

## The Queen 691

Chapter 691: Isn't He Handsome?

Of course, the production crew had been warned not to tell anyone about the accident.

Although this scene had been perfectly resolved by Su Cha, the wire harness accident was not a small matter. In the end, after an examination, it was found that it was indeed a problem with the machine. It was not a man-made mistake, but if the media found out about it, the production could not guess how they would report it.

The netizens did not know the truth and would easily be led astray, causing a lot of trouble.

Especially fans of celebrities.

However, everyone who was discussing today's scene expressed that Su Cha was really valiant.

Some people recalled a subway video that was popular in LovMusik. The way she kicked was also very cool.

From the looks of it, this exquisite and beautiful girl actually had good hidden attributes?

Even the martial arts director liked Su Cha.

"Classmate Su, how did you save Mu Jiao?" Fu Mo asked when Su Cha returned.

Su Cha answered casually, "I just couldn't have stood by and simply watched what was happening in front of me."

Fu Mo frowned. "This will expose you."

"What do you mean?"

Su Cha looked at Fu Mo with a faint smile. "Fu Mo, do you think I will be exposed?"

Fu Mo was speechless.

She knew that Su Cha had never told her about the martial arts world.

As a martial artist, she naturally knew about Su Cha. She even knew that Su Cha was the Alliance Master of the Star Alliance.

Now that Su Cha had made it clear, she lowered her head and admitted helplessly, “Classmate Su, can you tell? Actually, I’m a member of the Beggar Sect. I belong to the Martial Alliance and have always stayed with the Lian family. My family members are all servants of the Lian family. I was originally with the young master of the Lian family. To a certain extent, I was protecting him.”

Su Cha walked to the table and poured herself a cup of water. “Then why aren’t you protecting him now? Why did you come to apply to be my assistant?”

“I have to go to school.”

Fu Mo raised her head and widened her eyes. “Besides, the young master’s girlfriend doesn’t like me following the young master all the time, so I applied to be your assistant. I wanted to earn money to buy a birthday gift for the young master.”

Su Cha paused. “Didn’t I hear you say that you didn’t buy it for him last time?”

Fu Mo nodded. “Because I bought one for you.”

She had taken a fancy to the bracelet on Su Cha’s wrist. Su Cha lowered her head and glanced at it. Suddenly, she smiled playfully. “Did you intend to buy it for him?”

Fu Mo shook her head and smiled strangely. “I thought the young master might not think highly of my gift, unlike you, Classmate Su.”

Su Cha felt that Fu Mo meant something else.

But she could not tell whether it was malicious or not.

With Fu Mo's smile, the red bumps on her face seemed to be especially obvious. Su Cha suddenly pointed. "If there's no need for this, just drop it. If you're staying by my side, you don't need to pretend."

Fu Mo was surprised. "You can tell?"

"Why wouldn't I be able to tell?" She chuckled. "I just don't understand why you do this."

Fu Mo's eyes showed a hint of confusion. "There isn't really..."

It was nothing. She did not continue.

She seemed to be thinking.

Su Cha did not say anything else and brought her downstairs for dinner.

Bo Mui, who was far away in the Imperial Capital, was still at the company. Outside the door, Bai Kun showed the video in his hand to Ah Chen. "Look, isn't Miss Su very handsome?"

## Chapter 692: Unexpected Turn

Ah Chen just glanced at him. "Young Master will be angry if you show him that now."

Bai Kun snorted. "Of course I won't take it inside now. When he returns to the Lookout Pavilion, I'll show it to him and run."

Ah Chen sneered. "Are you that afraid?"

Bai Kun looked at him with pity. "Don't you know that there's a problem with a proposal in the planning department? Young Master has already scolded the person in charge of the project badly. From morning to night, his mood will probably be negative. Of course I won't go in now and forcefully offer him my head."

Ah Chen snorted and did not say anything.

The phone on the table suddenly rang. When Bai Kun picked it up, the man's cold voice could be heard. "Bai Kun, come in."

Bai Kun: "..."

Ah Chen smiled sincerely.

\*\*\*

After dinner, Su Cha, who had finished rinsing her mouth, opened her mouth. Fu Mo held her phone and shone the flashlight into her throat.

After the photo was taken, Fu Mo whispered, "Classmate Su, it's a little swollen. It's inflamed."

Su Cha had a rare gloomy expression.

During dinner that night, she ate a few more pieces of the hotel's specialty braised beef. In the end, it turned out to be super spicy. The aftertaste of the chili was domineering. After she ate it for a while, her throat started to feel strange. Su Cha used her inner force to slow down and felt that there was something strange in her throat. When Fu Mo saw it, she realized that it was inflamed.

It was so spicy.

She opened her mouth and said in a hoarse voice, "It's my fault. I shouldn't have eaten it."

Even if she was filming now, she was still a singer. It was not right for her to not take care of herself.

"I can't blame you. I didn't know that the beef was so spicy. I'll buy you some anti-inflammatory medicine and throat-soothing candies. Drink more water tonight. Maybe you'll be fine tomorrow morning."

After she finished speaking, she went out to buy these things for Su Cha. Su Cha was a little depressed and wanted to give Bo Muyi a video call. Perhaps because they had telepathy, Bo Muyi gave her a video call just as she thought about it.

When the video was connected, the man's flawless face was revealed, in particular, his smooth and beautiful jawline.

Then he lowered his head and a pair of deep ink-like eyes appeared on the screen. When he saw Su Cha, a smile appeared on his lips. Su Cha mumbled and complained coquettishly, "I ate something spicy tonight. Fu Mo said that my throat is swollen and a little inflamed."

As she spoke, she opened her mouth to the person in the video, wanting to use the camera to point at her throat. "Can you see?"

"Why is it swollen?"

Although his wife was not being concerned about her image, the man did not care. It was just that the quality of the video was worrying. He only saw a piece of pink and tender tongue, but he could not see anything else. He was a little worried. "Have you taken medicine? Is it serious? If not, come back and get yourself checked at the hospital."

The last sentence was the man's goal.

Every time he video called Su Cha, he wanted her to return to the Imperial Capital.

Su Cha shook her head and looked at the perfect beauty on the screen. "Fu Mo went out to buy medicine. I'll have some lozenges to soothe my throat tomorrow morning. If there's no other way, I'll use my inner force to quench it."

It was just that that would be more troublesome. After all, this was a problem with the body. The internal force conversion process was important.

Time was almost up.

Seeing that she was not coming back, the man was unhappy. He changed the topic and started to ask about today's matter. "You have to be good. Don't eat anything that's bad for you. If you are not

feeling well, I will feel uncomfortable too. What's up with you saving that woman from your production crew today? I feel that her eyes wanted to stick to you!"

Su Cha: "... She was caught off guard.

Didn't you see that she almost fell to the ground?

### Chapter 693: Taking Medicine

He was not surprised after seeing the video. Meanwhile, Su Cha was stunned by the unexpected turn of events. She thought for a while and said, "I didn't notice. I saw her almost fall. She was right in front of me. I couldn't just stand by and do nothing."

What she said made sense, but the man could not help but be unhappy. He frowned as if he was thinking about something. "Why do I feel that you encounter all sorts of things when you go out to film?"

Su Cha shrugged helplessly. "What can I do if such things happen to me?"

She also found it strange that she kept encountering strange things.

However, life was full of surprises. She just had to get used to it.

As soon as she finished speaking, she saw the man on the other side of the video call rubbing his chin and saying mysteriously, "It's probably because your luck is bad this year. Why don't you ask the Stone Door Master of your Alliance to read your fortune another day? Ask how to change your luck?"

Su Cha almost spat out her water. "You actually believe this? Besides, the Stone Door Master is not really a fortune-teller."

"If you don't counter it, I can't help suspecting that there will be a bunch of inexplicable people pestering you."

"How can that be? You have to be confident in yourself." Su Cha said sincerely, "No one else can see you like this."

Bo Mui frowned and caught the main point in Su Cha's words. "Do you mean that you only like me because I'm good-looking?"

Su Cha: "No, I love everything about you."

Bo Mui felt that her words were too perfunctory.

Su Cha felt that she had somehow unlocked a fatal problem. She quickly changed the topic. "How's the wound on your arm?"

Bo Mui glanced at his arm. "It's almost healed. It's nothing serious."

Su Cha continued to ask, "Has there been any movement from the Killing Alliance recently?"

Bo Mui opened his mouth and wanted to answer, but he turned back. "Cha Cha, I think you have to agree to my suggestion just now."

Su Cha frowned. "Mui, I think you are being unreasonable."

Bo Mui became even more angry. "You mean that you will like someone who's more reasonable?"

"Of course not!"

Su Cha denied directly, "I like only you. How is it possible that I'll like someone else? Is there anyone in this world who is prettier than you? Think about it seriously."

Bo Mui lowered his head and thought about it seriously before shaking his head. "None!"

It was said decisively.

Su Cha smiled gently. "Isn't that right? I already said that I love everything about you. You keep thinking nonsense..."

Before she could finish speaking, she saw that Bo Mui seemed to want to continue talking. Su Cha's expression immediately darkened. "Mui, if you say anything more, I will have a falling out with you. My throat is still hurting, so why are you trying to look for trouble?"

Bo Mui felt wronged. "You were the one who said the wrong thing first."

Su Cha: "..."

Sometimes, she would have a headache. She had seen many similar situations on Weibo. It was all the girl's fault. Why was it never the other way around?

She was not worried that Bo Mui would fall for someone else. But even though there were many women who were prettier than her in this world, it was Bo Mui who was worried that she would have a change of heart.

She coaxed patiently, "Don't speculate about things that will never happen."

As she spoke, the door opened. Fu Mo walked back with a pile of medicine. When she saw Su Cha on a video call, she whispered, "Classmate Su, I've bought the medicine."

#### Chapter 694: I Want to Eat Your Food

Su Cha did not end the video call and just said to Bo Mui, "I'll take the medicine first."

As she spoke, she walked over. Fu Mo picked up a box of medicine and handed it to her. "This is for inflammation. Take two pills from the pack in this bag. After you finish taking them, eat this throat-moistening candy."

Fu Mo poured water for her and Su Cha swallowed the pills. Bo Mui watched the whole process.

The man held his chin and watched patiently as the slender girl frowned and swallowed the medicine. He recalled that she did not like to take medicine in the past and found it bitter.

The smile on his lips was like the warm sun in spring, melting the ice and snow in winter. The light was like the last light of the setting sun, making people want to see such a smile bloom with all their might, willing to give everything.

He only had such an expression when he saw Su Cha. After Fu Mo finished giving the medicine for Su Cha, she turned around and occasionally saw the man in the video.

He was a noble and cold man who was stoic and charming. He had a perfect face that could drive a woman crazy, as if he was carved by God.

Fu Mo knew that he was Su Cha's boyfriend, Bo Muyi, the head of the Bo family.

She saw the smile on the man's lips disappear when he saw her gaze. The gloominess in his eyes woke up again, like a cold sword piercing through Fu Mo's body, making her shudder.

She could sense the man's unhappiness, so she quickly walked past the phone.

She could tell that this man was very possessive of Su Cha.

When he saw Su Cha's figure again, the ferocity in the man's eyes gradually dissipated and they became gentler.

Su Cha walked over after taking the medicine and video-called Bo Muyi again. "That medicine... is really bitter."

There was a piece of candy in her mouth. When she was taking the medicine and the water entered her mouth, she did not manage to swallow the medicine in time. The bitterness spread through her entire throat, making her feel nauseous.

She had never liked taking medicine since she was young because it was really bitter.

"You'll feel better after taking it."

The man coaxed her as if he was coaxing a child. Just now, Su Cha had been the one who was coaxing him.

He watched as Su Cha ate the candy. Occasionally, she would move her lips to turn the candy in her mouth and slowly melt it.

The girl's red lips looked especially tempting at this moment. Bo Mui's Adam's apple moved and he lowered his voice. He asked her ambiguously, "Is it sweet?"

Su Cha did not understand. "It's sweet."

He licked the tip of his tongue. This simple action of his was tempting and evoked other flavors, making people feel like they were committing a crime. "I want to try it too."

Su Cha could tell what he meant. She paused and smiled at him. "If you want to eat it, have Bai Kun buy some immediately. There might be a discount in the supermarket."

She was unromantic and seemed to be throwing cold water at him. Bo Mui sneered, "I'll have a chance to taste it when you come back."

Su Cha coaxed, "Okay, okay, okay. When I go back, I'll ask my assistant to buy a bunch for you!"

Bo Mui squinted his eyes and leaned his face closer to the camera. His tone became ambiguous. "I want to eat what you've eaten."

Su Cha suddenly bit the candy in her mouth, making a popping sound. She also leaned towards the camera and said in a low and clear voice, "No!"

Chapter 695: Classmate Su, Do You Think I Look Good Like This?

After playing with Bo Mui for a while, Su Cha hung up.

After showering, she went to bed early to rest. However, when Su Cha woke up in the middle of the night, she saw that the bathroom was lit up. Fu Mo was still doing something inside.

It was silent.

Su Cha got up in her half-asleep state and asked towards the bathroom, “What are you still doing in there? Are you on the toilet?”

However, she had never sensed that Fu Mo was in the habit of waking up late at night. Besides, she could definitely sense that Fu Mo had been in the bathroom since before Su Cha slept.

“No.”

A muffled voice came from inside. “I’m getting something.”

Then there was a tearing sound as if something had been torn off by her. Although it was subtle, Su Cha still heard it.

She did not think too much and fell back onto the bed. “Go to sleep early.”

Then she went back to sleep.

After a while, Fu Mo said from the bathroom, “Okay.”

\*\*\*

When she woke up in the morning, Su Cha opened her eyes and looked at the ceiling. Fu Mo’s bed was empty.

It was not that she was unaware of this, but Fu Mo was someone she trusted. She subconsciously did not need to be wary of anything.

She got up and patted her face. It was 6:30 in the morning.

The production crew was filming early, and she had to prepare. Her scenes were packed, so she had to wake up early every day.

When she entered the bathroom to wash up and brush her teeth, she saw a pile of strange things in the trash bin.

She lowered her head slightly to take a closer look. It was transparent, like white glue. There were also some red marks, which were gathered into a ball and had been torn apart one by one.

She suddenly thought of the voice she heard last night.

She paused.

A voice came from the door. She brushed her teeth and looked outside. Fu Mo's voice sounded. "Classmate Su, time for breakfast."

Her voice was cheerful, unlike her usual timid and humble self.

Su Cha brushed her teeth and answered vaguely, "Okay."

Every day, Fu Mo would bring her breakfast. As an assistant, she would naturally help Su Cha.

After washing up and changing her clothes, she walked out of the bathroom. Fu Mo was in the living room with her back facing Su Cha as she sorted out the things she wanted to bring to the production set today. Among them was Su Cha's script.

Su Cha sat next to the dining table. She seemed to have sensed something. She suddenly turned her head and saw an unfamiliar and beautiful face turning over.

Su Cha was stunned. "Fu Mo?"

The girl in front of her was wearing a simple long-sleeved checkered shirt with denim overalls. She had a simple bun on her head and was full of youthfulness. Her face was full of collagen, and her appearance was especially good-looking. This with her eyes gave her a different kind of liveliness.

She was very similar to Su Cha because they were of similar age and had similar youthful vibes.

But Su Cha had a natural strong magnetic field that could not be ignored.

Meanwhile, this girl gave off a different feeling. At first glance, one would feel that she was especially pure.

And she was very different from the inconspicuous assistant who had been following Su Cha carefully.

The girl nodded. She seemed to be carefree and happy. She walked toward Su Cha and turned her body. "Classmate Su, do you think I look good like this?"

#### Chapter 696: Might as Well Acquire

She was not being narcissistic but was instead looking at Su Cha seriously. Her face was red as if she was looking forward to Su Cha's answer.

Su Cha: "..."

She had suspected that the marks on Fu Mo's face were fake, but she did not expect her to look so good without the disguise.

It was not to the extent that she was now a peerless beauty. At the very least, she was worlds apart from Fu Mo in the past. One could never think of the word "ugly" to describe her face.

She paused and suddenly smiled. "Why were you hiding it when you are this good-looking?"

Fu Mo smiled happily when she heard Su Cha's answer. She liked to squint her eyes when she smiled. She no longer looked uncomfortable like in the past, so she naturally looked good when she smiled. "In the past, it was because... Well, it's hard to say it, but you asked me to drop the disguise, Classmate Su, so I did. Classmate Su, if you think I'm good-looking, I'm happy."

To be honest, it was fine for her to say this, but Su Cha still felt that something was strange.

She thought about it carefully yet still could not figure it out. Fu Mo looked at her with a smile. She looked obedient and cute as she hugged her backpack.

"Forget it."

She could not sense malicious intent from Fu Mo, so she did not want to think too much.

However, the production crew would probably be surprised that she had changed assistants...

After breakfast, she brought along Fu Mo downstairs. If someone else suddenly appeared beside her, even the blind would notice.

Mu Jiao greeted her with a smile the moment she saw her. "Good morning, Su Cha. Eh, new assistant?"

"No."

Su Cha shook her head. "It's the one from before."

Mu Jiao looked at Fu Mo. Seeing the girl's innocent smile, she instantly felt like she was the famous emoji on the Internet. There were countless question marks on her head.

Her makeup skills were comparable to plastic surgery...

There was no trace of heavy makeup on her face.

For a moment, Mu Jiao could not believe it. "Where did you find your makeup artist? Is she that amazing?"

Su Cha chuckled and said, "Guess?"

Then, she led Fu Mo to continue fooling others.

Mu Jiao: "... ???? ?

\*\*\*

At the same time, Zong Yanxiu received some information about Zhang Sen Media in his home. He looked at it carefully and frowned slightly. Suddenly, he asked Zong Bingyi, “Father, how long do you think it will take for us to acquire Zhang Sen Media?”

“Cough!”

Zong Bingyi coughed heavily and almost choked. “What did you say?”

Thinking that he was deaf, Zong Yanxiu raised his voice. “I said, the acquisition of...”

“I heard it!” Zong Bingyi rolled his eyes. “What I meant is, you are clearly not sober!”

Zong Yanxiu: “I’m not?”

Zong Bingyi said angrily, “When you saw her being bullied, you got anxious. Her boyfriend has just attacked every artist under this company. And now as her father, you want to acquire said company. If she had your backing, why would she still need to be in the entertainment industry? Wouldn’t it be better if you just let her play around there?”

Zong Yanxiu thought about it seriously. “I think that makes sense...”

“That makes sense, my foot!”

Zong Bingyi wanted to knock his son on the head. “After you’ve been sleeping for more than ten years, your mind is indeed not clear. What era are we in now? Can’t you use other methods that match the trend of the times?”

Zong Yanxiu: “Then what do you suggest, Father?”

Zong Bingyi: “Make their Chairman’s scandal video explode!”

Zong Yanxiu: “...” I might as well acquire the company.

Chapter 697: Moving Faster Than Before

Regardless of whether Old Master Zong's method was really more modern or not, as he said, if they were going to make an acquisition, the bigger the tree, the better.

To be honest, the Zong family was not as powerful as the Bo family. They were more of an aristocratic family and needed to keep a low profile.

The Zong family could purchase Zhang Sen Media, but it would take a while.

And this might not benefit Su Cha.

Hence, Zong Yanxiu thought for a while and listened to the old master's suggestion. He called Tan Jinsui.

"How much do you know about the Chairman of Zhang Sen Media?"

Tan Jinsui had also mentioned before that this matter was because of the other party's chairman, so it was not strange for Zong Yanxiu to call and ask.

Tan Jinsui frowned over how this person called to ask about this matter. "Isn't this issue over already?"

"It can't end that easily."

Zong Yanxiu did not avoid speaking his mind to him. "My daughter has been bullied. How can I, as her father, stand by and do nothing?"

Tan Jinsui: "..."

Actually, he felt that Zhang Sen Media got unlucky. They could have offended anyone else, but they just had to provoke such a vengeful star. Now there would be trouble coming for them one after another. The person herself might not even care about it, but the people behind her still wanted to take revenge.

However, he would definitely tell the truth about what his good brother was asking about. "I don't know much. I've seen him once. People in the industry say that he's an old pervert. He has no other

flaws. He's still very capable in his dealings. It's just that he's old. I think his Alzheimer's is starting to get serious."

If it was not serious, why would he offend a newcomer of unknown origin just because of Qin Bei?

He could even do such a dirty thing.

"Oh..."

Zong Yanxiu's answer was subtle. Tan Jinsui's eyelids twitched. "What do you plan to do?"

"I've already thought about it. You will know when the time comes."

Zong Yanxiu said goodbye to Tan Jinsui and hung up.

Hearing the dial tone on the other end of the phone, the person on the other side felt a little lost and disappointed. "Other than your daughter, can't you also care about anyone else?"

\*\*\*

"Okay, perfect. End of work."

Another scene ended. Fu Mo brought the water over on time. After she had NG-ed more than ten times in this scene, Su Cha's mouth was dry from reciting so many lines. She took the water from Fu Mo and drank it.

What was different from the past was that Fu Mo used to be a transparent person around her. Nowadays, people were very straightforward visual animals. In the past, Fu Mo was not enough for them to take a few more glances at her. She was even the kind that they did not want to see. Now, as she handed the water over, the surrounding people took a few looks.

When they came here today, Su Cha had already said that this was her assistant, Fu Mo. However, everyone knew what Fu Mo looked like in the past. It was a little confusing that such a big change had suddenly happened.

Could it be a godly makeup skill?

However, to cover such a face, the makeup would have to be very thick and greasy. And yet, when they saw the girl's pure-looking face, they could not tell at all that the makeup was very heavy.

Had plastic surgery become so advanced that it would only take one night?

Assistants were considered special people around celebrities. They were close to the private lives of celebrities and knew many of their true personalities. Hence, when signing on as an assistant, they would sign a confidentiality agreement and have to deal with other assistants.

Due to the fact that she did not look good in the past, Fu Mo rarely got involved with others in private except for work. Today, when she asked the staff for help, she felt that those people moved faster than before.

Chapter 698: Scandal

"Is she really your old assistant?"

While waiting for Fu Mo to get something else for Su Cha, Shao Tianwen could not help but ask this softly.

The girl was very good-looking. She was so pure that no one could look away from her. Such a face would leave a deep impression even if she entered the entertainment industry.

It was inevitable that people would compare her to Su Cha.

At first, some people thought that Su Cha had found such an ugly assistant as a foil for herself.

Now it seemed that they were worried that the assistant would use Su Cha as a springboard.

"It's true."

Su Cha nodded. She had explained it several times today.

Shao Tianwen revealed an incredulous expression. It was unknown what he was thinking, but it was not polite to say it, so he did not say much.

At this moment, the production crew suddenly became lively. “Look at Weibo, look at Weibo!”

“D\*mn, this is big news!”

“Why did it spread out silently? Didn’t they do any public relations beforehand?”

...

Hearing everyone’s discussion, Shao Tianwen and Su Cha looked at each other. Their phones were in their assistants’ hands, but due to the urgency of the matter, Shao Tianwen’s assistant quickly brought the phone.

Looking at the Weibo news, Su Cha realized why the production crew was so restless.

Something had happened to Qin Bei.

To be exact, something had happened between her and Director Che of Zhang Sen Media.

She was photographed being in the same room as Director Che. Most importantly, she was photographed being in the same car. Director Che was hugging and kissing her. This was simply too fatal.

The matter of Director Che of Zhang Sen Media having an affair with an artist under him had long spread around, including the fact that Qin Bei was his mistress. It was nothing new, but all along, they had only heard rumors and not criticisms, so the netizens treated it as gossip news.

Now that they suddenly saw a photo of Qin Bei and Director Che being taken, they found it shocking. It was simply shocking.

There was no news about it. It was suddenly released by a studio’s marketing account. The photo was not high-definition, but it was not censored. The person could barely be recognized as Qin Bei, but the photo was still powerful.

The passersby could tell that she was not just a fan.

Director Che was in his fifties or sixties. He also had a family. His daughter was about the same age as Qin Bei. His wife had long been ignoring him and had turned a blind eye to it. However, she had long said that such matters could not be reported. Once it was published in the newspapers, it would be a fatal blow to the company's image.

The most important person now was Qin Bei.

She was a female celebrity. At such a young age, she was photographed hugging and kissing an old man. What other reason could she give for doing that?

Could it be that he was her godfather?

Everyone in the industry knew about the matter between her and Director Che. Now that the photo had been released, Qin Bei was destined to die.

Qin Bei's popularity was indeed not too heaven-defying. She was at the level of a B-list celebrity, but now that such a big thing had happened, the trending searches had completely exploded. Almost all the first few headlines were about her, Director Che, and some rumors that had been confirmed.

One by one, they became trending. Zhang Sen Media also became trending. It was very eye-catching.

After reading the general information, Shao Tianwen clicked his tongue. "Not too surprising."

This matter was not a secret in the industry, so he naturally knew. When he saw it today, other than being a little surprised, he did not feel any other emotions.

Chapter 699: Spray

He looked at Su Cha with a probing gaze.

They had always known about the dispute between Zhang Sen Media and Su Cha. Now that they knew that Su Cha was backed by the Imperial Mu Group, they naturally suspected that this was Su Cha's doing.

Su Cha shook her head. "I didn't know about this. I'm surprised."

However, it was too obvious that something had happened to Qin Bei and Director Che. Su Cha suspected that it was either Bo Muye, who'd asked Bai Kun to do it, or... it was her father?

Although her father did not seem to care about the entertainment industry, Su Cha remembered that he had said that he would avenge her.

So his move was to release this kind of news?

At the thought of this, she had the urge to laugh.

However, Qin Bei deserved it.

Shao Tianwen was also surprised that she denied it.

Could it be that someone else was simply adding insult to injury now that something had happened to Zhang Sen Media?

This matter also gave some uncomfortable signals to others who did not know the truth.

Now that Zhang Sen Media was being embroiled in one trouble after another, didn't it seem that the Imperial Mu Group wanted them to be finished?

The Imperial Mu Group did not have much to do with the entertainment industry. There were only those endorsement deals they had with celebrities. Aside from that, they had never interfered with the entertainment industry. Could it be that they wanted to enter the entertainment industry and take a share?

Zhang Sen Media was also one of the local heads of the entertainment industry. If they wanted to take over Zhang Sen Media step by step, it was reasonable.

However, this method could not help but make some people in the industry feel uneasy and uncomfortable.

If the Imperial Mu Group did this, didn't it mean that they could cover the sky with one hand? How could they be so overbearing?

Those who knew were shocked. What kind of charm did Su Cha have?

It was just a dispute with an artiste. Now that the management of both sides had intervened, Zhang Sen Media had gotten into one trouble after another. Now, the other party had started to attack the Chairman. Did the person behind this see Su Cha as the apple of their eye?

Otherwise, why would they do this for Su Cha?

Besides, if she really made that happen, who in the entertainment industry would dare to provoke Su Cha in the future?

Thinking of this, some people had different expressions. If they offended Su Cha with just a casual sentence in the future, wouldn't their future be in danger?

Compared to some people who were fearful, those who were familiar with Su Cha felt that it was nothing. After all, Su Cha's character was evident. Those who knew her also knew that as long as they did not go out of their way to provoke her, Su Cha could not be bothered with them.

Su Cha was also puzzled about who did it. She waited for Fu Mo to come back and get her phone. After some thought, she asked Zong Yanxiu.

"Father, did you release the news about the Chairman of Zhang Sen Media and his artist?"

She did not expect Zong Yanxiu to answer, but he did not intend to deny it at all. "Yes!"

He seemed a little excited. "I thought it would take a long time. I didn't expect the person who'd filmed them to have made this into big news today. I've slept for more than ten years and don't know the rules of the entertainment industry. Your grandfather said that once there's a scandal, they

will be attacked by the netizens. This matter is enough to teach them a lesson. I saw the reaction on the Internet. Your grandfather seemed to be right, huh?"

The netizens hated such ugly things. However, Zong Yanxiu could not accept how dirty the words were.

After all, he was a refined person. He could not understand the meaning of being an Internet troll.

Su Cha smiled helplessly.

Chapter 700: Little Lolita

"Thank you."

She did not dampen Zong Yanxiu's enthusiasm, but she was still touched. "Thank you for helping me vent my anger."

As a father, he was concerned about his daughter. Of course, Su Cha would not pour cold water on him.

More importantly, compared to the Zuo family, Zong Yanxiu was worth a glorious statue.

Hearing Su Cha thanking him, Zong Yanxiu felt happy in his heart, but he still said, "We are father and daughter. What's there to thank me for? Just film happily. I will visit you during this period of time. If there's anything going on, you have to tell me. You have to tell me who bullied you!"

Hearing Zong Yanxiu's instructions, Su Cha sighed. "Got it."

If she ever complained about anyone again, no one would dare to play with her anymore.

Right now, a group of people was already blaming her for this matter. Qin Bei was merely unlucky to have quarreled with her, and she even implicated Zhang Sen Media. If the people behind Su Cha could do this for her, they could also deal with others.

They would never have thought that if Zhang Sen Media had not had any ill intentions and troubled Su Cha at the start, Su Cha would have had no intentions to implicate the entire company because of Qin Bei's mistake.

After hanging up, she saw there were also many messages in the WeChat group. Su Cha saw that the martial artists were arguing about something regarding the Killing Alliance.

After a few seconds, her phone rang. Su Cha saw that it was Tan Yeluo.

"Be careful these next few days."

Although she was still using a female voice, she was not as coquettish as before. This time, Tan Yeluo's tone was more serious. "I've received news that the Alliance Master of the Killing Alliance might have returned to the country. No one knows who their Alliance Master is, but he must have come back for you. The informant from the Dawn Club said that the Dawn people had invited this Alliance Master back because of what happened last time. Be careful during filming and pay attention to strangers."

Su Cha was not surprised by this news. She pursed her lips and said softly, "I understand. Thank you for warning me."

She did not boast that she was not afraid. She should thank others for warning her to be careful.

Tan Yeluo nodded and said, "I've recently received some news about Elder Cheng. Something seems to have happened to his grandson and granddaughter. Are you... really planning to get rid of him?"

Tan Yeluo knew what Su Cha was thinking. Bo Muyi was already making a move on Cheng Deyue, so it was not difficult for him to guess that Bo Muyi must have made a move for Su Cha. So then, it must be Su Cha's intention to make a move on Cheng Deyue.

"He's not the only one."

Su Cha narrowed her eyes and swiped her fingers in the air. "I don't want anyone else but Buzhou."

All of the rest were disloyal. Why should she keep around such a bunch of scourges?

Tan Yeluo paused and lowered her voice. “Alliance Master, I’m not worried about you, but the four of them are not easy to deal with. Back when the old Alliance Master promoted me, it was not that we didn’t think about doing this. I hope you can do things that he can’t do.”

Su Cha curled her lips and said, “Yes...”

Before she could finish speaking, she seemed to have sensed something. She turned her head and saw a little girl in a princess dress standing among the busy crowd outside the production set.

She was really a little girl. She looked about twelve or thirteen years old. Her big eyes looked especially lively, like those of an exquisite doll.

She was licking a lollipop.

When she saw Su Cha’s gaze, she suddenly smiled brightly.
