

## The Power 50

### Chapter 50 Rescue

"If something happens to the eldest girl, what will the sister-in-law say?" Xiao did not back down, this is a very good opportunity, if he can't seize this opportunity, then he really has lived to the age of a dog.

"Meimei is my daughter. If something happens to her, I will always be with her. Even if she dies, I will lead her to the road to hell." Yuan's eyes widened, "Second brother and sister, you should not curse Meimei here. gone."

Mr. Xiao still wanted to say that a servant girl's voice came from the door, "The second girl is here!" Then she said, "The fourth master is here!"

The fourth master of the Xie family, Xie Jibai, is an old man of the Feng family, and besides the treasure that Xue Wanqing holds in his hands, the Feng family cares about him. When she heard that the fourth child was coming, she waved her hand to tell the two daughters-in-law not to quarrel. , hurriedly said, "Please come in soon!"

Xie Jibai was only fifteen years old, his face was as white as jade, and he was dressed in a lotus-blue round-neck robe that made him stand tall. He quickly walked up to the old lady and saluted first, "Greetings to mother!"

"Come to me!"

Feng waved to his son, but Xie Jibai was not in a hurry. After greeting Yuan and Xiao's two sister-in-laws, he sat down on the chair below.

Feng Shi was a little helpless, her son was fine with everything else, but he was too strict with rules.

If you want to blame, you can only blame the old man. Before the age of five, the old man took his son to the front yard to raise him. He was not allowed to come to the backyard unless it was a festival. Later, when he got older, the old man sent him to the Cui family's house. Going to study in the academy, if it wasn't for entering the imperial academy this time, she didn't know how long it would take to see her son.

"Mother, I heard that sister Wei went to Zhuangzi outside the city, and she can't come back today, why don't I go out of the city to see what's going on, if I really can't come back, I will accompany her in Zhuangzi One night, bring her and brother Xi back tomorrow."

"How can this work, you have only been back for a while, and you have to ride out of the city again, no!" Feng refused, and gave Xie Zhihui a hard look. She is not stupid, of course she knows, Xie Zhihui went to invite the fourth child.

However, the arrival of the fourth child also has its advantages.

"Sister Qing has returned to Xue's house, fourth child, you go to Xue's house tomorrow, bring more gifts, and bring Sister Qing back. I asked her second aunt to pick up this child, but she still refuses to come back. "Feng's heart ached, if she hadn't really hurt the child this time, would she have been alienated from her family like this?

What else to say, Mrs. Xue and Mr. Xue refused to agree. When did this mother and son take Qing sister to heart?

Speaking of it, it was her grandmother who didn't do her best and hurt the good child, but she couldn't help it. If she didn't give in, who knows how Xie Zhiwei would gossip in front of the empress. If the empress gets angry, it will only embarrass sister Qing even more.

She had to explain this matter clearly to Sister Qing, break it up and let Sister Qing understand that she had no other choice.

"Mother, if the niece doesn't come back, don't come back. She is the daughter of the Xue family after all. Master Xue is still alive, and the members of the Xue family are not dead. Now, what happens to the niece has nothing to do with us."

"You child, how can you say that, she is the only blood left by your sister. How much your sister loved you back then, she kept something delicious for you, and she wanted to give it to you when she got something good. Are you afraid you forgot all of them?"

Xie Jibai said with a playful smile, "Mother, I am the youngest. My brothers and sisters are very kind to me, and I have not forgotten. When my niece was in our house, my son loved her very much, but no matter how much he loved her, she was also a member of the Xue family. , there is a difference between the inside and the outside, and that is something that can't be helped."

No matter what happened to Mrs. Feng, she couldn't bear to scold her son, she sighed, "Both grew up at home, as a mother, you can't see that you treat your nieces and daughters differently."

"Mother, why can't I write two words of thanks in one stroke? In the future, when these nieces and daughters leave the cabinet, when they return to their mother's house, they will have to buy a few catties of good wine for their sons. The nieces may not be able to count on it."

Xie Jibai grinned, patted the non-existing dust on the clothes, and looked at Yuan Shi, "Sister-in-law, I would like to ask sister-in-law to arrange for someone to prepare some clothes. I'm leaving for the outside of the city. I'm afraid I won't be able to come back today." , it is necessary to stay on the Zhuangzi for one night, and Miss Wei is probably not used to the things on the Zhuangzi."

Yuan Shi hurriedly responded, and couldn't wait to salute Feng Shi before leaving.

If you don't leave now, when will you stay?

Xiao Shi watched helplessly, Feng Shi was so angry that his eyes almost turned white, but she could only watch helplessly as Xie Jibo walked out the door in a cool and unrestrained way. He never took her words to heart, but the old man just gave him a look. , can frighten him like a mouse seeing a cat.

"This bastard, sooner or later I will be \*\*\*\* off by him."

Nanny Jin would not listen to these words in her heart. For many years, Feng scolded with her front feet, and saw the fourth master with her back feet, and she was in pain for a while. She smiled and hurriedly brought a cup of fire-fighting tea to Feng's hand , said, "The old lady calmed down, as the saying goes, children are debts."

Feng couldn't do anything about the fourth brother, he glanced sideways and saw Xie Zhihui sitting on the chair, "Did you call your fourth uncle here?"

Ms. Xiao became anxious when she heard that, she couldn't let the old lady dislike her daughter, let alone because of Xie Zhiwei, so she hurriedly asked, "Sister Hui, why did you come here with your fourth uncle?"

Although Xie Zhihui doesn't have that much flirtatiousness, she's not stupid either. She knew that Feng Shi was going to trouble her, so she said unhurriedly, "If you go back to grandma, granddaughter will come to say goodbye to fourth uncle. If you meet fourth uncle on the way, let's go together coming."

Anyway, the old lady would not ask the fourth uncle directly, even if she asked, the fourth uncle would not betray her, and Xie Zhihui was not afraid.

It was she who asked the maid to tell fourth uncle to bring fourth uncle here as a rescuer, and it was not she who said it.

Although Feng doesn't really believe it, but this granddaughter has always been one, and two is two. When she was taught to lie when she was a child, she would say something righteous and stern: "A man cannot be established without faith" and "A gentleman can do what he does." What not to do" and the like, her temperament is more polite than her grandfather, and she often kills her anger.

Feng Shi also felt that he was probably confused by Xie Zhiwei today, and even got into a fight with this granddaughter. Isn't this looking for anger? Thinking of this, she waved her hands impatiently, "Go, I'm tired, so I don't need to make rules."

Ms. Xiao breathed a sigh of relief, and quickly got up to bless Fushen, "Since that's the case, the daughter-in-law will take Sister Hui down first, so that mother can rest well."

After leaving the gate of Chunhui Hall, Mrs. Xiao scolded Xie Zhihui, "Is your fourth uncle the rescuer you brought in? Don't you know that you are an old lady? You are a real child, how is your eldest sister, and you have nothing to do with it?" What's the matter? You're not afraid that your grandmother will annoy you."

After Xiao finished speaking, she knew she was wrong. Sure enough, Xie Zhihui looked at her in horror, "What is mother talking about? The eldest sister is my sister, so why has nothing to do with me?"
