

The Power 891

Chapter 891 Love

Xie Zhihui saw that her sister seemed very troubled, and wanted to ask, but she couldn't ask.

Seeing that it was getting late, Xie Zhiwei asked her to leave the palace earlier, while comforting her, "It's nothing embarrassing, don't worry about me, you take good care of yourself, stay at home to get married, and when that day comes, I'll see you off. "

"I'll wait for big sister to come!"

After Xie Zhihui left, Xie Zhiwei returned from Yanxi Hall to the Ming Room of the back hall. She picked up a book and read it. Although her eyes were fixed on the book, she didn't know where her mind was.

Xiao Xun came back and took the book from her hand. She didn't come back to her senses for a long time, but Xiao Xun was startled, and quickly touched her forehead, "Mei Mei, what's wrong with you? Is there anything wrong?" Comfortable?"

Xie Zhiwei came back to her senses, she was about to stand up and help Xiao Xun change clothes, Xiao Xun held her down, "Don't move, I have hands and feet, I will do it myself!"

Xiao Xun sat down beside her, "Mei Mei, what were you thinking just now?"

Xie Zhiwei thought for a while, and told about Cao Yunhua's coming to see her, and said, "She already had a crush on big brother, and she was not afraid of causing some criticism when she was with the capital. But later, After what happened to the Marquis of Wu'an's mansion, she just put her mind away."

Xiao Xun hurriedly said, "This is a good thing, elder brother must always be served by someone."

Xie Zhiwei was very worried, "If big brother is willing, of course we are happy to see it. However, I don't think big brother has such thoughts. I am worried that big brother will feel even more uncomfortable if sister Yunhua is like this."

Hearing this, Xiao Xun's hair almost stood on end, "Why is the girl from the Cao family like this? Could it be that she thinks that if she is favored by her eldest brother, the Marquis of Wu'an will be restored to the title?"

Xie Zhiwei knew that Xiao Xun had come back to his senses, no matter whether he was in favor or against, he was always feeling sorry for Lu Yan, so he couldn't help laughing and said, "Don't talk too much, don't even think about it. , if Big Brother really likes Sister Yunhua, if he is willing, then why not, you won't restore Marquis of Wu'an's residence for the sake of Big Brother?"

Xiao Xun's nose was a little sore, and his voice was weak, "If the elder brother is happy, I will give him the position of emperor, and I am willing. What is a mere marquis?"

He was a little reconciled, "Brother is really not willing? Although I don't know what the girl of the Cao family looks like, but since she is the niece of Cao's family, it shouldn't be bad. Mei Mei, are you sure that the elder brother is really unwilling?" ?"

After all, Xiao Xun still hopes that there will be someone by Lu Yan's side, even if this person does not please him, it would be great if someone serves him and stays with him.

Xie Zhiwei said, "How could I make a mistake, don't you forget that when I knew, you were by the side?"

Xiao Xun remembered that he had also insinuated elder brother, "Forget it, don't mention this matter again. If she comes to see you, please persuade her not to make trouble in front of elder brother."

"I know, you love big brother, and I do too. When she comes, I will tell her well."

"Hmm!" He touched Xie Zhiwei's stomach, "After the child comes out, I just hope that the elder brother can be happier for the sake of the child."

He picked up Xie Zhiwei, put her on his body, stroked Xie Zhiwei's stomach, "Mei Mei, are you reluctant?"

Even if the elder brother is the one who adopts the child, but in the end, he wants the child to leave his parents. Xiao Xun will inevitably think that if it is not because of him, Mei Mei would not have to be so embarrassed.

After all, he made Mei Mei unhappy!

Xie Zhiwei didn't think much about it, she smiled and said, "If it's twins, it would be nice to let the elder brother help raise one. Ah Xun, I'm actually very happy. Even if the child is adopted by the elder brother, he is not ours. Is he a child? What a wonderful thing it is to have one more person in this world who loves him!"

A sincere smile appeared on Xiao Xun's face. He sincerely said "thank you" to Xie Zhiwei, and kissed her on the cheek.

Xie Zhi got down from Xiao Xun's body with a blushing face, and Xuanta asked in the morning, "Princess..."

Before she finished her sentence, Xiao Xun said impatiently, "Why is she still the Princess, and she will be called Empress Empress in the future!"

"Yes, the servant obeys the order!" Although Xuanta was scolded, she was very happy and said, "Empress, where is the dinner?"

Xie Zhiwei glanced at Xiao Xun reproachfully, and said, "Just put it outside, go and ask Mr. Lu if you want to come and have dinner together?"

"Yes!" Xuan Tao tiptoed down.

Xie Zhiwei came over and put his hand on Xiao Xun's shoulder, "What happened today? I was so angry when I came back. Is it because the father refuses to move into the palace?"

In the morning, when Xiao Xun left the palace, he said that he would welcome King Xiang to live in the palace. He also said that if his father refused to enter the palace, he just had to put on a show.

He also complained that after becoming emperor, he lost a lot of freedom.

"Father didn't say that he couldn't come in. He said that he would move in tomorrow. First move some boxes and cages in. When the time comes, he will live at both ends. If he wants to live in the palace, he can live in the palace. If he wants to live in the palace or in the palace. I think this is very good."

Xiao Xun felt a little sad when he thought of his father's body. He held Xie Zhiwei's hand and held her in his arms, "Mei Mei, I want to give you the best, and I also want my elder brother to be happy and happy!"

It would be great if the elder brother was not in this position!

"Ah Xun, don't think that way. You and I think it's not good for big brother. When we think like this in our hearts, we usually show it. But I always feel that this is a disrespect to him and a harm to him. "

"You're right, let's not think like this in the future." Xiao Xun buried his face in Xie Zhiwei's arms.

Dinner is served in the open room.

Lu Yan was wearing a blue lotus brocade gown with a right lapel collar, a jade belt around his waist, a gourd-shaped purse on one side, and a jade pendant on the other. Looking up and seeing Xiao Xun and his wife, he took two quick steps and came forward, "Ah Xun, princess."

Xie Zhiwei couldn't help but glanced at Xiao Xun. Her glance made Lu Yan a little dazed, so he also looked at Xiao Xun and asked, "What's wrong?"

"No, nothing!" Xiao Xun blushed, looked at Xie Zhiwei in embarrassment, and didn't know whether to let her say it or tell her not to say it.

Lu Yan smiled, and quickly changed the topic, "You asked me to drink with you, right?"

Xiao Xun touched his nose, a little embarrassed.

Xie Zhiwei thought about this, but Xiao Xun would always be uncomfortable, so he smiled, "Just now Xuanta called me the princess, and A Xun said a few words, I heard the big brother shouted, and I wanted to see if he also I have to reprimand my big brother."

"How dare I!" Xiao Xun smiled, and said to Lu Yan, "Brother, I want my father-in-law to come back from Xijiang. Who do you think is better?"

It turned out to be for this matter!

Lu Yan thought that after conferring the concubine, the concubine would definitely be conferred. Xie Yuanbai, a marquis, would definitely not be able to escape, and with Xie Yuanbai's achievements, it is possible to confer the title of Duke, and it would definitely not be suitable for the Western Regions in the future.

The second update!

Chapter 892 To be married

"How about I go!"

Xiao Xun suddenly raised his head and looked at Lu Yan, "Brother, is it true?"

Lu Yan was turning a small Chengyao fanhua wine glass in his hand, and there was a smile at the end of his long and narrow eyes, which was less of the soul-stirring monster, and more of the atmosphere of human fireworks.

"Let me go. If I can't stay there for a long time, I will let the Han Yu army station there. Guo Qi is the general under the command of my father. If he is there, you and I can rest assured."

He turned his head and looked at Xiao Xun, "In the future, this family business can be passed down!"

Xie Zhiwei turned her face away, tears rolled down her eyes, she suddenly felt out of composure, got up and walked to the next room, stood in front of the south window, covered her face with a veil, and wept silently.

Xiao Xun held the wine glass tightly with his hand, desperately trying to force the tears out of his eyes. After a long time, he breathed a sigh of relief, "Okay, brother, because of your words, today I will make it clear!"

Lu Yan glanced at the time with some worry, raised the wine glass and touched Xiao Xun, both of them drank the wine in the glass.

After drinking and eating, Lu Yan left. When he came out of the Hall of Mental Cultivation, Mi Tuan hurriedly put a cloak on Lu Yan. He carefully asked in a low voice, "Master, why is the empress crying?" Is it already? Are you reluctant to part with the child in your belly?"

The light not far away shone in Lu Yan's smiling eyes, which were full of warmth.

He was in a good mood, "No!"

She just let go of her heart.

After leaving the palace of the accompanying capital, he went to Xijiang, above Longshan Mountain, outside Lingzhou City, beside the Wuding River, where the 70,000 Hanyu soldiers, father and mother, and were buried in the sea of fire died for him. To him, his younger sister is just like the previous life.

He cut apart and erased that part of his life, that part of memory, he didn't want to think about it, he didn't want to look back, he only had the way forward in his eyes.

However, a person who has forgotten the past, in this world, is like a rootless duckweed, walking dead.

Did he worry her!

Lu Yandao, "The house in Nanxunfang, you should arrange for someone to renovate it as soon as possible during this time. In the future, there will be a young master in the family, so we need to select more suitable people to take care of it."

"Little, little, little master?"

"En!" After Lu Yan finished speaking, he walked out quickly. He temporarily rested in the South Study Room, entered the room, sat at the desk, thought for a while, took out a "Shuowen Jiezi" and began to flip through it. stand up.

In the Hall of Mental Cultivation, Xiao Xun came out of the clean room, looked at Xie Zhiwei who was leaning on the bedside and flipping through the books, couldn't help laughing, he walked over, got on the bed, climbed inside and leaned down next to Xie Zhiwei, "What are you doing today?" Brother is scared!"

As he said, he stretched out his arms to embrace Xie Zhiwei, Xie Zhiwei put down the book and leaned into his arms, "I think this may be the last and only regret among us, we are all healed, only There is a big brother... If he is willing to raise our children, it will always comfort our hearts."

On April 29th, Uncle Yongxin's mansion sent a betrothal gift, and Xie Zhiwei couldn't leave the palace, so he asked Bai Ling to help her see it.

A total of sixty-four sets of betrothal gifts, 10,000 taels of silver as betrothal money, swept away everyone's prejudice against Yongxin Bo's mansion being poor. The betrothal gift was placed in the courtyard of Xie's house, and everyone who came to see the betrothal gift was amazed. The three animals were all headed, the silk and satin were dazzling, and the box of precious stones was even more valuable. Everyone praised the second girl as a blessed woman. of.

The Quanfu person invited by the Yongxinbo Mansion is the wife of Chen Kui, the prefect of Zhending Prefecture. Although she came from a humble background, she has both parents, with children and daughters. Putting it on Xie Zhihui's head, she praised, "Mrs. Junguo is really blessed. Her daughter is well-raised. The empress heard that she will give birth in three months. Now she is marrying her niece and daughter. In the future, many children will surround her." Mrs. Junguo is calling grandma."

Mrs. Yuan laughed, and asked Mrs. Zhang to sit outside, "Don't talk about me, you are also blessed, who can be the wife of Quanfu, which one is unlucky? You are tired today, mother, you also go together seat!"

The person who came with Mrs. Zhang was the capable and respectable nanny next to Mrs. Yongxin Bo, so Yuan Shi asked Tian Nanny to invite her to the table.

Yuan took everyone away, and Bai Ling flashed in. When Xie Zhihui saw Bai Ling, she stood up in surprise, "Bailing, why are you here?"

Bai Ling laughed, "It was the empress who sent the servants to watch the ceremony. Second girl, the empress asked the servants to bring you a message!"

Xie Zhihui quickly winked, and asked Mingyue to lead the maids in the room to retreat.

Bai Ling took out a purse from his bosom, which was full of silver bills and handed it to Xie Zhihui, "Here is a ten thousand taels of silver bills, the empress asked my servant to give it to you!"

Xie Zhihui waved his hands in a panic, "No, no, how can there be so many, I can't take it!"

Bailing stuffed the purse into Xie Zhihui's hands, "The empress said, this is not on the dowry list, and there is too much money for the second girl to keep when she goes to her husband's house in the future. Don't panic, but for any problems that can be solved with money, let the girl not be reluctant, and don't wrong yourself."

Xie Zhihui held the purse tightly, tears were shining in her eyes, she didn't know what to say, no one's money came from floods, how could she ask the big sister for so much money?

Big sister is really kind to her, if she refuses, it will hurt big sister's heart.

"Big sister, how is she? She said she would come to watch the ceremony, but I don't know if she can come?"

"The empress is already picking out the clothes to wear that day, why won't she come?" Bai Ling felt that it would not be a problem for the empress to go out of the palace at all, so she comforted, "The second girl can rest assured to get married!"

Xie Zhihui nodded solemnly, "Bailing, you go back and tell big sister not to worry about me, I will be fine!"

When Bailing was going out, he happened to meet Xie Zhiqian and Xie Zhiying coming over. When they saw Bailing, they also stopped them for a while to talk.

The sisters are getting older now, and they are about to leave the cabinet one by one, and they cherish the time together.

After Xie Zhiqian came in, she asked Mingyue and Liu Xing a lot about how the second sister's things were packed? If anything is missing, go get it from her. Xie Zhiying also knew that she was helping to worry about it, and she was very reluctant. The three sisters had dinner together before breaking up.

On May 17th, Xie's house started to set up a tent to test the stove. It was cleaned inside and out, servants and servants put on new clothes, and decorated with lanterns and festoons everywhere, which was very festive.

After a busy day, Mrs. Yuan came to the courtyard where Xie Zhihui lived after taking a bath. Xie Zhihui greeted her and greeted her, "Uncle!"

Chapter 893 Canon

Looking at Xie Zhihui, Yuan Shi couldn't help but think of when her daughter left the cabinet, she was filled with emotion. She took Xie Zhihui's hand and got up, "Good boy, don't be so polite, go in and talk."

Tonight, it is reasonable to ask the mother to accompany the daughter who is about to leave the court for the night. Xie Zhiwei was accompanied by the old lady Cui for the night.

"Tonight, my aunt will sleep with you. Tomorrow you will go to someone else's house to be a daughter-in-law. My aunt looks at you just like her big sister. I really don't want to part with it."

Xie Zhihui's tears fell down, and she threw herself into Yuan's arms, "Uncle, I don't even know how to thank you and elder sister!"

"Stupid child, what are you talking about? What kind of words of thanks do the family members say? This is really a gift."

Xie Tiao and Xie Zhongbai returned to Yanjing a long time ago, Xie Tiao is still on sick leave, these days, Zhang Quanjin came to the door every three days, Xie Tiao was entangled by him, but he still refused to give an inch, and even played a rogue, Zhang Quanjin said that he forced his daughter to death, so he vented his anger on the Xie family. What does it have to do with them?

In the early morning of the next day, there were Yuan Shi and Qian Shi in the backyard, and the nanny sent back by Hai Shi was delayed on the road, so she arrived and went to Xie Zhihui's room, and when no one was watching, she stuffed a thousand The two silver bills were given to Xie Zhihui, saying that the fourth aunt gave her the bottom of the box.

Tomorrow, Haishi sent a set of face masks, which are also worth one or two hundred taels of silver.

This woman is very good at talking, "The fourth wife also asked the servant girl to tell the girl that when we go to other people's homes and become their daughter-in-law, we should observe the etiquette and don't let others bully you. If you have any grievances, you must come back." explain."

Xie Zhihui nodded, with tears in his eyes, "How are the seventh and eighth brothers?"

Hai Shi gave birth to another son last year, who is about half a year old now.

"Okay, okay, when the fourth wife is busy, she is watched by a servant, she is really smart and strong."

Xie Zhihui couldn't help but miss her very much, and wondered when they would come back?

After half an hour, a **** came to the palace. Xie Tiao was receiving guests in the main hall. Hearing this, he hurriedly greeted him and said politely, "Elder-in-law, what orders does the emperor and empress have?"

This is fair and fair, "Master Xie, the emperor and empress are coming, so I sent a servant to come over first and say that there is no need to pick them up. What happened before is still the same today."

Xiao Xun and Xie Zhiwei can say that, but Xie Tiao can't really do that. Many people in the court have come, and Zhang Quanjin's scourge is still there. .

Xie Zhongbai was clever for a while, and quickly winked for someone to report to the back. Soon, Yuan Shi led the family to welcome him out. Xie Zhongbai waited all over the place inside and outside the house.

Xiao Xun and Xie Zhiwei's carriage stopped outside the door, Xie Tiao took a step forward and knelt on the ground, and the people behind him all knelt down, "Your Majesty, Empress Empress!"

"Grandfather, Mother!"

Xie Zhiwei hurriedly stepped forward to help her, but Xiao Xun was already a step ahead of her, and helped Xie Tiao to stand up with his own hands, "You are too polite!"

Xie Tiaoxin said, can I not kneel?

He just got up, looked at Xie Zhiwei, saw that she looked very good, with only one belly, as big as a basin on her body, and was very worried for a while, and handed her to Yuan Shi, "Be careful, be careful! "

Yuan naturally knew the seriousness, and helped Xie Zhiwei to walk into the house. Xie Zhihui and others had already got up, surrounded by Xie Zhiwei, all of them were very excited, their eyes were shining brightly, Xie Mingxi followed, and gently pulled Xie Zhiwei's sleeves.

Xie Zhiwei turned his head to see him, and said with a smile, "Go talk to your brother-in-law!"

"Hey!" Xie Mingxi jumped up and ran out.

Falling into Yuan Shi's eyes, she was naturally very happy. She and Xie Yuanbai have always been together and separated more these years, and they have no children. Just these two, I hope that they can be intimate and rely on each other in the future.

Xie Mingxi followed behind Xiao Xun like a little tail, Xie Tiao asked Xiao Xun to go to the study to talk, only a few cabinet elders were left, Xie Mingxi was about to go out, Xiao Xun called him, "Brother Xi, You stay and make tea for us!"

Zhang Quanjin and the others couldn't help but look at the child deeply, seeing that he had a pair of extraordinarily bright eyes, exquisite facial features, and a very decent manner. Zeng Shiyi knew Xie Mingxi, but Zhang Quanjin didn't, so he looked at Zeng Shiyi with questioning eyes.

Zeng Shiyi smiled, "I still remember that when I went to Peach Blossom Villa with the late emperor, the Fifth Young Master was only this tall?"

Xie Tiao nodded with a smile, "He was brought up by his sister since he was a child, until his sister came out of the cabinet, in the blink of an eye the children were gone, and we were getting old too!"

Zhang Quanjin finally understood that this child was actually the younger brother of the empress, and he was so loved by the emperor.

Xie Mingxi made the tea himself, and brought it to Xiao Xun, "Brother-in-law, the tea I made is not good."

Xiao Xun picked it up, took a sip, nodded appreciatively, "It's not bad, it's not too bad!"

After making the tea, he stood behind Xiao Xun. Xiao Xun leaned back on the back of the armchair, squinted his eyes and asked Zhang Quanjin, "Mr. Zhang Ge, how are you doing with the enthronement ceremony and queen conferment ceremony?"

When Xiao Xun said this, even Xie Tiao couldn't understand it. The enthronement ceremony and empress ceremony were led by King Jingjiang, with Zeng Shiyi and Chi Yude as assistants. Why did the emperor ask Zhang Quanjin?

Zhang Quanjin hurriedly got up, "Your Majesty, the King of Jingjiang County and Mr. Zeng and Mr. Chi are on business, and I don't know about it!"

As he said that, Zhang Quanjin glanced at Zeng Shiyi and Zeng Shiyi with some resentment in his eyes. The two were clearly sitting here, but they didn't speak.

"Oh, that's right!" Xiao Xun seemed to know nothing, turned his head and asked Xie Tiao, "Grandfather, what kind of job does Mr. Zhang Ge get?"

Xie Tiao didn't dare to call him "grandfather", and hurriedly got up respectfully, "If you go back to the emperor, Mr. Zhang Ge is the servant of the household department."

"The left servant of the household department!" Xiao Xun started to play with the dragon and phoenix jade bracelet in his hand again. He thought for a while and asked, "Mr. Zhang Ge, last year, was the income and expenditure of the household department balanced?"

"If you go back to the emperor, you will spend too much and have a serious deficit!" Zhang Quanjin frowned, why did the emperor ask these for no reason?

"Then tell me, how did you surpass the law? Where did the deficit come from?" Afraid that Zhang Quanjin would not know how to answer, "Just tell me, among the six departments, how much the Ministry of Industry surpassed, and how much the Ministry of War surpassed. , and the Ministry of Etiquette, oh, the Ministry of Punishment will definitely not surpass it, it should be mainly the Ministry of War and the Ministry of Industry, both of which spend the most money."

Zhang Quanjin said, "Last year, the annual tax bill of the two capitals and the thirteen provinces was 39.52 million taels. The budget for last year was 38.25 million taels at the beginning of the year. However, at the end of last year, the bills reported by the various ministries totaled 52 million taels, and the annual deficit reached 124.8 million taels."

Fourth update!

Chapter 894 Lively

As soon as this remark came out, Xie Mingxi was stunned. In this way, the deficit of the court is as high as 12.48 million taels?

Then how did the grandfather, the Minister of the Household Department, do it?

Xie Mingxi broke into a cold sweat because of it, he was still a little tender after all, and didn't see that Xie Tiao gave Zhang Quanjin a deep look.

"So many!" Xiao Xun smiled and asked, "Where are they all?"

"The Ministry of Industry and the Ministry of War!" Zhang Quanjin gritted his teeth and said, "The Ministry of Industry established its capital in Yanjing. In these years, the emperor's expedition to the north and west has cost more than thirteen million taels of silver a year, not to mention dredging. River courses, build water conservancy."

"Hahaha, this is blaming me for building the capital city and conquering the north and west. Fortunately, I was not the emperor at that time. Otherwise, the history books would have to record a sentence of 'military violence, abuse of people's power, extravagance and lust'!"

"I dare not!" Zhang Quanjin knelt down, lowered his head and said.

"Now, how much money is there in the account of the Ministry of Accounting?" Xiao Xun continued to ask, crossing Erlang's legs.

"This..." Only then did Zhang Quanjin realize that the whereabouts of the emperor was here. Sweat broke out on his forehead, and he stuttered and couldn't answer.

Xiao Xun looked at Xie Tiao, and Xie Tiao hurriedly stepped forward and said, "If you go back to the emperor, there are still 16.2 million taels of silver on the accounts of the Ministry of Accounts, and the actual treasury silver is 31.52 million taels." !"

"En!" Xiao Xun stood up, glanced at Zhang Quanjin on the ground, and said, "Zhang Shilang, since you like to worry about the affairs of the Ministry of Rites so much, in this way, according to my order, Zhang Quanjin will be transferred to the Ministry of Rites as the Minister of Rites, and Lu Qiling will be transferred to the Ministry of Household Affairs Ren Zuoshilang."

Zhang Quanjin was shocked, what is he? He was the left servant of the household department well, but he was actually transferred to the Ministry of Rites. In a daze, Xiao Xun's cold voice sounded above his head, "Why, are you not satisfied with my decision? What's the dissatisfaction? I will sit in the Ministry of Rites in the future. As for your position, you can mention any of my disrespect, and if the Minister of Rites is inconvenient for you, I can transfer you to Yushitai."

"I don't dare, I will give you an order to thank you!" Zhang Quanjin was covered in cold sweat, lying on the ground, not daring to move.

"It's about being a gentleman, right? You are a man of courtesy, and I have wronged you by putting you in the household department. Get up! Today is the day when my sister-in-law leaves the cabinet, and I can't make a fuss." Everyone is unhappy, and I have to help my brother-in-law put on makeup, when I married the queen, Xu Liang helped me a lot!"

Said, Xiao Xun went out, Xie Tiao quickly followed, everyone in the study hadn't woken up yet, only he followed behind Xiao Xun.

"Your Majesty, why would you think of transferring Zhang Quanjin?" Xie Tiao asked after thinking about it.

Xiao Xun was walking towards the gate of the instrument, he stopped, and stood under a camphor tree, the thick shade fell on his head, covering his face with darkness, "As the servant of the household department, I can't even calculate the accounts, How can such an important position be given to this kind of person who is not loyal to his duties all day long and only wants to gain a good reputation?"

Xiao Xun said bitterly, "He pretended that I didn't know, just to prevent me from giving the empress a grand empress ceremony, even forcing his own daughter to death. How can such a person help me manage the household department? Besides, Lu Qiling He has been trained outside for a year, and he

has been in the North for almost two years, and I heard that his political performance is very good, so I am thinking, who is suitable for him?"

He looked at Xie Tiao, "Grandfather, you might as well help me think of someone to choose."

Xie Tiao felt very relieved, thought for a while and asked, "How is Li Gang?"

Xiao Xun also thinks that Li Gang is a good candidate, but Li Gang has gone to Nuergandusi, who will pick him up?

"One is Lu Qiling, and the other is father-in-law. I plan to transfer father-in-law back. On the side of father-in-law, I plan to let Guo Qi go there and lead the Hanyu army to station there. The Marquis of Dingyuan cannot die, so the Marquis of Dingyuan is stationed. It can last for ten thousand years."

At the gate of the ceremony, Xu Liangkeng recited the makeup poem, in which, the young masters of the Xie family and the Cui family burst into laughter, only to hear Xie Mingyuan laughing, "Second brother-in-law, you can't even hug Buddha's feet!" You know how to hug, you can't just say it like the elder brother-in-law, at least you can recite two songs to fill up the number!"

Xu Liang stopped talking, and kicked lightly on the door, "Okay, Xie Mingyuan, if you have the ability, read two poems and listen to them!"

"I don't read it, I will read it in the future!"

Xiao Xun could not help but smile on his face, and said, "Grandfather, let me go and have a look!"

As he spoke, he strode over there. Xu Liang and the others saw him coming, hurriedly dispersed, and quickly surrounded him. Everyone was very excited.

Those who helped Xu Liang to marry were all noble children, most of them followed Xiao Xun in the west and north, and many of them made military exploits.

Inside, the sons and daughters of Cui Xie's family didn't know what happened, they only heard a silence, Xie Mingyuan said, "Second brother-in-law won't run back in shame, right?"

Xu Liang blushed with embarrassment, and cursed, "Fuck off, who said I ran back in shame?"

Chu Yining smiled and said, "Second son, your second brother-in-law has invited a master, listen to this makeup reminder poem!"

Xie Zhiwei accompanied Xie Zhihui to her room, and watched Quanfu's mother open up for Xie Zhihui, and the maids applied layers on her face, Xie Zhi smiled, "I washed three basins of water that day. Only after washing off the powder on the face, the mother said, every bride in the world is like this."

The wives in the room laughed, everyone said flattering words to Xie Zhihui, it was very lively.

Xie Zhiqian and Xie Zhiying and You Rongyan.

Mrs. Dong Ping asked from the side, "Mrs. Yuan, the family has married two girls. Is the marriage of the third and fourth girls settled?"

As soon as the words came out, the room was quiet, and they all looked over. Xie Zhiqian and Xie Zhiying's cheeks turned red, and Mrs. Dong Ping recognized the two girls. Seeing their outfits, she smiled and said, "Sure enough, the girl from the Xie family is not worried about getting married, I was still thinking, if the third or fourth girl doesn't promise a marriage, I'll come here to ask for a pair of matchmaker shoes."

Qian said with a smile, "You didn't say this earlier."

Mrs. Zeng, who knew the details, said with a smile, "It's too early for your girls to get married. It's so early. It seems that we have to pay close attention to the young masters of the Xie family. It's better to come to the door quickly."

Everyone laughed, Mrs. Dong Ping was very satisfied, she had the illusion that she had entered this circle, she said with a smile, "Fortunately, I have raised two girls, and I have to reserve one for Uncle Guo of the Xie family."

Ms. Qian glanced at Xie Zhiwei, and seeing that she was noncommittal, she lowered her head, twisted the handkerchief in her hand, and said to herself that Mrs. Dongping was really arrogant, knowing that she was Uncle Guo, she dared to make such an idea.

For today's update, please ask for a ticket!

Chapter 895 Overjoyed

Dan Feng walked in quickly and said, "Second girl, the door is about to be opened, and the second son-in-law is coming, put on your hijab quickly."

Xie Zhiwei was stunned for a moment, then heard someone ask, "Why so fast?"

Dan Feng smiled and said, "It didn't happen so fast, the second uncle couldn't make makeup poems, and the eldest son and the others made things very difficult for him. Who knows, the eldest uncle came and helped the second uncle write ten reminder poems in one go. Zhuangshi, the second son-in-law is so generous, there is no way to stop this door."

"Uncle, your uncle..."

There were still people who couldn't recover, so Cao slapped his thigh, "Oh, isn't your eldest son-in-law the emperor? The emperor also came to help make up?"

There was a commotion in the house, but everyone in the Xie family was still calm.

Xie Zhiqian took Xie Zhihui's hand and said, "Oh, I'll talk about the eldest brother and the others later. The second brother-in-law is a military commander. It's too much for them to ask the second brother-in-law to read so many makeup poems. Why don't they talk about fighting with the second brother-in-law?"

Everyone laughed, and Mrs. Cui said, "Miss San, what she said makes sense. We will say so when the uncle of the Yuan family comes to urge her makeup!"

The Yuan family is also a military general, and Mrs. Dong Ping knew that the third girl from the Xie family promised to be the son of the Yuan family.

Xie Zhiqian blushed with embarrassment, but she is not a girl from an ordinary family. She smiled and went to Mrs. Cui, "Auntie, then you have to talk to the cousins of the Cui family when you go back."

After speaking, Mrs. Cui and others all laughed. Mrs. Cui took Xie Zhiqian's hand, and said to Qian with a smile, "I just like the girls from Xie's family, all of them are generous."

Qian seized the opportunity to compliment her, "Eldest lady, don't even think about it, our girls from the Xie family all listen to the elder sister's advice, and it's not too much to say that the elder sister brought them up by themselves. I, I often say For anything, she has to ask her elder sister to see if what I said is right!"

Mrs. Cui was very happy, looking at Xie Zhiwei, "Our sister Wei is a big sister, and these are what we should."

While speaking, Xie Mingcheng had already entered, and all the ladies and wives who came to watch the ceremony retreated to the side, leaving only a few sisters from Xie's family and elders from Cui Xie's family.

Xie Zhiwei covered her younger sister's hijab with her own hands, and when the gold-pinned hijab slipped off, Xie Zhihui hurriedly held Xie Zhiwei's hand and shouted tearfully, "Big sister!"

She is already crying!

Xie Zhiqian and Xie Zhiying were also crying. Xie Zhiwei smiled with tears in his eyes, "Silly sister, why are you crying on such a happy day? Be careful with your makeup, Xu Liang will dislike you."

"However, don't be afraid, if he dares to dislike you, just tell grandpa, tell me..."

"No way, big sister, why don't you tell me to order?"

Xu Liang's voice was getting closer and closer. When Xie Zhihui heard this voice, the anxiety and reluctance in her heart were also diluted. She was shy for a while, but fortunately her face was covered by the red gold hijab.

Before Xie Zhiwei could speak, Xiao Xun kicked Xu Liang, "What's so good about you? If you're good, do you still need people to talk about it?"

"Oh, I'm the bridegroom's official today, Your Majesty, please save some face for me!" Xu Liang made jokes for a while, and the mood of parting in the room dissipated.

Xie Zhiqian and Xie Zhiying wiped away the tears from the corners of their eyes. Xie Zhiying said to Xu Liang, "Second brother-in-law, you have to be nice to my second sister. If you treat my second sister badly, I won't let you go."

Xu Liang was very sincere, and bowed to the three sisters Xie Zhiying, "Big sister, third sister, and fourth sister, don't worry, I will treat the second girl well. I promise, I will never let her be wronged."

Xie Zhiwei nodded to Xie Mingcheng, Xie Mingcheng came over, he raised his hand to hold Xie Zhihui's hijab, "Sister, let me carry you out!"

Xie Zhihui's tears fell again, she lay on Xie Mingcheng's back, Xie Mingcheng spoke to her in a low voice, "Grandfather asked mother to come, if mother didn't come, it's fine if she didn't come, don't take it to heart, there are so many people at home Everyone cares about you, if you go to Xu's house in the future, if someone bullies you, don't bear it, you must come back and say it."

"good!"

Xiao Xun walked to Xie Zhiwei's side, he gently hooked Xie Zhiwei's palm, Xie Zhiwei turned to look at him, his eyes met, and they only saw each other.

"Mei Mei, I haven't been here yet, walk with me." Xiao Xun took her hand, and the two started strolling in the backyard of Xie's house.

The people who served the two of them followed behind, far away.

There is a lake in the backyard of Xie's house, and the weeping willows by the lake are blowing up in the breeze. Xiao Xun, listening to the sound of drum music in front of him, can't help thinking of when he got married, and looking at the people around him, Xiao Xun's eyes are so soft that they can Drops of water come.

"Mei Mei, no matter what happens in the future, no matter what happens, you have to trust me!" He said, holding Xie Zhiwei tightly in his arms, clasping her back with one hand, and holding her back with the other. Hands stroked her stomach.

"Of course I believe you!" Xie Zhiwei stretched out his hand and hugged Xiao Xun's waist, "You are my husband, if I don't believe you, who else can I believe?"

Xie Zhiwei couldn't help but think of her previous life. At the moment before she died, she didn't have any regrets in her heart. She saw him rushing into the cold palace, his cloak fluttering in the wind, the tip of his gun glowing with cold light, but his eyes were full of sadness.

In that life, they didn't have much intersection, but why is there sadness in his eyes? Xiao Changxuan fell into his hands, he is the Lord of Dayong!

The Chao Prison is located to the west of Daming Gate, the No. 1 female prison, and people have already lived in it. When Lu Yan walked down the long passage, the dim light of the oil lamp shone on his side face, like a knife cutting an axe, revealing a sense of determination.

Whether it is the feminine beauty or the diamond-like fortitude, it can make this person have an extraordinary charm, making people reluctant to take their eyes away after just one glance.

Even in this gloomy and dirty dungeon, as long as he walks in it, he seems to have sublimated into a paradise on earth. The candlelight on the two walls is like the manjusawa leading people to the other shore, the sky is full of splendor.

"Lu Yan!"

A voice sounded, and everyone's hearts trembled. Everyone knelt down, shaking like chaff.

Lu Yan's footsteps slowed down a beat, and he turned his head slowly, the long-lost ghost crawled up the corner of his eyes along his eyes, and there seemed to be a stream of light flashing on his red lips, which made people feel like I saw the river of forgetfulness flowing by.

Xue Wanqing knew that this was her chance. Although she was afraid, she firmly grasped the doorpost of the dungeon with both hands, and shouted, "Lu Yan, I know about Xie Zhiwei, do you want to listen?"

A look of unbearable flashed in Lu Yan's eyes, but it seemed that he was becoming more and more cruel.

The first update!

Chapter 896 Jade Death

"Lu Yan, if you don't listen, you will definitely regret it!" Xue Wanqing said, "What I know is Xie Zhiwei's previous life. You should know that there will always be many capable people in this world!"

Mi Tuan and the others were about to jump out of their hearts, especially Qu Chengyu, who really regretted it to death. Why did he leave such a disaster?

Qu Chengyu took two steps on his knees, "Master, the empress ordered this person to be locked in, and said that she was left for the supervisor to interrogate, so the subordinates did not touch her!"

Lu Yan smiled, walked forward, passed a prison door, and asked, "Tell me, I heard that someone has a lotus tongue, I want to see, what ability do you have, let me let you live?"

"I know that few of those who enter the imperial prison can get out alive. Lu Yan, listen to me first, and I won't hinder you. I was imprisoned by Xie Zhiwei. Do you know why Xie Zhiwei said that he would put me in prison?" Leave it to you for a personal trial? That's because she also knows that I am unusual, otherwise, with her means, I would have passed away long ago. "

Lu Yan didn't look at her, but stood with his hands behind his back, noncommittal. He seemed to be listening quietly, his brows and eyes full of impatience.

"I am Xie Zhiwei's cousin. Six years ago, when I was in Famen Temple, Xie Zhiwei pushed her cousin, that is, me, into the pond of Famen Temple with his own hands. That person died, but I came back to life!"

Seeing that Lu Yan didn't seem to hear, Xue Wanqing laughed at herself, "People in this world probably don't know that Xie Zhiwei saved your life when I was young, but I know, I already knew that Xiao Xun is the son of Emperor Zhao Yang. , Xie Zhiwei should also know, because Xie Zhiwei was married to Xiao Changxuan in his previous life."

It's too sensational, how can you make such a rumor about the empress?

Qu Chengyu couldn't help but cast a glance at Xue Wanqing, who was disheveled and lunatic, and said, "Master, this person is simply deceiving people..."

"Back off!"

"yes!"

Qu Chengyu hurriedly led the people away. In the huge dungeon, because it was newly built, after Xue Wanqing was locked up, no one else came in yet.

Xue Wanqing smiled, "Lu Yan, you like Xie Zhiwei, don't you?"

Lu Yan looked over with squinting eyes, his pupils were like knives, and a bewitching cold light flashed, Xue Wanqing only felt a chill on his neck.

She didn't care, and said with a smile, "That year, you shouldn't be ten years old, right? Seven or eight years old? You came from begging all the way from the western border, and you narrowly escaped death. After you arrived in the capital, you realized that it was impossible to take revenge. Then A year of heavy snowfall, you were suffering from hunger and cold, and you had the will to die, at that time Xie Zhiwei asked you to go back with him, why didn't you?"

"At that time, if you had gone back with her, maybe today, you would be the one who married her!"

Lu Yan's eyes turned bloody.

"No matter how kind Xiao Xun is to you, he is the one who sits on the throne, and he is the one who married Xie Zhiwei. He has ascended to the position, the ninety-five lord, and the seventy-two concubines of the Sangong and Six Courtyards in the future, you say, What about my eldest cousin?"

"But what about you? You will definitely not let her down, will you?" Xue Wanqing said more and more vigorously, "In the previous life, you were poisoned by hook-kissing, and Xie Zhiwei didn't detoxify you. She was accused by Emperor Shoukang. Married to Xiao Changxuan, you helped Xiao Changxuan become the prince, and later, he ascended the throne and became the emperor, do you know the ending?"

Xue Wanqing's voice echoed in the dungeon, shaking in Lu Yan's heart, "A year later, after Xiao Changxuan was abolished, Xie Zhiwei was thrown into limbo, and Xie's family was ransacked. Unfortunately, at that time, you were already dead. You gave Xie Zhiwei stayed behind, and ten years later, Xiao Xun and Xie Zhiwei joined forces and turned against each other, when Xiao Xun broke through the city wall, Xie Zhiwei died, and at that time, she stayed in the cold palace for a full ten years!"

"I've suffered so much humiliation!" Xue Wanqing laughed, "Lu Yan, if you knew, you wouldn't be willing to die, would you?"

"Others don't know, but I know that in this world, you are the only one who really holds her in your hands. It's a pity that you can't marry her! Actually, what does it matter? There is a kind of love called platonic love, True lovers don't need to do that kind of thing..."

Lu Yan closed his eyes, his body trembling slightly. In his life, he had been in a lot of embarrassment, but there was never a moment when he stripped himself so cleanly and presented himself in front of a person.

He turned his head slowly and looked at Xue Wanqing. The blood in his eyes and the enchantment in the corners of his eyes were all gone, as clear as a spring, "And then? What do you want to say?"

"Lu Yan, don't you want to know how Xie Zhiwei misses you? She is the most polite person, but how did she treat you? How old was she at that time? Three or five? Brought you home, she healed your injuries later, she recognized you as a righteous brother, and she carefully maintained your dignity..."

Lu Yan smiled and said, "Sure enough, my tongue is brilliant! It's a pity that I never leave anyone alive."

"I know, I said this, you won't spare my life, you are so precious Xie Zhiwei, how could you let me out? Then do you know why Xie Zhiwei doubted me and left me for you Trial? What would happen if Xiao Xun found out? He is Xie Zhiwei's bedside person, tell me, will he know one day what Xie Zhiwei thinks of you?"

"In my opinion, Xie Zhiwei treats you better than Xiao Xun!"

"Why are there so many self-righteous people in this world?" Lu Yan cast a slanting glance at Xue Wanqing, and sneered, "I'm just thinking, what would you say in front of Ah Xun?"

But he didn't intend to give Xue Wanqing a chance. When he turned around and walked out, Qu Chengyu came up to meet him. He paused, "Send her on the road!"

Xue Wanqing clutched the prison door tightly with both hands, looking at Lu Yan's back, the hatred in her heart was overwhelmed, since she has lived like this, she will never let Xie Zhiwei feel better.

Not everyone can bear the love of two powerful men in this world!

Qu Chengyu heaved a sigh of relief, he beckoned, two Jinyi guards came over, holding a white silk in their hands, the cell door was opened, Xue Wanqing had no time to yell, Qu Chengyu was afraid that she would say something shocking again, stuffed a dirty and smelly rag into her mouth.

Bai Ling intersected at the back of her neck, one end at each end, only a click sound was heard, and Xue Wanqing's head tilted to one side.

The fragrance disappears and the jade dies.

Lu Yan walked out of the long passage, the midsummer sun in May shone on his body, driving away the haze from his body, and gradually made him feel a little warm.

His delicate eyebrows and eyes gradually softened.

The second update!

Chapter 897 Back to the door

When Xie Zhiwei returned to the palace, it was already dark, Xiao Xun changed his clothes and went to the South Study Room.

After she took a bath, she leaned on the couch and read a book. Du Yuan tiptoed over, helped her change a cup of tea, and said in a low voice, "Empress, the governor asked the servant to tell Xue The eldest girl is dead!"

Xie Zhiwei was taken aback, moved her eyes away from the book, looked at Chengchen on the roof, couldn't come back to her senses for a long time, she couldn't help but think of her aunt who was so far away that she couldn't remember her face, and how Xie's family couldn't help but be far away in the capital. The old lady who dared to let her die, I wonder what the old lady would think if she knew about it?

"How...so fast?"

Du Yuan said in a low voice, "The governor said that Miss Xue was possessed by a demon spirit and she was insane. Early this morning, I don't know why she became crazy again, and she strangled herself to death."

"The superintendent said that there were not many people in the prison at that time, and when they opened the prison door to rescue, Miss Xue had already died. He also said that she can finally go back, where she came from, and where she went!"

Xie Zhiwei breathed a sigh of relief, and quickly sat up, "What does Master Lu mean, Xue Wanqing is not from our place?"

Du Yuan shook his head, "The supervisor didn't understand it herself. She said she came here wearing a book. How can there be such a thing as wearing a book? It's rare to even resurrect a dead body, let alone wearing a book."

Xie Zhiwei was also dumbfounded, she looked at the book in her hand, it was "Heavenly Craftsmanship", how to wear it?

It seems that Xue Wanqing is really crazy. Xie Zhiwei feels that she has been abnormal for a long time. She is living a good life, but she is dying all day long. This is a kindness.

Du Yuan saw the empress's face relaxed, and she finally breathed a sigh of relief. These words were all spoken by the governor, and she dared not listen to which one was said first and which one was said last.

Sure enough, the governor had a clever plan, and the empress did not think too much about it.

Three days later, it was the day when Xie Zhihui returned home. Early in the morning, Xiao Xun accompanied Xie Zhiwei out of the palace again and returned to her mother's house.

They arrived earlier, left the palace at the end of the day, and arrived at the beginning of the day, the door of Xie's house was opened, Xie Tiao led the whole family and waited at the gate, when they saw the chariot approaching, Xie Tiao rushed forward to greet them.

Xiao Xun got out of the car first. He was wearing a silver gauze gown and a burnt cloth cloak outside, giving people a cool feeling all over his body.

Xiao Xun turned around and helped Xie Zhiwei get out of the carriage. She had a big belly and was very inconvenient to move. Xiao Xun hugged her with both hands, hugged her down, and gently put her on the ground.

Seeing Xiao Xun's thoughtfulness to Xie Zhiwei, Xie Tiao was very satisfied, and was about to salute when Xiao Xun helped him up, "Grandfather, don't be too polite!"

A group of people walked in, Xie Tiao asked Xiao Xun's study to talk, and Yuan Shi took Xie Zhiwei to the backyard.

The whole family gathered in the bright room of the main courtyard to talk, and Qian smiled and said, "I also said that my aunt will not come today. I didn't expect to arrive so early. This is really great. Auntie, sister Qian's wedding It was this winter, and the little prince had already been born at that time, and then you must bring the little prince to marry Sister Qian."

Xie Zhiqian was very upset, "Mother, if Eldest Sister can walk away, she will definitely come. Doesn't it embarrass Eldest Sister by saying that?"

Xie Zhiwei asked Yuan Shi, "How did grandma and the others arrange it? Didn't they say that they would marry in the capital? I wonder when grandpa and the others will come?"

This topic has been diverted.

Just in time, Mrs. Qian was also very concerned, so she pricked up her ears to hear what Mrs. Yuan said?

Yuan said, "Your eldest aunt said to marry in the capital. In Fuzhou, your uncle's steward has arrived in the capital a few days ago. He bought a house in Fengcheng Hutong, Xianyifang. It is being repaired. It will be ready by the end of the month It's fixed."

Xie Zhiwei said, "That's good, did you say when my cousin will come to Beijing?"

"Your cousin should be coming soon. Your grandmother said she was going to Beijing to look after her child. Your cousin will **** your grandmother, so there will be more delays on the journey."

Xie Zhiwei couldn't help touching his stomach when he heard the child. Xie Zhiqian and Xie Zhiying accompanied her and asked, "Big sister, is nephew good?"

Xie Zhi smiled and said, "It's still in the stomach, anyway, it's a naughty one."

After sitting for a while, the woman on the second door said that the second aunt's carriage had arrived at the entrance of the alley, and it would arrive soon.

Mrs. Yuan asked the two girls to sit with Xie Zhiwei, and she and Mrs. Qian welcomed Xie Zhihui together.

Soon, Xie Zhihui followed. She was wearing a real red mandarin duck, lotus, heron, flower and bird Luo sleeve shirt, a green gauze skirt inside, and a ruby hair mask given to her by Xie Zhiwei on her head. The amorous feelings are different from those in the boudoir.

Xie Zhiwei felt relieved when she saw that she looked okay.

"Big sister, you came first!" Xie Zhihui came over and wanted to salute Xie Zhiwei, but Xie Zhiwei stopped her, "My sister, you are so polite!"

As he spoke, he took her hand and sat down, and asked, "Did you go well with your marriage yesterday?"

"It's okay!" Xie Zhihui said, feeling aggrieved, and said, "At first, I only talked about the Yongxin uncle's mansion. When I saw you yesterday, I don't know how the son stayed in this house."

"What happened?" Xie Zhiwei's voice unconsciously carried some majesty.

Xie Zhiqian and Xie Zhiying were also concerned, staring at Xie Zhihui without blinking, and asked, "Second sister, what's going on?"

Xie Zhihui took a deep breath, and clattered the matter, "Uncle was very upset, saying that the son had never taken a copper coin from home before, and he thought it would be difficult for the son to be outside, but who knows, the bride price is 10,000 yuan. Two silver coins, just in time for my eldest brother-in-law to get married, I was very upset when I heard that, the prince didn't wait for me to speak, he said, Lord Xiang didn't bring his concubine home every day, who in the capital is like the uncle's mansion, a lot of concubines and concubines?"

"I didn't hold back the prince. The prince seemed to have endured it for a long time. He said that every tael of silver we spent on our marriage was earned by himself. He didn't spend a tael of silver in the uncle's house. No matter how much the uncle said, He also said that when the uncle dies, if he is underage, let him strangle him to death. Don't count on him, the uncle almost fainted from anger. The newly married aunt of the nineteenth room happened to be pregnant, she said it was an emergency, and she had a miscarriage last night."

Xie Zhihui took a deep breath, "I don't care about it, I'm tired, and I didn't get up at night, Shizi took a look and came back, saying it was very bad luck, this morning, Shizi had another fight with uncle, Otherwise, why come back late."

The third update!

Chapter 898 Bracelet

Xie Zhiwei caressed her chest, and almost lost her breath, Yuan Shi was afraid of making her angry, so she hurriedly said, "Mei Mei, don't worry, it's not a matter of money, I think, two Uncle is a sensible person, he will not let the second aunt be wronged, you can live your own life behind closed doors, Mrs Uncle is still alive, can't I give you something?"

Xie Zhihui hurriedly said, "That's right, when I met my relatives yesterday, my uncle only gave me a one-hundred tael silver bill, but my mother-in-law gave me a box, not to mention five hundred tael silver bills, and one Zhang Land Deed is a shop in the capital, on Zhengyangmen Street, the location is good, and it sells rouge and gouache."

When she said this, she said to Xie Zhiqian and Xie Zhiying, "I will make the rouge and gouache for you two from now on."

Xie Zhiwei felt better, and nodded her nose, "Okay, you are heartless, and you don't say you have taken my bag, can I treat you well?"

Xie Zhihui said coquettishly, "My younger sister really wants to, but isn't the elder sister's rouge and gouache provided by the Ministry of Internal Affairs? My younger sister will not be able to please her if she wants to."

Xie Zhi smiled and said, "Your mouth, really, you clearly don't want to give it to me, and you still speak nicely."

Xie Zhihui came out of the pavilion, many people from the Xie family came, and after a while, everyone came over, and met Xie Zhiwei one by one, all of them were uncles and aunts.

Speaking of Xie Sanniang, Aunt Hong said, "How could I have imagined that Sanniang would have such a good marriage when she came here? I heard that my husband is a high-ranking official of the third rank, and the people over there are all envious. Sanniang's marriage is here."

Xie Zhiwei saw a little girl standing beside Aunt Hong, about eleven or twelve years old, she didn't know her, so Aunt Hong hurriedly pushed the little girl and said, "Hurry up and say hello to your big sister!"

The little girl rushed over, blessed her body, and called Xie Zhiwei "Big Sister", while Qian Shi said from the side, "It's the girl from your Aunt Hong's family, and in the generation of the second room of the family, she is the head of the house. "

Xie Zhiwei took off a white jade carved falcon and goose bracelet on his wrist and gave it to her as a meeting gift. The little girl saw that Xie Zhiwei raised his wrist, and there was a green dragon and phoenix bracelet on it. The green color was like a pool of water, falling on Xie Zhiwei's white snow. On the shape of the wrist, people can't take their eyes off at a glance.

"Big sister, your bracelet is so beautiful, where did you get it?"

The little girl's name is Xie Congyun. The girls in the second room of my family all have the word "cong" in their names, and the last word starts with the word "grass".

It would be rude to ask such a question.

If it was someone else's girl, Xie Zhiwei would laugh it off, but who gave this girl the surname Xie? Xie Zhiwei couldn't write two words of "thank you" in one stroke, so Xie Zhiwei looked at Aunt Hong with a half-smile.

Aunt Hong's face was flushed with embarrassment, and it was not easy to scold in front of so many people, so she smiled and said, "You are still young, so of course you can't use these precious things. When you are as old as your big sister, Naturally, you can see the good things."

Xie Congyun pouted a little unhappy, but still retreated to her mother, playing with the gift she had just received from Xie Zhiwei. Xie Zhiwei also looked away, not wanting to look at this girl anymore.

Let's not talk about Xie Zhiwei himself, even the younger sisters, no matter how young they were, they had never been so rude.

After eating noodles, Xie Zhiwei was a little tired. Yuan Shi took her to her room to rest, fanned her, and said, "You Auntie Hong apologized to me for a long time, saying that the child was too rude. I was planning to play here for two days before going back, but I planned to leave tomorrow."

Xie Zhiwei closed his eyes and didn't speak, Yuan said, "Your Aunt Hong raised this one, it was a dystocia when it was born, and it was said that it hurt the palace, and I haven't conceived it again these years, so it is inevitable that I raised it a bit arrogantly. She said she was going to discuss marriage in the capital, and wanted you to help her see a good one. I said, you are getting older now, and you have a lot of things to worry about. I'm afraid you don't have so much energy, so I said to help her take a look."

Speaking of which, the second bedroom of the family is very close to them. The old man and the second room old man, and the dead third room old man are all cousins, passed down by a grandfather.

If it was a good one, Xie Zhiwei would be willing to help, but after seeing it today, Xie Zhiwei lost the slightest thought.

"I originally said, see if I can enter the palace to accompany you. I saw that the child is twelve years old and has reached a sensible age. How can this be so? I refused immediately."

Xie Zhiwei said, "In our generation, we will have five clothes."

Yuan Shi heard this, and said, "That's right, even if she doesn't have five clothes, no matter whether she has the heart or not, we can't treat them too close if she says such a thing, so we can save the truth."

The Xie family is special. In other families, which one is not a concubine and a concubine, and the fight between the house and the house is like black corns?

Xie Zhiwei couldn't help laughing, and bowed his head into his mother's arms, "Mom, you are the one who is more thoughtful about me."

"Silly boy, mother doesn't think about you, who is she thinking about?" Yuan was afraid that she would think too much, so she gently shook her fan, "Now, you don't think about anything, just focus on raising the fetus and raising the child." To be born safely is a great achievement."

In the guest room of Xie's house, Xie Congyun threw the bracelet he had just obtained on the bed very unhappily, and knocked it on the bed frame with a bang sound. The good jade bracelet was missing a mouth.

Mrs. Hong felt distressed, picked it up and blew it, the gap was too obvious, and it was not easy to mend, so she couldn't help but scolded, "Well, why are you venting your anger on these dead things?"

"Mother, didn't you say that the eldest sister would like me very much? Look, she doesn't give me any good bracelets. Giving me this is obviously looking down on me."

"My son, her bracelet doesn't look ordinary at first glance, why are you still thinking about it. Didn't you see the dragon and phoenix on it, is this something ordinary people can afford?"

"How much of that kind of bracelet does she want? As long as she asks, who wouldn't covet her to give it to her? She gave it to me, and if I go back to my home, who wouldn't envy me. This kind of bracelet can be bought everywhere, I don't want it."

"Where can I buy this bracelet everywhere? It was made by the Ministry of Internal Affairs. Really, it's your mother who spoiled you."

"You also said that if you let me go into the palace to stay for a few days, I don't think people will take our second wife seriously." Xie Congyun was very upset. She was sulking alone when she heard the voice coming from outside. She hurriedly stood up and looked out the window, and saw the fifth young master of the Xie family accompanying a young man through the verandah.

"Brother-in-law, I think the second brother-in-law is deliberately not drinking, but unfortunately I can't drink. If I can drink, I must get him drunk."

The young man rubbed his head, did not answer, and asked, "Do you have any plans? Where are you going to study? Do you still follow Mr. Fan or do you have any ideas?"

Fourth update!

Chapter 899 Relatives

Xie Mingxi said, "I still follow Mr. Fan. Yesterday my grandfather also told me that I will study in the future to be sensible. Unlike my elder brother and the others, it doesn't matter whether I take the imperial examination or not."

Xiao Xun said, "Then what do you think?"

"I still want to take the imperial examination, and my sister also wants me to take this path. My sister told me before that what is given by others, whether it is a high-ranking official or a high salary, is given by others. I have poems and books in my stomach. It is the foundation of standing in the world. Besides, I have said before that I want to be like my brother-in-law, to be a great general with both literary and martial arts."

Xiao Xun put his hands on his shoulders, "Since you want to, you can do it, but you have to promise that no matter what you say in the future, you will remember what you said today. Tell me now, you want to be What is the general for?"

"Of course it's to defend our home and country! I want to be like you, brother-in-law, conquering cities and looting land, and expanding the territory for me in the future."

"Okay, then remember your words, brother-in-law will always protect you, but you have to know that we will have many enemies in the future. The previous enemies are all on the battlefield, and the future enemies... What I told you today, Don't tell anyone!"

Xie Congjun saw that the young man had a face as bright as the sun and the moon, with bright phoenix eyes under a pair of sword-shaped eyebrows. There was a crape myrtle flower blooming in front of him, and a face looked from among the branches and leaves, like a thick and colorful face. Deputy painting.

Who is this person?

Xie Congyun was far away, and she didn't hear what Xie Mingxi and Xiao Xun said, so she didn't know Xiao Xun's identity. However, she saw the jade pei hanging from Xiao Xun's waist, which turned out to be a coiled dragon jade pendant.

"Mother, come and see, is he the eldest brother-in-law?" Xie Congjun hurriedly pulled Mrs. Hong over, and pointed at Xiao Xun on the veranda across a courtyard.

Mrs. Hong glanced at it. Back then, when Xie Zhiwei came out of the cabinet, she also came here. She saw the Prince Chen from a distance, and said, "It's the current emperor!"

"Mom, do I want to go over and say hello?"

"What's your greeting?" But Mrs. Hong's tone was a little uncertain. Before she finished speaking, Xie Congyun rushed out, carrying her skirt, and walked through the chaoshou veranda, shouting, "Brother Xi!"

Xie Mingxi turned his head and frowned when he saw Xie Congyun, "What are you doing here?"

Xie Congyun ignored him, looked at Xiao Xun excitedly, and said with a blessing, "I have met my eldest brother-in-law!"

It turned out to be relatives!

Xiao Xun didn't see any danger on his face, nodded, and said to Xie Mingxi, "I'll go to your sister's place!"

As he said that, he was about to turn around and leave, but Xie Congyun said behind him, "Big brother-in-law, big sister went to Aunt Yuan's yard, I'll take you there!"

Since several rooms of the Xie family are gathered together, there will be a lot of people, and it is not easy to tell who it is, so a husband's name is added to the address. Mrs. Hong is the wife of Xie Hong, the second room of the Xie family.

Uncle Yuan refers to the Yuan family.

Xiao Xun frowned fiercely, and he glanced at the little girl faintly. Seeing the undisguised enthusiasm and eagerness in the little girl's eyes, he felt as disgusted as if he had eaten a fly.

"Why does my brother-in-law want you to take it there? I don't know how to take it?" Although Xie Mingxi was not very sensible, he also felt Xie Congyun's eyes, and he hurriedly took Xiao Xun's hand, "Brother-in-law, let's go!"

Xie Congyun felt extremely wronged immediately, stood there for a while, then was very unwilling, and followed, "Brother Xi, I'm here as a guest, you shouldn't be so rude to me."

Xie Mingxi stretched out his hand to stop her, "You are being rude first, I heard that you dislike the bracelet my sister sent you, is it true?"

Xiao Xun was even more disgusted, he turned around and left.

Xie Congyun was stopped by Xie Mingxi, and could only watch Xiao Xun leave. She stomped her feet angrily, and said, "I'm going to tell your grandfather."

"Go, sue!" Xie Mingxi was very upset, "Hmph, you'd better not come to our house in the future, it's really embarrassing!"

"You, how can you say that about me, where am I ashamed?"

"Oh, don't think I don't know, you want to be my elder brother-in-law's concubine, don't you?" Xie Mingxi leaned close to Xie Congyun's ear, looked her up and down, "It's disgusting!"

After all, she is a little girl with a thin skin. Even if she has such thoughts, she should not be said.

Xie Congyun stared blankly at Xie Mingxi for a long time, opened his mouth and burst into tears, turned around and ran to the guest room, shouting, "Mother, mother, Xie Mingxi is bullying me!"

Xie Mingxi snorted coldly, and didn't feel that he had done anything wrong.

He went to Pei's house for a banquet a few days ago, and met a girl in the backyard who looked at him with such eyes. At that time, Xiaofeng followed him every step of the way, saying that he was afraid that he would be bumped by that girl.

Xiaofeng said that he is the uncle of the country now, and there are many women who want to fly on the branches to become phoenixes. In the future, if he goes out again, he must be careful not to be touched by others.

Xie Congyun thought she didn't know, hehe, her eyes were almost glued to her brother-in-law. She was young and didn't know how to behave.

Xie Zhiwei woke up after a short rest, and then she finished her dressing. Xiao Xun came to pick her up. She bid farewell to her mother and grandfather, had someone say goodbye to her sisters, and followed Xiao Xun back to the palace.

She hadn't gone half a cup of tea, and Mrs. Hong brought Xie Congyun over. As soon as she entered the yard, she shouted, "Where is Brother Xi? Is Brother Xi here? Let's talk to Brother Xi." talk."

Seeing that Mrs. Hong was in a threatening manner, and she didn't know what happened, she invited her into the house, and at the same time sent someone to find Brother Xi.

Xie Mingxi was still practicing archery with Xu Liang. After hearing about this, he took his time and shot the three arrows in his hand, took the veil handed over by Yuzhen, and then left slowly.

Xu Liang pulled him and asked, "Fifth brother, what happened?"

This kind of thing, still can't let too many people know.

"It's nothing, just before I came here, I had a little quarrel with her, and she sued my mother. Second brother-in-law, you can practice for a while, and I will come to you to compete with you later."

The tone is not small!

Xu Liang was a little anxious, and asked someone to bring a message to Xie Zhihui, so that the aunt would not get angry and beat Xie Mingxi.

After the three sisters Xie Zhihui found out, they hurried to Yuan's yard. Xie Mingxi was already kneeling in the middle of the open room, and Yuan was trembling with anger, "Why do you just open your mouth to say such things, ah? I usually How did you teach me?"

Xie Mingxi was still not convinced, "Someone can do it, why can't I say it?"

Mrs. Hong was dizzy, "Who did it? How did you do it? Your cousin kindly said that she would bring your eldest brother-in-law to your eldest sister. What did you do wrong?"

Yuan Shi was also trembling with anger, and said to Xie Mingxi who was kneeling on the ground, "How old are you, not three or two years old, why are you so unconscious?"

Hearing that the three sisters Xie Zhihui came over, how did Yuan Shi make his son so ashamed, and said, "Get up, your second sister is coming back today, don't make a fuss!"

"Sister-in-law is right. Brother Xi is a man anyway, and he is afraid of causing trouble, so what should we do, sister Yun? If word spreads, how can we behave like sister Yun?"

Mrs. Hong covered her face with a handkerchief. Xie Congyun burst into tears, turned around and slammed into the door frame, "I'm dead, woo woo woo, what face do I have to live?"

The three sisters Xie Zhihui had just walked to the door, Xie Zhiqian was afraid that she would run into something bad, so she hurried forward to stop, Xie Congyun just bumped into Xie Zhiqian, Xie Zhiqian only felt a sweet smell rising from her throat, she swallowed hard Go on, anyway, nothing happened to Xie Congyun.

Mrs. Qian happened to come over. Seeing her daughter's face turned pale, she was so distressed that she couldn't be more distressed. She hurried over and asked, "Sister Qian, how are you? Ah? How are you? Tell your mother about it."

Xie Zhiqian didn't want to make any further complications, and said, "I'm fine, nothing happened."

When she opened her mouth, the corners of her lips overflowed with blood. Xie Zhiying was shocked when she saw it, "Sister, don't move, I'll help you feel the pulse."

She pulled Xie Zhiqian to a chair and sat down, carefully felt the pulse, feeling something wrong, but her medical skills were limited, so she dared not make a conclusion, and said, "Auntie, please invite cousin Cui to come over and have a look!"

Xie Congyun was still crying while covering his face, Xie Mingxi was still kneeling on the ground, his face was livid with anger, he stood up, Yuan said angrily, "Where are you going?"

"I'm not going anywhere, I won't be staying at home anyway." Xie Mingxi said, and left without looking back.

Yuan was very worried and wanted to catch up. Xie Congyun said, "I'm ashamed of Xie Mingxi talking about me like that. Did he just leave like this? Your family is very great now, so don't take our second wife seriously." gone?"

Mrs. Yuan simply ignored her son, and said to Mrs. Hong, "I'm not an elder anymore. If you want to make a fuss about this matter, go ahead! Children are ignorant, and if they quarrel, they must be taken seriously. What do you want to do, come out with a charter!"

Mrs. Hong was so angry that her words were incoherent, "Sister-in-law, do you have such a parent? You also raised a daughter. If someone said that about your little sister, what would you think? It seems that you are You're blaming my daughter, so your brother Xi is doing the right thing?"

"Yeah, I'm an uncle of the country now!"

Yuan Shi turned her face away and didn't speak, Qian Shi didn't know why, but just now, Xie Congyun was looking for life and death, and knocked her sister Qian out of good or bad, she felt uncomfortable, "Sisters, don't talk about my aunt Yes, my great aunt has never lacked etiquette in everything she has done since she was a child."

"Why not? Huh, I have never seen the principle of keeping the good things for myself and giving the bad things to others when I see people rewarding greetings." Xie Congyun said.

Mrs. Hong didn't stop her. Everyone couldn't understand what she said, so Xie Zhihui asked, "Why keep the good ones for yourself?"

Xie Congyun tilted his head and said, "Humph, isn't it? There are two bracelets on my eldest sister's arm, one is emerald green and the other is white jade. It looks like the emerald green one is better, so elder sister gave me the white jade bracelet."

Mrs. Hong waited for her to finish, and added, "This is a family of flesh and blood, so we only said these words. If it is outside, we will keep it in our hearts, and we don't even bother to say it."

Yuan Shi and others remembered this incident, but it was really unexpected that Xie Congyun still remembered it in his heart. But, who would give out his best things to others, unless it is a close relative, and who doesn't have his favorite jewelry?

Does it have to be given away if it is exposed?

Xie Zhiying was very upset, "That emerald green bracelet is a dragon and phoenix bracelet. In this world, are ordinary people qualified to wear dragons and phoenixes? Fifth sister, eldest sister has never been a stingy person. She has always been generous to us. You really are You shouldn't say that about big sister."

"That is, she is your big sister, of course she treats you well."

"So, you mean, Eldest Sister is not your Eldest Sister? In that case, just now, return the white jade bracelet that Eldest Sister gave you!"

"Return it!" Xie Congyun blushed and jumped up angrily. She urged the servant girl to bring the bracelet and return it to them. Mrs. Hong was in a hurry and scolded Xie Congyun, "Don't mess around!"

The bracelet was broken by Xie Congjun, and if he took it out, wouldn't it be provocative?

Xie Congyun urged the maid to get it, raised her head and said, "I accidentally broke the bracelet, I will return it to you first, and I will pay you a good one later."

"That's unnecessary, you just return the broken one to us. You have to report this matter to the emperor. How can the empress reward it, and it was broken before it stayed overnight." Qian Shi said.

Only then did Mrs. Hong remember that the eldest aunt was the empress, and she became anxious all of a sudden, and said to Yuan Shi, "Sister-in-law, it is indeed that sister Yun did something wrong. She is young and ignorant, so she made trouble outside. It's embarrassing to go, you can't write two words of "thank you" in one stroke, we're embarrassing, don't you think it's embarrassing?"

"So, we can only bear it? I don't know if we can bear it, whether the emperor can bear it? The emperor has always valued the empress empress, and after so many years of marriage, he has never caused the empress empress to suffer any grievances. The whole family bullies her. I wonder what the emperor will think?" It was Qian who spoke.

"So what if the eldest sister is the main wife? I heard that there are many people in Taoyuan Villa who are going to be selected into the harem. Since ancient times, there has been no flower for a hundred days. No matter how good the eldest sister is, there will be a day when she grows old and fades in the future."

Xie Zhihui couldn't get angry, went forward, slapped Xie Congyun on the face, and said angrily, "Big sister is not good, what can you do?"

Mrs. Hong was very distressed, and sneered, "It's really strange, these aunts and grandmothers who have gone out of the family have come to their natal family. What kind of rules are this?"

Xie Zhihui did not regret what she did impulsively. She tightly held her aching right hand, raised her head and said to Mrs. Hong, "It's also the first time I saw you as a guest, and you actually made a fuss about the owner. Dogs and chickens are restless, my mother's family is also my family, and it's unreasonable for someone to bully me, and I'm still sitting still."

Xie Zhiqian also said, "Aunt Hong, if the second sister doesn't do anything, I will do it today. We have so many sisters, it's not enough for people to bully the big sister."
