

The Power 881

Chapter 881 Faint Lord

At that time, it was in the Linde Palace. As soon as this remark came out, all the military generals stared at them as if they were about to eat people, and they wished to stare them to death.

But how can an emperor not hold a grand enthronement ceremony? Although it is said that the accession to the throne in front of the Zi Palace can only be regarded as an expedient measure after all, and it cannot be regarded as a serious enthronement.

"Your Majesty, I have the courage to ask the Emperor, this enthronement ceremony will still be held." Chi Yude said, "From ancient times to the present, there is no emperor who has not held an enthronement ceremony. For the sake of the country, please allow the emperor!"

"The Enthronement Ceremony? Then tell me, how can I do it?" Xiao Xun glanced at Chi Yude, "Should we hold only one Enthronement Ceremony, or hold the Queen's Enthronement Ceremony together? Have you figured out how to do it?"

Chi Yude didn't understand what Xiao Xun meant, so he hurriedly knelt down, trembling, "Your Majesty, whether it's the enthronement ceremony or the posthumous ceremony, there are rules to follow and degrees to follow."

"Is there a rule to follow? Okay, how about this, I will leave it to Chi Aiqing to do it for you. Zeng Aiqing is the Minister of Rites. This should be your job, but I see you You have been very tired recently, the funeral of Emperor Daxing has bothered you, so you should rest for two days first!"

"These are the duties of the minister, the minister dare not say tired."

"That's fine, then you and Chi Aiqing will assist you. This matter will be led by King Jingjiang. It must be done well. By the way, since it is going to be done, it will be done at the same time as the enthronement ceremony. The regulations are the same as the enthronement ceremony."

When Zhang Quanjin heard this, he knelt down without thinking about anything, "Your Majesty, seal, seal, seal the empress ceremony?"

"That's right, what's the matter, I'm the queen, do you have an opinion?"

"I don't have any objections, I'm just thinking, I don't know who the emperor can make queen?"

Xiao Xun laughed angrily, and pointed at Zhang Quanjin, "Which of you recommended this person? When you ask such a question, you stutter, don't you understand the rules of the prelude?"

Zhang Quanjin calmed down instead, "Your servant should die, please forgive me!"

It was about Xie Zhiwei, Xie Tiao was worried that this group of literati would not be able to deal with Xiao Xun, so he pointed the finger at his granddaughter. In history, how many queens who were not respected by literati became good?

He hurriedly knelt down, "Your Majesty, regarding the issue of conferring the Empress, the Emperor had no intention before, but he mentioned it suddenly just now, and the minister was also taken aback. It is

related to the country and society. Mr. Zhang Ge was a little panicked, and it is understandable. Please also please the Emperor." Forgive me!"

"I only have one concubine wife. Do I have to say who will be conferred in this Empress Ceremony? My concubine Xie, the Empress Conferment Ceremony is naturally held for Xie. Let me say it again. Don't make me angry!"

Zhang Quanjin still said, "Your Majesty, since ancient times, there have been rules to follow in the Grand Conferment Ceremony, and all corresponding regulations have been customized. If it is the same as the Enthronement Ceremony, dare to ask the Emperor, what kind of ceremony is followed?"

Xiao Xun laughed angrily. He stared at Zhang Quanjin for a long time, and suddenly realized that the emperor was very interesting. He leaned back, still playing with the jade bracelet in his hand, and said slowly, "Zhang Aiqing, I want to confer with the Empress Ceremony." The enthronement ceremony has the same regulations, help me think about it, what kind of etiquette should I follow?"

This is completely out of routine, Zhang Quanjin didn't know how to answer, Xiao Xun stared at him like a torch, and wanted to burn a hole in the top of his head.

Xie Tiao glanced at him, lowered his head and did not speak.

Zhang Minghe sighed secretly, and had no choice but to come forward and kneel down, "Your Majesty, the ceremony for conferring the empress dowager is the same as the ceremony for ascending the throne. This is indeed not in accordance with etiquette. Presumably the empress will feel uneasy if she finds out."

Xiao Xun twirled the jade bracelet in his hand, "I haven't read many books. When I was studying in the South Study Room, how many teachers I passed by with anger, you must know better than me. I don't understand the etiquette. It's too late to learn now. All I know is that I am the Son of Heaven, if I can't even protect my own wife, if I can't give him the honor I want, what's the use of sitting on this dragon chair?"

He leaned forward and smiled, "Why don't you find someone else to be the emperor?"

Zhang Quanjin scolded a "faint king" in his heart, but he still wanted to act tremblingly, and was afraid that Xiao Xun would force him to die, so he said, "The minister deserves death!"

Zeng Shiyi stood aside, like a pillar, and the battle between the monarch and his ministers in front of him seemed to have nothing to do with him, the Minister of Rites.

"One death is enough, ten thousand times, I also want to have this ability!" Xiao Xun waved his hand, "Since you all have no objections, then go down and do your errands, tomorrow I will leave for Yanjing!"

Zhang Minghe hurriedly said, "Your Majesty, Miyagi is here. When you go back to Yanjing, who will preside over this palace?"

Xiao Xun smiled, "I want to live in Yanjing, you elders are so powerful, what do you want the emperor to do?"

After saying this, Zhang Minghe had no choice but to leave first, and the others seemed to have heard some kind of signal, and hurriedly followed.

After returning to the secret pavilion, Xie Tiao sat down in his seat with complicated emotions, and the other four naturally surrounded him. Zhang Quanjin cupped his hands at Xie Tiao and said, "Mr. Xie Tiao, your granddaughter is the emperor's first wife." , the emperor respects his first wife, and wants to hold a grand conferment ceremony for his granddaughter, I can understand, but everything can't be more than a word of courtesy, Xie's family has been poetry and etiquette for hundreds of years, don't they want to honor their reputation now, hundreds of years Will the reputation be ruined once?"

Xie Tiao's heart was burning with fire, his grandson-in-law respected his granddaughter, so what does it have to do with these people? However, the matter of the Tian family is no longer a matter of the family. The matter of the Tian family is a matter of the world. He thought for a while and said, "Mr. Zhang Ge, you don't have to provoke me with these words. Write your resignation letter and go home to farm tomorrow."

Zhang Quanjin was so angry that he couldn't care about etiquette anymore. He pointed at Xie Tiao and said, "You, you, is this what your Xie family should do? Eat the king's salary, be loyal to the king, no one in this world You have received more favor from the emperor than your Xie family, seeing that the emperor is obsessed with his obsession, not only do you not dissuade him, but you actually want to quit, is this what you should do?"

Xie Tiao closed his eyes, "Old Zhang Ge, do you remember that you also have a daughter? Your daughter has been married to the Gu family for seven years, right? She hasn't had anything for seven years, and now she doesn't give Gu Yushi a concubine. Why don't you say Send your second daughter to be Gu Yushi's concubine?"

Zhang Quanjin took a deep breath and said, "Okay, okay, I'll go back right away, and I'll go back and send one of my unmarried daughters to the Gu family as a concubine to carry on the family line for the Gu family!"

He turned around and left, Xu was so angry that he turned around after taking two steps, and said to Xie Tiao, "Mr. Xie Ge, you have to remember what you just said. I will send my daughter there. You have to dissuade me. Your Majesty, don't do foolish things."

Unexpectedly, things would turn out like this. Zeng Shiyi and others were a little dumbfounded, and couldn't say what they wanted to say.

The first update!

Chapter 882 Seven out

Zhang Minghe sighed, and said, "Mr. Xie Ge, why are you bothering? Why offend people to death? I heard that Gu Yushi insisted on not taking concubines because of his respect for Zhang. If you send a girl here to be a concubine, if something happens, won't it make a fuss that everyone inside and outside the government will know about it?"

Xie Tiaoxin said, no one is afraid of offending him to death!

Xie Tiao didn't speak, and Zhang Minghe couldn't continue talking. This matter can't be resolved for a while, and since he just came back from the funeral of Emperor Daxing, everyone is old and tired, so let's leave first up.

Xie Tiao returned home, sat alone in Qijianzhai for a long time, he regretted a little, he should not have married his granddaughter to Xiao Xun, if Xiao Xun was just a prince today, the Xie family would have the ability to protect her, but Xiao Xun is now the Son of Heaven.

The Son of Heaven seems to be a ninety-five-year-old man with a strong promise, but Xie Tiao knows that the more he sits in the highest position, the more people are staring at him from all sides, and the more he will not be free.

Xie Zhongbai was appointed as the Secretary of the Imperial Academy, and he never moved his position these years. He was worried about his old father, and looked at the door of Qijianzhai many times. Seeing that the lights inside were still on and his father would not come out, he had no choice but to come forward and knock on the door.

Xie Tiao asked Shen Shuang to let him in, and Shen Shuang served tea for the two of them, then went out and closed the door behind him.

"Father, what happened? My son heard that the emperor is going to seal the empress. Is there something wrong with it?" Xie Zhongbai asked worriedly. In recent years, the emperor has not even had a housemate besides his niece and daughter. She is pregnant, so does the emperor still have the ability to find a woman temporarily to be the empress?

Xie Tiao told the emperor's plan, and he was helpless, "I'm also very happy that the emperor has this heart. He values sister Wei very much. If the ceremony of enthroning the empress and enthronement ceremony is the same, sister Wei can give birth to a son. No matter what happens in the future, Sister Wei's position as empress will be secure. It's just... this will indeed cause a lot of criticism, and now I don't know whether it is good or not, should I persuade the emperor. "

Xie Tiao certainly understands the truth that too much is too much.

Xie Zhongbai couldn't think of a reason for this, so he suggested, "Father, do you want to write a letter to your elder brother? Listen to his opinion?"

Xie Tiao waved his hand, "Once the emperor decides to seal the empress, since the emperor values sister Wei so much, he will definitely let your eldest brother come back. We don't have to do more. Right now, do more and make more mistakes!"

Speaking of this, Xie Tiao said, "You can ask me for leave tomorrow, just say that I have a headache, if someone asks, just say, I have to go to Yanjing City to find the princess to help me treat my illness, you are going to do it these days Now, if the emperor leaves for Yanjing, we will go with him as soon as possible."

Before Xie Zhongbai had time to agree, Shen Shuang pushed open the door and walked in quickly, "Old Master, Second Master, Guanshi Li said he has something urgent to see!"

Upon hearing that it was urgent, Xie Tiao said, "Let him in!"

Li Lu came in, and after saluting, he said, "Old Master, there was news from the Gu family that Mrs. Gu died, and she died less than a quarter of an hour after Miss Zhang's sedan chair entered through the back corner door."

The expression on Xie Tiao's face was very ugly, there was a moment of silence in the room, Xie Zhongbai didn't understand what happened, but seeing his father's faint anger, he hurriedly lowered his head.

"Who is reporting the news?" Xie Tiao endured for a moment and asked.

"It was the steward of Zhang Ge's hometown who came to report, saying that Mr. Zhang Ge said that it's not that Zhang's daughter is not as valuable as Xie's daughter, but that no matter how big things are, they can't be bigger than the word 'li'!"

After he finished speaking, Xie Tiao waved to him.

The door was closed again, Xie Zhongbai asked, "Father, what happened?"

Zhang's aunt is not dead, so what does it have to do with Xie's family?

Xie Tiao had no choice but to say that the cabinet ministers objected to the same regulations as the enthronement ceremony and the enthronement ceremony, and said, "Zhang Quanjin is forcing me to make concessions and force a good daughter to death. I don't have his ruthlessness." ."

Xie Zhongbai could feel his father's anger, he was also very angry, and couldn't help saying, "Mr. Zhang Ge is in a hurry to go to the doctor. If he has the ability, he will go to dissuade the emperor and put Xie's family on the fire. How many people are there?" mean?"

He was very anxious, and moved his buttocks on the chair, "Father, what should we do now? Could it be that the Zhang family lost an aunt, and the Xie family should not make concessions? In the future, others will use this trick to force us, what should we do?"

Xie Tiao smiled. He was a little tired. He rested his head on the chair, looked at the dust on the beam, and said, "Tomorrow, you go to Gu's house in person to express condolences to Mrs. Gu. Don't need to say too much. It's the Zhang family, the Xie family is the Xie family, and the Xie family has its own principles in how the Xie family works."

"yes!"

The next day, Xie Zhongbai first went to the secret pavilion to help his father ask for leave, and then went to the home of Gu Yuande, the censor of the capital, to express his condolences. He went a little early, and happened to meet Zhang Quanjin's wife getting off the carriage. Like a weeping woman, there is a strong nanny on the left and right sides, but they can't support her.

"My son, you died unjustly!"

Xie Zhongbai heard him back and forth and said this sentence, and said nothing else. The eldest wife of the Gu family has not yet been buried, and the coffin has not yet been laid out. Those who come are those who are close, so come to help first.

Xie Zhongbai came here first at the order of his father, and heard someone whispering, "I heard that Mrs. Gu was ordered by Zhang Gelao, she must either ask herself to come down, or..."

The man wiped his own neck, and the people next to him trembled when they heard this, "Why is this? There are so many childless people in the world. If you take a concubine and give birth to a son, you will be fine. Is it possible that Mr. Gu has even accepted the concubine's son?" I don't have any money for my concubine?"

"How could it be? I heard that Mrs. Zhang Ge reprimanded Mrs. Gu for seven years of having nothing to do, and not helping her husband to take concubines and raise his aunt. He committed the crime of seven times!"

Xie Zhongbai gasped, he hurriedly saluted, greeted Gu Yuande, and left.

Back home, his father was still in Qijianzhai, Xie Zhongbai hurried over and saw his father wearing a stone-blue Taoist robe with a silk sash tied around his waist, writing leisurely.

"Father!" He hurriedly saluted, and before his father could ask, he said what he had heard, "Father, could it be that Zhang Quanjin is using Mrs. Gu's death to force father?"

"You can force me, my Xie family's reputation is not exchanged for the life and honor of the Xie family's daughter." Xie Tiao didn't even raise his head, "You don't have to worry about this matter, you have been doing it for a few days. Pack the boxes and cages at home with peace of mind, see which ones to take and which ones not to take, arrange those people to go with them, and those people to stay and guard the house, spend more time!"

"Yes!" Xie Zhongbai breathed a sigh of relief seeing that his father was confident.

He was about to leave when he remembered something, turned his head and looked at his father, hesitated to speak, and before he could speak, Xie Tiao said, "Sister Hui's departure from the cabinet, don't need to tell Mrs. Xiao for now."

The second update!

Chapter 883 Dissatisfied

This means that they don't intend to bring Xiao Shi over there.

Xie Zhongbai didn't speak for a while, Xie Tiao raised his eyelids and glanced at him, he trembled all over, and hurriedly said, "Yes!"

"Send a letter to Brother Cheng, asking him to come back to participate in the assessment of Xiangshan Academy. If he passes, he will study in Xiangshan Academy. This year's autumn will not end for the time being, and we will wait for the next year."

"Yes!" Xie Zhongbai hurriedly responded solemnly.

When he stepped out of Qijianzhai and was about to go back to the yard, after thinking about it, he walked towards the northwest corner of the yard with his hands behind his back, and when he arrived at

the gate of the family temple, he stood under the steps, with his hands behind his back, a pair of deep eyes stare at the black painted door.

The two women guarding the door didn't know what the second master wanted to do, so they looked at each other.

Xiao Xiao's crazy voice came from the room, "Xie Zhongbai, you bastard, you useless thing, what am I sorry for you, you want to abuse your first wife like this?"

Xie Zhongbai turned his head and walked away, his steps were surprisingly fast, he walked out of the garden, and then he stopped, leaning on a magnolia tree, panting.

The daughter is about to leave the cabinet, he thought, after all, Xiao gave birth to a daughter, and he planned to plead with his father to release her and send his daughter out of the cabinet.

Who knows, she will never repent!

"Second Master, Third Master is back and wants to discuss with you about packing the box." The man from Lai Wang's house hurried over, but he didn't seem to see anything strange about Xie Zhongbai.

"I'll go."

After Lai Wang's family left, Xie Zhongbai stood for about a cup of tea before going to the front yard.

Xiao Xun came out of the palace and returned to Prince Xiang's Mansion. There were still some belongings of Xie Zhiwei in Ninghui Hall. He packed them up with his own hands and put them in a cage.

Mohen shook his head at the door, not knowing who to tell, Xiao Xun came out, wiped his hands with a hot handkerchief, and said, "What's the matter, I'm just talking about it."

Mohen hurriedly said, "Your Majesty, I heard that Mrs. Gu passed away yesterday."

"When you die, you die. What does it have to do with me?" Xiao Xun said while looking at the sky. It was getting late, and he wanted to rush out of the city.

Of course he won't go on a dragon chariot, the guard of honor will walk slowly behind, if he speeds up his horse and whips, he should be able to arrive in five days.

I don't know if Mei Mei moved into the palace, and if so, where did she live. He told his eldest brother that he didn't want to live separately from Mei Mei who let Mei Mei live in Qianqing Palace.

For a while, Xiao Xun was very anxious, and called Li Baozhen to come in, "These are for the queen to use, and a carriage is specially used. You should watch carefully, and you can't make any mistakes!"

"Yes!" Li Baozhen was very happy. He was very happy that the emperor didn't keep him here and was willing to take him with him.

Seeing that the emperor didn't listen to what he said, Mo Hen hurriedly explained, "Your Majesty, I heard that Zhang Ge is putting pressure on Xie Shoufu."

Hearing that it was related to Xie's family, Xiao Xun stopped and said, "Speak clearly, don't say half of what you say, when did you get this problem?"

Mohen then told what he had inquired about, and said, "Your Majesty, you said that Xie Shoufu would not really make a deal for the Empress Sealing Ceremony?"

Xiao Xun raised his hand and flicked his finger on his forehead, "Think about your own affairs first, if you want to follow me into the palace to serve, you will cut off your own life!"

Mohen knelt down with a thump, "Your Majesty, my wife is still waiting for me to find a wife for her, and give birth to a grandson to carry on the family line. Your Majesty, let me spare my life!"

Xiao Xun kicked him with a smile, "Then hurry up, I haven't appointed you an official, what kind of minister are you? Well, I will give you a favor, the western border or the northern border, you choose a place. Be a seventh-rank county magistrate."

When Mohen heard this, he jumped up, "Hey, I'm going now!"

When Mohen walked to the door, Xiao Changyuan and Xiao Changyao came together. Seeing Mohen running out happily, Xiao Changyuan's depressed mood became a little better, and he said with a smile, "Mohen, did you find a treasure? You ran so fast, where is the emperor?"

Mo Hen hurriedly put his legs together, and when he came to his senses, he hurriedly greeted the two county kings, "The emperor is inside, and this slave will help the two county kings to report."

Ninghui Hall used to be the place where the empress lived, and Mohen knew how well the emperor treated the empress, so he must have refused to let outside men intrude.

The two of Xiao Changyuan stopped in their tracks, and stood still in front of Ninghui Hall, standing speechless, waiting for Xiao Xun to come over.

Xiao Xun came out soon, and invited the two to talk in the study outside the front, and asked, "Have you gone to see the empress dowager?"

As soon as the two brothers came back from Anling, they entered the palace and went to the Qingshou Palace to meet the Empress Dowager, and explained in detail about the burial of Emperor Daxing. Tea, as if he didn't want to see them.

Xiao Changyuan is the elder brother, so it is natural for him to reply, saying, "I have already said that the empress dowager neither said good nor bad."

Xiao Xun smiled and said, "That's good, and there's nothing wrong with it."

When Xiao Chang came from afar, he heard that Xiao Xun was packing up his things and was about to leave immediately. He couldn't help feeling very worried, "Your Majesty, when Caichen was in Qingshou Palace, he didn't see the Empress Dowager packing up. Your Majesty is going this time. Are you planning to invite the empress dowager to accompany you?"

Xiao Xun said, "I'm afraid it's too late!"

His eyes fell on Xiao Changyao, "Second Brother, why don't you stay in the capital and wait for the Qingshou Palace to be cleaned up, and then you can accompany the Empress Dowager to Yanjing City?"

This is not an easy job, it is much more complicated than river affairs, Xiao Changyao couldn't help but think of the empress dowager's cold face, he was full of reluctance, but only he or the elder brother could do it, since the elder brother received the title Regarding the Grand Ceremony, if he doesn't do anything at this time, who will do it?

"The minister leads the decree!"

Xiao Changyao was about to kneel down in a hurry, Xiao Xun stood up and supported him, "Don't be too stressed, this matter is not in a hurry, Yanjing has not been fully cleaned up, and the sixth department has not moved there. If the Empress Dowager wants to stay It's okay to stay here for a few more days."

It is best not to go there, so as not to cause trouble to Mae Mae.

However, Xiao Xun would not say these words in front of the Xiao Changyuan brothers, the empress dowager is their real grandmother.

After finishing speaking, Brother Xiao Changyuan took his leave, and came out from Prince Xiang's mansion, the two of them rode horses, and when they got out of Yuelu Street, Xiao Changyuan asked, "Have you thought about how to handle this errand?"

Xiao Changyao thought for a while, and said, "You and I have not been loved by the imperial grandmother since we were young. Speaking of which, the emperor is the one whom the imperial grandmother loves the most, but today, after hearing what the emperor said, he didn't want to support the imperial grandmother. What can I do? If grandma goes, I will happily **** her there, if she doesn't go..."

Xiao Changyuan lowered his face, "You only say these words in front of me this time. From now on, if I hear it again, even if the emperor spares you, I will not forgive you."

Today's update!

I fell ill after returning from a business trip, and my body is no longer what it used to be. Went to the doctor, still tired. Have the audacity to ask for a vote.

Chapter 884 Conversation

Xiao Changyao couldn't help but look up at his elder brother. In fact, since he was a child, he was not close to the eldest brother, but now that his father is gone, they are all people with awkward identities. Perhaps it is because of the **** in their blood. Got closer.

Xiao Changyao knew that his brother was doing it for his own good, so he couldn't help shouting "Brother Huang!"

Xiao Changyuan looked ahead, surrounded by bustling people, he said in a low voice, "I'll take you to the gate of the palace, let's talk."

This may be the last time they talk heart to heart.

"A-Xun is a ruthless person, and he is also a person who attaches great importance to feelings. You have also seen the third and fourth brothers, and now you can only be regarded as living. Among the brothers, A-Xun is the best for you. Of course, if you With that kind of thought in mind, I didn't say these words."

What kind of thoughts? Naturally, it is the heart of seizing the heir.

Xiao Changyao sighed and said, "Brother, don't say such a thing, I never thought of it like this. You also know the identity of my mother-in-law. My mother-in-law told me about Emperor Zhaoyang since I was a child. I just thought of the past. The imperial grandmother is not good to us, she only protects Ah Xun."

"What does this have to do with Ah Xun? This is a matter between the emperor's grandmother and the emperor's uncle. Don't mention the grievances and grievances of the previous generation in the future. You should know that the emperor's grandmother is kind to Ah Xun , how did it all come here?"

"I see, big brother, third brother and fourth brother..."

Xiao Changyuan cut off his words, "If the third and fourth younger brothers ascend the throne today, I'm afraid you and I will have no chance to survive. This is already the best ending."

Xiao Changyao stopped talking, but he was thinking about what Tong An had said to him, "The Third Highness and Fourth Highness were sent back suddenly, but they didn't go back to the Imperial Prison. Five taels of silver, peeping through the crack of the door, he is thinner and not in good spirits, but he is still alive after all."

Xiao Changyao didn't dare to think too much about it, anyone with a discerning eye would know why Lu Yan released the two from the imperial prison. The third and fourth brothers were not fools either, they knew that if they did anything to the emperor, it would be their turn next, and they dared not let the emperor die.

Lu Yan saw that there was nothing to do, and later, Xie Zhiwei became pregnant, Xiao Xun couldn't catch up for a while, and his father died immediately, so Lu Yan had to send the two out of the palace again and continue to be imprisoned.

While in a trance, the two of them arrived at the gate of Zuoye Gate. Now Donghua Gate can enter, but the two of them dare not pass.

"I'll just send you here. I have too many things to do, so I won't accompany you in." Xiao Changyuan glanced at the overlapping palaces, and no one could see the look in his eyes, "Second brother, the empress is a kind and loving woman. For those of you who have second siblings, you should supervise the river affairs well, and in the future... it will always get better and better."

"Brother, I know, you really don't plan to go back to the capital again?"

Xiao Changyuan said, "No one can be sure about what will happen in the future. In short, if you remember today's words, even if there is no Xun, the throne may not be your turn. The blood of the descendants of the Xiao family is indispensable for a piece of wealth."

After Xiao Changyao nodded solemnly, Xiao Changyuan reined in his horse and turned around to leave.

The guard behind Xiao Changyao came over and took the reins of the horse in his hand. Just as he was about to go in, he saw Xiang Chou approaching. Xiao Changyao took two quick steps and said, "Aunt Xiang Chou?"

"Prince of the county, you are here. The slaves are about to let people go out of the palace to find you. Your concubine asked you to go to the Funing Palace to talk."

Xiao Changyao was very anxious not knowing what was going on with his mother-in-law. The rules of the palace, no matter how much doubts you have in your heart, don't tell them. He walked quickly, Xiang Nong followed behind, and the two of them came to Funing Hall very quickly.

Still in the side hall, Concubine Jing came out from the next room when she heard the movement, and said to her son, "Come in and talk!"

After receiving her son's gift while sitting, she helped him up with her own hands, "You don't have to be so polite in front of your mother."

In the past two years, although she was alone in the palace without the empress dowager and concubines, she lived a very comfortable life, and the original cautiousness also followed.

Before changing, she would never dare to accept her son's gift no matter what.

Xiao Changyao felt a little better, got up, sat next to his mother on the small table, took the tea from Xiang Chou, and asked, "Mother, what do you want to do with your son?"

"Why did you come into the palace? But what's the matter?"

Xiao Changyao told about Xiao Xun asking him to send the Empress Dowager to Yanjing. He didn't dare to say what he had said to Xiao Changyuan in his heart, but said, "My son and elder brother came back from Anling and went to the palace to meet the Empress Dowager. Perhaps the imperial grandmother disliked her son for his lack of ambition, so she never said a word to her son."

Concubine Jing asked her son to come in, and she also asked about this matter, but now she heard it, she looked at her son and said, "You are very sad? Do you still regret that you did not listen to your emperor's grandmother and father's words, and accepted the prince's business? "

Xiao Changyao hurriedly got up and knelt on the ground, lowering his head, "My son dare not, my son doesn't think so, my son never thought of becoming a prince and inheriting the throne."

"I don't think you dare, but you dare!" Concubine Jing said angrily, "You love your grandmother and your father, and you only see your grandmother and your father being bullied. I once thought that they have today, and they are all to blame for themselves!"

Concubine Jing sighed, and walked to the window, "Even if you think so, you can see what people in the world think!"

She turned around and looked at Xiao Changyao, "How can you afford the world with your personality? You are indecisive, and you don't know right from wrong. Even if the throne lets you sit, you are just a foolish emperor, ruining your ancestors for nothing. I am sorry for the people of the world!"

Xiao Changyao lowered his head, "My son dare not!"

"Do you know what Lord Lu told me after your wife and children returned to Beijing? He asked me if I would follow them to Yanjing City? You love your grandmother and father now, but have you ever thought about it? When Emperor Father named you eldest brother, did he ever think about making you a title? You still think about this! It can be seen that you really have no conscience."

"My son is confused!"

"Get up!" Concubine Jing walked up to Xiao Changyao, "If you think like this again, I don't have a son like you!"

"My son is wrong!" Xiao Changyao didn't dare to get up, "I beg mother to forgive my son, it's because my son is confused!"

"Since the emperor asked you to invite the empress dowager to Yanjing, you should try your best to do it. Even if you bear the reputation of being unfilial, you can't let the people in the world call the emperor unfilial."

"Yes, my son remembered it!" Xiao Changyao heaved a sigh of relief, "Where's mother?"

"Since I am your father's emperor's concubine, let's see how the emperor will take care of me as a concubine. Will I go to live in the palace or live with you? I'll talk about it when I go to Yanjing City."

The first update!

Chapter 885 Come back

"Yes, only the son can't **** the mother to Yanjing City."

"What do I want you to escort, everything is arranged in the palace." She was talking when Xiang Chou came in and said, "Your Majesty, Zhang Jieyu and Yu Xuan wait to see you!"

Concubine Jing became the highest-ranking person in the palace. Right now, Emperor Daxing has been buried and the emperor has left Beijing again. There are still many people who served the late emperor in this palace. People are at risk.

What can Concubine Jing do? She didn't want to do anything, thinking that she was a poor person, and said, "Please come in!"

The concubines of the former emperor, the best ending is to guard the mausoleum, but who is content?

Xiao Changyao also knew this, and hurriedly got up to leave. When he went out, he didn't look sideways, so naturally he didn't notice Zhang Jieyu and Yu Xuan's attendants brushing past him.

In Yanjing City, Xie Zhiwei sat in the Kunning Palace and read the urgent letter sent by Xiao Xun Babaili. This page, at the end, still has something to say.

Xie Zhiwei read the letter over and over again, carefully folded it, and put it away in the box.

After Mrs. Rong came back from the capital city, she went to Jingzhao Mansion after not staying in Yanjing City for two days. She was worried that after Xie Zhiwei gave birth, she would be reluctant to leave, so while she was free during this period, she would go to see there first. Case.

In the palace, Xie Zhiwei lives alone. Although the Huangji Palace is reserved for Lu Yan, although he spends a lot of time in the palace, he is very busy every day.

A few days ago, the Ministry of Industry asked Xiao Wei to pick a palace. Xiao Wei picked a small garden with a Jiangnan charm. He was busy doing some minor repairs recently, but it was Xiao Lingsu who followed him into the palace. coming.

She calculated that at this time, sister-in-law woke up from a nap and came in, "Sister-in-law, the sun is not strong today, let me go for a walk outside with sister-in-law!"

It was late April, Xie Zhiwei was more than five months pregnant, and her belly was surprisingly big. After entering the palace, it was not easy for Cui Tingzhan to come in to check her pulse. Every five days, Wang Shipu came to ask her for a peace pulse.

Xie Zhiwei stood up holding his belly, "It just so happens that Sister Hui's wedding date is May 18th, and it's only a few days away. I want to pick out some gifts for her to put in the bottom of the box. Come with me to have a look."

The two sisters-in-law and sister-in-law walked out together, and went to the inner warehouse. There were many rare treasures in it. Xie Zhi smiled and said, "Do you want anything? You can pick two at random?"

Xiao Lingsu smiled and said, "If I see something, I will ask my sister-in-law for it."

Xie Zhiwei said, "That's fine, don't be polite to me either. Tomorrow the eldest wife of the Gu family will come to see me in the palace, so come early and have breakfast with me."

Xiao Lingsu blushed, and responded like a mosquito, knowing that Mrs. Gu came to the palace to see her.

"The Gu family has moved here. According to Master Lu, the imperial court will definitely use members of the Gu family. The Gu family is also a family of poetry and etiquette. Mrs. Gu is an excellent person. Her natal family is the Chen family of Yingchuan. Mrs. Gu's mother was born in Confucianism. The government is the most important thing to know about books and rituals."

When Xie Zhiwei said this, he was worried about putting pressure on Xiao Lingsu, so he patted her hand lightly, "However, if you marry in the future, it doesn't matter if you don't have a good life there. Let's take care of everything. , if you really don't hit it off, come back and tell me, and I will make the decision for you."

Xiao Lingsu had a sore nose, and she smiled with tears in her eyes, "Sister-in-law, how can this happen? Whose family didn't let their daughter go to her in-law's house and live in humiliation?"

Xie Zhiwei said, "There's no such thing. The days are thicker than leaves. It's fine to endure the anger for a while. How can you swallow your anger every day? It's not good for your health. People are all hits by fate. If you don't if we hit it off, we don't have to force it."

Xiao Lingsu didn't know whether to laugh or cry, "Sister-in-law, are you sending me to someone else's house to be domineering? If Mrs. Gu heard this, she might be worried to death."

Xie Zhiwei laughed loudly, she picked a three-foot-high coral tree, with three stars for fortune, wealth and longevity, a gold handle with jade Ruyi, and a set of golden silk with five phoenixes and a ruby head inlaid with the sun.

The gemstones on the head are cherry red, strong and pure, crystal clear and full of joy.

Xie Zhiwei has three sets of ruby face masks in total. She pointed to a set of pigeon blood ruby face masks next to her, "When you come..., I will give you this set, isn't it good?"

In this set of headgear, the largest pigeon blood ruby is about the size of an adult's thumb. There are seven wings lined up on Jin Leisi's phoenix tail, and each wing has a gemstone from the largest to the smallest. Enthusiasm is extremely rare.

Xiao Lingsu's heart was pounding, she nodded excitedly, "Sister-in-law gave it to me, I'd rather obey it than respect it!"

Xie Zhi smiled, asked Xuantaotao to put away the gift she had picked in a box, and walked out with Xiao Lingsu. When they reached the door, Du Gui rushed in sweating profusely, and stood three steps away from Xie Zhiwei. He stopped, "Princess, the emperor is back!"

Emperor?

Xiao Lingsu was stunned for a moment before remembering, and held Xie Zhiwei's hand in surprise, "Sister-in-law, brother is back, brother is back!"

Xie Zhiwei was in a complicated mood. She hadn't thought about how to get along with Xiao Xun. People would change when they reached a high position. These days, her heart was very restless, but at this moment, she suddenly realized that she wanted to see Xiao Xun very much. Xiao Xun, I really want to see him!

"Where is the person?" Xie Zhiwei's tone was a little hurried, and he walked out while asking.

Xiao Xun's horse rushed directly into the Meridian Gate, crossed the Jinshui Bridge, rushed to the square in front of the Hall of Supreme Harmony, entered through the Zhaode Gate, passed the middle left gate, and exited the rear right gate. The door greeted him, and he was very happy. He reined in his horse and stepped forward to hug Lu Yan, "Brother, where is Mei Mei?"

Lu Yan looked him up and down, with a smile on his face, "The Princess has moved into Kunming Palace."

"Didn't you say that I live in Qianqing Palace? Why did you arrange Meimei in Kunming Palace?"

Lu Yan couldn't help laughing, "Can I arrange this? It's the princess who insists on living in Kunming Palace. But, Ah Xun, don't blame me for not reminding you. Now that you are the emperor, the people

staring at you are not Little, I just came, and the princess said that many women have entered Taoyuan Academy for the purpose of entering the harem."

Xiao Xun jumped up in fright. He hurriedly glanced in the direction of Kunning Palace, pulled Lu Yan behind the pillar and whispered, "Brother, you have to help me!"

Lu Yan raised his long eyebrows, "Shall I help you? How can I help you? If you want me to help you persuade the princess to accept the harem for you, I can't do it!"

Xiao Xun jumped anxiously, "Did I say that? I want you to help me, brother. I promised Meimei and Xie's family. I only want Meimei in this life. I can't break my promise."

"So I didn't want to break my promise!" Lu Yan said meaningfully, "Yes, people do not stand without faith, not to mention that you are still the emperor, and you should promise a thousand gold. There is nothing wrong with this. Now that you have said it, you must do it. But ..."

The second update!

Chapter 886 Queen

Lu Yan paused, and cast a sidelong glance at Xiao Xun, "Why did you tell me this? You won't want to marry a concubine in the future, or want to change the queen, you have to kill me to silence it!"

"Brother, am I that kind of person?" Xiao Xun was about to cry, "Besides, when did I have such thoughts?"

Lu Yan said, "You can force yourself to do many things, but you can't force yourself to dote on your wife and take concubines. Ah Xun, if you really have a woman you like in the future, just tell me and I'll help you Find a way. You must not force yourself, thinking that you are being wronged for the princess, after all, you will be the master of the world in the future."

Xiao Xun lowered his head and touched his nose, "Brother, can't I be wrong? I traveled for four days and four nights just to come back early to see Meimei, and you. My mind is so tired It's muddy, and you dig a hole for me. I promised the Xie family, but I was sincere, and I didn't force it at all. "

Lu Yan said with a smile, "That's good, you go, the princess has been waiting for you for a long time!"

As soon as he finished speaking, he heard a rush of footsteps. Xie Zhiwei had already walked through the Qianqing Palace and shouted, "Ah Xun!"

"Mei Mei!" Xiao Xun jumped up like a child, jumped over the high threshold, rushed towards Xie Zhiwei, picked her up, and circled happily in the hall.

"Oh, put me down quickly, I'm dizzy!" Xie Zhiwei was startled, and hugged Xiao Xun's neck tightly, Xiao Xun stopped quickly, but refused to let her go, her eyes were full Smiling eyes looked at Xie Zhiwei carefully, seeing that she looked rounder, he was very satisfied, and gently put her down.

Xie Zhiwei's stomach is already very big, she supported her stomach with both hands, Xiao Xun tilted his head and stared at it for a long time, before he couldn't help but exclaim, "Mei Mei, why did you grow so big?"

His heart skipped a beat, and he looked at Xie Zhiwei affectionately, "Is it hard work?"

Xie Zhiwei gently stroked her belly. Two days ago, she could feel the fetal movement, and the throbbing of the blood was always in her heart. At this time, the brilliance of maternal love overflowed unconsciously between her brows and eyes, making her look extraordinarily holy.

"No hard work!" Xie Zhi smiled.

Xiao Xun didn't believe it at all, he took a step forward, took Xie Zhiwei's hand, and the two walked towards the hall.

Lu Yan stood at the door, glanced at the backs of the two with a smile, turned and walked outside.

Li Baozhen has not come yet, Mu Jianfeng is waiting for him outside the gate of the palace, Lu Yan asked the little **** to take Mu Jianfeng to the Nanxun Palace next to the left corner building, these days, Lu Yan has been handling government affairs here.

After Sesame came in to serve Mu Jianfeng tea, Mu Jianfeng took a sip, looked at the Nanxun Hall, and said with a smile, "Master, this place is much better than the capital."

Lu Yandao, "Although the emperor has not made a clear decree to move the capital, it will of course become the capital here in the future. You should pay more attention to what you say in the future."

"Yes!" Mu Jianfeng hurriedly got up and cupped his hands.

Lu Yan waved his hand, asked him to sit down, and said, "Tell me, how is the situation in the capital?"

Only then did Mu Jianfeng sit down again, and said, "Jingjiang County King received the errands for the Enthronement Ceremony and Queen's Conferment Ceremony, and Yanping County King received the errand for escorting the Empress Dowager to Yanjing. It's a small dispute, but it's not appropriate to call it a dispute. The King of Jingjiang had reprimanded the King of Yanping not too harshly. After that, the King of Yanping entered the palace. Empress Jing concubine called Yanping King over, and empress Jing concubine admonished Yanping County King again."

Lu Yan nodded, "Flesh and blood love, knife cuts, this is also a reasonable thing, keep an eye on him, don't let him cause a catastrophe. How about the empress dowager?"

"The empress dowager summoned her natal nephew and grand-nephew Yin to accompany her in the palace. Princess Taiping and Mrs. Qingyunhou often went to the palace to talk with the empress dowager. Qingyunhou's mansion is packing up boxes and cages, and they will definitely enter Yanjing City."

"I heard that the cabinet is not peaceful recently?"

"Yes! The two Zhang Ge elders forced Xie Ge to speak to the emperor, saying that the post-sealing ceremony had the same regulations as the enthronement ceremony, which was not in keeping with

etiquette. Xie Ge then said that Zhang Quanjin's daughter married into the Gu family and had nothing to do for seven years. , it's not proper for Gu Yushi to take a concubine, why don't you see Mrs. Zhang Ge's goddaughter."

Mu Jianfeng saw that Lu Yan's two long brows were frowning together, so he chose his words carefully and said, "On the day the elders came out of the capital palace, Zhang Quanjin sent the concubine to the Gu family as a concubine. And severely criticized Mrs. Gu, who was so ashamed and indignant that she committed suicide by taking poison."

Lu Yan was leaning on the red sandalwood chair, with one hand resting on the desk, and a teacup with pink celadon glaze and chrysanthemum petals in his hand. His slender and white fingers gently caressed it, complementing each other like a beautiful picture scroll.

Mu Jianfeng glanced this way, shocked, but quickly withdrew his gaze.

The governor was born beautiful, but anyone who showed him even a little bit of admiration, such a person would not survive.

"How did Zhang Quanjin get into the cabinet?" Lu Yan didn't spend much time on government affairs in the past few years. He went to war several times and had to keep an eye on the emperor.

Mu Jianfeng was actually not very clear about it, and said, "Master Xie is the chief assistant, and Mr. Xie has been the prime minister in the government these years. Zhang Quanjin entered the cabinet. I think Mr. Xie also agreed."

"Are Zhang Quanjin and Zhang Minghe the same family?"

"No, they just have the same surname."

Lu Yan said in an unhurried and soft voice, "Then check it out carefully, Zhang Quanjin, a person who has no impression of this seat, unexpectedly ascended to the sky in one step and entered the cabinet."

"Yes!" Mu Jianfeng stood up, his brow covered with sweat. He really couldn't figure out the meaning of the governor's words, and he also felt that Zhang Quanjin was a busy person, and the post-sealing ceremony was a matter that his cabinet should take care of. ?

Xiao Xun took Xie Zhiwei's hand and walked around the Qianqing Palace. Behind the Qianqing Palace is the Jiaotai Palace, and after that is the Kunming Palace. He stood side by side with Xie Zhiwei on the platform behind the Qianqing Palace, pointing at the Jiaotai Palace. The Kunming Palace at the back of the hall said, "Mei Mei, look, how far is it from here to Kunming Palace? If you walk, you need at least a cup of tea? How can you do it with such a long distance, so you and I'll live with you in Qianqing Palace, okay?"

Xie Zhiwei didn't speak. Lu Yan said that Xiao Xun had ordered her to live in Qianqing Palace a long time ago. She had also thought about this issue, but what would the courtiers say? What will the people say when they know?

After reaching this position, Xie Zhiwei had to think more, she was not only Xiao Xun's wife, but also the future queen of Dayong, behind her was the Xie family.

The ancestral motto of the Xie family is "diligence, thrift, and prudence", and the so-called "prudence" means sincerity, sincerity, caution, and virtue.

Today's update!

Dear friends, ask for a ticket!

Thank you for your concern. The body is the capital of the revolution. Do everything you can to keep it healthy!

Chapter 887 Gentleness

"Ah Xun, I don't want to be so far away from you. I don't want us to be husband and wife, but I don't know what you did, and you don't know what I did. As time goes by, we will involuntarily try to figure out each other, There are times when you guess right, and there are times when you guess wrong, and once you guess wrong, there will be misunderstandings..."

"Yes, yes, Mei Mei, so, husband and wife should live under one roof, so I want you to move to Qianqing Palace."

"But for Qianqing Palace, you see, Mingjian and Dongshijian have figured it out. If I live in it, I have to renovate it. But this is designed by my big brother. It was very good. If I remodel it, it will be very good. trouble."

She looked towards the Hall of Mental Cultivation to the west of Qianqing Palace, "Ah Xun, I like that hall the most, the size and layout are very suitable, and my mother lives in the Palace of Compassion and Ning, which is also very close to the Palace of Compassion and Ning. I will live between you and your mother, okay?"

"Go, let's go and see!"

Xiao Xun also thought it was very good, if Mei Mei didn't want to live in Qianqing Palace, then he could live with Mei Mei in Yangxin Palace, and he didn't have to live in Qianqing Palace.

The two walked out from the Yuehua Gate, passed through Jiaxiang, and found the Zunyi Gate. After entering the Zunyi Gate, there was a jade screen wall on the left, the Yangxin Gate on the right, another screen wall at the entrance, and the Hall of Mental Cultivation after bypassing the screen wall. The front hall, the east and west side halls and the back hall.

There are five halls in the front hall and seven halls in the back hall. After looking back and forth, Xiao Xun found that the layout of this Hall of Mental Cultivation is almost exactly the same as that of Ninghui Hall in Prince Xiang's Mansion.

Standing in the courtyard between the front hall and the back hall, Xiao Xunqing hugged Xie Zhiwei into his arms, his side face pressed against Xie Zhiwei's forehead, and said emotionally, "Mei Mei, it's all my fault!"

Xie Zhiwei put his arms around his waist and rested his head on his chest, "Ah Xun, you are fine!"

"It's all my fault, I always leave you alone, Ninghui Hall is so good, I didn't stay with you there for a few days."

And the house in Jingzhao Mansion later, and the Ninghui Hall after moving to Zhending Mansion, Xiao Xun couldn't help thinking that Meimei named every main house they lived in as Ninghui Hall, was it just to let him Don't forget her?

"I'm not fine at all, I always leave you at home alone." Xiao Xun was filled with guilt, he let go of Xie Zhiwei, smoothed a lock of her hair from the sideburns behind her ears, stared at her face affectionately, "Even when you were pregnant, I didn't take good care of you."

"You can stay with me well in the future!" Xie Zhiwei took Xiao Xun's hand, "Ah Xun, let's have people move all the things here, and arrange it like the Ninghui Hall in Prince Xiang's Mansion, okay? "

"good!"

Xiao Xun was very lucky. He packed many things that Mei Mei left in Ninghui Hall into cages, and said happily, "Mei Mei, do you still remember that you left a lot of things in Ninghui Hall? I think So, we may never go back again, this time, I will ask someone to bring all of them here for you, and I will let Li Baozhen stay behind, and it will arrive in a few days."

"Really? That's great!" Xie Zhiwei excitedly walked around with Xiao Xun in the Hall of Mental Cultivation, "Ah Xun, the supporting halls in front are reserved for you. Let me use Tishuntang."

"Okay, you can say whatever you want, and everything will be done according to your instructions." Xiao Xun liked to see Xie Zhiwei so happy, and only felt that as long as she was happy, he could do whatever he wanted.

There are five Yanxi Halls and five Tishun Halls, facing the two Ruyi Gates. Xie Zhiwei used these two rooms as places to receive guests. There are seats in the middle of the Tishun Hall, and a kang table in the middle of the Yanxi Hall.

The Hall of Mental Cultivation is fully furnished, and Du Gui and Li Chun arranged for someone to move Xie Zhiwei's daily utensils from Kunming Palace.

The west part of the back hall was used as an inner room, and there was a small side room in the middle of the Yanxi hall as a clean room. Xie Zhiwei arranged for someone to carry hot soup, and she took Xiao Xun's clothes and went in, just in time to see Xiao Xun stepping Stepping into the bathtub, he accidentally saw his smooth and strong back.

Xie Zhiwei's heart was beating wildly, and she was about to turn her head to leave when Xiao Xun called her, "Mei Mei, come here!"

Xie Zhiwei stood with his back to him, "I'll let the little **** come in to serve you!"

"I want you to serve me!" Xiao Xun said shamelessly, "If you don't come, I'll come and catch you!"

Wouldn't it be able to see him clearly, Xie Zhiwei couldn't help thinking of the previous scene in his mind, the light of the red candle shone through the bed curtain into the narrow space of the Ba Bu bed, and coated his body with A faint layer of blush, sweat rolling off his body...

Xie Zhiwei didn't dare to think about it anymore, his legs were a little weak, and his voice was trembling, "You, don't get up, I, I'll come right here!"

There was no sound behind her, Xie Zhi swallowed a mouthful of saliva, she turned around, and saw Xiao Xun's handsome face full of anger in the hot tub, with a sunny smile on his handsome face, and a pair of beautiful eyes. , so serious affection and anticipation.

Xie Zhiwei couldn't help being stunned for a moment, it seemed that it was the first time she looked at Xiao Xun's eyes so seriously, she never knew that these eyes were so gentle and harmless when facing her.

Xie Zhiwei's hand rubbed gently on Xiao Xun's shoulder, her hand didn't have much strength, Xiao Xun held her hand, even if she wasn't pregnant, he couldn't bear her to bear the force, what's more, they It's been a long time since we were together, how can he stand up to her like this.

"Mae Mae, I'll do it myself!"

"Then I go out and help you prepare clothes?"

Xie Zhiwei heard that his voice was a little hoarse, so he turned his head away, not daring to look at him, and ran away without waiting for him to speak, Xiao Xun's nervous voice came from behind, "Don't worry, I won't get up, be careful fall."

Immediately afterwards, Xiao Xun laughed out loud, Xie Zhiwei couldn't help being ashamed and annoyed, and couldn't help cursing, laughing, what's so funny?

He always seems so happy!

The reception banquet for Xiao Xun was placed in the Dongpei Hall. Xie Zhiwei did not invite many people. Xiao Ke and his wife, Xiao Wei, Xiao Lingsu, Lu Yan, and Xie Mingcheng and Xie Mingxi were all close relatives, so there was no table sharing , a table of eight immortals, surrounded by a circle.

Xiao Xun sat at the main seat, Xie Zhiwei and Lu Yan sat on his left and right hands respectively, and the rest stood in line.

Xiao Xun didn't deal with Xie Mingcheng many times, but he also knew that he was Xie Zhiwei's eldest brother, so he asked, "Didn't you say you were studying abroad, when did you come back?"

Xie Mingcheng hurriedly got up and said respectfully, "When you come back to the emperor, I happened to be traveling near Yanjing. I heard that Mr. Yang was ordered to open an academy in Xiangshan, so I went to have a look. I just passed the examination of Xiangshan Academy. I will enter the school three days later. After returning to Yanjing, I don't intend to go out again."

The first update!

Chapter 888 Uncle Guo

Xie Mingcheng hasn't received the letter from Xie Zhongbai yet, and he doesn't know that his grandfather also intends to let him enter Xiangshan Academy.

Xiao Xun asked, "Are you going to end this year?"

Xie Mingcheng was stunned for a moment. He didn't know if there would be Qiu Wei this year, so he said, "I don't have any plans for this. I think about it in a few years before I finish."

Xie Mingxi said from the side, "Brother-in-law, brother-in-law, is there an autumn bed this year?"

Xiao Xun couldn't help but smile more on his face, he raised his eyes to look at Xie Mingxi, raised his hand and touched his head, "Why, you want to end too?"

Xie Mingcheng couldn't help but lowered his head and laughed, "Fifth brother, you haven't entered school yet, do you plan to take the county exam next year?"

Xie Mingxi also knew that Xiao Xun was teasing him, so he scratched his head uncomfortably, and liked to touch his head, but he was no longer a child.

"Mr. Fan said that if I want to try to be a child student next year, I think it's okay."

Xie Zhiwei was amused by him, and nodded his nose helplessly, "Stop talking such big words, do you know how difficult it is to get admitted to Tongsheng? If you don't pass the exam, everyone will have heard it, I see you Don't think it's embarrassing."

Xie Mingxi habitually wanted to lean into her sister's arms, but when she saw her belly, she immediately stood up straight, "Sister, don't worry, I won't embarrass you. Mr. Fan told me that next February There are five consecutive exams in Li County Examination, and three consecutive exams in Li County Examination in April, and you will be a child if you pass all of them."

"Hey, why didn't you take the exam this year?" Xie Mingcheng said, "If you pass the exam, you will be a child now."

Xie Mingxi said, "I haven't prepared well in the past few years. I went with Mr. Fan to **** the grain and grass. Later, Mr. Fan asked me to learn farming from Mr. Yu. I am eleven years old this year. Mr. Fan said that next year, I will take the exam in one go. go down."

Lu Yan listened to him and said with a smile, "Then you should study hard and wait for your good news next year. If it passes, I will ask your brother-in-law to reward you!"

Xie Mingxi's eyes lit up all of a sudden, "Really? Is there any reward?"

Lu Yan made a fool of himself, "Didn't you study with Jiupin? In the future, when the little prince is born, it won't be possible for you, an uncle, to accompany you? Do you want to be promoted?"

Lu Yan talked about this, Xiao Xun couldn't help but think of Xie Mingxi calling himself "Chen" when he opened his mouth in the apricot blossom forest back then.

Xiao Wei urged from the side, "Quickly kneel down and thank you!"

Xie Mingxi was about to kneel, Xiao Xun supported him, "You really want to be promoted, have you figured out what kind of official you want to be?"

Xie Mingxi scratched his head, and looked at Lu Yan for help. Lu Yan was holding a teacup, with a smile on his lips, not intending to help him.

The corners of his eyes drooped all of a sudden, and he said in embarrassment, "Brother-in-law, I don't want to be an official anymore. Others call my country's uncle, and this official is no longer small."

Lu Yan happened to take a sip of tea, and when he heard this, he spat it out, choking so hard that he couldn't straighten up. He had never been so embarrassed before, so he got up and walked to the window, and the clever little **** hurriedly handed it to him. He wiped his face with a piece of veil, and a cloud of fire flew up on his jade-like face.

Xiao Xun couldn't help laughing, nodded and said, "Yes, Uncle Guo is indeed a very powerful official, everyone should call you Grandpa!"

Xie Zhiwei was so angry that he stretched out his hand to pinch Xiao Xun, "Your brother is ignorant, so are you ignorant?"

Lu Yan turned around, threw the handkerchief to the little eunuch, walked over and rubbed Xie Mingxi's head, "Forget it, don't listen to your brother-in-law, your brother-in-law is also a stingy one, wait until you pass the college entrance examination Try it, it's easy to talk about rewards."

Several people gathered around the table and had a good meal. During the dinner, Xiao Wei and Lu Yan accompanied Xiao Xun to drink a few glasses of wine, and there was no rule of "eating without speaking".

"Brother, if you are still resting in the Huangji Hall, you are too far away from here, right? I think the Maoqin Hall is very good, and the Nanxun Hall is a bit far away." Xiao Xun said.

Maoqin Hall is facing Tishun Hall, Lu Yan thought for a while, "It's good there, but it's too far away from the former court, or the South Study Room."

The South Study Room is at the west corner of Qianqing Gate, just a corner.

Xiao Xun said, "It's better to be in the Maoqin Hall in the South Study Room."

Xie Zhiwei thought that the Maoqin Palace was inside the Shiguang Gate, and that gate was equivalent to a ritual gate between the former dynasty and the rear palace, so he said, "I think the elder brother should live in the South Study Room, and the South Study Room is next to the Inner Office. Connected and spacious."

Lu Yan didn't plan to live in the Huangji Palace at first, Xiao Xun didn't come back, Xie Zhiwei lived in the palace alone, it was too deserted for such a big palace.

Seeing that Xiao Xun was still hesitant, Lu Yan smiled and said, "There is no place to stay in such a big palace. What are you thinking about so much? With this skill, why don't you think about it, when will the Great Court be held?" , let those people come, you haven't ordered to move the capital until now."

Xiao Xun said with a smile, "Haven't I not been enthroned yet? With my eldest brother and the cabinet around, what should I worry about so much?"

He glanced at Xie Zhiwei's stomach, "Brother, the weather is getting hotter and hotter, I want to accompany Mei Mei to Xiangshan for a few days, what do you think?"

Xiangshan Bieyuan was used as an academy for Yang Qia, but there was also a palace there. Originally Xiao Xun's status was uncertain, so it was not easy to invade rashly. Now, although he has not ascended the throne, he is still the emperor in name, and it is only natural that he lives in the palace.

Xie Zhiwei was also taken aback. Seeing Lu Yan's brows knit together, she hurriedly said, "Ah Xun, I'm in this state, so it's not easy to go out of Beijing, right? Besides, the second sister is going to leave the court, I still think about that day, Let's go and see."

"Then wait for your second sister to leave the cabinet, and we will go to the Xiangshan Palace to escape the summer heat. Brother, you should go too."

Lu Yan had no choice but to take a sip from his wine glass, swallowing his depression. Now he understands that Xiao Xun's ascension to the throne is of no benefit to him at all.

"Ah Xun, it is impossible for me to stay with you for a long time. You also said that your second child will be adopted to me. When that time comes, I will raise a child. You should do what you should do. "

Xiao Xun chuckled, and said to himself, Mei Mei gave birth to this, and he didn't plan to have children for several years, otherwise, he would feel uncomfortable, and he was afraid that his elder brother's plan would fail.

He nodded sharply, "Yes, yes, I remember, please help me for a few days first."

Xie Mingxi said, "Lord Lu, my mother said that my sister might be pregnant with twins!"

Xiao Xun lost his composure for a moment, and knocked on Xie Mingxi's head with a chopstick, "What nonsense are you talking about, isn't it hard for your sister to be pregnant with twins?"

Chapter Section 889

Xie Mingxi felt aggrieved and rubbed his head, "Brother-in-law, isn't it related to you that my sister is pregnant with twins? Why are you beating me? Could it be that you have become the emperor, and you won't even let people tell the truth?"

Xie Mingcheng trembled in fright, and was about to scold his younger brother, when Lu Yan raised his eyebrows slowly, and looked at Xiao Xun, "Ah Xun, do you not want to adopt the child to me, or do you want me to sell you a few more years of hard work?" ?"

Xiao Xun wiped his face, "Brother, you think too much, you are selling your life to the late emperor, and selling to me is also selling, I am not willing to adopt the child to you, I am afraid that it will be too hard for Mei Mei to have twins ."

Xiao Lingsu pursed her lips and laughed straight at the side, she leaned sideways and whispered to Xie Zhi, "My elder brother is so good at playing rascals!"

Xie Zhi smiled and said, "Don't tell the truth!"

At night, after taking a bath, Xie Zhiwei lay sideways in Xiao Xun's arms. She wrapped her arms around Xiao Xun's waist and said worriedly, "Ah Xun, I'm actually worried that I'm pregnant with twins. It doesn't matter if it's a pair of dragon fetuses."

Xiao Xun was distracted, but he couldn't do anything. He patted her on the shoulder, "Don't worry, it's okay. I didn't say that I want to adopt one to my elder brother, and leave it to him. Don't worry about it."

Xie Zhiwei didn't know whether to laugh or cry, "How can it be like this, although I'm not reluctant, but they are all our children, wouldn't that be too unfair?"

"Hey, don't worry, even if it's a pair of dragon fetuses, they will be born one after the other, depending on who gets out first. Even if they are born exactly the same, it doesn't matter, there is always a solution. You can rest assured now Raising a baby, don't spoil your body just because you have a baby, I will feel distressed."

This is indeed not something she will worry about. Her belly is 100% twins. The third cousin told her before, and told her not to tell anyone.

Twins are a gratifying and rare event, but such a rare event should not happen to the royal family's first-born wife.

With Xiao Xun's words, Xie Zhiwei's heart, which had been worrying for a long time, finally calmed down. She closed her eyes and soon fell asleep.

In the darkness, Xiao Xun opened his eyes, which were as bright as two lanterns. He couldn't help but think of what his elder brother said to him in private, "If there are twins, the one that lands last will be taken away by me, and I will take it with you." Let him stay away from the capital, tell Mei Mei that the child will not suffer if he follows me, and will be very safe."

Xiao Xun's hand gently caressed Xie Zhiwei's swollen belly. I don't know if it was because of the blood connection, but when the little thing inside kicked him suddenly, he felt the belly bulge under his palm.

"If God is merciful, please don't let Mei Mei be pregnant with twins." In the dark, Xiao Xun closed his eyes, as long as he thinks that a child will be taken away in the future, maybe they will rarely meet each other in their life, his heart will be broken There were throbbing pains.

Not to mention Mei Mei, but he also knew that the big brother's plan was right.

The child in Mei Mei's womb is his eldest son, and he will definitely be named a prince in the future. If the two children look exactly the same, it is a sign of chaos in the country. Who will rest assured?

It's just that such a heavy burden should not be carried by Meme.

Yongxin Bo's mansion was given a new house, in Mingshifang, in front of Chongwenmen Li Street, one more road than the house in the accompanying capital, and in the inner city, as soon as Yongxin Bo moved here, he walked around Yanjing City After walking around, he was overjoyed, and bought a jar of flower carvings at a high price to go to Prince Xiang for a drink.

Prince Xiang welcomed him in, smelled the smell of wine, and was a little anxious, "The national mourning lasts for twenty-seven days, but as a younger brother, I have to obey. Nine months, what did I do to offend you? Are you cheating me so much?"

Uncle Yongxin was so frightened that he almost jumped up, and trembling, the rope on the top of the wine jar he was carrying broke somehow. It's all over the floor, and the house is full of the smell of wine.

King Xiang was stunned for a long time, then sighed, "Fortunately, it's not Baihuaniang."

Xie Zhiwei's original recipes for wine making are peach blossom brewing in spring, lotus flower brewing in summer, chrysanthemum brewing in autumn, and plum blossom brewing in winter. Later, the world simply called it Baihua brewing.

Uncle Yongxin was frightened, he was not allowed to drink alcohol during the filial period, and he didn't know if it was a violation of the law to smell the alcohol, but he was in a state of disbelief, and after hearing King Xiang's words, he said, "My lord, Baihua Brewing is too expensive, I want to buy it too, but I still can't afford it."

"Pull it down, you are so poor that you are almost pants, and you still drink Baihua Niang. I heard that you took another concubine and became pregnant when you entered the door. Why don't you know how to control yourself?" Woolen cloth?"

Uncle Yongxin was about to cry, spread his hands, and said helplessly, "I'm fine, I stayed in her room the night I entered the door, and she was pregnant, my lord, I don't dare to touch women now gone."

"You don't cry in front of me. I think that old man Xie Tiao has planned his whole life. This time he is really unlucky. He married his granddaughter to you as his daughter-in-law. The Xie family married a daughter. I heard that a daughter, the public gave 20,000 taels of silver, which is not counted as a parental subsidy. When your daughter-in-law was in her boudoir, you had a shop or a land under your name. My daughter-in-law gave it to you. Do you think you fancy it? It's because of the large dowry of Xie's daughter, that he came up with the idea?"

This is something that he would never admit to death. Uncle Yongxin hurriedly waved his hands, "My lord, you have really wronged me. No matter how poor my Uncle Yongxin's residence is, I can't think about my daughter-in-law's dowry!"

He said with a sad face, "What's more, my son is not a fuel-efficient lamp. He has been outside for so many years. He heard that he made a lot of money with the emperor. He didn't take a penny back to subsidize the family. What a supercilious look." Wolf!"

King Xiang said "ah" and said in surprise, "No, I didn't mean you. What kind of son do you raise? Let me tell you, my son, even though he became an emperor, he used to fight outside and earn money. The money he got was taken back and spent. The palace moved and the eldest son got married, so he gave one hundred thousand taels of silver in one go."

One hundred thousand taels!

Uncle Yong Xin wished that a hundred thousand taels would fall from the sky and smash him to death. Before he came, Mrs. Cao scolded him at home, saying that he was incapable of producing so much, and he had to eat with his mouth open. He is still alive, his son is getting married, and he can't even get the dowry money of three thousand taels of silver.

He is also very worried, he is also a son, not to mention one hundred thousand taels of silver, but Xu Liang did not get back even one thousand taels of silver!

Fortunately, there are still some industries left by his ancestors in the uncle's house, but he hasn't managed them well for so many years, and the income is not much, but his family has a lot of people.

Today's update!

Chapter 890 Grandson

The study was cleaned up, but there was a mellow fragrance that could be smelled from three miles away. If this is misunderstood by someone with a heart, how can I make it clear?

King Xiang got a headache seeing Uncle Yongxin like this, so he kicked him out, "Hey, let's go, let's go, you didn't drink a drop of the wine, and it made you feel ashamed."

Yongxin Bo was submissive and not very good at talking, so he said bluntly, "I bought the wine!" means that my money was spent.

After hearing this, King Xiang stared blankly at Uncle Yongxin, until Uncle Yongxin couldn't hold his head up anymore, King Xiang suppressed his anger, nodded and said, "Okay, if it's not for fear of delaying the child During their wedding, I will send you to the imperial prison to stay for a few more days. You are also very lucky, after lying down for half a year, you came back to life."

Xiao Gui was afraid of making the prince angry, so he hurried in and asked Yongxin Bo to go out, and personally sent Yongxin Bo out, and when he came back, he said to the porter, "When Yongxin Bo comes, you should be smart."

Xiao Xun came on horseback, Xiao Gui raised his head and saw it, he bowed his waist and went forward, "Your Majesty, why are you here?"

Xiao Xun threw the reins to him, "My father lives here, why don't I come?"

King Xiang heard Xiao Xun's voice, and ran over happily. Xiao Xun pinched his nose, feeling a little helpless, "Father, why don't you follow me into the palace!"

"I won't go, what am I going to do in this palace, I won't go."

Xiao Xun walked towards the study room, smelling more and more strong alcohol, he sniffed and said, "Father, if you want to drink, can't you avoid it? Be careful of Yushican!"

King Xiang died unjustly, and he breathed a sigh of relief at Xiao Xun, "You heard that if I drank, I knew I would be killed by Xu Cheng, a dead dog. He must have done it on purpose. I let him stay in prison before. After so long, he came here to deliberately harm me now."

Xiao Xun was a little dazed when he heard that, Xiao Gui served him tea, and told him with a smile that Yong Xinbo came to drink with King Xiang, but King Xiang couldn't drink, and a jar of wine was thrown on the floor of the study.

Xiao Xun picked up his teacup and took a sip, then nodded thoughtfully, "Father, it is entirely possible. But, Father, if you don't stay in the palace, others will call me unfilial, my son begs you! "

His son has never begged him since he was so old. King Xiang couldn't stand Xiao Xun's trick the most, and his heart softened. Wang Lai, tell me, where are you going to put me?"

"My son thought, you can't be restrained, so I will leave the part of Leshou Palace to you, and you can live as you like. Anyway, there are few people in the family, and Meimei and I live in the Hall of Mental Cultivation. In front of Leshou Palace is Ningshou Palace, so let me live in the Palace of Ningshou. The imperial grandmother will live there."

"Okay, I see. I'll move another day. Anyway, I'm not in a hurry right now. I can move whenever I want."

Xiao Xun smiled and said, "Okay, you have the final say."

King Xiang asked, "How is my grandson? Is he still obedient recently?"

Xiao Xun was stunned for a moment, and it took him a long time to realize who the grandson his father mentioned was, and he couldn't help laughing, "It should be a naughty one, not very peaceful."

King Xiang laughed loudly, pointing to a budgerigar under the eaves and said, "See, I've been teaching this parrot to recite poems recently, and he can already recite a sentence. I plan to teach this parrot to teach my grandson in the future." Recite poems."

As he spoke, King Xiang proudly went up to tease the parrot, "On Liliyuan..."

"stupid stupid stupid!"

King Xiang was so angry that he almost pulled out the parrot and plucked its feathers. Xiao Xun was afraid that his father would be angry, so he hurriedly stepped forward and said, "Father, your grandson will definitely ask a learned scholar to teach him in the future. How can you let the parrot do it?" The teaching principle? If you have free time, make a few small bows and arrows, or find a small pony, why bother with the short-haired beast!"

"You're right!" King Xiang came excitedly again, "If you want to talk about a pony, the child must get a pony to ride at the beginning. A good pony depends on luck. I will tell you tomorrow." Let's go to the horse market to have a look."

Father and son rarely have time to talk together, and when it comes to rising, Xiao Xun stayed in Prince Xiang's mansion for dinner.

Xie Zhiwei was meeting Xie Zhihui at Yanxitang. The two sisters hadn't seen each other for two months. After the wedding date was fixed, Xie Zhihui was about to get married, so she seldom went to see Xie Zhiwei.

"Did you say, will you let the second aunt come to marry you?"

Xie Zhihui shook her head, her expression was inevitably lonely, but she quickly said firmly, "Maybe there is no fate between mother and daughter. I only dare to tell my elder sister about this. I heard from Aunt Yu that my father originally wanted to go to my grandfather to help him." Mother begged for

mercy, who knows, when I went to the family temple and heard mother scolding him, how could father be in a good mood?"

Probably these words have been pressed in her heart for a long time, Xie Zhihui said, "I don't know why my mother wants to do this, she is willing to live like this, so let's live!"

Xie Zhiwei didn't want to make his sister feel so uncomfortable before getting married, so he said, "I heard that another concubine in the Yongxin uncle's mansion was pregnant. Two days ago, Mrs. Uncle had a fight with the uncle, saying that the uncle raised so many concubines." Concubine daughter, the family is so poor that it is almost impossible to get rid of the pot. I can't even afford the bride price for my son. I heard from the emperor that Xu Liang has saved a lot of money from his private house. He has several properties that are very good. I heard that he still has The annual income of two sea-going ships is not to mention one hundred and eighty thousand taels, but three to fifty thousand taels."

Xie Zhihui was extremely surprised. She widened her eyes and glanced at her sister. Seeing that there was some playfulness in her smiling eyes, she couldn't help but blushed and lowered her head.

"Xu Liang is smart, Mrs. Bo is also very capable. In the future, you don't have to worry. Whoever is short of food and clothing in the uncle's house will not be short of yours. After getting married, live a good life. If there is any difficulty, If it's not easy to tell grandfather and second uncle, come tell me."

"Big sister, I know, I'm not afraid."

Xie Zhiwei then called Xuantaο and brought over the gift she had chosen for Xie Zhihui, "I was going to send it to your home, but before you have time, take a look first!"

Xie Zhihui only glanced at it, panicking, "Big sister, this is too precious!"

"What nonsense are you talking about?" Xie Zhiwei sighed, "In a flash, you are all going out of the cabinet, and I don't know what grandfather will choose for the eldest brother in the future. It must be a good-tempered one."

The two sisters talked for a while, Xie Zhiwei asked Xuantaο to send Xie Zhihui out of the palace, and asked Du Gui to send Xie Zhihui home with a gift in person.

Before leaving, Xie Zhihui remembered something, "Big sister, sister Yunhua asked me and uncle Niang to bring you a message, saying that she wants to enter the palace to see you!"

Xie Zhiwei couldn't help thinking of Lu Yan, and felt a headache. She rubbed her forehead, "I see, you tell her, if she wants to come, just pass the sign to the performance office."

There is a problem with the backend on the computer. I will upload it for the time being today. The operation on the mobile phone is very troublesome.
