

The Power 751

Chapter 751 Uncle

Before Xiao Ke had time to speak, the cat in his arms flew out with a whoosh and landed directly on the man's face.

Ding Xuetong felt his eyes go dark, and his face was covered by a furry thing. There was a tingling sound from the top of his head and jaw, and Ding Xuetong screamed in pain.

Ding Jiahui and Zhao Yuehua were taken aback when they heard the voice, logically speaking, shouldn't it be Zhao Baohua?

However, since they had shouted out, it proved that progress had been made, and the two hurried out of the official room.

Zhao Baohua had no time to react, so he was pulled away from Ding Xuetong by one person, and a gentle voice said, "Don't be afraid!"

Zhao Baohua stood behind Xiao Ke. She didn't know Xiao Ke. She only saw the young man's broad shoulders and round back of his head, with a little cuteness. Suddenly, she felt that her heart seemed to be appeased, and the grievance just now seemed to have never happened. Existence, she lowered her head slightly, and slowly raised her lips.

"Brother, what's wrong with you?"

Ding Jiahui rushed over in one step, abducted Xiao Ke and Zhao Baohua, picked up the blue cat, and threw it on the ground.

After the blue cat landed on the ground, it jumped up and jumped into Xiao Ke's arms in fright.

Only then did Ding Jiahui see clearly the two people standing beside her. She glanced at Xiao Ke, then at the blue cat in his arms, and vaguely guessed the identity of this person. Zhao Baohua was very dissatisfied.

"Miss Zhao, you were with my brother just now, how could my brother be attacked by a cat?" Ding Jiahui asked.

Zhao Baohua looked up at Ding Jiahui, "Miss Ding, I'm not with Brother Ling. You and my second sister went to the official room. I'll wait for you here. I happened to meet Brother Ling and this young master."

Ding Xuetong's chin and the top of his head were scratched by the cat's sharp claws. He was in severe pain, but the other party was Xiao Ke. He really couldn't blame him. He wiped the scar on his chin and said, "Miss Zhao, what did you say?" I will think about it carefully, it's just a matter of marriage, the parents decide, the matchmaker's words are not up to you or me."

Ding Jiahui heard the way, "Brother, what did you say?"

Zhao Baohua was trembling with anger, and tears were about to come out. She grabbed Xiao Ke, "Young master, please testify for me. I didn't say a word to Mr. Ding, so what happened..."

She couldn't even say the words that followed.

Ding Xuetong bowed to Xiao Ke, "Xiao Shizi, this is Ding Xuetong. His father is the inspector of Hebei Province. Today he came to your mansion with his mother for a banquet. I want to see the cat raised by the son..."

"You've seen it, you can go!" Although Xiao Ke was not welcomed by his father in Prince Xiang's Mansion, because of his status, he didn't need to accommodate anyone, so he naturally had the temperament of a noble son.

After finishing speaking, Xiao Ke turned around and said to Zhao Baohua, "You are a guest invited by my sister-in-law. I will not let anyone bully you. Just now, I saw that you have been waiting here without talking to him."

Zhao Baohua was moved to tears, she was deeply blessed, "Thank you, my son!"

It was only then that she realized that the one she had just pulled was actually the son of Prince Xiang.

The movement here quickly alarmed Xie Zhiwei. She hurried over with Mrs. Sun, saw the wound on Ding Xuetong's face, ordered someone to invite a doctor to heal Ding Xuetong, and asked, "What's the matter?"

Ding Jiahui was very dissatisfied. Firstly, the elder brother was obstructing her, and her brother's goal was not achieved; secondly, her elder brother was injured, and the princess had good medicine for the wound, but the princess didn't heal her brother herself, and asked for a doctor from outside. .

Ding Jiahui took a step forward, "Back to the princess, my brother was talking to Miss Zhao when a cat rushed over and grabbed my brother's head, scratching my brother. If it left a scar, it would be fine." alright."

"No, I didn't talk to Mr. Ding." Zhao Baohua was busy distinguishing, tears were about to come out.

Xiao Ke took a step forward, "Sister-in-law, I can testify that Miss Zhao and Mr. Ding didn't say anything at all."

Ding Jiahui still wanted to talk, Xie Zhiwei and Sun looked at each other, both of them saw the joke in each other's eyes, Xie Zhi smiled and said, "What did I say? It was arranged by God, it's really right."

After Xie Zhiwei finished speaking, he said to Zhao Baohua, "Okay, don't worry, let me tell you the truth, although my yard is not big, there are many people inside and out, who did something here? , I have planned something, it's like a mirror in my heart."

Xie Zhiwei took a deep look at Ding Jiahui and Zhao Yuehua, then took Zhao Baohua's hand and turned to leave, "Come on, come with me to sit in the pavilion over there for a while, it's such a big deal, it's not worth worrying about."

Zhao Baohua's hanging heart finally let go, she wiped her face with a handkerchief, and sat with Xie Zhiwei and Mrs. Sun in the pavilion in the middle of the lake.

The breeze blows, and the lake surface has layers of ripples, and the weeping willows float on it, like a sympathetic human hand, caressing gently.

Zhao Baohua's heart seemed to have been caressed by such a hand.

"My little uncle has the simplest mind. He likes to raise dogs, cats, and small animals. He doesn't pay much attention to other things. My mother-in-law left early. I didn't pay much attention to the marriage, it's been a few years, and now I'm older, before coming, my father-in-law asked me to help him worry about it, tell me, where do I know a few ladies from great families?"

Sun glanced at Zhao Baohua, and asked intentionally, "I have a good candidate, but I don't know what the conditions are for the princess?"

Zhao Baohua's heart skipped a beat, she lowered her head, her hands were involuntarily tense, and she held the skirt tightly.

"The character is good, and the appearance is not bad. As for the background, I still want to find an eldest daughter. It's not my prejudice. Generally, the eldest daughter is more considerate. You know, we will always separate in the future, Shizifei If you want to give it in the palm of your hand, the palace is so big and you don't have the ability to do it, so it's still not enough."

The light in Zhao Baohua's eyes gradually dimmed, and then she remembered the other party's identity, he was the son of Prince Xiang, who would inherit the throne in the future, and her father, although he participated in politics in Hebei Zuo, had always been out of her turn for the good things in the family of.

"What's the matter, the girl I like is the eldest daughter of the family, and her status is a little bit worse. If the princess thinks it's feasible, I'll talk about it."

"Don't be a fool, tell me about your identity and background? It's not that I'm trying to make a big deal out of it. There are really few houses in the world that can match up with Prince Xiang's Mansion."

Ms. Sun couldn't help laughing, and Zhao Baohua laughed dryly a couple of times. Laughing was uglier than crying.

Xie Zhiwei looked at her, feeling very distressed, and patted her on the back lightly, "I heard that you are also capable at home, and you help your mother a lot on weekdays."

The third update!

Chapter 752 Offended

Zhao Baohua has not yet reached the point where she is so fascinated by a man that she wants to marry. For her, the only way to get rid of her predicament at home is to marry.

Her mother was not just cowardly, but was trampled under by Webster. If she hadn't helped her at home, her mother might not even have a place to stay.

But the mother was not grateful for the living space she helped to fight for. On the contrary, she often blamed her for not being tolerant of others, and being different from the Webster mother and daughter.

Over time, Webster's mother and daughter also knew that they wanted to use their mother to control her.

Zhao Baohua already hated such days.

Girl's family, if she can't get the love of her parents at home, but outside, if any man treats her a little better, her heart will probably fly with her.

After getting into the carriage, Zhao Baohua still heard that gentle voice, Xiao Ke was standing in front of her, and he had a pleasant aura on him, as long as she thought of this, her face became hot and blushed gradually. crawled up her cheek.

Zhao Yuehua kept staring at Zhao Baohua. Seeing this, she was startled and asked calmly, "Sister, what did the princess call you to say? I saw you with the princess and Mrs. Li."

Zhao Baohua raised his eyes, and looked at Zhao Yuehua coldly, "Second sister, what are you and the girl from the Ding family planning?"

Yan's heart jumped suddenly, before she had time to say anything, Zhao Yuehua threw herself into her arms aggrieved, "Mother, look at my sister, she bullies me!"

Zhao Baohua turned her face away. This scene will happen every day. She no longer wants to make any judgments, nor does she want to try to change anything.

While stroking Zhao Yuehua's back shoulder, Yan said to Zhao Baohua disappointedly, "How many times have I told you not to bully your sister."

Seeing her daughter turning her head away, in the past, there were tears of grievance in her eyes, but now, her face is as cold as ice, and Yan Shi is even more unhappy, "Don't you even listen to my words?"

"Mother, I don't know what kind of promise my sister got from the princess. This is a high branch, and she doesn't want to talk to us anymore." Zhao Yuehua leaned into Yan's arms, and she looked at Zhao Baohua provocatively.

In the past, Zhao Baohua would be very jealous of her, which made her feel very fulfilled, but now, Zhao Baohua's eyes are only cold, and he glanced at her lightly, and then said nothing.

The Princess didn't promise anything to her, but Zhao Baohua would always remember the Princess' help and comfort to her. Even if today's incident was publicized by someone with a heart, she would not be afraid anymore.

After Mrs. Yan left with her two daughters, the rest of the wives came to say goodbye one after another. Xie Zhiwei said to Ding Qirui's wife, Mrs. Li, "Mrs. Ding, today the young master and young lady of your mansion offended the guest I invited. The reputation of the girl's family is more important than anything else, so I won't say much, the eldest daughter of the Zhao family and my sister-in-law hit it off right

away, and they fell in love with my sister-in-law, after leaving this door today, I don't want to hear any bad words."

After finishing speaking, Xie Zhiwei looked at Ding Jiahui. Ding Jiahui was so overwhelmed by Xie Zhiwei's gaze that she couldn't lift her head. She was trembling all over, and couldn't help explaining, "Princess, I, I didn't say anything."

"It's the best thing not to say. You should also tell your brother about it. The man's family is famous for his fame. After all, he is also a young man from a scholar's family. Don't treat him as a disciple. It's a joke."

Ding Jiahui opened her mouth, and was about to defend her brother, when Xie Zhiwei said, "Fortunately, today, my yard is full of people, if not, wouldn't I call you brothers and sisters to do something bad if I had a good cat appreciation party? "

Mrs. Li is miserable. She brought both the concubine and the concubine daughter. If there is such a big mistake, after going back, wouldn't the mother-in-law want to scold her to death?

Thinking of this, Mrs. Li said, "Princess, is there any misunderstanding? Although my two children did not grow up by my side, they were also brought by the old lady at home. Such a disrespectful thing."

As soon as Mrs. Li opened her mouth, Mrs. Sun knew it was going to be bad. Xie Zhiwei smiled and said nothing, so Mrs. Sun could only say, "Mrs. Ding, to tell you the truth, the princess and I have watched this matter from beginning to end. Your son's behavior is indeed a bit too menglang. Today, if there is no Prince Xiang's son to come forward, the Princess and I will have to come forward."

If the princess came forward, it must not be a beating, but a heavy punishment.

But even so, once the words of the princess are spread, will her concubine and concubine have a future?

Mrs. Li knelt down, and her knees fell on the ground covered with lichen. She kowtowed like a drum, "Princess, a son does not teach his father's fault, and a daughter does not teach his mother's fault. I also ask the princess to take care of the two children on my concubine's body." For the sake of youth, raise your hands high."

Xie Zhiwei raised his sleeves and smoothed out the wrinkles on the skirt, "Mrs. Ding, this is a serious word. I didn't yell for mercy. Why are you begging for mercy?"

Mrs. Zhang has always hated the two children of Ding's family for stumbling her daughter. If her daughter hadn't been alert, she might have fallen into their trap long ago. Although today, for some reason, the pair of brothers and sisters have changed their ways, but the old resentment, In her heart, it didn't disappear at all.

"Princess, it's not an exaggeration for you to call for beating and killing. If you let Mr. Ding succeed today, it will be a life. Mrs. Ding, you are both parents. Your daughter has been married a long time ago. I heard It's not good to live in your in-law's house, so let me ask, do you have a headache in your heart? The pain is on the son, the pain is on the mother, the average person is more considerate of others. The daughter of a bad guy has a reputation, but she will be cut into pieces. "

Mrs. Sun was not at all surprised by Mrs. Zhang's words. She had heard it before. It turned out that the Ding brothers and sisters were targeting Chen Lingding. Chen Kui's daughter was extremely alert. .

But even so, he was still living in fear, and he didn't dare to go out. Who didn't have any resentment in his heart?

When Mrs. Li saw that Mrs. Zhang was speaking, she was very unhappy. Mrs. Zhang's husband was only a district magistrate, a fourth-rank official, while her husband was an envoy, a third-rank official, and there were two ranks in between. When will it be her turn? Did Mrs. Zhang talk like that in front of her?

Mrs. Li couldn't help raising her eyes and glared at Mrs. Zhang. Mrs. Zhang felt frightened and regretted that she was outspoken.

Xie Zhiwei saw it and couldn't help laughing, "It's all my fault today. It's strange that the old people say that treating guests is a science. If you don't invite well, you will offend people."

She glanced at Mrs. Sun, "I saw that Mrs. Li treated the guests very well, and I said I had a table, but who knew it would be like this."

Today's update!

Whether I can get the reward depends on you, votes, votes have a lot of weight, today with your help I am ranked two, thank you all! make persistent efforts!

Chapter 753 Running errands

Sun's husband is just learning. From the fourth rank, the official position can be said to be the lowest here, but she mixes with these wives like a fish in water. I have to say that she is really very sophisticated in dealing with people.

Sun said with a smile, "I'm different from you. I try to smooth things out, and you control the overall situation."

Xie Zhiwei laughed off Mrs. Sun's compliment, and said to Mrs. Li, "My son has reached the age of knowing Mu Shaoai. Parents should also worry about the children. I heard that Mrs. Ding's family has several people who are the same age as your son. Girl, Mrs. Ding never thought about having a kiss?"

Mrs. Ding's face changed suddenly, but soon she calmed down and smiled coyly, "My nieces and sister-in-law of my natal family have arrangements, and it's not that I don't have this thought, but marriage matters always have to be done." Draw a picture of your love and I wish..."

"Yeah, I still want you to love me, not to mention girls and young masters, at least the two adults always want you to love me. Mrs. Ding also understands this truth, okay, that's all for today , I'm tired too, let Zi Mo send you off for me!"

Mrs. Ding's face was very ugly, she got up and saluted, and then left with everyone.

Xie Zhiwei left Mrs. Sun for a while, and said, "Don't talk about it, I'll ask Shizi what he means."

Ms. Sun hurriedly said, "That's natural."

After sending Mrs. Sun away, Xie Zhiwei asked Bai Ling to see what Xiao Ke was doing, Xiao Ke came soon, Xie Zhiwei asked him to sit, and said, "That girl today, what do you think?"

Xiao Ke was stunned for a moment, then looked at Xie Zhiwei confusedly, "Sister-in-law, that girl is quite nice, what's wrong?"

Xie Zhiwei said heartily, even if they are not biological brothers, they are all blood of the Xiao family anyway. Why is there such a big difference between the two brothers?

"Boys should be married when they go to college, and girls should be married when they go to college. What does the prince think of that girl today?"

Xiao Ke's face turned red and he was very uncomfortable. He sat sideways, looked out, and said slowly, "It's okay, it's okay!"

"What does it mean? Does it mean you are satisfied?" Xie Zhiwei asked forcefully, "Second brother, this matter has nothing to do with anyone else. It is about your own life. You have to ask yourself and tell me the truth. If it's good, I'll help you to find out about it, if it's not, we'll look at another family."

Xiao Ke didn't know whether it was good or not. He thought about it and said boldly, "Sister-in-law, I like raising cats and dogs. I think it's good, and so does the father. Feel good."

Xie Zhiwei didn't expect that he said so, and nodded, "I don't think you plan to go back to the capital for a while, I still have a shop on Nanmen Street, which was originally intended to sell lacquerware, you can take it first Sell cats and dogs. You move all your cats and dogs there as soon as possible, lest your elder brother come back and dislike him again."

Xiao Ke jumped up in fright, and asked, "Sister-in-law, when will my elder brother come back?"

"It's the end of the year, don't worry too much."

On Xie Zhiwei's lap, there was a fat cat squatting, which was raised by Xiao Ke. Seeing that Xiao Ke was about to leave, the cat got up and jumped down, scratching Xie Zhiwei's thread-pick skirt with its claws.

When Xuantaosaw it, her heart ached to death, she stepped forward to pull the thread, but it didn't even out, she couldn't help complaining, "Second Master, it's true, he came by himself, and he brought the cat, and this cat is really, a little I can't see outside, and when I come in, I jump on the princess, and I can't wear a skirt if it is hooked like this."

"Okay, it's just a skirt. When I was in Yizhaoyuan, Brother Xi's generals and marshals broke a lot of my things, and I didn't see what you said. It can be seen that you are just watching people order food. Don't be like this in the future, the second master is also the younger brother of the prince, younger brother for life, you are the ones who follow me, and the people below will act according to your face, don't tell me to hear anything bad."

Xuantaos's expression turned cold, and he said hastily, "I know I was wrong."

Because she was her close servant girl, Xie Zhiwei couldn't help but say something more, "The old prince's kindness to the prince is still deep, and the son is the son of the old prince, and everyone says

that the eldest sister-in-law is like a mother. As a sister-in-law, how can I ignore him?" ? In the future, you will treat the eldest son and eldest daughter the same as Brother Xi."

"Yes!" Xuantao hurriedly said.

Xiao Ke got a shop, and Xie Zhiwei gave him another 20,000 taels of silver. He was overjoyed, and immediately hugged his fat cat to find Xiao Lingsu, "Sister, I plan to open a shop here. Go help me, and I will give you five taels of silver a month."

Xiao Lingsu now receives a monthly rule of one hundred taels of silver, while Xiao Ke receives one thousand taels of silver. She is not crazy to show her face for five taels of silver.

Xiao Lingsu glanced at her brother, "I don't want it, I'll just follow my sister-in-law. Where did your shop come from? Did your sister-in-law give it to you again? Do you have capital?"

Xiao Ke took out a stack of bank notes and handed them to Xiao Lingsu, "Yes, it's more than the capital my father gave me."

Xiao Lingsu didn't know what to say, so Xiao Ke told her about how the princess helped him find a candidate, "It's a girl from the Zhao family. I've seen it before. She has good looks and a generous disposition. The main thing is, Maotou scratched all the young masters of the Ding family because of her, so he should be a very good person."

Xiao Lingsu's heart was up and down, she thought more, Zhao Yunxiang was a member of the Hebei Zuo political party, from the third rank, he was a senior member of the court, and the Zhao family had been officials for generations, so it could be called a family of officials and eunuchs. Although Mrs. Yan's family is weak and incompetent, but because of this, the eldest daughter Zhao Baohua is quite assertive. She assists the mother at home and checks and balances the wife, which shows that she is not weak.

"Sister-in-law chose such a wife for you, it is for your own good." Xiao Lingsu said sincerely.

Sun's side quickly got Xie Zhiwei's words and asked her to help Zhao's family propose marriage.

Mrs. Sun is a person who is good at everything. She is good at judging the situation. She thought that the Zhao family's family is not in the hands of the Yan family. Even, the Yan family is a person who has more success than failure. If not, how could the Zhao family be Mention a flat wife?

Sun helped Xie Zhiwei to do this, not seeking meritorious deeds, but seeking no faults. She didn't think of any good if the matter was done, but if the matter was messed up, it would be an offense.

Thinking of this, she grabbed the husband who was about to go to the yamen, told Xie Zhiwei what Xie Zhiwei entrusted, and said, "Master Zhao's wife is a lump of mud that can't support the wall. It's not a fuel-efficient lamp, but the two girls are about the same age. If something happens, I will be guilty. If not, you should go and talk to Mr. Zhao first. If it is the princess, the princess is a woman Zhonghaojie, you don't insult your reputation by running errands for the princess."

The first update!

Li Erxun couldn't help laughing out loud when he heard his wife's teasing, "What's the matter of sending by the princess? Sending by the lady, I will go through fire and water for my husband!"

Mrs. Sun blushed, and while helping her husband tidy up his clothes, she said, "The princess said before, that in the future, when His Royal Highness's class teacher comes back, Jin'er will ask Mr. Fan for advice. To be honest, it's better than giving me anything. I'm all moved."

Li Erxun heard his wife say a lot about Xie Zhiwei, seeing that his wife was bewildered by Xie Zhiwei, he had to feel admiration for this young woman.

How many men in the world have this kind of charm?

Arrived in the yamen, it happened that Li Erxun also had something to go to Zhao Yunxiang.

After Zhou Damo was arrested and moved to Beijing, all major military and political affairs in Hebei were controlled by Zhao Yunxiang.

Seeing Li Erxun coming, Zhao Yunxiang hurriedly asked someone to move a stack of documents out, poured a cup of tea for Li Erxun himself, and said, "Sit! Yuan Ju is here for next year's spring affairs?"

Yuanju is Li Erxun's character.

Li Erxun cupped his hands towards Zhao Yunxiang, "It's for a happy event, and I'm here to congratulate my brother first!"

Zhao Yunxiang was completely unaware, and said, "Where does the joy come from?"

The imperial court has already made a decree, and the new Hebei Chief Envoy is Li Gang, so there is no possibility of him being promoted for the time being.

Li Erxun then told about Xie Zhiwei's desire to hire Zhao Baohua to be Xiao Ke's concubine, and said, "Originally, the princess asked my brother's daughter-in-law to talk about this matchmaking, so my brother said, I want to come first for such a big happy event." Ask brother for a drink."

Zhao Yunxiang knew that the reason why Li Erxun and his wife didn't go to the house to talk about it was because his family's situation was really special, so he couldn't help but blushed, got up and said, "Come on, it's time for lunch, let's go to the side to have a drink." A glass."

The two of them left the yamen, went to a nearby restaurant where they often eat wine, and asked for a private room, two dishes of side dishes, and a jug of wine, drinking and talking.

Because the two are from the same department, their friendship is deeper than that of ordinary people. Zhao Yunxiang said, "I didn't expect my younger brother and sister to be so appreciated by the princess. This is really a great joy for my brother. To be honest, it is for Bao'er's sake." I'm also worried about marriage."

Zhao Yunxiang is not a fool, he is very clear about his own situation. At that time, he was opposed to elevating his wives, because the indiscrimination between the concubine and the concubine was the root of a bad family, but the old lady had the final say on matters of the inner house.

The old lady has always disliked Yan Shi very much, but this marriage was arranged when his father was still alive. It is impossible for him to be unfilial enough to disobey his father's orders.

In the past, she could live in a daze, but in the future, if her daughter becomes a princess, these things in the family will not be able to stand on the stage.

Li Erxun also knew a lot about Zhao Yunxiang, so he stopped talking about this matter, raised his glass with a smile, "Brother Zhao, I'll do it first as a respect, congratulations!"

People are in good spirits on happy occasions, and Zhao Yunxiang also blushes, "My brother and sister are capable, my son is still unmarried at that time, my brother will go back to help and say a few words in front of his brother and sister, if there is such a good girl, help me out a little bit?"

"When it comes to understanding the girl's family, I heard from my family that there is no better than the princess. Later, I will ask my family to help find out. However, brother's eldest son has not been engaged for a long time. According to my brother, it is better Getting married as soon as possible, and having a eldest daughter-in-law in the family, is not normal, and when I don't see Prince Xiang's mansion, the princess has always been taking care of it, and everything is in order."

The two talked about it, Zhao Yunxiang's depression accumulated in his heart all these years, with the arrival of this marriage, it was like seeing the bright moon through the clouds.

After leaving the government office and returning home, he first went to pay his respects to the old mother. He didn't tell about the marriage, but stayed out of the old lady's yard. He went back to the study and had Zhao Baohua called over.

Zhao Baohua didn't know what happened, he was a little nervous, came to the study room, saluted first, and sat down on the chair as usual.

"Today, your uncle from the Li family found me and said that the princess had found Mrs. Li and asked her to check on the family."

Zhao Baohua's heart was raised in an instant, and she couldn't help but look at her father, her expression was very nervous.

Seeing this, Zhao Yunxiang changed his tone, and said, "When discussing relatives from aristocratic families in Beijing, they don't come to propose marriage directly, but let people test each other. Even if things fail, there is room for maneuver, so as not to embarrass people. And the relationship is broken."

Zhao Baohua listened nervously to his father, "The princess told me that the person is the son of King Xiang. Don't look at it as a royal residence. Marriage is a lifelong affair. Although it is the union of two families, women and men are still different. Women You have to live in your husband's house for the rest of your life, and only you know the ups and downs, and no one else can bear the burden for you."

Zhao Baohua looked up at his father, "Daddy, I am willing to do this marriage."

She paused and said, "The princess is a very good person, not for anything else, just to be with the princess, and I am willing. This time, if there is no princess, my daughter may only die by jumping into the river. I missed this marriage, and I am afraid that I will never have such a good opportunity again in the future."

Zhao Yunxiang's eyes narrowed involuntarily, and he asked, "Can you tell Dad what happened?"

Zhao Baohua burst into tears, "What's the use of telling Daddy? It's not the pair of concubine brothers and sisters from the Ding family. These are all the affairs of the women in the backyard. Mother has no ability to protect me. What's the use of telling Daddy?"

Zhao Yunxiang tightly held the arm of the chair, he closed his eyes, and said, "Daddy knows, since you are willing to have this marriage, then stay at home and prepare for it."

Zhao Baohua came out from the front yard. Standing in the courtyard of the second gate, she took a deep breath toward the sky. A boulder that had been pressing on her heart was removed, and she suddenly felt a sense of relief all over her body.

Perhaps, Prince Xiang's son is not as talented and general as Prince Chen, and it can even be said that he has no ambitions, but what does it matter?

The reason why people in the world work hard is to eat well and dress warmly? Prince Xiang's mansion has accumulated wealth for many generations, and the son of Prince Xiang is not a prodigal son, so are you afraid that there will be no money for food and clothing when you marry?

What she wants is not a husband who is gentle and martial, but a stable home where she can live happily.

Zhao Yunxiang returned to the old lady's yard again, and it happened that both Yan and Webster were there, so Zhao Yunxiang told the story of Prince Xiang's coming to propose marriage, the old lady was naturally very happy, she said "Amitabha", to The son said, "This is a great thing. Go to the ancestral hall and report to your ancestors. My Zhao family will also become a relative of the emperor."

Zhao Yunxiang couldn't help but smile bitterly, "Mother, this horoscope has not been written yet. If you want to report it, you have to wait for the matchmaker who proposes marriage to come to your door!"

When Wei Shi heard about this marriage, his face collapsed. Her daughter and Zhao Baohua went to Xiao's mansion with Yan to have a banquet. Now it's better, but Zhao Baohua has a good marriage, and his daughter has just taken a trip.

"Sister, both Ri Yuehua and Baohua went with my sister, why did the princess only take a fancy to Baohua? What's going on?"

The second update!

Chapter 755 Substitute Marriage

Yan Shi was most afraid of this, especially when the old lady shot her sharp eyes, she suddenly trembled all over, stuttering and didn't know how to open her mouth to speak.

Webster was about to speak, but Zhao Yunxiang had already said, "Mother, we can't let us talk about this marriage. What my son means, if the princess really arranges for someone to come to propose marriage, the family should prepare Bao'er's dowry carefully, and there can be no mistakes. ."

Wei Shi didn't like to hear these words, she pouted her lips, and gave Zhao Yunxiang a wink, "Look at what the master said, no matter how powerful the princess is, isn't she just a little girl, how powerful can she be?"

Zhao Yunxiang looked towards Webster, and solemnly warned, "If you don't want to follow the same mistakes as the Zhou family, you can try provoking her, but when that time comes, don't say that I am trying to survive with a broken arm, regardless of your life or death."

Wei Shi was very aggrieved, and tearfully said, "Master, this concubine is just talking. Who doesn't know that the princess and the governor of the East Factory have a very close relationship. Could it be that this concubine knows this and still insists on plucking the tiger's whiskers?"

When Zhao Yunxiang heard this, he was furious, "Absurd, you can say this? Humph!"

He really wanted to say that Wei Wei's family boasted of a scholarly family, but he couldn't say such bickering words as a grown man, so he simply got up and went to the front yard on business grounds.

Zhao Yunxiang seldom went back to the backyard since the restlessness in the back house. He sat in the study and thought about it carefully. Finally, he took out a box from the bookcase behind him and took fifty thousand taels of silver notes from it. , went to Zhao Baohua's yard.

Zhao Baohua is playing chess in the house. It is rare for her to be so leisurely. She is as relaxed as a traveler with a heavy load. Finally, she arrives home, puts down her heavy luggage, sits in the courtyard, and enjoys a cup of tea.

"Father!" Zhao Baohua stood up in shock when he saw his father coming in, and greeted him. She made tea with her own hands and served it in front of Zhao Yunxiang.

Zhao Yunxiang looked at Zhao Baohua's room, it was so plain and simple that it didn't look like the boudoir of a lady, it was no different from an ordinary girl.

Zhao Yunxiang took out the 50,000 taels of silver note and handed it to Zhao Baohua, "If you marry into Prince Xiang's Mansion, you will be sister-in-law with the princess in the future. Our family can't compare with Xie's family. The 50,000 taels of silver note You collected it, it was given to you privately by my father, when you leave the court, as a rule, the public will have a dowry of 10,000 taels of silver, as for how much your mother will give you, my father does not know."

Zhao Baohua thought for a while, and took the bank note, "Father, everyone has their own way of life. A daughter will not compare with the princess, and it is impossible to compare with the princess."

She once heard that the princess is a medical expert. Back then, Princess Changshou paid 50,000 taels of silver in order to treat her daughter.

Fifty thousand taels may be just a number to the princess, but to the Zhao family, it is of great importance.

Zhao Yunxiang seldom cares about his daughter. In his opinion, the son is the one who will inherit the family business in the future. Therefore, since he was a child, he has raised his son by his side. It is a pity that his son Xiao's mother, his son and the Yan family are really close. It's too similar.

"As a father, I hope you will remember in the future that your brother and your mother are compatriots. You can ignore others, but you must take care of your brother."

Zhao Baohua was a little disappointed. She only felt that the fifty thousand taels of silver bill in her hand was so hot. She thought for a while and said, "Father, you can wear as big a hat as you have a head. If brother is really not suitable for studying, forget it!"

Seeing his father's displeasure, Zhao Baohua said, "My daughter's meaning is not to stop my brother from studying, but to let my father not push my brother so hard. If God cares for my brother, it is like caring for my daughter. Maybe in the future, my brother will also meet with his father." To the noble person in my life!"

Zhao Yunxiang couldn't hear such words, his face darkened, "I asked you to take care of your brother in the future, and I didn't ask you to find an official and make a fortune for him."

"Yes, my daughter remembers it!" Zhao Baohua hurriedly stood up and said.

Only then was Zhao Yunxiang satisfied, got up, gave his daughter a few more instructions, and then left.

Three days later, Mrs. Sun formally came to propose marriage. Zhao's house was cleaned inside and out, and the door was opened. Everyone in the city knew that the eldest daughter of the Zhao family was going to be hired by Prince Xiang's mansion as the princess.

Zhao Yuehua hid in the house and cried for three days since she found out about this, her eyes were so swollen that she couldn't open them. What kind of person is Yan? What good can a daughter raised by someone like her do?"

Zhao Yuehua cried, "My mother always said how good Jingzhao Webster is. Now, people have taken a fancy to my sister, what am I? Woohoo, from now on I will be a joke of Zhending Mansion."

Wei Shi put his arms around his daughter, "Don't cry, you cry so much, in my heart, it's like being stabbed with a knife."

"I don't care, mother, the concubine is mine, and no one is allowed to take it away." Zhao Yuehua threw herself into Wei Shi's arms, "Mother, please help me, woo woo, if I let my sister marry, I will die."

Wei Shi felt very distressed when he heard his daughter like this, "Okay, let me think of a way, don't cry first, your crying broke my heart."

The nanny said from the side, "If this is the case, we must find a way to prevent the eldest girl from getting married. These days, there is no unreasonable divorce, or let the second girl marry in place of the eldest girl, or let the eldest girl take the lead. Let the second girl marry in the past, and in the future, with the second girl's means, are you afraid that you won't be able to gain a foothold in Prince Xiang's mansion?"

This is really a good idea, Zhao Yuehua hurriedly raised her head, looked at her mother, seeing her mother in a daze, she shook her head, "Mother, don't you agree?"

"Why don't I? I'm just thinking, what's the best way?"

As soon as Zhao Yuehua thought of how the princess looked down on her back then, hatred would surge in her heart, and she said through gritted teeth, "Doesn't she value elder sister very much? Mother, if elder sister can't survive, how can she marry her and be her sister-in-law?" 嫔?"

Wechsler gently stroked his daughter's back, "My son, you have the guts, no matter where you go in the future, I can rest assured."

Wechsler is responsible for the intermediary at home, if she wants to make a move to someone, it is really too easy.

Time passed, and it was about to be ordered, but Zhao Baohua fell ill. The family invited a doctor to check his pulse, and he said it was a cold. Unexpectedly, three days later, Zhao Baohua passed out.

Yan Shi sits by the bed and cries every day, feeling helpless.

The maid Luluo next to Zhao Baohua asked Yan Shi to see another doctor several times, and Yan Shi promised well, but when it came time to ask for a doctor, she didn't tell the woman in charge.

She always felt that something was wrong. One day, when she went to the kitchen to pick up food, she heard that the second girl was embroidering a wedding dress. She was so surprised that she threw the suitcase on the ground and asked, "Is the second girl engaged?" ?"

The third update!

Chapter 756 questioning

The woman in the kitchen looked at Luluo like she was looking at a fool, "Look at what the girl said, isn't the eldest girl sick? She can't get rid of this illness, and the days must be numbered. The family is engaged to Prince Xiang's mansion. The reason for retiring casually, in the future, the second girl will not be able to marry in her place."

Luluo hurried back to the yard, just as Zhao Baohua woke up, Luluo cried and told Zhao Baohua what she heard, "Girl, what should I do now?"

"I'm so stupid. I thought I was about to get the best of luck, but I didn't know the truth that extreme joy begets sorrow."

"Girl, please stop talking about it. Think about it, how can a servant save the girl's life." Lu Luo cried, "If it's true... nothing will happen."

"Who can save me?" Zhao Baohua said, "Go and ask the princess, if there is anyone else who can save me, it must be the princess."

At this time, Zhao Baohua knew in his heart that the mother and daughter of Weiss must have tampered with him, but what's the use of telling it? In the end, someone still needs to save her. Yesterday, my father called all the doctors in Zhending Mansion for consultation, but they couldn't find out why.

Xie Zhiwei has been very busy recently. Her mother and mother-in-law came from Jingzhao Mansion, and she didn't say anything in advance. It was said that she helped Xiao Ke decide the marriage, and then heard that Zhao Baohua was ill.

It was a coincidence that she was ill. When she was inquired clearly, Zhao Baohua was already bedridden.

Bai Ling hurried in and said, "Princess, Lu Luo, the maid in front of Miss Zhao, is here."

"Let her in quickly!" Xie Zhiwei hurriedly said, since the small engagement ceremony has been made, they are relatives, Xie Zhiwei naturally can't treat Luluo like a maid of an ordinary family.

There was a woman at the second door who brought Lu Luo in. As soon as Lu Luo entered the door, she knelt down in front of Xie Zhiwei, "Princess, please save my girl!"

Xie Zhiwei hurriedly asked someone to help her up, "Get up, what happened? I've been too busy recently. I heard that your girl is sick. What's going on?"

Lu Luo wiped her tears and said, "I am sorry to see the girl's illness, princess, please go and see my girl. The girl said that if anyone in this world can save her life, only the princess will be there!"

Xie Zhi stood up slightly, and told Xuanta, "Prepare the medicine box, bring the needle, let's go and have a look!"

On the way, Xie Zhi asked Lu Luo carefully, and when she learned that Zhao Yuehua was already embroidering her wedding dress, she couldn't help but sneer, and knew that Zhao Baohua's unforeseen misfortune was probably caused by this marriage.

However, we still have to wait until she diagnoses Zhao Baohua's pulse.

Zhao Yunxiang heard that his daughter's illness alarmed Xie Zhiwei, so he hurried back from the yamen, the door of the Zhao family was opened, Zhao Yunxiang and Yan Shi personally welcomed Xie Zhiwei into the door, after sitting down in the main hall, the old lady of the Zhao family was supported by others. He took the whole family to salute Xie Zhiwei.

Xie Zhiwei took the teacup but didn't drink it, "Master Zhao, I'm here to see Miss Zhao. Since our two families have already engaged, I will say something that shouldn't be said. Miss Zhao was born to me. People from the Xiao family, death is the ghost of my Xiao family, if I know today that Miss Zhao's illness was tampered with, I will not obey!"

After Xie Zhiwei finished speaking, she swept her eyes across the audience, and saw a beautiful and glamorous woman's expression change. She already vaguely had an answer in her heart, and a killing intent flashed across her mind.

Zhao Yunxiang personally led Xie Zhiwei to her daughter's boudoir. The moment she saw Zhao Baohua, Xie Zhiwei was stunned. This was the flowery girl she saw that day, haggard like an old woman.

"Why is this so?" Xie Zhiwei hurriedly stepped forward and took Zhao Baohua's hand, "You said you were not in good health, so ask someone to bring a message. I'll come and see you earlier, why is this so?"

"Princess, I'm afraid I will disappoint the kindness of the princess." Zhao Baohua burst into tears, "I'm useless, I can't enjoy the good fortune."

"What nonsense, you are still so young, you will have a lot of blessings in the future, stop talking, I will help you diagnose the pulse."

Xie Zhiwei took her two hands, and after carefully feeling her pulse, he was sure that she had been poisoned.

Xie Zhiwei asked Xuantaο to prepare needles, locked her big acupoints all over her body, and poked a needle on her left ring finger, black blood with a fishy smell rolled down drop by drop, slowly filling the room. An unpleasant smell.

Xie Zhiwei asked someone to open the window, sat on the side and wrote the prescription, and told Du Yuan, "Go outside to get the medicine."

Less than half an hour later, Xie Zhiwei brushed off the needles on Zhao Baohua's body, comforted Zhao Baohua and said, "You take a good rest, with me here, nothing will happen."

Xie Zhiwei pulled up the quilt, covered her body, and was about to turn around and go out, when Zhao Baohua grabbed Xie Zhiwei's hand, "Princess, I..."

She didn't know what to say, tears rolled down her eyes.

"Okay, let's not talk about this. After waiting for the door in the future, you treat the son better, and you can live a good life with the son, and don't worry the father. I will be very content."

For this marriage, Xie Zhiwei only wrote back to ask King Xiang, and King Xiang replied that everything was up to her. Xie Zhiwei didn't feel it before, but slowly, she realized the seriousness. If the two of them can't live together in the future, How guilty she is.

Seeing Xie Zhiwei coming out of Zhao Baohua's room, Zhao Yunxiang hurriedly got up, and cupped his hands at Xie Zhiwei, "Thank you, princess, I wonder how my little girl is doing?"

"Master Zhao, let's find a place to talk!"

"The princess, please accompany the officials to the study."

Xie Zhiwei nodded, and ordered Xuantaο to watch Zhao Baohua drink medicine here, and she took Dou Xiuniang and Du Yuan to Zhao Yunxiang's study.

The two sat down, Zhao Yunxiang personally served tea to Xie Zhiwei, Xie Zhiwei took it, put it on the table without drinking it, and said, "Master Zhao, someone in your house poisoned Miss Zhao, it seems that it is Do you check it yourself, or should I ask Li Erxun to check it?"

Sweat rolled down Zhao Yunxiang's forehead in an instant. He was like sifting chaff all over. He couldn't believe it, but he didn't dare to mention whether the princess made a mistake.

He couldn't help but think that Mrs. Yan kept saying in front of him recently that if something happened to Baohua, would the Prince Xiang's Mansion blame him? Thinking of Wei Shi, he kept worrying about Baohua in front of him, saying that Baohua's life was bad.

If Baohua's fate is poor, then whose fate will be thicker?

"I heard that the family plans to marry the second girl if the eldest girl is gone. I wonder if there is such a thing?" Xie Zhi sneered slightly, "If there is, then Master Zhao, the family is treating my Prince Xiang's mansion as a what?"

Today's update!

Dear friends, if you have the audacity to ask for a ticket, you can get a little more bonus at the end of the month!

Chapter 757 Ping Wife

Zhao Yunxiang is a member of the Left Party Committee in Shaanxi Province, and a member of one party, but was left speechless by Xie Zhiwei's questioning.

Today he really saw what is called the eldest daughter of the Zanying family. Her demeanor made him seem to be meeting the queen in the Fengzhi Palace.

"Concubine Chen, the Zhao family has produced a few scholars, and the lower officials are from the top two rankings, and they will definitely not do such scandalous things as marriage replacements. But everything is groundless, please leave this matter to the princess. If the officials go to investigate, Princess Chen will definitely see a satisfactory result."

"Okay. Before Mr. Lu went to the battlefield, he left a few people in Zhending Mansion. I have some friendship with them. If Mr. Zhao needs any help, please tell me at any time. You and I are no match for outsiders. Relatives, should watch and help each other."

The beads of sweat on Zhao Yunxiang's forehead suddenly burst out. He didn't dare to wipe it off, so he hurriedly stood up and bowed to salute, "Princess Chen, I dare not, and I will definitely not cover up."

"It's so good!" Xie Zhiwei likes to deal with smart people, she got up and went in to take a look at Zhao Baohua, and told the servant girl to watch carefully, she will come back tomorrow.

After seeing off Xie Zhiwei, Zhao Yunxiang came to the old lady's main hall, where Yan Shi, Wei Shi and Zhao Yuehua were all here, Yan Shi didn't know what happened yet, Wei Shi and Zhao Yuehua were trembling.

Where would they have thought that the princess would come to visit Zhao Baohua in person and treat her personally!

As soon as Zhao Yunxiang came in, he saw Wei Shi and Zhao Yuehua, and immediately became angry. He was furious, pointed at the two of them, and said, "Come on, take them down for me!"

The caretaker woman at home rushed forward and grabbed the mother and daughter from left to right. Webster struggled desperately and reached out to the old lady, "Old lady, help me, old lady, what did this concubine do?" What's the matter?"

The old lady was also frightened by Zhao Yunxiang's battle. She couldn't even stand still, so she sat on the Arhat bed and looked at Zhao Yunxiang blankly, "What's wrong?"

"Mother!" Zhao Yunxiang winked outside, and the attendant beside him came in and put a pack of medicine on the ground. Zhao Yunxiang pointed to the medicine and said, "Mother, this is from Webster's house. It came out! There is also this woman, who has already been recruited!"

Webster's nanny was brought in, and her captors threw her on the ground. The woman's knees hurt from the fall, but she kept silent, "Old lady, master, madam, the matter of poisoning the eldest girl!" It was done by the servants, it has nothing to do with the second wife, the second girl has no idea!"

"Don't know? If you don't know, the wedding dress will start to be embroidered. Don't tell me, you embroidered this wedding dress for your sister." Zhao Yunxiang glared at Zhao Yuehua angrily.

Zhao Yuehua had never seen her father so angry, crying so frightened that he couldn't speak a word.

The old lady was very distressed, and now she understood what was going on, and said indifferently, "Isn't Baohua still dead? It's worth your fighting and shouting and killing? What happened to the Yuehua embroidered wedding dress?" ? If Baohua is gone, there will always be someone in the family who will marry into Prince Xiang's mansion, so such a good marriage, should we let someone else do it?"

Zhao Yunxiang was speechless immediately. It's not that he doesn't know what kind of person he is. In the past, it was fine for the family members to suffer a little grievance, but now, if it continues like this, they will provoke people who shouldn't be provoked.

"Mother, Prince Xiang's Mansion is not just the Zhang Family and Li Family. If something happens to Baohua, who do you think is the most suitable person in the family to marry into Prince Xiang's Mansion? Yuehua? Prince Xiang's son will be forced to marry a concubine? "

"Master!" Webster yelled sharply, she trembled like a willow in the wind, she looked at Zhao Yunxiang in disbelief, her eyes were full of sadness and despair, "Could it be that in the eyes of the master, the concubine is just a Concubine? Yuehua is still a concubine?"

In Zhao Yunxiang's heart, he has no kindness towards this woman at this moment, "It doesn't matter whether I treat you as a concubine or not, what matters is how the court sees you, and how the princess thinks of you!"

He sneered, "Do you think that the Xie family's hairpin family for hundreds of years pays attention to the order of seniority and order, the distinction between superiority and inferiority, will not distinguish between concubine and concubine, will recognize the identity of Ping's wife, and will think that Yuehua is a concubine?" female?"

Wei Shi was very sad, "Master, you keep saying that you are the princess princess, is it the Zhao family's turn to be an outsider to be the master?"

Zhao Yunxiang was dizzy, "Do you think the princess would be willing to be the master of my Zhao family? It's ridiculous. You have heard what the princess said. Baohua is not the Zhao family now, but the Xiao family. What do you think, the princess Now that you know about Baohua's poisoning, will the princess let it go?"

Webster finally knew how to be afraid again, she looked at Zhao Yunxiang in horror, "What does she want?"

Zhao Yunxiang just thinks that we are all human beings, so how can there be such a big difference between people? In his backyard, from top to bottom, there is no one with a clean mind.

"Concubine Chen is a super princess, I don't know what she thinks, I only know that she can do whatever she wants!"

The old lady pondered for a moment, and gave her son an idea, "The root of this matter is still Baohua, it is better to let Baohua come forward and talk nicely to the princess. After all, this is only my Zhao family's family affairs, and it is not suitable for outsiders to intervene good."

Before Zhao Yunxiang could speak, the woman on the second door came and reported, "Old lady, master, Mrs. Qu, a hundred households in Dongchang, is here, saying that he came by the order of the princess, to drink a cup of tea with the master." ."

Zhao Yunxiang simply said to the old lady, "Mother, you have always been in charge of the internal affairs of this family, and it is not easy for your son to intervene today. Qu Baihu is the right-hand man of the governor of the East Factory. It is Mr. Lu. Leave it to the princess, look at this family, will they be confiscated and imprisoned together, or do you want to save each other's face for the sake of relatives?"

After Zhao Yunxiang finished speaking, he went to the front yard. Qu Chengyu was standing in the main hall, looking at the paintings on the middle hall. When he saw Zhao Yunxiang coming, he hurriedly cupped his hands, "Master Zhao, please excuse me!"

"Qu Baihu is polite, please sit down!" Zhao Yunxiang was extraordinarily polite, without waiting for Qu Chengyu to speak, "Qu Baihu, every family has a hard-to-read scripture, some things need some time, Qu Baihu Can you bear with me, just wait a little bit!"

"Don't worry!" Qu Chengyu said with a smile, "the governor is not here, there will be plenty of time in the end, the princess also said, just give me a reply at the end of today. Repaying debts, this is an eternal truth, Mr. Zhao, please don't cover it up and make us feel embarrassed."

Zhao Yunxiang was filled with righteous indignation, and just now in the old lady's room, everything turned into helplessness. Now, hearing Qu Chengyu say this, his smile was uglier than crying, and he couldn't help but said, "Can I ask Qu Baihu for advice?"

The first update!

Chapter 758 Confused

The purpose of Qu Chengyu's visit was to teach Zhao Yunxiang. He said, "Master Zhao, you are a member of the third rank. The old Mr. Zhao was also a clean and honest official in the court. I will hear that Emperor Zhaoyang Commenting on Mr. Zhao's "everyone is sage", how come you are so confused when it comes to this family affairs? Just think about it, the princess and concubine of King Xiang are not artifacts. Got the eyes of the adults."

"If it is today, Ling Ai is really blessed, and the marriage is not arranged by the princess. In the eyes of the world, others will say that the princess is not really planning a marriage for the son of Prince Xiang. In the future, I will hire another one." If someone with a heart does the same thing, wouldn't that ruin the lives of the girls, and will the son be called a wife-restraint in the future?"

Qu Chengyu cupped his hands towards Zhao Yunxiang and said, "Master Zhao, the inner courtyard of your house is as leaky as a sieve, and now everyone in Manzhending Mansion knows that the wife of the second room gave birth to the eldest daughter in order to marry the concubine's daughter." Poison, Miss Zhao's life is hanging by a thread, and it was the princess who rescued her, do you think you can still hide it?"

Zhao Yunxiang closed his eyes, got up and saluted Qu Chengyu, "Qu Baihu, sit down for a while, I'll go and give you an explanation!"

In the old lady's main hall, Webster was lying in front of the old lady, crying like tears for you. The old lady was shaken by her, her face was pale, her lips and petals were black, and she couldn't breathe. .

Zhao Yunxiang came over, pulled Webster away, and patted the old lady on the back to slow her down.

"Come with me!" Zhao Yunxiang said to Webster after handing over the old lady to the people in the house to take good care of her.

Webster didn't dare, and moved towards the old lady tremblingly, Zhao Yunxiang put his hands behind his back, "Send you to the family temple, or hand it over to Dongchang, and you will poison your wife, discuss the law, and move three thousand miles, it's up to you to decide ."

When the old lady heard about Dongchang, she felt bad all over. She used to flatter Jingzhao Webster, but now, since her eldest granddaughter is going to marry the royal family, she also wanted to open it for a while, pointing to Webster and said, "Take her Go, take her away, if she doesn't go, I'm going to die!"

Just now, if it wasn't for her son, the old lady would have been shaken to death by Webster. She just felt dizzy, and hurriedly pressed her forehead and leaned on the Arhat bed, unable to breathe.

Like a puppet, Yan Shi went forward and put a pillow behind the old lady. The old lady was annoyed when she saw her, "Go out, go out, go, don't stay here with me, even a The concubines can't control themselves, what use are you for?"

Yan was so wronged that tears came out, she hurriedly wiped it off with a handkerchief, and after leaving the old lady's room, she went to her daughter's yard, and saw her daughter was leaning on the bedside drinking medicine, she went up to ask for the medicine from the old lady's house. The maid took the medicine bowl in her hand.

Zhao Baohua pushed her hand away and said weakly, "Mother, no need."

Yan Shi began to cry, "Do you even despise your mother? Mother is a bit stupid, but mother also wants to be as smart as others!"

Zhao Baohua just felt very tired, she said, "Mother, what happened?"

Yan said the matter, took Zhao Baohua's hand, and begged, "Baohua, I think the old lady and your father are very embarrassed. After all, your second mother is a family with us. Since you are fine now, why don't you How about letting your second mother go? I heard that your father is going to send her to the family temple, and you know where the family temple is..."

Yan said self-consciously, "Your second sister is envious of your marriage, and she doesn't have to use this method to compete. If you agree to bring your second sister into the palace and follow Ehuang Nvyang's example in the future, why not?" As for this kind of thing? Since ancient times, family and everything prosper..."

Zhao Baohua's heart seemed to be immersed in ice water at this moment. At this moment, she was very considerate of her father. If she were her father, it would be such a misfortune and sorrow to live with such a woman for the rest of her life.

"Mother, have you prepared my dowry for me? Has the dowry list been issued? I heard the princess joked that her dowry was prepared from the moment she landed, first by her biological mother, then later It was my grandmother, and my grandmother handed over her dowry list to her current mother."

Speaking of this, Zhao Baohua's tears rolled down. When the princess talked about Mrs. Yuan, she never mentioned her stepmother, which shows what a good mother Yuan is.

As for Yuan Shi, who doesn't know that she is the princess's stepmother!

Yan said "Oh, I've forgotten about it, don't worry, your grandmother also helped me draw up this dowry list when I got married before, and I will draw up one according to that, so as not to delay the matter." Son."

Zhao Baohua got tired after talking a few words, she asked Luluo to serve her and lay down, she didn't want to see her mother, so she turned around with difficulty, faced inward, and soon fell asleep.

When Yan Shi came out of her daughter's room, she didn't forget to beat the maids and women. She didn't know if her daughter had listened to her words, and when she left the yard, Zhao Yuehua ran over and hugged Yan Shi Crying loudly, "Mother, please go and beg father, don't send my second mother away!"

Upon hearing this, Mrs. Yan hurriedly pulled Zhao Yuehua forward, "Where's your father? Where's your father?"

She had only taken two steps when two wives came, one pulled Zhao Yuehua away, and the other said, "Madam, by Master's order, please go back to the main room. From today onwards, without Master's order, Madam will not be able to take a single step." Leave the main house."

"How can this work? If the second wife is not here and I am also grounded, what will happen to the family members?"

"Don't worry about it, Madam, please!"

On the same day, Webster was sent back to his family temple in Pingyin County, in Yunzhou, Shandong, not to mention a thousand miles away from here, and it may be difficult to come back in the future. What would the people in my hometown think of her if she committed a heinous crime?

Wechsler once wanted to escape, but besides the maid and Zhao's nursing home, there were also two Dongchang fans accompanying him.

The old lady fell ill that day. She invited a doctor to see her and said that she had signs of stroke. There was no other way but to take care of her slowly.

Zhao Baohua got better, and after ten days, he was able to walk around the ground. Although he was weak, thankfully, Xie Zhiwei came to take her pulse every two or three days. With the prescription of food tonic, the complexion also slowly improved.

In the capital, King Xiang couldn't sit still any longer, and clamored to come to Zhending Mansion. The reason was that his son was about to marry a wife, and he, as a father-in-law, wanted to come and see anyway.

Xie Tiao was so quarreled by him that he quarreled with King Xiang in front of several cabinet ministers, and said angrily, "I know that others don't know. You said to leave this matter to my granddaughter. Now you If you want to interfere, why have you come to this point, if you don't agree, and you still want to get divorced, what did you do?"

King Xiang said, "Why is this king retiring from the marriage? Can the person selected by the princess still have a job? My son is married, how can I, as an old man, not be present?"

The second update!

Chapter 759 Tianxuan

Xie Tiao has never been so angry. He admits that his son is married, and I really can't ignore it, but what is the situation in the capital now?

Xie Tiao shook his hand violently, "His Royal Highness, it is good that Prince Chen is my grandson-in-law, but he is also your son. You don't want to bother me anymore, so why should I meddle in my own business? I will retire now!"

Seeing that things were about to get out of hand, Zhang Minghe hurried in to smooth things over, "Prince Xiang, the eldest son is getting married, and there will be Empress Rong, and the Princess will take care of everything. To put it bluntly, on this wedding day, the groom's official If you are absent, there will be a rooster to help you worship, you are a father-in-law, so you don't necessarily have to join in the fun."

King Xiang stared angrily, "What kind of analogy are you making?"

Zhang Minghe was unmoved, and cupped his hands in the direction of Dongnuange, "The emperor is still sick on the couch, and there must be no one to take care of the palace. There used to be Mr. Lu, but now Mr. Lu is gone. We, the cabinet ministers, cannot be allowed live in the palace?"

"What's wrong with living in the palace? There are only some maids in the palace, and those who have status are respected concubines. Everyone is getting old..."

Seeing that King Xiang's words became more and more inappropriate, Xie Tiao raised his hand to stop him, "Master Xiang, it's useless for you to tell us about this matter. If you want to put down the pick, find someone else to put it down, we can't control it. Back then I've agreed with Master Lu, you are in charge of the palace, if there is something going on in the palace in the future, we won't take care of it."

Seeing this, King Xiang had to turn off the fire, sat down on the chair, and sighed long, "When will Ah Xun come back? I am already very old, and I should enjoy my children and grandchildren. What a blessing, alas!"

Xie Tiao and the others were too lazy to talk to him, seeing that King Xiang had stopped making trouble, they each went about their own affairs.

Xiao Xun originally planned to divide his troops into two groups, but when he heard that Lu Yan was coming, he didn't have to, and led the army straight to Lucheng.

There are about 30,000 Lou State troops stationed in Huanglong Mansion. They are ready to wait for work at leisure and wipe out Xiao Xun's army that came from afar.

Xiao Xun didn't leave the city, and Wanyan Zancheng, who was far away in Yueliji, was very excited when he saw this, and rushed over with Xue Wanqing and Linghua to lead the army, and stationed the army outside Huanglong Mansion.

Standing on the high city wall, Xue Wanqing looked into the distance. It was nearly October, and the northern border was snowing heavily. She was wearing a sable fur. Looking at the vast expanse of whiteness, a feeling of uneasiness welled up in her heart. .

This is the fifth year since she traveled here. She thought she could be the leader in this time and space. Who knows, Longshui Shoal.

It is true that God has given her too much favor, and the halo of the protagonist has been covering her head, but until now, she still cannot see the light.

Wanyan Zancheng stepped onto the tower and stood beside Xue Wanqing. Shuofeng blew his words into Xue Wanqing's ears, "Ms. Xue, how do you think this battle should be fought?"

Xue Wanqing looked at the direction of the wind, "Xiao Xun defended Dalu City to the core. I took a look at this city. It is easy to defend and difficult to attack. Now, His Royal Highness has 100,000 elite soldiers under his command, and Xiao Xun, at most 50,000, the Iron Eagle Cavalry Although he is brave and good at fighting, if he is facing His Highness the Crown Prince today, if he can use a hot air balloon to transport soldiers into Dalu City, the inside and the outside will cooperate, and Xiao Xun will be headed by the owl, and it will be close at hand."

Xue Wanqing smiled, "When the time comes, His Royal Highness will rule the world, so why worry about it?"

If that time comes, she, Xue Wanqing, will also become an eternally famous counselor, comparable to Zhang Liang and Zhuge Liang.

"Hahaha!" Wanyan Zancheng seemed to have seen that day when Xiao Xun became famous as a young man and was invincible in all battles. If he lost to him, not to mention chopping off Xiao Xun's head, as long as this defeat, from now on Xiao Xun no longer dared to face him face to face.

Today's Chosen Son, who else is he?

Xiao Xun was also standing on the tower, followed behind him by Pei Wujiu, Chu Yining, Meng Shaoqing and Yang Yunqi, the snow was blowing up in the sky, and fell on their faces, Xiao Xun said, "What method do you think Wanyan Zancheng will use?" To capture this city?"

Chu Yining said with a smile, "No matter what method we use, our goal has been achieved right now. We have attracted all of Wanyan Zancheng's troops. Lord Lu led the Hanyu Army to attack Yueliji. Since Wanyan Zancheng wants to use Lord Lu's hand, kill my own father, for the sake of the feast in the old hall, we might as well fulfill him!"

"Hahaha, Aning, you are getting better at talking!" Xiao Xun patted Chu Yining on the shoulder, he turned around and looked to the south, let's end this battle as soon as possible, I want to go home for the New Year! "

The remnants of Beiqi have moved to the west. Due to historical origins and competition for territory, today, the Shiwei Department and Beiqi are constantly fighting, and there have been several conflicts. It is not peaceful, and there is no need to use troops for the time being.

Lou State is very ambitious, Xiao Xun sent troops at this time, but also made up his mind to destroy Lou State in one fell swoop.

Speaking of Chinese New Year, no one wants to go back to celebrate the New Year.

Yang Yunqi said with a smile, "Your Highness, the last person who should mention Chinese New Year is His Highness. If His Highness says that, the morale of the army will be lost."

"Who said that?" When Xiao Xun thought that he could go home and see Meimei, and that he would get his wish after the Chinese New Year, he couldn't help but shouted, "Iron Eagle Riders, what do you think?" Don't want to go back for the New Year?"

"Think!" On the tower, the iron eagle riders defending the city shouted loudly, and couldn't help laughing after finishing shouting.

Xiao Xun disliked that their voices were not loud enough, and asked again, "Speak louder, I can't hear you, do you want to go back to celebrate the New Year?"

"Think!" The soldiers all over the city shouted, and gathered one after another.

Xiao Xun faced the city, looked at all the soldiers, and said with a smile, "I think so too, but, look, that **** Wanyan Zancheng has surrounded us!"

"Your Highness, ask the last general to kill him!" A soldier stood up and shouted.

"Okay, have courage!" Xiao Xun looked at the sky, "wait a minute, let's see the opportunity, in two days, we will fight out, kill them, and go home for the New Year!"

The Chinese New Year has aroused the morale of everyone in the Iron Eagle Cavalry. Someone laughed and said, "Following the prince to fight, it seems that I can go back to celebrate the New Year every year!"

As soon as the words came out, everyone laughed, and the atmosphere in the city became more and more heated. The New Year's Day has not yet arrived, and it seems to be celebrating the New Year.

Xiao Xun led the crowd down the city tower and came to the commander's tent. Yang Yunqi asked, "Your Highness, are you really going to capture Huanglong Mansion years ago and go home for the New Year?"

"That's right, big brother will wait for me to go there, so this time should be as soon as possible. Yueliji is the capital of the Lou Kingdom, and it should have stockpiled a lot of good things over the years. We can't fight this battle in vain, and we can't let the soldiers They followed us for so many years in vain!"

After saying this, everyone understood, and Yang Yunqi couldn't help feeling a little worried, and asked, "There must be a charter, if it provokes resistance from Lou people, it will be bad."

The third update!

Chapter 760 The plot

Xiao Xun smiled, "What are you afraid of? All the officials will not stay, and the common people are not allowed to move. Let the people speak out. In the future, let the common people elect officials to govern Lou. If we don't do anything, they will be in chaos."

Yang Yunqi's eyes lit up, this is indeed the best decision, let the other party mess up first, and go to the army to plan, but that's all!

Lu Yan besieged Yueliji and did not attack. King Qin's army did not come for a long time.

In the main hall of the imperial palace, Wanyan Qianhao stood on the jade steps and said angrily, "Where is the prince? Where is the prince?"

Wanyan Bao is now hiding in the back door, looking at everything in the main hall, she can't help but feel chills in her heart, standing on the tower, she can see the flags of the Hanyu Army flying in all directions, suddenly, she misses the people from her hometown so much. White mountains and black waters.

Wanyan Zongwang stepped forward in the midst of everyone's expectations, "Your Majesty, the Crown Prince has surrounded Xiao Xun in Huanglong Mansion, and the predicament in the capital should be resolved soon. I think that Lu Yan will not ignore Xiao Xun's life and death." ."

At this moment, a "report" came in with the wind and snow, and everyone turned their heads to look at the gate of the palace. A guard covered in snow rushed in and knelt at the door, "Your Majesty, Lu Yan's army Break through the west city gate!"

By the end, Yan Qianhao's eyes darkened, and he fell down, and the **** who accompanied him hurriedly helped him stabilize. His body swayed and he came to his senses, but he couldn't see clearly. He couldn't help but feel a chill in his heart, and sat down on the throne, "How could it be?"

Wan Yan Zongwang hurriedly said, "Your Majesty, I should go and have a look!"

The emperor waved his hand, and Wanyan Zongwang walked out. The ministers in the palace were all very disturbed, and they discussed one after another regardless of being in front of the emperor.

Lu Yan rode a horse and swayed under the west city gate, but did not give an order to attack. Pei Ju was puzzled and asked, "Young Lord, if this gate is closed again, it will not be easy to break through. If you don't enter city?"

Lu Yan glanced at the tall city tower, "If you don't enter, you'll be done if you scare Wanyan Qianhao to death. There are still 50,000 troops in Yueliji. It's not like I can't win the battle. There's no need to win such a tragic battle. Wait a minute, His Royal Highness, let's go into the city together, the Chinese New Year is almost here, we can't let the brothers go back empty-handed."

The words spread quickly, and everyone in the entire military camp was excited. What is the purpose of going out for thousands of miles? Defending the family and the country is the business of the big men, and for these sergeants who hang their heads on their belts, they are more likely to get promoted and get rich.

"Why isn't Iron Eagle Cavalry coming? Damn it, if it comes, eat me three sticks first!"

"Can I go to support the Iron Eagle Cavalry? General Banner, I promise, if I grab something, give half to the Iron Eagle Cavalry brothers, let us attack the city!"

The general flag smiled and slapped the barrel of the gun on the sergeant under the banner, and said with a smile, "Stop being so talkative, cook something delicious at night, and if you are full, you can attack the city!"

Xiao Xun led the Iron Eagle Cavalry to chase for more than 500 miles, and finally surrounded Wanyan Zancheng at the foot of the mountain. After crossing the mountain in front of him, he could see Yueliji City.

The horse turned around impatiently. Suddenly, the camp in front became surprisingly quiet. After a while, two teams of sergeants came out of the camp leading two women.

The sun rises from the east, the morning glow reflects half of the sky red, the spring is white and snowy, and the world between heaven and earth is like a world of glazed glass.

Xiao Xun looked up and saw that the two women looked familiar, but he didn't know each other when he looked closely, so he couldn't help whipping the horse with the whip to make it calm down.

"Brother Wuhuang, save me!" Linghua's hair was disheveled, she was only wearing a thin jacket, she looked like a prostitute pulled out of the army.

Xue Wanqing couldn't help looking up, the sun was shining on the young man, and there seemed to be streamers rippling on the silver armor.

The contours of the youth's facial features become more and more profound with age, and the youthful spirit between the brows in the past has taken on a mature atmosphere.

If Xiao Xun used to be a sword unsheathed in heaven and earth, today he is a king overlooking the world, sharp and restrained, and mighty as a mountain.

Such a man who is so outstanding that even gods and ghosts are jealous, has no chance with her.

"Xiao Xun, if you save me, I am willing to assist you to become an emperor through the ages!" Xue Wanqing couldn't help but said, "I am the cousin of Princess Duanxian, please look at the face of Princess Duanxian, save my life!"

"Brother Wuhuang, I am Linghua!"

Xiao Xun sneered, didn't look at these two people, but looked at Wanyan Zancheng who was hiding at the door of the camp, "Prince Wanyan, what do you want to do?"

"His Royal Highness, I am just begging for my life. Now these two people have a deep relationship with you. As long as you spare my life, you can take these two women back!"

Xiao Xun laughed loudly, "Right now there are only two women related to me in this world, one is my mother, and the other is my wife. There may be my daughter in the future. What do other women have to do with me?"

Xiao Xun raised his hand, the silver gun gleamed coldly in the air, "Soldiers, go, kill the enemy and go home for the New Year!"

"New Year! New Year! New Year!"

"Brother Five Emperors!"

"Xiao Xun!"

The sound of the earth shaking and the mountains shaking came, and the hooves of Tie Ying's horse trampled on the ground, making a rumbling sound. Xue Wanqing and Ling Hua couldn't help hugging each other. In front of the refusal formation, he saw Dayong's army rushing towards Wanyan Zancheng's camp like a tide, with flames everywhere and the sound of fighting, Wanyan Zancheng's head was chopped off by an unknown soldier and rolled to the ground.

Xue Wanqing vomited upside down while supporting the rejection horse array, and when she came to her senses, Linghua had already run out, and she couldn't help following behind, and the two fled southward all the way.

Xiao Xun's army marched westward, and five days later, they joined Lu Yan's army outside Yueliji City. The two met again after a year.

The two brothers hugged each other tightly, Lu Yan patted Xiao Xun on the back, "I promise to let you go home for the New Year!"

Xiao Xun smiled shyly, "Brother, if I can't make it back, I'm afraid Mei Mei won't let me in."

"Well, it's possible. When I came, the princess said that you lured her to Zhending Mansion. As a result, she couldn't see anyone all year round!"

Xiao Xun felt more and more sad, and couldn't help but look out of the camp. Seeing the black clouds in the sky, which seemed to be so low that they were about to collapse, his heart surged with fighting spirit, "Then attack the city as soon as possible!"

The tall trees were connected with rivets, and the siege vehicle dragged the giant tree, and under the impact of the huge inertia, it rushed towards the city gate, firmly resisting the outside of the city gate, and the next vehicle rushed over again, stacked together, forming a **** that overlaps the city wall.

On the city, hot oil was poured down, the arrow was tied with fire, and shot down, burning the wooden **** built by Xiao Xun and others.
