Chapter 1041: Blindly Guessing Pregnancy

Tan Jinsui was worried about Su Cha.

Su Cha turned around and shook her head. "I'm fine."

Tan Jinsui frowned. "You don't look fine."

Su Cha paused.

"Uncle Tan, can you check which situations could cause a woman's emotions to change drastically?"

Su Cha instinctively felt that something was wrong.

She did not believe that there was anything wrong with her self-control, so there must be something else wrong.

Tan Jinsui frowned.

"It's that time of the month?"

He'd said this casually. After all, women would only have intense emotions at this time...

Su Cha shook her head. Tan Jinsui took out his phone and checked. In the end, he was silent for a moment. "According to the Internet, it's either it's that time of the month or... the woman is pregnant."

Pregnant?

Su Cha's mind exploded.

She immediately felt that it was impossible. If she was pregnant...

No, although she could check it herself, if her inner force did not automatically guide her to check, even if she was pregnant, she would not know immediately.

Su Cha's expression changed.

She placed her fingers on the vein on her other arm. In just three seconds, she could clearly feel something different in her lower abdomen using her inner force.

The little thing was very subtle and almost undetectable.

It seemed that it had only been around for a short while, but indeed, there was another life source in her body.

Tan Jinsui found Su Cha's movements a little strange. In the end, he saw her place her hand on her arm and measure it. Her voice trembled. "I... I'm pregnant..."

Tan Jinsui: "..."

Are you kidding me?

Who would know they're pregnant just by putting a hand on their arm? Are you an old Chinese doctor?

His eyes were almost glued to her. His tone was filled with horror and disbelief. "Are you sure?"

Su Cha nodded and suddenly felt a headache. "I'll go to the hospital for a detailed checkup."

She had never been pregnant and had no relevant experience, but she could not explain the sudden appearance of the life form.

It was very small. She only sensed it with her inner force. As for the specific situation, it could only be determined by the hospital.

Tan Jinsui opened his mouth and wanted to say something, but he suddenly did not know what to say. Suddenly, he did not know whether to laugh or cry. “Luckily, you will be 20 soon.”

They would be legally married after they got their marriage certificate, and this child would not be born before their marriage.

After all, Su Cha’s stomach was not yet showing. She must have just gotten pregnant.

No wonder she had become so...

Tan Jinsui knew that a woman’s personality would change greatly when she was pregnant, but he did not have much experience, so he was at a loss.

However, he reacted quickly. First, he arranged for the scenes in the afternoon to be temporarily suspended. He said that Su Cha had something urgent to attend to. Then, when Fu Mo returned, he and Fu Mo brought Su Cha to the local hospital for a checkup.

Seeing Su Cha leaving the production crew in a hurry, Hua Nie and the assistant looked at each other in shock. “It can’t be true...”

Otherwise, why would she suddenly ask for leave?

Where could they have gone?

Of course, the production crew was baffled, but it was good to have a break. However, it was not only the little assistant who’d blindly guessed that Su Cha was pregnant.

After all, some women in the production crew had given birth before. Su Cha’s sudden change in personality made them discuss privately whether or not she was really pregnant.

Chapter 1042: I Think It’s a Little Princess

The hospital was a big local hospital, so it was naturally safe.

After she took a series of tests, the results were out quickly.

She was really pregnant.

The child was already a month old.

When the results came out, Tan Jinsui: "..."

Fu Mo: "..."

Their expressions were complicated, and so was Su Cha's.

She did not expect that she would get pregnant in the end.

Although Bo Muyi sometimes took precautions and sometimes did not, when she returned to the Imperial Capital a month ago, she did not...

After going around in circles, she still didn't get it.

She got pregnant even though she felt that it was not easy for her to do so as she practiced martial arts. Su Cha was surprised at first, but she still felt excited and nervous in the end.

"How did I get pregnant?"

She touched her belly and looked a little lost. It was obvious that this was a process that every new mother had to go through.

"What should we do? They are expecting even before marriage?" Fu Mo mumbled softly.

Tan Jinsui rolled his eyes. “She will be 20 next month. Do you think Bo Mui will delay getting their marriage certificate? In any case, there hasn’t been any news about you for almost half a year. Once the news has been released that she is pregnant and she might even get married... No need to worry about garnering attention in the next few months.”

“Why did you think about this first?”

Su Cha pouted and quickly took out her phone. “I want to tell Mui!”

She was happy. Tan Jinsui quickly stopped her. “Don’t. Don’t you want to surprise him personally?”

“What’s the difference between that and telling him now?”

Moreover, Su Cha reckoned that Bo Mui would not be so happy when he found out that she was pregnant. He had always clearly expressed that he did not like children...

He disliked it because he felt that someone would snatch Su Cha from him.

However, she was persuaded by Tan Jinsui. Su Cha planned to return to the Imperial Capital tonight and tell him in person.

However, two minutes after Su Cha came out of the hospital, Bo Mui already knew the news.

“Cha Cha, you’re having a baby?”

When he said this, his tone was not so surprised as Su Cha had expected.

She could imagine the man frowning.

“As expected, you heard the news already.”

She had always had secret guards by her side. She could not hide such a big thing like entering the hospital...

Su Cha sighed and said happily, “I didn’t expect to get pregnant. The hospital said that the baby is very healthy. It’s been a month.”

Bo Mui hummed softly. “Then come back first. I’ll wait for you at home.”

Su Cha knew what he was thinking.

He could naturally accept this matter, but he did not welcome this child as much as one could imagine. The main reason was...

While waiting for Su Cha to return, Bo Mui took the initiative to inform the old lady and the Zong family.

They did not expect Su Cha to suddenly become pregnant. They were ecstatic.

Zong Yanxiu was so excited that he did not even care about the company. He rushed to the Lookout Pavilion to wait for his daughter and did not forget to inform Zuo Zhici.

Tan Jinsui accompanied Su Cha back to the Imperial Capital. On the plane, he complained, “You suddenly became like this when you got pregnant. I don’t think you are easy to deal with.”

Su Cha rolled her eyes and ignored him.

Fu Mo smiled. “I think it’ll be a little princess.”

Chapter 1043: Untitled

“A little princess could not have caused that. I suspect it’s a boy.”

Tan Jinsui made his guess at the side. Su Cha was a little upset. “What do you mean?”

“Do you deny what you’re like right now?”

Tan Jinsui looked at Su Cha with a questioning gaze.

Su Cha thought for a while. Okay, she was being quite pompous.

But she could not control it.

After the plane landed, Su Cha was immediately brought back to the Lookout Pavilion by Bai Kun.

Bai Kun was surprised when he looked at Su Cha. "Congratulations, Miss Su."

As the special assistant of his young master, he had been very concerned about Bo Muyi's marriage for so many years.

Back then, when Bo Muyi only liked Su Cha, he had a lot of opinions about her, but now, he had changed his mind.

Their young master was almost 27. It was normal for him to become a father at this age.

They were naturally happy.

Su Cha nodded and smiled. "Thank you."

Putting aside the changes in her mood after getting pregnant, Su Cha was still excited to know that she had become a mother.

When she returned to the Lookout Pavilion, she went to the hall first. From afar, Su Cha saw the old lady, her grandfather, and the rest who were stretching out their necks at the door.

"Ah, Su Cha!"

Seeing Su Cha's figure walking back from outside, the old lady's eyes lit up. She could not hide her excitement and walked over anxiously. Her eyes were filled with affection. "Good, good, this is great."

She was almost moved to tears.

After marrying into the Bo family, for so many years, the only thing she'd been worried about was Bo Mui's personal matters.

Whenever she was with Su Cha, she'd always be wondering when Bo Mui would become a father. In the end, it happened even earlier than she had imagined. How could the old lady not be excited?

After so many years, she had lived up to Old Master Bo's wishes.

Zong Bingyi and Zong Yanxiu, who were following behind her, were naturally very excited. However, they were two men after all, and they were not as excited as the old lady.

Su Cha smiled and called, "Grandma."

The old lady responded warmly and Bo Mui walked out slowly.

It was impossible to describe his expression. His deep eyes had always been gentle and doting towards Su Cha, but now, the light in his eyes seemed to have something else in it.

The old lady pulled her into the room. Zong Yanxiu went forward and said gently, "You are already pregnant. Shouldn't you put aside your work?"

He was being sensible. Su Cha walked over and did not approach Bo Mui, but he immediately went forward and silently held Su Cha's palm.

His gaze seemed to unintentionally glance at her lower abdomen with a hint of curiosity.

It was rare to see him like this.

“Of course it wouldn’t show yet.”

Zong Bingyi was also so excited that he did not interrupt. When he heard this, he immediately announced, “Since she’s already pregnant, she should act like she’s pregnant. Let’s put the entertainment industry aside for now. We’ll talk about it after she gives birth.”

They were not old-fashioned people. They were just worried about Su Cha’s health. Moreover, time in the entertainment industry was not fixed. They would definitely not let Su Cha continue to take on jobs.

Su Cha smiled. “I know. Uncle Tan has already made arrangements.”

Chapter 1044: Proposal

Tan Jinsui was not stupid. After he found out that Su Cha was pregnant, he started to push back all her work.

After “He Chun” finished filming, she would officially rest.

There was still a month before “He Chun” finished filming. She just had to pay attention during the first three months of her pregnancy. The filming was done during the day, and nothing would happen.

Her body had always been strong. When she went to the hospital for a checkup, the doctor said that she was in good health. Usually, nothing would happen if she paid attention.

“There’s still one more movie to shoot. I won’t work after this month.”

“But you have to be careful in the first three months of pregnancy.”

The old lady was still worried. Su Cha chuckled. “Grandma, are you saying that I can’t go out during the first three months? Don’t worry, I will film in the day. It will be like a normal activity. I will be back after this month.”

“That’s fine...”

The old lady knew that Su Cha did not need anyone to lecture her, and it was not easy for her to interfere. Naturally, she went along with her.

Bo Muiyi did not speak. It was obvious that he listened to whatever Su Cha said.

The news of Su Cha’s pregnancy quickly spread throughout the Imperial Capital.

Everyone was dumbfounded. They did not expect Su Cha to get pregnant so quickly.

Actually, it was normal for them to get pregnant if they lived together. However, Su Cha was still in her second year. Although she was old enough, she was still in the consolidation stage of her career in the entertainment industry. She’d been bold enough to announce her relationship, but now, she was pregnant.

According to the rumors surrounding Bo Muiyi, it seemed that they could have a wedding soon.

Zuo Zhici had wanted to visit Su Cha in the afternoon, but she was not the only one who learned about it.

Zuo Zhici quickly called Su Cha to complain. She did not say anything, but she vaguely revealed something.

Zuo Shaoxin had probably forbidden her to come.

Of course, Zuo Zhici said that she would find a chance to visit Su Cha. Besides, Su Cha would be staying in the Imperial Capital every day after this month. She’d have plenty of time to look for Su Cha then.

Su Cha did not care if Zuo Zhici came or not, but she still scoffed at Zuo Shaoxin’s actions.

At night, due to the doctor’s advice, Su Cha paid extra attention to some things. She continued practicing martial arts, which was not bad for the child.

Pregnancy brought many changes, such as drowsiness. Su Cha indeed got sleepy easily, but overall, she was still energetic.

Because of her pregnancy, Bo Muyi was dragged by the old lady to talk about some things that night. Su Cha went back to the bedroom first and lay on the bed. She was bored and started to scroll through her phone, wondering if she should tell her fans about her pregnancy.

She had always said whatever she wanted to say. She still had to frequently go for a prenatal checkup. Instead of being photographed and the photos spreading out, she might as well say it right from the beginning.

At this moment, there was movement outside the bedroom.

Su Cha looked closely and saw Blue Sky walking in.

“What are you doing here?”

She looked over curiously. Blue Sky ran in. As she approached, Su Cha saw that it had something in its mouth.

It ran over and moved its mouth close to Su Cha. Su Cha saw that it was a ring box.

She was stunned for a moment. She seemed to understand something and extended her hand. Blue Sky spat the ring box at it.

The ring box had been bitten very carefully, so there were no marks on it. Su Cha opened it and saw a beautiful and exquisite diamond ring.

Chapter 1045: Good Day

“I’d already decided on it. I was planning to pick a suitable time to do it before your birthday.”

Bo Muyi walked in from outside. It was rare that the moon was out today.

Under the moonlight, his figure seemed unreal.

His tall and slender figure exuded a hazy aura under the moonlight. When the light flashed past, Su Cha saw the gentle and intoxicating light in his eyes.

He walked over and knelt on one knee. He looked at her with sincere love and said seriously, "Su Cha, will you marry me?"

A proposal?

She had expected it the moment she saw the ring, but when she saw Bo Mui kneeling down on one knee, Su Cha was still shocked.

It was as if something that she had been looking forward to for a long time had happened.

For a moment, it felt unreal.

Tears welled up in her eyes and she could not help but laugh. Her eyes were especially bright. "You already know that I would agree."

She'd thought that she and Bo Mui would let nature take its course and not go through the process.

But now that Bo Mui had really proposed, she was still a little excited.

Bo Mui's lips curled up slightly. He took out the ring and carefully put it on Su Cha.

This ring had been meticulously made by him. The diamond was an extremely rare pink diamond. Not only did he choose a pink diamond, but his and Su Cha's initials were also engraved on the waist of the diamond.

Inside the ring were the initials of his and Su Cha's surnames.

He had prepared this ring a few months ago, planning to give it to her and get married before Su Cha's birthday.

This was just a proposal ring. When the time came, the wedding rings would be another pair.

The diamond shone brightly under the light, representing its eternity.

Su Cha could not help but be excited and hugged Bo Mui. “Thank you, thank you.”

Her gratitude was for everything Bo Mui had done for her.

Whether it was in the past or now.

Bo Mui had given her real hope.

Bo Mui was everything she wanted.

“My darling girl.”

He also hugged her and kissed Su Cha’s forehead lovingly. Although it was not so romantic or surprising, such things were unnecessary for the two of them.

Blue Sky was also squatting around. It did not understand the two humans. It felt that the diamond ring that the human had just taken out was a little dazzling.

The owner had asked it to bring this box over just now. Now that it saw what was inside, it suddenly wanted to take a bite.

Then it saw the two humans hugging again, and it felt its teeth ache.

The female owner’s eyes seemed to be red.

Blue Sky tilted its head and walked out slowly.

Ah Chen walked over from outside. There was a smile on his poker face, which made Blue Sky think that it had seen a ghost.

Ah Chen lowered his head and touched Blue Sky's lion head. He said happily, "Blue Sky, today is a good day, don't you think?"

Blue Sky: "..."

What's the occasion today?

Humans had problems.

Blue Sky, who did not understand human psychology at all, glanced at Ah Chen and walked slowly in the direction of its nest.

Ah Chen stood up straight. He knew that Miss Su was pregnant and that the young master had just proposed.

The secret guards felt comforted.

It was wonderful. Everything was wonderful.

Chapter 1046: Marriage

Due to Su Cha's unexpected pregnancy, the plan to first get engaged before getting married was scrapped.

Bo Muyi said that he wanted to get married at once.

Everyone could not dissuade him. Of course, Su Cha still had a month to shoot, so she had to return to the production crew.

But this time, her return to the production crew was much grander.

The main reason was that the old lady was worried and insisted that Su Cha bring all kinds of nannies to take care of her. Even now, Su Cha had a special nutritionist following her three times a day.

The production crew was dumbfounded.

Tan Jinsui and Su Cha did not hide it, so they easily found out that Su Cha was indeed pregnant.

When Hua Nie found out about this news, he dragged along his assistant and got drunk again.

As for Su Cha wanting to announce the news, Tan Jinsui suppressed it.

He said that they should announce it on the day of the wedding. This was reasonable. She would have already gotten her marriage certificate, so others would not be able to say anything about her pregnancy.

As for the school, Su Cha took a break.

There were some courses in acting that she could not attend. She could only watch the videos of the teachers, but Su Cha could guarantee her grades in other aspects.

The school was surprised that Su Cha was going to leave school, but it was hard to say anything after they found out that she was pregnant.

After all, she was about to get married. It was natural for her to do this, and since she could guarantee that it would not affect her studies, what could the school say?

However, many were still shocked by Su Cha's guts. For a moment, they had to wonder if Su Cha really wanted to hold on to the position of the Imperial Mu Group's Young Madam, so she got pregnant so quickly.

Of course, there was no shortage of such speculations.

After all, the Imperial Mu Group was such a powerful group.

How many people believed that Su Cha and Bo Muyi were truly in love?

Now that she was pregnant, many people believed that Su Cha wanted to tie Bo Muyi up.

No matter how strong she was in the entertainment industry, that could not compare to the position of the Imperial Mu Group's Young Madam.

Of course, others were others, but Su Cha lived her own life.

Su Cha spent the last month with the production crew happily. Since she was about to get married, she invited Hua Nie and the rest.

Of course, it would only be the handful of celebrities she was familiar with. Su Cha would not invite everyone from the production crew.

The Bo family did not even have any relatives, only the old lady's Ye family. Of course, almost everyone from the high society would come. Mu Jiao and the others never thought that they would be invited.

Anyone would feel honored to be invited by Su Cha to this occasion. On one hand, Su Cha regarded them as her friends. On the other hand, the connections to be made at such an event were an opportunity that countless resources could not be exchanged for.

There was still a month to go before the wedding. The old lady was helping them with the arrangements. Su Cha stayed with the production crew for a month without any worries. After the wrap, she officially returned to the Imperial Capital.

It was Su Cha's birthday.

Su Cha and Bo Muyi went to the Civil Affairs Bureau together.

When the two of them appeared together, the entire Civil Affairs Bureau was shaken.

Be it Bo Muyi or Su Cha, they were both famous figures. If they came to the Civil Affairs Bureau to get married, wouldn't it be done immediately?

Many staff members of the Civil Affairs Bureau were also netizens. They could not hide their excitement when they found out about such a big gossip. The moment Su Cha and Bo Muyi took their certificates and left, they wanted to announce this news to the whole world.

Chapter 1047: I've Registered My Marriage to Mr. Bo!

“We are married!”

When Su Cha held the red booklet, she saw the photo of her and Bo Muyi together and smiled.

Bo Muyi drove personally and was also in a good mood. He did not care much about marriage, but when he saw that Su Cha had officially entered his household register, he felt an unexpected sense of satisfaction.

“Yes, honey.”

He was in a good mood. Su Cha responded and took a photo with her phone.

Then she sent it to the WeChat group.

Alliance group.

Cha Yi: “We are married!!! [Picture] [Picture] [Picture]”

Martial Alliance Master, Mo Weiyan: “Congratulations! Congratulations, Little Alliance Master!! Happy wedding!”

Martial Alliance Elder, Yun Zu: [I'm not prepared at all.JPG]

Star Alliance Elder, Buzhou: “Amitabha, congratulations! Buddha is happy for you. This is a good marriage.”

Star Alliance, Jin Mou: “Oh my god, Su Cha, are you really married? Congratulations!”

Vice Alliance Master of the Star Alliance, Tan Yeluo: “Do you take this as a Weibo account? How brutal of you to get married without even asking me to go out and celebrate the last night of your singlehood?”

Star Alliance, Shi Wei: “Congratulations, congratulations. Happy Wedding, Alliance Master.”

Martial Alliance Elder, Yun Zu: “Forget it, I should congratulate you. Congratulations, hahahahahahaha. Should I send a red packet to celebrate such a joyous day?”

Soon, the group started scrolling through the screen. Su Cha laughed as she looked at the chat records.

Then, 200-yuan red packets were sent.

The maximum amount a red packet could contain was 200 yuan.

There were also private messages sent over to congratulate her.

The wedding would begin the day after tomorrow. It was an auspicious day calculated by the Stone Sect Master for Su Cha and Bo Mui.

Today wasn't solely a day for celebrating Su Cha's birthday.

Early in the morning, Su Cha and Bo Mui got their marriage certificate. After Su Cha posted her marriage on WeChat Moments, she had to take care of her fans.

Su Cha thought about it and decided to announce her marriage and pregnancy.

Her fans knew that it was her birthday today and were celebrating it happily. They would not be expecting to receive a blow soon.

She thought about how to word the announcement, feeling that it was not appropriate if it seemed too official.

She actually had many things to say. In the end, she decided to say what she had always wanted to say from the heart.

After editing, Su Cha curled her lips and officially clicked on the post. There were also pictures of the marriage and of pregnancy tests.

Su Cha Official: “There’s something I’ve always wanted to say. There are many things in this life that I’ve regretted and despaired of, but what I’m most thankful for is that Mr. Bo has always been by my side and has always supported me. The person I love the most in this world is Mr. Bo. Along the way, I’ve especially thanked the fans for their support, so when something happy happens, I naturally want to inform you at the first moment. Taking advantage of my birthday, I want to proudly announce to you that Mr. Bo and I have registered our marriage! Moreover, Mr. Bo and I have already received the fruit of our love and it has been behaving well inside my stomach for two months. Forgive me for hiding it for so long. I just wanted to share it with you, who have always supported me, on a happy day. Thank you, everyone! [Picture]”

Three seconds after she posted, Weibo... exploded!

1

The programmers were stunned for a second when they saw the message. Then, they died.

Because when her fans saw this news, they immediately logged off of Weibo and started to shut down.

Su Cha’s fans had all broken down.

She had just debuted not long ago and had only been around for a year.

The fans’ benefits aside, they had been dealt with blow after blow.

They did not expect her to show her marriage certificate and pregnancy test...

Little miss, you are only 20 years old!!!

It was fine if you did not send any messages during the past six months of filming, but now that you appeared, you directly announced that you were pregnant and married...

More than a year after she debuted, she announced that she had a boyfriend. Now, she announced that she was married and pregnant. Had she ever thought about how her fans would feel?

Not to mention that many people liked Su Cha's beauty, her boyfriend fans were probably devastated.

Although they knew that Su Cha had a boyfriend, they'd believed that as long as she was not married... well, she could still get a divorce even if she was married.

But pregnancy tests were too much.

For a moment, Su Cha's Weibo account exploded. There were endless mentions and private messages directed at her.

Under such circumstances, it was naturally impossible for Su Cha to see all the messages. She did not look at them.

More importantly, about ten minutes later, Weibo exploded...

The programmers were devastated.

The main reason was that they did not receive any warning at all. At least with other celebrities, there was some lead-up before they exploded, right?

Su Cha suddenly announced her marriage and pregnancy...

But they benefitted since she didn't need to announce her pregnancy separately in the future.

Those who already knew that they were getting married were also dumbfounded. Although they knew that Su Cha would announce it, it had not been long since they registered their marriage. For Su Cha to directly announced it already, that was too much...

She turned off her phone to prevent all kinds of notifications from disturbing her. Seeing the smile on her lips, Bo Mui asked gently, "Have you announced it?"

Su Cha nodded and looked at him with tender eyes. "I said something. The fans might be very agitated."

Bo Mui also smiled. Soon, his phone rang.

As the chairman of a corporation, he had been free for the past few days to prepare for the wedding. But now that Su Cha had announced it, there would definitely be many people coming to congratulate him.

He did not reject every call, so on the way back, Bo Mui kept receiving congratulatory messages.

Everyone was actually quite surprised. As a young talent, especially a genius, in their opinion, it was normal for a person like Bo Mui to get married in his thirties or forties.

In the past 20 years, no one had heard of any rumors about him, causing many to suspect Bo Mui's sexual orientation.

How could such a person be gay?

In the past year, Su Cha suddenly appeared. Now that she was old enough, they got married directly, and the woman was already pregnant.

This speed...

The parents who'd used Bo Mui as a negative example turned pale.

He did not even have a girlfriend before, but now, he was married and had a child coming. Meanwhile, their children did nothing all day. It was impossible for them to even get married!

What made people really speculate had something to do with the Imperial Mu Group. No matter what, Bo Mui would still have signed a prenup with Su Cha, right?

Otherwise, how could he get married so quickly?

Of course, there was no prenup. Su Cha and Bo Mui did not expect a divorce in the future.

Of course, their marriage was between the two of them.. What outsiders thought was none of their business.

Chapter 1049: Just Support

“You got the book?”

They had especially returned to the Zong residence today. Even the old lady went there.

At the Zong residence, the family gathered for lunch first. There would be a banquet at night, which was also a celebration before the wedding.

Seeing that the two of them had returned, the old lady could not help but smile. She even took Su Cha and Bo Mui’s marriage certificate to take a closer look.

After looking at it for a while, she sighed and said, “I’m finally relieved. Mui’s grandfather is now at peace.”

“Grandma, everything is fine.”

Su Cha patted her shoulder comfortingly. She knew that this woman had been very tired all these years.

In order to maintain the Bo family and protect Bo Mui, she had spent a lot of effort.

Otherwise, Bo Mui would not have let the old lady live at the Lookout Pavilion all these years.

The old lady nodded in relief. Su Cha saw that Tan Jinsui was talking to someone on the phone. It seemed that her public marriage had made this manager busy again.

As expected, after a while, Tan Jinsui walked over and said helplessly, “If you want to announce your marriage, so be it. Why did you post a pregnancy test photo? Weibo has broken down several times. What do you want others to think?”

Su Cha felt very innocent. “How can you blame me? Isn’t this something that has to be announced sooner or later? I don’t want to be photographed later and have to deny it.”

“You don’t consider your fans at all.”

Even Tan Jinsui felt that it was really unlucky to be a fan of an idol like Su Cha.

The news about her kept getting more and more exciting. It was like riding a roller coaster.

She was only 20 years old. Who in the entertainment industry would dare to announce their marriage at 20 years old?

In the eyes of fans, 20 was just the beginning of life.

But, after all, the national legal age to get married was the age of 20. One could not say that there was anything wrong with what Su Cha did...

She was legal.

But for celebrities in the entertainment industry, it was too rare.

Even at 30 years old, some female celebrities still did not dare to get married.

Su Cha smiled and did not comment.

She knew that it would not be easy for fans to accept it, but they had to accept it sooner or later. After all, it had happened.

[To be honest, I really want to know Su Cha's fans' current mentality...]

[Hahahahahaha, I really sympathize with Su Cha's fans.]

[She announced her pregnancy at the age of 20. I just want to ask, who in the entertainment industry would dare to do what she did?]

[Awesome, too awesome!]

[Directly announcing her marriage and pregnancy. This lady is too real. But I think it's quite good this way. At least it's better than some celebrities. Some only announce their marriage when their children are already older. That hurts the fans more...]

[Su Cha's fans are starting to break down. I'm dying of laughter.]

[Wow, the boss of the Imperial Mu Group really married Su Cha? That's too f*cking awesome... Did Su Cha cast a spell on the successor? Her position is completely secure now.]

[To be honest, I think Young Master Bo must have signed a prenup with her. After all, it's such a big family business. Su Cha is only 20 years old... I don't believe that Young Master Bo won't have made precautionary measures.]

[What's up with these kinds of conspiracy theories on other people's joyous days? Isn't Su Cha great herself? Other celebrities just deceive their fans. She's clearly upfront with hers. Su Cha does not only have boyfriend fans anyway. There are fans of her career as well. It's fine if their idol gets married and they support her. What else do you want?]

Chapter 1050: No One Would Believe That This Man Doesn't Like Her

I Am Your Daddy (OP): "Su Cha has announced her marriage. Many people have jumped out to say that she must have signed an agreement. So what if it's not true love? I want to say that all of you should take a break. They don't really love each other, you say? Do you think true love doesn't exist in wealthy families after seeing too much gossip? I'm sorry, but I really have to say that what they have is true love. Without an agreement, they directly got their marriage certificate. The Young Master Bo before your eyes is really willing to give everything to Su Cha. From the beginning to the end, he didn't say anything on the Internet. Do you people really think that they would be affected by your speculations? As for who I am, I'm definitely someone close to them. Otherwise, how could I know things so clearly? Also, here's the photo of their wedding invitation."

1L: “OP, are you here to attract hatred?”

2L: “Wow, to be invited by them. What the hell, OP, who are you!!!”

3L: “I didn’t believe it at the beginning. The last sentence was very convincing. I like the feeling of someone directly exposing something without a middleman making a profit.”

4L: “OP is awesome. May I ask who the OP is?”

5L: “Just from Su Cha’s tone when she announced her marriage, I can tell that she’s quite happy. She’s also very sweet when she called Mr. Bo her favorite. When the video was released, I felt that this pair of lovers was sweet.”

6L: “I hope the OP will reveal more shocking news!! Too awesome! I like to watch such live broadcasts!”

When Tan Yeluo sent the link to the post to Su Cha, she added, “This is Elder Yun’s username.”

Cha Yi: “...How did you know?”

Tan Yeluo: “Because I knew it was him the moment I saw his username.”

Su Cha did not know whether to laugh or cry.

She did not expect Elder Yun to be so free as to expose her on a famous gossip forum.

Although some people did not believe it, his invitation was very convincing.

Su Cha believed that Elder Yun was deliberately trying to attract hatred.

After all, for ordinary people, her wedding with Bo Muyi was unimaginable. If someone suddenly jumped out, it would definitely attract a lot of attention.

Of course, Elder Yun knew his limits. He did not say anything that he should not have said. It was just some irrelevant words.

Hence, Su Cha ignored him.

Her birthday banquet was not so formal, so she invited her friends, such as Fu Mo, Le Anqi, and Dai Xiaofu, her mother in name.

Although she usually contacted Su Cha, she was dumbfounded when she found out about Su Cha's boyfriend through a public video.

She could not imagine Su Cha marrying into a wealthy family.

Of course, she still gave Su Cha her blessings.

They were fated. Otherwise, how could Su Cha have become her daughter?

The banquet was very busy, so Su Cha could not worry about everyone. Moreover, Bo Muyi was also present. She knew that he did not like socializing. Throughout the whole time, she had pulled Bo Muyi's hand to greet everyone. Anyone with discerning eyes could tell that the young couple was especially sweet. All the rumors were not as good as the feeling they gave when the two of them appeared together.

The sweetness of happiness could not lie.

Bo Muyi's eyes were fixed on Su Cha the whole night. Occasionally, when someone came up to talk to him, he would turn his head to look. No one would believe that such a person did not like Su Cha.
