

The Queen 446

Chapter 446: Apologize

The female director was also a little embarrassed. Su Cha was the one who's recording the show. Although he was the highlight, they could not spoil Li Miyi.

Li Miyi had to tell Su Cha.

Hence, after the female director coaxed him to tell Su Cha, Li Miyi was completely enraged. He pointed at Su Cha and said, "Get lost. This is my home. I don't want you to stay here!"

The production crew's expression changed slightly. No matter what, Li Miyi was too hot-tempered.

Not to mention that Su Cha was not the kind of person who would be bullied.

To these public figures, these words were a little humiliating.

Most celebrities would choose to endure it, but they would definitely feel uncomfortable.

However, Su Cha did not seem to be affected. She slowly took out 20 yuan from her bag and placed it on the table in front of Li Miyi. She smiled. "It's money for the apple. I won't eat yours for free."

After she spoke, she turned around and walked into the elevator.

The production crew was stunned.

Li Miyi was also dumbfounded.

The director shouted at Su Cha in the earpiece, "Su Cha, what's wrong with you? Why are you throwing a tantrum at a child?"

The production crew of Dreams that came with Su Cha had a headache. They quickly comforted the director, "We're too powerless, we're too powerless!"

Su Cha was from the Zuo family!

No one could ever dare to mess with someone from the Zuo family!

Su Cha took the elevator and went downstairs. She did not take off her earphones and said casually, “I’m here to participate in the show, not to serve a princeling. No, can you switch the person assigned?”

Hearing her words, the program director almost vomited blood.

The female director advised Li Miyi anxiously, “Q Ball, you’d better think about it. Didn’t your mother teach you to be obedient before she left? How can you be so fierce to Sister Su Cha? She did come to take care of you, but you have to be nice. Now that Sister Xian Zi has also left, who will take care of you?”

Li Miyi bit his lips and remained silent.

Although he had a bad temper, he had never met someone with a worse temper than him.

Especially when the other party was an adult.

Su Cha did not follow the routine. He was just a six-year-old child—how could he show that much consideration?

He felt wronged. “She won’t peel an apple for me.”

The female director coaxed, “You have to be polite. Didn’t Sister Su Cha say that if you speak nicely, she will peel it for you?”

Li Miyi hesitated.

He probably realized that he had lost his temper and asked, “Has she left?”

The female director was stunned for a moment. Then, she immediately asked the others. There were cameras downstairs too. She looked at them and said, “She just arrived downstairs. She didn’t go far.”

“Can you ask her to come back?”

Otherwise, since the other contestants already had children to take care of, Su Cha would not be able to continue recording.

The director asked Su Cha through the earpiece to go back and said that Li Miyi had admitted defeat. Su Cha was firm. “Okay. Have him apologize to me and I will go back.”

Which of them was the baby?

Given that Su Cha was being spoiled by Bo Muyi so much, one could consider that she already had a good temper by not becoming like Li Miyi. Even if others say that she was being unreasonable, she would definitely not be bullied. No matter how young the other party was, she could not allow it.

She had to stick to her principles.

Besides, this brat had to be corrected.

The condition gave Li Miyi a headache.

He too wore an earpiece and could hear the others, although he might not listen to the production crew most of the time.

Hearing Su Cha’s request for an apology, he pouted and fell back into the female director’s arms. It was obvious that he had done something wrong but did not want to apologize.

Chapter 447: More Strict Than Him

After thinking for a while, the female director coaxed and persuaded him. The production crew was also on the same wavelength as Su Cha. Li Miyi only agreed to apologize when she reached the entrance of the house.

The main reason was that he had promised his mother when he went on the show that he'd be good. Now that the program could not continue, he was afraid that his mother would reprimand him.

Su Cha thought about it and went back.

In fact, Li Miyi's apology was within her expectations.

Now that she was the only contestant left, it would be too late for other contestants to be switched over. It couldn't do for Su Cha to be the only one who could not be recorded. Since Su Cha was unmoved by both hard and soft methods, Li Miyi had to apologize.

As soon as Li Miyi lowered his head, Su Cha became confident.

He was a naughty child. If a person was not more fierce and unreasonable than him, he would think that everyone in the world was his mother.

Of course, if Li Miyi insisted on being willful, the show would definitely fail.

Since she had signed a contract, shouldn't she still be worried about the penalty fee?

Of course, the production crew must have some ideas.

This show was so popular, and Li Miyi was also very popular. Although Su Cha did this because of Li Miyi's bad temper, she was a little unreasonable. If she just gave in, wouldn't it be fine to just peacefully let the next two days pass?

Now that it'd come to this, the editing would not be easy. If it was broadcasted, Su Cha might be criticized.

The audience would not care about her.

After returning to the room, Su Cha saw Li Miyi playing with a toy in the middle of the room.

He stood there and saw that Su Cha had returned. He stiffened at first, then turned his face back as if he was embarrassed.

Su Cha said calmly, “Didn’t you want to apologize to me?”

Li Miyi: “...”

His small body stiffened. Then, like a clock that had a spring, he turned around and whispered, “I’m sorry...”

He was not sincere, but Su Cha did not care. She had achieved her goal.

If she did not take the initiative to speak, given Li Miyi’s personality, she did not know how long it would take for him to apologize.

After he apologized, Su Cha went to the kitchen to wash an apple. After peeling it, she asked Li Miyi, “Do you want it?”

Li Miyi looked at the apple and hesitated. He was forced to lower his head just now, and now he had to accept the other party’s bribe?

Wouldn’t that be too embarrassing?

“I’ll give you three seconds. If you don’t want it, I’ll eat it myself.”

“Three, two, one...”

Su Cha ate it herself.

Li Miyi: “...”

You said three seconds, but you counted in just one second!

The production crew: "..."

They were f**king impressed.

Li Miyi was so angry that he was about to cry. Su Cha was completely out of line. She did not care about Li Miyi at all. She swallowed the apple in a few bites and slowly washed another one. "Do you want it?"

This time, Li Miyi walked over and glared at her. "Yes!"

Just as he was about to reach out to grab it, Su Cha suddenly raised her hand. "Go wash your hands. You played with a toy, your hands are dirty."

Li Miyi: "..."

Holding his breath, he went to the washroom and washed his hands.

It was strange that no one could coax Su Cha into speaking with a coquettish tone when she spoke. She would only speak in a cold and hard tone with a hint of command. Her tone was unquestionable. After what happened just now, Li Miyi did not dare to be too naughty. He could tell that Su Cha was not someone who would give in to his whims.

After he got the apple, he sat on the sofa and ate it fiercely. As if he was substituting the apple for Su Cha, he bit it to vent his anger.

Chapter 448: Thoughts!

The two of them fell into a strange state of peace.

One played with her phone while the other played with his toy. They did not disturb each other.

The production crew did not expect Su Cha to say anything nice to Li Miyi. It was fine as long as they did not fight.

After all, if Li Miyi dared to hit her again, she would beat him up.

It was accurate to say that Su Cha had no emotional intelligence and had a bad temper. Anyway, when the show was broadcasted, the only person who would be criticized would be Su Cha.

The production crew had no say. After all, this was how the guest chose to behave.

Besides, these contestants were using “Who Will Be the Parent Today?” to gain popularity.

If she did not perform well, she would be bashed.

It could only be said that girls nowadays could not take any hardship at all. They could not even act like they did in the previous reality show. Their tempers were really big.

Su Cha sat on the sofa and did not speak to the production crew. She was inundated with bad tempers from all around.

Of course, even if she knew, she did not care.

The director could not bring up the matter between Su Cha and the Zuo family. He just looked at Li Miyi and Su Cha and felt sad.

After they'd been in a deadlock for half an hour, it was simply impossible for children to only play with toys all the time. Moreover, Li Miyi was just doing the motions to hide his embarrassment. After all, even if he admitted defeat just now, in front of Su Cha, he kept feeling that she was disappointing and could only play with toys to vent his emotions.

But he gradually got sick of it, and...

He ran to the washroom and came out after washing his hands. He looked at Su Cha for a long time.

He did not speak and just circled around Su Cha.

Su Cha knew it. She noticed him the moment he'd glanced over.

Three seconds later, the girl sitting on the sofa asked quietly, “What’s the matter?”

She was cold and polite, unlike how she usually treated children.

She seemed to treat Li Miyi as an adult.

Li Miyi pouted and looked at the time. “I’m going to drink milk now! You have to prepare the milk powder for me!”

Su Cha raised her eyebrows. “How old are you? You still drink milk powder?”

He was already six years old, yet he still drank milk powder.

Li Miyi blushed. It was a normal thing, but why did it sound so shameful and ironic from Su Cha’s mouth? Li Miyi flew into a rage out of humiliation. “It’s none of your business!”

He threw a tantrum again. Su Cha raised her eyebrows. “Just talk nicely when you ask someone for help.”

Li Miyi looked like he was about to cry from anger. His expression lasted for a minute, but he had to give in. He said aggrievedly, “I want to drink milk.”

He had no choice. Since the production crew did not want to help, he could only ask Su Cha for help.

Fortunately, Su Cha was too lazy to make things difficult for him. She got up and went to look for the can of milk powder and his bottle.

Li Miyi knew where all these places were, but how could she...

And how would Su Cha know how to brew it?

She asked the production crew for the phone number of Xian Zi, who had just left, and called to ask Xian Zi how to prepare the milk powder and how much she should add.

Li Miyi heard her calling for help and said in disdain, “You’re already so old, but you don’t even know how to prepare milk powder? Can’t you read the words on the packaging?”

She was mixing milk powder for him, but he was still talking so much. Su Cha glanced at him and placed the can of milk powder in front of Li Miyi. “Since you are so smart, read all the words on it!”

Li Miyi: “...”

Chapter 449: It’s Tiring to Hug You

Su Cha’s fierce attitude made the production crew touch their foreheads again.

After all, Li Miyi was only six years old. No matter how smart he was, it was impossible for him to finish reading every word on the milk powder can. However, when he realized that he could not do it, he pursed his lips and stopped talking.

Following Xian Zi’s instructions, Su Cha mixed the milk powder with water and shook the solution before giving the bottle to Li Miyi.

Li Miyi ran away with the milk bottle.

He only looked like a child when she saw him drinking milk.

Su Cha looked at the time. It was almost 11 o’clock.

It was time for lunch.

If the guests wanted to showcase themselves, they would usually cook for themselves. However, Su Cha could not cook. She only knew simple cooking, but it had been worn out by decades of enjoyment. Hence, Su Cha directly said to Li Miyi, “Let’s go out for lunch.”

Li Miyi’s eyes widened. “Why can’t you do anything? Can’t you cook?”

Su Cha sneered, “If you are so capable, why don’t you do it for me?”

Li Miyi: “... I’m only six. ”

Su Cha: “I’m only 18!”

Li Miyi: “...”

He was speechless.

The production crew was also having a headache. They said to Su Cha through the earpiece, “Su Cha, you can’t go out for lunch because our production crew’s rules prohibit guests from bringing money. Your living expenses today are only 100 yuan, which is the money for you to go to the market to buy groceries. If you go out for lunch, your living expenses will be depleted.”

“A hundred yuan is enough.”

Su Cha said casually, “Can’t we just eat some steamed buns for lunch?”

No matter how high the price of food in the Imperial Capital was, 100 yuan for a steamed bun would be more than enough.

The production crew: “...”

What the hell!

Realizing that Su Cha had no intention of cooking, the production crew was in despair.

However, Su Cha asked Li Miyi for his opinion. “There are two options. Let’s go out and make do. Otherwise, you can accompany me to buy groceries. I’ll cook for you.”

Li Miyi rolled his eyes.

Just now, Su Cha had said that she did not know how to cook. It was obvious that her cooking skills were not good. For the sake of his own life, Li Miyi should go out and eat.

“... Then let's go out and buy groceries. ”

No, he had to eat at home.

He wanted this sister to embarrass herself!

Su Cha knew that it was nothing good when she saw the boy's eyes rolling around. When she heard Li Miyi choose to buy groceries, she only curled her lips into a cold smile. Then, she nodded and said, “Okay, let's go out and buy groceries. Get ready.”

Su Cha wanted to take Li Miyi out. It was a good thing that the production crew was anxious and sent a photographer to follow them.

There were also automatic drone cameras following them.

Li Miyi went to change his clothes. Su Cha took the 100 yuan from the production crew and went out.

Li Miyi did not want to lose out. He entered the elevator and wanted to hug Su Cha. “Carry me.”

To be honest, such a spoiled child was very lethal to ordinary adults. They would not reject his request if they were soft-hearted.

But Su Cha was a heartless woman. “I'm not carrying you!”

Hearing that she refused to carry him, Li Miyi stomped his feet and was about to lose his temper again. “Ahhh, no, I don't want to get tired from walking!”

Su Cha thought about it. After all, they were recording a show. There was no hurry for her to teach this child a lesson. She was already not polite to him today.

She pursed her lips and picked Li Miyi up with one hand.

Chapter 450: Can't Tell

The market was not far away. It was actually a big supermarket.

The prices were high, but if they used it sparingly, 100 yuan would be enough for their lunch.

Of course, they did not have a car. The production crew could not let Su Cha take Li Miyi alone, so they sent a car to ferry them.

When she got out of the car, the sun was scorching outside. Li Miyi pretended to be cool as he took out a pair of sunglasses and put it on himself. He stretched out his hand like a master and waited for Su Cha to carry him.

Su Cha unbuckled his child seat and carried him down with one hand before walking into the supermarket.

Not far behind them was a photographer, so he was quite eye-catching.

Holding Li Miyi with one hand, Su Cha took off her earphones and called Bo Mui.

“Hello, Cha Cha?”

His gentle and low voice could capture people's hearts in an instant. Even Li Miyi, this little troublemaker, looked at her phone.

As Su Cha was hugging him, he could hear some sounds.

“Yes, Mui, let me tell you something. I'm taking care of a child for that childrearing show I'm participating in. I have to cook for him at noon.”

She had to inform Bo Mui beforehand.

As expected, Bo Mui sounded reluctant. Su Cha could feel his frown through the phone. “Why do you have to cook? You can just ask others to bring food.”

“Because of the production crew’s rules, we can’t bring living expenses. This is all we can do.”

As she spoke, she glanced around the supermarket. It was almost noon. There were not many people, but there were not many fresh dishes left.

Of course, Su Cha could not tell.

“But I’m just making him a meal. It’s nothing.”

Bo Mui also knew that Su Cha had called him to tell him about this matter to prevent him from having any thoughts about it. Although he felt a little uncomfortable, he remembered that Su Cha had never made a meal for him before, so he asked, “Did Cha Cha not know how to cook before?”

“Yes, I don’t know how to cook. Other than the basics, I’ve barely ever cooked.”

“Oh...”

Bo Mui’s words were subtle. It was as if in an instant, he no longer yearned for Su Cha’s culinary skills.

Su Cha narrowed her eyes. “Shall I cook for you when we get back?”

Bo Mui could not help but laugh softly. “Cha Cha, do whatever you want.”

Su Cha instantly understood that Bo Mui was teasing her.

She snorted and hung up after she had come to an agreement with Bo Mui.

Li Miyi picked his timing and asked, “Were you on the phone with your boyfriend?”

Su Cha had just put on her earpiece when the confused production crew heard his words. Their hearts skipped a beat and they subconsciously looked at each other.

This girl has a boyfriend?

Su Cha gave Li Miyi a meaningful smile and chuckled. “Why do you care? Tell me what you want to eat. I’ll make it for you.”

“Do whatever you can.”

Li Miyi spoke with a childish tone, but now he had to pretend to be mature. He even sighed. “I don’t expect you to make anything delicious. I’m not asking for much, just don’t make me have diarrhea.”

“Ha!”

Su Cha picked up a handful of vegetables and sized it up. “Remember that you asked me to cook for you.”

Li Miyi looked at her and asked, “Can you tell if these vegetables are good?”

Su Cha: “I can’t tell.”

Li Miyi: “...”

The production crew: “...”
