

The Queen 561

Chapter 561: Complaints

After experiencing the others' wonderful acting skills, Su Cha completely understood what the words sharp contrast meant.

The atmosphere changed the next day.

Han Yongbing was very strict with Shao Tianwen and Mu Jiao yesterday. Although they had Nged several times, there were no problems with their acting skills. Their expressions had always been normal.

When Jin Jiayu and Hua Nie were acting today, the scene was simply unbearable to watch.

Han Yongbing's tightly furrowed brows made the other staff present feel like a storm was brewing.

In the distance, Mu Jiao sat on a chair and watched the show while eating melon seeds.

With the script on his back, Shao Tianwen occasionally looked up at the stage with a complicated expression.

How should he describe it?

The scene performed by Jin Jiayu and Hua Nie today was when Hua Nie was originally by the Crane Emperor's side. The young Empress Dowager, Yu Wan, played by Jin Jiayu, wanted to know the current movements of the Crane Emperor. She also knew that the character Hua Nie played, Leng Yi, liked her, so she wanted to pry information from Leng Yi.

In the script, Yu Wan was young and scheming. As she had become the Empress Dowager too early, she took control of the harem. Now, the emperor was her puppet. She had immense power. Her words could turn many corners, making it hard for people to understand her thoughts.

She was also evil. You could tell that she was evil, but you could not tell when she spoke.

Yu Wan was gorgeous. Otherwise, the old emperor would not have taken a fancy to her.

Ambition. This was an aggressive woman. After all, if she killed the Crane Emperor, she might be able to replace the emperor in the future. Hence, such a role was extremely complicated.

Su Cha felt that the person behind Jin Jiayu must have a powerful background. Otherwise, it would not make sense for her to have the role.

For example, Yu Wan, who was acting as Leng Yi, was wearing gorgeous makeup. Her face was simple and elegant, and it seemed that she could not suppress such makeup. If she did not do well, she would appear frivolous. When she spoke to Leng Yi, she raised her eyebrows and smiled. She should have been scheming, but she gave off a sense of playfulness.

Han Yongbing's brows were tightly furrowed. However, something had happened to Hua Nie. His lines were stuck. Han Yongbing, who was already furious, immediately shifted the blame to Hua Nie. "After reading the script for so long, you still stumbled with the lines. Can't you say this clearly?"

It was obvious that he wanted the two of them to feel they're being scolded together, but the problem with Hua Nie was too obvious.

Han Yongbing's anger made Hua Nie shrink his neck in fear. "I'm sorry, Director."

The apology was smooth, but Jin Jiayu tactfully kept silent.

Han Yongbing suppressed his anger for the time being. "Continue!"

Needless to say, his attitude was very different from yesterday.

In this probing scene, the two of them had failed several times due to different circumstances. In the end, Han Yongbing scolded directly, "Are you acting as the Empress Dowager or the girl from Qing Lou?"

Jin Jiayu's face turned pale. Many people in the production crew touched their noses and tried to hold back their laughter.

“Rest for ten minutes!”

Han Yongbing had no choice but to announce that he would be resting for the time being. He sat to one side with a gloomy expression.

He knew very well in his heart that if Jin Jiayu had seriously analyzed this role, she would not have acted like this. Yet she still acted like this. He did not know whose face she was slapping.

The director was in a bad mood. Everyone in the production crew was nervous, except Mu Jiao, Shao Tianwen, and Su Cha.

Su Cha sat to one side. After a while, Hua Nie came over with a dejected expression. “I can’t act well all the time. I don’t know why, but maybe I just don’t have the talent to perform.”

Chapter 562: Delusion?

He had never acted before, it was just out of interest. Who knew that interest was not enough to support his talent?

He was obviously not talented in this aspect. Although he tried his best to memorize the lines, he was always stuck at the crucial moment.

He was just slightly better than Jin Jiayu.

Su Cha smiled lightly. “Not bad. If it was my first time acting and I made mistakes from the moment I memorized the lines, I wouldn’t have remembered the rest of the lines.”

Hua Nie looked at her curiously. “Aren’t you nervous when you have to act with Brother Tianwen?”

Su Cha shook her head. “What’s there to be nervous about?”

People who were used to all kinds of situations would express their confidence.

Hua Nie was a little envious. "I'm just a little nervous. If only I was as calm as you. I still have to act with Brother Tianwen. I feel like I'm dying."

He was a little dejected. Su Cha opened her mouth but closed it in the end.

"Hua Nie!"

Jin Jiayu walked over again. She was still wearing her costume. The thick and gorgeous palace dress on her made her look a little out of breath. She could still carry it when she was acting, but now that she was walking, it could be said that she had no style at all. Her face was still covered with gorgeous makeup. When she walked over, she saw that Hua Nie was chatting with Su Cha again, and she seemed to be a little flustered and exasperated. "Come and rehearse with me."

Hua Nie was also a little unhappy. "I rehearsed with you for so long yesterday, but you were always not serious. Now, we only have ten minutes to rest. What are we to rehearse?"

Jin Jiayu snorted. "That's right. Do you want to be scolded?"

"I don't believe that we can be enlightened in ten minutes. I feel that it would be better to be scolded by the director while acting."

Hua Nie was merciless.

Jin Jiayu's face stiffened. Fu Mo, who was standing next to Su Cha, could not help but lower her head and laugh.

Although her voice was soft, her movements were obvious. Jin Jiayu glared at her. "What are you laughing at?"

Su Cha remained calm and did not laugh, even though she was laughing in her heart.

Fu Mo was targeted. She slowly raised her head, her eyes slightly dazed. "Miss Jin, I didn't laugh."

"Are you saying that I'm deaf? I saw it. You're laughing at me. What do you mean?"

She shouted loudly, and the people nearby looked over.

Even Mu Jiao and the rest noticed it.

Everyone was surprised. Why did the popular starlet start a dispute with a talent show singer?

For a moment, they could not tell that Jin Jiayu was targeting Su Cha's assistant.

Fu Mo seemed to be a little flustered and timid. She hurriedly stood up. "I'm sorry, Miss Jin. I really didn't laugh at you. You might have seen wrongly, but if I offended you, I will apologize to you."

"Why are you apologizing? Do you think I'm bullying you?"

Jin Jiayu's voice became louder and louder. Hua Nie could not stand it anymore. He tried to smooth things over. "That's enough, Jin Jiayu. No one was laughing at you. Are you delusional?"

He had a backer, so he was not afraid of Jin Jiayu. Otherwise, Jin Jiayu would not have wanted to get close to him. After all, the two of them had never met before.

However, this also resulted in Hua Nie not giving her any face.

His words made her even angrier. She did not want to criticize Hua Nie, so she vented her anger on Fu Mo. "Was it my delusion, or did this assistant do it on purpose?"

Chapter 563: Go Back and Film Your Scene

Everyone quietened down and looked over as if they were watching a joke.

Su Cha did not speak. Fu Mo bit her lips and kept apologizing, "I'm sorry, Miss Jin. I'm really sorry."

Hua Nie also pulled Jin Jiayu, indicating that Jin Jiayu should stop.

Jin Jiayu was still angry. She was used to being domineering after she became popular, and she had a strong backer. At this moment, she was unhappy. She looked around and saw a cup of water that someone had drunk from not far away. She immediately walked over and took it.

Just as she was about to make a move, Su Cha, who had been silent all this while, suddenly reached out and pushed Jin Jiayu, turning her body that was about to splash water. The cup in her hand was thrown away by the sudden force.

She screamed and fell to the side. Luckily, Nie Li was quick enough to grab her, preventing her from falling to the ground.

The scene fell silent.

Jin Jiayu, who barely managed to stabilize her body, reacted and stared at Su Cha with wide eyes. “Are you crazy? You actually pushed me! You actually dared to push me!”

“Miss Jin.”

Su Cha said slowly, “You were the one who started it first. I can educate my assistant myself, so I won’t trouble you to do it. Who did you learn this habit of splashing people from?”

The people around them looked as if they were watching a good show. Some of them were shocked. They did not expect Su Cha to be so fierce as to go head to head with Jin Jiayu.

Jin Jiayu had fame and backing. Su Cha was just a talent show singer. Where did she get her confidence from?

Han Yongbing also saw it from afar, but he was just watching. No one knew what he was thinking, but he did not stop them immediately.

Mu Jiao and Shao Tianwen were surprised.

Although Su Cha was pretty and had a special temperament when she joined the production crew, there were many beautiful people around. She was quiet and did not speak, so Mu Jiao and the rest did not pay much attention to her. They did not expect her to have such an explosive personality.

Jin Jiayu's backer was famous in the entertainment industry. Since she dared to provoke her, did she not want to live anymore?

Jin Jiayu's face turned red with anger. She reached out and wanted to slap Su Cha.

Smack! Su Cha slapped Jin Jiayu's hand faster, causing her to stagger. This time, she fell to the ground before she could grab Hua Nie.

A scream broke through the sky. Han Yongbing realized that things were getting out of hand. His forehead twitched as he walked forward to speak. He saw Su Cha, who was originally quiet and peaceful, looking at Jin Jiayu on the ground. The smile on her lips was a little sinister. "Miss Jin, you know exactly how you got your role. Just quietly film your scene. No one will go against you. Be a good Jin Jiayu. Don't be stupid and find trouble with others all day. Even if you don't like them, don't attack them easily. Otherwise, how would you know if you had provoked someone you shouldn't? Isn't that right?"

Jin Jiayu's eyes were red. She was so embarrassed in front of everyone that she was trembling with anger.

Seeing Su Cha speak, she wanted to say something, but Su Cha said, "Director Han said that the ten minutes are up. Go back and film your scene."

Cold and ruthless, she sent chills down the others' spines. A cold feeling wrapped around everyone's bones.

Everyone looked at each other in confusion.

How did it suddenly become like this?

Jin Jiayu's face turned pale.

Chapter 564: Don't Be Nervous

The scene could not be described as exciting. It was simply terrifying.

Some people's mouths were wide open as they watched this scene.

Even Mu Jiao forgot to drink the water in her hand. Everyone was dumbfounded.

Jin Jiayu, who was used to being arrogant, turned pale under everyone's gaze. She got up and met the girl's gaze. There was still a piercing coldness in her bones, and she could not say anything for a while.

"Continue."

Han Yongbing spoke simply and did not explain or stop the scene. He casually announced that they would continue filming.

Mu Jiao and Shao Tianwen looked at each other. They glanced at Han Yongbing and Su Cha as if they understood something.

A talent show singer was openly arguing with a popular starlet in the production crew, and Su Cha was clearly suppressing her in all aspects.

Where did she get the confidence to go against Jin Jiayu?

They looked at Jin Jiayu; she seemed to have been frightened. She did not continue to throw a tantrum. It did not match her personality.

Although many people found it satisfying, they also felt that Su Cha might be scarier.

Fu Mo brought a cup of water for Su Cha. Su Cha took a sip and received the gazes from all directions. She did not care at all. She was so calm that one could not see how ruthless she was just now.

Fu Mo whispered, "Classmate Su, it's not smart for you to offend Jin Jiayu for my sake."

"Were you just going to watch her pour water on you? And in front of me."

Su Cha curled her lips. "I will be unhappy."

She was not dead. It was abnormal for her not to care about a person who was being attacked in front of her.

As Fu Mo listened, her eyes flickered as if she had a strange emotion. However, she quickly calmed down. "Thank you."

...

Jin Jiayu was probably frightened by Su Cha. She was not in the right state to act and was in a daze.

Han Yongbing could obviously tell, but he was not as angry as he was at the beginning. He was just a little impatient. "Let's stop for today. Su Cha, get ready."

Perhaps Su Cha's name had startled Jin Jiayu, she raised her head and glanced at Su Cha. She gritted her teeth and called her assistant to leave.

She was just frightened by Su Cha for a while. As she was a popular starlet with a powerful background, Su Cha knew that this matter would not end so easily when she saw her gaze. However, when she spoke, she thought of the consequences and was already prepared. She was not worried about Jin Jiayu.

At that time, there would only be those few kinds of people. They would either frame her or complain about her and oppress her. They could not do anything new.

Su Cha left to prepare for her scenes. In fact, it was just going to be her and Shao Tianwen.

She did not have many scenes. All she had to do was say a few lines and express her emotions well.

But in the eyes of others, it was a lot of pressure to act with Shao Tianwen.

Shao Tianwen was an amiable person. Since Su Cha joined the production crew, her status had not been equal. Now that she was about to act, Shao Tianwen smiled gently at her. "Don't be nervous later. Just follow my rhythm."

Shao Tianwen had been filming for many years, so he was confident.

When he met a person with superb acting skills, not only could he bring himself into the moment, but he could also bring others into it. Shao Tianwen was confident that he could face Su Cha, a newcomer who had never acted before.

Chapter 565: Lines

Su Cha's act of rebutting Jin Jiayu had not only attracted the attention of others but also attracted the attention of this Best Actor.

To be honest, with his status, it was impossible for him to teach Jin Jiayu a lesson. He was not afraid of the person behind Jin Jiayu, but there was no need for him to offend her. Like Mu Jiao, he wanted to laugh at Jin Jiayu's big shots.

But Su Cha was really unexpected.

There were many beautiful girls around, and Shao Tianwen had seen them before. Hence, he could remember Su Cha's appearance, but he did not have any distinct impression. However, when he looked at her seriously, Shao Tianwen realized that the girl's eyes were shockingly bright but surprisingly calm.

As he looked at her, he could not help but feel respectful and at ease.

Respect?

This word amused Shao Tianwen. How could he suddenly think of such a baffling word?

"I know. Thank you for your guidance, Best Actor Shao."

The girl nodded as well. Her smile was light, distant, and polite. Her voice was full of politeness, which surprised Shao Tianwen.

He raised his eyebrows and did not say anything.

Due to his status, many people would call him Brother Shao or Brother Tianwen warmly if they saw him. Most of the elders would call him Tianwen.

“Best Actor Shao” was used by the normal staff when they called him. It was so distant.

But now, Shao Tianwen felt that this distance was clearly in front of him.

As he was about to leave, Shao Tianwen added, “You sing well. All the best.”

Su Cha was stunned.

He had occasionally heard Su Cha’s songs on the streets. At that time, he had asked a girl about who sang this song. Her voice was ethereal and outstanding, so he knew Su Cha’s name.

At this moment, he felt that she was even more eye-catching.

If it were someone else, they would think too much about this comment. Su Cha just found it amusing and did not think much about it.

Fu Mo looked at Shao Tianwen and said in a subtle tone, “He knows you. Classmate Su, you are really popular.”

“The circle is only so big. It’s not strange that he’s heard of me. I’ve heard of many people, but I don’t think they will take all of them seriously.”

Su Cha smiled. Fu Mo nodded as if she understood.

When she was acting, Su Cha really “listened to him.”

Shao Tianwen had a strong sense of immersion in acting, and he was also very infectious. He could affect other actors. If it did not turn out well, it would be because Shao Tianwen’s personal suppression was too strong. Usually, in the same scene, his camera sense was stronger than others.

This was the effect Su Cha wanted. She did not want to stand out. She was affected by Shao Tianwen's emotions and easily passed the first scene.

Han Yongbing, who was behind the camera, nodded as he watched Su Cha's performance. Not only that, but her lines were also very well-read. She was more immersed than other actors.

Han Yongbing could not describe it. He only felt that this voice had an ancient feel to it.

It was as if she had become one with the background scenes of that era. It did not feel like she was acting, and there would be no need for a voice actor to dub her. It was not a problem for the live audio to be used directly.

Han Yongbing and Shao Tianwen were surprised.

The actors nowadays were not only bad at acting, but also in their line delivery.

If the lines were not read properly, it would be like they were reciting a book. There were also some lines that could not be memorized and could only be saved with voice acting.

Chapter 566: The Head

The standards of the entertainment industry were getting lower and lower. If the lines were accurately delivered, that was enough to make someone better than ordinary people.

He was surprised to see someone who could speak well.

It was especially rare for a newcomer.

Han Yongbing and the rest also knew that Su Cha had just entered university. Although she was in the acting department, she had not learned enough in some courses. Her line delivery was not only due to lessons but also due to Su Cha's talent.

It was very surprising.

It was already rare for a singer to have such talent, but he did not expect that her ability to deliver lines would not be bad.

Let's put it this way. Su Cha's acting and line delivery were not top-notch among the production crew, but at least she passed.

It was at least at the level where she could string up Jin Jiayu and beat her up.

Even Hua Nie was envious and impressed by Su Cha's acting.

Seeing Han Yongbing's nod, Su Cha must have acted well.

After a short performance with Shao Tianwen, Han Yongbing walked over and asked casually as Su Cha was about to change out of her costume, "Are you taking a class for line delivery right now?"

Su Cha shook her head and smiled. "Not yet. I'm just using my head. Director, it's just enough to pass."

In fact, it was not talent. She had lived in ancient times for decades. The ancient people's way of speaking was engraved in her bones. The ancient costume drama was different from the real ancient times, but delivering a few lines using that different tone was not a problem for Su Cha.

Han Yongbing nodded and did not ask further.

...

After the conflict yesterday, Jin Jiayu did not really dare to ditch the production crew, and nothing happened for the time being. However, when she came to join the production crew, it could be seen that she was in a bad mood. The people around her clearly saw her assistant being scolded several times and even being pinched in front of everyone.

The assistant was so aggrieved that tears welled up in her eyes. Although the people around them saw it and frowned, no one dared to say anything.

The incident was sudden, and no one had taken a video. Moreover, with Jin Jiayu's background, no one dared to meddle.

Besides, such things were not uncommon in the entertainment industry.

Celebrities would often be under a lot of pressure when they were being attacked by anti-fans and being cursed as if with never-ending hatred. All sorts of rumors would be spread about them. If it was someone with a weak mind, they would easily go crazy. Some celebrities would vent their anger on the people around them when they were being suppressed.

Jin Jiayu's temper was not good to begin with. And since she was so embarrassed yesterday, she naturally took it out on her assistant.

Han Yongbing could not take it anymore but could not say so clearly. He only warned Jin Jiayu, "Be careful."

Jin Jiayu turned her head away. She did not want to hear it, but she did not dare to rebut Han Yongbing. She turned her head and saw Su Cha standing in the distance. Her gloomy eyes were fixed on Su Cha.

Su Cha felt that it had nothing to do with her.

She sneered in her heart and ignored Jin Jiayu. She turned around, not expecting to suddenly hear news about Bo Muye.

"The Imperial Mu Group... I heard that the leader is very young. I'm so envious of his family background..."

"He has such a big financial group at such a young age. His means are not to be underestimated."

"I want to know, are rich people like them really happy?"

"It's happiness you can't imagine!"

...

The head of the Imperial Mu Group?

Su Cha looked at the source of the discussion.

She saw two young girls in servant-girl costumes holding a magazine and discussing excitedly, their eyes filled with yearning.

Chapter 567: Making People Green with Envy?

Su Cha looked at them curiously.

“Classmate Su?”

Seeing her movements, Fu Mo, who had been following Su Cha, also heard the discussions of those people. Seeing that Su Cha was interested, she suddenly took out her phone. “They are talking about this.”

Su Cha took it and saw that it was an interview page.

[The leader of the Imperial Mu Group is interviewed: How to maintain the normal operations of a world-class corporation.]

The huge black headline caught everyone’s attention. Su Cha raised her eyebrows and saw the full interview script.

Bo Muyi actually accepted an interview from the media.

This media group was the same as the official media from whom Su Cha had accepted an interview in the past. It was an official and authoritative newspaper. It did not follow the news in magazines, but they even posted on Weibo.

In her memory, Bo Muyi had said that he would not accept interviews from these media companies as he did not like his life being exposed.

Although the Imperial Mu Group was huge and Bo Muyi was very secretive, the commoners knew that the leader of this generation’s Imperial Mu Group was very young. His surname was Bo, but they did not know who he was, and they had no way to meet Bo Muyi.

It was strange for Bo Mui to accept this interview.

The interview was very normal. It was mainly about how Bo Mui managed such a huge group or what kind of experience he had.

From Bo Mui's answers, which were perfect and simple, could be gleaned an unquestionable domineering style. His domineering decision-making could be seen from his words, and from his answers, it could be seen that he was an absolute superior.

The interview also said that it was hard to imagine that such a leader was only 25 years old.

Twenty-five years old.

The entire article was about the corporation. It was a classic that could be posted on financial newspapers. However, there was a sudden question. The official media asked Bo Mui what he did in private other than work.

[Outside of working hours, I always go home and like to stay with my wife.]

But other than this question, there were no other private questions in the interview. For example, no one asked when this leader had gotten a wife.

Su Cha guessed that someone had asked, but Bo Mui did not allow it to be told.

After all, Su Cha was a public figure. He would not announce her for the time being.

Why did he suddenly accept a magazine interview?

And in the interview, he directly used the words "his wife"...

Wife...

This unfamiliar and moving word instantly filled Su Cha's heart with sweetness.

She suddenly wanted to jump into his arms and rub his face or kiss him.

At the thought of this, Su Cha could not help but laugh. She took out her phone and saw the puzzled comments of the netizens. “Is this report humorous?”

Su Cha coughed and shook her head. “No, I just find it funny.”

After saying that, she handed the phone to Fu Mo. “I’ll make a call.”

Fu Mo nodded. As she watched Su Cha leave, she looked at the news page in her hand in confusion.

The leader of the Imperial Mu Group?

Fu Mo vaguely felt that this matter was not so simple.

The official media also posted an interview about Bo Muyi on the official Weibo.

The netizens were not interested in such interviews. However, the leader of the Imperial Mu Group piqued their interest. When they opened the article, they saw that the entire article was filled with incomprehensible information. However, the last question was intercepted by the netizens.

[I only like to stay with my wife.] There’s a rich second-generation heir who doesn’t play with luxury cars, watches, or young models but is actually making people green with envy??

Chapter 568: Paparazzi

It was as if because of this special remark, many netizens did not pay attention to the so-called business management experience. After all, they did not understand it. It was rare for a 25-year-old tycoon to like being with his wife.

Twenty-five was a very young age in the eyes of many people, especially for people of their status. It was even more illogical for them to get married so early.

All of a sudden, other than those who expressed their daily idolization on Weibo, some people wanted to know who the wife of the leader was, although they did not even know what the person in the interview looked like.

There were also people who speculated that the leader had said this on purpose to f*ck with the stereotype.

How many people from wealthy families could have true love?

However, such comments were quickly rebutted by others. It was fine if there were other conspiracy theories, but it was simply naive to say that others were faking their image. How could a rich leader who was beyond imagination care about their image?

They didn't even know who he was.

Compared to the past interviews on Weibo, there were more people discussing this post. It was unknown what the officials were thinking, but in a few hours, another interview segment was released. The difference was that this time, there was a blurry cut.

Although they did not state it clearly, it seemed to be the silhouette of the leader.

It was just a silhouette. Even through the computer screen, it could be seen that the silhouette's owner was domineering. He sat elegantly on the sofa with one leg crossed. Even through the silhouette, one could feel the coldness.

"This silhouette is of the leader? He looks so handsome!"

"I'm impressed. You can tell if he's handsome with just a silhouette. Your filter is also awesome. Do you dare to say anything when you see someone rich?"

"I don't believe his legs are that long. They must have been photoshopped!!"

"I feel that the owner of this silhouette does not look bad in real life, but I still can't believe it. Is he rich? Jealousy makes me ugly..."

...

After Su Cha saw the report, she called Bo Mui and asked him why he suddenly accepted an interview.

Bo Mui was just saying that he had to accept it, but Su Cha felt that it was not so simple.

In the past, the official media also wanted to interview the Bo family, but they had never given any such reports.

After hanging up, Su Cha saw a new Weibo post with Bo Mui's silhouette.

Su Cha narrowed her eyes slightly. Others might not be able to tell, but she could tell at a glance that this silhouette was of Bo Mui.

He doesn't like to expose himself? Then why is he still being interviewed?

Su Cha felt that Bo Mui's goal was not so simple.

Although he had always been mysterious, the discussions about the Imperial Mu Group's leader had increased because of this interview. Some information about this leader had been dug up, but only a little.

Everyone was curious about the leader's wife.

Su Cha was not worried about what was happening online. She quietly filmed her scenes with the production crew. When the weekend arrived, she returned to the production set of Dreams in Progress to continue participating in the competition.

Su Cha had become popular, but she kept a low profile.

Outside of special operations, Su Cha would pay attention to her surroundings in private. No one would notice her unless she was being especially conspicuous.

However, Su Cha knew that she was popular. After all, there were even people who secretly took pictures of her.

Not long after she returned to the Lookout Pavilion, she was followed by the paparazzi while on the way to join the production crew.

Chapter 569: Meeting

It was nothing new for the paparazzi to follow celebrities. Celebrities could even be afraid that no paparazzi would secretly take their pictures.

But it was not a pleasant thing to say that she was too popular.

Su Cha could clearly feel the paparazzi following her. The driver also noticed it and whispered, “Miss Su, do you want to get rid of them?”

Su Cha shook her head. “I need to join the production crew right now. I’ll get rid of them later.”

The driver nodded. They arrived at the production set and were safe for the time being.

The production crew once again informed Su Cha that other than participating in the competition this week, there was to be another variety show recording.

It was “Who Will Be the Parent Today?”

Ever since Su Cha’s show debut was released a few weeks ago, there had been a lot of negative comments and controversies, but at least the topic had reached a certain level.

The production crew wanted to let the remaining contestants participate again. The main reason was to allow Su Cha and Li Miyi to record again. Because then, they could change the netizens’ opinions online.

The additional variety show was equivalent to an opportunity, so Su Cha naturally would not refuse.

Tan Jinsui also asked Su Cha to agree.

In fact, this matter was a little strange. After all, this variety show was quite popular. The production crew’s reputation was not big enough for their contestants to go on it twice. It was Tan Jinsui who came out to secure the chance.

As a legendary manager, his connections were also revealed.

There were only five contestants left in the national competition. Although they seemed to be very popular, Su Cha did not live in the villa with them and had her own competition. Hence, Su Cha was not as active as the others on the show.

But in terms of popularity, she was more popular than others.

During today's competition, Su Cha's mood had turned this contest into a job.

It was just a routine job.

After the competition, she relaxed a little. When she got back into the car, the driver said softly, "Miss Su, those people are still following."

Su Cha turned to look at the back window.

The paparazzi were best at pestering people. Now that Su Cha had a certain degree of fame, there were naturally people who wanted to expose her.

Although something had happened to her the last two times, the company had acted quickly, ruthlessly, and directly. The news on the Internet had also disappeared quickly, causing many people to not have time to react. This matter seemed to have ended easily. Now, she was clearly under Tan Jinsui, yet she kept a low profile. The paparazzi naturally would not let her off.

It was only a matter of time before they caught up with her.

The two low-key cars did not look like anything special, but the camera they were carrying was aimed at them.

At this moment, her phone rang. Su Cha looked at it and said calmly, "Don't worry about them. Send me to a place. Let them wait patiently."

The driver nodded and sent Su Cha to the location.

Su Cha did not want him to get rid of the paparazzi because Le Anqi had asked to meet her.

It just so happened that she hadn't seen her friend in a while. She wanted to see how patient these paparazzi were.

Besides, she had plenty of ways to get rid of them when she was alone.

When she arrived at a hotpot shop, Su Cha simply put on her sunglasses and entered.

The paparazzi following behind her was a little excited. They probably thought that she was meeting someone important, but when they saw that it was a girl, they were a little disinterested.

It was too boring if it was just a gathering between such best friends.

Chapter 570: Untitled

"Su Cha, I haven't seen you in a long time."

Le Anqi was happy to see Su Cha. She ordered a hotpot and asked for a private room to meet her.

"I've been busy recently. Didn't you say that you've also been busy recently?"

Su Cha smiled. She did not meet Le Anqi, but they occasionally chatted on WeChat. She knew that Le Anqi had been busy with her classes since school started.

"I'm quite busy. I asked you to come because I have something to ask you. I wanted to take your advice."

Le Anqi looked at the steaming pot of soup and swallowed her saliva. She said, "Someone from the production crew asked me to act as the second female lead. Although it's a web drama, I think it's an opportunity. It's just that I don't really like the role, so it's a little annoying."

She bit her chopsticks and frowned. Su Cha asked curiously, "What role?"

Le Anqi said, “She’s just a rude and unruly rich girl. It would be cute if I could act well in this kind of role, but I’ve read the script. She’s really a brainless person. If I played her, she would probably be criticized badly by the audience. Besides, my acting skills are not very good. I’ve never acted on TV before. If my acting skills are bad, my character will be made worse. But this is also a chance for me to open the door to the entertainment industry. I’m really conflicted.”

Le Anqi was in the national Top 30, but that was not good enough.

The popularity of talent shows nowadays was not as high as before. Top 10 was not that eye-catching, let alone Top 30.

After leaving the show, Le Anqi focused on studying and practicing her songs. There was no chance for her to be sought out, so she was surprised that a web drama production wanted her to play the second female lead.

It was just that the character was too unlikable.

Su Cha frowned slightly. “I can’t give you too much of an opinion on this matter. After all, it’s your own chance. But from my perspective, I won’t accept such a role. Although opening the door is important, this first factor can easily determine your future in the entertainment industry.”

She thought for a while and said, “If you really like it, I will help you take note of roles and opportunities in the future. My suggestion is that you study hard for now. If you have other ideas, I won’t force you.”

Le Anqi put the tripe served by the waiter into the pot and was touched. “Su Cha, you are so awesome. Actually, I thought so too. It’s mainly because a few of my classmates said that this is a chance. Right now, not many actors have made it to the top just by acting in a web drama...”

Su Cha gave a faint smile. “Students from the Broadcast Department?”

Le Anqi sighed. “Actually, I know what they mean. They’re just making a joke out of it. No one would want to take on such a role even if they had the chance. I just think what they said makes sense. It’s good enough that there’s a chance. How could we have the luxury to choose this soon?”

“It’s not good to give up.”

Seeing that she had a good relationship with her, Su Cha did not say anything to discourage her. She just gave her some fantasy bubbles. After all, no one could say for sure about such things. She moved her chopsticks and said softly, "Let nature take its course. As long as you have patience or think about it carefully, is it necessary for you to enter the entertainment industry? I'm not a popular person, so it's easy for me to speak. In the end, I can only choose for myself. Think about it carefully, and you won't find it so difficult."

Le Anqi nodded in confusion.
