

The Queen 571

Chapter 571: A Hotpot

After she and Le Anqi ate, the two of them came out and Le Anqi took a taxi back.

Su Cha felt that the paparazzi who was following her did not leave. She walked alone on the street.

The paparazzi's car followed behind her at a steady pace. A few people in the car were staring at her, thinking that it was definitely unusual for Su Cha to be walking outside in the middle of the night.

They became excited and thought that there might be something to report. In the blink of an eye, however, Su Cha seemed to have walked into the shadows. When they focused, she had disappeared.

One of the paparazzi who had been staring at her was stunned. He blinked hard, and when he opened his eyes again, she was indeed gone.

“What the hell?”

“Why is she missing?”

“Has she discovered us?”

“Even if she saw us, she shouldn't have disappeared!”

The paparazzi cursed as he got out of the car at the place where she had disappeared. It was just an intersection with a construction site surrounded by iron sheets. Looking ahead, he saw it was a brightly lit main road.

The paparazzi looked around and found it strange.

Why did she disappear?

Of course, Su Cha used her qinggong to fly away.

She disappeared in the shadows. The paparazzi in the car could not react in time.

She was just too lazy to use other methods to get rid of them.

Let them think that they had seen a ghost.

When she returned to the Lookout Pavilion, it was late at night because she had spent a while having hotpot with Le Anqi.

When she reached the door, she saw Bai Kun coming out with someone. Seeing her, Bai Kun looked as if he had seen his savior. “Miss Su, you are back. Go and see the young master. He is sick today.”

“He is sick?”

Su Cha’s heart tightened for a moment. “How did he get sick?”

Bai Kun had a bitter expression on his face. “We don’t know. We hired a doctor after we came back. He has a high fever...” He mumbled, “I don’t know how he managed to hang on until now.”

He’d insisted on going home before getting a doctor. His goal was obvious. He knew that she had to come back some time and was waiting.

Su Cha did not listen to him and hurried into the room.

The doctor next to Bai Kun was surprised. “Young Master’s wife?”

Bai Kun was stunned for a moment before he reacted and nodded. “Yes.”

It did not matter whether it was true or not. It was definitely true in the young master’s heart.

As soon as that interview report was released, Miss Su's identity had been confirmed.

...

"Why do you have a fever?"

Entering the room, Su Cha immediately saw the person lying on the bed. It was no different from usual. He just lay on the bed with his eyes closed as if he was asleep.

As soon as Su Cha spoke, he opened his eyes slowly.

The hostility in his eyes disappeared when he saw Su Cha. He was gentle and looked lost for a moment. "Cha Cha."

Su Cha walked over and touched his forehead. It was indeed very hot.

She frowned. It was normal to be sick, but Bo Mui's illness seemed to be a little unbelievable. "I didn't notice that you have a temperature these past few days, or is there something else wrong? Why are you having a fever? It's just that you didn't rest well, right?"

It was rare for her to nag. After she touched his forehead, the man lying on the bed looked much weaker. He was not as high-spirited as usual, which made Su Cha's heart ache.

He grabbed Su Cha's palm with one hand. It was shockingly hot.

Even so, he said with a hoarse voice, "It's all your fault. I missed you..."

Su Cha: "..."

She was caught off guard that the blame fell on her.

Chapter 572: Special Body

Su Cha did not know whether to laugh or cry, but seeing that he was sick, she could not say anything.

The temperature of his palm was shockingly hot. Su Cha said, “If you were sick, you should have sought a doctor sooner. You shouldn’t have forced yourself.”

Hearing her slightly reproachful words, Bo Muiyi frowned slightly and said softly, “I felt well until I came back in the afternoon, then I called a doctor.”

Actually, he’d felt that something was wrong in the morning, but because he had to work and Su Cha came back at night...

Su Cha touched Bo Muiyi’s cheek. “Rest well now.”

“What about you?”

He held her hand and frowned, thinking that she was going somewhere.

Su Cha sighed and smiled. “I asked them to prepare some light food for people with a fever. You might be hungry when you wake up at night.”

Bo Muiyi shook his head. “No need.”

He lowered his voice, not wanting to let go of Su Cha’s hand. “I want to rest. Can you sleep too?”

His tone seemed to indicate that he could not sleep if Su Cha did not sleep.

Su Cha had no choice. Since he was sick, she took a shower and went to bed.

He had a high fever. Su Cha could clearly feel that Bo Muiyi’s entire body was burning hot as she lay in bed.

It was shockingly hot and the room was filled with cold air. Su Cha did not know if Bo Muiyi’s body could take it.

But in this weather, if she turned off the air-conditioner, she would not be able to take it.

Su Cha thought for a while and grabbed Bo Mui's wrist. A cool breath followed her wrist and entered Bo Mui's body.

This was the first time Su Cha had checked Bo Mui's body. In the past, no matter how intimate the two of them were, she did not probe if Bo Mui had inner force.

After all, Bo Mui was from the clan. Su Cha had always felt that Bo Mui's martial arts were not bad. Although he might not have inner force, she could tell that Bo Mui's martial arts were not weak.

However, just as her inner force entered his body, Su Cha suddenly felt a strange force coming from Bo Mui's body. It was like a strong suction force that absorbed her inner force so quickly that even she could not stop it.

For a moment, Su Cha also stopped. She subconsciously wanted to break free, but she found that the suction seemed to be firmly absorbed into Bo Mui's palm. She could not move at all.

The inner force in her body leaked out like it was being sucked by a magnet. Su Cha's face turned pale.

She had been cultivating in ancient times for so many years and knew some things. The inner force of modern society was basically lost, but there was actually someone with a special physique?

Some physiques were inherently different. It was as if she was cheating. Her inner force was stronger than that of others. Su Cha was just an ordinary person, but she relied on her strong vitality and forgot that she had such a special physique.

As if he felt that something was wrong, Bo Mui let go of her wrist. He saw Su Cha's pale face and the panic in her eyes. "Cha Cha?"

He just felt that there was something unusual in his body. It came from Su Cha's palm, but he could not explain what it was. He could only feel the continuous flow of it into his body. When he saw that Su Cha's expression was not right, he realized that something was wrong.

"I'm... fine..."

Before she could finish, Su Cha blacked out and fainted.

Chapter 573: The Star Alliance Meeting

When Su Cha woke up, she felt herself lying in a warm embrace.

She opened her eyes and saw the man's smooth chin and deeply sleeping face.

She was stunned and almost forgot how she fell asleep last night.

She immediately recalled that she had given Bo Muye a little bit of her inner force last night, hoping that his fever would subside. Unexpectedly, she encountered a Bo Muye who had a special physique and who almost drained her inner force, causing her to be so mentally exhausted that she fainted.

She fainted!

If not for that fact, Su Cha would not have dared to imagine that such an embarrassing thing would happen to her.

And the most unimaginable thing was that Bo Muye had a special physique from ancient legends!

If she was not wrong, this kind of physique was a natural nemesis for people like her who had deep inner force.

For a moment, Su Cha's expression was complicated. She could feel that Bo Muye did not have inner force. If he did, her actions last night would have been tantamount to seeking her own death.

Probably sensing Su Cha's movement, Bo Muye opened his eyes. Seeing that Su Cha had woken up, he hugged her tightly. "You scared me last night. Why did you suddenly faint? I found a doctor. The doctor said that you were just too tired and fell asleep."

Su Cha: "..."

How should she explain this?

She was too exhausted because her inner force was almost sucked dry. She fainted due to her low spirits.

But she was not injured. She was in deep sleep.

Fortunately, this thing would come back after she practiced for a while. Su Cha did not know how to explain it and was a little conflicted. “No. I wanted to transfer a little of my inner force to you last night so that your fever would subside, but I didn’t expect your body to be special. I almost did something wrong.”

“Inner force?”

Hearing this term, Bo Mui was really surprised. Even he did not expect it. “I thought these were just the elders’ jokes. Cha Cha, do you have inner force?”

After all, modern society had been out of touch with ancient times for too long. These things had long become illusory existences. Ancient martial arts were deemed only slightly unscientific, but they did not know that even more unscientific ancient martial arts existed. Hence, the word “inner force” sounded like a fantasy.

Su Cha nodded. “A little...”

Bo Mui thought for a while and said, “Does my physique clash with your inner force?”

Su Cha shook her head again. “It’s not a rash action. As long as I don’t use my inner force on your body, you will be fine.”

She had done intimate things with him before and was fine. Su Cha did not expect this to happen.

Hearing this, Bo Mui was relieved. “Then it’s fine.”

He thought that after this situation, Su Cha could no longer get close to him. That was simply a nightmare.

Although he knew about this, he was very considerate and did not ask much. He got out of bed and washed up as usual.

However, perhaps Su Cha's inner force that he'd almost sucked dry last night was indeed useful. Now that he was awake, he felt refreshed. It was obvious that he had a high fever last night.

In contrast, Su Cha looked a little dispirited.

Su Cha felt a headache coming on.

When Bo Muyi went to wash up, Su Cha lay on the bed and was ready to get up, but she received a call from Jin Duan, whom she had not seen in a long time.

"Alliance Master, the conference is about to begin. The elders have returned from overseas. I hope you can come to participate on time."

Su Cha paused when she heard this. "Where is the address?"

Jin Duan told her the address. Su Cha hung up and became more alert.

The highlight that she had been paying attention to had finally arrived. The Star Alliance Meeting was about to begin, and she, the Alliance Master, was about to appear.

Chapter 574: Internal Meeting of the Star Alliance

The Star Alliance Meeting was one of the grandest events in recent years.

Originally, the change of the Alliance Master every thirty years was a big deal. In the end, the previous Alliance Master appointed by the Heaven's Secrets Sect was assassinated. Everyone in the Star Alliance was anxious, and the elders were a little impetuous.

Everyone thought that this would be a huge blow to the Star Alliance, but in just a few months, the Heaven's Secrets Sect announced the appearance of a new Alliance Master.

Probably to protect the new Alliance Master, the new Alliance Master's identity had not been revealed. This was understandable.

However, it was inevitable that people would feel unhappy, especially the elders of the Star Alliance.

In order to keep up with the times, the venue of the Star Alliance Meeting was held in a hotel in the Imperial Capital. The venue was extremely luxurious, but not many people came.

The initial gathering before the Star Alliance Meeting was only to prove the identity of the Alliance Master. Other than the elders and the Sect Master of the Heaven's Secrets Sect, no one else was qualified to come.

It was equivalent to an internal meeting within the Star Alliance.

"The Martial Alliance's Alliance Master Selection will be held soon. There are many families competing this year. However, even we elders do not know the ins and outs of the matter."

In the luxurious venue, there were only a few old men sitting at the long white table, making the entire hall seem a little empty.

The old man who spoke first was one of the Star Alliance elders, Tang Hefei, who was also the head of one of the Tang Sect's branches.

He had just returned from overseas and was wearing a decent suit. He looked elegant and calm among the elders. Holding a glass of red wine, he looked like he was from high society.

But his words had a deeper meaning.

An old man at the side rolled his eyes as if he could not stand his behavior. He snorted. "I believe the Stone Door Master will give us an explanation. Anyway, the new Alliance Master will appear today. I don't know why you are so anxious."

This person was another elder, Wan Youtian. He was famous on the Chinese street in Australia and belonged to the Wudang Sect. He was also at odds with Tang Hefei.

An old man clapped and chuckled. "So noisy, so noisy!"

It was the elder of the Beggar's Sect, Lin Yin.

“Amitabha!”

The benevolent-looking old man spoke. He was obviously from the Shaolin Temple.

If Su Cha was here, she would have recognized him as Master Buzhou.

“Hmph.”

Cheng Deyue snorted, feeling dissatisfied. “He has never revealed anything since the beginning. He even hid it from us elders. Who among us does he not trust? Buzhou, don't you think that's the case?”

Master Buzhou put his palms together. “Amitabha!”

Seeing him like this, Cheng Deyue rolled his eyes. This old bald donkey loved to meddle in these things.

The other three elders looked at each other and smiled ambiguously.

Creak...

The door opened and the waiter led two figures in.

It was Shi Wei and his disciple, Jin Duan.

Seeing Shi Wei, the people who were discussing among themselves smiled.

Tang Hefei was the first to wave. “Stone Door Master, long time no see.”

He raised his glass and gestured elegantly.

Shi Wei saw him and smiled. He looked like Master Buzhou. “Elder Tang, long time no see.”

Then he looked at the others. “Elder Lin, Elder Wan, Elder Cheng, Master Buzhou, I haven’t seen you in a long time. I really missed you!”

The five elders got down slowly.

Chapter 575: Amitabha

Cheng Deyue was the first to look behind Shi Wei. He only saw Jin Duan.

“Stone Door Master, where’s the Alliance Master?”

Wan Youtian was the first to speak. Everyone’s eyes fell on Jin Duan.

Jin Duan’s expression turned cold. At least three of them were cunning old foxes. He was under a lot of pressure standing alone.

Shi Wei’s expression did not change. He walked in front of them and pulled out a chair to sit down. “The Alliance Master will be here soon. She’s on her way.”

“You seem to be hiding a treasure.”

Cheng Deyue said sincerely, “Stone Door Master, we can understand your intention to protect the Alliance Master. However, as the Alliance Master of the Star Alliance, they can’t be afraid of things. The identity of the Alliance Master will be revealed sooner or later. Since the Martial Alliance’s Alliance Master Selection will be held soon, the Alliance Master will have to attend. If others ask about it during this time, wouldn’t it be a joke if even we, the elders, didn’t know the identity of the new Alliance Master?”

Shi Wei was sitting on the chair calmly. Hearing Cheng Deyue’s words, he smiled. “Elder Cheng, you are right.”

It was as if he had thrown a punch at cotton. It was soft and powerless, and he could not even ask righteously.

Cheng Deyue was furious. “Stone Door Master, you have to at least tell us the identity of the new Alliance Master, right? A while ago, that descendant of the Bo family disregarded the Star Alliance and kidnapped my grandson and granddaughter. What do you think this is? He doesn’t respect the Star Alliance at all! It’s all because our Alliance doesn’t have an Alliance Master. We still have to be secretive about having an Alliance Master!”

His voice was hard and loud. The entire hall was silent. The other three elders did not speak. Master Buzhou said calmly, “Elder Cheng, the Stone Door Master has said that the Alliance Master will be here soon. Besides, I believe the new Alliance Master will deal with your matter fairly.”

Their words were useless. Cheng Deyue knew very well that they just wanted to deal with him. He sneered in his heart and his expression darkened.

He still remembered the matter regarding the Bo family.

Shi Wei looked around slowly. “The Vice Alliance Master is not here yet?”

“I have something to say about this Vice Alliance Master!”

Wan Youtian said, “I thought that Buzhou was enough. But I didn’t expect her to be so straightforward. She didn’t even show up when the previous Alliance Master was assassinated. If she doesn’t want to be the Alliance Master, how about we choose another person for her position?”

The others frowned.

Indeed, this Vice Alliance Master was a little overcautious. Usually, it was fine if she did not show up, but if something big had happened, she should have done so.

Shi Wei opened his mouth and was about to speak when he heard a soft laugh coming from outside the hall. “I’m usually busy with work and have a mission to protect the Star Alliance. It’s just that I don’t like to show up usually, which has led to Elder Wan’s misunderstanding and concern. It’s really my fault.”

As soon as she finished speaking, the door was pushed open. A perfect woman in fashionable and exquisite clothes stood outside.

When she walked in, her charming appearance could make people unable to take their eyes off of her. Even these elders who were used to seeing beauties could not help but curse in their hearts when they saw this Vice Alliance Master again. What a vixen!

The person who came in seemed to be smiling charmingly. She glanced at the elders present with an indescribable charm. Even Master Buzhou closed his eyes and chanted, "Amitabha."

Chapter 576: Outdated Method

The "woman" who came in was the Star Alliance's Vice Alliance Master, Tan Yeluo.

She was a legendary character.

When the old Alliance Master promoted her to the position a few years ago, these elders had also opposed it.

It was simple. She did not work with any elders. She was purely independent.

The old Alliance Master promoted her to suppress these elders.

Although the Star Alliance had not been as powerful as it was in the past few years, the Vice Alliance Master was still very elusive. However, whenever the elders had any plans, the Vice Alliance Master would be the first to object.

Even though she did not appear, her voice was heard clearly.

The elders already had a lot of opinions about her.

And because she was too beautiful, she was deemed simply a demon. The older elders privately felt that she was a person who could bring disaster to the country and populace. How could she suppress them?

Of course, they would not say this because it would embarrass them.

Master Buzhou was the only one who did not have any objections to the Vice Alliance Master.

Everyone was dissatisfied with her appearance and did not say anything on the surface.

Under her charming smile, did she really think that the old people here were as calm as still water?

Even someone as capable as Master Buzhou could close his eyes because of this witch. The others could not say anything nasty to such a beauty.

However, when they saw her, they could not help but feel unhappy and had different expressions.

“Stone Door Master, elders, hello.”

Tan Yeluo walked over and extended her fingers to greet them. Her smile was appropriate and perfect. She looked generous, but she had a natural seductive aura. When she sat down, she smoothed her long hair and glanced at everyone. “I thought I was the last to arrive. The Alliance Master is not here yet. Why do the elders have such a bad impression of me?”

Tang Hefei raised the red wine cup in his hand and smiled calmly. “Vice Alliance Master Tan is joking. We have just arrived.”

He was the person who had been overseas for the longest time. His speech was filled with a Western style of gentlemanliness. He looked refined and courteous, but in the eyes of others, he was showing off.

The others narrowed their eyes.

Why did Tan Yeluo’s words sound like she was unhappy with the Alliance Master?

Yes, Shi Wei was hiding it from them. This Vice Alliance Master probably did not know who the new alliance master was either.

Although she had always been mysterious and unpredictable, it was good as long as she was not on the same side as the new Alliance Master.

Thinking of this, Elder Lin Yin chuckled. “Could it be that the Vice Alliance Master has never seen the new Alliance Master?”

Tan Yeluo glanced at him meaningfully. “Of course not.”

After she finished speaking, she looked at Shi Wei. “The Stone Door Master hid it very well. He seemed to be worried about something.”

Her words made everyone believe that she was not on the same side as the Alliance Master.

Shi Wei just smiled and nodded at her. No matter what they said, he did not care at all. He did not say anything out of line, which made the elders a little angry.

What a headache.

At this moment, Wan Youtian raised his chin at Cheng Deyue as if reminding him of something.

Cheng Deyue rolled his eyes and said, “Stone Door Master, we are a group of old antiques, but we all know that this is the 21st century. Aren’t some of our methods too outdated?”

Chapter 577: Coming

Shi Wei’s face darkened when he heard Cheng Deyue’s words. “What do you mean, Elder Cheng?”

There was a faint trace of anger in his voice. It was obvious that he had predicted something.

Wan Youtian said slowly, “Why does the Stone Door Master have such a big say in the matter? I think Elder Cheng’s words are reasonable. Look at the Martial Alliance. For many years, they have always won by force. The position of the Alliance Master is reserved for those who are capable. But look at us. For hundreds of years, your Heaven’s Secrets Sect has always been the one to decide who the Alliance Master of the Star Alliance will be. All of us elders will inevitably find it strange. Why do you think that the new Alliance Master can lead our Star Alliance well? Look at the last one. He has only been dead for a few months, and you’ve already pushed out the next one so quickly. Master, we don’t understand!”

“You...!”

Shi Wei did not expect Wan Youtian to talk about the Star Alliance's tradition. His face darkened in anger. Jin Duan, who was standing next to him, lowered his eyes and said calmly, "Elder Wan, you are also one of the elders of the Star Alliance. You know how important this tradition is to us. Elder Wan, aren't you saying that the Heaven's Secrets Sect can't be trusted? Are you denying the entire Heaven's Secrets Sect?"

Wan Youtian sneered, "How can a junior like you interrupt when your elders are talking? You have a sharp tongue!"

Tan Yeluo chuckled but did not say anything. She was clearly watching the show.

Tang Hefei chuckled and waved his hand. "Sigh, let's not talk about how hurtful it is. Let's wait for the new Alliance Master to come before deciding. I believe that the power of the Stone Door Master is still there. Perhaps the new Alliance Master he's promoted can lead our Star Alliance better? Of course, if something happens again... Stone Door Master, I'm afraid the rules of our Star Alliance will change."

His last sentence was filled with threat.

Shi Wei slammed the table. "Today is the Star Alliance Meeting. Are you rebelling in front of me?! You are also elders of the Star Alliance. These rules have been established for hundreds of years. They have their own principles. How can they be decided by you?"

"Stone Door Master, your words are so serious! How do we dare rebel!"

Lin Yin chuckled. "We have no objections to this rule, but regarding the abilities of people nowadays... we are really suspicious. After all, this person is the newly selected Alliance Master. How could they be so useless as to be killed by someone? Hehehehe..."

The meaning was obvious. Shi Wei's face was red with anger. He knew that these people were ambitious, but he did not expect them to be too lazy to pretend.

If not for the rules of the Star Alliance, these people would have rebelled.

Master Buzhou was a little stunned. He finally understood what they meant. His expression turned unhappy. "Today is the Star Alliance Meeting. Are you discussing this because you are disrespectful to the elders and Alliance Master of the Star Alliance?"

His meaning was obvious. Even if he did not compete with the others for power, he would always side with the Star Alliance.

Tan Yeluo squinted and did not speak. She seemed to be too lazy to talk to them. She just found it interesting and looked like she was watching a show.

At this moment, a chuckle suddenly came from outside the door. "What are you discussing? Why does it seem like you are going to start a fight?"

A clear and calm voice came from outside the door, exuding an unfathomable aura.

The elders' expressions changed when they saw the owner of the voice.

Chapter 578: Irregular Breathing

The person who came in was wearing a simple set of high-end gray casual wear. Her tall and straight figure was obvious, and her face was exquisite and flawless. Her hands were placed in her pockets with a hint of roguishness and casualness.

But when she walked towards them, they could feel an inexplicable pressure. Together with the faint smile on her lips, she seemed to give the feeling that she was up to no good.

"It's you!"

Cheng Deyue's eyes almost popped out when he saw Su Cha.

It was not that Su Cha was too pretty, but when he came through the door that day after he was targeted by the younger generation of the Bo family, this girl was beside him!

Besides, Bo Muyi said that she was his girlfriend.

Cheng Deyue had lost so much face, of course he remembered it clearly.

Now that he saw Su Cha, he was beyond shocked.

Not only him, but Tan Yeluo and Master Buzhou also raised their eyebrows when they saw Su Cha.

Obviously, they really did not know.

The expressions of the other three elders changed slightly. They had a guess as to who the person who came in was. When they saw the others, they knew that they knew each other, but the three elders did not.

At the same time, they had a bad feeling.

“What are you doing here?!”

Cheng Deyue felt that something was wrong the moment he saw Su Cha. He instinctively rejected the scary thought and just wanted to chase Su Cha out.

“This is our important meeting place. Why did an outsider like you come in?”

His words were sharp and harsh.

Su Cha raised her eyebrows and walked over indifferently. “Elder Cheng, you are an elder of the Star Alliance after all. I naturally know that this is the Star Alliance Meeting. Don’t you know why I’m here? You’re old and indeed must be muddle-headed. You have to pay more attention to your health. Otherwise, it won’t be good if you have dementia.”

Cheng Deyue was so angry that he almost vomited blood. “You!”

Before he could scold her for disrespecting the elders, Shi Wei had already stood up with joy. He said in a serious tone, “Weren’t you discussing who the new Alliance Master is? Let me officially introduce you to the newly appointed Alliance Master of the Star Alliance, Su Cha! From now on, you will be Alliance Master Su of the Star Alliance. Elders, pay attention to your words and attitudes.”

Su Cha walked over and exchanged a meaningful glance with Tan Yeluo. Tan Yeluo covered her mouth and chuckled. "I'm so surprised."

Su Cha shuddered and calmly walked to the main seat. She looked at everyone present without any fear. She even announced domineeringly, "Stone Door Master, Vice Alliance Master, Elders, hello. My name is Su Cha, the new Alliance Master of the Star Alliance. It's our first time meeting. I hope that we can have a happy meeting. I will answer all your questions. I will discuss the future of the Star Alliance with you today. Thank you, Elders."

Then, she sat down without waiting for anyone to say anything.

The elders looked at each other. Cheng Deyue's eyes widened. He would never have thought that the girl who was beside Bo Muyi was the new Alliance Master of the Star Alliance!

What about my performance in front of her?

His grandson and granddaughter had actually provoked the new Alliance Master of the Star Alliance!

At the thought of this, Cheng De felt his breathing become irregular.

Chapter 579: Loss of Face

The atmosphere was a little strange.

After Su Cha finished speaking, everyone looked at each other, but no one spoke first.

Firstly, they were shocked by Su Cha's young age. Secondly, they were suspicious. Thirdly, they felt that there was something wrong with Su Cha.

Her aura was very strong. She was not afraid of the Star Alliance elders at all. On the surface, one could not tell how strong her martial arts were.

Since they did not speak, Su Cha said happily, "Don't tell me that the elders have nothing to ask me?"

Cheng Deyue was the most impatient. He asked directly, “What right do you have to become the new Alliance Master? You are the girlfriend of the Bo family’s rascal!”

His words surprised everyone.

That rascal from the Bo family?

After thinking for a while, they knew that he was referring to Bo Mui, the current head of the Bo family.

The new Alliance Master was the girlfriend of the person in charge?

Su Cha chuckled. “Elder Cheng, don’t you know what the Stone Door Master is trying to say? My succession to the Alliance Master position was predetermined by fate. This is fate! As for me being his girlfriend, what does that have to do with me being the Alliance Master? And isn’t that good? The Bo family is a neutral family. That family is the most powerful, and I’m his girlfriend. It’s equivalent to pulling the Bo family into the Star Alliance. Don’t you understand, Elder Cheng?”

Everyone: “...”

It was reasonable and convincing.

The Bo family was indeed powerful. With this connection, Su Cha had indeed pulled the Bo family into the Star Alliance.

But it was her.

Everyone knew that the Star Alliance was not united. The new Alliance Master’s influence was not a good thing for these elders.

However, when they thought of Bo Mui, the three foreign elders who wanted to speak stopped themselves.

Someone should step out first.

Cheng Deyue could not help but say, “You are just an immature little girl. How can you be the Alliance Master of the Star Alliance? Do you know the responsibility of the Alliance Master?”

“I don’t know,” Su Cha said calmly as if she did not care about Cheng Deyue’s attitude. “So please teach me, Elders.”

Lin Yin and the others were stunned.

They did not know what she meant.

If they were to teach her, would it be because she was sincere or because she was showing weakness to them?

Of course, no matter how they looked at it, the three elders felt that it was not the second point.

This Alliance Master looked young, but her aura was no less than theirs. It was even a little scary.

Scary because they did not know her exact background.

Tan Yeluo suddenly said, “The Alliance Master is right. The Star Alliance is led by the Alliance Master. The Alliance Master has just taken over. We old people should naturally give more pointers on things she doesn’t understand. Master Buzhou, don’t you think so?”

Master Buzhou clapped his hands and said kindly, “Vice Alliance Master is right.”

Cheng Deyue: “...” F** k, ask him to do so if you have the ability!

Therefore, he suddenly laughed gloomily. “It cannot be borne for us to be giving pointers to the Alliance Master. In the future, the path ahead of the Star Alliance will have to be decided by the Alliance Master. Next month, the Martial Alliance’s Selection will not be shown in public.”

“Lose face?”

Su Cha suddenly held her chin and approached Cheng Deyue with a smile. "I realized that Elder Cheng really likes to talk about the Star Alliance. Elder Cheng is the same outside. He likes to put the Star Alliance's name on everything, right?"

Her words were sudden and strange. The other elders were puzzled. Shi Wei also looked at Su Cha in surprise.

Cheng Deyue's expression changed.

Chapter 580: Fight for the Alliance Master

He'd thought that Su Cha would not tell the others about what happened last time.

Unexpectedly, she said it directly.

He could use his identity as an elder to cover up the previous incident and even look unreasonable.

But now that this person was the Alliance Master, it was a little tricky.

No matter what, it was his grandson and granddaughter who'd caused trouble first. Otherwise, that lunatic from the Bo family would not have gone crazy.

He suddenly sat up straight and smiled insincerely. "Alliance Master, my Xiao Sun is immature. You are a magnanimous person. You don't have to worry about this. Why bother with children?"

"A child. So Elder Cheng also knows that it's to do with a child." Su Cha held her chin and tapped the side of her face with her fingers. She seemed to be a little distressed. "But Elder Cheng came to my door personally for his little grandson's sake. That time, this didn't hold true for you. Didn't you say that I'm only 18 years old and one shouldn't bother with children? I'm younger than your two grandchildren. Why did Elder Cheng come to confront me?"

Cheng Deyue's face twitched.

He did not expect her to say that, nor that she did not intend to simply let it go.

Tan Yeluo suddenly asked with interest, “What does Elder Cheng have to do with the Alliance Master?”

Before Elder Cheng could speak, Su Cha said directly, “It’s just a small matter. Last time, I was with a child and bumped into Elder Cheng’s granddaughter by chance. At that time, it was originally a dispute between children, but Elder Cheng’s granddaughter insisted on finding trouble with me. I just stopped her from looking for trouble, but she went back and complained. She even found someone to block me in the parking lot. Of course, she did not stop me, but she was nabbed by my boyfriend’s people. For this, Elder Cheng came to make trouble...”

Cheng Deyue: “...”

You explained it so clearly!

As soon as Su Cha finished speaking, everyone’s expressions changed.

Lin Yin chuckled. “What a coincidence, Elder Cheng. You have to apologize to the Alliance Master.”

Tan Yeluo smiled sweetly. “No wonder. I know that person from the Bo family. He has always been unreasonable. However, it was Elder Cheng’s fault first. It seems that no one else can be blamed.”

Cheng Deyue frowned and shouted angrily, “Enough!”

Then, he looked at Su Cha with a sullen face. “Alliance Master Su, today is the Star Alliance Meeting. We should be discussing serious matters. If you still remember these small matters, it will make you seem petty. I am an elder of the Star Alliance after all. You are being too overbearing!”

Su Cha opened her eyes as if she was very surprised. “Oh my god, Elder Cheng, you really have a bad memory. Didn’t you say that the Star Alliance would not let me off? You are already on the Star Alliance’s side. How can this not be considered a serious matter that can be discussed at the Star Alliance Meeting? I didn’t even say that you are taking advantage of your seniority, but you’re saying that I’m bullying others. I’m really being wronged!”

“Puff...”

Tan Yeluo could not help but laugh.

Jin Duan also could not help but laugh. Shi Wei's face twitched, but the expressions of the other elders were complicated.

Su Cha respected people, but her words were vicious.

It could only serve as proof that she did not take these elders seriously.

The elders' faces darkened, except for Master Buzhou's.

Master Buzhou had a kind look on his face, but he thought happily in his heart, It seems that I have to play a game for the Alliance Master in the future.

Among them, the others probably did not know that Su Cha was a very high-profile and famous talent show singer.
