

The Power 721

Chapter 721 Goddess

Originally, the leader was going to lead his people over the Altai Mountains to find a way out to the south, but before they were ready, Dayong's army captured all the land south of the Altai Mountains and established the Anxi Protectorate, the leader had no choice but to dispel this idea, and ordered him to come out to see if there is still a chance for the Shi Wei Department in this world?

However, the two places are separated by thousands of mountains and rivers, how does Princess Chen know?

If it weren't for the fact that Prince Chen was on the side right now, Bili Gutai would have wanted to kill this troublesome woman with a single sword.

Bie Ligutai didn't want to talk to Xie Zhiwei anymore, he glanced at Xie Zhiwei lightly, gave her a quiet look, and said to Xiao Xun, "His Royal Highness, brothers still face each other with swords and swords, if His Highness Chen Wang is willing to fight with me Together, the goddesses of our clan are willing to donate to His Highness for cleaning."

Xie Zhiwei was taken aback for a moment, she had never seen such a person before, so she couldn't help but look up at Xiao Xun.

Xiao Xun's face was as dark as the bottom of a pot, he glanced slightly at Bili Gutai, his voice was so cold that it was about to drop ice scum, "Do you know that the last person who humiliated this king and concubine in front of this king, what's the end?"

Bie Ligutai was stunned for a moment, do women still need to be respected? Even a princess, can she still control a man's bed?

Xiao Xun asked without saying a word, "Are you the prince of Mengwu Shiwei?"

"Yes, the goddess of my clan..."

Before he finished speaking, Xiao Xun couldn't bear it anymore, picked up the wine glass, poured all the wine on Biligutai's face, gritted his teeth and said, "This king has already said, don't humiliate this king's concubine." !"

Bili Gutai is the prince of the Shiwei Department, a person of high status, even in Shiwei, there is no one as arrogant and domineering as Xiao Xun who dares to humiliate him face to face, Bie Ligutai stood up vigorously, He was about to pinch Xie Zhiwei's chin with his hand, but he wanted to see what was different about this woman, Xiao Xun did not shy away from saying that she was his weakness.

Unexpectedly, before he could make a move, he saw a flash of cold light, Bie Li Gutai was fortunate to be agile, and avoided Xiao Xun's short sword, and Xiao Xun had already passed by like lightning, and arrived at Xie Zhiwei's side, He held her in his arms.

Bili Gutai took a deep look at Xie Zhiwei, seeing this woman, at this moment, there was no panic on her face, she was different from the women he had seen before, just as she was surprised, she felt that all the strength in her body was taken away. exhausted.

"What did you do to me?" Bili Gutai glared at Xie Zhiwei and asked.

"What did you do, can't you feel it yourself?" Xie Zhi smiled slightly, "You want to threaten my husband with me, do you think I should stand here and let you decide?"

Beligutai had no choice but to slump on the ground, "You give me the antidote, and I promise you one condition."

"Why do I need you to agree to my conditions? Do you think that you are better than my husband? If I have any requirements, as long as I ask, my husband will not raise any conditions."

Xie Zhiwei said, took Xiao Xun's hand and shook it, "Ah Xun, let's go!"

The two were about to leave when people from the Xiazhou City Government Office came and stopped them, "Excuse me, what happened? You two want to leave, so explain the matter clearly before leaving."

Xie Zhiwei pointed to Bili Gutai and said, "This person is a spy sent by Beiqi. He just threatened us to provide them with the city defense map of Cheshi City. If we refuse, he will kill him to silence him."

Who will be able to provide the city defense map? The head catcher couldn't help but look at the two of them more, and when he saw the jade pei on Xiao Xun's waist, he was in awe, and when he saw that the people below wanted to ask, he stopped quickly, "Take this person away!"

Catcher came over, bowed his hands respectfully to Xie Zhiwei and the two, "You two, where are you going? Do you need my protection?"

"No, thank you very much, the person who can influence us has not yet been born, I will take good care of my wife!"

Xiao Xun also bowed his hands to this person, and this person was flattered, and when he went out, he almost tripped over the threshold and fell to the ground.

When he was far away, the head catcher was still walking with the same hands and feet, stumbling, and the younger brother under his hand asked in puzzlement, "Boss, I just caught a spy. I don't know if it's a real spy or a fake spy, or is it?" What great achievements have been made, why are you so excited?"

"What do you know? The person who said it was a real spy is a real spy." Then, the person lowered his voice and asked, "Guess who those two are?"

"I don't know, I only know that the little one is a girl, and she looks pretty..."

Before he finished speaking, the arresting head slapped his **** with the scabbard, causing him to jump up in pain, and he heard the arresting head say, "You are talking nonsense, don't blame me for not reminding you, that's Chen Chen. Where are His Royal Highness and Princess Chen?"

"Huh? Boss, are you reading correctly?"

"Although I don't know him, I just saw the jade pei on His Royal Highness's waist. It's Long Pei. My lord, tell me, who else in the world would dare to wear this kind of jade pei except the emperor?"

Capturing the head is like seeing the dream lover of your dreams, with endless aftertaste, and it didn't return to normal until you returned to the Yamen.

Outside the city, on the official road leading to Zhending Mansion, Xiao Xun and Xie Zhiwei were riding a horse together, Xiao Xun held Xie Zhiwei in his arms, the horse strolled slowly, Xiao Xun lowered his head and leaned into Xie Zhiwei's ear, "Mae Mae, I was very unhappy yesterday."

Xie Zhiwei leaned against his chest, drowsy.

Xiao Xun made trouble for a long time last night, and she didn't sleep well. Just like a child, Xiao Xun kept pulling her to talk until she could no longer open her eyes and fell into a deep sleep, then he stopped talking.

"Why are you unhappy?" Xie Zhiwei muttered, she turned sideways, "If I had known, I would have been on a boat, and you wouldn't let me sleep well."

"Mei Mei, just talk to me for a while, okay? Were you angry yesterday?"

"Why are you angry?"

"It's that Shiwei man, aren't you angry with what he said?"

"Don't be angry!" Xie Zhiwei put his arms around Xiao Xun's waist, "You protect me so much, it's too late for me to be happy, why should I be angry with someone I don't know? I don't like what he says or does. Listen, don't let him say no?"

"But, you are not afraid that I will really..." Xiao Xun couldn't say the following words, he didn't want to make Xie Zhiwei uneasy, he just wanted her to tell him that she cared about him very much, but this seemed a bit contradictory.

Xiao Xun suddenly didn't want to talk anymore.

Xie Zhiwei was very moved, she never expected that a man would care about her to such an extent, he would worry about gains and losses, even if she was in his arms, he would feel uneasy.

"Ah Xun, since we are together, you have said that I am the only one in this life, I will not doubt you, nor worry. Because I don't want to hurt you, you are the closest person to me. It is not my parents or my children who accompany me to grow old, but you, and distrust is the greatest harm to you."

Fifth change!

Chapter 722 Feeling wild

Xiao Xun heard the most beautiful love words, he hugged Xie Zhiwei tightly in his arms, thinking it was good, they deepened their understanding step by step, the two hearts got closer little by little, and in the future they will be completely integrated, and it will be a matter of course matter.

Xiao Xun rested his chin on the top of Xie Zhiwei's head, took a deep breath, smelled the fragrance of her hair, looked at the road in front of him, and hoped that this road would last forever, so that he could always be with Mei Mei Go down, go to the end of the world.

"Mei Mei, can I help you wash your hair tonight?" Xiao Xun asked softly.

Xie Zhiwei was taken aback. Every time she took a bath, the maid helped her wash her hair. Could it be..., Xie Zhiwei murmured, "I can wash it myself."

Xiao Xun lowered his head and saw that the ears of the person in his arms were so red that they were about to drip blood. He immediately thought that his little concubine might have misunderstood, and thought of her life, surrounded by rich clothes and fine food, surrounded by maids and servants, Every day, someone takes care of her to make her clean and comfortable. Now, in order to accompany him and sleep with him, he lost all thought of teasing her, and said, "I'll just wash your hair."

Xie Zhiwei was so embarrassed that he buried his face in Xiao Xun's arms. The more he thought about it, the more annoyed he became, and he couldn't be blamed, so he had to ignore it.

Xiao Xun bowed his head and kissed her, and gently squeezed her palm, "Mei Mei, we will reach that day, soon, there is only..."

Xie Zhiwei hastily covered his mouth with his hand, too embarrassed to speak, "You still talk!"

Xiao Xun held her hand, exerted a little force, and suppressed the churning emotions in his heart, "Mei Mei, I'm thinking, what kind of gift will I give you on the 16th day of the first lunar month next year?"

Xie Zhiwei couldn't say anything anymore, she pulled out her hand, snuggled into Xiao Xun's arms, inhaled deeply the unique smell of his body, her heart was hot and trembling, "Anything is fine!"

She was thinking, isn't the gift he gave her just...? But it doesn't sound like it is.

Xiao Xun was afraid that if he continued talking, he would do something, so he clamped the horse's belly with his legs, and the horse started to gallop.

The two played and played along the way. After walking for half a month, it was already mid-April. The weather was very cold in the morning and evening, and it was only hotter at noon. Every noon, the two would find a place to rest. slow.

When passing by Taiyuan Mansion, the two met Yi Shuihan senior brother and sister again at the gate of the city. Seeing the two, they were also very shocked. Forbearance, don't overdo it.

Yi Shuihan bowed his hands to the two and saluted, "You two, we meet again!"

Xiao Xun saw that many people from the rivers and lakes were coming here along the way, so he asked, "Is the Yiye Ling that you said to cure the seven-star Gu poison here?"

Yi Shuihan took a deep breath, thinking that Xiao Xun and Xiao Xun were also here for this, he suddenly became very nervous, "Which faction do you belong to?"

Xiao Xun said, "There is no sect, no sect, it's just taking the thorns to the end of the world and seeing the scenery along the way."

Yi Shuihan didn't dare to lie, and said, "It's here, if you want to see it, you can watch it at Jinmei Tower tonight."

"Watching?" Xiao Xun frowned, "What's so interesting about Yiye Ling? So many people came, what's the reason?"

"I don't know, I came here at the order of my master, saying that I and my junior sister play it by ear. Yiye Ling is used to cure Gu poison. Many people are robbing it now, and the Beiqi people have also sent people here. , we can't let Beiqi's people **** Yiyeling away."

Xiao Xun was very puzzled, "Since the king of Chen was poisoned by the seven-star poison, and Ye Ling is now in the world, why is the king of Chen not in a hurry, why are you so anxious?"

"My master said that no matter whether Yiye Ling can cure Gu poison or not, since there is King Chen who has been poisoned by Gu poison, then we people in the Jianghu can't just stand by and grab Yiye Ling. His Royal Highness Xiliang regained Yanyun sixteen prefectures for the sake of Da Yong Jiangshan, we can't just sit idly by."

Xie Zhiwei was moved, Xiao Xun squeezed her hand, and said with a sneer, "So that's the case! I don't know who issued the order?"

The four of them talked while walking, and when they got to the edge of Jinmei Tower, Xie Zhiwei raised his head and glanced at the largest brothel in Taiyuan City, and saw that there were tall colorful buildings at the entrance, and it was the time of the April Heavenly Dynasty, and almost all the colored buildings were covered. It is made of flowers, it is beautiful, and the scenery on the terrace is lifelike, and being in it is like a fairyland.

"Let's go, go in and have a look!" Xiao Xun walked in front, Xie Zhiwei followed behind in men's clothes, when he reached the door, the old bustard came out to welcome him, seeing Xiao Xun, he was as happy as seeing his own son, "Please come inside, please come inside, Cuihua, Lanhua, come out quickly and entertain the nobles!"

"Coming!"

Upstairs, two women with heavy make-up and extremely enchanting clothes came running down the stairs, and they were about to hug Xiao Xun from left to right. Caught Yi Shuihan's arm.

"What are you doing?" Nie Wanniang roared angrily. She stepped forward and pulled Cuihua and Lanhua apart from left to right.

The two women were naturally very upset, "Hey, what's going on here? Girl, do you know where this place is? This is a brothel, and I don't let my men whoring. What are you doing here? "

Another said, "Isn't that, why, to see how we serve the guests? What's so interesting about it, can't you try it a few times?"

Nie Wanniang was so angry that she drew her sword and was about to cut people down, but the old bustard was not happy, "Girl, this is not a place for you to run wild. We are doing business in a serious manner, neither stealing nor robbing. If you want to be a hero, let's go to another place." ."

After saying that, the old bustard stopped talking to Yi Shuihan and the two, and said to Xiao Xun with a smile on his face, "Guest officer, since you're here, you can't say that you won't let the girl touch you.

What we're doing here is skin and meat business. If the official wants to stay in a quiet place, there is the Yunzhong Inn, the largest inn in Taiyuan City, in front of him, and the guest officer can go there."

Xiao Xun smiled calmly, and threw a piece of gold to the old bustard, "It's the best private room, you don't need a girl to serve you, and it serves good food and wine. I heard that there is a leaf spirit today, and that's why I came here."

"Your girl here..." Xiao Xun clicked his tongue, "I'm not so hungry yet!"

The old bustard's face changed for a long time, she picked up the gold and took a bite, seeing that it was real gold, she quickly smiled, "Father, come with me, look at what you said, my girl here, Not to mention that she looks like a fairy, and she is not worse than those ladies. Otherwise, I will let Yunhe serve you. A girl who has never had a bud, I am also a dragon and a phoenix. I will not charge you too much money, one thousand How about two silver coins?"

Sixth update!

Chapter 723 Feeding

Xiao Xun was about to speak, Xie Zhiwei said, "Then invite Miss Yunhe to come over and let's take a look, this mother, if Miss Yunhe is not as beautiful as a fairy, then mother herself will come and serve us!"

"Hey, little brother, why did you follow me? Mom, how old am I, and my little brother is not afraid of getting dirty."

Xie Zhi smiled slightly, "You not only polluted our eyes, but also polluted our ears along the way, are you afraid of going a little longer?"

"This little brother, you can really talk..." The bustard was about to say a few words, when she looked up and saw Xiao Xun's dark eyes, she hurriedly smiled mischievously, and slapped herself lightly, "Look at my mouth!"

The two reached the corner of the stairs. Xie Zhiwei looked outside and saw that a house had collapsed, and a big tree next to it had also fallen down. She pointed to the outside and asked, "Why did the house collapse over there? What is it?" What about the time?"

"Where is it? It was only two days ago, I don't know, who cares about it!" the old bustard said nonchalantly.

Just in time, someone came down from upstairs, Xie Zhiwei and the two hurriedly stepped aside, she took a light breath, and smelled a smell of earth.

When the two followed the old bustard's gaze, their expressions changed slightly, and they took a deep look at Xie Zhiwei, with a murderous intent flashing in their eyes.

The two of them went upstairs, and after they sat down in the private room, the bustard hurriedly served a pot of tea for the two of them to wait for, and then went to help rush the dishes.

Xiao Xun stared at Xie Zhiwei with his eyes, and played with Xie Zhiwei's hand without resting his hands. He simply brought Xie Zhiwei to watch a show. As for those people in the world who fought and killed for Ye Ling, he didn't care at all.

Since ancient times, chivalry has been banned by martial arts, people in the rivers and lakes do not plant or harvest, and rob rich households when they have no money. It is called robbing the rich and helping the poor, but it is actually a factor of social instability. Otherwise, why did Emperor Wu of the Han Dynasty take those All the so-called chivalrous men moved to the vicinity of Maoling and took care of them.

Xie Zhiwei frowned and thought deeply. The trees and houses next to her had collapsed. The two people who walked past her just now had a muddy smell on them. When they saw that they were paying attention to the collapsed houses and trees, their colors changed slightly. Why?

Could it be said that those two people were responsible for the collapsed trees and houses, but what was their purpose in doing so?

After a while, the food came, and there was a jug of wine.

Xiao Xun didn't drink. Seeing Xie Zhiwei in a daze, he was overjoyed. He hurriedly served rice and vegetables, and fed them to Xie Zhiwei bite by bite.

In an exquisite boudoir not far from the two, a young man stood in front of the window, looking towards this side, his voice was as cold as frost, "You can see clearly, it is indeed Xiao Xun and Xie Zhiwei?"

"Yes, that's right, Master, it's the two of them!" It was Nie Wanniang who spoke, and she was very respectful to this young man.

The young man laughed hehehe, and gradually, the voice slowly overflowed from his chest, suppressed and full of venting, "It really didn't take much effort, Xiao Xun, you will die by my hands sometimes, today It's your couple, soon, Lu Yan will come to accompany you, hahaha!"

After all, the young man didn't dare to laugh out loud, he turned his face, and said to Nie Wanniang and Yi Shuihan, "Three years ago, in the palace, Xiao Xun trampled my hall master under his feet, and today I finally came to my hall master to take revenge." It's time."

This person is Hong Yanzheng. He used the edict of Emperor Zhaoyang and his own identity to win the appreciation of the second prince Li, the leader of the White Lotus Sect, and the position of the leader of the North Hall.

For Hong Yanzheng, the only purpose of his life is revenge. His enemies are Xiao Xun and Lu Yan, but for the second prince Li, it is a matter of falling asleep and meeting a pillow.

Prince Li Er claimed to be an orphan of the former royal family, and his ideal in life was to restore the country and proclaim himself emperor.

If Hong Yanxuan can kill the two people who are currently in charge of the government, for Li Fu, the second prince, the ideal is more than half of the success. At that time, the court will inevitably be in

chaos, and he only needs to lead the Bailian sect into the capital. Able to ascend to the ninety-five position.

This time, Hong Yanxuan brought more than a hundred backbones of the White Lotus Sect, all of whom possessed special skills, in order to hit with one blow.

Hong Yanxuan originally only wanted to use Ye Ling to seduce Xiao Xun. You must know that the most important medicine to detoxify the seven-star poison is Ye Ling, and he happened to get Ye Ling by chance. , whether Xiao Xun wants it or not, he will definitely come in person, because it matters a lot to him.

Just when Hong Yanxuan thought of how to make things grand and hooked Xiao Xun over, Xiao Xun brought Xie Zhiwei to this side.

This is also why, Yi Shuihan brothers and sisters met Xiao Xun and his wife in a restaurant, it seemed that Nie Wanniang was talking nonsense regardless of the occasion, but in fact, it was to tell Xiao Xun about it.

Xie Zhiwei was half-fed, and Xiao Xun was still feeding her when she woke up. She pushed her hastily, and asked embarrassedly, "Didn't you eat a bite?"

On the table, there are two sets of bowls and chopsticks, only one set has been used.

What Xie Zhiwei didn't know was that the two of them used the same set of bowls and chopsticks for this meal.

Xiao Xun said, "I ate it, when you are distracted and don't open your mouth, I ate it."

Xie Zhiwei's face turned red again, but she thought of one thing, she didn't care about it, and grabbed Xiao Xun's wrist, "Ah Xun, you'd better arrange someone to check it out, I always think it's a trap, it can't be done Good for us."

If not, why are you talking about the seven-star Gu poison?

Xiao Xun is not without vigilance, but he is with Xie Zhiwei, and he is full of thoughts on her, so it is said, Gentle Township Hero Tomb.

Xiao Xun stood in front of the window, and as soon as he raised his hand, two black shadows walked towards the collapsed place.

After half a meal, Zhu Ying came and knelt down on one knee in front of Xiao Xun, "Your Highness, my subordinates and Yun Wu have found out that the bottom of this flower building is full of explosives, please leave immediately, Your Highness and Princess Wang. "

Xiao Xun's heart trembled, and he sneered, "It seems that this is the burial place prepared for me, have you found out who it is?"

Xiao Xun couldn't help but a figure appeared in his mind in an instant. Back then, the eldest brother deliberately let Hong Yanxuan leave for the sake of the future, and the future has come slowly. He hoped to give her a grand wedding ceremony!

Xiao Xun made a decisive decision, he hugged Xie Zhiwei, and was about to take her away, but Xie Zhiwei stopped him, "Ah Xun, we can't leave, the other party must be staring at us, if we leave this way, the other party will definitely notice, if we are caught by the other party Run away, who knows where he will ambush next time? Only a thief the day before yesterday cannot guard against a thief for a thousand days."

Xiao Xun naturally couldn't let Xie Zhiwei accompany him on the adventure, "I'll send you away first, what he wants is my life, as long as I'm here, he won't be able to escape."

besides!

Chapter 724 Huajiu

"No!" Xie Zhiwei insisted, "You and I are a husband and wife, I can't just watch you take risks here, I believe that danger is coming, you can protect me, now is not the time to talk about these things, let's stay here first Stop the other party and ask someone to send troops here. Zhuying, there must be someone guarding the gunpowder underground, can you and Yunwu control the gunpowder in your own hands?"

"If you go back to the princess, Yunwu is still staying there because you are afraid that something will happen. This subordinate will go to help Yunwu." Seeing the order from the princess, the prince didn't say anything, and Zhu Ying took the order.

"Well, when you go, bring water with you. Gunpowder is most afraid of water. As long as you pour water on it, it will not detonate."

"yes!"

Xie Zhiwei said to Xiao Xun, "Is there anyone else around you? Can you ask him to notify the chief soldier here?"

The commander-in-chief of Taiyuan Mansion has been replaced by Liu Xingjun. When he entered the city, Liu Xingjun already knew about it. Xiao Xun thought about it and called out Li Jun who had never appeared by his side before ordering, "Notify Liu Xingjun, Arrange someone to seal Jin Meilou, and pass on the king's order to seal the city, and all rebels are not allowed to escape, if they escape, they will be charged with Liu Xingjun!"

"yes!"

This person looked at Xiao Xun tangledly, Xiao Xun waved his hand, "With this king here, nothing will happen to the princess!"

Li Jun really couldn't explain it in one word. Is he worried about the princess? The prince has been a shadow of the prince since he was a child, and the prince has never left his sight, even when he is sleeping, he always has one eye open.

"Okay, this king is not a three-year-old child anymore, I want you to watch him every day?"

Li Jun had no choice but to leave quickly. After notifying Liu Xingjun, he wanted to come quickly.

Fortunately, Li Jun set off within less than a cup of tea, and met Liu Xingjun who was sitting in a sedan chair and came to see Xiao Xun. When he heard that the Jinmei building where Xiao Xun was staying was buried with explosives, Liu Xingjun was terrified. Get out of the sedan chair and hold Li Jun's hand, "Embroidered clothes and flags, this, this, how can this happen? No, I mean, didn't the prince take the princess with him? What are you doing in the brothel? Drink Flower wine?"

When Liu Xingjun was in a hurry, he became incoherent and dared to say anything!

Li Jun glanced at him angrily, "My lord, you should hurry up to obey the prince's orders. I have brought the words of my envoy, and I have to rush back to protect the prince."

"You, you, you go!" After Liu Xingjun finished speaking, he turned around and pulled a follower off the horse. He clamped the horse's belly, and the horse rushed out. His voice came from the wind, "Assemble!"

Liu Xingjun brought a total of 5,000 soldiers and surrounded the alley where Jinmeilou was located. He personally led the lieutenant into Jinmeilou.

The old bastard stood on one side with weak legs, her crotch was wet, she didn't understand, she just took a hundred taels of gold from a man named Cheng Yanhong, and held a grand event here, people from all over the world They will all come, maybe there will be big people present, why are they surrounded by officers and soldiers right now?

"My lord, I am wronged!"

Liu Xingjun smelled uncomfortable, pinched his nose, "Take her away, take her away, let her tell the truth!"

"Master Liu, please come here!" A young man stood on the stairs, followed by a man and a woman. The man was handsome, and the woman was beautiful. It was Hong Yanxuan and his two apprentices. He was wearing a fine brocade robe and his head Wearing a white jade crown on his head, the young man was already well-born, and he looked even more graceful.

He took two steps down, looked around, and sighed, "Sure enough, Yun Conglong, Feng Conghu, we little people are always buried with the big ones, Mr. Liu, you are here too Was His Highness Chen Wang buried with him?"

"The bird that accompanied your mother, the dragon begets the dragon, the phoenix begets the phoenix, and the son born to a mouse can make holes. You are a mouse born to your father. Your father conspired to rebel, and you will learn to do it today?" Liu Xingjun compared Hong Yanzheng with his sword, "If you don't want to be a good duke, you must be a traitor!"

Hong Yanxuan's face darkened suddenly, but he also knew that if he was in a fight, he would definitely not be able to defeat this veteran from the battlefield, so he shouted upstairs, "His Royal Highness, do you still want to be that ignorant rat? "

boom!

There was a sound of piercing through the air, and a gun shot at Hong Yanzheng. Before Hong Yanzheng had time to dodge, a figure rushed over, only the sound of a sharp blade piercing through flesh and

blood came, and Xie Zhiwei was already embraced by Xiao Xun , he put his hand on her head, and whispered, "Don't look!"

Xie Zhiwei didn't look at it, she only heard a shrill cry, "Junior Sister!"

Immediately afterwards, there was an extremely weak voice, "Brother, don't blame me, the person I like has always been, always..."

Who are they? She couldn't finish it anymore, but the answer was self-evident. A person is always willing to give his most precious, life, and chastity for the one he loves.

Yi Shuihan's mournful sobs kept ringing in his ears, Xie Zhiwei couldn't help but raised his head, blood splashed half of the corridor, Nie Wanniang fell in a pool of blood, her eyes stared at Hong Yanzheng, Hong Yanhui returned Looking at her, there was puzzlement, discomfort, and a little sadness in her eyes, but there was no love.

Nie Wanniang smiled idiotically, and the smile was particularly desolate. She withdrew her gaze and looked at the senior brother who was holding her and crying uncontrollably. She wanted to raise her hand to touch his cheek, but she could only move feebly, " Brother, don't cry, next life, next life..."

With the last bit of strength she had accumulated, after she changed her tune and said these things, she didn't finish speaking, she tilted her head to the side, and the fragrance disappeared.

"Ah!" Yi Shuihan pulled out his two swords, and he used his unique skill to charge towards Xiao Xun. Xiao Xun held his gun and was about to step forward when Li Jun appeared like a ghost, with the black rope in his hand. With a flick, Yi Shuihan's twin swords landed on the floor with two bangs before they had time to use their moves.

Yi Shuihan's face changed, he didn't expect that there was such a powerful person beside him.

"Heiwuchang Li Jun?" Yi Shuihan called out Li Jun's name, his pupils dilated in horror, and he took a step back.

Li Jun took a step forward, and smiled, with a hideous smile, looking very creepy, "I haven't been out of the world for many years, I didn't expect someone to remember the old man's name."

Hong Yanzheng took a deep breath, he didn't know what Hei Wuchang was, but seeing how fearful this man was, he knew that this man might be invincible, so he couldn't help looking at Xie Zhiwei gloatingly , "Miss Xie, I have always had a doubt in my heart. Before I die, I want to ask Miss Xie to clarify my doubts!"

Xie Zhiwei looked at him indifferently, and said, "Master Hong, didn't Lingtang teach you the rules before he died? I'm already married as a woman, and Master Hong's address to me is really too rude!"

Hong Yanxuan ignored her words and continued, "Miss Xie, what I have never understood is why the girl rejected you and my marriage back then? I think that I am in love with the girl, and every time I think of the girl, I can't sleep at night. Toss and turn!"

Eighth update!

Chapter 725 Throne

This was the greatest humiliation to Xie Zhiwei's reputation. It was the first time Xie Zhiwei encountered such a thing, and she was immediately furious, but soon, she calmed down.

Xiao Xun jumped up and was about to make a move, but was stopped by Xie Zhiwei. She took two steps forward, and said with a sneer, "Then it will be really hard for Master Hong, your father has been gambling all his life, and the Yiwuhou Mansion was so poor that he couldn't get rid of it. Lingtang set his mind on me, trying to curry favor with my mother is nothing more than seeking my huge dowry. Lingtang was right in thinking."

"When I left the court, the Xie family prepared ten miles of red makeup for me. It was just for the sake of the world. The dowry from my husband's family, and the subsidies from the Yuan family, the Cui family and my grandfather are not counted. Fortunately, Lingtang It's not a holiday, otherwise I'm afraid I'm going to hate him to death!"

Hong Yanxuan's face became more and more ugly, and before he could speak, Xie Zhiwei sneered again, "The majestic Hou's mansion actually wants to discuss the marriage with the idea of beating the girls' dowries. It's too late for me to cover up this kind of thing. And put it on the bright side, Hall Master Hong, you just want to ruin my reputation in front of my husband and make me lose face."

"But, have you ever thought about it? The Xie family has a long history of hairpins. I am the eldest daughter of the Xie family. The Cui family is my maternal grandfather's family. My grandfather and maternal grandfather have always loved me. Naturally, I will not treat me badly when I leave the court. I have a high status, a good character, and a good reputation in Beijing, there are countless people who covet me in the world, and there are not many Hallmaster Hong alone."

"My fair lady, a gentleman is so good, what's wrong with me? Not to mention my husband knows me very well, what do I have to be afraid of?"

"Trying to use this method to hurt me will only show that you, Master Hong, are despicable and shameless. It is not God's will that the Yiwuhou Mansion has come to this day, but it is your own fault!"

"Xie Zhiwei, shut up!"

Hong Yan was furious, and rushed towards Xie Zhiwei, Xiao Xun pulled Xie Zhiwei behind him, Li Jun wanted to make a move, but Xiao Xun stopped him, "Leave him to me, and I will reap his life myself!"

"Hahaha, none of you can survive, you are all going to die!"

Hong Yanzheng seemed to be crazy, the last bit of reason was stimulated by Xie Zhiwei's words, his blood was soaring, his hair stood up, and holding a long sword in his hand, he stretched his neck horizontally, "You guys I can't even survive, I want all of you to be buried with me!"

He looked at Xie Zhiwei and the others, and seeing that there was no tension or fear in everyone's eyes, they just looked at him with pity for a madman, and he froze for a moment.

At this moment, a member of the White Lotus Sect stumbled forward, "Master, please tell me, all the gunpowder has been poured out with water, and it won't ignite!"

Hong Yanzheng was stunned, "How is it possible?"

He looked at Xiao Xun, saw that Xiao Xun was not afraid at all, understood, and said angrily, "It's you, isn't it, Xiao Xun, is it you?"

If Xiao Xun didn't die, why did he have to die? He died, let Xiao Xun and his wife enjoy the world? Hong Yanxuan couldn't do it, the hatred in his heart didn't allow him to do it.

He took out an edict from his arms, "Let me go, I'll give this to you!"

Xiao Xun's eyes narrowed into a line, he didn't want to argue with the lunatic, but he was curious, "What do I want this for?"

"This is the succession edict left by your father. Are you the son of Emperor Zhaoyang? This is the succession edict left by your father!"

When Liu Xingjun heard this, he became anxious and took two steps forward. Hong Yanzhen took down the sword across his neck and pointed it at the imperial edict, "Don't come here, you all are not allowed to come here!"

Liu Xingjun stopped in a hurry, and looked at Xiao Xun beggingly, "Your Highness!"

Although he didn't say anything, the implication was very obvious, that is, he hoped that Xiao Xun would get this edict.

Xiao Xun glanced at Liu Xingjun indifferently, and said nonchalantly, "What do I want this order to pass on the throne? The throne is mine, and it will be mine in the end. I don't need anyone to designate me as emperor. If I become emperor, that is chosen by God, no one needs approval, what I want is the approval of the common people in the world!"

Xiao Xun's voice was careless, as if the throne was not a big deal, but when he said it eloquently, it aroused a sense of pride in his heart for no reason, and he was also impressed by this prince who cared about the people!

Xie Zhiwei took a step forward, held Xiao Xun's hand, and squeezed it lightly. She couldn't help but think of her previous life, where there was no will.

She originally thought it was because Xiao Xun didn't know about the will, but now she found out that he never took the will to heart.

"My lord!" Liu Xingjun bowed deeply towards Xiao Xun. If it is said that in the past, Liu Xingjun followed Xiao Xun partly because of Xiao Xun's martial arts and partly because of Emperor Zhaoyang, then at this moment, he is deeply attached to Xiao Xun's heart. Fascinated by the pattern, I would like to follow it all my life!

Xiao Xun turned Xie Zhiwei around, and he shot Hong Yanxuan in the head.

All the people in Jinmeilou were taken away. Xiao Xun and Xie Zhiwei stood in the tunnel, looking at the tunnel as high as one person, facing the underside of Jinmeilou, where gunpowder was piled high, water was poured in, The gunpowder was all soaked.

Coming out of the tunnel, Xiao Xun looked at Liu Xingjun with a smile that was not a smile, and asked, "Why? Have you gained knowledge? This tunnel was not built in a day, and this king is curious. Under the eyes of you people, Hong How did Yan Xie do it?"

Xiao Xun said unhurriedly, "Or, are you also thinking about ***** me?"

Liu Xingjun knelt down with a puff. He was fifty years old, crying like a child, "Your Highness, how dare I do this? Not to mention anything else, my son is still in His Highness's hands. Your Highness, I have neglected my duty, and I am willing to accept it." be punished!"

"What's the use of punishing you? Liu Xingjun, I don't have time to spend here. I leave this matter to you. You are not allowed to slip through the net, and you are not allowed to wrong an innocent person. After a month, you will be here for real." The government sees the king, the king needs to know who is involved in it?"

The next day, Xiao Xun and Xie Zhiwei rushed to Zhending Mansion, one person and one horse. After Liu Xingjun sent the two of them outside the city, when he turned around, his face was as cold as the king of Hades. He grinned and showed his white teeth, gloomy, like a Rakshasa urging his life, "I want to see, who is so desperate, who dares to confront me, dares to play the master under my nose?"

At the beginning of May, just before the Dragon Boat Festival, Xiao Xun and Xie Zhiwei entered the gate of Zhending Mansion. The last twilight of sunset gradually dissipated from the sky, and the whole city looked quiet and serene.

The sound of horseshoes rattling in the empty alley, Xie Zhiwei looked at the people beside him, feeling peaceful in his heart.

Everyone's life, whether walking in the open fields, dangerous jungles or noisy cities, the road under their feet must be walked alone.

However, it is different to have someone by your side, whose heart and eyes are on you all the time.

Ninth update!

Chapter 726 Back

"Mae Mae, here we come!"

From the day of proposing, Xiao Xun has been thinking about how to bring his beloved girl here. At the entrance of the alley in front, an old elm tree is surrounded by a bamboo fence, and the trunk and fence are full of people. The red cloth strips used for blessings are blown by the cool breeze, and the red cloth strips are fluttering in the wind. The elm trees are covered with white flowers, and the sweet fragrance permeates the air.

Xie Zhiwei fell in love with it almost at the first sight. He pointed to the elm tree happily and said to Xiao Xun, "Ah Xun, look, there are a lot of elm coins. We can eat scrambled eggs and make cakes. It's really great."

Only then did Xiao Xun feel relieved. He was afraid that Meimei would not like this place, so he was unwilling to follow him. Although he could go back to the capital, the battlefield in the future would be mainly in the north. He wanted to be able to see Meimei after the battle. I don't even want to miss the days when she was married to Ji.

So, he has to hurry up.

Xuantao and the others had arrived three days ago, and Zi Mo had been watching over the house, and it had already been well organized. After the cages were moved down, the house here was tidied up as if it were at Xie's house, and the room was kept in harmony with each other. The antique racks are exactly the same every time, and the ornaments on them are all arranged according to Xie Zhiwei's rules in Xie's house.

Xie Mingxi heard that her sister came back today. After finishing class with Mr. Yu, she hurriedly finished her homework and waited at the second gate, sitting on the steps under the screen wall. , he doesn't walk away.

Fortunately, when it was getting dark, there was a noise outside, he hurriedly ran to the gate, just in time to see his brother-in-law carrying his sister off the horse, Xuan Tao, Zi Mo and the others were leading the maids and the mother-in-law in the room. The son is waiting for Xie Zhiwei.

Xie Zhiwei's eyes swept over the crowd, and landed on Xie Mingxi. Seeing him so wronged that he was about to cry, his heart ached for a while, and he quickly stretched out his arms, "Brother Xi!"

Xie Mingxi ran over with tears in his eyes, and was about to throw himself into Xie Zhiwei's arms when Xiao Xun grabbed his collar, "I heard that you have practiced horse stance and archery well in the past month, follow me tomorrow morning Go to the barracks, I want to check it!"

Xie Mingxi was so startled that his voice broke, "Really? Brother-in-law, are you serious?"

"Well, if you can afford a gun, follow me to practice marksmanship. If Mr. Fan goes to the battlefield, you will follow!"

Xie Zhiwei was taken aback. A gentleman's words are hard to follow. Since Xiao Xun said these words, it must not be to amuse Xie Mingxi. She couldn't help but asked worriedly, "Is this appropriate?"

"There is nothing inappropriate. My father-in-law handed him over to me so that I would have the opportunity to take him to the battlefield for training. After all, it is rare for my own father to be ruthless to do such a thing."

Xie Mingxi was afraid that Xie Zhiwei would not agree, so he hurriedly persuaded, "Sister, I can do it!"

Xie Zhiwei was still worried, Xiao Xun said, "How about I throw him to Liu Xingjun?"

Before Xie Zhiwei could speak, Xie Mingxi jumped up and objected, "No, I want to follow my brother-in-law!"

After Xie Zhiwei took a bath, Xiao Xun still had things to deal with in the front yard and didn't come back. Since Xie Mingxi followed him, he naturally also held the inkstone and polished the ink for Xiao Xun, turning around like a tail, never leaving a step.

The war in Xijiang has been settled, and Lu Yan has not taken office yet, so Xie Yuanbai is left to deal with everything. He is an all-rounder in civil and military affairs. The troops are all deployed to defend the western border, the neighbors are trembling, and they are always worried about Dayong's invasion, so naturally no one dares to stroke the tiger's beard.

The rest of the generals all came to the Northland. Xu Liang and Xie Zhihui hadn't met a few times, and now they were going to separate again. After talking about the battle, Xu Liang hesitated to leave. When Xiao Xun got impatient, he hesitated to speak, "Ah Xun, can you let the Princess take over the second girl?"

"Why?" Xiao Xun asked knowingly.

"Well, you know, the girl ran after me with great difficulty, and I left from Xijiang in the end. I couldn't bear it? If she was misunderstood and thought I didn't want her, wouldn't she Sad? The point is, if she doesn't want me, where can I find a wife? "

Xiao Xun pondered for a moment, "What do you mean, I want you to go to the battlefield, and I have to solve your daughter-in-law problem first? Or, you go pick it up in person?"

"Ah, how about that, don't I still want to be your pioneer?"

"It's good to know!" Xiao Xun patted Xu Liang's shoulder, "Instead of begging me to help you pick up Miss Xie Er now, you should do your best. If I am happy, I will blow the pillow wind for you and let the princess Marry your younger sister as soon as possible, and you can embrace the beauty as soon as possible."

Xie Zhihui is less than one year younger than Xie Zhi. Seeing that the princess is about to reach the age of Ji, Xie Zhihui is also soon. If the Xie family can marry someone to him before the second girl reaches the age of Ji, wouldn't it be a great joy.

Xu Liang immediately smiled, and cupped his hands at Xiao Xun, "Then thank you, my lord!"

Xiao Xun gave him a thumbs up and praised, "You can teach me!"

This house on East Street used to be the residence of a wealthy family. The lintel was remodeled. When you enter the gate, there are wing rooms on both sides of the courtyard. There is a door in the middle of the west wing, which is a courtyard. There are five main rooms facing south. , the west and north are wing rooms, the main room is Xiao Xun's study, and the wing rooms are used by some of his generals or staff for work and rest on weekdays.

After the second gate, there is a ritual gate, a double-sided embossed nine-dragon wall erected at the gate, hand-painted corridors on both sides, a main hall with a width of seven rooms, two long pavilions on the top of the mountain, and a side hall with three rooms in the west. See Shantang.

Behind the lobby, there is a west-spanning courtyard, where Xie Zhiwei's courtyard is located. Behind the courtyard is a three-acre garden. Behind the building are three huts, which were originally the inner courtyard of the family.

On the gate of the west courtyard, hang the three characters "Ninghuitang" written by Xiao Xun himself.

Back to the familiar environment. After taking a bath, Xie Zhiwei felt comfortable all over. After relaxing, he lay lazily on the Arhat bed and asked about Zi Mo's situation.

"Since Mrs. Chen from Mr. Zhou's family, the chief envoy, sent a message to the mansion, and the servants gave gifts to the Zhou family according to the usual practice, all the officials from the Zhending mansion, no matter how big or small, all sent gifts to the mansion. , Slaves can't favor one another, so in the past two years, a lot of gifts have been given one after another. The slaves thought, it would be great if the master came earlier. What is this?" Zi Mo asked.

Xie Zhiwei smiled and said, "You mean, I didn't come, but the wife of Zhou Damo's family is so polite and gave me a gift. What about the New Year's Day gift? Didn't she say to give me a New Year's Day gift?"

Ten more, today's update, dear friends, vote here!

Chapter 727 Enlightenment

Zi Mo shook his head, wondering, "No, every time the Zhou family has something to do, they send a post to our house, and the slaves have to draw up a list of gifts. As for the Zhou family, it took a lot of money in the past two years. Not less than a thousand taels of silver."

Xie Zhiwei turned backwards in anger, she is rich, and her dowry is huge, but being coaxed into spending money like this, she will feel pain.

"What about other people's homes?"

"Hebei's chief envoy has only one Zuo political envoy, Mr. Zhao Yunxiang, Mr. Zhao. His wife's surname is Yan. What kind of person is he? I've met my servants once. She has no idea. I heard that there is a flat wife named Wei in the family. It's all in the hands of Wei Shi. When Wei Shi's adopted daughter got engaged, she posted a message to our house, because the servants thought, this ordinary wife is also a concubine, a mere concubine, and she still wants the princess to support her? No answer."

After Zi Mo finished speaking, she looked at Xie Zhiwei nervously.

The master didn't come, there was no entertainment at the mansion here, but since Mrs. Chen sent a post to the mansion, other people had no choice but to follow, coming and going, Zi Mo didn't worry about it, for fear of making a mistake , Missed the master's business.

"You've done a good job. If I were here, you shouldn't have sent this kind of post to me."

Zi Mo breathed a sigh of relief, and then introduced the situation here, "It's Li Erxun who proposed to study, and his wife, Mrs. Sun, has a cheerful personality. She even joked once, saying that Mrs. Chen was taking advantage of the princess. If you don't rush to send posts to the mansion, the servants are not good enough not to give gifts, but when Mrs. Chen reprimanded her, the servants looked at Mrs. Sun and just laughed, not taking it seriously."

"The inspector is Ding Qirui. His family style is very upright, and his wife is Li. It is said that Mr. Ding used to be the inspector of Jiangxi. He offended King Ning and almost lost his life when he dealt with the case of Jiao Hongxun, the head of the Ning family. , It is precisely because of this that the court knew that

King Ning had a different intention. Mr. Ding is an upright official and has a upright family style. He built a Lantai study on the left side of the house for his descendants to study."

Xie Zhiwei was very interested when he heard that, just as Xiao Xun came, Zi Mo hurriedly retreated, went to the kitchen and asked the two masters about the dinner.

"Ah Xun, I heard that there is a Lantai study in Ding Qirui's family. How about sending brother Xi to study?"

Xiao Xun has nothing to do with it, "I'll tell Ding Qirui another day, as far as this person's character is good, it's just that he's too upright, if Brother Xi's character can be restrained by him, it's okay. "

Brother Xi is now nine years old. When he just decided his temper, he was a little out of character, and he liked to think wildly all day long. Xie Zhiwei didn't want to restrain him, and Yuan couldn't restrain him. Xie Yuanbai's temperament was free and easy. He couldn't be strict, so he developed a character like Brother Xi.

Although there is nothing wrong with it, if a man can be calmer, it will be beneficial for both studying literature and martial arts.

Xie Mingxi heard it and asked, "Brother-in-law, why don't I go to war with you first? After the battle is over, I have more time to study."

"Under my command, there are all generals who do not study. If you are a soldier all your life, I have no requirements for you. If you still want to be appointed as a marquis and minister in the future, you must at least take the Jinshi exam."

Xiao Xun said following Xie Zhiwei's wishes. After all, Xie's family is still alive, and even the third master who doesn't like reading the most has passed the exam.

After dinner, Xie Zhiwei handed Xie Mingxi over to Nanny Qiu, and asked Zi Mo to lead them to see Shantang for a rest.

In Xie Mingxi's yard, apart from Mother Qiu, Xie Zhiwei sent two big maids, Taoyao and Qiu Man, to go there. They each brought four young maids, which was enough.

The next morning, Xie Zhiwei woke up in the morning light. She opened her eyes and saw the familiar peach-red embroidered bird, insect and fish mosquito net. She was about to move her body when she felt a hot spot.

Immediately, Xie Zhiwei's whole body seemed to be on fire, feeling extremely uncomfortable, she was about to move to one side, Xiao Xun woke up, looked at her with slightly confused eyes, Xie Zhi turned his head slightly, met his eyes, and then Seeing the frightening look in his eyes, he stared at her like a beast about to eat people.

"A Xun!"

"Mei Mei!" Xiao Xun's voice was a little hoarse, and he also felt the strangeness in himself, he hurriedly moved aside, raised his hand and gently pinched Xie Zhiwei's face, enduring the discomfort, "It's still early, you get up first , I'm going to take a shower!"

The weather was hot, Xiao Xun took a cold bath by the well next to the stable, and the heat on his body faded away. He couldn't help but glanced to the north, and Fan Wencheng came, and shouted, "My lord!"

Xiao Xun raked his head and asked, "You saw the child yesterday, how is it? My father-in-law heard that I was going to hand him over to you, so he agreed to let me bring him over."

Fan Wencheng said, "He is a good boy, very smart, and very quick-witted. However, I heard that the Xie family's children have a photographic memory, but I think this child can't do it."

Xiao Xun smiled embarrassedly, "My concubine can do it, so can my father-in-law, and Mr. Xie Ge can do it too. As for other people, I haven't heard that they can do it."

"In the future, maybe the little master born to the princess can do it. I understand that those who have a long-term memory are rarely arrogant. Even Xie Tanhua, when I dealt with him back then, I felt that he was a little contemptuous in his bones. This child, although you can't have a photographic memory, it also has the advantage of not being a photographic memory."

"Yesterday, the princess also said that he would send the fifth young master to Ding Qirui to tighten his bridle."

Fan Wencheng pondered for a moment, "I want to take this child in as an apprentice, but there is something I need to ask the princess for help."

"Tell me, let me see what's going on?"

"Help me get a place in the Cui family school, or ask Xie Tanhua to accept my son as an apprentice."

When Xiao Xun heard this, it was the idea. This is also a common method used by those aristocratic families. I will teach my son for you, and you will help me raise my grandson. He smiled, "You finally decided not to teach yourself? The Cui family has some hope. If you ask my father-in-law to help you teach your son, you are not afraid that my father-in-law will teach your son to be useless, if he has kung fu, he will help you teach him, why don't you teach your son yourself?"

Fan Wencheng laughed loudly, "My lord, in this respect, the lord will learn from me in the future. From ancient times to the present, even Dr. Hongru has never heard of teaching his own children well. Think about it carefully, who doesn't treat his son well?" Send it to someone else to teach?"

When Xiao Xun thought about it, it seemed true that the Xie family did not have family studies, and they had always sent their children to the Cui family to study, and the gentlemen of the Cui family studies invited some old Jinshi who were old enough to be officials, even if there were scholars in the Cui family. He never personally ends up teaching his own children.

He was a little puzzled, Fan Wencheng said, "Soon, Your Highness and the princess will have a child. In the future, when the young master turns four years old, I am willing to enlighten the young master for His Highness."

The first update!

Chapter 728 Son

Xiao Xun is the one who loves to hear these words the most, and hurriedly said, "Okay!"

Anyway, who will enlighten his son in the future will be decided by Meimei, and it doesn't matter what he says, so why not be a good person?

Fan Wencheng was the first to follow him.

That year, Fan Wencheng was only seventeen years old, and he went to Beijing to rush for the exam.

Only this, they missed the scientific examination.

The imperial court does not hire people with disabilities, so he has no choice but to defect to Xiao Xun, in name to repay his favor, but in fact, he has nowhere to go.

Xiao Xun was less than ten years old at that time, what's the use of him wanting a down-and-out move?

Xiao Xun agreed without hesitation, "Okay, you should read more books, I don't like nerds, what I want is a counselor."

A child uttered such majestic words, which suddenly ignited the extinguished fire in Fan Wencheng's heart, and his life rekindled hope.

From ancient times to the present, there are many rebellious courtiers. Xiao Xun is also a descendant of the Xiao family. The elder sons of the emperor are all extremely vulgar. Xiao Xun sits on the position of the Ninth Five-Year Lord, and he will be famous in history because of this.

Cao Zhan stayed in the capital, Xiao Wei joined the army, Xie Zhiwei handed over the affairs of the house to Du Gui, and Li Chun came and went to entertain outside affairs.

Xiao Xun went out in three days, and he has been recuperating for the past two days. The Zhending Mansion has already opened a pharmacy and handed it over to Luo Heng to take care of it. Called Luo Heng over and asked him about the pharmacy.

Yiying's practices and regulations are in accordance with the practices of the Jingzhao Mansion, so there is nothing to worry about, but the matter is of great importance, and Xie Zhiwei has to ask.

Xie Zhiwei asked Luo Heng to wait in the pavilion in the small garden. After she washed and washed, she came all the way along the Chaoshou verandah. The sun was already in the west, and the hottest time had passed, but the heat wave was still coming. Xie Zhiwei couldn't help thinking Xiao Xun said that there is another courtyard in Xiangshan on the outskirts of the city, and there is a mountain spring next to it, which is extremely cool, so he has the desire to cool off in the past.

She said to Zimo, "Let Manager Zhao Er go to the Xiangshan Bieyuan to see if people can live there? We will live there when His Highness is off. It's too hot here."

Xie Zhiwei doesn't like using ice very much. She has always liked living in the mountains. During the two hottest hours at noon, she can cool off in the woods, lie on a cool chair, and enjoy the cool breeze. Everything is strong.

Zi Mo took orders, and was about to leave when Xie Zhiwei said, "Go ask Cousin Cui, and send me the gift I brought."

"Yes!" Zi Mo hurriedly said.

Xuantao followed Xie Zhiwei to the small pavilion. When Luo Heng saw Xie Zhiwei coming, he hurried over to salute and kowtow, "I've seen the master!"

"Get up, have you seen Mother Qiu?"

"The slave has already greeted my mother!" Luo Heng got up after finishing his answer, and stood aside with his hands down very respectfully. He knew that Xie Zhiwei invited him here for the pharmacy, so he explained the situation here one by one. , "A total of 103,000 hemostatic pills, 75,000 healing pills, plus pills for treating typhoid and antifreeze were made. There are a total of 220,000 pills. After reporting, Master Fan said that the medicine in our pharmacy is very useful, and he praised the servant."

"That's good, but you can't take it lightly. You must know that if you are tampered with by someone with a heart, if you think about the consequences, not only will you not be able to heal the wound, but you will even kill him. This is not allowed anyway."

"The slave knows that the people selected by the slave are all innocent people, and they are given a lot of monthly silver. If there is any difficulty in the family, as long as you tell the slave, the slave will advance the payment in advance to prevent embarrassment. Even the slaves will let each other supervise each other. As long as you report If it is true, the slaves will reward them, and the medicinal material dealers only use one or two of them, and there has never been a mistake in the past two years."

Xie Zhiwei nodded, "One person is only responsible for his own little things, they are separated from each other, and there is another person who checks in the middle. Have all these been implemented?"

"Everything was implemented in accordance with the requirements of the princess. The servant knew that the matter was of great importance, and all the food and lodging were in the pharmacy. Except for inquiring about the medicinal material dealer, the servant almost stared at it with a good eye."

"Well, the person you recommended before, when I go to the pharmacy tomorrow, you can point it out to me. If it is effective, you can do it yourself. Only the pharmacy, I will only leave it to you."

"Slave understands!" Luo Heng said.

The next day, Xie Zhiwei went to the pharmacy to see that everything was in order, and all the rules and regulations could prevent someone from messing up and causing problems in the medicinal materials and the pharmaceutical process. She rewarded Luo Heng with five hundred taels of silver, Luo Heng Insist on not wanting it.

Xie Zhiwei said, "In the past two years, you have contributed a lot here. I'm not here, but you can handle the errands so well. When Mammy knows it, she also says that you are very proud."

"Seeing that you are about to get married, with this little money, you can buy a small yard with two entrances in Zhending Mansion. If you see a good one, you can buy it. In the future, although the mother will not ask you to raise it, but seeing you There is a place where she can settle down, so Mammy is relieved. If she comes out and wants to live with you for a day or two, won't her wish come true?"

Luo Heng knelt down and kowtowed three times to Xie Zhiwei.

At night, Xiao Xun held Xie Zhiwei in his arms and kissed him for a long time, until the two of them fell in love and were about to lose their temper, he had no choice but to let go.

Xie Zhiwei buried her face in Xiao Xun's arms, and when she heard him panting heavily, her hands tightly grabbed Xiao Xun's shirt, her forehead was pressed against his bare skin, a kind of skin-to-skin intimacy touched her heart It filled slowly, which made her feel very at ease.

"Tomorrow, I will send you to the Xiangshan Bieyuan before leaving!" Xiao Xun thought of the parting tomorrow, and felt extremely uncomfortable, and his hatred for Bei Qi and Lou Guo also reached the extreme.

"No, I'll see you off tomorrow, and I'll go to Xiangshan Bieyuan the day after tomorrow. It's been raining for the past two days, and the weather isn't that hot."

"Mei Mei, I want to be with you all the time. I thought about it for a while. I won't go out when Beiqi and Lou are defeated. Can we leave the Shiwei Department to our son?"

My son doesn't know where he is yet!

At this moment, Xie Zhiwei wished that time would pass faster, and even faster, she let go of her hand, and slowly slid across Xiao Xun's back, feeling his trembling in her palm, wrapping around his neck .

"good!"

The time together always passes quickly, Xie Zhiwei only felt that she hadn't slept for a long time, and then she felt the people around her get up, she opened her eyes, Xiao Xun had already dressed, standing by the bed, seeing her wake up, He leaned over and hugged her together with the quilt, "Sleep a little longer!"

The second update!

Chapter 729 Reluctant

Xie Zhiwei's eyes were a little moist, he resisted the pain caused by the parting, wrapped his arms around Xiao Xun's neck, and kissed him on the cheek, "You wait for me first, we have had breakfast together, I will take you out. "

"good!"

Xiao Xun said good, but he was really reluctant to part with it, he hugged her into his arms, his heart was full of guilt and reluctance, he lowered his head and kissed her on the top of her hair, feeling puzzled, turned his head and bumped into her lips.

This is something Xie Zhiwei has never experienced before. She only feels that her soul is trembling. Her whole body is hanging on Xiao Xun's body, and Xiao Xun is all supporting her. When Xiao Xun let her go, she has already collapsed into a ball of mud.

After breakfast, Xie Zhiwei helped Xiao Xun put on the armor and sent him out, standing on the steps in front of the door, she watched Xiao Xun riding on the horse, turning her head three times at every step, her nose was sore, but she still smiled, wave to him.

The morning wind raised the cloak on his body, the tiger embroidered with gold thread showed its fangs, the silver armor shone brightly in the morning light, and the light flowed around his body. The young man's shoulders were so generous that it made people feel extremely at ease. The thin waist seems to contain infinite strength.

This is her man, the man she is proud of, the only one in the world, who looks up to the sky and is unparalleled in arrogance.

"Sister-in-law!"

Xiao Wei's voice sounded on the street in front of the door, Xie Zhiwei hurriedly looked over and saw Xiao Wei riding on a bay red horse and waving at him, Xie Zhiwei waved his hand hurriedly and said, "Be careful, be safe!"

"Sister-in-law, don't worry, I'll see you when I come back after I have made a battle!" Like a child, Xiao Wei waved happily at Xie Zhiwei again, then grabbed his horse's belly and rushed up.

When Xie Zhiwei saw Xiao Wei rushing to Xiao Xun's side, Xiao Xun lashed Xiao Wei's **** with a whip, and cursed for some reason, Xiao Wei's horse was frightened, and it let go of its hooves and rushed forward. It made the soldiers burst into laughter.

Countless people gathered on the street to send them off. For the city that stood on the border of Dayong in the past, whether it was the city itself or the people in the city, they had been devastated by the flames of war and burned, killed and looted countless times. They yearned for peace and also Thirst for revenge.

The arrival of King Chen, in the past three years, has recovered the sixteen prefectures of Yanyun, and the flames of war will never spread here again. The vitality of the people is as vigorous as weeds. The desolate border town has been managed into a bustling city. Every time Xiao Xun went to war, they saw them off, and every triumphant return, they also greeted them. They witnessed Xiao Xun's every illustrious military exploits, and they also remembered them in their hearts.

Whether in the west or the north, Xiao Xun, in the hearts of all people, is a god, a **** of war, a **** who saves them and protects them.

Xie Zhiwei's carriage followed behind, and she saw people's enthusiasm and love for Xiao Xun from a distance, but Xiao Xun was still so cold, his eyes were on the way forward, but he would carefully rein in

his horse, Sometimes the speed of the horse is reduced, in order not to let the horse bump into or trample on the people who come up.

These careful things will also be seen by the common people and will also move them.

At this moment, Xie Zhiwei deeply felt that ordinary people are the easiest to be satisfied. As long as someone takes them to heart and gives them a little respect, they will give them sincerity and repay them with their lives at critical times.

Xie Zhiwei felt that he seemed to understand why Xiao Xun did not want the imperial edict of Emperor Zhaoyang. In Xiao Xun's eyes, the emperor is the lord of the world and the emperor of the common people.

He doesn't need to use a piece of edict to deceive the people that his succession is orthodox, what he wants is the approval, support and love of the people.

Xie Zhiwei tightly grasped the cushion under her body, unable to restrain the emotion and affection in her heart, she thanked God for allowing her to be born again, reunited with Xiao Xun, and made it to this day.

The backs of the horse and the young man were no longer visible. In the camp outside the city, all the soldiers were already in place. Xiao Xun quickly walked up to the general platform. On the flagpole behind him, the battle flag with the word "Xiao" fluttered in the air. .

"Are you all ready?" Xiao Xun raised his voice and asked, the war drums rang loudly, and all the people shouted, "Ready!"

"Can we destroy Beiqi in this battle and take back the land from Lou Guo?"

Fan Wencheng stood aside and looked at Xiao Xun in shock. Since ancient times, he has been famous for his mastery. What kind of robber logic is this, Your Highness?

Unexpectedly, the voices of the soldiers became louder, "Yes!"

"Okay! It is today that we have made great achievements. We want our descendants to never suffer from today's suffering. This battle, we will once and for all, strive to go home for the New Year!"

"Your Highness is mighty!"

Morale is like a rainbow, soaring to the extreme, the clouds in the sky seem to be stagnant and no longer fluttering, the sky and the earth are shaking and murderous, the nearby birds fly towards the sky, the animals panic and run around, and a long rainbow traverses the sky.

The news that Xiao Xun led the army to fight soon reached the battlefield between Beiqi and Lou Kingdom. Prince Wanyan Zancheng of Lou Kingdom sharpened his sword eagerly, full of confidence, and said in the commander's tent, "I have been waiting for this day for a long time. Well, it is really a joyful thing to be able to fight to the death on the battlefield with the heroes of the world!"

After becoming the crown prince, Wanyan Zancheng seemed to have been reborn, he had broken free from some kind of shackles, and his whole person became public.

His lieutenant general smiled and said, "How can Xiao Xun be compared with His Highness the Crown Prince? Your Highness really flattered him by saying that he is a hero!"

General Wu Qimai said, "I heard that the child has a concubine who is very beautiful. Your Highness may wish to reward the concubine. Whoever can attack the Zhending mansion will be given the concubine first. In this way, It will definitely boost morale!"

Shu Ning opened the curtain of the handsome tent, holding a plate in her hand, on which was a bowl of lotus seed soup, she moved the lotus steps lightly, her figure was graceful, she looked at Wu Qimai calmly, and when she finished walking Beside Yan Zancheng, "Your Highness, this concubine stewed lotus seed soup with my own hands. The weather is hot and hot, just to cool off."

Before Wanyan Zancheng could speak, Shu Ning's voice was like an oriole coming out of the valley, and said again, "Your Highness, Miss Xue is here, do you want to go and have a look, Your Highness?"

In the handsome tent, everyone's eyes are focused on Shu Ning's hips and slender waist, and the voices of swallowing saliva fall one after another, falling into Shu Ning's ears. The condemnation, torture, and the hatred towards Xue Wanqing and Xie Zhiwei in my heart were like the water of the Yellow River rolling in.

The proposal to use Xie Zhiwei as a reward was what she and Wu Qimai talked about.

Wanyan Zancheng has a total of three wives, as long as they are females in his mansion, they can be his women, and there are countless concubines. She knew that after Xue Wanqing sold her with a hot air balloon, she proposed in front of Wanyan Zancheng to bring Xue Wanqing over.

Wan Yan Zancheng refused to agree at first, but when the hot air balloon helped him capture the city, he was moved.

Fourth update!

Chapter 730 Summer escape

"Xue Wanqing, Xie Zhiwei, you are all going to die!" Shu Ning lowered her eyes to hide the raging hatred in her eyes, and she sat sideways on Wanyan Zancheng's lap, "Your Highness, don't you want to see Miss Xue? The girl will reach Ji soon, and I heard that Miss Xue is better at serving men than anyone else."

Wanyan Zancheng's leg was irritated like a bolt of lightning. When he looked up and saw the salivating gaze of his subordinates, he couldn't help laughing, "Go down and get ready. Let's start in three days! We will meet Xiao Xun on the battlefield. This palace also wants to see the charm of Princess Duanxian!"

Xue Wanqing waited very anxiously in Yueliji City. After Wanyan Bao arrived in Lou country, she left and arranged for someone to bring her here. She didn't know whether Wanyan Baoxian had followed Wanyan Zancheng for her request. explain? Will Wanyan Zancheng agree?

"Miss Xue, long time no see!" A slightly familiar voice came, Xue Wanqing turned her head to look, and saw Wanyan Zancheng walking in with her arms around Shu Ning's shoulders.

She put down the teacup in her hand, stood up, watched the two enter the room warily, ignored Shu Ning, but looked at Wanyan Zancheng, "His Royal Highness, I don't know the conditions I made with Princess Wanyan Baoxian. Didn't tell you?"

"Conditions?" Wanyan Zancheng smiled, "What conditions? I'm sorry, Miss Xue, I can't marry you. In my country of Lou, although I can have several wives, I want to take my wife's place When it matters..."

"You're wrong, I didn't want to be your wife!" Xue Wanqing was very angry, she sat down, took a deep breath, and raised her proud chin, "I only agree to be your counselor, this is my condition!"

"Advisor?" Wanyan Zancheng laughed. He looked at this young girl who was about to reach her age. She had a well-proportioned figure, exuding the unique fragrance of this place, like a flower blooming on a branch, blowing in the breeze. Gently swaying, it is waving to those who appreciate it, and it is telling the heartfelt words of "there are flowers that can be folded and those that need to be folded".

Wanyan Zancheng lowered his head and nibbled on Shu Ning's lips, saying, "It's better that Miss Xue doesn't regret it! It's not that I can't afford to agree, but I'm afraid that Miss Xue will regret it in the future."

"I won't regret it!" Xue Wanqing said categorically, she turned to look at Shu Ning, walked over, and approached her, "Princess Shu Ning, even if I come, I will not live worse than you, if you want to use this Come to humiliate me, you think too much!"

If she was able to come here, the woman in front of her might have contributed a lot. Even if Xue Wanqing had no evidence, in her opinion, Shu Ning had this motive.

Shu Ning gently patted her hand away, "Miss Xue, you are thinking too much, you are my brother's concubine, no matter what you do to me, I will not harm you, it is His Royal Highness who treats you Never forget."

"Who made the girl so delicate that my brother was so fascinated that he didn't even want me, a sister of the same mother, but only wanted to love the girl. It's a pity that my brother still didn't wait. Seeing that the girl is still a virgin. I really don't know who will be cheaper?"

Shu Ning turned her head to look at Wanyan Zancheng, wrapping around his body like a boneless beauty snake, "Your Highness, don't miss this great opportunity!"

Wanyan Zancheng had been teased by her when he was in the commander's tent, and he was so angry that he restrained himself only in front of his subordinates at that time. Now, naturally, he can't control him so much.

Seeing the two making out with each other as if no one else was around, Xue Wanqing was stunned. Although she had watched many adult images and movies in her previous life, she was shocked by the fact that they were separated by a screen.

Xiao Xun's army was like a broken bamboo, after crossing the Great Wall, it went straight to Dading Mansion, and after sweeping away all the remnants of Beiqi's rogue soldiers, the troops were divided into two groups, one led by Pei Wujiu to Yikun Prefecture, and the other was led by Xiao Xun himself Lead the troops to the east, cross Longhua, and approach Huanglong Mansion.

Lou Guo is facing an enemy, only Wanyan Zancheng is excited.

After Xie Zhiwei's carriage left the city, he walked southward for more than ten miles and arrived at Xiangshan Mountain. The main peak is as high as a censer, and wild apricots grow all over the mountains. Although the flowering period has passed, it is in full bloom. The apricot blossoms at that time must be beautiful and delicate, with beautiful flowers and colors, full of rouge, occupying all the spring breeze.

"Zimo, we are here at the wrong time, next spring, we will come here to enjoy the apricot blossoms." Xie Zhiwei immediately fell in love with this place. She followed Xiao Xun all her life, walked so far, and saw many beautiful scenery, this alone is already very happy.

Zi Mo smiled and said, "Master is right, this slave girl passed by here last spring and saw apricot blossoms all over the mountain, standing at the foot of the mountain, the breath inhaled was full of fragrance, just thinking, if the master is here, maybe she will be so happy!"

After Zimo and Zhao An got married, they had a son last year who had just turned one year old. Yesterday, she took the child to kowtow to Xie Zhiwei, and Xie Zhiwei told her that a one-year-old child should kowtow, but when she left, Xie Zhiwei rewarded a set of gold collars, bracelets, and anklets with gold unicorn locks hanging on them. At first glance, they were made inside, extraordinary.

Zi Mo planned to have another child after Xie Zhiwei and Ji, to see if she could be a wet nurse for Xie Zhiwei's child in the future, and protect the little master from growing up.

At the entrance of Xiangshan Bieyuan, there is a stone, which is said to have been moved down from the mountain, like a Xuande furnace, simple and atmospheric.

The yard has five entrances in total, with a courtyard on the left and right, surrounded by mountains on three sides, and a river in front of the gate, like a jade belt.

Xie Zhiwei smiled and said, "Du Gui, in a while, you can send someone to net two fish. We will eat fish at night."

Du Gui saw that his master was happy, and he was also very happy, "The slave will arrange someone to get it."

Parked the car in front of the Guangliang gate, entered the gate, there is a rockery screen wall, bypassing the screen wall is the main courtyard, a shallow fence surrounds a yard, and wild apricots on the rockery on the left and right sides hang fruit. The bamboo frame built in front of the door was covered with blooming vines, the red and purple ones were very lively.

Backing the wall on the left side, there is a small hexagonal pavilion. In front of the door is a late apricot plant. It grows delicately, and the branches are covered with snow-white flowers. It finally satisfies Xie Zhiwei's desire to see the apricot blossoms.

Stairs made of bluestone, a total of seven main rooms, a rear courtyard, and a small I-shaped building to the north. There are courtyards and guards on the left and right, all of which are adapted to local conditions. With the ups and downs of the terrain, they may be small or grand.

Xie Zhiwei rested freely for a noon nap. After waking up, Xuantaο brought mung bean soup, and while serving Xie Zhiwei with the soup, he said, "Princess, the wife of the chief envoy's family is here, and the maid let her in." Chunhaoxuan in front."
