"Serenity, hurry up and help me before the Alpha gets here!" yelled my mom.

Hello peeps! I'm Serenity and I'm a werewolf. I'm the Beta's daughter, which is a big deal apparently. We are apart of the blood moon pack.

Today my family is throwing the Alpha and Luna a party to celebrate their anniversary as the leaders of the pack. They have been our leaders for 30 years today!

"Serenity!" "I'm coming woman", I muttered. I looked over my outfit one more time before rushing downstairs to help my mom with the dinner arrangements. "what took you so long pup?" my mother asked. I rolled my eyes and said "I'm not a pup anymore mom, I'm turning 16 in two weeks!" My mom popped me on the back of the head and said "you will always be my little puppy." her eyes started to water. "Come on mom don't cry, you'll mess up your make up." As soon as I said that she stopped. I swear this lady deserves a Oscar award for best actor.

The door bell sounded o . That must be the Alpha (Jake) and Luna (Martha). I rushed to the door beating my dad there, I stuck my tongue out at him and said, "next time you gotta be quicker old man." He glared at me and mumbled something about not being old. I opened the door and greeted the happy couple. I bowed "Alpha, Luna." They smiled. "Hello Serenity." they said in union. The Luna was beautiful. Her chestnut hair, ocean blue eyes and button nose was so beautiful to me. The Alpha was big! he is the tallest person I've ever seen in my life! I can tell why the Alpha never lets her out of his sight and vise versa.

We all headed to the dinner table, dinner would be served soon. Looking over at my pack leaders I could feel my heart swell with pride. They are the prime example of how true mates are supposed to act. Now a days mates are being rejected or abused. Me personally, I can't wait to meet my mate! I've always dreamed of meeting my mate and instantly falling in love. I sighed ,Swooning over my future mate.

"Someone is thinking about their mate." said the Luna. I looked down embarrassed as my father looked my way and said, "She is not allowed to have a mate until she is 40!" I hide my face. My mom finally decided to make her grand appearance with the food. She gave my father a look and said, " I am not waiting that long for grand pups!"

'Kill me now I thought to myself'. Sooner or later I was gonna die of embarrassment. "OK TIME TO CHANGE THE SUBJECT", I yelled. Everyone laughed, except my father. He was pouting! Dinner was going along well, I was happy to see the Alpha and Luna so happy. It gave me hope.

"So how is everything with alpha business?" my dad asked. "Rouges were spotted near our border last night" replied Alpha Jake. I immediately lost my smile. Rouges are scary, they have no rules or stability. Just the thought of them makes my skin crawl. 'Evil creatures they are'. "This poses a problem for us" Jake continues. "I'll be handing over the title to my son soon, with rouges running around this could be a threat to the pack". We all nodded.

Finally dinner party was over. I went to my room and started to do my homework. Thinking about what the alpha said. He will be turning over the title of Alpha to his son Ashton soon. 'I haven't talked to him in forever. He is a jerk and an asshole!' Just a few years ago we use to be so close. But his dad sent him to a special boarding school 3 years ago to learn the duties of an Alpha. When he returned, I was so happy to see him. I remember it like it was yesterday

****FLASH BACK****

'Ash is coming back today! I missed him so much! Even though I'm kind of mad he didn't write me, I understand that he was busy. ' Me and Luna Martha are picking him up from the train station! On the way there I could barely hold in my excitement. "Excited to see Ashton huh?, asked Martha. I nodded excitedly. We made it to the train station in no time. The train would be here in exactly 4 mins. 'Ashy is almost here! I can't wait to catch up with my best friend.

4 Minutes later

"Mom!" someone yelled. we turned around and there he was. Ash had really grown over the years. He had went from scrawny to Greek God! 'wow' I thought. While he was greeting his mom, I took the time to take in his features. He had the most beautiful icy blue eyes that he inherited from the Alpha, rippling muscles that you could see through the tight shirt he was wearing, and jet black hair. I was literally drooling. I've never seen a man so beautiful.

"Hi Ash" I said finally making my presence known. I gave him the biggest hug ever, I soon realized that he wasn't returning the hug. I pulled back to look at him confused. He gave me he coldest most chilling look I've ever seen and said "Never touch me again!" I took several steps back and pouted. 'What the hell?' I brushed it o . "So ash, how was Alpha School?, did you meet anyone cool?" I asked. "Why are you talking to me weakling?" he questioned. That caught me completely o guard. "what's your problem?" I started. He looked at me and said "My problem is with you, I don't want anything to do with you weakling!", "Stay away from me!"

**** FLASH BACK OVER****

I sighed. I haven't spoken to him since. "Serenity! go to bed kid. Your ass is going to school tomorrow!!" My mom yelled. I rolled my eyed and went to sleep. Tomorrow was a new day and I was not looking forward to going to school tomorrow.....
