

Chapter 29: Akward Situation

Eryian's POV:

I've been trying to figure out what's been going on lately. To be completely honest I'm utterly confused. I have no clue why someone would be a er Serenity or why they are going to such great lengths to get to her. I was even attacked. Thank goodness friend came to my rescue. It's mind boggling that anyone would try to hurt her. She's never done anything to anyone. Ugh this is making my head hurt. I have to track down who's doing this, there is no way in hell I'm going to let someone hurt the most important person in the world to me. But where do I start?! Ugh this is di icult.

"Let me out!" No... I'm trying to think. seriously need to talk to someone about this. But who? There is only one person I know that would answer my questions, but I really don't want to see his face. **I wanna see his beautiful face.** Who asked you horn dog? guess I really don't have a choice. I have to talk to him and see if I can get any information from him. Ugh. Why? . I needed to clear my head but due to what happened I'm afraid to leave my house. Should I call him? **Yes please.** Shut it!! **Okay.... rudely** hands became clammy and sweaty as I picked up the phone to dial his number.

Phone conversation:

Jordan: hello?

Eryian: umm hey. Could you come over? I'd like to talk to you about something important.

Jordan: I'm on the way.

Did this fool just hang up on me?!

Three minutes had passed before I heard knocking at my front door. At that very moment I had a mental break down. Wtf! That was fast. I haven't talked to this man at all. **Calm your tits toots!** Shut up. How do i smell? **Like ass...** ugh **get the door sweetheart** took a deep breath and went to answer the door. When I opened it, my mouth hit the floor. There stood my ex-mate looking as delicious as ever.

Oh my vagina... . I cleared my throat. "Umm come in". I said. I moved out of the way to let him inside. I took him to the living room so that we could talk. He looked so good, sitting there all shirtless with his pecs flexing and what not. Mmmm. Give me strength moon goddess! was nervous and it annoyed the crap out of me. "So I wanted to talk to you about something that's been on my mind" I said. "Yeah me too". Was his reply really? "Okay well with everything that's been going on I feel like I need some answers...." I started but was interrupted by his sexiness. "You deserve answers. I just want to say that I'm sorry for everything, I had no clue that you were my mate. Just know that I'd never hurt you purposely. I was in a very compromising situation when you waltzed into my life. I didn't want to give up my playboy ways and that was foolish of me. I swear to you that it would never happen again."

I had to cut him o ! "Jordan. What are you doing? I didn't invite you over to talk about us are you insane?!!!" I practically yelled. "I wanted to talk about serenity. So much has been going on and somebody is trying to hurt her, I thought you'd be able to give me some information about it " I finished. He gave me a look of astonishment. "Wait, that's why you called me over?! To get fucking information from me??" He asked with emotion in his voice. "Um yeah, why else would I want to talk to you?" I said. He leaned back into the sofa and shook his head. "I don't know, for some stupid reason... I thought you wanted to talk about us." He said and put his head in his hands.

Awkward...,

"Listen. I'm just worried about my best friend. She means a lot to me, I don't know why someone wants to hurt her but I intend to find out. She saved my life and I want to help her." I told him honestly. He nodded his head. "I understand, I'd do the same for Ashton. But I really don't know what is going on. There have been more and more rouge attacks lately and I'm thinking it has something to do with this situation. I have a feeling that there is a traitor in our pack. I don't know who but I know for a fact when I find out who they are, they won't see another daylight." He said. Well that wasn't much help. "Sorry I wasn't much help" He said. I just nodded. He began to get up and walk to the door to let himself out. **You are an idiot... what? Our mate just poured his heart out to you and tried to apologize for his mistakes.** Okay and? **You are serious right now? Look at him!** watched him leave. He looked defeated. His shoulders were hunched and his head was down. It's not my fault he is stupid! You expect me to just forgive him for what he did?! **Yes! He's obviously sorry and hurting. Do the right thing child!**ugh...

"Hey!" I said just as he reached the door. He turned around but still looked like a lost puppy. "Umm thank you for coming over so soon. I really appreciate it" I said with a smile. He looked surprised by my thanks "oh it was nothing" he said nervously and scratched the back of his head. And awkward silence came over us as we stood there. I don't know what to say! Listen. I know I've hurt you in unimaginable ways. I regret that more than anything in life, i feel like I've potentially fucked up any chance I ever had at happiness. I want you to know that if I could take it all back I would do it in a heartbeat." He said.

A heavy feeling came to my chest. What is that? **That's you learning how to forgive!** I nodded my head because my mouth couldn't form any words. "Eryian I've loved you from the very first time I saw you." He said and took cautious steps towards me. I just stood there trying to comprehend my emotions. When he'd gotten close enough to me, we just looked in each other's eyes. I can't do this. I won't fall for his tricks. **Your heart says something different my dear!** He took my face in his hands. He's going to kiss me!!! Oh no oh no oh no!! He pulled my face close to his and said "I want to remember this. The look on your face right now. You are so beautiful." He then layed my head on his bare chest. Oh my sweet baby Jesus!! My heart skipped. I had to take a deep breath to calm myself. I slowly wrapped my arms around him. He was so warm and he smelts sooo good. **You are missing out on a lifetime of love.** I can't forgive him. I won't allow myself. **Try!**

"Jordan what are you doing?" I asked. "I'm trying to gain your trust back. Don't care how long it takes. I'm never giving up on you" He said a

I wanna give him a chance but I'm scared. I just don't know what to do...
