

The Queen 601

Chapter 601: I Did It with My Strength!

“At present, it’s already a foregone conclusion that a certain female star S will be able to squeeze into the female star J’s role. There are many opinions about this matter on the Internet, and there are countless fans bickering with each other. I wonder if the two involved will...”

“It’s said that Jin Jiayu, who has gotten an important role in Legend of the Crane, has had her role snatched away. The person who snatched her role is just an unknown newbie!”

...

On TV and Weibo, the news media had started to report about this matter.

If Su Cha had made a name for herself in the singing industry and made the public familiar with her, she was now completely popular.

Because of the dispute with Jin Jiayu.

She was an A-list celebrity, after all, and her popularity was not just for show.

Su Cha’s sudden appearance broke her dream.

Other contestants would compete quietly after the competition, but this person was so ambitious that she had already started to enter the entertainment industry?

She had not even released a single record!

Su Cha was being bashed by the whole internet.

It was not nice to snatch a role, especially when it was from a popular female celebrity.

Although many people were speculating about Su Cha's ability to snatch the role, this matter had also attracted a lot of dissatisfaction.

The fans of the drama itself expressed that they did not care. Anyway, Jin Jiayu in that role was no good. If it were Su Cha, she would look slightly better...

As for the rest, they were all cursing.

Even Su Cha's fans had some objections. The singing competition had not ended, but she was already thinking of something else.

Over at Su Cha's Weibo, the comments on her latest post had reached hundreds of thousands.

Most of them were criticizing and questioning.

Most of them were Jin Jiayu's fans.

It was unrealistic to expect the person in the room to pretend to be blind.

Bai Kun was stunned when he saw it. After reporting to Bo Muyi, other than his master being angry, he also said, "What of this Jin Jiayu? Ban her!"

Before receiving the order, Bai Kun told Su Cha.

Su Cha played it down. "What's the point of banning her? This has just begun. If I ban this person, will I still be able to survive in the entertainment industry in the future?"

Bai Kun: "...With Young Master's temper, she won't live long."

"No need. I will tell him that Jin Jiayu will not be touched for now."

Bai Kun knew that she had an idea in mind, so he did not say much. He just said, "Yes, I hope Miss Su can tell the young master earlier."

After all, the young master had given the order. It was impolite for him to have spoken to Su Cha first. If Su Cha did not coax Bo Muyi earlier, Bai Kun felt that he would probably die.

Su Cha could tell what he meant and chuckled. “Okay, I know.”

After hanging up, she sent Bo Muyi a message so she won’t disturb him while he was working.

In the WeChat groups, only one kept the notifications vibrating.

Martial Alliance Elder, Weng Zhinan: “How infuriating. The people on the Internet are criticizing the Little Alliance Master too harshly. The Little Alliance Master got the role through her own strength. How can they say that she snatched it?”

Martial Alliance Elder, Yun Zu: “You have a very thick fan filter for her. [Big Brother Drink Bull’s Spleen.JPG]”

Vice Alliance Master of the Star Alliance, Tan Yeluo: “It’s rare for me to agree with this old thing. Your Martial Alliance must have misunderstood our new Alliance Master.”

Alliance Master of the Star Alliance, Cha Yi: “Yes, I got it through the back door with my own strength. How dare they say that I snatched it. They are really rude!”

Chapter 602: Announcing Sovereignty

Martial Alliance Elder, Yun Zu: “...”

Vice Alliance Master of the Star Alliance, Tan Yeluo: [Big Brother Drink Beer.JPG]

Martial Alliance Elder, Hong Hangyi: “Yes, the Little Alliance Master got it with her own strength!”

Martial Alliance Elder, Weng Zhinan: “The Little Alliance Master is the best!”

Star Alliance Elder, Buzhou: “Of course the Alliance Master got it with her own strength. Our Alliance Master is the most powerful.”

Star Alliance Elder, Tang Hefei: "..."

To be honest, the Martial Alliance elders' blindfolded praise made Su Cha blush.

It seemed that the Martial Alliance had a very strong filter on her.

Soon, Su Cha saw someone else in the WeChat group.

Master Ye: "Hello, Little Alliance Master. How old are you? Are you married? I have two sons. They are both handsome and elegant. They are 1.8 meters tall. You can marry them. What do you think?"

The Ye family's master?

Su Cha raised her eyebrows. Why have I never heard of them?

But soon, it was as if a stone had stirred up a thousand ripples. Su Cha saw that the group of elders wanted to see the world in chaos.

Martial Alliance Elder, Yun Zu: "@Bo"

Vice Alliance Master of the Star Alliance, Tan Yeluo: "@Bo"

Martial Alliance Elder, Hong Hangyi: "@Bo"

Martial Alliance Elder, Weng Zhinan: "@Bo"

Star Alliance Elder, Buzhou: "@Bo"

The Ye family's master, Ye: "????????? What's wrong with the elders today? Why did they @ the Bo family for no reason?"

Su Cha remembered that Bo Muiyi was also there in the group, but he was a ten-thousand-year-old fossil who basically did not know how to communicate.

As the head of a corporation, he naturally did not have the time to chat with these elders. Moreover, he was not the kind to chat using WeChat.

Other than occasionally receiving messages from his subordinates and replying to Su Cha's messages, Su Cha had never seen him chatting with anyone.

Unexpectedly, Bo Muiyi, who had not replied to other messages, replied.

Bo: "@Ye family's master, Uncle Ye, I haven't visited you in a long time. This is my fault, I will visit you another day."

Vice Alliance Master of the Star Alliance, Tan Yeluo: "A group photo!"

Martial Alliance Elder, Yun Zu: "Oh my god!!! What a monumental moment this is! Let's take a photo together! We have to take a photo together!"

Martial Alliance Elder, Hong Hangyi: "Amitabha..."

Elder Buzhou: "... What should I say?

Ye family's master, Ye: "... Ahem, Muiyi, I'm a little flustered by your sudden behavior. Why did you suddenly appear?"

Bo: "@All members, @Alliance Master of the Star Alliance, Cha Yi is my fiancée."

Su Cha's heart skipped a beat. Of course, after a century of silence, the group exploded!

Bo Muiyi stopped chatting and called Su Cha.

Su Cha did not know whether to laugh or cry. "It's obvious that the head of the Ye family is joking. Why do you care so much?"

Bo Muyi spoke sincerely and earnestly. Su Cha could feel his frown through the phone. “Cha Cha, you don’t understand. Many seniors in the aristocratic families have never fixed their bad habits. They like to blindly matchmake others when they are bored. They especially like your type of delicate young lady. The kind that looks easy to fool. If I didn’t announce my sovereignty earlier, being that you are the Alliance Master of the Star Alliance, many people would want you in the future.”

Su Cha: “...”

It was reasonable and convincing.

But he did not have to threaten others in the group.

He was even coming to visit that person another day. It could be seen how scared he was. He felt that something was wrong when he saw the string of words through the phone.

This group was an important group in the martial arts world. Although there were many people who were joking around, almost the entire martial arts world knew about it once the news was announced.

Chapter 603: Retarded Fan

Jin Jiayu’s company started to send a large number of Internet Water Army to lead public opinions on the Internet. They were all criticizing Su Cha.

Anyway, it was true that Su Cha had snatched the role. They used this to mock her and successfully made Su Cha a black mark in their hearts.

Outsiders could not understand the truth. Naturally, they would judge based on the surface. Su Cha became the subject of ridicule online.

It was too easy for a celebrity to become a laughingstock.

Although Jin Jiayu’s reputation was not good...

Netizens nowadays would not kick celebrities out of the entertainment industry for no reason, but there were still people who commented on the official Weibo account of Dreams in Progress, saying that if Su Cha did not want to concentrate on participating in the competition, she should quit.

She did not want to waste time.

She could not withdraw from the competition. Su Cha got first place in the singing competition based on her ability. Why should she withdraw?

Who set the rule that she could not act after participating in the competition?

Must she concentrate on the competition to prove her excellence?

No, outstanding people could do anything.

Her words were heartbreaking, but Su Cha's popularity was not bad before. Although the nature of this matter seemed to be very serious compared to that of other celebrities, she was not affected at all. Besides, online bashing did not affect reality.

To put it bluntly, even if she were to be bashed, Su Cha would still have a lot of resources.

Tan Jinsui was behind her, so it was impossible to affect her.

Of course, soon, some people felt that something was wrong.

Su Cha's manager was now Tan Jinsui. He naturally had the ability to turn the situation around. Why was there no movement from him until now?

Or did Tan Jinsui feel powerless?

But...

They could even snatch the role. They really did not think that Su Cha and Tan Jinsui could not resolve such a matter. Why did it feel like they were plotting something?

No matter what the netizens said, Su Cha had to participate in this week's competition.

However, she still had something on her mind.

When the competition started, she was backstage preparing for the competition.

There were only five contestants left. At this time, almost all the contestants had their own dressing rooms. After she was ready, someone suddenly barged in and threw something at her.

The moment Su Cha's eyes narrowed, Fu Mo, who was standing next to her, almost reflexively turned her body. She kicked out with lightning speed and accurately landed a hit on the object.

Smack!

The thing that was kicked hit the wall and exploded.

It turned out to be a bottle of water, but Fu Mo had used too much strength when she kicked it.

The water flowed down the wall and quickly wet the ground. However, there was no reaction. It was just ordinary water.

The person who threw the bottle was stunned and stared at Su Cha.

It was a little girl with a ponytail. She did not look old, and no one knew how she got in.

Fu Mo's eyes darkened. Just as she was about to rush over, Su Cha reached out and stopped her. She walked to the girl and pinched her chin. "You broke in here and threw something. Do you know how long you can be detained by the police? Do you know that they will keep your record forever?"

She was a head taller than the little girl and looked down at her from above. Her slightly indifferent eyes gave people a lot of pressure. The little girl blushed and looked at her with tears flowing out.

Her body trembled slightly. When she saw Su Cha in front of her, she became a little afraid.

Chapter 604: Zuo Shaoxin's Mother

She bit her lips and did not say anything, but the emotions in her eyes revealed her fear.

Fu Mo walked over and whispered, "Call the police directly. Don't waste your breath."

Hearing that about the police, the girl became even more afraid. Finally, she said, "Who asked you to steal my Sister Jiayu's role?!"

Su Cha did not let go of her. Hearing this, she found it amusing. "So you are a fan of that stupid woman."

Hearing her call her a stupid woman, the little girl widened her eyes and the atmosphere became even more tense. "You... You have no manners!!"

Su Cha reached out to shake her off. "What kind of qualities do I need from you people? What kind of qualities do you have to be able to come here and throw a bottle at me? If there's something in your bottle that shouldn't be stored, I could chop off your hand right now!"

Some of them were frightened by Su Cha's bloody words. She shivered and quickly added, "No, no, it's just plain water."

She started throwing things without hesitation, but now she looked like a pitiful girl.

But Su Cha showed no sympathy. She gestured at Fu Mo. "Take her out."

Fu Mo nodded and pushed the person out.

At first, she pretended to be timid in front of Su Cha, probably because she could not control herself.

To be honest, Su Cha was quite satisfied.

After a while, Fu Mo returned.

“She went to school in a nearby high school. I asked the staff to deal with her. I called their school and told them what happened. The school said that they would take note of it and apologize to us.”

In a short period of time, Fu Mo had dealt with it rather quickly. This was unusual.

However, Su Cha did not probe further and just nodded.

It seemed that she had underestimated the idiocy of Jin Jiayu and her fans.

They would do anything for their idol.

Unfortunately, she was not a fan.

...

The competition officially began. The five people's competition was affected by various atmospheres and rules, and it dragged on for a few hours.

Although she was affected by the Internet crisis, it seemed that Su Cha's popularity did not fluctuate much. In the competition, she had already won first place with an unshakable advantage.

The biggest injustice in this competition was that once the popularity of the competition was fixed, the first placer would always be number one.

For example, Su Cha.

As long as she did not make a fatal mistake in her performance, her voice and popularity would support her to the end. This was something that the judges were well aware of.

Besides, she was a hot topic now, which was exactly what the production crew needed. No matter what the reason was, Su Cha was undoubtedly in the top three.

Yu Shuran was eliminated from the national Top Four. There were only two episodes left.

After the competition officially ended, she would officially debut as a singer.

Now, Tan Jinsui had started to prepare Su Cha's album.

It was also at this time that the Zuo family came again.

Perhaps it was because the matter on the Internet had blown up so much that it was impossible for her to pretend not to see it. After the competition, Su Cha had to take a taxi back to the Lookout Pavilion. On the way back, the company called and said that someone was visiting. An old lady claimed to be from the Zuo family and was waiting at the company with Zuo Zhici.

The caller was the company's current manager. Su Cha thought about it carefully. Ruan Yin was not an old person in the Zuo family. She recalled Zuo Zhici saying that the old couple from the Zuo family had returned. Most likely, this person was Su Cha's biological grandmother.

Zuo Shaoxin's mother.

Chapter 605: Old Madam, You Are Thinking Too Much

Su Cha thought for a while and asked the driver to go to the company.

Now that she was filming, other than when participating in the show, she was mostly with the production crew. There was no other way to see her.

Moreover, Su Cha reckoned that if the Zuo family had someone from the martial arts world, they would already know that she was the Alliance Master of the Star Alliance.

What good could come to her at this time?

Su Cha curled her lips and started to think about something as she followed the scenery outside the car window.

The car soon arrived at Cha Yi Management Company. Su Cha checked and confirmed that the two had not left before heading upstairs.

When she arrived at the company, the receptionist quickly came over when she saw her. “Miss Su, those two are in the guest room.”

Su Cha went over and saw Zuo Zhici and a white-haired old lady who was old but dressed elegantly.

The old lady had an extraordinary aura. Although she was old, one could still see her youthful appearance.

After all, if she could give birth to a son like Zuo Shaoxin, she would definitely be a good mother.

Besides, she came from a wealthy family.

Zuo Zhici was the first to see Su Cha’s sudden appearance. When she saw Su Cha, her eyes lit up and she waved at her. “Sister!”

The old lady next to her looked over and paused when she saw Su Cha.

Su Cha saw Zuo Zhici and felt a little strange.

She had once saved her sister because she could not leave her in the lurch.

But now that she had regained her memory and found out what Zuo Shaoxin and his wife had done to Zong Yanxiu, she felt conflicted.

She would not vent her anger on Zuo Zhici. However, if she were to attack Zuo Shaoxin, there was no need for her to acknowledge her siblings.

From the moment they parted, their lives had changed.

Zuo Zhici did not know if she was imagining things, but she felt that when Su Cha looked at her, her usually indifferent eyes seemed to have become colder.

Her calm eyes became deeper and deeper, making it hard to see her emotions clearly. She was at a loss.

Did I make her unhappy again?

The old lady was sizing Su Cha up.

Her scrutinizing gaze did not make it seem like she was looking at her granddaughter whom she had not seen for a long time. It seemed like she was checking if she was qualified.

Su Cha looked at them coldly. "Why are you looking for me?"

Due to her calm and emotionless voice, Zuo Zhici's enthusiasm was slightly dampened. She was stunned for a moment before she quickly gathered her spirits and pointed at the old lady. She introduced happily, "Sister, this is our grandma. She knows that you've been busy recently, so we didn't disturb you. But Grandma and the rest are leaving, so she came to look for you personally. She hopes that you can go back."

Perhaps it was because of Zuo Zhici's words, the old lady stood up and smiled as if she was being especially intimate. "It's been so many years since we last met. You've grown up."

She sighed and did not mention anything else. She just felt sad for some reason. "Our Zuo family's children are different. No matter where you are, you are still outstanding."

Both were equally outstanding?

If she had not been reborn, would she have had the chance to enter this old lady's eyes in her previous life?

With one look, Su Cha knew that the lady was not a simple person. She smiled and said, "Old madam, you are thinking too much. Whether I am outstanding or not has nothing to do with my being your Zuo family's daughter. My father taught me well."

Now that she had acknowledged Zong Yanxiu, Su Cha naturally did not hide his name.

Chapter 606: Heartless

Ni Jun did not expect Su Cha to say this, and her expression darkened.

Su Cha did not return to the Zuo family. So who was this father she was referring to?

Could it be her adoptive father?

The Zuo family knew very well what her foster father was like.

Zuo Zhici bit her lips when she heard how mercilessly Su Cha spoke upon seeing their grandma. She felt sad.

After Su Cha saved her last time, Zuo Zhici's prejudice against her had lessened.

In the end, she was a straightforward person. Good and bad were both doled out quickly.

However, Zuo Zhici was puzzled by Su Cha's refusal to accept them.

Why was she so reluctant to return to the Zuo family?

Ni Jun was not angry. She hid all her emotions and only showed some sadness. "I know that our Zuo family has treated you unfairly for so many years. Since we managed to find you this time, we naturally have the intention to make it up to you. As long as you return to the Zuo family, we can give you anything. Su Cha, we don't object to you entering the entertainment industry. We are not so rigid. Grandpa and Grandma miss you very much, so come with us back to the Zuo family, okay?"

"Your mother has become thinner because of you. She is your biological mother. Can you bear to do that to her?"

This old lady had some tricks up her sleeves.

She did not say much and used such a tone to play the sympathy card. It was as if she was hypnotizing people. If ordinary people were not firm, they would be swayed by her words.

Unfortunately, Su Cha was stubborn.

“How cruel!”

She curled her lips. “She can lose a few pounds more. What’s there to be sad about?”

Ever since she found out about what Zuo Shaoxin had done, what else could Su Cha not bear to do?

Su Cha’s words made Ni Jun’s expression change.

Zuo Zhici also looked at Su Cha in disbelief. “Sister... what did you...?”

She did not understand the circumstances, and she could not believe Su Cha’s heartless words.

Su Cha would not explain further. She did not care about Zuo Zhici’s opinions.

She looked at Ni Jun quietly. “If there’s nothing else, you can leave. I’ve made myself clear. I will not return to the Zuo family.”

I will not let your son off.

Su Cha did not say it out loud.

Ni Jun frowned. “Su Cha, our Zuo family is also a famous family. What reason do you have to not come back? Besides, she is your biological mother. Aren’t you being a little too heartless? It was not your parents’ intention to abandon you. They had no choice but to do so. They had unspeakable difficulties. Now, they want to make it up to you. Your grandfather and I also want you to go back. Even if you don’t care about your parents, don’t you care about our wishes?”

“Old Madam, I don’t want to say anything nasty.”

She looked up and glanced at Ni Jun, “What difficulties? I don’t want to know. I only have one father now. His name is Zong Yanxiu.”

She curled her lips and saw that Ni Jun's expression had become a little strange. Her smile became deeper. "I believe you know him?"

Her expression changed when she heard Zong Yanxiu's name.

After calming her breath, Ni Jun could not say anything else. She said to Zuo Zhici directly, "Zhici, let's go."

Zuo Zhici glanced at her grandma then at Su Cha before leaving.

Chapter 607: Different Thoughts

Su Cha did not feel anything when she saw the old lady.

At that time, Ni Jun was obviously someone who could not let go of her pride. After Su Cha rejected her, she immediately returned to her original self.

It was obvious that she did not really want Su Cha to go back to them. She had an ulterior motive.

But after hearing Zong Yanxiu's name, she'd revealed some flaws.

After all, the matter between the Zong family and the Zuo family had been blown up back then. The two families were still enemies.

No matter how thick-skinned Ni Jun was, she could not be unaware of who Zong Yanxiu was.

How could she not know about matters involving her son and daughter-in-law?

So when she heard Su Cha mention Zong Yanxiu, her expression changed.

Tsk.

Su Cha sneered and turned to leave the company. At the same time, she sent a message to Tan Yeluo. She wanted to know about the Zuo family.

Since the Zuo family was an aristocratic family, it must also have something to do with the martial arts world.

She wanted to see if she could create trouble for them with her status as the Alliance Master.

...

Sitting in the car, Zuo Zhici could not suppress the question in her heart. "Grandma, who is Zong Yanxiu? Why did Sister say that he is her father? Could he be her adoptive father?"

Zuo Zhici only knew a little about Su Cha. She had not investigated her circumstances before. Her parents were the ones who did it.

When Ni Jun heard Zong Yanxiu's name, her expression changed. However, she could not say anything harsh to Zuo Zhici, so she said, "He's a man who likes your mother. He used tricks to snatch your sister away back then!"

Zuo Zhici was stunned. "Didn't you say that my sister was abandoned by my parents? What is this about someone else snatching her away?"

It was rare for Zuo Zhici to notice that something was wrong. Ni Jun was stunned and instantly looked sad. She sighed and said, "Back then, we did not intend to abandon your sister. It was just that your parents were not officially married at that time. There were many uncertain factors, so I'd had no choice but to send your sister away. In fact, this was done to protect her. Zong Yanxiu took your sister for some reason. We wanted him to return her, but he did not. He even threatened your sister's life."

"It's a pity that your sister has been deceived. After all, it has been so many years. Who would believe what happened back when one was so young?"

Zuo Zhici was still dumbfounded.

Her parents were merely not married yet. How could there be any uncertain factors because of that? Why did it seem like whatever it was could threaten her sister's life?

Zuo Zhici had grown up in the Zuo family all these years. She was innocent, and she had been well protected.

Her parents could protect her and her brother as they were growing up, so how could they not protect her sister?

What exactly happened back then?

She was innocent, but she was not stupid. These questions could not be set aside once they appeared.

However, she knew that she could not get an answer from her grandma. She felt that her sister's matter was a mystery.

Lowering her head, Zuo Zhici thought for a while and said gently, "Grandma, I understand. When I can, I will persuade Sister."

Ni Jun looked at her gently and held Zuo Zhici's palm. "You are Grandma's good granddaughter. Some things are too complicated. You don't understand it now, but you will understand in the future. As elders, we just want our descendants to live a carefree life. We have such expectations for you and your parents."

After all, Ni Jun was her biological grandmother. Zuo Zhici's heart warmed as she listened. She suppressed the doubts in her heart and rested her head on Ni Jun's shoulder. The old and the young looked at the scenery outside the car window, each with their own thoughts.

Chapter 608: The Empress Dowager Arrives Again

"Do you want to know about the Zuo family's relation to the martial arts world?"

When she returned home, Su Cha saw Bo Muyi sitting there. He was in the study room. Seeing Su Cha return, he spoke slowly.

Su Cha was stunned. She recalled that she had just asked Tan Yeluo for help and narrowed her eyes. “Tan Yeluo told you?”

Is this traitor still the Vice Alliance Master of the Star Alliance?

Bo Muyi chuckled and waved at Su Cha. He could not help but dote on her. “If you want to know, just ask me. Why are you asking an outsider?”

“Tan Yeluo is the Vice Alliance Master of the Star Alliance. Since I’m the Alliance Master, I have to look for her.”

Bo Muyi raised his eyebrows and thought about it. That made sense.

He hugged Su Cha and kissed her. He could not help but lower his voice when he saw the glow on the girl’s face. “I will ask Bai Kun to organize the information for you. Cha Cha, we haven’t had a good talk in a long time.”

Look at his use of the art of speech!

Although Su Cha had indeed not been home after participating in the competition for so long, she could not help but say, “Haven’t we been chatting well?”

Bo Muyi looked at Su Cha innocently. “I’ve only been chatting with you every day.”

As he spoke, his scorching palm reached towards Su Cha’s waist.

It seemed that she would not have dinner tonight.

When she rejoined the production crew, the arrangements were almost done. Su Cha began to officially act in the role of Empress Dowager Yu Wan.

She had become the second female lead. Although there was a lot of criticism online, Su Cha seemed to be unaffected by it. Mu Jiao and Shao Tianwen paid more attention to her.

She was not overbearing, but her aura was intimidating. Even the second male lead, Nie Cha, was shocked when he found out that Su Cha had become the second female lead.

Although Jin Jiayu was not well-liked, now that Su Cha had taken over, everyone in the production crew was speculating privately. They could not help but engage in some gossip and doubt the truth.

Today was the official shoot of Su Cha as the Empress Dowager and the first audition.

The makeup artist in the production crew was putting on makeup for her while Su Cha was silently memorizing Yu Wan's lines.

Yu Wan was the second female lead. She had a lot of lines and scenes. It was not something a minor character like Chao Yun could compare with. Su Cha had also gotten this new role at the last minute, so she had little time to memorize many scenes.

She had already changed into the Empress Dowager's costume with her eyes closed. The makeup artist and stylist had been tormenting her for a few hours. When Su Cha had memorized most of the lines, she heard the makeup artist say in surprise, "Done!"

Su Cha opened her eyes and saw herself in the mirror.

In a trance, she felt like she had returned to her previous life.

She was the one who held all the power and influence.

The production crew had put in some effort to hire a few historical consultants who were knowledgeable about Yun Tang. The resulting makeup and styling were really charming.

But what was surprising was her face.

It was exquisite and gorgeous, but it was not tacky or gaudy. Her originally cold and pure face, when coupled with her gorgeous makeup, appeared to be dazzling, completely blooming with the peerless elegance that she should have.

Her long and slender eyebrows were gently raised and she looked graceful. It made people nervous and terrified.

The real mother of the world was still in control of the imperial power.

Chapter 609: Makeup, Living Yu Wan

The makeup artists in the production crew had helped countless celebrities with their makeup and styling, but this was the first time they saw Su Cha like this... She looked intelligent.

Yes, it was spiritual.

If she was not the most beautiful, she must be the smartest one. The makeup of the character was done according to the director's and history consultant's requirements. However, after the makeup artist had put on Su Cha's makeup, she suddenly felt that Su Cha was like the Empress Dowager in the drama. For a moment, there was another lively aura around her.

It was as if she was really the young Empress Dowager who was scheming and who had monopolized power at a young age. Although she was extremely beautiful, she still made countless people fear her.

After watching for a long time, the makeup artist felt a sense of trepidation. The pressure was directed at her cervical vertebra, as if something was forcing her to lower her head unconsciously. In order to ease her embarrassment, the makeup artist deliberately joked, "The Empress Dowager has really become alive."

Su Cha looked at her with interest. "Why do you think she's not the empress?"

Ordinary people who acted in such ancient dramas would rarely call themselves the Empress Dowager. Usually, it was the Empress who had an outstanding appearance.

The makeup artist shook her head. "I think there are some characteristics she has that don't seem to belong to an empress."

She could probably explain it in detail, but she did not know how to say it. It seemed unreal.

Anyway, Su Cha's aura was indeed shocking.

When she stood up, the makeup artist and the stylist who helped her bowed subconsciously to support Su Cha's palm.

The makeup artist: "..."

The stylist: "..."

It was an instinctive action.

Su Cha chuckled. Her laughter did not contain much emotion, but it made both of them blush.

As Su Cha had been styling for too long, there were not many people in the dressing room. Wearing this outfit, Su Cha walked out directly.

When she suddenly appeared, the entire production crew fell silent.

Those who were busy with work could not help but look at her.

She was wearing a bright orange dress that was similar to Jin Jiayu's, but everyone could tell the difference between them.

If Jin Jiayu had completely destroyed the character's image, Su Cha, who was younger than her, had overpowered her stunning makeup and became the best in the world.

Especially when she walked over step by step, she was as elegant and beautiful as a court lady, but she did not have that petty air.

The mysterious smile on her lips, coupled with the deep makeup eyeliner that the makeup artist had drawn for her, made her eyes look like they were filled with mist. One look at them would make one's imagination run wild.

She was like a peerless beauty whose thoughts one could not figure out. One could not help but want to understand her and probe her, then accidentally fall into her trap.

It was hard to imagine that she was only 18 years old.

The thick and heavy palace outfit did not ruin Su Cha's figure at all. She straightened her back and walked towards the crowd. Han Yongbing, who was a distance away, was shocked when he saw Su Cha.

Yu Wan.

The living Yu Wan.

His hand that was holding the loudspeaker trembled slightly. It was as if he had really seen a powerful Empress Dowager from a thousand years ago appear before his eyes.

It brought about the glory of a top-notch schemer and of a dynasty.

The photographer could not help but raise his camera. Without any instructions, a click was heard and the scene was forever fixed.

If the photo was released, public opinion would blow up.

Chapter 610: Yu Wan's Act

"Director."

It was not until Su Cha had walked in front of them that they came back to their senses.

Han Yongbing shook his head in disbelief. Only after Su Cha spoke did he realize that it was Su Cha.

His eyes were filled with amazement and excitement. He praised, "Good!"

Needless to say, Han Yongbing was very satisfied with Su Cha.

The production crew was also shocked. No one had expected Su Cha's makeup to turn out so good.

When she walked over step by step, she really gave people too much pressure.

She was in no way inferior to Emperor He, who was played by Shao Tianwen. In fact, Emperor He was not as strong as Yu Wan in the beginning. When he faced Su Cha, his aura seemed to drop by half.

But then, Shao Tianwen's makeup was not as shocking as Su Cha's. The production crew was not so shocked that they could not recover from it.

Han Yongbing's attitude said it all. He nodded and said, "Good."

He'd never felt as excited as he did now.

A strange light flashed in Mu Jiao's eyes. She walked towards Shao Tianwen and whispered, "She can become popular."

Shao Tianwen pulled himself out of his trance and chuckled. "She has become popular."

Mu Jiao clarified her words. "I meant in an explosive way."

If the news about Jin Jiayu had hyped up Su Cha's popularity, it would become a massacre once the photo was released.

The audience was not only particularly tolerant of beauty, but in the entertainment industry, beauty's marketability was extremely strong. Beauties were so strong that people could ignore their character, and the audience would filter them.

Jin Jiayu's makeup photo had also been announced before. If Su Cha's makeup was announced now, the contrast would be so obvious that even a fool would know why Han Yongbing chose Su Cha.

Han Yongbing had chosen Su Cha for other reasons, so the audience would not know about it.

They only needed to know that Su Cha had won the role of the Empress Dowager.

Shao Tianwen raised his eyebrows. "I can't be sure."

They were sure that Su Cha could become popular. If Su Cha's acting was outstanding, it would bring about unexpected results.

If Yu Wan's character was performed badly, she would come off as a vicious woman. The audience would hate on her. If Su Cha acted the character well, she would come off as a beauty with a vicious heart, but she would be bad in a way that you would have to love her.

After all, villains nowadays did not have a poker face that marked them as a bad person. Even if Yu Wan was destined to be bad the moment she appeared, as long as Su Cha displayed what this character was all about, Su Cha would definitely blow up if the drama exploded in popularity.

Shao Tianwen had to admit that if it really exploded, Su Cha's popularity might surpass his.

It was obvious from the script how complicated and exciting the role was.

But right now, it was just the makeup. It was too difficult to perform the role's real depth. Even some veteran actors in the entertainment industry could not do it.

Su Cha had never acted before. These older actors did not have much expectations; they were just amazed by Su Cha's makeup.

But as long as she had this aura, she could deal with many things on the surface.

Han Yongbing was already very satisfied. Even if Su Cha's acting was not good, she could slowly suppress with the aura of this character. Basically, if she could pass the audition, it would be considered a success.

“All departments, prepare! The next scene will be the 78th.”

The assistant director picked up the loudspeaker and started getting the production crew to prepare.
