

The Queen 701

Chapter 701: No One Sees

Su Cha looked around.

The production crew seemed to be in a hurry, but not many people's eyes were on this Lolita.

She had never seen this Lolita before. She was very sure of that.

Su Cha frowned slightly.

At this moment, the surrounding people seemed to have discovered this out-of-place Lolita.

“Eh, whose child is that?”

“Which little girl came here?”

“Whose child is she?”

...

Some people were stunned when they saw the little girl.

Everyone's first reaction was to wonder which family's child had been brought in.

Although the production crew was keeping the whole process a secret, some people could come over to take a look through their relatives or friends, but they could not take pictures.

Logically speaking, this little girl should have attracted attention, but not many people noticed her appearance.

Until now.

The little girl kept looking at Su Cha with a bright smile.

When she smiled, there were two dimples on her cheeks and her eyes were especially bright. She looked like a happy child.

This was especially true for the cute little Lolita. She was viewed with more fondness.

A few female production crew members immediately went up to her and asked, “Where did you come from? Are you here to look for someone?”

Han Yongbing and the rest looked at the little girl and seemed to have reacted. “Where did this little girl come from?”

As more people discussed it, everyone noticed that a little girl had suddenly appeared among the production crew. They had no impression of how she had appeared just now. It was too strange.

Su Cha looked at the girl quietly. She could feel the girl’s smile, but the depths of her eyes were as calm as stagnant water. She had an uncomfortable feeling, and it came from this little girl.

Fu Mo walked over. When she saw the girl, her expression changed.

She walked over and seemed to be in disbelief. Then, she walked over and saw the girl’s face. She opened her eyes and looked at her in surprise.

The little girl who had been staring at Su Cha felt Fu Mo’s gaze and finally turned away. She ignored others and kept smiling. Although her smile looked cute, it inevitably gave people goosebumps after a long time.

Fu Mo quickly walked over. Su Cha saw her subconsciously hug her arms and rub them up and down.

She narrowed her eyes slightly. From a psychological point of view, this was a fearful and self-comforting reaction.

Fu Mo was afraid of this little girl?

Realizing this, Su Cha could conclude that this little girl was not an ordinary person.

Ordinary girls would not give her such an uncomfortable feeling.

The girl did not speak. Her gaze followed Fu Mo and moved to Su Cha. The rest of the production crew found it strange. They looked at each other. They did not know if she knew Su Cha, so they did not ask.

She stood there and did not move. Su Cha did not speak until Fu Mo walked over and faced Su Cha with her back facing the little girl. She whispered, "Classmate Su, she's very dangerous. She's not an ordinary girl."

This was the first time Fu Mo was warning Su Cha so bluntly.

Su Cha nodded slightly. Seeing that the production crew was in a commotion because of the girl, Han Yongbing walked over and asked Su Cha, "Is the child with you?"

He'd asked others just now, but no one saw how the little girl came in.

Chapter 702: Instinctively Fear

Su Cha looked at him and shook her head. "I've never seen her before."

Han Yongbing's eyes narrowed.

Never seen her before?

He turned to look at the little Lolita. The little Lolita was still smiling at Su Cha. Han Yongbing felt that something was wrong after a long time. Didn't ordinary people's faces stiffen after smiling for so long?

She was clearly such a cute little girl. At this moment, Han Yongbing felt a chill in his heart as he looked at her. However, he still walked over and looked at the little girl in front of him. He tried to speak gently. "Little girl, where did you come from? We are a production crew. We will be filming

later. If you are here to look for someone, I will get someone to take you there. If you broke in by chance, this old man here can only tell you sorry. You have to stand outside and watch. You can't come in."

It was rare for Han Yongbing to speak so politely. The other party was a 12-year-old girl. She was qualified to call him an old man.

After he said that, the little girl's gaze shifted to him.

The smile on her lips slowly disappeared.

At that moment, Han Yongbing felt even more scared. He suddenly felt that this little Lolita might as well just keep smiling.

The atmosphere was tense for a moment. Han Yongbing could not tell what he was feeling. He was close to her. When he saw the little girl's smile disappear, he noticed that her big black eyes were very bright, but they gave off a strong fog that made people feel uneasy.

But this feeling only lasted for a moment. Suddenly, the little girl smiled again.

This smile was much more sincere. She nodded and said obediently, "Okay!"

Then, she turned around and skipped away while licking the lollipop that was about the size of her face.

It was rare for an 11 or 12-year-old girl to be so childish, but her childishness was not unexpected. She looked like a normal little girl.

It just looked like there was nothing wrong, as if the feeling just now was Han Yongbing's illusion.

He stood up and heaved a sigh of relief. He touched his forehead and was stunned.

He did not know when cold sweat had broken out on his forehead. He looked up and saw a cold wind blowing. It was clearly a cold day. Why was he sweating?

“Director Han.”

A clear female voice pulled him back to reality. He wiped the cold sweat on his forehead and replied, “Yes.”

Su Cha’s expression was deep. “Director Han, do you know the little girl just now?”

Han Yongbing shook his head with a serious expression. “I don’t know her at all, and I think…”

That girl was strange.

However, he could not say it in front of Su Cha. Han Yongbing thought for a while, shook his head, and left.

Seeing him leave, Su Cha looked at the girl on the production set. She had not yet left.

She turned around and met Su Cha’s eyes.

She raised the corner of her lips again, but this time, the curve was bigger, revealing two small canine teeth. Compared to before, this smile exuded a sinister aura.

Su Cha felt Fu Mo shudder beside her. She tilted her head. “Are you afraid?”

Fu Mo’s face turned pale as she nodded and shook her head. “It’s not that I’m afraid…”

It was just an instinctive fear.

Fu Mo suddenly rose and controlled her body faster than her thoughts could. She did not know why she felt this way.

Chapter 703: She Came for You

“You saw it?”

The little girl who was licking her lollipop left the production set and walked towards the main road.

There was a black car parked there, and a bandit-like man was standing by the car.

He was wearing a simple jacket and a pair of casual pants that were tightly stretched across his muscles.

His face looked perpetually hard, and his entire body was filled with the strong aura of a man. His eyebrows were slanted at the temples, and he looked a little fierce. He was a man that children could not get close to.

There was a huge black scorpion tattooed from his chin to his neck. The tip of the scorpion's tail was on his chin, and its body was lying on his neck towards his shoulder. From afar, it looked like a living scorpion lying down, making people shudder.

It was obvious that he was not a man to be trifled with.

However, when the little Lolita came in front of him, her smile became much more innocent. Hearing his words, she nodded with a smile. "Yes, I saw her. She's really good-looking. She's even wearing the palace clothes from the production. She looks like an empress."

The man sneered. "You really know how to get to the main point. Are you not planning to make a move?"

Lolita tilted her head. "Uncle, can we not think so sinfully?"

Her appearance was simply that of an innocent Lolita who did not know anything about the world. It was enough to make some men with dirty hearts stir. But when the man in front of her saw her like this, he curled his lips and snorted, as if he was used to it.

He got into the car. The interior of the car was only a normal size. The man who got into the car and sat on the chair felt wronged. The entire space seemed cramped.

The little Lolita also opened the car door and sat in the front passenger seat. As soon as she got into the car, the comparison of the space they occupied became obvious.

She was still licking the lollipop that was untouched. Then, she blinked and suddenly said, "It's not easy to do it. I think I will suffer."

Her words made the man who was about to drive turn around with a serious expression. "Is it really as Lady Seventeen said?"

The loli shook her head. "I don't know. She gives me a very dangerous feeling."

She spoke casually, but the man's expression became increasingly serious.

The first thing he heard was the word "dangerous" coming out of her mouth.

That proved that the woman was indeed different from the current martial arts practitioners. No wonder Lady Seventeen said that she was a monster.

The loli chuckled. "The Star Alliance has really picked up a treasure."

"One person cannot change the overall situation."

As the man spoke, the little girl tilted her head. "Uncle, have you forgotten how I got to this position?"

The man suddenly turned pale. "Don't mention the past. Besides, they are the Star Alliance."

After saying that, he stopped talking and started the car. He stepped on the accelerator and left quickly with the little Lolita.

"That's strange. No one in our production crew knows her. How did that little girl get in?"

"It's so strange. I didn't see her when she came in. When I came back to my senses, she was already there. I was clearly here all along!"

“Did something supernatural happen to our production crew in broad daylight?!”

After the little Lolita left, the entire production crew discussed her for a while. Due to her sudden appearance, people felt a sense of fear.

Su Cha was concentrating on memorizing the lines. Fu Mo stood at the side. She did not seem to be calm as usual. Instead, she had a strange sense of anxiety. In the end, she could not help but say, “Classmate Su, I think she’s coming for you.”

Chapter 704: I Think She Is

“Yes, I can tell.”

She was not blind. Her gaze was so obvious. How could she not guess?

“Where is she from?”

Fu Mo was a little worried. “I’ve never heard of her.”

Just the fact that she had appeared silently in the production set was scary enough.

No matter how hard certain people in modern society tried to hide their aura, they had to use the environment and other methods to lower their presence. Most of the killers trained in the martial arts world did so.

It was creepy for a little girl like her to appear so openly without being seen.

“Alliance Master of the Killing Alliance.”

Su Cha suddenly called out this name. Fu Mo was stunned and found it unbelievable. “The Alliance Master of the Killing Alliance is a little girl?”

“It’s hard to say.”

Su Cha stood up and looked at the script, but she was actually thinking about something else. “I can’t guarantee it.”

She used to think that she was the only one around with inner force, but now it seemed that she had been careless.

To be able to appear so silently that even Su Cha did not feel much, that little Lolita must be extraordinary.

However, Su Cha could also determine that inner force was a very rare thing. If many people had it, the martial arts world would not have fallen to such a state.

Only if she’s the Killing Alliance Master could that little girl’s ability be explained.

She finally understood the discomfort. It was not a discomfort but a resistance to death.

The death aura on the little girl did not belong to her. Her hands were stained with blood.

This alone proved how scary this girl was.

However, she probably felt that Su Cha was not ordinary, so she did not dare to do anything. Now that she’d appeared, Su Cha reckoned that it was either a face-to-face meeting or a provocation.

After all, it was impossible for ordinary people to guess that the little girl was the Alliance Master of the Killing Alliance.

At the thought of this, Su Cha walked to the side and called Bo Mui.

“Mui, I saw a very strange girl, about 11 or 12 years old. I think she might be the Alliance Master of the Killing Alliance.”

She had called him directly. Bo Mui did not have a meeting and picked up the phone quickly. When he heard Su Cha’s words, the first person he was worried about was Su Cha. “Are you okay?”

Su Cha comforted him, “Of course I’m fine. I’m with the production crew right now, and she came openly. She doesn’t dare to attack me, but I feel that this girl is not ordinary. I’m mainly worried about you.”

“I’m safe here, don’t worry.”

He was very sure that that person had probably done something to make Su Cha call.

When he heard Su Cha say that she was 11 or 12 years old, he frowned. “You said that she was only 11 or 12 years old?”

“Yes!”

This was also what surprised Su Cha. “She’s only 11 or 12 years old, but she has the ability to become the Alliance Master of the Killing Alliance?”

Bo Muye also found it a little strange. He explained to Su Cha, “The position of the Alliance Master of the Killing Alliance is exceptionally cruel. If the Martial Alliance proves its strength through competition, the Killing Alliance relies on killing each other. Hundreds of people are like trapped beasts fighting each other. Only those who survive until the end can succeed the position. Therefore, no matter who the Alliance Master of the Killing Alliance is, as long as it’s someone in this position, they can’t be measured by ordinary people. Eleven or twelve years old...”

This matter was strange. Even if Bo Muye had a plan, he did not dare to say that he could control the entire situation. “Cha Cha, are you sure that she is the Alliance Master of the Killing Alliance?”

Su Cha thought for a while and suddenly said with certainty, “Yes, I think she is.”

At such moments, her instincts were always extremely accurate.

Chapter 705: This Disaster Is Related to You, Alliance Master

“Okay. I will get someone to investigate during this period of time. Since she appeared in your production set, she definitely left traces. I will check the surveillance videos near you.”

Bo Muye could not help but worry at the thought of Su Cha being with the production crew. “Remember to come back directly after filming. Don’t stay there for too long. Just because she didn’t attack you now doesn’t mean that she won’t.”

Su Cha nodded. "I know. I will return to the Imperial Capital after filming this time. But don't worry, I will be fine."

She was not afraid of a little girl.

Su Cha could not tell how strong the girl was, but she felt that she was not in danger. It was just that smell of death.

If that girl really got the position of Alliance Master of the Killing Alliance in the way Bo Muye had said, Su Cha would not be surprised why the other party had such a bloody smell.

This murderous aura was extraordinary.

But, an eleven or twelve-year-old girl...

This still surprised Su Cha. No matter how powerful she was, how could she be so young?

Even in ancient times, even if a gifted baby started practicing from a young age, they could not be described as heaven-defying when it reached the age of 11 or 12.

Unless...

Her eyebrows twitched as she suddenly thought of something, like how the other party's body was probably different from that of ordinary people and she would never grow up. That explained why she had the appearance of a loli.

But this was too rare; Su Cha could not be sure.

Now that the Alliance Master of the Killing Alliance had appeared, she definitely would not treat it as if nothing had happened. She'd missed sensing this little girl. After filming, she asked Fu Mo to pay special attention to the people nearby.

She called Shi Wei.

“Alliance Master.”

Shi Wei was not surprised that the Alliance Master who often filmed outside called. “What problem did you encounter?”

Su Cha was stunned and chuckled. “The Stone Door Master is really smart. You knew that I was in trouble when I called.”

Shi Wei also chuckled. “It’s not that I’m smart. I had nothing to do today, so I calculated that someone would ask me something. I don’t know who it is, but since the Alliance Master called so late, there must be something.”

Su Cha did not keep him in suspense and directly asked Shi Wei about today’s matter. “Stone Door Master, you have decades of experience in the Star Alliance and are proficient in deductions. I want to ask you, how much do you know about the Alliance Master of the Killing Alliance? Because I might have met this Alliance Master of the Killing Alliance today, and she surprised me.”

“Killing Alliance Master?”

Shi Wei frowned. Hearing Su Cha’s question, he thought for a while and suddenly said, “Alliance Master, please wait a moment.”

Su Cha: “Okay.”

The phone was not hung up. Shi Wei seemed to be doing something. There was the sound of bamboo sticks colliding. After a while, Shi Wei said in a deep voice, “The South is on fire. The stars are in chaos. It’s not a good sign. The South represents the Killing Alliance.”

Su Cha frowned. “What did the Stone Door Master deduce?”

“I can’t deduce anything.”

Shi Wei sighed. “This deduction technique can only deduce roughly. It’s impossible to predict what someone will do. It can only be said that the Killing Alliance is not peaceful right now. There might

be chaos internally, but it can't be stirred up. This chaos... seems to be related to you, Alliance Master."

"Me?"

Su Cha was surprised.

Chapter 706: Greya

"I went to look for trouble with the Dawn Club last time. The Killing Alliance is in chaos because of this."

Shi Wei said, "No, this chaos has just started. It doesn't show any serious signs. It shouldn't be a big problem for the Killing Alliance. I just don't know the specific reason. Alliance Master, did you just say that you met the Killing Alliance Master?"

"Yes."

Su Cha explained the little girl's situation to Shi Wei in detail. In the end, she asked, "I can't believe such a powerful little girl could become the Alliance Master of the Killing Alliance."

"Then it seems that the root of the chaos is probably because of this Killing Alliance Master. But if the cause is you, Alliance Master... It's probably related to Dawn."

Shi Wei could not figure out the truth. He only said, "I'm not too sure about who the Killing Alliance Master is. They should be a new person who has just succeeded the throne. Their method of choosing the Killing Alliance Master is beyond common sense and incomparably cruel. It's uncertain who the Alliance Master chosen in the end is."

It could be seen that Shi Wei had heard about the Killing Alliance's methods and disagreed with how the Alliance Master was chosen. He only reminded Su Cha, "Alliance Master, since she is coming for you, you have to be careful."

He was most concerned about Su Cha. Nothing must happen to her.

The savior whose coming he had painstakingly predicted was the only hope of the Star Alliance.

“I will pay attention.”

Seeing that Shi Wei had no leads, Su Cha could only give up. In the end, she said, “Please help me investigate, Stone Door Master. I want to know more about the Killing Alliance Master.”

“Of course.”

Now that the Alliance Master had appeared, Su Cha did not need to say that they should investigate.

Enemies whose true faces were unknown were the most terrifying.

After hanging up, Su Cha washed up and went to sleep as usual. However, compared to before, she was much more tense. She constantly released her inner force to be aware of her surroundings. If anything happened, she would wake up quickly.

When she woke up the next morning, Su Cha saw a few messages from Bo Muyi on her WeChat.

Her phone was silent after she fell asleep. There was no notification, so she did not hear it. Bo Muyi knew that she was asleep, so he did not call her.

He’d sent her a document.

After Su Cha saw it, she immediately knew the little girl’s background.

The information on the surface was not difficult to investigate. The difficult part was whether she was the Alliance Master of the Killing Alliance or not. The information about her in the Killing Alliance had not been released.

This information was about the little girl’s life overseas.

Information about a hospital.

Su Cha was surprised to see that she’d stayed in a hospital.

However, she was hospitalized not for any other reason but because this little girl was indeed not her age on the surface. She was actually 23 years old. Her name was Greya. She did not have a Chinese name, but she was Chinese.

Her parents were inauspicious. When she was sent to the hospital back then, she was 11 or 12 years old. The hospital found that she had been injected with many drugs. There were also scars of various sizes. It looked like she had been treated as a test subject. The methods were so cruel that it was infuriating. Moreover, most of the drugs were not officially confirmed by medical professionals. Even the hospital could not do anything about it.

From then on, her body never grew and stopped aging at 11 or 12 years old.

Chapter 707: Killing

The document contained detailed information about Greya. There was no one else around her, only a 30-year-old adult man. He was a retired international mercenary who had appeared beside Greya five years ago.

Other than that, there was no concrete evidence as to who had injected Greya with those drugs and what it had to do with the Killing Alliance.

But her appearance was indeed very coincidental.

After reading the information, Su Cha frowned slightly.

She could not tell if this Greya was good or bad, but everything she had experienced was indeed outrageous.

Her body had been destroyed, and she could no longer be a normal person.

It was not strange for her to become the Alliance Master.

Bo Muyi only gave an additional piece of information. The latest change of Alliance Masters was two years ago, and Greya was indeed not in that hospital for a long time.

Moreover, Greya was different from other patients in the hospital. She had a good relationship with the doctor and lived in a small apartment alone. Ordinary people could not grasp her whereabouts. Moreover, she had a mercenary protecting her. Other than the doctor who knew some information about Greya, others did not know much.

Bo Muyi had sent someone to investigate the hospital.

Actually, this information was enough for Su Cha to determine things. She looked up and was deep in thought.

Was it because of what happened at Dawn?

So, did she want to attack her, or did she have other intentions?

If she was the Alliance Master, it seemed that she did not need a reason to kill Su Cha.

For now, she did not know about these things. There was a time when Su Cha would have to go to Dawn personally.

Her scenes were coming to an end.

Su Cha had been with the production crew for more than a month. Despite this being a grand war drama, Su Cha had finished shooting many of her scenes quickly. According to the scheduled time, she would return to school in November.

Shao Tianwen and the rest still had a lot of scenes to film, and this would last for half a year.

Su Cha listened to her classes from afar. Sometimes, she would consult a teacher alone.

She did not fall behind in her classes by much, so she did not do anything else for the time being.

The endorsements and advertisements that she had filmed had already begun to be released. The first to be released was the advertisement board. All the major supermarkets had stocked this latest brand of fruit candy. Basically, Su Cha's human-shaped advertisement board would be placed next to it. Most of the supermarkets were filled with uncles and aunties. When the young people saw Su Cha's human-shaped card, they would usually take a few glances and grab a bag of fruit candy.

Her influence had gradually begun to show, but Su Cha, who was still quietly filming, did not have many people paying attention to her. After the incident with Zhang Sen Media last time, those who paid attention were probably too afraid of the power behind her.

In November, Su Cha officially wrapped up "The Legend of the Crane."

The last scene was the climax of the drama. Yu Wan, who was played by Su Cha, had her ambition exposed in the end. Emperor He, who was played by Shao Tianwen, stood up and rebelled. Su Cha stood on the high platform in the palace hall, and in front of her was the army of the Forbidden City.

In this scene, Han Yongbing did not want to use too many special effects. He sought out hundreds of extras who wore the same armor. Just this scene alone cost millions.

The dark army stood under the city. Su Cha, who was standing on the high platform, looked down at everything. Her aura was so strong that she was like a king.

Chapter 708: Collision of the 20th and 21st Century

"Cut! Perfect! End!"

"Congratulations, Su Cha, it's done!"

Han Yongbing was very satisfied with the last scene.

He was most satisfied with Su Cha's performance in the past two months.

Even Shao Tianwen and Mu Jiao might turn out to be not as important as Su Cha.

In a script, there would always be actors who were most suited to a part. When Su Cha got the role of Yu Wan, the character was truly revived.

Faced with such a grand scene, the entire production crew was extremely nervous. She stood on the stage and directly crushed everyone, as if she was really a king and not an Empress Dowager.

Even as the Empress Dowager, she was an unparalleled and powerful woman.

The surrounding people came forward to congratulate Su Cha. Su Cha thanked them one by one and felt relieved.

Now that filming was over, she could finally rest for a while.

There was a solo wrap banquet tonight. As the second female lead, she had to stay and eat with everyone before leaving tomorrow.

So she went back to the hotel first.

Her makeup was very troublesome, but compared to the entire production, her style was simple. After returning to the hotel, Fu Mo helped her remove her makeup. Her exquisite and gorgeous makeup was removed to reveal a bare and white porcelain face. Su Cha's phone vibrated as she received a message.

Tan Yeluo: "Alliance Master, the Alliance Master of the Killing Alliance has appeared."

This sudden news surprised Su Cha.

Lately, ever since Greya had appeared, she had been paying attention to her. However, they had returned to the Imperial Capital long ago, and Bo Muyi asked someone to keep an eye on them.

She asked Shi Wei again, not wanting to alert the others.

Therefore, Tan Yeluo probably did not know that she already knew who the Killing Alliance Master was.

However, Su Cha still replied, "Who is the Alliance Master of the Killing Alliance?"

Tan Yeluo: “You definitely won’t believe it. It’s said that the Alliance Master of the Killing Alliance is only twelve years old? When I saw that, I couldn’t believe it. Is the Killing Alliance going downhill, actually having a little girl as their Alliance Master?”

Su Cha immediately concluded that it was indeed her.

She typed calmly, “Maybe she’s old enough to be your elder sister.”

She wondered if Tan Yezhu was 25 years old.

Tan Yeluo: “??? Alliance Master, do you know something?”

Cha Yi: “Where did you see her?”

Tan Yeluo: “She appeared at the Dawn Club. The manager of the Dawn Club, Lady Seventeen, called her Alliance Master. I saw it with my own eyes. The Martial Alliance and the Star Alliance have been notified of the news.”

Seeing this, Su Cha switched to the message interface. As expected, the Alliance chat group that she had blocked had exploded.

It seemed that no one had known that the Alliance Master of the Killing Alliance was a little girl... No, a little girl in disguise.

However, since she appeared openly in the Dawn Club and was spotted...

Su Cha’s eyes darkened. She did it on purpose.

She’d deliberately exposed herself.

Su Cha just did not know what her motive was.

Cha Yi: "I'll be back tomorrow. Wait for me to come back and deal with everything. If it really doesn't work out, you can do whatever you want."

Tan Yeluo: "Then what should we do now? I wanted to find someone to take action, but the other party is a little girl. How can we have that on our conscience?"

Cha Yi: "I hope you'll still think the same when she sends someone to kill you. Save your innocence and kindness!"

Tan Yeluo: "="

At this moment, the Martial Alliance's Alliance Master, Mo Weiyuan, expressed his sadness in the Alliance group chat.

Martial Alliance Master, Mo Weiyuan: "Isn't this such a tender age? I thought the little Alliance Master was young enough at 18. Now, a 12-year-old Killing Alliance Master has appeared. I'm already 30 years old. Seriously, sigh..."

Martial Alliance Elder, Yun Zu: "Collision of the 20th and 21st Century"

Martial Alliance Master, Mo Weiyuan: "..."

Chapter 709: Do You Have a Boyfriend?

Although the group seemed to be very happy, the matter regarding the Killing Alliance Master should have cast a shadow on their hearts.

Enemies whose strength was unknown were the most terrifying.

Moreover, those who came from the Killing Alliance were usually perverts...

However, everyone was most worried about Su Cha's safety.

Everyone knew that Su Cha had gone to Dawn last time. They did not know the specific situation, but Dawn alone was a formidable enemy to face. This time, even the Alliance Master of the Killing Alliance had been called back.

They were both happy and worried.

They were happy that Su Cha's ability was not simple and mysterious.

And they were worried about Su Cha's safety.

Of course, it was unknown if someone was watching the show.

On the night of the wrap banquet, everyone was in high spirits. Su Cha's performance was not bad, and the show was a third completed, so Han Yongbing was also very happy.

The handful of them was drunk. Su Cha also drank a few glasses of red wine. The alcohol content was not high, so she did not feel anything.

Hua Nie and Mu Jiao were a little beyond her expectations. The two of them drank beer after beer. Their alcohol tolerance was extraordinary.

In the end, Hua Nie lost to Mu Jiao.

The drunk group returned to their rooms to rest. Su Cha also returned to her room to pack with Fu Mo. Before long, she heard the doorbell.

Fu Mo immediately went to open the door. After the door opened, Su Cha heard her surprised voice. "Hua Nie?"

Su Cha's eyes moved. She turned around and saw Hua Nie, who was obviously drunk, standing outside the door with a red face. He looked a little uneasy.

She walked over and looked around. Seeing that his assistant was not around, she asked, "Hua Nie, what's the matter?"

At this moment, Hua Nie was drunk. His eyes were bright and his face was red.

He had the appearance of a beautiful man, and his appearance was especially endearing. It was just that, while he evoked an especially soft feeling in the hearts of girls, unfortunately, Su Cha did not feel anything. Instead, she found it strange that Hua Nie appeared outside her door in the middle of the night.

“Su... Su Cha, I... I... I want to ask you a question.”

He could not speak clearly.

Seeing that he was drunk, Su Cha did not stop him. She just raised her eyebrows and said, “Go ahead.”

“You... You... How are you related to the producer?”

His question was abrupt and rude.

If this were asked of an ordinary female celebrity, they might have turned hostile.

After all, what else could the producer have to do with Su Cha? Su Cha could tell what he meant.

Seeing that Hua Nie was drunk, she did not lower herself to his level. She just said, “You can say we’re relatives.”

Anyway, Bo Muyi and he had been brothers since they were young. Su Cha casually mentioned this to prevent these people from thinking nonsense in the future.

“Oh?”

When Hua Nie heard this, he was obviously happier. His eyes lit up. “I knew it... It’s impossible for you!”

His attitude became increasingly awkward. Fu Mo, who was beside him, found it strange. She whispered, “Should I look for his assistant?”

Su Cha nodded, and Fu Mo went to look for Hua Nie's assistant.

With Su Cha's skills, she was not worried that the drunk Hua Nie would do anything to her.

After Fu Mo left, Hua Nie held her fingers and looked straight at Su Cha. It was as if he had finally managed to focus his eyes. His words became more and more muddled, but he was still clear. "Su... Su Cha, I want to ask, do you have... a boyfriend?"

The sudden sentence was very clear.

Chapter 710: Go Back to Your Room and Cry

Su Cha was stunned and immediately understood.

She smiled and said mercilessly, "I have a boyfriend."

Hua Nie was dumbfounded.

Even if he was drunk, he roughly understood what Su Cha meant. His expression suddenly changed, and his eyes turned red. He covered his eyes and his voice changed. "I'm... I'm sorry. Sorry for disturbing you!"

Then, he left quickly.

However, he walked unsteadily. There were several times where he had to support himself against the wall.

Su Cha was speechless.

She knew very well what Hua Nie meant. This was the first time someone had asked her directly.

However, she did have a boyfriend. Of course, she could not give others a chance. Besides, Hua Nie had acted with her before. They would occasionally chat. Su Cha did not feel that Hua Nie liked her. Why did he suddenly ask this?

She shook her head. She did not intend to tell Bo Muyi about it. Telling him would only make him feel unhappy.

It would just turn into a big deal.

Someplace else, Fu Mo had called Hua Nie's assistant. The assistant was also a little anxious. "He didn't bring his phone. I went to the hotel to get some sobering tea for him, but he disappeared."

Before he could finish speaking, the two of them walked out of the elevator and saw Hua Nie, who was standing outside with his head covered, leaning against the wall in deep thought.

"Hua Nie, what are you doing here?"

His assistant quickly went up to support him, but he was stunned.

The handsome young man suddenly leaned on his shoulder and cried, "My love ended before I could say it. She has a boyfriend, sob sob sob..."

The assistant: "..."

He looked at Fu Mo awkwardly.

Fu Mo said that Hua Nie had gone to look for Su Cha.

The two of them instantly understood what he meant.

Fu Mo nodded and smiled as if she did not hear him. Then, she left.

The assistant quickly coaxed him. "So what? With your appearance, are you afraid that you won't be able to find a girlfriend?!"

Hua Nie was still breaking down after entering the elevator. "But I fell for her..."

The assistant: “Why do you like her? Didn’t she say that she has a boyfriend? Why don’t you move on to another one? Otherwise, you’re going to have to be a third party, but first she has to be willing to let you be a third party. What did she say just now?”

Hua Nie: “I asked her if she has a boyfriend. She said she has a boyfriend...”

“That’s that. There’s no hope for you there. Go back to your room and cry.”

Hua Nie: “Boohoo!!!”

The elevator closed.

Fu Mo returned to the room with a smile. “So he came here to confess to you.”

Su Cha was packing her things and did not care much. “Yes.”

Fu Mo walked over and looked at her curiously. “Did you just say that you have a boyfriend?”

“Of course.”

Su Cha looked up at her. “Isn’t that the truth? I should say it clearly.”

Fu Mo nodded thoughtfully. “That’s what we should do.”

This topic was not discussed much, and Su Cha was not in the mood to talk about it. Soon, she went elsewhere.

After packing, the two of them took a plane to the Imperial Capital early the next morning.

Although she had rested for two hours on the plane, she did not have much free time after returning to the Imperial Capital. Tan Jinsui called Su Cha. He had arranged for Su Cha to have a complete team. Su Cha could bring her team over to any activity that needed a makeup artist and stylist in the future.

He wanted Su Cha to meet these assistants.
