

The Power 461

Chapter 461 Cute

The queen woke up the next day, and when she saw her son sleeping beside her, she was so excited that tears welled up in her eyes.

Nanny Xi was also very happy when she saw it, "The little prince is good everywhere, he eats well and sleeps well, but the Princess still said that the little prince has suffered a lot in the womb of the empress. She is more delicate than ordinary children and must be raised well."

The queen was very distressed, she stretched out a finger, and gently touched the delicate face of the little prince, "This palace and the emperor are all thanks to Wei girl, you go to my storeroom to pick some more things for the Xie family. Send it over. What did you say to the emperor, what did the emperor say?"

Nanny Xi knew that she was asking about Mrs. Wen, she was terrified, she was terrified, and wiped away tears, "The emperor is not in good health now, so I handed this matter over to Mr. Lu, and Mr. Lu ordered the Department of Punishment to investigate. I heard today that there are some clues. Zhou Wenpo's man and child were taken out two days ago. Today, the corpse was found on the hillside outside the city. , I heard that it has something to do with the Yonghe Palace!"

Although she knew that there were such a few people, the queen still felt uncomfortable, but now that she has a son by her side, although she was close to death, she survived anyway.

She raised her weak hand, patted her son gently, and said softly, "If I guessed correctly, the Lenggong probably didn't miss this opportunity, right?"

Nanny Xi said, "Your Majesty guessed right, and another father-in-law from the Punishment Department said that it was An Concubine, the birth mother of the Sixth Prince, who blamed the Empress Dowager for the death of the Sixth Prince." , This time, I made the move without hesitation, and one of the three stable women is not a good thing. It's just..."

Nanny Xi was very worried that it would spoil the Queen's mood, hesitated, and finally had to say in the Queen's stern eyes, "There is no news from the Emperor."

The queen closed her eyes, knowing that Lu Yan had found out, but the emperor naturally wanted to make peace, after all, the other side was an adult prince, and the former concubine Ningde was now a shun concubine, still staying in the cold palace.

Although she was frightened, she didn't suffer any losses. For the emperor who likes to play with balance, it is natural to suppress it.

"Since we can't find out, I'm not afraid. I'm not afraid of wronging good people. I'm just afraid of letting bad people go. From now on, what else should I be afraid of in this palace?"

In the past, she was a queen without a son. Even with the Marquis of Wu'an Mansion behind her, she still lacked confidence in front of the concubines who gave birth to sons.

From now on, she is not afraid of anything, she has plenty of time to slowly deal with those who have hurt her and those who want to take her son away.

After hearing this, Nanny Xi also became happy.

Yuan Jia came in from outside the hall, and shouted at the door, "Mother, my son has come in."

The queen was overjoyed, Mammy Xi hurriedly stood up and went out to greet her. Seeing Princess Duanxian following behind the eldest princess, she hurriedly saluted the two, "Your Highness, Princess Duanxian!"

"Ah, is Wei girl here?" The queen hurriedly looked over and saw that her daughter and Xie Zhiwei were like a pair of sisters, she couldn't help laughing, "Mother Xi, I just told you to go to the palace's treasury to pick some gifts for Xie Zhiwei." Don't forget to pick out the emerald headdress, I originally said it was reserved for Yuan Jia's future dowry, that color is not suitable for a girl of her age, it's better for Madam Yuan."

The empress knew that Xie Zhiwei had a good relationship with her stepmother, and the empress did not expect that the emperor would reward Xie Zhiwei's elder brother this time. To the empress, a grade six prose will only make people think that the royal family is too stingy .

"Duan Xian thanked the empress for her kindness on behalf of my mother!" Xie Zhiwei bowed in front of the bed, but glanced at the prince on the bed, and couldn't help admiring, "Empress, my little brother is so cute!"

A newborn child is really different every day. Yesterday, when the little prince was just born, he was just a red lump of flesh. Today, his eyebrows and eyes seem to have opened up a little. I don't know if he frowned when he heard Xie Zhiwei's words. The little red nose immediately amused Xie Zhiwei.

The queen hurriedly said, "This child is too polite, you should get closer to Yuan Jia and me."

Xie Zhiwei and Yuan Jia hurriedly sat down on the footrests, one left and one right sandwiched the little prince in the middle, one touched his little hand and the other touched his face, it was extremely rare.

"Sister Yuanjia, after I leave the palace, I will collect all the toys my brother played with when he was a child, clean them and bring them in for you, so he can use them when he grows up?"

Yuan Jia squeezed his younger brother's soft hand, "Okay, then I will thank you for my younger brother, Sister Wei, you are so kind."

"What's the matter, since the emperor has sealed my brother as the little prince's companion, in the future, my brother will accompany the little prince to study, and he will also be the little prince's playmate, isn't it right?"

But the queen knew that there were so many things in this world. She was in good spirits at the moment, so she said, "Wei girl, when I am full moon, you can bring your mother and younger brother to the palace to play. Since the emperor ordered the brook Brother Xi is the prince's companion, Brother Xi must be a very well-behaved and smart child."

Yuan Jia and Xie Zhiwei looked at each other and smiled, and couldn't help laughing. The queen was inexplicably laughed, and looked at the two of them puzzled, but she was in a very good mood.

"Queen, when you get along with brother Xi for a long time, you will know. Smart must be smart, and well-behaved must be very well-behaved. But ah, um, how should I put it, you will know when my brother grows up in the future."

Nurse Xi smiled and said, "Empress, what the eldest princess said is the truth, but any smart little man, at this age, who is not a monkey who goes to the house and goes to the sky and enters the earth?"

Just as he was talking, the little prince suddenly burst into tears with a "wow". When I was a child, I had a lot more temper."

Nurse Xi hurried forward, saying that the little prince had peed, she took off the swaddling clothes, took a look, and just took the child away, but Xie Zhiwei stopped her, "Wait!"

The queen's heart immediately lifted up. Seeing that Xie Zhiwei gently pressed the little prince's belly, and then glanced at the navel, his face was a little dignified. He hurriedly put three fingers on the little prince's wrist, After a while, he took a deep breath and said to the empress, "Your Majesty, can Duan Xian take the pulse for the little prince's wet nurse?"

Naturally there is nothing wrong with it, the queen hurriedly winked at Nanny Xi, and after she went down, the queen asked nervously, "Little girl, what's wrong?"

"The little prince's stomach is cramping, and there are signs of erosion at the navel. I don't know who is bathing the little prince. I told you yesterday that you must not touch the water and you must apply the ointment I gave. I just smelled it. , this ointment should have been tampered with."

The empress took a deep breath, she almost passed out, Xie Zhiwei hurriedly said, "Empress, don't worry for now, fortunately, it was discovered early, and it hasn't caused serious trouble yet."

Chapter 462 Follow-up

Xie Zhiwei also had lingering fears, she hurriedly called Zi Mo in, asked her to open the medicine box, took out a pack of needles from it, chose the needles as thin as ox hair, and gently pricked the little prince's abdomen, On Xiawan, Tianshu and Daheng acupoints, the little prince, who was struggling and crying, calmed down instantly, his face was full of tears, looking pitiful.

Xie Zhiwei looked at him, full of pity, and helped him deal with the navel lightly. After applying the ointment, he put the ointment next to the empress's pillow, and said, "Your Majesty, the belly button is very important. If it is true Corrosion will damage internal organs, and it will be very dangerous, Duan Xian thinks that the people around the little prince must be clean."

Why doesn't the queen understand that she just spent too much effort in giving birth yesterday, and she couldn't take care of it for a while, so she almost lost the child she finally got. Now she is very sad, "Wei girl, thank you every time about you!"

"Empress, Duan Xian dare not take credit for it. My grandmother said that there is a fate between people. Today is also a coincidence. Duan Xian and sister Yuan Jia came to see the little prince, and the little prince cried. If not , Duan Xian couldn't find it either."

The queen nodded, but she had a plan in her mind. As Xie Zhiwei said, since the Xie family and her child are so destined, Yuan Jia and Xie Zhiwei are sisters, and the emperor just pointed out the fifth young master of the Xie family to her son as a companion. Then simply tie the Xie family and her a little tighter.

Nanny Xi brought over five trembling wet nurses, and after Xie Zhiwei felt the pulse one by one, she asked one of the young ones, "Did you drink a bowl of iced mung bean soup last night? To breastfeed the little prince, you can't touch raw or cold food?"

The wet nurse never dreamed that this young noble girl just got her pulse, even if she had drunk iced green soup, her face turned pale, and she knelt down, "Slave, servant, look!" Your Majesty gave birth yesterday so dangerously, I thought... I thought I would not be able to use my servants for a while, so my servants would be greedy, and my servants will never dare again."

It's a pity that in the palace, it is impossible to give anyone a chance, even if it is to kill a chicken to show the monkey, the queen empress will not let this wet nurse go.

The imperial palace is a ruthless battlefield. When you are kind to the enemy, you are ruthless to yourself. The wet nurse was quickly pulled down and killed. Although the remaining four wet nurses did not make mistakes, Xie Zhiwei suggested that the queen replace them, "they themselves Emotional tension and fear will inevitably affect the milk, which is not good for the newborn, Duanxian asked the empress to let these people out of the palace, and select some people to come in, those people will definitely appreciate the kindness of the empress and serve the little prince wholeheartedly."

The empress understood Duan Xian's meaning, nodded, and Nanny Xi went to make arrangements, and soon brought a wet nurse up. After Xie Zhiwei took a pulse one by one, they were all healthy, so they stayed.

After Yuan Jia and Xie Zhiwei left, the empress was so tired that she fell asleep. When she woke up, she called the female officer in the palace to come over and ordered the female officer to write a letter of invitation to the emperor, "In the name of the palace, chase Please seal Xie Zhiwei's biological mother, Cui, as Mrs. Gaoyangguo, and please seal Xie Zhiwei's stepmother, Mrs. Yuan, as Mrs. Jinyangguo."

After the queen finished speaking, she ordered, "Give this note to Lord Lu, and let Lord Lu pass it on to the emperor for me."

The female officer hurriedly took orders and left.

In Dongnuange, there were not many people at this time. The emperor was leaning on the couch in front of the south window, his face pale after recovering from a long illness. He sighed faintly, and put the booklet presented by Siyi Pavilion on the table Throwing, "Ah Yan, if you want to form an alliance with Lou State, marriage is inevitable. Before, I thought Princess Duanxian was the most suitable, but luckily I didn't let Princess Duanxian make a marriage. Otherwise, I'm afraid I can only wait for Cui My miraculous doctor, now you see, how should we resolve this matter of getting married?"

The emperor actually didn't want to discuss the matter of marriage. He has three princesses under his knees, all of whom are of suitable age.

Lu Yan smiled, and he handed over another booklet to the emperor, "Your Majesty, this is the booklet presented by the female officer of Fengzhi Palace today."

The emperor said "Oh", "Is there anything wrong with the empress to tell me, do you want to write an excerpt?"

He took it and opened it to look.

The sky outside had already darkened, palace lanterns were lit everywhere, and the sky was covered with dark clouds. I don't know when the westerly wind blew up, bringing coolness, and it also indicated that a storm was coming.

Lu Yan took a pair of small silver scissors from the servant's hand, picked up the lampshade of the palace lantern, and cut off a section of the wick after the candle burned out. It lights up.

The emperor looked at ten lines at a glance, was silent for a while, and asked Lu Yan, "Ah Yan, have you read this book?"

Lu Yan put the small silver scissors on the tray held by the servant, took the towel and wiped his hands, and then replied respectfully, "Your Majesty, I have already seen it."

The emperor pondered for a moment, "What do you think?"

"Your Majesty, I heard that the little prince was in serious danger yesterday. Fortunately, Princess Duanxian found out in time, and the little prince was spared a lot of suffering. Presumably because of this, the empress is very grateful, and then she was named Princess Duanxian. The two mothers asked for the title, and the minister thought that the empress's concubine gave birth to a son-in-law, and she made a great contribution, and the one who asked for the title was a married woman, so the emperor might as well grant this kindness!"

The emperor looked at Lu Yan and saw that Lu Yan was arched, and his shoulders seemed to be much thinner than usual. He couldn't help being moved. He was sick this time, so A Yan must have suffered a lot, "A Yan, you are right, I should reward the two mothers of Princess Duanxian, let's award the three graces together!"

"The minister obeys the order!"

Three days later, after Xie Zhiwei participated in the eighth prince's three cleansing banquets, he left the palace with Mrs. Marquis Wu'an. When they arrived at the gate of the palace, Mrs. Marquis Wu'an called Xie Zhiwei, "Princess Duanxian, your elder sister Yunhua has taken care of you!" Two pots of epiphyllum will bloom in these two days, if you have time, go and play with your elder sister Yunhua, and bring back a pot of epiphyllum, it will be really beautiful when it blooms at night!"

Everyone said that the epiphyllum is a flash in the pan, and the epiphyllum naturally blooms beautifully. Xie Zhiwei was moved by it, and knew that Mrs. Marquis Wu'an really wanted to treat her well, so she hurriedly said, "Thank you Mrs. Tai, I will definitely go and play with Sister Yunhua."

When Xie Zhiwei arrived home, it was already half past time. Li Baozhen sent Xie Zhiwei home, with the imperial seal for Xie's family in his arms, and entered Xiaotianshuijing Street. Xie Zhiwei asked Du Yuan to go ahead and ask Xie's family to open the door Standing, ready to receive the imperial decree.

"How can I make Miss Du Yuan work hard? Princess, let these puppies run away!" After Li Baozhen finished speaking, he waved his hand, and a servant said cheerfully, "Princess, this servant will go and inform the Xie family."

The second update!

Chapter 463 Mother expensive

Du Yuan was stunned. What is going on? There are still people rushing to do her work in front of the girl, so what is she doing?

"Hey, hey, come back!" Du Yuan was afraid that his life would be robbed, and when he turned around, what would the young master do if he wanted to drive her and Du Yi out of the capital?

Du Yuan hurriedly chased after him, arrived at Xie's house with the little servant one after another, and told the concierge, "Hurry up and go in and tell the old man and the ladies, let everyone from top to bottom come to receive the order!"

The porter stuck out his head and looked out, and saw the angel from the palace coming, so he ran in without saying a word, shouting as he ran, "Here comes the imperial decree, old masters, gentlemen, ladies, girls!" Young masters, come out and receive the order!"

Xie Tiao came back from the yamen a little early today, and was talking to his sons in the study room. Seeing that the Northwest was going to use troops, the food and grass had to be transported in advance, but the court was short of money, so Xie Tiao thought of what Xie Zhiwei said, "call Merchants transport grain and give it salt", let those merchants send grain and grass to the border, and transport a certain amount, and exchange it for a salt guide.

Xie Yuanbai was surprised by his daughter's knowledge of the current political situation, while thinking, he said, "Father, from ancient times to the present, he used to pay for salt to buy grain, but now he pays for salt to buy grain. My son is worried that this will destroy the order of business. , which increases the burden on merchants in a disguised form, it is really not a long-term solution."

Xie Tiao also thought about this question. He also asked Xie Zhiwei this question, but Xie Zhiwei's answer was, "Grandfather, the fire is burning to the brows. Is it important to destroy the order of the business or let Beiqi and Xiliang come in?" ?"

Xie Tiao also had nothing to say, he pondered for a moment, and said, "Father, why haven't you thought about what you said, but right now, the household department really has no money, and the war in the northwest is going to be tight, if you can't raise food and grass, don't you let me The soldiers go to war on an empty stomach?"

While talking, the gatekeeper yelled that the imperial decree had arrived. The father and son stood up and looked at each other. Sometimes the imperial decree is a good thing, but it may not always be a good thing.

Seeing that his father and two younger brothers panicked, and his father's legs were weak when he went out, and he almost fell to the ground, Xie Yuanbai hurriedly helped his father, "Father, Mei Mei is in the palace, if there is really something wrong She will find a way to report it in advance."

Xie Tiao finally came to his senses and wiped the sweat from his forehead. His granddaughter is so smart, just as his son said, if there is anything wrong, she will definitely report it.

Because the imperial decree arrived, I don't know who the decree is for. Therefore, Xiao, who had been grounded since returning from Famen Temple last time, was also released to listen to the decree.

Although she was grounded, no one hid the news from her family. She knew about Xie Zhiwei's short stay in the palace. When she heard that the imperial decree was coming, she met Qian and Yuan on the way, so she couldn't help but sneer, " Sister-in-law, you have to make it clear, if the eldest daughter causes any trouble in the palace, my second wife will not share the burden with you."

Hearing this, Xie Zhihui paused, her originally agitated expression became calm at this moment, she turned her face away, wishing not to see her mother.

Yuan was stunned for a moment, angry in her heart, but she was the head of the house, and Meimei was indeed in the palace, accompanying the king like a tiger, no one dared to guarantee whether she would be safe and sound in a place like the palace. thing.

Qian Shi laughed and said, "Second sister-in-law, look at what you said, when did the eldest girl bring good things to the family? If it is really a good thing, you don't want it?"

"Oh, the good thing is not my turn. If the eldest girl is really confused and gives the good thing to my second wife, I can't afford it."

Xie Zhihui couldn't listen anymore, and walked over to greet Xiao Shi, "Mother, the angel has already entered the door, let's hurry up!"

"Hey, who is this? Oh, it turns out it's our second girl. I can't even recognize it." Xiao Shi spat on her, snorted coldly, and led the maidservant past Yuan Shi, Walk quickly towards the main hall.

In the main hall, the incense table has been set up, Xie Tiao entered the door and saw Xie Zhiwei, she smiled and nodded slightly, Xie Tiao and the others finally settled down, hurriedly went forward to exchange greetings with Li Baozhen, and ordered people to serve tea, please sit down.

"Our family wants to congratulate Mr. Xie first!"

Xie Tiao hurriedly smiled modestly, and quietly stuffed a purse that he had prepared a long time ago to Li Baozhen, "I am really grateful for the princess's care in the palace."

Li Baozhen didn't refuse, he chuckled, "The princess is highly valued by the emperor and empress, and our family didn't do anything to help the princess."

When Xiao came in, she heard this sentence. She looked at Xie Zhiwei with hatred in her eyes. Her good daughter was instigated by Xie Zhiwei to not kiss her, and Xie Zhiwei actually ruined her daughter's good marriage. How can such a person be worthy? Get the attention of the palace?

"Miss, you have lived in this palace for half a month. I wonder if you have asked your second sister for a good marriage?" Xiao smiled and looked at Li Baozhen meaningfully, "Eunuch Li, You are really right, the eldest girl in our family is really capable, after the old lady in the family is sick, what matters is not the elder girl's decision? Even the marriage of the younger sisters, we as aunts have to listen to the elder girl. "

Li Baozhen's half-smile was not a smile, but his cold eyes cut towards Xiao Shi like a knife, and he said in his heart that fortunately it was not the governor who came today. If the governor heard this, would this Xiao family still be able to live?

He didn't say anything, and when everyone was present, he cleared his throat, "Xie Zhiwei, listen to the order!"

Xie Zhiwei hurriedly knelt down, "Duan Xian is here!"

"Following the emperor's decree of Chengyun, the fourth-rank commander, Shi Yuan's wife Cui, has made meritorious service in raising a daughter Duanxian princess...It should be posthumously named the first-rank Mrs. Gao Yangguo, to show my praise, I admire you!"

Xie Yuanbai's head was buzzing, and he couldn't believe what he heard in his ears.

The entire main hall was also silent, only the sound of someone gasping for breath was heard, what is this? What kind of credit did Xie Zhiwei make, even his late mother, who had passed away for many years, was able to be posthumously named, and she was also the wife of a first-class country.

It is said that women are more expensive than their husbands and mothers are more valuable than their sons, but now it turns out that mothers are more valuable than their daughters!

Everyone was shocked, including Xie Zhiwei. When she left the palace, Li Baozhen personally saw her off with the imperial decree in his hand. She thought it was just a false title for her elder brother, but unexpectedly, There is also the will to chase after her mother, Cui Shi.

Xie Zhiwei's tears fell. She never saw her mother for a day, but she lived in her mother's shadow every day and grew up steadily. Although she didn't remember her mother's face, she never forgot her mother for a day. .

She never dreamed that there would be a day for her to repay her mother. At this moment, with tears streaming down her face, she raised her hands above her head, "Thank you, Lord, Ron!"

The third update!

Chapter 464 Acceptance

After three kowtows and nine obeisances, everyone stood up, Xie's family was naturally overjoyed, but Xiao sneered, "Sister-in-law, they all say that being kind is not as good as raising kindness, why didn't our eldest girl say that you can also earn a patent for your sister-in-law?" Woolen cloth?"

Xie Tiao was already extremely dissatisfied with Xiao Shi, and he gave Xiao Shi a hard look. His daughter-in-law is really not on the stage. I have to say that the Xie family has really been unlucky these years. There is this kind of confusion that causes trouble.

The angel is still there, so can you say such things casually?

Although Xiao Shi was glared at by Xie Tiao, she was extremely happy in her heart. Isn't that idiot Yuan Shi proud of her as a stepdaughter all day long? Now it's all right, this stepdaughter always remembers that she will always be her own mother, even if she doesn't even look at her mother.

Yuan Shi glanced at Xiao Shi, she was lowering her head to wipe Xie Zhiwei's tears, "Mei Mei, you are really capable, your mother must be very happy to have a spirit in the sky, how can our Mei Mei be so capable?"

"Mother, I will be filial to you in the future!" Xie Zhiwei still felt guilty in her heart, but this kind of thing cannot be won by her. The kindness of the heavenly family can only be given, not taken.

"Good boy, mother is already very happy!" Yuan couldn't help but wiped away tears, she was really happy, Meimei was able to be so good, she was not only honored, but relieved In one breath, she finally failed her husband, sister Cui, and the Cui family.

Xie Mingxi squeezed in, "Mother, sister, in the future I will make contributions when I grow up, and I will earn a big fortune for my mother and elder sister!"

"Okay, okay, mother is waiting!"

Xie Tiao and the others were very moved and very happy. Xie Tiao invited Li Baozhen to take the seat, "Eunuch Li, come here after a long time, let's stay for a meal!"

It's time to eat!

Li Baozhen smiled and said, "Master Xie, our family's work is not finished yet! Madam Yuan, please accept the order!"

"Huh?" Yuan Shi was dumbfounded, Xie Yuanbai hurriedly pulled her to kneel down quickly.

The people in each room had to kneel on the floor tiles one by one again, and the imperial decree was for Yuan Shi, so Yuan Shi stepped forward two steps and knelt in front.

Li Baozhen opened the bright yellow imperial decree and read unhurriedly:

"Fengtian Chengyun Emperor's edict said: Yuan Shi, the wife of the fourth-rank commander Qianshi, has made great contributions to raising the daughter Duanxian Princess...It is appropriate to be named the first-rank wife of Jinyang State to show my praise, and respect this!"

The two imperial edicts were slightly surprising. If Li Baozhen hadn't said "Mrs. Yuan, please accept the edict!", everyone in the Xie family would have thought they had auditory hallucinations, and they had listened to Cui's imperial edict just now.

Xie Zhiwei was very happy, happy for Yuan Shi, and reminded in a low voice behind, "Mother, thank you!"

"Ah?" Yuan's face was full of tears, she held up her hands, "My wife, thank the Lord for your grace!"

Has she become a first-class Mrs. Guo? Her husband is only fourth rank, so she has enjoyed the blessings of her children in advance? After receiving the imperial decree, Yuan Shi turned around and grabbed Xie Zhiwei, crying, "Mei Mei, my good boy, I knew that you are the best child!"

The eyes of Qian and others are full of envy. There are three long house and dead female relatives, and everyone is of the first rank. This is simply a great honor!

Xie Zhiwei not only earned himself a first-class princess, but also earned a first-class princess for her deceased biological mother and living stepmother. What kind of blessing is this long house?

Ms. Xiao was also stunned. She didn't even care about how she laughed at Mrs. Yuan just now, but just looked at the imperial decree in Mrs. Yuan's hand, Mrs. Jinyang, what is this? She is also the daughter-in-law of the Xie family, and Yuan is still a stepwife, so why can she enjoy such honor?

This is a great happy event, but Yuan Shi cried like a child. Xie Tiao and others can understand Yuan Shi's mood. I am afraid that her biological mother will not be as excited as her. This means that she has been so excited for so many years. Xie Zhiwei appreciates the kindness of her upbringing and remembers it in her heart. All her sincerity has been reciprocated.

"Mei Mei, how can mother have such a good child like you? Mother is so happy."

Xie Mingxi walked over, took Li Baozhen's sleeve, and said stupidly, "Eunuch Li, is Zheng Yipin the highest one? Then in the future, will I not be able to earn higher orders for my mother and elder sister?"

Li Baozhen smiled, and patted the child's head, "Yes, brother Xi, you can earn your daughter-in-law's life in the future."

Xie Mingxi shook his head, "I don't want a wife, I just want my big sister!"

Li Baozhen couldn't help laughing, "That's fine, the princess must be very happy to hear that."

Xie Yuanbai went over and patted his wife on the shoulder, "Axian, don't cry, look at you, there are so many people, you are not afraid of being laughed at. Get up and get cold on the floor!"

Li Baozhen then remembered that he still had an imperial edict to announce, and hurriedly said, "General Xie, goodbye, our family still has an imperial edict to read, this time it is for my brother in the family, Xie Mingcheng accepts the edict!"

Erfang didn't even dream that there were good things to do on his side, so he was stupefied all of a sudden, and the imperial decree clearly stated that the imperial decree was given to Xie Mingcheng, the elder brother of Princess Duanxian. One can imagine the reason for this imperial decree coming?

After Li Baozhen handed the imperial decree to Xie Mingcheng, he said meaningfully, "Master Xie, you are really blessed to be the princess' younger brother! This is what the princess personally asked the emperor for you. Wu Lang, how many people study hard all their lives but can't read a single from the sixth rank!"

Xie Mingcheng received the decree with both hands, with tears in his eyes, "Eunuch Li's words are very true, my minister, Xie Mingcheng, thank you Lord Long En!"

Xie Tiao's fingers pressed tightly to the ground. He repeatedly regretted that his eldest granddaughter was not a grandson. At this moment, his emotions were extremely intense. If Sister Wei was a man, the Xie family would still be able to prosper for at least fifty years!

It's a pity that sooner or later the granddaughter will belong to someone else's family. Xie Tiao hates Prince Xiang's mansion to death. He thinks that he must go to Lord Xiang to talk to him tomorrow. People from other people's families.

"Second sister-in-law, my eldest nephew is the manager of the office, I think the second sister-in-law is not rare, do you want uncle to help the eldest nephew to ask for resignation?" Xie Sanniang patted her knees and stood up, gouged out a deep look at Xiao Shi, He said to Xie Zhongbai, "Second brother, on the way here, the second sister-in-law said that if Sister Wei got confused and left the good thing to the second room, the second sister-in-law would not dare to accept the favor."

Xiao knelt on the ground, her face flushed red, she became angry with embarrassment, stood up abruptly, and said to Xie Zhiwei, "Big girl, I'm afraid I should be grateful to you Zaide? You think my son is stupid in reading, and he will work hard in the future." Not a..."

Today's update!

Meh, I love you guys, keep voting if you have votes!

Xiao Xun: Today is another day without me, I miss my wife!

Chapter 465 Husband and wife

Xie Zhongbai didn't care anymore, he slapped Xiao's face suddenly, and said angrily, "Shut up!"

Immediately afterwards, he hurriedly turned around and bowed to Li Baozhen to the end, apologizing, "Eunuch Li, I am really sorry, please forgive my clumsy behavior for bumping into an angel!"

Li Baozhen chuckled, he was very satisfied with Xie Zhongbai's performance, but he didn't care about it, he waved his hand, "No problem, no problem, Mr. Xie Er, if our family remembers correctly, Mr. Xie Er is a Jinshi of Shoukang for ten years, right?" ? Now he's a six-rank Imperial Regulatory Commissioner? It's only been a few years, so the second master's promotion is fast, right?"

Xie Zhongbai was ashamed and said humbly, "To be honest with Eunuch Li, many of my classmates are now only seventh-rank county magistrates. They were on the same list as me back then. Today, Gouzi can be named because he is lucky to have a good sister. "

"That's not true. Since the second master knows what is good and bad, and he is not like Mrs. Zun, our family can rest assured." Li Baozhen said goodbye to Xie Zhiwei, "Princess, our family is leaving first. If you can help, send someone to give instructions."

Xie Zhiwei hurriedly said, "Eunuch Li, go slowly!"

Xie Zhiwei waved to Li Baozhen, Li Baozhen was so happy, as if he drank a jar of old wine, he left in a satisfied way.

Xie Tiao saw the corners of his eyes twitching, and personally sent Eunuch Li out. When he came back, he saw that everyone in Xie's family was still there, and said in a complicated mood, "Since they are all here, then sit down, I have something to say!"

Ms. Xiao covered her face and cried, her husband-in-law actually slapped her in front of the whole family today, what face does she have to live?

Xie Zhongbai didn't even look at her. In the past, if there were any conflicts between the husband and wife, Xie Zhongbai would feel sorry for him if he beat and scolded him. Now, is there no love between husband and wife at all?

She glanced at her children secretly, but no one cared about her. They all lowered their heads and looked at the cracks in the floor tiles, wondering what they were thinking?

None of the adopted children spoke up for her, and they were all bought by the little ***** Xie Zhiwei so much that they didn't even recognize their biological mother.

Xie Tiao asked Xie Zhiwei, "Miss Wei, what's going on?"

It is inconvenient for Xie Zhiwei to go into details about matters in the palace, and he only said what he can say, "The honor of the eldest brother was bestowed by the emperor on his own initiative, presumably the birth of the eighth prince. Yes, it should be the empress's favor, and my granddaughter didn't know anything about it beforehand."

Xie Mingcheng stood up, walked up to Xie Zhiwei, bowed to the end, "Big sister, thank you!"

Xie Zhiwei hurriedly helped his hand, "Brother, you don't have to do this, I don't think it's necessarily a good thing, after all, a man is different from a girl's family, fame and fortune, you have to work hard to win it by yourself. In fact, if it wasn't for the emperor's gift, I wouldn't help you win this favor, the son of my Xie family has gained fame through martial arts and martial arts, you must study hard in the future, and don't slack off because of this!"

But no matter what, the official position from the sixth grade of essays is on his head, and the monthly salary is not less than half a cent. Isn't a person living a lifetime just fighting for fame and fortune?

"I know, big sister, I will definitely live up to your expectations! From now on, I will take my younger brothers to study hard, and I will never insult the Xie family's lintel!" The tears in Xie Mingcheng's eyes could not be forced back, he felt it was a bit embarrassing. After finishing speaking, he turned around and sat back in his seat, bowing his head.

Ms. Xiao was very dissatisfied. Her son was the eldest grandson of the Xie family, but in front of the old man, he would always be below Xie Mingxi, because Xie Mingxi was the eldest grandson of the eldest house.

But the son never thought it was bad.

Xie Tiao was very satisfied that the two siblings helped each other, and said to Xie Mingcheng, "Brother Cheng, what your elder sister said is very correct, you must not be slack because of this, people will laugh at you in the future, you are the eldest grandson of the family, In the future, I must lead my younger brothers to study hard, gain fame, and serve my country in the future."

"Yes!" Xie Mingcheng stood up, and several younger brothers followed him, and they all responded "Yes!"

Xie Tiao nodded, let the grandchildren go down, and said, "Miss Wei, you also go back to the yard to freshen up, and celebrate at home at night, San Niang, go and make arrangements for the dinner party!"

"yes!"

Xie Sanniang led the girls down, and Xie Mingcheng brought the younger brothers into the yard. He is so old, and he knows some things. He knows that his mother is especially wrong today. I realized that there is a saying that you can't live without doing evil.

Xie Zhiwei returned to Yizhaoyuan, which he had not seen for a long time, and felt that everything was fine. Under the service of the maids, after freshening up, he lay down under the south window to take a nap.

After a while, Bailing came back and brought the information she wanted, "The old master proposed to raise Aunt Xu in the second master's house as a noble concubine, and let Aunt Yu take care of the affairs in the second master's yard, saying that the second wife was insane It's over, let the foot be grounded, when will it be better in the future, and when will it be released."

Xie Zhiwei said "Yes", she didn't really want to take care of the second room, and it was not difficult to deal with the Xiao family. She didn't want to hurt the hearts of her younger siblings, so she asked, "Where is the eldest wife?"

Bai Ling smiled and spread out his palm, and there was a silver coin lying in the white and tender palm, "It was rewarded by the eldest lady. It is very lively in Fuyun courtyard at the moment, and the eldest lady took out all the scattered silver coins as a reward. Anyone who goes to the eldest wife's yard to say "Congratulations" will get money, and the servants are lucky enough to get it."

As soon as she said that, all the girls in the room rushed over, envious, clamoring for Bai Ling to treat her, but Bai Ling was so disturbed.

Xie Zhiwei then smiled and said, "What is this? It should be rewarded, Bailing, you can go to Zimo to give five hundred taels of silver, and exchange it for this kind of silver coin. People in our yard will be rewarded, and everyone who comes to congratulate him will also be rewarded." reward."

When the maids heard this, they were going crazy with joy, Bai Ling turned around to look for Zi Mo without saying a word, and after a while, he heard Zi Mo's voice in the open room, "You can't listen to other words, this kind of If you say it, you will be sure when you hear it."

"Sister Zimo, if you don't care about giving rewards, why don't you give them to me." Bai Ling licked his face and said, making all the maids in the room burst into laughter.

Other courtyards who can come to ask for rewards are naturally little maids. Which maids, daughter-in-law and mother-in-law with dignity will come to ask for rewards? In the Yizhao courtyard, the sweeping fourth-class maids were rewarded with five taels of silver, and in the Fuyun courtyard, Yuan's hand was also generous, and the courtyards on both sides were just like Chinese New Year.

Bai Ling told the news from the second room, "It is said that the young master is stingy, and he has been appointed as an official. He doesn't know who to reward, and they all speak bad things about the young master behind his back; the second wife was grounded and fell in the room." Things, I heard that there are not many furnishings in the house, although Aunt Yu has taken over the affairs of the yard, but she has only just taken charge after all, and the slaves don't know how to do it."

The first update!

Chapter 466 Feedback

After all, Aunt Yu was born in a small family, and she has seen a limited number of worlds. She hastily took over Xie Zhongbai's backyard, her eyes were darkened, she didn't know how to take care of it, and instead made a mess.

Xie Zhiwei then instructed Bailing, "Go and tell Aunt Yu and the second girl that the second girl will assist Aunt Yu to manage the yard. The second girl will always leave the cabinet in the future. Starting tomorrow, let the second girl follow the eldest lady to listen Listen to things in the classroom and learn more!"

Xie Zhiwei thought for a while, and then said, "Forget it, starting tomorrow, before noon, the boudoir school will be closed for the time being, and let the three girls follow the eldest wife to the auditorium."

Bailing hurriedly responded, and then went to Yiranju, Xie Zhihui's room, Xie Zhiqian and Xie Zhiying were both there. The three of them had heard about the second room, and they looked at each other, not knowing what to say.

Xie Zhihui's maid, Mingyue, opened the curtain and came in, "Girl, sister Bailing who is next to Eldest Miss is here, saying that Eldest Miss has something to say."

The three of Xie Zhihui got up hurriedly, "Please!"

Bai Ling has already come, and after greeting the three of them, he smiled and said to Xie Zhihui, "It happens that the three girls are all here, so it saves the servants from making two extra trips."

She laughed, "The eldest girl said that starting tomorrow, the three girls don't have to go to school before noon. The girl will ask the eldest lady to tell the husband."

Xie Zhihui was stunned for a moment, and asked suspiciously, "Does Big Sister have any arrangements?"

Bai Lingdao, "Responding to the second girl's words, starting tomorrow, the three girls will follow the eldest lady to the hearing hall to listen to the elder lady. After that, the second girl will assist Aunt Yu in matters in the second room's yard."

The so-called assistant manager, with Aunt Yu's temperament, I'm afraid she will be the shopkeeper, but this is exactly Xie Zhiwei's intention. In any case, it is still inappropriate for an aunt to take care of the affairs of the second uncle's yard.

Xie Zhihui knows a little bit, and has to be grateful to the big sister, who is always so thoughtful in everything, she nodded hurriedly, "Please tell the big sister, I will remember what the big sister said!"

This is the best arrangement. After Bai Ling left, the three of them were very excited. Xie Zhiying said happily, "Second Sister, we are going to learn to manage Zhongfu from tomorrow?"

Learning Zhongfu is a compulsory course for girls from a wealthy family. Even if girls from this kind of family are not good at learning piano, chess, calligraphy and painting, they must learn to understand the matter of Zhongfu.

For a family like the Xie family, there are more than 20 layers of ancestral tablets densely packed in the ancestral hall. .

Now, Xie's family is in the court, and there are three edicts of the first rank, and the old man is the secretary of the household department of the second rank. If he is willing, it is a breeze to fight for a first assistant.

Xie Yuanbai is the commander of the fourth rank. His military position can be hereditary. In the future, if Brother Xi goes into official career, he has no other sons, and he can adopt a nephew to take up the military position and inherit this position.

Even Xie Mingcheng, who is still studying, and who will take part in the children's examination this year, is also a Chengwulang from the sixth grade. It can be said that the Xie family's reputation has reached the extreme.

Such a prominent family doesn't say anything else, only that the daily relationship between people is a kind of knowledge. If this matter can be straightened out, in the capital, the relationship between the various powers, nobles and nobles can be well known, and when they come to the in-law's house in the future, they can gain a foothold by relying on this matter alone.

The three of them were all excited and moved. The eldest sister thought of something that they didn't think of themselves, and arranged it more properly than their own mother.

Xie Zhihui felt the deepest. What is her biological mother planning all day long? Why have you ever cared about yourself and your brothers and sisters?

Mingyue came in again, hesitating to speak, Xie Zhihui thought that there was something wrong with Fuhe Courtyard, so she couldn't help laughing and said, "There are no outsiders here, and we still want to keep this matter from our family, so tell me, what is it?" thing?"

"That's when the young master went to his wife and said he wanted some money to reward our servants. The wife said she didn't have any money, so she asked the young master to ask Aunt Yu for it. How could the young master ask Aunt Yu for it, so he was going back to the front The eldest girl gave five hundred taels of silver melon seeds and a handful of gold melon seeds to the young master, and asked the young master to reward the people in his yard. If there were too many, he would save it for his classmates. ."

Xie Zhihui's tears came out, she blinked, "What a big deal, you still come to tell me this, the young master got the imperial seal, this is a good thing, and you should reward it!"

Actually, Xie Zhihui also knew that there were three happy events in the family today, and Fuyunyuan and Yizhaoyuan must have tipped them all, so the elder sister had someone send money to the elder brother.

Xie Zhiqian clapped her hands and smiled, "Okay, let's go to Big Sister for a reward too!"

Xie Zhiying pursed her lips and smiled, and said, "Third sister, are you a mother? If I want my sister to say, we should go to congratulate the eldest sister, or, like this, when the weather is cooler, we will have a flower party at home. Please invite the elder sister Sister, congratulations for her?"

Xie Zhihui hurriedly said, "This is a good thing, I agree, let's go and see if Big Sister wants to invite anyone, and we will invite them together to accompany Big Sister."

"It's best, how about inviting an opera troupe to come to the house to sing? My uncle has now become a first-class Mrs. Guo, and will be a serious wife in the future. It should be lively!"

"Then let's wait until the weather is cooler. During this period of time, we will learn how to feed with our auntie. When the sweet-scented osmanthus is fragrant, we will hold a flower party at home. Then we won't be able to bother my auntie and elder sister." , Let them have a good rest for a day."

On Xie Zhiwei's side, Yuan Shi made a table of noodles on the stove and came to Xie Zhiwei's room. Her daughter was lying on the bed in the Xici Room drinking rose dew, Yuan Shi looked very happy, and she went to The daughter put her arms in her arms, "Mei Mei, what do you want for dinner? Mother asked the stove to cook for you alone!"

Xie Zhi smiled, handed the rose dew to Xuan Tao, and got into her mother's arms, "Mom, you can eat anything for dinner, so don't worry about me, you won't be too excited to sleep tonight Do you feel it?"

"You really hit the spot, I told your father, from now on, I won't rely on him, I will just rely on my daughter!"

Xie Zhi smiled and said, "Mother, my daughter is about to discuss with you. Starting tomorrow, my daughter wants the three younger sisters to learn from you. My daughter is thinking that in this family, we are the only ones who will be better. Can be really good."

Xie Zhiwei had already sent someone to tell her, and now she said that Yuan knew that her daughter was afraid of her carelessness. After all, it was not her job to raise her niece and daughter, so she hurriedly said, "Mei Mei, you and mother In the meantime, why are you still so polite? I came here to tell you that your aunt of the Yuan family heard that I had received a patent and wanted to entertain us at home. The time is up to you. Your aunt of the Yuan family said that as long as you go , any day is fine, when the time comes, we will take your three younger sisters with us too."

The second update!

Xie Zhi smiled and said, "Okay, my daughter hasn't been to Aunt Yuan's house for a long time. I listen to my mother. She can go whenever she says. But tomorrow, my daughter has something to do, and my mother will come out tomorrow."

When Yuan Shi heard it, there was nothing wrong with it, and she was very happy. The mother and daughter were talking, and Dan Feng came in through the curtain. After saluting the two, she said to Yuan Shi, "Mrs. The woman on the second gate came to pass word that Mr. Lu was invited tonight, so don't neglect the dishes."

"I see, you send someone to tell the old man, just say, today's dinner is rich, and you can't lose your ugly face."

Dan Feng responded, but did not leave, but smiled and said to Xie Zhiwei, "Miss, the servants in other yards at home are talking about it, saying that Miss and Mrs. If there is a reward, they also want to celebrate with it!"

Xie Zhi smiled and said, "Sister Danfeng, this has nothing to do with me. Don't forget, the head of our family is my mother, not me. Please reward me, go find my mother!"

Yuan Shi was so happy that she couldn't close her mouth, she said to Dan Feng, "Go and tell the manager, pay one thousand taels of silver to my account, everyone in the family will give a reward, no one will be missing, everyone Do things well, abide by the rules, and there will be many happy events at home in the future!"

Dan Feng was overjoyed and went out with a smile.

Xie Zhiwei thought for a while and said, "Mom, I have thought of a good marriage."

"We, Meimei, are also thinking about being a matchmaker? Who are you talking about?"

Xie Zhiwei thought that Lu Qiling did not marry a wife in her previous life, and Xie Sanniang was not sent to Xie's house by her hometown like in this life for some reason, so she said, "Mother, do you think Third Aunt and Biao Uncle Lu are a good match?"

Yuan's eyes lit up when she heard this, and she nodded, "It's very good. The two families are just like each other. Although your cousin is older, your third aunt is not young. I think it's okay!"

Xie Zhiwei said, "The Lu family is now only my cousin. If my cousin marries a wife, if the family status is high, he may not look down on the cousin. I think you can ask your grandfather's opinion."

"Let me tell your father first, let your father and your grandfather say, if it works, this is really a good marriage! If both parties agree, we will arrange for the two to see each other."

The more Yuan Shi talked, the happier she was. When she came out of Yizhaoyuan, she asked someone to invite Xie Yuanbai back. Xie Yuanbai thought something happened at home, so he rushed back and was dragged into the house by Yuan Shi.

Naturally, Yuan would not say that it was her daughter's intention, but said, "Look, the two sides are not too young. Since the second room has sent people over, I am stupid. It took so long, and I haven't found a good candidate, today. You said that the cousin of the Lu family is here. I think that no matter the family background or seniority, they all match up. What do you think?"

Xie Yuanbai also felt that it wasn't dark under the lights. His father had been worrying about his cousin's marriage all along. There was obviously a suitable one at home, so why bother to look far away?

"I'll talk about it, but you also have to tell Third Sister."

Xie Yuanbai went to the front yard, and Yuan Shi took the time to go to the Siya Courtyard. She was chattering, and Xie Sanniang was doing needlework. Seeing what Yuan Shi wanted to say, she said, "Sister-in-law, if you have anything to say, just say it." !"

Yuan breathed a sigh of relief, "Sanniang, there is one matter, I want to hear your opinion, he is a young talent, and he has a deep relationship with his family, sister-in-law, I want to help you accomplish this matter , I don't know what you think, do you have any requirements?"

Xie Sanniang was heartbroken in the marriage, and for this matter, she also got a bad reputation of three grams, so she couldn't help but smiled wryly, "Sister-in-law, I am now like this, and I still have the right to find fault with others?"

"You child, why can't you be picky about what stupid things you say? You must not have such stupid thoughts. You have to remember that you are a girl from the Xie family, your uncle is a second-rank official, and your brother is a fourth-rank official. Commander Pin, you and me, the sister-in-law who has become Mrs. Guo, will not lose my ambition when I go to my in-law's house in the future."

Xie Sanniang said "Yes", lowered her head and blushed and said, "Marriage is a big matter, but it's up to uncle and elder brother and sister-in-law to decide!"

Yuan said in her heart, it really is a girl from the Xie family, she is really high-spirited, no matter what girl hears her words, tears will come to her eyes, but Sanniang just listens as if nothing happened.

That's fine too!

Here, Lu Qiling came over after getting off the office, bringing a cart full of gifts, Xie Yuanbai welcomed him in, beat his shoulder and said, "You can just come, why are you so polite?"

Lu Qiling said with a smile, "This is a gift for my sister-in-law and niece. What does it have to do with you, cousin? Don't be too sentimental!"

Xie Yuanbai laughed loudly, "No wonder your sister-in-law misses you so much, she told me a good thing, and I'll talk to you later."

Lu Qiling's marriage has always been difficult. The Empress of the False Emperor Yuan was the Lu family. No one dared to marry the Lu family during Emperor Shoukang's day. Even though Lu Qiling was already a third-rank member of the court at a young age, there were still people who were always waiting for Lu Qiling to be sent to prison.

Except for Cui Xie and his family, Lu Qiling didn't even have any relatives or friends in Beijing.

Xie Tiao is also almost dying of worry, this is the nephew of his deceased Yuan wife, the only incense in the Lu family, the marriage cannot be hasty, and there is really no one to marry.

As soon as Xie Yuanbai said, Xie Tiao thought it was very suitable, so when Lu Qiling came, Xie Tiao pulled him to talk about the marriage, "You must have seen my third mother, she is the only girl in your Xie third uncle's family, she is talented, Uncle will give you a guarantee!"

Lu Qiling was already very grateful, and hurriedly saluted Xie Tiao, "My uncle is treating my nephew as an outsider by saying such things. My uncle is my nephew's only elder. My nephew's marriage is up to my uncle!"

Xie Tiao said, "It's just a dilemma. Sanniang had a fiancé before, but she hasn't married yet, so the short-lived ghost is gone, and her reputation is for nothing. If you don't dislike it, I will make the decision for you about this marriage."

This is really not a problem for Lu Qiling, he smiled, "Uncle, nephew don't shy away from these things, the dead are already dead, and the living must live well."

"That's the truth." Xie Tiao then said to Xie Yuanbai, "Go and tell your wife, just let the two of you see each other first."

The banquet was held in the Xinquang Pavilion of the hall. There was a camphor tree with hundreds of years of age on the roof.

The third update!

Chapter 468 Looking at each other

The Yuan family got the news, so they asked the three girls to follow Xie Sanniang to Zhang Luoan's tablecloth and dishes. After Xie Sanniang arranged everything properly, she stood under the eaves of the porch and wiped her sweat with a handkerchief. Brother and a strange man came over.

The young man was in his early twenties, wearing a straight blue cloth gown, his face was like a crown of jade, his eyes were deep, and there was a touch of calmness and wisdom hidden deep in the heart. The eyes of the two wanted to touch each other in mid-air. Xie Sanniang looked deeply. After glancing at him, he walked away indifferently, and ordered the maids to start serving dishes.

Although it was just a short glance, Lu Qiling was very satisfied. Xie Sanniang had the calmness and calmness of a noble girl from a family. Even if she suddenly met a strange man, who might be her blind date, she could still hold her breath. The demeanor of the principal was also extremely extraordinary, Lu Qiling and Xie Yuanbai looked at each other and nodded slightly.

Xie Yuanbai knew it in his mind, he called the servant and gave him instructions in a low voice, the servant's eyes lit up, and after receiving the order, he jumped up and ran away.

Soon, Yuan's side also got the news. Knowing that Lu Qiling agreed, she couldn't help being very happy. She wanted to call Xie Sanniang aside several times to ask about the situation, but she never got the chance.

After finally finishing the meal, Xie Yuanbai invited Lu Qiling to drink tea in the front yard. Yuan Shi handed over the tidying up to Hai Shi. She sent Xie Sanniang back to the yard under the pretext, and couldn't help but asked on the way, "Third sister, How do you feel?"

Xie Sanniang's face turned red in the darkness, she lowered her head and twisted her handkerchief, and said nothing, Yuan didn't know what was going on in her heart, she was so anxious that she said, "Sister, if you don't agree, no one will force you to do so. In the capital, there are quite a few outstanding children, when the weather is cooler, there will be more banquets in the capital, I..."

Before Yuan's words were finished, Xie Sanniang said, "Sister-in-law, my affairs are all decided by my uncle and elder brother and sister-in-law!"

When Yuan Shi heard it, she understood, and secretly breathed a sigh of relief. She smiled and said, "In the past, when I was at my natal family, my mother asked me if I would marry your elder brother as a sequel. Yes, it's just hard to say, oops, after so many years, I've forgotten about it!"

How could Xie Sanniang be dissatisfied with Lu Qiling? In her early twenties, she is a member of the third rank. In the past few months in the capital, she has been listening to the little maids at home talking about how outstanding the eldest son of the Lu family is. How about it?

Xie Sanniang herself once thought that family status is important, but the Lu family's family status used to be so high and unattainable. Now that it has fallen, the world will look down on others and be so snobbish.

She had never noticed that Lu Qiling was so handsome and handsome. When he walked towards her, the morning glow all over the sky was reflected on him, and his whole body was shining brightly.

Xie Sanniang was really ashamed, and hurriedly said, "Sister-in-law, you don't have to see me off, I will go back by myself, I am afraid that the fourth sister-in-law will not be able to handle it alone, you should go back and host it, the work is done, so I can rest early."

When Yuan said she would give her away, she just wanted to ask her what she thought. Now that she has asked, if she says no, then don't give it up!

After a while, at the front yard, Mrs. Yuan handed over the news that Xie Sanniang had promised, and Xie Yuanbai hurriedly got up, and said to Lu Qiling, "Congratulations, cousin!"

Xie Tiao was also very happy, and laughed loudly, "Today, I have two things on my mind, Qi Ling, I am worthy of your dead aunt."

Lu Qiling hurriedly got up and cupped his hands towards Xie Tiao, "Nephew, thank you uncle! Tomorrow, nephew will have a matchmaker come to propose marriage!"

"Okay, okay, you are not too young, and Sanniang is not too young. Since this marriage is settled, the sooner the matter is done, the better."

When Lu Qiling was in the apricot list back then, the emperor heard that he was the last child of the Lu family. He was lucky enough to escape the catastrophe. The emperor didn't know whether he felt guilty or wanted to silence everyone, and gave the Lu family the house in the capital. They were returned to the Lu family, in Chunmingfang, all in the inner city, not too far from Xiaotianshuijing Street.

The house of the Lu family has been dilapidated after many years. Lu Qiling relied on his little salary, so of course he couldn't spend any money to repair it. He was a widow and lived in the yamen all these years.

If you get married, the house will naturally become the first priority.

I heard that Prince Xiang's mansion is under construction, and the southeast part reserved for Xiao Xun, including Ninghui Hall, Zelan Courtyard and Qiyun Garden, will be refurbished together. The commotion is so great that even the Empress Dowager is alarmed. The empress dowager specially allocated money to King Xiang to repair Xiao Xun's new house.

Xie Tiao thought for a while and asked, "What do you plan to do with the house in Chunmingfang? If you live in it, how much money will it cost to repair the house, uncle will pay for it."

Lu Qiling said, "Uncle, that house is too big, and the Lu family is no longer the Lu family it used to be. My nephew is at the intersection of Xiaozhifang Street, in front of the Zhuangyuan Building, and there is another house with four entrances. My nephew wants to repair it. , put the new house here, and only wronged Sanniang."

When Xie Sanniang heard this, she was silent for a while, "What's the matter, it doesn't matter where you live, and the girl from Xie's family doesn't only enjoy the blessings, but not the hardships."

From this day on, Xie Sanniang began to count the dowry. She sent her confidant nanny back to her hometown, discussed with the second bedroom, and brought the dowry over cart by cart. Under the banner of Xie's family, the journey was safe, and they pulled more than a hundred carts.

After Yuan saw it, she became a little anxious, and Aunt Hetian began to confront Xie Zhiwei's dowry list.

Xie Zhiwei directed Du Yuan and Du Yan to the peach blossom forest in the back garden early in the morning, and dug in the middle of two century-old peach blossom trees.

"Take it easy, there is a jar of peach blossom wine inside. Let me tell you, if you break it, I will go and tell Mr. Lu that it's not that I don't pay him the peach blossom wine, but that you two broke it."

Du Yuan was frightened when she heard that, she stopped the hoe, and stammered, "Gu, girl, do you want, or should we plan with our hands?"

Xie Zhi smiled, "As for it? I just remind you a few words."

The wine jar came out, and there was still mud on it, weighing about ten catties.

Four stout women sent the wine jars to Qizhaoyuan. Xie Zhiwei patted the mud seal away, and a strong fragrance immediately spread over the entire Qizhaoyuan, and gradually dispersed, even in the front yard. Chi Yude, who Xie Tiao was talking about, could smell it. He sniffed and asked, "Is your mansion making wine? What kind of wine is this? Why is it so fragrant?"

Chi Yude said, slobbered, licked his face and smiled, "I promised my old wife to go back for lunch, but I didn't expect that people don't keep people away from wine!"

Today's update!

Dear, don't you look good? I feel that no one pays attention to me, there are not many votes, and there are not many comments!

Squeak, what!

Chapter 469 Owing

Xie Tiao couldn't help laughing, and told Shen Shuang, "Go and ask if the eldest girl is brewing wine, and ask for two catties for me."

The more Shen Shuang walked towards the Yizhaoyuan, the stronger the aroma of the wine became. She couldn't help speeding up her pace, stepped into the door of the Yizhaoyuan, and saw a large wine vat under the crabapple tree in the yard. Xie Zhiwei was wearing an apron, Holding a large spoon in his hand, he was mixing wine.

Seeing Shen Shuang approaching, Xie Zhi smiled and stood up to greet him, "How is grandfather?"

Shen Shuang smiled and said, "The old master asked the servants to come over to ask the girl for wine, and that's when Master Shaoqingchi of Taichang Temple came. He should have left after talking, but who knows, he decided to stay for dinner, saying that no one would stay Wine keeps people."

Just as I was talking, people from Ningxinyuan also came. It turned out that the classmate of the fourth master of the Xie family was here. Now that he smelled the smell of wine, he wanted to stay for dinner, and he also called Mr. Hai family. Haishi had no choice, so I asked the servant girl to come over and ask, can the eldest girl order some wine to satisfy her fourth uncle?

Xie Zhi smiled and said, "I have a share, you go back first, I will send the servant girl over in a while, it's still early."

This wine was not brewed by Xie Zhiwei after her rebirth. In her previous life, she also brewed two tanks full. Later, the emperor gave her to the fourth prince by decree. During the Mid-Autumn Festival, she thought the sweet-scented osmanthus wine Yuan's gift was not good, so she gave the peach blossom wine as a gift. At that time, the whole city could smell the wine. Xiang, everyone is envious of His Highness the fourth prince's fiancée's ingenuity, she is quite proud.

When brewing peach blossom wine, Xie Zhiwei used his own glutinous rice wine. This glutinous rice wine was brewed using an ancient method, and a lot of peach blossom petals and medicinal materials were added to it. Just smelling it makes people intoxicated.

Several girls helping to sieve the wine got drunk after being busy by the wine tank for a while. Xie Zhiwei asked each of them to hold a hangover pill. There is a layer of gold on it, just like fine silk, dazzling.

"So lovely!"

"It smells so good!"

"I really want to drink!"

After a while, even the three girls from Yiranju were attracted. They rolled up their sleeves, put on their aprons, and asked Xie Zhiwei how to make this wine while beating hands aside.

Xie Zhiwei mixed the stored glutinous rice wine into peach blossom wine according to a certain ratio. Ten catties of peach blossom wine was mixed with thirty catties of wine. In the courtyard, it seems that there are bursts of peach blossom rain falling, which makes people fascinated.

Xie Zhiwei used three jars, each filled with five catties of peach blossom wine, two jars for Du Yuan and Du Jun to send to Lu Zhai, one jar for Bai Ling to send to Prince Xiang's Mansion, and the remaining fifteen catties, Xie Zhiwei kept five catties for himself. All the excess was packed into two-pound, two-pound vials and sent to the front yard.

At noon, Xie Zhiwei finished his work and was so tired that he almost fell to the ground.

Here in the Lu residence, Lu Yan came out of the palace early today. He entered the door, and before he had time to change his clothes, he ordered Mi Tuan to let the chef cook two appetizers.

Wen Yinghan came back from the outside and was overjoyed when he heard it. He sat on the window sill and sighed, "I always said that you don't care about people. I didn't expect that I would be touched by you sometimes. Actually, I After running outside these days, you never asked me, I don't blame you."

Lu Yan lifted his cold eyelids and glanced at him, too lazy to pay attention to him, but his unstained and vermilion slightly curved lips and petals, and the flashing light in his bewitching eyes, it is not difficult to see that, He is in a good mood.

Wen Yinghan couldn't help being moved, and said in his heart, Ah Yan also knows how to care about people now, and he was so happy to see him back, and said, "Ah Yan, don't worry, I will try to stay in the capital as little as possible and stay with you in the future. "

Mi Tuan glanced at Wen Yinghan suspiciously, he didn't know, this time, Duzhu's brother went out to Beijing, why did he seem to be a different person when he came back?

Could it be that this martial arts master, what happened outside the capital, made him understand life overnight?

Lu Yan changed into a round-neck robe with lotus makeup and gauze with blue ground cloud patterns, a jade belt around his waist, a sachet hanging on one side of his waist, and a Hanyu hanging on the other side. He raised his hand and rolled up his sleeves , Sesame came in with a bowed waist.

"Master Du, Miss Du Yuan is here, and she brought two jars of wine. As soon as she entered the door, the whole yard smelled fragrant. I guess it was very fragrant on the road. Many people followed Miss Du Yuan's car, Now they are all gathered in front of the house, insisting on asking where they bought the wine, and they refuse to leave!"

Since Zhima said that, the scent wafted over, Wen Yinghan took a sniff, jumped off the window sill, and ran towards the yard.

Seeing this, Lu Yan winked at Zhima, and Zhima hurriedly turned to Du Yuan and shouted, "Miss Du Yuan, look after that wine!"

Wen Yinghan's drooling appearance frightened Du Yuan. She thought of how much effort the girl had put into these two jars of wine, so she quickly threw herself on the wine jar, "Don't touch the girl's wine."

Wen Yinghan was wary. It wasn't that he didn't dare to hit Du Yuan, but he was afraid of knocking over the wine jar. He rubbed his nose and surrounded the jar, "What are you protecting? Since the wine has been delivered to the door, I'm afraid I won't be able to drink it?"

Du Yuan was so angry that when he saw Lu Yan coming, he hurriedly said, "Young master, my girl only brewed thirty catties, so I sent ten catties to you. On the way here, everyone was amazed, there were several groups of robbers blocking the way. Young master, you can't just let someone steal your drink."

Lu Yan stood on the steps, the bright sunlight shone on his body, his ebony hair was bound by a jade crown, his temples were cut like knives, his eyebrows were like distant black, and the corners of his long and narrow eyes provoked two enchanting, streamer-like lights. Overflowing, the eyes are so gentle that they are about to drip water.

In the courtyard, there is a camphor tree planted. The sun shines down from the branches and leaves, the shadows of the tree are mottled, and a few light shadows fall on his unstained and vermilion lips. Petals are like peach blossoms blooming.

"Unload the wine!" After Lu Yan finished speaking, Zhima brought a few servants over to carefully move the wine jar. Sesame was at the side, wishing he could whip it with a whip, and kept saying, "Be careful, it broke a little bit." , be careful with your skin!"

One of the altars was sealed with mud, and Lu Yan asked someone to bury it under a peach blossom tree in the back garden. Wen Yinghan swallowed, "Why are you burying it? If you can't finish it, I'll help you drink it!" "

Lu Yan didn't say anything yet, Du Yuan clenched his fist angrily, "Mr. Wen, this is wine brewed by my girl herself. You are not allowed to drink it, you are not allowed to drink it!"

"What did you girls make by yourself? You think I don't know those rich ladies in your family, stand in the kitchen and point out, hey, this, use carrots, that, put an extra spoonful of salt, it's considered to be done by yourself. I dare say , This is all done by you servants, you girls can at most wave a fan and sit on the sidelines, and you can count yourself as doing it yourself."

The first update!

Chapter 470 Love

Zhi Ma looked at Wen Yinghan sympathetically, and said in his heart, well, another one has come to an end!

Lu Yan glanced at him coldly, didn't say anything, ordered people to serve food, set up a table in the room, asked people to share a catty of wine, and sat face to face with Wen Yinghan, his white jade hands , clinging to the blue-and-white porcelain wine dispenser, poured a glass of wine into Wen Yinghan's cup, "You have been in the capital for half a year, and today I asked the chef to cook this table of wine and dishes just to see you off. Ask Princess Duanxian to take out her treasured peach blossom wine, it should not be in vain for you and my brother."

The color of the carmine wine is so intoxicating that you can't move your eyes. The aroma of the wine is sweet and sweet, and the slightest scent penetrates into people's noses like greedy insects, making people salivate continuously, wanting to swallow saliva, so psychedelic. It's like being in a ten-mile peach blossom, intoxicated and not knowing the way back.

Wen Yinghan couldn't wait to pick up the cup and took a sip. The mouth was soft, the mouth was sweet, and the aftertaste was long after drinking. He couldn't help sighing, "Take a sip of this wine, even if you die now, you will be willing! Junior brother, you This is a total of ten catties of wine, sell me five catties, no, how about three catties? One thousand taels per catty, you will get both money and goods."

Lu Yan picked up the wine glass and took a sip. The originally bewitching eyes couldn't help squinting at this moment. He was as comfortable as if he was in a hot spring. In front of this glass of wine, it seemed that all the wounds in the world Pain and vicissitudes are nothing.

He realized for the first time that "a cup of wine relieves a thousand worries". The ancients did not deceive me.

"Brother, you know, I don't lack money." He played with the blue and white porcelain wine dispenser with his hands, the crisp hands like jade blended with the blue and white colors, fresh and elegant.

No one would exchange this kind of wine for money. Wen Yinghan felt very sorry, and patted the table angrily, "Junior brother, do you think you are stupid? Such a good girl, she clearly has feelings for you, three The two ends of the sky will send you this and that, why don't you do that? Let it go out?"

If this is the case, will he worry about not drinking in his life?

Lu Yan's originally warm eyes were as sharp as a blade. He lifted his thin eyelids and looked at Wen Yinghan.

Lu Yan raised his wine glass and touched Wen Yinghan. He drank it down in one gulp, then stood up holding the wine dispenser, "Go out of Beijing now!"

Wen Yinghan didn't know what he said wrong. Lu Yan turned his face when he said he turned his back. Looking at the back of Lu Yan who turned and left, he knew that he must have touched Lu Yan's back, but what was the problem? But bend over.

"Is he driving me away? Why? If he tells me to come, I'll come; if he tells me to go, I'll leave?" Wen Yinghan's eyes were fixed on the wine dispenser, and he could only stare at the wine dispenser. The device was getting farther and farther away from him, and he couldn't help being very angry, complaining to the rice ball.

Mi Tuan glanced at Wen Yinghan with eyes full of "serve it right", and said with a half-smile, "Mr. Wen, they say that you don't slap people in the face, and you don't expose them. You know who we are, why bother?" What about poking our scars every time?"

"What kind of scar did I poke? Didn't I do it all for his own good?" Wen Yinghan said, "With his current position of power, does he want any kind of woman? This is such a good girl, and he himself is clearly very good." Shangxin, why did you just give up like this?"

Mi Tuan stared at him like a fool, and when he finished beeping, he stretched out his hand, "Mr. Wen, please, go out of the city now, and before the sun sets, you can catch up with the post."

Wen Yinghan touched his nose, he didn't dare to disobey Lu Yan, Lu Yan told him to leave today, if he didn't leave, he might wake up in the middle of the night and be in prison.

It's in there, it's horrible, he doesn't want to be driven crazy.

Lu Yan stood in front of the north window of the study, looking at the peach tree in front of the window, the leaves were full of peaches, it was already June, and some premature peaches were already stained pink, thick juice that seems to be coming out of the skin.

In Lu Yan's bewitching eyes, at this moment, a gloomy light like eternal night shrouded them, deep, cold, revealing an indescribable sadness, his eyes seemed to penetrate time and space, and return to that place. The winter that made him extremely cold, but warm and nostalgic.

The wine in his hand was just unconsciously poured into his mouth. It was sweet and sweet, soaking his cold heart in it, slowly warming up, and activating his dying heart.

When Mituan came in, Lu Yan had drunk himself alone. After he was drunk, he looked very obedient. He put the wine dispenser on the table and lay on the couch by himself, blushing from a sound sleep. , the face as white as jade was dyed with the color of the morning glow, like a peony blooming unparalleled in the April sky, making people want to commit crimes.

"Supervisor!" Mi Tuan called softly, brought a thin quilt over and covered him, and then heard Lu Yan talking in sleep, and shouted "Dad, mother!"

He didn't know what he had dreamed of. The two sword eyebrows, which were hard to describe with pen and ink, were deeply locked together, and there was a painful expression on his face, which made people worry.

Mi Tuan pretended not to hear, and slowly backed out. After closing the door, he stood guard at the door.

Du Yuan went back and told about Lu Yan's drunkenness. After Xie Zhiwei heard it, he didn't speak for a long time, and the atmosphere in the room became very heavy. Sometimes I walk on tiptoe, for fear of landing heavily.

When Zi Mo and the others were worried, Bai Ling flew in like a cheerful bird, and put a purse on the table as if offering treasures as soon as he entered the door, "Girl, guess what, this servant is sending peach blossom wine to Prince Xiang's mansion , How much reward did Prince Xiang give the slaves?"

Xie Zhiwei smiled, and the whole Yizhaoyuan was like a spring breeze blowing across the land of Dayong. The ice and snow melted, and the flowers began to dance, and the relaxed atmosphere infected everyone.

"Quickly tell me, what's wrong with Sister Bailing?" Gan Tang was wearing a peach red collared short jacket and a pair of light green pants, and wanted to make Xie Zhiwei happy.

Xie Zhiwei said, "A bag of golden melon seeds, right? Take it down and share it with the girls."

Bai Ling said "Good Le", then handed the purse to Zi Mo, and said, "Prince Xiang was very happy when he heard that the girl sent his slaves there. When he smelled the aroma of wine, he clamored for Prince Xiang to stay with his guests, Prince Xiang felt that his face was bright, and asked someone to send a catty of wine to the Shenyuan, and he and the guests drank all four catties of wine."

"The slaves heard from the servants of Prince Xiang's mansion that if the prince sobered up, he might cry. Since the wine was sent by the girl, it must be given to the prince of the county, but he was cut off by the prince of Xiang. Besides, so No one would be willing to share a good wine with others."
