

Chapter 17: Doc is in the house!!

Serenity's POV

I am at my wits end right now! Training is almost over and Ashton is working my very last nerve! I'm so happy I only have one more task to do. Combat training again 😞. Damn how many times they gone make me fight?!

My body is sore, I'm hungry, and my feet are killing me! Somebody gonna pay for my pedicure ASAP!

I was too busy fuming to notice the guy from earlier today, whose name is Damian was walking towards me. "Hey hot stu penny for your thoughts?" He said. I gave him a look ☹️. "I don't care to share, thank you." Chuckled at me and shook his head. "Your something else, you know that?" He said.

I shrug my shoulders looking at him nonchalantly. "It wouldn't kill you to be nice to me babydoll" he said. "You right, but it also wouldn't kill me if you played in tra ic neither." I said with an eye roll. I can tell he was feeling me but I'm not interested. I'm focusing on me. I don't have any time for distractions.

"Look dude I'm not interested in whatever game your playing, now run along before we have a problem." I told him calmly. "Why you stunting? You ain't all that, you should be glad I'm giving you the time of day. No wonder your mate rejected you. Your a stuck up bitch!" He yelled at me.

Girl!? Who he talking to? Don't worry about it I got thi\$! should be glad a fuckboy like you is giving me the time of day? Naaah, you should be glad I haven't stuck my size 7 up yo 2 inch ass!" I yelled. He eyes widen with shock. Yeah that's right be scared.got all up in his face. "Just because I don't want you doesn't make me a bitch. It only means I have high standards that you unfortunately don't meet and you never will because you are beneath me." I told him as a matter of fact.

"And who the fuck needs a mate playboy? I can kick your ass regardless, try me" I said with a smirk. Yeah he hit a so spot.

I can tell he was embarrassed by what I said which didn't surprise me. But what did surprise me was Ashton grabbing Damian by his collar and slamming him to the ground. "Don't you ever speak to her that way ever again!" Ashton snarled. Boy was he mad. I couldn't help but notice how sexy he looked when he was angry.

Muscles on full display. Mmmm.The cute way that vain is sticking out of his neck. Cute? Nah get it together girl.If I hear you or anyone else say another bad thing about serenity, it gonna be a problem and I'll deal with it personally. Ashton said with dominance. "Yes alpha." The pack said in unison. He let Damian go and walked over to me.

"You okay?" He asked sincerely. "I'm fine and I don't need you to take up for me. I can handle myself. I told him with my hands on my hips.

"You don't need to handle yourself when I'm around." He said. I sco ed and was tempted to roll my eyes. "Oh yeah? Why is that?" I asked.

"Because your mine to handle sweetheart!" he said with his signature fuckboy smirk.

"I belong to no one remember? I'm weak, pathetic, and no one would want me as a mate." I said. His smirk dropped and a frown took its place upon his beautiful face. "I know what I did and said was wrong. I'm eternally sorry. I want to make my wrongs right starting with you." He started. I listened to what he said carefully, keeping my eyes on him. "I want you to find it in your heart to forgive me and give me another chance to prove myself..... please Serena?" I wanted to be happy and I wanted to say yes but I couldn't.

"Where were you when I was in the hospital ashton? Where were you when I woke up? And last but not least where the fuck were you when you broke my heart into a thousand pieces in front of the entire pack? I asked furiously. "Day a er day I was locked in my own personal hell with no escape! Even still I was waiting for You! I needed you and you humiliated and embarrassed me." I continued.

He put his head down in shame. "You don't deserve me and you better believe it will take a lot more than some sweet words to get back on good graces with me. I am not that scare little girl anymore so you can shove your apology up your ass!" I yelled. Boy that felt good to get o of my chest.

A growl erupted from his chest and his eyes turned black. He walked up to me so we were chest to chest,..... we'll face to chest. He looked at me with a look of determination. "I don't give a damn what you say, YOU ARE MINE! YES I fucked up and it's a constant reminder every time your in my presence. I apologize and I will continue to do so until you understand that I am sorry. But you have lost your flipping mind if you think I'm going to continue to let you talk to me like that! I am your alpha and you will show me respect!" He yelled.

Crazy mate alpha say what?!!"ll show you all the respect you deserve! Don't don't you forget that I am the rightful Alpha female, you will show me RESPECT!! remember behind every leader there is a strong woman behind him, Now dow down to me !!! I said.

I so surprised when not only did he bow but the entire pack did too. Okay I wasn't expecting that and I'm a little freaked out.

You are becoming more powerful day by day. They didn't have a choice, used a power called enchantment. Woah this is so cool!

Learning to control it will help you down the line.ool!!!!

Everyone rose and looked at me confused. "Okay I've had enough for one day, you my dear alpha can go screw yourself" I said. Walking in the direction of my home. 😞😞😞😞

When I finally made it home I let out a big sigh. I'm hungry! looked through the cabinets only to find my favorite bag of potatoe chips. I scream in excitement ! TAKIS!!!! Yasssssss bitch!! I did a happy dance and grabbed a squirt soda from the fridge. While I was stu ing my face I heard a knock at the door. Who could that be?

I swallowed a gulp full of soda and go to answer the door. It was my doctor from the hospital. **Be careful!**Mr Ho man? What are you doing here? I asked. He gave me a dazzling smile and said "I was just stopping by to check on my star patient. Can I come in?"

"Sure come in." I said. I moved to the side so that he could enter. I lead him to the living room and we sat across from each other in a comfortable silence. While doing so I took in his appearance. Damn. He was gorgeous in every aspect. His hair was a dark chocolate color and he had the cutes deepest dimples I've ever seen. What captivated me the most was his crystal blue eyes.

He cleared his voice, catching me check him out. Oh my god! felt my face heat up with embarrassment. "So how are you feeling since your discharge from the hospital?" He asked. "I'm feeling well, my bones feel a little sti but I think that's from me shi ing for the first time the other day" I replied. He nodded his head. "So how have you been dealing with the rejection thing" he asked. I looked down. "As best as I can doc. I want to hate him but it's so hard because my wolf still loves him. I feel an empty spot somewhere with in me, it doesn't feel good." I told him

"Please call me Kealan and that's completely normal, when a mate is rejected they go through unimaginable pain and su ering. Trust me I know from experience." He said with a look of longing on his face. That surprise me, this man looked like a creation of god himself. "You were rejected?" I asked curious. He nodded slowly. "Yes my mate had already had a family and was married by the time I found her. It nearly killed me when she rejected me." His voice broke at the end.

 I felt bad for him because I knew how it felt

I felt bad for him because I knew how it felt. Before I knew I was hugging him trying to give him some type of comfort. He wrapped his arm tightly around my waist and I laid my head on his shoulder. I don't know what compelled me to comfort him. I feel you pain.

"Thank you so much for the hug, I can't tell you how much it means to me" he said with a gleam in his eyes.

We caught each other's eyes for a while. He was breath taking. I was the first one to snap out of it. Stop it, he is your doctor! I'm gonna get going, I'm glad your doing well." He said. Part of me kinda didn't want him to go just yet. "Oh okay, ummm thank you for checking up on me. I really appreciate it." I said trying not to sound disappointed.

"It was no problem dear." He said. When we reached the door, he turned to me. He had a nervous look on his face as he scratched the back of he neck. "Um would you mind if I maybe got your number " he asked nervously. "Yes!! Ummm I mean... mean yeah, sure" I replied I gave him my number and was married by the time I found her. It nearly killed me when she rejected me." His voice broke at the end.
