

The Queen 591

Chapter 591: Looked Up

Su Cha joined the production crew to continue filming her scenes.

It was not that she did not have a solution for Li Miyi's matter. She had asked Tan Jinsui to show up and find a big shot in the industry to participate in the recording of this show.

That person would have to be the kind that Qin Bei did not dare to provoke and could deal with two episodes.

The production crew immediately agreed.

It was not that they had not thought of this method before, but it was a critical moment for the temporary rescheduling. There were definitely not many big shots who had free time. It was only because Tan Jinsui had enough importance that he could invite them.

Su Cha then returned to the drama production crew and continued filming her scenes.

After this week, her scenes would end.

She did not have many scenes in this role.

However, on the first day of her return to the drama production crew, something earth-shattering happened.

Su Cha and Fu Mo arrived to join the production crew together. At this time, almost all the main leads were present, and the production crew was quite nervous today. Fu Mo came over and whispered to Su Cha, "A producer came to visit today."

After asking around, she found out that this producer was a big shot from a famous film and television company. The reason he came to visit was that he wanted to see how the production crew was doing. Secondly... it was said that he was Jin Jiayu's backer.

Su Cha followed the crowd's gaze.

The producer was not old, but his beer belly was quite high. Him standing there and smiling made people feel unhappy. It was all thanks to Jin Jiayu's mouth.

Of course, she would not express any opinions. After she arrived at the production set, she concentrated on reading her script. After a while, the assistant director suddenly came over cautiously. "Su Cha, you see, Producer Yang has asked you to go over and meet him."

She looked up and followed the assistant director's gaze. Producer Yang, who was sitting on the lounge chair, was smiling at her.

However, there was an ambiguous look in his eyes, which looked a little wretched.

Fu Mo frowned while Su Cha put down the script and followed the assistant director with a faint smile.

She greeted him gracefully, "Hello, Producer Yang."

Jin Jiayu, who was standing next to Producer Yang, had a twisted expression on her face. She had accompanied Producer Yang when he came, but now he'd called Su Cha over. How could she not understand?

"Hey, hello!"

Producer Yang looked at her with a hint of determination in his eyes. He smiled gently and said, "I heard from Yongbing that you are participating in a talent show, Dreams in Progress. Your name is... Su Cha, right?"

When he spoke to her, almost everyone in the production crew looked over.

Shao Tianwen looked worried. Mu Jiao looked at Su Cha. Although she was not familiar with her, she knew that she had insulted Jin Jiayu the other day. She looked at Su Cha and sighed slightly.

What a pity.

Su Cha smiled and said, “Yes.”

“What a pretty girl. The entertainment industry has a deep pool of talents. If you can become famous, that’d be because of your ability!”

He seemed to be praising Su Cha and did not say anything else. He said a few words to Su Cha and let her go.

Su Cha could tell that Producer Yang’s goal was not so simple.

But his gaze was familiar.

She raised her eyebrows. It had been a long time since she had met someone who was seeking death.

After the shoot, when she was about to go back, Han Yongbing came to her. “What’s your relationship with our drama’s producer?”

Su Cha thought for a while and shook her head honestly. “I don’t know her well.”

Their relationship was as it appeared on the surface.

Chapter 592: Perhaps Director Han Is Interested in Switching Actors?

Han Yongbing frowned.

He looked at Su Cha and sighed. “Go back to the hotel first.”

He seemed to have something to say but did not say it.

Su Cha understood what he meant.

Producer Yang was targeting her.

Before he left, he'd looked at Su Cha for a long time. It was obvious that he was interested in her.

The production crew was not stupid. Who could not tell?

Han Yongbing wanted Su Cha to use her possible connection with their drama's producer to get rid of him, but Su Cha's words were undoubtedly cutting off that path.

He was not sure if the production crew would end up offending Producer Yang over Su Cha. The key was that as a director, he could not say anything.

Investors were people they did not want to offend.

Even Han Yongbing could not help it.

Besides, their producer did not have a deep relationship with Su Cha.

Su Cha and Fu Mo had not walked far when they suddenly heard a voice full of hatred behind them. "Su Cha!"

She turned around and saw the shadow of a palm in front of her. However, Su Cha was so fast that it was as if she had eyes on her back. The moment she turned her head, she retreated.

The palm missed. Jin Jiayu staggered for a moment.

Su Cha's eyes darkened. "Are you sick?"

Jin Jiayu looked at Su Cha and gritted her teeth. At this moment, she sneered, "You are just a vixen, so why are you pretending to be innocent? Don't you understand what Producer Yang means? If you understand, why are you pretending to be stupid? Do you want to end up being a whore?"

The production crew was dumbfounded.

They had not left yet!

Why was this person making a scene again?

However, Producer Yang was Jin Jiayu's backer. Now that Producer Yang had taken a fancy to Su Cha, wasn't this an obvious slap to Jin Jiayu's face?

She was bullied by Su Cha last time. Could she take it lying down?

Smack!

However, no one expected Su Cha to slap Jin Jiayu in the face.

Jin Jiayu screamed. Her left cheek swelled up and she fell to the ground.

Su Cha took a step forward as if she was going to step on her. Her face was full of anger. "If you don't want to speak, I can cut your tongue off! What kind of person are you? Do you think others are like you?"

The person next to her: "..."

She felt that her worldview had been refreshed again.

Jin Jiayu covered her face and turned around to look at Su Cha with hatred. She felt her face burning.

After losing so much face, she was already embarrassed. She got up and wanted to hit Su Cha. She even shouted at the assistant, "Help me hold her. What are you waiting for?"

She had three or four assistants, which was plenty. However, Fu Mo frowned and stood in front of Su Cha.

Su Cha sneered, "You are really annoying."

No one dared to stop her.

Jin Jiayu wanted to chase after her, but Han Yongbing asked the assistants to stop her and scolded, “What the hell!”

She made a mess of the production!

Su Cha returned to the hotel with a gloomy expression. Fu Mo stood aside and lowered her eyebrows. “Are we just going to let her go?”

This was not Su Cha’s character.

Su Cha sneered, “Of course not.”

She had no time to argue with that woman.

Su Cha took out her phone and sent Han Yongbing a WeChat message.

Cha Yi: “Perhaps Director Han is interested in switching actors for the Empress Dowager?”

Chapter 593: Let’s Get to Work

Before Su Cha sent this message, at least before Jin Jiayu came to trouble her today, she had never thought of wanting the role that Jin Jiayu had.

But now, this annoying person kept coming up to her. For the sake of not seeing her, Su Cha might as well take the role that suited her.

As for Producer Yang, she did not take it to heart.

Right now, she did not even need Bo Mui’s help. She could let Tan Yeluo settle this matter.

As the Vice Alliance Master of the Star Alliance, what’s wrong with her helping the Alliance Master?

Fu Mo sat aside and fiddled with her laptop as she poured a cup of coffee for Su Cha.

Su Cha saw her tapping on her laptop and asked casually, “Are you completing your homework?”

The basic courses for college students nowadays were done on computers.

Fu Mo closed the laptop. “No.”

She smiled and asked, “Have you thought about how to deal with Jin Jiayu?”

“What should we do?”

Su Cha raised her eyebrows. “I intend to take her role.”

Fu Mo was stunned. “Are you sure you can get it?”

She did not ask anything else and did not even wonder if Su Cha was daydreaming.

She asked Su Cha if she was confident.

This sentence was a little strange. Su Cha felt that Fu Mo was asking her if she had full confidence.

She smiled lightly. “Why would I say such a thing if I’m not confident? Jin Jiayu is too annoying.”

Fu Mo pursed her lips and smiled. “Not bad.”

Su Cha nodded. Just then, she received a WeChat message.

Han Yongbing was probably very surprised. He even felt that he was being a little dignified. It could be seen from his reply.

Han Yongbing: “Do you know what you’re talking about?”

Su Cha chuckled and typed a reply.

Cha Yi: “If I didn’t know, would I ask the director?”

The caller ID showed that he was typing.

After a while, he sent a voice message.

Han Yongbing: [It’s hard to say on the phone. If you have something on your mind, come to the hotel room tonight and have a meal.]

This was the first time Han Yongbing had taken the initiative to invite Su Cha.

He was a big shot director, and there were many people who wanted to suck up to him in private. Even if he had some impression of Su Cha, he might not have a good relationship with her.

But switching out Jin Jiayu was not a small matter.

It was not convenient to talk on the phone, so he invited Su Cha to the private room downstairs.

Of course, Su Cha agreed.

If others in the production crew knew about this, they would definitely have other thoughts.

However, Han Yongbing was more upright, unlike other directors in the industry. It was nothing even if she had a meal with him.

“Wait for me in the room. I’ll go down and talk to Director Han.”

She did not hide it from Fu Mo, but it was not appropriate for Su Cha to bring her along.

Fu Mo nodded obediently. “Okay, I’ll wait for you here.”

Su Cha opened the door and went downstairs.

There were people from the production crew everywhere in the five-star hotel. However, most of them were in the room, and not many people came out.

Su Cha arrived in the private room Han Yongbing mentioned. It was a small private room in the hotel. Han Yongbing was sitting alone on the round table playing with his mobile phone. In front of him was a cup of hot tea.

Seeing Su Cha, he pointed to the seat opposite. "Sit."

Su Cha sat down, and Han Yongbing said, "Order whatever you want. The money belongs to the production crew."

Su Cha shook her head. "I've eaten, so I don't need it. Director Han, let's talk about serious matters."

Chapter 594: Big Boss's Words

Han Yongbing was stunned.

He'd thought that Su Cha would at least be polite since she was already here. He did not expect her to be so straightforward.

But he was relieved.

If she was not a straightforward person, she would not have said that she would replace Jin Jiayu.

Han Yongbing was silent for a moment before saying slowly, "I can pretend that I didn't see what you said on WeChat. Or are you not crazy?"

Su Cha curled her lips. "Director Han, I wouldn't have come to you if I was just joking. You are the key to this matter. You have seen how hostile Jin Jiayu is to me. Her acting as the Empress Dowager might not be to your liking. I am confident that if you had no faith in me, the audition would have been a failure."

Han Yongbing took a sip of tea and covered the cup twice. He said leisurely, "The difficulty of this matter is not on me. Producer Yang is not easy to deal with. He is Jin Jiayu's investor."

He was being polite. In fact, he was Jin Jiayu's sugar daddy.

However, his words showed that he also wanted to replace Jin Jiayu.

It was just that it would not be easy to deal with Producer Yang.

Their circle had complicated relationships. If this matter was not handled well, it would be a big deal.

Su Cha smiled. "Director Han, if I couldn't deal with this matter, I wouldn't have spoken so directly. Of course, I won't make things difficult for you. I'm just asking for your opinion. If you want to switch actors, I can settle the rest. If you don't want the actor replaced, you can pretend that I didn't say anything."

Han Yongbing raised his head and looked at her in surprise. "Do you really not know the producer? I'm not talking about whether you're familiar with her or not."

Otherwise, Han Yongbing did not know where Su Cha got her confidence from.

He frowned again. "Even if it's your manager, Tan Jinsui, he doesn't have the ability to offend Producer Yang."

"I'm not familiar enough to negotiate with the producer, but she will help me settle this matter."

Su Cha extended her hand. "Whether I can be a replacement or not depends on you, Director Han. I am an actress who respects the director's opinions."

Han Yongbing was silent for a long time before he reached out and shook hands with Su Cha. "Let's have a pleasant cooperation."

He was a smart person.

He did not like having more actors who did not conform to the rules, but he could not go against the wishes of strong investors.

Since Su Cha could settle it, he was satisfied with her. If Su Cha could make this matter rest, he would definitely agree.

Why not?

On the way back to her room, Su Cha added Yeluo on WeChat.

Tan Yeluo accepted her friend request quickly.

Tan Yeluo: "Alliance Master? What are your orders?"

Cha Yi: "Alliance Master wants to go through the back door."

Tan Yeluo: "..."

Tan Yeluo: "Hahahahahaha, tell me all about it."

Cha Yi: "Aren't you the one who invested in 'The Legend of the Crane'? You also have an investor named Yang Yuan, right? He stuffed an actor called Jin Jiayu into the production crew and she had some conflict with me. Now, I want to get the role Jin Jiayu has. I might need your help to settle things with this Producer Yang."

Tan Yeluo: "It's not that troublesome. Alliance Master, can't you teach these two a lesson? If you beat them up so badly that they won't be able to face anyone anymore, who would be in the mood to fight with you for the role?"

Cha Yi: "A peaceful era, a peaceful way."

Tan Yeluo: "Leave this matter to me. It's just a role. If she dares to snatch it from you, she will not be able to survive in the industry."

Chapter 595: Unbelievable!

Su Cha's original intention was not to snatch the role but to cause trouble for Jin Jiayu.

However, Tan Yeluo's tone made Su Cha feel that she was the kind of person who relied on her backing to commit crimes.

But...

It felt good!

Tan Yeluo handled the matter quickly. After a while, the entire production crew received the news.

Director Han directly announced in the group that Su Cha would be playing Jin Jiayu's role in the future, while Su Cha's original role would be modified into a minor character with only one line.

This actor was lucky.

But as for many actors who did not know anything, they thought that this news was no less than a heavy bomb the moment they saw it.

How could Jin Jiayu be replaced in just a few hours?

It had already been announced. The role was set in stone. How could it change just like that?

And it was Su Cha who beat Jin Jiayu up in the afternoon!

No one dared to ask why in the group chat. They were already gossiping wildly in private, and Jin Jiayu saw everything clearly.

Because she did not receive the notice!

She never thought that her role would be so easily snatched by someone else, and it was the woman she hated so much.

The moment she saw the news, Jin Jiayu, who was covered with an ice bag, immediately screamed, “No, impossible!”

When the assistant saw the message, her hands trembled as she held her phone. “Jiayu... maybe Director Han’s account was hacked...”

Smack!

Jin Jiayu, who was already furious, slapped the assistant’s face. “Do I need you to tell me? He must have been hacked. Otherwise, he must have gone mad. He dared to replace me. Did he eat the guts of a leopard?”

Jin Jiayu had hit her hard. The assistant covered her red face and tears welled up in her eyes. However, she had to hold them back and apologize to Jin Jiayu. “I’m... I’m sorry, Jiayu.”

The other assistant next to her was trembling in fear. She did not dare to provoke Jin Jiayu, who was in a rage.

Looking at the messages in the group chat, Jin Jiayu was trembling with anger.

“He must be crazy!”

Jin Jiayu’s eyes were red. She did not look like she was about to cry. Instead, she was furious. Like an angry leopard, she pushed the assistant away and rushed out of the door.

Han Yongbing lived on the first floor. She wanted to ask him what was going on!

She had just stepped out of the door and entered the elevator. However, she did not have the access card to go upstairs, so she could only climb the safety staircase.

When she climbed upstairs, she saw Mu Jiao standing by the corridor, smoking in a bathrobe.

Seeing that she was here, she just glanced at her and curled her lips into a sneer.

Apparently, Mu Jiao had also seen the message in the group.

However, Mu Jiao was more popular than her and had a stronger network in the industry. Jin Jiayu did not dare to provoke her. Although she was angry when she saw Mu Jiao, Han Yongbing made her even angrier. She glared at Mu Jiao and walked towards Han Yongbing's door.

They lived in a special suite, so Han Yongbing and Shao Tianwen lived on the first floor.

Jin Jiayu went to knock on Han Yongbing's door. She did not even ring the doorbell. "Director Han! Director Han! Come out. Tell me why I was replaced! Did someone else send messages using your phone?"

As soon as she finished speaking, the door was opened. Behind the door was Shao Tianwen's cold expression.

Chapter 596: Did You Forget What You Are?

"Director Han and I are discussing the script. Why are you here?"

After all, Shao Tianwen was the current best actor. He was dignified. Jin Jiayu felt a little guilty when she heard his words, but when she thought about her own matter, she became so anxious that she could not be bothered with him. She directly pushed Shao Tianwen away and walked through the door.

Han Yongbing was sitting there with a script in hand. He was not surprised to see Jin Jiayu.

He glanced at her and then looked away. He put down the script. "I thought Producer Yang would call you to explain."

Jin Jiayu's face turned pale when she heard Producer Yang's name. "Explain, explain what?"

The matter between her and Producer Yang was not a secret, but it was still not something to be proud of. Han Yongbing saying it out loud was undoubtedly him mocking her.

And why should Producer Yang explain it to her?

Didn't that mean that it was true?

But how did they manage to get rid of Yang Yuan and replace her?

"Mainly..."

Han Yongbing dragged his voice and said slowly, "The other investors are not very satisfied with you. Producer Yang is also in a difficult position. Although the contract has been signed, we will still pay you the compensation as usual. There is a compromise. Why don't you take Su Cha's original role?"

Jin Jiayu almost fainted from anger.

She was trembling all over. "Do you know what you are talking about? You want her to act as the Empress Dowager, and you want me to act as a female number N? Compared to my status, is she worthy? What is she!"

"If she's nothing, why don't you think about how she managed to snatch your role?"

Shao Tianwen walked over from behind her and casually added, "When inside a circle, don't jump too high. Otherwise, how will you know who you will provoke one day?"

Although Shao Tianwen had always had a good temper, he did not like people like Jin Jiayu.

Jin Jiayu reacted. The blood in her body flowed to the top of her head and she froze.

If Su Cha had nothing to rely on, how would she dare to go against her again and again?

But she did not dare to imagine that her role would be taken away so easily.

Jin Jiayu could not take it anymore. Her eyes were red as she went out. She could not help but feel resentment in her heart, but she still endured it and made a call.

The person on the other side had already expected it. His voice sounded a little troubled. “Baby, how exactly did you make this drama’s producer unhappy? She is the biggest investor in this drama. It’s really hard to say anything on my end. Why don’t I give you another fashion magazine shoot as compensation and invest in a movie for you? How about that?”

“Can those be compared to this drama?!”

Jin Jiayu could not help but say in a shrill voice, “This is the anticipated explosive drama this year!”

To play an important role in this drama, Jin Jiayu knew very well what it meant to an actress.

Forget about the quality of the films that Yang Yuan would invest in; in the end, she would have to use her body in exchange for them!

Yang Yuan was unhappy when he heard her words. His voice turned gloomy. “Jin Jiayu, have you forgotten what you are now that you are famous?”

Jin Jiayu immediately reacted. She felt cold all over as if she had fallen into an ice cellar.

Chapter 597: Explosion (1)

Replacing actors at the last minute was not a common thing, but it was not unprecedented.

It was just that this kind of thing where roles were snatched away usually happened before filming had even started. Even though they were halfway through filming, the director said that he wanted to replace the person playing that role.

There were a few similar incidents in the industry, but most of those celebrities were not famous. People like Jin Jiayu were already considered big shots.

And the person who snatched her role was equivalent to a nobody in the entertainment industry.

She was just a little famous in the talent show industry.

Now, not only did they have to deal with Jin Jiayu's fans, but they also had to deal with the subsequent compensation issues. The production crew had already suffered a series of useless losses because of Jin Jiayu's scenes.

Overall, unless it was not a life-threatening problem, the production crew rarely made replacements for such an important role halfway.

But now that Su Cha had promised to take care of everything, no one cared.

The difficulty was that the role of Jin Jiayu had been announced beforehand.

"The Legend of the Crane" was quite popular. When the production was announced, many fans were already looking forward to it. Although most of them were aiming for the male and female leads, it did not mean that Jin Jiayu had no fans among them.

After all, Jin Jiayu went to the battlefield during the press conference.

It was Jin Jiayu's own fault that she got replaced, but her fans would not care.

Even if the official Weibo account of "The Legend of the Crane" did not mention the change in roles, the production crew did not sign any confidentiality agreement beforehand, so this matter was quickly spread through some channels.

Firstly, the news that other celebrities had received was that Jin Jiayu's role had been given to someone else. Moreover, the replacement was an actress who had been chosen after filming some scenes. The one who replaced her was the contestant Su Cha who was currently busy with a talent show.

Yes, the one with an extraordinary aura.

First of all, Jin Jiayu's backer was famous in the industry. If her role could be snatched away, who was this Su Cha?

Secondly, the marketing accounts under the celebrities started to become exposed.

Every celebrity would raise some basic marketing accounts. This was normal. Sometimes, they would expose the dirt on their competitors and compete for some resources.

There were many enemies in Jin Jiayu's industry. Once something happened, they would be stepped on by tens of thousands of people. However, Yang Yuan did not say that he had thrown Jin Jiayu away. He only said that the other producers were not satisfied with Jin Jiayu's performance, so they replaced her. Hence, they did not dare to say anything about Jin Jiayu.

However, not many people were happy with Su Cha's ability to rise up. Hence, this piece of news was spread on the night the production crew announced their role switch.

News first broke out: "Recently, a major incident happened in a certain production crew, H, which has started shooting. The important role of the second female lead was originally played by the female star, J, but in the end, something happened, and she was directly replaced by S, another female star. Let me give you a hint: the female star S is also a talent show singer."

"It hasn't been long since the production started. The production crew, H, is it The Legend of the Crane? Isn't the important second female lead Jin Jiayu? She had been officially announced. How could she be replaced? Who is the female star, S... I've checked and found out that there are no female stars with the initial S among the production crew. Could it be that she's not on the public list?"

"I hate people like you who keep posting letters. Can't you just write the post directly? As a middleman, you want to earn a profit?"

"Who the hell is the H production crew? Who is the female celebrity J? Who is the female celebrity S?"

The trending comments were at a loss...

"The number one trending comment is a big deal!!"

Chapter 598: Explosion (2)

This ambiguous revelation made everyone confused.

After all, everyone did not dare to reveal too many details as the production crew was very powerful. Otherwise, they would be offending people.

However, this world did not lack enthusiastic netizens. They could spot hints and determine the truth from there.

Firstly, the production crew, H, was exposed. It was a big production series, “The Legend of the Crane,” which was recently joined by the best actors and actresses. Almost all the artists involved were big names, and there were exceptions.

It was too obvious who the second female lead was. As long as they’d already determined that the production was “The Legend of the Crane,” everyone would know that this second female lead was to be played by Jin Jiayu.

Not many people knew about Jin Jiayu’s real information, but she was currently a popular first-tier star. The casting had already officially been announced, and the posters had been made. How could this person be replaced so easily?

It was rare for the public to witness such a scene.

The most difficult to understand was this female celebrity S.

Everyone had looked through the list of names that the production crew had announced, but there was no news of a female celebrity S.

They could only target the celebrities who had participated in a talent show and were transferred to the entertainment industry by the singing industry. After all, the higher-ups did not say that they were currently participating in a talent show. Otherwise, it would be obvious.

Wasn’t Su Cha the only one who was participating in a competition?

However, because Su Cha’s name was not on the list, and the singing competition that Su Cha participated in was extremely busy, most people would not think too much about her. For a time, many female contestants were shot.

Jin Jiayu’s fans did not care. They could not believe that their main character had been replaced!

She had been replaced!

They were so furious that they started to attack the female celebrities in the talent show industry.

There were those who wanted an explanation from the official Weibo account.

There were also those who went directly to the production crew to cause trouble. In addition, there were also those who came to visit the production crew. Although they could not see the real scene, those celebrities who appeared would still be photographed.

Su Cha was exposed the next day.

The main reason was that Tan Jinsui wanted to suppress this matter for a while, but Su Cha did not let him.

That was why she was exposed so quickly.

[Stop arguing, the person who stole the role from female star J is here!]

OP: “I think I’m doing something big. I didn’t dare to believe it when I saw the photo. This is already a stone hammer, right? It has been an explosion since yesterday. There are countless talent show singers who were shot in the middle of the night. In the end, they all took a bullet for someone. The real person is here! This is what the OP and his friend feared at the scene that was sent by the original owner. It’s impossible for her to appear here without a reason, right? It’s also impossible that she’s here to visit the set. Currently, everyone in this production crew has information about her being able to visit the set. Moreover, there’s also the stone hammer [Picture] [Picture] [Picture]”

1L: “The OP is really great!! F*ck, it’s actually her!!”

2L: “She’s really not a simple character. She’s still participating in the competition, but she can actually snatch away such a big production’s second female lead?”

3L: “What exactly is her background? I’m really confused. Why can’t the popular female stars compete with her? Moreover, they are filming right now, and the official announcement has already been made. She has snatched everything.”

4L: “... I think she’s prettier than Jin Jiayu.”

5L: “Being pretty can’t hide certain things. To be able to snatch away Jin Jiayu’s role, it seems that it’s a competition between sugar daddies.”

Chapter 599: Admitting My Own Misfortune

A fan who came to visit the production crew accidentally took a photo of Su Cha.

Actually, at this time, the roles had just been switched. The production crew was still making adjustments based on the scenes. Su Cha was just discussing the follow-up script with Director Han. She had not even started acting when she was filmed.

The production crew’s confidentiality agreement was not bad. After all, it was a big production crew. Unfortunately, there was no secret in this world. Moreover, Su Cha did not intend to hide it herself, so this matter was easily exposed.

Smack!

Jin Jiayu, who had been asked to leave the production crew, stayed in a suite in the Imperial Capital Hotel. She threw a glass cup on the wall again.

Beside her was her manager, who kept answering the phone with a gloomy expression. “Yes, I know.”

“It’s not our Jiayu’s fault. The other party is too powerful. What can we do?”

“I didn’t receive any other news. Jiayu’s compensation is in place!”

“Alright, we won’t be accepting interviews for now. Let’s talk another day.”

...

On and off, the phone kept ringing, and the assistants were busy working.

With such a big matter, there would naturally be many reporters who wanted to know the specific truth. Whether the person involved was willing to accept an interview was another matter.

During this time, the sound of Jin Jiayu smashing the cup was a song of accompaniment.

“Stop smashing!”

After she hung up the phone, the manager’s temples throbbed. She simply muted the phone and stopped answering.

“If you have time to lose your temper here, why don’t you think about how to get Producer Yang to help you vent your anger?”

“Him, help me vent my anger?”

Jin Jiayu turned around, and her vicious eyes made the manager’s heart skip a beat.

They were like those of a venomous snake. Once bitten, you would be consigned to eternal damnation.

Her face turned pale, and she looked like she was about to go crazy. “He can’t do anything about my role being snatched. How can he stand up for me? I underestimated that bitch. A few investors ganged up on me, she really went all out. I don’t know how many people she accompanied!”

“Enough, there’s no guarantee that that’s true!”

The manager had also heard of the investors of this production. Two of them were very mysterious. If the two of them had spoken, Producer Yang would definitely not disagree.

She had never heard of those producers being muddle-headed, but the manager would rather think too much.

Otherwise, it could only prove that Su Cha's background was more terrifying.

After all, what could she do to make those investors replace Jin Jiayu?

She must have a powerful background!

Jin Jiayu glared at her manager, which made her scalp tingle. "Okay, okay."

She had to soften her tone. "It's not that we don't have a chance now. We haven't received any other news, which proves that the other party won't dare to act rashly after snatching your role. Let's grab this matter and expose it first. Even if the role is snatched, we can't let her have a good time. She has the label of snatching your role on her, so we just need to add fuel to the fire. What do you think the netizens will think? Her reputation is tarnished, so you can be considered to have vented your anger!"

"Who cares about fame? I only care about those resources!"

Jin Jiayu stood up straight. Her entire body was tense, but she had no choice but to sit down again. After a long while, she asked in a defeated tone, "What should we do?"

The manager heaved a sigh of relief. "I will inform my assistant and the company. I will also send someone to investigate Su Cha's identity."

Jin Jiayu suddenly asked, "What if they find out that we can't afford to provoke them?"

The manager frowned and said fiercely, "Jiayu, we can only blame ourselves for being unlucky!"

When she heard this, Jin Jiayu's eyes turned vicious.

Chapter 600: Unimportant

Do you think I am unlucky?

No, from the moment she entered the industry, from the moment she started climbing into the producer's bed, she would never allow such a thing to happen!

...

"You got the second female lead in Legend of the Crane. Oh my god, am I seeing things, Su Cha?!"

The voice on the phone was a little piercing, but it made one feel happy. Su Cha raised her eyebrows slightly and smiled helplessly. "Is it so impossible?"

Le Anqi was overjoyed. "It isn't, but I just can't believe it. Legend of the Crane! Both the male and female leads are the best actor and best actress. Shao Tianwen is even more popular. I didn't expect you to get the second female lead to act with them! Su Cha, your manager is really awesome!"

Le Anqi had called Su Cha as soon as she saw the news.

However, she did not think too much about it. She knew that Su Cha had a legendary manager, Tan Jinsui, backing her up. Naturally, she attributed everything to Tan Jinsui.

Su Cha smiled and did not explain further.

"But it's not easy to explain to Jin Jiayu, is it?" Le Anqi's voice became worried again. "Jin Jiayu's fans have been bashing you online. Su Cha, what exactly is going on?"

Jin Jiayu was now a small star who was about to become an A-list celebrity. She had countless fans, and her fighting strength was not something a talent show fan like her could compare with. She was already blowing up on Weibo.

She could not stand to see any comments that insulted Su Cha.

Although the report said that Su Cha had snatched someone else's role, Le Anqi instinctively felt that Su Cha would not have done such a thing if nothing else had happened.

"I had a conflict with Jin Jiayu. She wanted to deal with me, so I took action first."

Su Cha casually explained the matter about Jin Jiayu. Le Anqi instantly understood. “No wonder!”

She did not know much about the industry, but she was a little puzzled. “Isn’t it troublesome to change roles?”

“Please, the production crew will deal with it.”

Su Cha did not say much. After all, Le Anqi was not suited to know.

“Oh...”

Le Anqi nodded as if she understood, but soon, she simply became happy for Su Cha. “Who cares about her? Let’s not care about other things. We just have to get the role and act well. Those words on the Internet will blow over soon.”

As long as this matter was set in stone, no matter how much they bashed, it would be useless.

To a certain extent, Le Anqi was very filtering for Su Cha.

Su Cha smiled. “I know. I don’t care.”

She did not ask the company to take action for the time being. She already knew that Jin Jiayu’s agency was orchestrating the public opinion.

This matter had caused Jin Jiayu to suffer a huge loss. If it were other female celebrities, they would fight to the death. Su Cha did not think so, but Jin Jiayu definitely thought so.

If she could not get the role back, she would definitely find a way to make Su Cha suffer in other aspects.

Because Su Cha had gotten the role too suddenly, many people on WeChat asked her about it, including Su Cha’s nominal mother, Dai Xiaofu.

She had only recommended Su Cha to play an ordinary role. How did she become the second female lead in the blink of an eye?

If the assistant director had not told her, she would not have known about it.

Dai Xiaofu did not pay much attention to the news online. She did not pay much attention to it usually, but she knew that it would be a bloodbath. When she asked Su Cha, Su Cha simply told her. It seemed like it was just a trivial matter.
