

The Queen 456

Chapter 456: You Were... So Cool Just Now

“You...!”

Cheng Xisha walked forward as if she wanted to grab Li Miyi.

“Hey, hey, hey, hey, no, no...”

The coach quickly stood in front of Li Miyi, and the director subconsciously stood in front of him.

Everyone looked nervous. Unexpectedly, just as the coach stopped her, the girl reached out and pushed him away with unbelievable strength. She actually pushed an adult coach away.

Then, she reached out with a fierce expression.

She was supposed to be aiming at Li Miyi, but she reached out to Su Cha as if she wanted to push her.

The director screamed in fear when he saw the coach being pushed away. Su Cha used one hand to push the director away, and her other hand shot out like lightning. With a “bang,” her fingers formed a fist and tightly grabbed the hand that Cheng Xisha had extended.

The force was so strong that it shocked Cheng Xisha.

Su Cha seemed to be holding her hand tightly, but her expression was calm. “You want to stand out just because you learned some martial arts? You’re not in the right today. I dare you to push me—if you don’t want your hands anymore.”

Cheng Xisha shuddered.

Su Cha’s eyes were as calm as a lake, but there seemed to be some ferocious beast hidden deep within them. The words that came out from the Extremely Cold Hell seemed to have extended from Su Cha’s palm to Cheng Xisha’s body, making her feel cold and hurt.

Even the people around her shivered when they heard Su Cha's words.

The rest of the production crew could only hear the sound coming from the earpiece. Although they could not see the scene, they felt an inexplicable terrifying aura that made them shudder.

Su Cha grunted and flung Cheng Xisha's hand away coldly.

Cheng Xisha's hand was frozen in mid-air as if she could not move at all. On closer look, one could see the bruise on the edge of her palm.

Su Cha did not use much strength.

The child stopped crying because of Su Cha's appearance. Su Cha took a last look at Cheng Xisha, lowered her body, and picked up the dumbfounded Li Miyi. Then, she turned and left.

Anyway, there was still the production crew to deal with. Cheng Xisha was scared by Su Cha and did not dare to do anything.

The girl relied on the fact that she had learned martial arts. Su Cha could tell that she was a martial arts practitioner and guessed that she was spoiled. Otherwise, her temper would not be so unruly.

Su Cha would never show mercy to such an ungrateful person.

After she went downstairs and put Li Miyi in the car, Li Miyi came back to his senses. "You were... so cool just now."

Su Cha: "..."

She glanced at Li Miyi. "Really?"

After all, Li Miyi was a child. He did not feel as deeply as others. Soon, he pouted and said, "I don't know what happened, but he rushed over and hit me. Then he cried when he could not beat me."

At this moment, his earpiece was still on. When the production crew heard this, they advised him earnestly, “Q Ball, it’s wrong to hit people. Don’t hit people outside in the future. Didn’t Mom teach you about it before?”

“But it’s not me this time!”

As Li Miyi began to argue, Su Cha suddenly said, “No, you did well. If someone hits you, you should hit them back. As long as you have the ability, you should beat them up just like how they hit you.”

Li Miyi: “...”

The production crew: “...”

This... Isn’t it a little inappropriate to educate children like this on the show?

And looking at Su Cha just now, they realized that Su Cha was not joking.

The girl just now did not seem to be easy to deal with. But Su Cha dealt with her using violence.

They did not know what to say.

This talent show singer was too strange!

Chapter 457: She Is the One Threatening Me!

After Li Miyi’s female director came back, she happily talked about the scene.

After a round of apologies, the matter was over. After all, the other party was the unreasonable one.

“Aiyo, you didn’t see it. When things began to escalate, Su Cha reached out to grab the girl’s hand. She even said, ‘Don’t you want these hands anymore?’ Although she sounded scary, she was so cool!!!”

At that moment, in the female director's heart, Su Cha was simply a person who was high up in the clouds and looked down on everything.

“That girl was so scared! She was so arrogant before! She even bullied Q Ball!”

The rest of the production crew: “...”

The photographer nodded his head in pain.

Su Cha was indeed dashing.

It was shocking.

Isn't she just a talent show singer? Why is her temper so bad!

No wonder she was so hot-tempered in front of Q Ball and refused to give in.

Just look at what she was teaching him. If someone hits you, you should hit them back!

Everyone treated this as an interlude and did not tell anyone about it, in case it affected them.

He had to keep an eye on her to prevent her from telling the media.

It was worth mentioning that after this incident, Q Ball's impression of Su Cha had changed.

When Xian Zi came back that night, Q Ball saw her and smiled. “Xian Zi, I missed you.”

Xian Zi was flattered. At the same time, her heart softened when she saw the child acting cute. She lowered her body and picked him up. “Hey, Q Ball, where's Sister Su Cha?”

Li Miyi pointed in a direction. Xian Zi was amused. “Are you playing with toys?”

Su Cha was kneeling on the floor in front of some children's puzzles and playing with Li Miyi's building blocks.

"Yes... I have nothing to do."

Xian Zi did not know what happened this afternoon. She smiled and greeted them before going to the kitchen to make dinner for them.

Li Miyi ran to the kitchen with her and told her what had happened today.

Xian Zi was shocked when she heard that Su Cha had helped him. "Are you okay?"

Li Miyi nodded his head. "I'm fine."

While eating, they talked about this matter. Xian Zi asked about the specifics. Su Cha simply covered it up, but Xian Zi was still a little emotional. "But beating people up is indeed wrong. Q Ball, you can't hit people."

Q Ball mumbled, "I didn't hit anyone."

But he did beat someone up in the past. He was probably a little embarrassed, so he did not argue.

Xian Zi's education concept was that beating people up was wrong. This was normal. When she spoke, Su Cha and Li Miyi did not speak. The production crew looked at the two and suddenly sighed.

No wonder Su Cha could deal with Li Miyi. The two of them were obviously the same, but Su Cha was more unreasonable than Li Miyi.

How could this be!

...

When Cheng Xisha brought her brother home, she could not help but cry before her brother could complain.

The Cheng family was a martial arts family and had connections with the hidden families. Never before had Cheng Xisha cried. For a long time, her parents asked anxiously what happened before they found out that Cheng Xisha had been wronged that afternoon.

Of course, they fully believed her words. Besides, given the attitude of the Cheng family's parents, they would not have listened to Su Cha's side of the story.

The parents of the Cheng family were furious that their precious daughter had been bullied. They asked their daughter to check online. The children filming the show came up, and Su Cha was currently popular. Soon, they found out about Su Cha.

Cheng Xisha was still holding her breath. When she saw Su Cha's photo, she pointed at it and said, "It's her. She threatened me!"

Chapter 458: I've Suffered

The parents of the Cheng family had doted on Cheng Xisha since she was young. This was also why her brother had beaten up Li Miyi first and why Cheng Xisha appeared to be domineering.

In her world, she was always the one who bullied others.

When had she ever been threatened like this?

Of course, she was angry. The Cheng parents were even more so.

They could only find out that Su Cha was an ordinary celebrity. How dare a small-time celebrity bully their daughter?

How ridiculous!

However, it was impossible for a martial arts family to bully a small-time celebrity. Hence, the Cheng parents used their connections to deal with Su Cha.

They did not want to be blamed for being impolite.

...

At night, Xian Zi helped Li Miyi take a shower and coaxed him to sleep.

Li Miyi looked much more honest today. At least he did not give Xian Zi a headache like before.

Of course, Su Cha could not coax Li Miyi. While Xian Zi coaxed him, Su Cha held a fairytale book and chatted with Xian Zi while reading. "Sister Xian Zi, how long have you been in the industry?"

"Hmm?"

Xian Zi looked back at her and smiled gently. "It's been about ten years."

Over ten years, but she was actually not old. She was not even thirty this year.

Looking at an 18-year-old girl like Su Cha, she felt that she had aged.

It was nighttime. Although there were cameras, they were all high up. The cameraman was hiding in a tent. Other than Li Miyi, there was only Xian Zi and Su Cha around.

Besides, they were supposed to chat. They did not know what else to talk about, so Xian Zi answered Su Cha's question.

She had a good impression of Su Cha. She felt that this girl was not like most other female celebrities in the industry. She had a rare quiet temperament and was not impetuous. She also gave people a sense of security.

She was only 18 years old.

"Have you only acted before?"

Xian Zi nodded. “Yes. I used to want to sing, but I can’t sing well, so I don’t think I should.”

As she spoke, she patted Li Miyi, who was about to fall asleep. Sometimes, the silence would only be broken by the clock on the bed, which made people relax.

Xian Zi was not very popular in the industry, but she was popular enough. She went around doing jobs and acting in projects all year round. It was not very tiring for her to participate in this show. It was just that it took a lot of effort to take care of children. In fact, it was quite enjoyable to occasionally quiet down.

She looked at Su Cha. Under the light, she could only see the girl’s peaceful and beautiful face. Su Cha’s appearance was not top-notch by the entertainment industry’s standards, but she was also considered outstanding, especially her unique charm. There were many who had beautiful faces but did not have much else. Su Cha sat quietly and looked at the books. For a moment, it made Xian Zi feel that she looked like an ancient person from ancient dramas.

The scene was filled with the emptiness of time.

She was stunned and asked, “You are a singer. Have you thought about acting?”

Su Cha placed her hand on her forehead. “I know how to act. I recently auditioned for a role and passed it. I will start filming in two months.”

Xian Zi did not expect her to really say it. She thought about it carefully and realized that there were many production crew members who would start filming in two months. She asked simply, “What role?”

Su Cha smiled. “A servant girl.”

Xian Zi could not help but laugh. “Why do I feel it’s not fitting that you’re acting as a maidservant?”

Chapter 459: No Difference

The production crew was also surprised by what the two of them were talking about. Of course, they knew what they should and should not broadcast. The matter of Su Cha acting definitely could not be broadcasted. After all, she was still participating in a talent show.

But they did not expect this girl to be so wild. Her singing career had not even officially begun, and she was already thinking of acting?

They were not sure if she would be able to hold on to it.

After all, acting and singing were different. Was Su Cha talented in both singing and acting?

There were too many fresh meat celebrities who were good at acting nowadays. They felt that Su Cha looked like she was going to be a flower vase—nice to look at but empty inside.

Only her singing was outstanding.

Besides, the servant girl role that Su Cha mentioned definitely meant that she did not need to act.

After Su Cha and Xian Zi had been chatting for a while, Li Miyi gradually fell asleep.

Xian Zi gave her bed to Su Cha while she slept with Li Miyi. After all, there were only two adults and one child.

In the middle of the night, the camera was turned off. Su Cha video called Bo Muyi.

As she was afraid of disturbing Xian Zi and Li Miyi's sleep, Su Cha could only type. Bo Muyi naturally spoke.

“Do you still have to sneak around when you video call me?”

The man in the video was lying on the bed. He was wearing a silk shirt and looked like he had just returned from the company. He lifted his handsome chin slightly and looked at the video. Even from this angle, he could only be described as handsome.

There was no such thing as a bad angle when it came to Bo Muyi's face.

Seeing that he was in a good mood, Su Cha could not help but smile and give a smacking kiss to her phone. At the same time, she typed: [Kissing you.]

Bo Muye chuckled. "I'll let you kiss me when you come back."

Su Cha: [Okay.]

Su Cha ended the video call with Bo Muye soon after.

In the morning, she woke up when she heard Li Miyi's cries.

She lifted the quilt and looked at the time. It was only 6:30 in the morning.

Li Miyi woke up too early.

She immediately got up and looked at Li Miyi, who was sitting up on the bed. She whispered, "Why are you crying?"

It was early in the morning, yet the clear and crisp female voice was enough to wake people up. Li Miyi was stunned for a moment and said in a sobbing tone, "I'm hungry."

Su Cha: "..."

She saw that Li Miyi still had the same problem. He had to wake up early every morning to drink milk. After a while, he woke Xian Zi up. She got up in a daze. "Ah, is Q Ball awake? I'll help you prepare the milk powder."

Su Cha got out of bed and walked over. "It's okay. Sister Xian Zi, go back to sleep. I'll help him."

Xian Zi was stunned when she saw Su Cha. She was too sleepy and said, "Okay."

Not everyone could wake up at 6:30 am like Su Cha.

Su Cha walked over to pick up Li Miyi with one hand and went to the kitchen to mix milk powder for him.

After washing up, Su Cha handed the milk to him and let him drink alone in the living room. She then started to brush her teeth and wash her face.

Su Cha had brought the necessary things with her. After washing up, she applied some skincare products on her face.

The production crew saw with their own eyes that Su Cha only applied moisturizer and did not even put on makeup. There was no change in her bare face. They were shocked. “What the hell, she looks like this without makeup? When she came here yesterday, I thought she was wearing nude makeup...”

Looking at it now, they saw there was no difference.

Chapter 460: End of the Recording

Not all female celebrities dared to reveal their bare faces on the show.

Su Cha’s skin and facial features were so good that it could only be said that she was gifted.

Looking at her skin through the camera, one could see there were not even the smallest of pores. It was simply infuriating.

Su Cha did not take it seriously. After brushing her teeth, she asked Li Miyi, who had just finished drinking milk, to wash his face and brush his teeth. During this process, Xian Zi also got out of bed and started to make breakfast.

Xian Zi’s bare face was not as formidable as Su Cha’s. Her skin was quite good, but since she had not put on any makeup as she had just woken up, she looked especially listless and her eye bags were heavy.

As soon as she got up and put on some makeup, she seemed to have thought of something. She asked with a frown, “Su Cha, did you not remove your makeup last night? It’s not good for your face to sleep with makeup on.”

Su Cha wiped Li Miyi's face and replied calmly, "I removed my makeup."

Her makeup was too simple. All she ever did was apply a little color, which she could just wipe off.

"Oh? Have you done your makeup? That's fast..."

For delicate girls like them, it would take more than half an hour to finish doing makeup.

Su Cha had only been awake for about ten minutes. She was indeed fast.

"Hmm?" Su Cha paused. "I haven't put on makeup."

Xian Zi narrowed her eyes at her. "You haven't put on makeup?"

Probably because she was too shocked, she took a closer look at Su Cha. Her gentle face could not hide her surprise. "How is this different from yesterday?"

Xian Zi could not believe it. She'd moved closer to take a closer look, but she did not see any traces of makeup. She was shocked. "Your skin is too good!"

The most important thing was not her skin. If her bare face was naturally dull and if she did not put on makeup, the overall effect would not be obvious.

Even without makeup, Su Cha's face was exquisite. Her eyebrows were deep and her eyelashes were long. It was as if she was born with makeup on.

Hearing Xian Zi's envious tone, Su Cha chuckled. "I just exercise a lot, and I usually use skincare products."

She was already considered normal. The martial arts that she practiced would cleanse the toxins in her body. Not only was she physically fit, but her facial features would also become increasingly clean.

Bo Muyi's kind of beauty was what made people jealous...

It was needless to say such private matters, but Xian Zi was really envious.

Which woman did not want their skin to be perfect? But after they get older, they start to worry more about their skincare. Su Cha could only be said to be gifted, but she was still young.

Xian Zi felt that she should not be envious.

During breakfast, Su Cha noticed that Xian Zi had eaten a small piece of toasted bread with some jam on it. She then said that she was full after drinking about a quarter glass of milk.

Su Cha: "..."

She ate less than half than Li Miyi did.

These female celebrities were really going through scary lengths in order to maintain their figures.

After eating, they did nothing.

Li Miyi seemed to have become much more obedient to Su Cha after what happened yesterday. Although he was still a little irritable, Xian Zi found that he did not dare to lose his temper in front of Su Cha. He became more obedient today, which made Xian Zi feel very gratified.

She did not expect Su Cha to be so good at taking care of children at such a young age.

If Su Cha knew what Xian Zi was thinking, she would probably laugh.

It was only for two days. Even if she wanted to do it, it was not meant to last long. When it was almost night time, the recording ended. Su Cha packed her things and told Xian Zi that she was leaving.
