

## The Power 941

### Chapter 941 Washing Three

Fang Palm was taken aback, but he didn't dare to say anything against it.

The Empress Dowager then ordered Mother Hu to announce that Princess Taiping and Mrs. Qingyunhou entered the palace to discuss.

At the Hall of Mental Cultivation, Cao Yunhua also handed over the sign to enter the palace, and was sitting by Xie Zhiwei's bed watching the two children.

Early in the morning, Lu Yan had government affairs to deal with, so he personally brought Yutu'er over and put him with Junu. Such a big child, he looks different every day, and it takes about half a month. When he was born, the little boy was red and white, and his eyebrows and eyes became clearer.

"This is really beautiful!"

They were all wrapped in red-ground dragon and phoenix Chengxiang Kesi silk clothes, and Yunhua couldn't tell who was the son and who was the daughter, but felt that seeing such a small child made her heart soften.

She gently touched the child's face with her fingers. The child slept very soundly with his eyes closed and did not wake up.

At the door, Xuantaο came in and reported, "Lord Lu is here, saying he is here to pick up the princess."

Xie Zhiwei still leaned on the head of the bed, and said with a smile, "Then you can take the child out to him!"

Yunhua looked up at Xie Zhiwei, her eyes were full of pleading, Xie Zhiwei couldn't refuse, so he pointed out one of the children to Yunhua, "This is Jade Rabbit."

Cao Yunhua was overjoyed, and carefully picked up Jade Rabbit, who knew that as soon as Jade Rabbit got into her arms, he burst into tears.

Cao Yunhua was so frightened that his hands trembled, Xie Zhiwei hurriedly reached out to pick up the child, and gently coaxed him, "Be good, Yutu, don't cry."

Lu Yan had already lifted the curtain, and strode in, his eyes were stern, and there was a faint murderous look in his eyes. He didn't look at anyone, but his eyes fell on Yu Tu'er in Xie Zhiwei's arms. Gently touched Yutu'er's forehead, and Yutu'er stopped crying.

She hiccupped a bit from crying, and looked more aggrieved. She looked at Lu Yan with a pair of black glass-like eyes, and tears flickered in her eyes. Shoot towards Cao Yunhua like an arrow.

Cao Yunhua was shocked. If she hadn't seen it with her own eyes, how could she believe that the person in front of her who put children before her life was actually the governor of the East Factory who made all civil and military officials fearful.

Cao Yunhua was also extremely wronged. She just wanted to give the child to Lu Yan out of good intentions. Maybe the child was not used to her holding her and started crying. It was as if she had pinched the child.

"Brother, Yutu'er was also raised so delicate by you, I really can't blame Sister Yunhua." Seeing that the atmosphere was not good, Xie Zhiwei hurriedly said to hit the paddock.

"Jade Rabbit is so squeamish, she is the most obedient child in the world."

After all, Lu Yan did not reprimand Cao Yunhua, but said to Xie Zhiwei, "The child will definitely reject unfamiliar people, and she will feel unsafe. You are also a mother. You should think more about the child. In the future, don't let people care about you. hug them."

This is blaming myself, Xie Zhiwei is not angry, and said with a smile, "Okay, I will listen to my brother, and I will change it in the future. This is the head office, right?"

Lu Yan didn't speak, and went out with the child in his arms, still carrying the whole world in his arms.

After she left, Xie Zhiwei comforted Cao Yunhua, "Look, even I have it, so don't worry about it. Just because of Yutuer, the eldest brother punished all the people in charge of the ceremony, not to mention ten people, there are eight or nine of them. He's dead, and Ah Xun and I tried to persuade him, but he didn't listen."

Cao Yunhua sighed, and sat down on the bed beside the bed, "I would rather he scolded me like he did you, but look, he didn't, it's also a difference of closeness."

Xie Zhiwei understood what Cao Yunhua meant, but right now she couldn't follow her words when she wanted to comfort others, and said with a smile, "What are you talking about. You heard it too, and it sounds nice when he scolds people?"

Cao Yunhua was always very depressed, sat down for a while, Xie Zhiwei asked her to eat, she was not in the mood, said to come to see Xie Zhiwei again in the future, and left the palace.

When Lu Yan carried the jade rabbit out of the Hall of Mental Cultivation, he happened to meet Xiao Xun coming back, Xiao Xun teased his daughter for a while, she grinned, Xiao Xun said with a smile, "Now you know how to please the emperor?"

Seeing that Lu Yan's face was not good, Xiao Xun asked, "What's wrong? Who made you unhappy again?"

Lu Yan's complexion was a little better, "Cai Yutuer is at Duan Xian's place, crying so sadly."

"How old is a child, do you know what is sad? Are you spoiling your child too much?"

Lu Yan raised his eyes and glared at him fiercely, "Go back to accompany Duan Xian, I'm going back, I'll take a rest tomorrow, I want to spend time with Yutuer."

"No, you're less than a month away, and you've been resting for five days. You can't rest for so many days even after three days, brother..."

It's just that he didn't finish his sentence, and Lu Yan didn't listen, so he turned around and left.

Xiao Xun couldn't help feeling a headache, returned to Xie Zhiwei, and complained, "Mei Mei, what happened just now? Who messed with the elder brother again? Now I don't go to court every now and then. If I want to rest, I don't have enough manpower."

Xie Zhiwei brought Cao Yunhua here, and wanted to give Yutu a hug, but he told about Yutu's crying, "You don't know how terrible it is for the elder brother to scold me with a straight face, alas, fortunately, I still miss him all the time." If you said you want to protect me before, it seems that in the future, with Jade Rabbit, we will all have to stand aside."

Xiao Xun couldn't believe it. If you want to say who is the best to Xie Zhiwei in this world, sometimes Xiao Xun thinks that it might not be him, but Lu Yan. He never dreamed that Mei Mei would fall out of favor in front of his elder brother.

He really couldn't laugh or cry, and hugged Xie Zhiwei in his arms, "Don't sigh, you always believe now, I will never leave you in this life, and the one who will never not love you is me, right?"

Xie Zhiwei had a smell on her body that she hated even herself, but Xiao Xun could still stretch out her hand. She pushed Xiao Xun, "When did I not believe it?"

Ju Nu seemed to feel the neglect of his parents, and opened his mouth to cry, Xie Zhiwei said, "Hurry up and coax the child, look at how big brother treats Jade Rabbit!"

Xiao Xun leaned over Xie Zhiwei's shoulder, "He is a boy, he should be tougher, why is he competing with his mother for favors all day long? If you want to cry, cry!"

After finishing speaking, he bit Xie Zhiwei's lips.

Xiao Xun didn't want Xie Zhiwei to be too tired, so he ordered Qin Tianjian to calculate the auspicious day for the three baptisms.

At that time, twenty days had passed since the sixth day of September. Even though the empress had not recovered well, she was not too weak.

Xiao Xun looked at the days sent by Qin Tianjian. There are three days in total, and the other two are too far away. It is impossible to do the three rites and the full moon ceremony together!

The third update!

## Chapter 942 Filial piety

The three rites of baptism were originally supposed to be a matter for women, but Xiao Xun insisted on taking this opportunity to feast all the officials. He hosted a banquet for officials above the second rank and above in Beijing, and Xie Zhiwei held a three-baptism ceremony for his two children in Kunming Palace, and hosted a banquet for relatives, friends and wives above the second rank.

But Xie Zhiwei was wrapped tightly before confinement, and was carried to the Kunning Palace on shoulders, where she only lay in the bedroom, so that it was convenient for people close to her to come and see her.

Kunning Palace only opened two gates, and placed a sapphire double-sided carving screen with Lanting poems on the entrance. In the main hall, the clothes were fragrant and the temples were shining. The ten-day-old children were already born with bright eyes, and after a full night's sleep, they each opened their eyes and turned around, not acknowledging their birth at all.

Everyone was amazed. Mrs. Yuan and Mrs. Haida each took the child from the nurse's arms. It was extremely rare. Princess Dagon teased one of them and said with a smile, "This is really a good birth. At this age, Gong has never seen such a delicately born child."

Mrs. Zeng said with a smile, "No, no one is the same. They are born exactly the same. They are printed in the same mold as the emperor. I don't know which one is the eldest princess and which one is the eldest son of the emperor."

Nanny pointed to Yuan's arms and said, "This is the eldest princess!"

Zhang Minghe's wife, Princess Taiping and Mrs. Qingyunhou did not come around, but stood on the side, looking at this side with a smile.

The Empress Dowager and Concubine Jing sat together.

On the day when Concubine Jing came to Yanjing, Xiao Xun made a decree to confer Concubine Jing as Concubine Jing. Concubine Jing lived with Xiao Changyao in the Prince's Mansion, and today she came here specially to give birth to the twins and pay respects to the Empress Dowager.

Princess Taiping winked at the two, and the three of them walked over together. Princess Taiping clapped her hands, "Let me, an old woman, hug the child."

As soon as she stretched out her hand, the eldest son of the emperor began to cry, and the eldest princess also started to cry when she heard the cry. The empress dowager was so distressed that she hurriedly said, "Bring the child to me!"

Yuan hugged the child and coaxed, "Jade Rabbit is good, grandma holds Jade Rabbit, and Jade Rabbit doesn't cry."

The child seemed to understand, and after Yuan walked a few steps, she stopped crying, and Yuan put the child in the arms of the Empress Dowager, "Look at this child, how old is he, he actually seems to know everything. "

Mrs. Haida also gave the child to the Empress Dowager, and the Empress Dowager was overjoyed, "Who said it wasn't? We thought they didn't know anything. Dream worms are just like a mirror in their hearts."

As soon as she said it, everyone laughed and said yes, Princess Taiping blushed.

The little \*\*\*\* outside the palace came in, knelt down at the door, and said in a crisp voice, "The empress dowager, the empress dowager, the eldest princess, ladies, the empress dowager is here!"

The empress dowager handed the child to the nanny, "Hold it in!"

She led the crowd to greet her. At the gate of Kunning Palace, the empress dowager's Luan drove over, and the empress dowager led the crowd to salute, "See the empress dowager!"

"Stay flat!" The Empress Dowager stretched out her hand towards the Empress Dowager, and the Empress Dowager quickly supported the Empress Dowager's hand, very respectful, "Why are you here? Although it's almost October, it's high noon. Still hot."

"Ai's family has added a great-grandson. How can he not come today?" The Empress Dowager asked Fang Palm to take out the reward, "Where's the queen?"

"The empress is not yet full moon, and she suffered a great crime in giving birth before. She said that she would come to welcome the empress dowager. I said a family. At this time, the empress dowager still cares about these things, so let her lie down!"

The Empress Dowager sneered almost inaudibly, walked towards the phoenix seat in Kunning Palace, and said, "You have always been virtuous and thoughtful, and after so many years, you are still the same!"

The empress dowager laughed and said, "I learned this from you, the queen mother. What the mother does, the daughter-in-law naturally learns. This is also filial piety!"

The Empress Dowager stopped in her tracks and looked sideways at her. The Empress Dowager met the Empress Dowager's gaze without backing down.

"Since she didn't come to see Ai's family, then only Ai's family went to see her. Anyway, she has made great contributions to the royal family." The Empress Dowager walked towards the apse.

The bedroom of the Kunning Palace occupies two rooms, the East Branch Room and the Second Branch Room. The Empress Dowager held the Empress Dowager's hand, and before she reached the door, she asked, "Why don't you go see the Empress Dowager? No, if you rest, let the Empress quickly dress up and welcome the Empress Dowager!"

Du Yuan was guarding the door, and he quickly said "yes", and hurried in with small steps.

The empress dowager couldn't help but paused, her voice was cold and harsh, "Stop!"

Du Yuan knelt down, trembling with fright, the Empress Dowager gave the Empress Dowager a cold look, and withdrew her hand, "Forget it! Since she is in confinement, the Ai family will not bother her, so as not to leave her behind in the future." He got a headache and said it was Aijia's fault!"

"The empress mother's words are serious, and the queen may not be able to bear it. In this world, is there anyone more noble than the royal family? If the royal daughters-in-law can't confine themselves to confinement and suffer from headaches, is there any woman in the world who doesn't care about it?" What about confinement disease?"

In this smoke-free war between the Empress Dowager and the Empress Dowager, few people dared to participate, and everyone avoided it.

But these people did not include the royal family, Princess Taiping smiled and said, "The empress dowager is really serious, the empress's wife is just talking, the empress dowager really thinks that the empress dowager will be ill after confinement? "

Princess Dagon raised her sleeves, and said disapprovingly, "Don't talk nonsense when sailing. At this moment, the queen is in confinement. If you don't want her to be safe and sound, naturally you don't shy away from talking about it. If you want me to say, What the empress dowager said is not true, it was not easy when she was pregnant, and I would say that it is better to be careful!"

The Empress Dowager nodded and said, "Gun Guo's words are reasonable, so I said that nothing is as important as your body. Take care of your body and have two more children in the future. It is serious."

"Since you want to have more grandchildren, the emperor has only the empress at the moment, and there is not even one more person to serve. You don't feel sorry for the emperor, and the Ai family can't help but love the grandson. In this way, the Ai family is also full of inquiries. I bought a few girls, and the edict has already been given, and in the past two days, I will ask the Ministry of Rites to carry people into the palace to serve the emperor."

As soon as this remark came out, the whole hall was astonished. Yuan Shi and others looked up at the Empress Dowager in shock. Who would have thought that she would do such a thing without even calling in advance.

The empress dowager was also shocked, and asked, "Mother, I'm afraid this is not in line with etiquette? Emperor Daxing is the emperor's uncle, and it is reasonable to keep filial piety for nine months. How can you take a concubine if you don't keep filial piety? "

Chapter 943 will

The Empress Dowager did not wait for the Empress Dowager to speak, and continued, "Besides, I don't know whose family the Empress Dowager chose. If that family really carried the girl into the palace so carelessly, it might not be polite. s home."

The Empress Dowager said, "Concubine and sex, this Da Yong, no matter how polite he is, he is not as good as the Xie family. There is a queen in the palace. When she enters the palace, she will train her more, but she is afraid that she will not be able to train her well." ?"

The Empress Dowager said domineeringly without waiting for the Empress Dowager to speak, "Okay, it's just a matter of accepting a few women into the palace. In this world, even the common people have to ask for a concubine to come back after charging three or five dollars more. , not to mention that Ah Xun is still the Ninth Five-Year Master."

The Empress Dowager gave the Empress Dowager a sideways look, "You were the only one in the Zhaoyang Palace back then, and this is not a very honorable thing. It is the responsibility of the royal family to continue the descendants. As the Empress Dowager, you must not understand this, right? !"

The empress dowager said, "Of course my daughter-in-law understands, and the mother taught me the same lesson, but the daughter-in-law thinks that the emperor has both children now, and the empress is young, so it is not impossible to have children. , On the contrary, it will add trouble to others!"

The empress dowager was completely furious, "What do you mean, the Ai family is blind, and the people they pick are not good? I don't know what the empress dowager thinks, I, Yin Mei, the daughter of the Qingyunhou mansion, the daughter of the Qiao family What's wrong with Qiao Xiaotong, the three girls of the Xuande Hou Mansion?"

The empress dowager was so angry that she was trembling all over, but the empress dowager took up the position of an elder, and she really couldn't stand up if she insisted on filling people in Xiao Xun's palace.

The empress dowager's goal has been achieved, she also stood up, "The Ai family has made up their minds, so you don't need to say too much, you have to know that the Ai family did this for my Dayong's country."

After the empress dowager left, for a long time, there was no sound in the main hall. The empress dowager didn't wake up for a long time. After a long time, she exhaled heavily and asked, "Has the auspicious time arrived yet?"

The Third Sister Xi is also a wonderful person, "It's an auspicious time, and the empress dowager asked at the right time."

"Then take the baby out!"

In the side hall, there is an incense table on the front of the outer hall to enshrine the statues of various gods. In two jade basins, there are more than ten kinds of medicinal materials such as mugwort and so on. , The three baptisms began.

The Empress Dowager and Yuan Shi each added a spoonful of clear water to the basin, and put two gold scorpions in each, and the basin filling began. Some put gold scorpions, and some added silver scorpions. Washing the baby while singing auspicious words, after a while, Yutu'er became impatient and began to cry. When she cried, Junu also joined in the fun, and the grandma who admitted the baby was overjoyed and said, "This is really auspicious!"

It is called the sound basin.

Xie Zhiwei was lying in the dormitory, listening to Bai Ling telling her everything about the main hall, Xuan Tao was furious at the side, but she really didn't dare to complain.

Bai Ling said, "Empress, do you really want to let those three women enter the palace?"

Xie Zhiwei sneered, "So what if the three of them are not allowed to enter the palace? The edict has already been issued, so why not let the Empress Dowager take it back?"

"But..."

Xie Zhiwei raised his hand, not allowing her to continue, but closed his eyes, with a bit of fatigue between his brows, "It's not a big deal for the soldiers to cover up the water and soil! Since we are all staring at the palace, we If they are not allowed to enter the palace, they will never give up."

Not afraid of thieves stealing, but afraid of thieves thinking about it!

Xie Zhiwei opened her eyes, and a killing intent flashed in her eyes. She didn't intend to hurt anyone, but there are too many people who want to hurt her. If she just backs down, people will only think that she is easy to bully!

After the three baptisms, Mrs. Yuan and Mrs. Cui came over, Mrs. Cui said, "Your grandmother is worried about you, so let me see the empress no matter what, so I can go back and talk to her old man."

Mrs. Cui looked at Xie Zhiwei worriedly, "The empress probably already knows what happened in the main hall, right?"

Xie Zhiwei said, "Yes, so, for some things, I need to ask uncles for help!"

"Say, do you need to be polite?"

There was no one in the bedroom, so Xie Zhiwei didn't make any cover up, "The emperor once promised me that there will only be one of me in this life. Although I can't force him to fulfill his promise, I can't be indifferent. The three of them insist on entering the palace, then just enter the palace, but among the three, one is the Qiao family, a mere merchant, who also wants to reach the sky in one step, I heard that the Qiao family still has contacts with the Beiqi royal family."

Mrs. Cui immediately understood, "Auntie remembers, where is the Prince Taiping's Mansion?"

"At first, I thought, since they are all of the blood of the Taizu, I didn't care too much. Not to mention that the Princess Taiping's mansion once framed Dingyuanhou together with the late emperor, and later participated in the rebellion. I only said that the most recent time, Dahan I don't believe that the Han family is rebelling against the Empress Dowager, what is the relationship between the Xuandehou's Mansion and the Han family, and the Xuandehou's mansion doesn't know about it."

"This matter is easy to handle. Just find a censor to impeach. In the future, let Jin Yiwei or Dongchang investigate, and you can always find out some clues. In the future, the history books will not know how to give the Prince Taiping Palace. Let's close the coffin."

"Auntie is right. As for the Yin family, I heard that Miss Yin had a physical relationship with Prince Min's son in public yesterday. As long as the Yin family dares to bring their daughter into the palace, it will be a crime of deceiving the emperor." !"

Xie Zhiwei sneered, "Let's see how the Empress Dowager pleads for the Qingyunhou Mansion in the future!"

This time, Xie Zhiwei didn't intend to show the empress dowager a good look. When she was pregnant, she made a movement of fetal gas. Firstly, she wanted to win a stable pregnancy for herself, and secondly, she wanted to let the empress dowager know. She is not easy to bully, who knows, the Empress Dowager is so ungrateful.

Mrs. Cui felt relieved, "If you think so, I'm relieved. In everything, it's useless to be angry, and it's even more useless to resent. In this harem, once there are more women, it's a battlefield where you live and die. Don't be soft-hearted. Some of you If you are not easy to do, just tell us, neither your grandfather, father nor your uncles will watch you be wronged."

Xiao Xun rushed back after hearing the news, and saw Xie Zhiwei sitting on the bed calmly, watching the two children sleep, her eyes were soft and focused, and her body was shrouded in a layer of maternal brilliance.

Xiao Xun stood at the door for a long time, then came over gently, sat by the bed, and held her in his arms.

Xie Zhiwei raised her eyes to look at him, and saw that his eyes were full of worry, she leaned her head gently on Xiao Xun's shoulder, and asked softly, "What's wrong?"

Xiao Xun said cautiously, "Mei Mei, I heard that the Empress Dowager made an order."

I originally wanted to add two more days, but now it seems that I can't. Now some people, some things, I can't even talk about it, I'm afraid that something bad will happen, I'll be depressed, if I do something impulsively, I'm guilty of a big crime.

Let me be more tolerant, who made me mentally strong?

This book, because of my diligence, my grades are not bad, has been envied by others, and I have been criticized until now, and it has caused a certain important person to be in a bad mood, and the new book has also been affected, and I have to stop updating it.

I won't take this blame!

However, I didn't intend to care about it. After all, there are too many abnormal people in this world. I am very afraid of what extreme things I have done and come into my life!

Chapter 944 Jiaojiao

Xie Zhiwei leaned on his body, didn't look at him, but asked with a smile, "Then what are you thinking?"

"What can I think? Of course I won't want it."

Xie Zhiwei said, "The Empress Dowager's edict cannot be disobeyed. Since the Empress Dowager issued an edict, we must obey it."

Xiao Xun's hand couldn't help but feel heavy, and he said very unhappy, "Mei Mei!"

There was a warning in the voice.

Xie Zhiwei turned his head and looked at him, "Ah Xun, leave this matter to me, okay?"

She held Xiao Xun's arm tightly, "You once made an oath to me, Ah Xun, I remember it in my heart, even if I forget who I am in this life, I will never forget you Oath. If you are willing, I will not prevent any woman from approaching you, but if you do not want to, I will not let any woman approach you!"

"Your oath is more important to me than my life. I don't want you to guard it alone. I want to stand by your side at any time."

Xiao Xun clasped her in his arms, he was overjoyed, and said affectionately, "Mei Mei, I'm very happy, I like you like this. Of course I don't want women to approach me, I'm annoying them. So, from now on From now on, you must promise not to allow any woman to approach me, otherwise, I will kill her!"

Xiao Xun was hugging his beloved woman and talking vigorously, when his son burst into tears. The twins seemed to have telepathy, and when Junu cried, Yutu'er closed her eyes and began to cry, so loudly that the roof of Kunning Palace would be overturned.

Xiao Xun was shocked and at a loss. It was only when the nannies came in that he came to his senses. He couldn't help laughing angrily, "What's wrong with this? As soon as I made out with your mother, you started yelling." ?"

Xie Zhiwei blushed with shame, and said angrily, "What are you talking about in front of the children? Hurry up and hug her!"

Xiao Xun held one in his left hand and one in his right, and walked around the room. Several nurses stood at the door, neither entering nor exiting.

Lu Yan was talking to someone in the South Study Room. He seemed to have a telepathy. He listened with his ears up, and interrupted the officials of the Ministry of Rites impatiently. Illegal and adulterous things must be severely punished!"

"yes!"

Before the other party retreated, Lu Yan stood up, ordered someone to come in and help him change out of the scarlet unicorn embroidered robe, and went to Kunning Palace.

I heard Yutu'er's cries from a long distance away. The always calm governor of the East Factory couldn't help but ran up. The eunuchs who followed him were shocked. I have never seen the governor so gaffe .

"Why are you taking care of the child?" Lu Yan went directly into the inner room, only glanced at Xie Zhiwei, and complained to Xiao Xun.

Xiao Xun was already sweating profusely, the two children were crying together, he asked the grandma to come and see, and when he let go, they cried even harder. There is no other way.

He stuffed the two children into Lu Yan's arms at the same time, wiped his forehead and shouted, pulled up his sleeves and fanned them, "I won't take them, you come by yourself, this is more tiring than fighting a battle ."

It's strange to say that the jade rabbit stopped crying when it was in Lu Yan's arms, and huddled in Lu Yan's arms. When Lu Yan saw it, he knew that his daughter was hungry, and said, "Hurry up and feed the princess." !"

Junu didn't hear Yutu'er's cry, so he didn't cry anymore. He stared at Lu Yan with his washed eyes. Lu Yan couldn't help laughing, raised his hand and tapped his forehead, "You are brother, don't you?" You should cry with your sister!"

Gu Nu didn't know if he understood, but he grinned, revealing his red gums.

Xie Zhiwei heaved a sigh of relief, and leaned softly on the head of the bed, listening to Lu Yan and Xiao Xun talking about the fraud in the Shanxi scientific examination, Lu Yan said, "The examiner in Shanxi this time is Yin Shou , and it is said that the point of the township examination is a person who has no understanding of arts and science."

Xiao Xun took a deep breath, "Then transfer all the test papers to Beijing, and let the academicians evaluate them, and do whatever you want!"

Lu Yan said, "This matter must not only be thoroughly investigated, but also strictly investigated. How much bribes were confiscated by Qing Yunhou? We must thoroughly investigate. And how many Shaanxi students this year were involved in the case?" , to find out, and to organize the students to retake the exam."

Xiao Xun said "Yes", "We can arrange people to do these things, but, brother, we have to think about how to deal with the Qingyunhou Mansion afterwards."

Behind Qingyunhou's Mansion is the Empress Dowager.

Xiao Xun said, "I mean, since it is uprooted this time, it must be uprooted. It is best to do this in Dali."

"Let me arrange it!"

Lu Yan stood up and took the Jade Rabbit that Mammy carried. Jade Rabbit had enough to eat and drink, and did not sleep. She opened her eyes and looked around. Xiao Xun reached out and touched her face lightly, and said angrily, "Isn't it good for Father to hug you? Do you have to cry so loudly?" of?"

Yutu'er grinned, and Xiao Xun's heart melted, "If you don't like the father, the father will let your mother give birth to a girl like you."

Yutu'er's mouth shrunk, and she was about to cry, Lu Yan said angrily, "Why are you so angry with a child?"

After finishing speaking, she hugged Yutu'er tightly, turned around and left.

Xiao Xun had no choice but to take his son, put him beside Xie Zhiwei, and seeing Xie Zhiwei's smiling face, he felt better, "I hurt her for nothing!"

Xie Zhiwei smiled and said, "Are you still jealous? When I asked you to carry it, you couldn't carry it well, and you were sweating all over. You should also take a bath to avoid discomfort."

Xiao Xun asked the \*\*\*\* to bring water, he took a bath, and then went into the inner room again, Xie Zhiwei was tired, closed his eyes and fell asleep, Xiao Xun went to bed, lay beside her, while sleeping with his son, While hugging his wife, the family of three slept very soundly.

Lu Yan made a rattle with his own hands, and it was not so loud when shaken, and the sound was a bit muffled.

Jade Rabbit was lying on the bed, her eyes were wide open, and her eyeballs moved with the rattle. Lu Yan turned to the left for a while, and then to the right for a while. voice comes.

Lu Yan was amazed, and put his fingers lightly under Yutu'er's neck, carefully touching her small chin, "Yutu'er, are you happy with Daddy?"

Jade Rabbit seemed to be responding to him, and gave a "giggle" laugh. Lu Yan's eye sockets became hot, and he hugged Yu Rabbit, and said softly, "It's Daddy's little Jiaojiao!"

At the court meeting in the early morning of the next day, the memorials to impeach Qingyunhou's mansion flew to the Hall of Mental Cultivation like snowflakes. The impeachment of Qingyunhou's scientific examination fraud accounted for the majority, and the impeachment of Shanxi Governor Wang Shijun was the most.

The new book "Xuanmen Concubine Women's Power Overwhelms the World" asks for advance receipt!

## Chapter 945 Skin

The Empress Dowager finally couldn't sit still in the Leshou Palace, and couldn't help saying angrily, "What the \*\*\*\* is he trying to do? Not only is he not grateful for the Ai family accepting a concubine for him, but he dares to treat the Ai family like this?"

Madam Hu dared not answer these words.

Yin Mei entered the palace weeping, "Auntie, Meier will not leave the palace this time. Mother has been forcing Meier to enter the palace and let Meier come to beg her aunt. If her aunt doesn't show up, this time, father I'm afraid I won't be able to come back!"

"Father is your own nephew!"

The Empress Dowager sighed, "Could it be that the Yin family is still short of your money? The Ai family thought of many ways to send your father to Shanxi to preside over this exam. If you do well, you will have a few more students in the future." Come on, if Ai's family has been around for a hundred years, are you afraid that no one will say a few words for you?"

Now it's all right, if this case is settled, the Yin family will not have a good reputation as the empress dowager's natal family!

"Grandmother, don't blame your father. Father has never been able to find a real job, and it is really not good to always rely on his aunt to help him live. If Meier can serve the emperor and find a job for his father, wouldn't it be much better?"

Yin Mei said that she wanted to serve Xiao Xun. In this world, there is no other man who can compare with Xiao Xun. Made her swoon.

The empress dowager felt that Yin Mei was not up to date, and she was dying for a man all day long, but when she thought about it, it would be good for a person like her to live in the harem. She only thought about the emperor, but she was innocent.

In this palace, there are only two kinds of people who can survive. They are extremely stupid, and everyone disdains to look at you, so naturally no one will think of harming you; they are extremely smart, and no one can beat you. In the end, he would die in his own hands instead.

In the eyes of the Empress Dowager, Yin Mei is the kind of person who is extremely stupid.

In the Hall of Mental Cultivation, King Min asked to see him, Xiao Xun knew why he came, so he ordered him to come in, and there were several elders sitting beside him, Zhang Minghe, Zhang Quanjin, Xie Tiao and Zeng Shiyi.

"Chen Xiao Tuo pays homage to the emperor!"

"Get up, please!" Xiao Xun was sitting on the couch reading the memorial, but he didn't even look at Xiao Tuan.

Xiao Tuo didn't get up either, but lay down on the ground, "Your Majesty, the Empress Dowager ordered the Qingyunhou Mansion to send Miss Yin into the palace to serve the Emperor. I dare not bully you. Miss Yin and my son are married. Skin-to-skin kiss, I beg the emperor to fulfill it!"

Xiao Xun stared at Xiao Tuo, feeling that he had never discovered that he was so knowledgeable and interesting before, he hurriedly got off the couch, and helped Xiao Tuo stand up with his own hands, "Speaking of which, you are also a senior of the clan. Straightforward remonstrance. I and the Empress Dowager really don't know these things, since the eldest son and Miss Yin have this fate first, how can I not be beautiful as an adult?"

"Scholar Zeng!" Xiao Xun said to Zeng Shiyi, "I will leave this matter to you, the minister of the Ministry of Rites, and you will go to Leshou Palace with King Min now, and let the Empress Dowager make a new decree for Miss Yin. Marriage to Prince Min's son."

Zeng Shiyi was helpless, but he dared not disobey the order. After receiving the order, he left with King Min.

From the beginning to the end, Zhang Minghe and Zhang Quanjin had nothing to say about this matter. After all, regardless of whether Miss Yin and Prince Min had a skin-to-skin relationship, if a woman spread such gossip, basically she would marry someone in the gossip. For another person, there is no other choice.

Zhang Minghe and Zhang Quanjin were born in sage books after all, unless they are shameless, they will never tell the emperor not to care about it and insist on accepting Miss Yin's words.

"Let's discuss now, who is more appropriate to investigate the case in Shanxi?" Xiao Xun threw the booklet on the table, rolled up his sleeves, leaned on the bright yellow tapestry silk cloud and dragon pattern backrest, and asked.

"Your Majesty, I am willing to go to Shanxi to find out the truth of this case!" Zhang Quanjin said, "I think that these students have nothing to do with their fathers and teachers. Where is your face?"

Xiao Xun asked, "What does this have to do with the face of the court? It should be what it should be!"

When Xiao Xun heard this, he didn't intend to let Zhang Quanjin go, but looked at Xie Tiao, Xie Tiao thought for a moment, "I think you can order Yuan Yan to go to Shanxi to investigate the case!"

"Your Majesty, I think it's wrong, Yuan Yan is just the magistrate of Xuzhou..."

Before Zhang Quanjin could finish speaking, Xiao Xun said, "According to my order, Yuan Yan will be transferred to Youqian capital censor, and go to Shanxi to investigate this Qiuwei fraud case!"

Zhang Quanjin couldn't help being dumbfounded, and asked, "Your Majesty, the magistrate of Xuzhou..."

Xiao Xun said with a smile that was not a smile, "Why are you here to ask me? What about the officials?"

Zeng Shiyi and King Min came to Leshou Palace together, and after explaining the reason to the Empress Dowager, before the Empress Dowager could speak, Yin Mei rushed out after hearing it in the side hall, and scolded King Min, "You Who is it? Why do you say that I have a skin-to-skin relationship with Prince Min?"

"Miss Yin, the emperor has seen this incident with his own eyes. If not, would the emperor not say anything when I asked the emperor for an order today? The girl threw herself into the arms of the prince's son. The girl is no longer innocent. body, do you still want to enter the palace to deceive the king?"

The Empress Dowager was so angry that her face turned pale, "It was just an accidental collision, why did you say these things?"

Min Wang Yizheng said sternly, "How can the empress dowager say such a thing? Men and women are not in love with each other. The empress dowager is the mother of the world. She should advocate women's chastity and tranquility. How can chastity be treated as a trifle?"

The Empress Dowager flushed with shame immediately, she was absolutely unwilling to give Yin Mei to the Min Palace as a side concubine, she originally planned to get away with it, but now she had to face it.

"Empress Dowager, please issue a decree to marry Miss Yin and Prince Min!" Zeng Shiyi was too lazy to talk, so please decree.

The empress dowager burst into tears, "Are you bullying the old widow of Ai's family? The son of King Min already has a concubine, and the grand-nephew of Ai's family is also a daughter of the Qingyunhou mansion. Is it okay to be a side concubine?"

Zeng Shiyi said in his heart that he is only a side concubine at the moment, and in a few days, he may only be a concubine concubine.

Since the first emperor gave the concubine Xiao Chang the side concubine Xue, many of today's clan princes have accepted concubines besides the side concubine.

Wang Min said, "Empress Dowager, if you make an order, I am willing to let the son divorce the current concubine and hire Miss Yin as the concubine."

Are you kidding, doesn't this make her scolded?

The Empress Dowager naturally wouldn't do such a thing. Although she loves her natal family, she also cherishes her own feathers. Who knows, she thought so, but Yin Mei didn't think so. She turned and knelt in front of the Empress Dowager and cried, "Meier is also the grandnephew of my aunt's direct relative, how can she be someone's concubine?"

#### Chapter 946 Blind date

Zeng Shiyi heard it as if he hadn't heard it. What was he thinking in his heart, he didn't know.

King Min couldn't help but think that the Empress Dowager's ancestors were blacksmiths, and the smell of charcoal on her body hasn't been washed, so she really regards herself as a nobleman?

Seeing Zeng Shiyi and King Min like this, the Empress Dowager knew that this royal family, a scholar, was mocking her natal family. She couldn't help being furious, but at this time, the person sitting on the dragon chair was not her grandson, or her enemy.

"Since you don't want to be a concubine, why don't you act prudently?"

The empress dowager was unable to get off the tiger, and she vented her anger on Yin Meidao.

Yin Mei was horrified, and before she had time to say anything, the Empress Dowager ordered Hu Nanny to send Yin Meisheng back to Qingyunhou Mansion, "Since the emperor is willing to give Miss Yin to Prince Min's son as a side concubine, Ai's family will return to you." What can I say?"

To the outside world, this is the emperor's unfilial piety.

But people in Beijing hadn't talked about it for two days, and a new theory came out. The reason was that Prince Min had an additional side concubine, which was bestowed by the emperor, and a group of dudes clamored for a treat for Prince Min. Drinking in the Zuiyue Tower, drinking and drinking, he got drunk, Prince Min threw Yin Mei into his arms, and told the matter in front of the emperor.

It happened that Xiao Wei was also there, and Dongping Bo Shizi said, "No way, since it is in front of the emperor, the empress dowager is still going to let the emperor accept Miss Yin?"

Xiao Wei didn't speak, just listened quietly.

Another noble son asked, "Jiang Yifei, didn't your sister go to Taoyuan Academy, and I heard that she plans to enter the palace, isn't she?"

This time, the Empress Dowager ordered a total of three people to enter the palace, and there was no second girl from Dongpingbo's Mansion.

Jiang Yifei raised his eyebrows and glanced at the man, "Why did my sister enter the palace? My mother has already helped my sister to see her. Besides, the emperor has a deep affection for the empress. It's not that the emperor has no children. You are still young, why bother to enter the palace to make trouble?"

Only then did Xiao Wei speak slowly, "Shizi Jiang's words are rough and reasonable. In this world, there are really not many women who can really catch up with my sister-in-law. Let me put my words here. If anyone thinks of entering the palace, what can he do? Don't talk about my big brother, I can't even get through here."

Jiang Yifei invited a total of three tables of guests. In a common room, Xiao Wei's voice fell, and the whole room was silent, and no one spoke.

After a long time, Jiang Yifei held up his wine glass and toasted Xiao Wei, "Your Majesty, you don't have to speak so clearly. In this world, who doesn't envy you for having a good sister-in-law who comes from a family with both talents and virtues. The key is for sister-in-law and uncle." It's enviable to take care of her, and I'll toast you."

The wine was almost drunk, Xiao Wei came out of the restaurant, and saw two camps of women arguing about something in the opposite gold shop, one camp was led by Xie Congyun, the eldest daughter of Xie's second room, and the other camp was Ming Ming. Wan is also there.

When Xiao Wei saw Ming Wan, Ming Wan also saw Xiao Wei, her face turned red, she tugged at a woman next to her, and said in a low voice, "Forget it, if they want to buy it, let them buy it." gone."

Xiao Wei had already walked over, went straight to Ming Wan, and asked in a low voice, "What's going on?"

Ming Wan glanced at the opposite side, "It's for a piece of jewelry."

Originally they saw it first, but in the end, they got it all in their hands and wanted to buy it. The other party said they would borrow it to have a look.

No one can swallow this breath.

The key point is that Ming Wan wanted to buy this jewelry herself, and when the other party found fault, her sisters helped to vent her anger. When she said "forget it", she felt ashamed.

Fortunately, everyone is not stupid. Seeing the King of Yanping coming and talking to Ming Wan like this again, and hearing that Ming Wan was already discussing marriage, they all seemed to understand, and could not help but look at Xiao Wei a few more times.

The other party didn't know who said something to Xie Congyun in a low voice, Xie Congyun deliberately said loudly, "The prince of the county is the prince of the county, isn't the prince of the county unreasonable? She didn't say she wanted to buy this hairpin. I saw it. I want to buy it. , She also said that she would buy it, which is clearly bullying."

Ming Wan didn't expect the Xie family to have such a girl.

Some people here couldn't listen anymore, "You said you are the empress's cousin, is there such an unreasonable girl like you in the Xie family?"

"Naturally there is no such unreasonable girl in the Xie family!" A voice came down from upstairs. The two sisters Xie Zhiying walked slowly and condescendingly. Girl, there is no idea how many people surnamed Xie in the world. If everyone is related to the empress, I don't know how many people can

get. My fourth sister and I are ranked third and fourth in Xie's family. My eldest sister is the empress. The second sister is Mrs. Yongxin Bo Shizi."

Xie Zhiqian passed her eyes to Xie Zhiying, and Xie Zhiying walked up to Ming Wan with a box in her hand, "Miss Ming, my eldest sister always said that you are smart and polite, and you have a good temperament. You study a lot, you never had a chance before, today is finally God's pity, let my third sister and I meet you, a little gift is not a respect, please accept it!"

Miss Xie's family gave her a gift for no reason at all. After all, it was because of this quarrel that Ming Wan became more and more embarrassed, and Xiao Wei whispered, "Take it!"

Ming Wan hurriedly took it over, and gave a peer salute to Xie Zhiqian and sisters, "Thank you third girl, thank you fourth girl, I came out in a hurry today, and I didn't prepare a gift. I will invite you two to my house to play some other day. You must show respect."

"As long as Miss Ming invites you, you must go." Xie Zhiying smiled.

I don't know who whispered, "I just said, how could the empress's cousin be like this... It turns out that it's because of her relationship."

"What kind of relationship? You let them say, isn't my grandfather guarding the ancestral hall in Luzhou? I said that I am the empress's cousin, what was wrong?" Xie Congjun became angry, pointing at Xie Zhiqian, "Both of you It's a concubine of the Xie family, do you have a say here?"

Xie Zhiqian's face was flushed, and Xie Zhiying said angrily, "So what if we are the babes of the Xie family? My eldest sister treats us no differently. It's your turn to say something?"

Xie Zhiqian quickly came back to her senses, stepped forward and took Xie Zhiying's hand, "Fourth sister, let's go!"

After finishing speaking, Xie Congyun looked like he didn't want to talk to Xie Congyun anymore, and after saluting with all the girls, he said goodbye. The two of them got into the carriage, and everyone couldn't look back. I don't know who said, "Sure enough, it's the empress who raised her." When I grew up, I heard that when the empress was in her natal family, she always brought the three younger sisters by her side to raise her, she really has a good demeanor."

## Chapter 947 Both

"That's right, some people are descended from the concubine, but they can't even keep up with the heels of the concubines."

These words were clearly spoken to Xie Congyun, Xie Congyun was so angry that his face turned black. She didn't expect that the two humble branches of the Xie family would dare to be so disrespectful to her.

However, Xie Congyun also knows how much Xie Zhiwei loves her younger brothers and sisters. As early as a few years ago, she even distributed the property under her name to her younger brothers and sisters, and even considered the unborn child of Sifang. arrive.

If she fights against the Xie family sisters, she definitely has no chance of winning.

Ming Wan opened the box, only to see a piece of jewels, and inside was a set of silver-plated gold-plated heads with red and sapphire inlaid.

"Ah, it turned out to be..." Ming Wan was really shocked, she looked up at Xiao Wei, Xiao Wei also took a look, met Ming Wan's gaze, and said, "There is always a chance to return it."

Ming Wan's cheeks were a little hot, and seeing the eyes around her gathered, everyone was amazed, she hurriedly closed the box, and asked Xiao Wei, "Is Your Highness drinking in the Zuiyue Tower?"

Xiao Wei folded his hands behind his back, his eyebrows and eyes warm, "Min Wang's son treats you, come and have a gathering, have you bought all your things? I'll take you back!"

Ming Wan knew that the two families were discussing marriage, and her mother and father were very satisfied with the marriage, and she herself had a good impression of Xiao Wei, if it wasn't for the late emperor's filial piety, she might have already made a small decision, so she didn't hold back, and went with Xiao Wei The companion said, and got into the carriage.

Xiao Wei sent her to the street where Ming's house was located, "I won't go in, I will come to visit again in the future!"

The blush on Ming Wan's face never dissipated, she nodded, and understood what Xiao Wei meant by "the future". There were seventeen or eighteen deer dancing in her heart, she didn't say anything, she just felt like saying Everything is superfluous, he exchanged a glance with Xiao Wei, and put down the curtain of the carriage.

Ming Wan returned home, she went to see Mrs. Liu, Mrs. Liu saw that her daughter was different from before, so she asked one more question, "Who did you meet outside?"

Before Ming Wan could speak, the maid in front of her laughed and said, "Madam really guessed it, the person you met today is really special!"

Mr. Liu looked at her daughter with a smile, "Oh, who did you meet?"

Ming Wan was so ashamed that she couldn't speak, so the maid helped her and said, "I met the two girls from Xie's family, the two younger sisters of the Queen's Empress are really nice, and I even gave the girl a set of gifts. The girl was not good at first. If so, it was the aunt who asked the girl to pick it up, and even personally sent the girl back."

"What are you talking about? What uncle? If you keep talking like that, I won't want you anymore!" Ming Wan blushed and became angry. The two families haven't engaged yet. Where did the uncle come from? Wouldn't it be a joke if someone heard it? ?

The servant girl knelt on the ground and kowtowed, "Your servant is too talkative, your servant is wrong, please don't drive your servant away."

When Liu Shi heard this, she was also very happy. She waved her hand to let the maid go down, and whispered to her daughter, "It's not a big deal, just don't let her shout like that in the future. Did you really meet Prince Yanping today?" Is it the county prince who sent you back?"

"Well, he said it's not convenient now, and he will come to the door later." Ming Wan's voice was as thin as a mosquito.

Mrs. Liu breathed a sigh of relief, "I heard from your father that the emperor has ordered the Ministry of Industry to repair the mansions of the two county kings, and they will definitely move out in the future. The mansion is next to Prince Xiang's mansion. In the future, there is no need to ask for peace or anything. It is convenient, that is, the division of the mansion does not separate the family, after all, Prince Xiang is still alive, how can there be any reason for the children to be separated when there are parents?"

Ming Wan listened quietly, as if a fountain gushed out of her heart, excitement, sweetness, happiness, worrying about gains and losses... all kinds of feelings are endless.

"Because of the empress, among the brothers, the emperor prefers the prince of the county. They all say that the prince of the county was brought out by the emperor and the empress. After you pass the door, ask the concubine and the empress about everything. They respect them like elders."

Ming Wan lowered her head and said nothing, twisting the handkerchief in a panic.

"The prince of the county has a biological mother, and she has always served the prince with all her heart. Although she is a side concubine, you must not despise her because of this."

Mrs. Liu stared at her daughter, and Ming Wan was a little bit embarrassed by her mother's stare, so she had to whisper, "Daughter remember!"

"Amitabha, I don't know how much dowry the palace will bring. I have to prepare a dowry for you. I must not end up like the concubine. The concubine is because I have such a mother. I am a good person."

Ms. Zhao was pregnant again, and she gave birth in March of the year after her return. She brought her eldest brother in and sent her to Ningshou Palace.

King Xiang and Huaying lived in Ningshou Palace. The three children were all here, crying, running, and making trouble. King Xiang was very anxious. My child, you have to do everything yourself, which made King Xiang sweat profusely.

Mrs. Zhao talked to Xie Zhiwei in the Hall of Mental Cultivation, "My natal brother got married a few days ago, and he married Mrs. Li's eldest daughter. I went back two days ago, and the house is finally tidy. gone."

Xie Zhiwei said, "You don't have to worry about your mother's family anymore, take good care of your body, this baby, I think it should be a daughter, and it's a good thing."

Ms. Zhao was a little disappointed, and rubbed her stomach, "I want to give birth to a son for Shi Ziyue."

"There will be opportunities in the future, and there is nothing wrong with having both children first."

"I heard that Linghua is pregnant again, does sister-in-law know?" Zhao asked, "I only heard about it yesterday, and it was said that it was only over a month ago."

Just as she was talking, Bai Ling came in, "Empress, the Chu family sent in a message, saying that it was Sister Wanxiang who asked to see me!"

Xie Zhi smiled and said, "Look, come in!"

Wan Xiang is already married, and now she is the nanny in charge next to Linghua. When she met her, she first saluted Xie Zhiwei and Mrs. Zhao, and then said with a smile, "The empress, the concubine, the eldest princess is happy again!"

Xie Zhi smiled and said, "This is a good thing! Isn't the old Feng Jun in your family going to be very happy."

"Don't tell me the old lady is happy, the master is also very happy. Now that the princess is at home, she won't let her move a single step. She said that she is afraid of getting pregnant. The princess said, if this is the case, it is better to send her to live in the palace for a while. It's also a bit too restrictive."

Xie Zhi smiled, "If she wants to come back to live, she will come back to live, why is she looking for such an excuse?"

Zhao also laughed, "As long as your master is willing, you can let her live in Prince Xiang's Mansion. We have a lot of people and it's lively."

When Mrs. Zhao entered the palace today, besides looking at Xie Zhiwei, she also told her about Linghua's pregnancy. They discussed sending some things to Linghua. Not to mention, he picked two nuns from the House of Internal Affairs and sent them over, ordering Haosheng to serve the princess and raise the baby.

## Chapter 948 Blessings

Yu Tuer stayed in Ningshou Palace for a long time, Lu Yan came to pick up his daughter, Xiao Xun came with him, saw Xiao Ke's son Xiao Shicheng, he teased the child, "Come, come to uncle."

Xiao Shicheng lay beside Ju Nu, looking at the fleshy Ju Nu, then at Xiao Xun, he shook his head resolutely, "Play with my brother!"

This is considered to be a child who speaks early. Lu Yan holds her daughter in her arms, envious, and wonders when her daughter will be able to call her daddy?

Xiao Xun couldn't help laughing, "Uncle rewards you with delicious food."

Xiao Shicheng still shook his head, "Brother!"

He chose his younger brother firmly, and Lu Yan was also amused to laugh. He picked up Ju Nu who was eating his hand with the other hand, and asked Xiao Shicheng, "What's so good about my younger brother? Do you like my younger sister?"

Xiao Shicheng shook his head, then nodded again, "Sister!"

His enunciation is not very clear, but it does not prevent people from knowing what he is talking about.

Afterwards, King Xiang left Xiao Shicheng to follow him in the palace, and he privately said to Huaying, "My son is a muddleheaded person, but I didn't expect my grandson to be shrewd. He knows how to curry favor at such a young age, and I won't have to be worried."

When Xiao Xun came back, Xie Zhiwei had just sent Zhao Shi away, Xiao Xun handed her the process of the post-sealing ceremony, Xie Zhiwei looked at the long process, "Does this need so much?"

Xie Zhiwei learned etiquette from a young age and knew the process of the post-sealing ceremony, but these were obviously overstepped.

"I plan to have the enthronement ceremony and the posthumous ceremony together, and the ceremony should be the same."

What Xiao Xun didn't say was that he planned to upgrade the Jinbao tortoise button used to confer the queen to the Panlong button.

Just these, Xie Zhiwei was already very shocked. She saw the officials of the Ministry of Rites read out the imperial edict in front of the Meridian Gate, and her eyes became hot, and she looked at Xiao Xun, "Ah Xun, are these too many?"

Xiao Xun took her into his arms, "Mei Mei, I think I haven't done enough. In my life, no matter what I do, I only want to do it for you. If not, I'm afraid I won't be interested in doing anything."

From the day the first emperor entered the underground palace, the ministers of the court and the central government have been fighting endlessly for the ceremony of conferring the empress and the ceremony of ascending the throne. After more than half a year, Xiao Xun is full of fighting spirit. Who dares to fight with him on this matter? If he fights against him, he will definitely turn into a fierce tiger, and no one dares to rob him of his edge.

The process of the post-sealing ceremony has never been satisfactory to Xiao Xun. He asked the Ministry of Rites to change over and over again, and kept improving the ritual system. By November, no one dared to say anything more.

On the third day of November, there were only three days before Xie Zhiwei went out to the opposite month. The Empress Dowager announced Xie Zhiwei to go to Leshou Palace. She understood in her heart what was going on?

After the salute, Xie Zhiwei was helped up and sat on a chair beside her. The Empress Dowager was very dissatisfied. Xie Zhiwei gave birth to a pair of dragon and phoenix twins on the sixth day of September, and it has been almost two months now. For confinement, but the body is already in seven or seven eighty-eight, and he still looks weak, who will show it?

"You are not in good health. The Ai family shouldn't have worried you about this matter, but you are the emperor's official wife, and there are some things that only you have to worry about." The empress dowager pointed to the two women beside her, "They both listen Say you know each other, one is the eldest daughter of the Qiao family, and the other is the granddaughter of Princess Taiping, they are both acquaintances, and you will not be too unfamiliar if you are sisters in the future."

Xie Zhi smiled slightly. When did the main wife and a concubine want to be sisters? She glanced contemptuously at the two of them, "The empress dowager loves the emperor dearly, and the emperor must be very moved, but the emperor has a high status, a daughter of a businessman who doesn't understand etiquette, and the other is a concubine, who seems petty, and I don't know if the emperor will agree Will you like it?"

The two of them felt ashamed for a moment, the Qiao family girl suddenly raised her head to look at Xie Zhiwei, she couldn't believe that these words came from Xie Zhiwei's mouth.

"At the beginning, when I was a concubine and Ji, I wanted to promote the eldest wife of the Qiao family to be the secretary, but the emperor refused to agree anyway, saying that the Qiao family was a merchant, and he refused to let the Qiao family humiliate the granddaughter-in-law."

The heart of the eldest daughter of the Qiao family gradually fell to the bottom. Did the emperor really say that? Or are these all the empress's deceitful words? She clenched her fragrant fist tightly. If the emperor dislikes merchants so much, what hope does she have for entering the palace?

Zhang Qingrong has known Xie Zhiwei for a long time. When Xie Zhiwei was in the boudoir, she had a good relationship with Zhang Qinghan, and she is Zhang Qinghan's sister, and she has also dealt with Xie Zhiwei.

At this time, Xie Zhiwei didn't even look at her, she lowered her head, feeling uneasy. Grandmother chose her to enter the palace, even though she was to be a concubine, she was actually very satisfied with this arrangement as a concubine for the emperor.

There is no better candidate than the emperor in Beijing.

The emperor has a noble status, gentle and martial arts, and there is no more satisfactory candidate than him. She is a concubine, even if she marries, she is only married to a noble concubine. Empress?

Zhang Qingrong wanted to rely on the relationship between her sister and the empress to let the empress take more care of her. If she could give priority to serving the emperor and give birth to the prince earlier, she would be able to rely on her in the future.

The Empress Dowager knew that Xie Zhiwei would object. She wanted to dominate the emperor alone. There has been no reason for this since ancient times, so she couldn't help but sullen, "Marrying a wife and virtue, as a daughter of the Xie family, you should know what a woman's virtue is. No need to remind Aijia. You take the two of them back today and arrange them to serve the emperor, Aijia wants to hear the good news as soon as possible."

"Yes!" Xie Zhiwei got up, and after saluting, she walked in front. Zhang Qingrong and Qiao Tongxiao followed her before walking out of Leshou Palace. Xie Zhiwei stopped, turned her head and glanced at the two, she Originally, I wanted to ask a few questions, but at this time, there is no need to ask a single word.

These two people should be full of anticipation and longing for entering the palace.

Xie Zhiwei closed his eyes, and said to Zhang Qingrong, "Miss Zhang San, in the past, the Imperial Palace and your sister were like sisters. Since you entered the palace, in view of the relationship between my elder sister and me in the past, if you have something to ask for from the Imperial Palace, , might as well talk about it."

She wants to give Zhang Qingrong one last chance. If she wants to leave the palace, Xie Zhiwei is willing to give her a good marriage.

Zhang Qingrong hurriedly knelt down, "My daughter, I would like to thank the empress for her kindness. It is my daughter's blessing to be able to serve the empress!"

After she finished speaking, her face turned red.

Xie Zhiwei felt a bit of sadness in her heart, she nodded and said, "Okay, I understand!"

After finishing speaking, she told Du Yuan, "Go and invite Mr. Lu to come!"

When Zhang Qingrong and Miss Qiao heard Lu Yan's name, they were shocked and looked at Xie Zhiwei suspiciously.

Lu Yan has been paying attention to this place for a long time. As soon as Xie Zhiwei spoke, he came and was about to salute. Xie Zhiwei hurriedly helped him, "Your Majesty Lu, you don't need to be too polite. These two are chosen by the empress dowager for the emperor. They are both good girls who are knowledgeable and interesting, Lord Lu please place the two girls to stay, choose a nanny to teach them the rules one by one, and let them out to walk around after they understand the etiquette in the palace."

Lu Yan's ice-cold gaze slowly swept over Qiao and Zhang, inch by inch, as if a layer of skin had been scraped off the two of them. The cold sweat of the two of them broke out, and it took a long time before he heard him call Mi Tuan.

Mi Tuan rushed forward, and Lu Yan ordered, "Arrange to live in Ye Youting, and pick a few nanny who know the etiquette to teach the rules. Not everyone can enter this palace, so it's good to serve you. If you call I ran into a nobleman, but I will not let anyone off!"

"yes!"

Mi Tuan bowed respectfully, and when he got up to the two of them, he raised his hand, "Let's go with our family!"

Huh, a dozen or so eunuchs surrounded the two of them and walked forward. Qiao couldn't help turning her head around, and seeing Lu Yan talking to Xie Zhiwei, there was a tenderness in the corner of his slanted eyes that he didn't realize, because he was far away, he could only vaguely hear him say, "You haven't heard of it yet?" Confinement, how did you run out?"

The tone was filled with reproaches full of concern, Xie Zhiwei was also very aggrieved, as he walked forward, he talked to him, "The empress dowager summoned me, how could I not go? At that time, I will be accused of disobedience by someone who cares." Kind of like that, causing unnecessary trouble."

Xie Zhiwei knew that he was concerned about himself, and said, "I've been sitting for two months, and I'm going to get moldy. Two days ago, I said I needed to wipe my body with a wet handkerchief, but I was nagged by my mother." A long time."

She raised her sleeve and sniffed, frowning, "I can smell my body now. I don't need to apply oil on my hair, and my hair is so sticky that I don't need to put a hairpin in a flying bun."

Lu Yan still glared at her, "What if the root cause of the disease falls in the future? In just two months, no one despises you, but you despise yourself yourself!"

Xie Zhi smiled.

Lu Yan wanted to call Jianyu, but Xie Zhiwei refused to sit, but Lu Yan insisted, Xie Zhiwei had to sit on it, and was carried back to the Hall of Mental Cultivation.

Dinner time, Xiao Xun came back, Xie Zhiwei sat in front of the south window and leaned on the big pillow, looking out the window, what was he thinking?

He couldn't help but feel uneasy, walked over, pushed away the servants in the room, and hugged Xie Zhiwei into his arms. Xie Zhiwei came back to his senses, seeing that it was Xiao Xun, he leaned on his shoulder, "Have you eaten yet?"

"I've used it. The meal I shared with my elder brother. I'm afraid you'll wait, so I'll come back earlier. Are you hungry?"

"You can send someone back to say no? Why do you have to go by yourself?"

"I'm afraid that it won't taste good if you use it alone, so I will eat less and use it with you when I come back."

Xie Zhiwei sent someone to pass on the meal, and ordered, "Then serve some porridge. If you eat too much for dinner, you won't be able to dissolve it at night, and you won't be able to sleep well."

Xiao Xun helped Xie Zhiwei to sit at the table, and served five or six dishes, but Xie Zhiwei refused to let her serve. She drank a bowl of chicken soup and a small bowl of noodles, and Xiao Xun drank some porridge with him. Then he moved to the next room to talk.

"Grandmother called you over?" Xiao Xun asked, and without waiting for Xie Zhiwei to speak, he said, "I have already told my eldest brother that the two people who were sent in should stay in Yeyouting, Meimei, you must not take this to heart."

Xie Zhiwei smiled and said, "I didn't take this matter to heart, but you are always worried about these things. Do you think you are worried about me or yourself?"

Xiao Xun froze for a moment, "I'm worried about what I am doing?"

"Are you worried that you won't be able to control yourself?"

Xiao Xun took a deep look at her, and leaned closer to her ear. When he spoke, hot air sprayed on Xie Zhiwei's neck, and her face was immediately flushed, "I really can't hold it anymore, Mei Mei, I've been hungry for so long, I've been waiting."

Xie Zhiwei shrank his neck involuntarily, turned around and buried his face on Xiao Xun's neck, grabbed his hand, and stuck it to his body.

Xiao Xun's breathing became rapid.

...

Xiao Xun still held back in the end, only Xie Zhiwei's hands were sore, although Xiao Xun was not satisfied, he still relieved his hunger, and after taking a bath, he went to the front hall refreshed.

Lu Yan seldom stays up late now, and it is dark, no matter where he is, he will rush to the South Study Room.

Three rooms have been repaired here, but the little princess is coquettish and refuses to sleep alone. From the day she was brought back, if she is not in front of Lu Yan at night, she will cry endlessly.

Lu Yan had no choice but to arrange all the government affairs to be done during the day. If he couldn't finish it, he had to leave it to Xiao Xun to handle it himself. At night, he was determined to coax the little princess to sleep.

The child who is almost two months old is born in Yuxue and is cute. She spends twelve hours a day and almost sleeps for eleven hours. But at this point after the bath, after Yutuer is put on the bed, she will be

very happy. Spreading out, her hands were scratching around, and her two short legs kept kicking back and forth. When she saw Lu Yan, she began to stretch out her hands to grab.

Lu Yan lowered his head and was grabbed by Yutu'er's hair. He didn't dare to move, and gently held Yutu'er's hand, and said softly, "Yutu'er is good, let go quickly, and take care of Daddy's hair. My hand hurt."

Yutu'er didn't let go, but gripped even tighter. Her two legs kicked and kicked, and one foot landed on Lu Yan's face, but Lu Yan didn't dare to move.

It happened that Xiao Xun came here for something. Seeing this situation, he couldn't help being angry and funny. He came forward and broke off Yutu'er's hand. Lu Yan was still saying, "What are you doing breaking her hand? Use scissors to cut this Get your hair cut."

Xiao Xun was speechless for a while, and said angrily, "You can spoil it, ah, spoil it hard, I can tell you that a girl will marry when she grows up, you are spoiled, I see who will dare to marry you in the future." marry her!"

"If she has a crush on someone, anyone who dares not to marry, I will chop her up with a single knife. If she doesn't fall in love with anyone, will I be afraid that I will not be able to support her in Dingyuanhou's residence?"

Lu Yan picked up her daughter and gently stroked her soft hair. The aggrieved Jade Rabbit was no longer aggrieved at this time, and giggled again. Lu Yan was very pleased and said to Xiao Xun, "Look , how happy she is, as long as it can make her happy, is there anything she can't do?"

Xiao Xun didn't bother to talk to him about this, and started to talk about business, "Shanxi Liubaili urgently sent a memorial, Youqin Capital Yushi Yuanyan impeached Qingyunhou for corrupting the law, accepting bribes, tampering with the ranking of the township examination, and disrupting the order of the scientific examination. The Empress Dowager will not let it go, so be prepared on your side."

## Chapter 950 Yizhi

Lu Yan said, "Since that's the case, let's do it first. Take Qingyunhou's son and put him in prison. Qingyunhou's house will be ransacked first, and the rest will not be convicted for the time being. All of them will be put in prison, so as to fight with the emperor." The queen mother negotiates."

Xiao Xun thought for a while, "It's okay, let's do it this way, then do it tonight?"

Lu Yan couldn't coax Yutu'er to sleep anymore, he felt distressed, hugged the child and said, "Then I'll send Yutu'er to Duanxian first."

Xie Zhiwei hadn't fallen asleep yet. After taking the baby, Yutu'er looked at her mother, then turned her head to look at Lu Yan, and looked again. When she saw that Lu Yan was about to leave, she opened her mouth and began to cry.

Lu Yan couldn't hear her cry, so he held her in his arms without saying a word, "Okay, Daddy won't leave, Daddy won't leave Yutuer."

Xie Zhiwei had a headache, "Brother, no one can take care of this child except you."

Lu Yan hugged the child and left. He put the child in his arms, surrounded it with a cloak, went out of the palace gate, got on the horse, and led Jin Yiwei and Dongchang to gallop towards Qingyunhou Mansion.

Qing Yunhou made a fortune and was ecstatic. He never expected that being an examiner would make him rich overnight. He and his concubine set up a banquet in the pavilion in the back garden. While drinking, he boasted, "The future master will do this exclusively Examiner, seeing that it's winter, each of you can afford a fur coat."

Several concubines climbed on top of him, scrambling to be the first. Qing Yunhou was overjoyed and burst out laughing.

Suddenly there was a burst of eager footsteps, the housekeeper scrambled over, and the movements of the concubines stopped, Qing Yunhou was very displeased, "Bastard, you're crazy, why are you running?"

"Master Hou, it's terrible, Jin Yiwei has surrounded our house!"

"Are you kidding me, didn't you tell Jin Yiwei that we are Qingyunhou's mansion, the empress dowager's natal family?"

"I've said it, how can I not say it, it's useless for the slaves to say it, it's Hou Ye who is the chief examiner, accepting bribes, Dongchang and Jinyiwei are going to ransack the house!"

None of the concubines dared to do anything wrong, they hurriedly got off Qing Yunhou's body, and stood aside, not daring to move.

Qing Yunhou was disappointed, so he stood up and patted the wrinkles on his body, "Let's go, Benhou, go and see for yourself!"

Lu Yan sat on the right seat in the main hall, and Mi Tuan set up a small red clay stove beside him, and was about to boil water and make tea as before, when Lu Yan raised his hand to stop.

Jade Rabbit slept very sweetly in his arms, her eyes were tightly closed, her little nose opened and closed, and her little red mouth was spitting out small bubbles, so cute.

In the entire main hall, it was so quiet that a needle could be heard falling on the ground.

"Oh, Mr. Lu, you have come to visit me, I am lost..."

Before the word "Welcome" landed, he heard a cry of "wow". Hou Qingyun was stunned. He still didn't understand what happened. Say hello.

Qing Yunhou didn't dare to move, stood where he was, knelt down slowly, "Lord Lu!"

"Shut up!" Lu Yan was very irritable. He hugged the child and gently coaxed him, and put a kiss on the child's forehead. Yutuer stopped crying, opened his eyes, and looked at Lu Yan with a pair of washed eyes. , his heart melted.

"Tie it up, take it away, and give you half an hour to raid the house!"

"yes!"

Mu Jianfeng waved his hand, and led the people to rush back, ransacking the house for half an hour, and they didn't have time, so there was no need to be polite.

Qing Yunhou looked at this frightening young man, he came to raid the house with a child in his arms, at this moment he was extremely gentle, he whispered to the child for some reason, the child was crying hard and hiccupping. Later, Lu Yan became more and more irritable, and asked someone to get cold water to feed the child.

The rice \*\*\*\* and sesame were ordered around by Lu Yan, but Qing Yunhou was in a hurry. It seemed that Lu Yan copied the wrong house. He wanted to ask something, but he didn't dare to intervene.

"Master Du, why don't the servants fetch the princess' nanny and let her breastfeed the princess?"

"No need!" Lu Yan patted the child's back lightly, and did not know how to comfort him. After a while, the child stopped hiccupping and fell asleep leaning on his arm. Qing Yunhou obviously felt He breathed a sigh of relief.

Qing Yunhou knelt on the ground with his hands tied behind his back. He moved a few steps forward and was about to speak when Mi Tuan trembled in fright. He quickly pulled a piece of cloth and stuffed it into his mouth without saying a word.

If the eldest princess is woken up again, it will be the servants like them who are unlucky.

This was the fastest house raid in history. Mu Jianfeng's people gathered all the men, women and children in the courtyard first, and carried out all the boxes and cages in the house, but all the gold, silver and cloth were piled up together, and soon The quantity was counted out, a total of more than 2.3 million taels of silver, more than 10,000 bolts of silk and satin, and countless other precious medicinal materials.

The courtyard was very quiet, only the sound of burning torches. Lu Yan glanced around the property without moving his eyelids, and ordered, "Seal all the records and hand them over to the household department."

"yes!"

After he finished speaking, he looked at Qing Yunhou and kicked him, "Sent to prison, and the rest of you will be locked up in the prison of the Ministry of Punishment!"

Lu Yan was impatient, and left Mu Jianfeng to preside over the overall situation. Seeing that it was late at night, he returned to Nanxunfang with Yutuer in his arms.

In a different place and a different bed, Lu Yan was afraid that Yutu'er would not be used to sleeping, so he put her beside him, with her little head on his arm. Did not turn over one.

Woke up the next day, Lu Yan saw the bright sky outside the window, and couldn't help being surprised. He saw that the little guy in his arms woke up at some point, and was playing happily alone while grabbing the quilt.

Lu Yan's mood suddenly improved. His brows and eyes were as gentle as water, and he looked at the little guy and said, "Yutuer, when did you wake up? Why didn't you call Daddy to play with you?"

Jade Rabbit looked at Lu Yan and smirked, opened his mouth, and his bare red gums looked very cute.

Lu Yan lowered his head and kissed her gently on the forehead, "Let's get up, okay? Are you hungry?"

Mituan went to the palace early in the morning to pick up the nanny. Yutu washed his face, and Mituan brought the nanny in. Lu Yan had breakfast outside, and the nanny nursed Yutu behind the screen.

In the palace, the Empress Dowager personally came to the Hall of Mental Cultivation early in the morning, and blocked Xiao Xun in the apse. She leaned on crutches and blocked the door, "It was the Marquis Qing Yun who really did something illegal, It will take a joint trial by the three judges to convict, so what is your intention of ransacking your house now?"

Xiao Xun had serious eyebrows and eyes, "Grandmother, if you think Qing Yunhou is innocent, as long as you issue a decree to release him, I will release him immediately without saying a word!"
