

## The Queen 336

Chapter 336: Hidden Monitor

With every word he spoke, the audience would shrink back.

No one expected the situation to be so serious. It could be seen how vicious the person who'd poisoned her was.

“Be it the original plant or the powder, White Luminous Root is a prohibited substance in China. It can't be purchased by just anyone. Only hospitals could have access.”

This person seemed to have every explanation. While some were coming to a realization, the others zeroed in on the staff and looked at him. Wasn't this person new? How could he know so much?

Su Cha squinted.

White Luminous Root was not easy to get hold of, which provided an idea for Su Cha.

However, the staff's words could only prove that someone had poisoned her, but who could it be...

Everyone looked at each other, but they could not tell what was going on.

After a while, another staff member came down from upstairs. He held something in his hand and handed it to the production crew. “Reveal them for everyone to see.”

The secret guard nodded at Su Cha.

Su Cha paused.

The production crew was puzzled. They saw that the person was holding a thumb drive, which they plugged into the computer.

The next scene was interesting. It was actually a surveillance video. It was aimed at Su Cha's corridor.

All the contestants and staff were shocked when they saw the video. "Didn't you say that there was a problem with all the cameras today?"

"Yeah. Why are there surveillance videos?"

"Oh my god, I had heatstroke today. Could it have been broadcasted?"

Meanwhile, Su Cha noticed that the delicate little contestant had turned pale when she saw the video.

She immediately understood that the culprit was her.

The secret guard explained righteously, "The production crew did not mention it before. For the sake of the safety of all contestants, we had arranged for some hidden cameras to be placed in the public areas. This way, we can prevent accidents from happening. We are also very sorry for what happened today. I hope you can understand. If the competition continues, I hope that everyone will be mindful of their actions and not do anything illegal."

Su Cha: "..."

She knew that this was definitely not the production crew's idea.

How could the production crew have thought that there would be a problem with the cameras?

Although it was for safety reasons, everyone complained, "Why do we need to have cameras installed in these places?"

"That question aside, isn't this an invasion of our privacy?"

"..."

Some contestants had a lot of opinions, and the production crew was also having a headache. Some of them did not know about the hidden cameras. Could it be that it was not mentioned even to the production crew?

Just as they were about to explain, something unexpected happened in the video.

The video started when Su Cha came back. She pushed the door open and went in. After a while, a staff who was carrying two glasses of watermelon juice came to knock on the door and came out a few seconds later. Naturally, the watermelon juice had been placed in the room.

But in less than a minute, a figure suddenly appeared. She looked around sneakily as if she was holding something in her palm. Then, she opened the door and crept into Su Cha's room.

After a few seconds, she came out and closed the door carefully.

Everyone recognized the person in the video.

They looked in the same direction. At this moment, the person's face was pale and her eyes were fixed on the person in the video.

Contestant Number 13, An Qiao.

Chapter 337: Caught

“An Qiao, you... You...”

Yu Shuran, the contestant who lived in the same room as her, immediately left her side in fear.

All the contestants separated themselves from An Qiao.

In an instant, coldness rose from the bottom of her feet to her head. An Qiao looked at everyone and smiled with a pale face. “What's wrong? Can't I go in and see if they were around?”

It was just a joke.

“Are you on good terms with me?”

Su Cha walked slowly to her.

She looked down at the contestant who was shorter than her.

She remembered An Qiao. She was pretty and cute. She always had a happy and confident smile on her face, which made her look innocent.

An Qiao’s family was also well-off. The difference was that she was not as standoffish as Jin Mou, so she had a good relationship with many contestants. Even Gong Ruixin, who spoke just now, had a good relationship with her.

The way they looked at An Qiao was filled with fear.

How could such a nice person do such a thing?

Poison?

How scary.

An Qiao was forced to look up at Su Cha. She saw that there was no warmth in her gem-like eyes. The corners of her lips were still curled up.

She was beautiful and elegant. Her aura was noble and strong, but her elegance had a cold quality.

She was a beauty. Her standing in front of An Qiao was torture for the latter.

The stark contrast was making her suffer.

Her mind was buzzing when she saw Su Cha speak.

In fact, her target was Su Cha. Even if the poisoned cup of watermelon juice was drunk by Jin Mou, the suspicion would fall only on Su Cha. How could An Qiao suddenly be busted?

An Qiao's lips stiffened. At this moment, she could not admit it.

"It's not me."

Su Cha smiled gently. "Who do you think it is?"

With every word Su Cha said, An Qiao felt her heart trembling.

A sense of fear started to surface in her heart. Her eyes turned red and she looked at everyone. "You've wronged me. You've wronged me. The video is fake!"

She cried, "You only saw me entering. You can't say that I was the one who poisoned you."

"..."

What a perfect excuse.

Su Cha suddenly touched her body.

Not long after the accident, people had started to move around the villa until Jin Mou was taken away. No one had noted that there was anything suspicious about An Qiao, which proved that she had been with everyone. She had to have followed the crowd.

She could not have had the time to do away with the powder. It was obvious where the powder was.

"What are you doing?"

As expected, An Qiao was shocked by Su Cha's actions. She tried to struggle, but she could not.

She was wearing a pair of jeans with large pockets on both sides. Su Cha slipped her hand in and easily took out a small bottle from them, along with other items.

The transparent glass bottle was only the size of a thumb. There were traces of light green powder inside.

Everyone fell silent and looked at An Qiao in fear.

The production crew felt like their heads were about to explode.

This An Qiao was not ordinary at all because she had a powerful family in the Imperial Capital...

Her uncle was the director of a hospital. Her family was very wealthy, even richer than Jin Mou's.

It was clear how she could get this prohibited medicine.

Chapter 338: A Tooth for a Tooth

“What happened?”

One of the directors from the production crew rushed over and immediately asked what was going on.

Seeing the deadlock in the living room, he felt a headache coming on.

But the first thing he asked was, “When did our villa have a hidden camera installed?”

He did not know?

A strange feeling arose in the hearts of the staff.

Wen Pengcheng, one of the directors of Dreams in Progress, felt a headache when he saw An Qiao trembling in front of Su Cha.

The person who poisoned Jin Mou was actually this one. This matter would be difficult to handle.

However, Su Cha did not plan to waste time talking to them. Since the truth was out, she did not have the patience to wait for the production crew to deal with it.

“Everything is clear now. Is An Qiao going to be kicked out of the show?”

She started to question the director.

When Wen Pengcheng heard Su Cha’s unhappy tone, he said, “What kicking out? The matter has not been investigated properly. We need to deal with it fairly. Go back to your rooms first. The production crew will give contestant Jin Mou an explanation for this.”

“The medicine is on An Qiao. In the video, An Qiao was seen entering my room. That’s just too much of a coincidence. Are you saying that someone else could have framed An Qiao?”

Su Cha raised her eyebrows slightly and looked sharply at Wen Pengcheng. “Director, you better think about it before you speak. There are so many people waiting for an answer. You don’t want this to be exposed, do you?”

Her words always had a way of making people feel oppressed.

Wen Pengcheng looked at An Qiao, whose eyes were red. He took a deep breath and said, “I said that I will give you a satisfactory answer.”

Just then, An Qiao suddenly said loudly, “Su Cha, what can you dare to do to me? I’m just asking you, can you people here dare to do it? Don’t you know who my father is? Just one word from me and the whole production crew can forget about everything!”

Everyone was stunned.

Wen Pengcheng almost choked.

They already knew that An Qiao’s identity was not ordinary. They had planned to minimize the impact and protect her. Wasn’t she just trying to attract hatred now?

As expected, the contestants looked at An Qiao with disgust.

Yes, everyone here was not as powerful as An Qiao, but she was being too arrogant and domineering.

In the Imperial Capital, was being this arrogant not synonymous with seeking death?

If it were someone else, they might not find it easy to deal with today's matter, but if it was Su Cha...

She suddenly smiled. "What a coincidence, I can dare."

Before the production crew could react, she suddenly grabbed An Qiao's chin and handed the medicine bottle to the secret guard who spoke at first.

The man opened the bottle silently and poured the remaining powder into the watermelon juice. He shook it and handed it to Su Cha.

The production crew: "..."

The contestants: "..."

Everyone was stunned. An Qiao's chin was pinched and she was forced to raise her head. She saw that the secret guard's series of actions were starting to turn bad.

She started to struggle, but it was futile when she's in Su Cha's grip. She directly poured the watermelon juice into An Qiao's mouth.

"Ah!!!"

"My God!!!"

Some of the contestants could not stand the excitement and screamed. Wen Pengcheng was dumbfounded. When he was about to stop them, the secret guard reached out to stop him.

The expressionless girl pinched An Qiao's chin and poured the cup of watermelon juice into her mouth. The bright red juice flowed down her chin and soaked her clothes, making her look pathetic.

### Chapter 339: Do Not Say a Word

An Qiao, who had been forced to swallow the watermelon juice, started to cough pathetically. At the same time, she tried to vomit quickly.

Even if some had spilled, Su Cha had poured more than half of the cup's contents into her mouth. An Qiao knew that she would not be able to participate in the competition if the watermelon juice entered her stomach.

Su Cha did not stop her. The more An Qiao puked, the more anxious she became. While a burning sensation spread in her throat, her tears and vomit covered her face. She was in a sorry state.

Everyone watched this scene and did not dare to speak.

They looked at An Qiao and Su Cha.

She just stood there quietly, a faint smile of disdain on her lips as she watched An Qiao's performance.

To the contestants, the most terrifying thing was not An Qiao, but Su Cha.

An eye for an eye, a tooth for a tooth.

They had thought of calling the police but never considered that Su Cha would take revenge.

This kind of thing would not count as an apology to the victim, but why would she directly attack the culprit instead of just expelling An Qiao from the show...

It was like what was often said online. If someone hits you, you should hit them back. But if someone attacked you, would you retaliate in the same way?

Few people would do that.

But Su Cha could.

“This is illegal, it’s illegal!”

Wen Pengcheng was trembling with anger. He could not believe that such a thing would happen under his watch.

However, when Su Cha glanced over indifferently, he swallowed everything back into his stomach.

It was impossible to describe the look in her eyes. It was as if she was a predator facing a struggling elk. There was a ferocious beast in her eyes, which terrified people.

“Illegal?”

The girl smiled playfully, but her eyes looked innocent. “Didn’t An Qiao dare us if we can do anything to her? If I didn’t dare, how would I know what she would do to me in return?”

Everyone: “...”

The rest of the people watched as Su Cha took a step back. This method of revenge was too vicious. It was a straight-up eye-opener.

If Su Cha dared to do this, what else could she not do?

Everyone shuddered and no longer dared to discuss Su Cha.

“Cough, cough, cough, cough...”

An Qiao felt powerless. At this moment, her throat was burning so badly that she could not speak. She looked at Su Cha with hatred in her eyes, and her tears blurred her vision. She could only see

that the girl was standing very tall and looking down at her from above. Even when facing the hatred she showed, Su Cha did not waver.

The girl smiled. "I'm waiting for your revenge, but this is not the end. I'm waiting for your whole family to go to the hospital to apologize to Jin Mou."

After saying this, she smiled and walked out of the villa.

Everyone subconsciously moved aside to avoid her.

Wen Pengcheng was furious. "What are you waiting for? Call 120! Don't tell anyone about what happened today!!"

After scolding everyone, he looked at the secret guard who was helping Su Cha. "Who are you? Why haven't I seen you before?"

The two secret guards had intended to help out the others. After all, they were pretending to be staff members. But when they heard this, they looked at Wen Pengcheng.

Their emotionless eyes instantly turned Wen Pengcheng cold from head to toe. He stared blankly at the two secret guards wearing masks, who then both left. His whole body was covered in a cold sweat, and he could not say a word.

Chapter 340: Where Are Your Family?

On the way to the hospital to visit Jin Mou, Su Cha received a call from Bo Muyi.

It should still be early in the morning.

"Cha Cha, are you okay? Are you alright?"

His voice was mixed with panic, as if he was trying to confirm something. Su Cha immediately comforted him. "I'm fine. Don't worry, it was another contestant."

The secret guards would not hide such a big matter from Bo Muyi, so they'd reported it immediately.

Bo Mui was furious. "I told you that it's not safe for you to stay in the dormitory. What lousy show is this!"

Bo Mui was so angry that his murderous intent rose. He was not by Su Cha's side and could not control anything. Given his frustration and gloominess, he naturally had the intention to kill.

The production crew became number one on his list.

"Be good, I'm really fine."

Su Cha coaxed him, "Let nature take its course. This is too unexpected. No one expected that I'd have already settled it."

She was not afraid of whether An Qiao would take revenge on her. Now that Bo Mui was in such a state, if An Qiao made trouble for Su Cha, her whole family would be in danger.

Although nothing had happened, Bo Mui was a man who bore grudges. It was uncertain if An Qiao had enough strength to take revenge on him.

Su Cha would not show mercy to such a vicious person.

"I will help you with the rest."

Now, the secret guards were reporting the details. Bo Mui sighed softly. "I don't see you for one day and this kind of thing happens."

Su Cha: "..."

It couldn't be helped that something would happen.

No one could have expected this. It was just like an accident that could not be avoided.

"I'm going to the hospital to see my fellow contestant."

This time, Bo Muyi did not stop her. “Go.”

After all, if bad luck had not fallen on Jin Mou, it could only have fallen on Su Cha.

Jin Mou had drunk the poisoned cup and helped Su Cha to a certain extent.

Su Cha was still worried about Jin Mou. She did not know if her ability could cleanse most of the poison, but at least it could lessen the effects.

However, Su Cha reckoned that Jin Mou would not be able to participate in the competition.

After arriving at the hospital, she asked where Jin Mou’s ward was, then went upstairs.

Jin Mou was currently resting in the ward after getting treatment and examination.

When Su Cha entered the ward, she did not see anyone except the staff.

The staff was surprised to see Su Cha, but they did not say anything.

Jin Mou’s eyes turned red when she saw Su Cha.

She was lying on the hospital bed with an IV drip. When she saw Su Cha, she opened her mouth as if she wanted to say something. Su Cha went up to hold her hand and said in a deep voice, “Don’t worry, the person who poisoned you has been found. I’ve dealt with it. Rest well.”

Then she turned to the staff and asked, “How’s Jin Mou?”

The staff answered, “It’s nothing serious, but she won’t be able to speak for a short time. She can’t sing for at least a month.”

A month was a much shorter time than what the secret guards had expected. It proved that Su Cha’s inner force had worked.

However, being unable to participate in the competition for a month was no different from elimination for Jin Mou.

Lying on the bed, Jin Mou looked at Su Cha. She tried her best to calm down, but her eyes were still filled with disappointment.

Su Cha could not bear it and asked, "Where are your family?"

Why was Jin Mou's brother or parents not here yet?
