

Chapter 16: when a boy becomes a man

Ashton's POV

"What's up bro?" Jordan said as he approached me. "Nothing much, gotta go out here and train these weaklings." I laughed out. He nodded. We started to walk towards the field. "Damn, who is that piece of chocolate over there?" Jordan asked. My eyes followed his gaze. Serenity,"That my friend is serenity hampton and she is o limits" I told her seriously.

He whistled. "You mean the girl you rejected 3 years ago?" He asked. I let out a sigh. "Yeah man, no need to throw it in my face. I know I fucked up but I wanna fix it" I told him. "Bro you put the girl in a coma for 3 years, you didn't even visit her in the hospital! If you think she will take you back, you have some serious mental issues " Jordan said. That made me angry, who is he to judge!

"Yeah I fucked up and I admit that but you on the other hand had plenty of time to go a er your mate! You were too busy chasing easy pussy. And where is she now my boy? Oh yeah she is a rouge!" I yelled. He looked at me wide eyed. He just nodded his head and walked o .

Damn. I keep fucking upI wanted nothing more than to talk to serenity, she is my mate a er all. **Ex mate idiot**So I walked up to her and blurted out "hi". That turned out to be a bad idea because she read me my rights. Today is o to a bad start.

I swear she's got one more time to talk to me like she's crazy. **You ain't gone do nothing...** shut up.had to face reality, he was right. I haven't been able to get her out of my mind since I ran into her yesterday. My every thought was of her. Damn I feel like a bitch.

I couldn't help but notice everything she did. When she won the race my chest swelled with pride. Damn babyShe is fast, maybe even faster than me and I'm an alpha. **And she is the rightful alpha female. Did it ever occur to you that fate maybe, just maybe paired you two for a reason?** You are working my nerves!!!

I was aggravated but my wolf is right. I let o a sigh. I'll try talking to her agin. Eventually she's gonna have to be nice to mēwalk over to her yet again to congratulate her only to be call an 'asswipe' and be flipped o . 🙄🙄

This is gonna be must harder than I thought. But I won't give up. She was made for me and damn it she will be mine. Now how do I go about getting rid of Stephaine's annoying ass? **Kill her maybe?** shake my head laughing out loud. Some of my pack members looked at me like I was crazy but I don't care. No we can't kill her. **Damn!**My wolf really didn't like Stephaine at all.

I'll admit I only made Stephaine my Luna to gain my title as Alpha. I haven't marked her because my wolf wouldn't allow it. Of course I bang her occasionally but besides that she is only another notch on my belt. She really isn't fit to be Luna, she doesn't do any of the duties and she walks around with her nose all stuck up in the air.

You need to prove to serenity that you are worthy of her. Look at all you've done. So many people you've hurt. You are unworthy of our queen. Queen? knew he was right but first things first. I need to apologize to my best friend. I hate when we fight, he's my boy, my right hand man. I'd be lost without him. I let out a sigh. Time for me to man up.

Jordan POV

I can't believe he just said all of that to me. I'll admit I was wrong for throwing shit in his face but god damn! Unlike him I want my mate! I've wanted her since I found out she was mine. But as you know I fucked up. I was young and I know it's not an excuse but I wasn't ready to settle down. I wanted to have fun and enjoy myself. And I did but it cost me the one thing I desire more than anything. My mate.

I don't even know where she is or who she's with. I know she isn't having sex with anyone because I would feel it though our mating bond. I should've stood up for herI should've but I didn't. I but my face in my hands. My sweetheart is out there somewhere, probably struggling to surviveI shook my head to clear those thoughts. I'm completely lost.

I was deep in thought when ashton approached me. He had a deep frown on his face and his hands were shoved into his pockets. "Listen man I'm sorry about what I said. I was wrong." He apologized My mouth hit the floor! He never apologies for anything. Is he okay? "It's okay man, I was wrong too." I said confused.

"You alright man? You just apologized and you never do that." I asked. He nodded. "Yeah I'm good I just started to think that I wanted to be better for her. I want her more than anything right now." He said . Now I know something is wrong with him.Okay?" I replied. "I'm serious man, I want to be good for her and make her want me back. I know I don't deserve her but I'm not letting her go." He said.

Wow. **Maybe you should follow his lead. We still have a mate out there somewhere**I agreed with my wolf. It's about time I man up and find my baby.
