottage to ask for it, so she has to make a move."

At this moment, the servant girl from Pang's yard ran in in a panic, "Eldest Wife, the Eldest Master... got up again, and smashed everything in the Eldest Wife's house, and nothing was good."

Before she finished speaking, another servant girl ran over and cried, "Eldest wife, the young master was killed by the elder..."

Pang stood up abruptly, and ran out, Xue Wanqing thought about it, and had no choice but to run out, and when he arrived at the eldest wife's yard, he saw flowers and plants withered everywhere, the house was in a mess, and the tables, chairs, and benches were smashed to pieces. , and Xue Shipeng did not know where to find a horsewhip, and strangled it around Xue Lingce's neck. Xue Lingce held the whip with both hands, his face turned dead gray, his eyes turned white, and his life was dying.

While Xue Shipeng was still laughing, "You are dying, do you want to say it? If you say it, I will let you die! Hahaha..."

Pang Zi took a look, rolled his eyes, and passed out. The mother-in-law and daughter-in-law behind her were in a panic again, and rushed to grab Pang Zi.

Pang Zi only fainted for a moment, her son's life was still in her husband's hands, pointing to Xue Shipeng, weakly, "Quick, quickly pull the old man away, pull away!"

Women gathered around Xue Shipeng. Xue Shipeng didn't know what kind of stimulation he had received, and his reaction was very violent.

Xue Shipeng moved back, and the child who was only eight or nine years old was dragged on the ground like a corpse.

Seeing this, Pang couldn't bear it anymore, his eyes went dark, and he passed out completely.

"Father!"

Xue Wanqing came out, Xue Shipeng saw her, his eyes lit up, and he frowned again, "You, who are you? Why are you back? Xie Yuantao, don't think that you are a girl from the Xie family, I will pamper you God! Don't come here, you crazy woman, don't come here..."

Xue Shipeng was more and more stimulated, the whip in his hand was tightened suddenly, and Xue Lingce's hands were slowly hanging down, and his pupils were dilated.

"The governor is here!" Xue Wanqing yelled suddenly, a flash of panic flashed in Xue Shipeng's eyes, he let go of his hands, pushed Xue Lingce away, and knelt on the ground with a plop, "Master, please forgive me, please forgive me, please! I am willing to confess, I am willing to confess, it was I who wanted to get promoted and get rich, so I listened to my little girl's instigation, dyed the big tiger white, and committed this crime of deceiving the emperor!"

Pang woke up, and when she heard this, she turned her head and looked at Xue Wanqing. The hatred in her eyes seemed to be real, and she couldn't help but rushed towards Xue Wanqing, "I will kill you, you scourge, you scourge, your mother and daughter!" Isn't it bad enough that people have caused this family disaster?"

Xue Wanqing stepped to Xue Lingce's side, grabbed Xue Lingce, and said coldly to the irrational Pang, "Madam, don't forget, what is my status now? Do you think that if there is something wrong with me, His Royal Highness the Fourth Prince will Do you let me go?"

The point is, the son was still in Xue Wanqing's hands at this time, and Xue Lingce hadn't died completely yet, just now Xue Shipeng lifted him violently, and was shaken by Xue Wanqing again, a wisp of air finally entered his lungs, and he was able to breathe on his own again , slowly woke up, saw Pang Zi, and weakly called out "Mother!"

Pang's heart was broken, and he was unwilling to argue with Xue Wanqing at this time, "You give me your brother, he is your brother, don't act rashly!"

Brother or something, Xue Wanqing doesn't have this concept, but she really can't completely turn against Pang at the moment. After all, she still needs to live under the same roof. In the future, she will need Pang to make arrangements for her when she leaves the cabinet, but some things must be made clear.

"Ma'am, don't listen to what father says, just listen. The white tiger is auspicious. If it wasn't for the white tiger, do you think the plague in Juzhou City would be so easy? If it wasn't for the white tiger, my

father would have been sent to jail." , can still come out? Since the founding of Dayong, who of you has seen someone who has entered the imperial prison and can come out? Only the father. How can the white tiger be fooled by other tigers?"

After Xue Wanqing finished speaking, she let go of her hand, and Xue Lingce was thrown on the ground. She clapped her hands, and walked out of the yard calmly. When she passed by Xue Shipeng, Xue Wanqing stopped for a moment, and said, "Father, the governor is outside , if father goes crazy, he will alarm the governor, and if he is arrested again, it will be bad!"

Xue Shipeng was trembling, and kept muttering, "Master, please forgive me, please, please, please, please..."

Xue Wanqing walked to the door, hearing Xue Shipeng's voice in her ears like a hallucination, she couldn't help turning her head to look at Xue Shipeng, with undisguised contempt in her eyes, this kind of person is also worthy of being a man?

Not as good as that **** Lu Yan!

The first update!

Chapter 430 Wedding wine

Those who received the post were all looking forward to the happy day of Master Xue Si.

I heard that Prince Xiang and Lord Governor Lu have both spoken out. When that day comes, they must have a wedding wine.

However, the Xie family didn't post a message to the serious in-laws of the Xue family. Xue Pan couldn't help but get angry, and scolded at home, "Xie Tiao, the old bastard, now that my Xue family has no title, I look down on my Xue family." Is it? When you wanted to marry your daughter to my son, how did you flatter me, thinking that no one in the capital would remember?"

But no matter what, seeing that the day is coming, the Xue family just didn't receive the invitation.

Xue Pan had no choice but to find Xue Wanqing, "Sister Qing, the Xie family is your maternal ancestor's family after all, and your fourth uncle got married, so why can't you go to watch the ceremony? Why didn't the Xie family know to send you a post?"

Xue Wanqing was also very angry. She said arrogantly, "The Xie family is now headed by Mrs. Yuan, not my grandmother. She doesn't recognize our in-laws. Are we still rushing to post it? If we don't go, we won't go!"

"You child, why are you so honest? Think about it, you will marry into the prince's mansion in the future. The Xue family is already like this. If you lose the Xie family, how will you gain a foothold in the prince's mansion in the future? Who will tell you?" Are you supporting me? Are you counting on the Xue family?"

Xue Wanqing was agitated for a while, but what Xue Pan said made her think deeply, and she couldn't help sighing, "What does grandfather mean?"

"You don't have to stay at home all the time. You go to Xie's house and ask your aunt what it means? If not, you go to ask your grandfather. It's fine if you don't post a post for my Xue family. Why? Even if you don't invite me, you are still his granddaughter!"

Xie Zhiwei was reading medical books when she heard that Xue Wanqing came again.

The day before yesterday, Xiao Xun came over again and sent her the lower part of the "Book of the Green Bag". She teased Xiao Xun, saying that she had lost to her before, but she never gave it to her. Repudiation?

Xiao Xun looked at her with a half-smile, didn't speak, looked like grinding his teeth for a long time, then turned his head and walked out of the window, not knowing what it meant?

"Who let Miss Xue in?" Xie Zhiwei flipped through the book, keeping his eyes on the book, not wanting to talk about Xue Wanqing's matter.

"Girl, today is the day for giving the dowry. The eldest wife dare not be stopped by others. Miss Xue is really shameless. She insists that Xie's family is her grandfather's family, so she should be invited. The eldest wife is afraid that the Hai family Many people watched the excitement, so they had to let them in and let them drink tea in the Baosha in front of Fuyunyu.

Xie Zhiwei then remembered that it was the day of giving the dowry, and she hurriedly asked, "Has the dowry been delivered yet?"

"Not yet, it's not time yet!"

Xie Zhiwei had no choice but to put the book away, stood up and said, "I'll go out and have a look!"

The Ningxin courtyard is undoubtedly the busiest today. The maids and women in the courtyard are all ready, and the inside and outside are completely renovated. The windows are pasted with bright red grilles. The two pomegranate trees in the yard bloomed ahead of schedule, which was especially suitable for the occasion.

Xie Zhiwei looked around and saw that it was still early, so he walked around to Fuyun Courtyard. Mrs. Yuan was so busy that she was stopped in front of Baoxia Gate by Xue Wanqing, who was questioning, "Auntie, don't you let me go?" Does the Xie family send me an invitation card, does that mean my aunt?"

"You child, if you want to have a glass of wedding wine, who will stop you from entering? You didn't send you an invitation, didn't you come too? It can be seen that whether the invitation is sent or not, it doesn't matter to you." There's not much difference. I'm very busy now, what's your business, we'll talk about it after your fourth uncle's marriage is over!"

"Auntie, what you said is really strange. What do you mean, I'm the kind of shameless person who came here uninvited?" Xue Wanqing didn't expect Yuan Shi, an honest person, to be so good at talking. She sneered, "Is this how the Xie family behaves? The Xue family is still a serious in-law of the Xie family, although my mother is gone, I am still alive, so you treat people like this?"

"So what?" Xie Zhiwei saw that Yuan was fuming with anxiety, and she came out, "Xue Wanqing, the Xie family has raised you for five years, how did you repay the Xie family? The invitation from Xue's family means grandfather, father and uncles, what do you mean by embarrassing my mother?"

Xie Zhiwei walked over, stopped Yuan Shi behind, and said to Yuan Shi, "Mother, you go first, leave this to me!"

Only then did Yuan Shi hurried away, and she left Fuyun Courtyard, saw Xie Zhihui and the others, and hurriedly said, "You guys came just in time, Miss Xue's family is here, talking to your eldest sister in my yard, hurry up Take a look, don't let your big sister suffer."

These days, because of Xie Jibai's marriage, the boudoir school has been on vacation for a few days. They also heard from Mr. Lin that Mr. Lin's sister, who went to the capital with Mr. Su Bicheng, will set up a women's school soon. The sisters are discussing it. Is it time to sign up?

As soon as she heard what her aunt said, Xie Zhihui waved her hand, "Let's go and have a look!"

The three sisters rushed into Fuyun Courtyard aggressively, and Xue Wanqing was really confronting Xie Zhiwei, speaking very harshly, "Big cousin, I have always respected you for your good medical skills, during the plague, you dared to enter Juzhou City alone, thinking You have your family and country in your heart, who knows, you are also the kind of selfish person, I understand now, you just used your medical skills to exchange this title, so that you can find a good marriage for yourself, right?"

"So what?" Xie Zhihui rushed up quickly, and said angrily, "So what is my big sister? Is she still like you, willing to be a concubine? Why didn't my Xie family invite you? Don't you know?"

Xie Zhiqian said, "The Xie family doesn't have a concubine girl. You are a concubine and want others to treat you as a serious in-law. Who are you humiliating?"

Xue Wanqing's face was flushed red, and her eyes flicked back and forth on the four sisters. Xie Zhiying was speechless when she saw her, and she muttered, "Miss Xue, even if my aunt walks with her natal family, she only dares to sneak around. You really are You shouldn't agree to be a concubine."

Xue Wanqing never imagined that she would suffer such humiliation as a concubine. She couldn't help but say, "Who says I'm a concubine? I'm the concubine of the emperor's concubine."

Xie Zhiwei couldn't help laughing, "Cousin, Dayong is not Lou State, not to mention, concubine concubine even if she is concubine, she still takes up the character of concubine. Cousin, please go back, the fourth uncle is married, if His Royal Highness the fourth prince is willing to bring You come, mother will ask Aunt Xu to entertain you. If you are yourself, you can forget it. It's not that we refuse to invite

you. Just think about it. When you come, who are you talking to and who are you eating at? I will arrange a table for you alone. table, my Xie family is not short of this little money, but what about you? Don't you think it's embarrassing?"
