

Chapter 24: It's A War II

Kealan's POV:

2 weeks. It's been exactly 2 weeks since I've seen my baby girl and it's killing me. I've had to keep my distance from her because my accomplice won't help me unless I do so... that bitch.

****Flashback****

I was on mutual lands so that I wouldn't have any problems with Alpha boy... It's time to recruit my army, I'm gonna need one for what I have planned. I need an accomplice on the inside. I'm about to go fishing for my inside man, doofus has made many enemies so it shouldn't be hard to find someone who hates him.

I was deep in thought when I crashed into someone and they went tumbling to the ground. Bloody hell..."watch where you're going!" I yelled. I looked down to notice it was a female.... "look dude I'm sorry you don't have to be an ass!" She yelled back at me. I took in her scent, she's apart of Ashton's pack..."I'm sorry about that, I'm just a little frustrated. Please accept my apology" I said trying to sound sincere. "oh it's okay, I should watch where I'm going" she said blushing furiously. I got her..I started to walk away knowing she wants to talk to me. Not to sound cocky but I'm a good looking dude. Chicks dig me.

"Hey wait up." Said the girl. "Yeah?" I asked. "What's your name?" She asked me. "Kealan" I replied with a smirk. "I'm Stephaine Morgan, I'm the Luna of the pack across town" she said. LIES!"Oh really?! Nice to meet you Luna. Pardon me if I come o rude but you don't smell like a Luna.... you smell like an omega." I told her honestly. Her face falls into a frown. "I am the rightful Luna, Ashton has just found a new play thing. He will get rid of her eventually and come running back to me" she said with a chuckle. I know this hoe didn't call my baby a play thing... **kill her ?** Maybe later.

"Oh wow, this Ashton dude is really stupid for letting such a beautiful Luna go. I myself am looking for a Luna for my pack." I said with a sigh. "Is that so" she asks. I nod my head and look at my feet shyly.

"Well here is my number, give me a call sometime maybe we can go out sometimes" she said as she gave me her number. I couldn't lie, she's pretty but she ain't got nothing on my baby girl. She gave me a flirty wink and walked away.

I found my inside man.... well woman lol.smirked to myself ask I continued on my search for my army.

Within a few days I'd gotten to know Stephaine and let me tell you this girl is wicked! She fucking sick in the head. The only thing she cares about is sex, status, money, and power. I can understand the power part because I'm power hungry myself but she takes things to a new level. She was getting on my nerves but I need information from her. So far I've learned that Ashton has a few weaknesses and I plan to use them to my advantage.

The only downside to dealing with the bitch Stephaine is that I had to agree to make her my girlfriend and be faithful to her. If I did that she'd tell me everything I wanted to know. I already have a girlfriend.... what she doesn't know won't hurt herMy revenge is worth it, I've worked too hard. I can't back out now.

**** Present ****

I missed my fucking babySerenity has been the only thing on my mind for the past few weeks. I know what I'm doing is wrong but I can't stop now. I'm in too deep, I'm hoping she'll never find out about this. If she does who knows what will happen. **She'll kill you...**

I shook my head trying to clear my thoughts. When did I become so weak?When all of this is over, I'll apologize to her everyday for the rest of my life but for now it is what it is.

Are you sure serenity is who you think she is? I mean what if she's not the one? I haven't seen any special powers from her yet. Don't

be stupid. I know you can feel her energy when you're near her. And besides she's just now shi ing. She just hasn't reached her full potential yet.

I think you are wasting my time, just kill the alpha and everyone in his pack. There job done. If it were that damn easy I would've done that by now!!

God he is frustrating. I wonder what baby girl is up to... she probably hates me... **well you did ask her to be your girlfriend and then dipped. Who does that?** Shut up you psycho fucker!!! I need that bitch Stephaine and that is the only reason she's alive!!! And you know it! **Whatever helps you sleep at night..**☺

I was getting tired of my wolf. He literally makes me want to kill myself some times. So I did the only logical thing I could do. I locked him within the confinement of my consciousness. While doing so my phone started to ring.

**** (PRINCESS) ** calling**

Damn she's calling me again. I declined the call and sent her to voicemail. It's best that I don't talk to her because if I do, I know for a fact I'll bail on my plan.

*** two minutes later ***

I received a text from her

PRINCESS: You are just like every other man I let into my life.

Damn that hurt.....

Ashton's POV:

Gorgeous...I always found serenity to be beautiful, I just never told her. I plan to rectify all of that in the future. **You hurt her so you better fix it and soon! I've su ered enough because of your stupidity.** I'm trying.... **try harder idiot.**

I look over to her in the passenger seat sitting like the queen she is. "Where are we going?" She asked. "It's a surprise" I told her. She just rolled her eyes and looked out of the window. I wanted to make conversation with her so that I could get to know her all over again. She's changed from the girl that I used to know, she's a woman now. A strong woman. "

Hopefully soon I'll be able to call her my woman. "So how was your day?" I asked her. "Boring and uneventful" she replied looking at her nails. Damn she's making this hard for me!Oh...Well my day was amazing" I said. "And why is that? Screw some hoe on your desk or something?" She asked. I am o ended! I haven't touched another woman since I ran into her!Um no" I said embarrassed. I guess she could sense my embarrassment because she said "wow that's very surprising. I assumed you were still out there being hoe" She said. THATS IT!

I swerved o of the road and pulled over. Take deep breaths!What the hell are you doing? You trying to put me in another coma?!!!" She exclaimed. My fists were turning white from gripping the steering wheel so hard. **Calm the fuck down**Dnce I was calm, I turned to her and looked her dead in the eyes so she knew that I was serious.

"Listen I know you are pissed with me and believe me you have every reason to be but I am trying my hardest to earn your forgiveness! I don't expect you to just forgive me because we are mates, I want to fight for you and be there for you because you deserve it" I said lowly trying to contain my growling. "You are my mate but I am still your Alpha and you will give me equal respect! I've been planning this outing for two weeks trying to make everything perfect for you, the least you could do is give me a break with all of the rude and vindictive comments" I said

She looked at me with shock all over her face. When she regained her composure she crossed her arms and turned her head to look out the window. I let out a sigh and put my head on the steering wheel.

Why'd I ever think she'd forgive me. I've hurt her too badstart the car back up to continue to our destination. I felt so hopeless. I felt a pain deep within my chest. My heart hurts, is this how I made her feel?I turned to look at her again. She was so beautiful even with her face?I turned up with anger.

"Look I'm sorry serenity for snapping. It's just that I'm really trying to change for you and I have changed. I honestly just want to let you know how sorry I am, even if you don't take me back as a mate. " I finished. When we finally reached our destination she was confused.

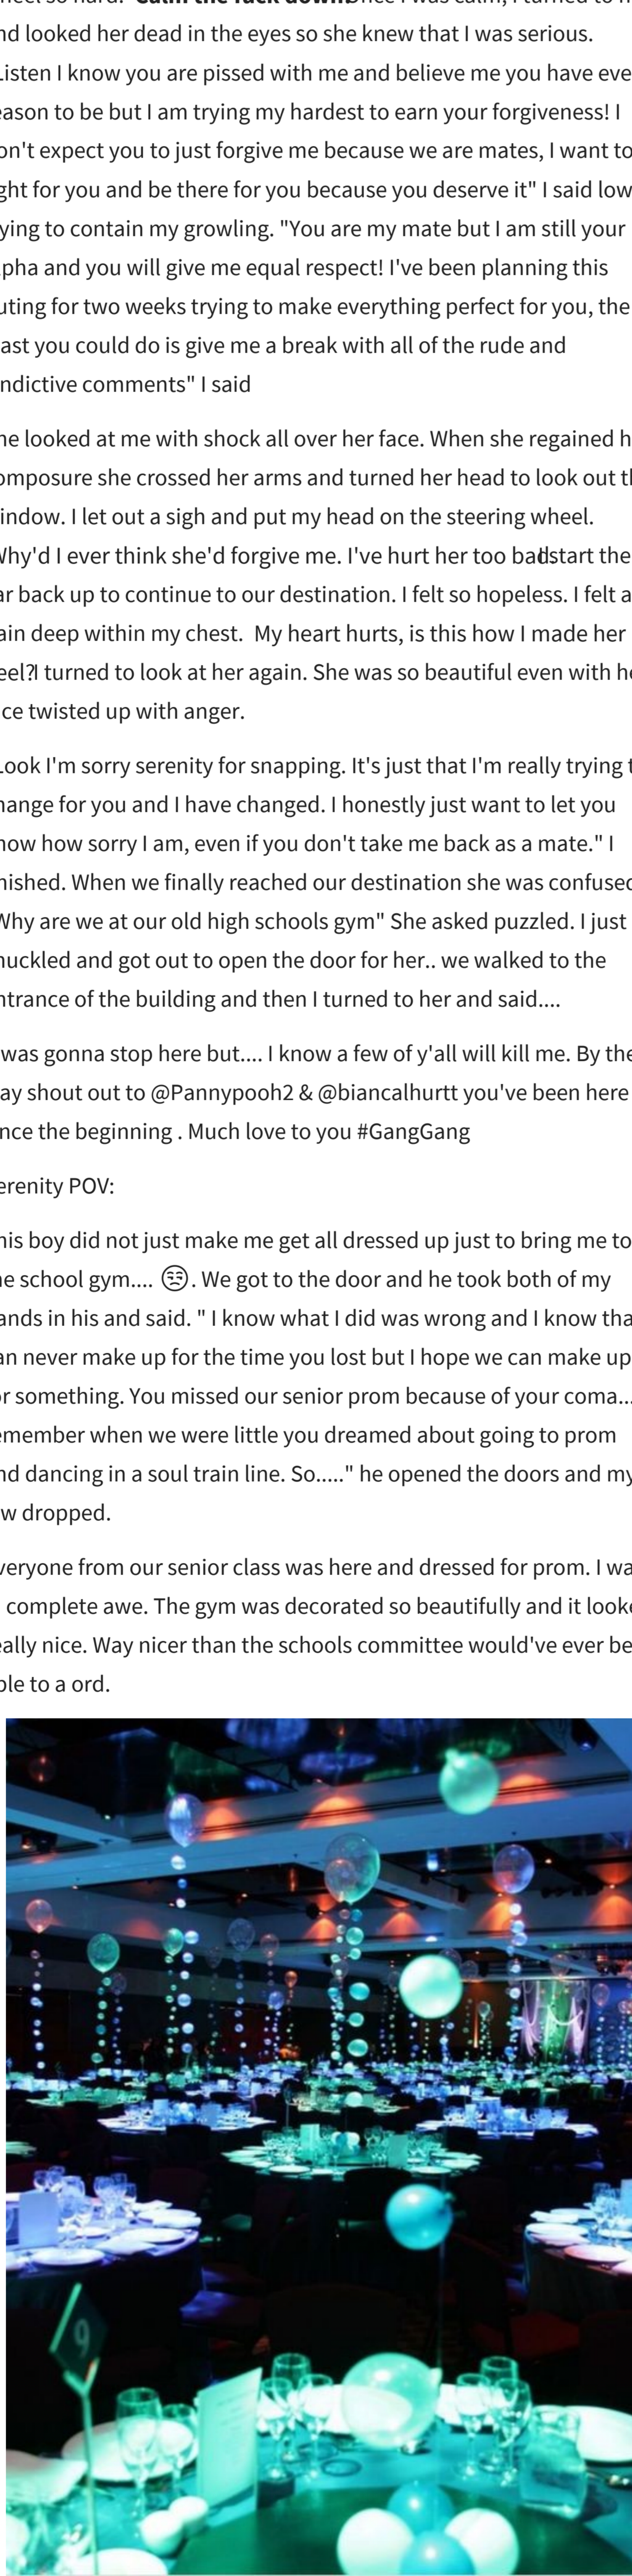

"Why are we at our old high schools gym" She asked puzzled. I just chuckled and got out to open the door for her... we walked to the entrance of the building and then I turned to her and said....

(I was gonna stop here but.... I know a few of y'all will kill me. By the way shout out to @Pannypooh2 & @biancalhurttt you've been here since the beginning . Much love to you #GangGang

Serenity POV:

This boy did not just make me get all dressed up just to bring me to the school gym.... ☺. We got to the door and he took both of my hands in his and said. " I know what I did was wrong and I know that I can never make up for the time you lost but I hope we can make up for something. You missed our senior prom because of your coma... I remember when we were little you dreamed about going to prom and dancing in a soul train line. So...." he opened the doors and my jaw dropped.

Everyone from our senior class was here and dressed for prom. I was in complete awe. The gym was decorated so beautifully and it looked really nice. Way nicer than the schools committee would've ever been able to a ord.

My eyes began to water. I honestly didn't know what to think. I turned to him and said " this doesn't change anything, I still don't like you".

He just shrugged his shoulders and gave me a sickly sweet smile. He grabbed my hand and led me to the dance floor. I guess I'll make the best of this night. **Turn up!!!!**
