

The Power 901

Chapter 901 Maintenance

Xie Congyun was stunned for a long while, then burst into tears with a "wow", she threw herself into Mrs. Hong's arms, "Mother, I'm dead, mother, they bully people like this!"

Front, Shen Shuang came over and said that the old lady invited.

Yuan shi breathed a sigh of relief, and led everyone to the old man's study, which was still called Qijianzhai, a small courtyard with three entrances, facing north and south, the old man and the two masters of Xie's second room were in the middle, and the first entered Qiugui hall. sitting between.

Everyone went in to salute one by one, Xie Tiao glanced at Xie Congyun's face, unable to discern joy or anger, both Mrs. Yuan and Mrs. Hong were uneasy.

"Sit down!" Xie Tiao picked up the teacup and took a sip, "I know everything, and the matter has come to an end, Hong'er's family, please discuss the rules! What kind of compensation do you want? I still want brother Xi to apologize. Bar!"

Mrs. Hong was about to speak, but Xie Hong spoke first, and said, "Uncle, it's all children making trouble, so can it be taken seriously? You see, when you say it like this, we have no idea!"

Xie Tiao didn't pay attention to his words, and looked at Yuan Shi, "Master, prepare two thousand taels of silver and twenty horses of palace satin, and take brother Xi back to my home in person, and explain the situation to the old lady of the second room, Hong Er's family and the eldest daughter of the second room apologize!"

Yuan did not even argue, stood up and said, "Yes, my wife knows!"

Is this because he refuses to sequence teeth with Erfang? Otherwise, why would Xie Congyun be called a "big girl", Xie Hong hurriedly stood up and knelt down, "Uncle, it's my nephew who was deceived by lard, and my nephew is wrong!"

Xie Tiao hurriedly got up and helped Xie Hong up, "What you said is whose fault it is. Is it possible that I still have to be inseparable? No matter what the truth of the matter is, Brother Xi doesn't care. If you say something like that, if you say something wrong or do something wrong, you should be punished and you should take responsibility!"

Mrs. Hong was completely dumbfounded. She just felt that the old man knew how to be a human being and knew right from wrong. She became happy and said to Yuan Shi in a strange way, "Sister-in-law, there is still reason in this world. The Xie family has gone so far. It's not for women and children to decide."

Yuan didn't speak, Xie Zhihui was a little annoyed, and shouted, "Grandfather!"

Xie Tiao said, "It's getting late, you guys should go back too, I won't keep you guys."

Xie Zhihui was so wronged that Yuan Shi hurriedly got up, "Father, my daughter-in-law will send my second aunt out!"

"Go!"

Yuan Shi winked at Qian Shi and Xie Zhiqian sisters, and led the crowd out. After passing through the Yimen, Qian Shi was very angry, "What is this? You can make her proud!"

Yuan Shi said, "No matter what my father does, there is a reason for him to do it. We don't know what's going on, so it's always right to listen to my father!"

When she said this, Qian also thought that her father-in-law seemed to have never suffered a disadvantage, so she was very curious about the purpose of his father-in-law, but she couldn't figure it out with her elm head.

In the carriage, Xie Zhihui's face became indistinguishable. Xu Liang didn't want to ask. The husband and wife only talked about their own family affairs. Xu Liang asked Xie Zhihui if he wanted to go to Chuzhou with her. He is now in Chuzhou The commander of Wu Feng's army was naturally going to Chuzhou.

Sure enough, Xie Zhihui's attention was all attracted, "Chuzhou? Can I go? I mean, is this appropriate?"

"What's inappropriate? Leave this matter to me. I just ask if you would like to follow me?" Xu Liang teased.

Xie Zhihui heard the smile in his tone, and turned away, but there was joy on his face, and a blush was dyed on it.

Young couples are naturally very emotional.

Xie Mingxi rushed out of Xie's house in one breath, not knowing where to go, he thought about it, and decided to find his sister, when he arrived at the gate of the palace, he happened to meet Lu Yan who was oncoming, Xie Mingxi hurriedly said, "Brother Lu, I I want to find my sister, let someone take me in!"

Seeing that his expression was wrong, Lu Yan felt a little doubtful in his heart, but he remained calm and asked Mi Tuan to take him to the Hall of Mental Cultivation himself, and gestured to a young **** to report to the Hall of Mental Cultivation as soon as possible.

When Xie Mingxi passed by, Xie Zhiwei already knew about it. She returned to the palace with her front foot, and Xie Mingxi came with her back foot. This is very unusual.

"What happened?" Xiao Xun came in and asked.

"I don't know, I just found out." Xie Zhiwei wanted to get up, but Xiao Xun held her down and ordered, "Go and invite Fifth Young Master in!"

Xie Mingxi stepped into the open room with one step, tears came out, after saluting, he sat motionless on the chair and didn't speak, and the maid served him tea, but he didn't drink it.

Xie Zhiwei was a little helpless, so Xiao Xun got up and said, "Go, I'll take you for a ride!"

Xie Zhiwei hurriedly said, "It's so late, is it safe to go for a horse race?"

"What are you afraid of, you can't walk at night?" Xiao Xun winked at Xie Zhiwei, Xie Zhiwei had no choice but to give up, watching Xie Mingxi follow Xiao Xun out of the Hall of Mental Cultivation.

Xie Zhiwei's face became very ugly, and he called Du Gui over, "Go and check, what's going on at home?"

She still knows Xie Mingxi's temper, he is not the kind of unreasonable child. On the contrary, Xie Mingxi is very sensible, but he also has his own negative scales.

At the gate of the palace, Lu Yan stood under the red wall, listening to Mituan's report, "Fifth young master is very upset, the empress asked him, but he didn't say anything, the emperor took him to a horse race."

"Nonsense!" Lu Yan said softly, and asked, "I found out clearly, what happened to Xie's family?"

Mi Tuan said, "I have found out clearly, it is said that it is for a girl from the second room of Xie's family. Apologize!"

"Say it clearly, how can you explain it clearly?" Lu Yan sneered, "The old lady is a caring heart, and she is afraid of causing trouble to the empress, but it is not just being patient to calm things down."

Xie Zhiwei leaned on the couch in the Hall of Mental Cultivation, and heard Du Gui tell her the news he had inquired about, "Second Aunt was so angry that she went up and slapped that girl, just now the old master said to let Da Furen take five The young master went to the second room of the family to apologize, and Mrs. Hong said that the second aunt would have to make an apology to the girl, but the old master has not agreed for the time being."

Xie Zhiwei's hand was turning the dragon and phoenix bracelet on his wrist. This bracelet was carved by Xiao Xun himself. He said that after she became pregnant, she hadn't given her a gift yet. She didn't expect that Xie Congyun had such a big heart that he still missed it. I got this bracelet.

Is it the bracelet that she is thinking about, or the identity that the bracelet represents?

Some things can be done but cannot be said. Could it be that it is for those who want face to save face for those who are shameless? Xie Zhiwei also understood what his grandfather meant. The Xie family is now in flames, and the flowers are blooming. Grandpa, who is used to being cautious, absolutely refuses to let people expose this scandal of the Xie family at such a time. It's a joke.

The second update!

Chapter 902 Heaven and Man

However, in this way, should the mother and younger brother be wronged?

Xie Zhiwei has never been so angry.

She took a deep breath, closed her eyes, waved her hand, and asked Du Gui to go down first, "You let me think about it, think about it!"

Brows and eyes are full of exhaustion!

Xie Mingxi followed Xiao Xun out of the Hall of Mental Cultivation, Xiao Xun wanted to take him to the Imperial Garden for a horse race, Xie Mingxi said, "Brother-in-law, don't forget about the horse race, I am not a three-year-old child anymore, besides, how can there be a horse race in the Imperial Garden? "

Xiao Xun rubbed his head and said with a smile, "Oh, you are finally willing to speak? Do you know how much your sister worried about you when you didn't speak just now!"

"I know, but there are some things you can't tell your sister."

The two went to Maoqin Hall, the **** served tea, Xie Mingxi drank tea, and told about Xie's family, "Huh, my fifth sister is so shameless, she actually said my sister didn't Giving her the dragon and phoenix bracelet is to look down on her. Am I wrong? She just wants to get close to you, brother-in-law."

Xiao Xun's eyes were icy cold, he smiled, and said to Xie Mingxi, "No matter what, you did something wrong in this matter. Have you thought about brother-in-law? If this word gets out, your fifth sister will stay with you Brother-in-law is on her body, what should brother-in-law do? So, when you encounter such a thing in the future, you can lead her to the other side, for example, if you want to get married, there is no suitable candidate for the time being."

Xie Mingxi clapped his hands happily, "Brother-in-law, what you said is really reasonable. So what should I do now? I will go back and apologize to her. I will take her to Long'an Temple tomorrow to see if I can meet someone on the way, so that they can be together." right."

"Well, in this way, you can say that your sister and I will go to Long'an Temple tomorrow, and you will go too, and let the news out by the way, don't say that you said it, if she is willing to go tomorrow, other things, then give it to me!"

"Okay!" Xie Mingxi hurriedly jumped up, "Brother-in-law, it's getting late, I'm going out now, the palace gate will be locked later, it won't be good."

"It's okay. When you enter the palace in the future, just come in directly." He asked someone to send a sign to Xie Mingxi, and handed it to Xie Mingxi, "Take it well, don't lose it."

"I'd better tell my sister, lest she worry."

"It's okay. I'll have someone send you out. I'll tell you where your sister is. Besides, this is a secret between us. I'm afraid that if you are not careful, it will be revealed in front of your sister."

Xie Mingxi scratched his head, "My sister is very smart, and my nephew will be very smart in the future."

As soon as Xie Mingxi came back, he was called to Qijianzhai by his grandfather.

Xie Tiao was about to scold someone, but Xie Mingxi hurriedly said, "Grandfather, I already know that I was wrong, so I will apologize to Fifth Sister when I turn around, please stop scolding, I have to get up early tomorrow."

"What are you doing early in the morning?"

"Big brother-in-law is going to accompany big sister to Long'an Temple to offer incense tomorrow. I have ordered me to accompany you. I will enter the palace at the hour." He raised a waist card in his hand.

Xie Tiao's eyes couldn't help but stare very big. It was a badge of a first-class guard, and it was just given to an eleven-year-old child. If it was lost, and someone took this badge to cause trouble, whose fault would it be?

Xie Tiao only felt a pain in the forehead, and said, "Where did you get this waist card? How could you want it?"

"My brother-in-law gave it to me, why can't I take it?"

Xie Tiao decided to have a good chat with Xiao Xun, he didn't want to live in such a fearful life all day long, and his life would be short.

The news that Xiao Xun would accompany Xie Zhiwei to Long'an Temple to offer incense spread like wildfire in Xie's house. After hearing the news, Xie Congyun sat on the bed and stared blankly for a while. She could never forget that young man no matter what. Shocked to heaven.

In a place like Luzhou, where are there any young talents? It's ridiculous, Sangu was scolded as Kefu when she was in Luzhou, and she couldn't find a good family. As a result, she was taken to the capital by her great-grandfather, and she married a third-rank official. It must be knighted.

It's a pity that no matter how high the title is, the emperor must seal it. The eldest sister can be the queen, and she won't steal her position when she enters the palace. Why does this family reject her so much?

Hmph, the more reluctant she is, the more she wants to grab it.

Xie Congjun had made up her mind that she would also go to Long'an Temple tomorrow. With this in mind, she got up and went to the East room where her mother lived. She got into Mrs. Hong's tent, hugged Mrs. Hong's arm and said, "Mother, I heard that the Long'an Temple here is the most effective place to ask for a lottery. Take me to ask for one tomorrow!"

"What kind of lottery do you want?" Mrs. Hong thought that many things were not going well these days, so she also thought of going to the temple to pay her respects.

"Mother, just laugh at your daughter!" Xie Congyun pinpointed her mother's thoughts and said, "Needless to say, the elder sister is the current queen, and the second sister married to the uncle's house. I heard that the son is very good to her. The third sister wants Marrying to the Yuan family, I heard that the third brother-in-law is going to become a martial arts officer, the fourth sister is married to the Cui family, and the fourth brother-in-law is a disciple of the famous Doctor Cui, what kind of good marriage will my daughter have in the future?"

"My son, you are no worse than anyone else. Didn't the magistrate of Luzhou say that he would marry you for his eldest son? It is also a good marriage."

"What's the point? I'm a magistrate, so can my son become a magistrate? Besides, when he is admitted to Juren and then Jinshi, it will be a matter of the monkey year. My daughter doesn't want it!"

The next day, Mrs. Hong went to Yuan's house in person, saying that she was going to visit Long'an Temple.

Xie Mingxi was sitting in the second room drinking a bowl of steamed eggs. After hearing this, he sneered in his heart. After Mrs. Hong left, he went out in a flash and entered the palace.

In the Hall of Mental Cultivation, Xie Zhiwei was sitting in the Xici room drinking a bowl of red bean porridge, while Xiao Xun was serving her personally, taking her bowl for a while, and wiping her mouth for a while, very attentive.

Hearing that Xie Mingxi was coming, Xie Zhiwei glanced at Xiao Xun suspiciously. Xiao Xun remained calm and told Du Gui, "Go and invite Yongxin Bo Shizi in, I have something to say."

"yes!"

"What are you going to do again?" Xie Zhiwei took Xiao Xun's hand, "Why don't I plan to do serious things just looking at you?"

Xiao Xun leaned into her ear, "Mei Mei, please be considerate of your husband. I want to do serious things now, but you can't cooperate. I was like that last night, and you just..."

Xie Zhiwei pushed him away, Xiao Xun laughed, turned around and ran out, just like a child.

Xu Liang had just had breakfast, and when he heard that there was an order in the palace, he hurriedly changed his clothes and ran out. Uncle Yongxin stood at the door and was about to ask for money, but was almost paralyzed by him, so he dodged cursing and watched Xu Liang go out.

Uncle Yongxin called someone over and asked, "What did the prince do again?"

The third update!

Chapter 903 Imperial Concubine

Xu Liang didn't know why the palace summoned him.

When he arrived at the front hall of the Hall of Mental Cultivation, Xiao Xun was already waiting in the study. Seeing that Xie Mingxi was also there, Xu Liang heaved a sigh of relief and greeted Xiao Xun. After Xiao Xun gave him his seat, he said, "I thought the emperor was The important minister is going to Chuzhou immediately."

"Then when do you plan to go?" Now that he was talking about business, Xiao Xun said, "You have to know that Wu Feng's army is the one who turned against Chen Min. If the court doesn't do something, everyone will dare to turn against it in the future. Anything can easily arouse their resentment."

Xu Liang hurriedly said seriously, "Your Majesty, all those who followed Chen Min's rebellion that day have been killed, and none of them remained. Today's Wu Feng Army exists in name only, what I mean is that the name Wu Feng Army should not be used. Yes, marry a new number."

As he spoke, he stood up and bowed to salute, "Please give me your name, Your Majesty!"

Xiao Xun didn't bother to think about it, so he said, "Then give it the name Youyun!"

He beckoned Xu Liang to sit down, "I'll write two words to you later, and I'll talk about the business first. It's like this. The Xie family is your fifth aunt, who is worried about marrying. You think of a way. She will go back to Long'an Temple to offer incense today. , and you, just help her be a matchmaker, you can't write two words of "thank you" in one stroke, and you have to do things beautifully and satisfy both parties."

Xu Liang was taken aback immediately, he took a sharp breath, "Your Majesty, does the Empress know about this?"

"My sister doesn't know, and you are not allowed to let my sister know. You know, I know, the emperor knows about this matter, and no one else is allowed to know."

After all, it is not something glorious, how can a big man help others to be a matchmaker? Xu Liang had to agree.

Xu Liang scratched his head, "Okay, I know, but let me know the reason! I'm not an outsider."

Xie Mingxi simply told what happened, "She went too far, and the second sister even slapped her. She insisted that the second sister apologize to her. Are you willing to vent your anger on my second sister?"

"Did you talk to brother-in-law like that? When can I not say it?" Xu Liang quickly stood up, "Your Majesty, I'm going to get busy now, otherwise, she will be in trouble if she can't wait for anyone to leave. "

After going out, Xu Liang's eyes turned frosty. He couldn't help but think of Xie Zhihui's unhappy appearance yesterday. She refused to tell him, probably because it was too embarrassing.

How can a sister-in-law miss her brother-in-law, it's still a family! It's no wonder that she is so angry, the empress has always been kind to her sisters, so sister Hui must be so angry!

While going out, Xu Liang was thinking about who would be the most suitable. Since she was his aunt, he couldn't let her become a concubine, otherwise, he would lose face to his two sisters.

Unexpectedly, as soon as Xu Liang left the palace, he met Xiao Huai, the king of Mengjin County.

The old county king offended Xie Zhiwei back then, and was locked up and taken to Beijing. Before the three divisions could interrogate him, he feared his crime and committed suicide in the imperial prison. The emperor thought of his clan and let his son Xiao Huai inherit the title. It has been three or four years since then , Xiao Huai is seventeen years old, and he is also born with a good-looking talent, but because of his suspicion with Xie Zhiwei, no one dares to take care of him, and he has not yet married.

Xu Liang stepped forward with his horse in his belly, Xiao Huai was going to dismount to salute Xu Liang, which frightened Xu Liang, "Your Majesty, are you going to send the future to prison?"

Xiao Huai hurriedly cupped his hands and said humbly, "My lord, you are the brave general in front of the emperor, and I can't even flatter you. You are too polite."

The two brothers are running hand in hand.

Xie Zhiwei asked Du Gui to go to Xie's house and ordered Mrs. Hong and Xie Congyun to enter the palace.

Xie Congyun dressed up well before walking to the second door. When he heard that Xie Zhiwei had summoned him, he stomped his feet angrily, "I won't enter the palace, hmph, why didn't you tell me earlier?"

It was Li Chun who came to pass the decree. Seeing this appearance, he smiled and said to Mrs. Hong, "It's also thanks to the empress's natal family. If someone from another family is replaced, it's really hard to say. The slave is alive." At this age, I have never seen anyone who dares to disobey the order."

This beating finally made Mrs. Hong look serious, and scolded Xie Congyun, "Nonsense, what do you look like?"

She went up and stuffed a purse for Li Chun, "Elder-in-law, we will follow you into the palace!"

Xie Congyun wanted to escape from the carriage several times, Mrs. Hong said, "What's the use of going to Long'an Temple now? You're looking at the empress and not going, and the emperor is alone?"

Xie Congyun's face turned red. She was not embarrassed by her mother's puncture, and hugged her mother's arm, "Mother, if I enter the palace, can I be named an imperial concubine?"

Mrs. Hong couldn't help but think, what would it be like if her daughter was named imperial concubine?

It's also Xie's family, but look at the long house, full of dignitaries, even the eleven-year-old Brother Xi is a ninth-rank follower, although the accompanying reading is not very useful now, it is impossible to really enter the palace to accompany the prince to study, but at any rate It's also fame!

Xie Zhiwei heard that Xu Liang pulled King Mengjin to speak, so he guessed what the three of Xiao Xun were up to. She knew that Xiao Xun was very proud and hated being missed. If Xie Congyun was not her cousin, if there was a trouble, her face would be ugly, and she might not deal with it so gently.

She can't really let Xiao Xun and the others do such a thing. There is no impenetrable wall in the world. If there is any news, the reputation of the Xie family will be ruined. What face will the Xie family's daughter have in the future?

Xie Zhiwei simply took the bottom line and called Aunt Hong and Xie Congyun into the palace.

She was promoted to the seat of Kunning Palace. As soon as Xie Congyun came in, he saw her sitting on the high phoenix seat, and a sneer flashed in his eyes. He didn't even have a grand ceremony for conferring, so he couldn't wait to put on a mother's ceremony To whom is the world to be seen?

Mrs. Hong inevitably thought more, but she had no choice but to pull her daughter forward and saluted respectfully, "I pay my respects to the empress!"

Xie Zhiwei raised his hand, and Bai Ling stepped forward to help Mrs. Hong up, and sat on the chair at the bottom, while the maids served tea.

"I also heard that Fifth Sister felt resentful towards me because I didn't reward her with this jade bracelet?"

"Empress, I don't know who spread the rumor behind her back. There is absolutely no such thing. Even if there is, it is because Sister Yun is ignorant. The Empress is the elder sister, so she must not be as fussy as her. If it spreads, it's really embarrassing!"

Mrs. Hong was not afraid of being ashamed if it was spread, but she was afraid that if the word spread from the palace, what good reputation would her daughter have? How to have a good marriage in the future?

"It's natural, can I still argue with Fifth Sister?" Xie Zhiwei's sharp eyes fell on Xie Congyun, the cold light in his eyes flashed past, and he smiled and asked Xie Congyun some concerns, "It's rare to come in Gong, I heard that the Imperial Garden is not bad, I will ask Nanzhang to accompany you to go shopping!"

Fourth update!

Chapter 904 Lectures

Xie Congyun didn't know who Nanzhang was. Outside the palace, he heard someone shout "sister-in-law", and a woman in a green gauze skirt and a crimson square diamond-pattern scorched cloth beige came in.

The woman was tall and slender, with shaved shoulders, a hanging bun, and a gold-studded red and sapphire hairpin. She saluted Xie Zhiwei first.

"Don't be too polite!" Xie Zhiwei leaned over and raised his hand, pointing at Xie Congyun, "This is the daughter of Xie's parents in Luzhou, her boudoir name is Congyun, help me take her for a walk in the garden."

"yes!"

When Xie Congyun saw her turn around, seeing her fair complexion, handsome and elegant, she was a little ashamed of herself, but quickly raised her head. She was the eldest daughter of the Xie family, how could she be better than this woman? Go low?

"Miss Xie, let's go. If you don't come, I'm going to visit the garden. I heard that the crape myrtle flowers in the Imperial Garden are blooming, and the fragrance of *Albizia julienensis* can be smelled even at the Kunning Gate."

Xie Congyun thought it would be useful to go to the palace. When he returned to Luzhou in the future, he said that he had entered the palace and visited the Imperial Garden. Who would not be envious?

Xiao Lingsu led Xie Congyun out, and Mrs. Hong looked away from the backs of the two of them. Just now, Xie Zhiwei didn't introduce this girl to Mrs. Hong, so I don't know what happened?

"I don't know this girl named Nanzhang?" Mrs. Hong asked deliberately.

"It's my sister-in-law. She is very polite and has a good temperament. With her accompanying Fifth Sister, Aunt Hong doesn't have to worry." Xie Zhiwei raised his sleeves and said, "They are all members

of the same family, so I won't go around Wan'er has spoken, since grandfather said to let mother take younger brother to Luzhou, and explain clearly to the second old man, but the apology can be avoided!"

Xie Zhiwei's tone was particularly forceful. Mrs. Hong was a little unhappy after hearing this, and asked, "I don't know, what does the empress mean, what do you want to say to the second old man when the first lady takes the fifth young master to Luzhou?"

"Of course, you can say what you want to say. Seven years old don't sit at the same table, even ordinary people's homes are the same, let alone people like us. When the fifth sister saw the outsider, instead of avoiding it, she joined him. Go up, since you are not afraid of melon fields and plums falling down, don't be afraid of people saying it, brother Xi, what's wrong with saying it? He's just telling the truth."

Mrs. Hong was trembling with anger, her face was flushed red, "Today, the Empress called my concubine into the palace to reprimand me?"

Xie Zhiwei picked up the teacup, took a sip of water, and said with a smile, "Reprimand? Aunt Hong doesn't know how reprimands are done in the palace, right? When the Empress Dowager reprimanded Princess Taiping, Princess Taiping knelt Listening to the training in front of the palace gate is called a reprimand. After all, I am too talkative!"

Mrs. Hong shuddered all over, and all the cold sweat broke out. She hurriedly knelt on the ground, "Empress Empress, I deserve to die!"

"A concubine? I still remember that when I accompanied the late emperor to Peach Blossom Villa, the fifth young master called himself a 'subject' in front of the late emperor. Brother Xi was only five or six years old at that time, which made everyone laugh. The late emperor gave the fifth young master From the accompanying reading of Jiupin."

Du Gui smiled from the side, "Yes, the slave also heard in the palace that the fifth young master was young and ignorant, so the emperor relieved the fifth young master by saying that he should call himself 'grassman'."

"That's not it!" Xie Zhiwei curled his lips into a smile, "Look, there are no seniors or inferiors in or outside the palace. Go ahead and give Mrs. Hong two copies of "Nv Zhe" and "Nv Analects", and have a good time Read it and understand some truths."

Mrs. Hong's face blushed and then turned pale. She and Xie Hong are cousins, and her mother-in-law is her aunt. She has no children, but she is very sympathetic to her.

After coming to the capital for several times, the Xie family has really risen again and again. She herself is not tempted, but she can't stand her daughter's tempting.

Xie Zhiwei is the eldest daughter of the first wife, and her daughter is the eldest daughter of the second wife. They have the same fate, but they are completely different.

Mrs. Hong was full of resentment in her heart, but she didn't dare to show it, she just begged, "Empress, I can't write two words of 'thank you' in one stroke. The empress gifted these two books today, and the entire capital will soon be filled. You know, what you lost is the empress's face!"

"Yes, it is precisely because of this that my grandfather wronged my mother and younger brother to go to Luzhou to apologize to Mrs. Hong and Miss Xie. But Mrs. Hong, what did my mother and younger brother do wrong? Bengong His mother is Mrs. Junguo, and his younger brother is studying with him from the ninth grade, and Mrs. Hong didn't say how much face she would give to my mother and younger brother, but she agreed in one breath."

"I can't write two 'thanks' in one stroke. I won't want the face I can get, but I don't force it. My mother loves the world, and I still need Mrs. Hong to fulfill this face?" Xie Zhiwei's cold eyes A murderous intent flashed in his face.

Didn't Xie Congyun want to climb high? She asked her to climb one, but the high branch broke and fell to her death.

Xie Zhiwei stood up, Xuantao and Bailing rushed up to help her leave.

Du Gui walked up to Mrs. Hong and asked in a high-pitched voice, "Mrs. Hong, do you want to resist the order?"

"The woman took the order to thank you!" Mrs. Hong raised her hands in humiliation, and took the "Women's Rules" and "The Analects of Women" from Xie Zhiwei.

Xie Congjun followed Xiao Lingsu to the Imperial Garden, and after sitting for a while, the maid beside Xiao Lingsu came over and said, "Princess, the Empress has finished her training and has given a gift. My wife is leaving the palace."

Xie Congyun didn't pay much attention to the maid's words. When she heard that her mother was going out of the palace, she hurriedly got up, "Princess, let's go back. Can you invite me to come to the palace next time? This imperial garden is more expensive than other places." Much better looking."

She took Xiao Lingsu's arm, Xiao Lingsu avoided it calmly, and said with a smile, "Okay, when the wintersweet blooms, I invite you to come to the palace to enjoy the plum blossoms."

When the wintersweet blooms, I don't know where she is!

Xiao Lingsu's right hand gently turned the bracelet on her left wrist. Last time, Mrs. Gu entered the palace and put it on her wrist in front of her sister-in-law. Later, she heard that it was a Hanyu bracelet.

In the aristocratic family, all the things that come out are some years old, and many of them have been passed down for several generations. The word "inheritance" is emphasized. This pair of Hanyu bracelets may be handed down from the ancestors.

Later, she found out that the bracelet was actually passed down from the Gu family to the eldest daughter-in-law.

At that time, Mrs. Gu and her sister-in-law verbally agreed on the wedding date, which would be the end of this year and the beginning of next year.

The sister-in-law didn't introduce Mrs. Hong to her just now, which means that the sister-in-law felt that Mrs. Hong was of low status and didn't need to be introduced to her. Moreover, when the sister-in-law introduced Miss Xie, she didn't mention that she was her younger sister.

Xiao Lingsu accompanied her for a while. According to the rules, Xie Congyun was going to leave the Shenwu Gate. She paused, "Miss Xie, I won't send you off. I'm going to report to my sister-in-law."

Today's update!

Dear friends, cast your vote!

Chapter 905 Show off

Xie Congyun couldn't tell the difference between east, west and north in the palace, so she was led outside the Shenwu Gate. Outside, she didn't see her mother, so she panicked all of a sudden, and asked the little **** who brought her here, "Where is this? Where's mother?"

The little **** waited with her, "Just wait a moment, Mrs. Hong will be here soon."

After a while, Xie Congyun heard the sound of the carriage, but it was not Mrs. Hong but a strange woman who got off the carriage.

A girl who looked somewhat familiar came out of the door soon, and stepped forward to help the strange woman, "Miss Cao, the empress is looking forward to your coming!"

"Bailing, you are really sweet."

This girl is not young anymore, she looks seventeen or eighteen years old, maybe a little older, and entered the palace one after the other with Bai Ling.

Mrs. Hong just came out, and the carriage also came. Xie Congyun got into the carriage and complained, "Mother, why are you here now?"

Mrs. Hong's face was particularly ugly. Xie Congyun had never seen her mother like this, and she was frightened.

Xie Hong knelt in front of Xie Tiao's feet in Xie's Qijiazhai, weeping, "Uncle, you also know that my nephew and daughter-in-law are foolish, what can my nephew do if she has such a person? But the empress is too merciless to her aunt, so why does my nephew have the face to meet people from Luzhou when he goes back this time?"

Xie Tiao glanced at Xie Pei who was standing aside, and asked, "Brother Pei, what do you say?"

Xie Pei lowered his head and said, "Nephew has nothing to say, this matter has nothing to do with nephew."

Hearing this, Xie Hong turned his head and gave Xie Pei a hard look, "What kind of nonsense are you talking about? We are all a family. How come it has nothing to do with you?"

Xie Pei said to Xie Tiao, "Uncle, my nephew has two sons, and I can't find a good teacher in Luzhou. They happen to be about the same age as Brother Xi. Can I study with Brother Xi?"

Xie Tiao waved his hand, "I don't care about Brother Xi's study. He is the emperor's teacher. I don't care about that. However, Xiangshan Academy heard that it is recruiting students. You can go there and ask."

This means you don't plan to take care of the second room?

Xie Pei was also very upset. All these years, the capital side just took the money to go back. My uncle never cared about the affairs in Luzhou.

Xie Pei turned around and said to Xie Mu, "Please tell me something, among the elders of the Xie family, you are the most senior."

Xie Mu glanced at Xie Tiao, and said to Xie Pei very unhappy, "What do you want me to say? The Xie family has many branches, and it is inevitable that good and bad are mixed. If a tree wants to grow into a towering tree, some rotten roots and branches should be cut down or cut down. , A few years ago, I told your uncle that I should descend to the sect, but in the end, I raised you white-eyed wolves and came out."

The relationship between Xie Mu and Xie Tiao is farther than the relationship between Xie Tiao and the Luzhou family, but Xie Mu and Xie Tiao are closer.

Xie Pei's face was flushed red, he sat down angrily, puffed up his face, and ignored everyone.

Seeing this, Xie Tiao had nothing to say, and said to Xie Hong, "Since the empress has issued a decree, everything will follow the empress' order."

As soon as he finished speaking, there was a commotion outside, Shen Shuang came in and said, "Old Master, Mrs. Hong and Miss Xie have returned from the palace."

This is not going to be sorted with my family.

These years, they stayed in their own family, and finally ended up in such a fate, not recognized by the capital, what is this?

Xie Hong was full of anger.

Mrs. Hong started to cry when she came in, "The empress actually gave me two books on the concubine's body, and said that the concubine's body is not qualified to be called a concubine's body in front of her, and should be called a civilian woman."

Xie Tiao didn't speak, Xie Mu said, "The Empress is right, not everyone is qualified to be called a concubine in front of the nobles, Brother Hong has no fame, so naturally you can only be regarded as a civil woman."

Xie Congyun was stunned, she didn't know there was such a thing, did Xie Zhiwei go too far? If she knew that Xie Zhiwei bullied her mother like this, she would definitely not let it go!

Xie Hong sneered, "Uncles, before coming, my father asked my nephew to ask the two uncles, do you still remember this place in Luzhou? Who has been guarding the home in Luzhou for so many years? Who made the two uncles not Worries about the future? Who wrote letters back every day, asking the nephew's father to restrain the family and not to bully the neighbors?"

"I understand. It turns out that this is a famous teacher!" Xie Tiao sighed, "I will resign from the emperor today. It just so happens that I also want to resign when I am old. After so many years, I have not only written letters to my family to let me go, Bullying the neighbors, I also wrote to your father to urge your brothers to study. My son, Xie Tiao, has no white body. At the time, the Marquis of Wu'an's house was full of robberies and his title was taken away. It was also because Cao Kan did not restrain his brothers. I thank Tiao It's been the same!"

He got up and said to Xie Hong, "The empress is not wrong, it was me who was wrong! I, Xie Tiao, would give up my own daughter for the lintel of the Xie family. There is no nephew left!"

He is a high-ranking person, who has been fighting in the court for many years. When he is kind, he is naturally a kind grandfather, but once he shows his power, he is a tiger going downhill.

Xie Hong and Xie Pei were startled. They had originally planned to come to the capital. In order to appease them, uncle might be able to help them speak to the emperor and ask for an official position for them. Unexpectedly, uncle wanted to resign .

"Uncle, you are the chief assistant of the court. How can you just resign when you say you want to resign?" Xie Hong suddenly became anxious. Uncle is an elder and has the obligation to train them. If uncle loses his official position, who will they rely on in the future go?

"The first assistant was also given by the emperor, this first assistant is not the first assistant of the Xie family." Xie Tiao sneered and said, "I won't keep you guys anymore, you go back first. I am the head of this branch, You should go back to guard the ancestral hall."

Mrs. Hong couldn't see her husband being so humble, so she took a step forward and said, "It's really great that uncle can be like this, and my nephew and daughter-in-law also think that uncle is worthy of being the first assistant, with a high character, but, before uncle let us go back, should we first Have you dealt with sister Yun's matter?"

"What's up?"

"Sister Yun was originally innocent, but the fifth young master said that she seemed to have a relationship with the emperor. How will she marry in the future?"

Xie Tiao almost jumped up, and Xie Mu was also shocked. I'm afraid this is the purpose of the second wife?

"Don't say it seems to be having a relationship with the emperor, even if it is really having a relationship with the emperor, this is not something that I, Xie Tiao, can handle. What's more, what did Brother Xi say? Why didn't I hear it? I just I heard you talking, did Brother Xi say it, who heard it?"

"Then call Brother Xi to ask!" Since Mrs. Hong had said these words, she didn't intend to end it.

The first update!

Chapter 906 Meeting

Xie Mingxi heard that his sister called Mrs. Hong into the palace, so he hurried to Yongxin Bo's mansion, who knows, Shizi had already gone to Long'an Temple with Xiao Huai, so he had no choice but to rush to Long'an Temple again.

Xu Liang was a little dazed when he heard this, and he knew that the empress did not intend to use this method to solve this matter. After all, Xie Congyun is the younger sister of the same family no matter what.

If things get serious by accident, the sky is far away from my family, and the Xie family still has two younger sisters waiting to be married.

"What should I do?" Xu Liang asked.

"How about I let my mother go into the palace to find out what the Empress Dowager has said?" Xiao Huai was still very interested in marrying Xie's family.

"This... How about waiting until I enter the palace to ask my sister what she means?" Xie Mingxi didn't dare to act recklessly anymore, he suggested.

"Alright!" Xu Liang was a little uneasy.

People from the Xie family came over and said they were looking for Xie Mingxi to go back to confront them, and it was Su Yu who came to report the letter, and he said it very seriously, "You said it was the fifth young master, and you said that the fifth girl seemed to have a relationship with the emperor. Now, Hong The eldest wife forced the old man to find a way to send the fifth girl to the palace, saying that she would serve the empress first, and then consummate the marriage with the emperor when she was older."

Xie Mingxi almost spit out a mouthful of blood, he was so angry that he jumped up, Xu Liang wiped the sweat from his forehead, who said that two "thanks" can't be written in one stroke, this is really the same rice that raises all kinds of people.

Xiao Huai was an outsider after all, Xu Liang didn't dare to let him know these things, so he hurriedly sent him out of Long'an Temple, and hurried back to Xie's house with Xie Mingxi.

In the palace, Bailing led Cao Yunhua in through Shunzhen Gate, through the Imperial Garden, all the way to the Hall of Mental Cultivation, where Xie Zhiwei was waiting in Tishun Hall.

"Sit!" Xie Zhiwei pulled Cao Yunhua to sit on the couch, Cao Yunhua didn't dare to sit, so he quickly declined, and sat on the small chair next to him, "Courtesy cannot be broken!"

Xie Zhi smiled, and asked without forcing, "You said you have something to tell me, what exactly are you talking about? How is uncle?"

"My father is okay. Now he can eat a bowl of rice for a meal, and he sleeps well at night. A few days ago, we bought a house on Guangningmen Street in Baizhifang. There are also three advances, and it will be enough for my elder brother to marry a daughter-in-law in the future."

Xie Zhiwei said, "That's good, you didn't tell me, and I didn't even congratulate you on your housewarming."

She said, telling Du Yuan, "When Miss Cao leaves the palace later, you send the wenge wood marble screen over."

"Why are you so polite!" Cao Yunhua stopped her, "I'm not here to ask for a gift from you, Sister Wei, I'll call you Sister Wei for the last time, and I want to ask you to help me see him."

Xie Zhiwei was in a particularly difficult situation. She couldn't help but remain silent, but Cao Yunhua looked at her very persistently. Seeing that Xie Zhiwei had been silent, Cao Yunhua said, "Aren't you even willing to ask him for me?"

She smiled, her face full of sarcasm, "He helped me, out of reason, I have to thank him face to face, even for this reason, are you still unwilling to help?"

Xie Zhiwei looked at Du Yuan, and Du Yuan hurried over to bless Fushen, "Miss Cao, don't embarrass the empress, you don't know the son's temper, so let this servant boldly help you to ask!"

Cao Yunhua heard her call Lu Yan "Young Master", and asked, "You are?"

"Slave Du Yuan, originally belonged to the son."

Lu Yan was looking at the memorials in the South Study Room. These memorials were originally sent to Xiao Xun, but Xiao Xun said that he was very busy recently, and he wanted to arrange the posthumous ceremony, so he sent them to him again.

The cabinet has already drafted the votes. According to the process, after the emperor reads it, he will hand it over to the chief inspector for seal if he agrees. If he disagrees, he will type it back.

Lu Yan served as the envoy of the Supervisor of Rites, and now he makes the decision, and he uses the seal himself.

"Who sent this memorial?" Lu Yan threw a memorial in front of Mituan that the Dragon Boat Festival flood in Zhejiang flooded two counties and affected 530,000 people.

"It was sent by Mr. Zhang Quanjing."

"The memorial has been delivered to the capital ten days ago. Who took it? And who delayed it. Find out and order the old cabinet ministers to enter the palace and go to see the emperor with me."

Mi Tuan turned around and ran out all the way, and met Du Yuan head-on. He was about to walk around Du Yuan, but Du Yuan called him, "Mr. Mi Tuan, is the young master in there?"

"Come in!"

Lu Yan's voice was cold and harsh. Du Yuan shivered all over and hurriedly shrank her shoulders to come in. She didn't dare to look up, and she knelt down towards the north when she entered the door, "Young master!"

Unfortunately, the south study room faces east from west, and Lu Yan's desk is facing west. He said angrily, "Where are you kneeling? What's the matter?"

Du Yuan turned around in a hurry, "My lord, this servant is bold, Miss Cao wants to see you, so I ordered my servant to come and ask!"

Lu Yan's hand holding the teacup paused in the air, and he didn't move for a long time, "Who asked you to ask me?"

"Cao, Miss Cao!" Du Yuan regretted it to death, and finally understood why the empress refused to answer her words, "Damn it, slave!"

"Say, who asked you to ask me?"

Du Yuan didn't know what was going on, thinking that Lu Yan didn't believe her, so he hurriedly said, "Miss Cao came to the palace to meet the empress, and forced the empress to arrange for her to meet the son. But go, just, just, I have no choice but to make decisions on my own!"

Du Yuanshi saw that Cao Yunhua was very good, a girl from the Marquis of Wu'an's mansion. Although the Marquis's mansion was defeated later, her upbringing was still in her bones, and she and the son were a match made in heaven.

"Why is the empress embarrassing?"

Du Yuan pursed his lips, "The Empress insists on refusing, and would rather be complained by Miss Cao."

Lu Yan smiled slightly, took a sip of tea, and said, "Then you bring her here, I will meet her!"

Cao Yunhua walked into the south study anxiously. Under the east window, Lu Yan was wearing a royal blue flat gold and silver embroidered peony-patterned robe with a light round neck and a white jade belt around his waist. A flower branch came, swaying gently with the wind, but it was not as beautiful as Lu Yan's face, it was actually more delicate than a flower.

"Lord Lu!" Cao Yunhua blessed himself, and quickly raised his head to look at him, meeting his eyes without sadness or joy.

The narrow and long eye ends, the bottomless pupils, like a vortex inside, can seduce people's souls and make people forget life and death.

"If I knew that letting you and your mother go, I could give you so much reverie, I would definitely not do that!"

Lu Yan said, "Why do you insist on seeing me? If you want to thank me, you don't have to!"

"Why? Why did you let me, my mother, and my brother go?"

Cao Yunhua saw him very rarely, so naturally he refused to let go of this opportunity, "Since you did it, don't you allow people to thank you? You didn't let Sister Wei agree to come to see you, did you?"

The second update!

"That's right! I think I have nothing to do with you. If you have anything to say, tell me as soon as possible!" Lu Yan turned around with his hands behind his back, his indifferent eyes swept over Cao Yunhua.

"Regardless of the reason why Master Lu let us go, this grace of life exists after all. Master Lu, the little girl is willing to repay it with her own body!"

Lu Yan seemed to have heard a very funny joke, and he sneered mercilessly, "In the past, the eldest daughter of the Marquis of Wu'an Mansion, after a few years, she has fallen to the point where she wants to serve someone like me?"

He came forward and stood in front of Cao Yunhua, "Tell me, what do you want me to do?"

Cao Yunhua knelt on the ground, closed her eyes, and swallowed her tears, her voice was so dull that it seemed to pass through a wall, "You don't have to belittle yourself so much, I know that there are still people in this world who love you, let her listen to such words, how do you make her feel at ease?"

Lu Yan's eyes were gloomy, and the tails of the long and narrow eyes were upturned, and a ghost flashed like a streamer. Cao Yunhua raised his head, seeing this scene, his heart was stung.

"If you want to raise a child, you should give him a complete family and help you take care of his food and drink. Do you want your future child to live in an incomplete family?"

"I am no longer the eldest daughter of Marquis Wu'an's mansion, Lu Yan. From the day I saw you, I have only been humble in my life. Even in your mansion, I am just a maidservant. As far as I am concerned, it's also as sweet as it is."

"Why?" Lu Yan clenched his hands tightly into fists.

"I don't know, and I really want to know. Everyone's choice is different. Some people choose to guard silently, but I, maybe because I was the eldest daughter of the Marquis of Wu'an, I want to keep everything safe." Hold it in your hand, even if it is like fine sand, the tighter you hold it, the more you will leak, at least, you have held it before."

Mi Tuan poked his head at the door, and Lu Yan walked over irritably, Mi Tuan said, "The emperor and the elders have arrived, waiting for the governor!"

Lu Yan went out without looking back, Cao Yunhua turned his head to look at the door, and only had time to see his back.

She breathed a sigh of relief and stood up. No matter what, she said what she wanted to say.

Back to the Hall of Mental Cultivation, Xie Zhiwei was still waiting for her in the Tishun Hall. It was getting late, so she exchanged greetings with Xie Zhiwei and then offered to leave.

Xie Zhiwei didn't ask, and asked Du Yuan to send her out of Shenwumen.

In the East Side Hall in front of the Hall of Mental Cultivation, Xiao Xun was sitting on the couch. There were rows of red sandalwood armchairs on the left and right sides in front of him. Lu Yan was sitting on the first chair on the right, and Xie Tiao was sitting opposite him.

The remaining four people sat down in seniority.

"Master Zhang, this memorial was sent up half a month ago, and it was recorded that you signed for it. Why did you send it to the Supervisor of Rites today?"

Lu Yan held the memorial in his hand, and asked with a stern face. He was completely different from the governor who entered and exited Linde Hall in the past.

Zhang Quanjin hurriedly got up and knelt on the ground, "Your Majesty, this memorial did arrive 15 days ago, but at that time, the cabinet was moving from the accompanying capital to the capital, and I didn't have time to discuss with the cabinet elders. The cage came over and wasted time."

"The memorial is on the way. Could it be that your people have been on the way too? This seat sees that you are all focused on protesting the post-closing ceremony, and you don't have any thoughts on government affairs."

Xiao Xun's cold eyes cut across Zhang Quanjin's neck like a knife. Seeing that Zhang Quanjin had no remorse at all, a killing intent flashed in his eyes.

"Governor Lu, what you said is a slap in the face. Besides, isn't the post-sealing ceremony not a government affair?" Zhang Quanjin said, poking his neck.

A mere **** who actually ranks above other ministers and speaks for the emperor, who does he think he is!

Xiao Xun saw through Zhang Quanjin's thoughts, he couldn't help touching his wrist, and sneered, "It seems that I am not worthy to be your master anymore, what Master Lu means is what I mean,"

Zhang Quanjin was shocked immediately, and his voice was mournful, "Your Majesty, since your Majesty took the throne in front of the Zi Palace of the previous emperor, you have ignored the affairs of the court, and all affairs in the court, big or small, have been handled by the Supervisor of Rituals. How can you, Your Majesty, govern the country with an **** Huh?"

Xiao Xun didn't wait for him to land the word "hu", raised his foot, and kicked Zhang Quanjin. Before Lu Yan could stop him, Zhang Quanjin flew out like a weight, and hit the door frame with his back, with a howl, slipped down.

Xiao Xun was still angry, stepped forward and stepped on his chest, "Who is the eunuch, huh? In front of me, say one more thing, I will destroy your nine clans!"

"Aren't the emperor afraid of leaving his name in history when he destroys his ministers and nine clans?" Zhang Quanjin only felt that his internal organs had been displaced, he coughed up blood, and asked simply not afraid of death.

"As long as I become an emperor for a day, I will be famous in history for a day. The holy name is still infamous, and it's not your turn to comment!"

Xiao Xun's feet were about to exert force, and his arm was gently pulled, Lu Yan whispered beside him, "Ah Xun, forget it!"

Xiao Xun hesitated for a moment, then withdrew his feet and said, "Thank you, sir!"

"The minister is here!"

"Find out this matter, and draw up a plan with Mr. Lu, how to rescue the two flooded counties in Zhejiang, how to rush to plant, and don't starve to death!"

"yes!"

"Also, I want to know the truth about the flood, what happened?"

"yes!"

Xiao Xun shook off Lu Yan's hand and walked outside. Lu Yan chased him for two steps, but seeing him walking faster and faster, he couldn't help but stop and sighed.

He turned around and gestured, and the serving **** carried Zhang Quanjin away, and someone went to invite the imperial physician.

Xiao Xun went out of Zunyi Gate alone, went north, and reached the gate of Maoqin Hall. He suddenly discovered that the palace city is so big, but there are not many places he can go.

Standing under the eaves of the Maoqin Hall for a long time, the eunuchs on duty here were all extremely nervous, each and every one of them was trembling, their legs were like sifting chaff, not knowing what the new emperor was going to do.

After a while, Lu Yan came over. Seeing Xiao Xun, he couldn't help smiling, and when he raised his hand, all the palace people went down.

"Ah Xun, tell me, are there two boys or two girls in the queen's womb? Or a son and a daughter?" Lu Yan smiled, "To be honest, I am very anxious. If there are two sons, I will take them with me. Go one, if they are born exactly the same, maybe I will never be able to return to the capital in this life, and I will inevitably think, without you and Duan Xian by my side, without my empress, without Prince Xiang, I will miss you both."

Xiao Xun grabbed Lu Yan's shoulder and put his forehead on his shoulder, "Brother, stop talking!"

"Ah Xun, do you still remember how many times we have narrowly escaped death in so many years, the late emperor never doubted you and me, we have finally reached today, the empress dowager refuses to move to Yanjing City, if you want to be a good emperor, there are still many difficulties, how can you be so affectionate?"

The third update!

Chapter 908 Very well behaved

"He said that about you, I'm going to destroy his nine clans!" Xiao Xun raised his head, a cold light flashed in his eyes, which made people shudder.

Lu Yan patted him on the shoulder, "Then you will become a fool."

"I have never thought of being a Mingjun. I know that he is the empress dowager. Everyone knows my identity. I don't want to do those hypocritical things that look good on the surface. As long as the people in the world are healthy, I'm afraid that no one will say good to me in the future!"

"I'm talking nonsense again! Even people like the former emperor are afraid of verbal criticism, afraid of writing bad things in the history books in the future, but you don't care. Are you worse than the first emperor?"

Lu Yan shook his head and walked in, "Come in and have a drink, stand here and talk, what does it look like, you are not afraid that Duan Xian will be worried if he finds out."

Xiao Xun followed behind him, Lu Yan poured tea with his own hands, Xiao Xun stepped aside, clasped his wrist, stared into his eyes, "Brother, tell me, did people often say that about you before?"

Lu Yan saw his red eye circles and a sore nose, but a natural smile appeared on his face, as gorgeous and colorful as hibiscus flowers blooming in July.

"Why should you care about these things? Besides, how often do you do it? After all, I am also the envoy of the Supervisor of Ceremonies, and I was highly valued by the late emperor. How can there be so many people who are not afraid of death?"

"Brother!"

"Okay, it's getting late, and I'm hungry. I'll follow you back and ask for a glass of wine."

In the Hall of Mental Cultivation, Xie Zhiwei found out what happened in the Dongpei Hall, she didn't come back to her senses for a long time, it was still in front of Xiao Xun, Zhang Quanjin was so arrogant, dare to say that about big brother.

I don't know how many people call him that behind his back!

Even so, she still asked Du Yuan to take a pill and asked her to give it to Wang Shipu. During the diagnosis and treatment, she would feed it to Zhang Quanjin, not daring to let him die in the palace.

"Where's the emperor and Mr. Lu? Where are you now? When you find them, they say that dinner is going to be served here." Xie Zhiwei supported his waist and ordered the table to be placed in the open room, "Go get the chilled plum wine come over."

Xiao Xun and Lu Yan walked in while discussing the floods in Zhejiang. On the table, a pot of cold plum wine exuded a faint fragrance. Lu Yan smiled and said, "I said it must be a blessing." "

Xiao Xun helped Xie Zhiwei's shoulder, and asked, "Today, is he good, and did he bother you?"

Lu Yan's eyes lightly slid over Xie Zhiwei's belly, his brows and eyes were as gentle as spring water, and then fell on Xiao Xun's face.

Xie Zhiwei smiled and said, "It's very good, so what if it's not good? Could it be that you can teach him a lesson?"

Xiao Xun said, "When he comes out, I will teach him a lesson!"

Xie Zhiwei gave him an angry look, only thinking that what he said was nonsense, and said, "Brother, sit down, and the food will be passed on."

Xie Zhiwei's appetite is very good, she put down the bowl after eating, Lu Yan and Xiao Xun were still drinking, Lu Yan said, "I heard that you need to walk more, you ask Du Yuan and Du Yun to help you walk, just now After dinner, walk slowly!"

Xie Zhiwei nodded, "Then drink slowly!"

She helped Du Yuan's hand out of the apse, turned left, walked along the alley for a while, and entered the small garden in front of the Compassionate Ning Palace.

"Do you know what Miss Cao said to Master Lu?" Xie Zhiwei asked Du Yuan.

Du Yuan thought of the son and said, if the empress asks, don't hide a single word, so she said what Cao Yunhua said, Xie Zhiwei said, "Did Master Lu say anything? What was his expression at that time?"

Du Yuan remembered the sad expression of the young master at that time, and said, "Young master seems to be very sad. Empress, did the servant do something wrong?"

"No, you are not wrong, Miss Cao is not wrong, we are all right, it is fate!" Xie Zhiwei said with sadness in his voice.

Xie Zhiwei walked for half an hour, when he returned, Lu Yan and Xiao Xun were still drinking, both of them were slightly drunk, Xie Zhiwei hurried up to get the jug, "Why are you still drunk?"

Xiao Xun wanted to grab it, Xie Zhiwei handed the jug to Du Yuan, "Take it! Call the rice ball in, so that you can help Mr. Lu back. Go and make two bowls of strong hangover soup."

Xiao Xun was a little confused, "Mei Mei, my eldest brother and I are not drunk, how can this little wine make us drunk?"

Lu Yan saw Xie Zhiwei's brows upside down, and he couldn't help laughing, "Ah Xun, I want to drink tomorrow, and I'll stop here for today. I'll go back and look at the memorials from Zhejiang, which flooded two counties. There are silver coins in the household department, but there are always more days than silver coins."

"Flooded two counties? How could that happen?" Xie Zhiwei was also taken aback.

"There must be someone playing tricks. This matter needs to be investigated carefully. Who is the chief envoy of Zhejiang? Who is the prefect of Suzhou, and these two counties." The more Xiao Xun said, the more angry he became.

Xie Zhiwei hurriedly said, "Okay, since you have something to do, you still drink so much. If you are worried, go to the South Study Room with your big brother to discuss it. After the matter is settled, you can take a good rest."

Xiao Xun was worried about Xie Zhiwei at first, but the flood was extraordinary, so he went with Lu Yan. Just in time, Xie Tiao entered the palace and was waiting in the cabinet. Xiao Xun passed Xie Tiao over.

"The Japanese plague in the south has always been serious, just like scabies on people. Although it is fatal, it is also a particularly bad thing. These years, the first emperor has been unconscious. The emperor and Mr. Lu used troops in the western border and the north, and the weaving tribute was limited. Actually, I heard that there is still a secret account over there, which should be taken from the common people, and there is not a cent missing."

When Xie Tiao said this, he glanced at Xiao Xun and Lu Yan each, "Governor Gao Changshui of Zhejiang does business with Japanese people and some Westerners. Every year, more than 200,000 pieces of silk and satin go out of Zhejiang, not to mention a piece of silk and satin. More, ten taels of silver, more than two million taels of silver a year."

Everyone knows that the actual silk sold is definitely more than ten taels of silver.

"Governing a big country is like cooking a small fish. Everything must be done step by step. Anyway, in the past few years, there has been no chaos in Zhejiang, and all the taxes that should be paid have been paid. Gao Changshui was a Jinshi in the eighteenth year of Jianyuan. I have been in Zhejiang for five or six years, and it is time to change positions."

Lu Yan kept looking at Xiao Xun, saw that he gradually loosened his expression following his words, and breathed a sigh of relief, "This is to protect him, and also to protect the people in Zhejiang. After all, you can't move casually there."

Xiao Xun smiled, "Brother, you don't have to worry about me. Zhejiang could not be chaotic in the past, but in the future, it is not up to you and me to decide whether it will be chaotic or not. Some people must be waiting here. But don't worry, Aimin I still have the heart. Zhejiang is a big game of chess, let's play slowly!"

Xie Tiao also heaved a sigh of relief, and nodded, "What I mean, let the people in Zhejiang say what's going on in Zhejiang, and it's time for Gaochangshui to enter the capital."

Fourth update!

Chapter 909 Wang Jue

Lu Yan said, "It's time to return to Beijing to report on your duties. Your Majesty, the Weaving Bureau was originally an institution set up by Emperor Taizu in Zhejiang. There are three in total, Jiangning, Suzhou and Hangzhou. They were supervised by officials sent by the Ministry of Internal Affairs. Send someone to take charge."

These three weaving bureaus have actually been the emperor's private property since Emperor Taizu, and the people stationed there were also to help the emperor monitor the south.

He paused when he said this, "In the past two years, firstly, the Weaving Bureau did not miss a penny in raising food and salaries, and the people in the palace supervised it, and the management was not good. For this reason, the Empress Dowager withdrew people, should be under the control of the Minister of Internal Affairs again, and the minister didn't say much."

Xiao Xun could understand the meaning of Lu Yan's words. Lu Yan himself didn't trust the eunuch's ability, so he felt that it was better to use the Lang Guan of the Ministry of Internal Affairs.

"Brother, when we encounter something, every choice we make, no matter how unreasonable we think afterwards, there must be a reason for such a choice at the time."

He said, "Right now, one is for disaster relief, and the other is that the provinces of Jiangsu and Zhejiang must not let go. Brother just said that the people weaving in Jiangning were replaced by the Empress Dowager, so the people in these two provinces should not be in our hands." gone."

Jiangsu and Zhejiang are Dayong's money storehouses, how can they fall into the hands of others?

The Empress Dowager seems to be ignoring things in Wutai Mountain these years, but in fact, she has already arranged her manpower to Jiangsu and Zhejiang. In the past, Emperor Shoukang was her son, and the mother and son had an ugly quarrel over this.

"Your Majesty, there is no need to worry. It has not been a day or two since the Empress Dowager set up this plan. Otherwise, it would not have been done overnight." Lu Yan reassured.

"There are still too few people, and not many people need to be used. Your Majesty, I think that Enke will be opened next year no matter what." Xie Tiao also suggested.

"Well, the business of Enke must not be handed over to Zhang Quanjin." Xiao Xun asked, "Is there any suitable candidate for grandfather and elder brother?"

"Then Cui Yingqing!" Lu Yan said, "Cui Yingqing was originally a member of the Ministry of Rites, serving as the minister of the Ministry of Rites."

Xie Tiao hesitated for a moment, nodded and said, "Right now, I can only use him. Maybe let him help the emperor choose some people who need to be used."

Lu Yan said, "Your Majesty, I thought it was better to arrange for Jin Yiwei to go to Jiangsu and Zhejiang provinces. What is the specific situation there? Now we are blind."

"If it's possible, I would like to go there myself." But thinking that Meimei is about to give birth, he waved his hand, "Forget it, let's wait for the future. Brother, the weather is getting hotter and hotter, I want to take Meimei there To escape the summer heat in Xiangshan, this palace will be handed over to..."

Before the word "you" came out, Xiao Xun looked at Shang Lu Yan's eyes that seemed to be smiling but not smiling, and was a little speechless. However, he has always been thick-skinned, and shyly said, "Brother, the main reason is that I'm afraid of calling Mei Mei It's too hot, you said how hot it is in this palace, and it's not good to put more ice."

"Right now is May, June, July and August are over, and August comes back to celebrate the Mid-Autumn Festival, and in September, Mae Mae will be able to give birth."

Xiao Xun now feels uncomfortable seeing Xie Zhiwei with such a big belly.

Xie Tiao turned his face away, as if he didn't hear what Xiao Xun was saying, he was really embarrassed for him, coughed lightly, and said, "Your Majesty, if there is nothing else, I will leave first!"

The key to the palace gate will be released soon. Does he have to spend the night in the palace?

"Wait!" Xiao Xun raised his hand and stopped, "Grandfather, you turn around and ask the cabinet to draw up an order to transfer your father-in-law back. The governor of the five armies will still be the father-in-law."

He turned his head to look at Lu Yan, "Brother, I want to make my uncle Ding Wang, and my elder brother Xijue is also Ding Wang, and I will give Guo Qi the title of Marquis of Dingxi. He has hidden the Han Yu Army in the mountain for so many years. Hard work pays off."

Lu Yan thought for a while, then shook his head, "No need, people are gone, these are meaningless. Besides, everyone is in their place, and it can make people think a little bit. If it changes, it will be difficult to keep the original intention. If you can't bear it, you can call him Uncle Che."

Xiao Xun had no choice but to say, "Then grandfather will let the cabinet draw up such an order!"

"Yes, I obey the order!"

After Xie Tiao went out, Lu Yan asked, "The Xie family will be the descendants in the future, how have you thought about how to seal it?"

Xiao Xun said, "Father-in-law is so old, he can't still be a prince. Father-in-law's military achievements are enough to confer the title of knighthood. I was thinking that making grandfather a Marquis is a reward for future relatives. If father-in-law wants to be named uncle, In the future, let the father-in-law attack the Marquis."

Lu Yan asked, "That's good, but have you discussed it with Duan Xian?"

Xiao Xun shook his head and said, "Not yet, brother, do you think Mei Mei won't agree?"

"I think, not only Duan Xian would not agree, Master Xie would not agree either." Lu Yan said, "The Xie family has always kept a low profile, if it weren't for Duan Xian these years, Master Xie would definitely not stand up as the chief assistant. Yes. The middle of the day moves, and the full moon disappears. The Xie family has been able to inherit for hundreds of years, and has been undefeated in two dynasties. This is what it follows."

Lu Yan couldn't help but think of what Xue Wanqing said in the prison. Xue Wanqing suspected that Mei Mei was reborn, so she could remember what happened in the previous life. It was said in the book that Xiao Changxuan finally wiped out the Xie family.

If that's the case, how did she survive ten years in the cold palace?

Lu Yan didn't dare to think about it, "Whether it's a family or a court, if you really want to protect someone, don't give her the best. Just like the ceremony of conferring the queen, you have to let the ceremony of conferring the queen be with her." With the same regulations as the enthronement ceremony, have you ever thought about how those literati and future history books will evaluate her?"

"But I want to give her the best!" Xiao Xun took a deep breath and looked at Lu Yan, "In the past few years, what supported me at first was probably to survive. Between me and the late emperor, it was a life-and-death battle, but later, I arrived in Beidi and occupied the sixteen prefectures of Yanyun, big brother, the one who supported me at that time was to give her the best!"

"I don't want her to kneel in front of anyone, and I don't even want to see her kneel down to anyone."

Lu Yan was inevitably shocked, "But, you will also push her to the forefront."

"She can resist, I believe, she can resist, she is my wife Xiao Xun, no matter how high I can stand, she can too."

"If that's the case, don't push Xie's family too high. The flames spew out oil and make the brocade prosperous. It's good, but it won't last long."

"Brother, what about you? You think so too? That's why you refuse the title of king?"

"Well, I like the long flow of water. I'm tired of the vigor and vigor, and I'm also tired of the intrigues in the court. It's easy for a person to be careful for a day or two. I've been careful for so many years. I'm tired and tired. I just want to have a safe and secure future. stable."

Today's update!

I'm tired too, dear friends, if you have a vote, please vote!

Chapter 910 disgust

"I will let you be safe and sound!" Xiao Xun's voice sounded like an oath in the South Study Room.

Lu Yan smiled and said, "Of course I know! Don't you want to accompany Duan Xian to Xiangshan to escape the summer heat? Go tomorrow! I will take care of the affairs in the capital for you first, but it's okay, just this time!"

"Brother, it's not this time, but this lifetime." Xiao Xun said, "The palm seal of the supervisor of ceremonies, if you live for a day, you will be you, and there will be no second person. If you go out of Beijing, this palm seal will make me help you bear the burden." on."

Lu Yan smiled and said, "Good!"

In the Qingshou Palace in the accompanying capital, the Empress Dowager was sitting on the seat and Xiao Changyao was kneeling on the ground. There was a wind last night, the doors and windows were wide open, and the wind blew in, blowing the robe on Xiao Changyao like a sail.

"Grandmother, it's useless for you to scold your grandson. You can give this throne to anyone, and your grandson has never thought about it."

"Trash, they are all your father's sons. The third and fourth children are already like that and are still struggling. You are now the king of the county. Once Xiao Xun's enthronement ceremony is over, you and the boss will definitely be promoted to the prince." You are only one step away from the throne, but you are willing to fall!"

"Yes, the grandson is useless! Grandmother, the auspicious day for the enthronement ceremony and empress ceremony is set on November 23."

"Why is it so late?" The empress dowager was a little surprised, which emperor didn't rush to hold the enthronement ceremony, which was justifiable, but Xiao Xun was still so arrogant.

"This is an opportunity for you. If the enthronement ceremony is not held, he will not be the emperor."

"Grandmother, my grandson is just escorting you to Yanjing, and my grandson doesn't care about anything else. My grandson invites my grandma to go to Yanjing."

"What is the Ai family going to Yanjing for? Your father is buried here, and the Ai family will stay here to accompany your father."

"Grandmother, today is not what it used to be. If you are like this, the spirit of the emperor in heaven will be disturbed."

After the emperor handed over this matter to him, until now, no one has asked the Empress Dowager whether she would like to go to Yanjing. It seems that it doesn't matter whether the Empress Dowager goes or not.

This is very worrying. After Xiao Xun becomes the emperor, their team will definitely be marginalized, but if it can make this day come later, then it will be later.

But if the attitude of the empress dowager, it will only make the court even more disgusted.

But this is not something he can solve. Now Xiao Changyao just wants to solve this matter quickly and then go to manage the river.

The letter of appointment of the governor of the river channel has come down. He used to lead the affairs of the river channel. Now, his name is more justified, and he will be able to do things more smoothly in the future.

After Xiao Changyao left, the Empress Dowager said heartbrokenly to Mother Hu, "The Ai family wanted to help them, but look at these people, where can they be helped? They were all scared by Xiao Xun I'm gutted."

"Where do they know that this throne belongs to whoever has the greatest military exploits."

Nurse Hu supported the Empress Dowager's arm, "You don't have to worry about these things, whoever becomes the emperor is the flesh and blood of Lord Jianyuan, and you are both the Empress Dowager, so enjoy your life."

"But it's still different. Look at today, if Aijia wasn't his own grandmother, would he be so nervous about Aijia?"

"Then will the Empress Dowager go to Yanjing? Or go to Mount Wutai as in previous years?"

"I won't go, Ai's family is afraid that they will die in Wutai Mountain in the future. Going to Yanjing, Ai's family will also be a mother-in-law for two days, enjoy the service of daughter-in-law and granddaughter-in-law, and help them set rules."

Qingshou Palace began to pack up the boxes and cages. When Xiao Changyao heard about it, his heart finally fell down.

The Xiangshan Mountain outside Yanjing City is located in the northwest suburb of the capital, and the other garden left by Beiqi is located to the east of the Xianglu Peak. The entrance is the East Palace Gate, and the entrance is the Qinzheng Palace.

Xie Zhiwei and Xiao Xun lived in Zhishuangzhai, and when they got the news that the Empress Dowager was coming, ten days after she lived in Xiangshan Bieyuan, Lu Yan came over for something and brought the news along the way.

"Then don't I have to go back?"

"What are you going back to do?" Xiao Xun was a little strange, "The Empress Dowager is coming, if she is willing, she can stay here for a few days, if not, let her live in the palace, it's not impossible to live in Leshou Palace."

The three of them sat in the Xici room, Xie Zhiwei sat under the south window, and the south wind blew in from the window, Xiao Xun and Lu Yan sat on her left and right, each with a small cock.

Lu Yan glanced at Xiao Xun, he and Xiao Xun were tall, sitting on the brocade tree, almost at eye level with Xie Zhiwei, "I just want to tell you, let you know, message me It's all blocked, no one will know. When the time comes, the Empress Dowager will come, I'll just go out to meet her, and Ah Xun will hurry over from here, and we'll know."

Xie Zhiwei knew it in his heart, and this led to the fact that the Empress Dowager did not notify in advance, and she was unwilling to come after so many invitations. This time, she came to Yanjing suddenly, obviously because she wanted to embarrass the younger generation.

Xiao Xun said, "That's good, I'll just go, and you can rest assured to raise your baby here. You see, your complexion has improved a lot recently. When you were in the palace, it was so hot that you couldn't sleep well at night."

Lu Yan was afraid that Xiao Xun would let it go if he said that he would give birth here. No matter how well the preparations were done, he would still be afraid if something happened.

"The beginning of autumn will begin on the seventh day of July this year. It should be very cool in August. It's more convenient to live in the palace."

Lu Yan wanted to stay here for one night, and the three of them had dinner together. A round table was set up under the magnolia tree in the courtyard. The two of them wanted to drink, but Xie Zhiwei ran out first, went to take a bath and came out, wearing a light robe Unclothed, leaning on the reclining chair, while fanning, listening to them talk.

"Qu Chengyu was promoted to a thousand households. I asked Qu Chengyu to go to the south. The first message arrived yesterday. The flooded Chongming and Changshu counties said that it was the Dragon Boat Festival flood, and the water in Yangcheng Lake and Kuncheng Lake soared. , The water level of the Yangtze River was too high, and it flowed backwards, and the two phases were attacked, and it was too late to fight the flood, which led to the disaster in the two counties."

Lu Yan picked up the wine glass and took a sip. The chilled plum wine suddenly felt very comfortable, and the depression in his heart also dissipated a lot, "You know, last year, this place in Guang Chongming County The embankment was repaired for two million taels of silver, reaching two other counties, tell me now, the embankment is broken!"

Lu Yan is suspecting that someone has tampered with it.

"What's wrong with this, either it was dug up, or it was not repaired last year." Xiao Xun disagreed, "You can always find out. If you are angry about this, you can only make yourself angry."

Xie Zhiwei smiled and said, "Big brother, has Wang Shipu asked for your peace pulse recently? I'll give you a pulse tomorrow!"

Lu Yan said with a smile, "I'm fine now, I'm in good health, and I sleep well every night!"
