

The Power 971

Chapter 971 Knighted

This post-sealing ceremony almost slapped all civil servants in the face.

How did Zhang Minghe not know that Zhang Quanjin was blaming himself? He also couldn't understand Zhang Quanjin's arrogance. He raised his head with stern eyes, "My lord Zhang, I heard that the reason why the emperor postponed his enthronement ceremony was to schedule it on the same day as the queen's ceremony. The reason why the post-sealing ceremony was postponed is because the Dragon Neck needs time to carve."

"Originally Shang Baosi didn't need to prepare for such a long time, but this Panlong Niu was carved by the emperor himself. I don't know if Mr. Zhang is in the hall today, ready to go out, what's the important thing to report?"

Zhang Quanjin sneered again and again, "It is precisely because the emperor carved the dragon ring himself, so Mr. Zhang thinks that it should be used as the queen's gold treasure? Mr. Zhang has read a lot of poetry and books. Please explain, I don't know from ancient times to the present. In which dynasty or generation, the queen's gold treasure is actually matched with a dragon button?"

Zhang Minghe's face was flushed, but he also knew that if he really confronted Zhang Quanjin in this value room today, he would not be good, and the empress dowager would definitely not allow it.

Zhang Minghe swallowed a mouthful of bad breath and restrained his anger, "Master Zhang, it doesn't make any sense to say these angry words now. I heard that the emperor has issued an order to the six ministries to select outstanding talents for the emperor's election. Now the cabinet There are only four people in total, and we have already handed over the candidates recommended by the court, but the emperor has not issued an order for a long time. Besides, is there still a lot of arbitrary things about the emperor's actions? At the beginning, the post-conferment ceremony and the enthronement ceremony were in the same ceremony, and we Did you win the fight?"

No!

Zhang Quanjin snorted coldly, "At the beginning, who fought? Except you and me, who fought?"

He looked at Zeng Shiyi and Chi Yude, the two looked at their noses, their noses at their hearts, and neither made a sound, pretending not to hear, their self-cultivation was astonishingly good.

Zhang Quan stood up vigorously, "It's been ten years in the cold window, and I entered the court as an official. I don't want to invite the emperor to favor me, or become a treacherous minister. I don't care how you choose. Don't even try to stop me!"

After finishing speaking, Zhang Quanjin quickly walked out of the guard room.

Chi Yude sneered, and asked Zhang Minghe, "Master Zhang, why did you stop another Master Zhang today? Could it be that you stood a little closer to him, for fear of being caught in the water?"

How could Zhang Minghe not understand the teasing in Chi Yude's words? "Standing close" is not just talking about today's ranking in the Hall of Supreme Harmony. Zhang Minghe didn't care about it. He just sighed and asked, "Lord Chi, what else can the cabinet do in the future?"

"The emperor doesn't like being restrained. Since we insist on restraining the emperor everywhere, the emperor must make me uncomfortable. Don't you see where Xiliang and Beiqi are now?" Chi Yude didn't want to say more.

Zhang Minghe also knew that the two factions were now in conflict. He stood up, cupped his hands, and left.

Chi Yude said to Zeng Shiyi, "My lord, the chief assistant, the subordinate officials also leave!"

Only Zeng Shiyi was left in the duty room. He couldn't help but think of the bustle and bustle at home yesterday. There was news from the palace that Zeng Yaoqi would accompany his wife into the palace today to congratulate the empress.

The wife of the in-laws soon came and proposed to take Zeng Yaoqi's mother and daughter home, and said that the prostitute could be expelled or executed, but Zeng Shiyi did not agree, and the Zhou family had already fallen into the eyes of the new emperor. Well, Jiangsu and Zhejiang may have to reshuffle the cards. In the future, the Zhou family will be in a slump, so there is no need for him to involve his daughter in this kind of time.

In the Kunning Palace, Xie Zhiwei accepts the congratulations from the wives inside and outside. In the north, there is a guard of honor, female music, two inner praises, two introductions, and two introductions. After being promoted to the seat, lead the ceremony to the empress, perform eight salutes, then invite the six nobles and other female officials to salute, and then lead four ranks and above to perform four salutes, and give congratulatory speeches.

After all the civil and military officials put up their petitions, the wives sent letters of congratulations. These were followed by etiquette lessons, and the empress ordered them back.

Zeng Yaoqi followed her mother to congratulate the queen, her status was not enough to participate in such etiquette, Zeng Shiyi knew that this was the empress empress who was praising her daughter.

The post-sealing ceremony lasted for five days. These days, Xie Zhiwei was exhausted. He had to wear a heavy dress and a heavy phoenix crown to deal with etiquette during the day, and he had to deal with Xiao Xun at night.

After finally resting, Xiao Xun began to reward the soldiers who accompanied him in the west and north wars, first of all, the Xie family, Xie Yuanbai, no matter his military achievements or his status as a descendant, were all conferred titles, Xiao Xun named Xie Yuanbai the Duke of Jin, thank you Uncle Xie Xiaoguo got his wish and became an official and was named the son of the prince.

Xu Liang was named Uncle Huining, and Xie Zhihui became Mrs. Uncle. It was a great joy to be a twin uncle, but when Uncle Yongxin heard about it, his face was pale, and he understood the emperor's intentions. The title of the new earl has come to an end in his generation.

Nan'anbo Mansion was successfully seized, and Chu Yining was conferred the title of Marquis Wu Ding. On the day the imperial decree was issued, the old uncle fainted on the spot, and Xiao Han couldn't stop crying.

Zheng Jingyan inherited the title of Marquis of Changyang. He has been the eldest son for 20 years, and now he has finally taken over the title passed down from his father. Wang, I heard that after receiving the decree to thank you, Princess Dagon drank a jar of wine alone and shed tears all night.

Princess An Guochang and her son-in-law Lu Xiufu, the former commander of the Western Frontier Army, were also conferred posthumously.

The rest of the soldiers who followed Xiao Xun in the Western Expedition to the Northern War also received awards one by one. Although it was a bit late, everyone knew that the emperor wanted to wait for the conferment ceremony before conferring rewards, but no one complained.

Princess Taiping was confiscated and demoted to a commoner, Princess Changshou was confiscated and demoted to a commoner, Xuande Houfu was confiscated and demoted to a commoner.

The original King Xiang was revered as the Supreme Emperor, and lived in the Ningshou Palace, where he was the Supreme Emperor and the Empress Dowager. Xiao Ke, the eldest son of King Xiang, was named Prince Xiang, Xiao Wei was promoted to Prince Ping, Xiao Changyuan was promoted to King Jing, Xiao Changyao was promoted to King An, but Xiao Heng was still the Prince of the County.

At the beginning, Xiao Heng was very proud of being verbally awarded the title of the emperor together, but now, Xiao Ke and Xiao Wei are both named princes, but he is the only county king, Xiao Heng was so angry that he almost vomited blood.

Xiao Xun once again issued a decree to emphasize that the princes of Dayong "divided the land but did not tin the soil, became nobles but did not meet the people, and lived on the salary but did not manage affairs", which can be regarded as limiting the rights of the princes.

Xiao Lingsu was named the eldest princess of Nanzhang, and Xiao Lingyu, Xiao Lingjing, and Xiao Lingyue were all named princesses because they were concubines.

Since ancient times, there has been no shortage but inequality. Xiao Lingsu not only lived in the palace with Xiao Xun and his wife, but was also named the eldest princess. The three of them were also the daughters of the Supreme Emperor, but they could only be named princesses. Xiao Lingyue Fortunately, Xiao Lingyu and Xiao Lingjing refused to accept it.

The two went to find Xiao Lingyue, and asked her to go to the palace together to find the empress. Xiao Lingyue was very surprised, "This is the emperor's order, what does it have to do with the empress?"

Chapter 972 Throwing up

After the award, the status will be determined, and it will be happy for some families and sad for others.

Although Taiping followed, but the capital did not reward the mansion, and now there is no need to reward, she handed the sign to see the Empress Dowager, and the Empress Dowager could not see her.

The servant reported to Xie Zhiwei, saying that Taiping no longer had the honor of the eldest princess, and was no longer eligible to enter the palace, but the Empress Dowager asked someone to take her in.

Xie Zhi smiled and said, "Since it is the Empress Dowager who wants to see her, we have to let her come in because of the honor of the Empress Dowager, so let's come in, I'm afraid it will not be a good thing."

Later, I heard that Taiping got a lot of scolding from the Empress Dowager.

Xie Zhiwei ignored it, she was choosing a reward for the third sister Xie Zhiqian, which was the same as that for Xie Zhihui, and she still had 10,000 taels of silver to send Du Yuan out of the palace to add makeup to the third girl.

Looking at the back of Du Yuan leaving, Xie Zhiwei didn't recover for a long time, she told Du Gui, "Go and invite Prince Ding over here!"

Lu Yan was sealed as Queen Ding, so it was not suitable to live in the palace. He originally planned to wait for Yutuer to be one year old, and then he and Yutuer would move out, but now he had to move to the house in Nanxunfang ahead of time. The Ministry of Industry carried out repairs in accordance with the regulations of the palace.

Lu Yan was holding the jade rabbit and drinking water. After hearing this, he frowned and asked, "Is the empress in a bad mood?"

Du Gui thought for a while, and said, "The slave didn't see that the empress is in a bad mood. Before sending Miss Du Yuan out of the palace, she is still happily choosing makeup for the third girl."

Lu Yan was relieved just now, he asked his grandma to put a sable fur cloak embroidered with big red silk embroidered little rabbits on Yutuer, and then carried Yutuer out of the mansion gate, got into a carriage, and entered the palace from Shenwumen Door.

Xie Zhiwei was waiting in the bright room of the apse. Seeing Lu Yan coming, he hurried forward to pick up the child. Lu Yan thought that Xie Zhiwei was missing the child, and said, "Do you want to leave Yutuer in the palace for a few days?"

Xie Zhiwei knew that Lu Yan regarded Yutu'er as his lifeline, she smiled and shook her head, "I didn't come here for Yutu'er. Yutu'er followed Big Brother, and Ah Xun and I are very relieved."

Xie Zhiwei asked someone to serve tea to Lu Yan, she turned everyone away, and then said to Lu Yan, "Brother, when you were at Xie's house, you were worried about my safety, so you left Du Yuan and Du Yan with me. Beside me, now that I am in this deep palace, it is rare to get out of the palace once a year or so, and Du Yuan and Du Jun are growing up day by day, I am thinking, should I find a home for them?"

She looked at Lu Yan's expression. Lu Yan was drinking tea, and his twinkling eyes were as calm as before. Now he has more children, and his brows and eyes are less cold and more gentle.

Xie Zhiwei thinks this is a good thing.

Jade Rabbit was in her arms, inhaling the good smell of her mother, and her little finger was holding the pattern on her clothes, looking at her quietly, wondering what was going on in her little head?

"Du Yuan and Du Yun were originally from the Jianghu, and you should know it even if I don't say it. Back then, the late emperor couldn't tolerate those Jianghu people, and ordered Jin Yiwei and Dongchang to eradicate several sects headed by Jianlong Villa. At that time, they were still young. It's a pair of twins..."

Lu Yan couldn't help looking at Yutu'er as he said that, Yutu'er seemed to have sensed it, turned his head to look at his father, and laughed, Lu Yan also smiled, his eyes were a little hot.

His jade-like hands were turning the bamboo leaf cup, "I kept them and gave them to others to raise them. Later, when they grew up, they were willing to serve me as masters."

Xie Zhiwei knew that it must have been when Lu Yan was still young, he had no power in his hands, and could only follow orders. The Lu Yan she knew was after he became the palm seal envoy, this kind of massacre never involved Jianghu anymore, only in the temple.

"They are people in the rivers and lakes. If you want to find a home for them, let me handle this matter!"

Xie Zhiwei breathed a sigh of relief, "It would be great if my brother didn't need to worry about it. To be honest, I am very nervous whenever these important marriage matters are involved. I am afraid that I will not choose a good match for them, and I will have a bad life in the future. "

Lu Yan looked at her deeply, and said softly, "That's not enough, life is made by people, if you don't want to, you don't have to agree at first."

Xie Zhi smiled and said, "Although that's the case, what if the person looks like a pearl at first, but later turns into a fish eye? No one wants such a thing."

Lu Yan couldn't help laughing, Yutu'er saw her father smiling, and she giggled too, just in time Xiao Xun came in, and greeted Lu Yan, "Brother is here?"

Looked at his little princess, and stretched out his hand to Yutu'er, "Hug me, father?"

Yu Tu'er actually rewarded him, and grabbed Xiao Xun's hand, Xiao Xun was flattered, "Oh, why do you favor the emperor so much today?"

Xie Zhiwei burst out laughing, she stood up, "Since the eldest brother has entered the palace, let's go back after eating!"

Lu Yan nodded, looking at Xiao Xun and Yutu'er with smiling eyes.

When Du Yuan went to deliver the makeup, Qian Shi was also there. After seeing the makeup one by one, he said to Xie Zhiqian, "Your second sister's dowry at that time contained a lot of good things. I also said, what about your uncle?" It's so good, I bought so many good things for your second sister, now that I think about it, it turns out that your eldest sister gave it to you."

In addition to giving makeup in private, Xie Zhiwei also has additional rewards. Those rewards are for publicity, and most of them are created by the Ministry of Internal Affairs for people to see.

Xie Zhiqian took out the small red sandalwood box, opened it, and found that there were ten thousand taels of silver bills, all of which were five hundred taels, twenty in total. At this moment, even Mrs. Qian was stunned, unable to return for a long time Come on.

Xie Zhiqian's tears came out all at once, she pursed her lips, covered her face, and cried silently. Qian's eyes were also wet. Her daughter's dowry was appropriating money from her father-in-law. , Xie Zhiwei is the older sister.

"In the future, you have to treat your elder sister well. You accept this banknote first. In the future, mother will find a way to help repay this favor."

Xie Zhiqian felt sad and a little bit angry, "Money can be repaid, but can this love be repaid?"

"That's why I want you to treat your big sister well!" Qian could also understand her daughter's feelings, "Your big sister really has nothing to say about how you treat you."

Xie Zhiqian's wedding date is set on December 20th, and the Cui family wants to welcome her to celebrate the new year. Xie Zhiwei is choosing clothes, and is going to come to her mother's house for a wedding. When I was eating, I started throwing up.

Xiao Xun was so frightened that he lost his mind, but it was Yuqing who reminded him, "Empress, your letter for this month is late."

Chapter 973 Overjoyed

Xie Zhiwei took the pulse for herself, and she got it again. The pulse was a little weak, and she didn't dare to confirm it. Xiao Xun wanted to invite the imperial physician, but she stopped her, "I can diagnose the pulse by myself. Now you have invited it. The day is so shallow, who can cut it?" So accurate? It's better to wait two days and see."

Xiao Xun had no choice but to give up, "Then you are not allowed to go to the wedding, you have to make a face for the third sister. According to me, it is better to let Lingsu go instead of you."

Xie Zhiwei scolded, "What are you talking about again, the Gu family is on deadline, how can Lingsu go out of the palace?"

"It's just a deadline, so what if the date is fixed? The Gu family is not such a stubborn family, you can ask Lingsu to help you."

Xie Zhiwei thinks about it too, the more she walks back, the more Lingsu can't get out of the palace gate, and when she can go out in the future, it will be another scene, so she asks someone to invite Nanzhang Princess.

Lingsu was overjoyed when she heard that her sister-in-law might be pregnant. She stared at Xie Zhiwei's belly, "I wonder if it's another pair of twins?"

Xie Zhi smiled and said, "Don't say it, if there is another pair of twins, it will torture me again. It is too tiring to be pregnant with twins."

She said Xiao Xun's meaning, "That's what I mean too, you help me take a walk, just go out and relax, listen to the Gu family's intentions, I wish I could let you pass the door this year, or I said there are no good days, so they gave up , it is estimated that it will not come out until March next year at the latest."

Lingsu blushed, lowered her head and said, "I happen to want to meet the third and fourth sisters too. I heard that Mrs. Shizi is pregnant, so I don't know if I can meet them."

After Xie Zhihui and Xu Liang got married, there was no good news for more than half a year. Xie Zhihui was still in a hurry, so she went to the palace and asked Xie Zhiwei to help her. , After less than two months, it was said that the child was already on the body.

"She probably won't be able to go. Maybe Miss Ming will go. When you go out next time, maybe you will follow Mrs. Gu."

Xie Zhiwei was joking, but after saying it, her nose felt a little sore, Xiao Lingsu's eyes became hot, and tears rolled down her face. She rushed over and held Xie Zhiwei's hand, "Sister-in-law, I can't bear it!"

Xie Zhiwei restrained his emotions, and patted her on the back lightly, "Girls will always go out when they grow up. You are willing to stay at home for the rest of your life. Your elder brother and I don't want to support you forever!"

Xiao Lingsu burst out laughing, but the tears flowed even more happily.

The Xie family is now the Duke of Jin's mansion, and the mansion of the Duke of Jin is marrying his daughter. Needless to say, it is lively. The carriage has stopped three miles away on the street, and the Yuan family and the Qian family are spinning like spinning tops. There are too many guests. Those who should come and those who shouldn't have come, the backyard is full of people, the two of them are afraid that they will offend them,

Lingsu and Xie Zhiying stayed with Xie Zhiqian in the boudoir for a while, because too many people came, Xie Zhiying asked Lingsu to sit in her room for a while, "Let's come and say goodbye to the third sister when it's almost time to welcome the bride." !"

Lingsu nodded, and the two came out hand in hand. They were walking to the gate of the courtyard when they saw Xie Congyun coming. She was married to Xiao Huai and she was the princess of the county. Seeing Xiao Lingsu and the two of them coming, she paused pace.

Behind her stood two women who had already opened their faces. They were Yin Mei and Zhang Qinghan. They came to the Duke's mansion for a wedding and brought two concubines. Xiao Lingsu just thought it was absurd.

"When you see this princess, don't you even salute?"

Of course Xie Congyun said this to Xie Zhiying. Xie Zhiying was so angry that her face was livid. She stood still, Xie Congyun smiled, "Everyone talks about the girls in the Duke's Mansion, so they don't know how to be polite."

Blood rushed to Xie Zhiying's face, she turned her face away, not to look at Xie Congyun, but Xie Congyun didn't intend to let her go, "Why didn't Xie Zhihui come? Wasn't she very good that day? Did you hear that I came, she Didn't come?"

Hearing this, Xiao Lingsu understood a little bit, and said, "Which palace are you from?"

Xie Congyun didn't know Xiao Lingsu, but seeing her acting unusually, he asked, "Who are you?"

"She is Princess Nanzhang." Yin Mei whispered beside her.

Xie Congyun was a little embarrassed, but she never knew how to bow her head, and still held her neck high, "So it's my cousin, and a family!"

Xiao Lingsu had no choice but to ask Xie Zhiying, "Who is this person?"

"The aunt of the second room at Xie's house in Luzhou, we can't climb high, and we are married to the king of Mengjin County."

"That's how it is!" Xiao Lingsu said, "I'm afraid the princess of the county doesn't know. There are not many other things in the royal family. There are so many princes and concubines. Not long ago, didn't my elder brother cut off a number of titles? It must have been accidentally made of Meng Jin." I forgot about the county palace, but it doesn't matter, I will remind my elder brother and sister-in-law when I go back to the palace this time."

After Xiao Lingsu finished speaking, she took Xie Zhiying and left, and said as she walked, "Don't worry, I will mention it to my elder brother when I go back. You are really, if you want face, let yourself be angry?"

Yin Mei smiled gloatingly, seeing Xie Congyun turned to look at her, was about to lower her head, but it was too late, Xie Congyun slapped her face, "What are you laughing at?"

Yin Mei covered her face, and looked at Xie Congyun coldly, "The princess of the county should not worry about what the concubine is laughing at, if the prince of the county knows that the title of the palace of the prince of the county was lost because of the concubine, what will happen to the prince of the county? "

Xie Congyun trembled all over. She didn't know what Xiao Huai was until she married the county prince's mansion. She even dared to flirt with two concubines in front of her. She was caught doing that on her bed several times. The good person she made when she married her was simply an illusion, and it was too late for her to regret it.

What's more terrible, when the Duke's mansion married his daughter, he didn't send a post to the county mansion. Xiao Huai lost his temper and forced her to come.

Xie Congyun felt that she was underestimated by the Duke's Mansion, so in order to show off, she brought the two concubines to the wedding banquet, in order to let people see that she is also a person who can be the master of the house.

Mrs. Hong originally planned to go back to Luzhou after finishing her daughter's wedding. Nanxunfang Xie's family became the government's mansion. She came here on purpose to ingratiate herself. However, she heard that Xie Zhiqian's wedding date had been set, and it was only three days later. , and she hadn't gotten the news yet, so she was so wronged.

At this moment, she was holding Yuan Shi's hand, "Sister-in-law, are you blaming me? What can't be done with the whole family, and you have a grudge like this? You don't tell us, for fear that we will be troubled." It's all for you, and even sister Yun doesn't say anything, how do you let the county prince's mansion treat sister Yun?"

Mrs. Qian stood aside and was so angry that she even forgot that today was her daughter's big day, so she rushed up and said, "I didn't let you tell me. I'm not qualified, so I want you to tell me what to do?"

Chapter 974 Shrew

Mrs. Hong saw that it was Qian Shi. What kind of person is she? Xie Shibai is just a concubine.

When she thought about it, she said the same thing, and Qian sneered, "Yes, my husband is a concubine, but who made my aunt and grandma have the ability to brew a hundred flowers? My husband got an official position from six Pin Guanglu Temple Chancellor, Mrs. Hong didn't mention it, I forgot, I am also a Ruren from the sixth grade, Mrs. Hong should call me Ruren from now on!"

Mrs. Hong was dizzy, turned around and left.

Mrs. Qian didn't look angry. Today is her daughter's happy day, and everything is fine, but Mrs. Hong, mother and daughter, came to make trouble, how could she not be really angry.

"Sister-in-law, why do you think this person is like this? The old man said that he wants to divide the clan with Luzhou, and I agree with it tens of millions. I am afraid that in the future, people will gossip and say that there is a queen in our house, and they will look down on Luzhou. .

"What's the matter, just look at it, the old man never suffers." Yuan Shi heard that the bride-to-be was coming, and she hurriedly recruited people to go there, and when she heard that the wife of the Zuo Shilang's family of the Ministry of War was coming, she hurriedly greeted her. .

When Mrs. Gao saw Yuan Shi, she hurriedly wanted to salute, but Yuan Shi grabbed her back, "It's impossible, no one rushes to salute, today all the guests come in the door!"

Mrs. Gao Da said with a smile, "This ceremony cannot be revoked! I came late today. To tell you the truth, the street is blocked all the way. I thought something happened. I asked someone to check it out. , When I entered Nanxunfang, I got stuck here, so I had no choice but to get out of the car and come over, and when I met someone welcoming my relatives, I let him come here because he was the big one."

Yuan Shi laughed, "It's all our fault!"

She whispered, "To be honest with my wife, we didn't expect so many people to join us!"

Mrs. Gao Da laughed loudly, seeing a young man leading a group of people to the backyard, she hurriedly looked closely, and asked in a low voice, "The one in the lead wearing a satin gown with four seasons makeup is the eldest son of the family?"

Yuan Shi heard that the old lady wanted to marry the eldest girl from the Zuo Shilang's family of the Ministry of War, so she hurriedly said, "Yes, at this moment, brother Cheng is going to carry his younger sister into the sedan chair, or else, I'll call him over I kowtow to my wife."

"Ma'am, you are welcome, there is no need to rush, there will be opportunities in the future!" Mrs. Gao's brows beamed with joy, and Yuan knew that she was satisfied.

Before getting on the sedan chair, a decree came from the palace. It was Du Gui, the **** in front of the empress, who came to announce the decree. Xie Zhiqian asked Xie Zhiqian to return to the door and pass a sign to the palace. This is to let the husband and wife enter the palace.

Mrs. Gao and Mrs. Zeng stood together, and said with a smile, "I heard that the Empress treats her younger brothers and sisters very well."

Mrs. Zeng said, "Yes, the Empress is kind and righteous. She not only treats her younger brothers and sisters well, but also treats our family well. If it wasn't for the Empress, I really don't know what to do!"

Mrs. Gao Da asked, "As the old saying goes, a man is afraid of entering the wrong line of work, and a woman is afraid of marrying the wrong man. Who would have back eyes? Who would have known it would be like this? When a daughter goes out, which parent would expect What's next? Madame, please don't be sad!"

Mrs. Gao said to herself, people like Xie's family are better. I heard that Cheng Wulang doesn't even have a servant girl in his house, and Xie's family doesn't allow concubines so easily, except that the second master had no choice but to take concubines. , the other three lords have only one regular wife by their side. Where can I find such a family?

Again, the nomination of Cheng Wulang Guibang, just look at next year's Chunwei, even if he doesn't win, he is not afraid that he will not be successful in the future.

The brothers and sisters in Xie's family are different from other families. They are very affectionate. Xie Zhiwei was worried in the palace, and finally waited for three days. On the fourth day, Yuan Shi and Qian Shi brought Xie Zhiqian and Xie Zhiying together. Xie Zhiwei was very happy and asked, "Mother, I heard that the second sister is pregnant. Have you seen it?"

"I went to see it. Two women who know medical science sent them over to help take care of your second sister. You don't have to worry about it. Both your grandmothers asked why you didn't go back a few days ago, and said they were going to take a look. You, in the end, ran for nothing."

Zi Mo smiled and said, "The Empress has another one in her stomach, so I said, this time, I must be the little prince's nanny."

Zi Mo's month is older, Xie Zhiwei doesn't let her enter the palace to serve, she insists on entering the palace, Xie Zhiwei has nothing to do with her, just let her walk and walk carefully.

"You are not the one who can't live a life, why bother to suffer such hardships, raise the child well, and send it to the palace to accompany the little prince in the future, wouldn't it be good?" Yuan said.

Mrs. Qian took Xie Zhiwei and told about Xie Congyun's incident on Xie Zhiqian's wedding day, "Mrs. Hong is really mad!"

Xie Zhiwei's complexion was very ugly. She was not a person with Qi Qing's face, but in front of her natal family, she didn't hide it much, "This is really muddled!"

Xie Zhiqian didn't know about these things yet, and always felt that it was not good for her mother and elder sister to say these things, so she hurriedly said, "Mother, when is it hard to say, at this time, elder sister has a little nephew in her belly!"

"Amitabha, I am also confused!" Qian said hastily, "Empress, don't take my words seriously, I am not as knowledgeable as this kind of person."

Just as they were talking, Xiao Xun led Yuan Mo in, and Yuan Mo saluted Xie Zhiwei, and they sat and talked together, and Yuan said what Mrs. Xie meant, "Mr. If you want to marry the eldest young master, let me ask the empress what she means."

Where did Xie Zhiwei know, so he could only look at Xiao Xun, Xiao Xun was stunned for a moment, "I see, Gao Da's life is pretty decent."

"This... I'd better announce Mrs. Gao and Miss Gao into the palace another day to have a look!"

"The empress will wait until I choose a day to bring Brother Cheng to meet with her over there, and if she doesn't like each other, wouldn't it be too good!" Yuan Shi said.

Xie Zhiwei left a meal, and Yuan Shi and others left the palace after eating.

On the same day, Xiao Xun scolded the king of Mengjin County, Xuan Jinlai, and scolded him that since he couldn't even control his family, he would lose his title. King Mengjin trembling, kowtowed countless times, and finally left the palace with all his beard and tail.

That night, Xiao Huai drove Xie Congyun back to her natal home.

The next day, Mrs. Hong brought Xie Congyun to kneel at the gate of Xie's house in Nanxunfang. The old man was trembling with anger, and then news came out that the old man had a stroke.

Xiao Xun was taken aback. If something happened to the old man, would Meimei forgive him?

Xiao Huai was also frightened and peed. He rushed to the door of Xie's house in Nanxunfang. If Xie Congyun's surname was not Xie, he could have slashed her with a sword. You shrew!"

Chapter 975 Atonement

Xie Zhiqian left the house, and after the return ceremony, it will be the Chinese New Year soon.

Xie Zhiwei rushed to ask Mrs. Cui to go to the Ming family to propose a marriage just a few years ago. The Empress Dowager made an order, and the Ministry of Rites arranged a small settlement. Xiao Wei's marriage was finally settled.

After the new year, Qin Tianjian selected a few days, and Xie Zhiwei sent people to send the days to the Gu family, and asked the Gu family to choose one.

Mrs. Gu chose the second day of March, and made a special trip to the palace, "The first one is still in the first month, and the new year is just over, so I'm afraid the family won't have time to prepare. The weather is fine on the second day of March, and it's not cold to wear a wedding dress." Not hot, just right."

One more day will be in May, the second day of March, not far or near, the Gu family is sensible.

Xie Zhi smiled and said, "It's my wife who thinks about us. It's just past the new year. There are many things in the palace and the six yamen, and there are not enough people in the Ministry of Rites. I'm afraid we are too hasty."

Xie Zhiwei asked if the eldest son of the Gu family would enter the arena this year?

In the spring of February, the Xie family has Xie Mingcheng to play.

"Last year, he didn't do very well in the exam. Originally, his father asked him to wait any longer, but this kid insisted on ending up. He said that he had waited for all these years. If he can pass high school, it will be double happiness!"

Xie Zhiwei knew that Gu Ji wanted to make Xiao Lingsu look good, so he smiled and said, "You're still young anyway, besides, our two families don't want that famous family, of course it's good to be in high school, if it's real soon It doesn't matter if you stumble before, just take the exam next year."

"That's not the way to say it!" Mrs. Gu felt relieved and asked, "I don't know if the wedding will be held in the Princess Mansion, or how to plan it. The Empress will make her order."

Xie Zhiwei said, "Princess Yuanjia and Princess Linghua have already set an example. The marriage in Nanzhang will follow the previous one. The princess mansion will be reserved first. Let's respect the ancient etiquette. The princess gets up from the palace and enters the gate of the Gu family. From now on, she will be the daughter-in-law of the Gu family, and follow the etiquette of the Gu family!"

Mrs. Gu was completely relieved, touched the corners of her eyes with a handkerchief, knelt down and respectfully saluted Xie Zhiwei to thank her!

Years later, good news came from Xie's family, Xie Mingcheng High School, Gu Ji also got in.

Xie Zhiwei was so happy that he called Lingsu over, told her the good news, and said, "I don't know how the palace exam is. If you pass it, I'll let your elder brother choose Gu Ji as the champion."

Xie Mingcheng is still a little younger, not as good as the weak champion, otherwise Xie Zhiwei really wants the Xie family to be the champion.

In the evening, when Xiao Xun came back, Xie Zhiwei asked how Xie Mingcheng's article was doing?

Xiao Xun was funny, "Ordinary woman, if your husband becomes the emperor, wouldn't you be asking for a title for your natal family? You are so kind, you actually want to ask for a false name."

Xie Zhi blushed slightly, "What do you want a title for? People may not remember it in the future, but if you write a good article, you want to be famous forever."

"I've read Mingcheng's article. It's quite stable and innovative. It's very good for him to do this at his age. Just look at how he is doing in the palace exam tomorrow. If he is good, let alone the top three, he must give it to the top three! Who made him my brother-in-law!"

Xie Zhi smiled, Xiao Xun saw that she was so happy, and was moved for a moment, "You serve me well, tomorrow you will be infamy for the rest of your life, and I want to appoint him as the number one scholar, how about it?"

Xie Zhiwei pinched him, "I don't want to be infamous for the rest of my life. With so many sons in the Xie family, are you afraid that there won't be a champion in the future?"

Xiao Xun laughed, but finally made Xie Zhiwei quite upset.

The next day, Donghuamen roll call.

Du Gui ran back quickly, exulting, "Empress Empress, I'm so happy, my uncle has won Tanhua! The Xie family has another Tanhualang!"

"Really?" Xie Zhiwei couldn't be more excited, and the Xie family has another Tanhualang, which is more gratifying than being made a prince!

"How dare the slave lie to the empress? The slave waited at Donghua Gate for a long time, and listened with all his ears, and he heard it very clearly!"

"Reward! Take the silver from the inner treasury of the palace to reward!"

All the people in the back hall of the Hall of Mental Cultivation were overjoyed, and they all came out to receive their thanks and congratulations to the Empress.

The Xie family set up a running mat for three days, and the younger brothers in the back were also very nervous. The older brother in the front was so fierce that he would immediately end up Tanhualang. It would be a shame if they failed even a Jinshi exam.

Besides, there is still a saying now, some peers told Xie Mingxi, "It doesn't matter if you fail the exam, anyway, you will be the prince of the country in the future"

This aroused Xie Mingxi's spirit of not admitting defeat, and he worked hard, and this year he must pass the exam.

Although Gu Ji didn't make it to the top list, he ranked 17th in the second list, and he was also admitted to the Shu Jishi exam, which is also a great joy.

On the second day of March, Xiao Lingsu came out of the pavilion, crying like a tearful person, and Xie Zhiwei couldn't help crying, but Xiao Xun couldn't stand it anymore and forced Xiao Wei to take Xiao Ling Su recited out of the palace gate.

On March 18th, the empress dowager bestowed marriages on Xie Mingcheng and Gao Da girl, and the Xie family had a double happiness.

On the sixth day of April, Xie Zhiying came out of the court, and Xie Zhiwei also added thick makeup, 10,000 taels of silver ticket, and went to the ceremony with her big belly.

The queen empress came, and the emperor naturally followed. The Xie family was very lively, and several strands of Xie Tiao's hair turned black.

After returning to the palace, Xie Zhiwei took a good rest for a while.

News came from Zhejiang that Zheng Jingyan was hunted down in Zhejiang and almost lost his life. When the news came back, the court was shocked.

That night, Mu Jianfeng, the Commander of Jinyiwei, went to Zhejiang in person. From the chief envoy, to the inspector and then to the commander of the capital, all of them were locked up and brought into Beijing. From top to bottom, they went over and over again, involving 20 counties in 13 prefectures. , a total of more than one hundred officials.

In the second year of Zhaowei, such a big case came out at the beginning of the year, and the empress dowager was bedridden, so no one paid attention to it.

In Leshou Palace, King Xiang sat beside the empress dowager's bed, without looking at her face, "Since ancient times, my son has never seen any generation of empress dowagers with such long arms. There is someone who interferes in the government, but they are not as arrogant as you, in the future, in the history books, will you not be afraid of being scolded?"

The empress dowager aged nearly twenty years overnight, she coughed non-stop, and a ball of blood fell on the pillow, scarlet, making people panic.

King Xiang glanced at it indifferently, but there was no wave in his eyes.

The empress dowager sighed, "When I die, it will all belong to the national treasury. It can be regarded as... redemption!"

"Whether the redemption can be redeemed or not is not up to me. It depends on the literati. I am not the one who edits the history books. The empress almost lost her first child, and forced the emperor to accept the concubine, making a fuss." The harem is in turmoil, these are nothing, with so much money, maybe the Yin family will remember you well?"

The empress dowager closed her eyes slowly, and two lines of tears fell down. I don't know if it was sadness or regret?

Wang Shipu checked Xie Zhiwei's pulse and it was fine. He packed his things and slowly prepared to leave.

"Doctor Wang, what happened to the Empress Dowager?" Xie Zhiwei asked.

"If you go back to the Empress Dowager, the Empress Dowager is seriously ill, and I am afraid that it cannot be cured by medicine. Please rest assured, the Empress Dowager."

Xie Zhiwei nodded, "Everyone understands the truth. There is a saying that this treatment is also a kind of fate. Even if I am willing to fight for the child in my stomach to use needles for the Empress Dowager, I am afraid that the Empress Dowager will not agree. ."

"What the empress said is very true. Everyone in the world says that if you can cure a disease, you can't cure your life. This is the truth."

This word, somehow, reached the ears of the empress dowager, and it became "the empress dowager said that she would come to give the empress dowager a needle to cure her illness, but who would have thought that the empress dowager said that the empress dowager was uneasy and kind, and the empress dowager felt wronged?" Come on, it actually moved the tire gas."

The Empress Dowager spat out a mouthful of blood, which actually splashed onto the pedal.

"Her, what's in her belly is dragon meat?" The Empress Dowager fainted before finishing her sentence.

Nurse Hu was on the side, her face pale. She was busy calling for the imperial physician, but Fang Palm held her back and shook her head gently.

Nurse Hu understood what he meant, but couldn't bear it, and said angrily, "You are so cruel!"

Fang Palm said, "Why don't you think about it, how did the Empress Dowager get to where she is today? You say I am cruel, am I not for your own good?"

Madam Hu looked at the Empress Dowager who was lying on the bed with her head drooping, and she shed tears, "Even if the Empress Dowager has a thousand bad things, she is always worthy of you and me! Now...does she really want to look at her? Is it gone?"

"Sooner or later, there will be such a day. When it comes to medical skills, Wang Shipu has been taught by the empress all these years, and his medical skills are much better than Xu Yi, but have you seen that, has Wang Shipu been here?"

When talking about Xu Yi, Fang Palm didn't say a word. Is Xu Yi really serious about treating the Empress Dowager? I'm afraid that he hated the empress dowager to the core. How did the empress dowager disappear back then? Did the empress dowager ever say a word for the empress?

Three days later, the Empress Dowager passed away!

Xiao Xun did not let the Empress Dowager enter the mausoleum of Emperor Jianyuan. Firstly, Emperor Jianyuan did not have an edict. Second, the Empress Dowager was not the consort of Yuan. The corridor was sealed.

Humble but not honorable.

Xiao Xun also built a mausoleum for the empress dowager next to the mausoleum of the first emperor. Due to years of wars and disasters in the south of the Yangtze River, the funeral of the empress dowager was simplified.

Zhang Quanjin came up with admonitions, Xiao Xun was furious, and for some reason, the anger burned on the Yin family's head. Xiao Xun ordered to raid the house and confiscated tens of thousands of taels of gold and 20 million taels of silver. Unexpectedly, the empress dowager's natal family was actually such a big rat.

The national treasury was filled all of a sudden, but no one dared to mention that the funeral of the Empress Dowager should be grand.

Zhang Quanjin was impeached by the imperial censor and found out by the officials. His eldest son killed a commoner while riding a horse and paid him twenty taels of silver.

Yuan Jia and Prince Jing had to stay in the capital. The empress dowager's funeral was over and it was already winter. Xie Zhiwei asked them to wait until he gave birth to a child.

Xie Zhiwei activated at the end of September, this time very quickly, she gave birth that night, a pair of twin sons.

Xiao Xun hugged one in his left hand and one in his right. He seemed very nervous and wanted to give Lu Yan one of them. Lu Yan hid the Jade Rabbit who was one year old and just learned to walk, "I don't want to hug!"

Jade Rabbit can already speak simple words. Seeing this, she hugged Lu Yan's neck, "Daddy, don't!"

"Okay, daddy doesn't want it, daddy only wants Jade Rabbit!" Lu Yan said, and lightly kissed Jade Rabbit's forehead.

Jade Rabbit giggled, looked at the two fleshy **** in Xiao Xun's arms, and pointed, "Brother, younger brother!"

She is often by Xie Zhiwei's side. Xie Zhiwei always points to the baby in his belly and says "brother, sister" to Junu and Yutu'er. Both of them are very good at saying these two words.

Junu took a piece of candy and walked over while licking it. Yutu'er saw it and her eyes became straight. Lu Yan hugged her and squatted down, and said to Junu, "Your Highness, why don't you eat delicious food?" Feed it to my sister?"

Ju Nu was a little confused, looked at the candy in his hand, lifted it up and handed it to Yutuer, Yutuer saw the saliva and the faint tooth marks on it, and was a little disgusted with dirty, turned around and threw himself into Lu Yan's arms, hugging Lu Yan's neck, "Daddy, buy it!"

"Okay, let's go buy it, His Royal Highness is drooling too much!"

His Royal Highness the Crown Prince didn't understand. He only knew that his sister didn't want it, so he ate happily.

Seeing the two babies in Daddy's arms, Junu lay down on his stomach and stuffed the candy into the baby's mouth. The two children cried together. Junu was frightened and wanted to cry with his mouth open.

Xiao Xun's head was big, he turned his head and said to Xie Zhiwei, "Mei Mei, that's enough, we don't want to give birth!"

Xie Zhiwei couldn't help laughing, she stretched out her hand to take the two children and put them beside her, then stroked Ju Nu's hair, "My brothers are still young, you can eat the delicious candy yourself, or share it with your younger sister."

Gunu snuggled up to his mother, licking the candy, and when he had enough, he let his mother lick it, "Mom, eat!"

Xie Zhiwei looked at Xiao Xun, then at the three sons who came out of the same mold as Xiao Xun, a smile flowed from the bottom of his heart.

Xiao Xun looked at her deeply, slowly leaned down, and put a kiss on her lips, "Mei Mei, thank you!"

Thank you for having you in this life, thank you for walking with me, thank you for willing to have me all your life!

Lu Yan carried his daughter out of the palace. People were everywhere on the street, such as candied haws sellers, shopkeepers carrying burdens, flower girls carrying baskets, and peddlers everywhere. All the candies are in the same box, so I want them all.

After getting into the carriage, he held his daughter in his arms, let her pick a candy, pushed it away, and put it in her mouth.

Jade Rabbit held the candy and bit it for a long time with her two newly grown teeth, but she didn't bite. Fortunately, it was very sweet and delicious. After sucking for a while, she took out the candy and stuffed it into Lu Yan's mouth, "Daddy!" ,eat!"

Lu Yan stuck out his tongue and licked it. It was very sweet and greasy. "Eat it, Jade Rabbit!"

Jade Rabbit took a bite and then fed it to Lu Yan. Lu Yan smiled helplessly and had no choice but to obey the little girl.

Lu Yan left her hair, combed a pair of buns, tied with red silk sash, and tied a pair of bowknots. Her forehead was smooth and clean, and her eyes were as clear as mountain springs, as dazzling as black glass, and her facial features were exquisite. Snow is so cute, it reminded Lu Yan of years ago when a little girl handed him a purse, "Big Brother..."

A word of "big brother" to him means ten thousand years!

Here it is, it's over!

Thank you all for accompanying us along the way.

In addition, one last thing to bother everyone, I was framed for plagiarism before, and I have to organize writers to review it, and I have to go to court later, I say it's okay.

Hanging me everywhere, organizing people to scold me in the comment area, I didn't say anything, it doesn't mean I can tolerate it, but I just don't want to waste my time and affect my mood and life.

I don't even know what I copied from others. I said it for a while, but I hit the wall, and I said I copied the emperor and queen's character design for a while.

Over the past 2,000 years in China, there have been so many emperors and generals. I copied the emperor and queen's personalities and got drunk.

I don't want to be tainted with these right and wrong anymore. I'll start a new book when a certain big shot is happy. Originally, the new books are all overdue, so I don't dare to open them for the time being.

As I said before, I was afraid that my existence would irritate the big shots and affect her new book.

Chapter 977 Fanwai 1 Lu Yan and Jade Rabbit

Jade Rabbit was three years old, and Lu Yan set up a swing in the backyard of Prince Ding's Mansion. At first, he held Jade Rabbit on the swing, and Jade Rabbit was thrown high. She hugged Lu Yan's neck and stood on his lap, Laughter flew all over the garden.

Later, she was sitting on the swing by herself, and Lu Yan supported her to swing gently. She was dissatisfied and shouted, "Daddy, be tall, be tall!"

"It's too high, the jade rabbit will fall, and it will hurt very much!"

"Does Brother Bi Shicheng still have back pain from biting?"

Lu Yan couldn't help but feel murderous in his heart, but his eyes were still gentle enough to drip water. He touched Yutu'er's head and said in a low voice, "Well, it hurts more than Xiao Shicheng's bite."

A few days ago, he brought Yutu'er into the palace to see Xie Zhiwei, and happened to meet Mrs. Zhao bringing Xiao Shicheng into the palace. The three children were about the same size and played together.

Xiao Xun had something to discuss with Lu Yan, so he went.

When he finished his work and came back to pick up Jade Rabbit, her eyelashes were still wet with tears. When she saw Lu Yan, she pounced on him wronged, and burst into tears when she asked her, she shook her head desperately. Just don't talk.

Xie Zhiwei kept a straight face and said nothing.

Gu Nu, with disheveled clothes, stood aside, bowed his head, silent like a little daughter-in-law.

Xiao Xun stepped forward and asked in a low voice, "What happened?"

Xie Zhiwei sighed, and asked Gou Nu, "Do you know what's wrong?"

"Mother, my son is wrong!"

"What's wrong?" Xie Zhiwei was obviously angry.

Yutu'er hurriedly got off Lu Yan's body, rushed in front of her brother, stopped between her mother and elder brother, and said righteously, "Mother, brother is right, brother Shicheng is wrong."

She stretched out her finger and handed it to Xie Zhiwei, "Brother Shicheng bit me, so he helped me!"

When Lu Yan saw it, his anger suddenly turned from his heart to his guts. Yutu'er's finger was bitten, and it was bleeding. He rushed up, squeezed Yutu'er's hand, and took a deep look. Burning with anger, "Why did Xiao Shicheng bite the child like this?"

Lu Yan felt incredible.

Xiao Xun also saw it. Although he was distressed, he still had reason.

Xie Zhiwei looked up at Lu Yan, she was very helpless, shook her head, "Brother, you should ask Yutuer herself!"

Lu Yan didn't ask, "I don't care what happened, Xiao Shicheng is the older brother, so he should let the younger sister in. Yutuer did something wrong, he can tell us, how can he bite?"

Xiao Xun hurriedly stopped Lu Yan, and he asked Xie Zhiwei patiently, "Mei Mei, tell me, what's going on? I believe that Shicheng is not the kind of child who would hurt others casually."

This is the saddest part of Xie Zhiwei. Xie Zhiwei looked at Lu Yan and said, "That's because Yutuer bit Cheng Geer first, and Cheng's fingers were bleeding from both sides of her bite."

"Even so, Xiao Shicheng shouldn't bite back!"

Xie Zhiwei was furious, "Big Brother, why don't you be reasonable, our children are darlings, and other people's children are not the darlings of their parents? You only care about your own children, so what about other people's children? No A child? Shicheng is the older brother, but how much older is Ke Shicheng?"

Xie Zhiwei couldn't speak too harshly, he lowered his head and stared at Ju Nu, "There is also Gu Nu, Brother Cheng and your sister are fighting, you should persuade them to leave, how can you go forward to help? You brothers and sisters are so overbearing, I Looking at the future, who would dare to play with you?"

Lu Yan didn't know if he heard a word, he squatted on the ground, blew his finger on the aggrieved Jade Rabbit, and asked softly, "Does it hurt?"

Jade Rabbit looked timidly at his mother, and shook his head guiltily, "Mother, Jade Rabbit is wrong!"

Xie Zhiwei's nose was sore, and tears almost rolled down. She also felt sorry for her daughter, but the son and daughter really went too far. One soldier Cheng bit two bloodstains on his finger, and the other soldier Cheng punched blood on his head. She picked up a bag and broke a jade handle. Seeing that Mrs. Zhao was so distressed that tears came out, she refrained from saying anything, and instead blamed the child.

Xie Zhiwei was ashamed.

For the first time, she experienced the difficulty of being a mother.

Xiao Xun was caught between Lu Yan and Xie Zhiwei at first, and at this time, he was caught between the two children and Xie Zhiwei. He hurriedly said, "Okay, since we all know that we were wrong, let's forget about it..."

Before he finished speaking, Xie Zhiwei said, "Since you know that you made a mistake, you should be punished. Go to the nanny to get ten palm tablets."

"This..." Xiao Xun looked at the child, then at Lu Yan, seeing Lu Yan's frown furiously, he couldn't help pulling Xie Zhiwei's sleeve, Xie Zhiwei glared at him sternly, Xiao Xun I had no choice but to be cowardly.

Nanny naturally wouldn't hurt too much from the beating, but just that slight red mark made Lu Yan feel distressed for a long time.

Jade Rabbit got down from the swing, pulled Lu Yan to sit on the swing, "Daddy sit, hug Jade Rabbit, tall!"

Lu Yan sat on it, circling the child with one hand and holding the swing with the other. He threw himself and Yutu'er high. Yutu'er stood on his father's lap and saw the vast world outside the courtyard wall.

When Yutu'er was five years old, Xie Zhiwei asked Lu Yan to send her to Taoyuan Academy to study. There, she met many children, including the sister of Aunt Zeng Yaoqi's family, the young lady of Prince Min's Mansion, and Mrs. Wei's family. Sister... Jade Rabbit had a great time.

Lu Yan sat in the study all day long, looking at the crabapple tree outside the window for a whole day.

When school was over, Lu Yan came to pick up Yutuer and asked Yutuer if he was happy. Yutuer hugged his father's neck, thought for a while, and shook his head, "There are many friends, but Yutuer is not happy when Dad is away."

"The jade rabbit will go tomorrow?"

Jade Rabbit was hesitant, and after thinking for a long time, he couldn't come up with an answer.

Later, she secretly asked Grandpa Mituan, and Grandpa Mituan told her that Daddy hadn't seen Yutu'er today, hadn't eaten or drunk water all day, and Yutu'er's tears fell like broken beads. down.

In the middle of the night, Lu Yan fell into a drowsy sleep. He heard a movement, opened his eyes, and saw Yutuer in pajamas, with loose hair, hugging his own small pillow, standing on the footrest, looking at him with grievances and saying, "Daddy, Yutuer wants to sleep with Daddy tonight, so just sleep for one night, okay?"

When Yutu'er was three years old, Lu Yan thought that his daughter was getting older, so he coaxed her not to sleep with him. At that time, it took him a long time to get used to the loneliness when his daughter was not around.

Lu Yan hurriedly picked up his daughter and saw that she was barefoot and there was still a shivering mother kneeling outside the door. He held back his anger and held Yutu'er's feet in his palm.

It's already autumn, how cold it must be on the ground.

Lu Yan wrapped her daughter in a quilt and asked, "Why do you want to sleep with Daddy tonight?"

"Jade Rabbit went to school, Daddy is at home alone, no one plays with Daddy."

Lu Yan's heart turned into water, "Daddy can do a lot of things at home. Your mother is right. When Yutuer grows up, he should go to school and make many good friends."

"But my royal father said that it is better to travel thousands of miles than to read thousands of books. Daddy, Yutuer doesn't need to take the number one exam like uncle. Daddy will take Yutuer to travel thousands of miles!"

Chapter 978 Fan Wai Er Lu Yan and Jade Rabbit

Lu Yan hesitated for a long time and didn't sleep all night. He looked at the jade rabbit in his arms through the light outside the tent. She was still coiled on his body like an octopus as a child, and Lu Yan's hand gently stroked her. On the little girl's back, I can feel her attachment to him.

Isn't it my own attachment to him?

The next day, Lu Yan still sent the little girl to the academy, and he entered the palace.

The third child and the fourth child are almost two years old, they are chasing each other in the yard, and they start fighting after a while.

Lu Yan walked over, one in each hand, lifted the two of them away, and said sternly, "Why are you fighting again? Be careful and punish you!"

The two children called foster father inarticulately.

The prince and the two children called Lu Yan his adoptive father.

Xie Zhiwei heard the movement, walked out of the house, saw that it was Lu Yan, and hurriedly said, "Brother, why are you here?"

Lu Yan was afraid to look at Xie Zhiwei, because his purpose for coming was not pure.

The crown prince ran out of the house and threw himself into Lu Yan's arms, his immature voice was full of grievances, "Father, you don't come into the palace to see me anymore, I miss my foster father!"

Lu Yan picked him up, but in the end, the two little ones were unhappy, and hugged Lu Yan's leg one by one, and Lu Yan couldn't move an inch.

Xie Zhiwei had no choice but to bend down and pick up a small one, and then Lu Yan slipped the other into his arms, and the two entered the house.

Xie Zhiwei had someone serve tea to Lu Yan, and asked, "Brother, is there something wrong?"

Lu Yan patted the crown prince's head, he still didn't dare to look at Xie Zhiwei, hesitated for a long time, and finally said under Xie Zhiwei's urging, "I want to take Jade Rabbit out for a walk!"

After he finished speaking, he looked at Xie Zhiwei very nervously. If Xie Zhiwei was a little bit reluctant, he might deny his decision.

Who knows, Xie Zhiwei was very pleasantly surprised, "Okay, this is a good thing!"

Immediately, she thought of the reason why Lu Yan found it difficult to speak, and she smiled, "When the children are young, it is a good thing for parents to take them all over the mountains and rivers, and only at this time will they have the opportunity Look around."

Lu Yan was shocked, he thought Xie Zhiwei would be reluctant.

Xie Zhi smiled and said, "Brother, we are very relieved that Yutuer can follow you. We are also very happy that she likes you. We are happy to see her success. Although she is raised by me, a piece of meat that fell off my body, However, I am very grateful to be able to raise it under your lap!"

Lu Yan looked directly into her bright eyes, as if a soft hand had touched his heart, he closed his eyes, "Mei Mei, I am also very grateful!"

Xie Zhiwei sighed, "The only thing I worry about is, will you spoil her?"

Lu Yan didn't like to hear these words, "When you were young, the Xie family didn't say they spoiled you!"

Xie Zhiwei couldn't help laughing, and was about to say that the prince has already pestered Lu Yan, "Father, you want to take your sister out for a trip, and I want to go out too. Father, I will be your son, so take me out too!"

Lu Yan couldn't help laughing, "You will be my son, what will your parents do?"

"There are still little three and little four!"

The two little ones crawled on Lu Yan, just when Xiao Xun came in, he lifted the two little ones to the side one by one with each hand, and then put them down, the two little ones passed by again, and then climbed on Lu Yan.

Lu Yan had two on his legs and one in his arms, which were crowded.

"Why doesn't the prince need to go to school?" Lu Yan asked.

"He said that the homework assigned by the teacher has been done, and school will be dismissed early."

The prince and Yutu'er have inherited Xiao Xun and Xie Zhiwei's cleverness very well, and they can read books without any effort.

Mr. is also very easy to teach.

Xie Zhiwei then said that Lu Yan wanted to take Jade Rabbit out for a tour, and said, "What I mean is, anyway, elder brother will let go of one sheep and two sheep, so it's better to take Ju Nu out with him, he is the crown prince. , can't be raised in the capital, deep in the palace, if we ask why we don't eat minced meat in the future, we will be too sorry for the people of the world."

"Mother, why don't you eat minced meat?" asked the prince.

Xiao Xun was very pleasantly surprised when he heard that, "How about, big brother, you take the two younger ones out together, two sheep are freed, and four sheep are also freed!"

Lu Yan got up and was about to leave, the prince hugged his leg and wailed, "Father, dear father, just take me with you!"

Xiao Xun didn't know whether to laugh or cry, and knocked on his son's head, "What nonsense are you talking about? Go with your own father!"

The prince laughed, jumped up, and hung on Lu Yan's body, almost hitting the two little ones. Xiao Xun hugged the two young sons from left to right, and glared at the prince, "Whoever you are Two younger brothers?"

The prince has always been very protective of the two younger brothers, so he hurriedly slipped off Lu Yan and touched one of them, "Little three, little four, are you all right?"

Turning around and hanging on Lu Yan again, "Father, just take me, I will help you take good care of my sister."

Lu Yan looked at Xie Zhiwei, Xie Zhiwei nodded, and then he hugged the prince in his arms. The prince was so happy that he turned his head and said to his two younger brothers, "Little three, little four, you two should take good care of your father and mother at home." Dear, when brother comes back, I will bring you delicious food."

Lu Yan sat down, put the prince on his knees, and said solemnly, "Junu, my adoptive father will take my sister to many places this time. I have to go to the south of the Yangtze River first, and maybe go to the west Xinjiang. It is very bitter and cold there. I have to leave. Father and mother have been together for a long time, are you willing too?"

Ju Nu is not the kind of child who is raised in a deep palace. He has followed Lu Yan to the military camp since he was three years old, and grew up.

"Yes, I am willing!" Ju Nu raised his hands, so excited that he hugged Lu Yan's neck and gnawed at his face.

Lu Yan tilted his head back and pushed his little face away, "Speak well!"

Ju Nu didn't care about Lu Yan's disgust, so he smirked.

On the same day, Ju Nu followed Lu Yan out of the palace and lived in Prince Ding's Mansion.

At night, Xie Zhiwei tossed and turned and couldn't fall asleep. Xiao Xun knew that she was missing her son, so he hugged her and did something bad for a while. She was so tired that she couldn't lift her fingers, and fell into a deep sleep.

Three days later, Lu Yan and two children were carried in an unremarkable green horse carriage, and they left the capital without a sound. Along the way, more than 300 elite guards guarded the city tightly.

In the carriage, Lu Yan taught the two children to recite books. After reciting for a while, Yutu'er became drowsy. She yawned and got into Lu Yan's arms.

Ju Nu wanted to get in too, but Lu Yanti slipped away, "Endorse well."

"My sister won't recite!" Ju Nu pointed at her sister who had closed her eyes and was sound asleep, feeling so unfair!

"My younger sister won't inherit the throne in the future!" Lu Yan thought of the child leaving his parents, and he, as the grand tutor, couldn't be too strict with him, and said kindly, "You will inherit the throne in the future, if you don't learn to be smart, how will you deal with many important issues? Woolen cloth?"

"Father, let me tell daddy to pass the throne to my younger sister, okay?"
