

The Power 911

Chapter 911 Separation

Xie Zhi raised his lips slightly, disapproving, as if he was saying, don't lie to me, okay, I'll find out after I feel the pulse.

Lu Yan smiled.

The Empress Dowager walked for half a month and arrived in the capital on the 8th day of June. Xiao Xun got the news the first day, and got up early the next morning. Without alarming Xie Zhiwei, she left the Xiangshan Bieyuan. Door.

The emperor escaped the summer heat later, and many powerful officials also came.

Xie's other courtyard is nearby, and Yuan invited Xie Zhihui to escape the summer heat, so they came to meet Xie Zhiwei. Xie Zhiqian, Xie Zhiying, and Qian Shi also came along.

Xie Zhiwei asked Xiao Lingsu to lead Xie Zhiqian and Xie Zhiying to the garden, and she sat in the room talking with Yuan Shi, Qian Shi and Xie Zhihui.

The doors and windows are all open, and the wind from the mountains blows in from outside, making it cool for a while.

"I only slept well for a few days after I came here." Yuan looked refreshed, "Your father wrote a letter, saying that he will be back before the Mid-Autumn Festival, just in time for your delivery, Amitabha, I can finally rest assured."

Xie Zhi smiled and said, "Father has worked really hard in Xijiang these years, and after returning, he can also take a good rest for two years."

She asked Xie Zhihui, "How is Yongxin Bo's Mansion, is it still as noisy as before?"

"It's still the same. The son is packing up and saying that he wants to take me to the office. My mother-in-law didn't say anything. The father-in-law refused, saying that he and the mother-in-law are getting old, and my daughter-in-law is not here to serve. I want to follow my husband to the office, saying that the eldest son has no one to serve, and I want to bring the bright red in his house to the eldest son."

Qian Shi said, "Isn't this uncle's house so poor that it can't get rid of it? How can a father-in-law manage his son's house?"

Xie Zhiwei asked, "Then what did your mother-in-law say?"

"My mother-in-law is going to sell Yanhong. For this matter, my father-in-law and mother-in-law had another quarrel in the house. My mother-in-law is going to sell all my father-in-law's concubines. My father-in-law said that he wants to divorce his wife. Anyway, The mansion is very lively every day."

For a while, the three people in the room who were listening to the same story didn't say anything, Xie Zhiwei was silent for a long time, and said, "If your father-in-law really doesn't want you to follow, then don't follow for now, and you go back and tell Xu Liang, Ask him if he is rare about the title of Earl

Yongxin, if it is rare, then forget it, if not, tell him to let him take out the title, only one, and we want to divide the family."

Xie Zhihui understood as soon as she heard it, and hurriedly said, "Big sister, I understand, if Xu Liang is rare, I will also tell him to let him not be rare, a man, why do you need to rely on the shade of your ancestors to live?"

Xie Zhiwei shook his head, "You mention it to him and let him figure it out by himself. If it doesn't work, we'll find another way. However, I think Xu Liang will figure it out."

"yes!"

After talking about the Yongxinbo mansion, when it was time for Xie Zhiwei to take a walk, the dew in the garden had dried up, so Xie Zhiwei took his mother, aunt, and younger sister to Zhisong Garden.

Zhisong Garden is just behind Zhishuangzhai. There is a pine forest. There is a three-room thatched cottage in the forest. It is said to be a thatched cottage, but in fact it is covered with a layer of grass on the glazed tiles. It was midday and it was very cool inside.

Xuan Tao lit the stove in the house and was making tea when Bai Ling came and said Mrs. Cui was here, so Xie Zhiwei hurriedly asked her to invite her.

Mrs. Cui came in quickly, first saluted Xie Zhiwei, Xie Zhiwei hurriedly stopped him, "Auntie, sit down, there are no outsiders here, and it's not in the palace, so there is no need to make such a big salute."

"I came here because of the matter of the Gu family." Mrs. Cui said.

Xie Zhiwei said, "Auntie, just tell me, if something happens, there is no one else here, so I won't tell it."

Qian's **** that was about to lift up fell down again.

Mrs. Cui said, "What's the matter? The Gu family said they wanted to book the marriage until March next year. They said they wanted to marry the princess into the family earlier, but they were afraid that others would say that the Gu family didn't pay much attention to it. They said they had hired several eminent monks. Dharma, please invite Wei Pu from Qin Tianjian to forget this day."

Xie Zhiwei said, "Qin Tianjian moved to Yanjing, if Wei Pu followed, who is his wife?"

Mrs. Cui said, "Speaking of which, the empress must not have imagined that Zhou Damo, the former Hebei chief envoy, wonders if the empress still has any impression?"

"So, Wei Pu really married Zhou Damo's daughter?"

"Who is Wei Pu?" Yuan asked.

"Wei Pu is a blind man, first he was appointed as the official of the fifth court, and now he is an official of the sixth rank." Mrs. Cui said.

The five lawsuits start from the ninth rank, and in just a few days, Wei Pu is already the sixth rank. A blind man, Xie Zhiwei admires Shen Zhuwang's courage.

However, when I think about it, Xiao Xun and Lu Yan are not people who believe in fate, I am afraid that these two people do not pay much attention to Qin Tianjian.

"This, a blind man, has achieved the sixth grade now?"

"Yeah, speaking of it, it's also about the empress!" Mrs. Cui said, "I just found out that Wei Pu was recommended by the empress. Two days ago, I met Mrs. Wei, and she told me about it." Mine, it is said that I want to kowtow to the empress."

"I'm bored here every day. If she wants to come, she can come."

"Mrs. Wei is really capable. I heard that when I went to the capital, the two got married on an auspicious day. One year after their marriage, they had a son who was well raised. I heard that Master Wei liked it very much."

Xie Zhiwei met Zhou Yuqing in the Bieyuan the next day. Xie Zhiwei sent out a message and asked her to bring the child. The child was about two years old, and he was very stocky. His face was exactly the same as Wei Pu's, and his eyes were particularly energetic. .

Xie Zhiwei liked it very much when he saw it, and rewarded him with a gold inlaid eight-treasure necklace necklace and a pair of gold bracelets, and let Xuantao take food for the child.

"What's your name? Did you take a big name?"

"Take it, call it Xin Yao." Zhou Yuqing said.

The child was sitting on a small bed, with two short legs hanging down, shaking gently, while quietly eating pea yellow, very well-behaved.

Xie Zhiwei waved at him, "Xin Yao, come to my place, okay?"

The little guy got down from the scorpion, walked over, gently snuggled up to Xie Zhiwei's side, stuffed a piece of pea yellow into his mouth, and clapped his hands gently.

"Is it yummy?"

The child nodded, Xie Zhiwei looked at his tiger-headed and tiger-headed appearance, and couldn't help being very anxious, wondering if the stuff in her belly would be very cute?

"The empress's belly is bigger than the average person's, so it can't be a pair of twins, this is auspicious!" Zhou Yuqing laughed.

"I also hope to be a pair of twins. However, things in this world are always unsatisfactory, and I am afraid that the hope will be in vain."

The second update!

Zhou Yuqing said, "My concubine does not agree with what the empress said. As far as I am concerned, since I met the empress, my life seems to have turned a new chapter, and nine out of ten things go well."

Xie Zhiwei was stunned for a moment, she smiled, gently stroked Xiao Xinyao's head with her hand, and said, "Teach this child well, I think this child is very good."

Zhou Yuqing couldn't hide the excitement in her eyes, tears flashed, "Yes, yes, I obey!"

Xin Yao picked up a piece of mung bean cake from the plate and handed it to Xie Zhiwei's mouth, "Young lady, eat it too!"

His articulation was not very clear, and he stuttered, but Zhou Yuqing was taken aback, and Xuantaos was about to stop him, the child's hands were so dirty, how could the empress eat them.

Unexpectedly, Xie Zhiwei opened his mouth, bit the mung bean cake, and said to Zhou Yuqing, "Look, this is the heart of a child!"

Zhou Yuqing was so moved that tears were about to come out. When she came out of Xiangshan Bieyuan, she held the child in her arms. The carriage was driving on the official road, shaking a little, and her heart also went back and forth, as if lying in a cradle, comfortable. Incredibly.

The younger brother entered Xiangshan Academy, and the son entered the eyes of the empress. If in the future, the empress can give birth to a prince, perhaps, the son can also be a companion.

Back at home, it was just a yard with two entrances, which was leased by Zhou Yuqing back then. Later, when she had some money, she simply bought it.

Wei Pu was sitting under the desk in front of the window, counting. Although his eyes were open, he was lifeless.

Hearing the movement, he hurriedly turned around, with his ears facing the door, "Has Qingniang and Yao'er come back?"

"Daddy!"

Xin Yao rushed over, Wei Pu hurriedly hugged his son, Zhou Yuqing walked over, put his hand on Wei Pu's shoulder lightly, "Sir, do you want to see what Yao'er looks like?"

Wei Pu's whole body was stiff. He knew that with his status, if it wasn't for a coincidence, he wouldn't even be able to touch Zhou Yuqing's fingernails in his life.

No matter what happens to the Zhou family, the fact that Zhou Yuqing is the daughter of the former governor cannot be changed.

Zhou Yuqing didn't know if she noticed Wei Pu's abnormality, she said, "Today, do you know where we went? The empress summoned Yao'er and me, she liked Yao'er very much, and asked me to raise Yao'er well."

Wei Pu has an exquisite heart, he relaxed all over, and said, "We must raise Yao'er well."

"Sir, I got to know Mrs. Cui, and I went to kowtow to the empress again. Let's invite third son Cui to show you your eyes, okay?"

She knelt down and held Wei Pu's hand tightly, "Master, I want you to see Yao'er, and I want you to see what I look like."

Xin Yao got up, knelt on Daddy's lap, put his hands around Daddy's neck, his body was soft, and there was a milky scent, which made Wei Pu's heart very soft.

He held his wife's hand with his backhand, "Of course I want to see you and Yao'er, and I will listen to you!"

"Okay, no matter what the result is, it doesn't matter, at least, we have worked hard."

"Um!"

In these years, Zhou Yuqing invited many doctors to see Wei Pu's eyes. After each one came, he checked his pulse first, then looked at his eyes, then shook his head, carried the medicine box on his back, and left without saying a word.

No matter what request she made, Wei Pu smiled back, but Zhou Yuqing herself was already afraid. She had thought about it. When she married him, she never expected him to recover his light one day. If so, what does she have? Looking for it?

Just today, the empress's kindness made her feel hopeful again.

Three days later, it was a holiday. A couple came to Cui Tingzhan's shop. They were not ordinary people at first glance. The wife behaved generously and politely, but the husband was blind.

"You came at the right time, Dr. Cui is just here."

Seeing Cui Tingzhan, Zhou Yuqing couldn't wait to say, "Master Cui, I am familiar with Mrs. Cui, and I am also familiar with your cousin in Xie's house. Please help my husband take a good look. You must... heal his eyes. "

She never begged anyone!

Wei Pu held his wife's hand tightly, trembling all over, but smiled calmly, "Actually, it doesn't matter if it can't be cured, I know what Yao'er looks like?"

Cui Tingzhan has seen too many patients' sufferings and the expectations of their families. He smiled and said, "Of course I will do my best."

Cut Wei Pu's pulse, looked into his eyes, and touched his head, he pondered for a moment, "If I cure it, I'm only 70% sure, if my cousin or uncle cures it, I'm 90% sure, because it's the eyes, it's not comparable to other places, I can give you a few needles and medicines first, but the most critical two needles have to be done by my cousin or uncle."

Zhou Yuqing's heart was beating fast. She didn't expect the empress to help her husband with needles. After all, the empress was a rich man, so how could she condescend to treat others?

"Uncle Ling..."

"You also know that my uncle's whereabouts have always been uncertain, but it doesn't matter. Since there is hope, he should be treated first. When the acupuncture is performed in the future, if my cousin is inconvenient, she will teach me how to do it."

Zhou Yuqing knelt down slowly!

In the palace, the Empress Dowager was furious, Xiao Xun and Lu Yan stood side by side, they stood side by side, Lu Yan looked at the Empress Dowager indifferently, Xiao Xun lowered his eyes, not knowing what he was thinking.

"Okay, very good. I'm here. There isn't even a single person in the palace to say hello. Your mother went to Zhending Mansion. Where in the world is there an empress dowager running around? The grandson's daughter-in-law said she was raising a baby, so she wasn't in the palace." Li, does this mean you don't want to see Ai's family come back?"

Yin Mei squinted at Xiao Xun, and her face turned red. She helped the Empress Dowager hammer her leg, "Grandmother, it's hot, so don't be angry. Getting angry is bad for your health."

The empress dowager asked Xiao Xun, "When do you plan to bring the queen back to the palace?"

Xiao Xun said, "I don't know what orders the emperor's grandmother has? The same is true for the grandson to tell the queen."

"She is quite comfortable being a queen. In the world, there is no other daughter-in-law who can do this. She doesn't have to serve her elders, she doesn't have to serve her husband, and she doesn't even care about her husband."

The Empress Dowager winked at Yin Mei, and Yin Mei hurriedly withdrew with a red face and bowed her head. She escaped to the back of the hall, and heard the Empress Dowager ask, "How can there be only one empress in the palace? Don't worry, you should have two people around you to serve you."

Lu Yan raised his eyes and glanced at the Empress Dowager, his coldness almost condensed into a knife.

Xiao Xun smiled and asked, "Did the imperial grandmother choose someone for her grandson?"

The second update!

Chapter 913 The Emperor

The empress dowager's eyes lit up. She was worried that Xiao Xun would not agree, but unexpectedly, Xiao Xun was very willing, so she smiled, "You are the emperor, what kind of person do you want? Tell grandma, What kind of person do you like?"

Xiao Xun smiled shyly, "Naturally, to be beautiful is to be a concubine and a woman. There is nothing that is not beautiful. The second is talent. The most basic thing is to be good at piano, chess, calligraphy and painting. Not to mention the Four Books and Five Classics. If you don't understand anything, at least you need to memorize half of the Analects, and it would be even better if you can explain it to your grandson."

The Empress Dowager was stunned for a long time, "Why do you know "The Analects of Confucius?"

"Here, grandson is the son of heaven, so you can't marry an illiterate?"

"Women are virtuous without talent. This woman has a head, but she didn't say that she should also be able to read and write." The Empress Dowager said, "There is a candidate here in Aijia. Would you like to see it first?"

Xiao Xun let out an "ah", and a surprise flashed in his eyes. The empress dowager was very proud, and asked Yin Mei, who had just avoided it, to come out, "It's your cousin, meet your cousin soon!"

Yin Mei was about to salute Xiao Xun, Xiao Xun took a step back, pinched his nose, "What's the smell on you?"

Yin Mei's face turned pale immediately. She had never been humiliated before, so she couldn't help but raised her sleeves and smelled it. She only smelled a fragrance. Where else is there any peculiar smell?

She just realized that either the emperor didn't like women's beauty, or he deliberately humiliated her.

However, she was born with a beautiful face, and it was too late for the emperor to feel sorry for her, so how could she dislike her?

Yin Mei bit her lips, looking like she was about to cry, she looked at Xiao Xun with her beautiful eyes, Xiao Xun also looked up and down with a grin, her eyes raging, as if admiring an object, "What do you know? How about calligraphy and painting? Have you memorized the "Book of Filial Piety"?"

At the beginning, it was "The Analects of Confucius", and now it is "The Classic of Filial Piety". What exactly does Xiao Xun want to do?

The Empress Dowager was very upset, and said, "Why are you talking about "Book of Filial Piety" again?"

Xiao Xun laughed and said, "Then I wonder what Miss Yin will do?"

The Empress Dowager asked, "What do you know?"

Yin Mei blessed her body again, her beautiful eyes looked forward, but she hoped to meet Xiao Xun's eyes, and said, "If you go back to the empress dowager and the emperor, the courtiers will be popular, and they will..."

"Pfft!" Xiao Xun couldn't help laughing, and said to the Empress Dowager, "Grandmother, do you want me to talk about female red patterns with a waiter every day after I go to court?"

A smile appeared on Lu Yan's face.

The empress dowager's face was ashen. Anyway, Yin Mei is Xiao Xun's cousin and her grand-nephew daughter. What is it like to serve people?

However, Xiao Xun was not even in the mood to be hypocritical with the Empress Dowager, he cupped his hands casually, "Empress Dowager, since you have come to Yanjing, you can take good care of your life, if you want to hug your great-grandson, the Empress will immediately It's about to give birth, in Prince Xiang's mansion, I heard that the concubine is going to give birth, so you can make a good use of your grandchildren in the future!"

After Xiao Xun finished speaking, he turned around and walked out of the door. Lu Yan followed behind him. When he walked out of the threshold, he turned his head and took a deep look at the Empress Dowager. The Empress Dowager was startled, He almost fell off the phoenix seat.

Walking out of Leshou Palace, Lu Yan glanced at Xiao Xun with a half-smile.

Xiao Xun rubbed his nose embarrassingly, "I can't help it, who told me that I was born like a jade tree, and now I'm still the ninth five!"

Lu Yan couldn't help but burst out laughing, his eyes were as bright as the morning stars in the sky, and he shook his head, "It's useless to tell me, don't forget, there is still a child in the queen's belly, don't play too much , let the empress misunderstand."

Xiao Xun then thought of Mei Mei, he had lingering fears, and was very worried that what happened in Leshou Palace just now would be spread by someone with a heart, causing Mei Mei to misunderstand, and hurriedly said, "Brother, I'm going back to Xiangshan Bieyuan right now. I'll leave the rest of the matter to you."

Lu Yan watched his back leave, he turned around, took a deep look at Leshou Palace, and when he turned to leave, the cool wind lifted the hem of his scarlet embroidered unicorn robe.

When Xiao Xun came back, Xie Zhiwei was sitting in the open room in Zhisong Garden talking to Mrs. Gu.

"The old man said that if the palace came here to escape the summer heat, how could the princess not come to pay her respects to the empress, so she set up a small courtyard here, and when the princess came over, the princess came to live, and the princess also came to live here. I can come and accompany the empress."

Xie Zhi smiled and said, "You are not the only son of Mr. Gu, you can't give them all the good ones. I also bought a dowry for Nanzhang here. In the future, she will accompany me, and it is better to live in another garden." , or live in her own dowry village, it's up to her."

The house here, as the emperor brought the empress to escape the summer heat, the price has gone up.

The Gu family spent five thousand taels of silver to buy this small yard, which is still good. The further you go, the richer you may not be able to buy it.

Lingsu served tea to Mrs. Gu herself. Mrs. Gu's eyes followed her body, and she became more and more satisfied when she looked at her. When Lingsu avoided the room, Mrs. Gu couldn't wait to tell Xie Zhiwei about the wedding date. thing.

"If it was years ago, I was afraid that some people would gossip again, and the empress would know that this is the eldest daughter-in-law of a concubine. I am satisfied with ten thousand out of ten, and I don't want to wrong these two children. If it is delayed, And I really can't wait, so I thought of March next year, luckily the Empress is sympathetic."

Xie Zhi smiled, "Look at what Madam said, although our family married a girl, it is also Madam you marrying a daughter-in-law. Both families have sincerity and can understand each other's hearts, that's enough."

"What the empress said makes sense!"

After talking for a while, Mrs. Gu saw that it was getting late, so she got up and said goodbye. Xie Zhiwei was going to send her out of Zhisong Garden, how could Mrs. Gu dare to let her see her off? Dare!"

One is identity, and the other is body.

Xie Zhiwei asked Lingsu to take Mrs. Gu to the second gate.

Xiao Xun came in, washed up in the front hall first, and then came to Zhisong Garden, seeing Xie Zhiwei lying asleep on the couch, he signaled for the maids to go out, he took the fan from Yuqing's hand, sat down Beside him, Xie Zhiwei gently shook it.

Gusts of cool wind hit, Xie Zhiwei woke up after about a meal, she was still not awake for a while, stretched out her arms, and called "Yuqing", Xiao Xun hurriedly stepped forward to help her.

Xie Zhiwei turned his head and saw Xiao Xun, and shouted "Ah Xun" in surprise, and was very close, Xiao Xun saw the surprise in her eyes, and his heart was moved and joyful.

"Mae Mae!"

Xie Zhiwei felt that Xiao Xun was a little unusual today, so he couldn't help laughing, "What's wrong, Your Majesty?"

Fourth update!

Who is Chapter 914

"Don't call me the emperor, Mei Mei, I don't want you to call me the emperor."

Xie Zhiwei's heart skipped a beat, she put her hand on Xiao Xun's wrist, hesitated for a moment, but still said calmly, "Let me get up first, I've been sleeping for a while, the child has grown up and weighed me down My heart is in a panic."

Xiao Xun hurriedly said "Yes", and bent over to help her put on her shoes. How could Xie Zhiwei dare to let him put on her shoes, so she shrank her feet, "I will do it myself!"

"You can't even see your toes, how do you wear them?" Xiao Xun took the shoes and wanted to put them on Xie Zhiwei's feet.

Xie Zhiwei avoided it, "Or let Yuqing and the others come in to serve me."

Xiao Xun insisted, "You and I are husband and wife, so what if I help you put on your shoes?"

Xie Zhiwei's nose was sore, and she held back the tears in her eyes. She lowered her head, quickly put on her shoes, stepped on the little chair that Xiao Xun was sitting on just now, and raised her heels.

Xiao Xun realized that something was wrong, and with Lu Yan's reminder, he quickly tilted his head and saw Xie Zhiwei's tears flickering on his eyelashes, his heart trembled, and he felt a sharp pain. Attacked, he grabbed Xie Zhiwei's wrist, "Mei Mei!"

Xie Zhiwei raised his eyes and smiled at him, the tears he saw just now disappeared, as if what he saw just now was just his own hallucination.

Xiao Xun's heart couldn't help tightening. He always thought that he and Xie Zhiwei had already achieved a heart-to-heart relationship. At this moment, he realized that it is easy to start a relationship, but it takes decades to maintain it. A personal bond of hearts.

You think you are in love with each other, but the other party is quietly staying away from you. If you don't think carefully, it is really not easy to find out.

"Mae Mae, look into my eyes!"

Xie Zhiwei was stunned for a moment, she raised her eyes to look at Xiao Xun's eyes, a pair of dark eyes, the shape of the eyes is very beautiful, the kind of captivating phoenix eyes, she has always known that Xiao Xun has a pair of very beautiful eyes.

At this moment, she was a little afraid to look at the affection in Xiao Xun's eyes.

He never regarded himself as an emperor in front of her, but Xie Zhiwei couldn't help but regard him as the Ninth Five-Year King.

The old and the young are orderly, and there is a difference between the superior and the inferior, which is the core of "ritual".

As for the Xie family's poems and rituals, these upbringings are engraved in the bones.

Seeing Xie Zhiwei's eyes dodge, Xiao Xun's heart seemed to be stabbed a bit. If possible, he would like to be just a prince, stationed in Yanjing, guarding his sixteen prefectures, one acre and three parts of land.

But the situation has long been out of his control.

"Mae Mae, who am I?"

Xie Zhiwei understood what he meant, her nose turned sour, her voice choked up, "Yes, it's Emperor Dayong."

"If I were Emperor Dayong, then who are you?" Xiao Xun looked at her deeply. These years, she accompanied him to wander around, ran the palace for him, took care of his brothers and sisters, filial piety to his parents, and also accompanied him to worry and endure. The pain of parting.

Thinking about it now, she seems to be very tolerant to him, obeying all his wishes, and never making any demands on him in front of him.

This is what he thought was a heart-to-heart relationship. They got engaged, got married, and after that they got together less and more. She was his wife. Did he think that she would not object to anything he did, and he would treat him only if she would never leave him? She is so relieved that she thinks this is a heart-to-heart relationship?

Xie Zhiwei pursed her lips, she knew what the answer Xiao Xun wanted, but she also knew that although everyone called her Empress Empress, she was not actually canonized.

"I will give you a grand ceremony, but you know, the answers I want are not these, Mei Mei, let me ask again, who am I?"

Xie Zhiwei breathed a sigh of relief, she lowered her eyes, "You are my husband, but you are also Dayong's emperor!"

After she finished speaking, she raised her eyes and looked at Xiao Xun, seeing the pain flashing in his eyes, her heart also ached fiercely, but became extremely hard again.

In her ears, she seemed to hear the miserable cry that she heard in her previous life. At that time, she still heard the sound of execution in front of the Meridian Gate even though she was separated by many palace walls.

She knew that the emperor in the previous life was different from the current one, and the trajectory of fate was different, but she was still unavoidably afraid that the final destination of fate would be in the same place.

Xiao Xun sighed, let go of her hand, sat down on the couch, put his hands on his knees, and lowered his head.

After a long time, his voice dissipated slowly, "Mei Mei, the Empress Dowager said she would choose a concubine for me, but, Mei Mei, what I, Xiao Xun, said will never change, no matter what you hear, I say However, in my life, I will never let you down."

Xie Zhiwei turned around and sat down on the brocade tree, with her hands on the back of Xiao Xun's, "Ah Xun, look at that high dragon chair, since ancient times, only one person can sit on it, and everyone will look up at it. You, your mind will be guessed by countless people, and that feeling will be very lonely."

"However, now that we have come to this day, no matter what the road ahead is, we can only bite the bullet and go on. Whether it is suffering, sadness, joy, or happiness, if we don't say it, how will others know? But whether it is Which kind of taste is beyond our control."

Xie Zhiwei's voice was extremely desolate, "Maybe in the future, husband and wife will disagree, and brothers will turn against each other. If that day really comes, I beg you to let Xie's family go!"

She slowly got up from the brocade tree, and then slowly lowered her knees, Xiao Xun stood up in shock, looked at Xie Zhiwei who was kneeling on the ground in disbelief, and stepped back abruptly, avoiding her gesture kneel.

Thinking that she was still pregnant, Xiao Xun hurriedly stepped forward to pull her up, his face was already ugly, but he couldn't speak a word.

Inside and outside the house, it is so quiet that the sound of the breeze can be heard, and the pine forest is solemn, making people feel nowhere to rest their hearts.

"Mei Mei, are you blaming me?"

"No." She looked up at Xiao Xun, "It is said that being with you is like being with a tiger. I just think that I still have your child in my stomach, and that our love is still there. I want a piece of paper for my natal family. It's just a life-saving talisman. Ah Xun, I still want to ask for a favor."

Xiao Xun didn't look at her, but looked out the window, not knowing what he was thinking, and didn't speak.

Xie Zhi smiled, and said to himself, "It's okay to say that I am proud of being favored. In the future, if there is such a day, you don't have to avoid me. You can tell me yourself, okay?"

What to say, Xie Zhiwei didn't speak, but Xiao Xun understood, his heart was cut like a knife, he let go of Xie Zhiwei's hand, lifted his foot and walked out.

Xie Zhiwei followed to the door, watching the twilight light fall on his shoulders, he walked towards the door like a brave man walking alone through the battlefield.

Xie Zhiwei's tears fell down, and across her face, there was a layer of golden light in the sunset.

Today's update!

Dear friends, the festival is over, if you have votes, please vote!

Chapter 915 Wronged

Her legs gave way, Xuan Tao was so frightened that she quickly supported her, she turned around slowly, and walked towards the house.

After lying sideways on the couch, she just felt better. Xuantaο didn't understand, and couldn't help complaining, "The emperor said that he rejected the imperial edict of the empress dowager to choose a concubine. Why should the empress still argue with the emperor? Isn't that Let the enemy be quick, and the relatives be hurt?"

Xie Zhiwei closed his eyes and smiled, "We Xuantaο have also read books, and we also know the truth that the enemy is painful and the loved one is happy. But, do you know that no matter how deep the love is, it can't be worth the years and years? ah!"

Xuantaο naturally didn't understand, and said, "I don't understand this, my servant only knows that the empress should not anger the emperor away. The servant heard that the Empress Dowager brought back her natal nephew and granddaughter, and they are living in the palace. "

"Look, you know it all, everyone in the world must know it!" Xie Zhiwei still closed his eyes, with some fatigue in his voice, and sighed, "It's easy to go from frugal to extravagant, but difficult to go from extravagant to frugal. When I was growing up, my grandfather taught me that I would rather be frugal forever than go from being frugal to extravagant and then from extravagant to frugal."

Extravagant, frugal, Xuan Tao couldn't understand it even more, and said, "The servant only knows that the empress is the most honorable woman in the world. No matter how extravagant it is, how can it be frugal?"

Xie Zhi smiled and didn't say anything anymore. She can't sleep well at night and gets tired easily during the day. She couldn't help touching the baby in her stomach, and said to herself, the most honorable thing in her life is not being a princess, Now she is honored as the queen again, but when she was a girl in the Xie family.

Xiao Xun breathed a sigh of relief and walked to the door, but he didn't see Xie Zhiwei sending someone to catch up. He was stunned all of a sudden, not knowing whether he should go out again.

Mo Hen saw that his expression was not good, and looked at the sun again, thinking that the emperor had just gone to see the empress. Could it be that the empress refused to let the emperor accept the concubine, so the two had a dispute?

"Your Majesty, it's getting late. It's not easy to go back to the palace right now. What's the matter with the Emperor? Why don't you ask your subordinates to do it later?"

Li Baozhen followed behind Xiao Xun like an invisible man, and said, "Your Majesty, there is still a bit of rush in the study, and the cabinet is still waiting for the Emperor to get the regulations. The Emperor has read it now, and the slave will be able to do well if he gives the order." Pass it to the cabinet."

"Since it's a rush, I'll take a look first!" Then he turned and entered the Palace of Qinzheng.

Mo Hen was stunned, Li Baozhen glanced at him, and followed Xiao Xun into the Palace of Qinzheng. It was only then that Mo Hen realized that he could no longer take up this job, and had to find a way to see how the emperor would arrange himself.

Xiao Xun did not leave after all, and rested in the Palace of Qinzheng. He flipped through the memorial, read the drafts of the cabinet, sent some back, and asked Li Baozhen to send some to Lu Yan for seal.

He was really not in the mood to deal with any major national affairs, so he stood in front of the west window, looking straight in the direction of Zhishuangzhai.

It wasn't until it was dark that I saw a string of lanterns meandering from Zhisong Garden and entered Zhishuangzhai.

Only one lamp was lit in the main room, and after a while it moved to the top room. Of course Xiao Xun knew that it was the inner room. Could it be that she went to sleep without eating?

What should I do if I am hungry at night? She is still pregnant.

"Go and ask, why didn't the Empress have dinner?"

Li Baozhen didn't leave immediately, but lowered his head and said, "Eunuch Du came over and said that the empress's dinner is served in Zhisong Garden. It's just a bowl of red bean porridge. Half a bowl."

Xiao Xun became more and more worried, and regretted leaving just now. He asked Li Baozhen, "Eunuch Li, you have served the late emperor. In your eyes, what kind of person is the emperor?"

Li Baozhen was so frightened that he knelt down. The Xiangshan Mountain was originally cool, but it was autumn again, and the weather was very cool. In an instant, he was drenched in sweat, as if he had been scooped out of the water.

"Your Majesty, please forgive me!" Li Baozhen didn't know how to answer, "Your Majesty, slaves and others dare to criticize His Majesty, please forgive me!"

"I see, get up!"

Xiao Xun's expression was gloomy. For a moment, he understood something, but when he thought about it, he didn't understand anything.

Xie Zhiwei fell into a deep sleep. Xuan Tao, who was lowering the bed curtain for her, turned around and saw the emperor coming in. She was so frightened that she almost fell off the footrest.

Xiao Xun's gaze locked on Xie Zhiwei who was inside the bed curtain, and he waved his hand to let Xuanta leave. He walked over and sat down on the footrest.

Xuan Tao trembled, bowed her body, and slowly retreated, closing the door.

Yuqing and the others in the room dared not show their anger, Xuanta retreated while beckoning them all to retreat.

Xiao Xun reached into the tent and held Xie Zhiwei's hand. He murmured, "Is that why you don't trust me?"

Xiao Xun felt very wronged.

Xie Zhiwei woke up, there was no one beside the bed, she pulled the silver bell beside the bed, Xuan Tao came in, and helped her up as usual.

After she was pregnant, she woke up more frequently at night, but she slept soundly last night. At this time, it was dawn, and after she changed her clothes, she didn't intend to continue to sleep, so she called someone to come in to freshen up, she only combed her hands, and she fell to the couch in the next room On the bed, with the windows open, let the cool air from the mountains come in and dissipate the heat from your body.

"Empress, please have a bowl of goat's milk custard first. The servants asked the kitchen to prepare breakfast earlier. Your empress didn't eat much for dinner yesterday."

Xie Zhiwei let out a "hmm" and asked, "Is there any news from Prince Xiang's Mansion? The Crown Princess is about to give birth?"

"It is said to be born on the 20th of July, so there are still a few days left." Xuan Tao said.

"Xuan Tao, have you been with me for more than ten years?"

Xuanta paused her hands when she heard that this was inappropriate, "Empress Empress, when the servant beat Empress Empress when she was five years old, she worked in front of Empress Empress."

"Zi Mo gave birth to another son, she is really blessed, you are only a month younger than her, Xuan Tao, tell me, what kind of person do you want to find?"

Xuantao shook her head, "Your Majesty, the slaves want to comb themselves and follow the Empress. The emperor is kind enough to allow the servants to follow the Empress into the palace. In the future, the servants will all go out, and a caring person in front of the Empress will No, how is that good?"

Xie Zhiwei was also a little undecided. She handed the bowl of custard custard to Xuantao when she had finished drinking the goat milk custard, and when she saw Bailing coming in, she asked, "What's the matter?"

"Eunuch Du Gui said that the Empress Dowager will return to the palace after noon on the day after her death."

Xie Zhiwei said, "Then pack up, let's go back to the palace tomorrow."

She asked, "Where is the emperor?"

"The emperor is in the front hall."

Last night, the emperor rested in the queen's room all night. At four o'clock in the morning, the emperor was afraid that the queen would wake up, so he went out and asked them not to tell the emperor.

"Then go and talk to the emperor, just say, we will return to the palace tomorrow."

The first update!

I know that everyone must be very tired after chasing here. It has come to an end, and there are not many days to be with each other. If the writing is not good, please bear with me.

In addition, the heroine became a queen in her previous life, and her whole family was copied and beheaded. It is impossible not to have any feelings in this life.

Chapter 916 Intentional

"She went back to the palace? What is she going back to the palace for?" Xiao Xun's eyes suddenly lit up. Could it be that she heard something, that she wants to go to the palace?

Du Gui didn't know what the emperor was thinking, but said, "The empress heard that the empress dowager will return to the palace in the future, so she hurried back to the palace one day in advance."

"It's still so hot, it's just entered autumn, isn't it hot to go back to the palace?" Xiao Xun said, "The empress dowager returns to the palace, I just go to welcome her."

Du Guidao, "The empress has already arranged for someone to pack the box. Your majesty, the empress means, logically, that she should pick it up."

Since she insisted on going back, Xiao Xun naturally would not stop her, and ordered someone to prepare a dragon chariot, intending to let Xie Zhiwei go back to the palace with him on the dragon chariot.

Xie Zhiwei naturally refused to agree, and the two insisted, Xie Zhiwei only agreed to go back in a phoenix chariot.

After the Empress Dowager found out in the palace, she smiled and said, "This is not a queen yet, but the queen's score is quite big."

Xie Zhiwei returned to the palace, after freshening up, went to greet the Empress Dowager, stood at the gate of the palace for about half an hour, her calves began to tremble, and her abdomen was a little swollen, and then Madam Hu came out to welcome Xie Zhiwei go in.

Xie Zhiwei glanced at Nanny Hu coldly. With the support of Du Yuan and Du Yun, she took a step forward. Suddenly, she supported her stomach and leaned on Du Yuan's body. Cold sweat broke out on her forehead, trembling. He said, "Help me back, pass on to the imperial physician!"

Du Yuan and Du Yan were so frightened that their hands and feet trembled. Fortunately, the two of them were also highly skilled and bold, and they yelled at Madam Hu, "Hurry up and get someone to bring the spring stool!"

Seeing that Xie Zhiwei's belly was terribly big and his legs were weak, Nanny Hu yelled at the maid at the door, "Hurry up, bring the spring stool!"

When Xie Zhiwei was waiting in the Leshou Palace, Xiao Xun was discussing matters in the Qing Palace. Hearing that Xie Zhiwei had been waiting for almost a stick of incense, he couldn't sit still, but the cabinet elders were still chattering, so he turned to Lu Yan took a look.

Lu Yan got up and walked to the door of Leshou Palace. When he heard a commotion inside, he couldn't care about anything and collapsed in one step.

"My lord, the empress is moving, moving, her fetus is moving!"

Xie Zhiwei's body was heavy. Although Du Yuan was strong, she was short after all, and she and Du Yun supported Xie Zhiwei from left to right, and dared not move at all.

Lu Yan picked up Xie Zhiwei, hurriedly picked her up, and then heard a small voice say, "Big brother, I'm fine, I did it on purpose, I'll leave it to you!"

Lu Yan saw her quickly opened her eyes and looked at him, and then understood that although she was relieved, she was worried. She was comforting herself, afraid that she would not let herself worry.

"Hurry up and bring the soft sedan!"

The soft sedan chair and the spring stool were brought up, Lu Yan carefully put her on the soft sedan chair, and gestured for the **** who followed to carry Xie Zhiwei back properly.

He looked at Madam Hu, "Mother Hu, please help the empress to answer, and said, I have stood at the door for a long time today, and my fetus has moved, so I will not go in and greet the empress dowager, and wait until I get well." In the future, I will come to the Empress Dowager to set the rules."

Nurse Hu's expression changed several times, knowing that if this word got out, the Empress Dowager would make her pregnant granddaughter-in-law set the rules, which would lead to the news of her conceived gas, and the Empress Dowager's face would be lost.

"Here, Master Lu, why would the empress dowager want the empress to set the rules? This small family didn't say that the mother-in-law would torture the granddaughter-in-law, not to mention that the empress is pregnant with the flesh and blood of the Tian family."

"So, the Empress Dowager came to pay her respects to the Empress Dowager, and she stood here for an hour, and you servants, didn't report to the Empress Dowager?" Lu Yan's face changed, "I don't know what is happening in this palace. The rules are actually like this, who is on duty today?"

This is the time to punish the people in the Empress Dowager's palace. Hu Nanny's face changed, and she reminded, "Lord Lu, this is Leshou Palace, the palace of the Empress Dowager."

"I understand that the Empress Dowager was trying to set rules for the Empress Dowager. There are some things that I shouldn't have said, but I have to give advice. The Empress Dowager comes from the Xie family in Luzhou. If the Empress Dowager If there is something impolite, I am afraid there is no perfect person in this world, even if the Empress Dowager is dissatisfied with the Empress Dowager, she cannot but understand the empress' empress suffering from her pregnancy."

After finishing speaking, Lu Yan turned around and drifted away. He walked quickly and caught up with Xie Zhiwei in the alley between Ningshou Palace and Fengxian Hall.

She was still leaning on the soft sedan chair, her face was pale, Lu Yan became more and more startled as she watched, but he didn't dare to disturb her, and asked, "Did you announce the imperial physician?"

"It's announced!" Du Gui was very nervous.

Lu Yansheng was afraid that something was wrong with her, so he took a step forward, and couldn't help but want to hold her hand, but he still squeezed the lever, "What do you think?"

Xie Zhiwei turned his head and glanced at Lu Yan. She smiled, looking extremely weak, "I'm fine!"

Seeing the Kunning Palace in front, Lu Yan said, "Go ahead to the Kunning Palace and call the emperor over!"

"yes!"

Arrived at the door, the **** was about to carry the soft sedan in, Lu Yan bent down, picked her up, quickly walked into the door of Kunning Palace, entered the Xibian Hall, and put her on the couch.

"Shall I move you to the bed?"

Xie Zhiwei shook her head, and she grabbed Lu Yan's arm, "No need, big brother, I'm really fine. Since the Empress Dowager is back, there has been a deep hatred between us, but I am like this now, if I can't fight And in the middle, I am worried that in the future, I will not be able to keep my child."

Xie Zhiwei let go and stroked her swollen belly. Although nothing happened today, she still suffered a serious crime after standing for half an hour. At this time, her back was a little sore, and her calves were throbbing with pain.

Lu Yan lowered his eyes and took a deep breath, "You go to pay your respects to the Empress Dowager, why didn't you tell me and Ah Xun?"

"This is a matter of the harem. If I don't even have the ability to protect myself, how will I go in the future?"

Lu Yan raised his hand and gently stroked her head. If possible, he would rather she not marry into the royal family.

Xiao Xun rushed over after hearing the news, and saw Xie Zhiwei lying on the bed with a pale face, Wang Shipu was sitting on the twig to diagnose her pulse, and Lu Yan was standing in front of the window with his hands behind his back, his heart suddenly hung up, and he asked eagerly, "How is it?" ? Does it matter?"

Wang Shipu had already stood up, saluted Xiao Xun, Xiao Xun said impatiently, "Speak, don't waste time."

"The empress has moved her fetus and showed signs of premature delivery. The minister prescribed a prescription. Right now, the only thing I can do is to protect the pregnancy."

"Nonsense, don't you still have a baby?" Xiao Xun's eyes were red, seeing that Wang Shipu was dumbfounded by the yelling, he said angrily, "Hurry up!"

Xie Zhiwei tugged at the lapel of his shirt, and shouted in a low voice, "Ah Xun!"

Xiao Xun's anger dissipated a little, he grabbed Xie Zhiwei's hand, "Mei Mei, it doesn't matter if you want it."

Today's update!

At the end, to avoid anticlimax, I have to write carefully, please bear with me, if you have votes, please help to vote!

Chapter 917 Grinding

"I am a doctor myself, it doesn't matter to me, don't worry about it!" Xie Zhiwei leaned on the red-bottomed Qilin miscellaneous treasure woven golden satin pillow, all the hairpins on his head have been removed, jet-black hair, red-ground satin, making her face extremely pale.

Xiao Xun held her hand, knelt down on the pedal with one knee, closed his eyes, "Mei Mei, I'll go find her!"

Xie Zhiwei held his hand tightly, "Ah Xun, don't!"

Lu Yan came over and put his hand on Xiao Xun's shoulder, "Ah Xun, some things can't be taken directly, you can only ask for it, what do you say to the Empress Dowager? Go and scold me? Let the Empress Dowager Bear the reputation of the demon queen?"

Xiao Xun held Xie Zhiwei's hand tightly, looked at her and said, "Mei Mei, I will invite Mrs. Junguo into the palace and let her accompany you, okay?"

Xie Zhiwei nodded, "Okay!"

Xiao Xun got up, called Li Baozhen, and ordered, "You go to Xie's house in person, tell the lady of the county, and tell the empress that the empress is pregnant, so let the lady of the county come into the palace to accompany the empress."

Li Baozhen hurriedly said, "Yes!"

Turn around and go.

In the Leshou Palace, the Empress Dowager was furious, "She is so delicate, she only stood up for half an hour, where did she get an hour? The Ai family tortured her? She is lucky, she did not marry into those who are good at grooming their wives Go, this is the training?"

While giving the Empress Dowager a favor, Hu Momo said, "Empress Dowager, don't be so angry, the empress is a little younger, married into the royal family, and there is no serious mother-in-law above her. There is an empress dowager, It was recognized later, others don't know what kind of temper the empress dowager has, how can you not know? In the future, you will slowly teach the empress how to behave, so that she will know what royal dignity is."

The Empress Dowager asked, "What's the matter now? Can't keep the piece of dragon meat in her stomach?"

The court lady who stood in the hall and answered tremblingly said, "Return, if you return to the Empress Dowager, the Imperial Physician Wang is prescribing a prescription for the Empress Dowager."

"Isn't she a doctor herself?"

This is very disrespectful to Xie Zhiwei, how could the palace dare to answer, with his head bowed and his legs like sifting chaff.

Nurse Hu waved at the maid to let her go down, and the maid hurriedly left the palace gate as if she had received amnesty.

"Empress Dowager, you have to cheer up, the Empress Dowager will be back tomorrow."

"What is the Ai family afraid of her? What is the Ai family afraid of now?" The empress dowager curled her lips, "Disrespecting the old, disrespecting the old, how old am I, I am still afraid of these!"

Mother Hu has always been the same, but now she is not the grandson of the empress dowager sitting on this dragon chair. Anyway, the empress dowager also takes up the word "filial piety". No matter how you say it, the empress is a grandson's daughter-in-law, she can still turn over the sky go?

Today, the Empress Dowager said she couldn't see her, so she could only stand in the courtyard for half an hour. If she wasn't pregnant, how could she spend half an hour?

The empress had just returned to the palace, and the empress dowager made a rule, and she became pregnant, and the news that the dragon son would not be safe spread throughout the capital in an instant.

When Li Baozhen came to pass the decree, he stood at the gate to announce the decree. Xie Tiao's eyes darkened immediately and he passed out, and Yuan Shi would have sat on the ground if he hadn't been supported by someone.

"Oh my god, my daughter is so precious at home. Why, what, she can't even keep a child after becoming a queen. It's been six or seven months. Isn't she doing well at first?"

Yuan Shi yelled out, waking Xie Tiao who had fainted with a loud voice, he struggled to take two steps, supported Xie Mingcheng's hand and said to Li Baozhen, "Elder-in-law, please tell me more about the empress gone?"

"I moved my fetus, took medicine, and I am resting now. The emperor told Mr. Xie Ge not to worry, please enter the palace as soon as possible, Mrs. Junguo!"

"I'll go too, Elder Sister is not feeling well, as a younger sister, I should serve in the palace!"

A voice sounded abruptly, and Li Baozhen looked up, and saw a woman wearing a crimson beige embroidered with peach blossoms all over the place came out from behind.

Who is Li Baozhen? There are many people who have seen it inside and outside the palace. Although this woman is young, she does not hide her shrewdness at all. Who is she trying to offend?

"Hey, who is this? It is said to be the younger sister of the empress, but our family knows that the second aunt is married to the wife of the eldest son of the Yongxin uncle's mansion. Isn't this the third and fourth girls? , Another younger sister popped up?"

Li Baozhen saw Xie Congyun's thoughts at a glance, he couldn't handle it, and said to Xie Tiao with a smile that was not a smile, "Xie Ge, Xie's family is now a big forest, and there are all kinds of birds!"

Xie Tiao was so ashamed, Xie Congyun was about to speak, Xie Hong had already rushed over to stop her, and cupped his hands to Li Baozhen, "Elder-in-law, my little girl is ignorant, but my little girl is right, she is the queen's concubine's concubine."

"That's how it is. It's said that the emperor also has three poor relatives, and the empress has two younger sisters of unknown origin. It's nothing."

After Li Baozhen finished speaking, he stopped talking to Xie Hong. He didn't even know Xie Hong, so he naturally didn't talk about giving Xie Hong any face. He said to Yuan, "Mrs. Junguo, pack up and follow our house into the palace." Bar!"

"Yes, father-in-law, please wait a moment!"

Yuan could not wait to go to the backyard, Xie Tiao accompanied Li Baozhen to Qijianzhai to sit and wait.

Both Xie Zhiqian and Xie Zhiying were pale and worried. When Qian returned to the backyard, he put his hands together and chanted "Amitabha".

Xie Congyun was sneaked back to the guest room by Xie Hongti, but she was very unconvinced. When she saw her mother, she gained confidence and threw her father away, "Did you hear that, she doesn't like the Empress Dowager at all, the Empress Dowager As soon as she came back, she moved her fetus, as you can imagine."

"Do you think that if you make a fuss, the palace will welcome you into the palace?" Xie Hong didn't expect that his daughter would be spoiled like this by his wife, "You know, it's someone from the palace who came here."

"My daughter is not a fool, the people who came here are from the emperor, and my daughter just wants to show her face in front of the emperor's people."

Yuan followed Li Baozhen into the palace anxiously. She entered the Kunning Palace, and rushed into the inner room impatiently. Seeing her daughter lying on the bed, she blurted out a mournful call, "Mei Mei?"

She didn't see Xiao Xun sitting on the footrest at all, so she rushed over, Xiao Xun hurriedly avoided to the side, got up and gave up her seat.

"Mae Mae, good boy, tell your mother what's going on?"

Seeing that her mother was so worried, Xie Zhiwei had a sore nose and tears were about to fall, "Mom, I'm fine."

"You said it's okay, look at your face, it's all like this, is it okay?" Yuan raised her hand to brush away the broken hair on her sideburns, and then gently pressed her hand on her stomach, "If you feel uncomfortable, relax your whole body and gently touch your belly, mother and child are connected, if you are sad, your child will also be sad, if you are happy, your child will be happy, and when your child is happy, you will be fine."

The first update!

Chapter 918 Believe in you

Xie Zhiwei relaxed all over, and the contractions became lighter and lighter. She knew that this method worked, and her complexion became much better.

"Mother, the emperor is still here!"

Only then did Yuan Shi notice that Xiao Xun was beside her. She hurriedly got up, hesitated for a while, and then saluted Xiao Xun.

Xiao Xunxu gave a hand, "Master-in-law, excuse me!"

Yuan Shi couldn't calm down, she thought for a while and said, "Your Majesty, I have always been proud of having a son-in-law like the Emperor, not because the Emperor's status is precious, and a wife is more

expensive than a husband, but because the Emperor has always valued Mae Mae. , I never imagined that such a thing would happen."

Yuan did not regard Xiao Xun as the emperor at all, but Xiao Xun did not regard himself as the emperor either. After hearing the elders' admonition, he lowered his head and did not say a word.

Xie Zhiwei's hand tightly grasped the bedding under her body. At this time, whatever she said was inappropriate.

"Your Majesty, look at her belly. It's bigger than the average pregnant woman. Many people envy twins. Two babies in one can really get twice the result with half the effort, but I've always been worried that it's harder to conceive twins than one." There are many more babies, at this time, you don't feel sorry for her, stand by her side, in this life, is there any other better chance?"

Xie Zhiwei gently pulled Yuan Shi's skirt from behind. Yuan Shi turned her head to look at her daughter, saw tears in her daughter's eyes, and shook her head gently. She sighed and held her daughter's hand, "Mei Mei , You don't let your mother say it, but I am a mother, everyone can shut up and turn a blind eye, but I can't."

"I've heard that the empress dowager wants to choose a concubine for the emperor. I heard that one of the Leshou Palaces has moved in. There is a large group of people waiting at the Taoyuan Academy. There is still someone waiting desperately, how will our Meimei live in such a day?"

Xiao Xun raised his head and looked at Xie Zhiwei, seeing that her eyes were full of worry and distress. His heart felt as if it had been scalded by hot spring water. He couldn't help but smiled slightly, and cupped his hands at Yuan Shi, "Mother-in-law taught me the lesson. It's just me It is useless to say anything, there will always be more days than vows, from now on, I will try my best not to let Meimei be wronged!"

Yuan was a little dissatisfied. When Xiao Xun was not enthroned, he was still willing to make a promise in front of Cui Xie and his family. Now that he has become the Ninth Five-Year King, he is more concerned about golden words, so he is unwilling to promise?

Xie Zhiwei said, "Ah Xun, don't say these things, I just believe you!"

Hearing what her daughter said, Yuan could not say anything more. After she said this, the other party was the emperor after all.

"We can rest assured that Mae-Mei has the emperor's pity."

Xiao Xun planned to let them talk in the inner room, he looked at Xie Zhiwei, "Shall I let the imperial dining room serve a table?"

Yuan Shi hurriedly said, "Your Majesty, you don't need to bother, and you don't need any noodles, just stir-fry two ordinary home-cooked dishes, and I will have dinner with Mei Mei."

Xie Zhiwei said, "Just listen to mother!"

When Xiao Xun left, Yuan Shi hurriedly asked, "Mei Mei, tell mother, what's going on?"

"It's uncomfortable, but it's not dangerous." Xie Zhiwei naturally wouldn't hide it in front of his mother, "It was said that he stood for an hour outside, but in fact, he only stood for half an hour, and then he contracted Terrific, the imperial doctor said that the fetal gas was moved, and prescribed a miscarriage-preventing medicine, which may take a while."

Twins are always prone to premature birth. Xie Zhiwei doesn't need to drink miscarriage medicine, but medicinal diet is a must. Taking the opportunity of asking Wang Shipu to prescribe the prescription, she dictated, and Wang Shipu wrote a list of medicinal diet.

Wang Shipu has always regarded Xie Zhiwei's words as a standard, and when he saw the meal list, he looked at it twice, and felt embarrassed to write it down.

Fortunately, Xie Zhiwei is not a stingy person, so he asked him to copy the diet list privately, and explained to him the compatibility of the medicines in it.

This can be regarded as killing two birds with one stone, but there are many things that can only be done but not talked about.

Moreover, caring is chaotic, the more Xie Zhiwei said it was okay, the more Yuan refused to believe it, wiped away tears for a while, and comforted Xie Zhiwei, "Your grandfather told you not to worry, no matter who makes trouble, you will not be able to get past you in the future. Regardless of Cui Xie and his family, your grandfather is still fighting Japanese pirates in the southeast, and the military exploits he has accumulated over the years can always help you with a word at critical times."

Xie Zhiwei held Yuan Shi's hand, "Mother, don't worry about your grandfather, I am the eldest daughter of the Xie family, and I will not embarrass the Xie family no matter what."

"It's only natural, you've always been the best, I know it, your grandfather knows it, your father knows it too."

"Father should be back soon, right?"

"Well, you will definitely be able to come back before you are born. The letter at the beginning was still asking me how you are, how are you eating and sleeping? Mae is going to be a mother, but the days before that, you looked like yesterday when you were a child."

Xie Zhiwei only felt a warm feeling in her heart. She regarded Yuan as her own mother, "Mother, I originally wanted to have a younger brother or younger sister, but in the past few years, mother and father have been together less and more. Young man, when father comes back, give brother Xi and me a younger brother or younger sister!"

"Look at you kid, what are you talking about? I'm going to be my grandmother!"

Xie Zhiwei suddenly laughed, "What's the matter, in the future your grandson will have a little uncle who is about the same age as him, and they can play together."

In the evening, Prince Xiang's Mansion came to report that the Crown Princess had given birth prematurely. Although she was due to give birth around July 20, at this time, it was only a few days away, so it was not considered premature.

Xie Zhiwei asked, "Why did you give birth prematurely?"

It was Du Gui who spread the word, "The servant asked, and said that the concubine Shi Zi heard about the empress's concubine gas at that time, so she got up a little bit in fright, lost her foot, and almost fell off the pedal. Someone helped her from the side, but she was still born prematurely."

Xie Zhiwei couldn't help worrying, if she wanted to go to Prince Xiang's Mansion to see, she herself looks like this now, but if she doesn't go, she doesn't know the situation, what should I do if the situation is critical? "

Xie Zhiwei thought for a while, and said to Du Gui, "Go to Cui's house right now, and tell Third Young Master Cui to let him rush to Prince Xiang's Mansion. You will accompany Third Young Master Cui to wait in Prince Xiang's Mansion. If anything happens, you will Report in as soon as possible."

"Yes, the servant is going!" Du Gui hurriedly left.

In Prince Xiang's Mansion, Mrs. Zhao has been moved to the East Wing. This place has been prepared for a delivery room long ago. The Wen Po is also in place. There is a cold light on the scissors, the cloth strips are put aside, and a pot of hot water When it was brought in, Mrs. Zhao felt uneasy, she grabbed the hand of the nanny, "Don't tell the palace that I am going to give birth."

Today's update!

Dear friends, you still have to support me, if you have a vote, please vote!

Chapter 919 Relieved

Grandma was surprised and very puzzled. Mrs. Zhao was sweating profusely, and her disheveled hair clung to her forehead and cheeks, "I can't let my sister-in-law know, she was, she was, physically inappropriate."

Grandma held Zhao's hand tightly, "My concubine, what time are you, and you still think so much. If you are afraid that the empress will be worried, you should do your best to give birth to your grandson."

The labor pains started again, and Zhao had no strength left. She clenched her teeth tightly and clenched the bedding under her body.

In the palace, Mrs. Yuan was placed in the East Side Hall. She was a little uneasy and dared not light the lamp. When she heard footsteps outside, she called the maid to ask.

"The emperor is back." The maid said carefully.

Yuan breathed a sigh of relief, if there are too many, he can no longer ask.

Xie Zhiwei just fell asleep, it was a little hot, Xuan Tao sat by the bed and fanned her.

As the month got older, Xie Zhiwei felt less energetic. She was drowsy, but she still couldn't rest assured, "Over there in Prince Xiang's mansion, if there is anything the princess needs to do, you must call me."

"Yeah." A faint response sounded, Xie Zhiwei had already fallen asleep, but he didn't notice that the voice was abnormal.

Xuan Tao gave the fan to Xiao Xun, and then retreated carefully. Before going out, she saw the emperor sitting beside the bed, playing the fan for the empress.

In the middle of the night, Xiao Xun saw that Xie Zhiwei was not sleeping soundly, and her stomach was too big. She always only slept on her left side, and used a small pillow to cushion her stomach. After a long time, she would naturally feel uncomfortable.

Xiao Xun took off his clothes, got on the bed, held her in his arms, and held her belly with one hand to make her more comfortable.

In his sleep, Xie Zhiwei clung to Xiao Xun's body with hands and feet, let out a sigh, and muttered "A Xun".

Xiao Xun's heart melted. Looking down at her face, her waist became thicker due to pregnancy, but her chin became sharper and paler.

The pity became stronger and stronger.

"Since you are always calling my name in your sleep, why don't you believe me?" Thinking like this, Xiao Xun lowered his head and planted a kiss on her lips.

The kiss was a bit heavy, and it seemed to have disturbed Xie Zhiwei's dream. She was a little impatient, and raised her hand to push him, "Ah Xun, don't make trouble!"

Xiao Xun couldn't help laughing, raised his hand to caress her cheek, and sighed, "If you don't believe it, don't believe it. One day, you will still believe it."

When you are in your seventies and eighties, we will all be old at that time, and we will only have each other by our side. Can you still not believe it?

Thinking of this, Xiao Xun was also relieved!

Xie Zhiwei woke up and saw herself leaning on Xiao Xun's body. She was taken aback and was about to get up, but Xiao Xun's arms tightened and locked her in his arms, "Sleep for a while!"

His voice seemed a little hoarse. He didn't sleep well, and his head hurt a little. He raised the other one and pressed the center of his eyebrows.

Outside the door, Li Baozhen's voice sounded, extremely anxious, "Your Majesty, it's time to go to court. The Empress Dowager learned that the emperor's court meeting is late today, and she has already gone to the Hall of Supreme Harmony, and she is reprimanding all the officials for not admonishing the emperor. Word."

Xie Zhiwei couldn't help being surprised, she woke up completely, and was eager to sit up from Xiao Xun's arms, but Xiao Xun sneered, "The empress dowager is going to court? Then let her go."

Today is the Dachao meeting to discuss the flood disaster in two counties in Zhejiang.

Xie Zhiwei rested his hand on Xiao Xun's shoulder, "Ah Xun, I just heard that I had a fetal gas yesterday, and today you will not go to court early. When the time comes, will the censors impeach you or me?"

"Whoever wants to impeach, let him impeach. I never thought about what holy name I will have in the future. I care so much about him."

Xiao Xun yawned, but since Xie Zhiwei opened his mouth, he would naturally not refuse to listen, so he closed his eyes and helped her, and shouted outside the door, "Come in, help me change my clothes!"

Li Baozhen hurriedly came in, Xiao Xun sat up, finally opened his eyes, and stroked Xie Zhiwei's long hair, "You sleep a little longer, I'll go to court, don't be afraid, there won't be those who don't have eyes to impeach you, Even if it is impeachment, so what? You are so angry that I am not allowed to worry anymore?"

As he spoke, he told Li Baozhen, "Urgently pass on Wang Shipu!"

"yes!"

Just after Mao, it was the coolest time of the day, Xie Zhiwei wanted to sleep a little longer, so he lay down without getting up.

Xiao Xun helped her put down the bed curtain, went to the clean room to wash, and changed her clothes there.

When he left the Kunning Palace, Wang Shipu came in with a medicine box on his back as if a ghost was behind him, and when he saw Xiao Xun he knelt down and saluted.

"Take a pulse on the empress. Last night, I was uneasy again." Xiao Xun's tone was a little harsh.

Wang Shipu was uneasy.

This is the empress's first child. When he checked the empress's pulse yesterday, it was clearly a sign of premature birth, and the pulse was extremely ominous.

Back to Tai Hospital, Xu Yi saw the pulse case, his hands were shaking, and he was ready to be called in and go all out.

Wang Shipu was taken to the side hall to wait. After waiting for about an hour, he was taken there.

Xie Zhiwei was lying in the inner room, with his wrists outstretched, and a veil was placed on top of it. Wang Shipu sat on the brocade pole with three fingers resting on it. After a few breaths, his expression relaxed a little.

"How?" Yuan Shi was too worried and did not avoid suspicion, asking nervously from the side.

Wang Shipu got up and bowed to Yuan Shi, "If you go back to Mrs. Junguo, your pulse is fine, and the dragon fetus is temporarily saved."

Yuan breathed a sigh of relief, and a smile appeared on her face. She folded her hands together, "Amitabha, I made a wish yesterday. If the empress can give birth to a prince and daughter safely, I will remake the Buddha statue in Long'an Temple. body, and copied the 999 volumes of the Diamond Sutra with his own hands."

"The lady of the county made a great wish, and the Buddha will definitely bless the empress!" Wang Shipu said.

Xie Zhi smiled, but his eyes were already moist.

"Xuantaos took Wang Taiyi to the side hall to wait, I have something to say later."

"yes!"

Xuantaos took Wang Taiyi out, and Yuan Shi personally set up a tent for Xie Zhiwei, and sat by the bed, "Mei Mei, you're all right, I'm relieved."

Xie Zhiwei took Yuan Shi's hand and said, "Mother, I'm fine now. There are many things at home. I'll have someone send you out of the palace in a while. After you go back, if Xie Congyun's side is difficult to deal with, you can ask someone to look for it." Xu Liang, he will find a way to solve it."

Today, the Empress Dowager is coming back, and the Empress Dowager is eyeing her. Xie Zhiwei doesn't want to involve her natal family.

Yuan seemed to understand, but she didn't understand, but her daughter was always right, and hurriedly said, "Okay, if Mrs. Hong and the others insist on staying at home, mother will go to Xu Liang."

She is not used to living in the palace, since her daughter is well, it is natural for her not to live in the palace all the time, so she is led out of the palace by Mother Qiu herself.

Xie Zhiwei closed his eyes, and told Xuantaos, "Go ask Wang Shipu again, and just say I'm not well."

Wang Shipu knew it would not be so easy, so he crawled over and sat on the brocade pole for a long time before putting his fingers on his pulse.

The first update!

Chapter 920 Disrespectful

Wang Shipu held his breath and cut the pulse for a while, his fingers seemed to be roasted in the fire, and he retracted suddenly, a little unbelievable.

"Empress, how do you feel now?" Wang Shipu's voice trembled as if he was sifting chaff all over his body.

When Xuantaos heard this, she didn't care about anything and opened the bed curtain. Seeing that Xie Zhiwei's face was pale, and the sweat on his forehead fell like rain, he was so frightened that his legs softened and he knelt on the ground.

"Mommy, mommy, what should I do!" Xuantaos, a big girl with yellow flowers, was so anxious that she couldn't help herself when encountering this kind of situation.

Nurse Qiu burst into tears, but Wang Shipu said, "Go, go and invite the emperor!"

Xie Zhiwei said, "No, there will be a court meeting today..."

Before she finished speaking, Lu Yan was already outside the door, "How is the empress?"

Lu Yan's voice sounded very soft on the surface, but it revealed a kind of coldness in his bones. Wang Shipu hurriedly scrambled out and knelt on the ground, "Report to the Governor, Your Majesty, your pulse is really dangerous!"

"You go in and have a consultation together!"

Xu Yi and the others came in, and went to Mingjian after cutting the veins.

Xie Zhiwei breathed a sigh of relief, she pulled out a silver needle on her left wrist, and slowly closed her eyes.

The fetal movement is still there. Before she had time to eat this morning, her stomach began to rebel. Through a thin layer of underwear, Xie Zhiwei could see a small bulge on her belly from time to time. She couldn't help touching her belly lovingly, Comforting in my heart, "Good boy, mother will eat soon!"

I don't know if it's the mother-child connection, but the restlessness in my stomach finally calmed down.

"Mysterious peach!" Xie Zhiwei shouted.

Xuan Tao rushed in, seeing that Xie Zhiwei's spirit had improved a lot, she finally felt relieved, Xie Zhiwei waved to her, she leaned over, Xie Zhiwei said in a low voice, "Go and tell Mr. Lu, just say I'm fine. You sneak in and bring me some food."

Xuan Tao was taken aback, but soon understood, she was relieved, but when she went out, her face was still full of sorrow.

After a while, Xuanta came in, followed by Lu Yan, Lu Yan walked to the bed and glanced at her, Xie Zhiwei smiled embarrassedly, he closed his eyes, although it was a false alarm, since it was "False alarm" is much better than being really surprised.

"Big brother, I will leave the rest to you!" Xie Zhiwei said.

"Understood, don't make such a fuss in the future." Lu Yan said.

Xie Zhiwei nodded obediently, a rare smile appeared in Lu Yan's eyes, and then he turned and went out.

"Have you figured out a way?" Lu Yan's icy voice sounded, "The empress is fine, but since yesterday, she has been restless again and again. You can't think of a good way?"

Wang Shipu received the deepest kindness from Xie Zhiwei. He was really anxious and trembling, "The prescription that the Empress took yesterday has a good effect. In my opinion, why don't you use that prescription and take a dose first?"

Lu Yan was noncommittal, looked at Xu Yi, Xu Yi lowered his head, and a drop of sweat rolled down from the tip of his nose. If it turns out that the womb is not guaranteed, he, the judge of the imperial hospital, may not be able to save his life.

However, he was also very puzzled, how the empress survived such a dangerous situation yesterday, since she was already well, and she rested for another night, it is reasonable not to dare to be so dangerous.

Lu Yan's eyes became colder, and he said to Mi Tuan, "Go to the Hall of Supreme Harmony and tell the emperor that the empress's fetus is unstable and her pulse is dangerous."

In the Hall of Supreme Harmony, the Empress Dowager stood in front of the steps, leaning on a dragon-headed crutch. Naturally, she would not reprimand the emperor in front of all the officials, and said to Shoufu who was kneeling on the ground, "Don't call the Empress Dowager Aijia! , who sealed the Empress Dowager of the Ai Family?"

Xie Tiao touched his head to the ground, although he was kneeling on the ground, his back was arched, but it was like a mountain.

"Empress Dowager, no matter whether you admit this identity or not, you are still the grandmother of the emperor and empress. Since the generations of grandparents and grandchildren have been determined, why should you care about one identity?"

Xie Tiao raised his head, "The Empress Dowager returned to the palace. The Empress Dowager did not rush back from Xiangshan to pick her up because of her pregnancy. This way, I can calm down."

"What do you mean? You mean that the Ai family punished the queen yesterday, which led to the unstable fetal position?"

"I don't mean that, I have already said that it is God's punishment! As a grandson's daughter-in-law, if you don't obey filial piety, you will naturally be punished by God!"

A censor stood up, "Xie Shoufu, I don't agree with what you said about not obeying filial piety. At this moment, the emperor's heir is the most important thing. The emperor has been married for four years, and now he will have a son. This is the foundation of the country, and it should be very important." Important matter. Since ancient times, the empress dowager should be more lenient to the empress empress at critical moments."

Sitting on the dragon chair, Xiao Xun was taken aback when he heard this, and looked up at the censor. He didn't recognize him, but since he was speaking for Mei-mei, he must not be a bad person.

The empress dowager was so angry that she supported the pillar on the steps, her body swayed, she glared at Xie Tiao angrily, "Which family's daughter-in-law doesn't carry on the family lineage, now it's all right, the emperor has been married for four years, and only then has this bloodline , Is this a great contribution?"

"If you go back to the empress dowager, the empress dowager is pregnant, so you have made a great contribution!" The censor is also a strong man, raised his head, and stared at the empress dowager Yin with piercing eyes.

"You, you..." The Empress Dowager couldn't help looking for supporters among the courtiers, and her eyes fell on Zhang Minghe involuntarily.

Zhang Minghe sighed secretly, and had no choice but to walk out of the queue, "Your Majesty, the imperial censor was rude to the Empress Dowager, and I think that the Emperor should punish him."

Xiao Xun raised his eyebrows and glanced at Zhang Minghe, then said calmly, "Where is the impoliteness?"

At this moment, Mi Tuan had already walked in quickly. He stopped at the door and looked over anxiously. Xiao Xunteng got up, and Mi Tuan immediately knelt down on the ground, "Qi Zou the emperor, the empress's womb is unstable, the imperial physician Diagnosis, the pulse condition is very bad!"

Xiao Xun's expression changed drastically, his handsome face was pale, he couldn't care about anything, he rushed down from the dragon chair, and ran out.

Xie Tiao hurriedly got up from the ground, and was about to go there. When he reached the gate of the hall, he remembered that this was the palace, so he couldn't help but stop.

"Master Xie, please come with us!"

Zhima came over, saluted Xie Tiao, and led Xie Tiao to the direction of Kunning Palace. Xie Tiao knew that this was the harem, and it was wrong for him to go there, but he recognized that this was the personal **** in front of Lu Yan, so he went Asked, "How is the empress?"

"The empress only used a bowl of porridge and two flower rolls." Sesame looked around and said in a low voice.

Xie Tiao paused, looked at Zhima in shock, Zhima stretched out his hand and said, "Master Xie, the empress is in danger, please come with us."
