

Chapter18: Mine

Ashton POV:

To say I am pissed is an understatement. This rogue is becoming a problem, he is always one step ahead of me and I don't know how. I have one of the strongest packs in this nation so I can't understand how this asshole keeps getting the best of me. **I smell a rat**Hmmm. I surely hope that's not the case because if anyone from my pack is betraying me they won't have to worry about banishments. I'll rip their heart out with my bare hands.

I let out a sigh of longing. It's been exactly 5 days, 4 hours, and 8 minuets since I've seen any type of pussy. I'm dying on the inside and it's being thrown in my face on the daily. But Serenity made a change in me somehow. I can't even go near another she-wolf without becoming disgusted. What has she done to me?

She is all I think about. Her smell, her beautiful face, the way her nose scrunches up when she's mad, and last but not least her booty. She's MINE whether she wants to admit it or not. I will find some way for her to forgive me and take me back. I just have to because I'm going insane.

I began to pace around my o ice contemplating on what I should do about everything..... **For starters apologize her sincerely about everything you put her through** I've already done thatI continue to pace. This girl is driving me nuts and taking me out of my element. When I make her mine I'll punish that perfect ass of hers for what she's done to me. **Yes I agree**

I was taken out of my thought when there was a knock at my door. "Come in" I called out. Stephaine poked her head inside with a smile on her face. "Hi baby, whatcha doing? I miss you" she said. I rolled my eyes. She's becoming more and more clingy as of lately. " what do you want?" I asked. Her lips drop into a pout.

"I want you!" She said and gave me a tearful look. I wanted to laugh at her. She's not fooling anyone "I'm busy!" Was my only reply. "Ashton what is going on? You've been more distant than normal and I miss you ! I take all of your shit! The cheating, the lies, your abuse, everything!!!! Because I love you, I know you love me too somewhere inside you so please tell me why you haven't been around me." She demanded.

I couldn't hold it in any longer. I laughed at her. "you take all of my shit? So your Mrs perfect patty now? Okay how about this where have you been sneaking o to for the past few weeks? And why do you come home smelling like another male wolf? Hmmm?" I asked

Her eyes widen with shock and fear. "you see I'm not as dumb as I look. You do your dirt too but you want to make me out to be the bad guy." I continued. She hung her head in shame. "The only reason you are Luna is because I needed one to gain my alpha title. Now that I have my title you are no longer needed. You are a shameful Luna anyway." I finished.

She dropped to her knees crying. She grabbed my legs, hugging them. "No no don't do this to me, I love you!!" She screamed. I pry her hands o of me. "No you love what I can do for you not me. Now get o of the floor. Someone is packing your things and moving them to another room in the pack house. You are going to treat your pack members with respect and you better not start any trouble or that's your ass! Got it?" I said with authority.

She looked at me with an unreadable expression. I watched a one lone tear rolled down her face. Damn I almost feel bad for her I turned my back to her. Soon I hear her foot steps as she disappeared down the hall. I did the right thing, she has a mate out there somewhere.

Serenity POV

I was on cloud 9! Future bae is taking me out on a date!! Hëll yes! I'd just gotten out of the shower when I heard the doorbell ring. Damn h is early I grabbed my bath robe and headed to the door. "Who is it?" I asked. "Open the door and you'll see." He replied. I did a mini happy dance. I opened the door and my mouth dropped, dammmmmnn he looked good enough to eat. I wipe the imaginary drool from my lips. "Come in, you are 2 hours early!" I scolded him.

He gave me a flirty smirk. "I know but I just couldn't stay away from you baby girl, you've been on my mind all day and I miss you " he said. Eeeeeeeep "I miss you too!" I said. He arched an eyebrow. "What?" I questioned. "I never knew how ravishing you look in a bathe robe" he said seductively. I felt my face heat up under his blazing gaze.

"Well I'd just gotten out of the shower before you came. I didn't have time to put any clothes on." I told him. He let out a low growl. He walked up to me. When he was within two feet of me, he gabbed me by my waist. I was pressed up against him with nothing but our clothes separating us. Oooooo myyyyy gawwwwwdThe look he gave me had me melting into a puddle. I put my hands on his chest. Mmmmm

He gave my forehead a kiss and trailed kisses down to below my ear. I let out a quiet moan. He froze when he heard the sound. I felt vibrations coming from his chest. "I feel like you're teasing me by answering the door in such a thin piece of clothing. You have no idea of what I want to do to you." He said in a strained voice.

We looked into each other's eyes and became lost. "Kealan." I whispered with a sigh. That's when he snapped. He picked me up and carried me up the stairs. "Which one is your room baby girl?". He asked frantically. "Second door to the le " I replied. He ran to my room and threw me onto the bed. What the?

I sat up on my elbows to watch him. He stood at the foot of my bed with a predictor look on his face. When I looked into his eyes I noticed they'd turned pitch black. I gasped. "I've tried to control myself but I just can't around you. Every time I look into those beautiful eyes I get so lost in them. It's like I can see your soul baby girl and it's calling out to mine. I want to make you mine! I'm only going to say this once so listen clearly. You Are Mine!" He said

I was flabbergasted! No one has ever wanted me. I can tell by the look on his face that he meant business. "Why?" I asked. He gave me a sexy smile and said "because you were born for me and I will have you." By that time I was more than turned on. I wanted him so bad, my body felt hot and it was uncomfortable.

"Kealan I want you too." I told him. His eyes rolled to the back of his head and he bit his lip. He got on top of me and gave me a heart stopping kiss. We fought for dominance over the kiss. He won of course. He moaned into my mouth. "Say it again baby, say you want me!" His words were urgent and full of vulnerability. I separated each word with a kiss. "I .Want .You!"

"Fuck!" he cursed. He began to trail kisses from my face down to my collar bone. A er a while he found my spot. "KEALAN!" I gasp! "I'm going to make you feel so good. May I pleasure you my queen?" He asked

Good gawd

"Yes" I whispered anxiously. He slowly began to undo my robe. I saw his eyes darken even more. His eyes set me a blaze. He looked at my body from head to toe taking me in, I was started to feel a like self conscious under his gaze. When his eyes met mine I knew there was no reason to feel self conscious about anything. His eyes were full of raw lust for me.

He gabbed me by my legs and pulled me to the foot of the bed. "I'm going to devour you and I promise not to waste a drop" he said while licking his lips. I was panting. This guy turned me on so much I could feel my juices rolling o of me.

He open my legs and closed his eyes. Taking a deep breath he said "you smell so delicious, I'm trying to hard not to lose control and claim you right here in this second." I let out a moan

Serenity!!! Serenity!! Wake up!!!!

Wack!!! Someone hit me and I shot up from my bed landing on the floor. What the hell! I saw my best boo looking at me. "Why are you here so early !!" I exclaimed. "Because I can now wake up, we got shit to do" she said as she walked out of my room. Damn she ruined my dream! "I'm going to kill her" I said to myself.
