### Chapter 841 Feedback

Mrs. Zeng left with gratitude.

Xie Zhiwei called Bai Ling, "Go to Prince Xiang's Mansion and tell the eldest girl that you will come with me to Mrs. Zeng's place as a guest in the future, and let her dress up better."

Braun went with a smile.

In Prince Xiang's Mansion, Xiao Lingsu took over the gift from Mrs. Zhao. She has been with Xie Zhiwei for the past two years, and she has helped Xie Zhiwei a lot. She has learned 50% or 60% of Xie Zhiwei's skills. How difficult it must be.

After noon, Xiao Lingyu came over with her two younger sisters. Xiao Lingsu got up from a nap, washed up, and entertained the three younger sisters in Xici Room.

After Xiao Lingyue grew up, she talked less. Xiao Lingyu always looked unhappy, but Xiao Lingyu looked at Xiao Lingsu's outfit and said with a smile, "Big sister is becoming more and more like a princess. I see that every time the princess wears skirts and shirts, it seems very casual, but when I look closely, I think this is the best."

Xiao Lingsu smiled, and pushed the box towards Xiao Lingyu, "It's the pea yellow only here in Yanjing, try it, my favorite is the Niujie Beikou shop, my sister will try it. "

Xiao Lingyu always felt that Xiao Lingsu's words had some deep meaning. Did she think she talked too much? Xiao Lingyu was a little unhappy, but still asked, "Is the housekeeper tired these days, big sister? My mother always told me to ask if big sister needs help? If so, big sister must not refuse. "

Xiao Lingsu thought for a while, and said, "Yes, yes, it's the twelfth lunar month, and every household is going to fight the dust. If my sister is fine, help me to fight the dust tomorrow!"

Hit the dust? Xiao Lingyu was stunned, she was asked to do such a hard and tiring job, what if the dust fell on her?

Xiao Lingyu didn't dare to say "no", she didn't want to lose her tongue, making people think that her big sister gave her a chance, but she didn't grasp it herself.

Xiao Lingjing raised her eyelids, glanced at Xiao Lingyu lightly, lowered her eyes, touched a piece of pea yellow from the box, put it in her mouth, it melted in the mouth, it was indeed delicious.

Citron came in from the outside, smiling, and saluted first, and said, "Girl, sister Bailing who is in front of the princess is here."

"Come in, please!"

As soon as Bai Ling came in, he greeted the four girls, and said in a crisp voice, "Miss, the princess will go to Zeng's house for a banquet in the future, and the eldest wife said that the princess should accompany her, and said that you are here On that day, dress up nicely."

The other three looked up at Xiao Lingsu, Xiao Lingyu was filled with envy, a cold light flashed in Xiao Lingjing's eyes, but Xiao Lingyue still looked like she had nothing to do with her, she reached out and touched another piece of pea yellow to eat.

"Did my sister-in-law say what to ask my eldest sister to do? It's the Chinese New Year soon, is there any happy event in the Zeng family?" Xiao Lingyu asked.

Bai Ling shook his head, "This, I don't know, I just came to pass a message."

Xiao Lingsu said, "Citron, you go down with Sister Bailing, treat her to some tea, and pack two packs of snacks to take back."

"Yes!" Citron and Bailing went together.

Xiao Lingyu said unhappily, "The maids around sister-in-law are like this. If you want to find out something from her, don't even try to find out a single word."

Xiao Lingyue said, "Second sister, what do you want to know? If you want to know something, why don't you just ask your sister-in-law?"

Xiao Lingyu glared at her, "I'm just talking, why are you talking so much?"

Xiao Lingyue clapped her hands, took the handkerchief from the servant girl, wiped her hands and mouth, she didn't plan to eat it, and asked her mother to buy some for her after she went back.

Xiao Ling stood up, "Eldest sister, second sister, fourth sister, I have something to do, I'll go back first."

Xiao Lingyu was so angry that she got up and said goodbye and left. Xiao Lingsu told her to watch the dust tomorrow, but she didn't even ask how to arrange tomorrow. Xiao Lingsu didn't really count on her, so she also did not stay.

Xiao Lingyue left at the end, Xiao Lingsu said, "It seems that the fourth sister likes to eat this pea yellow, I still have two boxes here, how about my sister take it and eat it?"

Xiao Lingyue thanked her with a smile, and said, "Big sister, I have never gone out since I came to Yanjing. When will big sister take me out to see?"

Xiao Lingsu hadn't gotten close to these four younger sisters since she was a child. Thinking of her mother, Concubine Zhong, who couldn't beat a bad fart with a stick, and thinking of her mother's death, her sister-in-law had always taken care of her. She also felt compassion.

"I'll ask my sister-in-law to see what I'm going to do at Mrs. Zeng's house in the future. If there's nothing important, I can take one more person with me, and I'll take you there."

Xiao Lingyue sincerely thanked, "Thank you big sister, big sister, I will help you tomorrow when you fight the dust, I am not afraid of getting dirty!"

Xiao Lingsu couldn't help laughing, "It's not me who will fight Yangchen tomorrow. Everything will be watched by the stewards. However, if you are interested, you can come to the event hall at midnight tomorrow."

"Is it so early in the middle of the day? Big sister and sister-in-law also have to listen to affairs in the affairs hall so early every day?" Xiao Lingyue stuck out her tongue.

Seeing the cuteness of the little sister, Xiao Lingsu didn't say anything about her, and said, "Sister-in-law is usually not so early. When sister-in-law is in charge, the people under her have rules for doing things. Ordinary things are decided by the big steward. The big steward I just need to report the important things to my sister-in-law every day, my second sister-in-law and I listen to things so early, we are worried that the people under us will be lazy and do some deceitful things."

"Why? Is it because the second sister-in-law and eldest sister don't have competent people?"

"Well, it can be said the same way. Another point is that we don't have the ability to see the details like the sister-in-law. First, the people under her are all the former servants of the Xie family. She is very effective in using them. No one can hide it from her."

Xiao Lingyue couldn't help but look yearning, she hurriedly said, "Big sister, at midnight tomorrow, I'll go to the story hall to accompany big sister."

Xiao Lingsu sent the fourth younger sister out of the yard. When she was walking back, she happened to meet Bai Ling who had just finished drinking tea. Xiao Lingsu stopped Bai Ling and asked, "I don't know what business is there for my sister-in-law to go to the Zeng's house in the future?" ?"

Seeing that there was no one around, Bai Ling smiled and said, "Miss Zeng is here, Mrs. Gu is going to bring Mrs. Gu to see Miss Zeng. Mrs. Gu is the aunt of the Zeng family, so the princess said that the girl should go with her." one trip."

Xiao Lingsu understood, her face was blushing, she didn't say anything, she covered her face with a veil and entered the house, and went straight to the inner room.

The little maid in the room wanted to bring tea in, but was stopped by Citron. The girl was shy, and they would only make her angry if they disturbed her.

In this way, it would be inconvenient for the eldest girl to take the fourth girl out.

The first update!

## Chapter 842 Deceiving

The next day, Prince Xiang's mansion started to sweep up the dust. There were still ten days before the New Year's Eve. The dust was supposed to be swept up on the 24th of the twelfth lunar month, but worried that it would be too late, Xiao Lingsu advanced all the preparations.

Xiao Lingyue came early as expected. She followed Xiao Lingsu like a little tail, listening carefully to her orders to the stewards, and occasionally asking questions if they didn't understand.

Xiao Lingsu patiently explained to her, which made Xiao Lingyue admire, and sincerely praised, "Big sister, you know a lot!"

Xiao Lingsu said, "I learned all these from my sister-in-law. Fourth sister, I originally planned to take you out tomorrow, but this time my sister-in-law took me out because of important matters, and it is not convenient for me to take you with me for the time being." out."

Xiao Lingyue waved her hand, "Big Sister, I'm just talking. If you have something important to do, just focus on handling it and leave me alone. But, Big Sister, can you tell me what it is?"

Xiao Lingsu blushed, shook her head and said, "I don't know either. I asked Sister Bailing yesterday, but she didn't say anything."

Xiao Lingyue naturally didn't believe it, but she was already eleven years old, she was not an ignorant girl, she said with a smile, "Did the elder sister go to see you?"

"Oh, I'm ignoring you. Who did you listen to?" Xiao Lingsu pretended to be angry, and Xiao Lingyue's silver bell-like laughter came from behind her.

As soon as Xiao Lingyu came in, she heard Xiao Lingyue's laughter. She was taken aback for a moment. It turned out that her fourth younger sister could still laugh. Didn't she always look like a wooden block?

"Fourth sister, what are you laughing at?" Xiao Lingyu asked.

Xiao Lingyue hurriedly came forward to salute, "I met the second sister, I was just laughing at Xiangqiao, she almost fell."

Xiangqiao is Xiao Lingyue's servant girl. Hearing this, she hurriedly said with a smile, "If the slave girl falls to the ground, there will be no one around the girl to serve her."

Xiao Lingyue smiled and said, "It's also fortunate that you were quick and held it up. Thinking about it now, it is indeed dangerous."

Xiao Lingyu came late. Seeing that there were no servants working anywhere, she asked, "Why is there still no one here? Where is the manager here? Let her come to see me!"

Xiao Lingyue said, "Second Sister, you can do your work here first, I'm going to find Big Sister."

In case the second sister reprimanded the steward, she would also stand aside and be hated by others.

The steward came soon, and although he was very respectful in front of Xiao Lingyu, his eyes rolled around, and he didn't take Xiao Lingyu seriously. Hearing Xiao Lingyu's question about sweeping the dust, the steward said, "If you go back to the second lady, the dust will be blown away." I've passed, I've seen everything everywhere, look, what time is it, since yesterday I said to fight the dust today, I naturally have to do it early in the morning, so as to avoid the dust on the masters when they walk around, this is the rule over the years."

Xiao Lingyu was so angry that she was trembling all over. She suddenly felt that the servants all around were laughing at her. She was just a little girl, and she had never encountered such an embarrassing thing. She almost burst into tears.

Xiao Lingyu's maid, Xianglan, saw this and hurriedly dismissed the steward, "You go, the girl is just asking."

The steward glanced at Xiao Lingyu indifferently, and stepped back respectfully. When he got outside, he snorted coldly with contempt, and left with a sneer on the corner of his lips.

Xiao Lingyu couldn't hold it back, tears rolled down, she unconsciously grabbed Xianglan's hand with force, and said, "Why don't you inquire about it, why is Fourth Sister here?"

Xiang Lan glanced at the little maid, who hurried away.

"Girl, let's go back!"

"Big sister is simply too deceitful. She really thinks that I really want to follow her as a housekeeper?" Xiao Lingyu moved out step by step, trembling all over.

"Girl, go back and talk about these words!"

When Xiao Lingyu returned to the house, the little servant girl soon came and said, "I heard that the fourth girl followed the elder girl to listen to the affairs of the stewards, so she got up at Maozheng, and arrived at the affairs hall in Maoshizhong. My son accompanied the eldest girl to the eldest girl's yard."

"Hehe, sure enough, everyone is not a fuel-efficient lamp. I used to say that she might be just like her mother. Who knows, she is also a scheming person." Xiao Lingyu said coldly.

Xiang Lan handed a cup of tea to Xiao Lingyu's hand, "Girl, don't be angry, let's drink some tea first!"

Xiao Lingyu took a sip and asked, "Have you not found out what the princess wants big sister to do at Zeng's house tomorrow?"

Xiang Lan said in a low voice, "I heard that the fourth girl also asked today, and even annoyed the eldest girl. It must be because of that matter."

Xiao Lingyu's heart was filled with hatred, "Then what's so good about the eldest son of the Gu family? He's not a relative of the emperor."

Xiang Lan said with a smile, "Look, the girl is confused. The palace is originally a clan. If you are relatives of the emperor, cousins are okay. If you are of the same clan, how can you talk about marriage?"

Xiao Lingyu became irritable when she heard the word "marriage", but Concubine Ma never allowed her to treat the people around her harshly, so she said, "Stop talking around me, go to the kitchen and order, I want a bowl of tender meat for lunch eggs, steamed with milk."

Xianglan was in a hurry, but the kitchen said that at this time, it was already time for lunch, and the dishes were already in the pot, so it was really difficult to adjust. The meals in each courtyard had their own rules. , is to add silver. "

Xiang Lan thought she heard it wrong, and said, "It's not that we want to eat, but the girl wants to eat."

"It doesn't matter who wants to eat it. If we tell in advance, we will remove the regular dish and replace it with this one. If it exceeds the price of the regular dish before, each courtyard will also have to add money. It's too early. There are rules."

"What year is this rule, I have never heard of this rule."

Just as I was talking, a little girl from Xiao Lingsu's yard came, and she said with a smile, "Aunt Liu, the fourth girl is in the big girl's yard, and we have to have lunch together. The big girl said, today's order It's enough to send one set of dishes, it's five taels of silver, Aunt Liu saw how easy it is, so she helped the girl cook four dishes and sent them over, and if there were any more, I would reward the aunts."

Aunt Liu hurriedly took the money, and said with a smile, "How can you reward us? Girls don't want to eat? According to me, give the girls what's left over for the older sisters to eat, and then give the older sisters to us." ."

"No, Sister Citron said that she just wanted to eat something lighter. Today's dishes are all heavy in oil, and she is not used to it." The little maid left after finishing speaking.

Xiang Lan was furious, she must have made this rule when the princess was in charge of the house, but no one told them that she was ashamed to come here for no reason.

The second update!

## Chapter 843 Shad

Xiang Lan threw two silver coins to Aunt Liu, "A bowl of milk custard, is it enough?"

Aunt Liu was almost hit on the nose by a silver coin, she reached out and grabbed it, saying, "Enough!"

When Xianglan left, Aunt Liu said angrily, "It's only two silver coins, and I can buy a \*\*\*\* milk custard, which is just enough to buy two eggs. If I don't have money, I still want to drink milk custard!"

The person next to him persuaded, "Just say a few words, this Xianglan is the big maid in front of the second girl, and she should have a temper!"

"What kind of maid is she really led by? Citron is still the maid in front of the eldest girl. She comes and goes. When did you see her get angry at us? This rule was set by the princess. In the past, when there was no such rule, how many chickens, ducks and fish were wasted in the kitchen in a year, those of us nowadays can't stand it anymore, but now it's much better, there is nothing left every day, and it's not our rule. What are we angry about?"

"That's right, our eldest girl still has Feng Gao, and she learned well from the princess."

After getting angry, Aunt Liu felt better. She recovered, but Xianglan didn't. She was also angry just now, the two coins were her own money, how could she not be distressed, after returning, she added fuel to Xiao Lingyu.

"It is said that we are poor, and we don't know how to buy anything we want to eat. A bowl of milk and custard should cost two taels of silver. Wherever the slaves have two taels of silver, they will give them two taels of silver. How much can two taels of silver buy? The eggs are gone, this is clearly bullying the slaves."

Xiao Lingyu was so angry that her face was livid, she stood up abruptly, and walked outside.

Xiang Lan was overjoyed, and hurriedly followed behind Xiao Lingyu braggingly, "Girl, even the people in the kitchen don't take us seriously..."

Before Xianglan finished speaking, Xiao Lingsu turned her head and slapped her across the face, "Do you think so, that my mother and I are so down and out now that even you don't take us seriously anymore?" ?"

"Slaves dare not!" Xianglan knelt down with a puff, five finger prints on her left face swelled up at a speed visible to the naked eye, and her face was covered with tears.

Xiao Lingyu ignored her and ignored her. Seeing that she was far away, Xianglan hurriedly got up and quickly chased after her. She didn't dare to get too close to Xiao Lingsu, and she seemed to be four or five steps away.

Xiao Lingsu and Xiao Lingyue were having a meal for the second time, and their maids were not there to serve them. While eating, they occasionally talked a few words, and the atmosphere was very good.

Suddenly, the voice of the doorkeeper woman came from outside, "Second girl, what's wrong with you? Wait for the maidservant to report to the eldest girl so that she can come out to meet you!"

"Go away, poor maidservant, don't give me a slap and ask her to talk too much!" Xiao Lingyu said, "I'm going into my big sister's room and want you to talk too much!"

Snapped!

Only heard a crisp sound, obviously the sound of slapping the mouth, Xiao Lingsu and Xiao Lingyue stood up abruptly, and the chair behind Xiao Lingyue drew back a harsh sound.

The maids who were eating in the wing room also heard the movement, and they all came out to stand under the eaves. When they saw Xiao Lingyu, they rushed into the open room as if they had eaten gunpowder.

Before Xiao Lingsu and sisters went out, Xiao Lingyu had already come in. She stood at the door of the second room, looked at the two of them, and looked at the dishes on the table. There was even a shad. In this winter, what they ate It's shad, and I want a bowl of milk and custard, but I have to pay for it myself.

Aren't they girls from the same mansion?

The more she thought about it, the more angry Xiao Lingyu stepped forward and lifted the pear wood table. The table was too heavy for her to lift, and she ignored it. She lifted the tablecloth, and the sound of bowls and chopsticks falling and breaking suddenly resounded in the room.

Xiao Lingsu hurriedly gave Xiao Lingyue a hand, and the two stood back, watching helplessly as a set of yellow-ground and green-colored garden baby play dishes fell to pieces.

She still remembers that she took a fancy to this set of dishes in her sister-in-law's warehouse, and her sister-in-law said, let's see if she will use it now or keep it as a dowry for her in the future.

Xiao Lingsu didn't think about getting married, so she wanted to come. After a few times, she was heartbroken, and looked up at Xiao Lingyu, her eyes were full of anger.

"Xiao Lingyu, are you crazy?"

"Am I crazy? I don't know where I am crazy? Big sister, you are in good hands. I want to eat a bowl of milk custard, but the kitchen even asks me to pay for it. What about you, what did you eat just now? "

"This shad, don't tell me that you took money and went to the kitchen to buy it."

Xiao Lingsu took a deep breath, she thought of her sister-in-law's warning, tried to calm herself down, and explained in a good voice, "This shad was sent by my sister-in-law, there are four in total, my father kept one, and I ordered the elder brother to keep one in the house. , one for me, and one for Ah Wei."

Otherwise, she wouldn't have kept her fourth sister here for dinner today.

In Xiao Lingyu's ears, it was Xiao Lingsu who used the princess to suppress her. Also, the princess sent four shad, why can't we have a family feast and let everyone eat together, and the person she likes must have one per person? .

Hehe, the second elder brother and the second sister-in-law eat one, the father and concubine Hua side eat together, that \*\*\*\* Xiao Wei has one, Xiao Lingsu and Xiao Lingyue eat together, in the end the only ones who can't eat are myself and Xiao Lingjing.

How could she not know that she and Xiao Lingjing are so redundant in this family!

There was a lot of movement here, which alarmed Mrs. Zhao who was eating. After hearing what the women said, she was about to get up, but was held down by Xiao Ke, "Stop moving, I'll go and see!"

"Your Majesty!" Mrs. Zhao quickly reached out and grabbed his hand. Xiao Ke thought she was going to say something, but Mrs. Zhao didn't say anything, but took a sable fur and helped him put it on, "Wear more, It's cold outside!"

Xiao Ke looked down at Mrs. Zhao, and the light from the lamp shone on her gentle face, just like when he saw her on his wedding night, she was extremely amazing.

He still remembered that when she was plotted against, she pulled her sleeve pitifully and begged him to testify for herself.

At that time, they had only met for the first time, and she trusted her so much.

Xiao Ke held her hand, "You eat first, the shad won't taste good after overnight, so you eat it quickly, don't wait for me."

"Well, Shizi, be careful on the road, walk slowly, the road is slippery."

Xiao Ke led the people there, Mrs. Zhao returned to the table, and drank the unfinished soup. She didn't have to eat it, but the child in her stomach couldn't ignore it.

Sister-in-law said that she is only about a month old now, and she will have morning sickness after one and a half months, so let her eat more while she has no reaction yet.

"What's going on?" Zhao asked.

The maid beside her has already gone to inquire about the news. In this trick, she also learned from her sister-in-law's method. She cultivated a few capable people around her, and she was always the last to know about anything.

The third update!

## Chapter 844 Brother

Chunyan helped her to sit down on the kang in front of the south window, took the tea, and while helping her to rinse her mouth, she told the whole story, "Second girl is too impatient, she even ran to In the eldest girl's room, a table of food was thrown away, and the two girls were almost spilled."

"Why are there two more girls?"

"The fourth girl went to the eldest girl today to listen to the stewards' affairs, and said that she was learning some things about the housekeeper. It happened that the princess sent some shad, and the eldest girl shared one in the house, so the fourth girl was left alone. My son had a meal, and took the silver to go to the kitchen, and exchanged a few of the fourth girl's regular dishes, and this happened before I could eat it."

After Mrs. Zhao rinsed her mouth, she took the warm water she wanted to drink again, took a sip, and said, "Send someone to look over there. When the master comes back, the food is cold. Let's take it away first. Let the cook prepare some soup and snacks." , the son will come back in a while, so I can fill my stomach."

"yes!"

Every family has scriptures that are difficult to recite. I don't know what happened to my natal family? She thought of her father saying that she would ask Baoshan to help her elder brother to propose a marriage. Her elder brother's personality was said to be like her mother's, but not exactly like her mother's. In the future, he might not be able to get an official career, and she didn't know if he could start a business. After a lifetime, it is a blessing.

As she thought about it, she slowly fell asleep. After she became pregnant, she seemed to be particularly lethargic.

Xiao Lingyu never dreamed that the person who came was Xiao Ke. Seeing Xiao Ke's livid face, she took a step back in fright, and murmured, "Second brother!"

Xiao Ke glanced at her coldly, then looked at the two sisters Xiao Lingsu, and said, "Go out and let the maids help you change your clothes. If you are not full, let the kitchen serve you food again."

"Yes, thank you second brother!" The two saluted and went down.

"Second brother, it's not my fault, it's them, it's the second sister who is too deceitful. She said yesterday that I would take care of today's sweeping, but she didn't say when to start. It's all done, she clearly wants to make me look ugly."

Xiao Lingsu, who had just walked under the eaves, heard it and staggered.

Xiao Ke sneered, "So, you just make trouble like this, making the whole family restless?"

"Second brother, eldest sister is the sister of your first mother, isn't it why you are so partial? They are all from this house, and they are all father's children. Why do you and eldest sister have shad to eat? My third sister and I But the fourth sister didn't?"

Xiao Lingyue also heard it, and wanted to go in and explain that she actually didn't want to eat.

She didn't speak, Xiao Lingsu saw her hesitation, and pulled her away, "Let's go to the East Flower Hall and ask someone to set another table. No matter what, we still have to eat enough."

The east wing room was changed into a flower hall. On weekdays, Xiao Lingsu listened to the manager's reply or entertained guests here. Now, a screen and a brazier are placed. Although it is not as comfortable as the main room Dilong, it is also comfortable. warm.

"Big sister, why didn't you let me go and explain it to my second brother just now?" Xiao Lingyue was a little puzzled, tears filled her eyes because of her grievance.

"Obviously, my eldest sister and I were eating shad together. It was my elder sister who said there were shad here, so she deliberately kept me here."

Xiao Lingsu smiled and said, "You are still young and don't understand. My sister-in-law used to tell me that explaining is the most useless thing. People who understand you don't need to explain. People who don't understand you, if you explain, He will say that you are making excuses. Think about it, who is our second brother?"

Second brother is our elder brother. Xiao Lingyue felt relieved when she thought of how kind and pleasant the second brother was to them just now, and he didn't ask them to question her.

The shad, she also ate two chopsticks, it was delicious.

What a pity!

"If you want to eat shad, there will be shad at sister-in-law's place later, let's eat it again."

"It's a waste of time and money to transport shad from the south in this icy and snowy place." Xiao Lingyue didn't know anything.

Xiao Lingsu smiled and said, "What are you afraid of? I don't eat it often, and I didn't eat it for this. I did these things on purpose. I heard that it was sold by traders. When the people in the kitchen met me, I bought it. After picking up several pieces and coming back, my sister-in-law split up several pieces when she saw that it was really rare, mainly to honor the father, and it happened that the second sister-in-law was pregnant again."

Xiao Lingyu was scolded by Xiao Ke, sent to the ancestral hall, and ordered her to copy a hundred volumes of the "Diamond Sutra", copying on her knees, when she finished copying, and when it was released, the handwriting must be correct, without alteration or dirt.

When Mrs. Ma heard this, she was furious. Because of this matter, she went to the East Head Court disregarding her face. It's too unfair, the housekeeper of the eldest girl doesn't know that a bowl of water is level, that's why such a thing happened, and there is no elder in this family to suppress it..."

"What do you mean, I should make you a concubine, so that you can be a town house beast at home?" King Xiang narrowed his eyes and glanced at Mrs. Ma.

Mrs. Ma smiled sarcastically, "Look at the joke my lord made, how can I be a town house beast?"

Jacaranda was doing needlework during the second time. When Ma Shi came, she didn't know what to say. She had to avoid it, so as not to make Ma Shi face off and feel unhappy.

"I don't even have the opportunity to serve the prince now." Madam Ma lowered her head and wiped her tears.

King Xiang didn't know if he had heard it, and called the maid under the eaves, "Come here, where is A Ni? Send her here!"

The maid blessed her body and went.

Mashi didn't know who A Ni was, and thought to himself, what does A Ni have to do with this matter? When the little maid came over holding a bird cage with both hands, a lovesick bird inside looked weird, her eyes went dark with anger, and she almost fainted.

Dare to love, the two children she gave birth to are not comparable to a bird in the eyes of the prince.

"My lord, you can't ignore my concubine and my two children. How can we have any honor in this mansion?"

King Xiang has a bad temper recently, he resisted the urge to kick Mrs Ma, and squinted at Mrs Ma, "Whether I didn't give you food or didn't give you clothes, you are a concubine, you care about this king's children. What? Don't you say that you raised two unworthy children who were still crying in front of me. The children born by Zhuang's are much better than yours. You can't even compare with Zhuang's, and you still have the face The king is crying and crying!"

King Xiang was very angry, but Ma Shi was also very upset, "The concubine is naturally not as good as my sister, and the concubine's child is not a direct descendant, so how can I compare with my sister's?"

King Xiang chuckled, "Is there a small courtyard on the west side of Xijinzhai? I forgot what it was called. I forgot. Look at me, you are also a madman. From today onwards, you should stay there Cultivate your body and mind!"

Today's update!

Dear friends, thank you for your votes. Keep up the good work. We reached more than 40 in the morning, but now we are down again.

Happy Dragon Boat Festival!

## Chapter 845 Hypocrisy

Mashi turned pale when he heard this, and looked up at King Xiang in disbelief.

To be honest, the prince usually doesn't care about the inner house, whether it was when the Zhuang family was living in the Li family, or later in the hands of the princess, or now, the house is in the hands of the concubine, he has never paid attention to it. .

The prince was absurd when he was young, but he was really considerate to the people next to him, but anyone who gave birth to him, no matter the children, would be a bowl of water, and all of them were sealed as side rooms, except for the jacaranda.

He never cared about the noise at home, but he was indeed strict with the children who made mistakes, and he was still heavy with the concubines.

Today, the prince was so impatient that he wanted to punish her.

"My lord!" Madam Ma cried bitterly, "My lord, I know I was wrong, my lord doesn't look at my face, but also at the face of the third girl and the third master!"

Seeing the commotion so loud, Huaying could no longer pretend to be deaf and dumb. She walked out and stood at the door, not knowing whether to go forward to persuade her, or what?

"Don't mention the two good things you raised. This family, not to mention the boss, has never been taken care of by me. As for the son, I don't have much to do with me. On the contrary, it is the third child. I helped him to invite the great Confucian As a teacher, in the end, what did he read? Later, you said that he wanted to practice martial arts. He saw the boss made military achievements, so he moved his mind. Hehe, practicing martial arts is afraid of being tired, summer is afraid of heat, and winter is afraid of cold , what's the future?"

It is rare for King Xiang to say so much, "On the contrary, it is the fourth child. Don't think that I don't know what you and the third child have done. This king is not dead yet. Just fool me like a fool!"

Mrs. Ma was on the verge of falling, and Huaying's eyes were filled with tears. Through the tears, she looked at King Xiang. Unexpectedly, the prince knew it all!

"Over the years, I have seen everything you have done, one by one, and I have not bothered with you. It is good that you have blamed this king. The shad was sent by the princess. , It was ordered by this king, why, you think that this bowl of water is not fair, and the five fingers are still long and short, this king likes this, and favors that, what's wrong?"

No parent has ever taken partiality for granted.

King Xiang seemed to be tired when he said this, he waved his hand, "Go back by yourself, and be confined for half a year. Without my king's order, you are not allowed to step out of your yard."

Hua Ying came in, she put a cloak that she had just finished work on King Xiang, and said, "My lord, don't be too tired, the princess will come to check your pulse later, and I will talk about you again."

Speaking of his favorite daughter-in-law, King Xiang had a smile on his face. He leaned down on the kang, closed his eyes and smiled, "The greatest pride of this king in his life is that he has a son named Xun. , if Brother Huang is still alive, how proud he would be to see Ah Xun today!"

Hua Ying's hands began to tremble, and she couldn't help but think of that upright, gentle and honest man. As long as he is there, people will feel that the sky is falling, and they will not be afraid.

King Xiang laughed twice, thinking of Ah Xun saying, let him go back to meet the Queen Mother, the Queen Mother is in poor health, and has talked about him many times, and he feels depressed in his heart.

Back then, when something like that happened to Yun Ni, how could he beg the Queen Mother? Kneeling at the gate of the queen mother's palace, heavy snow fell on him. The whole night, the queen mother just asked someone to come out to hold an umbrella for him. At that moment, he understood that the queen mother was standing in the same camp as Xiao Zhen .

Brother Dahuang treats her badly? If the elder brother is the emperor, isn't she the queen mother? For so many years, it is so hypocritical to keep saying the goodness of Empress Yuan!

It's time for me to go back and have a look. There are some things that need to be made clear before each other dies.

King Xiang couldn't help being very tired, Hua Ying hurriedly came forward to send, helped King Xiang to lie down on the kang, "My lord, it's late at night, and I have someone prepare hot soup, let's take a bath early and rest!"

"Where is the prince? Let him come over."

"Yes!" Huaying didn't know what the prince wanted to do with the prince, so she asked someone to pass it on.

Xiao Ke was about to go back to the yard. When he heard that his father wanted to see him, he was also very puzzled. When he came over, he was surprised to see his father's expression was not good. Take your pulse!"

King Xiang waved his hand, "I'm fine, but I'm a little tired. How are things with your sisters going?"

Xiao Ke thought about it and said, "Originally it was the second sister's fault, but my son punished the second sister."

Just now, Mrs. Ma came here, could it be that the father softened his heart when he begged for mercy? He was worried that his father thought he was partial to his sister, and explained, "They are all son's sisters, and the son just wants to deal with them fairly."

"It's good that you are like this, I remember, you didn't care much about the affairs of the mansion before. I heard that the princess asked someone to vacate a shop on the street for you. How is your cat and dog business doing?" ?"

"My son would go to see it every day. Mrs. Zhao said that for business matters, I should find a shopkeeper to watch over it. So my son asked his sister-in-law for a capable shopkeeper. Now, he doesn't have to worry about everything."

After Mrs. Zhao became pregnant, she asked him to help her look at the house. He was also afraid that Mrs. Zhao would go in person today. If something happened to her, how would he face his sister-in-law?

King Xiang is such a smart person, he understood this, he couldn't help but smile, and said, "Your sister-in-law has arranged a good marriage for your fourth brother and eldest sister, now your eldest brother I'm back, your sister-in-law will be pregnant in the future, you can't always bother your sister-in-law about family matters, you and the Zhao family should also take care of it, your three younger sisters, and your third brother's marriage, you and the Zhao family have a lot of troubles Serve dessert."

Xiao Ke was taken aback, and thought, where would he go to help his three younger sisters and one younger brother find a good marriage, but when he thought about it, if they didn't take over, would he have to bother his sister-in-law?

Xiao Ke had no choice but to bite the bullet, "Yes, my son will do his best."

King Xiang raised his eyelids and glanced at Xiao Ke, "If you don't understand anything, you can ask your sister-in-law. Marriage is an extraordinary event, so don't be careless."

"yes!"

Xiao Ke went out the door in a daze, was blown by the cold wind, and realized that he had taken on a job, he suddenly felt that life was unloved.

Going back to the yard was listless, Mrs. Zhao had already woken up, and was startled when she saw him like this, "Master, what happened?"

She held Xiao Ke's hand, feeling cold, so she hurriedly asked for a hand stove, and stuffed it into Xiao Ke's hand, "Don't scare me!"

Xiao Ke turned his head and looked at her guiltily, "Baohua, there is something, I told you, don't blame me!"

Zhao Baohua's heart skipped a beat, and he forced a smile and said, "Master, tell me, no matter what happens, I don't blame you!"

She was pregnant, and she should have arranged a roommate with her husband. She had also secretly searched for a candidate, but she couldn't make such a determination anyway.

The first update!

## Chapter 846 Heart-to-heart

Zhao Baohua heard that when her sister-in-law got married, she couldn't consummate the marriage, and she never arranged for her uncle to connect the house, so she took chances. After all, there is no serious mother-in-law in the family, so who would care about such things between husband and wife.

I don't know, who did the Shizi take a fancy to?

Zhao Baohua was thinking to himself, when he heard Xiao Ke say, "Cai, my father called me over, saying that the marriage of the three younger sisters and the third younger brother will be decided by us from now on!"

Ms. Zhao was stunned for a moment, looked at Xiao Ke blankly, and said to herself, I am afraid that there is no such free and easy person as the father and king in the world. After having so many children, he doesn't even have to worry about marriage.

"I didn't expect this to happen, but when you think about your marriage, the eldest sister and the fourth brother are all arranged by the elder sister-in-law. If I should not come down, this matter will be spread to the sister-in-law. The sister-in-law has For this family, I have worried a lot."

Ms. Zhao hurriedly said, "Master Zhao has considered it carefully, so I will leave this matter to the concubine. If the concubine is optimistic about the person, I will ask my sister-in-law to help make a decision."

"It's only you who suffer!" Xiao Ke held Mrs. Zhao in his arms.

In the beginning, he only had respect for Mrs. Zhao. After all, Mrs. Zhao was chosen by the princess with the help of her, but Mrs. Zhao is indeed a different person from his mother. She only cared about him and never calculated.

Gradually, he was also willing to talk to Mrs. Zhao.

Leaning in her husband's arms, Mrs. Zhao felt a sweetness in her heart, "A brother is like a father, who made us brothers and sisters-in-law? Besides, the concubine has always thought about it. Like a master, who would have thought that meeting the son of the world just like that, it can be seen that such things as marriage will be arranged by the heavens, and the concubine does not need to worry too much."

"Yeah, you didn't know. Later, my sister-in-law asked me what I thought of you. I was shocked at the time. I thought there was nothing wrong with you trusting me so much."

Mrs. Zhao turned around and wrapped her hands around Xiao Ke's neck. Xiao Ke was moved for a moment, and put his arms around Mrs. Zhao. He heard Mrs. Zhao sigh, "Master, I don't know whether my concubine's child is a boy or a girl. ?"

Xiao Ke didn't dare to act rashly, "I like both boys and girls."

The next day, Xie Zhiwei took Xiao Lingsu to Mrs. Zeng's house. In the carriage, she told what happened yesterday, then looked at Xie Zhiwei helplessly, and whispered, "Sister-in-law, did I do something wrong?"

She actually deliberately didn't tell Xiao Lingyu, when she listened to the matter, by the time Xiao Lingyu came, Yang Chen had already finished.

How could Xie Zhiwei not know what she was thinking, and couldn't help but smile, "Do you not like your second sister?"

Xiao Lingyu blushed, but still nodded sincerely. If she made a mistake, her sister-in-law said, she would definitely correct it.

"It's normal. People don't live under the same roof. They are fate. Some are good and some are bad. If you get along, you can't force it." Xie Zhiwei said, "I believe, If she asked you, you would definitely not refuse to tell her, if she didn't ask you, and you didn't take the initiative to say it, it's not a big mistake."

Xiao Lingsu breathed a sigh of relief, she bent her lips and smiled, "Sister-in-law, I thought you would criticize me."

"What do I criticize you for? What do I want you to be so kind-hearted, what do you do to repay evil with virtue? There are many things, as long as you know it in your heart."

While speaking, the Zeng family had already arrived, and the carriage arrived at the second gate. Mrs. Zeng and Zeng Yaoqi came out to welcome Xie Zhiwei out of the carriage.

"Why did you come out in person, just let sister Yaoqi come out."

Mrs. Zeng said with a smile, "I couldn't say it at first. Our aunt said that if I don't come out to meet her, she will come out. How can I let her come out?"

This is to tell her that Mrs. Gu has come.

Under the porch eaves of Mrs. Zeng's main room, Mrs. Gu was wearing a lilac-colored satin anti-hair crane cloak. She looked only in her thirties, but Xie Zhiwei knew that she was already a five-year-old.

This is a person who lives clearly, and Xie Zhiwei couldn't help being satisfied again.

"Princess!"

Mrs. Gu walked over quickly and made a blessing, "After I came to Yanjing City, I said to visit the princess. First, I just arrived. The house has just been bought and needs to be tidied up. Second, it has been closed in recent years. I can't wait, I heard that you are coming today, I will tell my sister-in-law, if you don't mind, I will come to accompany you."

"You are very kind!"

Seeing Mrs. Gu looking at Xiao Lingsu, Xie Zhiwei introduced, "This is my sister-in-law, she is always by my side on weekdays, and I take her with me wherever I go."

"The princess is really lucky! I fell in love with it immediately after seeing it, but unfortunately I am not lucky. I only have three sons under my knees, so I can't raise a daughter."

As she said, she took Xiao Lingsu's hand, took off an old sheep fat jade bracelet on her wrist, put it on Xiao Lingsu's hand, and led her into the Ming room, "Don't dislike, This bracelet was given to me by my mother when I was in my natal family."

Things are nothing, and this commemorative object is extraordinary.

Xiao Lingsu thanked her, her face was as red as a persimmon hanging on a branch in autumn.

Xie Zhiwei also smiled and said, "You value her too much!"

Knowing that Mrs. Gu was satisfied with Xiao Lingsu, she was also half relieved. It happened that Zeng Yaoqi's daughter Baoshan came over. After meeting with Xie Zhiwei, she pestered Zeng Yaoqi to accompany her. Make a snowman.

Xiao Lingsu couldn't sit still in the room, Xie Zhiwei smiled and said, "Why don't you ask Aunt Lingsu to take you to see flowers? The red plum blossoms in the snow are very beautiful!"

Baoshan was happy when she heard this, and stopped building a snowman, so she took Xiao Lingsu's hand, "Aunt Lingsu, let's go to enjoy the flowers. Let's pick plum blossoms, okay?"

Xiao Lingsu wanted what she wanted, and went to the back yard with Baoshan. Zeng Yaoqi followed from a distance, not knowing what she was thinking, and accidentally lost her mind and lost her.

Xiao Lingsu and Baoshan, led by the maidservant, saw a few red plums by the corner of the wall, blooming bright red in the snowy weather, proud of the snow red plums, it was naturally a very beautiful sight.

"That one, I want that one!" Baoshan pointed to a tall branch in the arms of the nanny, Xiao Lingsu looked over, and it was indeed a very good branch, with twisted branches, flowers and The flower buds are staggered at intervals, and the white snow is pressed on them, which are crystal clear and red.

Xiao Lingsu fell in love with it immediately, she praised, "Sister Shan really has vision."

But the question is, how can she get this red plum? Could it be that she has to climb up? While she was thinking, she lifted up her skirt. Citron was stunned, and hurried forward, tugging at her sleeve, "Girl!"

Citron shook her head lightly, and Xiao Lingsu remembered that she was a guest at someone's house.

The second update!

## Chapter 847 Acquaintance

All these years, she has really been doted on by her sister-in-law to the point of heaven.

Xiao Lingsu's face flushed with embarrassment. Sister Shan is a child. Could it be that she is also a child?

"Sister Shan, this one is too tall, why don't we change it!"

Sister Shan thought for a while and nodded sensibly.

Children of two or three years old seem to be able to understand something, and they are becoming more and more well-behaved, knowing that they don't want to trouble others. Xiao Lingsu heard about Zeng Yaoqi, and immediately felt ashamed.

She touched the child's head, "Auntie will help you find another more beautiful one."

"Thank you, Auntie!" the child said in a childlike voice.

Gu Ji stopped in his tracks and stood there for a long time. He still didn't know that the princess of Nanzhang still had such a childish side.

When his mother brought him here, he knew the purpose of coming to his uncle's house today. Therefore, when the servants asked him to take him for a stroll in the yard, he did not refuse.

He has actually met Xiao Lingsu a long time ago. Although she has such a mother, since she grew up with the princess and was raised by the princess, there is nothing wrong with her.

Last time, when he was at the Xiao Mansion for a banquet, he saw that she acted very properly. Today, seeing that she was very friendly to children, he liked her even more.

"Miss, do you need my help?" Gu Ji took a step forward, saluted Xiao Lingsu, and asked.

Xiao Lingsu blushed when she saw him, and wanted to retreat a little bit, but restrained her panic, and said, "This, if possible, would be the best."

"Cousin, help my aunt and I pick that one." Baoshan was very happy when she saw Gu Ji, and pointed to the flower branch she wanted.

The flower branch is a bit tall, but Gu Ji is tall, even though he still has a little distance from the flower branch after reaching out his hand, it doesn't matter, he has a solution.

"Ma'am, please stand back a little bit. I'll shake the branches for a while, and the snow will be shaken off and stain the girl's clothes." Gu Ji said politely.

Xiao Lingsu took two steps back, blocking the nanny who was holding Baoshan behind her, watching Gu Ji reach out and pull a slightly lower flower branch down, the snow really shook and fell onto his head shoulders.

But he didn't mind at all, the flower branch they were looking at was lowered, he used the other hand to grab the flower branch, folded it lightly, and the flower branch fell into his hand.

Gu Ji smiled, turned around and handed the flower branch to Xiao Lingsu. Xiao Lingsu looked at his white and slender hands, which were set off like bamboo knots by the red plums, and couldn't help but blush. She lowered her eyes and took the flower branch.

"Thank you, Mr. Gu!" Xiao Lingsu raised her head, "Snow has fallen on your body, you better take it off quickly, your clothes will be wet after a while, and you will catch the wind and cold carefully."

"It's okay, I'll change when I get back."

The two looked at each other, Xiao Lingsu was still shy after all, turned around and left with Baoshan, she handed the flower branch to Baoshan for a sniff, "In a moment, let's go back and choose a plum

vase to put flower branches in! Put it in the burnt earth dragon There will be a dark fragrance in the house."

"Okay, Auntie, let's choose a beautiful one."

Looking at the people who left, Gu Ji patted the snow on his body and head, as if he saw the future.

Xie Zhiwei sat and talked with Mrs. Zeng, Mrs. Gu, and Zeng Yaoqi for a while, and then a maid came in quickly with a smile on her face. She stopped talking, and Mrs. Zeng also asked eagerly, "What's wrong?"

The maid smiled and said, "In the back garden, under the three plum trees, Young Master Biao helped Princess Nanzhang break a flower branch, and I guess he will be back now."

Mrs. Zeng was overjoyed, and said "Amitabha" before remembering and asked, "Are they still happy watching?"

"Look at this servant girl, the two should know each other."

Just as she was talking, a voice came from outside, "Princess Nanzhang, Cousin girl!"

The servant girl hurriedly stood aside, and the people in the room saw the flower branch in Xiao Lingsu's hand. She only felt that the atmosphere in the room was a bit weird, but she didn't care. In the arms of the eldest wife, "Grandmother, Auntie said to find a plum vase for flower arrangement."

"Where did this red plum come from? It's so beautiful!" Xie Zhi smiled.

Mrs. Gu is now more and more satisfied with Xiao Lingsu, afraid of embarrassing Xiao Lingsu, she took over the conversation, "I don't know, but there are a few red plum trees planted in the northeast corner of the backyard. When you go back, fold a few and go back to arrange flowers."

"Okay, then I'd rather be respectful than obedient!" She took Xiao Lingsu's hand and leaned over to smell the fragrance of flowers.

Baoshan led Xiao Lingsu to pick out a plum vase, and after placing the flowers, it was already lunch time. After lunch, Xie Zhiwei took a rest in the wing room. Zeng Yaoqi came to talk to her for a while, and she Goodbye.

On the road, due to the thick snow and ice, the car was moving very slowly. In the car, the aunt and sister-in-law chatted for a while, and Xie Zhiwei asked Xiao Lingsu, "How do you feel?"

Xiao Lingsu was shy, deliberately did not understand Xie Zhiwei's words, lowered her head and blushed, "I don't understand what my sister-in-law is asking?"

Xie Zhi smiled and said, "Okay, you are still playing narrow-minded in front of me, so I will ask you, what do you think of Mr. Gu? Have you met him before?"

Only then did Xiao Lingsu remember that when she saw Gu Ji, she recognized Gu Ji at a glance. Gu Ji did not declare his family background, but he also recognized her at a glance. Immediately, she felt a heartbeat I couldn't stand it anymore.

After a long time, she nodded, her voice was like a gnat, "Last time, at home, he came to a banquet..."

This is really fate!

Look at this, Xie Zhiwei also knows, she doesn't need to ask anything.

The next day, Zeng Yaoqi came to ask questions and learned that Xiao Lingsu was very satisfied. She smiled and said, "You don't know, my cousin heard that my aunt was going to hire him the princess of Nanzhang County, so I made it for my aunt. A deep bow."

Teased Xie Zhiwei into a big laugh.

Since both parties were satisfied, Mrs. Gu began to discuss who to invite to be Baoshan.

The Gu family has been away from the imperial court for many years. They couldn't find a suitable candidate for a while, and they were in a hurry. Cui Yingqing came to the door, "I heard that you are going to marry the Prince Xiang's mansion. I don't know if you have found Baoshan. If not, can I do it?" Fill it up?"

Gu Yan then lamented that Xie Zhiwei was a proper person in every way, he got up and bowed to Cui Yingqing, "Thank you, Mr. Cui, this couldn't be more proper!"

Cui Yingqing is the minister of the Ministry of Rites and the Cui family. It is really honorable to help their family make this Baoshan.

It's just that the Chinese New Year is about to come, and it's not suitable to come to propose a marriage at this time, and it seems disrespectful to the woman, so she decides that Cui Yingqing will officially help the Gu family come to the door after the New Year is over.

Mrs. Zhao hesitated for several days, and finally decided to come to Xiao Mansion in person.

Although there is no serious mother-in-law in the family, she really doesn't want to do something that is arrogant because it will embarrass Xie Zhiwei in the future.

The third update!

## Chapter 848 Tongfang

Xie Zhiwei hadn't gotten up yet. After hearing this, Mrs. Zhao quickly waved her hands, "Don't worry, you don't need to call the princess, just add another brazier here."

Mrs. Zhao was pregnant, how could the maids and women be negligent, and took Mrs. Zhao to the flower hall where the princess usually entertained guests, "the earth dragon was burned in it, and the princess would also rest in this warm pavilion on weekdays. After changing into a clean bedding, if Shi Zifei is tired, she can rest for a while."

Mrs. Zhao sat for a while, took Xie Zhiwei's usual book and read it, and it turned out to be "Heavenly Craftsmanship". She couldn't help being surprised, "How could my sister-in-law read such a book?"

Nurse Qiu smiled and said, "The princess reads all kinds of books. When we were at home in the past, our old man joked that if the princess was a man and he went to participate in the scientific examination, the champion would have nothing to do with others."

Zhao's father is a Jinshi of the second list, and she has also read books at home, so she has some knowledge, otherwise, Xie Zhiwei would not have taken a fancy to her, but she still can't read books like "Heavenly Creation".

Especially when she saw that there were notes between the lines and the margins of the pages, she admired Xie Zhiwei even more.

Xie Zhiwei was quarreled by Xiao Xun at night. Now that her body is completely open, the husband and wife can still experience some fun in the same room, Xiao Xun became more energetic, and every time she had to beg for mercy before letting her go.

When she woke up, it was already high in the sun, and she felt extremely tired. After she got dressed and had breakfast, Madam Qiu had someone report that Mrs. Zhao had come.

"Why are you talking now? How long have you been here?" Xie Zhiwei took the veil and walked out.

Qiu Momo followed her, "It was the concubine Shizi who refused to let the slave girl say it, and insisted on letting the princess eat it before saying it. The servant also understands the princess, and the concubine just fell asleep after reading a book. The servant girl Just waited and waited."

It was all good intentions, Xie Zhiwei didn't say anything, he was indeed hungry after getting up so late.

When she came to the flower hall, Mrs. Zhao had just woken up, and the servant girl served her a bowl of goat milk. When she saw Xie Zhiwei coming, she hurriedly got up to greet her, "Sit still, why are you here? What's the matter for the servant girl to come and run?" Once, the road is slippery after the snow, you are really not worrying at all."

Ms. Zhao listened to these reproaches, but she was very heartwarming, "Sister-in-law, I have something to tell you."

Xie Zhiwei asked someone to bring over some lucky tangerines that Xie's family sent the day before yesterday, served another cup of warm water, and then asked people to go down, saying, "What is it that makes you so cautious?"

Zhao muttered for a long time, and Xie Zhiwei was not impatient at all. Finally, she had no choice but to say, "Sister-in-law, you also know my situation. In other people's house, I want to arrange a housemate for the son, but, Sister-in-law, I don't know who to choose."

Xie Zhiwei laughed. As a sister-in-law, no matter how enthusiastic she is, she would never be in charge of her brother-in-law's room. When Mrs. Zhao said these words, she is a person who knows the meaning by listening to the strings. How could she not understand what Mrs. Zhao really wanted to say?

"It's not a big deal. Instead of asking me about this kind of thing, you might as well ask the prince openly. There are some things between husband and wife that don't need to be revealed. It's to save some face

for the husband, but some things must To be clear, there should be no barriers between each other, how to grasp it, I understand better than others."

Ms. Zhao wanted to ask Xie Zhiwei very much. Could it be that she also asked the prince if he wanted to open the room? But if you really ask, it is extremely inappropriate.

Xie Zhiwei saw the hesitation in her expression, and said, "How many women in this world are willing to find a lot of concubines for their men? Why do they do it? Some things are unavoidable, and some are for the sake of Gaining a virtuous reputation by yourself, the men are thinking, in this case, why don't I fulfill your good wishes? After all, I am not at a disadvantage. If I change it, I won't refuse it, but if I do this, those women will not Get comfortable."

Over time, there may be a gap between husband and wife.

Ms. Zhao was thoughtful. In this world, there are really not many women who live such a transparent life.

She was thinking, what kind of family can raise such a detached woman?

"You can't have both, it depends on what you want, fame or harmony and beauty?"

"Of course I want to be harmonious and beautiful!" She sincerely thanked Xie Zhiwei, "Sister-in-law, there are really not many who can do what you do."

Xie Zhiwei took a sip from the cup of tea, hiding the uneasiness in her expression. No one is born to understand that many people live transparently because she has experienced pain and pain that others have never experienced.

Mrs. Zhao got up to say goodbye, Xie Zhiwei sent her to the door, and told the woman who was following the car to be careful, it was still early, and it was fine to move back slowly, and nothing would happen on the road.

She told Zhao Shi, "There is nothing more important than the body. If there are some things that are not good for the maids and women to talk about, just ask someone to talk about it. I used to be the same."

"Sister-in-law, I remember, I won't be so reckless in the future."

Zhao's car gradually went away, Xie Zhiwei stood under the eaves, a flash of envy flashed in her eyes, she didn't even notice it.

The snow stopped, the sun came out, and the sky and the earth were suddenly bright. Xie Zhiwei turned around and said, "Let's go, see if the wintersweet blooms in our yard, if they are open, pick some and go back to dry, the snow soaked The winter plum will be more fragrant, and the wine making will be better."

Du Yuan said, "Princess, you should take it easy. Ever since you became interested in making wine, the flowers in our yard have not lived for more than three days."

After speaking, Xie Zhi smiled, and the maids and women who followed couldn't help laughing too.

"What is so happy?" Xiao Xun's voice came from behind, Xie Zhiwei turned her head in surprise, turned around and rushed towards him, Xiao Xun was frightened to death, rushed up two steps, and caught her, "You messed up What are you running, I won't run!"

"I'm just afraid that you will run away!" Xie Zhiwei put his arms around Xiao Xun's neck, Xiao Xun picked her up, and the two walked towards the main room together, the servants and maids behind them automatically slowed down a step. People bow their heads, as if they didn't see it.

"What did you just go out for? Who's here?" Xiao Xun put her on the kang, took off her cloak and shoes, and held her two cold feet in his hands.

Xie Zhiwei moved uncomfortably, but did not break free, blushed, and reproached, "You don't think it's dirty either!"

Xiao Xun held up her feet, kissed them lightly, and wanted to lean over to kiss Xie Zhiwei's face, but Xie Zhiwei leaned back to avoid him, "Smelly!"

Xiao Xun laughed, put her feet into his arms, wiped her mouth carelessly with her handkerchief, leaned over and insisted on kissing, "Come on, smell it, does it stink?"

Today's update!

Dear friends, votes with tickets, recommendation tickets, and monthly tickets are all required!

## Chapter 849 Husband and wife

Xie Zhiwei hurriedly hid, but Xiao Xun smiled and stepped forward, and finally kissed her.

When the two separated, they were panting. Only now did they have the time to talk.

Xie Zhiwei told about Mrs. Zhao's visit, but he didn't say why, Xiao Xun naturally wouldn't ask about his younger siblings, and said, "Although she is pregnant, you can't ignore yourself, run away in such a cold day What are you going out for?"

"Understood, I won't let her come to the door in the future, it's okay!" Xie Zhiwei joked, trying to follow Xiao Xun's anger as much as possible, and asked, "Did the big brother write a letter? How is he over there? The Chinese New Year is coming, how can he celebrate the New Year by himself?"

Xiao Xun was concerned about both ends. He also thought about this problem, but he didn't have a good solution, "The emperor heard that it's not very good, and the queen mother's health is also very bad. She has moved back from Mount Wutai. After the Chinese New Year next year, I will I will definitely go to the capital, and my father will also go."

"Then I pack up in advance, and I don't know how long I'm going to stay there?"

"Who knows, it depends on when the emperor dies!" Xiao Xun was a little annoyed, "Mei Mei, anyway, this time I'm not going to fight, or, why don't you come with me? Come and see your grandfather."

He didn't want to be separated from Mae Mae for a moment.

He longs for the wife he wants to marry, the treasure he wants to hold in his hands, but since he got married, he spends very little time with her.

He was afraid that as the days went by, Mei-Mei would have resentment towards him.

Xie Zhiwei couldn't help being moved, her grandfather was always in the capital because of the court affairs, and occasionally wrote letters, with some complaints between the lines, saying that she missed them so much, so she had to bring more wine, postcards, chessboards and so on for her grandfather every time, It's so comforting.

Thinking of this, Xie Zhiwei wanted to take the opportunity to say what he should say, "Ah Xun, my grandfather said that he wanted to go to the Western Regions while his body was still moving, and his father and heirs were weak, and the Western Regions were bitterly cold, so it was not convenient for him to let him go." It's not good to always go with my mother, you see, in the future, if my father is not transferred back, grandfather, as the chief assistant, can only choose someone else."

Xiao Xun chuckled, and he raised his hand to stroke Xie Zhiwei's hair, "Mei Mei, I'm not the emperor Taizu. I'm afraid that the aristocratic family will exhaust all the talents in the world. I only know that the teacher doesn't know the emperor. I appreciate the kindness of my grandfather and father-in-law. Western Regions There's nothing to see there, just like you said, it's extremely desolate. Right now, I don't have a better candidate, if my father-in-law wants to come back, I'll discuss it with my elder brother later to see who is better to replace him?"

Xie Zhi lowered his head in embarrassment, and rested his head on Xiao Xun's chest, "Just laugh at me!"

"I didn't laugh at you, I thank you, it's almost the same, how can I, Xiao Xun, get a wife like you, Mei Mei, did I do something good in my previous life?"

Yes, you helped me a lot in your previous life and avenged me. If not, I would never die in peace.

Xie Zhiwei nestled in Xiao Xun's arms, inhaling deeply the good smell from his body, "Ah Xun, why don't you do something good in your life!"

"Okay, what's a good thing?" Xiao Xun responded immediately, thinking that Xie Zhiwei was asking him to do something, he was overjoyed.

Mei Mei has been with him for so many years, but she has never asked him!

"Can you let me sleep well tonight?"

Hearing the grievance in her tone, Xiao Xun couldn't help but chuckle, with a bit of childishness, he pressed his hand on Xie Zhiwei's back, sticking to his clothes, feeling the contours of her back, and said in a hoarse voice, " Well, you can feed me first now!"

Lunch was a bit late, Xie Zhiwei didn't want to move anymore, but it was the end of the new year, and there were so many things to be busy, Xie Zhiwei had to ask Zi Mo to go to the back room to see if there was anything urgent.

Zi Mo is now Xie Zhiwei's mother in charge, handling things in an orderly manner.

It was halfway through, and the woman on the second door came to report, saying that it was the eldest daughter of the Cui family who had come.

Cui Nanwan was the only eldest girl in the Cui family, and Xie Zhiwei hurriedly asked her to come in. She hadn't seen this eldest cousin for a year, and when she walked, her shoulders were as straight as loose, and she pulled up a high bun. Wearing a gold-inlaid gem Molizhi heart, on both sides are gold silk inlaid with jade inlaid with peony and phoenix pattern distracting, people look like jewels, like a fairy concubine, I am very happy for her.

Xie Zhiwei welcomed her in, and said angrily, "Where have you been all this year? If it weren't for someone coming to tell me from time to time that you are fine, I would have died of anxiety."

Cui Nanwan said, "I went to the Western Regions, and I stopped by to see my uncle."

"Really? Is my dad okay?"

Xie Yuanbai went to the Western Regions not long after Xie Zhiwei and Yan came back, and letters were sent back every month, but how could the family not be worried?

"Very good. Uncle is very busy. There are a lot of things going on there. Fortunately, he still has capable officers under his command. He heard that I was going to do business, and he even invited the guards around me to \*\*\*\* me." Cui Nanwan was very excited, "I came back for the New Year this time and brought you something."

As she spoke, she handed Xie Zhiwei a gift list, "The things are nothing, they were all brought back from the Western Regions, this is my share, and this one is what my uncle asked me to bring to you."

The most valuable things are some spices, jewelry, and some foods that are easy to preserve. What interests Xie Zhiwei most are some seeds that she has never heard of.

"I don't know what these seeds are. Uncle also asked me to tell you that some seeds are very aggressive. It is said that there is a small country in the Western Regions, and a kind of seed was introduced from outside. Soon, that kind of plant They ate all the crops on their side to death, and there was a big disaster that year, and many people died."

Xie Zhiwei had to pay attention to it. Seeing that behind each seed, it was also marked whether it was edible or ornamental. Xie Zhiwei thought about who should do this.

Xie Zhiwei stayed Cui Nanwan for dinner, Xiao Xun went back to the house and knew that she had guests here, so he ate dinner in the front yard, and only came back when he found out that Cui Nanwan had gone back.

Xie Zhiwei helped him change his clothes, told Xiao Xun the gift Cui Nanwan brought back, and said, "I see that those spices are too much, I will send some to my father tomorrow, and my second brother, the most important thing Or seeds."

Xiao Xun knew what she was worrying about, and said, "This matter can be left to Yu Yingzhi. He doesn't like to do this kind of thing the most. A few days ago, he recommended a classmate who is very good at repairing water conservancy projects. His name is Gao Bin. , I asked him to go to Second Emperor Brother to see if he can get reused there?"

Xie Zhi was slightly thoughtful, Xiao Xun looked down at her, held her hand on his shoulder in his palm, and said softly, "Don't be afraid, what my elder brother and I did was not for revenge, we just wanted to bring peace to this world."

The first update!

## Chapter 850 Jealous

Xie Zhiwei looked up at Xiao Xun, the two saw each other in each other's eyes, she couldn't help smiling, and gently pressed her face against Xiao Xun's chest.

Xiao Changyao arrived in Yanjing City on the 23rd day of the twelfth lunar month, and that day was a small year.

He first went to his father-in-law's house to pick up his wife and children, and the family moved into the palace of Qingqingfang.

The Prince's Mansion has been completely renovated, with all the furniture and decorations inside. There is a huge garden at the back, separated from the garden of Prince Xiang's Mansion by a whitewashed wall.

Originally there were only a dozen or so eunuchs watching in the palace. After Xiao Changyao saw it, he saw that the leading \*\*\*\* was bowing his knees and didn't even dare to look at him, so he decided that these people were not arranged by Xiao Xun, nor were they. It will be Lu Yan's people.

Xiao Xun doesn't have so much free time, he has been aloof since he was a child, and Lu Yan's subordinates don't have such counselors.

He couldn't help laughing at himself, I'm afraid Xiao Xun and Lu Yan couldn't think of this, he is really... all the grass and trees are soldiers.

Back to the backyard, Cui Nanjia saw Xiao Changyao's expression was not good, and hurriedly stepped forward and asked, "What's wrong? Is there something wrong?"

With a wave of her hand, she pushed everyone out of the room and stood in front of her husband, "Your Highness, if you have anything to do, you must tell my concubine."

"It's nothing, I was just thinking about whether to bring people from Xuzhou over. I don't know if there will be a chance to go to Xuzhou in the future."

Cui Nanjia grasped the hand of Xiao Changyao's skirt, and couldn't help but tighten it. As the person next to her pillow, she was very aware of Xiao Changyao's persistence in dredging the river. do something.

But a courtier is a courtier, although Xiao Xun has not ascended the throne now, Cui Nanjia is very aware of Xiao Xun's identity and understands Xiao Xun's choice. With his identity, if the emperor does not die, he will die.

There is no paper in the world that can contain fire.

Even though Cui Nanjia married Xiao Changyao, she did not change her position. This was related to the Cui family's position and the education she received in the Cui family.

Cui Nanjia didn't want to see her husband like this, she thought of Xie Zhiwei, and tentatively said, "Your Highness, I'll ask sister Wei tomorrow, and let her take a look..."

As soon as Xiao Changyao heard this, he knew what his wife was up to, and he also had his own plans. He shook his head and said, "No, you and the princess are good sisters, don't let this matter ruin your relationship."

He thought that the princess had taken good care of Prince Xiang's mansion all these years. Even if the Zhuang family was such a calculating mother back then, Xie Zhiwei could distinguish between grievances and grievances. He married a capable and knowledgeable wife for Xiao Ke, and chose the Gu family for Xiao Lingsu. Such an in-law's family.

If there is really an event in the future..., he looked at his wife in front of him and his son who was sleeping on the kang, and he hoped that the princess could help take care of his wife and children. He believed that with the princess's heart, he would definitely do it. However, people should not be too greedy and want others to take care of their feelings over and over again.

On the day of the Chinese New Year, Xiao Xun took Xie Zhiwei to the Prince Xiang's Mansion for a reunion dinner. The two went to the East Head Court. Xiao Ke and others had already arrived and were talking around King Xiang.

"Father!"

The two saluted King Xiang, and Xiao Ke hurried over to greet each other. Afterwards, Xie Zhiwei, Mrs. Zhao and others avoided the Xici Room, while King Xiang led his sons to talk.

"I asked people to meet the second prince and concubine yesterday, and I invited them to come and have a reunion dinner together today. They should be coming by now." Zhao said to Xie Zhiwei, "We want to have more people during the Chinese New Year. It was very lively, and the fourth brother also said that he had prepared a lot of fireworks. After the reunion dinner, it would be dark. Setting off fireworks in the courtyard is beautiful, lively, and festive."

Such an arrangement couldn't be better.

Xie Zhiwei was naturally very satisfied. She never thought that the Zhao family could do so well.

The expression on Xiao Lingyu's face was uncertain. She went to see her mother yesterday, and her mother was very worried. The second brother is only a month younger than the eldest brother, and Mrs. Zhao is pregnant. She will be a father in a few months, but the second brother's There is no prospect of getting married yet, and she is the same. If she stays for another two years, she will become an old lady.

Originally, the mother could still worry about them, but now she can only rely on herself.

Seeing a smile on Xie Zhiwei's face, she knew that Mrs. Zhao's actions were in line with her appetite, so she clapped her hands and said with a smile, "Second sister-in-law is really capable, such an arrangement is really great."

As soon as she spoke, there was a moment of silence in the room, Xie Zhiwei took a sip of tea, Mrs. Zhao turned her face away, and the three side concubines also bowed their heads in silence, looking at the floor tiles in front of their feet without speaking.

Xiao Lingsu acted as if she hadn't heard it, Xiao Lingzheng's sneer was very ear-piercing, Xiao Lingyue looked at this and that, seeing that Xiao Lingyu's face was particularly ugly, she hurriedly got up, "Sister-in-law, big sister, I'll go and see, Second Prince Why haven't His Highness and Princess come here yet?"

The awkward atmosphere in the room got a little better now, Xie Zhiwei followed with a smile and said, "I didn't expect that the fourth sister is so capable and can help your second sister-in-law."

Mrs. Zhao said, "The princess also knows that I've been really out of spirits lately. I spend half of the time lying in bed every day, and it's my eldest sister who helps me out. It's much easier to take care of things than me. The fourth younger sister has also started to learn recently, and she will be a good master of the family in the future."

Concubine Zhong was reticent, but she was not a fool. She raised her head and glanced gratefully at Xie Zhiwei and Xiao Lingsu, her lips twitched, trying to say something, but in the end she didn't say a word.

The door curtain was lifted, and a little maid came in, blessed Fushen said, "Princess, Princess, His Highness the Second Prince and the Second Prince have entered the Chuihua Gate."

Xie Zhiwei hurriedly got up and helped Mrs. Zhao, "Let's go and have a look!"

Hulala, the person behind him, also went out of the second room, and just after entering the Ming room, Xiao Changyao and his wife came in with their children.

"Micro-cousin!"

"Fourth Cousin!" Xie Zhiwei didn't even have time to look at Cui Nanjia, so he looked at Ah Tu. Ah Tu still remembered Xie Zhiwei, lying on the nurse's shoulder, grinning at Xie Zhiwei, Xie Zhiwei's heart suddenly softened into a ball.

She stretched out her hand to Ah Tu, "Come, auntie, give me a hug!"

Xiao Xun heard Xie Zhiwei say "Auntie" instead of "Auntie", he couldn't help but looked this way and smiled, seeing Xiao Changyao's son stretched out his hands towards Xie Zhiwei, and threw himself into her arms with a smile, his brows furrowed slightly .

Xiao Changyao saw that the fifth emperor brother who was talking to him just now was suddenly upset, and he didn't know what was going on, so he couldn't help but become more cautious.

Xie Zhiwei hugged Ah Tu and Cui Nanjia led the crowd to Xici Room, Xiao Xun then looked away and invited Xiao Changyao, "Come and sit!"

King Xiang sat on the couch alone, and Xiao Changyao took the first seat on the right. King Xiang leaned forward and asked Xiao Changyao, "How do you feel about being on the river for the past two years? I heard from Mr. Xie that you have done a good job. "
