

The Power 711

Chapter 711 Adopted daughter

Soon, the mother-in-law came back and said that Mrs. Wang got the invitation card, bought jewelry in Fengxianlou, and made an appointment to pick it up at noon today.

Then Mrs. Fang ordered to prepare the car and went out. When she arrived at Fengxian Building, she asked the shopkeeper and learned that Mrs. Wang had not paid the money. If she has anything to say, tell me to see her."

Fengxian Tower is the property of the Wang family, and the shopkeeper must listen to the words of this favored wife. Sure enough, when Mrs. Wang came to pick up the jewellery, the total amount was more than one hundred taels of silver. When it was time to pay the silver, the shopkeeper laughed and said, "What a coincidence, it happened that my wife came today. I heard that it was the jewellery, Madam, you made it. I took out my pocket and paid for it for you."

Yang Yiqing is a native of Gaozhou Prefecture, Guangdong. He lost his father when he was young. He was known as a child prodigy.

Yang Yiqing was elected as the school inspector in Shaanxi three years ago, and he supervised the construction of Yanshan Academy in Jingzhao Prefecture at the beginning of his tenure, which is very famous among scholars in Shaanxi.

Having been an official for many years, Yang Yiqing is still living in poverty and has little money left. But this time, the county chief has left Jingzhao Mansion, and he has sent posts to all the families, naturally Yang's is indispensable.

Ms. Wang originally didn't plan to order any jewelry or make new clothes, but she heard some wives talking about it before, saying that during the three years of the princess's three years in Jingzhao Mansion, every time she went out, the clothes and jewelry she wore were different.

Mrs. Han said that the aristocratic family and the dignitaries in the capital have such a rule. It is said that the same piece of jewelry should not be worn twice in front of the same person within five years.

Wang thinks that she has worn the same clothes and jewelry for more than ten years, and suddenly, embarrassment and embarrassment are like a spring, which makes her feel ashamed.

She finally made up her mind to come to Fengxianlou, the largest silver building in Jingzhao Mansion, and ordered a set of jewelry. Some parts she didn't like were slightly repaired, and she spent more than one hundred taels of silver, which made her very happy.

But on the way back from the silver building, she regretted it. She would have to save the more than one hundred taels of silver for a full year to save it.

Now that someone wants to pay for her, Wang's heart is struggling. Reason tells her that she shouldn't accept it, but the embarrassment that consumption is not proportional to strength makes her unable to be indifferent.

"What's the matter?" Mrs. Wang declined, but her words were not so resolute. The shopkeeper is such a smart person, and said with a smile, "I can't interfere with these things. My wife hasn't left yet. You two have a discussion on your own." ."

Wang said, "Then take me to meet your wife."

Ms. Wang had forgotten that Mrs. Fang was just a concubine, but she was a concubine from the fourth grade. For more than one hundred taels of silver, she actually wanted to meet a concubine in person.

The shopkeeper hurriedly said, "This is not right, ma'am, please wait here for a while, my little one, let my wife come to see you!"

Soon, Mrs. Fang came, first saluted Mrs. Wang respectfully, and after Mrs. Wang offered her seat, she also respectfully sat half of her buttocks on the stool. The two exchanged a few words, Mrs. Wang insisted on letting her The mother-in-law took out the silver bill and gave it to Fang.

I don't know how long I have kept the bank note, it was wrinkled, and there was a trace of disdain in Fang's eyes, which passed quickly, and she hurriedly declined, "Madam, how many good things Mr. Yang has done for the people of Shaanxi. Over the years, How many students have been cultivated by Yanshan Academy, who have benefited one side and are famous all over the world. How many people want to repay Mr. Yang, but there is no way for me to do so. This concubine is a gift from heaven, and I have promised this repayment to my wife. Please don't refuse ."

Mrs. Wang is Yang Yiqing's wretched wife. She had endured hardships with Yang Yiqing and supported her husband with her mother-in-law. When she heard such words, she was not excited, she was at a loss, "I'm really sorry, my master has repeatedly Tell me not to take money from others."

Fang said with a smile, "What kind of money is this? It's just jewelry. It can't be eaten or drunk. It's just used as a front. If the wife insists on refusing it, otherwise, we will lend this jewelry to the wife for a day and wait for tomorrow The flower party is over, and my wife will return it later."

Wang Shi was overjoyed, this is really a good idea, and hurriedly said, "How about this?"

"Why not?" Fang's eyes rolled, "If the wife is upset, please ask the wife to do me a favor. The wife has no daughter under her knees, and the concubine has a daughter under her knees. If you can accompany the wife tomorrow, follow Going to see the world, the matter of borrowing jewelry, my wife just doesn't have to worry about it."

When Mrs. Wang heard this, she thought to herself, one more person or one less person is just a matter of adding one or two bowls and chopsticks to the banquet of the princess. Who can really eat there? They agreed immediately, and the two made an appointment to have someone from the Wang family bring Wang Lilan over after the hour of tomorrow.

Ms. Fang happened to be bringing Wang Lilan here. She asked someone to bring Wang Lilan over, kowtowed to Mrs. Wang, and said with a smile, "If it's hard for Mrs. Wang to say tomorrow, let's just say that this concubine's daughter is Mrs. Wang's goddaughter."

Wang Shi didn't know what this righteous daughter meant. She thought to herself, this is someone trying to curry favor with her.

When Chun'er saw Fang's car on the street, she panicked and ran into Bai Ling who came out of a pharmacy. She hurriedly lowered her head to apologize, and Bai Ling tilted her head and glanced at her profile, "Aren't you Chun'er, the girl of the Wang family?"

Otherwise, how can Bai Ling just ask questions? She also has a skill, that is, she can never forget anyone.

Xie Zhiwei once joked that if Bailing's skills were used in reading, he would be a champion.

When Chun'er saw Bailing, she was overjoyed. She dragged Bailing into a narrow alley, peeped outside, and made sure that Fang's driver could not see her, so she said to Bailing, "Sister, I just don't know how to find the county's wife. As for the sister next to the Lord, I didn't expect to bump into my sister, it's because the Buddha is helping me!"

Bai Ling didn't understand, so he asked, "What's wrong? Is your girl unable to attend the flower party of my princess tomorrow?"

Chun'er nodded, "My girl caught a cold after returning home yesterday, and her condition got worse today, so she won't be able to participate tomorrow no matter what."

Bailing saw that there was no trace of worry in Chun'er's eyes, so he smiled and said, "You are teasing me, aren't you?"

Chun'er was taken aback, and Bai Ling knew that she had guessed right. She imitated Xie Zhiwei's appearance when she was thinking, squinted her eyes, pursed her lips, stared at Chun'er for a while, and said, "If you don't tell the truth, you know, what crime is this?"

Chun'er was so frightened that her legs went limp, and she wished she could kneel down, "My girl really doesn't dare to lie to the princess, but my girl has failed the princess' love, so she feels ashamed and has to say that."

The third update!

Chapter 712 Daughter-in-law

Bai Ling became more and more curious, "Tell me, what's going on? Let me tell you the truth, if you don't tell me, I have the ability to find out. When the time comes, don't say I won't give you a chance."

Chun'er had no choice but to cry while telling the story, Bai Ling was filled with righteous indignation, and snorted coldly, "Go back and tell your girl how to prepare for the flower festival, so how dare you tear up my house? The person who was invited by the Princess has not yet been born!"

Chun'er was frightened to death, and quickly explained, "The second girl's hand is really too fast, and my girl has no time to stop it."

"I know, you go back, my princess will make a theory."

In Ninghui Hall, Xuantao was discussing color matching with Xie Zhiwei in a fancy dress, while Yuqing was sitting on the side playing nets, and Bailing came in like a gust of wind, causing all the maids in the room to raise their heads.

"Where did you go crazy again?" Xuan Tao said angrily, "It's only been a few months, and you're sweating profusely from running."

Bai Lingdao, "I heard that a batch of new medicinal materials came to the pharmacy in the east of the city, so I went over to see if there is any medicine from the county chief. Where have I been wandering?"

Bai Ling looked at Xie Zhiwei while talking, and Xuan Tao gave her an annoyed look.

Xie Zhiwei was a little helpless, and said with a smile, "Okay, I got a headache because of the quarrel between you two, tell me, what's wrong?"

Bai Ling happily came over, and knelt down in front of Xie Zhiwei, "Princess, this servant met Miss Wang's maid at the door of the medicine shop today. Guess the princess, what happened after Miss Wang returned yesterday?"

Xuantao took this opportunity to say, "If you want to say it, say it, how can the princess have the skill to guess riddles with you?"

Bai Ling told the story of what happened, and said with righteous indignation, "Princess, the second girl of the Wang family really dares to tear up the invitation card of the princess. If this is spread, what will others think?"

Although the maids in the room did not speak, they were all very angry and looked at Xie Zhiwei one after another.

Xie Zhiwei sneered slightly and asked Bai Ling, "How did you say that?"

Bai Ling said, "The slave girl said, let her girl prepare for the flower festival. If she comes, won't the Wang family's aunt and the second girl be slapped in the face?"

Xuan Tao poked Bai Ling's forehead with her finger, and said with a smile, "You only have this brain? Really, the princess's invitation was torn up for nothing?"

Bai Ling said, "Isn't that servant doing well?"

"It's not that it's not good, it's just lacking. However, it's very good that you can do this without my approval. Not everyone can tear up my post." Said, Xie Zhiwei There was already a layer of frost on his face.

Bai Ling is gearing up, "Princess, what should I do? Slaves will do it!"

Xie Zhiwei said, "I didn't intend to praise the girl of the Wang family more, but she is a very smart person. If I end up arguing with a concubine myself, it would be too embarrassing, I can't, the mosquito bit me, I bite the mosquito instead Take a bite? Naturally, order someone to slap the mosquito to death."

Bai Ling suddenly said, "Princess Master, when the time comes tomorrow, if the girl from the Wang family does not come, the servant will be ordered by the Princess to pick her up."

"Well, children can be taught!"

It is hard to imagine how high a status a woman who personally asked the princess to arrange for someone to pick her up will have in Jingzhao Mansion in the future.

Xuantao and the others couldn't help but put more effort into arranging this flower show. Everything in the small garden was tidied up in an orderly manner, and several flowers rushed to bloom first, and they were brought in from the flower farmers outside the city in advance. The beautiful peony, along the winding corridors and small bridges, is full of flowing water, and the flowers are flourishing, gorgeous and dazzling.

When Rong went out for a walk, she saw that the busy maids were moving forward and retreating carefully, and they were very skillful, assertive, and decent everywhere. She couldn't help sighing, "Back then, my mother said that a single tree can't make a forest, and the four big families Watching and helping each other, I still don't understand, now I understand what's going on."

Mother Rong has been with the Rong family for many years, the master and the servant are in the same mind, and they know what Rong's words mean, and said, "Your Majesty's words are very reasonable. The Xie family has given palm to the old lady of the Xie family for the past twenty or thirty years. In his hands, the daughter taught is not decent, and the two daughters-in-law are also not on the stage, but the princess is different. Compared with the empress back then, she is not inferior at all. The empress can't blame the old slave for not being able to speak. "

Rong laughed loudly, "She is my daughter-in-law. You say she is better than me, and it makes me happy. She was taught by Mrs. Cui. She has the blood of Xie Yuanbai and Cui Ruohua on her body. Can it be bad?"

Back then, Xie Yuanbai and Cui Ruohua were amazingly talented and stunning people!

I think back then, she and Cui Ruohua were good friends in boudoir, and she even joked with Cui Ruohua that they would get married in the future, but Cui Ruohua disliked her marrying into the royal family, and firmly shook her head and refused.

Now, Rong couldn't help but wonder, in the spirit of heaven, Cui Ruohua's daughter finally became his daughter-in-law, what would she think?

Rong couldn't help but sighed in his heart, sister Ruohua, people are not as good as heaven!

Early the next morning, Xuantao Xie Zhiwei greeted the guests at the door. The first person to arrive was Zhang Yishan's wife, Mrs. Qin. When Juzhou was fighting the epidemic, Xie Zhiwei lived in the Yamen, and the two lived under the same roof. At that time, Xie Zhiwei was disguised as a man, and although Qin took care of her, they didn't have much contact with each other.

Later, the Qin family knew that she was a woman, and also learned that she was the head of the second-rank county, so they only respected her but did not get close to her.

This time, Zhang Yishan was transferred to be the governor of Jingzhao Mansion, and Qin's family was very grateful to Xie Zhiwei, and knew that from now on, her man would be on the side of Princess Duanxian, so she flattered her a little more, and the two families left instead. Gotta get closer.

Zhang Yishan is upright, dignified, and righteous. He is only monogamous with the Qin family and has no concubines in his family. Qin's children are rare, the eldest daughter is married, the son is studying in the academy, and the youngest daughter Zhang Baoze is still in her boudoir, so this time they came along.

Zhang Baoze is two years younger than Xie Zhiwei. He has met Xie Zhiwei many times and is very close to Xie Zhiwei. He is very close to Xie Zhihui. .”

"Well, you go, I'll talk to your mother!" Xie Zhi smiled.

When going to a banquet, whether you arrive first or last, or whether you arrive according to the time, is particular.

For example, when Lu Yan went to Xie's house for dinner several times, he always arrived in a pinch. That was Lu Yan's authority. If he went early, both the host and the guests would be at a loss and didn't know what to do. Spend time with him.

And if a person with no reputation and status goes to Xie's family for a banquet, it is disrespectful to Xie's family if the time is up.

Today's update!

Dear friends, the Double Monthly Ticket Festival ends on May 7th, ask for votes, vote, and give more feedback!

Chapter 713 Passionate

The ones who arrive early are always the ones who are very close to the host family.

Given the relationship between the Qin family and the Xiao family, it would be inappropriate if they didn't come earlier today.

After a while, when she heard that Mrs. Qu was coming, Mrs. Qin got up and said, "Princess, please sit down, and I will go to greet you on behalf of the princess!"

This is the preciousness of the Qin family. Their words and deeds are both advanced and retreated, which makes people feel very comfortable, like a spring breeze.

Xie Zhiwei is a super-rank princess, even if Han Yanshou is the chief envoy of the second rank, his wife is only a second-rank envoy, and Xie Zhiwei's status is very different.

Absolutely, Xie Zhiwei had no reason to go to greet her, but it would not be appropriate if no one went to greet her, and it would be okay for the Qin family to do it for her.

It also appears that Qin and Xie Zhiwei are close.

"Then I will trouble you!" Xie Zhi said with a smile.

Seeing Mrs. Qin coming, Mrs. Qu was not surprised, and said with a smile, "I said come early, but something happened to the car on the road, and it turned out that you were one step behind."

Both Han Yanshou and Zhang Yishan were promoted because of Xie Zhiwei. The official ranks of the two men are not as good, and the Qu family does not dare to underestimate the Qin family. On the contrary, the two families are very close.

"Why didn't Madam bring the third girl here today? Bao Ze even said yesterday that he was going to play with the third girl. I said, it's almost the flower festival. What's not to do with the sisters in this treasured place like the princess?"

"She was greedy last night and ate an unripe green peach. When she got up at night, I let her take some medicine prepared by the girl next to the princess. It was agreed in the morning, but she was so boring, I dare not let her come."

Mr. Qin covered her mouth and laughed, and Mrs. Qu said, "Don't laugh at my third girl. I'm just telling you about this. If I were someone else, I wouldn't dare to expose my faults."

"It's not that I don't know about that child. I see that after two or three years of growing up, the longer he grows, the more juicy he is..."

Seeing the two of them coming, Xie Zhiwei smiled and said, "Who is getting taller and more juicy?"

Mrs. Qin said, "I'm talking about the third girl from Mrs. Han's family. When I saw her, she was a little taller. She was a yellow-haired girl. But in the past two years, she has grown like a flower bone. nice."

Xie Zhiwei hurriedly said, "That's right, why didn't Madam bring Yuechan? I haven't seen her for quite a while. If she wins the flower fight I held today, I'll still have a reward!"

Qu said about Yuechan eating green peaches and having diarrhea, and Xie Zhiwei couldn't help laughing, "The little girl's family has this problem, I think I did too, when I was at my grandmother's house, I drank mung beans too much in summer. Soup, my grandmother said that I can only drink one bowl, I secretly drank two bowls, and the servant girl who served me was punished, and if I wanted to steal it later, no one dared to follow me."

After a while, Zheng Jingshuang came, and Yuan also came with Xie Zhiying. After seeing each other, Xie Zhi said slightly, "The prince sent someone to bring a message, saying that Mr. Han, Mr. Zhang and Mr. Yang are all here. Changyang Marquis and Yun are all here." The Second Young Master also arrived, and they were all talking at the front, asking when the banquet would start, and I said how could the banquet be opened so early? Why is it only at 3:00 noon, it's still early, let's go and taste the flowers first!"

Qu's and Qin's had nothing to do, Xie Zhiwei accompanied them there, Zheng Jingshuang and Xie Zhiying went to find Xie Zhihui and the others, at this moment, Zheng Jingshuang realized that married women and unmarried women are still different .

After a while, Bailing said that Yang Yiqing's wife, Mrs. Wang, had arrived and brought a young lady with her. Xie Zhiwei suddenly said, "Didn't I send a message to Miss Wang, why didn't she come? Bailing, run away!" Come on, ask, what's going on?"

Bailing quickly responded, turned around and left.

About half an hour later, the eldest daughter of the Wang family came in a hurry. She walked all the way, and saw the second younger sister who was with several ladies in the pavilion not far away. eyes, followed Bai Ling to meet Xie Zhiwei.

Wang Lilan came with Wang Shi, because she was too excited yesterday, went to bed late, got up late today, and spent a lot of time dressing up, and did not go to Yang's house at the agreed time, but to Xiao's house The time is much later.

"Isn't that my sister? Why is she here?" Wang Lilan couldn't help muttering.

Although the Wang family brought Wang Lilan here, they only said that she was their adopted daughter, and they did not disclose Wang Lilan's identity in a secretive manner. Besides, Wang Lilan's words were not high or low, and she was not from the capital. She was with the Xie family sisters and Liyang County. Lord, of course we can't talk about it.

Wang Lilan said that her sister, Xie Zhihui, and the others didn't care, let alone answer the conversation, but the girls from other families, who knew the details of the Wang family, glanced at her.

Wang Lijun met Xie Zhiwei, and Xie Zhiwei solemnly introduced him to Qu and others, and asked with concern, "Didn't I give you a post? What's wrong with you today, you don't plan to come?"

Wang Lijun hurriedly got up and knelt down in front of Xie Zhiwei to plead guilty, "There is a reason for the incident, the daughter of the people failed the love of the princess, and she has no face to see the princess!"

Everyone's minds were filled with confusion. Seeing that Xie Zhiwei intended to praise the girl from the Wang family, Qin Shi didn't know why, but she knew that Xie Zhiwei's question must have a deep meaning, so she hurriedly said, "What is there to be ashamed of? You child It's not good for girls to say half of what they talk about."

Wang Lijun had no choice but to say the words, Wang was taken aback, and felt very regretful in her heart. How did she know that the Wang Lilan she brought was the one who offended Princess Duanxian, so she scolded Fang in her heart and scolded herself. In front of Xie Zhiwei, he dared not say a single word.

After a while, Xiao Xun brought a few male guests over to enjoy the flowers. He walked in the front. He was a seventeen-year-old youth, who was extraordinarily tall, with wide shoulders and narrow waist. He raised his robe, revealing his snow-white knee-length trousers, powder-soled soap boots, and white jade belt, showing his noble status.

Wang Lilan had never seen such a beautiful man before. He was standing under a weeping willow, and the soft wicker brushed his shoulders tenderly. The amorous feelings, seemingly passionate and ruthless, make people sink into it accidentally.

"Hey, who is this person?" Wang Lilan murmured, before she could say anything, she saw Princess Li Yang standing up and waving over there, "Cousin, brother!"

Zheng Jingyan came over, this is also a good-looking son, otherwise how could there be the saying "Jiu Chunyue Zheng Silang"?

Wang Lilan stared at Zheng Jingyan motionlessly, and when Xiao Xun walked over slowly, her gaze shifted to Xiao Xun again. When she saw the two sisters from the Xie family greeting Xiao Xun, she knew that the seventeen-year-old The young man turned out to be the king of Chen who covered the sky with one hand in the northwest.

The first update!

Chapter 714 Bold

This is clearly the dream lover of all women in the world.

Sisters of the Xie family, Princess Liyang, Prince Chen, the eldest son, and the young masters spoke so intimately and casually that Wang Lilan was extremely jealous.

She hated that she did not have a noble background, which gave her the opportunity to get in touch with these powerful people, and she hated even more that these people did not take her seriously. Yu Yuanyang put on a noble look.

She has an outstanding appearance and reads a lot of books. There are few women in the world who are as intelligent as her. It can only be said that these men are too vulgar and pay too much attention to their background. It is their loss to miss her.

After a while, the servant girl beside Princess Duanxian came, and after saluting, she said with a smile, "My concubine invites Princess Liyang, the girls go over there to talk, and the banquet is about to begin."

Xiao Xun then said to Han Yanshou and the others, "Then let's go there too, and we will continue to look at these flowers in a while. Today, the princess said, let me judge the king of flowers. This is a big task!"

Everyone knows that His Royal Highness the Prince of Chen valued the concubine. When he got married, the princess was still young, and he is still young today.

Wang Lilan listened to it. When she walked back, she walked at the end, and she was paying attention to her sister's pot of green brocade along the way. She didn't see it along the way, so she thought she was thinking too much.

When I arrived in the flower hall, I saw under the eaves of the corridor, a man wearing a rose-red peony-patterned brocade beige, a pleated skirt with a moonlight begonia flower and a butterfly pattern, and a coral bead double-knotted hairpin on his head. The woman with a pair of autumn waves and peach blossom eyes was leading a group of people to comment on the pot of green brocade, and the one standing next to the princess was her sister-in-law.

Wang Lilan was furious immediately. Why is she a girl of the Wang family, and her first sister has a chance to be appreciated by the princess, just because of this pot of green brocade that cannot be eaten or drunk?

Wang Lijun was also very surprised when she saw Wang Lilan coming. She had glanced at it from a distance before, thinking she was delusional, but she did not expect that Wang Lilan really came.

Xie Zhiwei is so smart, from Wang Lijun's astonished expression, she followed Wang Lijun's gaze to look at Wang Lilan, and she already had a calculation in her heart.

"Everyone is here, let's send this pot of green brocade to the prince and the others, let them comment and comment!"

Xie Zhiwei spoke, and of course women came over, carrying the pot of green brocade, and planned to go there. When passing by Wang Lilan, I don't know what she was thinking, stretched her legs slightly, and a woman tripped over her lap. Suddenly, the person tilted, and in a panic, the hand loosened, and the green brocade flower pot fell to the ground, smashed to pieces with a crash.

"Ah!" Wang Lijun stood up in shock, and ran over there, feeling distressed immediately, and rushed to rescue her with both hands.

The lady who missed gave Wang Lilan a look of resentment, then knelt down, "Your servant made a mistake, please punish me!"

"Punishment is to be punished. Go get the five sticks yourself and deduct a month's regular money. But you have always done things safely, why did you miss it today?"

Hearing what Xie Zhiwei said, the woman was so moved that she burst into tears. How could she not know how much the princess likes this new peony, and she smashed the flower herself, but the princess picked it up heavily and put it down gently, It's just five sticks, one month's monthly payment, and if he wasn't kicked out by the princess, it was the princess who gave him a great favor.

The mother-in-law glanced at Wang Lilan out of the corner of her eye. That woman is a guest of the princess, how could he do such a rude thing to identify a guest?

Everyone saw the performance of this woman, and they all admired Xie Zhiwei's ability to serve as a servant. No servant of any family could do this, so they held back their anger and refused to be rude.

Wang Lilan was not afraid at all, she stretched her legs, but who saw it? Big deal, she doesn't recognize it, who can do anything to her? He's just a servant, if he does something wrong, he won't be punished, how dare he rely on others?

"If you tell me, you can say it, if it's my guest, I'll tell you to go down." Xie Zhiwei picked up the tea and said in a cold and authentic voice.

Wang's heart skipped a beat. Just now, when everyone saw the two women carrying the flowerpots down, Wang Lilan passed them by.

Wang Lijun was very apprehensive. She saw Wang Lilan stretch her leg and tripped the woman, and the woman staggered and missed.

There is no way, she and Wang Lilan are sisters, if Wang Lilan loses face, it will also implicate her, will the princess also despise her because of this?

She hated Wang Lilan to death.

The mother-in-law understood, breathed a sigh of relief, and said, "Returning to the princess, just now when the servant passed the steps, this girl suddenly stretched out her leg for some reason, and the servant tripped, so she accidentally dropped the flower pot." fell."

All eyes turned to Wang Lilan, Wang Lilan was immediately annoyed, and raised two willow eyebrows, "You **** mother-in-law, you did something wrong yourself, why are you still relying on me? I am a guest today, is this how you treat guests?"

Everyone was stunned, how did this girl grow her brain? Does she know where she is?

Xie Zhiwei also laughed, "So, my people wronged the girl? I don't know the girl's name? Have you received my invitation?"

Wang Lilan took a deep breath, realized that she had gone too far, then softened her tone, blessed her body, "Princess, I didn't mean that, she wronged me, and I came with my godmother."

After finishing speaking, Wang Lilan looked at Wang Shi begging for help. Wang Shi wished that there would be a crack in the ground so that she could get in. She muttered twice, but finally said nothing.

Wang Lilan became impatient, took a deep look at the tiara on her head, gave Wang Shi a hard look, and pursed her lips stubbornly.

"That's right, Mrs. Wang, this girl was brought by Mrs. Wang? It's fine if she accidentally bumped into my person just now. I see, she seems to be here for this flower, girl. Tell me, how did my flower offend you?"

"Does this flower belong to the princess?" Wang Lilan suddenly realized, "I thought this flower was cultivated by my sister, and it was my sister's pot of green brocade."

After she finished speaking, she turned her head and glanced at Wang Lijun. Seeing that Wang Lijun was heartbroken, she gloated.

"So you are Miss Wang's younger sister?" Xie Zhiwei asked.

"Yes, Lilan the People's Queen!" Wang Lilan took a deep breath. Since it is the flower of my Wang family, it is natural to stumble and stumble.

Xie Zhi sneered slightly, "So, you are the one who tore up my invitation post. Originally, I planned to ignore it for Miss Wang's sake, but who knows, Miss Wang is so stubborn towards me. Well, the girl came to my banquet and threw flowers on purpose, heh, to be honest, everyone said that the people in the Northwest are tough, and I only saw this girl."

The second update!

Chapter 715 Wife Xian

One sentence of "sturdy" is to determine Wang Lilan's life.

Wang Lilan didn't know the seriousness, but the older women like the Qu family and the Qin family shook their heads one after another, thinking that Wang Lilan's life would be ruined. In this whole world, who would dare to ask her to be a daughter-in-law from a family with some status and background?

Wang Lijun trembled. She was afraid that Princess Duanxian would vent her anger on her. She lowered her head and dared not speak. She was also unwilling to stand up at this time and advance and retreat with Wang Lilan.

Xie Zhiwei glanced at Wang Lijun lightly, seeing her performance, and felt that this girl was quite sensible.

If at this time, Wang Lijun really stood up and repaid her grievances with kindness, Xie Zhiwei might despise her.

Wang Lilan was unconvinced, she raised her head and gave Xie Zhiwei a hard look, Xie Zhi smiled slightly, and said to Wang, "Mrs. Yang, don't you say something? After all, you brought the person."

Before Wang Shi could speak, Wang Lilan shouted, "Godmother, take me back, you promised my mother to take good care of me."

She said, extremely wronged, and said in a crying voice, "I have never seen anyone treat guests like this. This is obviously cultivated by my sister."

Wang Lijun was furious immediately. She always knew that my concubine sister was stupid, but she never thought that she was so stupid. She had no choice but to step forward and said, "Princess, my mother is bedridden all the year round. My concubine sister has no one to raise her. With such a ignorant temperament, please ask the princess to hand her over to me, and I will take her back, so that my father can be punished."

Wang Lilan still wanted to speak, but a woman came over, gagged her, and dragged her down.

Xie Zhiwei shook his head slowly, "The pot of green brocade is indeed yours, but it fell in the hands of my mother-in-law. Not to mention that there is only one flower in the world, today, when I hold this flower party, I will give it to you." Someone is talking nonsense here, what will others say in the future?"

"Report to the officials. The second girl of the Wang family intentionally hurt the mother-in-law of my family. This matter cannot be left alone. Mrs. Wang, you brought this person. I'm afraid you will follow him to the Jingzhao government office. "

Everyone was taken away, Wang was reluctant, but had to follow Wang Lilan.

Wang Lijun also wanted to follow, but was stopped by Xie Zhiwei, "You stay and see if this flower can be saved? It would be a pity if it just broke."

Wang Lijun knew that Xie Zhiwei was protecting her. After all, as a boudoir girl, if she went to the government office and spread the news, it would not sound good no matter what.

Xiao Xun soon knew about the farce in the backyard. On the wine table, he held up the wine glass and toasted Yang Yiqing, "Master Yang, I don't know that your wife has such a deep relationship with a concubine of a merchant." Affection, but I heard that the merchant's concubine is a Yangzhou skinny horse, how did Madam Ling make friends with him?"

As soon as this remark came out, everyone at the table was stunned, and they all looked at Yang Yiqing. Yang Yiqing was still a little confused, so Xiao Xun said about the backyard, "I heard that the second girl of the Wang family was born by this Yangzhou skinny horse." , Originally, the princess didn't post the post, but Mrs. Yang brought it in the name of her goddaughter, not to mention deliberately hurting my mother-in-law, and broke a good pot of green brocade."

Han Yanshou, Zhang Yishan and others looked at Yang Yiqing sharply. Seeing that His Royal Highness Chen Wang and his wife were about to go to Zhending, it would be difficult to have a chance in the future. But right now, this master is not a good friend. Yuan Da, of course, he can curry favor if he can, but at this juncture, wouldn't it be a disappointment if something like this happened?

Yang Yiqing was so embarrassed that he hurriedly got up, "Your Highness, the subordinate officials really don't know about this matter. When the subordinate officials go back to find out, if the subordinate officials' wife breaks the rules, the subordinate officials will definitely punish them severely."

Xiao Xun knew what kind of person Yang Yiqing was, so he just stopped talking, got up and pressed Yang Yiqing's shoulder, "Sit down, let's have a good drink. As the saying goes, a good wife and a good husband rarely cause harm. This king has today, thanks to the princess." Xiangzuo, I hope you all have good wives in your family, come, cheers!"

The embarrassing atmosphere in the West Flower Hall didn't last long. Xie Zhiwei was someone who would liven up the atmosphere. She asked someone to bring the red plum wine, and said with a smile, "I brewed this myself when I was bored here last year. It's sweet. The wine is ready, the aroma of the wine is strong enough, we don't want to drink it for nothing, today we will pass the flowers by drumming, if anyone gets the flowers, and the drum stops again, tell us a joke, hum a few lines, and then drink Have a glass of wine and have fun!"

When everyone said this, everyone was in danger, Qu smiled and said, "The princess is really embarrassing us. If I want to sing a song, I am afraid that if I speak, I will call the wild wolf in the mountain."

Hahaha!

In the West Flower Hall, the people at the two tables were all laughing.

Zheng Jingshuang likes this kind of atmosphere very much. Compared with the capital city, this place is really much more fun. She smiled and nodded Xie Zhiwei, "Just you, a narrow-minded ghost, are trying to toss us in different ways. I'd like to see it. When it comes to you, are you singing a song or telling a story?"

Xie Zhi smiled and said, "I don't tell stories, I don't sing songs, I just play a song, can't it?"

"Okay, okay, I want to hear the princess play the music too." Qin clapped her hands excitedly and laughed.

So, a drum was set up under the eaves of the corridor, and the little girl Gan Tang sat with her back facing the crowd. An apricot flower was picked and held by Zheng Jingshuang. When the drum beat, Zheng Jingshuang suddenly felt her heart beating. Hurriedly throwing the apricot flower to Wang Lijun, Wang Lijun panicked and hurriedly threw the apricot flower to Zhang Baoze who was sitting next to her.

The flower turned around and was about to throw it on another table when the drum stopped and the flower happened to be in Xie Zhiying's hands. She stood up with a bitter face and looked around. Seeing that everyone was gloating, she couldn't bear it I can't help laughing.

"Big sister, I don't know how to sing or tell stories, so I'll just use the name of the lyric card and make a lyric, right?"

"Alright!" Xie Zhiwei naturally wouldn't embarrass his little sister, and apologized to the people around with a smile, "She is young, and she doesn't speak well, so you are not allowed to make jokes."

Zheng Jingshuang said, "Who dares to joke? If you want me to do it, I can't do it."

Xie Zhiying calmed down a little, and she said in a slightly immature voice, "Partridge sky, spring radish flowers, zither tunes sparse shadows and water tunes songs, fragrant grass don't blame the east wind and cold, horizontal clouds and willows contain smoke."

This is a poem stacked up with the name of the poem, which is already very good.

Xie Zhiwei nodded as he listened, "This is 'Meng Jiangnan', it's not bad, I'm still working hard to study these days!"

When Xie Zhiying heard this, she was very happy. She picked up the wine glass and drank a cup of plum blossom stuffing. She was very proud. Seeing Xie Zhihui looking over, she blinked at her second sister. Xie Zhihui poked her forehead lightly, "Make you proud!"

Zheng Jingshuang got up, walked behind Gan Tang, said something to Gan Tang in a low voice, Gan Tang turned her head and glanced at Xie Zhiwei, Xie Zhiwei knew that her good sister was playing tricks again.

The third update!

Chapter 716 Ensemble

She couldn't help laughing, "Sister Li Yang, what are you messing with?"

Zheng Jingshuang said, "I just asked her if she was playing the drums impartially?"

Xie Zhi smiled, who knew that it would be Zheng Jingshuang's turn next, she sighed helplessly, stood up holding the sword, and walked to Gantang, "Little Gantang, did you do it on purpose?"

Gan Tang was extremely nervous, and looked up blankly, "Princess Li Yang, you told me to stop when I heard a cough, I heard a cough."

Poof!

Everyone couldn't help laughing again, just now, it wasn't Zheng Jingshuang who was coughing, it was clear that no one in the room was coughing, maybe the child was too nervous, so he heard it wrong.

Zheng Jingshuang nodded, "Okay, I know, you did it on purpose."

Gan Tang had no choice but to look at Xie Zhiwei. Xie Zhiwei ignored Zheng Jingshuang, and said to Gan Tang, "Beat your drum well, and don't listen to anyone who tells you to cheat."

Zheng Jingshuang stood in the courtyard holding the sword, and said to Xie Zhiwei, "I must have someone to accompany me, right?"

Xie Zhihui stood up, "Princess Li Yang, may I have the honor to accompany you? What kind of drum music do you want?"

"Just for a while, little Gantang, listen carefully, and when you hear something good, you can beat the drum."

Xiao Xun's side heard the excitement in the backyard, and asked Mohen, "Let someone go and see, what are the Princess and the others doing?"

After a while, Mohen came, "Returning to the prince, the princess is beating the drums to pass the flowers. The flowers are in the hands of Princess Li Yang, and it is the turn of Princess Li Yang to be punished. Princess Li Yang is dancing the sword. Accompaniment, the princess' maid is beating the drums."

Second Master Yun suddenly became interested and felt a little restless, Xiao Xun said with a smile, "Let's go over and have a look, just to enjoy Princess Liyang's sword dance."

After drinking half of the wine, when he was most interested, Xiao Xun asked people to move the banquet to the Huxin Pavilion opposite the West Flower Hall, separated by half the lake, just in time to see the steady and heroic figure of Princess Liyang, Between the forward and backward roundabouts, dancing quickly and quickly, with the sound of drums and the music of big beads and small beads falling on the jade plate, it rises like a thunder and ends in anger, and it is like a river and sea congealed with clear light, which makes the viewers all Discoloration.

"good!"

As the last drumbeat fell, Xie Zhihui's piano sound stopped quietly from the strings, everyone stood up and applauded, Zheng Jingshuang put away the sword, took the handkerchief handed over by the maid, wiped his face, and came in with the sword, laughed, "It's been a long time since I've had such fun!"

Sure enough, the atmosphere here is suitable for doing these things. If it was in the capital, maybe someone would say something about her.

Xie Zhi smiled and said, "This is the real sister Li Yang."

Xie Zhiwei saw the people in the Huxin Pavilion on the opposite side, and said with a smile, "Bailing, you go and tell the prince, just say, they can't watch the good show on our side for nothing. They will beat the drums and pass the flowers in a while. If it reaches someone, it will be their turn." Whoever shows

it, they have to send someone to cooperate, if it happens to be a husband and wife, it would be good to have an ensemble."

"Oh, this is true!" Others are fair, but Qu and the others are a little embarrassed. They always feel that they can't hold back their old faces, and they dare not raise objections. After all, the princess and the others are from the capital, maybe this is the one in the capital. As for the gameplay, if they say no, don't they seem very ignorant?

Xiao Xun responded with a smile, and said to Han Yanshou and the others, "Everyone, since the princess has an order, let's just listen and see who will go first?"

The next one was actually Qin Shi, she stood up with flowers in her hand, and said awkwardly, "Princess, why don't I tell a story?"

Xie Zhiwei hurriedly said, "Wait a moment, Bai Ling, go and invite Master Zhang to come!"

People on both sides started laughing. Seeing that her parents made a fool of herself, Zhang Baoze was very excited. When she saw her father's dark face, she laughed so hard that she fell into Xie Zhihui's arms and rubbed her belly, "I'm so laughing, The princess is really good at playing!"

"Princess, the lower official and Zhuo Jing will perform together, and Zhuo Jing will tell a story, then the lower official will say an allegro, let's make fun of it!"

Xie Zhi smiled and said, "Also!"

As soon as Qin Shi opened her mouth, Zhang Yishan condensed her words and sang allegro. Qin Shi was quite embarrassed at first, and she never knew that her man had such abilities. She was stunned for a long time, and almost forgot what to say next?

Zhang Yishan's voice is the same as that of a drake's, and he is tone-deaf. Apart from a sense of joy, there really isn't any advantage.

But the advantage is that it can make people laugh. Thanks to Xie Zhiwei's prudence, she can't help laughing until her stomach hurts. Mother Qiu stepped forward and covered her belly with her body to rub her stomach.

In the pavilion in the center of the lake, Xiao Xun is young, and it's okay to laugh out of shape. Han Yanshou supported the table and laughed out of breath. He raised his hand and nodded to Zhang Yishan, "I know him for the first time today!"

Fortunately, Qin's story wasn't long, Zhang Yishan finished singing, threw the allegro into the maid's arms, turned around, covered his face and went back, causing everyone to laugh again.

Zhang Yishan returned to his seat. Seeing that Han Yanshou and the others had finally stopped laughing, he couldn't help laughing. He raised his glass and shook his head, "This plum blossom wine is really worth it!"

Han Yanshou smiled and said, "It's worth it, it's worth it, and I said, I only met you today."

The drum sounded again. At this time, even Han Yanshou was very nervous. When the drum sound stopped, the flower was thrown into Xie Zhiwei's arms by Zheng Jingshuang at the last moment. Xie Zhiwei stood up dazedly holding the flower up.

The atmosphere has long been active, whether it is the dignified clan wives, or the young lady who is waiting for a baby, they are all happy at this time, thinking about having a good time today, they all shouted happily, "Just look Princess and prince."

Xiao Xun rejoiced, stood up happily, walked over, took Xie Zhiwei's hand out, and asked softly, "Princess, is it a combination of qin and zither, or I dance the sword and you play the qin?"

He leaned close to Xie Zhiwei's ear, and said affectionately, "I've been waiting for this day for a long time!"

Xie Zhiwei blushed, looked up at Xiao Xun, "Follow the prince!"

Han Yanshou rubbed the sweat from his hands, and said to Zhang Yishan, "Did you see that? It's not useless to say why everyone wants to marry a lady from a great family, and why a lady from a great family wants to learn piano, chess, calligraphy and painting. Others If it is pleasing to the eye, we can only be seen as a joke."

Zhang Yi glanced at Shangfeng with displeasure, "For a while, I also want to see your lord's jokes."

Han Yanshou chuckled, seeing Xiao Xun took a flute and someone brought a banjo to Xie Zhiwei, he hurriedly shut up and stopped talking.

"Plain hands lightly embrace Xunyang Dream, and a pipa sends lovesickness", the two ensemble is "Pipa Language".

The originally desolate and melodious "Pipa Language" does not have the lingering, lingering faint sadness, and there is a lightness and tranquility in each complaint, and in this tranquility, there is a long lovesickness.

The calmness of the piano and the longness of the flute complement each other, like a pair of lovers who have not met for a long time, recalling the past that they have walked together bit by bit.

Today's update!

Dear friends, it's up to you to double the activity of Yuewen's monthly tickets. It will be updated the day after tomorrow to repay your deep love. Thank you all!

Chapter 717 Lingering

Xiao Xun is dressed in brocade clothes and a jade belt. At the age of seventeen, he no longer throws his long hair behind his head like he did when he was a boy. After calming down, his years of gold and iron horse career have made him more calm, and his whole body also has a trace of Elegant.

Guqin asked, Dongxiao answered, and after the repeated prelude, the eyes of the two were glued together and could never be separated. There are so many people and so many scenery around, but it seems that there are only two of them in this world. Everything in the world seems so superfluous.

At this moment, what everyone appreciates is not the charm of silk and bamboo, but also the deep affection between the two. Go to the horizon, be remembered by the sun and rain, forever.

The last sound dissipated between heaven and earth, Xie Zhiwei's hand was lightly placed on the strings, she still looked up at Xiao Xun, Xiao Xun put the hole flute in his waist, came to hold Xie Zhiwei's hand, the two of them didn't need to say anything, I have seen from the eyes of the other party what each other wants to say and what they want to tell.

After a long time, Zhang Baoze wiped the tears that were streaming down her face at some point, and she said awkwardly, "It's so touching, I almost cried!"

Wang Lijun also came back to her senses, she touched the corners of her eyes with a handkerchief, she thought that the couples in the world are generally the same as their parents, but today, she realized that this is not the case.

If it was said that before, she came to this flower fair in order to seek Xie Zhiwei's protection, but at this moment, she knew that she had come to the right place, what a real life should be like, everyone is qualified to pursue her own Happiness, master your own destiny.

Han Yanshou and others toasted to Xiao Xun one after another, "We are really envious of the Xian couple!"

Xiao Xun laughed loudly. He didn't like to hear others say that he was brave and good at fighting. For him, the best compliment was that. The love between husband and wife is enviable, and it is the happiness of a lifetime.

Later, Qu got the flowers, and performed a couple's duet "The Palace of Eternal Life" with Han Yanshou. Han Yanshou's out-of-tune voice once again pushed the atmosphere to a climax. Then, Zheng Jingshuang and Yun Ergong sang a duet "Spring River" "Flower and Moonlight Night", because of the first cooperation, it is not as mellow as Xiao Xun and his wife, but it is enough to satisfy Mrs. Lu Guogong.

The flower show didn't end until 3:00pm. Almost everyone gave a performance, and everyone was still full of ideas, which was just right.

Xie Zhiwei stood up slightly, and said with a smile, "Let's stop here for drumming and passing flowers. We have another important task in a while, and that is to choose today's flower king."

Wang Lijun has already repaired the pot of green brocade, but compared to the vigor before being thrown, the flower is naturally impossible to see, everyone feels sorry, Wang Lijun also resents her sister in her heart, fortunately, She brought a pot of Wei Zi flowers, half a person's height, and more than twenty flowers the size of a bowl, and the branches were bent down. They were unparalleled in beauty and took the top spot.

Xie Zhiying did not know where to find a pot of bean green, which was beautiful and graceful, and won the second place.

Zhang Baoze brought a large pot of peonies of wealth and wealth. The flowers are full and rich, and they are not inferior among all the peonies. Xie Zhiwei gave a ranking of the flowers.

Everyone was naturally convinced, and Xie Zhiwei gave Wang Lijun a gold collar of red gold saffron flower and chilong as a reward.

This is obviously to make a face for Wang Lijun. The collar itself may not be very valuable to the wealthy Wang family, but the chilong embossed on it is not something ordinary people can use. With this collar, in the future, Jingzhao Mansion will ask Wang Lijun to marry her. This family is about to break through the threshold of the Wang family.

Wang Lijun is so smart, she realized Xie Zhiwei's protection for her, she soon got concerned, knelt down, and kowtowed three times to Xie Zhiwei.

Xie Zhiwei gave Xie Zhiying a sapphire peony-style Shuicheng Award, and gave Zhang Baoze a red gold ring and bead nine-turn exquisite bracelet. It also meant to flatter her. The little girl was ignorant, and Qin was very grateful.

Xie Zhi smiled and said, "I don't know who Baoze will promise to in the future. Don't forget to send me a post when the time comes. I want to ask for a wedding drink."

"That is, of course, I will definitely post to the princess, not to mention the post, if there is good news in the future, I will ask the princess to help me."

This is the meaning of completely tying myself to Xie Zhiwei's side. Xie Zhiwei also understood, and smiled, "Although I am young, when it comes to knowing people, I am not boasting. My grandfather praised me."

Not to be outdone, Qu said, "Since that's the case, my Yuechan will be entrusted to the princess. She is a thirteen-year-old girl and has no one to discuss marriage. I am really worried. If the princess goes to Zhending Mansion, if There are suitable candidates over there, but you must help me pay attention."

Xie Zhi smiled and said, "I like Yuechan's temperament very much. The madam always says that she is a bit out of touch, but young girls should live like this. When I was in the capital, I ran with the prince alone for a while. I went to buy horses for more than a hundred miles. Madam should restrain her less."

Qu and the others were shocked when they heard this, and Mrs. Lu Guogong was even more surprised and asked Yuan, "There is such a thing, isn't Madam worried?"

Yuan Shi said, "My daughter is going out, and the servants and guards at home are with a large group, and it is near the suburbs of Beijing. What is there to worry about?"

Qin Shi said, "If you say that, it doesn't mean that Miss Qianjin should stop leaving the door."

Zhang Baoze took it very seriously, "Yes, yes, mother, I will follow Miss Xie Si to help the pharmacy tomorrow, do you think it's okay?"

Everyone laughed again. After dinner, Xie Zhiwei personally sent them out. After a hard day, she was inevitably a little tired. On the way back to the yard, she happened to meet Xiao Xun. He picked Xie Zhiwei up and hugged her. She goes back to the house.

"Mei Mei, I'm so happy today, let's play another song some other day, okay?" Xiao Xun kissed her on the cheek, his girl is going to grow up, and in eleven months, she will reach the age of Ji He had to think hard about how to hold a grand wedding ceremony for her in the future.

"Okay!" Xie Zhiwei stretched out his arms and put his arms around Xiao Xun's neck, "Let's go say hello to mother! Is mother really not going to Zhending Mansion with us?"

Xiao Xun also felt very embarrassed. He turned around and carried Xie Zhiwei to Linfuyuan. When he reached the gate of the courtyard, he put her down and the two went in holding hands.

Naturally, Rong will not participate in today's flower show.

She was sitting in front of the window arranging flowers, and when she saw her son and daughter-in-law coming, she smiled and took the wet handkerchief handed by the maid, wiped her hands, and said, "Why are you here?"

Compared to the capital city, Rong's spirit is much better, and he is also much more cheerful. Seeing this, Xiao Xun also has a care in his heart.

"Mother, Mei Mei and I will leave for Zhending Mansion in a few days, you really don't want to follow us there?"

The first update!

Chapter 718 Brother-in-law

"Well, I don't want to go there. The Buddha statues here haven't been fully finished yet. I still have a lot of things to do when I stay here." Rong said teasingly, "You are already old enough to marry a wife. I'm going to be a father every year, can't I always ask my mother to follow me?"

Xiao Xun's face was so red that it was about to drip blood, he was so embarrassed that he shouted, "Mother!"

The sound dragged on for a long time.

Xie Zhiwei saw Xiao Xun like this for the first time, and found it very interesting. He covered his mouth and smiled, looking at him, a pair of charming peach blossom eyes bent into crescent moons, which made Xiao Xun very curious.

Since this is the case, Xie Zhiwei planned to take away only the people in his own room, and keep all the others here. She also bought two not-so-small houses in Hoomo Lane not far from Xiaohumu Lane, and gave them to Xie Zhihui and Xie Zhiying.

Seeing that the weather is getting hotter, the war in the north cannot be delayed for a while. March 28th is a good day. Xie Zhiwei set off to Zhending Mansion with Xiao Xun.

Yuan took her two nieces and daughters all the way for ten miles. When she came back, she didn't see Xie Mingxi, so she felt that something was wrong, thinking that she had lost her son, and hurriedly sent someone to look for it.

When they got home, Xie Mingxi's servant ran over with a note, "Madam, Fifth Young Master, he left a note saying that he went to Zhending Mansion with the princess."

Yuan Shi was startled, and took the note, and saw it said, "My lord mother, I am not filial. The following is the report. The mother has a daughter who is traveling far away, and she is very worried. The son can't bear the mother's insomnia at night, tossing and turning. , especially accompanying the mother and the daughter, protecting them all the way, so as not to worry the mother..."

Although Yuan didn't read much, he could still read a few words. Xie Mingxi was only nine years old after all, and he couldn't comprehend any articles. He chose words and sentences very immaturely. When he saw it, he was furious and trembling all over, "Why did I raise such a child?" something?"

Nurse Tian didn't know what to say, the more Yuan thought about it, the more sad she felt, "Tell me, he hasn't been doing well all day long. If the master knows about it in the future, what will happen?"

As soon as Yuan's words fell, he heard someone shouting at the door, "Master is back!"

Yuan Shi couldn't care less about getting angry, and turned around and ran out. Sure enough, she saw Xie Yuanbai galloping towards him on a horse. She was so happy that she went up to meet her, "Master!"

Xie Yuanbai was afraid of bumping into her, so after a dozen or so steps away, he reined in the horse, turned over, ran forward for several steps, and hugged Yuan Shi in his arms, "Go, go in!"

Crying with joy, Yuan Shi suddenly remembered something, "Master, Mei Mei just left the city today, if you come back earlier, it will be fine."

"I met Meimei outside the city, and I also saw Geer Xi."

Speaking of his son, Yuan Shi was not even interested in mentioning it, and handed the letter left by Xie Mingxi to Xie Yuanbai, covering his face, "Master, I also tried my best, but this child, he is too assertive, he doesn't want to say anything." Tell me, and stole away in his sister's carriage."

The two sisters Xie Zhihui heard that their uncle was back, so they rushed out to salute. When they learned that Xie Mingxi had left with their eldest sister, they both felt it was funny.

After reading his son's letter, Xie Yuanbai couldn't help but laugh, and said, "It's a good thing to have an opinion. It seems that my son has not neglected his studies in the past two years. Although this article is not as good as mine, it is still decent."

After hearing this, Mrs. Yuan felt sad again. They all said that the blue is better than the blue, and it seems impossible for the son to surpass the old man.

Xie Mingxi got into one of Xie Zhiwei's cages and was taken out of the city. If anyone was to blame, he could only blame Yuan Shi. He was so focused on his daughter that he didn't have time to care for Xie Mingxi's heart, so he ignored Xie Mingxi.

After leaving the city, Xiao Xun asked the carriage to stop at a station twenty miles away and waited. Xie Yuanbai just came back from the west, and the two groups met at the station. Xie Mingxi heard that his father was back, so he crawled out of the cage .

Xie Yuanbai wanted to bring him back, Xie Mingxi hugged Xiao Xun's thigh desperately, and kept calling for help, but Xiao Xun had no choice but to say to Xie Yuanbai, "Mei Mei is alone in Zhending Mansion, my son-in-law was very worried. If father-in-law is at ease, why don't we let Brother Xi go with us, and my son-in-law will ask Fan Wencheng to teach Brother Xi to read."

A son follows his son-in-law, and the son-in-law hides dragons and crouching tigers by his side, which is naturally better than raising a son-in-law. Xie Yuanbai has been fighting westward for the past few years, and he has no time to care about him, so he has nothing to do.

Xie Yuanbai rubbed his son's head, "You don't have to be like this, you are already nine years old, what does that sound like?"

Xie Mingxi was so happy that he immediately let go of Xiao Xun, turned around and said to Xie Zhiwei, "Sister, I can follow you to Zhending Mansion, that's great, I'm going, and I plan to follow my brother-in-law to fight Beiqi. "

He was like a chatterbox, "Brother-in-law fought Xiliang before, I was too young and missed this good opportunity. I am nine years old now, and I am already taller than a horse. Follow my brother-in-law and kill a few Beiqi People, it is not in vain for me to come all the way from the capital to the northwest."

Xiao Xun had a headache after hearing Xie Mingxi's words. He regretted that he had softened his heart just now and agreed to his brother-in-law's request, but it was too late to regret it now.

Xie Yuanbai told his daughter a few words, and then told his son a few words with a straight face, and sent them to the officialdom.

After the carriage traveled about five miles, Xiao Xun let him stop, and he said to Xie Mingxi who was stuck in the carriage, "Didn't you say that you would follow me to kill a few Beiqi people and make meritorious deeds?"

"Yes, brother-in-law, you agreed?"

"Did you see your father just now? It's at least two thousand miles from Anxi Dufu Mansion to here. Along the way, do you think your father came here on horseback or in a carriage?"

Xie Mingxi was dumbfounded when he heard this. He looked at the horses walking outside, "Brother-in-law, what do you mean I should ride a horse?"

"You are already nine years old. If you follow your mother today, I don't care about you, but if you follow me, if you don't listen to me, I will let Songfeng send you back now."

"Brother-in-law, you mean Matsukaze is outside too? I want to ride a horse, I want to ride a horse, let me get out of the car!"

After driving his brother-in-law out of the carriage, Xiao Xun hugged Xie Zhiwei and lay down. He suddenly felt that the carriage was much more spacious, "Mei Mei, let them go by boat when they arrive at Hezhong Mansion, and I will take you all the way north on horseback. OK?"

Xie Zhi smiled and said, "Good!"

Five days later, Xie Mingxi boarded the boat first. He was so big, and he had never been in such a big boat. At most, he would sit on a painting boat in the Bian River during the New Year and holidays, and browse the weeping willows on both sides.

But now, standing on the deck, he saw the torrential river rolling down, and was immediately excited, "Matsukaze, Matsukaze, where is my sister?"

Xie Mingxi searched around on the boat, but couldn't find Xie Zhiwei, so he couldn't help being anxious, standing on the deck and shouting at the top of his voice, as if he was going to cry at any moment.

The second update!

Chapter 719 Beauty

Song Feng was entrusted by Xiao Xun to take care of Xie Mingxi all the way. He was resting on the top of the boat basking in the sun and didn't want to talk to Xie Mingxi. Hearing his crying, Song Feng came down and said with a straight face, "Man, what can you say?" Come on, why are you crying?"

"Where's my sister? My sister won't be abducted and sold by my brother-in-law, right?" Xie Mingxi was in a panic.

Matsukaze was speechless, and rolled his eyes towards the sky, "You think too much, your brother-in-law won't sell your sister even if he sells himself, so don't worry. Your Highness is going to the north to meet the princess. We rode there together, and I heard that you like to take a boat, so I specially ordered my subordinates to take you by boat."

Xie Mingxi was overjoyed, and smiled with tears on his face, "So my brother-in-law treats me so well? My brother-in-law treats me so well, I don't even know how to repay him, alas!"

Songfeng didn't speak, he didn't know what to say anymore, Xie Mingxi was so easy to be satisfied, it might be a good thing to think in the bright side of everything.

Sometimes, Matsukaze has to admire this nine-year-old child, and also thinks that only people like the Xie family can raise such a child, who is optimistic, positive, confident, and very independent.

Three days later, Matsukaze couldn't take it anymore.

Traveling by boat, if you can calm down and enjoy the scenery on both sides of the strait, it is a kind of pleasure, but it is too difficult for a child in Xie Mingxi to let him enjoy the scenery.

Fishing, playing chess, and kicking three **** into Fenshui, Xie Mingxi stopped playing, followed behind Songfeng, or asked, "How long until I get off the boat? I'm going to get off the boat now."

Or ask Song Feng, "You can take me to find my sister on horseback!"

As a last resort, Song Feng had no choice but to say, "If you can stride on the boat and practice archery, when you arrive at Zhending Mansion, I will ask His Highness to take you to the battlefield of Beiqi."

He and Zhuying were originally fierce generals under Xiao Xun's command, but who knows, Xiao Xun sent them to Xie Zhiwei as shadow guards. Seeing that the war in Western Xinjiang had come to an end, and the battle was over, the two of them didn't have their turn. The opportunity on the battlefield, he still felt very uncomfortable, it was Zhu Ying who persuaded him, saying that he was stupid, what in this world is more important than Princess Duanxian in the heart of the prince? Obviously, as long as the princess is well protected, there will definitely be something in the future.

Hearing this, he was enlightened.

Xie Mingxi and Songfeng clapped hands, "It's a deal!"

In the next month or so, Xie Mingxi didn't make any noise. He strode on the boat every day, practicing boxing and archery.

Xie Zhiwei changed into men's clothes, and followed Xiao Xun, riding a horse all the way, starting from Hezhong Mansion, heading west to Xiazhou, which was once the border city of the Xiliang Dynasty.

When the two of them entered the city, it was almost dusk, and a round of blood-colored setting sun was hanging in the west of this ancient town. In the city, the atmosphere was exceptionally lively. Pedestrians and business travelers coming and going, noisy and shouting, one after another, there was no trace of it. The shadow of the aftermath of the war.

The two found a restaurant at the gate of the city to stay, and ordered two bowls of Dandan noodles. The bowl of noodles as big as a washbasin really gave Xie Zhiwei a lot of insight. Looking at Xiao Xun in embarrassment.

Xiao Xun smiled and said, "If you can't finish eating, give it to me."

As he spoke, he brought Xie Zhiwei's bowl over and mixed the noodles for her, then moved the bowl in front of her, and mixed his own.

"Excuse me, can two more people sit here? There's no more space, can you compete with the two?"

Xie Zhiwei raised her head and saw two people, a man and a woman, each carrying a bundle and holding a sword in her hand. She turned her head and looked around, and she saw that the tables were full, so she nodded.

After the two sat down, they put their swords across the table and put their burdens on the chairs. Seeing that Xie Zhiwei and the two were eating noodles, when the waiter came over, the two also ordered a bowl of noodles.

When the interview came, the woman couldn't help but tugged at the man's sleeve, and said unhappily, "Brother, why did we get involved in this matter? We have never been involved with the court in Jianghu, is this okay?"

"Listen to Master. Since Master told us to go and have a look, we can just go and have a look. This is not a place to talk. After eating noodles, we will leave."

The woman didn't know why, but there were tears in her eyes, "Brother, I am still very worried. Is the second prince Li the son of Emperor Zhaoyang or His Royal Highness Chen is the son of Zhaoyang

Emperor? What does that matter to us? We don't know if it can cure the seven-star Gu poison, so we just bumped into it rashly, in case something happens..."

It seems that this woman fell in love with this man. Xie Zhiwei saw that the woman was crying, and couldn't help but look up at her. Who knows, the woman was in a bad mood, so he got angry at Xie Zhiwei, "What are you looking at? Have you never seen a beauty? "

Xie Zhi smiled slightly, "I have never seen a girl as beautiful as this in my life, and I was lost for a while, but I also want to ask, why does the girl want to look at me? Have you never seen such a handsome man?"

The girl became furious, got up and put the sword heavily on the table, "What nonsense are you talking about, when have I seen you?"

"Since you didn't look at me, how do you know I'm looking at you?" Xie Zhiwei said indifferently, not paying attention to the girl's threats, picked a chopstick of noodles, and started to eat leisurely.

The girl was so humiliated, she couldn't bear it, she was about to draw out her sword, Xiao Xun was about to get up, when Xie Zhiwei gently held it down, and saw that the girl's sword hadn't been drawn out, her body wobbled and fell to the ground go.

The man hurriedly got up to support her, knowing that he had met an expert, he blushed in embarrassment, "You two, it is fate to meet each other. If my sister offended me, I will apologize to the two of you for my sister. Raise your hand!"

The man put the **** the bench, cupped his hands and apologized to Xie Zhiwei, "I'm Yi Shuihan, my junior sister is Nie Wanniang, if I can be forgiven by the two young masters today, in the future, if there is any assignment, I will go through fire and water, and I will not hesitate to accept it." ."

Xie Zhiwei's heart moved, and he asked, "Yi Shuihan? If I guessed correctly, you are Yi Shuihan who is a sworn brother with Lu Zhonglian? I don't know where Lu Zhonglian is today?"

Yi Shuihan was stunned for a moment, and hurriedly said, "I don't know, five years ago, after we parted ways in Gunzhou, brother Lu and I hadn't seen each other for several years, and I was always worried, so I always asked about the whereabouts of brother Lu. "

Xie Zhiwei nodded, and spilled some tea in the cup on Nie Wanniang's face, Nie Wanniang woke up, and was about to go into a rage when Yi Shuihan hurriedly stopped her, not daring to eat at the same table with Xie Zhiwei.

It happened that the waiter from the shop came over, and the two changed tables under the pretext of not disturbing Xie Zhiwei.

The third update!

Chapter 720 Look at me

Xiao Xun was puzzled, and asked Xie Zhiwei, "What do you want to know about Lu Zhonglian?"

Xie Zhiwei said, "Lu Zhonglian is Xue Wanqing's person. Xue Wanqing was originally in Dayong, so there is nothing to worry about. Now that she has been brought to Lou Kingdom, I am a little worried that His Highness will have a battle with Lou Kingdom in the future."

"There is nothing to be afraid of!" Xiao Xun said, "Brother showed me the picture of the hot air balloon she dedicated to Lou Guo, and I can understand what is going on at a glance. Whether that thing is used well or not depends on luck. Besides, why did Lou Guo make great efforts to get her over, and what is the deep meaning behind it, no one knows until the end."

Xiao Xun raised his hand to caress Xie Zhiwei's cheek, "I brought you out to let you relax, you always miss other people, you should look at me more!"

The table of the two of them was very close to that of Yi Shuihan's brothers and sisters. Although the two of them spoke in a very low voice, they were helpless. Nie Wanniang was a martial arts practitioner with good ears and eyes. After hearing this, she didn't know that Xie Zhiwei was a woman. It was a pair of broken sleeves, and he couldn't help saying, "Shameless!"

Yi Shuihan said angrily, "Junior Sister, be careful!"

After finishing speaking, he turned to Xie Zhiwei cautiously, for fear that if Xie Zhiwei snapped his fingers, something would happen to his junior sister. Unexpectedly, Xie Zhiwei only smiled lightly, and didn't mean to take it to heart. He couldn't help feeling very sorry for this young man, although he is young, he has a big heart.

Unexpectedly, after using up the noodles, the two of them stepped out of the restaurant and walked westward for about a mile or two. He was about to talk to his junior sister when he turned his head and saw his junior sister's face covered in red rashes. passed.

Nie Wanniang was so itchy that she could not live without it, and there happened to be a pharmacy next to it, and the two went straight to the pharmacy, and finally waited for them, and the person who took the pulse was a very old man. After seeing it, he pondered for a moment, and said, "Miss Infected by itching grass, the toxicity is not great, and after three days, the symptoms disappear, so there is no need to use medicine."

"Doctor, please do me a favor, I'm so itchy."

There was sympathy in the old man's eyes, "Girl, I see you are from the rivers and lakes, you walk in the rivers and lakes, and you are kind to others everywhere. To tell you the truth, if it is an ordinary itchy weed, a prescription for the old man will cure the disease, but this itchy weed It was concocted by someone, and the technique is so clever that I have never seen it in my life... In this way, the girl is also lucky. Going forward, there is a pharmacy called Baohetang, and there is an old genius doctor named Cui. The girl can touch it Take your chance."

Nie Wanniang threw a piece of silver, and impatiently went out with Yi Shuihan. They walked all the way to Baohe Hall, and after inquiring, Miracle Doctor Cui just left today, and I heard that he went north to see his granddaughter.

The two had no choice but to chase Miracle Doctor Cui away non-stop, Yi Shuihan regretted it too much, and he also said that the young man had a big heart, and it seemed that he must take revenge.

Xie Zhiwei also heard the news that her uncle was staying in Xiazhou City, but she was not in a hurry to chase him out. Since my uncle was going to visit his granddaughter, it was her, and he would definitely meet her in Zhending Mansion in the future.

At night, the two were shopping in Xiazhou City, and happened to meet a new restaurant opened. The owner built a big colorful building in front of the door, the style was the same as that of the capital city. Lanterns were hung on both sides of the whole street, and riddles were written on it. As long as you guess ten correctly, you can win a lantern.

This move attracted tens of thousands of people to watch. For a while, Xiazhou City was as lively as a festival.

Xie Zhiwei squeezed Xiao Xun's hand into the crowd, and she was very excited. She won three lanterns in a row, and the owner of the restaurant bowed to her, "Little master, why don't you please, the little one please have a bite?" Let's have a big meal, please raise your hands high for this lantern!"

Xie Zhiwei was amused and laughed, "Isn't your big meal worth the price of a lantern?"

The boss felt more cordial when he heard Xie Zhiwei's capital accent, "Young Master, I don't know, this place is thousands of miles away from the capital, and lanterns are worthless in the capital, but they are valuable here."

Xie Zhiwei returned the lantern to the boss, "I'm not a kid either, I was just joking, since you said so, I'll return it to you, and save me from carrying it."

The boss was naturally very happy, so he insisted on Xie Zhiwei go in for a meal. Xiao Xun and Xie Zhiwei glanced at each other, both of them felt that the hospitality was hard to give up, so they entered the restaurant, asked for a seat by the window, and ordered two dishes of side dishes, Xie Zhiwei He ordered a pot of tea, Xiao Xun ordered a pot of wine, and they drank while watching the excitement.

"Brother, it's really gratifying to meet again!"

Xie Zhiwei raised his eyes and saw a person wearing foreign costumes, with two long braids, a whip folded and hanging on his chest, wearing a hat with a velvet brim, and shaking a folding fan in his hand like a Central Plains person , appearing nondescript.

"You are..." Xiao Xun smiled, "I forgot who Xiongtai is!"

"At Xia Bili Gutai, we met once in Cheshi City. At that time, Xiongtai and Lingxiong were also at the window facing the window. You were drinking." Biligutai looked at Xie Zhiwei, "This Who is the little brother?"

Xie Zhiwei didn't speak, just glanced at this person indifferently, frowned and said, "Are you from the Wei department of Mengwushi?"

Beli Gutai did not expect someone to see his identity at a glance, so he hurriedly said, "Yes, little brother has good eyesight."

After bowing his hands to Xie Zhiwei, he sat down and said to Xiao Xun without waiting for the two to speak, "His Royal Highness, I did not expect to meet His Highness here, as this little brother said, I am Wei Mengwu Ministry, more than a hundred years ago, my ministry was occupied by the Northern Qi,

and suffered all the plunder and invasion of the Northern Qi. This time, I crossed the Altai Mountains and came here after a narrow escape. .”

Xie Zhiwei said, "Mengwu Shiwei and Beiqi come from the same source, the one in the south is Qie, and the one in the north is called Shiwei. These years, the climate in the north is getting colder every year. If it weren't for Beiqi, Shiwei might not survive , you wanted to go south several times, but Beiqi blocked it, and now you say you want to join hands with me, Dayong, such a thing of forgetting your origin and rebelling against your ancestors, you dare to think about it, but we dare not do it!"

Beli Gutai looked at Xie Zhiwei, a killing intent flashed in his eyes, Xiao Xun saw it, and smiled coldly, "Prince Bili Gutai, I don't know if what my princess said is true or not?"

Bie Li Gutai hurriedly got up and bowed his hands to Xie Zhiwei again, "I have seen Princess Chen, but I really don't know Mount Tai. Princess Chen's words are not unreasonable, but it is hard to say that they are justified. Although Shi Wei and Qi come from the same source , but Qi occupied the south, which is a good land."

"Shiwei can only nest in the cold north, the wind is bleak, and the years have passed, making my women colorless and my animals not living. Whenever we go south, Beiqi will take a big knife and chop on our heads. In fact, in the winter of last year, my Shiwei lost thousands of cattle and sheep, and thousands of compatriots died. If things go on like this, our people will not survive."
