

The Power 781

Chapter 781 Reporting

Chen Yanrong said with a sad look, "Why is my sister so miserable? Why is Daddy so cruel?"

Chen Yanchu only knew how to cry with her mouth covered, but she didn't see the smile and sarcasm hidden in Chen Yanrong's eyes. She couldn't help crying, and soon hiccupped. The maids and women in the courtyard were frightened and panicked, making a fuss.

Soon, everyone in the family knew that the eldest girl was a nympho, and she had a deep-rooted affection for the eldest son of the Gu family. When she heard that the eldest son of the Gu family was engaged, she vomited blood.

Chen Yanrong waited in the Peony Courtyard until the evening before going back. When she came out of the Peony Courtyard, the corners of her lips were slowly raised, and she smiled freely.

Her mother Song was favored but had no children, and she was the only one under her knee.

When Chen Yanchu was born, a wandering monk came to beg for alms. He told Chen Min that the newborn girl in the family would be a hindrance to her parents, and she could not be kept by her side until she was eight years old.

Chen Min didn't believe it at first, but when Lin's confinement contracted a serious illness and almost died, Chen Min had no choice but to believe it, and took her daughter to the Lin family to raise her, and brought her back when she was nine years old.

Although Chen Yanchu was favored, she was not close to the Chen family, nor was she close to her elder brother Chen Li. On the contrary, Chen Yanrong was taught by her mother since she was a child, and she was very close to her elder brother. Therefore, if there was any news from Chen Li, she quickly Just know.

She is a concubine, and there will be no good marriage in the future. For her, being a concubine to the second prince is the best way out.

The Governor's Office of the River Channel is located in Xuzhou, and it takes less than two days to reach Chuzhou along the Grand Canal.

Only two days after the first month, Xiao Changyao bid farewell to his wife and children, and went down the Grand Canal into Chuzhou. After the canal reached Chuzhou, it turned south and entered Yangzhou.

Xiao Changyao was wearing a blue padded jacket and wrapped in a big cloak. He sat at a wonton stand by the roadside, ordered a bowl of wontons, and chatted with the stall owner while eating.

"You always come out to work sooner or later. It's not a new year at home?"

"I came out on the tenth day of the lunar new year, and I can't stay at home. This year looks good, and I can earn two copper coins every day when I come out. Tomorrow is the Lantern Festival, and it will be more lively. I rest at home before noon, and after noon, There are too many people shopping here, and we still have to come out to set up a stall, ordinary people, how can so many relatives leave?"

"What about you, sir, your accent doesn't look like someone from here, why don't you celebrate the New Year at home?" The stall owner rolled his sleeves and sat by the stove. He was old, with gray hair and beard, but he was dressed very clean, people are also neat, not to be disgusted by others.

"I can't help it. Who wouldn't want to be at this time, the wife and children at home are hot on the kang, but now spring is coming, the ice and snow are melting, and the water is rushing. If there is something wrong with the river, it will be a season of farm work. What to eat?"

Xiao Changyao took a sip of the soup, and his body became warm immediately. He asked Tongan, the boy beside him, to buy two sesame seed cakes to satisfy his hunger, and continued, "My wife just gave birth to a daughter for me. It's only been less than half a year. Come out and have a look, even sitting at home is uncomfortable."

The stall owner felt soft-hearted, and was about to speak when he saw two men in brocade clothes. One was younger. Seeing the young man's eyes lit up, he came over and bowed his hands, "Second...Your Highness, so it is really you?"

Chen Li made a look of ecstasy, "You came to Chuzhou, why didn't you send someone to say something? This... Tomorrow is the Lantern Festival, ah, are you here to patrol the river? Your Highness, you send someone out. Just take a look, why don't you make a trip yourself, please go and rest at the end of the day, and the end of the day will do a little bit of the landlord's friendship."

Xiao Changyao didn't want to startle the local government. For him, the lower the profile, the better. However, the purpose of Chen Li's trip was Xiao Changyao, and he was almost forcibly taken away.

Seeing this, the wonton stall owner hurriedly closed the stall, shouting "Sell wontons" all the way, and followed the direction Tong An left.

Tong An finally found a sesame seed stall, bought three sesame seed cakes for double the price, and planned to eat one by himself. When he saw the owner of the wonton stall, he was almost surprised. Talk about taking away.

"Xiaomin looked like a general, but later I heard that he was probably the young master of the Chen family. Little brother, don't throw yourself into the trap right now, take care of yourself, and see if you can find someone to save the Second Highness, alas, again There is no such good officer."

Tong An was taken aback. He hurriedly thanked the stall owner, looked around, saw no one was following him, and ran away in a hurry.

Right now, for Tongan, he can only send reliable people back to report the news, and find out the news by himself. Why did the other party arrest His Highness?

Tong An couldn't help but think of the Gu family. When His Royal Highness came to Chuzhou last year, he brought a letter for the eldest son of the Gu family, settled in the Gu family, and had a good chat with the old man of the Gu family.

Gu Lin was a former secretary of the Ministry of Criminal Affairs. When he saw Tong An and heard Tong An's words, he slapped his head suddenly. After he finished speaking, Chen Min felt disobedient, and Xiao Changyao was by no means the kind who could be used as a puppet people.

And right now, Chen Min didn't know he was in the situation, thinking that with Xiao Changyao, he would be able to respond to all calls. He only had 30,000 soldiers in his hand, and he had never led an army to fight a big battle in his life. , Any general under his command will be stronger than Chen Min.

Chen Min is not looking for wealth and honor in danger, but seeking death, but it doesn't matter if he seeks death, but he can't harm Xiao Changyao.

Gu Lin called his son over and said, "You should find a way to leave Chuzhou. I'm worried that there are people from Chen Min in the second concubine's place. He is a military general. You must guard against this. Hurry up and go to the capital to find Xie's family." Or the Cui family, tell them about the second prince being detained by Chen Min."

Gu Lin thought for a while, and only asked his son to report the letter alone. If there was an emergency, it would not work, so he called his grandson Gu Ji, "Since the Chen family thinks that you have a marriage contract with the girl from the Qiao family, then you should prepare for it." Please, go to Yanjing Mansion in person."

The news that Gu's father and son went to Yanjing Mansion came. Chen Yanchu seemed to be terminally ill, lying on the bed without eating or drinking. In less than half a day, there were rumors all over the city that the eldest daughter of the Chen family was suffering from lovesickness and was about to die.

After Chen Min found out, he scolded his wife, Mrs. Lin, severely, "You have no way to teach a daughter. You spoiled this daughter so much. If it gets out, what face will the Chen family have?"

The Lin family also cried, "How did the Gu family get married with the Qiao family? One is in the south and the other is in the north. It is said that the old man Gu met the old man of the Qiao family when he was in the capital in the early years, but at that time, Youzhou was not the north. Is it a contract?"

Chen Min didn't care, if the Gu family wanted to get rid of the entanglement of the Chen family girl, it would only make the Chen family more embarrassing.

The first update!

Chapter 782 Hate

However, Mrs. Lin was still begging Chen Min, "Master, Sister Chu has always been well-behaved, she just thought about it, what is wrong with her, the Gu family wants to be like this, master, you just look at it for the sake of concubine, go Just ask the Gu family!"

What does this mean, that Chen Min begs the Gu family to marry his daughter with a shy face for the sake of this unworthy daughter?

Chen Min flicked his sleeves angrily, snorted coldly, and said, "If she is so disappointing, she might as well die as soon as possible."

Chen Min still plans to rely on his daughter to win over Xiao Changyao.

Chen Min can't count on the eldest daughter. Fortunately, he is not the only eldest daughter.

In Hanxing Courtyard, Chen Yanrong was talking to her mother about Chen Yanchu, "Mother, now the whole Chuzhou probably knows what kind of person Chen Yanchu is, and she fell into lovesickness when she was in her boudoir. If you change someone else, you'd be ashamed to death."

"My son is very clever, so mother doesn't have to worry about you anymore. You used to resent that you couldn't be reincarnated in your wife's womb, and blamed me for making you a concubine. Now you should see it, so what if you are a concubine? These days, finally It's still made by people."

A servant girl's voice came from outside, "Master is here!"

Mrs. Song hurriedly stopped talking, and went out with her daughter.

When Chen Min saw her daughter, her face was like a flower under the light, she was extremely charming, with a pair of cut-off pupils looking around, and a good voice, like a yellow warbler coming out of the valley, she felt a little settled.

His daughter, he didn't think it before, but now it seems that apart from being a concubine, she is no worse than a concubine daughter.

Seeing Chen Min sizing up her daughter, Mrs. Song already had some calculations in her heart, and told her, "Hurry up and make a pot of tea for your father."

Chen Yanrong was overjoyed, and responded obediently, went to the tea room next to her, made a cup of tea for her father, and handed it to her father, "Daddy, this is a tea art that my daughter only learned. You can try it, but don't say anything." not good."

It is really rare to have such an opportunity to please my father. In the past, whenever my father had some free time, it was my sister who was courteous.

Chen Min took the tea, took a sip, and nodded, "Well, I've made progress."

It is clear that before, Chen Min never drank the tea made by his second daughter. He put down the teacup, and decided not to delay the matter, and arrange the place for him earlier. The disappearance of the second prince must not be hidden, especially for Chu There is still Gu in the state, and the news will inevitably leak out after a long time.

If he could have won the second prince into his camp earlier, things would have been much easier. He has a famous teacher, and he will be invincible wherever he goes.

"Your brother brought a person back a few days ago, have you seen him before?" Chen Min asked her daughter.

Chen Yanrong shook her head. Although she said that she was thinking about the second prince and wanted to be a side concubine, she had never had the opportunity to meet the second prince. She only heard from her brother that the second prince was handsome and handsome, but what did he look like? , she doesn't know yet.

"Look at what the master said, our sister Rong is the kind of child who doesn't know how to behave, and will meet foreigners casually?"

Although Mrs. Song is a concubine, because she is favored, she does not shy away from speaking in front of Chen Min.

These words reached Chen Min's heart. Thinking about another daughter who was suffering from lovesickness, he felt disgusted for a while, and he also liked Chen Yanrong seven or eight points. They all want to hate you."

"Daughter knows, thank you father for teaching me!" Chen Yanrong lowered her head, secretly delighted.

"That person is His Highness the Second Prince. His Highness is temporarily staying at our house due to business affairs. There is no suitable person around him. If it is just a maid, it is naturally not suitable for His Highness. I want to send Sister Rong to serve His Highness. What's your opinion?"

After Chen Min finished speaking, she looked at Chen Yanrong, and saw her daughter bowed her head, looking silent, but the tips of her ears were red, so she knew she was shy.

However, Mrs. Song looked frightened, "Master, you said that you sent your daughter to serve His Royal Highness the Second Prince. I have no objection, but the daughter was also raised in our hands, so it is not possible to send her to serve as a slave." Maid?"

After all, the Song family really loves her daughter, even if she is a concubine, it is still a status.

Chen Min said, "According to the Dayong system, the prince has one main concubine and four side concubines, all of whom can be canonized, have a jade certificate, and have a rank. Naturally, they are different from ordinary concubines. My daughter, Chen Min, How can you be a concubine casually?"

Mr. Song breathed a sigh of relief, and said to her daughter in person, "Thank you, daddy!"

Chen Yanrong didn't want to make a frivolous impression in front of her father, but she couldn't make him think that she was unwilling, so she said, "My daughter will obey my father's arrangement!"

After finishing speaking, he turned and entered the second room.

Song took a seat next to Chen Min, and said to Chen Min, "After all, the second prince is a prince. Is sister Rong's status not enough?"

Chen Min, a military officer, has always been far away from the court, and he doesn't know much about the rules and regulations of the court. I don't know if there is anything special about the prince taking a concubine. But right now, he wants to achieve a great cause, so of course he can't make any mistakes. After thinking about it, just to be on the safe side, decided to raise the second daughter as a legitimate daughter, and record it under Lin's name.

The Song family was naturally overjoyed.

On the fifteenth day of the first lunar month, when the Chen family worshiped their ancestors and opened the ancestral hall, Chen Min took care of raising his second daughter as his daughter-in-law.

At night, for the New Year's Eve dinner, Chen Min invited Xiao Changyao out. Xiao Changyao originally didn't want to make a deal with Chen Minxu, but he still had his wife and children to worry about under the eaves, so naturally he couldn't ignore his own life.

In the pavilion in the middle of the lake, Xiao Changyao and the Chen family were sitting together enjoying the moon, drinking and chatting. Chen Min said, "Does the Second Prince have nothing to say about the current situation?"

On the first day Xiao Changyao was invited by Chen Min, he read his father's handwriting and did not doubt it. He stayed here for a few days and understood Chen Min's thoughts, so he smiled, "Master Chen What do you want to say?"

"What the last general wants to say, I have already finished talking to His Highness. Your Highness is a smart person, so he should know how to choose."

"Is there anything wrong now?" Xiao Changyao didn't understand that there are always some people in the world who are afraid that the world will not be chaotic. Although he is the son of Emperor Shoukang, over the years, because he admired Emperor Zhaoyang, his father had wanted to marry him several times. kill him.

It would be fine if it was someone else, he might not take it seriously, and instead kill that person, but this person is his father, and Xiao Changyao only has hatred for his father.

"The world is peaceful. Compared with when the father came to the court, the life of the common people is much better. I have been walking around Shandong for the past two years. What I heard and saw may not be less than what General Chen said."

Xiao Changyao smiled, "Since General Chen wants to work hard for the king, he naturally has to obey the emperor's will. Since the emperor has made the fourth younger brother the crown prince, is it possible that General Chen wants to resist the order and refuse to obey?"

The second update!

Chapter 783 Pu Liu

Since he is the king of Qin, naturally he is what the emperor says, and whoever the emperor says is the prince is the prince.

Chen Min said, "Who in the world doesn't know that His Highness the Fourth Prince murdered the Crown Prince? How can such a person be a benevolent monarch? I also think about the people of the world. Your Highness is diligent and loving for the people. He has achieved remarkable achievements in Shandong in the past few years and is deeply supported by the people. Your Majesty Supporting His Highness is nothing more than conforming to the will of the people and taking advantage of the trend."

While talking, a hundred household came in, Chen Li hurried over, not knowing what to say, he waved, two people behind the hundred household escorted one in, Xiao Changyao saw that it was his servant Tongan, Xiao Changyao's eyes narrowed, and Tong An gave him a reassuring look. Xiao Changyao was secretly relieved just now, but there was sullenness on his face.

"What does General Chen mean by this move? Order me to submit?" Xiao Changyao sneered.

The entire Huxin Pavilion was silent. At the women's table separated by a screen, Chen Yanrong looked at Xiao Changyao's shadow cast on the screen, her heart fluttered.

Brother didn't lie to her. Xiao Changyao was really a dragon and a phoenix among men. He was like the wind, and his speech and behavior were solemn and polite.

Sister really has no vision. The son of the Gu family is good, but where is the status of a prince?

She couldn't help but looked at Chen Yanchu, and seeing Chen Yanchu's gaze fell on Xiao Changyao through the screen, her heart tightened and she asked, "Sister, what are you looking at? Are you looking at His Royal Highness the Second Prince?"

Chen Yanchu trembled all over, she quickly looked away, fortunately, although the moon was bright tonight, the palace lanterns were not on, she wiped her face, no one should have seen her hot face, right?

"No, I didn't see anything." Chen Yanchu hurriedly lowered her head and ate the Lantern Festival in her bowl.

Chen Yanrong sneered, and leaned closer to her sister, "Sister, have you taken a fancy to the Second Highness? Don't you plan to take Mr. Gu?"

Chen Yanchu blushed more and more, she whispered, "What nonsense are you talking about, I don't have one."

Not the best, Chen Yanrong said heartily.

Chen Min had something to ask, so naturally he would not turn against Xiao Changyao, he hurried over and bowed, "Your Highness, I dare not!"

As he spoke, he scolded his son, "What are you doing? You are going to invite Tong An to serve His Highness, how can you offend Tong An? Hurry up and apologize to Tong An!"

Chen Li hurriedly cupped his hands and said perfunctorily, "I'm offended!"

Tongan shook off the two sergeants, tugged at his clothes, came over to Xiao Changyao, knelt down and cried, "Your Highness, I have finally found you. I went to buy sesame seed cakes. In a blink of an eye, you disappeared. I am in a hurry to die." Already!"

As he spoke, he took out two biscuits from his arms, which were frozen hard, and brought them to Xiao Changyao with both hands. Xiao Changyao was inevitably moved when he took them, and helped him up, "I'm fine, don't worry!"

The banquet has reached this stage, and it can no longer go on. Seeing that Xiao Changyao was about to leave with Tong An, Chen Min hurriedly called his second daughter over and introduced her to Xiao Changyao, "This is my little girl, with the appearance of a willow. Make the bed, serve His Highness, and please His Highness accept it!"

Xiao Changyao took a look at Chen Yanrong. Seeing the appearance of a man, his eyes wandered away. Compared with the ladies he had seen, he was really far behind. Moreover, he married the daughter of the Cui family, and he did not intend to disappoint his wife. , becoming less and less interested in this woman.

But at the moment, he and Chen Min are very restrained, so they smiled, "There is only one main concubine in front of this palace, and four side concubines are waiting for you. However, since General Chen is interested, I should not be too casual. It would be better if Miss Chen Er was wronged."

Chen Yanrong didn't expect the second prince to be so kind to her. A woman only gets married once in her life. Who wouldn't want to wear a red wedding dress once?

She couldn't help raising her head, and took a quick look at Xiao Changyao. She saw the young man with sword eyebrows and star eyes, square face, showing the rigidity of a general and compatible with the generosity and elegance of a literati. Xu, I can't help myself.

Chen Min was very satisfied when he saw that Xiao Changyao had promised the position of side concubine. Xiao Changyao married the daughter of the Cui family's concubine, and his own daughter was only a concubine. The emperor bestowed a marriage, so could Xiao Changyao be allowed to divorce his wife for the sake of his daughter?

This is enough!

Chen Min hurriedly said, "This minister is not thoughtful enough. If His Highness has no objection, I will arrange the ceremony."

Xiao Changyao wanted to procrastinate, so he said, "I still have a concubine in my palace, and there is absolutely no reason to remarry my wife. If General Chen is willing, he can send someone to inform the concubine of this palace. Just another bowl of tea."

Chen Min laughed, "Your Highness, why bother, I just ask someone to fetch the prince and concubine."

Xiao Changyao's complexion changed, he was very displeased, and flung his sleeves away.

Chen Yanrong didn't know what happened, she was afraid that Xiao Changyao would not want her anymore, so she followed a few steps forward, but was stopped by Chen Min, she asked very worriedly, "Father, what's the matter, Your Highness?"

Chen Min smiled, "Father will handle this matter well. What you have to do is to follow His Highness in the future, serve His Highness well, and try to make His Highness develop great ambitions. If His Highness can ascend the throne in the future, you will not be a queen." Empress Dowager."

Thinking of all the wives in the world kneeling at her feet, Chen Yanrong felt that she was about to float up. She was so excited that she nodded and said, "Daddy, my daughter will remember."

Tong An waited for Xiao Changyao to take a bath, and there was no one from the Chen family around. He whispered, "Your Highness, I have invited people from the Gu family to help me. Master Gu went to the capital, and Young Master Gu went to Yanjing Mansion. The slave dragged three days, let the people of the Chen family find it."

Gu Yan and Gu Ji originally left Chuzhou in the name of going to Yanjing Mansion to propose marriage. They will definitely pass through Xuzhou. It fell into Chen Min's hands in a while.

Chen Min is really unpardonable!

Xiao Changyao never thought of becoming a prince. He is not suitable to be an emperor at all. He has a clear distinction between love and hate.

Moreover, this throne was snatched by the father from the uncle of the emperor, using such dark means, how could this make him sit still?

He remembered that when he was twelve years old, he went to his mother-in-law's palace and heard her mother-in-law talking to the nurse next to her, "Emperor Zhaoyang was not wary of his brothers. Back then, he conspired with Xiliang, Pretending that Weizhou was captured, Emperor Zhaoyang trusted him so much and ordered him to lead an army of 30,000 to Yongxing Army Road, but he turned back in Xijing, Luoyang, besieged the capital, and forced to kill Emperor Zhaoyang..."

The third update!

Chapter 784 and Ji

Back then, when Xiao Changyao heard this, the blood all over his body was cold. Only then did he know where his identity as a prince came from. He rushed in and saw his mother and concubine turning pale with fright, but he didn't care about anything. Go up, rushed over, knelt down in front of his concubine, and asked his concubine to tell him about Emperor Zhaoyang.

Perhaps, the royal family has been so cruel since ancient times, but he can't ignore it. Emperor Zhaoyang is the prince favored by Emperor Taizu, and his father is a thief who usurped the throne. How can the stolen things last?

What's more, when the father was in power, he did not seek welfare for the people for a single day. He was just greedy for pleasure and slaughtered loyal officials. Seventy thousand cold feather troops died in his fear and suspicion, so that Dayong suffered from Xiliang all these years. With the threat of Beiqi, the frontiers will never be peaceful, and the people will never be able to sleep in peace.

On the 16th day of the first lunar month, the imperial palace, which had been built for three years, was displayed in front of the people of Yanjing Prefecture. The royal road carved with dragon patterns extends from the gate of the palace. Looking around, the exterior of the main hall is decorated with thousands of lines. Golden dragon patterns, white jade danbi, double eaves and hipped halls, ten roof beasts are placed on the corners of the high ridges, and under the eaves of the corridor, there are three gilt characters of "Taihe Hall" written by Lu Yan himself.

Xie Zhiwei's Jiji Ceremony will be held in front of the Hall of Supreme Harmony. There are quite a few people who come to watch the ceremony today. Before the hour arrives, the gates are crowded with the people of Yanjing Mansion. Jinyiwei, Dongchang, and the Imperial Army have all been in place. , Some people are mixed among the common people just in case.

On the Danbi in front of the hall, there is a snow-white mat woven from a rare pampas grass on the Qinghai-Tibet Plateau. It is pure and flawless, flexible and delicate, symbolizing the best moral character of a woman.

Seats were set up on the left and right sides for relatives and friends to watch the ceremony. The female family members of the princes and ministers who came from all over the capital and the female family members of the four invited local families sat on the platforms on both sides.

This is already the greatest honor to these four families, and it is precisely because of the invitations from Xie Zhiwei and Ji Li that the status of the four families in Youyun Sixteen Prefectures has been greatly improved. Just as Xie Zhiwei thought, other big families who left with Beiqi They were also moved.

Xiao Xun and Lu Yan set up a seat in front of Tiren Pavilion, with a table in the middle, and Mohen made tea for them on the side.

Lu Yan asked with a smile, "How did you arrange it in the end? Today's speech, is it Mr. Xie or the prince?"

Xiao Xun smiled, "Do you think my father can win against Mr. Xie? My mother scolded my father that day, saying that he has been pretending to be crazy for so many years. Is he used to it, or is he really stupid? It's not that I didn't raise a daughter, so why poke my father-in-law's heart at this juncture."

Lu Yan laughed loudly, "Fortunately, there is still the empress, otherwise, you will be uncomfortable. The mouse caught in the bellows is angry at both ends, and it is not good."

Xiao Xun smiled helplessly, "Don't say it, just because of this, I am not less angry with Meimei. I have no choice but to go to my mother, no matter how I tell my father, he won't listen He will only be happy if my mother scolds him."

Lu Yan seemed to be very happy today. He smiled and took a sip of tea, almost choking, "This is really one thing, but, Ah Xun, since Princess Changshou sent out the emperor's secret decree, this matter I'm afraid it won't be kind, let's guess, who will the emperor give the secret decree to?"

"Chuzhou!" Xiao Xun squinted his eyes, "I'm afraid the second brother will be in trouble. Didn't you make arrangements earlier?"

"Ah Xun, I'm not a good person, and I never thought of becoming a Buddha right away." Lu Yan looked at Majesty Dan, because he was a little far away, he could only see a few shadowy figures, and stood up Come on, "Let's go!"

Xie Yuanbai had already stood on top of the alchemy. He stood on this tall alchemy and saw that the palace was full of people. Growing up, secondly, from ancient times to the present, no daughter of any family has had such an honor, and the Jiji ceremony is so grand.

In the future, this palace will definitely be recorded in the annals of history, and his daughter's Jiji ceremony will also be recorded in the history. This is also the glory of the Xie family.

Xie Zhiwei finished bathing in the Hall of Preserving Harmony, put on her clothes and shoes, and waited in the main hall of the Hall of Supreme Harmony. Outside, elegant music was playing, and Princess Dagon was walking up the stairs to the sound of music. She was also in a restless mood. Looking at this brand-new and majestic palace, she seemed to see that the emperor's brother was forced to commit suicide in front of the palace gate.

Today seems to be a brand new beginning.

Hai Shi personally held the tray and stood facing east. She was originally an elder, but Xie Zhiwei's status would be invaluable in the future, and she voluntarily held the tray for Xie Zhiwei.

Xie Yuanbai and Yuan Shi hurried forward two steps, and saluted with Princess Dagon, who was on the throne of Danbi. After seeing each other, Dagon smiled and said, "Congratulations, both of you, it's really an honor for me to be the princess of the princess today. Extreme!"

"Her Royal Highness the Eldest Princess speaks seriously, and it is a real honor for my little girl to be loved by Her Royal Highness the Eldest Princess!" Yuan replied.

Today, Yuan Shi is the most excited. Her eye circles are red, and she wants to cry after saying a few words. Her Mei Mei has finally grown up. Princess Dagon understood Yuan Shi's mood quite well, she shook Yuan Shi's hand tightly to comfort her heart.

Xie Yuanbai took a deep breath. He stood in front of His Majesty Dan, facing everyone, and prepared a basket of words, but at this moment he couldn't say a word. He couldn't help but looked at the white clouds floating in the sky, and seemed to see Mrs. Cui hanging down. His gaze suddenly made his nose sore.

"Little girl and Ji today, thank you all for coming to watch the ceremony today!" After speaking, he choked up a little and stepped aside.

Xie Zhiwei came out of the hall and took a deep look at her father. Seeing his reddish eye circles, she had mixed feelings. She blessed her father deeply and saluted Yuan Shi.

Except for a few people, no one dared to accept her salute. Everyone stood up and returned the salute.

Under the eaves of the corridor, three basins of water were placed. According to the established procedure, Linghua washed her hands first and then came to Xie Zhiwei. She was already sitting on the snow-white pampas grass mat, and Linghua symbolically combed her hair.

Shao music sounded, solemn and solemn.

Xiao Xun and Lu Yan stood at Danbi's east end, looking at Xie Zhiwei quietly, seeing her drooping eyes, her long black hair flowing down smoothly, and her peaceful face, like a crabapple flower slowly blooming against the sun, Delicate and bright, Mingxia Wanli.

Wait Linghua tied Xie Zhiwei up into a bun with green silk, put down the comb, Princess Dagon came over after cleaning her hands, Haishi held the ropa, hairpin and skirt, and Princess Dagon gave the first gift to Xie Zhiwei.

Xie Zhiwei glanced at the hairpin, there was a white jade hairpin, the hairpin was polished very smooth, and a crabapple flower was carved on one end, although it was not as exquisite as a skilled craftsman's work, but Xiao Xun wasted more than ten pieces of good jade materials, It is the result of three years of work.

Today's update!

Dear friends, it's finally time, my mother is so pleased!

Ask for votes and congratulations!

Chapter 785 Hot

She couldn't help but looked up to the east, saw Xiao Xun and Lu Yan, Xie Zhi smiled slightly, all the things in the past appeared in her mind like a revolving lantern, one scene after another, how lucky she was in this life, thinking about it this way, all the things in the previous life were not enough For the sake of Tao.

In addition to the hairpin and clothes, the body is wrapped in layers of deep clothes with a big red cloud brocade and a jade belt around the waist. A pair of golden beaded double dragon dot emerald long hairpins are inserted on both sides of the bun as a distraction, and the emerald blue light falls on the Xie Zhiwei's face was elegant and beautiful, and it was astonishingly bright.

Three hairpin crowns, a flying phoenix gold hairpin inlaid with gemstones was inserted in the middle of Xie Zhiwei's bun by Princess Dagon, and the phoenix with wings spread embroidered with gold threads on the begonia red robe with bright colors and lifelike , the phoenix eyes are inlaid with two rubies, and on the shoulders are two peonies, which imply prosperity and wealth.

Xiao Xun's hands were clenched into fists tightly, his eyes were burning, and his Mae-Mei-Ji-Ji's eyes flashed.

Lu Yan leaned on the pillar, looked at the bright young **** the pampas grass mat, and heard what she once said, "Big brother, you wear too little, you will freeze to death."

"I am the eldest girl of the Xie family, elder brother, if you have no money to spend, you can find me."

There is also a sentence he deliberately forgot, "Big brother, do you want to go home with me?"

If he had returned home with her back then, his life would have been different. But the hatred on his body does not allow him to think about these "what ifs". There is only one way God has given him. If he wants to live a peaceful life without guilt, there is only this way.

Unknowingly, the ceremony was completed, and the music turned to "Chun Xiao Yin", Xie Zhiwei saluted everyone, everyone stood up and returned the gift, after the ceremony, she turned and entered the hall, Xiao Xun was still foolish Looking at him intently, Lu Yan patted him on the shoulder, "Ah Xun, we will be happy for the rest of our lives. In my life, the worst thing I can see is the princess being wronged. If that day comes, don't blame me for not thinking about brotherhood! "

Xiao Xun reached out and hugged Lu Yan, "Brother, I know even if you don't tell me, I will make Mei Mei happy for the rest of her life!"

After he finished speaking, he rushed into the hall, looking at Xiao Xun's back, Lu Yan turned around, under the blue sky, with long white clouds, his eyes were filled with tears.

Xue Wanqing stared blankly at the already empty Dan Bi, she was deeply shocked by the grandeur of the scene just now, so much so that she forgot her jealousy and unwillingness, but at this moment, the lingering pain slowly surfaced, her heart felt like being lingering. generally.

In March, she is about to reach her birthday, who remembers her birthday, and who will hold a wedding ceremony for her?

The tall Danbi, the majestic palace, the noble ladies of princes and ministers, and the people in Yanjing Mansion who sincerely wish Xie Zhiwei, luxurious clothes, dragon and phoenix hairpins... In this world, besides Xie Zhiwei, there is Who can have such a grand ceremony?

Although the three halls and one palace are not as large as the Forbidden City she saw in Beijing back then, the three halls and the first palace are far taller and majestic than the three halls in the Forbidden City, but Xiao Xun was given too little time. Over time, only the three halls and one palace were built.

The project is still the same. I heard that the money used to build the palace was not obtained from the people of Dayong, but from Xiao Xun who robbed the country.

The Ministry of Industry undertook the project, and the wages paid to the common people were not to mention reasonable, and there were extra rewards during the holidays. The common people were grateful for Zaide, and many people even came from other state capitals, and the progress of the project was also rapid.

"Wan Xue, what are you still standing here for? Could it be that the side concubine came to invite you?" Liandong, Huaying's little maid, gave Xue Wanqing a hand, signaling that it was time for her to leave.

After King Xiang came to Yanjing, the Rong family asked him to accept the jacaranda as his side concubine.

Rong's current status is naturally not suitable to appear as the side concubine of King Xiang.

There was a position of side concubine vacant. King Xiangli was not Li, and Huaying did raise a son for him. Xiao Wei was the most promising among several sons, so he agreed without hesitation.

Xue Wanqing followed Huaying and walked down Danbi's steps. The sun hurt her eyes, and it was the first time that she clearly felt that there was a world of difference between her and Xie Zhiwei.

"Mother!" Xiao Wei came forward and was about to hold Huaying's hand, but Xue Wanqing didn't know how to walk, so she threw herself forward and fell into Xiao Wei's arms. Xiao Wei reflexively helped her up To outsiders, the two seemed to be hugging each other.

Jacaranda trembled with anger, about to explode, but today is really not a good day.

King Xiang turned around and saw that his son was busy pushing the woman in his arms away to help him up. Seeing that it was a maid, he didn't take it seriously, and walked ahead contentedly with his hands behind his back.

Huaying held back her breath and went back to the house. She was so angry that she ordered Xue Wanqing to kneel down, "You have no bones on your body, or what's the matter? You won't even go on the road, or did you see the man, the bones are gone?" soft?"

Huaying's life has been full of ups and downs, and she has seen too many people in and out of the palace who threw themselves into the arms of the masters. She was originally on guard against Xue Wanqing's seduction of her son, but she did not expect that the opportunity she chose today would be so Alright, just now, Your Majesty Dan, after watching the ceremony, there were more than a hundred people leaving. The scene of the two hugging each other was naturally seen by others.

"Flower side concubine, this servant didn't do it on purpose, this servant was just thinking, in the world, there is no second person who is as blessed as a princess, this servant was thinking for a while, and tripped over the stone carving on the ground , that's why I almost fell down. The fourth master was kind enough to help the servant."

She glanced at Hua Ying timidly, "The side concubine, a servant is insignificant, and the fourth master is a man, so it's really not worth being a side concubine."

Huaying thought about it, that's not the case. If a woman with status and status had such a hug in public, her son might have to give an explanation, but now this woman is just a slave by her side ,Why bother?

She saw that Xue Wanqing was born really well, and her words and deeds were also very different from that girl from a small family. She couldn't help but wondered, "What is your identity? Why have you fallen to this point?"

"Slaves and servants are a kind of girl, a generation of drifters. The family has undergone catastrophic changes, and it has fallen to this point. Yesterday, everything is like yesterday's death. Now the slaves and maids only want to live, and ask the side concubine to help them."

Hua Ying saw that she was not afraid of death, with a firm look in her eyes, thinking about her mother and her own life, she didn't want to force her anymore. Just in time, Xie Zhiwei's maid came and said that a banquet had been set up in the front yard, and she was invited to sit there, so she put the matter aside for the time being and got up.

Xue Wanqing knelt on the ground, with hatred gathering in her eyes. If it wasn't for Xie Zhiwei, why would she have come to this point? Now she doesn't even have the strength to revenge. She thought, what would happen if she and Xie Zhiwei became sisters-in-law?

The first update!

Chapter 786 Good Day

Xiao Wei should be the only target she can attack. He was born in a humble age, and he has received countless stares since he was a child. He does not have the pompous aura of a rich man, and the key point is that when she tested him today, he was indeed kind.

Now, for Xue Wanqing, all she can do is to find a place to settle down for herself. It is impossible for her to be a slave to others all the time.

After King Xiang came, Huaying moved out of the main courtyard where Mrs. Rong lived. In a courtyard with three entrances at the northeast corner of Dongyi Road, because several magnolia trees were planted in the courtyard, Huaying moved the courtyard It's called Magnolia Court.

There are a total of ten or twenty servants in the Magnolia Courtyard. The two first-class maids beside Huaying are Lian Dong and Mai Dong. Among the four second-class maids, Xue Wanqing is one of them, and the rest serve in the courtyard without a master. Order not to enter the house.

Lian Dong and Mai Dong followed Huaying to the banquet, Xue Wanqing saw that nothing was wrong, she left the courtyard, passed the gate of Yi and walked towards the front courtyard unknowingly.

A rockery is piled up on the west side of the front yard as a screen wall. The rockery is covered with poppet flowers. It is not yet the flowering season, and several beautifully pruned ash trees are dotted on the edge of the rockery.

Xue Wanqing was about to walk over when she heard a man's voice saying, "Why are you running around if you don't go to the banquet?"

Hearing this voice, Xue Wanqing's heart couldn't help jumping. It was Xiao Wei. She couldn't help thinking of the word fate, and felt that God was helping her.

When you always meet someone unexpectedly, your fate with him is getting closer.

"Brother Awei, why don't you go to the banquet?" Xie Mingxi asked.

"I'll go right away, you go first, I'll go to Gong's room."

"Okay!" Xie Mingxi ran away.

As soon as Xiao Wei turned around the rockery and saw Xue Wanqing standing in front of the ash tree, he couldn't help being stunned for a moment, and the tip of his ears turned red. He was in front of the palace with this woman today, and when he was supporting her, he accidentally touched her chest , At this time, there seemed to be shameful softness on the back of the hand.

Xiao Wei was about to turn a blind eye and leave, how could Xue Wanqing let him go, and hurriedly shouted, "Fourth Master!"

and curtsy.

Xiao Wei had no choice but to stop, coughed uncomfortably, and Xue Wanqing said, "Thank you fourth master today, if it weren't for fourth master, the servants would definitely be embarrassed, and I'm afraid they would be ashamed and angry."

Xiao Wei heard that her words were extraordinary, and thought that she must have a different background, so he paid more attention to her, "Just be more careful when you walk in the future."

"It's not that the slaves are unwilling to be careful, but today, the princess's ceremony is too shocking. I didn't expect the prince to attach so much importance to the princess. How many women in the world have the blessing of the princess? Slaves I was so distracted that I almost made a mistake."

Xiao Wei thought that this woman had guessed that she was not serving others before, so she would be distracted when she was following her master, so she kindly reminded her, "My mother is a good person, she used to discipline her servants for her mother, she was very strict, you don't want to do it again I'm on a business trip."

Xue Wanqing smiled and said, "Thank you, Fourth Master!"

Xiao Wei was about to leave, but she stopped Xiao Wei again, went forward and took a fallen leaf off Xiao Wei's shoulder, and then smiled at Xiao Wei, silently and affectionately, which was unavoidably touching.

Xiao Wei left as if fleeing, and when he arrived at Gong's room, his heart was still beating like a drum.

Xie Zhiwei accompanied her grandmother, two mothers, Princess Dagon and other elders to talk, and the maids around her could all be on their own. It was just a few tables of banquets, so she didn't need to worry too much.

After entering the table, she accompanied a few elders to sit at the head seat, while Yuan Shi took the second seat with the wives who came here specially. Although Hai Shi was also a guest, she had to be half the host today, accompanying You Yun ten Several wealthy family members from the six states sat in the third seat.

Linghua and Xiao Lingsu accompanied the noble ladies to the table respectively.

There are many people watching the ceremony today, but not many people are really qualified to sit here. There are two tables in the main hall, accompanied by King Xiang and Xiao Xun. For a while, the atmosphere is harmonious, and the male guests are all congratulating Xiao Xun, the female guests praised Xie Zhiwei.

Xue Wanqing stood in the dark, watched Xiao Wei come out of Gong's room after a long time, entered the main hall and took a seat, then she smiled and left.

She is almost reaching her age, Xiao Wei should be a man who values affection, but now she understands a truth, it is better to find a man who values affection and righteousness than finding a powerful man.

As long as she can achieve good things with Xiao Wei, according to Xiao Wei's temperament, he will definitely marry her.

The banquet ended at the hour of You. Xie Zhiwei was forced to drink a couple of sips of wine and went back to the house. She sat in front of the mirror and took off her make-up. Her blushing face was clearly reflected in the glazed mirror. Unloading it, she looked up and saw Xiao Xun standing at the door, she hurriedly withdrew her hand, blessed her body, and retreated respectfully.

Xiao Xun took off the last jade hairpin from Xie Zhiwei's hair, and her long hair like a black waterfall poured down. Xiao Xun knelt down on one knee, hugged her waist tightly, and buried his face in her arms.

Xie Zhiwei was trembling all over. Before that, even this morning, she knew that Xiao Xun would not touch her. He was waiting for today's ceremony. He cherished her so much and wanted her life No regrets.

After the ceremony, what was waiting for her was consummation, and she and Xiao Xun became real husband and wife.

Xie Zhiwei slid down from the stool and threw her body into Xiao Xun's arms. She held Xiao Xun's face, closed her eyes, and said softly, "Ah Xun, I'm ready!"

Xiao Xun was like the general who charged into battle. He picked up Xie Zhiwei, put her on the bed, leaned over, and whispered in her ear, "Mei Mei, I didn't drink today!"

Not only did he not drink, before he came, he specially took a shower and changed clothes in the front yard. To him, tonight was of such great significance. He wanted to keep every bit and every drop firmly in his heart. He also hoped that he had waited for many years for a good night and a good day. Beautiful scenery without regret!

The kisses fell on her whole body like raindrops, Xie Zhiwei just felt bewildered, but all the sensations on her body were so clear, she saw the young man's bronze-colored and beautiful skin, the texture was so clear, and she also deeply felt his generosity. The strength contained in the shoulders and the thin waist...

Although it hurts, all the feelings are so beautiful...

...

The morning sun came in through the window, Xie Zhiwei felt that she didn't even have the strength to open her eyelids, when she moved a little, the people around her snorted softly, and wrapped her in their arms with a pair of strong arms. The skin-to-skin contact made Xie Zhiwei stunned for a moment.

And Xiao Xun just woke up, and his hands suddenly became restless.

When the two got up from the bed, it was already high in the sun, Xie Zhiwei was sore all over, she was the first to bear the rain and dew, although Xiao Xun cherished her in every possible way, he couldn't restrain her, in the end she was injured, Xiao Xun had to let her go.

The second update!

Sorry, I have been locked too many times and have been warned by the editor, so I dare not write!

Although I don't even have soup, I still have the audacity to beg for tickets!

Chapter 787 Restlessness

Fortunately, after the fifteenth day of the first month, the year is almost over. Before the first month is out, there is no need to go to the New Year, and there is no need to entertain relatives and friends who come to visit the New Year.

When Xie Zhiwei went to pay respects to Rong Shi, her legs were trembling. She saw the smile in Rong Shi's eyes, and she didn't know if she was laughing at her. She always felt very embarrassed, and dared not look at Rong Shi.

Xiao Xun was in good spirits, and didn't sleep much all night. He squinted a little at dawn, but still went to the school field to fight a set of punches. give up.

Xu Liang was abused so badly by him that he kept begging for mercy, "Ah Xun, you have that energy, you go fight Beiqi, you drive Beiqi out of Ulaanbaatar, I didn't offend you, how can I provoke you?" is you?"

Xiao Xun slammed down his gun, and pressed Xu Liang to his knees on the ground. His knee hit the ground hard, and he screamed in pain. Xiao Xun then let him go and pulled him up. Steady, brother, squat well!"

Xu Liang was so angry that he got up from the ground and walked away without looking back.

萧恂却丝毫不以为忤，哈哈一笑，又去找人比试，恰好遇到了陆偃过来，见萧恂就跟一头发=情的老虎，浑身透着一股子欠揍的躁动，他一伸手，The guard beside him handed him a Fang Tian painted halberd, and Lu Yan shouted, "Ah Xun, let's compare!"

"Okay, big brother, we brothers have never compared each other before, I've been wanting to compete with big brother for a long time!"

News of the competition between Xiao Xun and Lu Yan quickly spread like wildfire. The generals of Han Yujun and Tie Yingqi came to observe one after another. , It's more lively than winning a battle.

Xie Zhiwei also heard about it, she leaned on the couch in front of the south window, looked at the bright sun outside, and the few fire flowers under the porch eaves were in full bloom, making her teeth itch with hatred.

Last night, Xiao Xun didn't feel sorry for her at all. She begged for mercy so many times.

Today, she still has the strength to compete with her elder brother. She wanted to go and tell Lu Yan in person, telling him not to show mercy to Xiao Xun.

Lu Yan did not show mercy at all. Fang Tian drew a beautiful arc with his halberd in the sun, and slashed towards Xiao Xun fiercely. Xiao Xun jumped to the side, and when he avoided it, a strand of hair on his temple The blade on Fang Tian's painted halberd was chopped off, but this didn't make him feel timid, on the contrary, he became more eager to fight.

All the onlookers broke into a cold sweat. At this moment, no one cared which side they were betting on.

Xiao Xun shot backhand, Lu Yan bent his front leg, Fang Tian's painted halberd passed over his head, the tip of the spear collided with the sharp blade of Fang Tian's painted halberd, a cold light radiated, and bursts of sparks shot out.

On the competition platform, a large piece was missing, and the aftermath shook on it, sawdust burst out, and the onlookers retreated one after another.

Xiao Xun's two arms seemed to be broken, his feet slid across the competition platform, and he stepped back step by step, with beads of sweat rolling off his forehead, his eyes locked on Lu Yan like a wolf.

Lu Yan also felt uncomfortable, but he still had enough energy. With a kick, his body flew into the air, and Fang Tian's painted halberd in his hand chopped down at Xiao Xun's head. De's body fell down suddenly, and the competition platform couldn't bear such a strong force, and it collapsed.

Lu Yan withdrew his hand in time, and Fang Tian's painted halberd came out. His palm hit the end of Fang Tian's painted halberd, and hit the ground of the school ground. Three feet, leaving only the handle shaking violently.

Lu Yan walked up to Xiao Xun, stretched out his hand towards Xiao Xun, Xiao Xun raised his hand to help him get up slowly, and then heard Lu Yan say, "How, do you still have strength?"

Xiao Xun didn't understand why, but still shook his head, Lu Yan bent his lips and smiled, "That's good, we'll try again when you have strength!"

Xiao Xun limped back to the yard, Xie Zhiwei saw it through the window, saw that his hair was disheveled and his clothes were torn in several places, he couldn't help being surprised, and wanted to get up to look, but even if he moved a little, his body became sore Painful, and the resentment in my heart has not disappeared, so I simply did not move.

"What's going on? Are you hurt?"

Xiao Xun sat down on the couch and waited for the maids to prepare hot soup for him. He took Xie Zhiwei's hand and said aggrievedly, "Mei Mei, big brother is merciless."

Xie Zhiwei touched the torn place on his body, and saw that there was no scar, so he simply ignored him, "Is big brother injured?"

Xiao Xun shook his head, "How did I know that big brother is so hard-working, how could I hurt him? However, if I wasn't too tired last night, I wouldn't have lost so badly today."

Xie Zhiwei snorted coldly, and said in a low voice, "You only bully me, you deserve it!"

Xiao Xun wanted to hold Xie Zhiwei in his arms, but his body was really dirty, so he hurriedly got up and went to the ear room. After taking a shower and freshening up, he heard the maid talking to Xie Zhiwei about Xiao Wei.

Before Bai Lingjiang's banquet last night, Xue Wanqing stopped Xiao Wei from saying and told Xie Zhiwei, "When the slave girl heard that she was in the palace, Miss Xue fell into the fourth master's arms in front of everyone. The fourth master was full of embarrassment at that time. His face turned red, last night, Miss Xue stopped Fourth Master, saying she wanted to thank him, but in fact, the servants looked at her with ulterior motives."

Xie Zhiwei took a sip of the tea cup, she pondered for a while, and then said, "Go and call Siye here!"

Xiao Xun was sore all over, got up and went into the second room, lay down on the big bed, and flipped through a book.

He didn't stop Meimei. Since Meimei is free and willing to take care of some things, let her use it to pass the time. He even forgot who Miss Xue is?

Xiao Wei is in the jacaranda room. King Xiang rested here last night. This morning, after breakfast, he played with the birds under the eaves. Xiao Wei finished talking with his mother, and when it was time for her mother to worship Buddha, he got up and left.

Just out of the yard, I met Xue Wanqing who had cut the flower branches from the garden. He walked over without looking aside, but Xue Wanqing came forward to salute with a smile, and said hello, "Is Fourth Master going to work?"

Ordinary servants should not ask about the whereabouts of their masters. Even if Xue Wanqing knew this truth, she did not want to observe this ritual.

In her bones, she shouldn't be a slave.

Xiao Wei nodded at her, and was about to leave politely, but Xue Wanqing tilted her feet, turned sideways and fell towards Xiao Wei again, if Xiao Wei avoided it, there was a wall of roses next to it, and the vines were covered with spikes.

Xiao Wei really couldn't be so cruel, let Xue Wanqing's face be pierced with those spikes, and Xue Wanqing really won the bet, she took advantage of the opportunity to stick to Xiao Wei's body, felt the heat of Xiao Wei's body, her lips The petal slipped across Xiao Wei's side face vaguely, and Xiao Wei's whole body was clearly felt stiff.

The third update!

Chapter 788 pity

"Ah, Fourth Master..." Xue Wanqing seemed to have a conditioned reflex, hurriedly pushed Xiao Wei away, and knelt on the ground with a plop, "Fourth Master, this slave did not do it on purpose, this slave...does not intend to offend Fourth Master!"

Xiao Wei was also speechless, and repeated this over and over again. He was young and vigorous, and he couldn't stand provocations. He said to Xue Wanqing, "Since you serve my mother, you should go back quickly!"

"Fourth Master, slave girl, slave girl dare not go back!" Xue Wanqing knelt on the ground and said in tears, "I am worried that my side concubine will punish slave servant, slave servant really did not intentionally offend fourth master, please take pity on slave servant, slave servant is willing to serve fourth master!"

Xiao Wei naturally knew what the woman meant by the word "serve". He had already reached the age of knowing people, so he blushed and said, "There is no woman in my courtyard, and I haven't married a wife yet. There is no need for women to serve."

Xue Wanqing's hand gently pinched Xiao Wei's ankle, he almost jumped up in fright, his whole body's bones seemed to be brittle, and he took a step back, "You, why are you so..."

Xue Wanqing raised her head, "Fourth Master, I used to be the daughter of a good family, and I couldn't help myself until I got to where I am today. Fourth Master, I used to be as good at piano, chess, calligraphy and painting as the county... people, please take pity on me!"

Xiao Wei has never encountered such a thing, he only felt that this woman's full-bodied appearance really aroused pity, and he couldn't help but feel as if someone had cast a spell on his body, and he didn't know how to move.

Xue Wanqing hurriedly took advantage of this opportunity, stepped forward and hugged Xiao Wei, and cried in his arms, "Fourth Lord, this servant does not ask for anything other than a place to settle down. Fourth Master, this servant has no extravagance. If you want to make the quilt and make the bed for Fourth Master, the servants will definitely abide by their duties and not cause trouble for Fourth Master."

"You, you, let go first!" Xiao Wei stammered, but couldn't help but put his arms around Xue Wanqing, he took a deep breath, and had to promise, "I'll go and tell my mother, you, don't cry!"

Bai Ling came to look for Xiao Wei, and saw Xiao Wei pushing away a woman in his arms from a distance, and the woman walked towards the Yulan Courtyard step by step, she hurried forward and said to Xiao Wei, "Fourth Master, the princess please four Father go."

Xiao Wei hurriedly shivered all over, not daring to delay, followed Bai Ling to Ninghui Hall.

"sit down!"

Xiao Wei saluted Xie Zhiwei, and then sat down in a respectful manner. Xie Zhiwei saw that his cheeks were reddish and his expression was wandering, so he couldn't help but look at Bai Ling. Bai Ling gestured to her, and Xie Zhiwei's gaze turned cold.

"Fourth brother, I heard that there is a maid named Wanxue at home. Aunt Huaying brought her back from outside because you redeemed her. She must be grateful to you, Zaide?"

Xiao Wei said "ah", and couldn't help but blushed, not knowing what to say, so he lowered his head hurriedly.

"Tell me, what do you think of that girl?" Xie Zhiwei said, "Many of the princes and ministers have housemates. As your sister-in-law, I shouldn't be in your room. To tell you the truth Said, if you fall in love with other maids, I can call her to you as long as I hear the wind, but this woman is the only one, no!"

Xiao Wei is not stupid. Thinking of this woman's sudden appearance and meeting him several times, her temperament is not as humble and well-behaved as other maids, so she hurriedly got up and saluted Xie Zhiwei, "I beg my sister-in-law to enlighten me!"

Xie Zhiwei was very satisfied, and said, "Sit down and talk, you don't know the past, I don't blame you, but you have to remember that women value virtue, and rules are the foundation of an invincible family."

Where did Xiao Wei dare to sit, the allurements in his heart that was provoked by Xue Wanqing turned into shame at this moment.

"I heard that the woman is called Qin Wanxue, but in fact, she is called Xue Wanqing. Her real identity is my cousin, and her mother is my father's younger sister. She was the wife of the eldest son of Ningyuanbo's mansion. My cousin lived in Xie's house for five years. When I was ten years old, I returned to the Xue family, and was later bestowed by the emperor as the concubine of the fourth prince, and for some reason, I later defected to Dalou, and Dalou was subjugated, presumably because of fate, I returned to Beiqi again."

Xiao Wei gasped, she was actually the concubine of the fourth prince, what is that? They brothers enjoy the same woman? Or did he pick up the escaped concubine of the Fourth Prince?

Xiao Wei had lingering fears in his heart, and couldn't help feeling anxious, "Since my sister-in-law knows, why, why did you let her stay in the mansion?"

"On the ninth day of the lunar new year, she pretended to meet you and Brother Xi by chance, and took advantage of your kindness to be brought back to the mansion by Aunt Huaying. Arranging this matter has only been delayed until now."

However, Xiao Wei knew that his mother's status was embarrassing at the time. She said she was the master but had no status. His mother brought a maid back, and if she was dealt with immediately by the princess, she would be ashamed. Therefore, the princess ordered people to stare at her and forbear her.

He could understand his sister-in-law's kindness to his mother and child, so he hurriedly saluted Xie Zhiwei, "Sister-in-law, I was confused."

While talking, the woman on the second door came forward and said, "Princess, Mrs. Liu from Ming Shilang's family has brought her daughter, Miss Ming, to see the princess."

Ming An has been supervising the management of the palace here. Seeing that the day to return home is nowhere in sight, and he heard about the move of the capital with his own ears, he simply bought a house here first and brought his family over.

Yesterday, Mrs. Liu and her daughter Ming Wan watched Xie Zhiwei's Jiji ceremony together. At the banquet, she specially brought her daughter to toast Xie Zhiwei.

Since his sister-in-law had a guest, Xiao Wei left in a hurry, Xie Zhiwei didn't keep him, and only told Bai Ling, "Go and tell the side concubine Wan Xue's identity and background, and see how the side concubine handles it?"

Xiao Wei was so ashamed that he couldn't contain himself, and hurriedly said, "Sister-in-law, let me tell mother about this!"

Xie Zhiwei didn't want to deal with Xue Wanqing either, so he nodded in agreement.

When Xiao Wei went out, he happened to see Mrs. Liu and his daughter coming, so he stood sideways under the eaves of the corridor to avoid it. When he raised his eyes, he happened to meet Miss Ming's eyes. There was someone next to the pillar, so I couldn't help but look over, who knew it was a young man, blushing involuntarily, and hurriedly averted his gaze.

Seeing this, Xiao Wei had no choice but to take two extra steps, turned around and walked towards the Chaoshou verandah.

Xie Zhiwei moved to the Ming room, and after Liu Shi and Ming Wan saluted, she pulled Ming Wan to praise her again, and told Bai Ling, "Go and invite the princess and the young lady to talk with the young lady Ming."

After a while, Xiao Lingsu and Linghua came together. After the three of them met, Linghua said to take Mingwan out for a walk in the garden, "The flowers in the greenhouse are blooming better, and it's not cold inside. let's go shopping!"

After the three girls left, Mrs. Liu said thank you, Xie Zhiwei said, "You don't have to be so polite, there is a lot of fate between people, I just like Miss Ming, and I don't know who will be in the future. If you have such a blessing to marry, then you really have accumulated virtues from your ancestors."

Today's update!

Begging for tickets!

Chapter 789 General Affairs

Mrs. Liu's heart skipped a beat. Could it be that the Princess has taken a fancy to her girl?

Because of her husband's construction of the palace over the years, Mrs. Liu has been in contact with Xie's family and Xiao's mansion more often, and she is not a stupid person. She has also heard a little bit about the affairs between Prince Xiang's mansion and Prince Chen's mansion. Wang Shizi is engaged to the eldest daughter of Hebei Zuo Zhengzheng, and the wedding date has been set, which is June 12th of this year.

I heard that the Zhao family had already looked for a house in Yanjing Mansion, and they also sent people to the capital to order a dowry.

The third master of Prince Xiang's mansion is in the capital, and I heard that he doesn't have much brotherhood with Prince Chen, presumably the princess will not care about it, and the fourth master is with His Royal Highness Chen, and his biological mother has never shown up. The princess is more worried.

Mrs. Liu hurriedly climbed up the pole, with a frowning expression on her face, "Princess, don't say such things, my girl is more cheerful than the princess, she is dull, and she can't say nice things, and someone has said that." Her father and I don't think very well about the several marriages, this matter has not been settled, and now that I am getting older, I am so worried that my hair is turning gray."

Xie Zhi smiled, "Parents in this world have the same heart. My mother told me the same before, saying that when my marriage with the prince was not settled, she was so worried that she couldn't sleep every night. However, I At that time, when I was young, my mother was worried that what I promised would not be a good man."

Mrs. Liu also laughed, and sighed, "It can be seen that the hearts of parents in the world will be felt by the princess in the future."

Xiao Xun lay in the east room, only separated by a curtain, and he could hear clearly what was said outside. This was the first time he had seen Xie Zhiwei handle common affairs, and it was interesting to hear her talking with these wives.

His Meimei should live such a carefree life. When she is free, let these noble ladies chat with her and pass the time. In the future, he will give birth to a bunch of little monkeys, all around her, let her happy.

The two said a few more words, seeing that Xie Zhiwei was not in good spirits, thinking that she must have consummated the marriage with Ji yesterday, so she got up and said goodbye, Xie Zhiwei didn't stay, and hurriedly asked Bai Ling to invite Ming Wan.

Before going out, Mrs. Liu begged Xie Zhiwei to see if there was a suitable family, and to help her daughter pay attention. Xie Zhi smiled and agreed.

Xie Zhiwei asked Zi Mo to take her out. Zi Mo was the most proud person in front of Xie Zhiwei, and he would definitely be a nurse for Xie Zhiwei's children in the future, but he was sent to see her off. Purple Mo.

Zi Mo came back and handed the purse to Xie Zhiwei to see, it contained ten taels of silver, Xie Zhiwei would not take it seriously, "You keep it, when you leave the house, you can bring some candies back to these little girls to eat, they would be happy."

Xuan Tao smiled and said, "Princess, Princess Dagon asked you to help Princess Liyang pay attention, and now Mrs. Liu asked you to help Miss Ming to pay attention. According to slaves, you are almost old."

Xie Zhiwei laughed loudly, "Oh, I forgot, there is also a Xuantaogirl waiting for my attention here, good girl, don't remind me, I will keep it in mind, I will ask His Highness to take care of it in a while. The young talents inside and outside the capital make a list, and let you choose as if you were a son-in-law."

The girls inside and outside the room all laughed, Yuqing stepped forward and squeezed a handful of Xuantaogirl, "Sister Xuantaogirl is worried about getting married?"

Xuantaogirl was so ashamed that she slapped Yuqing's hand away, unable to lift her head, stomping the **** and the maid ignored the princess. "

Seeing Xuantaogirl ran out in a fit of shame, Xie Zhiwei hurriedly told Yuqing, "Hurry up and coax her, she is really angry, but it's my fault."

Yuqing ran out in a hurry, Zi Mo helped Xie Zhiwei get up, and said with a smile, "Xuantaogirl is not good at all, she is a girl who knows the general, how can she be angry with the princess, but Xuantaogirl is getting older day by day, I don't know the county What kind of man the Lord intends to choose for her."

"You ask me, I still ask you, you and her have always been sisters, you go back and help me find out, I don't want to make a couple."

Xie Zhiwei just entered Dongci Room, Xiao Xun got up from the couch, he hurriedly took Xie Zhiwei, Zi Mo withdrew, but heard His Highness ask the princess in a low voice, "Does it still hurt? Is it better? "

Zi Mo smiled slightly, screened all the maids out of the room, and stood under the eaves to listen.

Xie Zhiwei's legs went limp and he almost fell, Xiao Xun held her in his arms, he would not let her fall, he bent down and picked her up horizontally, "Mei Mei, I want to lie down for a while, you can lie down with me for a while , I have been waiting for you for a long time."

Seeing that Xie Zhiwei lowered his eyes and said nothing, Xiao Xun hurriedly swore, "Mei Mei, I promise not to move you. It's broad daylight, how could I... and I know you're tired, Mei Mei, I heard..."

Although I don't know if he can really endure it for two days, at least he can't touch Meimei today.

"How do you know? Where did you hear it?"

Xiao Xun's whole body trembled, and his mind immediately cleared up, "I'm in the military camp, as you know, they are all men, and when everyone is tired from fighting, they talk nonsense together, and I can always hear a few words."

Xie Zhiwei pinched the soft flesh around his waist, but he was not willing to use force, and only squeezed lightly, "When you hear these words, just tell me?"

"I don't have it!"

Xie Zhiwei was only a little annoyed because he was tossing her so badly, she had no strength in her body, she was not really angry with him, she was carried to the west room by him, and then she fell onto the bed, Xiao Xun covered her body, she trembled in fright, "Didn't you say that you have a rest these two days?"

Xiao Xun's eyes were already stained with lust, he was young and energetic, although he had just been taught a lesson by Lu Yan, but once he was with Xie Zhiwei, he was willing even if he was exhausted, seeing Xie Zhiwei's resistance, he had no choice but to let go her.

The two of them slept together, they didn't even have lunch, they took a nap, and when they woke up, Xiao Xun pestered Xie Zhiwei for more than an hour before letting her go.

Xie Zhiwei was so exhausted that he even ate dinner in bed. He only ate a bowl of chicken soup before falling into a deep sleep.

Xiao Xun took a siesta during the day and satiated again, and refused to lie on the bed at night, so he came to the west courtyard to look for Lu Yan. Seeing that Lu Yan was painting again, he stood aside, thinking he would have to wait a little longer. Unexpectedly, Lu Yan threw the pen away, asked for a hot handkerchief to wipe his hands, and said to Xiao Xun, "The new year is over, when do you plan to leave?"

"Where are you going?" Xiao Xun asked blankly.

"Xiao Changyao has been invited away by Chen Min. The father and son of the Gu family went north and picked up the mother and son of the princess's cousin Cui in Xuzhou. I heard that the eldest son of the Gu family brought Cui's mother and son to Yanjing. Gu Yan went to the capital to meet Mr. Xie. What do you think? , this matter, you can stay out of it, no matter what?"

Lu Yan picked up the teacup, "In the past, Concubine Jing belonged to the empress, and she stayed in the palace for the sake of the empress. In the small side room in the inner room of the palace, she enshrined the tablets of Uncle ZhaoYang and the empress for more than ten years. , Xiao Changyao is her only son, if something happens to her, the empress must be overwhelmed."

The first update!

Some Gu Gu said that after a long wait, Yuanfang didn't write anything. In fact, "Good Day" was blocked as soon as it was released yesterday.

Chapter 790 Children

This point, Xiao Xun does not deny, Mei Mei once told him how sad and self-blame his mother was after knowing the situation of his elder brother, and this is also the reason why he and his father did not tell his mother about his elder brother's situation at the beginning .

"Let me go there myself!" Xiao Xun rubbed the center of his brows, "Brother, if I leave at this time, do you think Mei Mei will be sad?"

"No!" Lu Yan glared at him, "Although the princess has reached the age of Ji, she is still young, so it is not suitable for him to have an heir. Besides, the country is not flat, there is the second prince Li in the south, Shi Wei in the north, and Chen Min in the east. The emperor's secret decree gave birth to a different intention, do you think everything is all right now? You have only relieved part of the external troubles, and there are also internal troubles, and if you are not careful, the entire army may be wiped out."

Lu Yan took a deep breath, leaned on the back of the chair, and took a cup of tea. His slender fingers were like green onions and jade bamboo, and against the Ge glaze sunflower petal tea bowl, they looked even whiter and more distinct.

Xiao Xun looked at it for a while, looked away, and looked a little decadent, "Brother, although I said you would definitely scold me, but I still want to say, I don't want this throne."

He just wants to be with Meimei every day. They sleep together until the sun rises, eat breakfast slowly, go for a walk, or take Meimei out for shopping, mountain climbing, after lunch, take a nap and wake up to see her and Others chat for a while, or accompany her to drink tea under the grape arbor, play the piano by the lake in the yard, after dinner, he reads a book, Mei Mei does something she wants to do, and then another night passes .

Lu Yan didn't speak, just drank tea quietly, just pretending that Xiao Xun farted.

Xiao Xun closed his eyes and said, "Brother, I understand. I said that to make Mae-Mei carefree and to make our next generation enjoy prosperity and peace, someone must do these things."

He certainly can't let Mei Mei kneel down and kowtow to other women in the future.

Lu Yan stood up and walked to the window, "It's time for me to go back to the capital. Although the Shiwei Department is a big threat, it is not enough for the time being. The Uighurs will send envoys here soon. Make some adjustments, Mr. Xie has been clamoring to retire, you may have a suitable candidate!"

"The elder brother is more familiar with the candidates in the court than I am. If there is no suitable candidate for a while, in my opinion, Mr. Xie is in good health, so let him work hard for two more years. Lu Qiling can be transferred to the sixth department."

Lu Yan nodded, "Before the transfer, according to my opinion, Yang Yunqi will be exchanged. In the area where Lou State is located and Beiqi, we will establish the Nuer Gandu Division in the area we occupied, and order Lu Qiling to station there for a year."

Yang Yunqi is Xiao Xun's counselor, his right-hand man. For so many years, he has been by Xiao Xun's side. If he leaves for a while, Xiao Xun will be very uncomfortable.

Xiao Xun knew what Lu Yan meant, so there was no need to talk about it between brothers, he said, "Nuer Gandusi is a good name, brother, there must be generals guarding that side, our people are still too small."

Lu Yan thought for a while, "How about Pei Wujiu? He has been with you all these years, among other things, he is loyal and loyal, so it shouldn't be a problem to lead an army alone as a commander, right?"

Xiao Xun also knew that although there was no Daping right now, he had to appease the generals who had followed him in the battle all these years, and said, "Then give him a commander of the Nuer Gandu Division, and stay with Lu Qiling in the Nuer Gandu Division."

Lu Yan said conveniently, "When the decree arrives, let Meng Shaoqing and Yang Yunqi come back. You can't be without people by your side. You go to Chuzhou first, and Meng Shaoqing takes people to pick you up. Your safety is the most important thing."

Xiao Xun said, "I'm not afraid. I said I have no one in my hands, but the emperor really has no one in his hands. Brother, how many things do you think Chen Min can do? A person who has never led an army alone to guard one side and scare him. The common people are fine, but if he really wants to fight hand to hand, he will be scared to pee himself first."

The two brothers made some plans. At the first watch, before they finished talking, the small kitchen brought them a midnight snack, two bowls of tremella and lotus seed soup. Looking at him, "You are leaving tomorrow, go back and tell the princess so you can pack up."

Xiao Xun jumped up, "Am I going to leave tomorrow? Why are you in such a hurry?"

Lu Yan said unhappily, "You won't leave tomorrow, wait until the people in Chuzhou rebelled before leaving? Wait until the people from the Gu family lead Cui to come, and then you go?"

It's not that Xiao Xun doesn't know the seriousness, but he really doesn't want to leave Xie Zhiwei at this moment. He pressed his forehead in frustration, left very reluctantly, and poured all his resentment on Chen Min.

Xie Zhiwei fell into a drowsy sleep, and felt that there was someone beside her, and the breath was very familiar, so she burrowed into Xiao Xun's arms and muttered, "Ah Xun!"

Xiao Xun hugged her, his irritable heart was soothed in an instant, his hands became restless, Xie Zhiwei woke up instantly, and was about to push him, Xiao Xun said, "Mei Mei, let me hold her for a while, the elder brother assigned me another job, I We're leaving again."

Xie Zhiwei was still very tired, but he couldn't fall asleep anymore, so he couldn't help asking, "Did something happen?"

Xiao Xun had no choice but to tell what happened, "I didn't have any friendship with Xiao Changyao at first. Although he was very kind to me, since I was young, there have been too many people who have been kind to me. I didn't think he was special before. Yes, my eldest brother told me today that

Concubine Jing is still mother's, and that Concubine Jing enshrined the tablets of her father and mother in the back side room of her inner room."

Xie Zhiwei was taken aback, "My mother never told me about this, but it's not surprising that my elder brother knows the secret of Concubine Jing."

Lu Yan was in charge of the supervisor of ceremonies, and also the envoy of the palm seal. If he had no ability and didn't know about things like this in the palace, he would have died 800 times already.

Presumably, on weekdays, she has often covered up for the concubine Jing.

"If this is the case, no matter what, I should go there. I can't let Xiao Changyao have any accidents. My mother felt that so many people were involved in the incident back then. It was thanks to these people who sacrificed themselves that my mother was able to escape. Well, if I don't go, if something happens to Xiao Changyao, my mother will definitely feel guilty."

He sighed, "Mei Mei, this is the so-called father's debt, don't worry, I will definitely not leave this kind of debt of favor to our children."

Xiao Xun said "our child" every time. Xie Zhiwei thought about how many sons of princes and ministers in the capital have become fathers at his age.

Xiao Xun should also want to be a father, Xie Zhiwei couldn't help touching his lower abdomen.

In the previous life, Xiao Changxuan was devoted to Xue Wanqing and refused to have **** with her, fearing to hurt Xue Wanqing's heart. She was stupid at the time, thinking that Xiao Changxuan was busy with state affairs and had no time.
