

## The Queen 541

### Chapter 541: Eat Your Food

Su Cha pushed him towards the front yard. When the female butler saw them, she had a subtle expression and said with a bow, “Young Master, Little Miss, it’s time for dinner.”

There was a subtle change in how she addressed Su Cha.

Zong Yanxiu smiled and raised his hand to ask Su Cha to push him inside.

He had said that his legs were not crippled, but he had been lying down for too many years. His muscles had deteriorated, and he could not walk on his own for the time being. He had to continue with his rehabilitation.

When Su Cha passed by her, the butler’s eyes flickered and she bowed slightly. “Little Miss, my attitude was wrong just now. Please forgive me.”

As the head of the family’s household, how would she not know about the young master and Su Cha’s identity? One could imagine the resentment in their hearts.

Su Cha smiled. “It’s fine.”

She really did not care.

In her eyes, the Zong family was the only one with special privileges.

Her calm voice made the butler glance at her in surprise.

Zong Yanxiu nodded and smiled at Su Cha.

He was very satisfied with Su Cha. He had the pride of a father.

After entering the main room, the two men looked over.

When Bo Muyi saw Su Cha and Zong Yanxiu, he smiled and walked over to hold Su Cha's hand. "Have you finished your heart-to-heart talk?"

His words were ambiguous.

Su Cha chuckled. Was he jealous?

Zong Bingyi's expression was not as ugly as before. He just looked at Su Cha but was not enthusiastic at all. After all, Su Cha was Ruan Yin's daughter. This was a sore spot.

But he did not say anything. He waved his hand slightly and gestured for them to sit down.

The Zong family's dinner was very simple. As Zong Yanxiu was a special patient, his food was different from theirs. The Zong family's food was lighter, and they did not mention Zuo Shaoxin's matter at the dining table. Probably afraid that Zong Yanxiu would say something, Zong Bingyi mentioned something else to Bo Muyi.

"The specific time of the Martial Alliance Meeting has been released. It will be at the beginning of next month. I heard that the new Alliance Master of the Star Alliance has already taken over. Of course, the Martial Alliance cannot delay it any longer. This time, the Zuo family has targeted the position of Alliance Master of the Martial Alliance. We must not let them have this opportunity!"

When Zong Bingyi and the rest mentioned this matter, Su Cha raised her eyebrows and listened carefully.

Zong Yanxiu pretended that he did not know anything and happily picked up food for her.

Bo Muyi glanced at Su Cha and moved his cutlery elegantly. He was not in the habit of eating with others outside, so he ate often alone.

He said slowly, "The Zuo family is aiming at the Martial Alliance because they are confident. The Wudang is powerful now, and the Tang Sect is not to be outdone. In the end, it will depend on which of the big families can compete for that position."

Zong Bingyi picked up some food with his chopsticks and frowned. “Actually, if we can rope in the new Alliance Master of the Star Alliance, it would be a good thing for us. However, the new Alliance Master is unpredictable. Until now, Shi Wei is still not willing to tell us who he is. Their Vice Alliance Master is also elusive. I can understand. The previous Alliance Master who was about to succeed died mysteriously. He must protect this one well.”

Bo Muyi glanced at Su Cha again.

Su Cha clenched her chopsticks and almost burst out laughing.

Muyi, can you stop looking at me and just eat your food?

#### Chapter 542: Pity

Bo Muyi chuckled and said, “There’s not much use in roping in the Alliance Master of the Star Alliance. Our family’s goal is to resist the Killing Alliance. It’s understandable that Shi Wei wants to protect the new Alliance Master. The Alliance Master’s Conference will be held next month. At that time, the identity will be revealed.”

Zong Bingyi nodded. Seeing that Zong Yanxiu was only concerned about Su Cha, he could not help but feel unhappy. “Yanxiu, over at the Star Alliance, if you have time, go and see that old man, Shi Wei. He has always treated you well. You might be able to get something out of him. It’s best if we know who the new Alliance Master is.”

Zong Yanxiu felt a little helpless. “Dad, let’s talk about this later. I don’t want to get involved in the matters of the martial arts world. It’s been so many years.”

Su Cha’s eyes lit up. “Father, look behind you. Look at the daughter you just acknowledged. Doesn’t she look like the Alliance Master of the Star Alliance?”

However, other than Bo Muyi, Zong Bingyi and Zong Yanxiu could not guess it. They talked about it for a while. That night, under Zong Yanxiu’s insistence, Bo Muyi left with Su Cha.

On the way home, Bo Muyi held her in his arms. Seeing Su Cha nestled lazily in his chest, he was happy. “Why didn’t you say that you are the Alliance Master of the Star Alliance?”

“I just feel that there’s no need to say it now.”

Su Cha thought for a while. “I just reunited with my father. We’ve had enough excitement. I don’t want to provoke him any more. It’s also very troublesome to explain to him.”

Bo Muyi nodded. “Next month, I also look forward to the expressions of those people, especially Tan Yeluo.”

He emphasized the words “Tan Yeluo.”

Su Cha chuckled. “You knew?”

Bo Muyi’s eyes darkened. “How could I not know? He can hide it from others, but not from me.”

Yes, someone of his status knew that the name of the Star Alliance’s Vice Alliance Master was Tan Yeluo. Wouldn’t he be able to guess it?

With her arms around his neck, Su Cha smiled like a seductive demon. Perhaps she was in a good mood today, her eyes were particularly bright in the dim light.

Bo Muyi looked at her and kissed her forehead. He hugged her tightly and did not say anything.

...

When she returned to school, the variety show incident online had not yet ended.

Many people in the university felt that Su Cha had a strong personality. She was quite good at dealing with children. It was just that she was being attacked by a bunch of idiots online.

However, the storm also represented popularity. The more people discussed Su Cha, the more unhappy the performance department students felt.

Although everyone might have different goals in the future, they could still end up in the same circle. Those who went first always had a huge advantage.

While Su Cha was eating with Fu Mo at school this week, she bumped into an unexpected person, Min Chen.

Compared to the last time she saw Min Chen in a daze, she was in a much better state this time. She smiled happily next to a group of girls, much more cheerful than before.

Although she was a little surprised to see Su Cha, she nodded at her with a smile and left with the others. Su Cha also nodded in response.

Seeing Su Cha's reaction, Fu Mo suddenly had a strange look in her eyes. "Do you know her?"

Su Cha nodded and looked at her. "She used to be my classmate. Why?"

Fu Mo looked at Min Chen's back view, and her eyes suddenly became filled with pity. Then, her expression became complicated.

Chapter 543: Glory

"You know her?"

Su Cha could tell at a glance that something was wrong with Fu Mo. Fu Mo nodded then shook her head. "I'm not familiar with her, but I've seen her before."

Su Cha felt that she had something to say, but since she did not say it, she did not ask.

After all, Min Chen was not close to her.

After returning home, Su Cha first finished her class on Tang embroidery. She recorded a small part of the Tang embroidery technique for half an hour and passed it to Ancestor Yun.

The Tang embroidery technique was complicated, and she deliberately moved slowly. This was only the beginning of the needlework.

To prevent exposing her original voice, Su Cha disguised her voice electronically in the video.

Master Yun Zu: “/ OK”

Master Yun Zu: “Monthly salary”

Cha Yi: “...”

At first, she did not mention anything about her salary. After the other party had explained the task to her, she took it that it was voluntary work.

However, Master Yun Zu’s words were always hilarious.

After all, Su Cha could not bring herself to criticize how he used emojis online. In reality, the image of a top-notch embroidery master was associated with him.

Master Yun Zu: “Tang embroidery is very important. We have a media outlet here who wants to interview you. Do you accept?”

Su Cha was about to leave WeChat when she saw the message. She thought for a while and replied.

Cha Yi: “Interview face-to-face?”

Master Yun Zu: “Of course, why not on WeChat? Don’t the official media need to show people’s faces? [Are you stupid?.jpg]”

Cha Yi: “...”

Cha Yi: “I can’t reveal my identity for now. Master, you can understand, right?”

Master Yun Zu: “They will understand. Don’t ask me. If you agree, I will tell them. Then, I will tell you when the time is set. Or I will ask them to contact you on their own.”

The Cloud Ancestor was very decisive when it came to serious matters. He had said everything clearly to prevent any mistakes.

Su Cha thought about it and agreed to the interview request.

The reason she did not expose her identity was due to some plans.

They had just started, so it was inevitable that people would feel that it was a little fake if they rashly told everyone everything. When there was a chance to prove everything in the future, Su Cha would consider whether to reveal her identity.

After all, she used S's account to scold people too much. It was not worthy of her cold image as a celebrity.

Besides, it seemed that there was no need to announce it.

After agreeing, Master Yun sent Su Cha a WeChat message. The time was set.

As Su Cha was in the Imperial Capital, the other party understood that Su Cha's identity had to be kept a secret, so they simply arranged to meet at the Embroidery and Cultural Center.

The person who'd interview Su Cha was from the official media. They were usually very authoritative when it came to interviews with the country's representatives. This kind of news about ancient Chinese culture had to be spread, so the official media must have personally sent people to interview her. When the time came, not only would it be published in the official newspapers, but it would also be broadcasted on the national news channel.

It was normal for Tang Embroidery to be considered an important cultural heritage in China.

This news channel had to be broadcasted throughout the country during the primetime period. It had been going on for decades without any hindrance. It insisted that the people of China were happy and healthy, while the foreign people were in deep trouble. It was a classic in the eyes of the Chinese.

Su Cha felt that being able to appear on the news was a very prestigious thing.

It was a rare honor.

It was rare for her to have such a feeling after becoming the Empress Dowager.

#### Chapter 544: Identity Exposed (1)

The interview was scheduled quickly. As she was going as S, she did not tell Tan Jinsui and Fu Mo.

She just told Bo Muye.

The man who had always supported her raised his eyebrows. “Wow, Cha Cha. Are you planning to contribute to the country?”

Su Cha could tell that he was teasing her. She tapped his forehead and asked, “Why? Do you think I can’t do it?”

“No.”

Bo Muye grabbed her hand and gave it a light kiss. He smiled. “The Alliance Master of the Star Alliance has always been low-key and mysterious. You are the most popular one I’ve ever seen.”

Su Cha: “...”

He was teasing her!

Su Cha could not help but snort. “No one knows my identity.”

At most, they would know that she was a celebrity in the future, and her identity as an embroidery master would not be revealed for the time being.

Besides, it did not affect anything.

“I’ll ask the driver to send you there.”

As she had to keep it a secret, Su Cha naturally would not go over with great fanfare. In addition, because of the “Who Will Be the Parent Today?” drama involving her and Li Miya, she was presently being bashed. Naturally, she had to keep a low profile when going out.

When they arrived at the cultural center, the staff found Su Cha familiar.

Although Master Yun Zu kept it a secret, it was not a secret that she'd gone to see him. Recently, the most exciting thing in the embroidery cultural center was the reappearance of Tang embroidery. Everyone was guessing if Su Cha knew the successor of Tang embroidery.

They did not expect Su Cha to be the successor of the Tang embroidery.

It was not a secret that the television station was going to conduct an interview today. After all, everyone was waiting upstairs. However, the staff at the center was still surprised to see Su Cha.

Su Cha was a celebrity. She had also become popular online recently. Why did she come here often?

Actually, it was just the second time.

This was the second time Huo Zhongwei had seen Su Cha.

The last time, she was just surprised and did not take it seriously.

Recently, the Tang embroidery incident had become a hot topic. Many embroidery masters from all over the world had rushed back to the Imperial Capital for this matter. Master Yun had also called for a meeting in the Imperial Capital. Huo Zhongwei studied in the Imperial Capital and often went to the Embroidery Union.

In addition, the teaching video of Tang embroidery had finally been released in the past two days. Master Yun Zu had especially sent it to the cultural center. If one needed to learn it, they would need to apply for a special application.

She had passed the test today and wanted to learn Tang embroidery.

As she was filling out the form, she suddenly saw a pretty girl wearing a simple and fashionable pair of flats and sunglasses walking into the cultural center. She was quite eye-catching.

There were many young girls who learned embroidery, but very few people had such a special and eye-catching aura.

In addition, they had met last time. Huo Zhongwei recognized Su Cha at a glance, as if she was the girl who only had time to glance at her back.

She walked straight upstairs. When Huo Zhongwei saw the familiar figure of the other party, she immediately remembered.

Wasn't this Su Cha, who had become popular recently?

After all, Su Cha was cold and had a strong aura. She attracted the attention of the audience on TV. In reality, Huo Zhongwei did not think much about it after recognizing her.

Now she was surprised. Why would a celebrity like her come to the cultural center?

Could it be that the embroidery center was planning to hire a celebrity to advertise?

But it did not seem to be Su Cha's turn...

#### Chapter 545: Identity Exposed (2)

Su Cha went upstairs with the staff and saw the interviewers.

A young and pretty girl with a short ponytail, looking capable and cool, she had light makeup on her face, and a photographer was following her.

Master Yun Zu had probably mentioned it before, so the girl was not surprised to see Su Cha. She smiled and extended her hand. "Hello, Miss Su! I'm the reporter who'll interview you today, Yu Qiu."

Su Cha nodded with a smile and extended her palm. "Hello, Miss Yu Qiu. I'm Su Cha."

The two of them shook hands. Yu Qiu saw Su Cha sizing her up and finally showed a shocked expression. She sighed. "Miss Su, if Master Yun hadn't said so, we really couldn't have imagined that the successor of Tang Embroidery is actually a popular superstar on television."

It was not that she could not believe it, but she just found it unbelievable.

Su Cha smiled gently and said sincerely, “Miss Yu, please keep this a secret for me. I don’t want to compare embroidery with my job.”

“Oh?” Yu Qiu raised her eyebrows in surprise. “What Miss Su means is that your main job is to become a singer. It’s unbelievable. I don’t know much about embroidery, but Master Yun Zu said that you have excellent embroidery skills and are comparable to him. Didn’t you plan to produce more works of Tang embroidery? After all, you know that Tang embroidery has become a hot topic. Everyone is concerned about your every move.”

Su Cha nodded and accepted the praise naturally. “Yes, I’m already at the peak. I can concentrate on other things. It was an accident that I participated in the talent show, but I’m very interested now. I announced the Tang Embroidery because I wanted to spread the lost art. I don’t plan to become the best. I believe that there will be many outstanding embroiderers in our country in the future. It will be a good way to spread the art.”

Yu Qiu paused and looked at the photographer. She did not expect Su Cha to praise herself by saying she’s at the peak without blushing.

It was as if she was already invincible, so she had to challenge something else.

However, Yu Qiu did not find it annoying. On the contrary, she felt that it was natural for Su Cha to be arrogant. To be able to receive the approval of Master Yun, one had the right to be arrogant. Indeed, she did not need others to acknowledge her.

Yu Qiu nodded and started today’s interview. “Then let’s cut to the chase. Miss Su, don’t worry, we will keep your identity a secret. When the interview video is broadcasted, we will give you an alias and give your voice special treatment. I guarantee that your identity will not be revealed.”

Su Cha nodded. “Okay.”

Of course, at this time, Su Cha and Yu Qiu felt that as long as they used an alias, it would be foolproof. They never expected that when the fans really liked you, even if you’d turned into ashes, they would still recognize you!

Yu Qiu and Su Cha sat down respectively. The photographer set the camera angle and started to film the interview scene.

Yu Qiu was a proper official reporter, so she was naturally not like ordinary newspaper reporters. She would never ask questions that she should not ask. Most of the questions were related to Tang Embroidery, and the questions were very normal. She just wanted to promote the correct values and work hard to help the successor of Tang Embroidery spread this skill around the world.

After the interview, Su Cha watched the entire video. She was touched.

### Chapter 546: Identity Exposed (3)

The whole interview process took less than half an hour. After adding Yu Qiu on WeChat, Su Cha went downstairs and left.

Huo Zhongwei had not left yet. She saw Su Cha coming down. Not long after, the television station's reporter, Yu Qiu, left with the photographer. She thought for a while and seemed to have realized something.

She then asked a friend from the work center in surprise, "What did Su Cha come to the cultural center for?"

"Huh?"

Her friend did not know much about it. She touched her chin and guessed, "I think I saw Master Yun last time. Do you think she knows the successor of Tang Embroidery?"

"How is that possible?"

Huo Zhongwei's instincts told her that that was not the case. If she knew the successor, how was Su Cha related to the successor? And she even came here on behalf of the master?

Judging from the looks of the reporters, could it be that Su Cha was the one being interviewed?

Su Cha...

Tea!

As if she'd thought of something, Huo Zhongwei's expression changed. She took out her phone and carefully looked at the master's WeChat name.

Cha Yi!

Huo Zhongwei was enlightened!

Why didn't she think of that before?

But this thought was too shocking. A popular talent show singer and the successor of Tang Embroidery were actually the same person?

Isn't the difference too great?

Such a successor would probably be very busy with embroidery. How would she have the time to work on a talent show?

However, it was not Huo Zhongwei's nature to guess blindly. She hesitated for a while and sent a message to Cha Yi.

Huo Zhongwei: "Master, I heard that the media will interview you today. Did you go?"

If Su Cha was really this master, then had she always been respectful to a junior who was younger than her?

Huo Zhongwei's face suddenly turned hot.

Unexpectedly, the master replied quickly.

As soon as Su Cha got into the car, she received a WeChat message from Huo Zhongwei. Su Cha glanced at it and noticed the hidden meaning in her words.

Cha Yi: “You got the news quickly. Yes, I went.”

Huo Zhongwei: “You came here personally?!”

The words “came here” had already revealed where Huo Zhongwei was. Moreover, her question was very strange. Why did she ask if Su Cha came personally?

Obviously, Su Cha suddenly thought that this person was in the cultural center.

She curled her lips. She was not afraid of the news being leaked. She’d had a few conversations with her, but this person had always been quite tight-lipped.

Cha Yi: “Yes.”

Huo Zhongwei: “!!!!”

She was too shocked and was now almost certain.

Su Cha admitted that she came personally, but where was the master? Only Su Cha left with the reporters.

Huo Zhongwei: “Master, I think I saw you...”

She could not help but want to know Su Cha’s reaction.

Cha Yi: “If you see me, you see me. But remember, you have to keep your mouth shut or you will be blacklisted.”

Obviously, she had admitted it.

Huo Zhongwei quickly expressed her loyalty.

Huo Zhongwei: “Of course, I will never tell anyone!”

This was a master and a popular celebrity. Huo Zhongwei would be stupid to reveal her identity. It was not worth it.

However, this person was also someone who followed trends. Soon, Su Cha received a message.

Huo Zhongwei: “/ Master Cha Yi, can you send me a new video in the future? Seeing that I fell in love with you among a sea of people, I will never reveal it to anyone else.”

Su Cha smiled when she saw the message. Interesting.

To put it bluntly, this was better than her beating around the bush. She did not dislike it.

Chapter 547: She Came to Beg You?

After agreeing with Huo Zhongwei, Su Cha went straight back to school.

The interview was in the morning. She had classes in the afternoon.

Not long after returning to school, Su Cha received a call from Zong Yanxiu.

“Xiao Cha, do you want to come over for dinner tonight?”

Not long after they met, Zong Yanxiu had become very fond of his daughter, Su Cha. He could not wait to see her every day.

It was a pity that Bo Muyi had grown up and was not as cute as he was when he was young. He did not look easy to get along with. Moreover, he had locked up Su Cha in the Lookout Pavilion. Zong Yanxiu could not say anything to make Su Cha move back to the Zong family home.

And now that he was talking to Su Cha gently on the phone, his father, who sat next to him, rolled his eyes.

Some things could be let go, but they needed time.

At most, his father did not have much of an opinion about Su Cha. He did not really like her, so he would not welcome her often.

But Zong Yanxiu wanted to see his daughter.

“Sure!”

Su Cha agreed immediately.

Now that she had just reunited with her family, she wanted to spend more time with Zong Yanxiu. She was already disappointed with the word “father,” but upon seeing Zong Yanxiu again, Su Cha found that she could still feel the hidden desire for fatherly love in the depths of her heart. Of course, it was only towards Zong Yanxiu.

Su Cha wanted to have dinner with him.

Even if Zong Yanxiu had not taken the initiative, she would probably have thought of ways to visit the Zong family often.

Her father had to go for rehabilitation, so he could not go out often. Naturally, Su Cha would go meet him.

As for Bo Mui?

She had to coax him to join her.

Hearing Su Cha’s agreement, Zong Yanxiu could not help but smile happily. “Okay, I will wait for you. I will ask the kitchen staff to make more of your favorite dishes. I remember what you liked to eat when you were young.”

Even after sleeping for more than ten years, he did not forget everything after he woke up.

Su Cha felt sad and touched. She pursed her lips and answered softly, “Okay.”

Zong Bingyi was reading the newspapers with his reading glasses. Once he heard that Su Cha had agreed to come for dinner, his son hung up the phone happily. He could not help but snort. “You’re so happy. Meanwhile, I heard that the old fart from the Zuo family has returned. Now that he’s back, it’s obvious what he’s here for. How can you still be happy? You’ve raised someone else’s daughter for so many years for nothing! Now someone has come to snatch her back!”

He gritted his teeth at the thought of the Zuo family and could not say anything nice.

In fact, the Zuo family’s old couple was nothing good to him.

Zong Yanxiu frowned slightly when he heard Zong Bingyi’s words. He touched the flowers in the vase on the table and realized that they were already a little withered. He frowned even more. “Dad, you are really disappointing.”

It was a good thing when his daughter came back. Although he tried his best not to care about the past, it did not mean that he wasn’t willing to listen.

“I’m unhappy! It’s them who are disappointing!”

Zong Bingyi rolled his eyes. In front of his son who had made him worried sick, he was still furious, but he could not say anything harsh.

Zong Yanxiu sighed. “Don’t worry, they won’t be able to snatch Xiao Cha away.”

Su Cha’s attitude was obvious. Zong Yanxiu, who had been cultivating for so long, knew that it was impossible for the Zuo family to make her return.

Even if they used legal weapons, the Zong family was not afraid. At most, they would drag it out. It was enough for Su Cha to be by his side.

He spoke casually, but Zong Bingyi did not think the same way.

“Alright, let me ask you. What if the one surnamed Ruan comes to beg you?”

Chapter 548: Xiao Cha Won’t Go Back

Zong Yanxiu fell silent.

His face turned pale.

Seeing his son's face wither, Zong Bingyi felt a little regretful.

Why did he have to mention that woman?

Zong Yanxiu's thin lips trembled slightly. Actually, his heart still ached when he thought of Ruan Yin.

Everyone knew that he liked Ruan Yin.

Although so much time had passed, he had been asleep for so many years, and all that time felt like the blink of an eye.

She had become a stranger, but his feelings were still there.

When he willingly agreed to raise Su Cha for Ruan Yin, he'd made such a huge sacrifice, which meant that he could not let this matter go easily.

What if Ruan Yin really wanted her daughter back?

Zong Yanxiu kept questioning himself in his heart. In the end, he could only avoid it. "I respect Xiao Cha's opinions."

Xiao Cha might not agree.

Seeing that he was still escaping, Zong Bingyi could only sigh heavily.

His son was hopeless.

Just then, the female butler reported, "Master, Eldest Young Master, Young Master Tan is here."

Zong Yanxiu's eyes lit up, and Zong Bingyi's expression softened. "Have him enter."

The butler received the order and left. After a while, a handsome and elegant man walked in from outside. His expression softened when he saw Zong Yanxiu. "Yanxiu."

Then he looked at Zong Bingyi and called out, "Uncle Zong!"

"I've heard you've been back for a while. Why are you only here now?"

Zong Bingyi glanced at him as he questioned him meaningfully.

Tan Jinsui casually sat next to Zong Yanxiu and answered smoothly, "I've just returned to the country recently. I've been busy with work and am gathering some information. I've met Yanxiu overseas. I'm not in a hurry to return."

Zong Yanxiu looked at him and shouted, "Jinsui."

Zong Bingyi glanced at them and stood up. He took the newspaper and went to the back room. "You guys chat. I won't interfere."

Tan Jinsui narrowed his eyes. After Zong Bingyi left, Zong Yanxiu looked at him and calmed down, but he could not hide his joy. "You haven't come to see me for so long. I thought you were really busy, so I didn't dare to disturb you. If Xiao Cha hadn't come back, I would have been bored."

Tan Jinsui had been his brother since he was young. They had a deep relationship, and he was the person Zong Yanxiu trusted the most.

Tan Jinsui's smile froze. "You found Xiao Cha?"

Zong Yanxiu nodded. "I found her yesterday. I haven't told you yet. If you saw her, you would definitely recognize her. Xiao Cha is now a celebrity."

Tan Jinsui coughed and did not speak. Zong Yanxiu could not help but want to tell him everything. When he saw Tan Jinsui, he wanted to tell him everything.

“Xiao Cha is currently a celebrity. I don’t know if she has a manager or not. That child is also a singer. I heard that Manni is not in the mood to work. If you have time, do you mind helping Xiao Cha? With you helping her, I’d feel much more at ease.”

When Tan Jinsui heard this, he looked at him with a faint smile. “You really know how to be considerate of her. You don’t know what has happened all these years. Recently, I’ve heard that the Zuo family has already found her. Aren’t you afraid that she will go back to them? Aren’t you afraid that you will have raised an ingrate? Her biological parents are not ordinary.”

Zong Yanxiu did not like hearing that. He thought about what Su Cha had said yesterday and said seriously, “I don’t think Xiao Cha will go back. She will follow me.”

#### Chapter 549: Let Go

Tan Jinsui was very detailed about his blind confidence. Su Cha was a little like Zong Yanxiu.

Although they were not related by blood, she was raised by him.

The child had looked so confident when she was about to perform.

Tan Jinsui did not speak. His expression was a little mysterious. His usual sternness could make one feel less pressured. Zong Yanxiu was also worried that he would feel uncomfortable. He thought about it and decided not to force him. “It’s fine if you don’t want to. I think Xiao Cha can make a name for herself. I just want her to have an uncle like you.”

Tan Jinsui could not help but sneer. “Yanxiu, you really forgot about your brother after you got a daughter. Are you saying that despite being her uncle, I won’t help her?”

Zong Yanxiu made his stand. “I didn’t mean that!”

“Do I even need you to ask me?”

Tan Jinsui sighed in his heart. Seeing that Zong Yanxiu was concerned about Su Cha, he told him the truth, “Her boyfriend found me a long time ago and paved her path. Why do you need to worry about this? I’m her manager now, but I didn’t tell her that I know you. She must have just regained her memory, right? She didn’t look like she remembered you.”

Zong Yanxiu was surprised. “So you already know each other? Did Muiyi ask you to come back? No wonder.”

When he was overseas, Zong Yanxiu woke up and met Tan Jinsui. Tan Jinsui followed Zong Yanxiu back to the country, but he said that he had something to do. Zong Yanxiu knew that he was a manager in the entertainment industry. He knew Zou Manni, but he did not expect Tan Jinsui to have returned for Su Cha.

At the thought of this, Zong Yanxiu could not help but laugh. “What a coincidence. It just so happens that Xiao Cha and Bo Muiyi are coming over for dinner tonight. You should stay as well. I’ll introduce you to her officially. She was only one or two years old when she saw you when she was young. I think she can’t remember.”

“Those who can remember can only be considered gods!”

How could a one- or two-year-old child have any memories? He was rebutting him, but Tan Jinsui sounded helpless.

...

“Muiyi, I’m going to eat with my father tonight. Do you want to come with me?”

After school, Su Cha had called Bo Muiyi and told him that she was going to the Zong family residence for dinner. Bo Muiyi felt a little helpless. When she recalled her memories yesterday, Bo Muiyi already had this feeling. In the future, Su Cha would definitely run to the Zong family.

“I can’t go today.”

He was also a little gloomy. There were too many things to do. He could not even go back to the Lookout Pavilion to accompany Su Cha for dinner. At most, the two of them would meet and sleep together every day.

However, he could not help but feel a sense of crisis at the thought of Su Cha going to the Zong family often. “Do you still want me?”

“Yes, yes, of course!”

Such was jealousy. Su Cha was happy right now, so she coaxed him, “I’m just going there to have dinner, not to move in. I’ll come back after dinner. Be good. After dinner, I’ll do some work. I’ll definitely wait for you at home, okay?”

Hearing Su Cha’s words, Bo Muyi felt much better. He obediently let out a sigh. “Okay.”

Actually, since he was not going to see Su Cha during dinner, it did not matter where she ate.

Of course, if Bo Muyi could go back to eat, he would definitely follow.

Not long after Su Cha hung up, Fu Mo suddenly appeared and stood behind her. “Student Su!”

Su Cha had sharp senses, but she was a little distracted while talking on the phone. When she noticed it, Fu Mo was already standing behind her like a ghost.

Chapter 550: Time to Act

Su Cha paused and put her phone away. “What’s the matter?”

Fu Mo looked at Su Cha with timid eyes and whispered, “Classmate Su, I want to ask you something. My request may be a little unreasonable, but can you not be so polite to me later and just order me around?”

This request was ridiculous, but Su Cha followed Fu Mo’s gaze and saw a black luxury car with its car window closed.

Su Cha felt someone staring at her from inside the car.

“Why?”

Su Cha did not give in to Fu Mo unconditionally. There were some things that needed an explanation.

Fu Mo was in a difficult position, but she did not hide it from her. She smiled bitterly and said, "Classmate Su, you might think it's ridiculous, but there are people there who don't want to see me living too smoothly. If you treat me a little impolitely, they will be satisfied. Otherwise, I might lose my job."

Fu Mo pleaded.

Su Cha did not probe further into Fu Mo's words. She was deep in thought.

"Come with me."

Su Cha walked with Fu Mo. Her aura did not change much on the way, but she spoke a long string of words. Her aura made people feel pressured.

As she passed by the luxury car, Su Cha's voice became clearer. "Remember, the contract has to be signed next week. You have to look at the contents clearly. These things are for you and my manager to take care of. I'm only in charge of signing, understand? If anything goes wrong, it's your fault. Also, before you go, buy me a latte and a quarter of sugar dumplings..."

Fu Mo asked timidly, "Classmate Su, which sugar dumpling is the one-quarter one?"

Su Cha rolled her eyes as if she was a little impatient. "Are you that stupid? If you asked for a quarter of the sugar dumplings, will the staff give you the standard amount of sugar dumplings?"

Her tone was harsh.

As Su Cha praised her acting skills, she felt that Fu Mo could not ask for more.

Her act of being weak and delicate deserved an award, and Su Cha had shown the image of an arrogant and torturing superstar. She was simply about to become a drama queen.

Actually, she was not in a difficult position. She even enjoyed this feeling, so she did not reject Fu Mo.

Acting felt great.

Su Cha spoke as she walked. At this moment, the car window behind her rolled down and a man's deep voice sounded, "Fu Mo."

Fu Mo stopped and turned her head instinctively.

Su Cha also turned her head and looked behind suspiciously.

The man inside the car window had an extremely handsome face, but it exuded a sense of alienation and coldness. Due to his naturally noble status, his gaze was obviously arrogant.

Fu Mo looked at him and glanced at Su Cha in fear.

Su Cha's eyes narrowed when she saw him.

She had seen this man at Lian Chi's birthday banquet.

This person seemed to be Lian Chi's brother.

Lian Ye's gaze was on Fu Mo. When he noticed Su Cha's gaze, he glanced over casually.

He looked at Su Cha and frowned. "Miss Su."

Previously, Bo Mui had announced Su Cha's identity in a high-profile manner, so she could not pretend not to know him.

Su Cha was not polite. She still remembered what she'd said and raised her chin arrogantly. "Who are you?"

After saying that, she heard a woman's chuckle from the car. Fu Mo looked at them in surprise. She did not expect the young master to know Classmate Su.
