

The Queen 841

Chapter 841: Illegal

When Qin Bei and Jin Jiayu regained consciousness, they were both tied up.

Their eyes were covered, and there was only darkness in front of them.

At first, each thought she was alone until a panicked female voice came from beside them. “Where am I?”

A string in Qin Bei’s mind snapped. The voice was familiar. She asked sharply, “Why are you here?”

No, why was she here?

She was clearly overseas!

She had gone to a faraway country!

At this moment, her heart started to tremble. Jin Jiayu’s panicked voice sounded. “Yes, why am I here?...”

Her words suddenly stopped.

She remembered that she was at the swimming pool at home. In the end, she met three men in black who’d barged into her house with guns. Then, she was knocked unconscious and did not know anything after.

Qin Bei also recalled what had happened before she fainted. She had been knocked unconscious on the street. Had she been kidnapped...?

But who would kidnap Jin Jiayu as well? Jin Jiayu was so far away from her!

In other words, had she been sent back to the country?

When she thought of this, Qin Bei's heart turned cold.

The uneasiness in her heart intensified.

She struggled with all her might, but the rope in her hand was tied tightly. She tightened it and felt a piercing pain.

Gritting her teeth, Jin Jiayu cried, "Where are we? Who kidnapped us? If he wants money, we have it..."

However, no one answered them.

In the darkness, they could feel everything. While they were panicking, they seemed to hear footsteps.

The footsteps were soft and seemed to be very regular. They were not light or heavy, but at this moment, it intensified the uneasiness in their hearts.

Creak...

It was as if the door had opened. Then, Qin Bei felt that they could suddenly see.

Moments after their vision regained clarity, the light was still a little dazzling. The two of them blinked hard to adjust themselves to the brightness. When they opened their eyes carefully, they saw a figure standing in front of them.

"Su Cha?"

"Su Cha?"

Qin Bei and Jin Jiayu had screamed at the same time. The difference was that one had incomparable hatred while the other had realized that something was wrong.

“Why are you so surprised to see me?”

The girl stood in front of them with a perfect smile. She was elegant and peerless, but she gave people the creeps.

Jin Jiayu felt a chill down her spine. “Why are you here?”

Why was Su Cha here? If she was here, wouldn’t that prove many things...

Their matter had been exposed.

At the thought of this, their faces turned pale.

What was worse was that they were caught by Su Cha.

“You are the one who kidnapped us. Do you know that this is illegal?”

Even if she was caught, she must not reveal anything. Jin Jiayu gritted her teeth and looked at Su Cha. She looked at this girl who had become more mature and graceful. She felt jealousy rising in her heart.

Su Cha glanced at her indifferently and smiled. “Jin Jiayu, tell me. Since the last time, I haven’t looked for trouble with you or tried to kill you. One would really think that you’ve become too tired of living, so you came to seek death. You found someone to kill me after contacting Qin Bei. The two of you are good.”

Chapter 842: Let Me Out!!

“What nonsense are you talking about? We don’t know anything. We don’t know what you are talking about. You are crazy!”

Qin Bei gritted her teeth and scolded her. Even if it was the truth, she could not admit it directly.

Who knew if Su Cha was bluffing them? Did she have a recording pen?

They had filmed dramas with a similar situation before, so they were afraid of encountering such devices. Besides, it was a fact that they'd reached out to an assassin.

Su Cha smiled gently. Her laughter spread in the air, bringing with it an inexplicable coldness. "Don't think too much. There are no recording pens or surveillance cameras here. Ever since I caught you, I've had no intention of letting you off. You are capable of hiring an assassin to blow me up with a bomb. Why don't you think about how I will deal with you now?"

These words made the two of them have goosebumps. Jin Jiayu had wanted to punish Su Cha for pushing her directly on the set. Now that she found herself in Su Cha's clutches, she cried in fear. "What do you want? Let me tell you, killing... Killing is illegal!"

As she was too afraid, she started to tremble as she spoke.

Qin Bei looked down on her.

She simply looked at Su Cha with her dark eyes. Even if she was afraid, it could not mask the deeper hatred in her heart. She laughed sinisterly. "You will get retribution sooner or later. Su Cha, you will get retribution. God will not let you have it easy."

Su Cha suddenly approached her. She was so close that her strong and deep aura made Qin Bei speechless.

She saw Su Cha's faint smile. "Of course I didn't have it easy. I've already suffered once."

Hence, she would now do whatever she wanted.

Seeing that Su Cha did not sound like she was joking, Jin Jiayu became increasingly afraid. "How do you want to deal with us?"

Su Cha tilted her head and looked at her as if she was joking. "What do you think?"

"I... I was wrong, Su Cha. We were possessed. We didn't want to kill you, we really didn't..."

At this time, Jin Jiayu's excuses were really just lies.

If Su Cha had not gotten into the car, she would have died.

"I want to be clear about gratitude and grudges. I will pay back what you've done to me. Back then, you targeted me while we were on the production set repeatedly. I only snatched your role as second female lead and did not cut off your path of retreat. Yet now, you wanted to kill me and almost succeeded. Do you think I will let you off just because I'm not dead? How can it be so easy?"

Her smile became even happier. "I'll give you a chance too. I placed a bomb in the car. If the two of you can escape from the car, it will mean God is allowing you to live. So, let's see if God will let you live this time."

Their eyes widened. At this moment, the light outside was bright. Through this absolute brightness, the two of them could see that they were tied to a truck.

There were two chairs in the empty car. They were tied to the chairs. After saying this, Su Cha smiled even more. Then, she jumped out of the car and closed the door in front of Jin Jiayu and Qin Bei's horrified gazes.

"No, no, no... Let me out, let me out!!"

Jin Jiayu started to scream crazily. The entire chair was shaking violently, but her entire body was restrained and she could hardly escape.

Chapter 843: An Eye for an Eye

Qin Bei had already realized that it was impossible to escape, but she was still a little unwilling to accept it. As she cursed, she moved her body with the chair and moved over little by little, trying to escape through the door of the truck.

Suddenly, they felt the car start to move.

When the car door opened just now, Qin Bei had seen a cliff not far away.

Not only did Su Cha plan to cover up the explosion that way, but if the two of them did not escape before the explosion, they would also fall down the cliff and die without leaving behind an intact corpse.

At the thought of this, Qin Bei screamed, “I won’t let you off even if I become a ghost! I will never let you off!! Su Cha, you bitch!! You bitch!!!”

Her eyes were red as she used all her strength to curse.

However, no matter how she cursed, there was no other response other than the sliding of the car.

“Bang, bang, bang...”

“No, no, no, no, no, no, no, no!”

Jin Jiayu also moved over with great effort. The two of them slammed against the car door crazily as tears welled up in their eyes. Regret could no longer describe what they were feeling. Their bodies were cold.

Why did it become like this? Why did it become like this?

Could it be that if they had not planned to kill her, this would not have happened?

They regretted it, they really regretted it!

At the last moment, Qin Bei and Jin Jiayu screamed and cursed. They felt that the car had reached the edge of the cliff. The car started to tilt, causing the two of them to hit the car door hard.

However, the car door was unbreakable.

Despair engulfed them. They had no choice but to close their eyes.

Boom!

An explosion resounded in the empty valley.

Su Cha stood in the distance and watched as the truck exploded in mid-air. Fragments flew towards her, but she blocked them with her inner force.

When she saw the car explode, Su Cha's smile became more obvious.

Actually, it was quite wonderful, wasn't it?

Thinking about it carefully, she had never killed anyone with her own hands ever since she was reborn.

She wanted revenge, but she'd never hurt the innocent.

Black and white existed in this world. If someone did not want her to be happy, why should she let them be happy?

Turning around, Su Cha proceeded to drive another car down the cliff.

This was a cliff on the outskirts of the Imperial Capital. The distance from the city center was a day and night's walk. The car had been driven by someone else, so she would not leave any evidence.

After returning to the city, Su Cha called Le Anqi. "Anqi, I'm going to eat dinner now. Why don't you join me for hotpot?"

"Are you coming over to eat today? Okay, I'll prepared it for you. Fu Mo is also at home. She said that you have nothing scheduled today. Have you been at home the whole day?"

"Yes, so now I'm coming out to relax."

"It's about time you do so. Were you scared two days ago?"

The news of Su Cha being attacked in the mall was not exposed, but Le Anqi knew about it, although the version she knew was that the car got into an accident and exploded. Su Cha was lucky to escape the disaster and had rested at home for two days due to shock.

She was quite worried. Now that she was going out, she was relieved.

“No.”

The girl drove and smiled happily. “I’ll be there when you’re almost done. I’m only coming to eat. I didn’t prepare anything.”

“What else do you need to prepare? Just come over.”

After hanging up, Su Cha hummed a song from her new album. Her ethereal voice drifted far away.

Chapter 844: Lead

At the same time, after a few days of him trending in the news, Zhai Yao entered the public’s eyes.

Everyone knew him well. Although he was not good at singing, his character profile was that of a bright boy. The gentlemanly movements he inadvertently displayed on the variety show were very pleasing to the eyes. With a shy smile, Zhai Yao attracted a group of fans.

Some people even started to defend him against others’ fans, thinking that it was only right for Zhai Yao to break up with Su Cha.

How could such an innocent person be with such a woman?

Su Cha was impressed.

Innocent, shy, and timid.

She finally understood what it meant to have an extreme character profile.

Lian Chi was also a talent. He could make these words be associated with Zhai Yao.

He was shameless.

Bo Muyi did not deal with Zhai Yao. Su Cha had vaguely guessed something. He was watching Zhai Yao right now, wanting to see what he would do and what his goal was.

After the preview of “The Legend of the Crane” was released recently, the drama received a lot of attention. Su Cha had always been a hot topic. Now that the topic of her “relationship” had spread, many people felt that it was a deliberate hype. Perhaps it was to hype up Su Cha’s role.

With the special relationship between the two of them, a kind of cult-like fans appeared.

Yes, fans that shipped Zhai Yao and Su Cha together had emerged.

A group of people randomly edited a bunch of “couple photos” where Su Cha and Zhai Yao matched. They analyzed these from all angles and found that it was possible that Su Cha and Zhai Yao had reconciled long ago, and the two of them were still connected.

In reality, they did not have a photo together in private.

Su Cha had never been seen with Zhai Yao before, but ship fans could be so confident. People who did not know could really be brainwashed.

There was even a new topic, #Zhai Yao and Su Cha announced their reconciliation#. Just like that, a newbie who had debuted without any works easily stood out from the struggling ranks of fresh meat. Due to his identity as Su Cha’s ex-boyfriend, he gradually became very popular.

The industry insiders generally thought that the two companies were deliberately cooperating, but Zhai Yao was a little flustered.

When Sang Shishi saw those topics on Weibo, she was so angry that she wanted to smash her phone. “Didn’t you tell me that you wouldn’t have anything to do with her after coming to the Imperial Capital? Why is it that even topics on Weibo have started to lead to you two? Zhai Yao, can’t you forget her? Have you forgotten how she treated you back then? She crippled your legs. You still remember her when your legs hurt on rainy days, right? Then she really left an indelible mark on you!”

After Su Cha left, Sang Shishi and Zhai Yao got together. It was a tacit understanding, especially since Zhai Yao was still recovering.

However, for some reason, ever since he was beaten up by Su Cha, Zhai Yao might look very healthy on the surface, but whenever it was a rainy day, his legs would ache terribly. After he went to the doctor, the doctor said that this was a side effect. When he encountered damp weather, his bones that were originally recovered could not take it, so naturally, his legs would hurt.

Zhai Yao's face darkened when he heard Su Cha's name. "What nonsense are you spouting? How can I have anything to do with her? This Weibo topic and trending searches are not done by our company. Someone is deliberately setting the pace!"

Chapter 845: Bind

"Who the hell would want to set you up with her?"

Sang Shishi could not reveal her identity as Zhai Yao's girlfriend. Although she had been dazzled by the beauties within the entertainment industry in the short time she had been in the Imperial Capital, she could not help but feel jealous when she thought about Zhai Yao and Su Cha.

She could only stay by Zhai Yao's side as an assistant. Why?

Zhai Yao paused and pushed Sang Shishi impatiently. "How would I know?"

In the past, he used to think that Sang Shishi was a gentle and charming girl who could get along well with others. She was the best partner for him, Zhai Yao. But now, why did she seem to be as unreasonable as a shrew?

Actually, there were times when he regretted it.

Other factors aside, Su Cha had treated him very well when she was with him. She was obedient and cute, but she did not like to be extroverted. In the end, she was forced to be like that.

Now that he saw the dazzling Su Cha on TV, he felt regretful. But when he thought about how Su Cha had hit him expressionlessly, he shivered.

“You don’t know?”

When Sang Shishi saw Zhai Yao pushing her, she wanted to return the favor angrily, but she suddenly thought of something and stopped. “Could it be that Su Cha deliberately hyped it up?”

This was very normal!

As if she had understood something, Sang Shishi found it increasingly believable. “That’s it. Yes, that’s it. She wants to use your scandal to hype up her popularity.”

Zhai Yao: “...”

No matter how he looked at it, it was he who had taken advantage of her.

He had also asked Lian Chi if he was the one who had instructed it. Lian Chi’s intention was unclear, and Zhai Yao could not understand it. It seemed like Lian Chi had done it, but it also seemed like someone else had done it.

He had never understood Lian Chi. In the past, Lian Chi had asked him to get close to Su Cha. A while ago, he’d suddenly called Zhai Yao to the Imperial Capital and forced him to enter an entertainment company.

He was actually unwilling, but he agreed when he thought about the money.

Even now, he did not know who Lian Chi was, but when he spoke to him, he felt a chill down his spine.

He did not know why Lian Chi wanted him to join an entertainment company.

He did not tell Sang Shishi about it.

He had not seen Su Cha yet and did not know what she intended.

In fact, he did not want Su Cha to deny anything. Because wouldn't that mean that they still had a chance?

If Su Cha's temper had returned to normal, he would be willing to be with her.

The matter on the Internet became more and more heated. Tan Jinsui also officially told Su Cha, "Hiberia is about to announce your identity as their spokesperson. You don't need to rely on other news to create hype, so you have to clarify this matter."

Su Cha frowned. "Did you notice something?"

Tan Jinsui chuckled. "It's very simple. Someone's significant other is feeling impatient. I know because I can't get someone to do the public relations. He probably wants you to admit something. Of course, whether you are willing to admit it or not is your problem. As for my opinion, if he's impatient, I suggest that you don't provoke him."

Su Cha sighed. "As expected."

In fact, she had already guessed that Bo Muyi did it on purpose. Now, Tan Jinsui could tell that Zhai Yao's popularity in such a short time had something to do with Bo Muyi.

What was the point? In order to make her clarify things, he had to watch her be linked to her ex-boyfriend.

Chapter 846: Publicly, I Have a Boyfriend

Of course, this matter was more serious than expected.

Su Cha had a private fanbase. Some fans had already asked her if it was true.

Through these fans, many things could be disseminated to the rest. Fu Mo had been maintaining contact with them.

Since they were asking, it meant that they were also making a fuss about this in private.

Su Cha thought for a while. She also wanted to clarify this matter. Even though a certain someone wanted to have a proper status for himself, she was still the one who'd call the shots.

If she really got married or something, she would naturally announce it.

After thinking about it, Su Cha officially clarified the news on Weibo.

Su Cha Official: "Recently, some news has really troubled me. The past is long behind me. There's no need to miss it. I already have a boyfriend, someone who's not in the industry. For his privacy, I can't reveal anything, so I apologize to the fans. Also, I'm actually already 19 years old. I'm a year older than what's stated in my identity card. Everyone has a past, and I'm no exception. Some things have to pass. My boyfriend has been jealous recently. I hope there won't be any groundless rumors."

"If you deny it, so be it. Why did you announce that you have a boyfriend?????????"

"You actually have a boyfriend!!!!!!!!!"

"Who is your boyfriend? Tell me, let me beat him to death."

"No, no, no, no. I refuse to believe that you actually have a boyfriend. Which beastly man is it? I'm so angry that I'm vomiting blood!"

"Luckily, I'm just a fan of yours..."

"Wow, you really are awesome. Your actual achievements have not even been revealed yet, but you directly announced that you have a boyfriend?"

"I'm relieved that it's not him. He just wants to step on you to rise up the ranks. You must not want him. He's not worthy of you!"

"So ship fans are indeed stupid. It's really stinky. Forcefully drawing connections between two unrelated people."

"It seems like this was just hype about them being together... Tsk tsk tsk tsk..."

...

Her news was rather sudden. Logically speaking, celebrities did not need to clarify these groundless rumors. Those who did not believe it would not believe it unless they saw the real evidence. Even if they saw it, they could close their eyes and deny it.

In the end, not only did Su Cha deny it, but she also admitted that she had a new boyfriend...

This was simply a bomb.

Even The Legend of the Crane was a little dumbfounded. They suspected that Su Cha had deliberately released big news to hype up her drama.

#Su Cha announced that she has a boyfriend#

#Su Cha's boyfriend, not from the industry#

...

Then the question was, who was Su Cha's boyfriend?

The issue about Su Cha's sugar daddy had not been explained clearly. Could the non-showbiz man she was talking about be the higher-up from the Imperial Mu Group?

But...

Could it be that Su Cha directly called the sugar daddy her boyfriend?

Su Cha wanted to like this.

She called Bo Muyi immediately after she posted on Weibo.

“Are you happy now?”

Su Cha was not angry, but she felt helpless. “I knew you were the one who’d caused Zhai Yao’s matter.”

“Don’t mention him. I don’t want to hear his name.”

The man snorted angrily. Although he was satisfied that Su Cha had announced that she had a boyfriend, Bo Muyi started to push his luck. “You can tell people some details about me. It’s fine if you say that your boyfriend’s surname is Bo.”

Su Cha chuckled. “Your surname is Bo. The outsiders already know that I have a deep relationship with the Imperial Mu Group. You are the only one in the upper echelons of the corporation with the surname Bo. Wouldn’t you be exposed?”

Chapter 847: A Sugar Daddy Is a Boyfriend?

“I’m not worried.”

He was happy.

He mumbled, and Su Cha snorted. “It’s not that I don’t want to announce you, but in the future, no matter what I do, I’ll have to take on the title of Madam Bo. Outsiders will always be more interested in you than me, and there will be many people who will bother you. Don’t you find it annoying?”

“No, they don’t have the guts.”

Bo Muyi was firm. Indeed, even if she admitted it, no one would dare to ask Bo Muyi directly about Su Cha.

“I might as well let them think right now that you’re my sugar daddy. Think about it. After we announce it, my identity will change from that of a social climber. But if you don’t marry me, the speculations won’t stop. So, once we get married, we’ll announce it together.”

Bo Mui thought for a while and felt that it was okay. He suddenly thought of something and said, “Cha Cha, didn’t you say that your identity card states you are one year younger? Let’s change it back to your real age. We can get married after the New Year.”

How perfect.

Su Cha said, “No, I will always be 18.”

Bo Mui: “...”

When a woman refused to admit her true age, it meant that she would not want to change her identity card.

If she did not change it, she would forever be one year younger. How good would that be?

The man also said gently, “That’s up to you.”

In Bo Mui’s eyes, it did not matter if they got married or not. Marriage was just a ceremony that Su Cha could use to officially announce the relationship to the world.

In his mind, they did not need to go through so much trouble. Anyway, Cha Cha was always by his side and could only belong to him. Hence, Bo Mui did not have a deep obsession with marriage.

Of course, when it was time to get married, they still had to get married.

Most importantly, the old lady had recently talked about getting married and wanting to have children soon. At that time, Bo Mui frowned and said, “I don’t like children.”

He just wanted to have a happy time with Cha Cha.

It angered the old lady.

[The current Little Blossom is so amazing. She announced that she has a boyfriend without anything to her name yet?]

OP: “You’ve seen the big news on Weibo. Su Cha directly announced that she has a boyfriend. Here’s the problem. Other than the recent limelight on her during Chanel’s show, her drama has not been released yet, and her album has also not been officially released. Now that she’s directly announced that she has a boyfriend, isn’t she worried that her career will be affected? The key is that I see many people on Weibo speculating that a boyfriend is just a nice name. It might be the sugar daddy behind her. It’s just to deny the current scandal.”

1L: “Celebrities nowadays are getting more and more stubborn. They’re still so young, but female celebrities are always better than male celebrities. They don’t have many girlfriend-fans, so it won’t cause too much of a stir.”

2L: “Didn’t Zou Manni also announce that she was dating at her peak?”

3L: “With Su Cha’s current status, can she be compared to Zou Manni? Is the commenter above trying to be funny?”

4L: “Uh, why do I feel that she has found a new boyfriend not long after she broke up with her ex-boyfriend? It seems that her private life is very rich.”

5L: “Why are some people so strange? Why can’t they talk about love if it doesn’t go against morals? Some commenters above want to spread rumors. Su Cha has sued a few people who’d spread rumors. Do you want to try?”

6L: “...”

7L: “...”

8L: “I don’t understand what this woman is trying to do. I think her fans are quite gentle, but she’s the first one to openly call her sugar daddy her boyfriend...”

Chapter 848: Eye for an Eye

After announcing her boyfriend, Su Cha’s topic was discussed animatedly. Zhai Yao’s matter naturally became a joke.

Some of their ship's fans who had not fully formed yet were caught off guard by this move and fell silent.

The media could not get any specific information from Su Cha and Tan Jinsui, so someone went to interview Zhai Yao.

Zhai Yao's female assistant released a piece of news. "We didn't release the matter on the Internet at all. Until now, we haven't said anything about her... I don't know who dug it up. It's all old news. There's no need to keep harping on it."

This sounded interesting.

She directly denied that they were creating hype. Zhai Yao did not tell anyone that Su Cha was his ex-girlfriend.

Although it was an old matter, given its popularity, even Su Cha came out to clarify. It was obvious that someone did it on purpose.

Who else would blow up this matter?

Since that was the case, did it mean that Su Cha was acting on her own?

It felt like this juicy saga had too many twists and turns. The ignorant crowd was being led astray again, but soon after, Zhai Yao and his female assistant were exposed.

[Who do you think the female assistant beside him is? She's his current girlfriend! He clearly has a girlfriend, but he still dares to pretend to be single. Before he broke up with Su Cha, he was already with this female assistant. If you don't believe it, you can look through Zhai Yao's Weibo information. This woman is also very exciting. She even dared to take herself out for the hype. Who would believe it? Are Su Cha and Zhai Yao on the same level now? Let's not talk about anything else. If this matter hadn't come out, who the hell would know who Zhai Yao is?]

After Zhai Yao and Sang Shishi got together, they became high-profile. Su Cha's information was hidden, but these two had left a lot of evidence.

Thereafter, more and more evidence proved that Sang Shishi and Zhai Yao were a couple. Moreover, these were from Su Cha's third year in high school. During that time, according to insiders, Su Cha and Zhai Yao had not broken up yet. In other words, Zhai Yao had cheated on her.

How could such a scumbag be unforgettable?

He was even hyping up his shyness on shows. He blushed whenever he touched a girl. Where did he find the gall?

As soon as this news spread, many netizens were stunned.

This saga was too exciting. It had just been revealed that Su Cha had a boyfriend. Now it turned out that her ex-boyfriend had cheated on her and caused them to break up. It seemed that Su Cha was not acting on her own. She was clearly the victim.

Not only did her ex-boyfriend cheat on her, but now that he had entered the entertainment industry, he wanted to make use of Su Cha to become popular?

Zhai Yao's agency was caught off guard by this sudden counterattack. Those words did not have much evidence, yet with a few photos that seemed to be real, it was easy for people to believe that it was true.

In addition, Zhai Yao and Sang Shishi had really gotten involved with Su Cha back then. The two of them did not dare to deny it. It was already too late when the company announced it.

After Su Cha read the news, she remained suspicious of this person.

She also knew that it was a fact that Zhai Yao had cheated on her, but she was alone at that time and did not tell anyone that she was with Zhai Yao. Moreover, all Zhai Yao had around were bad friends. Who would stand up to expose this?

Tan Jinsui: "It's me."

He came to the company and handed some information to Su Cha. "There's no need to be too detailed. A few pictures, a few words, and the Internet Water Army will enter. Naturally, people will get wind of it."

Chapter 849: Vice Alliance Master

He looked at Su Cha and raised his eyebrows. “How can it be so easy for anyone to step on you to get to the top? Doesn’t he want to become popular? Then I’ll give him popularity and let him become famous enough.”

Su Cha clicked her tongue. “I almost forgot.”

“How can I forget such a big thing?”

Tan Jinsui smiled. “But I heard something interesting. You liked Zhai Yao very much back then. Why did you suddenly break up with him?”

He looked at Su Cha’s slightly focused gaze and spread out his hands. “If you don’t want to say it, forget it.”

“Such things happen when the heart grows cold.”

Su Cha said lightly, “Some people do recognize it.”

Tan Jinsui sneered. “Don’t blame me for being nasty, but at that time, it was said that Bo Mui was chasing you. You were being chased by such a person, yet you still wanted to be whole-heartedly with Zhai Yao. Have you lost your mind back then?”

His words made Su Cha laugh. “I think so too. Mui was also affected.”

That was why she liked him so much.

Tan Jinsui clapped. “Wonderful, wonderful.”

Su Cha also smiled. “Is the endorsement from Hiberia going to be officially announced? I’ll go over after the New Year, right?”

Tan Jinsui nodded. “You will be very busy next year. If there’s nothing else, I’ll let you take a break for the time being.”

Even if it was not a holiday, Su Cha had to find an excuse.

Recently, she had been embroidering the ten-meter-long monkey-and-peach-themed work.

That was because it was taking too long to finish. She had not even embroidered half of it yet, but she still had about two months. She could still make it.

The news had been very lively recently.

The secret war between the Star Alliance and the Killing Alliance involved many people. During this period of time, they saw officials being dragged down because of reports that were coming out. The businesses of the Killing Alliance had also started to be affected.

Of late, some people who had received the news no longer went to the places run by the Killing Alliance. This was a sensitive period. If they were caught red-handed, it would not be a good thing.

Lady Seventeen was anxious.

She did not dare to have any objections.

Now that the perverted Alliance Master had placed a Gu worm in her body, she did not dare to sit still. Even if she saw the Star Alliance and the Martial Alliance officially fighting together, the Killing Alliance was forced to retreat step by step. She could only watch helplessly.

The advantage of the Killing Alliance in the past was that the Star Alliance did not dare to do most of the things the Killing Alliance did.

However, this time, their leader was indeed not a good person. As soon as someone had attacked the other party's people, they immediately took revenge. Moreover, the entire Star Alliance was controlled by Tan Yeluo and Su Cha. The elders could not intervene for the time being, so there was nothing they could do.

Due to these matters, many of the industry chains had started to be shaken. The Star Alliance and the Martial Alliance were not doing well, and the Killing Alliance was not doing well either.

Most importantly...

The Alliance Master of the Killing Alliance did not allow them to attack.

Lady Seventeen could not figure out what she was going to do.

She was in a terrible fix when she suddenly received a message. "Lady Seventeen, the Vice Alliance Master is here."

Vice Alliance Master?

When she saw this message, she was a little surprised.

Even she did not know who this Vice Alliance Master was.

When it came to the selection of the Alliance Masters and Vice Alliance Masters, no underling could intervene. They only knew that they had passed the selection. However, the Vice Alliance Master this time seemed to be not simple. He did not officially make an appearance, just like the Vice Alliance Master of the Star Alliance. Even if everyone knew their name, not many people had really seen them.

Chapter 850: Lian Chi

The person from the Killing Alliance was even more mysterious.

From the time people had received the news of his selection, they had yet to meet him.

Dawn Club was not only a clubhouse, but it was also a hotel. Basically, it catered to people with high status. Recently, Greya had been living here.

As Lady Seventeen walked towards Greya, she saw someone.

An unfamiliar man.

He was tall and handsome. His eyebrows were very gentle, but this gentleness gave people the feeling that there was something deeper to it.

It was like the bright moon in the cold wind. Although the moonlight was gentle, it was cold.

When he saw Lady Seventeen, he looked up. His face surprised Lady Seventeen.

“Young Master Lian?”

She recognized Lian Chi.

In fact, in the Martial Alliance, even normal family members were rather high-profile. It was mainly because of their involvement with business matters. Although outsiders did not know about the Lian family’s young master, Lady Seventeen knew so much information and knew who the person in front of her was.

She never thought that Lian Chi would come here. In her memory, this Lian Chi was quite extraordinary.

He had returned as an illegitimate child. His mother had not received an official identity in the Lian family, so his identity as an illegitimate child was extremely awkward.

But he was very outstanding, which could not be denied.

However, compared to his brothers who grew up in the Lian family, Lian Chi was much more low-key.

She rarely heard about him, mostly because he studied overseas.

Lady Seventeen was not like most other people. When he arrived, she had already made her guess.

Lian Chi pursed his lips and smiled when he saw her. “Is the Alliance Master around?”

His gentle words carried a special flavor. If not for his cold gaze, his voice would have sounded like he was speaking to someone he was in love with.

It was easy to be bewitched.

She was shocked. "Vice Alliance Master?"

The Lian family was from the Martial Alliance!

Lian Chi did not deny it. He just looked at Lady Seventeen and asked again, "Is the Alliance Master around?"

Lady Seventeen felt a little cold. She said a room number. "The Alliance Master is still here."

She was still in shock.

Lian Chi nodded and walked over. After two steps, he suddenly turned his head. "I know you are a person who can keep secrets, but I still want to say that you know not to reveal my identity, right?"

There was a hint of unusualness in his words and an inexplicable murderous intent.

Lady Seventeen nodded quickly.

The fact that a Martial Alliance member was the Vice Alliance Master of the Killing Alliance, how could she dare to say it?

Lady Seventeen thought, No wonder this Vice Alliance Master never announced himself. Once he appeared, he would cause a big commotion.

For a moment, she did not dare to doubt that this Vice Alliance Master was also from the Martial Alliance. Was he a spy from the Martial Alliance or was he spying on the Killing Alliance?

After thinking for a while, she followed Lian Chi upstairs and went to Greya's room to see her.

There was the sound of a television in the room. Greya was watching a cartoon.

Sometimes, Lady Seventeen could not figure out Greya's real age. She had never seen a little girl who was only 11 or 12 years old be so mature to this extent, but in some ways, she really was just a little girl.

After all, her appearance was beyond suspicion.

Greya sat on the chair and bit her lollipop. She was happy watching the cartoon, but she was not surprised to see Lian Chi. "I thought you would never show up in this lifetime."

With that, she turned her head away and stopped looking at Lian Chi.
