

The Queen 801

Chapter 801: Embarrassment

As expected, the matter involving the Chief Designer of Hiberia caused a huge commotion on the Internet. The domestic media was in disbelief. The next day, Su Cha appeared on Chanel's second show, attracting strong attention again.

Although her outfit today was slightly inferior to yesterday's, ordinary people could not tell that she was inferior. Now that the foreign media had a filter on her, as long as this person was here, she would be deemed a stunning goddess.

Eunice did not appear at the show today. Su Cha saw Beth, whom she met yesterday.

She was indeed a model. Last night, she roughly learned Beth's identity. It was indeed similar to what Eunice had said.

But today's show was not as impressive as yesterday's. This Beth... her steps on the catwalk were really hard to watch.

This was Chanel. It was hard for Su Cha to imagine how someone could turn the show's catwalk into a shopping mall corridor.

She saw that many famous fashion personalities were also speechless. It was obvious that they were not very satisfied with this Beth.

It was just that the fashion industry was currently dominated by models. Brands needed their influence to create more sales. It was a win-win for both sides, but for ordinary people, this was lowering the brand's status and influence.

The fact was, it was fine if Beth did not perform well on stage, because others would have to work harder to achieve what she could.

In almost every show she went on, she got a position that models from back in the day would not even dare to imagine. Even so, she was still a big shot compared to many world-class supermodels. She walked on the stage happily.

Su Cha felt that compared to yesterday's show, this Beth had lowered Chanel's overall standards.

After the show, the media from yesterday pestered her again. She simply accepted an interview and answered a few questions. Some media outlets even asked her what she thought about the Chief Designer of Hiberia saying that she was a Divine Muse. Su Cha replied that she was honored and did not say anything else.

So what if that person said that? She did not contact Su Cha in person, so Su Cha would not overthink. Besides, she did not need any proof. It was normal to say that she was honored.

Three days. Three big shows. Su Cha was invited by Chanel and stood out perfectly.

The episode of her interview was also released in the country. Everyone praised her English fluency. The people in the country always had a tender affection for people who had good English. Hence, Su Cha gained a lot of fans after this interview.

After the chief designer of Hiberia said that Su Cha was a Divine Muse, she did not have any other reaction. Everyone thought that she was just being polite. Now that the show had ended and Su Cha's interview came out, everyone found something ironic.

"It's quite embarrassing to participate in a show where you don't know anything. You can't even differentiate the basic colors and styles..."

"I don't f*cking understand. Isn't this answer appropriate? This is her first time on a big show. Her English is fluent, and she is facing an interview with a reporter in a natural manner. She admitted that she was not professional and did not give any comments, but she likes her personal style very much. This is already a classic answer. What else do you want?"

"If you say that Su Cha doesn't understand, how much do you think these little fairies know? Are they all super-wealthy women who can come up with all kinds of luxury brands every season? Even if other celebrities know so much, they have never been appreciated by the Chief Designer of Hiberia."

"If you don't understand, you don't understand. Hehe, if others say something, the fans get quite excited."

Chapter 802: Past

These netizens could always find ways to mock her.

Su Cha's unexpected gain was Eunice, but it was useless. It was equivalent to making a friend.

However, Tan Jinsui admired Su Cha.

On the third day, Su Cha finally met another artist under Tan Jinsui, the legendary superstar Zou Manni.

As she was a well-known celebrity in China, Zou Manni's fame was as one would expect. Su Cha must have seen her before, but it was her first time seeing her in person.

Her aura was extraordinary. It could be seen that she was gradually aging, but she maintained herself well. It was not obvious, but it could be felt through her temperament that had been accumulated over time.

She was also an unparalleled beauty. She was able to become popular in China because of her affinity with the people. Her nationalism was almost unrivaled.

It was her first time seeing Su Cha, and she was also very surprised. "That photo of yours is amazing. As expected, Brother Tan's taste is extraordinary. He said that you'd suit that dress, and you did indeed."

Su Cha smiled. "Sister Manni is too kind."

"Whether it's a compliment or not, it's obvious from the foreign media's comments."

Zou Manni's smile was as warm as the spring breeze. She had always been amiable. In the past, she had added points to her character. Now that she had fallen silent, her gentleness became increasingly obvious.

Tan Jinsui wanted Zou Manni to stay for a day, but she had something to do. After participating in the show, she left.

Tan Jinsui did not leave.

After she left, Su Cha asked Tan Jinsui, “Is Sister Manni not planning to come back?”

Tan Jinsui smiled and said, “She’s tired too. She’s lucky to have reached the peak at such a young age. Other celebrities would not be willing to be as carefree as her. If it weren’t for Manni’s unintentional comeback, I wouldn’t have thought of coming back to take care of you.”

He looked at Su Cha’s calm eyes and recalled the photo of her sweeping across the media outlets in the past two days. “I’m really not wrong about you. You are just like your father, outstanding and perfect.”

Su Cha deliberately teased him, “Uncle Tan, why do you keep saying that I look like my father? My father did not participate in the entertainment industry.”

Tan Jinsui coughed. “I’m just saying. Your father...”

Su Cha was originally just joking, but when they thought of the past, their smiles faded.

After all, it used to be a sensitive topic that people did not want to talk about or probe about.

After ending the conversation, Tan Jinsui asked Fu Mo to book a flight back to the country and boarded a flight back.

When Su Cha returned home, Zuo Zhici saw Su Cha’s report at the Fashion Week.

Ruan Yin was peeling an apple next to her. Zuo Zhici watched the video of Su Cha’s interview and handed it to Ruan Yin in surprise. “Mom, look, Sister’s English is so fluent. She even amazed everyone at the show this time. It’s a pity that I couldn’t go because I had something on. It would have been great if I could watch it live.”

Ruan Yin looked at that magnificent figure in the video and was a little dazed.

Su Cha looked like her. It was because of her beauty that she got involved with Zuo Shaoxin.

However, Ruan Yin felt that such an extraordinary aura did not come from her or Zuo Shaoxin.

Their daughter, in actual fact, had left them. She did not need their family background to have status. She was perfectly able to become the center of attention by herself.

The corners of her eyes grew moist as if she was recalling something.

Chapter 803: When Will Our Sister Come Back?

It was just a video. Zuo Zhici did not expect Ruan Yin to cry because of it.

She was a little flustered. “Mom, don’t cry. I just showed you my sister’s video. Why are you crying?”

She was actually a little afraid of her mother crying. She always felt inexplicably worried.

Ruan Yin shook her head and wiped the corners of her eyes with a tissue. “I’m just happy. I’m very happy that your sister has become so outstanding.”

Zuo Zhici looked at her carefully. “Then, Mom, why didn’t Dad mention letting Sister come back? Didn’t you want Sister to come back?”

Ruan Yin was stunned. Her eyes flickered. She could not go into the details, but she said, “Even if we are willing, didn’t your sister say that she did not want to come back? How can we force her now? You know that your sister’s boyfriend is not to be trifled with.”

“But you are her biological parents!”

Zuo Zhici stood up and knelt on the sofa with one leg. She looked at Ruan Yin. “Even though you are her biological parents, why are you so afraid that she won’t come back?”

Ruan Yin looked like she was in a difficult position and could not say anything. Seeing Ruan Yin like this, Zuo Zhici had her suspicions deepened. “Could it be that you did something so you now don’t dare to look for Sister?”

Ruan Yin was shocked. “Why do you think so? When did we do anything?”

However, the faster she denied it, the more Zuo Zhici felt that something was wrong.

She had heard recently that Zong Yanxiu was now somehow her sister’s father. Her sister had also run to the Zong family.

Old Master Zong Bingyi of the Zong family did not hide the fact that Su Cha was his granddaughter when he had dealings outside, but his sister was clearly born from their parents. When did she become involved with the Zong family?

It was really because of Zong Yanxiu.

Although the Zong family had not come to look for trouble yet, Ruan Yin could not forget what had happened back then.

She wanted to pretend that nothing had happened. But how could that end up being the truth?

Back then, she was powerless to stop anything, but it was all her fault.

She was actually glad that Zong Yanxiu did not come back to look for her.

Seeing that Zuo Zhici was closing in more and more, Ruan Yin had her face turn pale. Just as she was about to speak, a tall and slender figure walked in. “Zhici, what are you bothering your mother about again?”

Zuo Shaoxin’s voice.

Seeing that Zuo Shaoxin was back, Zuo Zhici stuck out her tongue. “Dad, you came back early today.”

Zuo Shaoxin nodded. “If you have nothing to do, go out and wander around. Don’t always bother your mother at home.”

What he meant was that he wanted Zuo Zhici to go out and play. He would let her do anything she wanted, be it shopping or going overseas. The Zuo family would never treat them unfairly.

Zuo Zhici glanced at Ruan Yin secretly. Ruan Yin smiled and stood up. Zuo Shaoxin walked over and hugged Ruan Yin. He was not shy in front of Zuo Zhici and kissed Ruan Yin's forehead.

After so many years, Zuo Zhici was used to it. Other people always said that her parents were exceptionally loving, and she felt that it was true.

She just could not figure it out.

When he noticed Ruan Yin's strange expression, Zuo Shaoxin's gaze darkened. "Did Zhici tease you?"

Ruan Yin quickly shook her head. "No."

She smiled and was about to find an excuse when Zuo Zhici could not help but ask Zuo Shaoxin, "Dad, when will our sister come back?"

In an instant, the air seemed to have changed and everything froze.

Chapter 804: Rescue

Zuo Zhici regretted it, but she still wanted to know the answer.

Zuo Shaoxin looked at her and sneered. "Zhici, have you forgotten? It's not that we don't want your sister to come back, but she doesn't want to."

"But Sister said those words in a fit of anger. If you went to persuade her personally, how could she not come back? Sister is quite a nice person. The last time, on the yacht, it was Sister who saved me. If not for her, something would have happened to me long ago."

"Let's not talk about what happened last time."

Zuo Shaoxin interrupted her impatiently. “You just have to remember one thing. The Zuo family welcomes her back, but we don’t necessarily need her to come back. It’s her own business that she doesn’t choose the Zuo family.”

After saying this, Zuo Shaoxin hugged Ruan Yin’s waist, whose expression was a little ugly. “Don’t bother your mother because of this from now on.”

As he spoke, he took Ruan Yin away.

He emphasized the last few words, leaving Zuo Zhici dumbfounded.

Why did they quarrel every time because of her sister?

Also, what did he mean when he said that his sister would not choose the Zuo family?

If her sister did not choose the Zuo family, who else could she choose? Could it be because her sister lived in Lookout Pavilion?

Having a boyfriend and returning to one’s family was not mutually exclusive...

Zuo Zhici frowned, bit her lips, and ran out.

The first thing Su Cha did after returning to the country was to deal with Le Anqi.

Le Anqi was in class. She sent a message to Le Anqi and asked her to meet her in the afternoon.

Le Anqi did not reply.

Before Su Cha returned to Lookout Pavilion, she received a call from Zong Yanxiu.

His voice was strange. “Cha Cha, are you back in the country? Can you come to see me when you have time?”

Su Cha heard his voice and felt that something was wrong. She quickly asked, “What’s wrong?”

Zong Yanxiu could not help but have a headache. “Your... sister is here.”

Su Cha squinted.

Sister?

Wasn’t that Zuo Zhici?

Why did she go to the Zong family!

At the thought of this, Su Cha quickly asked the driver to turn around and sent Bo Mui a message saying that she was going to the Zong family residence.

He was working in the morning, so he did not have to return to Lookout Pavilion.

To be honest, Su Cha was a little troubled. She did not want the Zuo family to have any connection with the Zong family, especially when she had not yet thought of how to deal with Zuo Shaoxin. The Zuo family was also a family from the Martial Alliance. It was unrealistic to directly attack them. She also had the identity of the Alliance Master of the Star Alliance, but now that Zuo Zhici had come to the Zong family, her plans could easily be disrupted.

After hanging up, Zong Yanxiu looked at Zuo Zhici, who was sitting there crying non-stop. He touched his forehead, which was aching. “Dad, why did you tell her about what happened back then?”

Zong Bingyi glared at him. “What do you mean I told her? She came to the Zong residence like a little lunatic to interrogate me. She spoke as if it’s us who didn’t want her sister to return to the Zuo family. She even thought that we were the ones who had taken her sister. I felt uncomfortable hearing that. Of course I told her the truth. How could I not tell people about the harm Zuo Shaoxin had done?”

As soon as he finished speaking, Zuo Zhici cried even louder!

Zong Yanxiu's headache intensified and he sighed helplessly.

How could this suddenly happen?

He did not know how to treat Ruan Yin's second child, so he could only call Su Cha back to save the day.

Chapter 805: Say What You Want to Say

When Su Cha arrived, she saw Zuo Zhici sitting in the Zong family's main hall, sobbing. Beside her was Zong Yanxiu, who looked helpless.

Only the two of them.

Zong Yanxiu heaved a sigh of relief when he saw Su Cha. When Su Cha saw Zuo Zhici crying, she frowned and said coldly, "Why are you crying?"

Hearing Su Cha's voice, Zuo Zhici was stunned for a moment. Then, she looked up with teary eyes.

"Woo... sob sob sob sob... Sister... tell me... Grandpa Zong is lying, right...? Father could not have done that back then. It's impossible..."

Zuo Zhici was shocked.

After she ran out of the Zuo family, she could not figure anything out, so she thought of the Zong family.

Her original intention was to ask the Zong family how they were related to her sister.

She only knew that the Zong family did not have a good relationship with them, so she usually had no interactions with them.

No one stopped her this time. When she came over, she bumped into Grandpa Zong alone. She asked him some questions. Grandpa Zong seemed to be angry and quickly told Zuo Zhici what had happened back then.

Zuo Zhici could not believe that her god-like father would do such a thing.

She did not believe it at first, but when she saw Zong Yanxiu in the wheelchair, she recalled the rumors that he had been unconscious for more than ten years. She also recalled that her sister would rather die than return to the Zuo family. She broke down abruptly and started crying in the Zong family residence.

Hearing Zong Yanxiu's explanation of what had happened, Su Cha felt her breath stuck in her chest. She could neither confirm it nor deny it.

Seeing Zuo Zhici looking at her with tears in her eyes, she took a deep breath and said directly, "Yes, what Grandpa said is true. I saw it with my own eyes back then. Haven't you always wondered why I wouldn't return to the Zuo family? This is the reason!"

Zuo Zhici was stunned.

Zong Yanxiu shook his head. He could not bear to see her like this.

He waved at Su Cha, who walked over and pushed him out of the hall.

After a while, Zuo Zhici's cries sounded.

Pushing him towards the door, Su Cha asked, "Father, should I ask her to go back?"

Zong Yanxiu shook his head and sighed. "Forget it."

He turned the chair around and picked up the walking stick on the wheelchair. He supported himself and stood up.

Su Cha's eyes lit up. "Father, you can walk now?"

Zong Yanxiu leaned on his walking stick, but after taking a few steps with difficulty, Su Cha went forward to support him. He was not upset about it and just smiled. "I will recover even more after a while."

He sounded relieved.

After all, he had been unconscious for more than a decade. It was already a miracle that he could still recover. What was there to be dissatisfied about?

He was even glad.

Hearing the cries in the room, he thought for a while and raised his hand to hold Su Cha's palm.

Zong Yanxiu sighed in relief. "Muyi has taken care of you well. I'm relieved."

Su Cha held his palm and said, "Father, just say it. I'm listening."

It must have something to do with Zuo Zhici.

Zong Yanxiu looked at her as if he had made up his mind. He said directly, "Xiao Cha, I've thought about it for a long time. You might not be willing, but I still want you to promise me that our relationship with Zuo Shaoxin will end like this."

Chapter 806: I Promise You

Su Cha was stunned. Her pupils constricted and her eyelashes seemed to be trembling. "End? Why?"

"Because there's no need."

He grabbed Su Cha's hand tightly. His dazzling eyes were not as bright as before, but they were still filled with determination.

"You just have to listen to me carefully. This is what I thought from the moment I woke up. You are alive, and I am also alive. We are both living well by each other's side. I am also learning to take over your grandfather's career. I have no other requests. Even if you think that your father is being

too saintly and too kind, it's fine. Su Cha, you just have to remember that I see you as my biological daughter. I don't regret loving Ruan Yin, just like how I don't regret taking you away from her those few months."

He spoke firmly.

From the corner of Su Cha's eyes, she saw a white figure. Her lips trembled. Just as she was about to speak, Zong Yanxiu continued, "I know you hate Zuo Shaoxin because of me. You don't have to care about him, but Ruan Yin is still your biological mother. It was not her intention to abandon you back then, but she was too helpless. If you deal with Zuo Shaoxin for my sake, when the time comes, it's not only the Zuo family who would be hurt. Also, you are the Alliance Master of the Star Alliance. You have other responsibilities."

"Just treat me as a selfish father. I don't want to see Ruan Yin fall into a painful abyss with you because of this matter. I loved her, and I loved her sincerely. I gave up everything I could for her. I don't regret it. Even if something like this happened to me, I still won't regret it in this state. I just want everything to end here. From now on, we will go our separate ways. You are the daughter of Zong Yanxiu. Your surname is not Zuo. And although your surname is Su, you will always be a part of the Zong family and the Bo family. Just treat it as if those people no longer exist."

His voice was trembling, as if he was afraid of and felt guilty facing Su Cha. "Xiao Cha, you should not be the one to bear the hatred. I don't want you to do these things because of me. You should not bear my cowardice. You are the most innocent in this matter."

Su Cha lowered her eyes. At that moment, her eyes were red. She held Zong Yanxiu's hand and trembled slightly. "I just feel that you've been treated unfairly. I can't take this lying down on your behalf."

"Silly child, how is it unfair?"

He touched Su Cha's head and smiled gently. "At least I'm not really miserable. The unfairness dealt to me has been compensated. At least you are my daughter."

At that moment, his eyes, which had been silent for so many years, finally reflected a completely brilliant light. He repeated solemnly, "You will always be my one and only daughter."

As if there was a breeze, this sound drifted slowly and gradually entered Su Cha's ears.

She looked up. There were two lines of tears on her cheeks, but they could not hide the dazzling light.

Su Cha and Zong Yanxiu turned to see Zuo Zhici standing there, covering her mouth and not crying out loud.

Tears welled up in her eyes as she looked at Su Cha.

Su Cha's voice trembled. At that moment, she heard a hint of pain in her voice, but she still agreed. "Okay, I promise you."

Zuo Zhici could not help but cry.

Chapter 807: How Did She Turn Out Like This?

During lunch, Su Cha and Zong Yanxiu returned to normal.

Zuo Zhici, who had been crying for a while, stopped.

After recovering, Su Cha thought about how to deal with Zuo Zhici's matter. However, she did not do anything after that. Zong Yanxiu also seemed embarrassed to chase her away and didn't say anything.

As she had cried too much, Zuo Zhici's eyes were red and swollen. She still felt a little pain, and her willpower was low. She did not say anything or leave.

The servant started to serve the dishes and naturally prepared a portion for Zuo Zhici.

Zuo Zhici was still trembling from crying for so long. Seeing her reach for the bowl, Zong Bingyi glared at her. "How can you still eat after knowing what you know now?"

Zuo Zhici pouted and pushed the bowl back.

Zong Yanxiu could not take it anymore. He gestured for the servant to help Zuo Zhici. “She cried for so long. It’s harmful to her body. Of course she has to eat.”

Then he looked at Zuo Zhici gently. “Don’t be afraid. Just eat it.”

Su Cha sighed.

Zong Bingyi snorted and rolled his eyes at Su Cha.

Su Cha: “...”

What did this have to do with her?

Zuo Zhici was shy. After Zong Bingyi said that, she did not dare to eat anymore.

Su Cha ignored her. After eating, she had to return to the Lookout Pavilion.

Zuo Zhici walked with her. When she got into the car, Zuo Zhici suddenly asked her in a panic, “Sister, even if you don’t plan to acknowledge my parents, can my brother and I still play with you in the future?”

Su Cha: “...”

She sneered. “Don’t look for me if you have nothing important to do.”

Zuo Zhici pouted, feeling wronged.

Su Cha ignored her.

After returning to the Lookout Pavilion, Su Cha spent the whole afternoon working on embroidery.

She still remembered this matter. Su Cha and Le Anqi had also made an appointment. When it was about time, she packed up and went out.

She had mentioned a location, but Le Anqi had given another location.

Le Anqi was a little absent-minded today. Actually, she did not really want to see Su Cha of late. It was not that she did not want to see her, but... she did not want Su Cha to see her like this.

Amid the loud noise, Le Anqi was in a trance. She did not know how she became like this.

She'd taken drugs.

She had never thought that such a scary thing would happen to her. At that time, she was just a small influencer and had no worries. She did not need anyone to worry about her. She had financial freedom and she lived a carefree life.

But after coming to the Imperial Capital, everything seemed to have changed.

She was alone in the Imperial Capital. Occasionally, she would contact Su Cha, but Su Cha was a celebrity after all. She was too busy and had to do many things. In contrast, Le Anqi was much more free and idle. Other than doing live broadcasts, she did not do anything else.

Until she met her current boyfriend, Di Li.

It was Di Li who'd chased her.

Di Li was really nice at first. The people who came to the Imperial Capital were about the same. Di Li was not the best student, but he was much better than ordinary people. He was also very good to her. When he first wooed her, he was the first to initiate everything. Le Anqi was alone, and after a long time, she fell into it.

She came to like Di Li, and she even thought she loved him. Of course, she did not know if it was really love. She only knew that she liked Di Li so much.

Chapter 808: Dirty

After that, she got to know his friends.

Le Anqi could not remember when she started to become addicted to drugs. She only remembered Di Li's tempting words. She fell into his sweet web and could not escape. It was too late for her to escape.

She then found out that Di Li also took drugs, and many friends around him liked it.

She used all her money to buy drugs, including Di Li's.

In fact, she had lied to Su Cha. She had already taken out the money she earned from doing live broadcasts. After taking drugs, people started to lose their minds. She was afraid that fans would notice something. She had not done live broadcasts for a long time, so she naturally did not have a source of income.

Deep down, she was someone who did not want others to see her at her lowest.

Le Anqi knew what she was like.

She also did not want her parents to know.

She also realized that Di Li did not really like her. He had many ambiguous partners, including the women he was playing with.

They did not follow the proper rules. Their families were not very rich. After entering the performing arts school, they relied on packaging themselves to find rich people. Step by step, they wrapped themselves up as rich and beautiful.

In fact, they would smoke, drink, and take drugs.

Le Anqi did not doubt that if she did not have savings from the live broadcast, Di Li would have encouraged her to do such a thing.

But she could not allow that to happen.

When she woke up today and saw Su Cha's message, she had an ominous feeling.

She knew that Su Cha did not want her to pay back the money. She knew that Su Cha must have found out something.

Su Cha was such a smart girl. How could she not tell?

Hence, she gave up on herself and let Su Cha know what she was doing. She wanted Su Cha to see her clearly and distance herself from her.

It was better than people finding out in the future that she was still in contact with Su Cha. Some paparazzi could find out about her current situation and use it to hurt Su Cha.

Di Li and the others knew that Le Anqi knew Su Cha. After all, she had participated in the same show as Su Cha. They had also asked about Le Anqi's relationship with her. Le Anqi protected her, and she never mentioned that she was still in contact with Su Cha.

She only said that she had fallen out with Su Cha and that she had not contacted her for a long time.

From then on, Le Anqi felt that Di Li had started to treat her coldly.

Actually, she wanted to leave as soon as possible, but it was too late.

"Anqi! Sing a song!"

The loud music suddenly quieted down. Someone stuffed a microphone into Le Anqi's hand and asked her to sing. Le Anqi looked up. Her eyes were not as bright as those of the young girl she was in the past. They looked a little dim.

She shook her head. "I don't like singing."

She hated such an occasion. In fact, these people had always regarded her as a fool. She knew everything, but it was too late. She saw it too late.

“Didn’t you participate in a singing program before? Why do you say that you don’t know how to sing?”

The woman who spoke was smiling and seemed to be up to no good. She put one hand on Le Anqi’s shoulder. The man who had been taking drugs for a long time had a handsome face. But now he looked a little wretched.

As he smoked, a puff of smoke landed on Le Anqi’s face. Le Anqi coughed and pushed Di Li impatiently.

The surrounding people laughed. Le Anqi choked on her tears. The moment she felt her phone vibrate, she immediately said, “I’m going to the washroom.”

Chapter 809: I Am Uncomfortable Tonight

“Anqi.”

When Su Cha walked to the entrance of the nightclub, she could not believe that the girl in front of her was really Le Anqi.

She had not changed at all, but everything seemed to be different.

She was thinner than before. Her arms were thinner than Su Cha’s, and her cheeks were thinner to the point that her chin looked sharp. Her eyes were wide open, and her face was covered with gorgeous heavy makeup.

When she saw Su Cha, Le Anqi almost subconsciously wanted to dodge.

There were many people coming and going in the surrounding nightclub. Le Anqi did not dare to say much to her. She took her hand and walked to a corner.

The girl in front of her was wearing sunglasses. She was tall and wearing a Haute Couture suit. She was so beautiful that Le Anqi could not look at her directly.

She was never jealous of Su Cha. She was just envious of Su Cha’s strength and beauty.

Now, she felt that she had let down this beauty. Such a person should not make friends with her.

“Why are you so thin?”

Su Cha reached out and touched Le Anqi’s arm. The more she looked at her, the angrier she became. She wanted to kill her boyfriend, but she held it in. “What have you been doing recently?”

She was giving Le Anqi a chance to see if she would tell her honestly.

Le Anqi shook her head. When she looked up again, her eyes were filled with tears. “Su Cha, let’s not meet anymore. It will affect you negatively.”

Su Cha narrowed her eyes. “We are friends. Why would us meeting affect me negatively? If I’m not afraid, why should you be afraid?”

Le Anqi’s lips started to tremble and she started to choke. “I... I’m taking drugs!”

Su Cha was stunned.

She was wearing sunglasses, and Le Anqi could not see her expression clearly. She was a little scared.

She was afraid that Su Cha was looking at her with disgust under her sunglasses.

“I know.”

Le Anqi looked at her with tears in her eyes.

“But I found out too late.”

Su Cha pursed her lips. She knew that this had nothing to do with her. Everyone had their own social circle, and she could not pay attention to Le Anqi’s every movement. She just did not expect Le Anqi to take the wrong path. She never thought that this would happen to Le Anqi.

However, it was too late for her to save Le Anqi.

Many injuries would get better after some suffering.

Le Anqi was shocked. "How... How did you know?"

She started to panic and her eyes flickered. "Was it when you lent me money?"

Su Cha shook her head. "Don't ask about this. I came to you today to ask you about these things. Anqi, I know you are not stupid. You are already in this state. Do you still feel the need to be with your boyfriend?"

Le Anqi's tears fell. "I know, but... it's really too late... Su Cha, don't come to see me again..."

After saying this, she ran away.

Su Cha looked at her back and her eyes darkened. She did not chase after her.

She looked at the nightclub and went to find an entrance.

Le Anqi went back and met Di Li, who was looking for her. Di Li grabbed Le Anqi and asked, "Where did you go?"

His tone was a little fierce. "Didn't you go to the toilet? Why did you take so long?"

Le Anqi was already in a bad mood after she saw Su Cha just now. Now that Di Li was being so fierce, she pushed him away. "It's none of your business. I'm not feeling well tonight. I'm going back."

Chapter 810: Regret

Di Li suddenly pulled her back. Seeing that she did not seem to be joking and that she seemed to have cried, he softened his voice. "You can't be angry, right? We were only joking just now. If you don't want to sing, just don't sing. But tonight is a special day. We have an appointment with Brother Long and Brother Fa in the western suburbs. These are two important figures in the

entertainment industry. If we meet them tonight, we will have a chance to watch the movie they invested in.”

Le Anqi suddenly had a bad feeling. “Just go and see them. Why bring me along? I’m not interested!”

She had participated in festivals before and had some resources. She did not need to worry about this for the time being. She had not thought about it.

She was not stupid. How could she not understand what Di Li meant? She was not so stupid as to be led so astray.

Because she had become friends with Su Cha, she always kept in mind that she must not do anything to defame her. It was an accident that she got involved with drugs. She could not do anything about it, but she was afraid that something more would happen. If something happened, the reporters would definitely make things difficult for Su Cha.

“Don’t joke around. Don’t you want to enter the entertainment industry? If you don’t want to enter the entertainment industry, why did you take the Imperial Arts examination? Why did you enter the broadcasting department?”

Di Li pulled her hard, and Le Anqi struggled.

In the end, Di Li, who had more strength, dragged her in.

Of course, the people in the nightclub were not surprised. No one wanted to stop them.

A few seconds after the two of them left, a tall figure suddenly appeared and walked towards the place they just went.

As it was too sudden, no one stopped her.

However, some people felt that the figure just now seemed a little familiar.

Le Anqi, who was dragged back into the private room, saw a few strangers in the room. They all looked like they were up to no good. Some of them were playing with a sieve, but she was not unfamiliar with them. They looked like rich second-generation heirs.

The other two were bald. They were wearing suits, but each of them was drinking a bottle of beer. She felt that the suits were just for show.

Di Li brought Le Anqi in and attracted the attention of the people in the private room. Di Li grinned and introduced Le Anqi to the brothers, "Brother Long, Brother Fa, this is Le Anqi, my girlfriend."

Their eyes lit up when they saw Le Anqi.

Di Li held Le Anqi tightly and said, "This is Brother Long and Brother Fa. Greet them."

Le Anqi was in pain from his stranglehold and felt a little guilty as she looked at the scene in front of her. This was the first time Di Li had brought her to meet someone she did not want to see.

She had no choice but to call out, "Brother Long, Brother Fa."

Someone laughed. "The kid is inexperienced. Brother Long, please don't mind."

"Of course not."

One of them patted the leather sofa beside him and grinned. "Come, sit here."

Le Anqi did not want to sit over there, but Di Li had already pushed her. He sat down next to Le Anqi and forced her to sit over there. For a moment, she could smell the big baldie beside her. He had a nauseating fox smell.

She almost wanted to vomit.

"Brother Long, it's our first time meeting. Let my girlfriend toast you."

Di Li poured the wine and encouraged Le Anqi to drink.

Le Anqi had no choice. She knew that if she resisted, she would die faster.

She started to regret it.
