

## The Power 651

### Chapter 651 Farewell

Concubine Yu understood what she said. The princess's words were beating herself, and she must treat Xiao Lingsu and Xiao Ke kindly, so that there will be good rewards in the future.

When Xie Zhiwei talked about her mother, Mrs. Yu heard that something was wrong, so she stood up quickly, and said hurriedly, "Princess, don't worry, the concubine only raised the third girl. In the future, the third girl will always rely on her mother." The elder brother is a good boy, and the elder girl is also very well-behaved, if the sisters and brothers can support each other, the concubine will be happier than eating the elixir."

Xiao Lingsu stood up, "Sister-in-law, if you go to the northern border of Western Xinjiang, I will go with you."

Xie Zhiwei was very surprised, and looked up at her, "What are you going to do next? Is Jingzhong not good? Besides, you are still in the filial period, how can you run with me?"

"Keep filial piety in mind, don't describe appearance. I want to follow my sister-in-law out of Beijing. Sister-in-law's journey will definitely be very boring. With me accompanying my sister-in-law, the journey may be relieved."

Xie Zhiwei rubbed his head, only to feel a headache, "I don't care about this matter, you have to ask your father, what does your father say?"

After dismissing these people, Xie Zhiwei took a short rest. She leaned on the couch by the south window, thinking that if she left, her friends and relatives in Beijing would definitely want to say hello.

But now, there is a funeral in the mansion, and the filial piety period has not yet expired, so she can neither hold a banquet in the mansion, nor go to other people's mansions.

Just as I was thinking about it, the woman on the second door came and brought people from the Cui family. She was the woman next to the second aunt Lu Shi, and she bowed to Xie Zhiwei, "Princess, the old lady will leave for the blog soon. Mausoleum, originally said that she would take the princess to stay at home for a few days, but who knows, so many things happened one after another, and now there is another funeral in the house, the old lady can't wait, and wants to get together with the princess, so she He said he wanted to live in Famen Temple for a few days."

When Xie Zhiwei heard this, he almost shed tears, "I was supposed to be in front of my grandmother and honor her old man well, but who knows, so many things have happened. If I go to Famen Temple, I'm worried that she won't be used to living here. I'm outside the city. There is a Zhuangzi, which was my mother's dowry back then, and I invite my grandmother and Yuan's grandmother to live in Zhuangzi for a few days?"

In this way, wouldn't it be just right?

When the old lady went back and told Mrs. Cui, the old lady was very happy, she tidied up so that she could leave the city the next day, and gathered with the old lady of the Yuan family outside the city, and the three families marched towards Zhuangzi.

The happiest thing is Xie Mingxi, who nestled in Xie Zhiwei's arms along the way, and finally no one robbed him of his sister, and asked Xie Zhiwei some things about the northern border of Western Xinjiang along the way.

Xie Zhiwei drew a geomancy map on the table, and told him the customs and customs of the northern border of Western Xinjiang, as well as the fortress passes between Dayong, Xiliang and Beiqi.

"Sister, you are amazing, how do you know so much?"

"Of course I read it from the books. If you want to be a general, you must study hard. I only know now that there are so many books in His Highness's study, and he has read them all."

Xie Mingxi couldn't help but feel infinite yearning, "Sister, did brother-in-law win many big battles again?"

"Well, when we go to Xijiang, you will often hear the news of your brother-in-law's victory."

The three families lived in Xie Zhiwei's Zhuangzi for three days. Xie Zhiwei and the old lady were almost inseparable, which made her very happy. The old lady is still in good health and full of energy. Live a few years longer than the previous life.

Three days later, Xie Zhiwei bid farewell to the old lady at the gate of the city. The grandparents and grandchildren hugged each other and cried, which made the people around them also cry.

Da Dashi couldn't help worrying, wiped his tears, and stroked Xie Zhiwei's back, "My good boy, don't cry, you are hurting yourself, and your grandmother is also hurting, the old lady is old and can't stand this. "

Xie Zhiwei hurriedly stopped crying, "Grandmother, you must be well, in the future, I will go to Boling to visit you!"

Dahai hurriedly said, "Yes, old lady, you haven't seen the birth of sister Wei's child yet, you must take care of yourself, and wait for sister Wei to give you a great-grandson in the future."

The old lady was happy when she heard that, "I wiped away my tears, yes, I have to live well, and I can only die when I see my great-grandson in the future."

"Bah bah bah, grandma is not allowed to say this word!" Xie Zhiwei was afraid of hearing these two words, "Grandmother, you must take care of yourself, take a good rest, do more activities every morning and evening, and don't worry your granddaughter."

"Of course!"

The old lady held Xie Zhiwei's face in both hands, deeply reluctant to let go, but she had to let go, turned around and got into the car, but couldn't bear to look back.

Xie Zhiwei's tears spewed out again. Enduring the crying and tears, she raised her hand high and waved it.

Xie Mingxi felt very sad when he saw it. He hurried over and hugged his sister's waist, "Sister, don't be sad. When I become a general, I will take you to Boling to visit my grandmother."

Xie Zhiwei was amused by him, and laughed through tears, "Okay, sister is waiting!"

As August approached, news came from Jingzhao Mansion that Du Gui bought two houses there, separated by a one-foot-wide alleyway, with the backyards connected together, and the location was very good, in Xiaohumu Lane.

Xiaohumu Lane is located in Lizhengfang in the northwest of the city. Because there are two Humu trees at the entrance of the alley, tall and luxuriant, every summer, the canopy-like canopy will cover most of the alley, and it is as cool as autumn. And got its name.

The person who came back to report the letter said that Xie Zhiwei was very happy and ordered someone to reward him heavily. The person smiled and said, "The steward Du Gui said that if the princess leaves after the Mid-Autumn Festival, it will take two days to arrive at Jingzhao Mansion. If you take it easy, it will take a month, and just at this time, Manager Du asked the mason to repair the house and clean the courtyard, so he will not go back and forth for the time being."

"Well, he is extremely thoughtful, which is very good." Xie Zhiwei then looked at Xiao Wei who had heard the news and rushed over, "Look, it's good if you know how to use people well, you have to know that you are from the family Young master, you don't need to do everything yourself, if you can be good at planning, you will stop, what will happen in the future?"

Xiao Wei hurriedly stood up and listened, and saluted respectfully, "Yes, sister-in-law, I remember."

Seeing that the Mid-Autumn Festival was approaching, Xie Zhiwei's luggage was almost packed. She took two days to make mooncakes by herself and asked Du Yuan to send them to Old Caomen Street.

The family is still in the period of filial piety, so it is not convenient to communicate with relatives, but Lu Yan is different.

As soon as Du Yuan came, she was surprised to see that the young master was also packing up her luggage, but she was no longer the person who had just entered Beijing, had never seen the world, did not understand etiquette, and made a fuss after something happened. The Lord arranged for the moon cakes to be delivered, and said, "Young Master, the Princess said that the departure is scheduled for August 18th, and I ordered my servants to come over and tell the Young Master."

The third update!

## Chapter 652 Leaving Beijing

"Yes." Lu Yan raised his head from behind the mahogany carved desk. He was wearing a moon-white brocade robe with folded peonies and dark patterns.

The little \*\*\*\* came over with water, knelt on the ground, raised the basin above his head, and after he washed his hands, another little \*\*\*\* put on the handkerchief.

Lu Yan wiped his hands, picked up a piece of moon cake and put it in his mouth, sipped it lightly, it melted in the mouth, sweet but not greasy.

Maybe it was because of the sweets, Lu Yan was in a good mood, and said to Du Yuan, "Go back and tell the princess, just say, I won't see her off when the time comes, because of the long distance, I will ask Qu Chengyu to lead the \*\*\*\* she."

Du Yuan was particularly shocked that the son actually asked Jin Yiwei to \*\*\*\* the princess to leave the capital, but this way, the pressure on her and Du Yuan was much less.

Du Yuan couldn't help being overjoyed, "Thank you son!"

She came back and told Xie Zhiwei what she said, Xie Zhiwei was not half surprised, and only asked Du Yuan to tell Xiao Wei, ordering him to arrange people to stop in advance, and where to rest and stop on the road must be arranged in advance.

On the early morning of the 18th, Xie Zhiwei's carriage left the palace. She only lived in the palace for four short months. Logically speaking, she shouldn't have too much affection, but this is her and Xiao Xun's home, for her, the meaning is different.

Xiao Wei followed Xie Zhiwei's carriage on horseback. Seeing the gate of Prince Xiang's Mansion open, Xiao Wei hurriedly turned around and saw King Xiang standing at the door with a bird cage in his hand. Behind him, Xiao Ke and Concubine Fang The Lord and the others all came out, seeing that they were here to see off Xie Zhiwei and Concubine Rong.

Xiao Wei was hesitating whether to get off the horse or not, but Prince Xiang had already looked at him and waved at him, "A Wei, come here, I have something to tell you as a father!"

With the sound of "Father", everyone in the mansion was shocked.

When Xiao Wei got off his horse, he almost tripped and fell. He came to King Xiang with complicated emotions, knelt down, and King Xiang said, "You don't have to kneel to me. You have grown so big. I have never hugged you, and you have never enjoyed it. The glory and wealth I gave you, I only have kindness to you, but no kindness to you, so you don't have to kneel to me!"

King Xiang tightly held Xiao Wei's shoulders, and pulled him up, "But, no matter what, you are still my son, and you can grow so well in a place where I can't see you. My sister-in-law values it, I am very satisfied, and from now on, I will hand you over to them!"

After finishing speaking, King Xiang looked at Xie Zhiwei, "Princess Master, his mother is your mother's servant, and he was born to be Ah Xun's right-hand man. It is his blessing that he can stand up. From now on, I will hand him over to you." You guys!"

Xiao Heng was so angry, it's no wonder the Princess protects this \*\*\*\* so much, he was born to be a slave!

Xie Zhiwei came over, and a maid took the mat and put it on the ground, Xie Zhiwei knelt down and saluted King Xiang, "Father, take care of your health, and take my prescriptions on time every day. I have already told you the treatment plan." Wang Shipu, you must ask Wang Shipu to check your pulse every three days, and I will kowtow to you on behalf of His Highness!"

"Get up, family, what are you doing so politely?"

After he finished speaking, he walked to an inconspicuous carriage, and through the curtain of the carriage, he looked inside and said, "This time, we are separated by thousands of mountains and rivers, so please forgive me for not being able to see you off!"

Inside, Concubine Rong said, "You have to listen to your daughter-in-law and take good care of her. I will come back. When I come back, you will pick me up at the gate of the city. In the future, you will take me to see him personally!"

King Xiang's eyes were full of tears, he understood, "he" refers to the elder brother.

His elder brother is the most honored son of the eldest son. When the country is in trouble, he rushes forward; As a king, the only thing he should not have is trust and compassion for people.

His elder brother is a figure that he will never be able to hold a candle to. He has been by his side since he was a child, followed him in and out of the military camp, and followed him to handle political affairs. He had expected to see his elder brother govern the country so that the people could live and work in peace and contentment. All nations come to Korea.

Time flies so fast, he hasn't seen Brother Huang for many years, he misses it so much!

Xiang Dynasty took a step back, the carriage set off rumblingly, and after meeting Xie's carriage in front of Suzaku Gate, it drove out of the city.

After the carriage left the city, it headed west. Ten days later, at sunset, it stopped in front of the city gate of Henan Mansion and lined up to enter the city.

After about a cup of tea time, it was the turn of Xie Zhiwei's team. Seeing that there were so many of them, the soldiers guarding the city gate wanted to interrogate them. Qu Chengyu showed his badge of Jinyiwei. He opened the city gate and welcomed Xie Zhiwei and others into the city.

In Fucheng, the largest inn was vacated. Xie Zhiwei and others stayed in the inn. The two Tianzi rooms were reserved for Concubine Rong and Yuan Shi. Xie Zhiwei lived in the Dizi room. After dinner, she asked the two mothers to rest first, and sat by the window to read the letter from Xiao Xun.

The opening chapter is still "Qingqingruwu". If it was shy to read it before, now I see it, I just feel warm and miss it very much.

Xiao Xun talked about her situation in Beidi, emphasizing that their house on the East Street, the doors, windows and courtyards have all been repaired, and the furniture she sent from here has also been properly placed. The words are all about missing her.

At the end, Xiao Xun said, "Mei Mei, I had another dream last night. I dreamed of you. I took you to climb the mountain. If you can't climb it, I will carry you up. Mei Mei, have you lost weight again? I have won the battle for the first time, and I will be able to go back to see you soon."

Missings are like vines, occupying every corner of her heart.

Xie Zhiwei picked up a pen, wrote a letter to Xiao Xun under the lamp, sealed it, and Bai Ling came in, "Girl, I just found a family in the woodshed in the backyard."

Xie Zhiwei was stunned for a moment, and then he realized that when they vacated the inn, they clearly paid compensation, why didn't the family go out?

"Since you haven't gone out, let's find a room and let them stay overnight. We will leave tomorrow, so there is no need to trouble others."

"yes!"

Bai Ling came in again shortly after leaving, saying, "Princess, the wife of that family insists on coming to kowtow to the princess!"

Xie Zhiwei became a little impatient, "There is no need for this. If she has any difficulties, you can ask her clearly and help her if you can."

"yes!"

Although there were many people on their way, in order to avoid people's eyes and ears, they walked separately and did not show their identities.

The purpose is not to cause extra complications.

The wife said she was here to thank her, but she actually had a little thought in her heart. Seeing Xie Zhiwei's refusal, she didn't bother, knelt down in the direction of Xie Zhiwei's room, and kowtowed three times.

At this moment, someone rushed in, pointed at the woman and said, "It's them, arrest them, and the county prince will reward you!"

Today's update, dear friends, after reading it, remember to vote, it depends on your votes to renew your life!

#### Chapter 653 encounter

The woman panicked, got up and ran towards Xie Zhiwei's room, "No, no, don't come here!"

Bai Ling was extremely depressed, but the princess said that she could help if she could. She hurriedly reached out her hand to stop the woman, "Who are you? How dare you barge in at will!"

Qu Chengyu was also alarmed. He walked over from the courtyard, stood by Bai Ling's side with his hands behind his back, and asked him, "It turns out that the man of Mengjin County broke in. What's your business?"

The other party seemed to be in charge. Seeing this, he changed his attitude and saluted first, "I don't know what your name is? Where do you come from?"

Qu Chengyu, dressed in plain clothes, smiled, "A walking businessman, take the old lady and his wife to Jingzhao Mansion to meet the master."

But in any case, the other party was a little too big. He Gui thought that his family was also a member of the county prince's mansion, so he became arrogant, pointed at the woman and said, "This woman's son is a fugitive slave from my county prince's mansion. The fugitive slave is well-behaved, the prince of the county likes it very much, the prince of the county has searched for this fugitive slave all over the city for a long time, and he didn't want to, but he hid it under his nose."

Xie Zhiwei heard it in the room, and there was some disgust in his eyes. The king of Mengjin County is a man who has broken his sleeve and divided his peaches, and he actually invaded the common people like this.

Qu Chengyu is Jin Yiwei. After listening for a while, he understood what was going on. He couldn't help but glanced at the woman. Right now, this matter is not difficult, but the difficulty lies in it. I wonder what the princess thinks?

If the princess is willing to take action, everything will be easy to talk about. If the princess doesn't want to meddle in business, then this woman and her son may not escape bad luck today.

At this moment, a middle-aged down-and-out man came out of the woodshed with a handsome boy of thirteen or fourteen years old. The middle-aged man knelt in the courtyard, "Xiayu Yingzhi is a Jinshi in the eighth year of Shoukang, Thirty-eight members of the second class are in distress, please help me, I will be grateful in the next family!"

Yu Yingzhi's voice was very loud, and he deliberately said it to Xie Zhiwei, Xie Zhiwei naturally heard it, she put down the book in her hand, and said to Du Yuan, "Go down, let Qu Chengyu send people away, and let Yu Yingzhi come to see me!"

Downstairs, He Gui saw Qu Chengyu's embarrassment after hearing this, thinking that Qu Chengyu knew his identity on his side and overestimated his own status, which made him feel embarrassed.

He laughed loudly, and said to Yu Yingzhi, "Poor man, do you think you can eat a lot of food after reading a few more books? Don't dream, your status as a Jinshi on the two lists is valuable in the eyes of others, and it is valuable to our county prince. In my eyes, \*\*\*\* is not worth it."

With a glance, he saw Yu Youtong's face on the side, his eyes circled the boy's body, he smiled lewdly, and walked over, "Good boy, go back with the master, and let the prince love you well, wouldn't it be better to follow him?" Are your parents wandering around?"

The young man just felt disgusted, and slammed He Gui with his head. He Gui was caught off guard and fell on his back. He immediately became angry from embarrassment, "Okay, I won't eat the toast, and I will be fined. Someone, come and catch me!" Yes, send it back, the county prince will reward you a lot!"

The king of Mengjin County is a descendant of the Taizu brothers. Because he is not of the blood of the first emperor, he was able to save his life in the accident fifteen years ago.

When the woman heard this, her eyes went dark, and she fell to the ground.

Bai Ling was startled, quickly grabbed her, and shouted at He Gui and the others, "Stop!"

At this moment, Du Yuan came down, holding a name card in her hand, and was about to hand it to Qu Chengyu, when He Gui said, "Hey, who is this, why are you meddling in such a big deal? .In this world, who doesn't have a little compassion, but can everyone draw their swords to help when seeing injustice?"

He Gui didn't want to talk to Bai Ling and other women, so he got up and patted his buttocks, and cupped his hands towards Qu Chengyu, "My lord, you still make sense, we are people from the palace of Mengjin County, so take them away, don't you?" Excuse me!"

As he spoke, he waved his hand, and the people he brought grabbed the young man. Du Yuan kicked suddenly, and a small stone on the ground was kicked up by her, and jumped out, hitting one of them directly on the wrist.

The man covered his wrist with a howl, and looked at Du Yuan angrily.

"Okay, there's still a fight!" He Gui was furious, and said to Qu Chengyu, "It's no wonder that I'm waiting for you!"

Seeing this, Qu Chengyu also understood what Xie Zhiwei meant, and he yelled, "Boys, meet them, teach them well, the world is so big, not everyone dares to draw their swords to help!"

He Gui saw a lot of people suddenly appeared in the courtyard like ghosts and ghosts. Everyone was wearing plain clothes, but they were holding an embroidered spring knife in their hands. who?"

Qu Chengyu grabbed He Gui by the collar and lifted him up, "Don't you see who we are?"

Then, he threw He Gui out, fell out, clapped his hands, walked to the door, looked at He Gui lying on the ground, "Go back and tell your master, if you want to live for two more days, don't do this!" What a disgraceful thing!"

He Gui trembled with fright, when the people he brought were thrown out, he quickly ran away with them.

The woman woke up in time, knelt on the ground and kowtowed again in the direction of Xie Zhiwei.

Yu Yingzhi helped his son up, he walked up to Du Yuan, cupped his hands and said, "I'm Yu Yingzhi, I want to thank you in person!"

Du Yuan didn't dare to call the shots, and it happened that Xuanta came out, and said, "Please come up, sir!"

Xie Zhiwei lived on the second floor, and Yu Yingzhi went upstairs with his worn-out robes.

In the room, Xie Zhiwei had washed and washed, and sat down on the couch in front of the south window. Yu Yingzhi came in and kowtowed, "Thank you, princess, for saving my life!"

Xie Zhiwei was not surprised that he knew his identity. If he didn't know, Yu Yingzhi should have escaped yesterday and found a new hiding place. Since he dared to take the risk to stay, he decided that he would save him.

"Princess please forgive me. I also overheard that the principal escorted my mother to Jingzhao Mansion, and then transferred to Zhending Mansion before guessing the identity of the princess."

That is, the person standing in front accidentally leaked the secret, Xie Zhiwei glanced at Xiao Wei who followed, and Xiao Wei blushed with shame.

He is still negligent, and he will pay attention to it later.

Xie Zhiwei didn't care too much, who doesn't make mistakes?

"Mr. sees the micro-knowledge, and it really lives up to its reputation!" Xie Zhiwei praised sincerely. In her previous life, she heard that a kind of food called sweet potato that was widely planted by the people of Dayong was discovered by Yu Yingzhi, and cultivated and promoted. This is why she heard Yu Yingzhi. After reading his name, he decided to meet for the sake of seeing each other.

"I remember that after Mr. Shoukang was nominated for the eight-year apricot list, he was also admitted as a good scholar. He stayed in the Ministry of Industry to watch politics. Why did he come to Henan?"

The first update!

## Chapter 654 Favored

Yu Yingzhi did not expect that Princess Duanxian knew him so well. He was so shocked that he hurriedly got up and bowed down again, "What's the matter with me? The princess is so favored by me!"

Xie Zhi smiled and said, "To tell you the truth, my grandfather and my father have to bring back the articles on the two lists every year to comment on them. The writing is like a person. Firstly, you can see the character of a scholar, and secondly, you can also know what a scholar is good at. To know people and do good work. Back then, my grandfather read Mr.'s article and said that Mr. "minds the country and has the people in mind", which is still fresh in my memory!"

Yu Yingzhi didn't expect that he would still be favored by Mr. Xie Ge. He was full of emotion, with tears in his eyes, "After passing the entrance examination, I stayed in the Ministry of Industry to watch politics. I originally wanted to spread my wings. Later, because of his stubborn personality, he was displeased by Shangfeng. In less than three years, he transferred Zai Xia to the county magistrate under Pingjiang Mansion and became a county magistrate. Perhaps he was really not suitable to be an official, and he offended Shang Feng again a few years ago. I lost my official position. I happened to be traveling with my wife and children, who knows, a month ago, I came down to Henan Mansion, and accidentally met King Mengjin on the street."

Yu Yingzhi didn't tell the story behind, Xie Zhiwei could guess it. She took a deep breath, thought for a while and said, "What's the plan, sir?"

After all, she is leaving tomorrow, and the other party is the king of the county after all, if it is not for her face, those servants may not be willing to leave today.

"There is no way to repay a life-saving grace. The reason why I came to Henan this time was to buy two acres of land here and try to plant a kind of food seed from a foreign land. If it is planted properly, the future of the Northwest will be No starvation."

Xie Zhiwei couldn't help but be overjoyed, her eyes suddenly shone brightly, she smiled and said, "What do you mean, sir, are you willing to give me the food seeds from the foreign land to repay your kindness?"

Yu Yingzhi thought for a moment, "I got a dozen or so seeds next time, and I gave a few to my close friends along the way. Now I don't have many, but I might give one or two to the princess as a reward for saving my life."

Xie Zhi smiled, "Sir, if I don't agree, how about threatening to repay my kindness? Although there are people around me who understand farming, there are not many, and he is old and not as knowledgeable as your husband. I don't know Mr. Are you willing to be used by the prince and follow him to build a career in the northwest?"

Yu Yingzhi was still a little hesitant, Xie Zhiwei said, "The prince is in the northwest and guards the gate of the country. Why, sir, he doesn't trust the prince, or is he afraid of Xiliang and Beiqi?"

Yu Yingzhi suddenly rushed forward with pride, "Although I am a scholar, I am not useless. If there is enough food and grass in the western border and the northern border, why should I be afraid of barbarians?"

"That's good! It's late at night, sir, take a rest for a night, and go on the road with me tomorrow."

The knife hanging above his head was taken away. Yu Yingzhi was relieved for a while, and Xie Zhiwei arranged for someone to prepare dinner for them. After the meal, the family gathered in the house, and the woman was very careful. He asked eagerly, "Master, did the princess really agree?"

Yu Yingzhi nodded, he is a Jinshi of the second list, and he still has some knowledge, and there are rumors in the south about the palace change more than ten years ago, saying that the concubine of the current emperor got the imperial decree and forced his elder brother to death, so he got the wrong position .

There are various legends about His Royal Highness Chen Wang's life experience, but they all agree that His Royal Highness Chen Wang is the only son of Emperor Zhaoyang, and the current throne should be inherited by His Royal Highness Chen Wang.

Whether His Royal Highness Chen is the son of Emperor Zhaoyang is not important anymore. What is important is that His Highness Chen managed the northern border of Western Xinjiang very well. man of.

Even in the south, there are many people who moved to the north with their families. It is said that those who come to the north will reclaim the land they own, and they will be rent-free for the first three years.

Emperor Taizu's ancestral precepts are "dividing the land without tin, and being a noble without coming to the people", but who would have thought that His Royal Highness, Prince Chen, would be able to make great achievements in recovering Yanyun sixteen years old when he was only a year old of dancing spoons. State, deeply supported by the people.

Yu Yingzhi came all the way from the south and knew about the rumor that Prince Chen was the posthumous son of Emperor Zhaoyang. Although some people did it deliberately, it became more and more serious, but it was not because of someone pushing the flames.

This may be a vision of the people.

No one can guarantee what will happen in the future. It is good that he wants to make contributions, but what if he will be beaten as a traitor one day?

will implicate his wife and children.

Yu Yingzhi vaguely expressed his worries. He looked at his wife and saw her frowning in deep thought, so he didn't bother her. However, his son Yu Youtong was very angry, "Father, if father is afraid of what will happen to His Royal Highness, the son is not afraid, the son will Once, if it wasn't for the princess who came to the rescue, I'm afraid life would be worse than death, if he could be a \*\*\*\* for His Highness Prince Chen, he would be dead, and my son would be happy with it."

Yu Yingzhi's wife, the Wang family, came from the Langya Wang family. After arriving in Dayong, although the Langya Wang family was not as good as the Xie family in Luzhou and the Cui family in Boling, it was still a prominent family in the local area and had a scholarly reputation for generations.

"My lord, what Tong'er said is very true. The people around the princess are all anxious and righteous people, and they are romantic and cheerful. Although I have never met the princess, I know it well. In autumn, it can be seen that the princess is of good character, and I think that good birds choose good trees to live in. If they can serve the princess, how can it be better than being an official in the court?"

Mrs. Wang sighed, "If that day really comes in the future, master, ordinary people will be scattered, and there will be many people in the world. The three of us are alone in a strange land, but no matter what, the three of us and our family will die together. stronger than others."

Yu Yingzhi made up his mind, "If that's the case, I will listen to the lady and Tong'er."

Xie Zhiwei had a good night's sleep here.

The next day, she got up to make up, and Du Yuan came up in a hurry, saying that the king and princess of Mengjin County had come in person, and they wanted to take Xie Zhiwei to the palace for entertainment.

Xie Zhiwei invited the Prince and his wife to meet in the West Flower Hall downstairs. She wanted to stand up and salute as a junior. The Prince of Mengjin and his wife were modest, but Xie Zhiwei didn't really want to salute, so he sat down and said with a smile, "If that's the case, The national ceremony will be waived, we are all of the same family, I am here, I should have come to see the ceremony, but I am in a hurry, if I am rude, I will invite the two Haihan."

The King of Mengjin was thinking about Yu Youtong, and was about to speak, when the princess said unhappily, "Look at what the princess said, the prince and I have to thank the princess, if it weren't for the large number of princesses, wouldn't we have to thank you?" Kneel twice and kowtow six times to the Princess?"

Xie Zhiwei glanced at Princess Jun, "Princess Jun is right."

Seeing that it was getting late, Xie Zhiwei was too lazy to talk to the two of them, so he picked up the teacup and expressed his intention to see off the guests, "My lord is still waiting for me to go to Beidi. Two left."

Xie Zhiwei showed extraordinarily arrogance, the princess of the county couldn't stand it, and sat still, "Prince Chen has made great achievements in the north, and he has his own awards and commendations from the court. The princess doesn't have to mention it in front of me and the prince of the county. Which one of the elders in my life didn't break through from the feathers of swords, spears and arrows?"

The second update!

## Chapter 655 Ambush

Xie Zhi looked at the prince with a half-smile, and the prince blushed with embarrassment, and glared at the concubine, "Can you shut up? I want you to tell me everything, you are so capable, how can you Why don't you kill a few Beiqi people and let me see?"

The princess of the county was so angry that she turned her face away and stopped talking.

The king of the county flattered Xie Zhiwei and said, "Nephew and daughter-in-law, if you don't come to my house as a guest, that's fine, but there is a man named Yu Yingzhi who lives in this yard. He has a son. If you can bring him He gave it to me, it doesn't matter if you leave now."

Xie Zhiwei couldn't help laughing, and said, "Your Majesty, I heard that Yu Yingzhi is a Jinshi on the second list."

Yu Yingzhi's family heard that the king of Mengjin had come in person, and the Wang family couldn't help being worried. After all, the king of the county is the elder of the princess. If the king of the county suppressed the king of the county as an elder, would the king of the county still fall out with the king of the county for the sake of their family?

Yu Yingzhi is not worried at all. He has dealt with Xie Zhiwei before, and Xie Zhiwei's straightforwardness, ability to plan things, and decisiveness are admirable.

Sure enough, less than half an hour later, someone from the front sent a message, telling Yu Yingzhi and others to go forward and set off.

Xie Zhiwei asked Xiao Wei to prepare two more carriages, Yu Yingzhi took one alone, Wang and his son took one, the carriage passed through the main street of Henan Mansion, Yu Youtong opened the curtain of the carriage, and happened to see the horse riding by the side of the road Seeing off Prince Mengjin, the county king gave him a squinting smile, and Yu Youtong immediately felt disgusted as if he had eaten a fly.

Seeing Yu Youtong's handsome face, which is so beautiful that it is not like fireworks in the world, King Mengjin only felt an evil fire rushing up in his body. His dark eyes followed Xie Zhiwei's carriage, and threw Xie Zhiwei's warning to the sky.

He Gui messed up his errand this time, and was trembling with fear. Seeing this, with the intention of making amends, he leaned into the ear of the prince of the county and said, "My lord, go west for fifty miles. In front of the post station, there is a pine forest. In the pine forest is a Road, if you pass through there, you will save ten miles."

He Gui looked at the sky, "The princess's convoy just set off on its way now, and it was an hour late. If you want to arrive at the inn before dawn, you have to pass through the pine forest. It just so happens that it's the end of the month, and the sky will fly in the past two days. There is no moon, the prince of the county, it is a good time to do it, all you need to do is \*\*\*\* the kid over, if the princess comes to the door, as long as he refuses to admit it, he will sue the emperor, and no one will take the prince of the county what to do!"

"Can you not miss this time?" Prince Mengjin touched the beard under his chin and weighed it. His big belly followed the horse's walking, bouncing up and down like a mountain.

He Gui laughed and said, "Your Majesty, how capable are your subordinates? I heard that there are two maidservants in front of the princess, who are extremely capable. I am afraid that the subordinates will be helpless."

"I still have three hundred soldiers, I will leave them to you. Tonight, if you can't bring them back to me, you can bring your head to me!"

He Gui couldn't help being stunned, but at this moment, he had no other choice but to obey.

The convoy rushed out of the city mightily, Xie Zhiwei's carriage was at the front, Concubine Rong followed behind, Yuan's was at the end, followed by more than 20 carriages, a total of more than 50 guards, protecting such a Many people and supplies are really eye-catching fat sheep.

However, regardless of Xie Zhiwei's good name, among the people, she is the bodhisattva who drives away the plague; among the scholars, she is the eldest daughter of the Xie family; and among the green forests, she is the concubine of the invincible Prince Chen. Well, anyone who walks the rivers and lakes, unless he is a fool, who would provoke such a person?

He Gui led the people along a small path, took a shortcut, and laid an ambush in the pine forest.

The scout, who had been on the battlefield for a long time, went back and forth, galloped back, and leaned into Qu Chengyu's ear, "Qu Baihu, there is a forest ahead, and the road is easy to walk. If you pass through the forest, you can go tonight." Before sunset, I was able to reach the inn in front of me, but when my subordinates just returned from the forest, there seemed to be someone ambushing inside."

"how many people?"

"The appearance of two or three hundred people has never seen blood."

"Find out who it is?"

"Hey, it should be the one in Henan Fucheng who laid the ambush."

A cold light flashed in Qu Chengyu's eyes, "Inform the sons and daughters to clean up the forest before the princess arrives, so don't scare the princess."

"yes!"

He Gui looked at the time, there was still some time, he was too lazy to lie on the treetop, was about to move, when a sharp arrow pierced the air, he turned his head suddenly, and the arrow pointed straight

at him There was a puff, and the sound of sharp arrows piercing through the body rang in his ears. He only felt that his soul had ascended to the sky, and he fell headfirst from the tree.

Xie Zhiwei's carriage passed through the pine forest at a leisurely pace, and after a while, they reached the official road in front of them. Before the sun set, they arrived at the post station, and after walking for a few days, they arrived at Hezhong Mansion.

Hezhong Mansion went west for a few days and arrived at Jingzhao Mansion, then went north to Jinzhou, went upstream along the Fen River, arrived at Taiyuan Mansion, crossed the Taihang Mountains, and arrived at Zhending Mansion.

For Yu Yingzhi, this is also a good time to see the world. He needs to appraise the soil quality in the west. If he can grow sweet potatoes, that would be the best.

In fact, Yu Yingzhi did not tell the truth to Xie Zhiwei. He knew that the biggest problem of the rich and powerful was "greed". Wouldn't it damage the crop seeds?

Therefore, he lied when he said that he only had a few exotic plant seeds in his hand. He had more than a few seeds in his hand. Although he only got one that day, under his cultivation, in the past two years, he has initially mastered the habits of sweet potatoes, which can be propagated through fruits and cultivated through rhizomes, and can even be widely planted by planting vines.

Jun Mengjin waited all night, but he didn't wait for He Gui, so he knew something was wrong. He hurriedly arranged for people to investigate the situation, but as a result, he didn't get any information, so he couldn't help feeling more and more worried.

About ten days later, people from Beijing suddenly came, Jin Yiwei and Dongchang fanzi each came to a team, ordered to search their homes, and found many beautiful young men from the county palace, and verified that the king of Mengjin was corrupt and perverted the law. Forcibly occupying people's fields, forcibly robbing men and intercepting and killing the evidence of crimes of clansmen and dignitaries, they were locked up and sent to Beijing.

Prince Mengjin was stunned. Fortunately, he was not stupid. He knew that he had offended someone who shouldn't be offended. He never dreamed that the power of Princess Chen would be so great.

In the middle of the capital, more than a month has passed since the funeral of Mrs. Wu'an Hou Tai, and the result of the joint trial of the three divisions has come down. For relatives, the emperor made an exception on the Internet, and the Marquis of Wu'an seized the title. Among the three clans, anyone involved in rebellion will be imprisoned and executed, and the rest will be moved thousands of miles away.

Fourth update!

Chapter 656 Exile

On the day of exile, the former Marquis of Wu'an Cao Kan didn't see Yunhua, his mother, nor his son, thinking that something happened to them and they were no longer alive, and couldn't help but feel great grief.

The wife of the second room was very dissatisfied, and asked Jin Yiwei, "What about my sister-in-law? Could it be that you took advantage of her? This is a serious crime of treason. Why didn't she and the eldest girl be sentenced to exile?"

"And the prince, where have they all gone?"

Jin Yiwei laughed alone, "The eldest girl has a good relationship with the princess. The princess begged for help, and the emperor went online to make room. What's the matter? You think it's unfair. It's unfair to ask the emperor, what are we people doing?"

Two lines of hot tears flowed from Cao Kan's eyes. When a person lives to this age, it doesn't matter how he is, as long as his children are healthy.

He is the patriarch of the Cao family. Someone in the Cao family conspired against him. He committed the crime of ignorance. It is already a great kindness that the emperor did not cut off his head. If his wife and children can be kept, Princess Duanxian has the grace of rebirth to his Cao family.

Even so, more than a hundred people from the Cao family died, and the blood shed washed the streets in front of the Jinhui Gate.

Xue Wanqing finally got in touch with the Kang Corporation.

In front of the Kaibao Temple, the Kang family drew a lot in front of the Buddha, and was about to go to the master to untie it, but Xue Wanqing stopped her, "Madam, why don't I help you untie this lot!"

Ms. Kang raised her eyes and saw a twelve or thirteen-year-old woman, but her hair was rolled up. It seemed that she was married early. She smiled, "There is a master in front, so don't bother Madam."

Xue Wanqing smiled, "I'm not a wife. If my wife can listen to me, please don't worry. Your husband didn't say that he was in danger this time. Instead, it was a blessing in disguise. From now on, the road to officialdom will be smooth."

Ms. Kang took a deep look at Xue Wanqing, and felt that this little lady was very strange despite her young age.

Although she was worried about her husband, she was not worried. Although her husband offended Shangfeng, but after the news reached the capital, the Ministry of Criminal Justice accepted the order of the palace and ordered her husband to be escorted to the capital, and she knew that her husband's life might be at risk. saved.

And after she and her two children came to Beijing, someone has been secretly protecting her, obviously to save the lives of her mother and child. She is not a fool, doesn't she know that her husband is out of danger this time?

She originally came to ask for a lottery for her daughter's life.

What you are looking for is a marriage lottery, not for your husband's future.

Kang thought that someone had been following him anyway, and he didn't know where this woman came from. Maybe the adult who protected him knew, so he asked tentatively, "I don't know what vision Madam has. I don't know, where is the way ahead?"

As soon as Mrs. Kang opened her mouth, Xue Wanqing could tell that this woman might have read the book, and thought to herself that she liked to talk to smart people.

"If I point a few words to Madam, I don't know how Madam will repay you?"

"How does Madam expect me to repay you?"

Mrs. Kang had never seen someone who wanted such a person, and she thought of repaying them before she helped them. She couldn't help asking, "I'm poor and white, my husband has been sent to prison, and I took two children to live in the temple. I don't have much money, so I don't know how Madam thinks I can repay Madam?"

"Of course it's your husband's talent. Your husband is a top-notch Jinshi. Today, my husband is in great need of talents and attaches great importance to talents. If your husband can be used by my husband, I can naturally help you! "

Kang couldn't help laughing angrily, "Madam, do you know that from ancient times to the present, only one person is qualified to use the two lists of Jinshi?"

Naturally the emperor!

Ms. Kang glanced at Xue Wanqing, and was about to leave, Xue Wanqing hurriedly said, "Madam, do you think I don't know who is qualified to use the two rankings?"

Kang said in his heart, since you know, why bother to say such a thing?

"Don't you ask who my husband is? Am I qualified to make such a request to you?" Xue Wanqing approached her and whispered, "My husband is His Royal Highness the Fourth Prince. Do you think I will do this to you?" Shouldn't it be an exchange?"

Mrs. Kang took a deep breath, and soon she saw that this woman was a lunatic, "My husband is a second-ranked Jinshi, and he is still in prison. Madam can make decisions for His Highness the Fourth Prince, but I cannot My husband is in charge, please also invite Haihan!"

After finishing speaking, the Kang family hurriedly left.

Xue Wanqing looked at Kang's back, very disappointed, shook her head, and said to Cuixiang, "I thought she was also a strange woman, but unexpectedly, I thought highly of her."

Cuixiang only feels that she doesn't know girls anymore. She has served girls since she was a child, but girls were not like this before.

She thought for a while, and said, "Concubine Shu, His Royal Highness the Fourth Prince is naturally worried about these important matters. Concubine Shu should go back first. I heard that His Royal Highness the Fourth Prince goes to the East Courtyard a lot these days."

Xue Wanqing didn't take this matter to heart, and said casually, "His Royal Highness is in a hurry, and he went to the doctor in a hurry. Although the Hai family has a Tanhua Lang, he is still working as an editor in the Imperial Academy. Why don't you go to the Xie family? Well, Xie Yuanbai has been promoted again, leading the Yuntai camp, and has military power in his hands. Although Xie Tiao is not the chief assistant, he also has the right to speak in the cabinet. If he doesn't ask the Xie family, what's the use of asking Haishi?"

Cuixiang was shocked, no matter what, the Xie family is the ancestral home of the concubine concubine, how could the concubine call her elders by their first names?

What Cuixiang wanted to say later, she didn't dare to say it. I heard that every time the Highness went to the East Court, the princess would take medicine. She vaguely heard people in the East Court say that the princess should not drink medicine. Since she is married to His Highness, There is no way to have children first, so it can be seen that what you drink is avoiding children soup.

Xue Wanqing returned disappointed. She returned to the West Courtyard. She did not see Xiao Changxuan waiting in the room as usual, so she asked, "Where is Your Highness?"

In the West Courtyard, Xiao Changxuan was like a fish in water. After having a good time, he got up. Hai Shi hurriedly helped him change his clothes.

Xiao Changxuan looked at the dark soup, feeling a little complicated, he held Haishi in his arms, and said in a low voice, "When Concubine Shu is old enough, I will always let you have a child."

Haishi said considerately, "Your Highness, don't take this matter to heart, you and I are still young, I heard before that a woman who is too young to have children will hurt her health, after two years, it will be too late for the concubine to do more for His Highness." Just right."

Xiao Changxuan just felt very heartwarming, and he finally understood why the ancients always said that marrying a wife and marrying a virtuous person, if Hai's fights with him every day, he might have a hard time.

Xiao Changxuan just walked to the east courtyard, when he heard Xue Wanqing's irritable voice, "How many times have I told you to drink green tea in the morning and black tea in the afternoon, why did you serve me green tea again?"

Xiao Changxuan went in and took a look, and saw that it was maple dew tea, which he just got from the palace, and it was extremely rare, so he kept it for Xue Wanqing, and hurriedly said, "Qing'er, this is not green tea, it is maple dew tea, it will be released after three or four times. It's outstanding, it's only kept until now, you try it."

I'm sorry, I'm too busy today, so I didn't catch bugs.

## Chapter 657 Suspicion

### Maple dew tea?

Xue Wanqing never expected to see the legendary maple dew tea. Although she lives in the 21st century, she is rich in materials and knowledgeable, but what she has seen is nothing more than high-

tech. For tea culture, she only knows seventeen Dahongpao trees. As for the difference between Dahongpao and Pu'er, she still has no idea. really do not know.

Xue Wanqing picked up the teacup and took a sip. Like all teas, there is no big difference between bitterness and sweetness. This also reminded her of the coffee in her previous life. If in this world, she could have everything she wanted. Now, what's the point of her staying here?

Xiao Changxuan was very sad seeing Xue Wanqing, and he didn't know what she was sad about, so he went forward and held Xue Wanqing in his arms, but Xue Wanqing smelled a scent of rouge from Xiao Changxuan's body, and couldn't help but have doubts in his heart.

"Did Your Highness come from the East Court just now?"

"I'll go to Haishi to see if I can find a solution from Haishi."

Xiao Changxuan has been banned by the emperor for a long time, and he didn't say how long he was banned. Now I heard that Xiao Changye was banned frequently in and out of the palace. The eldest prince is in Yunnan, and the second prince was sent to Shandong to dredge the river. I don't plan to come back for now.

So, the battle for the throne is between him and Xiao Changye.

The eldest prince was conferred the title of county king and was sent to Yunnan, which meant that the eldest prince had already been excluded from the selection of the crown prince, while the second prince, Xiao Changxuan, always felt that he was worthless. Knowing what he was bewitched by, he worshiped the false emperor very much. Several times he quoted the scriptures and all the classics were what the false emperor said, which was hated by his father. Several times he had the idea of putting him to death. "Toriko", the grass on the grave of the second child has grown very high.

Now there is only the third child left, Xiao Changxuan can't help but think of what Xue Wanqing said, he is the chosen one.

The third child is just a companion!

Xue Wanqing heard what Xiao Changxuan said, and her heart settled down. Right now, it is really not an option for Xiao Changxuan to be imprisoned like this. She thought of Xiao Xun, who was originally the commander of the Shaanxi Province, and could not enter Beijing without a will. But in the past two years, Xiao Xun has been in and out. How many times, except for the first time when it was ordered, which time was it not free to enter and exit?

But what about Xiao Changxuan? As the emperor's son, he can't even leave the house right now.

This is really aggrieved.

Xiao Changxuan thought that Xue Wanqing was unhappy because of himself, he was moved, and at the same time he felt guilty for going to the East Courtyard to have a ceremony with Hai Shi, so he couldn't help but hug Xue Wanqing tightly, and comforted him, "Qing'er, you These days, for me, I have been running around and begging for help. I see it, and my heart aches, Qing'er, it's good to have you!"

Xue Wanqing couldn't help but feel soft-hearted. No matter what, it's enough that this man puts her in his heart. For the sake of this friendship, she might as well help him.

"Your Highness, when will the Emperor's birthday be held?"

The Longevity Day is on November 13th, and there are still two months to go, but there is no news from the palace. This year is the 40th birthday of the father. Does it mean that the palace does not plan to hold the Longevity Festival?

Not long after, news came from outside that the emperor had a decree, Xiao Changye was appointed to the Ministry of Rites, and the prime minister was on the Longevity Day.

Xiao Changxuan couldn't calm down anymore, he smashed the teacup in his hand to the ground, and after leaving the west courtyard, he went all the way to the front yard, and sat in the study for a long time.

That was Xue Wanqing's set of dowry porcelain. After one was smashed by Xiao Changxuan, it was impossible to make another set.

Cuixiang was extremely sorry, holding the fragments of the teacup, comparing them in her hands, and said regretfully, "Concubine Shu, this is the dowry that the old lady saved for Concubine Shu back then, this set of porcelain with lotuses wrapped in fighting colors, It is said that it is still a fine product fired in Jingde County in the previous dynasty, and this is missing one."

As soon as Xue Wanqing heard that it was burned in the "former dynasty", she knew that it was already extremely precious.

Porcelain from Jingdezhen in later generations has the reputation of "white as jade, bright as mirror, thin as paper, and sound like a chime".

"Sweep it out and throw it away!" Xue Wan said coldly. After she finished speaking, she looked out of the window. The courtyard in all directions was as big as a palm, and the ground was covered with moss. Show defeat.

She, a talented student in the 21st century, came to this other world, not to mention being a concubine for others, but actually being a concubine for such a man who has no responsibility and can't stand the suffering, God is so unfair!

The matter of the West Court naturally spread to the ears of the East Court very quickly. It has to be said that Hai Shi is much more shrewd than Xue Wanqing in managing the backyard. Women, at a glance.

Haishi smiled, Xiao Changxuan usually came here only after a long time, and she tried her best every time, so that she often had to rest for a long time after being married.

Hai Shi stretched out his hand towards the nanny, and the nanny hurriedly helped her up, feeling distressed, "Since your highness has been angered over there, next time, the princess won't need to take medicine, right?"

"No hurry!" Hai Shi said, "It's not yet time, change my clothes for me, I'll go to Lu Mansion."

Before Xie Zhiwei left, he checked the pulses of both Xie Sanni and Xiao Haishi. The fetuses of both were fine, and the second wife of the Cui family was sitting in Beijing. Seeing that the delivery date was approaching, the two of them were not in a hurry, just waiting for Lin'er and Xiao Haishi. The arrival of the padded jacket.

Hearing that Hai's family is here, Xie Sanniang was deeply surprised. What's the matter for Hai Xueyun to come to her?

She hurriedly asked Hai Xueyun to come in, and stroked her belly, "Fourth Imperial Concubine, please forgive me for being heavy and heavy, so I can't give you a big gift!"

As she spoke, she still had someone help her up, and reluctantly bowed to Hai Xueyun.

Hai Xueyun came here for a request, how could Xie Sanniang be made to salute her like this, if something happened, wouldn't the Xie family want to eat her, and in that case, she would be making trouble for His Royal Highness the Fourth Prince.

Both of them sat down, the servant girl served tea, Hai Xueyun took a sip and said, "My Highness is now being grounded by the Emperor, and it is said outside that His Highness the Third Prince will be crowned Prince."

Xie Sanniang knew that Hai Xueyun would go to the Three Treasures Hall for nothing, so she sat with her body tilted, "I am a woman, and I am like this now. I really don't pay much attention to the outside things."

Hai Xueyun said, "I came here just to remind you. I am the daughter of the Hai family no matter what. Your Highness only treats me with humiliation. I am not planning anything. If everyone in the world knows, the third prince is What will happen to the crown prince selected by the emperor?"

This method of retreating into advancement has not yet caught Xie Sanniang's eyes. What is going on, Hai Xueyun doesn't count.

After Lu Qiling came back, Xie Sanniang told about Hai Xueyun's arrival, and said in confusion, "If the crown prince chooses one of these two, wouldn't the world be in chaos? There is Xiliang in the west, and the ambition of Beiqi in the north." Bobo, do you really want to hand over the country to these two people?"

The first update!

## Chapter 658 Seizing the Inheritance

Lu Qiling pondered for a long time, and said, "The eldest prince should have no idea of a battle for the throne. The second prince comes from a humble background, so the throne should not be destined for him. If the third prince and the fourth prince want to fight, it depends on whether they can win it or not. However, let It would be a good idea for these two to compete with each other."

Three days later, a censor suddenly stood up to speak for Xiao Changxuan, and wrote a letter requesting the release of His Highness the Fourth Prince.

At that time, the emperor had fallen into a coma, and Wang Shipu tried his best to wake the emperor up.

Lu Yan wrote the word "Zhun" on the memorial, and after that, he said redly, "Enter the Ministry of Rites and assist the Third Prince's Longevity Festival."

Xiao Changxuan was ecstatic after receiving the decree. He didn't expect that Hai's family would ask Xie Sanniang, and Xie's family would act as expected.

The censor who spoke for him came from Cui Xie's disciples.

He couldn't help but sigh, the former emperor tried every means to wipe out the four clans, the Hai family is now out again, and Lu Qiling has become the youngest third-rank official in Dayong, the Cui family has re-entered the court, and the Xie family is even more in the court hall Keep your word.

If he ascends to the throne in the future, he will definitely wipe out these four families and realize the dream of the former ancestor emperor.

Xiao Changxuan can't forget how the Xie family treated him poorly, he looked at him like a beggar begging for food; he also couldn't forgive Xie Zhiwei's contempt for him, that kind of dismissive contempt, like a stinky mouse that jumped out of him; Xie Zhiwei She would rather be a concubine for a concubine's eldest son than give him an extra look.

In Haishi's words, if he had married Xie Zhiwei back then, today, he might be crowned prince.

Xiao Changxuan became more and more resentful. Who should be the crown prince and inherit the family business should be the Xiao family's business. When will it be the turn of the people above the court to make irresponsible remarks?

But right now, the courtiers have the final say.

The next day, seeing Xiao Changye at the gate of the Ministry of Rites, Xiao Changxuan's heart calmed down again. The emperor put them all in the Ministry of Rites. There is no doubt that this is a competition. The crown prince will choose between the two of them, who will win? , who is the prince.

Three days later, when Xiao Changye went to prostitutes, he was bumped into by people from Wucheng Bingmasi. His Royal Highness, the third son of the emperor, had a bad character, and the royal officials who participated in his memorials flew to the cabinet like snowflakes.

When Xiao Changxuan was very proud of his cleverness, his horse was frightened in the downtown area. Not only did it kick down the stalls of many people, it trampled a three-year-old child to death, and he himself narrowly escaped death and broke a leg.

In the capital, the battle for the heir apparent is raging.

Xie Zhiwei and his party finally arrived at Jingzhao Mansion on the 10th day of September. Xie Yuanbai, who got the news, came out of the city gate to greet him. Xu Liang, Chu Yining and others also came together.

Family and old friends met, and everyone was very happy. Xie Zhihui, who came with Xie Zhiwei, opened the curtains and met Xu Liang's eyes in the air. Both of them saw lovesickness from the bottom of each other's eyes.

Yuan's hastily arranged for people to buy the house, which was too small to accommodate so many people. Xie Zhiwei arranged for people to buy the house in Xiaohumu Lane, Lizheng Fang. It was large and spacious, and two houses were connected together. Yuan moved in happily and lived next to her daughter.

The layout of the two houses is similar. There are a total of six courtyards. After the renovation, there are new ones everywhere. The original owner sold the house in a hurry, so the furniture was not removed, and the furniture is still 70% to 80% new, and it is very easy to use. convenient.

Xie Zhiwei brought Mrs. Rong to live in the house on the west side, while Mrs. Yuan lived on the east side. Because he needed to clean up, Xie Zhiwei ordered two tables of noodles from the largest restaurant in Jingzhao Mansion, and placed them in the main hall for everyone to eat together meal.

This is the first time Rong's appearance, and she is not used to it, but after a long period of self-imprisonment, she came out for the first time, and she was still in a very happy mood.

The weather in the west is drier. In September, the air is filled with the scent of sweet-scented osmanthus. She lives in Linfuyuan, on the east side of the third entrance courtyard. , Imposing and magnificent, in front of it is a large courtyard, the flowers and plants are well organized.

Ms. Rong fell in love with this place at first glance. After changing clothes and freshening up, Huaying said, "Ma'am, the princess is here!"

"Come in, please!" Sitting on the kang in front of the window, Rong Shi saw Xie Zhiwei coming, and reached out to her, "Come here quickly, you have been worrying about this journey, it has been extremely hard."

Rong's journey has been traveling in the mountains and rivers. During this journey, he discarded all the bad things he had spent over the years.

"Mother, the White Horse Temple in Jingzhao Mansion has heard that the Bodhisattva is very efficacious, and the incense is also very good. After my mother rests for a while, I will take my mother for a walk. It is said that their vegetarian food is very famous in Western Xinjiang."

Xie Zhiwei saw that Rong's complexion was very good, and she also felt relieved.

Rong can understand Xie Zhiwei's heart, this child is feeling sorry for her for so many years, and imprisoned himself in the courtyard, so he couldn't help laughing, "You can arrange it!"

The mother-in-law and daughter-in-law sat and talked for a while, and after a while, Xiao Wei came. When Rong heard this, she glanced at the jacaranda, and the jacaranda's eyes were filled with tears.

"Let him come in, he should be looking for the princess."

Xiao Wei came in with a smile, first greeted Mrs. Rong, then saluted Xie Zhiwei, and said, "Sister-in-law, Yu Yingzhi's family, I have settled down. There is a small courtyard next to our house. Du Gui asked me if I wanted to repair it. Let's forget about repairing it together, it just happened to come in handy today."

Xie Zhiwei hurriedly said, "Then your decision is right. Since the big house needs to be repaired, how much effort can be spent on the small courtyard? Wouldn't it be easier to repair it together? This is called being prepared."

Rong Shi also said aside, "You child is very good at handling things. Yu Yingzhi is a Jinshi of the second list, and his knowledge is naturally excellent. If you have time on weekdays, if you have time, go to others for advice."

"Yes!" Xiao Wei hurriedly stood up and listened to the instruction.

Bai Ling also came, and said, "Your Majesty, princess, should I have a banquet?"

Xie Zhiwei invited Rong Shi to go to the front together. Rong Shi wore a very ordinary dress, but she couldn't hide her graceful and luxurious temperament. Fortunately, Xie Zhiwei had an extraordinary bearing. Between Kunzhong.

The main hall was divided into two sides by a screen. Xie Yuanbai and his son, Yu Yingzhi and his son, Xu Liang, Chu Yining and Xiao Wei sat at a table. Xie Yuanbai and Yu Yingzhi met each other and had a good conversation. I feel that this trip in life is worthwhile, and there are only a few thousand cups of wine when you meet your confidant, not to mention, what you drink is peach blossom wine that is hard to find outside.

At the women's table, Yuan, Rong, Wang, and Xie Zhiwei sisters. The women's side looks more refined, but the atmosphere is very good. Xie Zhiwei has been paying attention to Rong, and he is relieved to see that she is not uncomfortable.

After Rong finished his meal, Xie Zhiwei accompanied her back to the yard, Rong waved his hand, "You go about your business, don't worry about me, I'll let Jacaranda accompany me around.

The second update!

## Chapter 659 Marriage Proposal

Huaying accompanied her and walked around the corridor of the garden, looking at the vast sky outside, Rong stood under the east wall and sighed, "Huaying, who would have thought that you and I could Today, we were like bereaved dogs, treating every moment as if it were our last."

Hua Ying wiped away her tears, "God bless your mother and my little master, this is how they are today."

Mrs. Rong shook her head, her beautiful face had a resolute expression, "If the sky had feelings, it wouldn't be like today. All of this is the result of the two children's hard work, and the prince endured the humiliation. If the sky is fair, I would rather Ask, what did my husband and I do wrong? What can I do to the people of this world?"

At this moment, the grief and indignation in Rong's chest gushed out like magma, and the hot emotion made her heart, liver, lungs and five internal organs burn like burning pain. She couldn't help but think of Xiao Lang looking back at her before he died, his eyes were full of guilt, she Seeing his lips twitching, he said "I'm sorry".

At that time, the fetus in her womb was only less than two months old. At that moment, her will was extremely firm. She could not die. She wanted to give birth to the child, save a little blood for him, and repay his love for her. friendship.

"Xiao Lang, are you lonely under the Nine Springs alone? Have you been waiting for me?" Tears finally came to Rong's eyes. She supported the tree trunk and lowered her head to cry. It has been too many

years, she is really good I'm afraid she won't be able to find him on Huangquan Road in the future, and she doesn't know him anymore.

Huaying was crying by herself. Seeing that the empress was crying, she was very worried and stepped forward to support Rong.

The master and the servant walked forward again. Rong Shi was a very determined person. After she cried, she felt much happier, and asked Huaying, "Did you see that child today? You really don't plan to marry him for the rest of your life. recognize him?"

"What face does the servant have to recognize him?"

Rong shook his head, "In the past, we each had our own sufferings. Let me help you with this matter. If you want to say, it is my mother and son who are sorry for your mother and son."

Huaying knelt down with a thud, "If your mother said so, the servant will have to die. The mother's kindness to the servant is as great as a mountain. If there is no mother, the servant is already dead. He is now very good with the princess. In the future, if he is promising, he will naturally do something, it doesn't matter if he wants a servant or not."

Rong supported her shoulders, "Get up and talk, you don't have to kneel, listen to me, this is just your idea, there is no child in this world who would not want to know, why did his parents abandon him? I believe, he also Similarly, if you are really dead, he may not hate you, but you are alive, and the situation is different now, if you still refuse to recognize him, what will he think?"

"This child, I think it looks good, you can't let him have an insurmountable stalk in his heart forever, and he will never be happy for the rest of his life."

Jacaranda was extremely scared, "He will definitely hate me!"

"Huaying, if he hates you, let him hate you. My son, if he hates you, you will treat him with your life, and only hope that he will have no regrets in his life."

The tears of the jacaranda were like the water breaking the embankment, she couldn't help crying, because all these years, she could only watch the child suffer, the weather was cold and there was no clothes to wear, she sewed for him since she was a child There are so many clothes, but she dare not send them to the child. How many times, she wants to rush to the child and say to him, "Don't be afraid, mother is here" but dare not.

She wants to stay with the empress to serve her, so she cannot be the child's mother.

The next day, Yuan asked Xie Zhiwei to come over.

Last night, Xie Yuanbai stayed at home. Yuan's face was full of peach blossoms, and she was in great spirits. She waited for Xie Zhiwei to enter the door, and hurriedly held her daughter's hand, "Have you had breakfast yet?"

Xie Zhiwei has already used it, Yuan said hurriedly, "Your father told me that Xu Liang wants to invite someone to come to propose marriage."

Xie Zhiwei was taken aback, and asked, "We have to see what Sister Hui thinks. About this matter, when Sister Hui wanted to come to Beidi with me, I had already asked my grandfather, and my grandfather disagreed before. Now, Xu Liang has already won several battles in the Northland, and my grandfather said that Xu Liang has the ability to command the army, so there is no objection."

What Xie Zhiwei didn't know was that Xie Tiao didn't agree before. Apart from disliking Xu's family for being poor and destitute, with many concubine sons and concubine daughters, he had to see if Xu Liang followed Xiao Xun wholeheartedly. He didn't want the children at home, because the husband and wife The family turned against each other in the end.

"Who is the matchmaker you invited?"

Yuan passed the post to Xie Zhiwei, Xie Zhiwei saw that it was sent by Mrs. Qu, Mrs. Jing Zhaoyin, and Xu Liang invited Qu to be the matchmaker.

Xie Zhiwei asked, "Where is the second sister?"

Xie Zhihui naturally lived with Yuan Shi, who placed her in the fourth courtyard, and was about to ask someone to invite her, when Xie Zhihui heard that her eldest sister was coming, she hurried over.

The sisters had met Li, and Xie Zhiwei asked Xie Zhihui, "Yesterday, you also saw Xu Liang, and Xu Liang invited a matchmaker to come to propose marriage again. The family wants to hear your opinion on this matter, what do you think?"

Xie Zhihui didn't expect the eldest sister to be so straightforward, she nodded without thinking too much, "I always listen to the opinions of my uncle and my aunt."

This was also what her father told her before she left Beijing.

The father said, "Your aunt raised your eldest sister very well, and you will go with your aunt. You don't have to worry about being a father in future marriages. As long as your uncle and aunt think it's good, and your eldest sister doesn't object." ."

Father didn't mean to respect her, but the eldest sister said that it was good that the family wanted to hear her opinion.

Xu Liang has feelings for her, and he is with her eldest brother-in-law. The uncle's family stays in Xijiang. She will leave the cabinet from Xijiang in the future, so she should also stay in Xijiang.

Seeing this, Xie Zhiwei smiled and said, "This marriage is settled like this. Mother, after I leave Jingzhao Mansion, mother will clean up the house next door. In the future when the second sister leaves the cabinet, that house will be used as a dowry In the future, the second younger sister and brother-in-law will stay by my mother's side, and they should be doing my filial piety for me."

Yuan couldn't hear her daughter say this, and when she said it, she couldn't help but shed tears, and cried, "It would be great if we were all in the capital, we can always meet several times a year, now it's good Now, if you go to Zhending Mansion and go to Yanjing in the future, will we still be able to meet?"

Xie Zhiwei wiped away tears for his mother, and said, "Mom will live here for a while, and when the palace over Yanjing is completed, I will take my mother to live in the palace in the future."

It happened that Xie Yuanbai and Xie Mingxi came in. Upon hearing this, Xie Mingxi was overjoyed, "Mother, I want to go to Zhending Mansion with my sister, and I will also live in the Wang Mansion in the future."

Mr. Yuan walked with her son all the way. Now she sees her son and feels a headache, so she pushes him, "Go aside, don't disturb me here."

The third update!

## Chapter 660 Yun Ni

Xie Zhiwei pulled his younger brother into his arms, and said to his father, "Daddy, what do you think of the second sister's marriage? Xu Liang has been under your nose for a long time, you help the second sister check it out."

Xie Yuanbai didn't have a bad impression of Xu Liang. Seeing his niece looking over, he said, "He's a good person. Ah Xun has a good eye for people, so it's okay."

Xie Zhihui was overjoyed but heard Xie Yuanbai say again, "However, no matter how good a person is, if two people are together, if they can't live life humbly with each other, they will be sad to be together."

Xie Zhiwei and Xie Zhihui hurriedly stood up and agreed with "Yes".

Xie Yuanbai glanced at Yuan Shi, and said to Xie Zhihui, "You follow your aunt and learn more from your aunt. Although your aunt doesn't know poetry and books, she is more open-minded than scholars. If you can learn a little or two, There will be no hurdles that cannot be overcome in this life."

Xie Zhihui hurriedly said respectfully again, "Yes, Zhihui wrote it down."

Yuan Shi was very moved, and looked at Xie Yuanbai with tears in his eyes, "Master, I didn't expect that in your eyes, being a concubine is so good."

Xie Yuanbai couldn't help laughing and said, "In terms of being open-minded and selfless, I have never met a better person than you in my life."

Xie Mingxi said from the side, "Mother, what Daddy means is that you are heartless and heartless!"

Xie Zhiwei let out a "puchi" laugh. Seeing that Yuan Shi became angry from embarrassment, she took a Ruyi handle and wanted to hit Xie Mingxi. She hurriedly pulled Xie Mingxi out of the room, and said with a smile, "Brother Xi, who is saying that?" told you?"

"It's Daddy!" Xie Mingxi, who hadn't figured out the situation yet, scratched his head, not understanding why his mother was so angry, "I heard from Daddy that, when it comes to heartlessness, there is no one who is worse than your mother."

Xie Zhiwei glanced sympathetically at his father in the room, and led Xie Mingxi back to his side.

The next day, Xie's house solemnly received Qu Shi, the wife of Jing Zhaoyin Han Yanshou. Because they had seen each other for a long time, the two families passed the Geng Tie.

This is really a great event, Xie's family set up several more banquets, invited the governor of Jingzhao Mansion, and invited several big households of Jingzhao Mansion, the post was sent to Duke Lu's mansion, and the person who sent the post came back to report that , Lu Guogong was sick and couldn't get out of bed, and the family was preparing for a funeral.

Xie Zhiwei was taken aback and asked, "Did you say what the disease is?"

The servant replied, "After the news of Empress Xiaocheng's death came, Lu Guogong was lucky enough to run a horse, and immediately fell off the horse's back, broke his leg, and spit out a mouthful of blood, which must have hurt his internal organs. The servant dare not ask."

Xie Zhiwei thought for a while and said, "Take my post and go to Lu Guogong's mansion, saying that I and the third princess are best friends, and you want to come and see Lu Guogong."

In Lu Guo Gong's mansion, Lu Guo Gong has been in a coma for three days and has not woken up.

Although Lu Guogong is over sixty, he has always been in good health. He has only two sons and a daughter under his knees. He treats his son extremely harshly, but Yun Ni has grown up on his shoulders since he was a child. Just thinking about it, his daughter has been struggling every day in the past few years in Beijing, and he is in pain.

Xie Zhiwei's post came in, and the wife of the Duke thought that Princess Duanxian was causing trouble, but his son Yun Jingxuan was overjoyed when he saw Xie Zhiwei's name, "Mother, I heard that Princess Duanxian is the best in the world in Qihuang medicine. Now the princess has recommended himself to the door, and my father is saved."

Mrs. Guo still thinks that Xie Zhiwei's reputation may be more false than real, so she doesn't take it seriously, "How much ability can she have at such a young age?"

"Mother, you can't underestimate Princess Duanxian. When Juzhou City was plagued by the plague, it was the princess who personally entered Juzhou City and concocted a special medicine to save the people in the city."

"However, she was also the one who helped the Empress give birth to the eighth prince."

As long as Mrs. Guogong thinks that it was the empress who poisoned her daughter to death, she will not have a good impression of all the people who have a close relationship with the empress.

But Yun Jingxuan said, "Mother, you can't overturn a boat full of people with one blow, no matter what, the queen empress is the emperor, and the princess is a minister, besides, when my sister passed away, wasn't the princess also in the birthday palace? Mother, please ask the princess to come and help my father take a look, so you can ask the princess what happened that day?"

Hearing what her son said, Mrs. Guo had no choice but to agree.

Xie Zhiwei came that very day, and first took the pulse of the Duke. Yun Zhi's condition was very serious. She immediately decided to give acupuncture. After a set of needles was applied, she was sweating all over her body. Fortunately, after the acupuncture was done, Yun Zhi woke up. When he came over, although his mouth was crooked and his eyes were slanted, the danger had been resolved.

"Grandpa Guo is suffering from a stroke and needs to be recuperated slowly. I will prescribe a prescription later, and take the medicine according to the prescription. After seven days, the situation will improve, but how good it will be depends on the condition of the treatment." Xie Zhiwei After writing the prescription with a brush, hand it over to Yun Jingxuan.

After seeing Xie Zhiwei's magic needle, Yun Jingxuan no longer had any doubts about Xie Zhiwei's ability, so he immediately handed the prescription to the butler, and ordered the decoction to be taken immediately.

After Yun Zhi took the medicine, he felt much lighter. He heard that the person who saved him was Xie Zhiwei, so he asked Xie Zhiwei to speak, "Princess, when my son Yun Ni died, you were celebrating his birthday Palace, do you know something about it?"

Xie Zhiwei looked at the Duke and Mrs. Guo, she thought about it, and decided to tell the truth, and glanced at the people below, "I was treating the Empress Dowager at the time, and I don't know the specific situation."

"This is impossible!" Mrs. Guo is not stupid. After shouting, she understood, waved the people in the room to go down, and said after the door was closed, "Master, you must know the situation, right? ? In my son's life, there is nothing more bitter than her. Now that she is gone, this is going to cut out my heart!"

"Why is the queen so vicious? How many times has she tried to harm my son?"

The Duke also began to cry, Xie Zhiwei was very worried, and said, "Madam Guo, the imperial concubine was not poisoned to death by the empress, after she took the poison, I was the one who temporarily protected her heart and helped her After fighting for half an hour, she arranged for His Royal Highness the First Prince and the Third Princess before going."

The Duke's wife immediately became furious, "Are you talking for the Empress?"

Xie Zhiwei can understand the hearts of parents who have lost their children. She didn't care about the attitude of the Duke and Madam, but said, "If I were speaking for the empress, I would subdue the empress as 'Ruoyan'." Talk about the poison."

"Ruoyan?" Mrs. Guogong was shocked, she grabbed the Duke's hand, "Master Guo, why does Ni'er obey Ruoyan?"

The duke didn't believe until now that his daughter had indeed committed suicide and planted it on the empress. He burst into tears, "It's all Xiao Can's fault, it's all Xiao Can's!"

Xiao Yan, these two words were spit out in Yun Zhi's mouth through gritted teeth, full of resentment.
