

## The Queen 581

Chapter 581: Sit!

“Enough!”

Cheng Deyue stood up abruptly. The chair was pushed away by the sudden movement of his legs, making a piercing noise.

He laughed in anger. “Has the Star Alliance Meeting become a punitive assembly? I’ll say the same thing again. You are just a little girl who is still wet behind her ears. You just took office and you already want to attack us elders? You have no respect for our seniority and no regard for us at all. Do you still consider us as elders of the Star Alliance?”

“Elder Cheng, it’s just a joke. Why are you being so serious?”

Su Cha opened her eyes innocently.

She suddenly waved her hand. “Elder Cheng, let’s talk nicely. Sit down first.”

Cheng Deyue’s eyes widened in anger. When he straightened his neck and did not speak, Su Cha’s smile did not change, but the temperature in her eyes dropped a little. Everyone felt the surrounding air become suffocating. Then, she said softly, “Elder Cheng, I asked you to sit down!”

As soon as she spoke those words, there came an imposing aura. At the same time, the chair behind Elder Cheng strangely moved forward. Elder Cheng’s upright body suddenly sat straight on the chair.

There was silence.

Jin Duan’s lips quivered and his eyes almost popped out.

This was the first time he’d seen something so ridiculous.

How did the chair move? Elder Cheng was mighty, but he could not control objects. How could he?

No matter how stupid they were, everyone realized that something was wrong.

Even the smiling Tan Yeluo and Lin Yin became serious.

They could clearly see that Cheng Deyue, who had sat down, was trembling all over. His hands were trembling violently, and his forehead was covered in sweat.

There was fear and horror in his old eyes.

Only Su Cha's smile became more relaxed and pleasant. "I told you, Elder Cheng. If you sit down, we can talk. Isn't that so?"

Her words sent chills down everyone's spines.

Even Shi Wei did not expect it.

He knew that Su Cha was not ordinary, but he did not expect that the strange scene just now would happen.

Although the martial arts world was still in existence, it still had to be within the realm of reason.

No matter what, Cheng Deyue was an elder. In terms of strength, he was not inferior to the others. No one knew how Su Cha had attacked. They did not even know if Su Cha did indeed attack.

However, she did not take action, and what happened could not be explained clearly. What they saw completely went against common sense.

Even if the Tang Sect's hidden weapons were superb and Tang Hefei could kill people on the spot, these people would definitely notice him. But no one saw Su Cha's attack.

Cheng Deyue was completely suppressed. Everyone could feel the horror from his expression.

"Elder Cheng?"

Tang Hefei, who was sitting next to Cheng Deyue, laughed and even reached out to touch his shoulder.

But everyone could tell that his smile was a little forced.

But the moment he touched Cheng Deyue, his expression changed.

It was as if a thousand pounds of force was pressing on his body, making it hard for him to breathe.

Tang Hefei tried his best to remain calm. He did not show any shock and retracted his hand.

He finally knew how shocked Cheng Deyue was.

How did this new Alliance Master do such a strange thing?

At that moment, Tang Hefei looked at Su Cha. He could only see a pair of fierce eyes that had no warmth even though they were smiling.

Chapter 582: Don't Think About It Until You Die

“Si... hu...!”

Cheng Deyue suddenly let out a deep breath, as if he had just been drowning and was on the verge of death.

His face turned pale.

The arrogance in his eyes when he looked at Su Cha was gone, replaced by fear and shock.

Su Cha's expression remained unchanged as if she was still puzzled. “Elder Cheng, are you not in good health?”

Cheng Deyue's face was cramping. He looked at Su Cha and could not say a word. In this strange and suffocating atmosphere, Master Buzhou said slowly, "Amitabha, I believe Elder Cheng knows his limits. Now that the Star Alliance Meeting is about to be held, the Alliance Master has to decide something."

Su Cha raised her eyebrows and looked at Master Buzhou. In fact, she was surprised to see him.

Unexpectedly, the monk whom Master Yun Zu called an old baldy was actually the fifth elder of the Star Alliance.

Shi Wei said that he had been in seclusion all year round and had left the mountain early this year to enter the Imperial Capital. It was probably because of the previous Alliance Master, who had died before he succeeded the position.

She had just taken Cheng Deyue down a notch. Now that these people had become a little unhappy, they should not say anything more.

She hated such things, so she had to be decisive when it was time to teach them a lesson.

If you did not show off your strength, or even make them afraid, they would create a lot of trouble.

Besides, these elders were not easy to deal with. Su Cha felt that she had to get rid of Cheng Deyue sooner or later.

He was brainless. He was being used by others and was impulsive and easily angered. He loved to use the Star Alliance as a shield. How could such a person become an elder?

Just because he had reached old age, which was a natural thing?

It was time for him to retire!

In fact, Su Cha did not feel good just now. She'd used her inner force.

And since she had been sucked too hard by Bo Muyi two days ago, she still had not recovered much. This put pressure on her, and she felt a little dizzy just now. If she had not kept her composure, she would have been exposed.

Of course, it was fine as long as they were afraid.

No matter how awesome she was, what if there was still someone else who could cultivate inner force?

Master Buzhou's words helped Su Cha out of her predicament. Su Cha pondered for a while and said directly, "I will deal with the Martial Alliance's meeting. But now, I feel that the Star Alliance needs to investigate the recent years' situation within the branches. In the past, it was handled by the elders. Now, I will have to trouble the elders to report it to me. As for the Vice Alliance Master, I will have to trouble you to help me investigate something. I am still suspicious about how the Alliance Master who was supposed to take over my position died. I will have to trouble the Vice Alliance Master."

She was smiling as she spoke, but everyone could tell that her tone brooked no questions.

Due to the mysterious method she'd used just now, no one had any objections anymore. Even if they did, they would not say it in person.

Cheng Deyue was a lesson.

People who did not know strength when they see it were the most terrifying.

The Star Alliance Meeting was held perfectly. Su Cha officially appeared and spread her name. Next, she would have to face all kinds of storms.

These elders were not peaceful at all. They were definitely not convinced by her in their hearts, but Su Cha did not care. As long as she was given some time, she could guarantee that she would be able to keep these elders under control in the future. With her around, they could forget about having any ideas about the Star Alliance.

Chapter 583: Come Here, I Will Write Perv on Your Head!

After the Star Alliance Meeting ended, the elders left quickly.

Cheng Deyue, in particular, stood up and left almost as soon as she finished speaking.

After losing so much face, he would definitely be furious when he went back.

The other three elders were no longer in the mood to accompany Su Cha as they left with heavy hearts.

At the very least, Su Cha had instructed them to keep an eye on the forces under them. As soon as Su Cha took over, the three elders would have a headache.

Only Master Buzhou, Tan Yeluo, and Shi Wei were left behind.

“Sister, I didn’t expect this.”

Tan Yeluo looked at Su Cha and winked at her.

Su Cha pressed her temples, which were throbbing. She raised her head and smiled. “Sister really surprised me.”

The two of them were acting so well that Shi Wei and his disciple did not notice anything wrong.

Shi Wei looked at Su Cha in surprise and asked, “Alliance Master Su, although I can predict your future, I can’t deduce your past. It’s chaotic. May I ask where your master is?”

He had never seen such an unprecedented method in the existing sects.

Su Cha shook her head. “It’s not convenient for me to talk about this. My master has ordered it. I’m sorry, Stone Door Master.”

Shi Wei nodded and did not mind. “It’s fine if it’s not convenient.”

He stood up and sighed. “I have to thank you for what happened today. I really didn’t expect you to be able to suppress them. I’ve already prepared for the worst. After all, their goal is already clear. If

anything happens to you, the Star Alliance's rules of using the Heaven's Secrets Sect to deduce the Alliance Master's position will be completely overturned. In the end, it was my lack of strength that prevented me from completing my master's orders."

"Who said so?"

Su Cha smiled. "Stone Door Master, you don't have to undervalue yourself. You've already succeeded by elevating me."

Tan Yeluo raised her eyebrows. Wasn't this a shameless boast?

Shi Wei was stunned and laughed. "Alliance Master is right."

He waved. "Jin Duan, let's go first."

Jin Duan's expression was not as tense as before. He looked at Su Cha with deep meaning. "No wonder you said that we shouldn't be worried."

With Su Cha's ability, they did not need to worry about her.

There were dozens of people from the Killing Alliance chasing after them. He did not understand how Su Cha had forced them to leave.

Even if they were the secret guards of the Bo family, it was impossible for two people to have the ability to resist dozens of people from the Killing Alliance, right?

It seemed that he had made a mistake. Su Cha was the most unpredictable one.

Su Cha just smiled and did not say anything. As she waited for Jin Duan and Shi Wei to leave, Su Cha's expression changed instantly. "Tan Yezhu, do you know how perverted you are?"

Tan Yeluo glared at her innocently. "Alliance Master, what are you talking about? Why can't I understand? I know that I look like my brother, but he's a man and I'm a woman. Even the Alliance Master can't tell between genders. Alliance Master, are you blind?"

Listen to this annoying tone.

It was what the devilish man had said back then. Su Cha reached out to grab her wig.

This action was a little naughty. Tan Yeluo stood up and ran while covering her head. She laughed shrilly. "Alliance Master actually molested me. You are really perverted!"

Su Cha: "..."

Come here, I want to write perv on your head!

Chapter 584: I Am Your Father

The Star Alliance Meeting ended successfully.

At least, it did in Su Cha's eyes.

She returned home refreshed and saw Bo Muyi at home.

When he saw Su Cha, his handsome face had a strange expression, as if he wanted to praise her.

Sure enough, when Su Cha walked over, he smiled lovingly. "Cha Cha, you are awesome. The Martial Alliance has received the news."

"Oh?"

Su Cha raised her eyebrows and walked over to hug him. "What news?"

"Everyone now knows that the new Alliance Master of the Star Alliance is a very young girl, and that probably to protect you, your true identity was not revealed. But I heard that you gave Cheng Deyue a show of strength?"

Su Cha nodded. "Hmm? He's taking advantage of his seniority. I can't bear to see him being used by others without any self-awareness. No wonder he's been inferior to the other elders for so many

years. Sooner or later, he will be taken down. But why are you receiving news so quickly? I don't think those elders are talking nonsense."

"Tan Yezhu told me. Also, the Martial Alliance and the Star Alliance are connected. Don't you know? Your Star Alliance's Elder, Master Buzhou, has shared it in the group."

Su Cha: "..."

She had a complicated expression on her face when she thought of Master Buzhou's kind look. She really did not expect it.

"What group? Add me in."

She did not expect Bo Mui to be a part of this.

Bo Mui showed her his phone and added her WeChat account to a WeChat group called "Alliance."

Su Cha looked at the members. It was a group of elders.

Other than the five elders of the Star Alliance, there were also six Martial Alliance elders.

Why did the Martial Alliance have six? It was probably because it had more people than the Star Alliance...

Other than that, there were also others. Bo Mui explained to Su Cha that they were all in charge of the aristocratic families and basically did not speak.

Su Cha held her phone and greeted the group quietly.

Cha Yi: "Hello, everyone, I am the new Alliance Master of the Star Alliance. Please take care of me!"

Martial Union Elder Yun Zu: "Oh my, look at this name, it smells like love!"

Martial Alliance Elder Weng Zhinan: “Cloud Ancestor, don’t be rude to the Alliance Master!”

Martial Alliance Elder Yun Zu: [You talk too much!.jpg]

Martial Alliance Elder Hong Hangyi: “I’m sorry, Little Alliance Master. Our Elder, Cloud Ancestor, is as unruly as an old urchin.”

Su Cha was amused when she saw Cloud Ancestor. No wonder he knew Master Buzhou.

Alliance Master Cha Yi: “I understand, I understand!”

Vice Alliance Master of the Star Alliance, Tan Yeluo: “Welcome, our Alliance Master!!!!”

Martial Alliance Elder Hong Hangyi: “A warm welcome!!!”

Martial Alliance Elder Weng Zhinan: “A warm welcome!!!”

Martial Alliance Elder Yun Zu: “The demoness actually came out?”

Vice Alliance Master of the Star Alliance, Tan Yeluo: “Old man, I am your father.”

Martial Alliance Elder Yun Zu: [I am your grandfather.jpg]

Martial Alliance Elder Hong Hangyi: “Aren’t you afraid of angering the Little Alliance Master to death?!”

Su Cha: “...”

She was dumbfounded when she saw Tan Yeluo being disrespectful to the Cloud Ancestor. “Is this how they usually are?”

Bo Muyi glanced at her. He hugged Su Cha and did not care much at first. Looking at her again, he smiled. “Usually, the people from the Martial Alliance are the only ones who talk. The people from the Star Alliance do not speak much. Your Vice Alliance Master and Elder Yun Zu are indeed not on good terms.”

Su Cha felt that Bo Muyi might not understand the conflicts online.

She did not expect Tan Yeluo to be so bold online.

The chat records in the group broke Su Cha’s understanding.

She thought that the martial arts world in her imagination must be serious, but she did not think about it carefully. It was already the 21st century, so it was definitely different.

On the Internet, everyone must be very bold.

However, Su Cha could tell that other than Tan Yeluo, no one in the Star Alliance welcomed her.

After all, they had been rebutted by Su Cha during the Star Alliance Meeting. It would be strange if they welcomed her.

As for Master Buzhou, he had just finished speaking. There was probably something else.

Martial Alliance Elder Weng Zhinan: “I heard that the Little Alliance Master is currently participating in a competition? A singer?”

Martial Alliance Elder Hong Hangyi: “Yes, I’ve checked. It’s called Dreams in Progress.”

The Martial Alliance Elder Weng Zhinan: “Yes, hurry up and help the Alliance Master! I heard that you can vote on your phone now, right?”

Martial Alliance Elder Hong Hangyi: “Yes!”

Vice Alliance Master of the Star Alliance, Tan Yeluo: “She doesn’t need your support. What can your two votes do?”

Martial Union Elder Hong Hangyi: “Vice Alliance Master, that’s not right. There are so many people in our Martial Alliance. Are they all useless? It’s rare for such a talent to appear in the martial arts world. Of course, we have to gather all the members of the Martial Alliance to help Alliance Master Su!”

Martial Alliance Elder Yun Zu: “Even if you have nothing to do after eating, why are you being so anxious when other people’s boyfriends are not?”

Vice Alliance Master of the Star Alliance, Tan Yeluo: “Go back and embroider your flowers, old man!”

Martial Alliance Elder Yun Zu: “Do you know how much I can sell it for? It’s equivalent to 18 of you!”

Vice Alliance Master Tan Yeluo: “Hehe, do you know how rich your father is?”

Martial Alliance Elder Yun Zu: “As the Vice Alliance Master of the Star Alliance, how dare you flaunt your wealth here? The Star Alliance has been so poor recently. Did you plunder it?”

The Alliance Master of the Star Alliance – Cha Yi: “...”

Su Cha did not know whether to laugh or cry when she saw the chat records in the group. Bo Muyi closed the chat after reading it for a while.

Seeing the Star Alliance being called poor, Su Cha blushed.

After all, it was an alliance. Shi Wei had only said that the Star Alliance’s current situation was not good, but he did not mention the economic reasons. Could it be that the Star Alliance’s financial situation was not good?

Not only was the Cloud Ancestor an elder of the Martial Alliance, but he was also the best embroidery master in the country. A piece of his work cost millions or tens of millions of yuan, and he was confident that the Star Alliance was poor.

However, Tan Yezhu's status was not for show.

These two were obviously flaunting their wealth!

Su Cha closed the WeChat group and lay in Bo Mui's arms. She could not help but smile. "Master Yun and our Vice Alliance Master are having a good chat."

"Our?"

The man sensitively frowned when he heard that word.

Su Cha reacted and coughed. "No, it's the Star Alliance's."

Bo Mui placed his forehead on hers. "Cha Cha, it's just us. There's no one else. I will be angry if you say something like that."

Su Cha nodded quickly. "Yes, yes, yes. It's my fault, my fault."

Jealous!

Now that the Star Alliance Meeting had ended and Su Cha's identity had been confirmed, many things could officially begin.

Su Cha rested for a night. The next day, Su Cha started preparing for the variety show recording this week.

Su Cha could feel her schedule tightening before the official competition had even ended.

She was about to record a variety show. The competition was still ongoing, and the production crew had to go as well. There was also an advertisement endorsement shoot waiting for her. There were really many things going on.

Chapter 586: Recording

After Su Cha's episodes finished airing, the variety show "Who Will Be the Parent Today?" appeared to be rather dull.

Things were not calm, but the biggest topic of conversation, Li Miyi, did not seem so noisy anymore.

He seemed to have become more sensible in front of the celebrities.

Xian Zi had left long ago. Another female celebrity took care of him, and this had been happening during the last few episodes.

His temper was still as bad as before. The audience could tell that he just did not like to lose his temper as much as before.

However, the female celebrity this week was not someone to be trifled with. She was one who did not know how to do anything.

This female celebrity was called Qin Bei. She was a member of a popular group. She was very pretty and always had a big brand on her. Her public image was that of a rich second-generation heir. However, her parents had always been very mysterious, so people thought that she was the young lady of a wealthy family.

In actual fact, everyone in the industry knew that Qin Bei was not some big missy. She was just a rich second-generation heir who was deliberately packaged.

However, in order to show that kind of character style, she had to make it appear that she knew nothing in the show, and her temper was that of someone very spoiled.

They had asked her to appear with Li Miyi to create conflict, but they did not expect the conflict to be so big.

On the first day, Li Miyi was so angry that he cried. She did not know how to do anything and even ordered people around. Even the production crew could not stand it.

However, Qin Bei had been forced into the production by her company. After signing the contract, they could not even switch out the person.

It was not their intention to invite her, but the production crew had to accept some unspoken rules.

Li Miyi's temper exploded when he met her. On the surface, Qin Bei was still tolerating him in order to maintain her image in front of the camera, but she basically ignored Li Miyi whenever he lost his temper.

Her style was familiar to the production crew.

On top of being familiar, there was also an indescribable thought attached to it. After all, whether in front of the camera or behind it, teaching Li Miyi was just the right thing to do.

Qin Bei appeared amiable on the surface, but privately, she'd even attack Li Miyi.

If not for the production crew stopping them, something might have happened.

It had only been a week since the recording, but the topic was already explosive.

Qin Bei's popularity was not low. Although she was criticized after her episode was broadcasted, her brainless fans had also cleared her name and pushed all the blame onto Li Miyi. They said that because Li Miyi had a bad temper, Qin Bei was just teaching him a lesson.

After this argument, someone compared Su Cha's episode with Li Miyi. Su Cha's attitude was fine, but why was Qin Bei being scolded?

In other words, this matter involved Su Cha.

Qin Bei did not know that Su Cha would come for the recording this week. The production crew did not inform her at all.

Before Su Cha went there, she saw the news online and naturally knew about Qin Bei.

However, she could not see anything wrong with the video clip. She could tell that Li Miyi did not like Qin Bei and was very resistant.

She did not have much interaction with the production crew in private, so naturally, no one told her what had happened.

When she arrived at Li Miyi's home with a small suitcase, the elevator door opened. She saw Qin Bei holding Li Miyi's hand and scolding him loudly, "I told you to wash your hands when you eat. Why are you so stupid? Why are you always so disobedient?"

After saying this, she even touched Li Miyi's forehead with a finger.

Li Miyi could not take it anymore and hit Qin Bei.

#### Chapter 587: Instigations

Qin Bei's expression was ferocious. Just as she was about to pull Li Miyi over, the two of them were stunned when they saw Su Cha.

Li Miyi looked at Su Cha in disbelief.

While he was hitting Qin Bei, Qin Bei had already raised her hand and slapped Li Miyi's arm. Her speed was so fast that no one could stop her.

However, she could not stop in time before Su Cha saw it.

Li Miyi looked at Su Cha and then at Qin Bei. His eyes turned red.

Su Cha frowned and did not speak.

Qin Bei pretended that nothing had happened and stood up. "Are you the guest for this episode?"

Although it happened in front of the camera, there were some things that the production crew did not dare to edit, so Qin Bei was not afraid.

Su Cha glanced at her and did not speak. She suddenly squatted down and opened her arms to Li Miyi. "Q Ball, come here."

Li Miyi glanced at her with red eyes and ran over.

He hugged Su Cha.

Su Cha carried Li Miyi.

After not seeing him for a while, she felt that this child had become a little light.

Qin Bei's expression changed slightly when she saw Li Miyi's actions.

She had been recording for a few days. Li Miyi had never been close to her. He often said mean things to her. Why did he change so much with Su Cha around?

Didn't Su Cha treat Li Miyi coldly like she did?

When Qin Bei saw Su Cha, her eyes flickered and she smiled. "Miss Su, nice to meet you."

She walked over and extended her hand to Su Cha. Su Cha glanced at her and smiled lightly. "Hello, Miss Qin."

She was carrying Li Miyi and pushing the suitcase with one hand. She did not seem to have the time to shake her hand.

Seeing this, Qin Bei glared. "Q Ball, come down quickly. Sister Su is carrying her luggage."

Li Miyi bared his teeth at her. He hugged Su Cha's neck with one hand and refused to come down. He looked very fierce and his intention was obvious.

Qin Bei's face stiffened. "Q Ball, why are you so disobedient?"

Li Miyi finally couldn't help but ask, "Who wants to listen to you?"

Su Cha had already carried him away.

When the production crew saw this scene in the monitoring room, they really wanted to slap Qin Bei!

After tolerating Qin Bei for a few days, everyone felt relieved that Su Cha was here.

When she entered the room, Su Cha glanced at Li Miyi's arm. After being slapped by Qin Bei, Li Miyi's arm had obviously become red.

Children's skin was very tender, and Li Miyi was very fair. The red marks were very eye-catching.

No matter how angry she was during the recording, Su Cha had never hit Li Miyi.

Besides, she believed that other celebrities would not dare to hit Li Miyi.

Su Cha raised her eyebrows, not knowing how to deal with this matter.

Li Miyi saw Su Cha looking at his arm and protected it. He suddenly moved closer to Su Cha's ear and whispered, "She hit me!"

Su Cha smiled, but it was a smile that could make one shudder. "You were so powerful before, so why did you become a coward now? In the future, when the reporters interview you, just say that she hit you during the recording. You can do that."

Li Miyi was slightly stunned. He was too young to understand. He just said subconsciously, "Even if I said that, they won't switch her out."

Chapter 588: Directly Falling Out

The production crew behind the camera suddenly felt their hair stand on end.

Su Cha was obviously inciting Li Miyi to take revenge on Qin Bei.

And she was not part of their production crew.

She probably knew that the production crew would not let this matter spread.

Qin Bei did not dare to make it too obvious, but she was indeed bullying Li Miyi.

When Su Cha asked Li Miyi to accept interviews from other reporters, she knew the production crew could not stop him. Li Miyi was a celebrity child. If he spoke, wouldn't Qin Bei end up dead?

Li Miyi was a child. He did not know the concept of deliberately setting someone up. As long as he was guided along during the interview, he would not say anything about Qin Bei.

Now that Su Cha had reminded him of it, wouldn't he remember it?

Su Cha was too scary.

Usually, when celebrities had something going on, they would hide it from each other. After all, they were in the same industry. What was Su Cha doing?

Wasn't she afraid of offending the person backing Qin Bei?

The production crew was a little embarrassed. The director reminded Su Cha through the earpiece, "Su Cha, don't teach Q Ball these things..."

"Am I wrong?" Su Cha said lazily as she carried Li Miyi out.

In the living room, Qin Bei was standing there awkwardly. She did not know what Su Cha had said just now. As soon as she walked out of the living room, Li Miyi suddenly pointed at her. "You hit me. I want to tell others! Just you wait!"

His childish voice did not sound intimidating, but Qin Bei's expression changed. "What did you say? When did I bully you? Q Ball, don't lie with your eyes open!"

She was not afraid. She had a powerful background. Even if Li Miyi's parents came to her, she could suppress them. But now that Li Miyi suddenly said this, she could not help but think that Su Cha had said something. Otherwise, why would Li Miyi tell others?

Qin Bei felt uneasy about who he was referring to.

She saw Su Cha standing there leisurely with Li Miyi in her arms. Although she was smiling, her smile was gloomy. “Miss Su, did you go in and say something to Li Miyi?”

“Yes.”

Su Cha nodded and admitted openly, “I just asked Li Miyi to tell the reporters that you hit him. Isn’t that the truth? I saw you hit him with my own eyes.”

Qin Bei’s expression changed abruptly. She did not expect Su Cha to confront her directly the moment she arrived. Her voice was a little shrill. “Are you crazy? I’m just teaching this child on behalf of his parents. How was I hitting him?”

“It’s not like Li Miyi doesn’t have parents. Why do you need to discipline him? Miss Qin, you took on this variety show to take care of children. How did it become about discipline?”

Qin Bei took off her earpiece and pointed at Su Cha. “What are you pretending for? Aren’t you the same?”

“But did you see me hit him?”

Su Cha raised her eyebrows in disdain.

No matter what, she was not crazy enough to attack children.

Even if she said that she would hit Li Miyi if he hit someone, she would definitely not hit him back like how Qin Bei did. She was clearly hitting him back with a fierce and vengeful attitude.

Children were children after all. They had to be educated correctly. Even if you did not know how to, you had to know how to differentiate them from adults.

When the production crew saw Su Cha arguing with Qin Bei the moment she arrived, they felt a headache coming on. The director walked out of the surveillance room with an unhappy expression. “You’re all here to record a show. Stop it!”

Chapter 589: 18th Lines

“You should stop her!”

Qin Bei pointed at Su Cha, her delicate eyebrows full of ferocity. “Who does she think she is to compete with me? Is her status in the industry more important than mine? She’s just a talent show singer!”

Although Qin Bei had debuted in a group, she had been popular for a few years. Naturally, she felt that she was much better than Su Cha. She also had a strong backing and was used to being arrogant. Why would she care about Su Cha?

However, Su Cha’s unusual behavior was totally unexpected.

Usually, in front of a senior like her, a newcomer in the industry would be careful!

Su Cha glanced at her from head to toe and said casually, “What does it have to do with Miss Qin that I’m a talent show singer? Is Miss Qin more popular than me?”

The meaning behind her words was a little different. Qin Bei had been popular for a few years and had many loyal fans. Su Cha was a newbie, but she was at a time when everyone was paying attention to her. Her popularity score was very high, so she was naturally ahead of Qin Bei. But in terms of concepts, Qin Bei was indeed a senior.

However, the industry only focused on popularity. Su Cha’s words made Qin Bei fly into a rage. “You’re just relying on your current popularity to become more popular. Let’s see where you’ll be after the competition! How long do you think you can stay in the industry!?”

The more she spoke, the more agitated she became. She even planned to grab Su Cha.

Su Cha pushed back and the director came forward to stop her. In the end, Qin Bei’s fingers caught the director’s cheek.

“Ah!”

The director was caught off guard and felt a sharp pain.

Su Cha took two to three steps back with the child in her arms. Seeing the director covering his face in pain, Qin Bei was stunned and stopped.

How did it become like this in just a few minutes?

Su Cha had just arrived, so why did she become so impulsive?

Li Miyi was shocked by Qin Bei's appearance. He had never seen a lunatic with a bad temper. Li Miyi lay on Su Cha's neck and did not dare to look at Qin Bei.

The show was in a mess. Most importantly, Qin Bei threw a tantrum and left in a fit.

After she left the show, they had to continue recording. Naturally, they found an excuse to say why she had left. In the next two days, they asked Su Cha to take care of Li Miyi alone.

This was exactly what Su Cha wanted.

She did it on purpose just now. If she did not drive Qin Bei away, would she have to spend two days with such a bad person?

When she saw Qin Bei hitting Li Miyi, she realized that Qin Bei would be a disaster if she stayed.

Of course, this matter would not end so easily. After Qin Bei left angrily, the person behind her would not let Su Cha off. That afternoon, someone from Qin Bei's company called Tan Jinsui.

Tan Jinsui called Su Cha and asked if something had happened in the morning.

Su Cha briefly told him about Qin Bei. She had expected it and said lazily, “What's wrong? Did someone call you?”

It was probably useless to call the company. The entire agency was serving her. If Qin Bei's people went after her, they would only be met with death. But naturally, she had to find Tan Jinsui, her manager.

It was hard to tell whether Tan Jinsui was angry or not, but he sounded a little impatient. "Yes. I don't know who that 18th-tier celebrity is. The boss of her company called me. You should give some face to those who have worked with you before. There are many ways to deal with them in private. Once such an 18th-tier person pesters you, the news will spread everywhere. I don't want any Tom, Dick, or Harry to make you famous."

Su Cha raised her eyebrows. She had pegged Qin Bei to be someone with a high position, but she did not expect that to Tan Jinsui, she was nothing.

If Qin Bei heard Tan Jinsui say that she was an 18th-tier celebrity, she would probably die of anger.

Chapter 590: Untitled

Tan Jinsui had a very good filter on Su Cha.

His own artiste was a treasure. Other people wanted to ride on her popularity.

With such a manager, Su Cha could not help but laugh.

"By the way, your father knows that you've been filming 'The Legend of the Crane' recently. He thinks that you have too few scenes in that role, so he plans to spend money to help you create a big production."

Tan Jinsui chuckled.

Su Cha said helplessly, "Why is my father involved? Tell him that we have a plan for everything. He shouldn't get involved. If he wants to watch me act, he can come to visit me."

Bo MUYI had wanted to make big productions for her, but he was rejected. Now, Zong Yanxiu was also here to cause trouble.

In the past, no one doted on her, but now, there were too many people who doted on her. Su Cha felt that this was a sweet problem.

“I’ve already made it clear to him. If he really wants to help you, he doesn’t have to tell me. I’ll bring it up myself. By the way, you’d better pay attention to that Jin Jiayu that the production has passed down to you. I know that she has a conflict with the production crew. The people in the industry say that that woman is not a peaceful person. She can do anything. Tell Fu Mo to pay attention to it. Let her handle everything around her. Don’t touch anything from the production crew.”

Tan Jinsui was also warning Su Cha. Su Cha said calmly, “I know.”

Tan Jinsui suddenly sighed. “I don’t think you can live in peace anywhere you go. You even got into a conflict with others during the recording. If you weren’t Yanxiu’s daughter, I would have scolded you three times.”

He had never seen such a troublesome artiste before.

Tan Jinsui was speaking the truth. Su Cha smiled gently. “If you scold me, I will complain. Besides, it’s not me who got into a conflict with others by insisting on them hiring me. Of course, there are times when I don’t want to see someone I don’t like hanging around in front of me.”

Tan Jinsui sneered, “I don’t care about that. You are also my artiste. There are many things that you don’t have to worry about. At least with my reputation, not many people will provoke you. As for those who dare to provoke you, they don’t know who the person behind you is.”

After saying this, he hung up.

...

Su Cha had recorded a variety show and brought Li Miyi along for two days. Although this child was not very nice to her, his attitude was obviously much better than that of Qin Bei.

And unlike other celebrities, Li Miyi always appeared to be the talkative one when facing Su Cha.

It was just a routine.

Li Miyi asked, “Do I look good in this?”

Su Cha: “Yes.”

Li Miyi said, “You didn’t even look at me!”

Su Cha: “You have a lot of requests!”

...

There were many conversations.

The production crew really loved and hated Su Cha. This woman had angered Qin Bei and made her leave. The production crew had to deal with the aftermath. Was she not afraid of Qin Bei’s revenge at all?

After taking Li Miyi with her for two days, Su Cha had to end the recording and return to continue filming.

At this moment, Li Miyi realized that if Su Cha left, only Qin Bei would come back. He refused to do anything.

The production crew was also in a dilemma. The contract had been signed, and the contract had to be fulfilled, whether it was on their end or Qin Bei’s. Otherwise, could the contract simply be broken?

They’d been recording the show for so long, but this was the first time they’d met a child who refused to cooperate. But... this could not be blamed on him.

There were only two episodes left on the show. No matter what, they had to hold on. In the end, they invited a relatively famous celebrity to help them. At the very least, they had to suppress Qin Bei.
