

## The Power 501

### Chapter 501 Whistleblower

In the main hall, Dayong's civil servants and military generals couldn't recover for a long time, they were still the same as before. The civil servants looked at Xie Tiao, and they always felt that Xie Tiao was pretending. If so, who would believe it?

The military generals stepped forward to congratulate King Xiang, "There has never been a woman who is talented in both civil and military affairs in the Yong Dynasty, and the well-trained granddaughter of the Xie family finally took advantage of King Xiang's mansion" and so on.

King Xiang hadn't had time to drink today, and he was already drunk at this time.

In the other two countries, the envoys of Dalou and Beiqi also felt like they were in a dream. Isn't it so easy for a gnat to shake a tree? The concubine of Prince Chen looks like a child, why did Tuoba Lichang be disabled by two arrows?

The person concerned, Tuoba Lichang, still hasn't figured it out yet. He walked a long way from the Palace of Qinzheng, and then he said to Helian Duo, "How did she win me? My arm, although it was injured, has long been injured. That's good, I forgot about it myself, she shouldn't be using this to attack me!"

Helianduo also found it inconceivable, but if it was a coincidence, Helianduo himself would not believe it. If a person who leads an army to fight easily regards a failure as a coincidence, it is impossible to survive on the battlefield.

Xie Zhiwei only said at the beginning to shoot three arrows, three rounds of three arrows, and didn't say who shoots first, then she can use her own arrows to attack Helian Duo's arrows.

Moreover, during the archery competition, using one's own arrows to attack the opponent's arrows is a common trick used by masters.

Xie Zhiwei is not a weak person, but at the beginning of the competition, she showed weakness, "My princess would also like to thank General Tuoba for willing to play such a childlike game with me", "General Tuoba, good arrow skills! Come again!" , so that Tuoba Lichang, who didn't take her seriously at all, didn't take her seriously.

And all these calculations must have a premise, Tuoba Lichang's right arm has an internal injury, and she will definitely try to induce it, so how did she know that Tuoba Lichang's arm has an internal injury, and can easily touch him? ?

Xiao Xun sent Xie Zhiwei back, and Yuan Jia and Linghua followed. When they arrived at Yuexingju, Xiao Xun didn't go back, and followed Xie Zhiwei into the bright room. Same, "Mae Mae, tell me, how the \*\*\*\* did you do it?"

Xiao Xun believed that when his Mei Mei saw the painting, he must have thought of making Tuoba Lichang pay some price just like him.

What else is more useful than destroying an arm of a general?

Xie Zhiwei sat down beside him, took a sip of tea with a smile, and said, "When he raised his glass to drink, I could see that his right arm was a little stiff. If a person falls on a threshold, Even if the pain heals later and he forgets it, his body will still forget it."

"Maybe Tuoba Lichang didn't take the injury seriously. He's healed, but his arm will still remember. I just need to find a way to touch his arm to remember the pain. When I shot the second arrow, I just When it is necessary to trigger him to shoot an arrow, if there is a small accident, he can collapse himself."

"Moreover, the most important thing is that his shoulder injury at that time should not have been treated thoroughly, leaving a hidden danger, and this hidden danger will break out one day sooner or later. I just induced him to break out early."

Xie Zhiwei turned the teacup in his hand, stared at the amber tea soup, and smiled, "He deserves it, even if his arm is healed again this time, when you meet him on the battlefield in the future, you can easily find him." His flaws, this person, is nothing to be afraid of!"

Xiao Xun hurriedly got up and walked to Xie Zhiwei, he held Xie Zhiwei's chair armrest twice, and wrapped her in his arms, "Mei Mei, you are doing this just for me?"

"No!" Xie Zhiwei's cheeks were also red, she leaned back and looked at Xiao Xun, she was in a dull mood for no reason, but now she felt better, "I just don't like him, who made him humiliate me? "

Seeing her face, Xiao Xun seemed to have climbed into the clouds, and his peach blossom eyes were rippling, which made people want to bully her. He licked his lips, thinking that there are so many maids in the house. The man had no choice but to put away his thoughts, and sat back in his seat with some unwillingness.

"So, if you are injured in the future, you can't hide it from me. Don't forget, I'm a doctor, and I can tell where you are injured at a glance." Xie Zhiwei was a little embarrassed, and said without words.

Xiao Xun let out a "puchi", leaned in front of Xie Zhiwei, and said in a low voice, "Mei Mei, do you want me to let you know what wounds I have on my body now? Every time I come back from an expedition, I will count them for you? "

Xie Zhiwei imagined that scene, her face flushed with shame, and she glared at him viciously, but her eyes were more affectionate, without any deterrent power at all, instead it provoked Xiao Xun's \*\*\*\* to flutter, his eyes dark, like a fierce beast about to attack. Swallow people into the stomach.

After losing a general of the opponent, the emperor was not in a good mood. He returned to the Yugan Palace and did not fall asleep. He was wearing a dragon robe and stood in front of the window, looking at the dark place in the distance. I could only hear a gust of pine wind blowing by, and stood still for a long time.

Li Baozhen came over with a cloak and said in a low voice, "Your Majesty, you have caught a cold carefully!"

The emperor didn't say a word, and he just dared to stand aside. After a while, a servant walked over quickly and said in a low voice, "Your Majesty, please see Yiwuhou!"

"What is he doing here?"

"Yi Wuhou said that he has something important to report to the emperor!"

"Let him in!"

A few candlesticks were added to the hall, and the lights were brightened. After nightfall, the pine wind blows from the surrounding mountains, and the sound of waves makes the hall more and more quiet.

Marquis Yiwu rushed in, knelt down in front of the emperor, and said, "Your Majesty, I have figured it out, today Tuoba Lichang of Xiliang wants to identify Master Lu as the son of the former Marquis of Dingyuan, the traitor Lu Xiufu! "

Boom!

There seemed to be a loud noise in the emperor's mind, he could hardly stand still, Li Baozhen hurried forward to support him. Pointing to Yiwuhou on the ground, the emperor said, "Are you serious?"

Marquis Yiwu raised his head, "Your Majesty, in the original painting, it was Marquis Dingyuan painted by Tuoba Sigong. Tuoba Lichang once saw Marquis Dingyuan in this painting drawn by his grandfather. After seeing Mr. Lu, he was astonished and didn't say anything, only to find that Mr. Lu and Marquis Dingyuan have a pair of eyes that are very similar, even exactly the same."

Unfortunately, few people in the world have seen Lu Xiufu's entire face. He always wears a mask when he goes out, only revealing a pair of eyes.

"Broadcast, pass on Ah Yan!" The emperor closed his eyes, and Li Baozhen hurriedly helped him to the window and sat down.

The first update!

## Chapter 502 Twins

Lu Yan came in in a hurry. He glanced at Yiwuhou on the ground. He didn't seem to know what happened. After coming over, he knelt down and saluted, saying long live, with a natural expression, as always.

The emperor looked at Lu Yan deeply, his eyes were cold, all the trust and love he had for Lu Yan in the past, now all vanished, "Ah Yan, what is your real name?"

"I don't know. I was adopted by my adoptive father since I was a child. The adoptive father gave me my surname and name. I don't know where I come from, and who are my parents?"

The emperor only felt that these words were very familiar. He thought about it, and it was what Lu Yan said when he was about to reuse Lu Yan, which touched the emperor's heart for a while. Ah Yan was only an eleven or twelve-year-old boy back then. As a boy, he saved his life twice.

If he is really the son of Lu Xiufu and An Guo, in such a crisis, he only needs to make another knife, and he will be lost forever.

Ah Yan has nothing left. If he entered the palace for revenge, why use his own life to save his life?

He was almost deceived by Yiwuhou!

"Your Majesty, Ren Fu has arrived, should we announce now or wait a while?" Lu Yan acted as if he didn't know anything, and continued to work as usual.

"Your Majesty, even though Ren Fu deserves to be hacked into pieces, Your Majesty, I beg you not to hand Ren Fu over to Dongchang, but to have a joint trial with the three divisions, and give Ren Fu a chance to explain!" Yi Wuhou was heartbroken and knocked his forehead Bang on the tiles.

The emperor was furious, but Lu Yan cupped his hands and said, "Your Majesty, I think what Marquis Yiwu said is justified. After all, Ren Fu is a great official in the frontier, and he is in charge of the military administration of a province. If he is handed over to Dongchang for questioning and conviction, he may not be convinced. If it will chill the hearts of the frontier soldiers, it should be handed over to the three divisions for a joint trial, so that their crimes will be exposed to the world and the country will be rectified."

A moment ago, Marquis Yiwu was still framing Lu Yan. The emperor didn't believe that Lu Yan didn't know about it, but Lu Yan didn't retaliate with hatred. When dealing with government affairs, he put the overall situation first.

For a while, the emperor was very dissatisfied with Yiwuhou, and said angrily, "Ah Yan, everything will be done according to your wishes!"

"Yes, Your Majesty, I will retire!"

Lu Yan backed away respectfully, and only turned around when he reached the door.

In the main hall, quietly, Li Baozhen bowed and stood aside, looked at Yiwuhou with the eyes of a dead man, then looked at his nose and his heart.

"You say that Ah Yan is the son of Marquis Dingyuan. Do you have any evidence? Just based on a painting, you say that the painting was tampered with. What evidence do you have? It's because the person in the painting has the same eyes. Ah Yan is different?"

The emperor's anger was clearly repressed. The more repressed, the more unbearable it would be when it flared up.

Marquis Yiwu knelt on the ground and trembled, "Your Majesty, I dare not! I know that the matter is of great importance. Even if I have no conclusive evidence, I still come to report to the Emperor. It is because I am afraid that the Emperor will be deceived by villains. Your Majesty, I am afraid of the emperor. Please be loyal to the emperor!"

The emperor couldn't help but think of the Marquis Yiwu who he looked at on the ground more than ten years ago. He used to be Lu Xiufu's lieutenant general, but later he took refuge in his side and let him inform him. That's why he convicted Lu Xiufu.

Since this person can betray Lu Xiufu, he can also betray him. Could it be that he has been in collusion with Xiliang for a long time? Otherwise, more than ten years ago, Ren Fu was just a soldier beside Yiwuhou. He is only assigned the position of a general banner, how can he collude with Xiliang?

"I know that you have always been at odds with Ah Yan. Ah Yan has done things in front of me all these years, and I must have offended you people a lot. He is just a slave by my side, and you are all my ministers. Why bother with him? ?"

Marquis Yi Wu was about to cry, "Your Majesty, I have no grievances with Mr. Lu in the past, and there is no enmity in the near future. Everything I said is true."

"Back then, you were the one who told me that the sons of Lu Xiufu and Princess An were dead, but now you are the one who came to tell me that Ah Yan is their son." The emperor was very upset, "I told you When Ah Yan entered the palace, he didn't have a name yet. It was I who ordered Lu Huaizhong to accept him as a adopted son, and it was Lu Huaizhong who gave him his first and last name. I know all about his origin, so you should stop slandering Ah Yan in front of me. ."

Hou Yiwu wanted to say something, but the emperor was already very impatient. He didn't dare to disobey the emperor, so he had to stand up and back out slowly.

Standing on the high steps of Yugan Palace, Marquis Yiwu saw Lu Yan walking slowly in a red embroidered unicorn robe. He walked towards him, and when he passed by Lu Yan, he only heard Lu Yan's soft voice. The voice said, "The child who died that year was my twin sister, Lord Hou, blood debt will be paid with blood!"

Yi Wuhou looked at Lu Yan in horror, and Lu Yan only left him with a back view. From this angle, he looked so much like the man in the painting.

Yi Wuhou turned around and ran towards Yugan Palace again. When he reached the gate, he was stopped by the eunuch, "Master Hou, the emperor has already rested. If there is anything, Master Hou will come back tomorrow!"

Marquis Yiwu felt indescribably annoyed and very annoyed. The emperor obviously believed in Lu Yan, and Lu Yan happened to be Lu Xiufu's son.

eye for eye!

If he hadn't framed and informed him back then, what would have happened to Dingyuanhou's Mansion? He still remembers the heroic scene of An Guochang Princess riding a bay red horse into the battle formation, being shot into a hedgehog by arrows, embracing Lu Xiufu, and the husband and wife going to death together.

But back then, he also served a secret decree.

In the Yugan Palace, Lu Yan knelt on the ground, the hem of his robe was spread out, and the golden embroidered unicorn on it was shining brightly.

"Your Majesty, this is the note written by Ren Fulu to the Emperor." Lu Yan went and returned, raising both hands above his head with the note presented by Ren Fu.

The emperor was a little surprised to see Lu Yan like this.

Because Lu Yan has been with the emperor all year round, the emperor has already given him a lot of privileges. He does not have to kneel before the emperor like other courtiers, but today, Lu Yan is a little different.

"Ah Yan, what's wrong with you?"

"Your Majesty, I have introspected myself. The Emperor has treated me so well that Marquis Yiwu and others are jealous of me. There is an ancient saying that one does not worry about being few but uneven. It must be that Marquis Yiwu and others saw it is very important that I have won the emperor's favor, so I have a different thought just now."

"I am a slave who serves the emperor. I am not worthy of being a minister. It is the emperor's grace that allows me to be with the emperor. I will only serve people in my life. I can't compare with Yi Wuhou. I am the pillar of the court and the emperor's arm. The emperor cannot be cold because of my minister." won the hearts of the important officials in the court."

The emperor was very grateful, and stepped forward to help Lu Yan up, "Ah Yan, you don't have to take those people's words to heart. In the future, how should you be an errand, or how should you be an errand. Which is more important, I can distinguish in my heart."

"Thank you Lord Long En!"

Only then did the emperor open the booklet, read it at a glance, and he was furious, "Hong Jizhong must have thought that I would hand over Ren Fu to Dongchang for interrogation, so he couldn't wait to come before me to frame you. Fortunately, I am not as confused as he thought !"

The second update!

## Chapter 503 Meet

Lu Yan thought for a while and said, "Your Majesty, I think Marquis Yiwu's worries are justified. I heard that Marquis Dingyuan has the title of General Yumian, so he must be beautiful..."

He laughed at himself, "The minister is just an eunuch. Marquis Yiwu compares his minister to Marquis Dingyuan, which is really too flattering."

When the emperor heard this, he disliked Hong Jizhong even more. Compared with Ah Yan, Hong Jizhong was a villain. Hong Jizhong framed A Yan in front of him, but A Yan was still speaking for Hong Jizhong.

It can be said that the competition is outstanding!

"Your Majesty, Xiliang has sent a battle list, saying that if Ren Fu is not released, they will cross Yulin Pass on horseback."

The emperor was taken aback, and pointed outside the door, "Tuoba Lichang is still in Dayong, they are so courageous, aren't they afraid that I will kill Tuoba Lichang?"

Lu Yan lowered his eyelids, the end of his eyes was like a brushstroke of thick and colorful mountains and rivers in the mist, and the end of his eyes was upwards, that touch of enchantment was like two enchanting foxes, lying in the corner of his eyes all the time, captivating.

"Your Majesty, if the two armies are at war, if you don't kill the envoy, the Emperor of Xiliang must also understand that the Emperor is afraid that he will not kill Tuoba Lichang. After all, he is the grandson of Tuoba Sigong."

Tuoba Sigong is a heroic general born in Xiliang. Back then, only Marquis Dingyuan could plunder him. Since the death of Marquis Dingyuan, Tuoba Sigong no longer led the army and sat in the rear. It seems that Dayong has already He didn't have the qualifications to lead troops to confront him, but it didn't mean that his grandson died in Dayong, and he wouldn't go out.

The emperor also thought of this, furious, and asked, "Where is Ah Xun?"

Xiao Xun would be a little tender against Tuoba Sigong, but right now, the emperor has no strong generals who can go to the battlefield.

"Without my will, what is he doing when he comes back? Afraid someone will eat his fiancée?"

Thinking of the banquet just now, a "fiancée" and a "fiance" were quite affectionate couples, but Xiao Xun, as the main general, ignored the war in the northwest?

The emperor was so angry that he didn't spit out a mouthful of old blood, so he couldn't help asking Lu Yan, "Ah Yan, is it too hasty for me to let Ah Xun be the commander of the Shaanxi capital?"

Lu Yan said, "Your Majesty, there is no suitable candidate anymore. I thought of one thing, why did Xiliang force the Emperor to re-appoint Ren Fu? What good would it do them?"

Emperor did not need to be reminded, he also thought of this, and said angrily, "Ren Fu can't stay, we need to investigate thoroughly!"

"The minister leads the decree!"

The next day was the official day of autumn hunting. At the auspicious time determined by Qin Tianjian, the emperor burned incense and prayed to heaven and earth in front of Lizheng Gate. With the beating of gongs and drums, autumn hunting officially started.

The emperor was dressed in military uniform and stood on the altar. In front of him were the younger generation of clan dignitaries, as well as the fierce generals selected by Dayong, Xiliang and Lou to participate in the hunt.

Xiao Xun stood at the front with the princes. He was wearing a silver battle armor, a red-tasseled helmet on his head, and a long spear in his hand. The tip of the spear was shining brightly in the sun.

"The autumn grass is turning yellow, and it's time to hunt again. In the past, the emperor Taizu won the world immediately, and now the world is peaceful. Whether it is ordinary people or me, it has been many years since the sound of war and iron horses has been heard. But the foundation of the ancestors cannot be lost, and the glory cannot be defeated. Don't forget the ancestral teachings, I'm here to see you today, whoever wins the first place will be rewarded heavily, and the top ten will all be rewarded!"

"Hohohohoho!"

There were cheers in front of Lizheng gate, how many rich and powerful children were waiting for this opportunity, and almost all of them showed up in front of the emperor, this is like students waiting for

their titles on the gold list, and martial arts practitioners waiting for this moment of martial arts, this moment is the moment of the rich and powerful The time for the promotion of the children.

Following the emperor's "start", everyone scrambled to be the first, and the prancing horse ran towards the mountains and grasslands not far away.

Xie Zhiwei was waiting in front of the enclosure outside the door, leading her bay red horse, standing beside Xie Zhihui and the two sisters of the Cui family.

She was wearing a rose-red riding outfit, and the skirt was dotted with a few branches of white plums embroidered with silver thread. She wore a double bun on her hair, and she wore simple pearl flowers. Bright peach blossom eyes.

Seeing Xiao Xun coming, Xie Zhiwei hurriedly greeted her, she smiled sweetly, the sun behind her seemed not so dazzling, Xiao Xun was in a great mood, hurriedly got off the horse, and asked, "Mei Mei, what do you want?" ? I'll help you hunt."

"No, as long as you are safe and well!" Xie Zhiwei raised his eyebrows and glanced at his face, seeing his bright obsidian-like eyes, which reflected himself, the eyes were so bright, and he did not hide his affection at all, Xie Zhiwei's With a sweet heart in his heart, he pursed his lips and smiled.

There are too many people, otherwise, he can hold Meimei and give her a good kiss!

Xiao Xun swallowed saliva, his throat rolled, and he was reluctant to part with him. As he walked, he said, "Mei Mei, there is something I want to tell you. After I go in, I won't come back. Guess, I'm going to where?"

Xie Zhiwei was not surprised at all, she knew all along that they were setting up a trap, could it be that now is the time to close the net?

She turned her head to look at Xiao Xun, and she felt longing for no reason. She had never been so reluctant to part with anyone, but reason finally prevailed.

"Well, are you going to Uighur?"

"Mei Mei, you are so smart, why are you so smart?" Xiao Xun looked around, but no one noticed the two of them, so he stretched out his hand and held Xie Zhiwei into his arms, and kissed her on the top of her hair.

"If people say that I'm missing, don't worry. I'll ask someone around me to bring you a letter." He thought about it, but was still very reluctant, "I'll ask Xu Liang to bring you a rabbit. When you grow up, I'll come back and bake it for you."

"I don't like raising rabbits, just do your job well." Xie Zhiwei stopped in place and waved to Xiao Xun, "It's good that you come back safely!"

"I'll be back soon, Mae Mae, when I come back, let's get married!"

Xie Zhiwei nodded, "Then you don't need to get hurt. If you rush forward at the moment, you will be easily injured. It won't save much time, but it will take more time to recover from the injury."

Xiao Xun's enthusiastic heart gradually calmed down after hearing Xie Zhiwei's words. He couldn't let Mei Mei worry about him, and it was even more impossible for him to come to court with injuries all over his body on the wedding day, which was too unlucky.

After Xie Zhiwei finished speaking, she lowered her head, her face was redder than a cluster of lingerine flowers next to her, she was holding a white handkerchief in her hand, and she was a little at a loss.

After two lifetimes, it was the first time for her to speak such intimate words to someone who was not her father and younger brother, and she felt very uncomfortable.

Xiao Xun lowered his head to look at Xie Zhiwei's white and tender hand, and couldn't help holding it. He squeezed it lightly, "Mei Mei, then prepare your dowry at home and wait for me to come back!"

Xie Zhiwei let out a "hmm", thought for a while, then raised his head and smiled at Xiao Xun.

The third update!

## Chapter 504 Cherish

Xiao Xun couldn't hold back again, hugged her into his arms, and hugged her fiercely, fearing that he would lose his heroism and didn't want to go out, so he let go of her and got on the horse.

Xiao Xun rushed out on his horse and came to the vicinity of the Hongfeng paddock. Xu Liang was waiting here. He had been waiting for about a quarter of an hour. When he saw Xiao Xun coming, he said with a smile, "Ah Xun, it is said that sons and daughters love each other. The hero is short of breath, I thought you would not participate today!"

There are many dignitaries next to him, just now Xiao Xun went to talk to Princess Duanxian, they all saw it, and couldn't help sneering.

Xiao Xun is a young man after all, he couldn't hold back his face, so he became angry and threw a horsewhip at Xu Liang, "I still need to fight with you? If I fight, will it be your turn to show your face?"

This is the truth!

Whenever Xiao Xun ends, no one else will be the leader. Back then, Xiao Xun, who was ten years old, refused to let everyone in, let alone Xiao Xun today.

"Xu Liang, you are the only one who speaks cheaply! Prince Chen, you want to fight for the top. Go to Xijiang and Xiliang Uighurs to fight for the top. Give the opportunity to the younger ones!"

"Hahaha!"

A group of high-spirited and powerful children rushed into the Red Maple paddock.

On the paddock, colorful wild flowers are dotted around the dam, some are as bright as gold stars, or as delicate as red hairpins. The morning dew falls on the green leaves and flowers, crystal clear and shining like pearls.

A round of red sun broke through the mist of the mountains, and half of its face was exposed on the top of the green and vast mountain. Flying out of the forest, flying, chirping and singing happily between the heaven and the earth.

The beautiful Yuluan River is like a jade belt, encircling the plain between mountains and flowing quietly to the east.

The river sparkles under the sun, like a shy girl with a veil, quiet and gentle.

Xie Zhiwei and others also followed the prancing horse to the Red Maple Paddock. Naturally, they did not dare to go deep into it like the men did, but they could still see mountains and treasures all over the periphery, yellow sheep running between the bushes and forests after being frightened, and fancy golden pheasants running among the thorns. The wild flowers all over the mountains and plains are as fascinating as brocades.

"Big sister, look, there is a little rabbit over there!" Xie Zhihui saw a white rabbit slipping into the grass, and hurriedly rode over there.

"Du Yan, you follow the second girl and don't leave her around." Xie Zhiwei ordered.

Du Yuan and Du Jun knew that besides the two of them, Xie Zhiwei also had people arranged by the King of Chen, and this was outside. If anything happened, the people of the King of Chen would react more quickly. Then he took orders to follow Xie Zhihui.

"Princess Duanxian!"

Xie Zhiwei was about to get on the horse when a voice stopped her. Xie Zhiwei turned her head and looked over. Seeing that it was Mrs. Lu and Zhang Qinghan, mother and daughter, she hurriedly handed the reins to Du Yuan, and walked over to greet him, "Zhang Er Ma'am, Sister Qinghan!"

"The scenery here is so beautiful, I haven't been here for many years." Mrs. Lu is a smart person, she invited Xie Zhiwei, "Princess, let's go for a walk together!"

"That's good!" Xie Zhiwei nodded, "I'm also planning to go to the Yuluan River to have a look. I heard that the river is crystal clear and there are many strange stones in it. Maybe I can pick up a few and put them back in the fish tank."

As Xie Zhiwei said, he glanced at Zhang Qinghan, saw that her eyes were calm, and she didn't show any embarrassment, so she knew it in her heart.

"That's good!" Mrs. Lu took a few steps and looked around, "I heard that the girl from the Cui family and my third sister-in-law are also here, why don't you see them?"

Xie Zhiwei pointed not far away, "The eldest cousin and third cousin went there. Their horses rode very well. His Royal Highness the Second Prince took them to hunt."

"Yes, speaking of it, I forgot that Cousin Ling had also learned riding and archery in the boudoir. I have really wronged Cousin Ling in these years in the Zhang family."

Mrs. Lu gave Xie Zhiwei a deep kiss, "My Zhang family is sorry for cousin Ling."

Xie Zhiwei accepted the gift calmly, and said with a smile, "Second Mrs. Zhang, these things really have nothing to do with you. If you want to make an apology, it will not be the second wife's turn to make an apology. You are so polite."

The three of them stood by the river, and Du Yuan stood aside. From her perspective, no matter from which angle the opponent attacked Xie Zhiwei, she could rescue Xie Zhiwei at any time.

A hint of envy flashed in Zhang Qinghan's eyes. She thought that Du Yuan and Du Yun were arranged by Xiao Xun, only to see the reluctance between Xiao Xun and Xie Zhiwei, and lowered her eyes.

Her mother told her that her cousin from her grandfather's family was a relative. Two days ago, she met her cousin again. She couldn't say how much she liked him. He was just a stupid student, and he was an "ancient man" when he spoke. , "The saint said", which made her extremely unhappy.

But my mother said that marrying a woman is like being reincarnated a second time. My cousin knows everything. If it comes to people like the third uncle, what should she do in her life?

She was afraid, so she had no choice but to agree. At least, her cousin was very kind to her, and secretly told her that she would not take concubines in the future.

"Princess, you are a smart person. In front of smart people, I will not say anything false. The third uncle has gone to Cui's house to pick up the third sibling three times, and it is impossible to pick up the fourth time. My cousin picked it up, and the eldest princess asked me to ask the princess, is it possible that the princess is really planning to make the third uncle and the third siblings reconcile?"

Mrs. Lu reminded, "If this is the case, what will the world say about the Princess? The reputation of the Princess may be damaged."

Xie Zhiwei sensed that Mrs. Lu was not malicious, so she smiled, "Thank you for the kindness of the eldest princess, and also thank the second wife for kindly reminding me that a person's reputation is important, but the second wife is really nothing in front of one life." what."

She looked at the golden light shining on the river, "I once went out with the prince of the county and met bad guys. The prince of the county gave me a machete. At that time, I thought that the prince of the county wanted me to die rather than be humiliated. Tell me that life is the most important thing at any time, and at that moment, I realized that people don't have to wrong themselves for those who don't care about themselves, but should cherish themselves for those who care about themselves."

Mrs. Lu understood what she said, Xie Zhiwei didn't care how the Eldest Princess talked about her reputation, her implication was that no matter what she did, Xiao Xun would protect her.

Mrs. Lu looked at her daughter and sighed, "Big girl, your sister Qinghan also promised her marriage. She is her cousin from her maternal ancestral family. She is going to end next year. I don't care if her cousin can be named on the gold list. I only hope that your sister Qinghan can be half as lucky as you."

"Congratulations, Sister Qinghan! Since the second wife chose this marriage, and the second wife only hopes for the well-being of Sister Qinghan, then this must be a happy marriage. The second wife can only hope for happiness in the future. Too worried."

"Then I will borrow the princess's blessing!" Mrs. Lu laughed.

Today's update!

Dear friends, don't you love me? Why don't you vote for me? Beg for a dozen!

## Chapter 505 Enmity

After talking about the business, the atmosphere between the three of them finally got better. Xie Zhiwei asked Zhang Qinghan when he would make the order, and said that he must go there when the time came. Madam Lu was naturally very happy.

My daughter and Princess Duanxian were originally good sisters. If it weren't for this mess in the family, would it be worth avoiding suspicion now?

The mother-in-law would pick and choose in front of the Eldest Princess every day. What about the third wife has nothing to do with her second wife?

Mrs. Lu had no choice but, she didn't want her daughter to be involved in this scandal and her reputation would be ruined in the future, so she hurriedly talked about the marriage with her natal sister-in-law.

Yuan Jia and Ling Hua waited for a long time, and impatiently found them. Xie Zhiwei had no choice but to bid farewell to Mrs. Lu's mother and daughter, and rode away with Yuan Jia and others.

"Sister Wei, let's go hunt rabbits!"

"OK!"

The voices of Yuan Jia and others came from afar, and Zhang Qinghan looked at Xie Zhiwei's leaving back with deep envy in his eyes.

Mrs. Lu couldn't help but said, "It's no wonder Princess Duanxian is here today. You also know that she was originally a person who lived with her stepmother at the hands of her stepgrandmother. Now, she has become an uncompromising person in Xie's family. I found a good marriage, and everyone said that she relied on the medical skills passed down to her by the Cui family, but how many talented people in this world do not end well in the end?"

"Man, you still need to have a good brain!" Mrs. Lu poked her daughter's brain angrily, "Listen to what Princess Duanxian said, are you able to think of it?"

Zhang Qinghan hugged her mother's arm and acted like a baby, "Mom, I'm not as smart as Weimei!"

Xue Wanqing wore a bright red riding outfit, which was very strange in style. The pattern of rich and noble peonies was embroidered with gold thread on the hem of the clothes. She was riding a white horse with a heroic posture, but she attracted people around to point fingers.

Although Xue Wanqing couldn't hear what everyone was saying, she could guess that her current status as concubine, wearing red is considered presumptuous, but Xiao Changxuan didn't say anything, so what does it matter if others say it?

This outfit cost her a lot of money, if not for her poor riding skills, she would have followed Xiao Changxuan into the paddock long ago.

Princess Huayang and Princess Huihe led a group of noble girls around her, still looking forward to her horse head.

Hong Xinting urged Ma'er to walk up to Xue Wanqing, and asked, "You said you have the ability to make Xie Zhiwei suffer, what are your plans?"

Xue Wanqing smiled deeply, and said to Hong Xinting, "Even if I have any thoughts in this kind of place, I dare not say it, do you? Do you think that Xie Zhiwei's connections are only those around her? Did you forget something?"

Hong Xinting immediately looked around vigilantly, and all the girls also looked around together, and saw Lu Yan who was following the emperor on the altar not far away, all of them were horrified.

That person penetrates everywhere, and no one wants to be targeted by him. Now, the vacancy of Wanping county magistrate has not been filled yet.

Huihe's face was covered with a veil, and her bruised face was already healed, with no traces visible, but the wound in her heart was still festering. For her face, her mother spent 150,000 taels of silver, causing trouble. The mother and daughter turned against each other.

Obviously, her face was slightly injured by Xie Zhiwei, but she still had to swallow her anger to buy medicine from Xie Zhiwei.

Xie Zhiwei not only has not apologized to her until now, he has not even received any punishment for hurting her maid.

This feud, they are settled!

Actually, Xue Wanqing doesn't need to say anything, she also knows who to use to deal with Xie Zhiwei.

On the altar, the emperor sat for a while, and when he could no longer see the charging sons, he got up and invited Tuoba Lichang to go for a stroll on the grassland.

Among the envoys of the Three Kingdoms, several leaders also followed behind the emperor, rode out of the main gate of Li, and walked towards the Hongfeng paddock.

The Emperor's Luanjia followed behind, a huge crowd, attracting many people who were frolicking, playing, and racing horses in the paddock.

At the edge of the paddock, on the vast grassland, many obstacles were erected. Xie Zhiwei and others were engaged in an obstacle race game. The second prince did not participate in the hunting, and was serving as a referee with the ladies.

He was wearing a stone-blue baoxiang flower engraved silk arrow sleeves, and he was as rich as jade. He held a small flag in his hand, which also looked very funny. As the small flag he raised fell down, he shouted "Run", After a few rides, he galloped out like an arrow.

"Hurry up, catch up with Princess Duanxian!"

Laughter like silver bells, like a string of pearls flying over the grassland, the emperor saw this heroic scene as soon as he entered the paddock. Almost integrated with the maroon horse, seeing an obstacle ahead, the nimble rider clamped the horse's belly slightly, the horse raised its front hooves, the horse's body was straight into the air, and with a vertical leap, it rushed over the obstacle and took the lead. The distance between two horses.

"Okay!" The emperor couldn't help but yelled, pointing at the figure, "It's a little girl, right?"

Lu Yan's eyes followed Xie Zhiwei closely. She leaned over the horse, like a vigorous rider. In the swaying figure, it was hard to tell which was her and which was the horse. She was skilled in riding skills and superb in horse control. Her technique made her the most eye-catching presence in the audience.

"Yes, Your Majesty, that is the Cui family's equestrian control." Lu Yan urged the horse to take two steps forward, approaching the emperor.

Tuoba Lichang's eyes were tightly locked on the person who ran in front. At yesterday's banquet, he was injured and lost an ear. Although this ear is still parasitic on his head, the ear It doesn't belong to him anymore.

All the strong admire the strong, and Tuoba Lichang is no exception. Xie Zhiwei defeated him with archery and wisdom. If he is still a little unconvinced, but in front of him, Xie Zhiwei's excellent riding skills are not inferior to him, not inferior to any strong man he has ever seen.

Such a woman, he has never seen in his life!

Xue Wanqing is not far from the emperor's Luanjia, she has been paying attention to this place, seeing Tuoba Lichang's aggressive gaze, with a strong possessive desire in his eyes, she can't help but understand.

Sure enough, Tuoba Lichang would not let Xie Zhiwei go easily, first he bit off one of his ears for Xiao Xun, and now he is completely overwhelmed by Xie Zhiwei's demeanor.

If this is the case, it would be great. Tuoba Lichang's possessiveness towards Xie Zhiwei can be put to good use.

Let Xiao Xun taste it, what does it mean to ask for nothing!

However, Xue Wanqing didn't know how to do anything about this matter, so she couldn't help but look at Hong Xinting, and seeing Hong Xinting looking at Xie Zhiwei with jealous eyes, she smiled and urged the horse to go, "Miss Hong, I can't talk to Duan Xian. The princess has a showdown, why don't you go?"

Hong Xinting grew up in Xijiang, and her riding skills were trained under her father's hands-on teaching. Seeing that Xie Zhiwei took the lead without any suspense, she snorted coldly and urged the horse, "Let's go!"

The first update!

## Chapter 506 Cheap

Everyone ran over, Xie Zhiwei was sweating all over, and greeted Yuan Jia and others, Yuan Jia said dissatisfiedly, "Sister Wei, you never said that your riding skills are so good, it's not fair, and you put my gold collar Won away."

Linghua also ran over panting, "And my Jin Chuaner was also won by sister Wei, ah, it's not fair, your riding skills are so good, you still bully us!"

The second prince laughed, "Sister, since your skills are not as good as others, don't talk about it. I am willing to bet and admit defeat!"

Xie Zhi smiled and said, "Sister Yuanjia, sister Linghua, you won't lose to me in vain. Tomorrow I will invite you to go shopping in the county town at the foot of the mountain and treat you to delicious food."

Since the time of Taizu, successive emperors have lived in Chifeng Palace for half a year every year. At the foot of Yushou Mountain, east of Wulie River, a small county town has long been formed, called Chifeng County, and most of them are relocated businesses. People, goods from south to north gather here, and they can often find some rare things.

"Okay, what you said!" Yuan Jia and the others felt a little better at this point. Losing is not because they can't afford to lose, but because sister Wei's riding skills are too crushing for them.

"Xie Zhiwei, I want to compete with you!" Hong Xinting yelled, and the emperor who was coming this way was startled, and his horse stiffened.

Xie Zhiwei raised his eyebrows and looked this way, with a look of surprise on his face, "Miss Hong, why should I compete with you?"

One sentence stopped Hong Xinting from asking.

Xue Wanqing glanced at Hong Xinting contemptuously. She was really helpless, so she had to help Hong Xinting, "Big cousin, the world admires the strong. Who would have thought that big cousin's shooting skills are amazing, and her riding skills are also very good." Excellent, Miss Hong grew up in Xijiang, it is natural to be unconvinced, and it is reasonable to want to challenge her cousin."

Xie Zhiwei glanced sideways at Xue Wanqing, and unconsciously lingered on the bright red riding outfit on her, then looked at Hai Xueyun behind Xue Wanqing, smiled mockingly, and did not speak.

Hai Xueyun naturally understood Xie Zhiwei's series of actions, turned her face away in anger, and her face was ashen. She was wearing an orange riding suit, which was set off by Xue Wanqing, and she seemed to be the concubine.

Hai Xueyun was naturally unhappy, but Xue Wanqing said that her clothes were bestowed by the Fourth Prince, and she dared not wear them.

"Big cousin, don't you dare?" Xue Wanqing said provocatively, swinging the whip.

"Hahaha!"

The bold voice sounded in the ears of the girls, and the girls followed the sound, and at some point, the emperor came over. After Tuoba Lichang laughed, he said to Xie Zhiwei, "Princess, I will give you 10,000 taels of silver. Do you dare to compete with this girl?"

Hong Xinting's eyes lit up, and she was eager to try. After a competition, she got 10,000 taels of silver. She had never seen so much silver. Immediately, she wanted to help Xie Zhiwei agree.

Ten thousand taels of silver, many of the noble ladies present couldn't help but feel excited, even if it is a family of top dignitaries, ten thousand taels is not a small amount.

Seeing that Xie Zhiwei remained indifferent, Tuoba Lichang was extremely satisfied. She was indeed a noble daughter of a noble family with hundreds of years old, so he couldn't help raising his bargaining chip, "Twenty thousand taels?"

"Thirty thousand taels?"

"Fifty thousand taels?"

...

"One hundred thousand taels!"

This is already the limit of Tuoba Lichang, Xie Zhiwei only moved his eyelids a little at this time, only glanced at him shallowly, urged the horse, stepped forward, dismounted and saluted the emperor, "Duanxian has seen the emperor!"

All the girls remembered at this moment, hurriedly got off their horses, and greeted the emperor.

"The hunting ground is like a battlefield, no courtesy!"

"Thank you, Your Majesty!"

The emperor looked at Xie Zhiwei, "Wei girl, one hundred thousand taels, if you win, it will be yours, how about it?"

Xie Zhi smiled and said, "Your Majesty, if General Tuoba took out 10,000 Xiliang horses today, Duan Xian might be tempted to treat himself like a monkey for a while, so that General Tuoba can laugh and be happy. One hundred thousand taels of silver, Duan Xian asked himself, wouldn't it be so cheap!"

Hong Xinting's face turned dark, she looked at Xie Zhiwei's eyes, and wished she could eat her in one bite, one hundred thousand taels, if she wins, the money will be her own, He Chou can't be a good person with one hundred thousand taels, He Chou dowry?

Hong Xinting couldn't help but took two steps forward, "Xie Zhiwei, don't you even compare a hundred thousand taels? It's just a competition. Who treats you like a monkey?"

Xie Zhiwei glanced at her contemptuously, "Miss Hong, a gentleman loves money in a proper way, not to mention, do you think that if you beat me and get the one hundred thousand taels of silver, you will be able to keep it? "

Hong Xinting's face turned red, and she said angrily, "What's the matter with you? I'll talk after you win!"

The emperor was puzzled, and turned to look at Lu Yan. Lu Yan took a step closer and whispered, "Your Majesty, I heard that Yiwuhou's mansion is so poor that it is almost impossible to open the pot. The family's property is sold out except for the sacrifice land. , only the ones rewarded by the emperor are left in the house, and the rest are also sold."

The emperor was surprised immediately, "Why?"

"Yiwuhou likes to gamble, and he also cares about loyalty, but in casinos, ten bets and nine losers have always been, and now he only has to sell his sons and daughters!" As he said, Lu Yan designed Mrs. Yiwuhou's Xie family, and thanked him. The family cheated about ten thousand taels of silver.

The emperor took a deep breath and said with a dark face, "That's really good. I thought he had a clean sleeve and a clean body, so that's the case. Ah Yan, you should check carefully to see if there is any Xiliang in his gambling account." Benefits from people?"

"Yes!" Lu Yan lowered his eyes, a cold front like a blade of cold light passed by, the corners of his lips were slowly raised, and on the dark red lips, there was a ray of manjusawa-like residual blood flowing.

"Princess Duanxian, how about I compete with you?" Princess Lou Wanyan Bao came out with a whip, she raised her chin slightly, "Your riding skills are very good, let me compete with you, you If you lose, General Tuoba will give you one hundred thousand taels of silver, and if I lose, I will give you a thousand horses from Lou Kingdom."

Xie Zhi sneered slightly, "Princess Baoxian, are you bullying me for not being educated? Since I am competing with you, if I lose, why is General Tuoba paying me one hundred thousand taels of silver? If you lose, one Thousands of good horses were lost to me, how could they be given to me?"

Xie Zhiwei raised his eyebrows and looked at Wanyan Baoxian, "Princess Baoxian, it's not that I don't want to compete with you, you have already lost to me in chess, I still remember that after you lost chess last time, you made everyone worry, and today you will compete with me If you lose again, the vast Yushou Mountain, where can we find you?"

"I don't want to take such a risk, just for a moment!"

"Big cousin, are you afraid?" Xue Wanqing came out on horseback, "You only dare to compete with the noble girls of Dayong, and dare not compete with distinguished guests from all over the world? Are you afraid of losing?"

The second update!

Chapter 507 whipping

Tuoba Lichang looked at Xie Zhiwei as if he was watching a good show. Even the emperor was not afraid of the height of the stage when watching a play. He knew that Xie Zhiwei never did anything uncertain. It just so happened that he had nothing to do now, so it would be better to watch a play here.

King Xiang came over, and when he heard this, he said angrily, "Who are you, woman? Since you call the princess the eldest cousin, how can you stand on the other side?"

Xue Wanqing hurriedly bowed to King Xiang, "My lord, the little girl Xue Wanqing, Princess Duanxian is the little girl's cousin."

Xue Wanqing? do not know!

Prince Xiang was afraid of offending his relatives, so he kept his mouth shut.

Xue Wanqing was very happy to see this, and seeing that Tuoba Lichang finally looked at her seriously, she knew that she could not lose her identity as the cousin of Princess Duanxian for the time being.

Xie Zhihui was so angry when she saw it, she gave Xue Wanqing a hard look, and felt that this cousin was becoming more and more shameless.

"How about this, Wei girl, since I want to compete with you, and I also want to watch you compete, you can play another game, and the bet is up to you, how about it?" the emperor said.

As soon as King Xiang heard this, he just inquired about the ins and outs, and said, "Princess, if you lose, one hundred thousand taels will be paid by the Prince Xiang's mansion, and this king will give it to you! If you win, the bet is all yours!"

Yuanjia and Linghua were overjoyed when they heard this, and hurriedly shouted, "Father, my daughter also wants to end. If the daughter loses, the bet will be made by the father, how about it?"

The emperor's face turned dark when he heard it. He didn't know how much his own daughter weighed? But at this time, he had to agree.

Xie Zhiwei's eyes silently swept across the group of people on the other side, she observed carefully, and said to the emperor, "Your Majesty, if Duan Xian only competes with Princess Baoxian and Miss Hong, it's better to let Duan Xian compete with each other. Duanxian ran twice to show the emperor, maybe it will be more exciting!"

"Big words!" Wanyan Bao said angrily, "You and I haven't competed yet, how do you know you will win?"

"Just because I know, I will win, and I knew you would lose!" Xie Zhiwei urged his horse forward, glanced at Wanyan Bao's dismounted horse, and said, "If you don't believe me, you can fight with anyone on my side!" If anyone loses, I can pay you 10,000 taels of silver!"

Wanyan Bao was about to walk forward, when a soft voice sounded, "Princess Wanyan, your horse must be sick!"

Wanyan Baoxian was taken aback, she suddenly looked up at Lu Yan, Lu Yan pointed at her steed with a whip, "The horse's eyes are red, it must have eaten some poisonous grass."

Wanyan Bao got off the horse now, took a look, and sure enough, her horse was sick, and immediately, she glared at Xie Zhiwei angrily, "Princess Duanxian, you are so vicious, you know my horse is sick, and you didn't remind me! "

Yuan Jia didn't wait for Xie Zhiwei to speak, and was also angry, "Princess Lou, you understand that it is you who want to provoke us, why should we tell you?"

"You, you are not as good as an eunuch..."

Wanyan Baoxian didn't finish his sentence, Xie Zhiwei gritted his teeth and whipped a horsewhip towards Wanyan Baoxian, "Speak with respect!"

She was really angry this time, and savagely whipped the horsewhip again, and whipped it over with her backhand. Wanyan Baoxian's clothes were ripped apart immediately, and a blood-red whip mark appeared on her fair body. They were all shocked and backed away one after another, looking at Xie Zhiwei was like watching a ghost.

Wan Yan Bao was wailing in pain. She covered the wound on her body and scolded Xie Zhiwei, "Are you crazy? Do you know who I am and why I came here?"

"Of course I know!" Xie Zhiwei didn't want to talk to her, and looked at Wanyan Zongwang, "Second Marshal, if the princess has not forgotten, you still owe the princess a life. Today, use this life-saving grace to exchange the two whips !"

Wanyan Zong looked at Wanyan Baoxian angrily, took a deep breath, gritted his teeth, nodded and said, "Okay, princess, for the sake of princess saving my life, I don't have to worry about these two things." Riding whip."

Wan Yan Baoxian was stunned, she was so surprised, she shouted, "Uncle Wang, how could this be?"

She is the princess of the Lou Kingdom, and she was whipped by a princess in the land of Dayong. Why?

Wanyan Zongwang glanced at Wanyan Baoxian speechlessly. If this pig's brain can be a little bit of Xie Zhiwei's aura, can she suffer such a big loss?

Not to mention offending Lu Yan, but also offending Xie Zhiwei to death!

Wanyan Zongwang has lived in Dayong for almost half a year, and he is well aware of Lu Yan's position in the court, and also knows the dignity of Duanxian Princess in front of the emperor and empress.

The emperor was extremely dissatisfied with Xie Zhiwei's performance. In front of him, Xie Zhiwei was too domineering, but before he had time to speak, Xie Zhiwei bent down and knelt on the grass, "Your Majesty, Duanxian is guilty, and the imperial court has nothing to do with it." , I beg the emperor to grant me a sin!"

When Yuan Jia heard this, he got off his horse and knelt down in fright, "Father, it has nothing to do with Sister Wei, it's Wanyan Bao who is rude first!"

Everyone thought that Xie Zhiwei was angry because Wanyan Bao now compared him with the princess and an eunuch, so he couldn't help but look at Lu Yan.

However, Lu Yan lowered his eyes, and his stunning face seemed to be wearing an extremely delicate mask, making it impossible for people to see his expression, but no one saw it. In his covered eyes, there was crazy surging emotions, like ink clouds rolling wildly in the dark night sky, or undercurrents surging in the deep sea, can swallow everything.

Only he knows that Xie Zhiwei is not such an impulsive person. Her impulsiveness today is because Wanyan Bao discovered that he was the one who humiliated him!

And he actually doesn't care about all of this anymore, he just cares about being humiliated in front of her, he is afraid that she will be embarrassed.

Xue Wanqing looked at Lu Yan, then at Xie Zhiwei, she intuitively felt that the reason why Xie Zhiwei was angry was not because Wanyan Bao now compared her with Lu Yan, an eunuch, but because the word "eunuch" made Xie Zhiwei unhappy.

The emperor looked at Xie Zhiwei on the ground, his heart was burning with anger, and the flames rolled in his eyes. Just as he snorted coldly and was about to give an order, King Xiang rushed over, "Oh, silly boy, what crime are you asking for? You know, you are the future princess of Chenjun, the daughter-in-law of this king, and this is your future uncle, if he doesn't protect you, why not protect an outsider?"

Xie Zhiwei refused to get up, and King Xiang said to the emperor again, "Brother Emperor, if you commit a crime, it will bring disaster to the whole family, and you should condemn all your subjects! Isn't it unreasonable? It's clearly the princess of Lou Kingdom bullying people with power, bullying the princess again and again, does it mean that the princess must scold her like a shrew? You deserve to be beaten!"

These words were too unpleasant, Wanyan Zongwang refused, and said angrily, "Prince Xiang, please speak more respectfully!"

The third update!

## Chapter 508 Orders

"Respect or disrespect, this king is telling the truth." King Xiang didn't pay attention to Wanyan Zongwang, but said to the emperor, "Brother emperor, tell me something, if you must punish my son Daughter-in-law, then punish the younger brother first!"

"Your Majesty, Duan Xian is responsible for everything. Duan Xian has not yet passed the gate of Prince Xiang's Mansion. His words and deeds have nothing to do with Prince Xiang's Mansion. Please punish the Emperor!" Xie Zhiwei kowtowed again and begged.

The commotion here was so loud that Xie Tiao was naturally alarmed. He was playing chess with Zeng Shiyi, but now the two of them came over together. Knowing the whole story, he hurriedly said, "Your Majesty, the granddaughter of the minister is right. No matter what happens, the Prince Xiang's

Mansion will not be involved, and the granddaughter of the minister has done something wrong, so the minister should be solely responsible for it, and I beg the emperor to punish me!"

"Xie Tiao, do you also think that your granddaughter did something wrong?" Xie Tiao was able to plead guilty, and the emperor felt better. What he wanted was the obedience of the four major families!

"Imperial power is supreme and cannot be violated. The granddaughter of the minister should not offend Long Yan. The granddaughter of the minister should not use force without the emperor's order. If it is wrong, it is wrong! I am willing to accept the punishment of your majesty!"

"She whipped Princess Lou, isn't that true?" The emperor was very dissatisfied with Xie Tiao's words. Xie Tiao only said that Xie Zhiwei shouldn't do anything in front of him, but he didn't admit that Xie Zhiwei whipped Princess Lou.

"I think that since my granddaughter did something wrong, there must be a reason for her to do it. No matter what her original intention is, since she thinks it should be fought, then it must be done. I don't think that my granddaughter did something wrong. Please learn from the emperor!" Xie Tiao spoke righteously and authentically.

Wan Yan Zongwang was trembling with anger, he agreed to Xie Zhiwei, and exchanged Xie Zhiwei's life-saving grace for her two whips, but it did not mean that he accepted Xie Zhiwei's approach.

Besides, if Xie Zhiwei thought he was doing the right thing, he would not repay the favor.

Xie Tiao is really shameless!

"Master Xie, I really didn't expect that Master Xie would be so unreasonable as a second-rank official. I don't know how Master Xie is assisting Emperor Dayong and setting an example for all officials, and how can he lead the household department to run errands?"

Xie Tiao turned his head and glanced at Yan Zongwang. Although he didn't speak, the sarcasm in his eyes was extremely hurtful. He seemed to be saying, is this person a fool?

"Xie Tiao, do you think it's right for Princess Duanxian to beat someone?" The emperor was also very puzzled, "The Xie family is a big family with strict family rules. Could it be said that in the Xie family's family rules, there is a stipulation that children are allowed to fight?"

Everyone also showed a curious look, just to see what Xie Tiao said?

Xie Tiao smiled, looked at Xie Zhiwei with loving eyes, and then dropped a little on Xie Zhihui's body, "Your Majesty, if the person fighting with someone today is a child of the Xie family, I will naturally ask right and wrong first, but not today. It is the granddaughter of the minister who has been provoked and bullied again and again. Daughters are still different from men. The daughter's family will marry into a woman in the future and live in a family with a different surname. If she is weak and can be bullied, her father and brother will not defend her. Will the husband's family still value it and treat it kindly?"

When King Xiang heard this, he became anxious, jumped up and said, "Master Xie, what you said is wrong, this king has been defending the princess just now."

Xie Tiao bowed to King Xiang to the end, "I thank the lord, I also hope that the granddaughters of the lower officials will be as blessed as the eldest granddaughter, and that in the future there will be a husband who is willing to protect them and treat them well!"

Even Yuan Jia was very moved. Seeing that Xie Tiao's eyes were full of stars, he didn't know if his father would marry her to the royal sisters in the future, he would think more about whether his family would agree to marry him. Protect them?

Wan Yan Zongwang sneered, "Master Xie, if a woman is virtuous, her husband's family will value her and treat her kindly. If she is domineering and vicious, she will not be able to find her husband's family."

Xie Tiao nodded and said, "Second Marshal is right. I don't know if my granddaughter was also vicious in the eyes of Er Marshal when I rescued the Second Marshal and the princesses and princes in Ju County. Ultimate?"

Xie Tiao smiled, "Second Marshal, people in the world hate and stink, it is their nature to be good and lustful, but a gentleman is cautious and independent, never forgets his nature, knows right from wrong, upholds discipline, does not take his own preferences as his hobbies, is sincere and righteous. Its heart. Could it be said that when the official's granddaughter saved the life of the Second Marshal, she was considered a benevolent doctor, but now, if she conflicts with Ling's niece, it becomes a heinous crime?"

After Xie Tiao finished speaking, King Xiang burst out laughing, pointing at Wanyan Zongwang, "I finally understand, Second Marshal, what is good to you is good, and what is bad to you is not good, don't forget, we can Not one country."

Wanyan Zongwang's face was flushed, he was wrong, he shouldn't be arguing with a civil servant, because Xie Tiao quoted scriptures, he almost didn't understand half of them, and he didn't bother to talk to King Xiang, he turned to the emperor and said, "Your Majesty, this commander It has been nearly half a year since I came to Dayong. So far, not only has the alliance between the two countries not been formed, but a rift has also arisen, which is not conducive to the negotiations between the two countries. If the grievances and grievances are settled, we will not pursue this matter any more, but the covenant between the two countries must be reached as soon as possible!"

This is indeed a major event, the emperor nodded, "I already have a charter for this matter, and I will arrange for someone to contact you and sign an agreement as soon as possible."

The envoys of Beiqi were on the side, their faces darkened. Brother Yeluliu stepped forward and said, "Emperor Dayong, I am waiting for this time to come here for the friendly and peaceful coexistence between Dayong and Beiqi. Now Beiqi and Lou The country is going through a war, if Dayong ignores Beiqi's feelings and insists on making good friends with the Lou country, I will go back and report to my Emperor Beiqi, and then it will not be a mission!"

Here comes the army!

The implication was so obvious that the emperor couldn't understand it. He was very angry, but since he became the emperor, he had fought three battles with Beiqi, and he never won.

When it comes to fighting, he is indeed not as good as his imperial brother!

However, when it comes to being the emperor and governing Dayong, he thinks he is no worse than the emperor brother!

Xie Tiao smiled and said, "Yelu Qianhu, please be safe and don't be impatient. If you say harsh words, who wouldn't say that? I will also say that if Yelu Qianhu dares to be rude in front of Emperor Dayong, I will lead the army Attack Beiqi and let Dayong's iron cavalry ride all over the mountains and rivers of Beiqi. Dayong has always welcomed guests from afar, and we are willing to live in peace with all our neighbors, Yelu Qianhu, is this wrong?"

Brother Yeluliu said that he couldn't say anything about Xie Tiao, but if he spoke harshly again, he had once fought with Xie Yuanbai, but he hadn't won favor with Xie Yuanbai, so he was speechless.

Lu Yan summoned the imperial physician for Wanyan Baoxian, but Wanyan Baoxian refused to let the imperial physician heal him, but said to Xie Zhiwei, "Come and heal me!"

Today's update!

Dear friends, ancestors, if you have votes, vote more, the rankings have plummeted.

Chapter 509 is missing

Xie Zhiwei sneered, "I'll heal your wounds? Are you not afraid of leaving scars? Do you think that since I dare to slap you, I dare not let you have scars?"

Wanyan Bao said angrily, "How dare you!"

Wanyan Zongwang ordered Wanyan Zancheng, "Take your sister back and let the imperial doctor treat her properly. We will talk about everything when I come back!"

"Yes!" Wanyan Zancheng pulled his sister who insisted on not leaving, and he said angrily when he was far away, "Before you came, you promised your father that you would never cause trouble, but now, your words don't count, if you If so, I will arrange for someone to take you back!"

Wanyan Bao said angrily, "Brother Wang, didn't you see it just now? Could it be my fault just now? Did I make a mistake in that sentence? Why did she, Xie Zhiwei, whip me? Not only did you not help me, you didn't even say a word They wouldn't even tell me."

"I finally know why Xie Zhiwei has such a guts. No matter what she did is right or wrong, her family is protecting her, but what about you? Just watch me being bullied like this?"

Seeing how stupid his sister was, Wanyan Zancheng almost went mad with anger, and threw her away, "You were bullied? Then do you know why you were bullied? Princess Duanxian's riding skills are good, what does it have to do with you?" , why did you rush forward and force her to compete with you?"

"What's wrong with me challenging her? Moreover, I can see that there is a conflict between her and her cousin, as well as Hui and the county magistrate, and I am taking advantage of this conflict."

Wan Yan Zancheng looked at his younger sister like a fool, "Don't blame me for not reminding you, don't act without authorization, everything must be obeyed by Uncle Wang."

Wanyan Bao felt that Wanyan Zancheng looked down on her, so he left with his sleeves flung. Wanyan Zancheng saw that Wanyan Bao was going back to his place of residence, so he didn't bother to talk to her anymore, and turned to leave.

Wanyan Zancheng's chief follower was a little puzzled when he saw this, and asked, "Your Highness, Princess Duanxian is indeed too domineering today, even if the princess challenges Princess Duanxian, there is nothing wrong."

Wanyan Zancheng saw that the person he was asking was one of his own, and he was going to focus on cultivating this person, so he pointed out, "Dayong has a saying that a gnat may shake a tree. To Princess Duanxian, the fourth princess is just a gnat, what do you think? Princess Duanxian is the kind of extraordinarily impulsive person who only relies on her temper and doesn't care about the consequences? She used force in front of the emperor today, do you think the emperor has moved her?"

No!

Wanyan Zancheng stood with his hands behind his back, looking at Princess Duanxian, who was happily playing with Yuan Jia and others not far away, and his mood was not affected in any way, and said, "She is the eldest daughter of the Xie family, playing piano, chess, calligraphy and painting Excellent in everything, first-hand medical skills, superb, Cui Xie and his family regard it as a treasure; she is the future Princess of Chenjun, and her husband is now in control of the Northwest military and government, and the small trial battle with Xiliang has already demonstrated his superb ability, who do you think she needs to focus on for such a person?"

Na Changsui wiped the cold sweat from his forehead, "This subordinate understands!"

In the evening, the horn blew, and the hunting dignitaries all came back. Outside the Li main gate, prey piled up into mountains, and a \*\*\*\* smell rose to the sky.

The emperor was listening to the report of the top ten results when he heard someone wailing and crying, "My son, what's wrong with you?"

The voice was so familiar, and everyone looked at that person, seeing King Xiang sitting on the ground and crying, his hands clapping his legs desperately, "Ah Xun, who is going to kill you? Don't make any mistakes!"

When the emperor heard this, his heart skipped a beat, and he hurriedly asked Lu Yan, "What's going on?"

Lu Yan stood quietly beside the emperor in a red embroidered unicorn robe. He gestured to Li Baozhen. Li Baozhen hurried over to ask, and came back, "If you go back to the emperor, all the princes who went hunting will come back. Prince Chen, I heard that he was driven into the forest by a fierce tiger, and he has not returned yet!"

The emperor closed his eyes and couldn't restrain his trembling hands. He couldn't help but said, "What kind of tiger does he go hunting alone? How often does he not make trouble?"

Yushou Mountain is located at the junction of the Yinshan Mountains and the rest of the Xing'an Mountains. The mountains are high and steep, with criss-cross gullies, strange peaks, strange rocks, green forests in the mountains, beasts infesting, and the depths of the forests are extremely dangerous.

Xie Zhiwei knew that Xiao Xun's move should be a trick he used to get rid of the golden cicada's shell. The envoys from Lou Kingdom, Beiqi and Xiliang were all here, and they all thought that his life or death as the commander of the Northwest Army was uncertain, but they didn't expect that he was already dead at this time. He led a group of people to sneak into Uighur quietly.

Although she knew it, Xie Zhiwei was still worried. Although she was calm, in the eyes of everyone, her face was pale. It was conceivable that she was struggling to support herself.

The emperor still had a lot of dissatisfaction with Xie Zhiwei before, but at this time, seeing Xie Zhiwei like this, he couldn't blame him anymore, and immediately ordered, "Ah Yan, take someone to find him yourself!"

King Xiang jumped up, "I want to go too, woo woo woo, my poor son, he said before that he wanted to honor me with a tiger skin, but I said no, he insisted that he must honor me with a tiger skin. Tiger skin, I didn't expect to risk my life, if the Queen Mother knew, what would happen!"

The emperor couldn't hear King Xiang mentioning the Queen Mother, and waved his hand, "Go, go with Ayan!"

"Your Majesty, Duan Xian also wants to go!" Xie Zhiwei took a step forward, "Your Majesty, Prince Chen is Duan Xian's husband, and he is hard to find now, so Duan Xian asks for orders to find him!"

Tuoba Lichang liked Xie Zhiwei's temper even more since Xie Zhiwei threw Yan Baoxian's horsewhip recklessly. At this time, when he heard that Xiao Xun had disappeared, he was very happy and said to the emperor, "Your Majesty, if your country's Unfortunately, the King of Chen County passed away, so I also ask the emperor to bestow the honor on this general, who will marry Princess Duanxian as his wife!"

The emperor waved his hand, "General Tuoba, please don't say such things at this time."

Xie Zhiwei glared at Tuoba Lichang and said, "General Tuoba, don't gloat. When you die in the future, my husband and I can live a long life. When the children and grandchildren are full in the future, I will tell my great-grandchildren about today. Yesterday, when you competed with me, you broke your own arm!"

Tuoba Lichang was not angry either, and said with a smile, "If the princess becomes a widow unfortunately, please remember this general's promise!"

Xie Zhiwei ignored it, and when Lu Yan ordered people, he took Dongchang and Jinyiwei personally, and King Xiang took Longxiangwei, and she was about to follow, when Lu Yan stopped her and said respectfully, "Princess, this piece Leave the matter to me, I will find a way to find Prince Chen!"

Lu Yan took a deep look at Xie Zhiwei, seeing the worry in her eyes. The torches lit on the city wall swayed with the wind. In Lu Yan's bewitching eyes, two clusters of flames were jumping. As if he could speak, the hidden tenderness gradually soothed Xie Zhiwei's heart.

She nodded, Lu Yan's unstained and vermilion lips bent slightly, turned around and got on the horse.

The first update!

## Chapter 510 Do not marry

Xue Wanqing sighed for a while, she didn't expect that in this life, Xiao Xun would bid farewell to the stage so soon, she couldn't tell what kind of mood she was in, but felt regretful and disappointed.

She should also thank Xiao Xun. If there is a chance, she really wants to say something to Xiao Xun face to face, thank you for not marrying back then!

Xue Wanqing felt that she should say something, so she stepped forward and said to Xie Zhiwei, "Big cousin, please forgive me! People have bad luck and good fortune, this is God's will, and there is no way around it!"

Xie Zhiwei looked at her coldly, if she hadn't whipped Wanyan Baoxian twice before, making the emperor unhappy, at this moment, Xue Wanqing had already slapped her face twice!

"Miss Xue, don't call my eldest sister a cousin. Is there anyone who can comfort people like this? I think you are hoping for something to happen to the king of Chen County?" Xie Zhihui raised her eyebrows and said angrily.

Xue Wanqing was so wronged that tears welled up in her eyes. She looked at Xie Tiao, "Grandfather, I just kindly comforted my eldest cousin. Why does my cousin treat me so badly?"

As soon as Xie Tiao heard Xue Wanqing call him his grandfather, he frowned, and said in a teasing tone, "Sister Qing, you also call me grandfather, not grandfather, since the word 'foreign' is used, it means What's the difference between inside and outside, you told me about sister Hui, do you think I'm protecting my granddaughter, or you, an outsider?"

Viciousness suddenly appeared in Xue Wanqing's eyes, she bit her lips, looked at Xie Tiao in disbelief, and sneered, "Master Xie doesn't recognize me as a granddaughter?"

Xie Tiao chuckled, touched the top of Xie Zhihui's hair, and turned a deaf ear to Xue Wanqing's words, "Sister Hui, take good care of your big sister! Don't worry, the king of Chenjun is very skilled in martial arts, he is not so easy to get into trouble!"

The latter sentence was addressed to the eldest granddaughter.

The emperor also felt that there is a saying that the scourge will last for a thousand years. If something happened to the king of Chenjun, even if the empress dowager made trouble, it would only last for a while, and she could still make trouble for a lifetime? I also feel uncomfortable for a while, and I won't have to be poisoned by the king of Chenjun in the future.

However, presumably, God would not make him so comfortable, and take back Prince Chen so easily.

"continue!"

Here, the emperor issued an order. Today's first hunting is not over yet. The square is full of prey, but the biggest one is only roe deer, and there are no people who come back from hunting wolf.

The envoys of the Three Kingdoms whispered, and the sarcasm in their tone made the emperor very uncomfortable. Could it be that Xiao Xun didn't make a move today?

After statistics, the first place was finally selected, which was Chu Tianyou. He shot and hunted twelve golden pheasants and thirteen rabbits. The biggest roe deer was shot by Chu Tianyou's men.

It seems that this time, the Nan'anbo Mansion made great efforts to hold Chu Tianyou up, and sent many capable guards to follow Chu Tianyou, thus accumulating the first place.

How much ability Chu Tianyou has, how many catties and taels, no one in the capital knows, who doesn't know?

Mrs. Nan'an Bo's wife Xiao Han was overjoyed, and said to Da Han, "Since last winter, You'er has been quite competitive. She doesn't go out to play every day. She practices riding and archery at home, which is why she has achieved today's achievements." ."

Da Han glanced at Xie Zhiwei, saw Xie Zhiwei's pale face, and felt very refreshed, "Yeah", "You'er is pretty good!"

Chu Tianyou looked at Cui Nanwan, with deep hatred in his eyes. He and Zhang Hongqian are cousins, but they met Cui Nanwan in Xuande Hou's mansion, and accidentally flirted with him. As a result, he was beaten up by Cui Xie's family last year.

Later, no-raise!

He didn't know what happened, but Zhang Hongqian said that the Cui family's acupuncture techniques were unrivaled in the world, maybe they were tampered with.

It's not that Chu Tianyou never approached Cui Tingzhan, but Cui Tingzhan vetoed it outright. He was not married yet, so he didn't dare to announce this matter, fearing that it would affect the marriage proposal.

Because of depression, he had to stay at home to shoot arrows. He made the target into the appearance of Cui Xie and his family to vent.

Unexpectedly, his mother saw it, so he arranged someone to let him take the first place today.

Standing on the high stage, Chu Tianyou still enjoyed being admired by everyone, especially the feeling of being looked up to by noble ladies with eyes full of admiration.

"Chu Tianyou, I remember that you are the eldest son of Nan'an Bo, right? Very good, Dayong's country was brought down by your ancestors and fathers following Taizu and me. It's very good that you can not forget your roots!"

At this moment, there was a sudden commotion from the outside. The emperor frowned and looked over, seeing that the crowd automatically parted a way.

A little \*\*\*\* rushed over quickly, knelt down and said, "Your Majesty, the third son of Chu has shot down a black bear!"

The emperor stood up abruptly, and saw a slightly thin figure. He was carrying a black bear taller than a person on his shoulders. The black bear rested on his shoulders. He walked very hard, and the black bear's two feet were on the ground. Dragging.

Everyone was very shocked, looking deeply at the young man, but Xiao Han's mother and son were furious when they saw it. A mere \*\*\*\* son dared to compete with his first son.

Chu Yining threw the blind man onto the high platform, and the wooden platform vibrated with a bang, giving the illusion of collapsing.

He was exhausted, his body swayed, and he knelt down on the ground, "Your Majesty, I'm late!"

The emperor glanced at the blind Xiong on the ground, and naturally he did not miss the shocked eyes of the envoys of the Three Kingdoms.

Wan Yan Zongwang took a deep look at Chu Yining, and asked, "Your Majesty, may I ask the name of this warrior?"

The emperor looked at Chu Yining with a gentle expression, "Tell me, what is your name, and where do you work now?"

"If you go back to the emperor, the subject is now walking under the command of the king of Chenjun, leading the vanguard." Chu Yining said.

"Did you hunt this blind bear alone?" asked the emperor.

"If you go back to the emperor, the king of Chenjun helped the minister. Later, a fierce tiger came, and the king of Chenjun led the tiger into the forest, and the minister hunted and killed the blind bear alone."

Seeing that Chu Yining had collapsed, Xie Zhiwei took out a piece of old ginseng and handed it to a young \*\*\*\* who followed her. The little \*\*\*\* hurried forward and handed the piece of ginseng to Li Baozhen.

Li Baozhen whispered to the emperor, "Master Duanxian gave this servant a piece of ginseng, and this servant thought, the emperor must cherish the general, why not give General Chu a slice?"

The emperor looked at Chu Yining's pale face and nodded.

Li Baozhen hurried over, gave the slice to Chu Yining, and said in a low voice, "The Princess gave it to you, take care, General!"

Chu Yining put it in his mouth without saying a word, and his body seemed to gain strength.

"Niezi, since the king of Chenjun hunted the bear with you, you carry it back alone and treat it as your own trophy. Do you want to deceive the king?" With a kick, Chu Yining was already out of strength, unable to defend himself, and rolled to the side.
