

The Power 631

Chapter 631 Yuan Empress

"The empress of the Yuan Dynasty treats the emperor as if she is her own. She personally educates the emperor. Every morning and evening, she must ask the emperor about his homework. Whether it is hot or cold, she will always care about whether the emperor's clothes have been added or lost. The one who crawled out of the house did not inherit the seven-star poison of the previous emperor, so he could not be crowned prince. How could the empress of the Yuan Dynasty be sorry for the emperor? Why did the emperor turn against him?"

The emperor was speechless.

Han Jinyi laughed at himself, and said, "It can be seen that it's not that the emperor treats the veterans badly, nor does the Empress Yuan empress treat the emperor badly. When it's time to rebel, there is always a reason to rebel."

You don't want to say anything?

After Han Jinyi finished speaking, he sat down. He raised his wrist, and the iron chain made a rattling sound. After the sound, he returned to silence.

A few lanterns hanging on nearby pillars were blown loudly by the wind. Although it was midsummer, it was extremely cold tonight, and the stumps and broken arms around had not been completely cleaned up, which made people feel to spooky.

Lu Yan held a lantern and said to the emperor in a low voice, "Your Majesty, the night is dark and dew is heavy, let's go back first!"

Li Baozhen brought people to carry the chariot, and Lu Yan supported the emperor to sit on it. The emperor seemed to be weak all over, leaning on the backrest, and he lost all energy.

After reaching Sumeru Palace, the air seemed to be better. The emperor patted the railing, motioning for someone to put him down, and Lu Yan helped him down again.

The emperor was wearing a black Zhang velvet cloak and a black brim plus velvet Liuhe hat standing on the steps and looking down, the mountains and rivers under his feet were pitch black.

Xie Zhiwei waited anxiously under the eaves. After a while, the door opened and the people inside came out. Xie Zhiwei hurriedly asked, "How is my father? How is his injury?"

The person who came out was Wang Shipu, and he quickly bowed and respectfully said, "Princess, General Xie's injury is not serious, most of it is just a skin wound, although there is a deeper wound, it does not reach the internal organs, does not hurt the meridian, and has been used by the county The wound medicine given by the Lord has been used by General Xie, so it should be fine."

Hearing this, Xie Zhiwei finally breathed a sigh of relief, she nodded, "Thank you, Doctor Wang!"

After finishing speaking, Xie Zhiwei hurried into the house. Xie Yuanbai was already dressed under the service of his own soldiers, and when he saw his daughter coming, his brows and eyes were tinged with a smile, "Mei Mei, Daddy is fine!"

Xie Zhiwei couldn't bear it anymore, rushed over, and rushed into his father's arms, "Daddy, my daughter is really worried to death!"

Lu Yan never came back. Xie Zhiwei was worried that reinforcements would not come. The first line of defense must be her father. She didn't want to live the rest of her life. In the end, she still had to say goodbye to her relatives.

Xie Yuanbai couldn't help being afraid for a while, he was not afraid of death, but he didn't want any accidents for his daughter and father, and he didn't want himself to die in front of his daughter and father.

Despite the fear in his heart, Xie Yuanbai still patted his daughter on the back, "Everything is over!"

While talking, Xie Tiao came, Xie Yuanbai hurriedly let go of his daughter, Xie Zhiwei also calmed down, wiped his face with a handkerchief, went forward to salute Xie Tiao, "Grandfather!"

Xie Tiao is very satisfied with this granddaughter, and also knows how much the daughter is worried about her father, "When grandfather came, I heard that the emperor is going to call you over. It must be that the emperor was also frightened today. You must calm down and be careful. Asking symptoms and diagnosing the pulse is no different than anything else, life and death are at stake, so we must be extremely cautious!"

"Yes, granddaughter obeys!"

Li Baozhen personally came to pick up Xie Zhiwei, and Xie Zhiwei followed. On the way, she asked, "How is Master Lu? Are you injured?"

"Returning to the princess, I have asked the little one, and the governor is not injured!"

The emperor was still frightened all day and night. He woke up in his sleep, covered in sweat, and then had a stuffy nose and developed a low-grade fever.

After Xie Zhiwei used the needle for the emperor, he prescribed another dose of medicine. After the emperor took it, he sweated all over, and his pulse condition improved.

Genius Ma Liang, the emperor woke up, and when he heard that the battlefield outside had been cleaned up, he sent word to the generals to come in to discuss matters.

Xie Zhiwei went out from the main hall, and Lu Yan was talking to Mu Jianfeng, a thousand households of Jinyiwei, under the eaves. When he saw Xie Zhiwei coming out, he raised his hand to stop Mu Jianfeng, "You go down first, and I will talk to you later! "

Xie Zhiwei came over to greet him, and asked with concern, "Did Master Lu get hurt yesterday?"

Lu Yan's eyes were filled with a smile, and he slightly hooked his lips, "It's still good, if I say that I didn't suffer any injuries at all, the princess will definitely not believe it. I have suffered a little injury, that is, a little flesh injury, which has already made me feel sick. They gave me medicine, if the princess doesn't believe me, you can ask the rice ball."

Xie Zhiwei breathed a sigh of relief, "That's good!"

"Princess, at about the end of the hour, the emperor is about to leave. This time, there must be nothing to clean up. When I return to Beijing, the princess will take a good rest."

"Lord Lu, take care too!"

This time Xiao Lingsu came with her and lived here for less than a month, but she suffered a great shock. She was very happy when she heard that she was going back to Beijing. Even if she had to leave, she would still walk back. .

When it came, it was majestic. When it came back, it was still a car that was conscripted from a wealthy family nearby. Many senior officials had to abandon their cars and replace them with horses.

Fortunately, although the emperor's dragon chariot was broken, last night, Lu Yan specially recruited master carpenters to repair it.

Xie Zhiwei and Xiao Lingsu rode in the same car, and the maids they brought took a carriage. Du Yuan and Du Yun rode horses and made do with it. After walking for two days, they finally entered the capital before sunset on the third day.

Yuan led her son to wait for a whole day in the restaurant in Nanxunmen, and finally saw her husband and daughter. Her tears fell on the spot, and she covered her face with a handkerchief, sobbing hard, and kept chanting "Thank you Buddha !"

Xie Mingxi was about to rush downstairs, but was stopped by Yuan Shi, "It's good that your father and sister are back, so don't follow along to make trouble."

"Mother, if my brother-in-law is not at home, my sister will definitely be scared by herself. How about I go to the palace to accompany my sister, okay?"

Ms. Yuan thought about it, this is indeed a good idea, it is not suitable for her to go to her daughter's house at this late hour, but sending her youngest son over to visit her sister, isn't that too much?

When the carriage passed the state bridge, Xie Zhiwei couldn't help but glanced to the right. It was the road leading to Xiaotianshuijing Street, but now that she was free, she couldn't go back often. The rumbling wheels ran over the road to the state bridge , After entering Yujie, the emperor was sent to Xuandemen, and the carriage went back, went west to Hengqiao, and entered Yueyue Street.

The gate of the palace is right in front of you, the gate is closed, only the lanterns under the eaves are swaying in the night wind, Xie Zhiwei can't help but think of when she was at her mother's house, no matter how late she came back, her mother would lead people to stand in front of her. Wait for her at the door.

Chapter 632 Hug

The carriage went further, and when it reached the east door, the door was wide open, and the concierge rushed out, and the servants and servants inside formed two teams. When they saw Xie Zhiwei getting off the carriage, they all knelt down and saluted.

And inside the door, the person standing at the door stretched out his hands towards her, greeted her with a handsome smiling face, and shouted, "Mei Mei, I'm back!"

"Ah Xun?" Xie Zhiwei felt like she was in a dream, she couldn't help her nose sore immediately, tears rolled down, she lifted her skirt and rushed towards him.

"A Xun!"

"Mei Mei, I'm sorry, I'm late, I should have come back earlier!" Xiao Xun picked up Xie Zhiwei, turned around and walked towards the door.

Xie Mingxi, who rushed over temporarily, was stunned. Before he had time to call his sister, he thought that his brother-in-law was not there. When did his brother-in-law come back?

Xiao Lingsu stood beside the sedan chair in a daze. The eldest brother came back and hugged his sister-in-law in front of so many people. The dignified and respectful sister-in-law didn't feel bad either. She, a bystander, even watched After arriving, she felt very happy, which made her very puzzled.

"Hey, who are you? What are you doing standing at the gate of my sister's house?" Xie Mingxi was very upset, he wanted to go in and talk to his sister quickly, but this person never left, what's going on?

Xuan Tao was about to leave with the girl, when she saw Fifth Young Master, she was very surprised, hurried over and said, "Fifth Young Master, why are you here?"

"Xuan Tao, I came to see my sister, who is this person? How strange!"

Xuan Tao was very embarrassed, "Fifth Young Master, this is Nanzhang Princess, His Highness's younger sister, eldest girl, this is Fifth Young Master of the Xie family!"

Xiao Lingsu saw the child's dark eyes shining brightly, and he looked very clever at first glance, and heard how his sister-in-law doted on this younger brother when she was at her mother's house, so she greeted him kindly, "Thank you Fifth son!"

Xie Mingxi nodded slightly, "Sister Nanzhang, please!"

When the two of them entered the gate, Xie Mingxi stopped pausing, "Are you accompanying my sister? I heard that there were rebels besieging Li Palace. Is it true or not? Is my father very brave? How many rebels are there?" People, are they all dead?"

Xiao Lingsu didn't know which sentence to answer, and said, "Yes, General Xie is very brave. If General Xie hadn't vowed to defend it to the death, the rebel army might have attacked."

"Oh, what a pity. It's a pity that I was young and didn't have the opportunity to lead troops to suppress the rebellion. It's my turn to have such a good opportunity to make contributions!"

Xie Mingxi sighed long and short, looking very regretful, and immediately stared at Xiao Lingsu dumbfounded.

Xiao Xun carried Xie Zhiwei directly into the inner room, and after placing it on the couch, he pressed it down very rudely, engulfing Xie Zhiwei's lips.

After a cup of tea passed by, Xie Zhiwei couldn't get up, and struggled to get away, when she heard a familiar voice outside the door, she thought she was hallucinating, and reminded Xiao Xun, "Listen, is it Brother Xi's voice?"

Before Xiao Xun could speak, Xie Zhiwei couldn't wait to shout, "Brother Xi!"

Xie Mingxi was arguing with Xuantaο, he wanted to come in to see Xie Zhiwei, but Xiao Xun was there, Xuantaο was worried and refused to let him in, he was not happy, when he heard Xie Zhiwei calling him, he jumped up and rushed in, "Sister , I miss you so much!"

Xie Zhiwei got up, hugged his younger brother in his arms, hugged his limp body, tears were about to fall, "I miss you too!"

When Xiao Xun heard it, he felt very uncomfortable. Mei Mei had never said such a thing to him before. He had told this little carrot to listen to the nice things. He picked up Xie Mingxi's clothes and took him from Xie Zhiwei's. He raised it in his arms, "Brother Xi, how old are you, and you still need to be hugged by your sister, go, stand at the door for half an hour on horseback, let me see where your kung fu has reached?"

Xie Mingxi was overjoyed when he heard that, "Brother-in-law, I will show you my kung fu today. If yes, can I follow you to the western border?"

"What are you going to do in Xijiang?"

"For meritorious service, you should be named a Marquis!"

"How old are you and what is your title?"

"Brother-in-law, I'll show you!"

As he said that, he went outside the door and stood under the eaves of the porch, with his legs slightly at shoulder level, and he stood up in a horse stance. At a young age, he really has a lot of skill, like a pine tree, quite imposing.

Xie Zhiwei knew that this was the hole that Xiao Xun wanted to dig for the little guy, but the little guy insisted on jumping into the hole, and he jumped so happily, what could she do?

smiled, Xie Zhiwei turned around and entered the room, Xiao Xun immediately posted it up, and hugged Xie Zhiwei from behind, "Mei Mei, just now... you are not angry, are you?"

He also knows that his little wife is still too young now, and he should be more patient, but he really can't help it, he can only watch but not eat, this feeling is suffering.

He sometimes eavesdropped on the words of those veterans, saying that there were many other ways, but he was not willing to do it on Meimei, he had to wait for Meimei to grow up.

Can't do anything else, just nibble at the head office, right?

Xie Zhiwei knew what he was talking about. If it was always like this, this guy would definitely push his limits. She studied medicine by herself, so how could she not know that some things hurt her body when she was young, so she pouted, didn't speak, and wanted to kill him push away.

When Xiao Xun saw it, he was in a hurry, how could he dare to let go, and hurriedly hugged her, "Mei Mei, I was wrong, can I be wrong? I am too worried. I heard that there is a change here. I I was scared to

death, three horses broke down on the road, and I walked on the road less traveled, I just want to come back early, and when I come back to see you, can I bear it?"

Before he finished speaking, Xie Zhiwei's heart softened. She leaned into Xiao Xun's arms, wrapped her hands around Xiao Xun's neck, and kissed the corner of his lips.

Smiling stained Xiao Xun's handsome eyebrows, he immediately smiled, how could he miss such a good opportunity, and immediately bit Xie Zhiwei's lips again.

Extremely gentle, not as impatient, reckless, and affectionate as before, which melted Xie Zhiwei's heart.

"Brother-in-law, do you think I'm powerful?"

Xiao Xun wished he could lift Xie Mingxi up and throw it away, so he had no choice but to let go of Xie Zhiwei, "Mei Mei, you go take a bath, I'll go see brother Xi, and we'll have dinner together later?"

"Okay!" Xie Zhiwei naturally didn't miss the look of disgust in Xiao Xun's eyes, she couldn't help being amused, Xiao Xun was about the same as his mother, who disliked Brother Xi but had nothing to do with him.

She also knew that none of their dislikes were really dislikes.

Because Xie Zhiwei had already issued an order before returning, no one was allowed to talk about the rebellion when she returned to the mansion, and no one was allowed to disclose the situation of Li Palace, otherwise, she would never let her go lightly.

In the capital city, when Li Palace was under attack, the capital city was also besieged, and the imperial guards who remained in Beijing did not dare to go out without the imperial decree. They only fought a fierce battle with the besieging Yuntai camp, but the casualties were not heavy.

Today's update!

Dear friends, we ask for tickets every day, thank you for your support all the time!

Chapter 633 Exposure

Despite this, the situation in the capital is still very dangerous.

In the Ninghui Courtyard, although Xie Zhiwei was not there, but this time, Mother Qiu stayed in Beijing, and her restraint on the Ninghui Courtyard was also extremely strict. The two groups of people gathered together today, and no one discussed the rebellion.

Xiao Lingsu returned to the yard on her own. Seeing her return, the servants were very surprised and dispersed.

There was no hot tea on the table, and no one prepared hot soup for bathing. Half an hour after she came back, no one from Rongfu Hall came to ask.

Citron was extremely annoyed, but she didn't dare to complain when she saw her girl sitting in front of the window and didn't speak. While arranging for people to prepare hot soup and rice, she comforted the girl, "Perhaps the princess doesn't know that the girl is back. I see, I should have come to ask in person."

Xiao Lingsu didn't take these things to heart, she just called the maid in the yard to come in and asked, "Has anything happened in the mansion these two days?"

"There was a rebellion in Beijing the day before yesterday. Someone wanted to rob Concubine Rong in the courtyard. Fortunately, the prince spent the night in the courtyard that night and brought people to drive the robbers away. Nothing happened."

Xiao Lingsu was taken aback, and asked, "Is anything wrong with Concubine Rong?"

"No, the prince suffered a slight injury. I heard that Concubine Rong personally bandaged his wound. She didn't even call for a doctor. It should be fine."

"What about the father?"

"For the past two days, the lord has been recuperating in the courtyard and did not come forward."

Xiao Lingsu breathed a sigh of relief just now.

Xie Zhiwei also heard about this incident. When Xiao Xun said it, the cloud was calm and breezy, but Xie Zhiwei was startled when he heard it. She put down her chopsticks and asked, "Have you found out who is making such an idea?"

Xiao Xun gritted his teeth, "Father said it should be Han Jinyi's good deed. He was his father's companion at that time, and he got along with his father for more than ten years, including the matter of his father being poisoned. I don't know, he is the only one who knows, he probably wants to make a fuss about my mother."

Xie Zhiwei took a deep breath, thinking why did Han Jinyi think of Concubine Rong? With so many people in Beijing, who doesn't have a golden house in the backyard?

It has to be said that King Xiang brought in the former Empress Zhaoyang in the name of having a son in her concubine, and then used the reason that the concubine Rong was like a fairy and had an eccentric temperament to live in a corner, which avoided the possibility of uncles and sisters meeting under the same roof. It's embarrassing, but it's really a good way to bring Zhaoyang's empress mother and son under her wings.

In the previous life, until his death, Xie Zhiwei had never heard of Concubine Rong's identity being exposed, so how did Han Jinyi know?

Xie Zhiwei had a suspicion in his heart, but he didn't dare to say it out.

It was the first time Xie Mingxi ate in the palace. Although it was all made by the chef of Xie's family, he just thought it was better than Xie's. After eating two big bowls of rice, Xie Mingxi said, "Sister, I have something to say to you." you say."

"Well, you say!"

"My mother told me to come and see my sister. She told me that my brother-in-law was not here, and asked me to spend a few more days with my sister in the palace. My mother's fate is hard to break. Starting tomorrow, my sister only needs to ask the coachman to take me to school. Don't bother me about anything else. , I will stay in the palace for a few more days, okay?"

In the end, he still couldn't get rid of his childish character, so he was afraid that Xie Zhiwei would not agree, so he came over, next to Xie Zhiwei's leg, and shook it gently.

Xie Zhiwei couldn't help laughing, pushed him lightly, and said, "You stand up and talk, what does this look like?"

In two days, Xie Mingxi will be seven years old, and there are no seats at seven years old. He should understand some truths.

Xiao Xun was very satisfied after seeing it, but he couldn't see his brother-in-law pestering Mei-mei all day long, standing still.

Xie Mingxi hurriedly stood up, looking at Xie Zhiwei with a pair of big, watery eyes, which were pitch-black, like colored glass, reflecting the candlelight, very beautiful.

"Since it is my mother's order, I will naturally follow it. Then tomorrow, if I don't wake you up, can you get up?"

"Of course I can!" After Xie Zhiwei agreed, Xie Mingxi turned around and said to Xiao Xun, "Brother-in-law, I will sleep with you tonight, and wake up with you tomorrow morning. When you punch, I will stand on horseback, okay?"

In order to be able to practice hard work as soon as possible, Xie Mingxi is one of the rare people who is not afraid of hardship or tiredness. After more than a year, he has been standing on horseback for more and more time. At a young age, he can now stand for more than half of the It's time, and the footing is extremely stable.

"Pfft!" Xie Zhiwei couldn't help laughing, she stood up, went to the next room, sat under the south window, read a book, and Taoyao made the bed inside.

Xiao Xun said, "You are so old, you shouldn't still sleep with adults. When you are at home, do you sleep with your father or your mother?"

Xie Mingxi stared at her eyes, "I sleep by myself in the front yard. I already had my own yard when I was five years old."

"Oh, then you go to sleep in the front yard."

"What about you brother-in-law?"

Xiao Xun pointed to the ground, "This is my own room, I want to sleep in my room."

"Isn't this my sister's house? Brother-in-law, why do you live in my sister's house? My mother said that grown-up boys should not touch girls casually."

Xiao Xun never expected that one day he would talk to his brother-in-law about the defense of men and women. He was speechless and asked, "Did your mother say that boys want to sleep with their daughter-in-law?"

"My mother didn't tell me."

"Then let me tell you now, your sister is my daughter-in-law, and I will guard and accompany her. At night, she needs to drink water and change clothes, and I will serve her."

"Oh, all right!" Xie Mingxi jumped off the chair, he took a few steps towards the door, suddenly felt something was wrong, turned his head and asked, "Brother-in-law, where are my sister's maids? Why don't they serve my sister?"

"They serve your sister during the day, and I serve your sister at night. What, is there a problem?"

Xie Mingxi was sent away, and Xiao Xun was more tired than after a battle. When he entered the room, he saw that Xie Zhiwei was still reading, so he hurried over, took the book from Xie Zhiwei's hand, and said, "Mei Mei, come with me Come with me!"

"Who told you to talk nonsense to Brother Xi?"

What else to say, the maids served her during the day, and he served her at night, Xie Zhiwei couldn't help thinking about it, and his whole body was hot.

Xiao Xun hurriedly leaned down and kissed the corner of Xie Zhiwei's lips, "Mei Mei, did I say something wrong? I'll wait for you to rest now!"

After he finished speaking, he picked up Xie Zhiwei and walked towards the inner room. Tao Yao, who had just made the bed, hurriedly avoided, and went out from the back door as if fleeing, and hurriedly closed the door.

Xie Zhiwei only wore a single shirt, and after taking it off, there was a peach red silk jacket inside, Xiao Xun put her on the bed, quickly took off the clothes, jumped in, and hugged Xie Zhiwei into his arms Li, whispering in her ear, "Mei Mei, you haven't said whether you miss me yet!"

The first update!

Xie Mingxi: I am still a simple little chick.

Chapter 634 Use emotion

Early the next morning, when Xie Zhiwei woke up, her head was still a little groggy. She opened her eyes and saw that there was no light coming in through the cracks in the window, thinking that she was awakened from a dream.

When she touched her side, Xiao Xun was not there.

Just about to get up, I heard Xiao Xun's voice outside, "Ancestor, the chicken hasn't crowed yet, what are you doing up so early?"

"Brother-in-law, the rooster has already crowed. If you don't believe it, listen. You can't hear it now because there are no chickens in the palace. I have a big rooster in my yard. Every day when it crows, I get up. Tell the chicken to dance."

"Go dance, do what you like, don't come to Ninghui Hall to disturb your sister's sleep." Xiao Xun yawned, "You go to Mohen and let him play with you."

"Isn't Mohen your bookboy? Brother-in-law, is there someone around you who comes and goes without a trace..."

Xiao Xun was already impatient, "Songfeng, come down and take Fifth Young Master away."

A black shadow flashed past, and the next moment, Xiao Xun heard Xie Mingxi's giggling voice gradually fade away, his ears were finally cleared, and he was about to enter the door, suddenly enlightened, thinking that in the future, he can't get along well with Mei Mei. Have a baby soon, otherwise, he will go crazy.

Win the chicken and dance?

He has never done such an abnormal thing since he was a child, and it will be impossible in the future. If possible, he wants to sleep in bed with Mei Mei for seven days and seven nights.

Xiao Xun yawned and went to bed, couldn't wait to hug Xie Zhiwei into his arms, and when he heard Xie Zhiwei's light laughter, he knew that Xie Zhiwei had woken up, so he kissed Xie Zhiwei's lips funny.

"Brother Xi woke you up?"

"Well, Mei Mei, I don't want to have a child like Xi Geer in the future, I want to sleep with you every morning until I wake up naturally."

Xie Zhiwei couldn't help laughing, "When Brother Xi was at home, as long as my father was at home, he would go to take pictures of my mother's courtyard door early in the morning. My own, I want to sell him."

The two talked for a while, Xie Zhiwei yawned, she turned around, put her arms around Xiao Xun's waist, pressed her body tightly against Xiao Xun's body, and fell asleep.

Xiao Xun waited for her to fall into a deep sleep, gently raised her head, put one arm through, then pulled her into his arms, hugged her like a child, and listened to her steady breathing, I just feel so good!

Woke up early in the morning, Xiao Xun was busy with something, Xie Zhiwei asked Uncle Zhu to send Xie Mingxi to school.

She had eaten breakfast, so she took Du Yuan and Du Jun to the Kanyuan. King Xiang was recuperating in the Kanyuan. The robber slashed his arm. The wound couldn't heal for a long time, and the bleeding continued.

"Mei Mei, you came just in time!"

Compared to before, Concubine Rong's face looked much worse, she stretched out her hand to Xie Zhiwei, "My good boy, go and see the prince, see if there is anything you can do?"

Xie Zhiwei was still just puzzled in his heart. When he saw King Xiang, his face was covered with a layer of black air, and a layer of dead air was already wrapped in his brows and eyes. Although there was still light in his eyes, the vitality had been lost by half.

"How could the prince be like this?"

"Don't tell Ah Xun about this, now is not the time to make publicity, just wait and see, can you save the prince's life?"

Xie Zhiwei hurriedly sat down and felt the pulse for King Xiang. It took him ten breaths of time, then he changed hands, and then he took another ten breaths of time. Then he said, "There is a way, but it is more dangerous. If the prince can endure it Come here, ninety percent of the poison in the body can be removed."

"This...that's great!" Concubine Rong is such a calm person, with tears in her eyes at this time, she looked at King Xiang and said, "Fourth brother, I told you to let the princess take a look at it for you, why don't you Ken."

King Xiang withdrew his hand, and he leaned weakly on the pillow, "Will I lose weight after unplugging 90% of it?"

Xie Zhiwei was shocked, but still nodded, "Yes, my lord, you gained weight because of toxins in your body."

"I'm used to being so fat. If I lose weight, she won't know me when I go back to the West, on Huangquan Road, what should I do?" King Xiang laughed at himself, and said to Xie Zhiwei, "Just let me be the same as before. I didn't intend to live a hundred years."

He glanced at Concubine Rong, "Sister-in-law, as long as I can send you to Xijiang, it doesn't matter if I live or die."

Concubine Rong burst into tears, "Fourth brother, if your elder brother heard what you said, how sad would you be? You are so unambitious!"

"She's dead, even if she doesn't die, I'd still be sad to meet her, not to mention she's dead, it's really meaningless for me to live alone."

"If it weren't for the emperor's sister-in-law and Ah Xun, I'm afraid I wouldn't be able to persist even these years."

"There is also the Queen Mother, you are not filial if you say these things!"

King Xiang was silent for a while, "Sister-in-law, whatever you want to say, the queen mother has been blaming the emperor's brother, but, look, she deserves the same honor as the queen mother."

"You can't say that the Queen Mother has flesh on the palms and backs of your hands. When I lost with your imperial brother, it was because our skills were inferior to others. Your imperial brother trusts people too easily, and he uses his emotions too much in everything. Not fit to be an emperor."

"Emperor brother, he has a true temperament. He is the best emperor in all ages. He cares about the people of Dayong and refuses to waste any effort. Although he has been in power for three years, the people in the world still remember his kindness. Instead, they forget him. Those courtiers who have been favored before, sister-in-law, I want to see Brother Huang and Ni'er."

"If you die now, what will my mother and son do? We haven't settled down yet, what face do you have to see your brother?"

King Xiang smiled wryly, and said, "Sister-in-law, you told me that way back then, and now you say that again."

"My mother and son owe you, fourth brother, it's okay if you don't want to detoxify, but you can't die now."

After speaking, Concubine Rong nodded to Xie Zhiwei, and after Xie Zhiwei understood, she said to King Xiang, "My lord, if the bleeding continues like this, soon, my lord can go to see my father, and my daughter-in-law will put this arm on my lord's behalf first." The toxins on the body are forced away."

King Xiang had no choice but to agree, and Xie Zhiwei used a small knife to remove the sleeve on King Xiang's injured left arm, and the wrapped cloth was soaked in blood, black and purple in color, with a faint fishy smell .

Xie Zhiwei quickly used needles to seal several acupuncture points on his arm, and the bleeding stopped immediately.

Xie Zhiwei ordered Du Jun to go to her pharmacy to grab some medicines, and brought a bottle of detoxification pills. Xie Zhiwei gave a pill to King Xiang, crushed the medicines, and applied them on King Xiang's chest. On the wound, a sound like killing a pig sounded, wishing to lift the entire roof.

Xie Zhiwei shoved a piece of wood into King Xiang's mouth with quick eyesight and swift hands. King Xiang couldn't even care about the pain immediately, and was about to spit out the wood, but Xie Zhiwei hurriedly stopped him, "My lord, be careful to bite your tongue!"

The second update!

Chapter 635 Healing

Black blood flowed out from King Xiang's wound, and the surface was covered with a layer of dark green, metallic light, and a disgusting fishy smell permeated the room. People with weak spleen and stomach vomited on the spot up.

Xiao Xun came in from the door, walked up to King Xiang, took a look, and the fire of hatred in his eyes was burning.

King Xiang's arm lost weight at a speed visible to the naked eye.

When the color of the blood became normal, Xie Zhiwei pulled out the needle, applied another layer of medicine to King Xiang's wound, wrapped it with a cloth strip, and said, "My lord, the poison on your body cannot be pulled out all at once. Get rid of it, take it slowly, the toxins in the internal organs are

deeply ingrained, and it is extremely dangerous to pull it out, it must be done as soon as possible, the sooner the better."

"Father, let Mei Mei get rid of the poison for you!" Xiao Xun wanted to kneel down, but King Xiang hurriedly grabbed him.

After King Xiang pulled out the poison in one arm, he felt much more relaxed. Although he bled profusely and was still a little weak, his condition was better than ever.

For so many years, he has supported this fat body, and he has gotten used to the heavy weight, and has long forgotten his lightness when he was in the wind.

"Let the father think about it, the poisonous flesh of the father is sometimes more useful."

"Royal father, now, I don't need you to stand on my back. I can take care of everything. If something happens, it will be another catastrophe, but I will definitely not lose."

King Xiang raised his hand and pressed Xiao Xun's shoulder, "Get up, what is your identity? How can you kneel down casually?"

"Kneeling to the sky and kneeling to parents, even the Ninth Five-Year Master would not dare not to kneel in front of their ancestors. In this life, there is another person who can make oneself kneel. Isn't it happiness!"

King Xiang raised his head, with tears in his eyes, pursed his lips for a long time, but did not force the tears away, so he laughed, "Brother Emperor, look, how well I have taught your son!"

He shook Xiao Xun's shoulders, "Then get up, listen to me, this world belongs to the Xiao family, if not, your father would not have died calmly back then, but this world belongs to the common people, you can't do it because of me. The Xiao family has ruined their lives, and they are abandoned by the heavens! My father has my father's wish, and my father also has my father's intention to keep this poisonous body."

To put it bluntly, he just wanted to use this poisonous body to make the empress dowager feel uncomfortable, and let the emperor see him feel guilty.

"Father, why bother? Don't you feel uncomfortable? Don't you make us feel uncomfortable? Father, the child still wants to be filial to the father and repay the favor of the father for his life and upbringing."

"What do you owe your father? You don't owe your father anything. This is the matter between your father, your father, and your brothers. It has nothing to do with your younger generation. Get up!"

Xiao Xun stood up, he still wanted to talk, and Concubine Rong said, "Ah Xun, you and the princess go back and rest for a while, I have something to say to your father."

"Yes, Mother!"

Coming out of the courtyard, Xiao Xun was a little lost. He was absent-minded. As he walked, he picked up many flowers in his hands. These flowers were carefully raised by the gardener.

Seeing that a bunch of Du Ying was about to be murdered by Xiao Xun, Xie Zhiwei hurriedly raised his hand to hold his hand. Xiao Xun turned his head and looked at Xie Zhiwei suspiciously, Xie Zhiwei leaned in front of him, "His Royal Highness, is it the beauty of the flowers or the beauty of the concubine?"

Xiao Xun was amused by her and burst into a "puchi" laugh. He hugged Xie Zhiwei into his arms, took a deep breath of her pleasant fragrance, and said, "Mei Mei, it's good to have you!"

The servant girls turned around and avoided.

Xie Zhiwei put his arm around his thin waist, "Your Highness, your honey, my arsenic, mother will take care of this matter, Your Highness don't need to worry about it!"

In the previous life, what was the reason that forced Xiao Xun to kill his father and younger brother? Xie Zhiwei doesn't want to think about it at all now, he can only say that something has happened, who spread the rumors and caused troubles, and the reputation of Xiao Xun was ruined.

Xie Zhiwei tightened her arms, she would not let people pour dirty water on Xiao Xun again.

It was this person who opened a window for her life, allowing the bright sunshine to shine into her heart. She died once. After experiencing such a marriage in her previous life, her original expectations for marriage were completely destroyed. It was this young man who, with his passionate feelings, recast a brand new, solid one for her. The castle made her feel safe.

The hatred in Xiao Xun's heart was soothed by her words, he took Xie Zhiwei's hand, and the two walked forward together, "Mei Mei, this is not fun anymore, wait for things here, I will Come pick you up and mother, let's go to Zhending Mansion together!"

When he went to the north this time, he would definitely take all the sixteen prefectures of Yanyun into his hands. When Meimei passed by, the northwest would be his world. With an army of 300,000 in his hands, he could sweep the entire northwest. Uncle Huang wants him to be a barrier in the northwest, he wants to take the entire Xiliang and Beiqi as his fiefdoms, and compete with Dayong, he wants to become the king of the northwest, let the subjects prostrate at his feet, and fight for his Mae Mae presented the crown.

"Okay! You have the final say!" Xie Zhiwei turned his head and smiled at Xiao Xun, "I will set off with my mother when my father's body is almost recuperated. When the time comes, you don't need to pick us up."

"How about it, I will definitely come to pick you up. You are the most important people to me. If something happens on the way, I can't stand it."

The two talked and laughed, and returned to Ninghui Courtyard.

Today's capital city is extremely hot. All the soldiers and horses of the five cities were dispatched, but they still couldn't suppress the emotions of the people. People in the capital took to the streets one after another, holding all kinds of things that could be smashed but not deadly, garbage, The rotten vegetable leaves were thrown at Han Jinyi.

Han Jin Yi'an was sitting in the prison car, he suddenly felt something, opened his eyes, and looked over according to the feeling, saw his eldest daughter, standing in tears at the door of the restaurant in front of the door, he glanced lightly, then lowered his eyes again. eye.

Han Jinyi and his wife Zeng are childhood sweethearts. Zeng gave birth to two daughters for him, and he has no children. Such a person has no descendants, why should he turn against him? Once the country has been conquered, who will it be passed on to in the future?

When Han Jinyi's carriage left, Da Han boarded the carriage in a daze, and the car drove towards the Xuandehou Mansion. Along the way, Da Han couldn't believe that her natal family, one of the Dukes of the Three Kingdoms, actually Overnight, he fell from the clouds to the eighteenth floor of hell.

Father rebelled, why should he rebel? It's not that she doesn't know, it's just that she can't believe that her father will lose.

Since childhood, in Da Han's eyes, fathers are omnipotent. Even if they are against, the loser should not be the father.

Back to Xuandehou Mansion, Da Han hurriedly went to look for Shi Ziyue. Hearing that Shi Ziyue spent the night in the concubine's room and hadn't woken up yet, she had to ask someone to invite him.

Zhang Yanqing came reluctantly. He stood at the door, loosened his belt, rolled his eyes, and asked, "Ma'am, what are your orders?"

The third update!

Chapter 636 Conspiracy

Da Han didn't care about Zhang Yanqing's attitude, she came over, and was about to kneel down while supporting Zhang Yanqing's leg, Zhang Yanqing took a step back, "Ma'am, why is this?"

"Master, save my father!" Da Han burst into tears before he finished speaking, "Master, since I have been a concubine for so many years, I have worked hard without credit, save my father!"

Zhang Yanqing smiled, stepped into the open room, sat down on the chair, and said, "Madam, what did your father commit, have you figured it out?"

Conspiracy!

Not to mention the Xuande Hou Mansion, even today, it is Xiao Xun who committed this treasonous crime, and no one would dare to intercede for him!

Zhang Yanqing laughed out loud in anger. In the end, he wiped away the tears from his laughter, "Ma'am, do you want my eldest princess mansion and Xuandehou mansion to be buried with your father? To tell you the truth, right now, your best The best choice is to die suddenly without me doing it, this is for the sake of my sons."

Da Han didn't seem to be surprised at all, she knelt on the ground, watching Zhang Yanqing's feet pass her eyes, her heart was as still as water.

The Duke of Wei's mansion is gone, and from then on, she is the daughter of a prisoner. With the temperament of Xuande Hou's mansion and Taiping Princess, she will end up in a sudden death. If that is the case, what is she afraid of?

At this moment, the nurse in front of her walked over quickly, helped her up and said, "Ma'am, I just heard from the Palace of the Grand Princess Taiping that the Grand Princess will send Madam to the family temple." Go, and say that although the crime is not as good as marrying a daughter, but if the Duke committed such a thing, the wife will definitely not stay."

Da Han's tears rolled down. Although she had seen the indifference and selfishness of the eldest princess long ago, at this moment, she would inevitably regret it. Why did she marry into the eldest princess' mansion back then?

Obviously she knew that the Dachang Princess Mansion was to cling to the dignitaries of the Han family.

She took a deep breath, stood up with the strength of the nanny, and said, "Serve me to change clothes, I am going to the palace."

The nanny didn't know what Da Han was thinking, she put on big makeup for Da Han, and said, "Madam, no matter what, you have to think about the three young masters, the second young master doesn't have a wife yet. , in the future you will have to rely on your wife to marry him, so you must not act impulsively, you must think back and forth."

Da Han gave a "hmm" and looked in the mirror. Before she went out, she heard that the mother from the eldest princess's mansion came in through the west corner gate, so she went out through the east corner gate and got into the carriage.

The carriage quickly rolled across the road and came to Daqing Gate. She got off the carriage, and as soon as she showed her face, she attracted the attention of people coming and going.

Da Han walked over calmly and knelt down in front of the Daqing Gate. She lifted off the clothes on her body, and in full view of everyone, she tore off a piece of her middle coat, spread it on the ground, bit her finger, and cried loudly. Shouted: "Your Majesty, my wife's father is wronged!"

Da Han cried and shouted, "Han Jinyi, my father-in-law, was originally a companion of Emperor Zhaoyang. Back then, Han Jihu, the only son of my father-in-law, was killed by Emperor Zhaoyang for committing a murder. There is resentment in my heart, but I have never had a different heart; the emperor is a wise king through the ages, and the reason why my father changed his course back then was for the sake of the people of the world!"

Da Han let out a long howl, continued to cry, and wrote a **** letter, "Father will serve the two masters after all. These years, the relationship with Emperor Zhaoyang made my father feel uneasy until Princess Xiang arranged for someone to contact my father. Concubine Rong, who lives in the courtyard of King Xiang's Mansion, is actually the widow of Emperor Zhaoyang, and my father took the risk not for the sake of seizing the emperor, but for the hope of giving the orphans and widows of Emperor Zhaoyang a chance..."

Xue Wanqing's carriage was in a remote place on the corner of the street. When she heard this, she was shocked. She never expected that it was Princess Xiang who had informed her.

This is really a good opportunity. She is worrying about how to expose this matter. The Dahan family is really good.

I'm afraid that the **** Lu Yan did something bad, and he didn't report the matter in front of the palace gate to the emperor.

She thought again, this is also a matter of showing her face in front of the emperor.

She hurriedly said to Xiao Changxuan, "Your Highness, you must tell the emperor about this matter as soon as possible, lest Lu Yan deceive the upper and lower and make the emperor miss the opportunity."

Xiao Changxuan was also very excited at this time. If Xiao Xun was sent to prison, would the military power in Shaanxi belong to him?

"Just, how do I enter the palace?"

"Isn't the emperor sick? As a son of man, you naturally have to wait for the sick. Isn't it a matter of course to greet the emperor?"

Xiao Changxuan put his arms around Xue Wanqing's shoulder, and kissed her on the cheek, "Qing'er is still smart!"

Xiao Changxuan let the carriage go around to the Zuoye Gate, got off the carriage here, and was about to go to the palace, but was stopped by the Jin Yiwei at the gate, "Your Highness, the Fourth Prince, these are critical times, and no one is allowed to enter the palace without the emperor's call."

Xiao Changxuan was stunned for a moment. He grew up in the palace. As a prince, now someone told him that he was not allowed to enter the palace unless he was summoned!

Xiao Chang smiled angrily, "What if I insist on entering the palace today?"

The Jin Yiwei raised his eyelids and glanced at Xiao Changxuan, then squinted at the **** next to him, "Eunuch, it's imperative that you make a trip and go in to report that His Royal Highness the Fourth Prince broke into the palace!"

The **** said "Hey", jumped up and ran in, Xiao Changxuan fainted from fright, and hurriedly said, "Stop!"

The **** looked at Xiao Changxuan, then at Jin Yiwei, and laughed, "You two, are you going in or not? If you go in, our family has to go in and report!"

"When did Bengong break into the palace?"

"Your Highness, Fourth Prince, why are you entering the palace to join in the excitement at this time? You have seen the excitement and are going to join in? If that's the case, the subordinates will have to inform you."

"Bengong said, I was asking to see my father, when did I break into the palace?"

"The emperor has an order, the emperor's dragon is not in good health, and the military and political affairs are first handed over to the cabinet for discussion, and all important matters are reported to the emperor by the ceremonial supervisor. Dare I ask the fourth prince, are you going to report military affairs or political affairs?"

"Let me in first!" Xiao Changxuan said angrily.

"Okay, Your Royal Highness Fourth Prince, you go in, don't forget the little one in the future!"

Jin Yiwei didn't bother with Xiao Changxuan, and let him in with a wave of his hand. Jin Yiwei, who was working with him next to him, shook his head when he saw this, "Why are you trying to cheat people?"

"Hehe, am I trying to cheat him? Don't you look at it, what is his brain used for? At this time, I have to go in. Just watch, His Royal Highness the Fourth Prince!"

The emperor felt more comfortable after a dozen basins of ice were placed in the East Nuan Pavilion of Linde Hall. After taking a bowl of medicine, Lu Yan brought over a small plate with three or four candied fruit on it. Lu Yan persuaded, "Your Majesty, go Get rid of the bitterness in your mouth!"

Today's update!

Dear friends, remember to vote after watching, I will be motivated only with your support.

Chapter 637 Complaint

The emperor smiled, "Since when did you become such a mother-in-law?"

Lu Yandao, "This is the order of Princess Duanxian, saying that the medicine is very bitter. After the emperor finishes taking it, he will prepare some candied fruit for the emperor. I dare not forget."

At the door, a little **** came and shook his head. When the emperor saw it, he said impatiently, "What's the matter?"

The little **** was sweating from running away, knelt down and said, "Report to the emperor, Your Highness the fourth prince heard that the emperor's dragon body is not in good health, so he wants to pay his respects to the emperor!"

"I don't have time to see him!"

The little **** glanced at Lu Yan in embarrassment. Seeing this, Lu Yan persuaded, "Your Majesty, the fourth prince's filial piety is overwhelming, and he must be very worried, so he entered the palace on purpose."

The worse the emperor's health was, the more he didn't want to see these sons. The strength of his son made him think of his own age and weakness. Seeing Lu Yan pleading for mercy, the emperor also wanted to know what this son wanted to do. He said, "Let Come in him!"

Xiao Changxuan was very happy to see the emperor. After entering, he greeted the emperor for a while, poured tea for the emperor for a while, and worried about the emperor's body with tears. Tell me, go out of the palace!"

"Father, when my son came in, he saw the wife of the eldest son of Xuandehou's mansion crying out for her father Han Jinyi at the gate of Daqing Gate, saying that the reason why his father rebelled was not to oppose the emperor, but Princess Xiang's secret report. Concubine Rong of Prince Xiang's Mansion, the mother and concubine of the fifth emperor's younger brother is the empress of Emperor Zhaoyang..."

"Pfft!" Before Xiao Changxuan could finish speaking, the emperor spat out a mouthful of blood and sprayed it on the south window. The silver-red window screen was stained with spots of blood, and a piece of scarlet was like a red plum.

Xiao Changxuan fainted from fright.

Lu Yan hurriedly stroked the emperor's back, and shouted anxiously, "Tell the imperial physician!"

Wang Shipu and others didn't leave the palace at all, they swarmed in, used needles for the emperor, and diagnosed the pulse.

After busying for a while, Wang Shipu finally settled his pulse, and said displeasedly, "The emperor was originally angry and angry, Princess Duanxian used needles to regulate the emperor's liver qi, and it finally became smoother, but now it is stagnant again. What's the matter? Is it more important than the emperor's dragon body?"

The emperor was furious. Hearing what Wang Shipu said, he dared not disregard his own body. He closed his eyes and adjusted his breath for a long time. Then he opened his eyes and held back his anger and asked Lu Yan, "Do you know about this?"

"Your Majesty, on the night that Lianchi Palace was besieged, the Yanyuan of Prince Xiang's Mansion was attacked. Prince Xiang happened to stay in the Yanyuan. He was injured in order to protect Concubine Rong. To this day, the injury is very serious and there is no sign of recovery."

The emperor's anger subsided in an instant, "Prince Xiang happened to be staying in the Yanyuan", if Rong's side concubine was the eldest emperor's wife, King Xiang would not stay in the Yanyuan no matter what.

Back then, I also went to the Yanyuan to see it myself, and almost saw something I shouldn't have seen.

"It is said that Concubine Rong is a false empress, who said that?"

Lu Yan hurriedly said respectfully, "Your Majesty, it is said that it was Princess Xiang who handed it to Mrs. Xuande Hou Shizi. I really didn't care about it at the time, so there was no one to check it. I also ask the emperor to come down!"

Lu Yan is not without omissions, and the emperor also knows that Lu Yan has omissions occasionally, but they are never harmless. Because of this, the emperor was very relieved of Lu Yan. If he covered everything, the emperor himself would not be able to sleep.

At this moment, the emperor understood that the wives and concubines of Prince Xiang's mansion had been competing for favor. The emperor also knew what kind of concubine Xiang was. "

"If you go back to the emperor, the other party's swords and guns are poisonous, and the poison is peculiar. The princess has no choice but to temporarily save the life of Prince Xiang."

The emperor let out a sigh of relief. He knew very well that it wasn't the poison on the opponent's sword and gun. Since Han Jinyi wanted to catch Concubine Rong, what kind of poison did he put on the sword and gun? A dead person is useless to Han Jinyi, that is, the poison in King Xiang's body has penetrated into the bone marrow, and a small injury will endanger his life.

"Let him recuperate well, what medicinal materials are needed, so that Prince Xiang's Mansion will send someone to the palace to get them."

"Yes!" Lu Yan wiped off his sweat, looking worried.

The emperor couldn't bear it when he saw this, "Ah Yan, you don't have to worry, I can see your loyalty to me."

Lu Yan hurriedly knelt down, "Thank you, Lord Long En!"

There is another kneeling next to him. If the emperor hadn't been so weak, he would have kicked Xiao Changxuan out with one kick. His voice was cold, "Fourth, you've made me so mad because of this. Do you want to inherit the throne?"

Xiao Changxuan was so heartbroken that he kowtowed loudly, "Father, my son has absolutely no such heart!"

"You don't have the heart, I think you have the guts!" The emperor was angry and out of breath, Lu Yan wanted to pat him on the back, but he raised his hand to stop Lu Yan, "Do you also think what Mrs. Xuande Hou Shizi said? Is it all true? I usurped the throne of my brother?"

Xiao Changxuan cried, "Father, my son dare not! Woohoo!"

He regretted it to death. If he knew it earlier, he wouldn't have come in. Why did he bother to get involved in these things?

"My son is worried about my father!"

"I do things with a clear conscience, what do you want to worry about? You go back to your mansion, you are not allowed to leave the mansion without my permission!"

Is this banning him?

Xiao Changxuan was so frightened that he couldn't let him explain. Li Baozhen had already led two eunuchs in and wanted to expel him. Worried about Father Emperor's dragon body..."

"Your Royal Highness, since you are worried about the emperor's dragon body, you just follow what the emperor says. The emperor's health is only a little better. You are so angry that you are so angry. Why don't you understand the emperor at all?"

Xiao Changxuan was so angry that he raised his head and glared at Li Baozhen. Li Baozhen looked so frightened that his legs were weak, and quickly knelt down on the ground with a thud, "Your Highness, Fourth Prince, please forgive me. This old slave also has a heart for the Emperor and His Highness!"

The emperor kicked towards Xiao Changxuan, and said angrily, "You dog, I'm not dead yet!"

Xiao Changxuan didn't dare to say anything anymore, the two little eunuchs captured him, and when he got outside, he threw the two little eunuchs away, tore his clothes, and said angrily to Li Baozhen who came out, "Old dog, If there is a future, you'd better go with your father!"

It just so happened that Lu Yan ordered someone to open the window. Xiao Changxuan's words were blown into the emperor's ears by a gust of wind. The emperor coughed in anger, and the sound echoed into Xiao Changxuan's ears.

"Your Highness, please, this old slave, this stray dog, send His Highness out of the palace!"

Xiao Changxuan was truly lost. He left the palace in a daze, and came to Zuoye Gate. The carriage of the Fourth Prince's Mansion was still waiting at the gate. Xue Wanqing had already gone back. He got into the carriage and asked, "Where is Concubine Xue?"

The first update!

Chapter 638 Wen Ruan

Concubine Xue Shu had already left.

Xiao Changxuan was still in shock, so he couldn't help thinking that it was Xue Wanqing who asked him to meet the emperor just now. He thought it was an excellent opportunity, but who knows, what he got in exchange was his father's confinement.

Xiao Changxuan just entered the house, and outside the door, a team of Jinyi guards appeared, surrounding the entire mansion like an iron barrel.

"What do you want to do? Father only said that I should not leave the mansion, but didn't say that I should be confined."

"Your Highness Fourth Prince, if the subordinates are not here, how can you prove that His Highness the Fourth Prince has not left the mansion? If you sneak out, you are the prince, and the emperor will not do anything to you, but the subordinates are different, please Your Highness the Fourth Prince should be considerate of your subordinates!"

Xiao Changxuan has no personal guards around him, he is just a prince, so far he has not been crowned a king, nor established a government, nor cultivated his own power, even if he had, he would not dare to show it to the public.

Annoyed, Xiao Changxuan rushed into the study and said angrily, "Sooner or later, sooner or later..."

Outside the door, staff Xu Zhongya and Liao Kuangtu came together. Seeing Xiao Changxuan like this, they hurriedly asked what was going on?

Xiao Changxuan was naturally embarrassed to say that he only entered the palace after listening to Concubine Xue Shu, and picked out something pleasant to say, Liao Kuangtu was taken aback, "Why does Your Highness suddenly think of entering the palace to see His Majesty at this time?"

Xiao Changxuan's face flushed slightly, "I am also afraid that my father will be deceived by that **** Lu Yan, and I don't know anything about the affairs outside the palace. I am worried that my father will know it too late, and the people's feelings will get out of hand, so I will rush into the palace. ."

Liao Kuangtu didn't know what to say, Xu Zhongya pondered for a while, and said, "Your Highness, don't be so anxious to make decisions in the future, and do everything after careful consideration. At this time, Your Highness should be wise and protect yourself, not a moth to the flame."

Xu Zhongya just said, since we are your aides, why don't you discuss with me what's the matter?

In the past, Xiao Changxuan would definitely be very angry when he heard these words, but at this moment, he had to think that the important matters of the country, such as the seizure of the heir apparent, would have to be discussed more with these aides. After all, Xue Wanqing was just a housewife.

Liao Kuangtu said, "If your Highness wants to change the current situation, I'm afraid it will take a lot of hard work. I heard that the outside of the mansion has been surrounded by Jin Yiwei. This is definitely not a good thing for Your Highness. Courtiers and people What would you think? You would think that His Highness was abandoned by the Emperor."

There are four adult princes in total. The eldest prince has gone far away in Yunnan. He has no intention of winning the heir apparent, so he is out of the game. The second prince is the son of a concubine Fang. His mother's status is low. As a last resort, the courtiers will not choose him.

The third prince, Xiao Changye, was born of Concubine Zheng Rong. Although Concubine Zheng Rong was framed by Lu Yan and despised by the emperor, she was not demoted.

But now, Xiao Changxuan couldn't help but think that the mother concubine was demoted to a concubine, one level lower than Zheng Rongfei, and he himself was locked up again. The situation can be said to be on Xiao Changye's side.

"Is there any good way?" Xiao Changxuan asked in a low voice.

"Your Highness, there have always been some bad things in the court, and there are no happy events. If His Highness can give birth to a grandson for the emperor, His Highness will take the lead among the princes." Liao Kuangtu said.

Xiao Changxuan now only has one wife and one concubine, what about a concubine? Xue Wanqing is not yet old enough, so naturally she cannot have a son with Xiao Changxuan, so she only has a regular wife.

Disgust appeared on Xiao Changxuan's face. Seeing this, Liao Kuangtu exchanged glances with Xu Zhongya, and Xu Zhongya hurriedly said, "His Royal Highness, those who achieve great things do not

care about trivial matters. I don't know if Your Highness wants to be a rich and idle prince or the lord of the country." ? Your Highness is able to get Hai Shi's daughter as his wife, which is enough to hold the hearts of a quarter of the world's scholars, but it's a pity that His Highness holds jade in his hand, but treats jade like a stone."

This year's apricot list, Hai Muxian was in the top three, and was selected by the emperor as a Tanhua Lang, and praised him as the number one talent.

Yang Jingchuan, who was originally a top scholar, is still imprisoned in the imperial prison, and he does not know whether he is alive or alive.

Xiao Changxuan closed his eyes, he had no choice but to resign himself to his fate, "I think about it! Right now, it's still Empress Xiaocheng's filial piety."

Liao Kuangtu quickly said, "Your Highness, is the Emperor only confining His Highness's feet, or is he also confining his concubine's feet? If the concubine's feet are not ordered, His Highness may wish to ask the concubine to go to her mother's house to deal with her. The concubine's sister is Xie The fourth wife of the family, Mr. Xie's family has made great contributions in suppressing the rebellion this time, and he has already taken the post of Minister of the Ministry of War. It can be said that Jane is in the heart of the emperor. If the Xie family can stand on His Highness's side, why not worry about it?"

Xu Zhongya smiled and said, "Originally Concubine Xue Shu is the granddaughter of Xie's family. If it wasn't for fate, Xie's family is really a great help for His Highness. Why bother to make such a big detour?"

Even if Xiao Changxuan could bear it no matter how much he could bear it, he would inevitably think a little more at this time, yes, why can't Qing'er get along with the Xie family?

Hai Xueyun was in the east courtyard, and when she heard that Xiao Changxuan was coming, she felt that she had an auditory hallucination. She hurriedly stood up, and was about to welcome her out. Then she thought that recently, she was nestling in the courtyard every day without dressing up properly, so she hurriedly let her go. The servant girl powdered her, changed into brighter-colored clothes, and changed into a ruby hairpin, and greeted her out.

"Your Highness, I have met Your Highness in person!"

"Please get up!"

Xiao Changxuan personally helped Hai Xueyun up, Hai Xueyun was flattered, a pair of bright and pleasant eyes fell on Xiao Changxuan's eyes, which made Xiao Changxuan feel very strange and very useful.

Xiao Changxuan was in the west courtyard, but he had never received such treatment. Xue Wanqing would never have the consciousness of being inferior to others. In her concept, she and Xiao Changxuan were not equal in status, but equal in soul.

She wants Xiao Changxuan to pamper her and tolerate her everywhere. Men and women in love usually don't have much reason, but the feeling of love can't last a lifetime.

Xiao Changxuan can't get Xue Wanqing's body, but that doesn't mean Xiao Changxuan is not a normal man.

Hai Xueyun would not miss this kind of opportunity, she knew in her heart that Xiao Changxuan must be asking for something from herself, when she got up, she suddenly pretended to be dizzy, and she fell into Xiao Changxuan's arms, Xiao Changxuan's whole body stiffened, but her hands It feels so real underneath.

The legendary gentleness like jade.

Mature women are still different from Xue Wanqing's kind of bean sprouts. Xiao Changxuan even put his arms around Hai Xueyun, lowered his head and kissed her.

After the passion, Xiao Changxuan lay on the bed, staring blankly at the roof of the tent, he didn't know what was in his mind, and said, "It's still the time of Empress Xiaocheng's filial piety, let the mother cook you a bowl of Bizi soup later!"

Hai Xueyun also knew what Xiao Changxuan was thinking. This kind of matter could be big or small, but if Xiao Changxuan wanted to win the heir, it would be no small matter. She leaned sideways on Xiao Changxuan's body, "Yes, I will listen to Your Highness."

The second update!

Chapter 639 Divorce Wife

After the matter was done, Xiao Changxuan began to raise his own request. He talked about the current difficulties, stroked Hai Xueyun's hair, and said, "I still need to ask my father-in-law and brother Ling to help me out."

Hai Xueyun got up and knelt on the bed, "As His Highness's married wife, I will be one body with His Highness, sharing weal and woe, even if Your Highness doesn't order me, I will serve His Highness as a saddle."

She was extremely gentle and waited on Xiao Changxuan to get up, "Your Highness, Concubine Xue has a deep-rooted affection for Your Highness and is extremely possessive. It is better not to let Concubine Xue know about the matter between Your Highness and my concubine today."

This is really drowsy and meeting the pillow, Xiao Changxuan was worried about this matter, he didn't expect that Hai Xueyun was so considerate, he couldn't help but think of the time when Hai Xueyun just passed the door, the Xie family sent the nanny to return the gift, that time, he even misunderstood Hai Xueyun.

"She is young, you should take more care of her."

"What is your Highness saying, the concubine and Concubine Xue Shu are sisters, and they both have one heart for His Highness. Can the concubine still care about my sister?"

Xiao Changxuan was extremely happy, and squeezed Hai Xueyun's hand, "I will come to see you when I come back. Since it is the filial piety period of Empress Xiaocheng, I should stay in the study."

Xue Wanqing took Lu Zhonglian to the outside of the city. The book said that at this time, a family member of a criminal named Yuan Yan was coming from Cangxi County in Sichuan. While they were here, robbers wanted to kill them. Although his three children survived, Yuan Yan's wife died.

Yuan Yan was a man of real ability. Later, he was not only acquitted, but also sued Chen Peiyuan, the governor of Sichuan.

After Yuan Yan was released from prison, he served as the magistrate of Chengdu Prefecture. When the Uighurs invaded, Yuan Yan led the people of Chengdu Prefecture to resist to the death.

If such a lucky star can be obtained, Xue Wanqing sat waiting in the tea room where the incident happened in the book, and couldn't help thinking that there would be a solution to Xiao Changxuan's current predicament.

A Qingying flat-topped carriage came from the south. After seeing it, Xue Wanqing pulled herself together. She didn't notice that Lu Zhonglian took a deep look at her, and turned to look down at the teacup in his hand.

The carriage stopped in front of the teahouse, and a maid came down and asked, "Master, how far is it to the capital?"

The shopkeeper hurriedly said enthusiastically, "Go forward, and you will be there after walking more than ten miles."

The people in the carriage heard it, got out of the carriage, begged for a bowl of water to drink, and took two baskets of steamed buns, and the carriage continued to move forward.

Xue Wanqing hurriedly winked at Lu Zhonglian, and Lu Zhonglian waited for the carriage to go forward for an arrow, then licked it.

In less than a cup of tea, Lu Zhonglian came back. Xue Wanqing was astonished and asked, "What happened? What happened to the family?"

Lu Zhonglian shook his head, and said in a low voice, "Someone followed to protect them. They were very skillful. The subordinates were warned after less than two steps."

As he spoke, he pulled out his sword, and on the gleaming sword, he didn't know what the other party used, but left a mark on it.

The skill of the opponent is very high.

"let's go!"

Xue Wanqing got up decisively, and the carriage chased after him. When she reached the gate of the city, she saw with her own eyes that the other party's carriage entered the city.

So she failed?

Xue Wanqing couldn't figure out what was wrong, so she ordered Lu Zhonglian to investigate, "Go back from the capital and find out who Yuan Yan met on the way to the capital. People who can afford such guards are not unusual. people."

"Let's try it, subordinate!" Lu Zhong didn't even say that he would do it, he turned around and left the city with his sword in his hand.

Xue Wanqing ordered Cuixiang again, "You are a woman, you are powerless, go follow Kang and her children, and see if you can find any clues?"

Cuixiang responded, and followed the carriage, and seeing the carriage stopped at Donglai Inn, Kang led the children out of the carriage, asked for two rooms to live in, and bowed a few times outside the door. Bye, "Thank you, Mr. Benedict, for escorting me all the way!"

It's just that, who is Engong, he didn't show up.

Cuixiang secretly took a look, then left, Xue Wanqing was also puzzled here.

She returned to the Fourth Prince's Mansion, and seeing Jin Yiwei surrounding the mansion, she couldn't help being very surprised. She went to the study to ask Xiao Changxuan, and learned that Xiao Changxuan had drunk too much wine and fell asleep, so she had no choice but to go back to her own room.

"Go and find out, what happened?"

After Cuixiang inquired, Xue Wanqing only knew that it was the emperor's order, but His Highness didn't say why.

"It's really useless!" Xue Wanqing couldn't help sighing, sitting in front of the window and still getting angry, but nothing can be changed?

Xuandehou's mansion, Xuandehou's son and Dahan's family were all imprisoned. Li Baozhen delivered a decree in the Dachang Princess's mansion, "The emperor ordered that Princess Nian Dachang is my emperor's aunt. My cousins are young and ignorant. Don't pursue it, let the emperor's aunt be good at education."

That means, if you commit another crime, you will definitely not be forgiven lightly.

After the eldest princess thanked her, she asked the nanny beside her to send Li Baozhen out of the mansion in person. She threw a pastel teacup in her hand to the ground hard, her face livid.

In front of the Linde Hall, King Xiang turned over from the spring stool, climbed down the steps, and cried loudly, "Brother Huang, I don't want this poisonous woman anymore. Brother Huang, please make an order. My brother wants to divorce his wife!"

The emperor finally fell asleep, and was awakened from his dream by the loud howl, and hurriedly asked Lu Yan, "What happened?"

Lu Yan hurriedly said, "Your Majesty, it was Prince Xiang who came and asked someone to bring him in. Now at the door, ask the emperor to allow him to divorce his wife."

The emperor was silent for a long time, "Have someone carry him in, I have something to say!"

Lu Yan glanced at the emperor's face, and said, "Your Majesty, Princess Xiang will not report for no reason. This matter is no small matter, and it is not good for Princess Xiang. I think that the emperor

values brotherhood, but he can't be careless. Why not?" It's better for His Royal Highness King Xuanchen to enter the palace!"

King Xiang was carried in, and under the flickering lights, one of King Xiang's sleeves was very loose. After a glance, the emperor turned his face away, and his expression and tone became much better, "What are you messing around with?"

"Brother Huang, why are you messing around? That poisonous woman actually framed Concubine Rong as the emperor's wife. Brother Huang, why didn't that poisonous woman say that she is the Queen Mother?"

The emperor had no intention of saying this to King Xiang. He waited for King Xiang to finish speaking, and said, "Is it true? Just take a look, and you'll know?"

King Xiang looked at the emperor deeply, and after a long time, he nodded and said, "Okay, brother emperor, okay, I know that you have never been at ease with me, and I will let the side concubine and A Xun enter the palace today, and let the emperor Brother, look and understand!"

As he spoke, King Xiang was about to turn around and leave, but he turned around and said to the emperor, "What if it's not?"

The third update!

Chapter 640 Child Care

What if not?

This sentence confused the emperor's question. The emperor paused, "Let the side concubine and Ah Xun enter the palace to repay their innocence."

King Xiang was angry, "Brother Huang, whether you are innocent or not depends on what you say. Brother Huang doesn't trust them now, let them enter the palace, even if you see them, can you rest assured?"

The emperor didn't speak, and closed his eyes, as if he was very tired and didn't want to care about his brother.

Lu Yan said from the side, "Prince Xiang, now, His Royal Highness Chen Wang has opened a mansion, and the mother is more expensive than her son. She has been a side concubine for so many years, and she has lived in a corner. It should be because she does not want to compete with Princess Xiang. Your Highness Chen Wang With the mansion, if you wish, you can take Concubine Rong to live in a different residence, staggered from Concubine Xiang."

When the emperor heard this, he said, "You let Concubine Rong enter the palace, and I canonize her as the concubine Chen Wang."

King Xiang refused straight away, "I don't want to bother the emperor, I just hope that the concubine Rong will come, and the emperor can see clearly, so that I won't have to worry about this matter in the future."

In front of the Daqing Gate, King Xiang flicked his sleeves and was about to get on his horse. Seeing a car coming not far away, he couldn't help but smile, stopped getting on his horse, and went up to meet him, "Aunt Huang, why are you free to come to the palace today?"

It was getting late, but Princess Taiping still decided to enter the palace.

The carriage stopped, and it was already at the gate of the palace. Princess Taiping simply got out of the car, and when she saw King Xiang, she glanced at one of his empty sleeves, hiding her surprise, "Nephew Sihuang, what are you doing?" it's here?"

"My nephew's daughter-in-law, the poisonous wife of the princess colluded with my aunt's daughter-in-law, and the side concubine who framed my nephew was Queen Zhaoyang. Aunt, tell me, was Queen Zhaoyang dead or not? Logically speaking, Queen Zhaoyang was dead or not. , you people of the older generation should be very clear, why did you bring your nephew into the trouble now? Just because she gave birth to a good son for your nephew, so everyone is jealous?"

Princess Taiping held back her anger, "I didn't agree to marry my wife here. It's useless for my fourth nephew to tell me these things."

"That is, who didn't know that the emperor's aunt took a fancy to Xuandehou, she was young and beautiful, and she insisted on marrying. With her status as the emperor's aunt, it is difficult to keep the title of Xuandehou's mansion? Han Jinyi can't do anything good without the Xuandehou's mansion. , Why didn't you pull the Xuande Hou Mansion this time?"

"Xiao Yu!" Princess Taiping said angrily, "Speak carefully!"

"What are you talking about carefully? Aunt Huang, if I don't say it, could it be that the emperor can't think of it? What is the relationship between Xuande Hou's mansion and Wei Guogong's mansion? Today, the wife of Xuande Hou Shizi is still kneeling at the Daqing Gate to call for Wei Guogong's grievances. I can't tell, go The person who robbed the side concubine in my house was sent by Xuandehou's mansion, so I said, that day, that robber was born so much like the long follower next to Shizi."

Princess Taiping was extremely angry, Xiao Yu's voice was really too loud, not to mention that there are many guards around here, even if there are not, who can guarantee that there is no Jinyiwei or Dongchang hidden underground.

"Xiao Yu, has this palace ever offended you, are you talking nonsense?"

"No, Aunt Huang, how could you offend my nephew? You must not be the one who offended my nephew, but Aunt Huang, is the Xuande Hou Mansion and you on the same side? Lend your prestige to them, and they will frame your nephew in turn My son, that is to offend my nephew, why, my nephew should respect the emperor's aunt, so should he also respect the Xuandehou's mansion? Can't you fight back when you hit me or scold me?"

"You don't have a regular face, your emperor brother treats you too generously, and has cultivated you into such a temperament..."

"You can't even manage your own son and me, but you are now taking care of the Ai family's son. Why, the late emperor is gone, and now you, a sister-in-law, can ride on the Ai family's head again?"

Princess Taiping and King Xiang hurriedly turned their heads and saw that the Empress Dowager's Luanjia had arrived at the door. They were shocked and knelt down, and King Xiang burst into tears, "Mother, if you don't come back, the son will not see the mother. face!"

Princess Taiping hurriedly saluted, "Taiping has met the Empress Dowager!"

"The Ai family can't afford to kneel like you. The Ai family thinks they treat you well. How did you treat the son of the Ai family?"

Princess Taiping also knew why the Empress Dowager treated her like this. There was no need to explain some of her words. She knelt on the ground and dared not get up. Bai Ya then said, Xuandehou's Mansion colluded with Han Jinyi, Huang's wife, Ah Yu is going to punish the entire family of Xuandehou's mansion to death!"

"Taiping, you don't need to tell the Ai family these things. Han Jinyi is your in-laws. The Han family rebelled and raised three thousand Kunlun slaves. The Ai family doesn't believe that the Xuande Hou Mansion has never heard of or found out about such a big thing. A little bit of clues. The Ai family knows that you have a deep relationship with Xuandehou and his wife. Back then, how you wanted to marry him. Others don't know, but the Ai family knows. But, Taiping, your surname is Xiao after all, and you have forgotten your respect today. Where did Rong come from?"

Did this hammer her to death?

The eldest princess Taiping was trembling all over, and her voice could not help but be sad, "Sister-in-law, Taiping is the daughter of the Xiao family, the eldest princess of Dayong, this world belongs to the Xiao family, even if Taiping loses his mind, he will not Will allow anyone to turn against my Xiao family, even if Taiping is not wise, he will not be so stupid as this."

The empress dowager couldn't listen at all. Back then, she called Taiping into the palace and asked her, did Marquis Xuande know that Xiao Yan conspired to usurp his brother's throne?

What did Taiping say? Tai Ping said that she would support whatever Master Hou decided, no matter it was right or wrong.

"Taiping, the Ai family always remembers that you said that you will support the decisions made by the Marquis of Xuande, no matter right or wrong. If you don't know, it doesn't mean that Marquis Xuande doesn't know, right? Although he went to Xijiang, the prince is still there. , Husband and wife are one, if Han Jinyi becomes the emperor, the Han family will be the princess of the dynasty, and the son will become the son-in-law, and there will be meritorious service from the dragon!"

Princess Taiping burst into tears, "Sister-in-law, Taiping is speechless!"

The empress dowager snorted coldly, and was about to give orders to enter the palace when the emperor had already been carried over in a chariot. Lu Yan helped him down, and the emperor saluted the empress dowager, "Mother, you just came back like this, and you didn't tell your son One sound, my son will meet you outside the city gate!"

"Okay, get up quickly, your body is also suffering from seven diseases and eight disasters. After such a big thing this time, how can Aijia not come back?"

The empress dowager said to Lu Yan, "Serve the emperor well, send him back to the palace to rest, and let the fourth son send Ai's family back to the palace."

How could the emperor agree? Sitting on a chariot, followed the Empress Dowager's Luanjia, and returned to the Qingshou Palace.

No one paid any attention to Princess Taiping, she looked at the slowly closing door, her heart was full of sorrow, she held the hand of the maid, and got into the carriage.
