

The Power 531

Chapter 531 Heroic Soul

"What happened?" Pei Ji was terrified, Lingzhou was already at the end of its strength, if there was another wave of attacks, he might be destroyed.

"Report!"

A soldier ran over out of breath, panting, but excited, "Report, the king of Chenjun has an order, ordering Lord Wang to hand over all the military defenses of Lingzhou City to Meng Shaoqing, the general soldier of Qingzhou, from today onwards." , Mr. Wang is only in charge of Lingzhou government affairs."

Pei Ji heaved a sigh of relief. When he returned to the state government office, a young general was standing under the eaves with his hands behind his back. Seeing him coming, he hurriedly stepped forward to salute, "My lord, Meng Shaoqing, under the order of the prince of the county, We will take over the military affairs of Lingzhou from today onwards, and please help Master Wang a lot!"

"General Meng is serious. You and I are both serving the court, so we should work together! General Meng, please come in. Let's sit and chat while drinking tea."

Pei Ji was really tired, he drank a cup of tea in one gulp, and said, "Master Meng came just in time, I was thinking that today I'm going to take a last look at the rivers and mountains of Dayong, unexpectedly, Meng Your Excellency has come, and Xiliang's soldiers have also retreated."

Meng Shaoqing smiled, he didn't speak, he just looked at the sky above the courtyard outside, thinking in his heart, Liangzhou is a hundred miles away at this time.

Tuoba Baoji led an army of 80,000 troops towards Liangzhou. When they reached Mount Jiazi, it was already dark, and Tuoba Baoji ordered them to set up camp.

The bonfire was extinguished in the middle of the night, and the howling north wind rolled up ice slag, blowing across the top of Chaizi Mountain, and a few stones rolled down from time to time.

At this moment, more than a hundred riders rushed over from the south, and the scouts in front were left far behind. Behind the scouts was a roaring army. Shaking, going upside down.

The gate of the camp was broken open, the horse-rejection formation was overturned, and the soldiers guarding the gate were shot dead before they could shout "Report".

Tuoba Baoji quickly put on his battle armor and rushed out on horseback, just in time to face the chasing soldiers. Before he could speak, a cold arrow came from nowhere and shot Tuoba Baoji to death.

The war has already started. Soldiers from the two sides rushed together. The sound of fire, fighting, and roaring sounded from the south of Mount Chazi, and lasted all night.

It was dawn, and more than a hundred horses were standing on the hillside. The young general in silver armor who was the leader was only fifteen years old. His handsome face was stained with a little blood, as if a rouge had been put on it, and his bright eyes shone brightly. Looking at the battlefield at the foot

of Nanshan, he said, "Order to clean up the battlefield. All the horse rations will be transported to Lingzhou and let Meng Shaoqing take over. Pass on the king's order, no matter whether Pei Shaoqing robs or goes out to hunt, from today, Lingzhou The city does not allow a single person to starve to death!"

"Yes, the county prince!"

The young man was Xiao Xun, who was said to have died a long time ago. He was riding on Feiyun Zou, wearing a silver armor and a black-faced cloak on a red ground, fluttering in the north wind.

The gate of Lingzhou City was opened, and cartloads of supplies were brought in. It was almost the Chinese New Year, and crowds of ragged people, dragging their children and their daughters, were preparing to flee the famine. At this moment, they all stopped, standing on the side of the street, watching obsessively.

After a while, dozens of large pots were set up on the street in front of the state capital, and bags of rice and beans were poured into the pot. Soldiers in thick cotton clothes stirred the pot with big sticks. The rice or beans, bursts of fragrance permeated the sky over Lingzhou City.

"Folks, line up, don't grab, don't squeeze, everyone has a share. The county prince said, don't starve to death. If you starve to death, this general will be buried with you, so it won't be short. Alone, take your time!"

Pei Ji stood in front of a large pot with a spoon in his hand. He took a sip first, and drank it before it was cold. The elderly and children come first, and the men stand behind, and no snatching is allowed, and whoever snatches it will not be given to anyone."

Tuoba Baoji's head was cut off and kept in a golden box.

At nightfall, Xiao Xun held the box in both hands, walked through the mountains, and walked to the Wuding River step by step.

The Wuding River under the moonlit night is astonishingly beautiful, like a beautiful woman with a jade body, exuding fatal temptation, sparkling, but full of **** smell that lingers for years, like a bridge connecting the world and **** space door.

Xiao Xun knelt down, lifted the box over his head, and crawled down again. After he put the box on the ground, he took the shovel from the lieutenant general and dug up on the ground.

After a while, a bone was exposed. He put down the shovel, picked up the bone carefully, put it aside, and buried the box in it.

The bones were restrained and a mound was piled up.

"Uncle, soldiers of the Han Yu Army, I, Xiao Xun, will definitely destroy Xiliang with my elder brother in this life, and avenge the 70,000 soldiers, uncle, aunt, and cousin!"

More than a month ago, Xiao Xun came out of the Red Maple Paddock. Instead of coming to Xijiang, he went to Uighur. The war between Liang and Uyghur.

He heard that Tuoba Baoji from Xiliang personally led troops to attack Lingzhou, so he had a plan, shot and killed the Uighur leader, and led the people to attack this way, finally on a dark and windy night of one month, At the foot of Mount Chiazi, they confronted the Xiliang army. After fighting for a whole night, the two armies suffered heavy losses.

Tuoba Baoji died, and the envoys led by Tuoba Lichang were buried in Dayong. Not to mention, Dayong actually sent a letter of credence, accusing Tuoba Lichang of colluding with Dayong's dignitaries in order to rebel. Xiliang can bear it or can't bear it!

In November, Tuoba Sigong personally led an army of 100,000 from Xiliang to attack Raofeng Pass. General Xiao Xun set up his tent in Lingzhou. He stood on the city wall of Lingzhou and looked to the west. The flag, the mighty army, Xiao Xun's blood seemed to be ignited.

"Bring the arrow!" Xiao Xun roared in high spirits, and the heavy bow was delivered to him. He held the bow in his left hand, and the arrow in his right hand. As soon as it was released, there was only a buzzing sound, and the arrow flew out towards Xiliang's army like a shooting star chasing the moon.

boom!

In the Xiliang barracks, the commander-in-chief flag in the middle dangled twice in the air, folded in half, and the flag fluttering in the wind crashed to the ground.

Tuoba Sigong rushed out of the handsome tent, and what he saw was the scene in front of him. His no longer young face was full of disbelief. He suddenly turned his head and looked towards Lingzhou. He saw the boy's silver armor on the city wall under the sunlight. There was light flowing like water, and a handsome and impeccable face was full of vigor and vitality, as dazzling as the morning sun.

The young man has not yet reached the crown, his crow-like hair is tied into a ponytail, blowing up in the wind, his pair of phoenix eyes are towering, and the invisible coercion, like a mountain, is pressing towards Tuoba Sigong head-on.

The first update!

Chapter 532 Raptors

The young man naturally saw Tuoba Sigong, smiled wickedly, held a bow to compare with Tuoba Sigong, and then went down the tower.

In the handsome tent in Lingzhou City, Xiao Xun sat on the first seat with his legs slightly apart. There were a total of ten generals sitting on both sides of the table. Pressing the battle, everyone felt excited and excited.

"Commander, the last general is willing to lead 3,000 troops as the vanguard to smash the Xiliang camp!"

"Commander, the last general is willing to lead 10,000 troops to attack the opponent's West Road..."

Xiao Xun raised his hand and interrupted the discussion of the generals. He stood up, walked to Kanyu map, and shouted, "Meng Shaoqing!"

"The end is here!"

Xiao Xun pointed the horsewhip in his hand at a point on the Kanyu map, "I'll give you a thousand cavalymen, can you get here at Chenshi tomorrow morning?"

This place is about three hundred miles away from here. Meng Shaoqing didn't know what to do, but he had fought several battles with Xiao Xun, and he knew that Xiao Xun used his troops to fly like ghosts, so he couldn't help being shocked, "The general is willing to issue a military order!"

"Forget about the military order. After the soldiers are counted, set off immediately. There must be no mistakes!"

"yes!"

"Pei Wujiu!"

"The end is here!"

"Defend Lingzhou City, and lead the attack after seeing the general's commander-in-chief's flag rising, otherwise, defend the city tower!"

"The last general takes orders!"

"The rest come with me!"

Xiao Xun put on his hat, walked out, and said, "One of the 100,000 Xiliang soldiers brought by Tuoba Hongxing, the Southern General of Xiliang Town, escaped. Whose army did he escape from? Responsibility, to receive thirty military sticks in front of the commander's camp!"

"Yes!" All the generals chorused like spring thunder.

At night, a total of three armies left the city from the south of Lingzhou City. After bypassing the city wall, they separated towards the east, west and north respectively. One of the cavalry teams was discovered by the opponent's scouts. Tuoba Hongxing heard Xiao Xun personally leading a cavalry to make a surprise attack, he ordered troops and generals immediately, and took the initiative to attack.

Xiao Xun only has more than 3,000 cavalry under his command, and everyone wears silver armor. This iron eagle cavalry is a cavalry team built by Xiao Xun himself. Everyone is brave and fearless.

The mighty water of the Wuding River blocked the retreat of Xiao Xun's three thousand iron eagle riders.

As the sun rose, Tuoba Hongxing saw the team in front of him stop. He was not only displeased, but also fearful. He raised his hand and shouted, "Stop!"

"Withdraw!" Tuoba Hongxing dragged out his voice, hoping to stop this moment, but it was too late.

Behind him, there was a loud fight, and on Longshan Mountain, countless Dayong soldiers swooped down, slashing at the back of the Xiliang army with long knives in their hands, and the Iron Eagle Cavalry under Xiao Xun's command had already raised their swords. The sharp-edged spear waved and slashed at Tuoba Hongxing.

Tuoba Hongxing didn't dare to fight, the soldiers protected him and made a **** road, broke through the siege, and rushed towards the camp, Xiao Xun's iron eagle cavalry followed closely behind, the black dragon on the handsome flag was terrifying, It seems to be going out against the wind.

Standing on the tower, Pei Wujiu saw the black dragon flag, knew that Xiao Xun had succeeded, he was overjoyed, he hurriedly rushed down the tower, ordered the gate to be opened, and rode his horse towards the attacking Xiliang army, shouting, " Boys, go, Xiliang is defeated, and the commander wins!"

Pei Wujiu was like a dragon entering the river, the Dayong army behind him swarmed out and directly tore the attacking Xiliang army in two.

At this time, a sharp arrow crossed the Xiliang army formation like a meteor chasing the moon, and went straight to Tuoba Hongxing. Just when the remnant army led by Tuoba Hongxing was about to join the Xiliang army in the camp, an arrow shot With a mighty force, it penetrated from his back.

Tuoba Hongxing couldn't believe it, he turned his head and looked backward, Xiao Xun raised the hard bow in his hand, and said with a smile, "What you owe will eventually be returned!"

In this battle, Xiao Xun led 30,000 soldiers and killed 100,000 Xiliang troops. The main general Tuoba Hongxing was killed by an arrow, 30,000 of the 100,000 Xiliang troops died in battle, and all 70,000 prisoners were shot and killed.

The news came back to Dayong. The emperor, who was still recuperating in the Chifeng Palace, was so shocked that he dropped the medicine bowl in his hand on the couch. He couldn't believe it, and asked Zhang Minghe, Minister of the Ministry of War, who came to report the letter again, "What did you say?"

Zhang Minghe was trembling, kneeling on the ground, sweating all over his body in the cold weather, "Lingzhou great victory, the king of Chenjun led 30,000 troops, defeated the enemy's 100,000 troops, wiped out 30,000 Xiliang troops, and shot the remaining 70,000 troops." Killed by the Wuding River, the ice on the Wuding River was melted by the blood of Xiliang soldiers, and the water in the whole river was stained red with blood, it was horrible!"

After Zhang Minghe finished speaking, he presented the memorial in his hands and handed it to the emperor.

The emperor trembled and did not dare to take it. Next to him, he stretched out a jade-like hand, took the memorial, opened it, looked at it, and handed it to the emperor, "Your Majesty, it is the memorial sent by Zhou Youjie, the chief envoy of Shaanxi. , Tuoba Hongxing was shot and killed by King Chen, and Lingzhou won a great victory!"

The emperor closed his eyes, "When did the report happen?"

Shoot and kill the captives, 70,000!

What does Xiao Xun want to do? He doesn't mind people criticizing him verbally, isn't he afraid of being recorded in history as an emperor?

It seems that I have been too lenient to this nephew to let him be so unscrupulous!

Lu Yan glanced at the time again, "If you go back to the emperor, it should be a month before the victory."

Zhang Minghe has already seen that the emperor's spirit is not good, the northwest battlefield is out of control, and the king of Chenjun is not an obedient person at all. One month has passed, who knows what will happen over there?

The emperor naturally thought of it, too lazy to ask Prince Chen, he suddenly asked, "What is King Xiang doing after returning to Beijing?"

"Returning to the emperor, King Xiang has been staying in the imperial prison. I heard that the prince of the county appeared in Lingzhou, and King Xiang doesn't care about Marquis Yiwu. These days, there is a new oiran in the Peony Tower, and the Prince of Xiang is in the Peony Tower every day. !"

"It's worthless!" But the emperor was still relieved.

Lu Yan hesitated for a moment, glanced at Zhang Minghe who was on the ground, and said, "Ji Yi Wuhou is not very good!"

"What's wrong?" A bad premonition suddenly rose in the emperor's heart, "What happened? Is there anything you can't say?"

Zhang Minghe regretted it very much, but it was too late to go out now.

Lu Yandao, "Yi Wuhou may be a little bit of a demon, he has been saying that he framed Lu Xiufu as a traitor and traitor... the emperor gave him a secret decree."

"Absurd!" The emperor was furious, "Could it be that he told me that the Marquis of Dingyuan was collaborating with the enemy and treason, so I ordered him to go to the western border to invite the Marquis of Dingyuan to come to Beijing and defend himself in front of me..."

The emperor suddenly coughed violently, Lu Yan hurriedly stepped forward, stroked the emperor's back, and said considerately, "Your majesty, please ask the princess to give the emperor a needle?"

The emperor coughed so much that he was about to spit out his lungs, he waved his hand, "Since it is, since it is a madman, no need, no need to stay!"

"Yes, I obey the order!"

The second update!

Chapter 533 Join forces

Zhang Minghe came out of Yuxiong Hall, stood on the high steps, looked at the grasslands and mountains not far away, filled with evening mist, looming, lofty and vast.

He could sense that in the future, the Ministry of War would not be a good place to stay. He hesitated, should he go to Xie Tiao and change with him? Or, he proposed to the emperor to let Xiao Xun's father-in-law Xie Yuanbai take this seat?

Lu Yan came out across the threshold and walked to Zhang Minghe's side, with a soft voice, with an indescribable bewitchment, "Master Zhang, do you still remember the war spirit who died 70,000 times by the Wuding River thirteen years ago? In the middle of the night, did Mr. He hear their voices crying for grievances?"

Zhang Minghe trembled all over. He turned his head and looked at Lu Yan. Lu Yan had already brushed off the non-existent dust on his shoulders as if nothing had happened, and walked down.

The sun shone on Lu Yan's face, and the demon in the corner of his eyes disappeared at some point, a little heroic spirit gathered, and his expression became calm.

He got the news that the situation in Western Xinjiang is very good.

Xiao Xun was looting everywhere, building high walls, accumulating grain, not only in Lingzhou, but also in several states and cities along the border.

And Xiao Xun led the soldiers under his command to rob and kill everywhere, and the entire city along the northwest was robbed by him. He hoarded the robbed grain and grass, ready for a large-scale attack at any time.

In the Border Pass area, Uighur, Xiliang, and Beiqi bordering the Dayong border, in less than two months, confronted Xiao Xun several times, not to mention not taking advantage, and almost wiped out the entire army every time.

Xiao Xun, like the scythe of death, is frightening in a short period of time.

Tuoba Sigong!

is the father's rival! Ah Xun said that he fought against Tuoba Sigong, and Tuoba Sigong used tricks; Ah Xun said that one day, they will join forces and fight Tuoba Sigong to the death!

Lu Yan looked up at the sky, he really wanted that day to come soon, he would cut off the head of Tuoba Sigong, and pay homage to his father, mother and sister, as well as 70,000 soldiers of the Hanyu Army by the Wuding River. .

That night, the emperor issued an order to drive back to Beijing three days later.

Chu Yining asked for an order to go to Lingzhou. Before leaving, Linghua sent him to the edge of the paddock.

On the day when Xie Zhiwei's accident happened, Chu Yining got the news that Linghua was bitten by a poisonous snake. Because the treatment was not timely, her life was dying, and she needed the red flame grass on Xinchui Peak to save her life.

Chu Yining went to Xinchui Peak alone without even thinking about it. He was about to climb up, when Linghua came around from behind a boulder and asked him, "What are you going to do?"

At that moment, he knew that his thoughts had been revealed nakedly, and he lowered his face, not daring to face Linghua.

Linghua dragged him to see the imperial concubine, in front of the imperial concubine, he had no choice but to express his scruples, "I am just a bastard, I dare not tarnish the princess's reputation, if I ask to marry the princess, others will not laugh at my wishful thinking, but Will laugh at the princess's self-indulgence."

Concubine Yun Gui was extremely moved, tears even filled her eyes, she nodded towards Linghua, and said to Chu Yining, "You are very worried, but a man has a dream, he should pursue it and work hard to realize it, instead of just watching I watched the girl I liked marrying someone else. I believe that your life should not stop at the prince consort. I will not choose a consort for Ling Hua within three years. I will save the opportunity of these three years Here you go, what do you think?"

"I thank the imperial concubine for her great kindness!" Chu Yining kowtowed to the imperial concubine sincerely.

He was about to leave the paddock ahead, Chu Yining reined in his horse, and he took a deep look at Linghua, "Princess, there will be a farewell to sending you thousands of miles away, and it will be very unsafe to go any further. The princess sent it back."

It was rare for Chu Yining to say a witty remark, but when Linghua heard it, she shed tears.

She handed Chu Yining an amulet she had asked for from Puning Temple, and said tearfully, "This is the amulet I asked for, and it cost 1,500 taels of silver. I beg the Buddha to bless you!"

Chu Yining stared at Linghua's face obsessively. He didn't know when he fell into her eyes. Maybe, as Xiao Xun said, he didn't know where the love came from, and it was enough to know who he was deeply in love with.

He pulled Linghua over, put her in his arms, hugged her tightly, and restrainedly patted her on the back, "Wait for me to come back!"

After finishing speaking, he turned around and got on his horse, not daring to look at Linghua again, he whipped his horse and drove away.

After he hadn't run for a long time, he saw Xu Liang waiting for him in front, he couldn't help being surprised, and didn't bother to ask, "Let's go!"

Along the way, it is also a good thing to have a companion.

Xu Liang followed behind him. Obviously, just now, he saw the farewell scene between Chu Yining and Linghua. He couldn't help being very envious, and said, "Tell me, why does Miss Xie hate me so much?"

Chu Yining didn't want to discuss this kind of issue with him, so he didn't speak all the way. After running for about half a day, Xu Liang seemed to have figured it out, "It doesn't matter, I'm back, if she hasn't got engaged, I will Just come to the door to propose marriage, if she is already engaged, then..."

Xu Liang didn't say the word "forget it" after all. He felt sore for a while, thinking, after making great achievements this time, let Ah Xun help!

If before, Xu Liang just wanted to bind Xiao Xun tighter, but now, he really wants to marry that stubborn girl who hates him very much.

Linghua's whole body seemed to be taken away by someone. On the way back to Beijing, she stopped riding the horse and just leaned in the car, listless.

Xie Zhihui was sitting in the elder sister's car. She lifted the curtain and looked out the window. When she wanted to come, she and the elder sister rode horses together, racing horses with others, and there were bursts of laughter on the official road.

At this time, there is only the sound of rumbling wheels rolling over the road.

"Big sister, Dayong and Xiliang are fighting, will we win?" Xie Zhihui didn't know what she was worried about? It seems that a heart is empty.

"Will do!"

Xiao Xun sent her two letters, which said a lot of things that were not written in the mansion newspaper. He will come back in the spring. He has asked King Xiang to go to Qin Tian to monitor the date and set a date for their wedding. down.

On the seventh day of December, the emperor's car drove into Nanxun Gate, and when he heard familiar shouts from outside the carriage, and the laughter of spectators from the restaurants on both sides, everyone felt like they were dreaming.

At Shen Shi, the carriage entered Xiaotianshuijing Street, the door of Xie's house was open, and Yuan Shi led the whole family, young and old, waiting eagerly.

Xie Mingxi saw her sister's Zhu Lun Zhu Wei car coming, jumped up for joy, and shouted from afar, "Big sister, big sister!"

Xie Zhiwei ordered people to stop the carriage, she couldn't wait to get out of the car, ran towards her younger brother who rushed over, and hugged him in her arms, "Brother Xi, my sister misses you so much too!"

The third update!

Chapter 534 Go home

When they arrived at the gate, Mrs. Yuan had already led Mrs. Qian and sister Qian, and Mrs. Ying surrounded her. With tears in Yuan's eyes, she held her daughter's hand, looked her up and down, and said, "Listen! Said that you almost had an accident, and my mother was scared to death, but fortunately, nothing happened, just come back!"

Xie Zhi smiled and said, "Daughter is fine, it makes mother worry, it is daughter who is not filial!"

Sister Qian and Sister Ying finished talking with Xie Zhihui, and they came over to greet Xie Zhiwei, chattering around Xie Zhiwei, almost pushing Xie Mingxi out, Xie Mingxi pushed the two sisters desperately, "You are about to step on me!" !"

Xie Mingxi grew a lot taller in two or three months. Xie Zhiqian was annoyed that he kept dominating her eldest sister, and said, "You are almost as tall as me, how can we step on you? Brother Xi, let me tell you, big sister Your sister is not yours alone."

The two almost got into a fight.

Mrs. Yuan and Mrs. Qian pulled Xie Zhihui to talk, "Your mother is in good health. Aunt Yu usually takes care of the second bedroom. Sister Ying can also help. Now that you are back, I will leave it to you."

"Thank you, uncle, thank you, Third Aunt." She looked around, but did not see Haishi, so she asked curiously, "Where is Fourth Aunt?"

"Your fourth aunt is pregnant, and the pregnancy is not very good. She vomited, vomited and ate, tossing and tossing. Waiting for your eldest sister to come back, and see if there is any way." Yuan said happily, adding to the family. , is really a happy event.

Xie Zhihui was also very happy when she heard it, and called her sister, "Big sister, let's go in!"

A group of people entered through the east corner gate, first went to Ningxin Courtyard to see Haishi, the two sisters met Haishi, Xie Zhiwei felt her pulse, and said with a smile, "Congratulations to my fourth aunt, it's only been less than two months, always If it's going to be a toss for a few days, my fourth aunt will bear it first, if I really can't eat anymore, I will help my fourth aunt find a way."

Qian said from the side, "Should I prescribe some anti-fetal medicine? Didn't the doctor say that the fetal position is unstable?"

"It's only been less than three months, and it's the time to conceive. Usually, accidents are prone to happen at this time, so the doctor said try to be careful, but in fact, there is no need to be so cautious, just do whatever you want in daily life. Now that I'm back, Don't worry about Fourth Aunt, I'm here anyway!"

Hearing this, Hai Shi couldn't wait to get up from the bed, "I'll tell you the truth, I've been lying on this bed for almost half a month, your fourth uncle, all the daughters-in-law and maids in the house are all like me." Severe illness, no matter how good my appetite is, I'll be lying down."

A group of people came to Fuyun Courtyard. The boys drove the car over and were unloading the boxes and cages from the car. The women carried them into the yard. Xie Mingxi was directing which ones to carry to Yizhao Courtyard and which ones. Go to Yiranju.

Seeing Xie Zhiwei coming, Xie Mingxi threw himself into Xie Zhiwei's arms, "Big sister, you brought me a box of weapons!"

"Yeah!" Xie Zhi smiled, "There are also some furs that I bought in the town. I thought they were pretty good, and they came from the north, so I bought more. These three boxes, Fuheyuan , Third Aunt, and Fourth Aunt each have a box, all of which are of excellent fur, so it's good to keep them for trimming or make a few jackets."

Qian Shi said, "Young lady, she has been out for a trip, so many good ones have been sent back. Last month, she pulled over ten carts and came back. Don't they also have several good leathers in them? This time I bought leathers and came back. , otherwise, the eldest girl can keep it for herself!"

"I have it myself!" Xie Zhi smiled, and her brother stood beside her, and she patted his head.

Just now, my younger brother lost a quarrel with two cousins, and she was a little unhappy at the moment, so she bent down and coaxed her younger brother, "When the weather is warmer, my sister will take you to the Zhuangzi last time, and we will pick wild Eat the fruit!"

As soon as Xie Zhiwei finished speaking, Xie Zhiqian came over and said, "Big sister, shall we go with you too?"

Xie Mingxi felt even more lost when he heard that, and said, "I'm not going to Zhuangzi, I'm going to the racecourse!"

"Okay, let's go to my sister's racecourse, let's go horse racing!"

Xie Mingxi was overjoyed, and said to Xie Zhiqian, "Sister, can you ride a horse? If you can ride a horse, can you outrun my Feidian?"

Xie Mingxi has two good horses, one is a pony that Xie Zhiwei bought for him from the horse market, because it is not yet one and a half years old, Xie Yuanbai asked Xie Mingxi to take good care of it first, so that it does not run away, Xie Mingxi is very precious, Let his mother specially ask a young servant who raises horses from Yuan's house to serve him.

The other one was a three-year-old horse that Xiao Xun bought for him. It was snow-white and had four yellow hooves. It was named Fei Dian. It was a mare with a docile temperament. Everyone in the family is very envious of the brothers.

Xie Zhiqian was so angry that she wanted to raise her hand to knock him on the head, so Xie Mingxi proudly hid behind her sister, showing a small face, and smiled maliciously, "Sister, if you don't fight me for the eldest sister, I will make a big fuss." Kindness, how about teaching you how to ride a horse?"

"No, I'm too lazy to talk to you!" Xie Zhiqian rolled his eyes at him.

Seeing that the third sister was defeated, Xie Mingxi was overjoyed and walked around in front of Xie Zhiwei, climbed up to her lap, and sat on Xie Zhiwei's lap.

Xie Zhiwei was afraid that he would slip down, so he took his younger brother, who was as heavy as a scale, and pulled him into his arms.

Xie Mingxi became more and more proud, and kept looking at Xie Zhiqian and Xie Zhiying, with a proud face, his eyes were full of provocation, and he wrote brightly, I am still the most favored!

Xie Zhiqian and Xie Zhiying saw their teeth itching, but there was nothing they could do about him. Could it be that they are so old, and they still go to the big sister's arms?

Yuan Shi was so angry that she really didn't understand why she raised such a son. Not very smart, but a lot of little smart, and also a little inferior. The Xie family must not have such a stupid and cute person. Could it be that this is a son like Yuan people at home?

In the future, if Xianggong and father-in-law see Xie Mingxi's appearance like this, will they dislike him?

What about the eldest grandson!

The family sat together and talked for a while, and the kitchen asked when the banquet would start, and the two sisters-in-law Qian got up and said that they would go back to the room for a while, and let Xie Zhiwei and sisters go to freshen up first.

Xie Mingxi jumped down from Xie Zhiwei's lap and took Xie Zhiwei's hand, "Big sister, let me take you back to the yard!"

In the five main rooms of Yizhaoyuan, earth dragons had already grown up. At night, snowflakes floated in the sky, but the room was warm as spring. Xie Zhiwei only felt that the pores of his body were stretched out, thinking to himself, Still at home.

"Big sister, I heard that my brother-in-law is going to war. Is this true? They say that brother-in-law is a bad guy who kills prisoners. Is brother-in-law a bad guy?" Xie Mingxi was a little confused. In his eyes, brother-in-law is a famous hero, and a hero is a good guy !

Today's update!

Dear friends, thank you for your support! If you have a vote, please vote!

Chapter 535 Torn

Xie Zhiwei is vigilant, next year the spring will open, and this winter, many students will come from all over the country, gather in the capital, discuss state affairs, critique current affairs, and publish some high-spirited speeches that do not have any effect on the family and the country, but bad things will. More than enough.

She touched Xie Mingxi's head and said, "Do you think your brother-in-law is doing right or wrong?"

Xie Mingxi frowned and thought for a while, "I think brother-in-law did the right thing. Since he is an enemy, he will beat you to death immediately. If you let him go, he will beat you secretly next time. Just like the fourth aunt The Fifth Young Master of my family, he fought with me, but he couldn't beat me, so I let him go, and he secretly tripped my feet with a stick, fortunately, I had a steady foot, or I would have fallen."

Xie Zhiwei was delighted, but at the same time felt sorry for his younger brother, "Brother Xi is really smart, that's the reason. Xiliang and Dayong are feuds and have fought for many years. If your brother-in-law doesn't scare Xiliang this time, they will Always tripping up your brother-in-law's back, who can spend their whole life guarding against thieves?"

Xie Mingxi was relieved, he waved his small fist, "If anyone speaks ill of my brother-in-law in front of me again, I will fight him!"

Xie Zhiwei patted his younger brother's head, "That's not necessary, there is no need to have such a verbal dispute with criminals, even if you win, what's the use? You study hard now, practice riding and shooting hard, and when you grow up in the future, you can make great achievements. !"

"Well! I listen to my sister!" Xie Mingxi was extremely well-behaved.

Just at this moment, a voice came from under the eaves outside, "Bad, bad!"

Xie Mingxi hurriedly jumped up, "Sister, the marshal has come to see me, I'll go and see, what is it going to do?"

In the Dongji room, I heard Xuantao exclaim in surprise, and then cursed, "General, look at what you have done. You almost broke this glazed vat. If you do that again, I will beat you!"

Xie Zhiwei's heart became very calm in an instant. She watched her brother run into the yard, the parrot hovered above his head, shouting "bad bad", while flying outward, snowflakes fell on the heads of each person and bird, It looked so peaceful and beautiful.

Xie Zhihui went back to Fuhe Courtyard to greet Xiao Shi, but Xiao Shi didn't let her in, so she knelt on the ground outside under the eaves of the porch, kowtowed to Xiao Shi three times, and then returned to Yiranju.

As soon as they entered the yard, they heard laughing and talking from inside. Xie Zhiqian and Xie Zhiying were looking at the skins they were allotted.

Hearing the servant girl's announcement, the two hurriedly got up and greeted her. Seeing Xie Zhihui, they held her hand and said, "Second sister, come here quickly. Is there anyone in this bag that you fancy?"

Xie Zhihui shook his head, "Keep it for yourself, you won't need it for a while, it's not easy to break, let the maids keep it, and it will be useful when it's useful. I went with the big sister, and the big sister will short me of?"

"Is Second Aunt okay?" Xie Zhiqian couldn't help asking, "Second Sister, I said, don't be sad, I heard from my mother that Second Aunt invited people from Zhongjing Palace to come a few days ago, and later I heard that The second aunt asked Princess Zhongjing to find a marriage for the second sister, and I heard that Princess Zhongjing and the second aunt discussed that the eldest son of Prince Zhongjing's mansion would marry our family."

It means that Princess Zhongjing is going to promise Xie Zhihui to the eldest son of the palace. After all, Xie Zhihui is also the daughter of the second wife of the Xie family, so how could she marry a concubine?

The two sisters Xie Zhiqian looked at Xie Zhihui nervously, who knows, she just smiled, "She is wishful thinking, my marriage, not to mention my grandfather and father, my eldest sister would not agree to it, she is dreaming!"

At this point, Xie Zhihui only had superficial affection for Xiao Shi. With grief and indignation hidden in her heart, she went to the small building where she lived, asked the maid to bring hot water, and took a good bath.

Mingyue went to the palace with Xie Zhihui this time, and she became more sophisticated in her work. She was instructing a few maids in her house to pack up the boxes. Liu Xing tsk-*tsk* on the side, "Young lady went out this time, and she came back with more than ten boxes and boxes. It's too much."

"The ones that should be stored in the warehouse, among other things, these three boxes of leather should be kept well, and they can always be used in the future." Mingyue whispered to Liu Xing, "Look at the second wife who doesn't treat the girl as a return now. It's over, I don't know why I hate the girl for not helping her, and the girl can only rely on herself."

Liu Xingdao, "Isn't there still a big girl? When that time comes, the eldest wife and the fourth wife will definitely help out, so don't worry about it."

"That's the same thing." Mingyue said, "Didn't you see that this time the second girl went out with the eldest girl, and she didn't spend her money, but she got a lot of money!"

The two talked and laughed. After Xie Zhihui came out, the house was tidied up. The winter clothes prepared for her at home were still new. She wore a moonlight satin embroidered magnolia butterfly jacket and went out. It was perfectly done, snow-white, making her face with flowers on her cheeks and her eyes like a painting, making it even more delicate and beautiful.

That night, Xie's family banquet was held in the big flower hall behind the main hall. Several braziers were placed in the room, and the banquet hall surrounded by screens was steaming. The whole family was in a good mood, laughing and laughing.

Lu Qiling also came and brought good news, saying that Xie Sanniang was diagnosed as pregnant, and she didn't dare to come because the road was slippery.

After drinking for three rounds, the tables of the wives and girls are still talking about the leather that Xie Zhiwei brought back, what kind of leather goes with what material, what style of clothes look good, and the table of the men is already talking about Xiao Xun shooting and killing Xiliang It's about the captives.

Xie Tiao just came back when he heard Lu Qiling say this. He was very upset and asked, "Who started it all?"

Lu Qiling said, "Do you still remember Zheng Tonghe, the former Imperial Academy offering wine? Zheng Tonghe's daughter had done a good job with the third prince in the palace. Although the emperor ordered Zheng Tonghe to marry his daughter to the third prince as his concubine, Concubine Zheng Rong It is really an anecdote through the ages that she forced her niece to commit suicide in order to vacate the position of the third concubine."

The censors swarmed up and kept impeaching Zheng Tonghe's adopted daughter for not teaching. How can Zheng Tonghe still sit firmly in the position of sacrificial wine?

Of course, there is also Xie's handwriting in this, if Concubine Zheng Rong doesn't provoke the girl of Xie's family, it will be fine, but Xie Tiao can bear such vicious thoughts.

Zheng Tonghe lost the place of sacrificial wine. The girl of the Zheng family was ashamed to see people, and it was said that she was driven crazy. of.

This can be regarded as tearing the face.

Zheng Tonghe is upright and has a good knowledge. He was originally an excellent talent for offering sacrifices to wine, but unfortunately, his married daughter held him back. In a fit of anger, he submitted a letter of resignation, thinking that the emperor would stay for a while. But who knows, without staying overnight, the booklet will be approved and sealed, and he will have to resign even if he does not refuse.

The first update!

Chapter 536 Killing General

All the unlucky things in Zheng Tonghe's life have gathered in the past six months. His official career is gone, such scandals happened in his family, and he is not good at making a living. He has lived on his salary all these years, and his family has no overnight food. Once he resigns, life is lost, and the capital can no longer survive.

Zheng Tonghe is no longer the upright scholar he used to be. Now that he can't find a profit, he just wants to ask for a name. As soon as Xiao Xun ordered the shooting of the captives, he expressed his opinions loudly in the teahouse and restaurant, and gave Xiao Xun the name of tyranny, calling him "Killer".

Xie Yuanbai snorted coldly, "Perhaps the world has forgotten how Xiliang once surrounded and wiped out my 70,000 Hanyu army. What happened today is just a reward for the past!"

Because it was a family banquet, Xie Yuanbai didn't shy away from speaking, but Xie Tiao still raised his hand to silence him, and said to Lu Qiling, "I don't know what the emperor thinks, but we must guide this matter. Gold, accumulate and destroy bones, we have to guard against the future."

Lu Qiling said, "Yes, my uncle is right to worry, and I will leave this matter to my nephew!"

Xie Yuanbai got up and saluted Lu Qiling, "Then you have worked hard, cousin!"

When Lu Qiling went back, Xie's family prepared a cart full of presents, which were for Xie Sanniang. When he returned home, he asked his mother-in-law to unload the boxes and cages into the yard. Xie Sanniang hurried out when she heard the movement, and when she saw the boxes and cages in the yard, she couldn't help asking, "You went to my mother's house to drink, and you went there empty-handed and didn't say anything, but you even brought it home, which is really cheap for your Lu family."

Lu Qiling clenched her fists to cover her lips, and said with a smile, "I can't blame you for this. I heard that it was a gift from sister Wei. There is a box of good leather. I took a look and it was top-grade. Didn't you say you were afraid of children?" I was born, I didn't have a good skin, now I have it."

"Who uses new leather to make clothes for children? I heard from my sister-in-law that children are pure yang bodies, and they are very angry. Try not to use new materials."

Xie Sanniang said while picking up a solid-colored wolf fur with no stray hairs in the cage, and compared it to Lu Qiling, "I will make you a big cloak with this one."

Seeing that the leather was thick and not light, Lu Qiling took it, put it in the cage, held Xie Sanniang's cool hand and went into the room, he smelled of alcohol, Xie Sanniang sniffed it, turned around and vomited, pushing him, "Go and wash up, I really can't smell anything."

Lu Qiling hurriedly stood a little further away, reluctant to leave, and said, "I heard from Shiro and Sister Wei, if you don't vomit very badly and your body is weak, you should bear it first, and you will be fine in three months."

Xie Sanniang no longer wanted to talk to her husband-in-law, so she asked her mother-in-law to help her in. She sat on the kang in front of the window and watched through the window as the mother-in-law carried boxes and cages into the house, which contained food and drink.

Although there are not many people in the Lu family, the husband and wife are all in the hands of her. There are no in-laws at the top, no sisters-in-law in the middle, and no sister-in-law at the bottom. It's a good point, but it's still very heartwarming to be remembered.

The next day was Laba. Early in the morning, under the eaves behind the main hall, Laba porridge was boiled in several large pots.

Outside, Xie Mingxi's voice came. Today in Laba, the school is over. He woke up early in the morning and was talking to Zimo. He asked her, "Is the paddock very big? Are there any big bears?"

Zi Mo quickly said, "Going back to the fifth young master, the third son of Chu in Nan'an Bofu hunted a big bear, it is big and heavy, even taller than the third son of Chu, but that bear is not something ordinary people can hunt, servant girl look at it Then, when the Third Young Master Chu came back, he was completely exhausted."

"That's it!" Xie Mingxi thought for a while, and said, "The big bear looks stupid, but it is actually very flexible. I heard from my brother-in-law that hunting dogs and bears must shoot in the eyes and cannot be touched by it. His skills are very flexible, his arrows are precise, and his arrows are strong enough to kill him with one blow. Sister Zi Mo, can you see how the third son of Chu hunted down the bear?"

"Fifth Young Master, it's too difficult to be a slave. The slave is a layman, but I really can't see these tricks. The third son of Chu went to the battlefield in the western border. Or, when the third son of Chu returns, the fifth young master will ask in person?"

"Well, that's all there is to it!" Xie Mingxi was serious, and he looked into the inner room impatiently, "Why hasn't my sister woke up yet? Isn't she hungry?"

Xie Zhiwei rang the bell, and Xie Mingxi jumped up for joy. He rushed to the door, thinking that he was a man and should not enter a woman's inner room, so he stood at the door and shouted, "Sister, are you up yet?"

"Get up!" Xie Zhiwei replied inside, and Xuan Tao hurried over to help her get up.

After washing up, Xie Zhiwei came out, Xie Mingxi hurriedly took her sister's hand, "Sister, let me have breakfast with my sister today!"

As he said, he told Zi Mo like an adult, "Sister Zi Mo, serve the breakfast!"

The two siblings had a happy breakfast, and Xie Mingxi asked her sister, "Big sister, do you have any plans for today? Otherwise, let's go for a run!"

The little guy must have been at home for too long. This time the emperor Qiushou, not only Xie Zhiwei and Xie Tiao accompanied him, but Xie Yuanbai, as the commander of the three battalions, was also responsible for the emperor's safety, and went to the paddock together.

Xie Mingxi was at home with his mother, and Yuan was busy with family affairs every day, so naturally he didn't have time to take him out to play.

Although the snow stopped outside and the sun came out, the ground was muddy, and horses could not run. Xie Zhiwei was wearing extra thick clothes and was leading his younger brother to go out. The mother-in-law on the second door sent a post, and the palace of the Princess Dagon sent it I ordered Laba porridge, and sent a post, inviting Xie Zhiwei to go to the princess's mansion for a horse race in the future.

The post was sent in the name of Zheng Jingshuang, but Xie Zhiwei thought that it might not be so easy to play in the Princess's mansion this time.

"I can't run today, and it won't snow in the next few days. Good day tomorrow. I'll take you to the Princess's mansion, okay?"

Xie Mingxi frowned and made the final calculation. The day after tomorrow will just take a bath, and the ground is indeed muddy. If he runs and falls, he will be fine, so wouldn't Feidian be in trouble?

Xie Mingxi nodded his head, "Yeah, my sister will take me to a horse race in the future."

The Yuan family is distributing Laba porridge here, and they want to send it to relatives and friends. After asking Xie Zhiwei, Zimo has already sent over the list of gifts to be sent in previous years. Princess House.

In the evening, when Lu Yan returned from the palace to Lu's house on the old Caomen Street, the father-in-law of Mi Tuan brought over the hot Laba porridge, served with a few side dishes, and said, "Today's Laba porridge was sent by Xie's family. It's moderate, the Lord has a taste."

The second update!

Chapter 537 Heli

Lu Yan ate a bowl of Laba porridge with side dishes, and the rice ball father-in-law served tea and removed the table.

Lu Yan drank a cup of tea and asked, "Who brought it here?"

Eunuch Mi Tuan mourned for Du Yuan in his heart, and had to say truthfully, "The words returned to the governor were sent by Miss Xuantao."

Lu Yan smiled. In the past, the Xie family came and went to and from the Lu residence were Du Yuan and Du Yun. Since he detained Du Yuan and sisters in Yunshanju last time, Xie Zhiwei would not arrange for Du Yuan and sisters whenever there was anything. It is to guard against him!

Xie Zhiwei had an accident in the palace. After all, he was still to blame. It was not that he had no other candidates, but he didn't think carefully, and let the two little girls follow her, which almost turned into a big mistake in the end.

Lu Yan closed his eyes, feeling terrified, "Where is Dou Xiuniang?"

Eunuch Mi Tuan hurriedly said, "I should be able to enter Beijing tomorrow, and my slave will arrange for Dou Xiuniang to enter Xie's Mansion."

Two days later, at the time of Xiumu, Xie Mingxi came to Fuyun Courtyard early in the morning to knock on the door. Yuan Shi was woken up and asked, "Who is it so early in the morning?"

Last night, Fuyun Court asked for water twice, and Yuan Shi was so tired that she didn't even have the strength to breathe. She knew it was dawn and couldn't get up, so she was a little impatient.

Xie Yuanbai heard the sound from outside and knew that it was his son. He got up, got dressed, washed himself, and went out. Seeing that the little guy had already come in, he looked at the sky, saw that it was five o'clock, and asked, "What are you doing up so early?"

"Responding to what my father said, my sister said that studying and practicing martial arts should be seized. My son has already punched, squatted, and memorized a book before he came here. Father, are you and mother sleeping late?"

Ms. Yuan covered her face and couldn't sleep at all. When she got up, she complained to the maid who served her, "I really raised a debt collector!"

Xie Zhi got up at Weichen, and Xie Mingxi was waiting for her again. After breakfast, the siblings came to Princess Dagon's mansion in a carriage. Zheng Jingshuang personally came to pick her up at the second gate, and said, "Mother is waiting for you in the upper room, Taiping The eldest princess is here, and my mother asked me to tell you that what the eldest princess Taiping wants to tell you has nothing to do with my mother, she just wants to invite you to play."

Xie Zhiwei knew what was going on, she smiled, and took her younger brother to the room to greet the two princesses. This was the first time she saw Princess Taiping, a royal princess who had been suppressed by her son-in-law all her life and could not hold her head up. , wearing a fragrant-colored satin embroidered plum-blossom bat golden group longevity pattern, and a golden hairpin with a phoenix bird and a parrot cage on his head. His face looks a bit old, but his eyes are radiant and majestic.

Princess Dagon was sitting at the bottom. She was wearing a green tapestry and plum pattern inlaid mink velvet clip, and she was wearing the eight-treasure golden phoenix hairpin on her head. When she saw Xie Zhiwei and her brother coming in, she hurriedly smiled and said, "Come here, I'm here!" I said I invited you to play a long time ago, but I have never had a chance, this is your brother? He was born really well, siblings came out of the same mold."

Princess Dagon said that she asked someone to bring up a meeting gift for the siblings, a pair of large and small fish-shaped jade pendants, high-quality mutton fat white jade, the large one carved into a

group of fish and lotus, and the small one The first one is the pattern of dragon head and fish body, which has a very good meaning. The jade is of high quality and the carving is extraordinary.

The siblings thanked each other, and Princess Taiping removed a jade hairpin from her head as a meeting gift for Xie Zhiwei, tore off a jade pei from her body, and sent Xie Mingxi away.

Princess Dagon glanced at her, with imperceptible contempt in her eyes. Seeing that Xie Mingxi was a bit reserved, she asked someone to call Zheng Jingyan, and said to Xie Mingxi, "You follow your brother Jingyan to ride a horse. Your brother Jingyan is very good at riding and shooting. Yes, let him take you to play, let your sister talk with us."

When Xie Mingxi heard this, he was overjoyed, and said to Princess Dagon, "Your Highness, the minister came today and brought Feidian, I will compete with brother Jingyan, if he wins me, I will show him Learn, the master who taught me is the king of Chenjun, he is very capable!"

Princess Dagon was amused by him and burst into tears, "Oh, you little devil, I haven't seen such a fun child in many years."

Princess Taiping disapproved, sneered, and didn't say much.

Xie Mingxi followed Zheng Jingyan and left, walked into the yard, and was still listening to him say, "Brother Jingyan, why didn't you go to Xijiang? The king of Chenjun has gone to Xijiang, and I will go to Xijiang when I grow up."

Princess Dagon stood up, and said to Xie Zhiwei, "Princess Duanxian, you can stay here for lunch today, I will go to change clothes first, and let the eldest princess have a few words with you."

Xie Zhiwei hurriedly got up and said, "Yes, princess please go ahead!"

In the room, only the eldest princess and her nanny were left, as well as Xie Zhiwei and sisters Du Yuan. The eldest princess glanced at Du Yuan and the two with dissatisfaction. Xie Zhiwei pretended not to see it, and said, "I don't know what orders the Eldest Princess has? Duan Xian, these two maids, are very well-behaved. Duan Xian once brought them into the palace, and they never left her side."

Princess Taiping took a deep breath, endured it, and when she calmed down, she said, "Princess Duanxian, you are now the daughter-in-law of the royal family. Since ancient times, when it comes to marriage, people in the world have talked about persuasion and not persuasion.", about the marriage between your eldest cousin and my grandson, I thought you would try to persuade me to make peace."

Xie Zhiwei picked up the teacup, took a sip, and said with a smile, "Princess Eldest Princess, my eldest cousin is physically damaged, and may never have children in this life. This is all thanks to Mrs. Shizi. There is such a mother-in-law. Who would be willing to send their daughter there to be ruined? Eldest princess, to make an inappropriate analogy, if in the future, Sister Qinghan does the same, I wonder what the eldest princess will think as a great-grandmother?"

"They are all raised by their biological parents. Duan Xian is here to plead for the eldest cousin's life, and also ask the eldest princess to see that my eldest cousin has shown filial piety in the past three years. For Cheng Huan's sake, let my eldest cousin live!"

After Duan Xian finished speaking, he stood up and bowed deeply to the Eldest Princess!

Even though she knew she was unreasonable, the eldest princess was still furious at being so persecuted by a little girl from Duanxian. She didn't pay attention, but took a sip of tea to calm her anger, "Dayong has never You are also a person who has read a lot of poetry and books, and you must know it too!"

Xie Zhiwei raised his eyelids and said, "Princess Dachang, the Cui family and the Xie family are not rich and powerful, if life is not going on, even ordinary people would not be willing to sell their sons and daughters, let alone the Cui family and the Xie family. ."

Seeing Princess Taiping's angry face, Xie Zhiwei didn't care, "If it weren't for Duanxian's extraordinary medical skills, the life of the eldest cousin would have been lost to the Hou's mansion long ago. Speaking of which, the empress had overdone the marriage back then. Who would have expected that it would end like this. Before Duan Xian went to the palace, the empress asked about this, Duan Xian also told the truth, the empress sighed, and said that she would see her eldest cousin someday."

See you in the future, let's talk about it, Xie Zhiwei put the words here, but Princess Taiping couldn't help but think about it.

Chapter 538 Shame

Princess Taiping left angrily, and Princess Dagon was a junior, so she sent her cronies and mothers to see her out.

Zheng Jingshuang asked Xie Zhiwei what Princess Taiping said to her, and she was also very curious to see Princess Dagon, Xie Zhiwei did not hide anything, and told about Cui Nanwan, saying, "Mrs. , who dares to marry into Xuandehou's mansion?"

Princess Dagon said, "Speaking of which, my aunt is too soft-tempered, and she cherishes her reputation, for fear of being called an evil mother-in-law, and she is too conniving to the Dahan family."

Xie Zhiwei knew that Princess Dagon was putting gold on Taiping's face when she said this. Taiping is a princess who is not favored by the emperor. How can she suppress the Dahan family?

At the moment, Xie Zhiwei didn't say much, Princess Dagon skipped this section, smiled and said to Xie Zhiwei, "I heard that you have a good chess skill, I wonder if I will have the honor to play a game with you?"

Zheng Jingshuang is also a chess lover. Xie Zhiwei played chess with Princess Dagon, and she watched the game from the sidelines.

Princess Dagon's chess style is open and close, and Xie Zhiwei admires it very much. Although the two are not evenly matched, Xie Zhiwei also plays extremely restrained because he wants to observe the princess's chess style. He played a game of chess for nearly an hour.

It was already noon, and Zheng Jingyan and Xie Mingxi had a table of noodles in the front yard.

Xie Zhiwei was hungry, so she quickly cut through the mess, changed her gentle style of chess, and killed fiercely, quickly ending the game.

When Princess Dagon saw Xie Zhiwei's three or two chess pieces, she had nowhere to go, and she couldn't help being shocked. Only then did she know that Xie Zhiwei was just playing with her. Standing up, "Sure enough, the reputation is well-deserved. Another day, when you are free, come and play with your Sister Shuang more often. I want to fight you again!"

Xie Zhi smiled and said, "Duan Xian has something to ask!"

"But it's okay to say!"

"I heard that the eldest princess is very good at riding swords and arrows. I wonder if I can give Duan Xian a lesson or two?"

"Oh, don't tell me you want to go to the battlefield with the king of Chenjun in the future?"

Xie Zhi blushed slightly, and lowered his head slightly, "Duan Xianzhi, at Duan Xian's current age, it's a bit late to learn these things, but one more skill, a little more confidence, and more skills will not overwhelm you."

The future of Western Xinjiang will definitely not be peaceful.

"Okay, I will teach you how to practice martial arts, and you can play chess with me. As for apprenticeship, there is no need!"

"Thank you, Your Royal Highness, Princess!"

After lunch, Princess Dagon taught Xie Zhiwei to squat, "From now on, you will get up early every day and face the east to squat, first for a stick of incense, and after you have squatted for a stick of incense easily, I will teach you how to squat." you other."

"Don't underestimate squatting. It's hard work. After squatting for a year, you will know the benefits. You are too young to realize it. In the future, when you reach the age of having children, you will know It's good."

Xie Zhiwei was too shy to speak, and Zheng Jingshuang was also shy, "Mother, what are you talking about with Sister Wei?"

Princess Dagon laughed loudly. Her skin was more radiant than snow, her eyes were like lightning, wanton but not arrogant. It seemed that no matter how time changed, she would always be the noble and flamboyant first princess.

On her alone, there seemed to be the light and shadow of three people.

After noon, Princess Dagon wanted to take a nap, Xie Zhiwei said goodbye to his younger brother, Zheng Jingyan and his sister sent them out of the house.

On the way back, Xie Zhiwei's carriage stopped and went, and her younger brother was drowsy in the carriage. She was a little impatient and asked Uncle Zhu, "What's going on outside?"

Uncle Zhu leaned against the wall of the carriage, and said in a low voice, "Back to the elder girl, I don't know what happened, there are suddenly more refugees on the street!"

Xie Zhiwei looked out through the gap in the curtain of the carriage, and sure enough, he saw ragged, sallow and emaciated refugees with dull eyes along the street.

When she went, she never saw so many refugees. It seemed that these people popped up from the ground in an instant.

Back home, Xie Zhiwei made a special trip to Qijianzhai. Grandfather Xiu Mu was at home. When he heard that Xie Zhiwei was coming, Xie Tiao hurriedly asked Shen Shuang to invite her in.

"Grandfather, my granddaughter just came back from Princess Dagon's mansion, and suddenly many refugees appeared on the road. Is there a disaster?" Xie Zhiwei asked with concern.

Xie Tiao was worrying about money. Fortunately, Fuzhou set up a shipping department in advance. In less than two months, he sent 100,000 taels of silver to solve the emergency. Nowhere.

On the northwest side, the distillery earned more than 200,000 taels of silver in just one cold winter, and gave the emperor's part to the emperor. After adding another 10,000 taels of silver, the rest was sent to the northwest.

This can be regarded as a solution to Xie Tiao's urgent need.

"Haizhou, Xuzhou, Zhengzhou... There are more than ten prefectures in total. It has snowed heavily for more than 20 days, and the snow is more than ten feet deep. Countless people died of freezing, and countless people died of starvation."

Xie Tiao said that tears filled her eyes, Xie Zhiwei was shocked and ashamed, she had no impression of these things in her previous life, at that time, she had already been given a marriage, and every day she was thinking about how to please her husband in the future, putting her mind to it. They are all placed in female celebrities, piano, chess, calligraphy and painting, and even the family members don't care about it. How can they care about the national economy and people's livelihood?

On December 20th, the eldest prince got married. The emperor originally wanted to hold a grand ceremony, but Concubine Yun Gui refused because of the snowstorm in more than ten state capitals. But by no means shabby.

Three days later, the second prince and the fourth prince got married on the same day. The emperor saved his troubles. The ministers were so busy congratulating each other and drinking wedding wine. Not to mention, it's extremely embarrassing.

The concubine concubine and the concubine of the fourth prince entered the door on the same day, and the three of them paid homage together. This caused a sensation in the capital, especially since the concubine concubine was Xie Tiao's granddaughter, Xie's family became the object of discussion for a while.

Xie Zhiwei was shocked when he heard about this, but he was able to accept it very quickly.

In the previous life, Xiao Changxuan did everything in order to show Xue Wanqing's face. First, he was childless and became a concubine. Later, after pretending to be serious and serving the bed, he was named a noble concubine because of "serving the bed". After that, he was not satisfied with the

concubine's status. The title of the first name, after she was abolished and thrown into the limbo, she was quickly sealed.

Xie Zhi smiled slightly, not taking it seriously.

But Hai Xueyun, who entered the fourth prince's mansion, was different. She never dreamed that she, the dignified concubine, would enter the door together with the concubine concubine, and the three of them would pay homage together.

During the wedding ceremony, she sat on the wedding bed, and no one came to lift her hijab at midnight.

The dowry nanny pushed open the door and came in, a gust of cold wind swept in, Hai Xueyun shivered all over, she raised her head with a little hope in her heart.

Nurse closed the door and came in, whispering, "Fourth Prince's Concubine, servant girl heard that His Royal Highness Fourth Prince has rested there, and will not come tonight."

Hai Xueyun couldn't bear it anymore, tears rolled down like a river breaking a bank, she pulled off her hijab, "Xue Wanqing, I can't spare you!"

Today's update!

Dear friends, ask for a ticket!

Chapter 539 Obedience to husband

In the west courtyard of the Fourth Prince's Mansion, Xue Wanqing's hijab was lifted off by Xiao Changxuan with a wedding scale, and the red wedding candles illuminated the new house bright red. Xue Wanqing's originally unparalleled beauty, like a pink peony in full bloom, Intoxicating.

Xiao Changxuan's face is full of joy, he and Qing'er are finally married couple, no matter what the emperor and the world think of Qing'er, in his eyes, Qing'er is his serious wife.

Xue Wanqing's heart was full of sadness. She actually wanted to pay homage to her man with other women. For a modern person like her, it was a great humiliation.

"Qing'er, what's the matter? Why are you upset? Don't you want to marry me?" Xiao Changxuan asked nervously.

"Your Highness, as long as I think that I am visiting you with other women, I feel very sad." Xue Wanqing also knows how to capture a man's heart. No matter how much resentment she has in her heart, she can't put this Men push away, at least not right now.

What's more, she is his now. In such a backward ancient times, she has no other choice to marry and follow her husband.

"I know, you have done too much for me, but, Your Highness, I'm sorry, I'm such a possessive woman, I just want my man to be mine alone."

After Xue Wanqing finished speaking, she leaned into Xiao Changxuan's arms. Xiao Changxuan felt that a pie had fallen from the sky, and was knocked out all of a sudden.

In this world, there is no woman who loves him more than Qing'er!

His Qing'er is really the most precious woman in the world.

His original intention was to only marry Qing'er. In this life, he doesn't need other women. He really wronged Qing'er, "Don't worry, no matter how many women come into my prince's mansion in the future, I want to marry you." You will always be the only one I want, and there will be no other women by my side."

"Your Highness, Qing'er believes in you, but at the moment Qing'er is too old to serve His Highness."

"It doesn't matter, even if I become a couple with you in name only, I am willing."

The lights in the west courtyard were turned off, Hai Xueyun stood on the high steps of the main building in the east courtyard, and seemed to see a pair of cross-necked mandarin ducks lying in the bright red brocade quilt, her hands clenched into fists, painted The heavily made-up face was hideous with jealousy.

The dowry mother Yin stood aside, her heart full of fear for the future. If the second girl can't establish a foothold in the prince's mansion, they will not end well in the future as servants.

But right now, it is definitely not the time to be tough with the other side, Yin Momo said in a low voice, "Prince Concubine, even if His Highness has deep affection for her, she is not yet ready, and His Highness is impossible to have **** with her. If you can serve His Highness, the princess has plenty of opportunities, so don't worry for now."

Hai Xueyun also knows that age is her advantage now, but she really can't swallow this breath.

I'm afraid that before tomorrow, her big wedding will become the laughing stock of the whole capital.

"I have to let her suffer a little bit." Hai Xueyun has no other choice. Unlike other concubines, Xue Wanqing has no status if she doesn't offer tea to her mistress. She is a concubine conferred by the emperor himself, Even if there is no rank or rank, there is a status.

"To enter the palace to thank you tomorrow, concubine Xue should not be qualified. No matter how she dances today, she will still be inferior to the princess. If the prince cares about her like her, it is really not worth it."

Hai Xueyun also knows this truth very well, she took a deep breath, turned around and entered the wedding room, sitting on the empty bed, she thought of the book that her mother stuffed her at the bottom of the box last night, it was a joke!

She has to find a way to give birth to a son as soon as possible. When a woman is married, she must gain a foothold in the backyard. In the end, it is not the man, but the son.

After Xie Zhiwei returned to Beijing, the queen sent eunuchs to Xie's house, and announced that Xie Zhiwei would enter the palace the next day.

Originally, this day was a day for the royal family to recognize relatives, Xie Zhiwei didn't want to take advantage of this day to enter the palace, but in the palace, His Royal Highness the Eighth Prince caught a cold, and the little man had a fever all day and night, so Xie Zhiwei had no choice but to follow The nanny who came to pick her up went into the palace.

In Fengzhi Palace, the empress was running around in a hurry. His Highness the Eighth Prince was already half a year old, but he was very thin. He had not eaten or drank for two days. He was wilting like a seedling short of water and drought for a long time. His eyes were dull, and he looked very pitiful. .

"Wei girl, if you don't come back again, I will arrange someone to pick you up." The empress knew that the reason why the emperor returned to Beijing so late was because of his poor health. The dragon is fierce and the tiger is fierce, but it is only cheaper for others.

Xie Zhiwei finished administering the acupuncture for the Eighth Prince, she breathed a sigh of relief, sat on the edge of the bed, held the Eighth Prince's hand, and felt that the small, soft palm began to sweat, and she was relieved.

About half an hour later, the little prince's fever subsided completely, and the little prince regained some energy, seeing Xie Zhiwei's eyes as black as agates, staring at Xie Zhiwei, and grinning.

Seeing such a pure smile, Xie Zhiwei's heart softened instantly. She asked the nurse to hug the little prince, and slowly fed the medicine to the little prince. After drinking about half a bowl, the little prince peed.

The nurse took the little prince down to change the diaper, Xie Zhiwei wrote another prescription, handed it to Nanny Xi, and said, "This is medicine for the nurse, it must not be confused with the medicine for the little prince. , the nurse's drink is slightly sweet, and the little prince's drink is slightly bitter, so it's easy to tell the difference."

"Yes, this servant will definitely not make a mistake!" Mammy Xi suddenly felt a heavy burden on her shoulders, and she wiped off a cold sweat.

Only then did Xie Zhiwei say to Empress Empress, "Your Majesty, children are very easy to get sick. I heard that good wet nurses have more experience in taking care of children. This is really not to be careless. However, after the child is three years old, he will It's better to take it easy, right now, the empress only needs to be more concerned about the little prince, three parts are hungry, two parts are cold, and the nurse's diet should be light, so that the little prince will get less sick."

"You are right. Every time you come into the palace, I feel more at ease in my heart."

After a while, Concubine Yun Gui came with the eldest concubine, Concubine Zheng Rong also walked in calmly, Concubine Jing was followed by the second prince and the Cui family, and the fourth prince came in with the concubine and concubine concubine. The team all arrived at once.

Xie Zhiwei was about to evade, but the empress took her hand, "Wei girl, don't leave, you are not an outsider, and you will have such a day in the future, today is the time to get acquainted in advance."

Xie Zhiwei blushed, and said kindly, "Yes, Duan Xian complies with the Queen's order!"

Concubine Zheng Rong raised her eyebrows and glanced at Xie Zhiwei, "The Empress is really kind to Princess Duanxian. No one can compare to this serious daughter-in-law."

The first update!

Chapter 540 Care about

As soon as the words came out, all the daughters-in-law in the main hall looked at Xie Zhiwei. Xie Zhiwei smiled sweetly and said to Concubine Zheng Rong, "I wonder when the Third Prince will get married? Duan Xian is still waiting to add makeup to sister Zheng's family!"

Zheng Anya was born to be driven crazy by Concubine Zheng Rong. I heard that nowadays, she sings operas at home every day with her sleeves swinging. Listening to the double song on the moon pillow. Listening to the counting and worrying, I am afraid that the fourth watch will be too early. The fourth watch is not enough, and the night is like a shuttle. Oh my god! What's wrong with the first watch..."

Fan listened, and there was no one who did not shed tears. In the capital, more and more people scolded Concubine Zheng Rong. In addition, His Royal Highness the Third Prince also lost her good reputation.

Concubine Zheng Rong thought, the Xie family did not stand idly by on the matter of her mother and child, and contributed a lot to it. They had already hated Xie Zhiwei as a thorn in their side and a thorn in their flesh. However, compared to some people, someone who has lived in the palace for so many years, she rank is much higher.

Ignoring this section, Concubine Zheng Rong asked with a smile, "The day before yesterday, Concubine Xiang came to the palace to pay her respects to the empress, and happened to meet me. I asked about the good days of the princess and Prince Chen. He also said that there is no shadow."

Whether there is a shadow or not, this is a marriage bestowed by the emperor, and there is no escape!

Concubine Zheng Rong said this, but she was mocking Xie Zhiwei. She hasn't been married yet, so she won't be liked by her mother-in-law.

Xie Zhi smiled slightly, "Duan Xian would like to thank Concubine Rong for her concern. It is still early for Duan Xian to leave Jiji. The county prince is also working hard in Western Xinjiang. The elders have to worry about marriage. It is really not Duan Xian's turn to ask."

This is the demeanor of the sons and daughters of the aristocratic family. Don't be in a hurry, don't be impatient, don't ask, don't hear inappropriate.

It seems that Concubine Zheng Rong doesn't know how to be polite, and she really shouldn't discuss marriage in front of a boudoir daughter.

"Okay, everyone is here, let's start!" The queen spoke, Zheng Rongfei and Xie Zhiwei naturally stopped mentioning it, and the atmosphere became harmonious again in an instant.

The second prince and Mrs. Cui are okay, both of them are well prepared, especially Mrs. Cui. Before Xie Zhiwei entered the palace today, he asked someone to tell Mrs. Cui, and Mrs. Cui prepared an extra gift, when it was Xie Zhiwei's turn, Cui gave gifts to Yuan Jia, Ling Hua and other princesses, and also gave a copy to Xie Zhiwei.

It was only Haishi's turn, and Xie Zhiwei suddenly appeared. She was unprepared for a moment, and in a hurry, pulled out a hairpin from her head and gave it to Xie Zhiwei. Xie Zhiwei didn't want it, "Fourth prince concubine, this is not good. Well, you are a newlywed, even though you only wear this outfit today, it is still a thought to keep it in the future, I am rude, it is not the fourth prince's concubine's fault."

Only in this way, it seems that the high and low are obvious. Although Xie Zhiwei said that he didn't blame Hai Shi, why did Cui Shi prepare an extra gift? This is Cui's thoughtfulness.

Xiao Changxuan was very upset immediately. He glared at Haishi, then said to the queen with a smile, "Mother, my son brought Xue Shi here today, she is the cousin of Princess Duanxian!"

"Oh!" The queen smiled, and gave Xue Wanqing a meaningful look, "I heard about it, but I don't know that you are still Wei Yatou's cousin. Since you have entered the royal family, you must abide by the royal family's rules from now on." In terms of etiquette, there is no need to say who you belonged to, after all, you are not a concubine, do you understand this truth?"

Xue Wanqing did not expect that the queen would be so fussy, she took a deep breath, decided that she would not suffer the immediate loss, knelt down, and said respectfully, "Yes, Wanqing obeys the queen's order!"

At this moment, she felt deeply that there was a natural barrier between wives and concubines, even if Xiao Changxuan used his body as a bridge, it could not be crossed.

And if she wants to rise to the top, the only way is for Xiao Changxuan to sit on the position of the Ninth Five Lord, otherwise, it will never be possible.

Doting on concubines and destroying wives will only make Xiao Changxuan die faster. From now on, she is afraid that she will have to work hard to let the emperor see Xiao Changxuan's ability as soon as possible, so that he can be named the prince in the future.

Before that, she had to draw an ally.

Xue Wanqing couldn't help raising her eyes to look at Xie Zhiwei, and had to say that the Xie family can play a pivotal role in establishing a reserve.

Firstly, the Xie family has always been neutral, and if he can speak for any prince, the emperor has to take it seriously; secondly, the Xie family now has Xiao Xun on the outside and Lu Yan on the inside, based on the relationship between Xie Zhiwei and these two people, as long as Xie Zhiwei was willing to stand by Xiao Changxuan's side, it was a breeze for Xiao Changxuan to be crowned prince.

After recognizing her relatives, Xie Zhiwei came out of the palace, and Nanny Xi personally escorted her to the gate of Donghua Gate. Seeing Xie Zhiwei's carriage parked there in good order, Nanny Xi's eyes twitched. Only Princess Duanxian is left.

In this palace, inside and out, it is said that the emperor is in charge of the court and the queen is in charge of the harem. In fact, the real person in power is Mr. Lu.

"Princess, be careful on the road, the maidservant will go back to order." Mammy Xi couldn't help but become more respectful to Xie Zhiwei.

"Mommy, please go slowly!"

Xie Zhiwei got into the carriage, and within a short distance, the carriage was stopped, and Xue Wanqing's face appeared in the opposite carriage, she smiled and said, "Big cousin, in front of you is Qingle Teahouse, the tea in it The snacks and snacks are very good, I wonder if I can invite my cousin to have a cup of tea?"

Qingle Tea House is owned by Xie Zhiwei, and she hasn't been there for a long time. Seeing Xue Wanqing's sudden change, she really wanted to know what kind of medicine Xue Wanqing was selling in her gourd, so she ordered Uncle Zhu to drive over there.

The shopkeeper saw Xie Zhiwei coming, and he was so attentive that Xie Zhiwei could step on his back, "It happens that there is an elegant seat upstairs, and the young one will take the girl up."

Xue Wanqing still didn't understand why, and said in her heart that her eldest cousin really likes to pretend to be cool as always, and she would also pretend to be aggressive in front of the owner of a small tea shop, for fear that others would not know her noble status.

The private room is decorated very elegantly and nobely, with mahogany furniture of the same color, and a pot of pruned red plums facing the window, in the posture of a crane welcoming guests. The blossoming red plums are bright and fragrant, and the fragrance of the flowers is compelling under the steaming heat. .

The two sat down at the table, and Xie Zhiwei didn't ask anyone in the shop to wait on him. Xuantao made a small red clay stove, put out the tea set, and just ordered the new tea from the shop, and made a pot of Biluochun with the snow water he brought.

"Please!" After Xuan Tao divided the tea, Xie Zhiwei picked up the teacup, said, and took a sip by himself.

Mei Sheng is called Xiangxuehai every time, and Chajian is called Biluochun.

The fragrance is strong and full of sweetness after drinking. Xie Zhiwei sighed in his heart about the good tea, and then heard Xue Wanqing laughing, "The eldest cousin is still the same as before, and she pays attention to everything. Is this the only way to make the eldest cousin look noble?"
