

Chapter 13: you ain't seen nothing yet

Serenity's POV

Home at last!!! I'm so happy to be home. Nothing changed since I was sleep. Eryan is supposed to be coming over so that we can catch up. Oooooo I can't wait to hear this te👉 . I wonder what everyone has been up to.

I shrug my shoulders and head to my bathroom for some much needed relaxation. I ran a hot bath and put my lavender oil and bath bombs in.

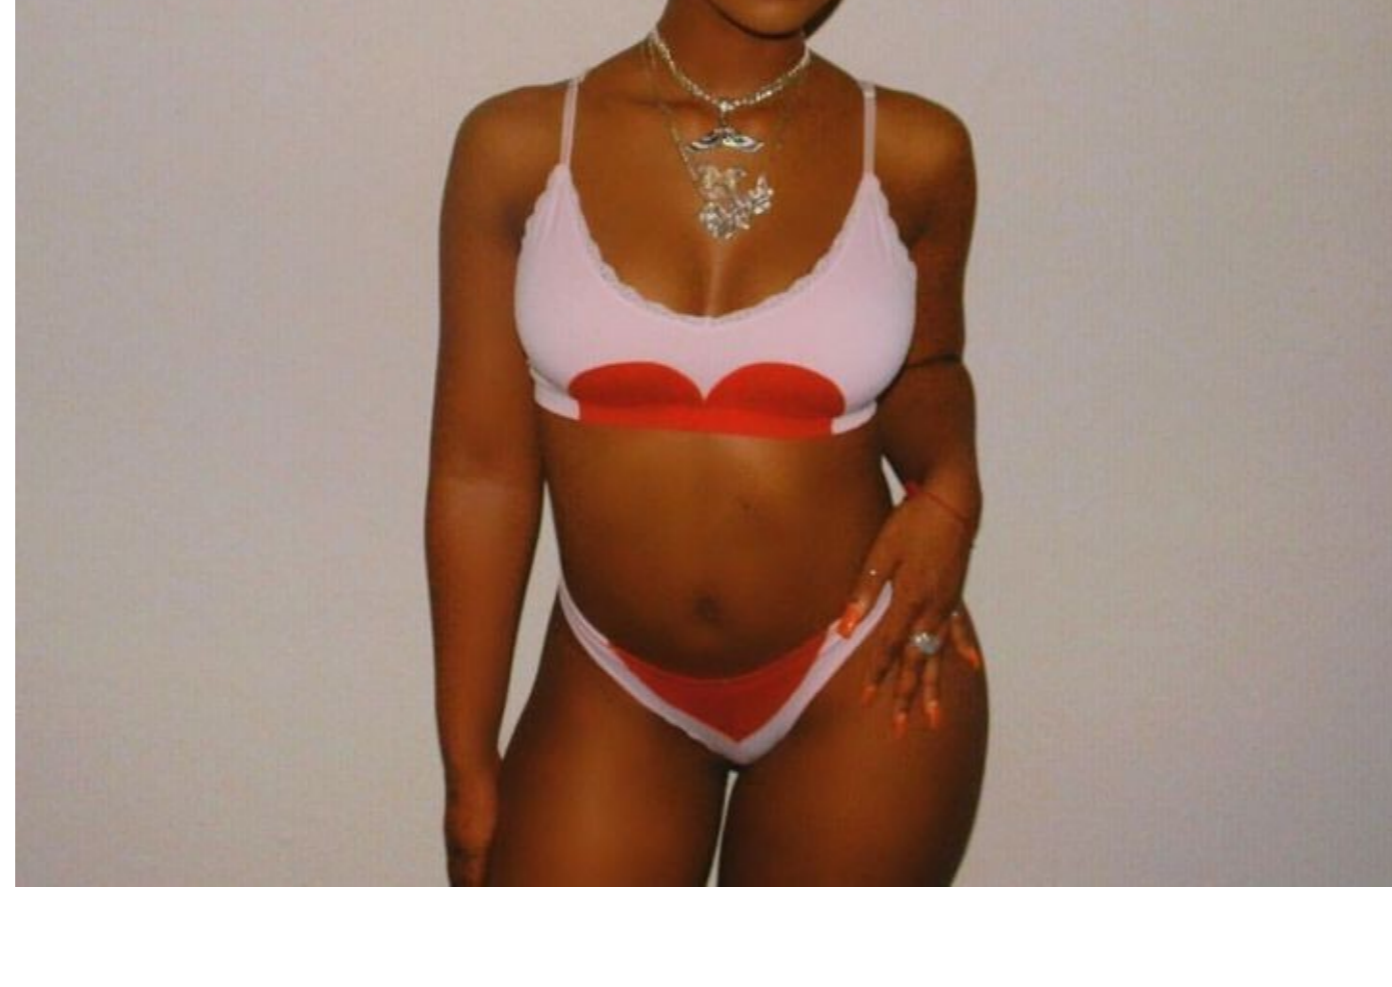

When everything was set , I stepped in and completely submerged myself with water. Aaaaahhh, who knew I would miss bathing so much?

As I was washing my bathroom door flew open and eryian ran in. "Bitch whatchu doing?!" I asked. "Bitch I got to pee! Ain't nobody worried about yo goods!!" She literally took a piss while I was in the tub!! 😏😏😏😏

"Get out!" I yelled. "Nahhhh I'm already in here now, it's tea time boo!" I just want to wash my ass in peac😏 . "Ugh get yo ugly butt out of my bathroom!!! I want to wash my vagina!!!" I belted! She ran out a er I said that. I shook my head. She is something else.

Eryan's POV

So I'm waiting for Serena's funky ass to come out of the bathroom. I'm not sure if I should tell her about my banishment.sigh. I know I have to be honest with her but I also know serenity, she is very protective over the people she loves. Maybe I won't tell her just yet. She struts out of the bathroom in the cutest bra and panty set. Let me tell you that my girl looked good. Wow, bae done glowed up for real! love it😍 . " why you staring at me?" She asked.

"I can't help it!! Bitch you fine, go best friend that's my best friend!!!" I said. She laughed and started twerking. She is so silly I couldn't help but twerk with her.

Though we were enjoying ourselves, it was time to spill the tea to serenity about what she has missed in the last few years. I told her everything, except about my banishment. The look on her face gave away everything emotion she was feeling. Her expressions went from surprise to sadness, I even saw a little anger. A er evaluating her thoughts and coming to terms with everything, her face became blank. Woah that's di erent. She never wears a blank face!Are you okay honey?" I asked. She shook her head and gave me a smile and said "yeah I'm good."

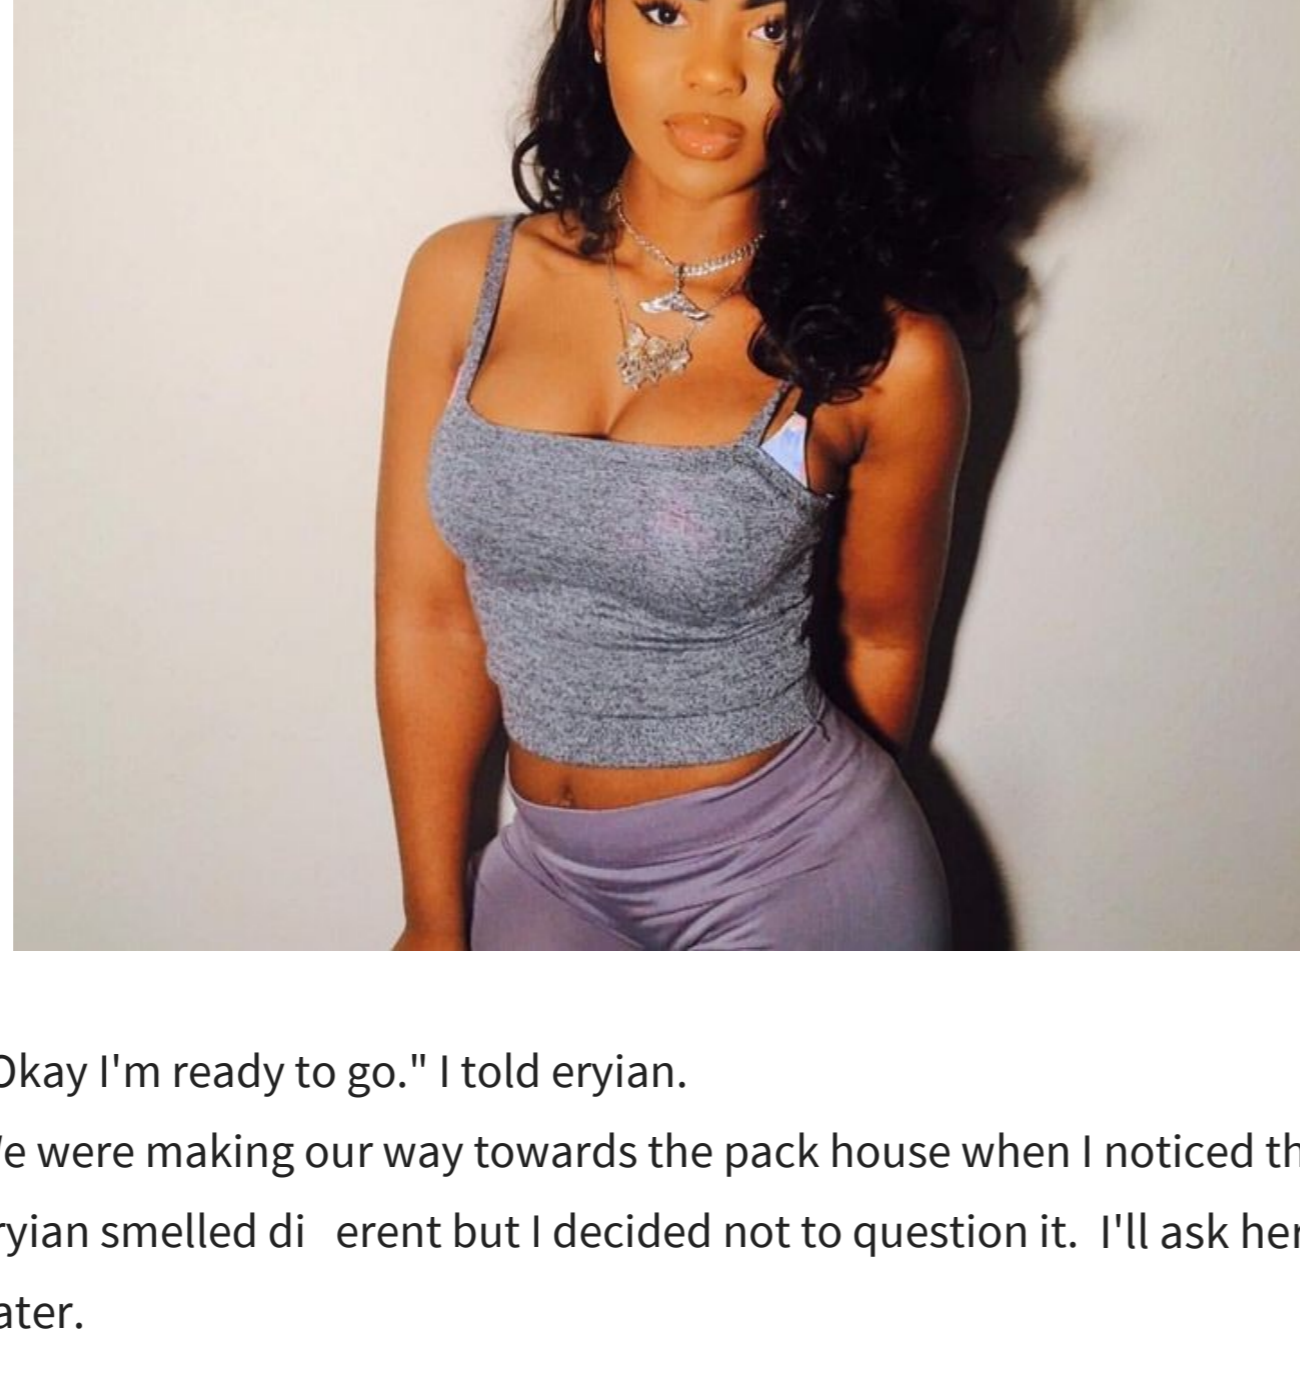

While catching up serenity's mom came in the room and announced that the alpha has called a pack meeting. Oh shit, I have to get out of here. Okay momma, just let me get dressed. Me and Ery will meet you and the old man there." Serenity said. Her mom gave a confused look at me and then a er a while a knowing look. With just her eyes she said "why didn't you tell the truth?" 😏😏😏

"Well I'll let you get dressed and meet you downstairs" I told Serena. She nodded. As I was walking down stairs her mom cornered me and bombarded me with questions. "Why didn't you tell serenity about your banishment? There is no way you can attend the meeting let alone go near the pack house!" She told me .

"I know ma, I just don't want to add anymore stress to her life." I sigh. "Sweetheart your gonna have to let her eventually." She said sadly. "But until then I'll give you this special perfume to mask your scent. That way you can attend to meeting but this is a one time thing" she said. I gave her big hug and thanked her. She just laughed and hugged me back. I love her and serenity, they are my family. They are all I need. Fuck a mate!

Serenity's POV

I walked downstairs a er getting dressed in some leggings and a cami. I put my hair in a half up, half down style. I wanted to look good but e ortless at the same time. I think I pulled it o .

"Okay I'm ready to go." I told eryian.

We were making our way towards the pack house when I noticed that eryian smelled di erent but I decided not to question it. I'll ask her later.

We finally made it to the pack house and to be honest I was nervous. The last time I was here held so many bad memories. ' **you are pathetic, weak!** I shook those memories out of my head. **you are** to the meeting room where everyone from the pack was meeting. We took our seats and waited for it to begin.

As we were waiting I saw a few people from out pack staring at me. these people don't stop staring at me!!Do you mind?" I snapped. They then started to mind their own business. I gave o a sigh. I'm ready to get this over with.

A er a few minutes everyone began to quiet down and Ashton walked on to the stage. I can't lie, the brotha looked good. He had tattoos all over his arms and chest. DamnI used to love seeing him, just the thought of him use to make my heart flutter. Now I'm just disgusted by him.

He isn't worthy of the Alpha title or the responsibility that goes with it. I can't believe his father would pass the title down to him. He should be ashamed of himself. **Mate looks so good** My wolf said.

I knooooow yo trifling ass ain't just speak! Where the hell happened to you?! I thought you'd always be there for me but you abandoned me and you finally decide to show up because YOUR good for nothing mate looks good? was too busy blasting my wolf that I didn't notice that the meeting had begun and ended . I ignored my wolf and locked her within the deepest part of my consciousness. She had me fucked up.

Eryan shook my shoulder. "Hey you okay ?" She asked. I nodded my head. "So what happened? I zoned out while he was speaking." I asked. She told me that we were still having a rouge problem. Some alphaAshton ordered a mandatory training 3 times a week for every one in the pack which includes me. Ugh here we go again.

Eryan told me she had some things to do at home so she le . I saw my mom talking with a few people from the pack. I walked up to her and hugged her from behind. I really miss her, my mom will always be my number one. I snuggled into her when I felt her arms embrace me.

"What's wrong puppy?" She cooed.

My eyes began to water and my fingers clinched on to her shirt. With a trembling voice I said " I missed you so much momma, I was so alone." She place my head o her chest as she continued to hold me close. She stoked my hair so ly and said "you were never alone baby girl and you never will be. I'll always be with you because you carry me in your heart so you don't ever have to worry about being lonesome." I held on to her like my life depended on it. My mom has always been my safe haven.

We broke apart when I heard awww's from some of the pack members. Me and my mom smiled at each other and I le her to continue her conversation with our fellow pack. I decided to go home before I bumped into someone who shall not be named. As I was leaving I bumped into a hard chest and went crashing to the ground. Owwww my but👉

I looked up to see who I had run into. Great! Just freaking great!#e was one of the people I was trying to avoid! Moon goddess why do you despise me so? harden my face and gave him a sinister glare. "Excuse me" I said harshly while he just stared at me with bewilderment in his eyes. I stood up to my full hight and brushed passed him bumping his shoulder as hard as I could...

He grabbed my arm. "Wait!" He said. "Screw you asshole!" I yelled. I yanked my arm from his grasp and began to stomp my way out of the house. Who does he think he is to speak to me!gh!!! I'm livid. How dare he touch me!!!

My body felt hot! I heard a rumbling in my throat. Am I growling? Then all of a sudden I felt a sharp pain run down my spine. I collapsed to the ground. I vision started to become blurry. What's happening to me? broke out into a cold sweat. My body began to wither with all of the pain.

It's time. What's going on Kolfi?! **It's time for you to shi, go into the woods!** tried to li myself from the ground but I couldn't. The pain was too intense. I started to lose my consciousness when I felt big strong arms wrap around me and le me. "It's going to be okay, I got you" someone said. Before I new it my transformation began.

My bones started cracking and shi ing into place. My nose and nails elongated. I closed my eyes and took deep breaths. When I opened my eyes everything was so vivid and clear. My ears became hella sensitive because I could hear the trees rumbling in the distance.

Woah. **Now I'm in charge. We have finally shied and will come into our new powers. Are you ready?** Hell yeah I'm ready.

I felt as if someone was watching me. I turned around when I heard my bushes ru ling be hind me. I growled out a warning to the unknown intruder. A er giving my warning a person came out of the bushes with their hands raised in surrender. YOU!My eyes widen with recognition.....

SERENITY HAS SHIFTED!! WHO DID SHE BUMP INTO? WHO IS THE INTRUDER?

WHATS GONNA HAPPEN NEXT?!!
