

The Queen 421

Chapter 421: Are You Sober?

Su Cha could easily deal with the two of them.

Although the two young masters looked like they often trained, it was useless to just exercise their bodies. They were beaten up by Su Cha in no time.

Moreover, Su Cha had closed the door before hitting anyone. The soundproofing effect was excellent. At least, it was rare for people to move around here, and the noise could not be heard.

After knocking both of them unconscious, Su Cha heard Zuo Zhici suddenly cry.

She lifted the quilt and saw that Zuo Zhici's face was scarily red. Her legs rubbed against each other. She could not take it anymore and started crying.

She was flustered and scared. When she opened her eyes and saw that it was Su Cha, her eyes had already lost focus.

How could Su Cha not tell that someone who had been drugged would end up like this?

“Boohoo...”

As she cried, she tried to pounce on Su Cha.

Blue veins popped out on Su Cha's forehead. She pushed Zuo Zhici away a little, grabbed her wrist, and transferred some inner force into her body.

The extremely cool breath entered Zuo Zhici's body, making her feel much better. However, she still did not regain her senses. She kept yelling, “I'm so uncomfortable, I'm so uncomfortable...”

“Bear with it.”

Su Cha showed no mercy. She hugged Zuo Zhici's body with one hand and pressed her down to prevent her from climbing onto herself. Then, she entered the bathroom in the room.

She threw Zuo Zhici into the bathtub and turned on the tap. She turned the shower head on and poured cold water on Zuo Zhici.

“Ah!!!!”

Zuo Zhici screamed. Even though it was summer, the air-conditioning in the room was still on. The temperature was not high to begin with, and the only reason she felt hot was because she had been drugged. Now that Su Cha had used her inner force and poured cold water on her, she sobered up immediately.

She screamed as she struggled. “Cold, cold! Stop the water! Stop the water!”

Although she felt uncomfortable, Su Cha's inner power was extraordinary. She regained her senses and roughly understood what had just happened.

The drug only made it difficult for her to control herself. It was not as if she had no memories of the events.

She naturally remembered what had happened. Su Cha was the one who poured water on her with the shower head. She was shy and anxious, but she could not struggle.

“Are you sober now?”

Su Cha was extremely domineering, and her voice was even colder. “Zuo Zhici, didn't your parents tell you not to get close to those who are up to no good?”

“I didn't do it on purpose.”

Zuo Zhici was so angry that she almost cried. “I didn't drink. I drank water. I didn't know that there was medicine in the water... I want to tell my parents, sob sob sob...”

She was probably ashamed, but she cried in the end.

She felt wronged.

She had never experienced something like this in her life. Besides, almost everyone on the cruise knew her.

She was nearly drenched. If she stayed in the water any longer, she would catch a cold. Su Cha stopped the water, leaving Zuo Zhici drenched. She coughed a few times in the bathtub.

The dress she was wearing today was made from a clingy fabric. After it got wet, it stuck to her body. Su Cha took one look before taking a bathrobe from the room and throwing it to her. “Change into it after you get up. You can’t stay in that dress. I’ll get someone to bring your clothes over.”

Zuo Zhici took the robe and dared not speak.

Chapter 422: See It

Su Cha returned to the room and looked at the two men on the ground.

She was deep in thought as she waited for Zuo Zhici to come out after changing into the bathrobe. There were still some tears in her eyes as she looked at her aggrievedly like she was a punching bag.

Su Cha found it amusing. This person had always been arrogant in front of her. How did she become like this?

“You know them?”

Su Cha pointed to the ground. Zuo Zhici nodded when she saw the two unconscious men. She gritted her teeth and scolded, “We usually have fun together. Who knew that these two scumbags would do this to me!”

It was worse when she saw the camera in the room. Zuo Zhici was naive but not stupid. If this had been recorded, her reputation would have been ruined.

She went over to pick up the camera and heaved a sigh of relief when she saw that nothing got recorded. However, she did not calm down. She picked up the triangular frame and slammed it heavily over the two unconscious people on the ground.

It was obvious that she was not appeased. Zuo Zhici stomped her feet. "I want to ask my father to teach them a lesson!"

Logically speaking, she should not have recovered so quickly after she was drugged, but Su Cha's inner force had already cleared a portion of the drug from her system. And since she also had cold water splashed over her head, she was now much more awake. She was still a little dizzy and her face was unnaturally hot, but it was on the verge of normal.

After venting, she looked at Su Cha awkwardly.

No one expected this to happen, but she expected even less that Su Cha would save her.

And when she saw the two men who had fainted on the ground, Zuo Zhici recalled that she could vaguely hear them scream earlier. She was scared...

Why does this sister look so fierce...?

Su Cha sneered, "Aren't you going to call your parents now?"

Zuo Zhici touched her body and looked around the room. She found her bag, took out her phone, and called them to complain.

Due to her amazing hearing, Su Cha heard footsteps outside the door.

There was a carpeted corridor outside the door. Logically speaking, there shouldn't be much noise when they walked. However, as they approached, Su Cha could hear them clearly.

As she heard the sound of them approaching the door, she saw that the sensor light in front of the door handle had lit up, indicating that someone had opened the door from outside.

Su Cha narrowed her eyes and thought quickly.

How could they open the door of a guest without permission on such a cruise?

Or... was it an appointment?

As she pondered, the door opened. There were a few men and women standing outside. When they saw Su Cha standing at the door, they were stunned.

Su Cha crossed her arms and smiled coldly. "Is anything the matter?"

She spoke naturally, but the two men lying on the ground were exceptionally eye-catching.

Zuo Zhici, who was still calling her parents in a bathrobe, was stunned when she saw them.

"How... how did Ning Qi and Meng Zhiyu end up on the ground...?"

The group of people were completely dumbfounded. Zuo Zhici was even more confused than them. "Jiao Jiao, why are you here?"

The girl who was addressed by Zuo Zhici was the girl who'd spoken while looking a little surprised. When she heard Zuo Zhici's words, a trace of panic flashed past her eyes, then she calmed down. "I saw Ning Qi and Meng Zhiyu coming with you..."

Chapter 423: Little Trick

As soon as she spoke, Su Cha figured out the situation.

She glanced at the girl with interest. "Really? And you even brought the room card over?"

When Jiao Jiao met Su Cha's gaze, she immediately retracted her hand holding the room card.

Zuo Zhici's face turned pale when she saw the room card in her hand. "You..."

Jiao Jiao was flustered, but she asked calmly, “Zhici, how did Ning Qi and the other guy end up lying on the ground? And who is this? What happened to you?”

Su Cha turned to Zuo Zhici. “Did you get through?”

Zuo Zhici felt wronged. “No. My parents went out today and aren’t picking up the phones.”

Su Cha sneered.

Zuo Zhici was a little angry.

The clothes of these people were extraordinary, but Su Cha could roughly understand their tricks. She continued to look at Jiao Jiao. “You haven’t answered yet. Why do you have such a room card? When you saw Zuo Zhici coming here, weren’t you coming over just to ask about it? By the way, are you Zuo Zhici’s friend?”

Jiao Jiao was enraged by Su Cha’s aggressive attitude. As she was inexplicably afraid of Su Cha, she replied angrily, “Who are you?”

“She is my sister!”

Zuo Zhici walked over and glared at Jiao Jiao. “Is she wrong? Why are you holding the room card? Why didn’t you come over immediately when you saw Ning Qi bring me into the room? Couldn’t you tell that something’s wrong with me? Did you know that Ning Qi and the other guy drugged me?”

As soon as she said this, the faces of the men and women changed.

“Drug?”

“Ning Qi? Oh my god...”

“Does he want to die...?”

Jiao Jiao's face turned ugly and she was getting anxious. "I... I didn't know. I thought that Ning Qi and you had an appointment. I came here because Meng Zhiyu asked me to come..."

While they were arguing, Su Cha's phone rang.

She picked it up and heard the man's pleasant and elegant voice. "Cha Cha, I'm on my way. Where are you now?"

"Watching a show."

There was a smile on her face and a hint of playfulness in her voice. The people who were originally arguing looked at her because of her sudden change.

Zuo Zhici's eyes widened at the sight of Su Cha.

What's with this person?

"Come out, I'll wait for you in the hall."

"Okay!"

After hanging up, Su Cha smoothed her hair and said, "I'll help you find some clothes. With your intelligence, I don't think you can resolve this matter. Go and find the host of the banquet."

Although it was a suggestion, Su Cha's tone was really bad. Zuo Zhici was both embarrassed and angry. But when she looked at the group of people in front of her, she felt that they were much scarier than Su Cha.

These people usually played well with her, especially this Jiao Jiao.

She glared at Jiao Jiao. If anything had happened to her this time, could she let her off?

She had always been doted on. Since nothing had happened to her, she could tell that there was something wrong with Jiao Jiao. It could be said that they had fallen out very quickly, making Jiao Jiao panic.

Su Cha walked out past the crowd. Zuo Zhici naturally followed behind her. Jiao Jiao held her hand in a panic. “Zhici, what exactly happened? What drug are you talking about?”

Chapter 424: I Think I Said Something Wrong

Zuo Zhici flung her hand away and followed Su Cha.

She was wearing a bathrobe, which was a little inconvenient. When they bumped into a waiter, she asked the waiter to help her find clothes. She naturally could not follow Su Cha back to the main hall.

When Su Cha arrived at the banquet hall, the party was already at the highest peak.

Because the most important person had arrived.

Bo Muyi was the current head of the Bo family. He was the absolute authority in the entire Imperial Capital. His appearance was naturally what everyone was looking forward to, and they were pleasantly delighted.

The current leader of the Lian family had to treat Bo Muyi politely.

When Su Cha returned to the main hall, she saw that man, who was surrounded by people like stars surrounding the moon, but did not dare to get too close.

His eyes were cold and harsh, almost gloomy.

He had to be careful when allowing people to speak to him. In Su Cha’s memory, he had never shown such an expression to her.

Almost everyone was paying attention to him. He was the center of attention.

Only the few people from the Lian family were around him. Everyone in the room was all from the upper class, but those few were the most dazzling existences.

They seemed to be talking about something. The few people who were with him could be called godlike, but in front of him, their light seemed to dim.

Lian Chi was among them.

Su Cha waited for a while. She did not go over and just observed.

She did not want to attract too much attention for the time being.

However, when Bo Muyi turned around and saw her, Su Cha's attention was attracted by Zuo Zhici, who had suddenly appeared.

She had already changed her clothes and had walked over angrily. She went straight to that group of people and said something to Lian Chi's father. Su Cha's expression changed slightly when she saw the people present.

“...”

Zuo Zhici was a real tiger.

In front of her was Bo Muyi.

After she finished speaking, Zuo Zhici realized that something was wrong with the situation. She glanced at Bo Muyi and took a step back as if she was very afraid of him.

Bo Muyi's usually cold gaze was enough to make people shudder.

Due to Zuo Zhici's actions, there was a commotion at the scene. No one understood what had happened. Lian Chi's father apologized to Bo Muyi and had already led a few brothers to the back.

Now that such a person had appeared, as the organizers, they had no choice but to intervene.

Bo Muyi suddenly looked over.

Although they had left, he was still the center of attention.

Almost no one noticed that the originally cold and gloomy man seemed to have become soft when his gaze landed on Su Cha. Su Cha was about to walk over when Zuo Zhici bit her lips and saw her. She suddenly rushed over and blocked Su Cha's path. "I think I said something wrong, but my parents are not here. I couldn't find anyone to vent my anger to."

Su Cha: "..."

Didn't you feel a chill down your spine?

Zuo Zhici felt wronged.

After what had happened, she should have looked for her parents. However, she could not get through to them as they went out. She listened to Su Cha's advice and complained to the hosts. She was willful, so she could not bear the injustice and had rushed to tell the Lian family.

Although her goal had been achieved, she noticed that there seemed to be an extraordinary man here.

Zuo Zhici did not know Bo Muyi. Although Bo Muyi's appearance was confusing enough, Zuo Zhici was afraid at first.

In her panic, she walked towards Su Cha.

Chapter 425: My Girlfriend, Su Cha

Su Cha opened her mouth and was about to say something when she saw Bo Muyi walking over with a sullen face.

He was the center of attention, and everything he did attracted everyone's eyes. He walked straight towards them, his aura so cold that it made people shudder.

“Get out of the way!”

As expected, he did not stand on ceremony when he came behind Zuo Zhici. His gloomy tone was shocking.

Zuo Zhici turned around in shock and shivered when she saw Bo Muyi’s expression.

The others were also stunned by Bo Muyi’s reaction.

The young lady of the Zuo family had offended Bo Muyi?

Everyone sympathized with Zuo Zhici.

Everyone knew who the head of the Bo family was, but they did not care who anyone else was. If they offended him, what would happen to them in the future?

Su Cha pulled Zuo Zhici to the side and smiled at Bo Muyi. “It’s someone else’s birthday party. Don’t be gloomy. Be happy.”

Bo Muyi: “...”

Although she could not express her happiness, her aura was still gentler.

Su Cha grabbed his wrist and leaned against him.

The man finally calmed down.

Those who were still watching were dumbfounded.

They looked at the girl who was holding Bo Muyi’s wrist and gasped in disbelief.

Zuo Zhici was also stunned. Although she was shocked by Bo Muyi, she asked in shock, “Is he your boyfriend?”

Su Cha nodded naturally. "Yes."

Her admission delighted Bo Muye.

In front of so many people, Cha Cha admitted that she was his girlfriend.

It was such a happy thing to announce his sovereignty. Even if they did not like nor dislike those who were invited.

Everyone exploded when she nodded.

The Bo family head had a girlfriend! A girlfriend!

How unbelievable!

Many girls who still had hopes for Bo Muye were heartbroken. After all, Bo Muye was one of the best men in the world. It was a disappointing thing for him to now have a girlfriend.

They could not help but size up Su Cha. Everyone was confident in themselves. Naturally, they felt that there was nothing special about this girlfriend.

Zuo Zhici was a little surprised, but she also felt that it was not an easy thing to accept. Just then, the people from the Lian family who went to the back came out again.

They came out to look for Zuo Zhici, but when they saw Bo Muye and Su Cha holding hands, they were stunned.

Lian Chi's pupils constricted the moment he saw Su Cha and Bo Muye.

Outwardly, there were very few changes. He was trying his best to hide his emotions. He clenched his fists tightly and his gaze turned cold the moment he looked at Su Cha.

Perhaps it was a special feeling between men, but Bo Muye felt this coldness. The way he looked at Lian Chi also became gloomy and ruthless, but at the same time, the corner of his lips slowly curved into an unnoticeable smile.

Sensing Bo Muye's change, Su Cha looked at him in confusion.

Bo Muye swept his eyes across the room and took the initiative to speak. "Uncle Lian, let me introduce my girlfriend, Su Cha."

"Boom!"

His admission was a heavy blow!
