

The Queen 1021

Chapter 1021: Video

“Logically speaking, the local media is quite innocent.”

“It’s understandable that they’d want to make it into big news, but the original article was released by you, Joshua. The local media did not change a word. You were the one who caused the misunderstanding. Why are you pushing the blame on the local media now?”

The clarification came out at noon, so the media outlet that first started to share news about Joshua was attacked by a group, especially by many individuals who did not like Su Cha at all. Joshua’s female fans were furious and thought that this was a publicity stunt. They thought that Su Cha wanted to create hype using Joshua.

[Emmmmmm, why do I feel that this domestic media is getting wronged a little? If it’s a publicity stunt, these words were clearly said by Joshua himself... You can’t blame it on Su Cha, right?]

[The news came out in the morning but the clarification was released at noon? The timezones of the two hemispheres are clearly different. Why do I feel that Joshua did it on purpose?]

[There’s already a video on the Internet. Joshua said it himself. The domestic media did not twist anything. It’s just that Joshua’s words are easy to misunderstand. Now, he’s pretending to be pure and innocent? What is he trying to do?]

[The foreign netizens have slapped Joshua in the face, but the local media is still being flamed? What does this have to do with the media? Logically speaking, if Su Cha and Joshua are just creating hype, both sides will die.]

[I don’t think it’s Su Cha who’s creating hype. I heard that Su Cha and Joshua are not on good terms. Joshua knows that Su Cha has a boyfriend, so I think he only did this to get back at her. He must know what kind of impact it will have on her, right?]

[The person who reported about Su Cha is really shameless. How can Su Cha be compared to Joshua?]

[He's not worthy. Did you forget that Su Cha is a national master? How can a celebrity like Joshua compare with a master?]

...

Looking at the discussions online, Su Cha felt very annoyed for the first time.

She called Tan Jinsui. "I want to post on Weibo to clarify."

"What are you clarifying?"

Tan Jinsui was surprised. Su Cha said directly, "Let Joshua die. I can't let Muyi suffer."

Even though they were not announcing their relationship, others should not make an issue out of it.

She had to express her stance.

"Who needs who here."

Tan Jinsui sneered. "Just you wait. This matter has been caused by Joshua. Have you seen anyone who offended you end up well?"

Su Cha paused. "Why do I feel that you are hiding something from me?"

"Yes."

Tan Jinsui did not hesitate. "Guess."

Then he hung up.

Su Cha: "..."

How could there be such a thing?

She raised her eyebrows and looked at the news on the Internet. It was probably all over the media at the school gate.

Since Tan Jinsui had a plan, Su Cha could only wait and see how he would react.

On the Imperial Mu Group's side, the entire public relations department was boiling with excitement.

"Yes, yes, yes. Move the angle a little. Yes, yes, that's it."

Bai Kun stood in the public relations department's office and personally turned off a video.

"Yes, that's right. That's it. I'll highlight Miss Su for now."

What he was working on now was the video that had not been released after it had been bought.

That night, Su Cha had had a little conflict with Bo Muyi. Then, he came out of the car and Su Cha went to hug him.

Chapter 1022: Talk Nicely

If not for Joshua, Bai Kun would probably have buried this video for a while.

Others would just have to deal with it, but after the young master heard the news today, he said coldly, "Announce it."

Obviously, no matter how much one could endure, there were limits to some things.

After the announcement, everything would be fine!

Bai Kun was happy. He looked at the video and said, "Raise the brightness a little and highlight the young master's stunning beauty, but don't make it so clear..."

The video had to be edited. The original version was a little blurry and unclear. It was not that the young master must not be shown well, but information about him could not be spread widely, so this needed to be processed.

The hands of the Imperial Mu staff who was editing the video were trembling. They were crying in their hearts as they were tortured by the video. They drooled at the young master's beautiful face in the video. "Hey, Special Assistant Bai, I think the effect is good enough."

If this was released, the entire Internet would explode!

The shares of the Imperial Mu Group would probably be affected.

Of course, it would be in a way that would make people happy.

It was such a waste for the young master not to be a mascot for his corporation!

"Special Assistant Bai, the news reports have been prepared. All the media outlets have been informed. When the video is released, they will know what to do. We will monitor all the data."

People kept coming up to report developments. For the subsequent situation, the entire public relations department might have to work overtime today.

Bai Kun nodded and looked at the video. He felt that the effect was almost done, so he said, "Okay, this is fine. The video will be released at seven tonight."

It was a prime time slot with a high traffic flow. The effect would be awesome.

After everything was almost ready, Tan Jinsui called. "Special Assistant Bai, are you done?"

"It's already done. It will be released at 7 pm."

"Okay, Su Cha has a shoot tonight. She's not home."

Tan Jinsui smiled.

When Bo Muyi decided to make the announcement, he had Bai Kun contact Tan Jinsui. Tan Jinsui knew that the man's bottom line had been crossed, so he agreed.

After this announcement, he could not be bothered to deal with Su Cha's relationship matters anymore.

However, after everyone found out that she was the young mistress of the Imperial Mu Group, she would probably become increasingly more dominant in the industry.

In the afternoon, Joshua's Instagram scandal was still brewing. Although the foreign media had started to stand up and say that Joshua had accepted the interview himself and no one had forced him, the fans in the country still did not believe it.

They insisted that this was a publicity stunt. As Joshua's fans, they felt that no one was worthy of such a beautiful face.

Not even Su Cha.

After class, Su Cha went to a building to start filming. Only Fu Mo accompanied her. When she arrived at the scene, Su Cha was still scrolling through the news.

She called Bo Muyi and did not take the initiative to mention this matter because she did not want to make him unhappy, but he did not respond.

Though he did not react, Su Cha felt that there was something wrong.

For the first time, she was worried about whether she had not thought through Bo Muyi's feelings.

Was this matter so agitating that Bo Muyi did not react?

When she arrived at the shoot, she was thinking about this matter. In the end, she decided to go home and talk to Bo Muyi.

Chapter 1023: If You Have Any Objections, We Will Change It Immediately!

From the start, Su Cha did not care about the publicity. Otherwise, she would not have said that she had a boyfriend.

However, Bo Mui's identity was complicated. His basic information could not be revealed. Others might guess his identity, so Su Cha felt that there was no need to announce who Bo Mui was.

She had asked him about it many times. Bo Mui had said that he did not care about publicizing it, so Su Cha was relieved.

"Classmate Su, are you thinking about your boyfriend?" Fu Mo asked her, blinking.

Su Cha nodded with a rare expression of melancholy. "Actually, I don't want to announce Mui because I don't want others to talk about him like they are talking about me."

She did not want others to gossip about Bo Mui.

There were good and bad sides to this. She just did not want Bo Mui to be violated by others. He belonged only to her, and others must not even dream about him.

This sudden thought surprised Su Cha.

When did she become so possessive of Bo Mui?

"Even if you say it out loud, your boyfriend might not care."

Fu Mo advised her, "Don't think too much. If you want to, you can go back and talk to him tonight. Let's start filming."

Hearing Fu Mo's words, Su Cha nodded and set aside her surprise.

So it was possessiveness?

She now understood Bo Mui's possessive thoughts.

It turned out that she was even more twisted sometimes...

She did not even want others to think about him.

It was six o'clock. When they arrived at the scene, Su Cha's makeup artist and stylist had already rushed over from the company to help Su Cha with her styling. She was going to take a set of photos in the style of a hundred flowers today. The theme was very colorful. If it was not done well, it would end up being tacky. One can just imagine how such a theme could look.

However, Su Cha was very suited to such a shoot, so she put on exquisite and charming makeup. When she wore a flower crown on her head, she did not look tacky at all.

She was stunning.

She would be wearing a light yellow floral dress that suited the theme, and this was to be used for the photo shoot.

At 7 o'clock sharp, filming was about to begin. Su Cha had not finished her makeup when she heard everyone's phones ringing.

This was very normal. The people working tend to receive notifications on WeChat or various Weibo forums. However, their phones suddenly rang very frequently. Su Cha could not move or look at her phone. She just stared at herself in the mirror in a daze.

She suddenly felt that people were looking at her differently.

She looked over from the mirror and saw that the eyes of a magazine staff were filled with shock and fear. When she met her gaze, the staff was shocked and quickly came over. She lowered her head and bowed, her voice unbelievably soft. "Miss Su, is there anything you are dissatisfied with today's style? Or perhaps the theme of the photoshoot doesn't match your style today..."

"...?" Su Cha was a little stunned. "Wasn't this decided by your magazine?"

Of course she'd listen to what the magazines wanted.

The staff said firmly, “If you have any objections, we will change it immediately!”

Su Cha: “...”

If you are so willful, won’t your chief editor fire you?

She was here to work. This was the first time she was being asked for her opinion on a shoot...

Chapter 1024: Announcement

“Ah... No.”

Perhaps realizing that her reaction was too exaggerated, the staff wanted to bury herself in the ground under Su Cha’s puzzled gaze.

But no one found it strange.

The entire office looked at Su Cha differently.

Other than Fu Mo.

Her gentle smile made Su Cha feel that something was wrong.

The phones of several people around Su Cha kept ringing. They picked up the phone, and Su Cha heard them one after another. “Yes, yes, yes. She’s here. She is working on a job with us today...”

“How would I dare! Go to hell!”

“She... she looks good...”

“I don’t dare to imagine.”

Amid the whispers, Su Cha roughly understood something. She suddenly looked at Fu Mo. "I'm on the news again?"

She had caused such a big scene today. Could it be that something new had happened?

Seeing that she could not hide it anymore, Fu Mo smiled and handed the phone to her. "Look."

Su Cha immediately understood why everyone's gaze had changed again.

Bo Muyi had released the video.

#Su Cha's boyfriend#

#Imperial Mu Group's leader#

#Su Cha's boyfriend is too ugly to meet people#

There were a few big hashtags enclosing explosive words.

Su Cha refreshed the page.

[Sorry, there's a problem with the current page. It temporarily cannot be accessed.]

Su Cha: "Weibo crashed."

She remembered that Weibo had just been updated a while ago. It was claimed that it could handle the bombardment of eight celebrities' worth of relationship announcements. In the end...

Su Cha's boyfriend was announced, then Weibo... died.

Fu Mo was surprised. “It crashed just like that? Didn’t the server just get updated a while ago?”

She was a hacker, so she knew about this. “The server really couldn’t handle it!”

The Weibo programmers felt bitter and did not dare to say it.

She chatted with Fu Mo calmly as if she was not affected by the publicized video. The person beside her asked nervously, “Miss Su, your boyfriend... is the leader of the Imperial Mu Group?”

The current leader was the CEO.

He was 25 years old. He was a god-like person. It was unimaginable.

She could not imagine that Su Cha was his girlfriend.

“Ah...”

Su Cha smiled. “Since it has been made public, there’s no need for me to deny it. Yes, he is my boyfriend. However, just because he is my boyfriend, it shouldn’t affect my work. So, do what needs to be done. Let’s continue the shoot, okay? I want to go home early.”

“Okay, okay.”

“No problem, of course!”

“Whatever you say!”

While she was working, she refreshed her phone several times. Other than occasionally seeing a hot comment with more than ten thousand likes, she would soon be notified that the application had collapsed.

The phone kept ringing. Fu Mo picked it up for her, not letting the calls affect her work.

At this time, the Internet exploded.

Not only the Internet but even the media in real life started to pursue this news.

The source of this news was a video posted by a verified account. The content was simple, but it was enough to make people's hair stand on end.

To Be The Most Awesome Person On The Internet: “[Video] The status of Su Cha's boyfriend has been proven. The leader of the Imperial Mu Group is 25 years old. His surname is Bo. He is ranked in the top ten on the Forbes list for his personal wealth. If you want to know more, please look it up yourselves.”

Chapter 1025: The Young Madam of a Rich Family

“Fu*k me!”

[????????????????????????????????????]

“F*ck!!!!!!!!!!”

“—I'm as dumbfounded as the hot comment”

“—All the hot comments perfectly represent my thoughts right now.”

“I really want to curse. He's so handsome and so rich? Is that illogical? Is it the real-life version of the guys we see in dramas???”

“F*ck, all the novels in the future will have a real person template.”

“The so-called Heavenly Dragon in the novels is really not enough in front of Daddy Bo. I'm now a convert for life with his appearance.”

“Ahhhh, my god, what an eye candy!!!!!! How can Su Cha be so powerful!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!”

“The leader of the Imperial Mu Group????? Forbes Top 10... Su Cha’s fiance... I... What kind of valiant life is this?”

“Do you now know how to write great novels in the future?”

“I just thought of how Joshua’s fans have jumped up in the morning, saying that Su Cha was not worthy of Joshua... Now, this kind of boyfriend is simply a slap in their face, isn’t it?”

“Surely this kind of boyfriend only lives in dramas? This is the first time I’ve seen a real-life version...”

“—True Winner Su Cha”

Weibo exploded.

The moment the programmers saw that Weibo had crashed, they broke down.

Why did people keep refreshing until they’d reached the upper limit of the server?

They also thought about the day Su Cha had announced her boyfriend, but no matter how much they thought about it, they never thought that it would directly blow up.

The first person to appear was the CEO of the Imperial Mu Group. Such a sweet live video was released. Not only did it hurt the hearts of singles, but it also hurt the hearts of poor people.

When Weibo crashed, the other gossip forums also had a surge in traffic. Countless people posted that this was not logical, especially Su Cha’s fans. They were dumbfounded.

“F*ck, Su Cha’s BF is rich and handsome! This doesn’t make sense!”

“There was a worry that Su Cha had found someone ugly, but he is... too f*cking handsome.”

It was as if the very definition of what’s beautiful had been rewritten.

Moreover, he was from a top-notch wealthy family. He was super-rich, super-rich!

[I know you must be dumbfounded. Me too.]

[I want to know what's going on in Joshua's heart.]

[Hahahahahahaha what a joke to say that Su Cha's boyfriend is ugly.]

[Su Cha's boyfriend is ugly and can't be seen? This is the first time I've been deceived by netizens...]

[To be honest, isn't Su Cha's life too illogical? She must have saved the galaxy before to actually find such a boyfriend. Judging from the video, Su Cha is also the dominant one...]

[Judging from the video, Daddy Bo must really like Su Cha. He can't hide his fondness.]

[Then here comes the question. Did people write novels based on Su Cha's memoir?]

[I've searched online. Other than kneeling in admiration, I have no other thoughts about the Imperial Mu Group. The key is that he is the leader of the Imperial Mu Group at such a young age? A young master from a super-wealthy family with a golden spoon in his mouth is really enviable. Moreover, I've never heard of him before.]

[He's willing to release the video directly. This must have been approved, right? He'd even talked about his fiancée. It seems that Su Cha's status as the young mistress of a wealthy family is confirmed...]

Chapter 1026: Plucking Hair from the Tiger's Head

Not only on the Internet but also in reality, there were also news media reporting on this hot news.

Information about the current leader of the Imperial Mu Group started to appear online.

However, due to certain reasons, only some surface information regarding Bo Mui's education could be dug. The rest was hidden.

But even so, just the basic information that was found was enough to make people despair. Why was the difference between certain people so huge?

At first, everyone was merely shocked by Bo Mui's identity. And then, they reacted. They looked at the scene in the video and thought, wasn't this heir quite cute? He was simply too cute. It looked like he really loved Su Cha!

Although the public relations department of the Imperial Mu Group was prepared, when the rest of the Imperial Mu Group, as well as some higher-ups and employees overseas, saw the video being released, they were shocked.

What the hell?

Was this the legendary Iron-blooded Yama, the cold and ruthless boss?

This was the big boss who always kept his word and made everyone worried when something went wrong?

Do we all even live in the same world?

However, after watching the video over and over again and finding that Bo Mui's attitude towards Su Cha was very real, the senior executives almost cried.

Boss, why didn't you give off such warmth when you were facing us?

"Publicized?"

Even Zong Yanxiu, who was busy with the company's matters, was stunned when he heard the news.

However, in the Imperial Capital, basically all the families knew about this matter. But they were surprised that Bo Mui was willing to reveal his identity for Su Cha.

His identity could not be made too high-profile. If he announced it, it would definitely bring him trouble. There were also other considerations.

What if they broke up in the future?

However, that was unlikely...

“This young man is full of youth.”

Zong Bingyi watched the video and could not help but click his tongue. “This is what’s good about young people. They are so sweet.”

It was as if they were showing off their affection.

At this point, Zong Bingyi looked at Zong Yanxiu again, as if he hated him for not fighting. “I think they are almost to the finish line. When will you find someone for me?”

Zong Yanxiu: “...”

He did not know why the topic was about him again. It was clearly about Su Cha and Bo Muye.

He was a little helpless. “When it’s convenient.”

That was all he could say.

In fact, he was not in the mood.

“I’m helping you manage the company now.”

There were too many things to think about.

Zong Bingyi rolled his eyes. Whenever these things were mentioned, his son would avoid them, leaving Zong Bingyi feeling helpless.

Not only in this company, but the online video was also quickly released overseas. After all, the Imperial Mu Group was a famous financial group overseas. Now that the boss had announced his relationship, it would definitely cause a stir.

Netizens all over the world loved gossiping about wealthy families.

Especially this kind of super-wealthy family.

However, when the netizens found out that the female celebrity who was dating the boss of the Imperial Mu Group was Su Cha, they were dumbfounded.

Then what was with Joshua's behavior?

Was he trying to pluck hair from a tiger's head?

Suddenly, the gossip among the netizens started to spread.

Chapter 1027: He's Finished

"He is the boss of the Imperial Mu Group?"

Joshua, who was far away in America, felt a chill run down his spine when he heard the explosive news from China.

For a moment, he felt that he was finished.

The manager broke out in a cold sweat. "Is it too late for us to apologize now?"

His eyes were filled with fear.

When they were filming in China, they'd had a conflict with Su Cha. Thus, after they returned from China, they could not take it lying down and felt that they had to teach this female celebrity a lesson.

Seeing as Joshua was an international superstar, if they revealed some things, it would definitely cause a huge discussion. Following that, they could make the other party suffer.

As he did not know what kind of background Su Cha's boyfriend had, Joshua did not take him seriously.

Of course, Joshua had also wanted to make the man feel powerless.

Even if that man were outstanding enough, he still would only be able to watch his girlfriend having a scandal with another male celebrity.

This thought had made Joshua feel very happy.

But now, his heart was really cold.

That was the Imperial Mu Group!

No matter how stupid he was, he knew how big the Imperial Mu Group was. He had thought that the other party's background was not ordinary, but he did not expect it to be so extraordinary.

He'd thought that Bo Muyi was at most a young master from some family. With his status as a celebrity and being overseas, Joshua would definitely be out of his reach.

But the Imperial Mu...

To be honest, if the Imperial Mu Group wanted to crush a Hollywood superstar like him, it would be as easy for them as crushing an ant.

The United States was a capitalist society. No one knew better than Joshua how influential capital was to the entire United States.

"I... I'm probably finished..."

Joshua, the Hollywood superstar who had always been fearless and flamboyant, had a pale face at this moment. He truly came to realize that he was powerless to reverse the situation.

He did not believe that the man would not take revenge on him.

Ben was as anxious as an ant on a hot pan. “We can’t be so discouraged. Joshua, let’s go to the Ludwig family. You have a good relationship with their daughter. Think of something. She will save you...”

“The Ludwigs offending the Imperial Mu Group for me? Are you crazy?”

Joshua stood up abruptly, his handsome face filled with fear. “It’s useless to seek out anyone...”

Bang!

Suddenly, there was a loud knock on the door.

Usually, it would have sounded normal, but right now, it sounded like a curse.

Joshua’s forehead twitched.

“Who is it?”

He was a little nervous. Because he was in the middle of a shoot, he was staying in a hotel.

“A hotel staff, Mr. Joshua. Someone is looking for you.”

From outside the door came the polite greeting of a staff. Joshua’s mind started to buzz. He could not hear what he said. He only felt that he subconsciously said, “I don’t want to see them.”

“No.”

It was a deep male voice speaking in English. Then, there was a beep. It was the sound of a room card being used. The door was opened and a group of men in black stood outside.

Although they were Westerners like Joshua, this was the first time that Joshua felt despair.

The leader, a Western man in a black suit, bowed slightly in a gentlemanly manner. “Mr. Joshua, we just want you to cooperate. You understand, right?”

The manager shouted in fear, “Who are you?”

Chapter 1028: Nothing Can Stop Us

No one bothered with him.

The Western brawny men waved their hands and covered Joshua with a black cloth.

Joshua knew that it was useless to resist. He was dragged away like a corpse.

The manager at the side also fainted from shock. Of course, he was also taken away.

When Su Cha finished filming, it was already 10 pm. She returned to the Lookout Pavilion.

At this time, the evening lights were on, and the city was filled with neon. The traffic was heavy on the return journey. Su Cha saw that the big screen outside was broadcasting news about Bo Muye...

They were publicly talking about their romance.

The electronic screen was even shamelessly playing that video again.

Su Cha felt a little embarrassed when she saw Bo Muye in the video.

“Oh my, it’s so sweet.”

Fu Mo also saw it. She placed her hand on the car window and revealed a look of yearning.

“How is it sweet? He was still angry.”

He was being unreasonable.

Otherwise, Su Cha would not have gotten out of the car halfway.

Fu Mo smiled. “That’s why it’s more like a show of affection.”

The netizens were not only shocked by Bo Mui’s identity. They had also not yet recovered from the shock of the video.

Su Cha chuckled helplessly. “Great, the whole world has seen it.”

However, she still looked at Bo Mui carefully.

Although his face was a little blurry, his stunning and perfect side profile still gave off a seductive feeling.

Such a man was too irresistible.

No one was shocked when they saw him. It was hard to imagine that such a perfect person would exist in this world.

When Su Cha returned to the Lookout Pavilion, it was brightly lit. Bo Mui had returned.

It was rare that he was not working anymore. Instead, he was writing calligraphy.

With his head lowered, he looked more scholarly. However, when he raised his head, his glasses glinted sharply.

“You’re back?”

He seemed to be in a good mood. When he saw Su Cha, he immediately smiled.

Su Cha walked over and told him about what had happened online. “So you have announced it?”

He hummed and suddenly looked at Su Cha cautiously. “Are you unhappy?”

“No.”

Su Cha smiled. “It’s good that you’ve announced it. I was worried that... what happened today had affected you.”

“A little.”

Bo Muyi admitted it without hesitation. At the same time, he put down the brush and said elegantly, “So I dealt with it.”

It meant that Joshua had been dealt with.

Su Cha raised her eyebrows. “Did you kill him?”

The man curled his lips into a cruel smile. “It can’t be that easy.”

It would be so easy if Joshua simply died.

Su Cha shrugged, not caring about this matter. She just asked, “Will it affect you now that we’ve announced our relationship?”

Bo Muyi shook his head. “No.”

No one would dare to disturb him about it. Even if the media went crazy, they would not interview him.

Hence, even if everyone knew that the boss of the Imperial Mu Group had a girlfriend who was a celebrity, no one would dare to say anything.

He walked over and hugged Su Cha, showing a gentle smile. “Nothing will hinder us from now on.”

Chapter 1029: Foolish People Have Foolish Fortune

“Now I can do whatever I want in the entertainment industry.”

Su Cha sounded helpless, but she felt a sweetness inside. She snuggled into his arms and smiled happily. “Those people might wonder when we will break up.”

After all, as long as they were not married... no, even if they were married, others would think that they would divorce sooner or later.

They must be feeling that the difference was too big.

They were still in a state of shock and could not recover yet. By the time they could react, they would probably have all kinds of speculations.

“We won’t.”

When he heard that term, the man’s expression had darkened. “Never.”

He and Cha Cha would be together forever.

Even after he’d died.

Anyone who harbored such thoughts would die if he found them out.

At the thought of this, his eyes darkened. Su Cha quickly patted his back and comforted him, “No, of course we won’t separate. I can rest assured now that it’s public. Let’s see if other women would still have designs on you.”

Bo Muyi buried his face in her neck and said softly, “No one has any designs on me.”

Perhaps there were women around, but they would never have the chance in front of Bo Muyi.

“Sister, did you announce it? It’s so cool!! Ahhhh, Brother-in-law is so cute!!!”

In the middle of the night, Su Cha and Bo Muyi were resting when she suddenly received a call from Zuo Zhici.

Su Cha was a little speechless, mainly because she was about to rest when she suddenly received this call. She was a little unhappy. “Don’t you go online? You found out only now?”

Zuo Zhici was very excited over the phone, and Bo Muyi could hear her clearly.

It was rare that he did not have any objections. He even curled his lips.

Perhaps realizing that it was a little late on the other side of the world, Zuo Zhici was a little embarrassed. “I was busy with my thesis until now! I only found out that you had announced it after I came out. In the video, Brother-in-law was so handsome. My WeChat group has exploded. Everyone is asking me about you now. I don’t know how many girls are dying of envy. Hahaha, my brother-in-law is really handsome. Look, many people are calling him Hubby on the Internet. Sister, will you be jealous?”

Some people even called him Daddy.

The idiotic netizens could be so extreme when facing rich people.

Su Cha sighed. “Do you think I have time to be jealous? Don’t you have anything else to do? Why don’t you hang up?”

“I don’t!”

Zuo Zhici was unwilling. “Do you have class tomorrow? Why won’t you talk to me about something so exciting? Why did Brother-in-law want to announce it? Was he angered by that foreign idiot today?”

Su Cha rubbed her forehead. “I don’t have class, but I want to rest. We only announced it to the public. We are not married yet. You don’t have to be so excited.”

“Oh right, when are you getting married? I want to be the bridesmaid...”

Zuo Zhici asked about their marriage. Su Cha gave her a perfunctory reply and hung up.

Just as she was about to fall asleep with Bo Muyi in her arms, she suddenly felt puzzled. “Is she on good terms with you?”

Just from the way she called him Brother-in-law.

Bo Muyi pointed at Su Cha’s back. “After all, she’s your only sister.”

Su Cha: “...”

You didn’t say that when you disliked her in the past.

Su Cha suddenly recalled last time, when she dealt with Sheng Manru.

Tsk, it seemed that Zuo Zhici was really lucky.

Although she was thinking this, the corner of her lips curled up. Soon, Su Cha fell asleep.

Chapter 1030: I Like Being with My Wife

Their relationship had been announced, and their lives continued.

In just one night, all kinds of posts about Su Cha and Bo Muyi's relationship were released on the Internet. There were also all kinds of speculations and predictions about their marriage. Some people said that it was true love and they would get married sooner or later. Others said that it was just Young Master Bo playing around.

There were also some details that were entirely fictitious.

As expected of an announcement of a relationship, all kinds of demons and monsters were released after it.

Of course, there were also people who wanted to use Su Cha's popularity.

However, Su Cha was now the young madam of the Imperial Mu Group. Even if she was not officially so, she could still be called that. People did not dare to release a public statement, but all kinds of celebrities said that they knew Su Cha well, and posts made by paid posters appeared.

Of course, Su Cha's fans were not stupid.

[I think the Imperial Mu Group did not plan for this to be made public?]

Anonymous OP: "The revelation was very sudden. Firstly, the strangest thing was that Joshua had suddenly jumped out and said that his relationship with Su Cha was not simple. Then, he inexplicably clarified. Then, tonight, it was exposed that Su Cha's boyfriend was the boss of the Imperial Mu Group. Do you smell a conspiracy? Actually, the Bo family did not want to announce it from beginning to end. It was only because Joshua suddenly did this that they were forced to announce it, feeling that they had lost face. Or rather, what if this was Joshua's and Su Cha's scheme...? What if she wanted this announced to stabilize her status? After all, the difference between her and the boss is so huge. If I were Su Cha, I would also think of ways to announce our relationship and stabilize my status in the main palace."

1L: "If you are so capable, why don't you just expose yourself directly and not remain anonymous?"

2L: "I think it's normal for people to have speculations since the two just made it public, but it's really disgusting to make guesses like this."

3L: “From what I’ve seen on the video, I don’t believe that Young Master Bo is playing with Su Cha. It’s like Su Cha has cast a spell on Young Master Bo...”

4L: “They are obviously in a relationship, okay? I think it doesn’t matter if they announce it or not. After all, they are not married. Even if they announce that they are in a normal relationship, there’s nothing for others to say if they break up. Su Cha is a master. Would the Bo family look down on her?”

5L: “Hahahahahahahahahahaha, are you trying to hype things up regarding Joshua? It’s probably safe to say Joshua is dead, okay?”

6L: “Before the post is deleted, leave your name. As a staff member of the Imperial Mu Group, let me tell you directly. The Big Boss wanted to announce it himself. Young Madam didn’t want to back then, but now she agreed. Our Boss has already been calling his other half as his wife. She has already passed the interview. Put away your disgusting guesses.”

Some people speculated maliciously because they were envious.

Think about it. She had all kinds of perfect qualities and could even find a super-rich and handsome boyfriend. Most importantly, he doted on her so much in the video. If they just let it pass, won’t they die from too much anger?

Many people could not stand it. Naturally, there were people who started rumors, but they could not stop others from slapping their faces.

There was even that rare interview that Bo Muyi had accepted. In it, he’d directly mentioned his wife. Thinking of the publicized relationship now, it was obvious that this wife was Su Cha.

The phrase “like to stay with his wife” quickly became trending.

It firmly pierced through the hearts of the netizens and single people.
