

The Power 81

Chapter 81 Inseparable

Xie Zhiwei knelt at the back, raised his head and glanced forward, just in line with Xiao Xun's pair of phoenix eyes, the banter in his eyes couldn't be suppressed, Xie Zhiwei sighed in his heart, he didn't know why the king of Chenjun came ?

If it was for the golden green ice lotus, as long as he asked, she would definitely offer it with both hands.

This time, the celebration banquet at home was not planned to be a big one at all. It was just invited to some close relatives and friends, and the invitations were not widely distributed. Now that the princes come, some snobs will inevitably come. This is not just for the family Add to the chaos?

The reason why Xie Zhiwei didn't feel that the eldest prince and others came here on his own initiative was because the Xie family really had no contact with the princes. In the previous life, the reason why the emperor would suddenly propose marriage to Xiao Changxuan was also because of her reputation as the eldest daughter of the Xie family.

Xie Zhiwei felt that she had absolute reasons to doubt Xiao Xun, so she said nothing about the joke and complacency in his eyes.

Lu Yan got out of the car. Today he was wearing a blue two-color brocade robe with happy eyebrows, a sapphire belt around his waist, and a crow-like black hair tied with a sapphire-carved bamboo hairpin. Ruo Chunxiao, there is a kind of nobility and calmness that only a nobleman of aristocratic family can exude from his gestures, and a contradictory temperament of charm and coldness is rippling between his eyebrows and eyes.

The sleeves of the Yueluo shirt welcome the spring breeze, and the jade-carved unicorn belt is red.

The end is the demeanor of Mr. Pianpian.

Xie Tiao quickly walked up to meet him, and saluted Lu Yan, "Lord Lu is here, the humble house is full of splendor!"

Lu Yan stood with his arms folded, and nodded with a slight smile, "The County Lord Duanxian is the Emperor's personal seal. Today there are guests at the banquet in the mansion, and the Emperor also specially ordered me to come here to congratulate the County Lord Duanxian!"

As he said that, a little **** hurried forward and handed a long gift to Lu Yan with both hands. Lu Yan unfolded it and said in a soft voice, "The emperor has a decree to reward the Duanxian County Master Yu Ruyi. A dendrobium of red pearls, two sets of gem head and face, a bonsai inlaid with bamboo and yellow, and a bonsai inlaid with gold and copper..."

Lu Yan read for almost a cup of tea, and Xie Zhiwei wondered if he had emptied the emperor's inner storage, so he couldn't help but look up at Lu Yan, seeing that he happened to be looking over, the corner of his mouth slightly Upturned, Zhu Ran's lips are like flowing flames under the bright autumn sun, full of beauty.

After seeing the ceremony, all the guests in the hall don't have to sit and chat together, they have things to do now, Prince Chaochen, several princes and Lu Yan gathered around, you talk to each other, or praise the young king of Chenchen Some are brave and good at fighting, or they exaggerate that the prince's riding and archery skills have improved again, and they also praise the second prince, "I heard that your highness's article has a novel idea", and the third prince's writing has the essence of Shen Zhi.

Xie Tiao, several young ministers and cabinet veterans walked in with Lu Yan, and casually talked about some irrelevant matters in the court, but they still praised Lu Yan, "Sharing the emperor's worries and hard work", "Lord Lu recently This paper is well approved, and governing a big country is like cooking a small fish, as it should be." "Master Lu has a good sense of people, and the magistrate of Xianghe County recommended by him a few days ago, personally handled the relief work, and is very popular among the local people." Yun Yunyun.

Xie Zhiwei glanced at Lu Yan's back, then turned around, and met Xiao Xun's pair of phoenix eyes that seemed to be smiling but not smiling. The boy was standing under a four-season begonia tree in the courtyard, the sun was shining among the leaves, and the mottled light and shadow fell on On his body, he was dressed in a black moiré tapestry round collar with arrow sleeves, a jade belt around his waist, and a pair of blue satin powder-soled boots on his feet, with his hands behind his back.

A head of black hair was tied behind his head with a silk ribbon, flying with the wind while he looked forward.

Xie Zhongbai is of medium build, with a gentle description, giving people a kind of gentle and elegant scholarly temperament. He led the brothers in the mansion over quickly, and after saluting to the princes, he said, "Your Highness, it's still early for the banquet, why don't you let the dog take you to the garden at home?"

Originally, the eldest prince Xiao Changyuan was supposed to make the decision, because he was the oldest, but Xiao Xun brought them here, so Xiao Xun made all the decisions.

"Then let's go!" Xiao Xun waved his hand and walked ahead.

At this moment, a horse galloped over in the distance and shouted, "Ah Xun, wait!"

The horse was approaching, and the man stepped on the lower stirrup, turned over and fell, threw the reins to the boy, rushed in quickly, and shouted before meeting him, "Ah Xun, you are too unjust, you Come and play without calling me."

The person who came was the little prince Mu Guihong, dressed in a moon-white brocade robe, with a face like a full moon, bowed to Xie Zhongbai, then bowed his hands to Xie Zhiwei, "Master, congratulations!"

"Let's go, let's go take a look at the garden." Impatiently, the eldest princess Yuan Jia stomped her feet, urging, "I heard that Xie's garden is exquisite and exquisite, with subtle twists and turns, showing the beauty of natural mountains and rivers, I have long wanted to go there Look, it's just you guys who have been standing here talking, wasting time."

"Let's go shopping, you have a good time shopping today!"

The garden of Xie's family has been meticulously designed, maintained and repaired by more than ten generations.

A group of people went to Zhenqu Garden to enjoy the scenery. Along the way, they saw maids wearing silver-red jackets, blue satin vests, and white silk skirts passing by, carrying tea, cakes, seasonal fruits and various dishes. Their words and deeds are indeed different from other places.

"Sister Wei, do you have anything to do? If you are busy, you can go there first, and just ask a maid to show us around." The eldest princess said considerately.

"Today I just want to go shopping with your highness. The beautiful scenery in the garden at the moment is that there are four seasons of crabapples over there. Next to the crabapples, there is a water area. Osmanthus osmanthus is planted around, and the fragrance of osmanthus is scattered through the water. Come here, sweet but not greasy. There are two water pavilions in total, one for the gentlemen and one for the girls, let's go there together!"

The green peaks around the Yingmen of Zhenqu Garden stand in front of it, and the First Prince and others have already praised "good mountain". Moss is spotted and vines are everywhere.

A narrow path meanders forward.

Mu Guihong had nothing to do today, so he went to Prince Xiang's Mansion to play with Xiao Xun, and after inquiring, he found out that he had entered the palace, and Mu Guihong heard that he was going to the palace. Several princes came over.

When did the relationship between Xiao Xun and Xie's family get so close?

At this time, he fell far behind, seeing that Xiao Xun didn't intend to appreciate the beautiful scenery, his eyes seemed to be bored, but in fact he never left the County Lord Duanxian. Suddenly, Mu Guihong became interested, maybe today, there are others. Such a harvest.

A group of people turned around the hillside, caressing the stones and springs, passed the tea stand, entered the wood incense shed, crossed the peony pavilion, went to the peony garden, and entered the rose garden. The wind swayed, and the vision opened up a lot in an instant. On the lake, a nine-curved veranda connected the two three-storey attics together.

One is called Sizhao, and the other is called Wuyi.
